DISASTROUS EXPLOSION IN MUNITIONS PLANT BERLIN ANNOUNCES THAT STEAMER YARROWDALE REACHES GERMAN PORT Allies Advance on Wide Front Against Germans in Rumania

ALLIES MARCH CONTINUES IN BRAILA REGION

Russians Attack Germans West of Rumanian Danube Port. Foe Loses Bridges. Big Struggle Proceeds for Possession of Road Intersection in Carpathians.

Special Cable to The Toronto World. London, Jan. 19.—It was reported from Petrograd in a wireless despatch received by view of Rome that the sudden rising of the Danube has caused the currents to sweep away the bridges thrown across the stream and that the Rumanians and Rumanians were advancing on a wide front. "Disaster," says the despatch, "has overtaken the enemy."

The Germans, however, have managed to get far enough down the valleys of the Trotus and Otuz Rivers in the Carpathians to bombard the town of Okna and the village of Bordenest. Okna is on the railway line that parallels the Carpathians and supplies the allied armies with munitions. Scouting and reconnaissance work marks the rest of the operations on the mountain front. On the front of Von Mackensen the Germans report developments. They claim that they repulsed an allied attack on a height in the Soghriza valley.

Russia's newly-developed counter-offensive on the Rumanian front seems to have halted with the reported repulsion of the bulk of the German army at the German lines on the German side of Braila. Berlin today claims the situation unchanged, and the Rumanian attacks in all quarters repulsed with heavy losses. Petrograd records no advance here, stating only that, aside from heavy attacks on the Rumanian side of the River Trotus and Otuz, near the Otuz road, there were only minor scouting expeditions and skirmishes.

The Berlin version of the day's fighting in the Balkans, however, states that in four distinct attacks the Rumanians had been repulsed with heavy losses. The road through Veseckoi and Barbach intercepts the railroad leading to the north. The fight is now believed to be on for the possession of this road, which, when operating, connects northwestern Rumania with the interior and north of Russia.

TO RAISE DRAFTS OF 250 MEN EACH

New System of Recruiting is Adopted for Toronto District. SEVEN UNITS TO START Men Will Be Sent Overseas to Reinforce Existing Battalions.

All the militia regiments in the cities of the Toronto Military District are to open recruiting depots at once and raise drafts of 250 men each for overseas service. This official message was received from Ottawa yesterday afternoon. It means that the seven units here—Q.O.R. Grenadiers, Highlanders, 109th Regt., 110th Regt., Governor-General's Body Guard and 9th Mississauga—will each raise drafts of 250 men each for overseas service.

The drafts are to go overseas "periodically." Each draft will go under the command of five lieutenants. The order states "the drafts may be earmarked for the regiment's overseas unit, and as a rule will be used to reinforce some battalion overseas from the same territory as itself."

Three other cities will be effected by the new order. Hamilton has two militia regiments which will start raising drafts. They are the 13th Royal Regiment and the 81st Canadian Highlanders. In St. Catharines there is the 18th Regiment, and in Brantford the 8th Dufferin Rifles Regiment. Each depot will be directed by one officer.

The new order indicates that practically no more officers are to go to the recruiting field, thus making the campaign still more competitive.

ENEMY SOCIALISTS CONDEMN ALLIES
National Executive of Party Adopts Declaration Against Dissenting Wing. WILL SUPPORT WAR Foe Organization Declares Germany is Fighting in Self-Defence.

Berlin, Jan. 19, via London.—The national executive committee of the Socialist party has adopted by a vote of 29 to 10 a declaration against the dissenting wing of the party which recently held a national conference and organized on a vigorous propaganda for securing control of the party.

The declaration of the executive committee asserts that the dissenters by their actions have severed relations with the party and that their membership in a rump organization is irreconcilable with the position of Socialists. The declaration emphasizes the charge that the note of the executive committee to President Wilson is a proclamation of unbounded plans for conquest and shows that Germany is fighting a war of self defence.

"Nobody can longer deny this," says the declaration, "and the self-defensive character of the war fully justifies the Socialist members of the Reichstag voting money for prosecuting it."

NOTE OF BALFOUR ANGERS GERMANY

Enemy Press Repeats Charges of Ring Drawn Round Empire. BLAMES BRITAIN AGAIN Communication to President Wilson Says Foe Invents Accusations.

Special Cable to The Toronto World. Amsterdam, Jan. 19.—"Falsification of history" and the note of "English arrogance, distortion and menace" are the terms which two of the most important newspapers in large circles of Americans and neutrals in Germany use to describe Mr. Balfour's supplementary note to the United States. The Cologne Gazette publishes the following editorial:

"The note is a falsification of history, apparently aimed to wipe out the bad impression made in large circles of Americans and neutrals by the emperor's reply to President Wilson. "Naturally, Balfour suppresses the fact that England possesses a world empire which certainly was not brought together by peaceful means. He suppresses the fact that a ring was drawn around Germany, which was designed to exclude us, as far as possible, from the distribution of colonial territory still to be disposed of. He invents for this purpose a story of Germany's lust for world-empire, without giving the least proof of his charges."

"We know exactly the aims of the emperors and our answer will be decided. We do not want peace, such as they offer, not even by neutral mediation. We ourselves will secure such a peace. Our sword will prove sharper than theirs."

The Boersen Zeitung says it is an ever compilation, and, describing it as a masterpiece of Machiavellian statesmanship, says: "We trust that the truth finally will triumph and that the poisonous vapors with which our enemies are trying to conceal it. Nevertheless, we must expect that this intrigue, misuses and discredits the loyalty of Germany's peace offer, and executed almost with genius, will for a moment find willing ears in Washington."

MANY LIVES LOST IN EXPLOSION AT LONDON

Munitions Plant Blows Up, Killing Many Workmen and Causing Considerable Property Damage, Says Official Statement.

It is feared that the explosion was attended by a considerable loss of life and damage to property."

Several Hundred Cars Here or Are Now on the Way. SPECIAL TRAINS COME Railways Making Every Effort to Get Much Needed Supply.

Washington, Jan. 19.—Despatches to the state department late today from Rio de Janeiro said it was stated there that the steamer St. Theodore, a New York despatch says, was waiting to ship the entente allies that the captured British merchantman, St. Theodore, had been armed by the Germans and was scouting in the steamship lane was flashed tonight by wireless by a British cruiser off Sandy Hook.

Land St. Theodore's Crew. Earlier in the day a cablegram from Consul Stewart at Pernambuco announced the landing there of the St. Theodore's crew, including nine Americans, by the Japanese steamer, Hudson Maru, another of the raider's prizes. The consul said the other ships captured were believed to have had no Americans on board. The report of the arming of the St. Theodore, a British vessel, was given out with the explanation that the department had no means of determining its accuracy. Officials were inclined to credit the story, tho, and to look for word that other captured ships would be similarly used.

WAR PROCEEDS UNTIL DEFEAT BEFALLS FOES

Allies Will Continue Fighting Till Gaining Reparations and Guarantees. WILL RESTORE RIGHT France Considers Regaining of Alsace-Lorraine Indispensable for Peace.

Paris, Jan. 19.—President Poincare has received Edward Marshall, an American newspaper writer, at the Palace of the Elysee and talked with him in regard to President Wilson's note and the reply of the allies. The crux of the interview appears in these words of the president: "We are condemned to continue the war until we—our gallant allies and ourselves—can obtain the reparations and guarantees rendered indispensable by the aggressions of which we have been the victims, by the sacrifices to which we have subjected ourselves, and by the losses which we have suffered."

"The U. S.," M. Poincare continued thoughtfully, "has remained neutral, but the sympathies of individuals in every section have manifested themselves in favor of France and her allies. We have been deeply moved by the innumerable demonstrations of friendship. There never has been a day since soon after the beginning of the war on which I have not personally received, from America, voluminous mail containing generous offerings for our invaded populations, for our war widows, and our war orphans. The letters which accompany these tributes emanate from all social classes and often are expressed in very moving words. Other letters bring to me warm wishes for the victory of France. Our sister republic surely understands that we, the allies, are fighting not only for our own independence and our own national honor, but for a much wider cause which goes further than the boundaries of our own interests. We are fighting for the rights of the individual and for the liberty of peoples."

"The violation of Belgium brings out the symbolic significance of this whole war. Germany was not satisfied with declaring war on Belgium. She had to butcher us without warning and to attain that end she trampled under her feet in passing a little innocent people."

Switzerland is Greatly Disturbed by Fear of Invasion. UNEASINESS EXTENDS Holland and Denmark Apprehensive of Move by Germany.

Special Cable to The Toronto World. London, Jan. 19.—Reprints received here say that great masses of German troops are assembled near Basle, and that the Swiss general staff is convinced that Germany contemplates an invasion of Switzerland in an effort to free Alsace from the French. Another report from Rome quotes the Swiss minister as having said that the Swiss Government has doubly assured its neutrality by its readiness to defend itself with force against any violation.

YARROWDALE IS TAKEN INTO PORT IN GERMANY

Berlin Announces Prize Ship With Crews of Eight Vessels Has Succeeded in Running Thru British Blockade.

Berlin, Jan. 19, via Amsterdam to London, Jan. 20.—The British steamer Yarrowdale was brought into harbor on Dec. 31 as a prize by a crew of 18 men, says an official statement issued last night. "The prisoners on the Yarrowdale, were from one Norwegian and seven British vessels. The cargoes of the captured vessels, the statement adds, consisted principally of war materials for the entente allies and foodstuffs. Three of the vessels sunk were armed British merchantmen. The bringing in of the Yarrowdale, the statement continues, had been kept secret for military reasons, but in view of the statement of the British Admiralty on Jan. 17 it was deemed to make the news public. The prisoner crew of the Yarrowdale was commanded by Deputy Officer Badewitz.

The British steamer Yarrowdale was last reported in shipping registers as having sailed from New York and destined for Havre, prior to Jan. 8. The steamer has been mentioned in the reports from the British Admiralty as among overdue vessels captured by the German raider in the South Atlantic Ocean.

Washington, Jan. 19.—Despatches to the state department late today from Rio de Janeiro said it was stated there that the steamer St. Theodore, a New York despatch says, was waiting to ship the entente allies that the captured British merchantman, St. Theodore, had been armed by the Germans and was scouting in the steamship lane was flashed tonight by wireless by a British cruiser off Sandy Hook.

The report of the arming of the St. Theodore, a British vessel, was given out with the explanation that the department had no means of determining its accuracy. Officials were inclined to credit the story, tho, and to look for word that other captured ships would be similarly used.

Despite the intense interest with which the raider's work is being followed here, official despatches do not as yet indicate that American rights have been violated in any way or that the cruiser has exceeded her

About Marshall Ventilated Mattresses

Some of the Reasons For Their Great Popularity in Hotels and Luxuriously-furnished Houses

AMONG THE PATRONS of the "Marshall" are innumerable persons and institutions whom you are convinced would be content only with the best mattresses the market affords. In leading hotels, hospitals, private yachts and sumptuously furnished residences throughout Canada and the United States the "Marshall" is one of the most popular of modern mattresses—a popularity based on several distinctive features which it presents.

One of these features is the multitude of little coiled copper steel springs which compose the body of the mattress. It thus consists practically of an air chamber. Ventilators being placed at either side, a free circulation of air is permitted within the mattress, keeping it always fresh and rendering it absolutely sanitary.

Another feature to which is due the luxurious comfort of the "Marshall"—is the encasing of each spring in a cotton pocket. Each works independently of the other, allowing the mattress to conform to the shape of the user. Between the springs and the cover is a generous upholstery of fine curled hair or felt. Every "Marshall" carries the makers' five-year guarantee.

Prices on standard sizes, with hair top, are as follows: 4 ft. 6 in. wide, or less, \$30.00; 4 ft. 6 in. wide, or less, \$28.50; 3 ft. 6 in. wide, or less, \$26.50; 3 ft. 6 in. wide, or less, \$25.00; 2 ft. 6 in. wide, or less, \$24.00. (All of which are 6 ft. 3 in. in length.)

Do Your Windows Require New Blinds?

A New Shipment of Shade-cloths is Here—White and Ecru Holland, and Green and Grey Tint Cloth

WINDOW BLINDS are the clean collar and cuffs of a house, so to speak. Upon their nicety and freshness depends in large measure that trim, well-cared-for look which is, of all things, essential in the appearance of a dwelling-place.

Wherefore, if the blinds of your own house are shabby you will be interested in this arrival of new shade-cloths—the popular white and ecru Holland—slightly moire-like in finish—and Tint cloth so fashionable in soft greys and cool ivy greens.

For the trimming of the Holland blinds are attractive Battenberg insertions in a choice of three widths.

The blinds will be made to your order. If you have a number of windows which require new shades, write to the Drapery Department and a man will be sent to your house to take measurements and submit estimates of cost.

MUST KEEP UP WAR AT FULL STRENGTH

ev. C. W. Gordon Urges Vigorous Prosecution of Campaign.

CANADA'S ONE DUTY National Service Receives Praise—Further Great Efforts Are Needed.

Special to The Toronto World. Winnipeg, Jan. 19.—A large congregation which gathered in St. Stephen's Church Sunday evening to hear Major (Rev. Dr.) C. W. Gordon (Bishop Connor) of the last time before he returns to the front listened to a sermon which was the most appealing, most forceful call to Canada's for a more earnest and determined prosecution of the war that has ever been delivered probably in the Dominion.

Taking for his text Luke ix., v. 11. "And Jesus said, 'No man, having put his hand to the plow and looking back, is fit for the kingdom of God.'"

"This plain and homely metaphor of the plowman and the plow is used by the great Master to point men to the only method of living and working to achieve great results. This teaching is applicable to Canada and its duty today. War from a distance may well be a thing of glory, and viewed from the perspective of years may be

full of splendor. It is indeed filled with heroic achievements, glorious deeds, and a patriotism which is a glory thing, the commonplaces of which are pain, dirt and death.

Share Tears Thru Fields. "The metaphor of the plow and the plowman suits it well. The red plowshare of war today is tearing thru the pleasant fields of life, overturning things long coveted, bringing ruin upon the flowers and fruits of human lives and wrecking the homes of many living things. Yes, the red plowshare of war is an ugly thing. It has a businesslike persistence, a steady and painstaking attention to detail that makes it fit the metaphor of the plowman and his plow.

"And the teaching of that metaphor is that before Canada there is but one simple, single duty, and for every man, woman and child in Canada that duty is to plow this tearing, terrible furrow of war straight thru to the end.

"I see only one work. I would to heaven I could throw emphasis on that word 'one,' for important as it is and necessary to raise our wheat, to keep business from failure, carry on our lives in their full strength, yet we must not forget that all these are important only as they influence war.

Hasten End of War. "This movement of national service is a great and wise and worthy movement. But do not let us get confused about this thing. It is not a movement to take stock of our national resources, it is not a way of taking a census to determine how we stand financially, or how we may grow in wealth or develop our resources. It is interested in agriculture, because agriculture is important in war. It is interested in factory, farm and shop, simply and solely as these things affect this war. We have no interest in agriculture except as a war measure. For politicians, farmers, business men, educationists, fathers, mothers and citizens

there is but one business, and that is to discover how they may press this furrow steadily to the end—this red and terrible furrow of war.

"And at this point it is that the Master's teaching gives clear and unmistakable direction. There is only one way to plow, and that is to go straight forward, without looking back, but by the abiding sense of justice and brotherly kindness among the people. This is the kingdom of God here upon earth. This is the thing that God seeks to promote, the thing God approves, that men should live rightly at peace and so live a full life of happiness.

Must Fight to Goal. "As I see it, before God we of the empire have no other aim than this, and toward this end for this purpose only we must drive this terrible furrow of war right thru to the end. It is important that we keep our eyes steadily fixed on this, I say, and never allow that allows his eye to wander to the piling of profits of a business increased and swollen by war will plow a furrow straight thru. The moment his eye wanders, his feet stumble, his hands grow unsteady on the plow. He talks toward something that concerns himself with party advantage for personal ambition can plow his furrow right.

"No Canadian, in short, who allows personal, private or party ambition or selfish aims to divert his mind and heart from the great and single aim—Canada has today can plow his furrow, and is not fit for the kingdom of God. He is not fit for that golden age that better world to be. He is unfit for the kingdom of God and all those high souls that will through its ways and all its high places.

"The man at the front sees clearly their aim. They make no mistake. They have purged their hearts from

all aims and ambitions but one, and like the true and great fighters that they are in the trench and over the parapet they press hard upon the thing they have set out to do.

"The second thought is this—the hand must be on the plow. The plow of Belgium is a simple, premature and simpler still is the plow of that country and time in which the Master lived. The steam plow of the western prairies is an elaborate and complicated thing. So the war machine of the ancient days was a simple thing—a club, a knife. Even in the days of that, unburdened, they may run their comparatively simple implement.

"Today the war plow is a thing complicated almost beyond imagination, most delicately organized, most elaborate and involved in a multiplicity of its parts. But this thing is true about it: there is a place where every hand can grip. There is not a man or woman or child of Canada but can find some place where the hand can rest, and hold. Not all in the same place or in the same way, but all with the same end in view, that the furrow may run straight and thru to the very end without faltering and without pause.

"There's no place in Canada for the man who prefers to stand aside, indifferent or unmoved, while the dead plowing is going on.

"Then the third thought. Not only must the plowman see clearly the end he has in view, not only must the hand grip firmly the plow, but there must be a steady, persistent forward movement. There is only one movement for the plowman, and that is a straight one—straight on, no matter what may be the side issues, however alluring the prospect. This plow must not swerve a hair. It must go straight on.

"This is the final test of a man's fitness for a place in the nation, in that better nation that is to be. The man who for any purpose whatsoever, no matter how worthy in itself it may be, has faltered in his furrow because he has taken his eye off the mark, or because he has allowed his hand to go slack, has thereby placed himself out of the kingdom of God. He will have sleep and grow fat, but he will not be a part among those high souls who leave plowed their furrows straight thru to the end, stripped themselves bare of honor, friends and comforts that, unburdened, they may run their furrow thru.

"These units will be condemned to lower levels of life, to fellowship with their own kind, but with God and with the immortals and with all those souls who shall make a new and better world, those who plow without faltering this red furrow to the end, will have their place."

DIED FROM NATURAL CAUSES. Jury Returns Verdict at Inquest on Body of Joe Rahmer.

Brookville, Jan. 19.—The adjourned inquest into the death of Joe Rahmer of Brookville, who was found dead in bed at a hotel in Athens a week ago, was resumed here today. The authorities were suspicious that the man had come to his death from taking poison, but this was dispelled by the results of the post-mortem examination, which disclosed only natural causes. A verdict was returned accordingly.

EXCHANGE INVALID PRISONERS. Bern, Jan. 19.—Germany and Japan soon will begin an exchange of invalid prisoners of war by the way of Holland and the United States. It is announced that the result of successful negotiations undertaken by the Swiss Government with the German and Japanese governments upon representations of the Evangelical Missionary Society of Switzerland.

You were Inquiring?

"Reader."—A padded silk dressing gown, one of the comforts of winter life, isn't it? You may have yours, too, just as you want it, both blue and maroon being available. One in dark red or navy silk is designed somewhat like a man's dressing gown, narrow in the skirt, with shawl collar, deep cuffs and pockets, with braid trimming and silk cord girdle. This is \$7.50. Another model in the same color shows characteristic Japanese embroidery on collar, cuffs and front, and is priced at \$4.95, a similar style of gown being featured in a better quality silk in navy and in red at \$7.50.

As for silver-plated mesh bags, one with a four-inch frame is \$1.00, and a 5 1/4-inch frame \$2.25.

"Euripides."—The breaking of the glass being a tragedy worthy of the great Athenian's pen—is that the idea? Well, we are glad that our sympathy may be of a practical nature, namely, informing you that for the small sum of 65 cents the shade of the lamp can be replaced. It is a globe with a decoration of roses.

"S. E. W."—The purchasing power of five dollars is considerable where blouses are concerned. It will procure you a smart model in either crepe de Chine or Georgette crepe in maize, yellow or in Copenhagen or navy blue, with the shawl collar you especially want. In some instances this is finished off with a jabot.

If it is the double-fold chintz you are selecting, a three-yard length can be sent to you to be inspected alongside your rug and covering. Have you some interesting scheme on hand?

"Enquirer."—One always feels that every room requires individual treatment. So much depending upon its shape, size and situation, also to sustain the alliteration—upon the style of the house as a whole. But, generally speaking, there is a marked tendency at present toward simple grey, buff and ivory papers for drawing-room use—narrow self-tone stripes, invisible dimity checks and strictly plain effects. By way of curtains, you may use almost anything that takes your fancy—velveteen, velour, casement silk, art linen or chintz. If a fine Persian carpet is out of the question, a plain band-border rug is good—some of the hand-tufted variety, or a Wilton or Axminster square. Chairs and sofas may have slip-covers of 'chintz, or be closely upholstered with repp, mohair, or a new fabric called "Apsley" cloth. When you come to some sort of a decision as to what your choice will be, more information can be supplied—patterns, prices, etc. Don't you think medley of pearly grey and violet purple would be a happy idea?

PASSPORTS FOR CANADA NOT EASILY OBTAINED

Demand for Munition Workers in Britain Responsible for Action.

Canadian Associated Press Cable. London, Jan. 19.—Applications for passports for Canada for other places are being scrutinized here closely now. Persons between sixteen and sixty years of both sexes, who are likely to be of use in munition making or other forms of national service have little chance of obtaining a passport to proceed to other parts of the empire.

Many applications for passports for women wanting to go to Canada for domestic service have recently been turned down. Emigration and steamship agents who get commission are naturally more perturbed, but official reply is that national emergency is of such character that it is impossible to allow anybody other than those who might possibly be useful to leave the country.

Dr. Margaret Peterson, lady superintendent of the college division of the nursing service of the order, was received with prolonged applause.

Sir William Mulock followed. "If those in the trenches could take a look in here today, would they not feel stimulated?" he asked.

Dr. Margaret Peterson, lady superintendent of the college division of the nursing service of the order, was received with prolonged applause.

Editor World: One of the things impressed by nearly all the speakers at the luncheon of women-workers who are to take part in the house to house campaign for the Patriotic Fund and Red Cross is the "grouch."

It struck one of the listeners that there is not half as much to dread from this score as seems to be anticipated, and for the encouragement of many, who may perhaps view the work with a certain amount of fear and

DENTS BLANK TORONTO IN THRILLING FIXTURE

Took Nearly Forty Minutes to Get First Goal—Fierce When Cut Down.

Watch those Dents! The tooth-pullers beat T.R. & A.A. 6 to 0 in their earlier game at the Arena last night, but only after a desperate battle for two periods.

The winners were the best team. The future tooth-pullers outplayed and out-stick-handled the T.R. & A.A. outfit in the first period, but poor work close into the net stopped them from scoring.

Another new star was uncovered. Smille, the Dental wing player, was awarded the mark of merit. He never stopped for a second and checked them from end to end and side to side.

Little Smith was not nearly as effective as in the game with the 227th Battalion. He tried the bumping game aim down. Hicks was hardly up to form, but Hill worked hard through.

Eupart Milan was given a rough journey through. He bounced off the husky Toronto defence for a long while and he was a tired boy when he went off to even things up when Hill retired with a bad shoulder.

The first was heart-breaking hockey. The Dents showed everything by the time work close in and they had ten chances to the losers' net, but never a goal could they get.

The period had just one minute to go when the first goal was notched. Smille carried it down the side and goal. Hodjins was waiting in the goal mouth to bat it in.

It was still the six-man stuff when they came out for the last heat. Toronto pressed for a while, and then the Dents got going. Box counted the second goal. He rubbed alone and shot as he was coming in from the side.

After this McEachren stood up to fight for Sheldon. After the smoke had cleared away they were helping. Hodjins was dropped and only five aside. Dents broke away three across for the next.

Smille was the carrier for the most of the mby going on and shooting. Smille countered Smille passed to J. Stewart and Jimmy closed to the net. Crooks stopped and fell on top of Stewart.

Smille batted the rebound into the net. Sheldon made a lonely try for the fifth. Sheldon pulled the same stunt for the last.

The teams: Dents (6): Goal, C. Stewart; defence, Sheldon, Box; rover, Hodjins; centre, Smille; right, Smille; left, J. Stewart.

T.R. & A.A. (0): Goal, Crooks; defence, McEachren, McLean; rover, Hill; centre, Smith; right, Ferguson; left, Hicks.

Referee: Oscar Bernhardt. The Summary: First Period: No score. Second Period: 2 Dents, 0 T.R. & A.A. Third Period: 4 Dents, 0 T.R. & A.A. Total: 6 Dents, 0 T.R. & A.A.

EDDIE GERARD WAS SWATTED. Ottawa, Jan. 14.—Eddie Gerard, captain and manager of the Ottawa's, will not likely play his regular position in the game against Windsor on Monday night.

ONTARIO CURLING ANNUAL. The forty-second Annual, the official handbook of the Ontario Curling Association, made its appearance yesterday somewhat late, but just as welcome and indispensable as ever.

A Plain Talk to You, Mr. Clothes-Buyer

This has been a season of hard luck stories and forced sales, but for Hawley Walker it has been our banner season. We have received more compliments on our goods than any we have before shown.

In other words we are not announcing a hard luck sale by a fancy name, not a forced to move sale nor a forced to raise money cry, but a genuine, fair reduction that will mean more business to us now and in the spring—and remember, not a tremendous purchase of soiled seconds, but everything as bright and fresh as a dollar.

Fit-Riform Clothing. W.G.R. Shirts and Pyjamas. Perrin's Gloves. Crown Gloves and Hosiery. Wolsey Underwear. Turnbul Underwear. Mercury Underwear.

These names stand for highest values at all times, but for our Winter Clearance we're giving special reductions—starting Saturday, January 20th.

Every Ulster, Ulsterette, Slip-Ons, etc., not one in the lot worth less than \$22.50 . . . \$19.50

The league decided that each team could sign and play two of the O.H.A. players, and there should be no age limit, so far as possible, managers are asked to work out young players, so as to develop material for an other year.

Mr. G. Felt has generously offered to donate a handsome cup for yearly competition. Elevation points to a successful year, as all of the Town League teams appear fast.

THREE IMPORTANT GAMES AT THE ARENA TODAY

Two Aura Lee Teams in Afternoon—Local Pro Clubs Meet at Night.

This afternoon will be a real bargain day at the Arena Gardens when two hockey matches will be played for one price of admission. The first game, which is scheduled for two o'clock, will bring together the 228th Battalion cricket team against Aura Lee, last year's champions. Neither team has yet met with defeat in their district, and it looks like one of the real contests of the season.

Tonight will be the real contest in the professional series, when the 228th Battalion and the Toronto meet for the second time this season. Tied for second place, and with the intense rivalry that exists between the local pro clubs, it looks like the hardest-fought contest of the year. The Toronto returned from Quebec yesterday and Manager Manager Livingston reports every man in good shape, while the 228th Battalion also returned from the arena yesterday, and indications point to the largest crowd of the season.

GRANT HUGH BROWN SHUNTS TEX RICKARD Race Track Promoter Leaves Madison Square and Will Get All the Big Bouts.

New York, Jan. 19.—Tex Rickard is a "free lance," at least so far as Tex Rickard is concerned. And incidentally Rickard's regime as a boxing promoter in New York seems to be ended. During the change of ownership of the Garden it appears that Rickard was lost in the shuffle, and during the deal, or "misdemeanor," his interest in Darcy terminated.

Yesterday Grant Hugh Brown, who was reported heretofore to be interested in the promotion of a "monster boxing carnival" in Cuba, publicly announced that he had Fred Fulton's signature to a contract to box for him between February 15 and March 15, meeting Charles Weinert, Jim Coffey or any other opponent Brown is named. Brown stated further that when he signed Fulton to this contract he had the Garden in view as a battle ground, with the new purchasers of the property and would secure a lease within the next few days.

This indicates Rickard's eclipse. Last night he practically admitted that he was "what's new in the Darcy situation?" "Not much," was the reply, "except that unless I can obtain a lease on Madison Square Garden I will let the other local promoters bid for his services. If I fail to secure a lease on the Garden I will withdraw, so far as competition for Darcy's matches is concerned."

Strike or Big Start to Walk Against Goulding New York, Jan. 19.—The amateur walkers of this city have gone on a strike. They have refused to compete against George Goulding, the great Canadian walker, at the Mill Rose next games, to be held here next Wednesday evening unless the handicap figures are changed.

Most of the walkers have been given a handicap of 30 seconds for the mile race, but they declared that unless they get nearly a minute they will not start. "It is not ridiculous," said a prominent walker of this city today. "Why Goulding can give the best walker we have in the United States many more than 30 seconds and beat him. Dick Bennis will not start unless his mark is changed." The walkers have banded together and will stand out for a one-minute handicap.

THE ICE RACERS HEADED SAM M'BRIDE'S WARNING

Meet Starts at St. Thomas After Postponements—Eel Royal and Musselshell Win.

By a Staff Commissioner.
St. Thomas, Ont., Jan. 19.—After several postponements, the St. Thomas ice meet was started today with two races. The first was a fast classified race, with four entries, but at the last moment Nellie G. declined the issue, and three horses scored for the word.

Musselshell, ch.g., by Roseman, owned and driven by V. Fleming, won in straight heats, with Bertha Walsh second. In the first heat, Fern Hal drew the pole, Bertha Walsh second position, and the favorite, Musselshell, on the outside.

Starter McBride had splendid command of his fields, and sent them away to most beautiful starts. In fact, in nearly every case the horses were nose-and-nose when the word was given. Musselshell from his outside position went around the outside, and was never in trouble at any time, winning the heat in 2:17 1/2.

The second race was from a horse race, and started the just reprimand which Starter McBride handed to the drivers before the start of the final heat.

The horses finished in the same position in the second heat, but the time was five seconds slower, and it is just such actions by horsemen themselves that help to bring harness racing into disrepute.

Starter Sam McBride announced from the stand that another heat like the second would bring a heavy punishment. The final heat was won by Musselshell, but the time was just the same as the first, viz., 2:17 1/2.

The second race had six starters, a classified slower pace, and was won after five heats by Peter Piper, ch.h., by Peter the Great, driven by V. Fleming, he winning the two races on the card today.

"Eel Royal, owned and driven by S. Mahone, Thordale, won the first heat. He drew the pole and won from wire to wire in 2:17 1/2, faster than the fast race, with Hal Chief second and Marlon Ashley third. In the second heat, Peter Piper, from a trailing position, lay in behind Eel Royal, and outstripped him thru the stretch, with Hal Chief third—2:17 1/2.

The third heat was also won by Peter Piper. Eel Royal was in front at the quarter, with the son of Peter the Great trailing him, but in the stretch drive he came on and won handily, in 2:21 1/2. The fourth heat was a whipping finish all thru the stretch between Eel Royal, Peter Piper

and Marlon Ashley, the latter winning by a nose, in 2:22.
The fifth and final heat was won by Peter Piper, after trailing Marlon Ashley to the three-quarters, but he pulled out and came home an easy winner in 2:21 1/2.
The track was in splendid condition, as the time in the slow class pace will testify. Eel Royal, a green pacer, stepped the first mile in 2:17 1/2—extra good time for a green pacer on ice.
A classified trot with eight entries, and a class pace will conclude the bill on Saturday.

For Mothers to Read

whose sons are "not going" to the Front
Many boys say to us: "I promised my mother I wouldn't go. If you can get her to release me, I'll go with you."
You see, already those boys are feeling the shadow of the bitter contempt they must live under for the rest of their days. They are not playing the man in this hour of need, and they know it.
Mothers who really love their boys will not condemn them to live ashamed in the eyes of their fellows, and in time, in the eyes of their own sons.

Let him enlist. We need him now.

BRITISH SPORTSMEN IN THE CASUALTIES

Two Famous Cricketers on List—Sir Douglas Haig Good Polo Player.

London, Jan. 19.—The latest casualty list issued shows an appreciable falling off in the number of British sportsmen killed and wounded in action, but include the names of two famous English cricketers. A prominent cricketer "Blue" has been lost in Capt. J. W. W. Nassau of the Royal Flying Corps, who played for Cambridge against Oxford in the university games in 1909 and 1910, and also for the Sussex County Club, while Lieut. W. W. Ocell, the well known Leicestershire County cricketer, has been wounded.

Lieut. R. E. Mack, previously reported missing, but now stated to have fallen, was one of the keenest of sportsmen, a brilliant shot and an exceptional exponent of the art of wild fowling. Captain H. A. B. Clarendon, died of wounds, was the famous Harrow cricketer, who played against Eton at Lord's in 1914.

British sportsmen make a splendid showing in the list of military honors issued last week, polo, football, cricket, boating and racing all being represented by men who have made their names famous in their respective sports. The new field marshal, Sir Douglas Haig, was in his more athletic days a splendid polo player. He represented Oxford University against Cambridge in 1882 and 1883, and subsequently won distinction in inter-regimental competitions.

Edgar R. Hobbs, the famous English international rugby footballer, who enlisted as a private at the outbreak of the war, and afterwards raised a company for the Northampton Regiment, commanded a company of rugby football players, has been wounded, worked his way up to the rank of lieutenant-colonel, and is now awarded the Distinguished Service Order. He played for England in all the international games in 1909, and against Ireland and France in 1910. Another rugby international to receive the D.S.O. is Lieut.-Colonel E. Hill, the old United Services Blackheath forward, who has played for England nine times.

Another Blackheath footballer to get the D.S.O. is Lieut.-Col. W. S. D. Craven, who is also a boxer of more than average merit, having won the Navy and Army heavyweight title in 1905 and 1906. Craven's representatives include Col. H. S. Bush, C.M.G., who is appointed brevet-colonel, and Lieut.-Col. H. S. Poyntz, who has gained the D.S.O. Col. Rush was an active member of the Surrey County team as captain, while Lieut.-Col. Poyntz is equally well known as a member of the Somerset County Club. Another cricketer, Captain H. S. Altham (Oxford University and Surrey), has won the Military Cross, and a like distinction has been gained by Captain R. O. Schwartz, who has played for England at rugby football, and against England at cricket, being member of the South African teams in this country in 1907 and 1912. A famous gentleman rider, Col. D. G. M. Campbell, C.B., who won the Grand National Steeplechase on "The Sourer" in 1896, has been promoted major-general for distinguished service on the field.

JAPS ARREST FOREIGNERS.

Kobe, Jan. 19.—Two foreigners, named Scotland and Decker, have been arrested here. The men, who are supposed to be Englishmen, were employed by an American company in installing wireless plants in houses and exchanging communications. The apparatus used was confiscated.

POISONED BY BRUSH.

St. Catharines, Jan. 19.—After two weeks' illness from blood poisoning caused by the use of a shaving brush made of hedge's hair, Joseph Houtby of Louth Township, an employe of the Ontario Grape Growing and Wine Manufacturing Co., died this afternoon. The poison entered a small cut on his face and the wound healed, the poisoning not being discovered until later.

FOR EQUAL FRANCHISE.

Kingston, Jan. 19.—Rev. C. T. Scott of Belleville spoke at a meeting in the city hall to-night in the interests of equal franchise in connection with the campaign being carried on by the women of Kingston. Mayor Hughes presided.

ERECT NEW BUILDING.

Let every member of the household contribute

In Three Days the Third Campaign Commences—

It's YOUR Campaign

Bigger than ever! Harder than ever! More important than ever! Because there are more women and more children dependent upon it—almost twice as many as last year. And if it should fail it will be your personal failure!

Don't just open your small-change purse—Don't just hand out the loose silver in your pocket—Don't just say "I guess that'll do!" For if you do YOUR Campaign will fall flat.

Give—till it hurts! Give so much that you'll have to do without something. Give so much that it'll be a real sacrifice. That will put you in nearly the same class as the man at the front.

It Isn't Charity—It's Merely Decent Duty

And, remember—at the front if a man neglects his duty—HE'S SHOT!
