Wall Street Betting on End of War; Plenty of Money To Back September 1 as the Date

New York, March 24.—Following the publication of cable despatches in which Sir John French predicted an early ending of the war, Wall Street has begun to bet on the date when peace would be restored.

Even money was offered that hostilities would cease within four months from date, and odds of eight to five were asked that negotiations would be on by June 30. Plenty of even money was in evidence that the fighting would be ended by September 1.

Bettors based their wagers on the belief that Germany's supply of ammunition would fail in the next few months, because of the government's inability to import nitrates and copper. The latter principally owing to the blockade established by the allies.

ITALY AND AUSTRIA SEEM NEARER TO WAR

Geneva, March 24.—The Austrian government now considers war with Italy more than probable. According to despatches from Vienna, a large number of troops have arrived in the Tyrol and Trieste, where defensive works are being constructed.

The Geneva Tribune professes to have received advice from Austria to the effect that the dual monarchy might consider the signing of a separate peace with Russia without consulting Germany, offering to cede to Russia large portions of Galicia.

GETTING READY AT BORDER

Geneva, March 24.—An uncorroborated despatch to the Tribune from the Austrian border states that Austrian military engineers have begun work with dynamite at the buildings between Sargana Pass in Trent and Lake Garda on the Italian frontier, which would be in the line of artillery fire. The eastern part of the town of Rovereto is reported to have been abandoned and all the buildings torn down. All persons suspected of pro-Italian sympathies are said to have been sent into the interior to be interned.

CROWN PRINCE VETOES IT

Rome, March 24.—News received last night via the frontier says that the Austrian Crown Prince has hastily returned to the eastern border and vetoed the project of the cession of Trentino to Italy, which the army would regard as more humiliating than a defeat.

ITALY CHECKS GERMAN SCHEME

Rome, March 24.—The Italian government is said to have refused a request made by Germany, that a mission sent to Erythrae be permitted to continue its journey through that district into Abyssinia. Italy's refusal is reported to have been based upon the belief that the object of the mission was to incite an attack by Abyssinians upon British forces in the Sudan.

Erythrae is an Italian protectorate in East Africa bordering on the Red Sea, opposite Turkish territory in Asia.

AGAIN FIRING ON DARDANELLES FORTS

Paris, March 24.—Bombardment of the Turkish fortifications in the Dardanelles was resumed yesterday morning by an allied fleet, according to an Agency despatch to the Héraud Agency. The warships were accompanied into the straits by mine sweepers.

RUSSIANS CHEERED THE DEFENDERS OF PRZEMYSL

Surrender Has Made Profound Impression in Hungary

More Than 2,000 Guns Captured, 1,000 of Them Heavy Cannon—Reported Terms on Which Austrians Gave Up Fortress

Geneva, March 24.—A summary of what purports to be the conditions upon which the garrison at Przemyel surrendered is printed by the Tribune as follows:

Full honors of war for the garrison. Special treatment for the prisoners, providing that officers shall be paroled and that none of the troops shall be sent to Siberia.

The right to transport to Austria those killed and wounded during recent attacks.

Complete liberty for the civil population with the right to leave or stay in the city.

The Tribune says that the defenders marched out of Przemyel to Russian headquarters with colors flying. The Austrian governor surrendered his sword to the Russian commander while thousands of Austrian troops piled their arms and ammunition in front of the Russian regiments drawn up in line. The Muscovite troops cheered the unarmed Austrians after their last parade.

The fall of Przemyel has made a profound impression in Hungary as the flower of the Hungarian infantry was included among the defenders of the city.

London, March 24.—A Petrograd despatch to the Daily News says it is estimated that 2,400 guns were captured at Przemyel. One thousand are heavy cannon.

Koenigsberg, March 24.—Great numbers of East Prussian refugees are fleeing to this city. Six thousand are already here.

CANADIANS HAD IT QUIET IN LAST FEW DAYS

Bombarded But The Casualties Have Not Been Heavy

REPULSE GERMAN ATTACK

Good Work Being Done By The Engineers—Col Farquhar's Death Was Instantaneous, Piece of Shrapnel Hit Him

Toronto, Ont., March 24.—The Mail and Empire prints the following special cable:

London, March 23.—The Canadian division has had a comparatively quiet time during the last few days. The troops have been subjected to a more or less severe bombardment, but fortunately the casualties have not been heavy.

Early one morning the Germans attacked a line of trenches held by two battalions of Ontario men, but they were easily repulsed after losing heavily. The engagement was a minor one.

The Canadian engineers are doing good work. Nearly every night they are out in the open repairing or strengthening wire entanglements. During the whole time they are in danger of detection, and are unappreciated except by darkness.

Colonel Farquhar, whose death has saddened the whole regiment of the Patricias, was almost instantly killed. He was a very strict officer, but popular with all ranks. It is believed that he was killed by shrapnel.

Major Hamilton Gault has left London, but his destination is not known. He desired to return at once to the front, but there was some hesitation by the War Office authorities, who were in doubt whether or not Major Gault was in the condition for service at the front.

Meanwhile it is the impression of the Patricias men here that Captain Agar Adams of Toronto will be in charge of the regiment until Major Gault gets back to active service.

Of the original Patricias officers, eight have been killed and thirteen wounded or invalided to England. Lieutenant A. M. Gow, who was slightly wounded, has returned to the front. Lieutenant Stewart of Halifax is undergoing treatment at the Duchess of Westminster's Hospital at Le Touquet. Lieutenant Taylor of the Tenth is at Combe Lodge, a day's ride from the front.

Lieutenant Samuel P. Cocherell, of the Royal flying corps, military wing, whose flight at Lemnais is reported, was a prominent figure in Anglo-Canadian circles in London. He was formerly a director of the Canadian Newspaper Company. For several years he was a member of the Foreign Office staff. He was also distinguished in athletics.

A wedding of interest to friends in St. John was solemnized in England on January 19 when David Valentine Outram was united in marriage to Miss Millicent Mary Tyrne, daughter of the late Rev. Robt. C. Tyrne, rector of Hawkhwell, Essex, and Mrs. Tyrne of Witley, Surrey. The groom is quite well known in St. John where some years ago he was attached to the Bank of Montreal. He is now a lieutenant in the Gloucester Regiment, and expects to leave for the front next month. The wedding was quietly celebrated on account of the war.

J. B. DAGGETT IS OPERATED UPON

Ill With Appendicitis—Fredericton and The Military Lighting

Fredericton, N. B., March 24.—J. B. Daggett, secretary for agriculture, was stricken yesterday with an attack of appendicitis, and today was operated upon in the Victoria hospital.

Ald. Lemont, chairman of the street lighting committee, has ordered the current for clusters of electric lamps around the military property to be turned off this evening. The lamps were installed by the militia department several years ago, but the city has been paying for the current used. The bill last year amounted to \$880. Under the present arrangement the city has no control over the lamps. It is with the hope that a more business-like arrangement will be affected that the current is being turned off.

C. A. Hayes, traffic manager of the I. C. R., is here today.

AT THE RIFLE RANGE

There was another large attendance of ladies at the city rifle range this morning and the scores showed a steady improvement. The arrival of the new Ross rifles has been warmly welcomed as it has done away with the need of waiting for a rifle at rush hours. The general interest continues unabated.

DEATH OF BOY

Friends of Mr. and Mrs. J. A. Cameron will sympathize with them in the death of their four-year-old son Ernest McInerney, which took place yesterday. The funeral will be held on Thursday afternoon.

POPE RECEIVES ADDRESS FROM REICHTAG POLES

Rome, March 24.—Pope Benedict yesterday received an address from the Reichstag of the Polish group in the Reichstag. It contained expressions of gratitude to the Pope for his interest in Poland and his considerate words on the occasion of the death of the Bishop of Posen.

Great Aerial Attack on England At Easter, Say Travelers From Berlin

Amsterdam, March 24.—Germany will launch her great aerial attack against England within two weeks, according to travelers from Berlin. They said that a great fleet of Zeppelins and aeroplanes had been concentrated at Brussels and Cologne, and that these airships probably would set out on Easter Sunday if weather conditions were favorable. A new Zeppelin, the ninth constructed since the war began, has arrived at Cologne, and another will be completed within a few days.

The Zeppelin raids on Paris and Calais, the travelers assert, were only tests to determine whether all were in good condition for the flight to England.

Canadian Pension Plan Announced

Bill Introduced in Parliament Today—The Provisions—Hundred Million War Grant Quickly Voted

Ottawa, March 24.—The sum of one hundred million dollars for war was voted by parliament this morning. There was no demonstration and nothing beyond the terms of the resolution to indicate that anything but the most orderly and efficient piece of business was being done.

Mr. Laurier said that the opposition was glad to give its unanimous support to the measure. The speaker declared it carried and the pension scheme was introduced.

It provides pensions for men injured in the Canadian service and pensions for those killed.

Four classes of injured are provided for: A first degree is to include those rendered "totally incapable"; second degree, those rendered "materially incapable"; third degree, those rendered "in a small degree incapable" of earning a livelihood.

For the rank and file pensions are provided at the rate of \$86 a year for the first degree; \$120 for the second degree; \$135 for the third degree; and \$75 for the fourth degree.

Annual pensions for sergeants according to their degree are \$235, \$236, \$165, \$166, \$167, \$168, \$169, \$170, \$171, \$172.

For dependents on those killed: Widows of privates, \$22 a month and \$8 a month for each child; sergeants, \$28 a month and \$8 a child; lieutenants' widows, \$37 a month and \$8 a child; captains' widows, \$45 a month and \$7 a child; colonels' widows, \$80 a month and \$10 for each child.

Widowed mother, whose son was her sole support will be pensioned at the same basis. For orphans these rates may be doubled. Pensions will take effect the day following the death and will be paid with a two months' gratuity.

A widow remarrying shall get two years' gratuity and the pension will terminate. Pension may be discontinued should the widow become unworthy or wealthy. There will be no pension or gratuity for a boy over fifteen or a girl over seventeen and the pensions will be paid monthly in advance. Individual cases may be dealt with by the government.

A third reading was given to the war tariff bill and the special stamp tax bill was passed.

Annual pensions for sergeants according to their degree are \$235, \$236, \$165, \$166, \$167, \$168, \$169, \$170, \$171, \$172.

BRITISH HIT A HARD BLOW

Set Fire to German Plant For Construction of Submarines

London, March 24.—British aviators have bombed and set on fire the German plants for constructing submarines at Holsben a town near Antwerp.

BURIED TODAY

Many friends gathered this morning to attend the funeral of Mrs. Mary A. O'Keefe, held at half past seven o'clock from the home of her son-in-law, J. Joseph Mitchell, No. 1 Alma street. In the Cathedral, where solemn high mass of requiem was celebrated, there was a large congregation while many priests who had come in sympathy with her son, Rev. D. S. O'Keefe. Father O'Keefe was coadjutor of the cathedral, the episcopal throne was Rev. Dr. A. W. Meahan of St. Andrew's and Rev. E. J. Conway of Chipman. Others in the sanctuary were Very Rev. J. J. Walsh, V. G., Rev. C. P. Carleton, Peterborough; Rev. J. W. Holland, St. George's; Rev. J. J. McDermond, Sussex; Rev. A. J. O'Neil, Silver Falls; Rev. M. P. Howland, Rev. M. O'Brien and Rev. Father Bourgeois, of the cathedral. Relatives were pallbearers and interment was in the new Catholic cemetery.

The funeral of Alexander Gunn took place this afternoon from his late residence, 384 Union street. Burial services were conducted by Rev. H. Johnson and interment took place in Fernhill. Members of St. Andrew's Society attended the funeral in a body.

The funeral of Rev. Joshua N. Barnes took place this afternoon from Victoria street Baptist church. Burial services were conducted by Rev. B. H. Nobles, Baptist ministers of the city were present during the services. Interment took place in Fernhill.

The funeral of Mrs. Eliza A. Campbell took place this morning from her late residence 25 Carlton street, to the C. R. station. The body was taken by train to Jubilee where interment took place. Burial services were conducted by Ven. Archdeacon Raymond.

THE GRANTS

In connection with the discussion of the request for the restoration of the civic grants Mayor Frink this morning said that on March 18 the current account showed a debit balance of \$2,914. The largest single item in this account was the city's share of the liquor license receipts, \$12,000, and this amount was offset entirely this year by the grant of that amount for the Patriotic Fund, which has not yet been paid, as the funds have not been available.

PORTLAND METHODIST Y.M.A. Rev. R. J. Haughton delivered an interesting lecture in the rooms of the Portland Methodist Y.M.A. last evening on "The Kingdom of God and the Community." Rev. M. E. Conroy also delivered a short address. An enjoyable programme of vocal solos and instrumental selections was carried out, and refreshments were served.

SQUADRONS OF AIRSHIPS IN BATTLE AS GREAT GUNS THUNDER BELOW

Severe Fighting in Air, on Foot and With Artillery is Resumed in Western Theatre - Allies' Bombs Cause Damage in Ostend

Paris, March 24.—Following a terrific artillery duel, during which squadrons of hostile aeroplanes engaged each other high above the roaring guns, another infantry engagement has developed in West Flanders. It is reported from Ypres, east of Nieuport, that French artillery dislodged German guns from strong positions. Further south German and French guns were engaged in a severe conflict in the swampy lowland de near Dismude. Reports from the north indicate that hard fighting is in progress along the Yser river.

Another artillery duel developed on the Aisne river. The French batteries near Soissons having been reinforced during the last few days, were able to silence the German guns in sort order.

In Champagne there was still another artillery conflict, the Germans trying to destroy French trenches with heavy fire from their big guns.

ALLIES' BOMBS IN OSTEND

London, March 24.—The Daily Express correspondent on the Belgian frontier telegraphs:

The Germans resumed the bombardment of the Belgian lines between Dismude and the sea yesterday afternoon, and it was increasing in strength at the time of telegraphing.

Apparently all their heavy howitzers are in action, and the attack appears to be greatest near the coast. Three great explosions were distinctly heard last night.

Considerable damage has been done at Ostend by bombs aimed by the allies' aviators at ammunition and oil depots. Clear weather and little wind greatly facilitated the accuracy of the allies' war aeroplanes, many of which have been seen above Zeebrugge and Heyst since Sunday.

TELL OF ROPER OF THE 26TH HITTING JONES WITH PIECE OF FENCE

SEVERAL WITNESSES IN POLICE COURT GIVE EVIDENCE AS TO TROUBLE FOLLOWING DRINKING

A case against James Roper, a member of the 26th Battalion who, it is alleged, assaulted David Jones in an alley off Charlotte street on last Saturday night, was taken up in the police court this morning. R. Brown testified that he saw Roper on the ground and two men standing over him apparently going through his pockets. He also saw Roper hit Jones on the head with a stick. Thomas Barrett, a special policeman, testified that he entered the alley with Policeman Armstrong and found Jones in a pool of blood. He assisted to take him to the hospital and later to the hospital on the following morning.

Sergeant Sullivan and he went to the armory and arrested Roper. James Frederick said he had been in a local tavern with Roper, Jones and some other men. They had proceeded into an old house where they were drinking together and after purchasing a bottle of whiskey proceeded up the street. They went down the alley and into an old house where they all had a drink. Roper, he said, accused one of the number of attempting to steal the bottle and was going to hit him when he interfered. Roper then went out and came back and struck Jones. The witness attempted to stop him and got struck himself.

Edward Kelly said that Jones was struck on the head while attempting to prevent Roper from striking a man named Ingar who previously had trouble with him.

Jones said they had all been drinking and later went to the alley. He corroborated the others' witnesses' statements regarding the assault. Roper was then remanded.

GERMANS ATTEMPT TO SINK DUTCHMAN

London, March 24.—An Amsterdam despatch reports that a German submarine attempted to torpedo the Dutch steamer Oranje Nassau five miles from Lindar Lightship in the North-Sea yesterday afternoon. The torpedo passed sixty yards in front of the steamer.

LETTER FROM FRANCE

From the firing line in France came a letter today to F. P. Curran, proprietor of the Canadian Railway News Depot, from his son, Driver George Curran of the first Canadian force at the front. He desires to be remembered to his friends, and says that he is well. He has seen other St. John lads, including Frank McManus, Leonard Crozier, Clement Jeffries, and a lad named Garnett, whose home is in Lombard street, showing that these boys must also be in France with the others.

The Eagle Not Yet Given Up

St. John, Nfld., March 24.—Wireless despatches indicate that the threatened destruction of the sealing steamer Eagle has been averted, temporarily at least. The Eagle is one of eight vessels caught in the lee in Notre Dame Bay. She was abandoned, but the ice pressure loosened and the crew returned aboard.

ENTERTAINING THE TEACHERS

The members of the Sackville teaching staff, together with representatives of the Women's Council were delightfully entertained on Monday evening at the home of A. H. McCready by Mrs. D. A. Morrison of Amherst, who told of a three months' trip through Europe.

Splendid views illustrated the talk, which dealt with Italy, Switzerland, the Rhine, Holland, Belgium and Paris. One of those present said:—"Never in St. John or elsewhere have I heard anything so vivid, so thoroughly delightful. Mrs. Morrison told us of the intimate life of the people met, as no one has yet told us or written." It is interesting to note that both Mrs. Morrison, and Mrs. McCready, the hostess for the evening, are graduates of St. John high school. Mrs. McCready had on a previous evening entertained the teachers of the town and read an interesting paper on some New Brunswick poets, with extracts from their writings. The principal and teachers greatly appreciate the interest taken in them and their work by public spirited ladies of the town.

Book For Men, Free 8,000 Words, 30 Illustrations TO MY READERS: Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon.

Manly Men Move the Whole World. I make a little application which will call a VITALIZER, because I think that is the best word to describe this strange power. I don't want you to get any of these VITALIZERS just now, but I would like you to investigate my claim as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks.

WHAT THE FREE BOOK TELLS The free illustrated advice booklet mentioned above is meant to be a simple declaration of certain important truths that every man in the world should know. The day has gone by when men are kept in ignorance of the real problems pertaining to these private subjects, and this illustrated advice booklet, which is sent to men sealed, by mail, gives certain important facts relating to sex, just as these facts are. The booklet also fully describes my VITALIZER and you are told how you may get one for your own use if you decide that you want one. Please use coupon below, or call. Hours 9 to 6.

GROSSLY UNFAIR

The Standard this morning makes a grossly unfair attack upon Mr. Carvell in connection with the bill for expenses for the Dugal inquiry. The reader of the article would be led to believe that Mr. Carvell, Mr. Stevens and Mr. Hughes, counsel for Mr. Dugal, were endeavoring to enrich themselves at the expense of the public.

A NOTABLE CONVERT

There is perhaps no more effective answer to criticisms of the commission plan of government than is found in the leading editorial in this morning's Standard. Dealing with the matter of the civic grants the Standard says: "While there may be much disappointment that the commissioners yesterday did not decide to restore the grants to worthy organizations which, in the past, have been receiving public support, it must not be forgotten that the reduction in the civic assessment, which gave the commissioners the excuse to eliminate the grants, was made at the request of the citizens themselves and followed considerable agitation in the newspapers. Whether other means could have been found to bring the estimates down to the point where they met the approval of the citizens is a matter for the commissioners. It cannot, in fairness, be forgotten that the people asked for the reduction and the method of bringing it about appeared to be satisfactory at the time. If the desire now is that the grants should be restored to societies and organizations in need of them it should not be more difficult to impress that upon the commissioners than was the case when the lower estimates were asked for. After all, the people are in control and can have what they desire and are prepared to pay for."

LUMBER HAS COMPETITORS

We have heard so much in recent years about the rapid depletion of the forests of the United States, and of the great need of forest conservation, that it seems rather odd to read of an organization formed to promote the use of wood, and to be told that this is necessary in the interests of the lumber industry of the republic. Such an organization has just been formed in Chicago. The chief reason for its formation is the large extent to which other materials are taking the place of lumber for building purposes. The American Lumberman, discussing the subject, says that the industry is suffering because neither the manufacturers nor distributors have carried on a campaign of education to teach the consumers how, when and where wood may best be used, nor have they aggressively met competition; but "have allowed other building materials to be used out on its own ground." Their competitors are not only aggressive, but are constantly improving their materials to serve the consumers' need more fully. The plan of the new organization, which will be representative of all branches of the lumber industry and trade, embraces the creation of a central bureau with strong financial backing, to compile full and reliable information and disseminate the same, and to fight the battle of the lumbermen in keeping wood in the foremost place as a building material. It is proposed to have a manager, a statistician, a construction engineer, a publicity expert, and perhaps also two or three consulting engineers. It is proposed to raise \$200,000 per year for five years to finance the scheme, under the direction of the National Lumber Manufacturers' Association.

Now if Mr. W. H. Berry will tell all he knows, his visit to Fredericton will be of historic significance.

HOUSING BILL IS DEFEATED

Renewal of Grants Refused—Both Rejected on Mayor's Deciding Vote—Aid For Parks—New Brass Foundry

Mayor Frink was called upon to use his casting vote on two resolutions at yesterday's council meeting, by it defeating Commissioner Potts' motion for a city housing scheme and Commissioner Wigmore's resolution for a restoration of 75 per cent of the city grants to charitable institutions and others. Expenditure of money was involved in each case, although the mayor himself came out strongly in opposition to the restoration of any portion of the grants. The council decided to take no action on the petition of business men asking the withdrawal of the bill now before the legislature exempting incomes up to \$1,000 from taxation.

The report of the commissioner of water and sewerage on awarding of the tender for 185 tons of cast iron, made-in-Canada ten-inch pipe at \$31.75 a ton was adopted.

The vote of \$800 to the town planning commission for preliminary work, suspended last year, was re-voted.

Ellen E. Flagler, on recommendation of Commissioner Russell, was granted renewal of lot No. 464, Queen's ward, for seven years at an advance of 50 per cent in the rental.

A recommendation for a lease of lot 4, Block L, Britain street, to Messrs. Hogan, Eagles & Sterling as a site for a brass foundry at \$40 a year was laid over on the protest of Commissioners Potts and McLellan that the city might need this lot for storage and other purposes.

John Jackson was granted right to collect revenues from North and South Market wharves at \$120.

Francis Kerr's communication asking payment of \$50 on behalf of John McCarthy, of Simonds street, for boarding a horse since December, was referred to the commissioner of public safety. The latter reported the recorder had given the opinion that the city was not liable.

Daniel Mullin, K. C., wrote asking payment of a claim of \$9.50 for four days' pay, alleged to be due George H. Clark at the time the latter left the police force and the matter went to the commissioner of public safety.

The mayor introduced a motion which he declared was not a compromise, authorizing legislation to make compulsory assessing for not less than \$4,000 for the Rockwood Park and for \$250 for Riverview Park each year.

Commissioner McLellan said that with a little time for consideration the motion would probably carry, and he advised that it be held over until another meeting. The time was not far distant when the city would have to take over Rockwood Park and do the work itself.

The mayor agreed to do this and the meeting adjourned.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect on the blood, and improves the digestion. Don't suffer. Get Hood's today.

GERMAN SOLDIERS DRIVEN INSANE

London, March 24.—Driven insane by British artillery fire, which mowed down their comrades, 800 German infantrymen were removed to an asylum near Aix-la-Chapelle after the battle of Neuve Chapelle, according to a despatch from Amsterdam to the Exchange Telegraph Company. An unnamed German officer is quoted as saying that the casualties equalled those of Waterloo.

A mosquito stands no nonsense when he presents his bill. You've got to settle some time, and even then he takes it out of your hide.

Exhibition Of Oriental Rugs

We consider ourselves fortunate just at this time in having been able to secure one of the largest and most interesting collection of Oriental Rugs ever brought to our city.

In the existing circumstances we are able to offer these rugs at prices less than has been usual, and owing to the fact that for a long time to come it may not only be extremely difficult, but actually impossible to secure additional supplies of these goods from the Orient, we strongly advise the public to take advantage of this opportunity to purchase now, and particularly as this is an unusual chance to save money by doing so.

- The collection consists of fine Kirmans Bokaras Yoravans Kurdistans Kazacs Shirvans Karadjas Mosouls Anatolians Mirzapores Akbars Etc.

MORNING NOTES OF THE WAR

The Turks have made another unsuccessful attack on the Suez Canal, accompanied by German officers. Libel proceedings have been instituted by the United States against the German steamer Odenwald which tried to leave San Juan without orders and destroyers have been ordered to guard her and another Hamburg-American liner, the President.

Bad weather at the Dardanelles has caused somewhat of a lull in the progress of the Allies' fleet.

There is still no authentic story concerning the reported loss of the German raider "Karlsruhe." The evidence that she sank after striking a reef is believed in the West Indies to have been "planted" by the Germans.

The Russian fleet is active in the Black Sea, and several Turkish forts in Asia Minor have been bombarded. The British steamer Pandion from Rotterdam arrived at Southampton, England yesterday, reported having been attacked by a German aeroplane and seven bombs dropped upon her.

The Italians are fortifying the Dodekanese Islands, in the Aegean Sea, and steamers are taking munitions there.

Bulgaria talks of forming a coalition cabinet in case of departing from her neutral policy.

Before the enemy gave up Przemysl, 40,000 men are said to have been killed by the Russians. Thousands within the

MORNING NOTES OF THE WAR

garrison were suffering from disease. When the fortress gave in some 120,000 surrendered.

Major Gault of Upper Canada, is slated to command the Princess Patricia's at the front while Capt. Adamson of Toronto will probably command until Major Gault recovers from his wounds.

PILE'S

Do not suffer another day with itching, burning, or profuse discharges. Pile's is the only surgical operation required.

Dr. Chase's Ointment will relieve you at once and as a certainty cure you. It is a gift to all sufferers of Hemorrhoids, Piles & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp to pay postage.

RECENT DEATHS

The death of James Wood took place in Halifax Sunday. He was a brother of Rev. George Wood, of Chatham, N. B. Besides his wife he is survived by three children. Mr. Wood was 69 years of age in St. John, having resided here for several years as a member of the staff of S. Arscott & Company.

Mrs. Thomas Fitzsimmons died in Lakerville on March 19 in her ninety-third year. She was a survivor of the Miramichi fire. Four sons survive, also thirty four grand children and thirty-three great grandchildren.

Mrs. P. C. Martin, of Grand Falls, died at her home Tuesday after a short illness from typhoid fever. Besides her husband and two small children she is survived by her parents, Mr. and Mrs. Michaud, and several sisters. The funeral will take place Thursday.

Mrs. John Tucker of Hopewell Hill, died at her home Monday. A few days previous she stepped on a pitchfork. It was rusty and blood poisoning set in, death resulting. Besides her husband she is survived by three sons and three daughters.

MORNING NEWS OVER THE WIRES

A town improvement association will probably be formed in Newcastle, N. B. one of whose chief objects will be the enforcement of the Scott Act.

The court of trial in the enquiry into the charges against Rev. J. K. King, Methodist minister at Tyrnouth, N. B., will close its sessions in Fredericton today. Rev. G. Steele of St. John is a member of the examining board of which Rev. P. A. Whitman of Bathurst, N. B. is chairman.

A Splendid Kidney Medicine

In the year 1901, at the age of 11, I was a terrible sufferer of Kidney trouble in an aggravated form. My father sent to you for a sample bottle of your celebrated remedy, which he received promptly and he began giving me Swamp-Root immediately. The contents of this one bottle relieved me in a remarkable way and three large size bottles effected a complete cure.

I consider your Swamp-Root to be a grand medicine, and I cheerfully recommend it to all sufferers of Kidney trouble, no matter how long standing, as it no doubt saved my life.

HENRY W. SMITH, Sayville, N. Y.

Personally appeared before me this 30th of July, 1909, Henry W. Smith, who subscribed the above statement and made oath that the same is true in substance and in fact.

EDWARD FELLEBRATH, Notary Public, Suffolk County, N. Y.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove what Swamp-Root will do for you. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the St. John Daily Times-Star. Regular 75c. and \$1.25 size bottles for sale at all drug stores.

THE NORFOLK, as we tailor it, is not a "sissy" affair. It's mannish, modish, and moderate in price. And it is absolutely correct, as shown, for Spring and Summer, 1915. Ask for Booklet—it's free.

SAYS ST. JOHN MAN KILLED IN TRENCHES

Private Arnold Smith, son of Thomas Logan, tells of being on duty in the trenches in northern France on three occasions. He is now with No. 3 section, No. 3 Company, 14th Battalion, Royal Mounted Rifles. He writes:

HEADACHES

Thousands of men and women suffer from headaches every day, and other thousands have headaches every week or every month, and still others have headaches occasionally, but not in regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary.

SOME ANSWERS TO INQUIRIES

Provincial Government Chary of Information

COST OF DUGAL INQUIRY

Government Will Not Pay Counsel Fees—Mr. Gould's Security For Loan—Aid For School For Deaf

Fredericton, N. B., March 23.—This was supposed to be information day in the house of assembly, but those who expected complete answers to the inquiries made early last week by Messrs. Dugal and Pelletier were much disappointed.

The government still evades any complete answer to the query concerning the expenses of the Royal Commission investigating the Dugal charges. It would not give the amount of the bills of the different members of the Royal Commission, because they said the full amount of the expenses were not yet ascertained.

One query, however, was answered very fully so far as it concerns the accounts of those counsel who acted for Mr. Dugal at the investigation. The amount of their bills was given as \$2,540 for Mr. Carvell, \$2,771.38 for Mr. Stevens and \$1,166.82 for Mr. Hughes. The government did not state that the bills included all the hotel and traveling expenses of the three gentlemen named, and all the extra time that they occupied in examining the books of the Quebec & St. John Construction Company, but such are the facts. Neither did the government state that the bills of Mr. Dugal's counsel were not rendered until long after Messrs. Teed and Fowler's bills were in their hands.

According to the answer, Messrs. Teed and Fowler, in the defense of Mr. Fleming and the Valley Railway, exhibited a rare trait of generosity, for both of them withdrew their accounts, and the government said that it was not its intention to pay any of the bills of counsel. They have paid, however, \$1,000 to the secretary, Geo. McEade, for his services, and \$1,000 for stenographic services. Witness fees amounted to \$382.45, constable fees, \$77.80, and the accounts in connection with the estimates, transmission and auditing of the construction company's books amounted to something like \$800.

The government intends to pay for the services and expenses of those who served subpoenas in this and other provinces and in the United States, when and as taxed by the commission.

Cost of St. John Police Inquiry. The cost of inquiring into the police matters in St. John was \$391.90, of which Miss Cougle received \$201.90 for stenographic work, and Mr. Chandler \$80 for services as commissioner.

In answer to Mr. Pelletier's inquiry the government made the important announcement that the Canadian Pacific Railway Company has not made any report of the earnings of the Southampton or Central railways since these roads were operated by it, but that an effort was being made now to procure this information.

No stampage was paid under the lease of A. J. H. Stewart for lumber, pulpwood or slippers on the crown lands between the Miramichi road and Bass river during the last two years, nor

DANDRUFF AND FALLING HAIR

Itching, Burning, Irritated Scalp. Kept Awake at Night. Used Cuticura. Now Head is Well.

55 De Salaberry St., Quebec, Que.—"About six years ago dandruff began to form on my scalp. At first I didn't notice it, but my hair began falling out gradually and it kept getting worse. The itching and burning were so bad that I scratched and irritated my scalp. It was kept awake at night by the irritation."

"I then tried a sample of Cuticura Soap and Ointment, washed my head with the soap and warm water, and applied the Ointment. After the first time my hair stopped falling. I got out of Cuticura Soap and one box of Ointment. I continued using them for a few months and my head is now well." (Signed) Miss Myrtle Davis, June 3, 1914.

Sample Each Free by Mail. With 25¢ Skin Book on request. Address post-card "Cuticura, Dept. D, Boston, U. S. A." Sold throughout the world.

There been any report from a government order of any lumber cut. A list of the tenders for the normal school annex showed that they ranged from \$47,800, by J. Fred Ryan, Fredericton, to \$64,500 from John Flood, St. John. The British America Construction Company was only \$200 above the lowest tender, and MeVey & Son, of St. Stephen wanted \$57,000, and R. Corbett, St. John, \$53,600 for the work. The cost of roofing the main Normal school building was \$4,417, and was done by day's work.

Gould's "Security" for Loan. The security put up by A. R. Gould, president of the St. John and Quebec Railway Company for the \$71,260.88 paid by the province as interest upon the first guaranteed bonds is the second guaranteed bond of the railway company, as well as stocks of the face value of \$90,000. This answer is the more remarkable as no information whatever is given as to the character of the stock accepted as collateral, but it is not more remarkable than the answer to the question asking what kind of securities the Federal Trust Company had loaned \$924,646.98 upon, which money belongs to the people of New Brunswick, for the government failed to see that the securities was on file in the office of the provincial secretary treasurer, but it was in the public interest to publish it.

Has No Knowledge of Truth of Globe Charges. The government said they had no knowledge as to the truth of any of the allegations made in the St. John Globe in the article it published on September 10, under the caption of "Other Crown Land Frauds," which article contained a number of statements, if submitted, will receive the fullest consideration.

In the absence of Mr. Pelletier, Mr. Dugal made all the inquiries today. He asked for the advances made to officials of the agricultural department had been entirely repaid, and if the province was secure, also if certain accounts were permitted to overdraw their accounts; also for particulars respecting the expenditure of \$27,465.54 as a contribution to the Belgian relief, and if the government was aware that in the report of Colonel Loggie, the treasurer for the Belgian relief committee in the city of Fredericton and the county of York, published in the Gazette early in December, the cost of sorting and barreling nearly 1,000 barrels of potatoes was noted as \$128 or a little less than seven cents per barrel, while the charge of A. C. Smith & Co., of St. John, for sorting and barreling about 40,000 barrels of potatoes was a little over \$12,000, as published in the auditor-general's report, or over four times the cost of the same work done in York county by the Belgian relief committee?

Wants More Light About Patriotic Potatoes. He also sought to know how \$25,857.49 was expended in adding to the original contribution of \$90,000 spent up on potatoes for the Imperial government. If the potatoes were bought, from whom were they purchased, and in what quantities, and all items of cost in connection therewith; also if any of them are yet stored in the warehouse; and if they are being sold, what prices are obtained for them.

There is certain industries local politician by the name of A. C. Fleming, who it appears has been drawing money from both the Dominion and local governments for every day in the year as inspector upon the dominion post office and the Normal school annex, and Mr. Dugal inquired if the A. C. Fleming who is noted in the auditor-general's report of 1914 as having worked 808 days for the province of New Brunswick and received therefor the sum of \$1,212, in the same A. C. Fleming who was at the same time employed by the dominion government as clerk of works on the post office building in Fredericton and who is down in the report of the auditor-general of the Dominion of Canada, as having worked from May, 1913, to March, 1914, 278 days, and received, therefore the sum of \$1,113?

DIG PROFITS IN WAR CONTRACTS

Disclosures Yesterday Before Public Accounts Committee—More Than Retail Prices For Bicycles

Ottawa, March 23.—The public accounts committee of the commons, continuing the probing process today into the war contracts of the militia department, found out something of what it cost the country in middlemen's profits, when goods were purchased without tender for equipping Canada's soldiers. The cases investigated concerned surgical supplies, bicycles and field glasses for the first and second contingents. The middlemen's profits in these three instances ran up, so far as the incomplete investigation of today shows, to anywhere from \$80,000 up.

In the cases of the surgical supplies and bicycles the facts are so glaring that no comment is needed. In the case of the field glasses, while a commission of \$9,000 was made by the P. W. Ellis Company, of Toronto, justification was had by its activities in keeping down prices saved the department a lot of money, and had secured the glasses at the lowest possible cost.

That the militia department might have purchased its \$40,000 worth of medical goods direct from Bauer & Black, of Chicago, instead of having shunted through a middleman in the person of E. Powell, the young drug clerk in the Ottawa Drug store of W. E. Garland, Conservative M. P. for Carleton Place, was the first of the lurid disclosures about war contracts brought out.

That would have saved the \$9,000 profit which Garland's clerk made. But apparently the rule was to buy from middlemen. The retail price of the bicycles sold by the first and second contingents at retail prices, or possibly more than retail prices, the whole transaction costing the country something like \$28,000 too much.

Mr. McWilliams said that his firm was willing to supply the bicycles at \$34 each or \$32 each for an order of 1,000. That would have meant a saving of over \$28,000 to the militia department on the 1,220 bought through T. A. Russell, of Toronto, formerly general manager of the Canada Cycle & Motor Company.

Mr. McWilliams said that he had prepared an estimate of the cost of the extra equipment, and it could be manufactured for \$7.50 to \$8 for each wheel. The retail price of the bicycles sold by the Canada Cycle & Motor Company was from \$40 to \$46 per wheel. The same wheel was sold to the militia department for from \$55 to \$62 with the extra equipment.

LOOKING FORWARD IN NINETEEN FIFTEEN

BY JOHN P. CONDON

In England they started the motto: "Business as Usual." And the politicians accused the people of England of not taking the war in earnest. For the motto meant "Stop talking about the war; talk business." Every man is deeply interested in what is going on at the front, to be sure, but again every man of us is as deeply absorbed in our own social, domestic and business affairs.

Men will wear clothes, be the world ever so turbulent; and men are just as much interested today in what is correct in color, pattern, fabric and style. Yet the war projects itself into every topic and the wool shortage of this season, a shortage which will be felt most keenly in serges and chevots, because the British looms are needed to supply the soldiers with warm garments.

There are cycles in tailoring, and in the natural sequence the year 1915 was to have been a serge and cheviot year. British fabrics excel for many reasons, and not the least reason is that they are made by inherited as well as acquired skill. The King's Own and Britonsloom serges, for instance, are woven by men who have spent their lives in weaving, as their fathers and their fathers' fathers before them have been weaving the same kind of goods.

Herbert Thackeray King, a young Englishman, has been arrested in Owen Sound on a charge of murdering the body of his old son of J. E. Nicholson of that place.

SUFFERED FROM BILIOUS HEADACHE

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that it is the other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the food may not circulate properly, but the presence of the headache clearly shows that there is some other bane of disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache, and thus perhaps save yourself many years of trial and suffering.

SPORT NEWS OF A DAY, HOME AND ABROAD

WRESTLING

Prokes Heard From
According to a letter received by the sporting editor of the Times, Jim Prokes, a Greek wrestler, known here, has been meeting with marked success during the last two months, while touring the eastern states.

Big Carnival in Boston

Boston, March 24.—With the arrival yesterday of both Dr. Rolfe and Charley Cutler here, all the principals of the big international wrestling carnival which takes place in Mechanics' building tonight, are on hand and all declare that they are in the best of shape for any kind of a battle.

Rolfe reached here early yesterday and did some light work at a private gymnasium, while Cutler contented himself with a long walk in order to stretch his legs after his ride from Chicago.

No match held here in a long time has stirred up such interest as that between Lemle and Cutler, which promises to be one of exceptional merit and ruggedness. While popular fancy leans toward Cutler, there are many good judges who feel that Lemle's extreme power and cleverness will prove one of the big surprises of the wrestling season.

Lemle is in grand shape; better, in fact, than he has ever been in since he first appeared in Boston.

George Tubey last night secured Dr. Perle Fowler, formerly of Montreal, to meet Cyclone Burns in the curtain raiser. This will be one fall to a finish, without time limit. The other two matches are to be best two out of three falls. The style will be catch-as-catch-can with the toe held barred.

BASKETBALL

U.N.B. Team Won

The St. John Y.M.C.A. senior and intermediate basketball teams played in Frederickton last night with the U.N.B. varsity and freshmen teams. The scores were: U.N.B. varsity, 61; Y.M.C.A. seniors, 16; U.N.B. freshmen, 28; Y.M.C.A. intermediates, 34.

BASEBALL

Reach's Official Guide

The Times has received from the sporting goods department of Emerson & Fisher the Reach Official American League Baseball Guide for 1915. The guide this year is larger than ever and with rules, schedules, records and illustrations is a thorough volume of information.

Connie Mack Confident of Victory

Philadelphia, March 23.—Connie Mack, manager of the Philadelphia Athletics, is quoted as saying: "I have every reason to believe that the Athletics will again win the American League pennant. I am confident that my young twirlers will more than make good, and that the remains of my 1914 team will be out there working like the champions of old."

Mack has won six American pennants, and if, after losing Frank and Bender, pitchers, and Collins and Baker, infielders, he can win another he will achieve a wonderful baseball feat.

Mack says he had given up hope of "Home Run" Baker returning to the team. "Baker" Oldring has been assigned to play third base permanently.

Jennings' Opinion of Baker

Gulfport, Miss., March 23.—Manager Hughie Jennings is of the opinion that Frank Baker has about as much intention of quitting baseball as he himself has. Which is not much of a boost for Baker's retirement, for Hughie is going to beat out Jim McDevine's thirty-year record, if the fates are kind to him.

"Frank Baker has no more intention of retiring from baseball than I have," said Hughie.

"He signed himself to a long contract last year, consenting to give Connie Mack his services for a salary which he now regrets very much. It is my opinion that Baker's retirement is nothing more or less than a common hold-out, staged in this fashion, because his contract will not permit him to hold up Mack in any other way.

"I have no idea what Mack will do. He needs Baker. There is no question about that. But to tear up Baker's contract and give him a new one after what has happened would be setting a dangerous precedent in baseball. That Bill James incident in Boston has done the game no good, and if Mack yielded there might be an epidemic of hold-outs on the part of disgruntled players."

Cobb Hits Home Run

Mobile, Ala., March 22.—The Detroit Americans defeated Mobile again today, 5 to 2. Cobb hit a home run and a single. The score: R. H. E. Detroit 5 6 8 Mobile 2 7 8 Batteries—Gutty, Harving, Townsend and Schmidt; Boland, Ledbetter and Peters.

Bouts Tonight

Freddie Welsh vs. Patsy Drouillard, Windsor. Jack White vs. Jim Kelly, Chattanooga. Al Reich vs. Arthur Peakey, New York.

Canadian After Title

Frankie Fleming, featherweight champion of Canada, who has defeated some of the best men in his class in the United States and Canada, is anxious to meet Johnny Kilbasa, holder of the American title.

Johnson-Willard Bout

New York, March 20.—If the promoters of the Johnson-Willard heavyweight championship bout adhere to their announcement to hold the contest on April 4, it will be the first time that a ring match of this calibre has been held on a Sunday. Championship bouts in many classes have been held on holidays in all parts of America and Europe, but pugilists and promoters have heretofore confined their ring activities to days other than the Sabbath.

Johnson is 6 feet 1-3/4 inch tall; Willard 6 feet 6 inches.

Clabby Outpoints Chip

Jimmy Clabby of Hammond, Ind., claimant of the middleweight championship, outboxed George Chip of Newcastle, Penn., in a six round bout in Grand Rapids, Mich., last night. Three rounds went to Clabby, and Chip could lay claim to but one.

St. Peter's League

The second game in the series for the championship of St. Peter's Y. M. League was played last night between the Malletts and the Thistles and resulted in a victory for the former by a majority of 62 pins. The score:

Table with columns for Malletts and Thistles scores, including names like McGovern, Olive, Elliott, Campbell, Kelly, and totals.

City League

In the City League on Black's alleys last evening the Tigers and Ramblers split even each taking two points. The score follows:

Two Men League

Two interesting bowling matches were held in the two-men league on Victoria alleys last night. No. 3 team won five points from No. 4 team, and No. 6 team took four points from No. 5 team.

Table with columns for No. 3 Team, No. 4 Team, No. 5 Team, No. 6 Team, including names like Latham, Taylor, Ritchie, Boyer, and totals.

New Brunswick In Great War

In the Trenches

In a letter dated March 4, and written from the trenches to his wife in Frederickton, Private Jack Markey, who is with the Princess Patricia's Regiment in France, gives some interesting ideas of the fighting.

"I have been in the trenches," writes Private Markey, "and it is not hard to face the Germans after all. I like it all right. I think we are going back to base a real soon."

Private Markey left with the first draft from the 1st York Regiment and was among the volunteers of the 12th Battalion sent to France from Tidworth, England.

Private Frank McManiman met Pte. Markey en route to the trenches, while he and Pte. Robert Phillips of Frederickton were en route to the trenches with the reserves for the Dorset's Regiment.

Two Sons, Four Nephews. Mr. and Mrs. R. W. Gregory of Frederickton were called on Friday evening by their friends in Frederickton and Newcastle to honor them on the 40th anniversary of their wedding. They received an address and two arm chairs.

Mr. Gregory has two sons on overseas service, William and Richard, as well as four nephews, Leonard, Byers and Donald Smith, Harry Foster and one son-in-law, Maurice Allen.

Ordered to Halifax

Capt. A. Sterling of Stanley, and Lieut. H. Priestman, of McAdam Junction, N.B., have been ordered to report at Halifax as soon as possible, having been appointed to replace Capt. H. E. C. Woodbridge and Lieut. A. Kirpatrick, who are the 71st regiment officers in charge of the 71st company of the composite regiment of the C.P.R., who are for Halifax today or Thursday.

Killed in Action

A cable received by relatives in Montreal conveyed news of the death of H. M. McTier, of the 20th Garwha Rifles, regiment of the Indian Army, on the western front. He was a brother of A. D. MacTier, general manager of the C.P.R., who has frequently visited St. John.

In Thick of Fighting

"Our captain has been killed and three others wounded," is the word received by S. H. McKee of Frederickton from his son, Sapper A. Colton McKee, who is with No. 8 Company of the Canadian Engineers, now at the front. Sapper McKee states that the Engineers are right in the thick of the fighting.

The 28th Battery

More than 100 men of the 28th Battery of Field Artillery, now being mobilized in Frederickton were in quarters at the exhibition buildings on Sunday evening. Major Crocker, officer commanding the 28th Battery, received official word on Monday that 25 men would arrive that night for the battery, twelve from Halifax, three from Trenton and two from Woodstock.

Nine men under Lieut. Muirhead, were also to arrive from St. John, and six others from Windsor, N.S., and by the end of the week it is expected that the entire strength of the battery will be there.

Major Crocker took over 25 men who were detailed by the 28th Battery, and are now in barracks. The list of local men follows:

- J. V. Andrews, Marysville, N.B.; A. H. Boddington, Frederickton, N.B.; W. Babar, Marysville, N.B.; Campbell, Marysville, N.B.; G. G. Gaudin, C. E. Clarke, Frederickton; H. F. Fiedt, Frederickton; S. Forrest, Miramichi, P. N. Fraser, Frederickton, N.B.; W. J. Gilson, Frederickton; J. H. Harvey, Maudsloville; W. J. Humble, Stanley; J. W. Hunt, Frederickton; A. G. Irvine, St. Mary's; Chas. Lebrack, St. John; J. Lovell, Frederickton; H. Lynch, Frederickton; W. J. Mabee, St. John; G. C. Nichol, Frederickton; J. H. Rainford, Frederickton; F. P. Shields, Maudsloville; L. Weir, Frederickton; J. T. Summers, Frederickton.

Relatives in Frederickton are in receipt of a very interesting letter from Private William J. Robinson of the Imperial Army Service Corps, who is serving with the headquarters staff in France. It was written on March 7.

He tells of an interesting experience which befell him a short time ago. He had visited a hospital and was sitting in the office talking to an officer when a shell dropped in the back yard. It was quickly followed by others and Private Robinson was not long in vacating. Being unable to find a billet, he had just got nicely to sleep when a shell came in through the roof and killed twelve wounded men in the next room. Robinson made his escape and spent the rest of the night beneath his automobile.

On another occasion, when taking a walk late at night, Private Robinson sat down in a trench on what he thought was a bag of sand. A little later he lit a match and was shocked to find that the supposed bag of sand was a dead German. Writing of a battle which he witnessed, Private Robinson says that the British caught 12,000 Germans advancing in close formation and literally mowed them down.

"All you could see," he says, "was smoke, fire, arms, legs, etc."

Shed Your Winter Complexion

Winter weather and Spring winds have roughened and hardened your skin and it requires care and proper treatment to bring back its rosy freshness and softness. A SAFE TONIC FOR MOTHERS

Who Do Not Recover Their Strength as They Should Every mother who fails to regain her health and strength after confinement needs a tonic. The years of weakness and suffering which so often follow are unnecessary and easily avoided.

The fact that her strength does not return is a certain indication that her blood supply has been overtaxed and is impoverished. This condition is often made worse when the mother takes up her household duties while she is still weak, when a complete breakdown results. The strength which so often follows are unnecessary and easily avoided.

These Pills increase and enrich the blood supply, and thus bring health and strength to the exhausted system. Mrs. Robt. Little says: "I have nursed for upwards of twenty-five years, and I could relate many cases, relieved and cured, through the use of Dr. Williams' Pink Pills. In maternity cases which I nurse I always use them and I know of no other medicine that so speedily builds up the mother at this critical time. I have also found them of great value in the case of young girls, and I can add that as for myself they have saved me many a doctor's bill. I feel safe in saying they are the best tonic medicine I know of."

Nursing mothers will find Dr. Williams' Pink Pills will give her just the strength she needs, and they will at the same time aid in keeping her child healthy. If you do not find these Pills at your dealer's they will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

DRILLING AT AMHERST

(Amherst News) Snow and slush covered ground is of immaterial indifference to the soldiers of the 22nd F. C. Battalion or the men of the 6th C. M. R., while marching. Headed by their officers the two forces, with martial stride, paraded the streets of the town, with drill and military tactics held in the snow covered fields bordering the outskirts of Amherst.

The Mounted Rifles have had but few marches. Even at that they are making remarkable progress with their drill, several sections holding themselves like war veterans. The Rifles are now practically complete although their ranks are yet to receive additional recruits from Prince Edward Island and Cape Breton. The date of the coming of the new arrivals is indefinite, but will be before long.

The men of both forces are making themselves at home in the barracks. Every morning or evening that the men have to themselves, boxing matches are in order, together with other forms of sport. Many of the volunteers with the 6th Mounted are distinguished athletes, having made names for themselves in running, hockey, football, baseball, etc.

It is a safe guess that the members of the government who plan to run in the next election will not depend on the manufacturers who supplied some of those soldiers' boots to supply them with running shoes.

**Further Word of LEFT WILL BUT NO WITNESSES HAD SIGNED IT**

Lieut. Col. Kirkpatrick of the 55th is in St. John Today—Now 500 on Roll

Further particulars concerning the formation of a unit for foreign service with the St. John Ambulance Association have been received from S. A. Gidlow, general secretary of Montreal, by L. A. Acheson, divisional secretary, and instructions have been forwarded to the class secretaries in New Brunswick by Mr. Acheson. It is possible that some of the members may go forward with the third contingent, so-called, for as regards the second contingent, Mr. Gidlow writes that arrangements are about completed, and the allotted number for his district made up. The unit for active service in England or France will be known as the St. John Ambulance Bridge Overseas. The understanding is that while the unit would have military training, it would be a voluntary subscription.

Doing Well  
There are now more than 500 recruits on the strength of the 55th. This is about half the desired number. Lieut. Col. Kirkpatrick arrived in the city this morning from St. Stephen, where, he says, recruiting has been especially encouraging. He will probably leave for Moncton tonight. The commanding officer said he had no further word as to the appointment of officers, nor had he any instructions as to when the general mobilization would take place in St. John.

Today's Training  
The training of the 26th and the Army Service Corps today included a march-out early this morning by the former, carrying non-day rations, while the Service unit had routine drill. The 26th were to carry on tactical manoeuvres in a fairly extensive programme during the day. The Army Service members had a particularly interesting time yesterday in their route march when they paraded to Spruce Lake, there established themselves as they would on active service, with every detail complete. The day was one of the most successful carried out by the corps since going into training here.

**KING STREET COR. GERMAIN SCOVIL BROS., LIMITED, St. John, N.B.**

**MIGHTY MONTH-END CLEARANCE OF WORTHY Boots and Shoes**

THIS IS YOUR chance—the chance of a lifetime — to SAVE BIG MONEY on your Shoe supply; to buy two, or even three pairs of Shoes for every member of the family, at PRICES THAT PUT DOLLARS IN YOUR POCKET.

We must have room for spring stock in other lines, so we've slashed prices without thought of profits to clear the whole lot before the end of March.

Every Shoe in the lot is New, Bright and Up-to-Date, and you can never again buy Footwear at such ridiculously low figures—in many cases, LESS THAN FACTORY PRICES

**PIDGEON'S** In The Low Rent District. Cor. Main and Bridge Streets.
