Superb Dining-room Furniture at a Remarkable Bargain

Handsome Adaptations of "Period" Designs to Meet Modern Requirements Make These a Prominent Feature of the Furniture Sale. Each Piece is of Excellent Manufacture and Finish; All Are Products of Canadian Factories, and Each is Described Mainly as a Hint of a Few Among the Many Notable Values Which Distinguish This Great Selling Event

IN WILLIAM AND MARY MOTIF with characteristic turned, straight legs and stretcher—wherever possible—in a graceful Gothic curve which finds its repeat in a narrow moulding on the front of the buffet is a suite, in quarter-cut fumed oak. The antique brass handles on the buffet are quaint "drops," the extra long linen drawer, lined cutlery drawer and two cupboards are notable features. August Sale Price, \$30.00.

THE CHINA CABINET is among the group illustrated; the shelves are grooved to hold plates erect. August Sale price, \$24.50.

The chairs have the back showing simple curves and leather covered slip seats. August Sale price for set of six, \$28.50. The table, as illustrated, is priced at \$21.50 and for the side table with one long drawer the August Sale price is \$15.00.

SUGGESTIVE OF THE HANDICRAFT OF THE GREAT FLEMISH ARTIFICERS OF THE SEVENTEENTH CENTURY is a dining-room suite of 9 pieces in fumed quarter-cut oak.

TAPESTRY IN DARK HARMONIZING BROWNS AND GREENS forms the covering for back and seats of the chairs, the back posts extend upward more than ordinarily and give that straight, high-backed effect notable in furniture of the earlier periods.

THE BUFFET is exceptionally large and handsome with a hand-carved panel showing the acanthus motif around a shield in true manorial style; the back is low with no mirror and is decorated with small carved medallions, the one long drawer is for linen and of the six smaller drawers one is lined and divided into compartments for cutlery.

The China Cabinet is fifty-five inches wide with two glass doors and a panel between, overlaid with wood inlaid in renaissance design.

The Table is massive and supported by five columns connected by a stretcher. The complete set is large, well proportioned, graceful in design and reduced to a remarkably low figure for such high-grade cabinet work. August Sale Price, for set, \$241.00. August Sale price, \$217.50.

WOODEN PEDESTALS in fumed or golden oak, quarter-cut, are 32 inches high and have slender fluted columns, diameter of top 11 inches. August Sale price, \$27.50.

English Curtain Nets in All-over Patterns

48 Inches Wide; 50c Per Yard

CHARMING CONVENTIONAL AND GEOMETRICAL DESIGNS are featured in these English curtain nets which have been opened up within the past few days. They are manufactured so as to give the effect of a darned net design against a fllet background and have a fancy cord lace forming a half-inch edging at each side.

IVORY AND ECRU are the hues which, of course, make these preferable to white curtains since they soften and "tone down" the daylight glare entering a room. This net is very strongly woven and being without dressing is easy to launder and gives a particularly supple, graceful hanging.

Here they are for your choosing!—these pretty nets suitable for bedroom, sitting-room or simply-furnished dining-room. From four to five yards are required for sill-length curtains; the width is 48 in. and the very low price is 50c per yard.

PLAYS, PICTURES AND MUSIC

THE COMMUTERS' NEXT WEEK.

Brisking, rocking with laughter is "The Commuters," the comedy of suburban life, which Edward H. Ross has selected for his fifteenth record-breaking week at the Royal Alexandra. "The Commuters" is from the pen of James Forbes, the author of "The Chorus Lady" and "The Trailing Salesman," and was produced by the late Henry B. Harris at the Criterion Theatre, N.Y., where it enjoyed a run of over two hundred nights to capacity houses, after which it was moved to Chicago, where in the heat of summer, it ran over a hundred nights to record-breaking business. "The Commuters" abounds with screamingly funny situations and ludicrous complications, which so pile one upon another that peel after peel of laughter follow each other in rapid succession. The New York Globe, when they reviewed "The Commuters," said: "The City dweller will enjoy the humor and the suburbanite will laugh until he weeps." "The Commuter" will be given the same lavish production that characterizes all the Robins plays, and no detail will be left out. Besides the usual matinees on Wednesday and Saturday a special matinee will be given on Monday, Civic Holiday.

AT LOEW'S.

A real breezy show bill is offered to the patrons of Loew's Yonge Street Theatre for the coming week, headed by the well-known actor, James Grady. Mr. Grady will be seen in his master-piece and the one that

is always welcome in any vaudeville theatre, entitled, "The Toll Bridge." The latest release of the world's greatest comedian, Charlie Chaplin, in his latest success, "One A.M.," will be the extra attraction, besides Sherman, Van and Hyman, styled three big voices; Jim Brown and Belle Jackson, in songs and comedy; The Vespco Duo, comedy musicians; LaQuintin Trio, comedy bar artists, and others, besides one more instalment of the ever mysterious "Iron Claw," which round out a real laughable and comedy program.

STAR.

If pretty girls, handsomely gowned, funny comedians, marvelous scenic settings, novel electrical effects and "distinctly different" singing and dancing numbers are any criterion, "The Tipperary Girls," the attraction that comes to the Star Theatre Saturday, Aug. 5, for a seven days' engagement, should prove the banner attraction of the season. This season's engagement is entirely new. The "line-up" includes a cast of notable funmakers who will be seen in two farces, "The Stagger Inn" and the oriental comedy, "A Night in a Harem." Funny Billy Gilbert, head of the cast, and he is ably supported by Harry Stratton, Gene West, Jack Oakley, Ann Montgomery, prima donna from the Pacific coast; Beulah Kennedy, the magnetic little comedienne; and Ida Nocall, a character actress that needs no introduction to Star patrons. An olio of vaudeville surprises will be a feature. "Blanche" is the big feature. This act is bound to be the talk of Toronto after the opening performance. The chorus of shapely girls will be seen in a reproduction of the famous painting, "The Fall of Babylon."

AT THE MADISON.

Pauline Frederick, whose splendid

dramatic performances in previous Famous Players productions, have won for her the title of "Frederick the Great," does the best work of her distinguished career, according to the critics. In E. Phillips Oppenheim's film story, "The World's Great Snare," which opens at the Madison Theatre this evening. This powerful photo-play, which is set in the mining communities of the far west, is filled with the two all powerful passions of man—love and hate—the love that will make a woman endure almost untold suffering and the hate that drives men to unspeakable crimes and acts of revenge. Miss Frederick plays the part of a young woman, abused, ill-treated and deserted by her husband, a drunken, good for nothing. She bears everything until one day something happens that delivers her from her sufferings. The whole story is powerful in the extreme.

BIG BILLS AT STRAND.

Lovers of Mary Pickford and Charlie Chaplin should not fail to visit the Strand Theatre today and tomorrow, for they will see the greatest picture of the repertoire. For today the Pickford feature will be "The Foundling," which affords little Mary one of her most sympathetic and successful parts. And tomorrow she will be seen in "A Girl of Yesterday." On each day there will be a different Chaplin play. In addition, the bill for today will include Edith Storey in "Dust of Egypt," and that for Saturday will include Olga Petrova in "The Heart of a Painted Woman."

AT THE HIPPODROME.

"Reggie Mixes In," the great-five-part Triangle feature, with the versatile star, Douglas Fairbanks, in the leading role, will headline the bill at the Hippodrome next week. Magnificent photography, a thrilling theme, plenty of gripping action and a satisfactory climax make the Tri-

angle's latest release particularly impressive. The Famous Players will present a delightful sketch, entitled "Dad and Mother," a playlet that contains considerable heart-interest and some crisp clean comedy. Gertrude Taylor, remembered here as the talented prima donna of the "Follies," is featured with Holly Brown in a pleasing singing, talking and dancing melange. Jack Bell and Henrietta Wilson are graceful exponents of the modern society dances, while the Lawrence Trio, singing comedians, have a host of new song successes. Josephine Leonhart is a vivacious comedienne with plenty of snap in her work, while Conway and Kilby are two daring aerialists. An amusing "Keystone" comedy feature completes a well-balanced bill.

WOMEN'S ALLOWANCE CUT DOWN TO HALF

Wives and Mothers of Those Enlisted Receive Mysterious Notice.

NO EXPLANATION

Recent Order in Council Sanctioned Measure, Says Letter.

A matter of considerable interest to women whose husbands or sons have enlisted, was brought to notice at the meeting of the Women's Emergency Corps, which was held yesterday afternoon at 25 West King street. Mrs. Willoughby Cummings presiding. Several instances were quoted of women receiving a notice from the government, stating that, according to a recent order in council, the amount which had formerly been sent as the portion of his pay allowed by the man on service to the wife or mother at home, had been cut down to about half the first allowance. There was no explanation as to what the order in council was, nor why it had been passed. For example, an instance was given of the young wife of a lieutenant, who had been in the habit of receiving thirty dollars monthly out of her husband's pay. This amount in her last allowance was cut down to fifteen. There was no elucidation other than the altogether ambiguous and unsatisfactory typewritten slip. The wife in question has two young children, one born since the father went overseas. The patriotism with which she saw her husband depart was of the nature that views with optimism everything that tends to the success of the allies and the defeat of the enemy, but she has her two children to keep, and many household expenses to meet. She had been in hopes of even a larger allowance. Now she is puzzling over the mathematical problem of how she will make fifteen dollars do the work, when before even thirty were found to fall far short of the measure necessary.

Another case was that of a woman who has a son, a sergeant, and who was in the habit of receiving twenty-five dollars monthly from his pay. On opening her last envelope she too found the slip, notifying her that in future she would receive only ten dollars. The women feel that if it were explained that there is a shortage of funds, and that it is impossible to give them the amount to which they feel they are entitled, they would face the situation with the courage that has supported them in the giving up of husband or son and the hardships of separation, but to be cut off their means of sustenance without explanation is something they are not prepared to accept without protest.

NEW ONTARIO WILL NOT HAVE EXHIBIT

Settlers' Home Prepared for Exhibition, Destroyed by Bush Fire.

There will be no New Ontario exhibit at the Exhibition this year. Some time ago the government officials decided to make the northern exhibit more extensive than usual, and a large space had been arranged at the corner of Lansdowne avenue, just east of the old dining-hall directly across from the grand stand. Here was to be erected a large sized settlers' cabin of logs, and a model north country farm. The logs had been cut and fashioned into a dwelling in true bush style, and the home was to be shipped down in sections within the next few days. However, it was destroyed in the recent fire and for this year at least, the Timiskaming district will not be represented aside from the mineral display by the department of mines. Commissioner Harris is making splendid progress on the eastern entrance. The track into the grounds from Strachan avenue has been laid, the curve near the landing platform completed and the greater part of the ballasting finished. The bridge east of Strachan avenue over the C.P.R. stub line is ready for the rails and work is well advanced on the new approach to the cars from a point near the grand stand. The new turnstiles are on the grounds, and will be erected as soon as the platforms are ready. The tracks on the Bathurst street grade from the bridge are all in and the concrete work is well advanced.

JUTLAND BATTLE TURNING POINT

First of Allied Successes Begun With Naval Fight.

FOE FLEET USELESS

Mr. Balfour Denounces Piracy and Murder of Fryatt.

(Continued from page one.)

The Germans claim Jutland as a victory, but in essence they admit the contrary, since the object of a naval battle is to obtain command of the sea, and it is certain that Germany has not obtained that command.

The Germans themselves will admit the increasing difficulty of importing raw materials and foodstuffs and of exporting their manufactures, hence the violence of their invectives against Great Britain.

Munitions Flow Abroad. Mr. Balfour says that if they had felt themselves on the way to maritime equality, the Germans would not have so loudly advertised the Deutschland incident, the whole interest of which, in German eyes, was to prove their ability to make the barrier raised by the British fleet between them and the outer world.

The first loss refers to German exhortations to look at the map and see the extent of German successes, and adds: "That depends on what maps you use. Even the map of Europe shows an ever-shrinking battle."

Mr. Balfour advises those requiring further proof of the value the Germans attach to the "victorious fleet" to study the German policy of submarine warfare, and says: "Appeal to Humanity. The advantage of submarine attacks on commerce is that they cannot be controlled by superior fleet power in the same way as attacks by cruisers; a disadvantage is that they cannot be carried out on a large scale consistently with the laws of war or the requirements of humanity."

"The advantage of submarine attacks on commerce is that they cannot be controlled by superior fleet power in the same way as attacks by cruisers; a disadvantage is that they cannot be carried out on a large scale consistently with the laws of war or the requirements of humanity."

"The Germans knew that their 'victorious fleet' was useless. It could be kept safe in harbor while the submarine warfare went on unimpeded; a disadvantage is that they cannot be carried out on a large scale consistently with the laws of war or the requirements of humanity."

"They were wrong in both respects, and doubtless it is their wrath at the skill and courage of the British merchant captains and British destroyers our merchant ships must fall an easy prey, unprotected by our ships of war and unable to protect themselves."

"The first loss contends that the case is not worth arguing, that it is useless to do the German military authorities the injustice of supposing they were animated by solicitude for the principles of international law and accidentally abandoned."

"The illegality of their folly," he continues, "was of different kind. It flowed from a different source. They, like what Captain Fryatt was doing his efforts, that they resolved at all costs to discourage imitation."

"What blunders they are. They know how to manipulate machines, but of managing men they know less than nothing. They are always sure that because they always suppose that if they behave like brutes they can cow their enemies into behaving like cowards. Small is their knowledge of our merchant seamen. I doubt whether one can be found who has not been called to defend himself to the last against piratical attacks."

"The freedom of the sea means to Germany that the German navy is to behave at sea as the German army behaves on land. It means that neither enemy civilians nor neutrals will be spared. Already 244 neutral merchantmen have been sunk in defiance of law and humanity, and the number daily grows. Mankind, with the experience of two years of war behind it, has made up its mind about German culture. It is not, I think, without material for forming a judgment about German freedom."

ORGANIZE for Victory!

THE THIRD YEAR OF THE WAR calls for the organized co-operation of every citizen of the Province of Ontario. ALL must help to hasten the day of final triumph.

SUGGESTIONS FOR ORGANIZATION

In many Municipalities there are already active patriotic organizations, such as Recruiting, Red Cross, Soldiers' Aid and Patriotic Fund Committees.

WHAT ORGANIZATIONS SHOULD DO

- 1. Find more men for Overseas Service. 2. Help in keeping our munitions plants working to full capacity. 3. Induce every possible worker, men and women, to serve on the farm and in other essential industries. 4. Find money for the coming WAR LOAN and war funds. 5. In short, assist in the organization of Ontario's resources to meet war conditions and after-war conditions.

THRIFT and ECONOMY, and a careful consideration and preparation for our problems are essential if we would meet the present and future needs.

For further suggestions and information you are cordially requested to write at once to ALBERT H. ABBOTT, Ph.D., Secretary, Organization of Resources Committee, Parliament Buildings, Toronto.

MORE LOCAL MEN FALL IN BATTLE

Seventeen Names of Toronto Officers and Men Reported.

TWELVE WOUNDED
Lieut. McTavish Said to Have Been Injured in Right Thigh.

Seventeen names of Toronto officers and men are contained in yesterday's casualty list. Three officers are reported wounded, and of the men one has been killed in action, one has died of wounds, one is dangerously ill, one is wounded and believed missing and six are wounded.

Lieut. H. J. McTavish, son of Rev. Dr. Daniel McTavish, pastor of Grosvenor Street Presbyterian Church, has been wounded in the right thigh. He was a graduate of the School of Practical Science in the year 1910, and was an electrician with the Toronto Hydro Electric. He went overseas with the second contingent and early this year was given a commission in the R.F.A., but later was drafted to the R.F.A. Plt. D. H. Bogie, 104 Vine avenue, has been wounded. He went overseas with the 75th Battalion and was drafted to the front. He is about 41 years of age and is married.

Wounded Second Time.
Corp. A. J. Ashdown, 68 Enderby road, has been wounded for the second time. He is one of five brothers serving in the army. He is a carpenter by trade and was a member of the Queen's Own Rifles.
Plt. James Craig, 81 Columbine avenue, is reported wounded. He enlisted with the 25th Battalion in June, 1915, and left for England early last fall. He went to France with a draft. Plt. A. Gibbs, who is reported wounded, enlisted in the spring of 1915 with the 27th Battalion. He left for England early last fall. His home is at 17 Dean street.

Signaler A. H. Meyers has been seriously wounded in the arm. He is an old Q.O.B. man and put in four years with that regiment before going to Kingston, where he enlisted with the 3rd Battery Reserve Brigade. He is a former student of Ridley College, Wounded by Bayonet.

Plt. N. S. Tuckley has been wounded in the thigh by a German bayonet. He went overseas with a draft from the 25th Battalion, and had been at the front since March. Prior to enlisting he was employed as a conductor on the street railway.

Plt. Edward L. Clark, 47 Woolfroy avenue, has been killed in action. He had been in the trenches for a year and was a cabinetmaker by trade and employed in Toronto with the same firm.

Official notice was received by Mrs. Frank Ball, of Centre Island, announcing the death of her son, Corporal Ball. Notice had been received this effect several weeks ago, but as it was not official she had not believed it. She is a widow and has a young son, Frank, who is in the army.

WILL INVESTIGATE ONTARIO INSURANCE
Mr. Justice Masten Appointed by the Provincial Government.

Mr. Justice Masten has been appointed by the provincial government as a commissioner to investigate all forms of insurance in Ontario. The appointment is along the lines of Adam Beck's resolution at the last sitting of the legislature, when he asked that an enquiry be made into the control exercised by underwriters' associations over methods of regulating and placing insurance, and also the rates charged. Mr. Justice Masten will probably have an assistant named later by Hon. Mr. Lucas.

RECOMMENDED HIGHEST TENDER BE ACCEPTED
Controllers Unable to Decide From Which Concern to Purchase Fire Truck.

Altho the Dominion Automobile Co. tendered \$6000 below the tender of the American La France Fire Engine Co. in six motor trucks, Fire Chief Smith recommended yesterday to the board of control that the tender of the latter concern be accepted. Controllers Foster and O'Neill protested against making the policy of giving the business to the lowest tenderer, and the board left the matter for decision at a later date.

Longshoremen at Montreal have secured a new agreement. The British National Union of Railwaymen. North and South America together produce at present about 78 per cent. of the world's copper supply.

Talks With Screen-Struck Girls

By Beatriz Michelena
(Copyrighted 1916, by Beatriz Michelena)

In my last "talk" I tried to answer a girl who wanted to know why so many people had a bad name for picture actresses. I told her, you remember, that it was because people were usually looking for the bad in others, and just because the picture folk were so much in the limelight, they had the better opportunity to find there what little there was and to elaborate upon it.

CONTINUE YONGE ST. PAVEMENT THREE MILES

Highways Commissioners Outline Work Contemplated This Year.

The work contemplated by the highways commissioners this year, as outlined by E. A. James, is as follows:
Yonge street—Continue north from Bond Lake, three miles of bituminous bound macadam. This will make 17 miles of pavement on Yonge street.
Kingston road—Continue east one mile, bituminous bound macadam. This will make eight miles of pavement on the Kingston road.
Kennedy road—Built three miles bituminous bound macadam near Agincourt. This will make 15 miles of pavement on the road, which is a continuation of Danforth avenue.
Dundas street—Build three-quarters of mile brick pavement on reinforced concrete base. This will make 5 1/2 miles pavement on that street.
Vaughan road—Build 1 1/2 miles bituminous bound macadam, which, when completed, will make ten miles of continuous pavement on the Vaughan road.
Weston road—Build two miles water-bound macadam south of Weston. This will make 14 miles of continuous pavement on the Weston road.

CONDITIONS IMPROVING RAPIDLY IN THE NORTH

Conditions are improving rapidly in the north. The injured are all doing well, and some 300 of the fire sufferers have now been transported to their homes in Ontario and Quebec. Bodies are now being shipped out to those whose relatives desire them to be sent to outside points. The call for clothing has been splendidly and generously responded to, and there will be ample to take care of all the demands. There are plenty food supplies now on hand.

FRIDAY MORNING, AUGUST 4.

Providence and the Navy. We celebrate today the second anniversary of King George's declaration of war against Germany.

The Kaiser has often tried to prove that Great Britain started the war. It is not easy to forget that Austria first declared war on July 28, on Serbia.

The belief that a tariff, mountain high, will be required as soon as the war is over, and that the Democrats cannot be trusted to administer the tariff cure for a desperate business situation, may largely account, perhaps does account, for the way in which the Republican party, only a "third party" four years ago, has attained an almost commanding pre-eminence.

The world-wide armament trust is behind Hughes and determined to beat Wilson at any cost. It is an all-powerful and far-reaching organization, with tentacles reaching everywhere, and cunning enough to play upon the fears, the prejudices and the patriotic impulses of the people.

President Wilson has, however, one card up his sleeve. He no doubt will be able to show the people that the wars of the world are largely engineered and brought about by the makers of munitions, who wash gold from rivers of blood and traffic in death.

Polonius had some good advice for fighters. "Beware of entrance to a quarrel, but being in heart, that the opposer may beware of thee." This is sound advice. Britain was utterly unready for war, and even as late as June last year, Mr. Lloyd George tells us, we had only a week's ammunition on hand, and would have been beaten had something not blinded the Germans to our weakness, and led them on to attack the Russians.

Providence and the British navy stopped this development. Providence could have done it alone, but it is obvious that the British navy was the immediate instrument. It is in fact more obvious than that the Kaiser is supported, as he alleges, by the heavenly powers. The men who are fighting in the trenches understand the great issues. The men who toll by day and by night on the great deep, are strengthened by the thought of divine ideals of truth and justice and freedom. It is fitting that those who are protected at home and exempted from the labors of warfare should acknowledge their debt on such an occasion as this.

ONLY THIRTEEN DONNED UNIFORM

Yesterday's Recruiting Results Were Smallest of Several Weeks.

MANY REJECTIONS Twenty-Seven Who Applied Were Pronounced Medically Unfit.

Altho 40 recruits came up for examination at the armories yesterday, only 13 of these were pronounced medically fit and became attested.

The 23rd Battalion secured three recruits, thereby heading the list for the day. The other units increased their strength of the construction unit, and it is filling up rapidly with men who see in this battalion a chance to get overseas quickly.

Gen. Legie's Move Discussed. The report that Brigadier-General W. A. Legie is to go overseas shortly with Major-General Lessard, taking his position as G.O.C. in Toronto military district is causing much discussion in military circles in the city.

The building is now being renovated and new furniture, and articles for the various religious ceremonies are being installed at considerable expense.

Building activity in the Earlscourt district and the southern portion of the city is showing a decided increase, according to the statement of George Reeve, Fred H. Miller of York Township.

Street of Mimico.

The czar has issued an imperial command that all Russians and Russian Poles are to be evacuated from Canada who are of military age and who have not enough money to get back to join the British colors.

A meeting to explain the proposal will be held on Monday evening at 7 o'clock in the hall at the corner of Bathurst and Queen streets, to which all Russians and sons of Polish citizens are invited.

WEST END RUSSIANS BUY CHURCH PROPERTY. Building at Royce and Franklin to Be Used by Orthodox Congregation.

The old rough-cast church building at the corner of Royce and Franklin avenues, which was purchased yesterday, when Rev. Father Mikael Kalmakoff purchased the property from George Danes in the interests of the Russian Orthodox Church for \$7,000. The lot on which the church stands has a frontage of 50 feet, and a depth of 100 feet, and was formerly used by the Catholic Church and latterly by Sandy Row L.O.L. No. 2442.

The building is now being renovated and new furniture, and articles for the various religious ceremonies are being installed at considerable expense.

The congregation which has just been organized includes about 300 Russian Catholics, who reside at the sides at 173 Franklin avenue, is the only representative of the Czar of Russia living in Ontario, and is a strong supporter of the allies' cause.

Building activity in the Earlscourt district and the southern portion of the city is showing a decided increase, according to the statement of George Reeve, Fred H. Miller of York Township.

AT OSGOODE HALL

Action has been entered at Osgoode Hall by the attorney-general as trustee for the creditors of the Dominion Trust Company, against the Railway Passengers' Assurance Company, of England, to recover \$100,000 penalty for alleged breach of conditions in a bond of February 19th, 1914, in which the defendant was obligator on behalf of the Dominion Trust Company, and in which the plaintiff is obligee.

The action arises out of the non-payment of \$2,170.52 found due the estate of the late G. S. Beck, an \$8000 damages for non-fulfillment of the office of executor of the estate.

TRADING ELEMENT CONTROLS MARKET

Irregularity Marks Transactions in Stocks at New York.

MOTOR SHARES DROP

Oils Also Develop Weakness - Rails Show Variability.

NEW YORK, Aug. 3.—Irregularity was the dominant characteristic of today's dull market, which, like the sessions of the early week, was largely, if not wholly, under control of the trading element.

There were further gross declines of 2 to 3 points in leading motor shares, while sugar and petroleum were materially affected by adverse trade conditions.

Weakness of oils, which was most pronounced in the 6-point decline of Texas Co., was naturally ascribed to the price readjustment now going on in the oil industry.

Shipping issues as a group were conspicuously firm to strong and infused vitality to the latter dealings, when the more serious losses of the forenoon were largely recovered.

Rails were extremely variable. Union Pacific leading an advancing movement, which was restricted by reactions in Canadian Pacific, Chicago & Northwestern.

The Toronto stock market was dull yesterday with trading of a very sensitive nature. The general trend of the market was easier, with Canadian Cement again playing the leading role.

It is quite probable that crop news and the behavior of the wheat market is having, and will continue to have, a considerable influence in this and other stock markets.

Cement continued soft in the Montreal market, which is slightly opening at a small gain, it started a downward course and closed at 57.

The Toronto Railway Co. reports gross earnings (city system only) for July of \$463,445, an increase of 1.5 per cent higher than those for June, but below every prior month since last October.

The feeling that he should personally superintend his property used to tie many a man to places where he could be constantly in touch with his interests.

MORE ACTIVE MINING MARKET

Porcupine Crown and Crown Reserve Rallied on Reports of Change in Control.

There was a fairly active market in mine stocks at the Standard Exchange yesterday with quite a few strong spots, but on the whole the market the dull was firm in tone.

Altho the price of silver was up to 64 1/2, the highest point for some time, the Cobalt stocks, with the exception of Crown Reserve and Lorrain, were lethargic and failed to respond to this bullish factor.

The first sale of Adanac for some days went thru at \$1.65, which is a decline of about ten points from the last sale.

Shipping issues as a group were conspicuously firm to strong and infused vitality to the latter dealings, when the more serious losses of the forenoon were largely recovered.

Rails were extremely variable. Union Pacific leading an advancing movement, which was restricted by reactions in Canadian Pacific, Chicago & Northwestern.

Nowadays a trust company, at the owner's request, gives to his property as careful attention as the owner could give, leaving him free to attend to his business, or to travel, undisturbed by petty detail.

Early Plums

These are articles of which we have so small a number that it would be poor policy to particularize in our advertisement, as many of our customers would surely be disappointed, for a desirable article at a low price quickly disappears. So we mark these articles with "Early Plum" price tickets, which are easily seen, and those who shop early today are sure of some rare bargains.
