HARBOR COMMISSION HERE, 20 PER CENT CUT IN MARITIME FREIGHT RATES URGED

DUNCAN REPORT FINDS CLAIMS WELL FOUNDED; SUGGESTS SOLUTIONS

Increases in Federal Subsidy for Three Provinces and Reference of Valley Railway Case to Special Commission Recommended

OTTAWA, Dec. 10.—The report of the Royal Commission on Maritime Province claims was made public today. The report was made by the commission composed of Sir Andrew Rae Duncan, London, Eng., chairman; Judge W. B. Wallace, of Nova Scotia, and Professor Cyrus Macmillan, of McGill University, Montreal, following an extensive inquiry in which evidence was taken in various parts of Canada. The report contains approximately 30,000 words, and in addition to recommendations and suggestions, comes to the following conclusion: "We have approached consideration of the claims and problems of the Maritime Provinces, not from the point of view of finding palliatives for the dissatisfaction and political unrest which have been prevailing in that part of the Dominion, but with an endeavor to apply equitable correction where we have found their claims to be, in our opinion, well founded. We sought practical solutions—or the basis of practical solutions—where we have found a set of conditions which call for remedy, and it was within our terms of reference, broadly interpreted, to deal with them. "The last six years have been a period of great commercial and industrial depression throughout most of the world, and no doubt the Maritime Provinces have suffered severely. But other parts of the Dominion have had their times of severe stress also, though, probably less prolonged, and we do not believe that there is any insurmountable impediment to a revival of enterprise and prosperity in these provinces more than in any other. RELIEF NEEDED "The Maritime Provinces by reason of their traditions, and the vitality of their people can readily become active participants in the future welfare of the Dominion—if they are relieved of the disabilities under which they have been suffering and enabled to approach their problems with renewed vigor. RECOMMENDATIONS "The following are the chief recommendations in the report: (1) Twenty per cent decrease in railway freight rates to take effect immediately on all traffic which originates and terminates within the Atlantic division of the Canadian National Railways, (including export and import traffic by sea, from and to that division, the same reduction to apply to the Atlantic division portion of rates on traffic originating in that division and destined to points outside the Dominion government to bear the cost of such relief. (2) Pending revision upwards of Federal money grants, the payment of an interim lump sum increase as follows: Nova Scotia, \$875,000; New Brunswick, \$600,000; Prince Edward Island, \$125,000. (3) An additional car ferry or special boat between Prince Edward Island and the mainland, and a general survey of railway conditions on the island, with a view to ascertaining what it needed to improve them. "Some measure of capital expenditure will be necessary to overcome present difficulties," says the report. Improved wharfrage and storage facilities should be built by the Federal government, it is added. HARBOR COMMISSION (4) That the ports of Halifax and Saint John each be placed under a harbor commission. (5) The appointment of a deputy minister to deal with fisheries enterprise. (6) A bonus on steel when Canadian coal is used in its manufacture, the bonus to be calculated on the basis of the drawback now paid on imported coal used in the manufacture of steel. (7) A tribunal to inquire into circumstances surrounding the Saint John and Quebec Railway with power if they are satisfied that the circumstances justify it, to arrange terms and conditions on which the railway should be taken over by the government. "In addition to these definite recommendations to opinions expressed by New Brunswick witnesses that a trade treaty with the United States covering forest products would greatly benefit the industry. The suggestion was that pulp and paper, other than newsprint, should enter the United States free. "The report also draws attention to the request that free entry to the United States should be secured for fresh fish and that the duty on manufactured fish entering the United States should be removed or lowered. "The commission thinks that the provinces have made a case for a revision of the grant from the Dominion in support of the government's machinery and activity. "The commission agrees with the contention of the provinces that they have been and are being dealt with differently than the western provinces and think that they are entitled to have their allowance reconsidered. "The commission feels that the claim for allowance in lieu of public lands, though belated, is one that should be looked at in the general financial revision or readjustment which they are suggesting. "The Maritime Provinces have a genuine claim to a readjustment of financial arrangements and in any readjustment their territorial limitations entitle them to still further consideration. While not possible to make a final recommendation as to the increase and form of Dominion aid (which are obviously a matter for detailed determination and assessment), the commission recommends immediate consideration of the whole subject with a view to a complete revision of the financial readjustments as between the Dominion and the Maritimes. In the meantime, pending such re-assessment, they recommend that immediate interim lump sum increases should be made in the payments as follows: Nova Scotia, \$875,000; New Brunswick, \$600,000; Prince Edward Island, \$125,000. "These interim payments should be continued until the Dominion government has had time to complete its re-investigation. "The commission find that comparing freight rates of 1912 with present rates, the increase on intercolonial rates amount to 92 per cent, that is their 100 has become 192. The estimated average increase of rates for the rest of Canada is 55 per cent, that is their 100 has become 155. "Reference is made to the fact that the Intercolonial Railway is two hundred and fifty miles longer than what would have been necessary if commercial rather than strategic conditions had prevailed, that the rates before 1912 had been fixed, taking into account national, imperial and strategic interests and that these have apparently been abandoned since that date. "The commission recommend an immediate reduction of 20 per cent, (so that 192 will become about 155) be made on all rates charged on traffic which both originates and terminates at stations in the Atlantic Division of the Canadian National Railways, (including export and import traffic, by sea, from and to that division), and that the same reduction be applied to the Atlantic division proportion of the through rates on traffic originating at stations in the Atlantic division (excluding import traffic by sea), and destined to points outside the Atlantic Division. "For this purpose they think the divisional points should be Diamond Junction and Levis, instead of Riviere Du Loup, and Monk. "The cost of the relief should be definitely borne by the Dominion government, who would reimburse the Canadian National Railways through the medium of the Canadian National Railway budget. "The C. P. R. would also be entitled to equitable consideration if they should find themselves prejudiced as a result of the reduction proposed. "The commissioners express the view that the railway commission in passing upon freight rates should be definitely authorized to take into account national interests, both producing and consuming, and that if this is not the original intention of section 320 of the Railway Act, it is the intention which should now be imported into it so that the railway commission could, on the ground of national interests, alone, authorize reductions in rates for the particular section of the community, even where such reduction might on purely commercial consideration, be regarded as discrimination and if from public policy they felt that an experimental rate should be conceded they should be free to constitute the rate even although it might not, at the time, or of itself, give reasonable compensation to the railway company. "That the horizontal increases during the war have borne heavily on the long distance traffic and they recommend that the railway commission should be authorized to consider the question afresh and should be relieved from the necessity of regarding themselves as bound to make reduction horizontally because the increases have been made horizontally. "The commission state that the difficulties in regard to transportation for Prince Edward Island to be overcome require a measure of capital expenditure and they recommend that the railway administration make a survey as to requirements and the department provide the capital for the improvements to be undertaken as soon as possible. "They also recommend that the question of an additional car ferry or a special freight boat be gone into with a view of improving communication and the ferry services should be run under a separate account. "The commission recommend the establishment of statutory harbor commission for Halifax and Saint John and express the hope that this recommendation will not only be accepted but acted upon promptly. They add in this regard "we believe also from the evidence we have had that under existing condition of proprietorship at these ports, there will neither be inducement nor impetus enough to create really great ports, since for some time, at all events, it will be necessary to create facilities even ahead of expansion of trade." "The commission recommend that the Department

Official Summary of Duncan Report

of Public Works make an immediate survey of the harbors of Charlottetown, Georgetown and Summerside, particularly as to wharfrage and storage accommodation with a view to adequate accommodation being made to meet the needs of the island's produce, the work to be undertaken by the Department of Public Works and not by the railway.

17—The commission record the opinion expressed by New Brunswick witnesses that a trade treaty with the United States covering forest products, would greatly benefit the industry. They were asked to recommend the negotiation of a mutual trade treaty to secure free entry into the United States of pulp and paper other than newsprint.

18—The commissioners record opinions expressed by fishermen and dealers that an effort should be made to secure a treaty giving fresh fish free entry to the American market, and removing or lowering the duty on manufactured fish in the American market.

19—The commission state that the establishment of coking plants under the assistance of the Dominion Government for the coking of Canadian coal would go far toward solving the coal problem and refer to the proposal for by-product coke plants submitted before the royal commission on coal mining last year. The list covers coke plants at Quebec, Montreal, Ottawa, Toronto, Hamilton, Port Colborne and London, at a total cost, exclusive of land, of \$11,000,000. This figure does not include London.

20—The commission recommend that the tariff advisory board should be asked to give immediate consideration to coal tariffs. Note—This subject is before the tariff advisory board.

21—The commission refer to the necessity for prompt action in the matter of steel tariff. They state that it was submitted that the tendency of the tariff, as affected by successive alterations, had been to lessen the protection on the primary products of iron and steel.

22—The commission recommend a bonus on steel when Canadian coal is used in its manufacture, the bonus to be calculated on the basis of present drawback paid on imported coal used in steel manufacture.

Note—The commissioners support the recommendation of the 1926 parliamentary committee that early consideration should be given by the government to the advisability of renewing the 1924 subvention in favor of Nova Scotia coal. In this connection they point out that the railway rate, from Montreal to Ottawa, a distance of one hundred and seven miles, is almost twice the cost of the water rate from Sydney to Montreal approximately eight hundred and fifty miles.

23—In regard to agriculture, the commission say: "We feel that the responsibility for its backward condition rests primarily upon the industry itself and upon the provinces." They make no recommendation involving additional cost to the Dominion, but refer to the growth of Maritime public realization of the independence of organized distribution and co-operative marketing.

24—The commission, referring to the request for continuation of the grant under agricultural instructions act, 1912, cannot distinguish between Maritime and other provinces, and are unable to make any recommendation.

25—On the subject of immigration, they express the view that charges made of default on the part of the Federal authorities in promoting Maritime Province settlement, cannot be sustained, but that it may be that the Federal authorities have been more disposed to help those who were helping themselves. This is a matter for co-operation between the three provinces. The commission recommend that the Federal government take the matter up with the three provinces, looking to a plan of wider advertisement of the Maritimes, who should participate at their cost, in any plan devised.

26—After reviewing the history of the Saint John and Quebec Railway and, based on change of plans made in 1916, at the instance of the Dominion, the commission feel need for further investigation as to the alleged promise of the Dominion to take the railway over, or into the grounds upon which the belief that such a promise was made is founded. They recommend an ad hoc tribunal to enquire into the circumstances surrounding this matter with power, if they are satisfied that the circumstances justify it, to arrange terms and conditions on which the railway should be taken over by the government.

27—The commission recommend re-opening of negotiations as to the acquiring by the Dominion, of this line.

28—The commission feel that the trade commissioners should be given much wider scope with a view to supporting business interests in foreign markets.

29—The commission feel it would be advisable to have a deputy minister dealing with fishery matters entirely. The commission are unable to recommend any change in the system of bounty awards to fishermen.

30—They recommend that the geological department undertake a more detailed survey of New Brunswick, also an exhaustive survey of Prince Edward Island for the purpose of re-mapping, investigating mineral deposits, and road making materials and possibilities of its clay resources.

31—They could not endorse Nova Scotia's claim for reimbursement of a portion of its expenditure on certain buildings, etc.—\$200,000—as this would disturb the whole scheme of Federal aid for technical education. As to Prince Edward Island, they recommend the suggestion that technical education legislation should be deemed to cover agricultural education.

32—The commission recommend immediate publication of a memorandum prepared by the bureau of statistics covering social and economic progress in the Maritimes since confederation.

Complete Text of The Speech From Throne

OTTAWA, Dec. 10.—The following is text of the speech from the throne:

"Honorable Members of the Senate; Members of the House of Commons: "I desire on this occasion to assure you of the great satisfaction it affords me to be associated with you in the important tasks upon which you are about to enter at this, the first session of the sixteenth Parliament of Canada; and to avail myself of your assistance and advice in discharging the duties which His Majesty The King has entrusted to me as his representative.

"Once again we have cause to be thankful for a bountiful harvest, and other assurances of continued prosperity. It is gratifying to note that during the year the foreign trade of Canada has shown further marked improvement and that immigration has substantially increased.

"The necessity of making adequate provision for the public services has compelled me to summon you at an earlier date than would otherwise have been necessary.

SUPPLY NEEDED. "In order to provide for present and immediate future needs, and to regularize expenditures already made you will be asked forthwith to vote the necessary supply for the current fiscal year. It is not proposed to proceed with the ordinary business of the session until the re-assembling of parliament in the New Year.

"Those government measures which passed the House of Commons at the last session of parliament, but which failed to become law, will be re-introduced. Amendments to the Canada Grain Act will also be submitted for your consideration.

"With a view to expediting public business generally, it is proposed to afford opportunity for an early consideration of amendments to the rules of the House of Commons.

"My government has continued to give special attention to the fuel problem and measures providing for assistance to works constructed for the production of domestic coke from Canadian coal, will be substituted.

MARITIME QUESTION. "The report of the commission appointed under the Inquiries Act to examine and report upon conditions in the Maritime Provinces, will be presented immediately and your attention will be invited to its recommendations. Measures dealing with the matters referred to in the report of that commission are now under consideration by my government, and certain legislative enactments will be introduced.

"Good progress has been made with work on the Hudson Bay Railway, and it is planned to continue construction at as early a date as possible next year. It has been decided to submit conditions at the port to the careful examination of an outstanding British authority on tidal and estuarial conditions affecting harbors.

RAILWAY CONSTRUCTION. "Canadian National branch line construction on the basis of a defined, base-year program having proved entirely successful, that method of dealing with necessary railway expansion will be continued, and another three-year program will be submitted for your consideration.

"You will also be asked to approve an agreement with the holders of Grand Trunk Pacific perpetual debentures.

"Members of my government have just returned to Canada from attending the meetings of the Imperial Conference. The report of the proceedings of the conference, together with its recommendations, will be placed before you for consideration. It will, I believe, be recognized that the joint labors of the governments represented at the conference, have gone far to set forth the relations of the members of the British Commonwealth of Nations, to one another, and to foreign countries and to ensure a ready appreciation of the full measure of self-government now attained in all that relates to their domestic and external affairs. In the prolonged consideration given to specific matters of joint concern, the conference has done much to ensure the free and effective co-operation in common ends of the governments and peoples of the British Empire.

MINISTER TO U. S. "The recent appointment of a minister plenipotentiary accredited by His Majesty to represent the interests of Canada in the United States marks an important stage in the development of the international relations of the Dominion.

"The diamond jubilee of Confederation will be commemorated during the coming year. I am pleased to inform you that His Royal Highness the Prince of Wales, has graciously accepted the invitation of my government to visit Canada, circumstances permitting, in connection with the celebration. My government has also extended an invitation to the Prime Minister of Great Britain; the Prime Minister has accepted the invitation and has expressed the hope that when the time arrives he may find it possible to be present.

"Members of the Commons: "The estimates for the current fiscal year, which have not hitherto been voted by parliament, will, as already mentioned, be submitted for your approval forthwith. Estimates for the fiscal year 1927-28 will be submitted for your consideration when parliament re-assembles.

Honorable Members of the Senate: "Members of the House of Commons: "In inviting your careful consideration of the important matters which will engage your attention, I pray that Divine Providence may relieve and bless your deliberations."

ACTION ON EAST CASE PROMISED

Throne Speech Refers to Aid for Canadian Coal

OTTAWA, Dec. 10.—The speech from the throne read at the opening of the 16th Parliament of Canada today by His Excellency Lord Willingdon, outlined the legislation which the government proposes to introduce this session. Brilliant pomp marked the opening. Policies outlined included: (1)—The re-introduction of government measures which passed the House at the last session, but which failed to become law. Amendments to the Canada Grain Act will also be submitted. (2)—Measures providing for assistance to work constructed for the production of domestic coke from Canadian coal. (3)—The re-introduction of government measures which passed the House at the last session of parliament, but which failed to become law, will be re-introduced. Amendments to the Canada Grain Act will also be submitted for your consideration. (4)—Re-introduction of the three-year program for Canadian National branch line construction. (5)—Legislation for the approval of the agreement with the holders of Grand Trunk Pacific perpetual debentures. (6)—Amendments to the rules of the House of Commons will be considered. The speech also announces that good progress had been made with the work on the Hudson Bay Railway and it is planned to continue construction as early as possible next year.

MARITIME CASE

(8)—Legislation dealing with the report of the Maritime Rights Commission, to be tabled today. (9)—Re-introduction of the three-year program for Canadian National branch line construction. (10)—Legislation for the approval of the agreement with the holders of Grand Trunk Pacific perpetual debentures. (11)—Amendments to the rules of the House of Commons will be considered. The speech also announces that good progress had been made with the work on the Hudson Bay Railway and it is planned to continue construction as early as possible next year.

PRINCE COMING

His Royal Highness, the Prince of Wales, it is announced, has accepted the invitation to visit Canada for the Diamond Jubilee of Confederation. Premier Baldwin of Great Britain has also been invited to attend and may be present. Canada's sixteenth Parliament was opened by His Excellency Lord Willingdon, accompanied by the Prince of Wales, on Monday. The clattering mounted guard provided by the Prince of Wales' Dragoon, accompanied Lord Willingdon to Parliament Hill and lined up before the buildings. The guard of honor was from the Governor General's Footguards.

MANY INDEPENDENTS

Uncertainty is also contributed by the existence this session of some 10 members of uncertain or indefinite political affiliations. These members, including Independent, Labor and some Progressives, may insist upon their right to continue any debate.

When the Commons resumes today after hearing the speech from His Excellency, it is not anticipated that any business other than the tabling of reports and certain formal motions will be disposed of. The debate on the address in reply to the throne speech will not start until Monday. After the mover and seconder of the address have played their part, Hon. Hugh Guthrie will answer for the official opposition, and the Prime Minister will speak for the government. There will be day and evening sittings of the House next week.

The Weather

SYNOPSIS—Pressure is low across Canada and in the Middle Atlantic coast, and high over the Rocky Mountain States. The weather has been fair to cloudy and comparatively mild in nearly all parts of the Dominion. Cloudy; Light Snow.

MARITIME—Moderate to fresh southerly and southeasterly winds, cloudy, some light snow tonight and early Saturday; not much change in temperature. NEW ENGLAND—Rain tonight, colder in Northeastern Massachusetts and warmer in Connecticut. Saturday—cloudy with rising temperatures, fresh possibly strong northeast winds this afternoon, diminishing tonight and shifting to southwest on Saturday.

FREE TRADE IN FISH. "The report also draws attention to the request that free entry to the United States should be secured for fresh fish and that the duty on manufactured fish entering the United States should be removed or lowered.

### BUSY TIME AT SAND POINT SATURDAY

**Minnedosa and Montcalm Expected to Arrive and Metagama to Sail**

Indications point to a busy day at Sand Point tomorrow. The Canadian Pacific steamer Minnedosa is expected to arrive at Partridge Island at 8 o'clock this evening and the passengers will be landed early tomorrow morning. The Montcalm, of the same line, will reach port tomorrow morning about 10 o'clock and it was hoped

that all the passengers of that vessel would be landed by evening.

The Metagama is expected to sail tomorrow at 2:30 o'clock. She will take 85 cabin and 367 third-class passengers. Among the prominent passengers on the Minnedosa are Mrs. F. J. Fisher and two children, of Shanghai, China. Her husband is the manager of John Swire & Co., owners of the Blue Funnel Line. Others are Misses M. G. McLellan, Miss Chevrier and Mrs. L. Moyer, of Montreal; Dr. W. A. Riddell, Canadian adviser at Geneva; Mrs. S. A. Davis, of Minneapolis; J. H. Ridd, K. C., of Windsor, and I. J. Heilmuth, K. C., of Toronto.

#### SAINT JOHN LADY.

Miss C. O. McEivern, of Saint John, who had been visiting on the other side, also will visit on this vessel.

#### ON MONTCALM

Among those on the Montcalm are Rt. Hon. C. J. Doherty, P. C., and Mrs. Doherty, of Montreal; Mrs. K. M. Blackwell, Miss C. Kearney and H. N. Booth, of Montreal; A. N. McKay, Mrs. P. L. Whytock, C. H. Tabor, of Toronto; D. B. MacRae, a member of the Imperial Conference delegation; George Eley and family, of Winnipeg; O. E. Fleming, K. C., and son, of Toronto; Mrs. L. McCall, of Windsor; W. ### GOOD THINGS COMING TO THEATRES OF SAINT JOHN

**"NELL GWYN" ON MONDAY.**  
All the world knows about Nell Gwyn's love affair with Charles II, King of England, the merry monarch of the Restoration. In a very charming moving picture re-enactment of this romance at Imperial Theatre Monday, a talented cast of England's foremost players will doubtless prove a strong attraction for lovers of history and romantic story. The picture is of British origin and was purchased by the Famous-Players-Lasky Corporation of the United States under distribution privileges. It is one of the art productions of the Motherland and imparts the spirit of the gay times following Cromwell's regime as witnessed in courtly circles in London.

### IMPERIAL PRIZES ON VIEW.

Tomorrow afternoon the prizes for the children in the Imperial Theatre Christmas Contest will be displayed in the lobby show window. They include a splendid line of winter outdoor playthings such as skis, sleds, skis, skates, etc., and also some indoor toys dear to the childish heart of both sexes. Parents will please instruct the little ones that the method of entering this contest is through the Imperial's address program which contains a numbered coupon blank. These blanks are to be filled with the name and address of the person competing, after he or she has found a mispelled word in the program and marked it with a ring of ink. This makes it primarily a contest of skill. The drawing of the coupons will take place the day before Christmas. It must be remembered the contest is also open to adults, the prizes for each sex being a three months pass to Imperial Theatre. This makes Imperial Theatre programs well worth taking home and reading carefully.

### LIKE "THE GREEN ARCHER."

Commencing this afternoon Imperial Theatre's new serial "Snowed In" will hold the screen each week-end until the middle of February. It is an adventurous chapter-play very much along the mysterious lines of "The

BEST METHOD OF ADVERTISING IS NEWSPAPER

So Declares Theodore Morgan, Montreal, in Address at Hamilton

HAMILTON, Ont., Dec. 10.—Hailing the newspaper as the greatest advertising medium extant, Ald. Theodore Morgan, of Montreal, described the force of news and its influence on public opinion in discussing the relation of news to advertising before the Advertising Club of Hamilton.

In his opinion goods were sold by influencing public opinion. "The best way to influence public opinion," he continued, "is through the newspapers."

"I believe the greatest force in the world today is news. It is news the public craves. News takes its place in the front rank with food in importance. It is a vital part of our daily lives," he said.

"The newspaper has become a great modernizing force in our social life. It is an economic factor in distribution. It is at once our literature, our school, our buying guide. We live in a newspaper age. Active, restless, wanting to be everywhere at once, to know everything that is taking place in the world, we demand our daily paper."

DRAMA OF LIFE  
"The daily paper reflects the drama of life. It tells what others are doing—and we are powerful imitators. It suggests things to do, places to see, what to buy and wear. The readers want to share the same experiences, so we go, we see, we buy. In a word, we imitate."

"The newspaper means something different to each one of us. To the social climber it keeps her informed, perhaps even giving her the desired publicity. To the business man it is the barometer of trade. To the man or woman out of work it is the avenue to a job. To the buyer it is the greatest commercial directory."

"We want to improve our lot. Some day we hope to own a car, buy a house, wear new clothes, enjoy luxuries. A great newspaper gives us many ideas, kindles desire, awakens dormant hopes, brings action."

"So the newspaper has become a very intimate part of our complex existence. If we do not know what has happened, we are out of it. If we have missed an opportunity to save money, or to be the first to acquire something, we feel upset. What others are acquiring, we want too."

CONTRIBUTION TO NEWS  
"To this great medium has come advertising, and this is a vital contribution of news, whether announcing a fresh shipment of fruit, a new style of hat, or dress, or some place to go. The daily newspaper is the great medium of attack to high and low, rich and poor. It is no respecter of persons. So long as stores recognize that what they have to sell is news, and treat it interestingly and honestly, they will prosper by advertising. A good store announcement will contain just as much interest to the average woman as the social column. If a newspaper wishes to carry more store advertisements it should develop its departments devoted to the sphere of woman. Let them create more interested woman readers. If the stores desire to produce greater pulling power in response to their advertising, let them edit such advertising more creditably. Treat your readers in the knowledge that they possess the average degree of intelligence. Generally, they are no fools."

"There is a wealth of news and romance in the activity of a great store. But the average merchant is so close to reality that he frequently makes his advertising deadly. Let your advertising kindle and make use of that powerful force—imagination. Let it be less stereotyped and uninteresting in character if you want it to be a real business-building force."

NEWS ALWAYS SOUGHT  
"Life is what you make it. Newspaper advertising is no exception, for news will always be one of the most sought-after things in the world. As long as we are advertising interesting, keeping it truthful, and continue to maintain and raise its standard, we will continue to be the great influence in promoting the demand for and distribution of its goods. To the peoples of the world, that they may live in harmony and happiness, prosper through industry, friendly to one another, happy and contented is not a Utopian dream, but a possibility, and advertising can make it a reality. The future will see new lands, new wants, new interests developing through advertising. Our horizon will be constantly broadened, and this world of ours knit more closely together by its revitalizing force."

Acting Deputy Minister Out at Halifax After 19 Years' Service

HALIFAX N.S., Dec. 9.—Announcement was made this morning that the amalgamation of the Forest and Game Department and the Crown Lands Department would immediately go into effect, as provided for at the last session of the local house, and that in conjunction with this F. A. Harrison, acting deputy minister of lands and forests, had resigned.

Mr. Harrison has been in the service of the provincial government for some 19 years, entering the service as a draftsman. He succeeded Mr. Whitman, as deputy commissioner of Crown Lands.

His resignation will take effect on December 31. Under the amalgamation the two departments will become as one, and will move into one office. It is anticipated that Otto Schierbeck, chief forester of the department of land and forests, will be in charge of the department as it will now be organized.

Entertainment Given Soldiers Ill At Lancaster

Alexandra Chapter, I. O. O. E., provided a much enjoyed concert program and entertainment for the patients in the Lancaster Military Hospital last evening and at the close of the evening one of the patients having expressed the hearty appreciation of the entertainers, they all joined in giving three hearty cheers for the hosts of the evening.

A very witty address was given by Rev. John Unsworth, who served overseas during the Great War and the remainder of the program took the form of a hearty sing-song with Messrs. Graham and Davis providing both vocal and instrumental music.

A committee of the Chapter served delicious refreshments at the close of the program.

SAINT JOHN, N. B., DECEMBER 10, 1926.

CIVIC ASSESSMENT AND TAXATION

IN considering the British report there is one point requiring particular emphasis at the outset. The report is very lengthy because it is very complete; every recommendation is supported by reasons; in summarizing for general reading some of the finer points are necessarily omitted and it is possible that adverse criticism may arise through this circumstance.

To the younger generation of Saint John people the name of Edward T. P. Sheven does not convey the same meaning as to those of the older generation who had much to do with harbor and improvement in Saint John and the Maritime Provinces. He was a man with a large vision of what might be done for the development of these provinces, and his professional services were of the highest value.

The long suspense regarding the contents of the Duncan report is ended. That document is to be laid on the table of Parliament today. We shall now know exactly what the report recommends and we shall soon know what Parliament proposes to do about it.

With regard to the business tax, it is contended that a comparison between the firms carrying stock of equal value, one for example a jeweler and the other dealing in ladies' furnishings, will reveal utterly dissimilar business turnover.

It is satisfactory to note that the City Council will not take up with the Government the question of the harbor bridge until there is some indication of the intentions of the Government regarding any recommendations there may be about port development in the Duncan report.

The cloven hoof of the Communist extremists shows plainly in the final recommendations made by the miners' delegates. COMMITTEE TO REPORT MATTER THIS AFTERNOON

M. P. B. Will Function For Another Year Is Information AIRED TODAY

Discussion Today on Women's Federation Cards Are Approved

THE M. P. B. will continue to function for another year. This information was received following a lengthy session held this morning before representatives of the M. P. B. provisionally Nova Scotia and New Brunswick branches, and a committee of the A. A. U. this morning. It was learned from good authority that the report of the committee will be submitted this afternoon.

No announcement was made following the meeting, but pretty definite rumors were abroad that several offers of a compromise had been made, but the provisional representatives refused to alter their stand. Information leaked out from the meeting that the applications for provisional branches would have to come through the proper channels, the M. P. B., and be dealt with at the next annual meeting.

The matter will probably be aired this afternoon when the report of the committee is submitted before the annual meeting.

MORNING SESSION

This morning's session was occupied by the receiving of reports from the records committee and resolution committee. Several amendments to the constitution were adopted on recommendation of the resolution committee. The matter of industrial transfers pertaining to athletics will be brought up at a later session. Recommendations regarding wrestling and boxing were also submitted and passed. One change in the rules was made to the effect that in championship meets all boxers must weigh in before every performance in the ring. This decision was only arrived at after lengthy discussion, the vote being 65 to 41 in favor of the arrangement.

WOMEN'S ATHLETICS

Some discussion followed on the discussion of the Women's Federation. It was decided to allow them to govern their own affairs and at the same time to protect the union's membership in the International Men's Federation, which is opposed to the women governing their own affairs as far as athletics are concerned.

Communications from the Canadian Women's Association, the Dominion Students' Athletic Union, the I. A. A. P., Canadian Amateur Swimming Alliance, and other associations.

RECORDS APPROVED

Several records were approved by the records committee, most of these being of women. Among the men's records adopted was that of the pole vault made in August by V. Pickard. The new mark of 12 feet 8 inches exceeds the old mark by three inches. Others approved included the equaling of the 100 metres by C. Coffey and G. Hester, the 400 metres by A. T. Christie, and the bettering of the 5,000 metres and 400 yard hurdles by D. McGill and W. J. Montabone.

At the conclusion of the meeting this morning members of the Olympic committee were banqueted by the delegates. The Maritime case is expected to come up on the resumption of business this afternoon.

WILL DANCE HERE

Miss Margaret Thompson of Highfield street, Moncton, who is home on furlough after a busy season as an understudy to the leading dancing lady of the "Rose Marie" company playing the larger American cities, has accepted an engagement to appear in Saint John in the near future, according to a Moncton paper. Miss Thompson has danced in Saint John before and is well acquainted in youthful social circles.

Fear of Disappointment In Appeals For Christmas Cheer

DONATIONS to the stocking fund since yesterday failed to reach the \$100 mark, a total of \$78.50 being received, which brings the fund to date to \$620.03. As the sum expended last year was in the vicinity of \$3,000, it will be seen that much more must come in before Christmas Day in order to make the affair an equal success with that of 1925.

Meanwhile, however, letters of supplication continued to arrive in an unabating stream, and some pitiful tales are told. Running through almost every one seems to be that fear of disappointment, the terrible dread that Christmas Day will be just the same as any other day in the year. It is this fear that prompted the inception of the Empty Stockings Fund. Its aim is to see that there is not a kiddie in the city who will not have at least one thing to mark the days of days

Frederickton Masons Hold Annual Meeting

FREDERICKTON, Dec. 10.—(Special)—Royal Arch Chapter, Frederickton, No. 2, F. and A. M., at its annual meeting elected the following officers: High Priest, H. R. Gunter; King, J. Walter McFarlane; scribe, D. W. Gillies; Treasurer, J. H. Haysay; Secretary, A. S. McFarlane. The installation of these and other officers will take place in January.

DAWES NAMED NOBEL WINNER

Chamberlain, Briand, Stresemann are Others Honored

PARIS, Dec. 10.—The Nobel peace prizes for 1926 have been awarded to Sir Austen Chamberlain, British Foreign Secretary, and Charles G. Dawes, Vice-President of the United States, and those for 1926 to Aristide Briand, French Minister of Foreign Affairs, and Dr. Gustave Stresemann, who holds the German Foreign Affairs portfolio, says a despatch from Oslo, Norway, printed this morning in the newspapers L'Avenir and L'Osloer.

On December 9 of last year the Norwegian Storting, which awards the Nobel prizes, said it had been decided to withhold the peace prizes for 1926. In authoritative circles in Oslo, it was said that this decision was due to the fact that candidates for the honor had to be submitted to the Nobel committee before February 1, 1926, and that none of the statesmen concerned in the Locarno Treaties could therefore have been considered as candidates for the 1926 prize.

CAPITAL PREPARES FOR CIVIC ELECTION

Aldermen Smith and McKnight to Retire; Three Others in Field

FREDERICKTON, Dec. 10.—The period for the qualification of ratepayers to vote in Frederickton civic election in January closes on Monday next, there is no rush of taxpayers to qualify at the present time. The industry regarding wrestling and boxing were also submitted and passed. One change in the rules was made to the effect that in championship meets all boxers must weigh in before every performance in the ring. This decision was only arrived at after lengthy discussion, the vote being 65 to 41 in favor of the arrangement.

FIVE COMPLETE TERMS

Five aldermen complete their terms with the present year. They are Aldermen W. A. Hay, Harry A. Smith, D. W. Ross, C. N. Goodspeed, and Alan McKnight. Ald. Smith and Ald. McKnight have expressed their intention of retiring.

GAGNON RETURNS FROM N. Y. MEETING

Reports Successful Gathering of American Fish and Game Protective Assn.

FREDERICKTON, N. B., Dec. 10.—L. A. Gagnon, chief game warden, has returned from New York, where he attended the thirteenth annual meeting of the American Fish and Game Protective Association. All states of the union were represented, and Ontario, Quebec, New Brunswick and Nova Scotia of the Canadian provinces.

The meeting was very successful. A banquet was one of the features. A quarter of moose, furnished by W. H. Allen, of the New Brunswick Guides' Association, and transported by Mr. Gagnon, was the basis of the meal. The provincial committee on the Boston Sportsmen's Show is in session here this afternoon.

CHARGED WITH THEFT

FREDERICKTON, N. B., Dec. 10.—(Special)—Walter Mark, aged 16 years, appeared in the Police Court here this morning, charged with the theft of a bicycle from the complaint of Fred P. Hatt. The boy was given a remand. He acknowledged taking the bicycle in November to go to a Pentecostal service.

PACHITCH DIES AT BELGRADE

Veteran Jugo-Slav Statesman Passes in 81st Year—People Calm

BELGRADE, Jugo Slavia, Dec. 10.—Nikola P. Pachitch, former premier and minister of foreign affairs, died today. M. Pachitch had been ill for many months. He would have been 81 years old December 10. Pachitch continued active, however, during the latest political crisis in Jugo Slavia, growing out of the signing recently by Italy and Albania of a pact which has been considered by the people generally, and detrimental to the interests of Jugo Slavia.

MENTIONED FOR PREMIER

Only last night it was said that it appeared certain that M. Pachitch would form a new ministry to take the place of that of Premier Ousoumovitch, which resigned several days ago in consequence of the Italo-Albanian treaty.

The belief that he again would assume the premiership, was due to the fact that M. Ousoumovitch informed King Alexander that he had been unable to obtain in creating a new ministry, such adhesion among the politicians as was required for a stable cabinet.

RECEIVED ULTIMATUM

It was Pachitch, premier a dozen times, and cabinet minister probably twice, who received in 1914, the fatal Austrian ultimatum which precipitated the great war.

AWARDED \$50,000

Show Girl Had Asked \$500,000 From J. W. Hubbard

PITTSBURGH, Pa., Dec. 10.—Miss Anne Caldwell, New York show girl, was awarded \$50,000 by a Federal court jury today in her \$500,000 breach of promise suit against John W. Hubbard, a Pittsburgh showman.

MINISTER'S TITLE

Hon. Vincent Massey Will be Envoy Extraordinary

OTTAWA, Dec. 10.—Hon. Vincent Massey, minister of justice, will be officially styled "Minister Plenipotentiary and Envoy Extraordinary in the United States for His Majesty's Dominion of Canada," Premier Mackenzie King has announced here. This will entitle the salutation of "His Excellency" to Canada's first minister to the United States.

BROWN ACQUITTED

Charge of Manlaughter Thrown Out at Summerside

SUMMERSIDE, P. E. I., Dec. 10.—William Brown was acquitted in the supreme court here yesterday of a charge of manslaughter arising from the death of Charles E. Macdonald, customs officer at Borden, P. E. I., last September. Macdonald was run down by an automobile driven by Brown.

OPPOSE MANAGER

VICTORIA, B. C., Dec. 10.—Victoria electors, by a vote of 2,289 to 1,201, yesterday defeated the plebiscite in favor of introducing the city manager plan of government.

Funerals

Leo Shannon The funeral of Leo Shannon took place this morning from the residence of his father, Pleasant Point to St. Rose's Church. Requiem High Mass was celebrated by Rev. M. T. Murphy. Interment was made in Holy Cross cemetery, where prayers were read by Rev. W. Mallette. Relatives were largely attended and many spiritual offerings were received.

Wm. H. Perkins The funeral of Wm. H. Perkins took place from the residence of his daughter, Mrs. H. J. McLoon, 281 Duke street, West St. John, this afternoon. Service was conducted by Rev. John Unsworth and interment was made in Cedar Hill.

John T. Wilson The funeral of John T. Wilson took place from his late residence, 88 Clarendon street this afternoon. The Rev. Hugh Miller officiating. Interment was in Fernhill.

Amos G. Garter The funeral of Amos G. Garter was held this afternoon from Brennan's Parlor, Paradise Row. Service was conducted by Rev. Mr. Cody, assisted by Rev. Mr. Goodwin. Interment was made in Fernhill.

Marlborough Lodge Head,  
Social After Annual Meeting

H. E. Thompson was re-elected president of Marlborough Lodge, Sons of England, at the annual meeting of the lodge last evening and is entering on his second term at that office. The meeting was largely attended and was presided over by Mr. Thompson. The election of officers resulted as follows: Past president, W. Roberts; president, H. E. Thompson; vice-president, A. S. Heroman; chaplain, R. P. Trichard; secretary, E. A. Darby; assistant secretary, Robert Dickey; treasurer, R. L. Carless; first guide, H. L. Lewis; second guide, A. L. H. Stevens; third guide, P. L. Griffin; fourth guide, G. H. Lewis; fifth guide, E. A. Lawrence; sixth guide, H. W. Thompson, Jr.; inside guide, F. Sewell; outside guide, E. C. Tremaine; trustees, B. W. Thorne, P. L. Griffin and Lawrence; auditors, R. A. Clark, G. C. Payne and H. Thompson, Jr.; Grand Lodge representative, P. L. Griffin; deputy representative, G. H. Lewis; advisory board, E. A. Lawrence, G. H. Lewis and E. A. Darby.

Teas and Sales Held With  
Success by Two Societies  
Of Churches In Fairville

A very successful tea and sale was held under the auspices of the Guild of the Church of the Good Shepherd, in the church hall, Fairville, yesterday, from 4 to 7 p. m. Mrs. H. L. Blagden was the general convener. The hall was artistically decorated in red and green, rowan berries and pine being effectively arranged. Mrs. F. J. LeRoy and Miss Edith Warren poured tea and coffee from a nicely appointed serving table, decorated with red candles in silver candlesticks and centred with a silver basket of posies. Each of the 14 small serving tables was centred with a red basket sugar bowl, with pine and posies ornamenting the handle. The convener of the small tables were Mrs. Joseph Masson, Mrs. William Baxter and Mrs. Stuart Nelson. Those who served were Mrs. Colin Gilker, Mrs. W. H. Clark and Mrs. E. Gibb, Annie Cheesman, Hilfred Humphrey, Sadie Keating, Alice Danforth Phillips and Mrs. J. Canavan and Jean Armstrong. The replenishers were Mrs. Fred Cassie, Mrs. Amy Bender, Mrs. Gertrude DeGee and Mrs. William Byers. The booths, which were attractively decorated in the prevailing colors, were in charge of the following committees: Fancy work, Mrs. Medley McKel, Mrs. Amy Doherty, Edith Cargill, candy, Mrs. Robert D. Dole, Mrs. Percy Manchester. The tickets at the door were collected by Mrs. John Hill. The members of the decorating committee were Mrs. Amy Bender and Mrs. W. Clark. The supper was well patronized, many people from the city and West Saint John, as well as from Fairville, being present. A creditable sum was realized and will be used for church purposes.

Social Notes

Most delightful in arrangement was the afternoon tea given by Miss Murray and Miss Mary Murray at their residence 179 Douglas avenue, yesterday afternoon. Beautiful yellow chrysanthemums and pink roses were artistically used as decorations in the drawing room where the hostesses received their guests. In the living room scarlet geraniums and white snapdragons were nicely arranged. Mrs. Kenneth Gillingham and Miss Maud Addy ushered to the dining room where Mrs. H. B. Miles and Mrs. John P. Tilton presided over the tea tups. The table was very tastefully decorated with a large silver epergne containing crimson roses and two silver candelabra containing red candles. White snapdragons were also arranged about the room with a pleasing effect. Mrs. Frank Smith replenished and those who assisted in serving were Mrs. George Greaney, Mrs. Victor Lee, Mrs. Moffatt Bell, Mrs. William H. Murray, Miss Zella Lamereaux, Miss Olivia Greaney and Miss Margaret Jordan. Little Miss Edith Atchison attended the door.

ASKED TO ATTEND

Mr. Thompson, speaking as a caller, asked all the members to attend the memorial service for the men of H. M. S. Valerian to be held in Trinity church on Sunday morning. He announced that the Sons of England were asked to meet in the Market building at 10.30 a. m. on Sunday and march to Trinity church, where seats would be reserved for the society and for the members of the Daughters and Males. Marlborough Lodge regretted losing E. C. Tremaine, who had been worthy secretary for several years, succeeding Charles Ledford in that office. Mr. Tremaine retired as he will be removing from Saint John.

FOR W. L. MEETING

A comprehensive and very interesting program for part of a Women's Institute meeting has been prepared by Miss H. Dykeman, director of public health nursing services. The program deals with public health and child welfare and has many different topics and suggestions as to how the subjects can be best presented in order to appeal to the numbers and to be the most practical benefit. The program has been prepared by special request and will be available to all of the Institutes in the province.

**LADY COBHAM SAYS WOMEN SHOULD FLY**

Opening Seen in Aviation For Sex; Husband is Greeted at Toronto

TORONTO, Dec. 9.—Col. W. J. Barker, V. C., Canadian Flying Ace, welcomed Sir Alan Cobham to Toronto when he met the famous English aviator shortly after the latter's arrival here with his wife today.

In an interview, Sir Alan expressed the opinion that what Canada should do now "is to form a light aeroplane club, so that it will be possible for the general public to learn to fly. There were hundreds of Canadian airmen who could instruct," he said. "Let us have a nation of flyers," Sir Alan concluded.

Lady Cobham declared there was no reason in the world why women should not fly as well as men. She thought there was a great opening for women in aviation, saying emphatically that women were capable of taking charge when you have your airplane, passenger and commercial routes over here.

The wife of the flyer incidentally remarked that women's participation in many spheres hitherto open to men only gave them an independence that made their life interesting to them.

"I think every married woman should have a certain amount of inde-

The meeting was held at the residence of Miss Marie Hamilton, 174 Princess street, with the regent, Mrs. Everett Hunt, in the chair. The chapter also decided to assist the Y. W. C. A. Boosters by providing filled Christmas stockings for their Christmas treat.

Announcement was made regarding the memorial service for the men of H. M. S. Valarian which will be held on Sunday in Trinity church.

**MAKE ARRANGEMENTS**

Arrangements for the Christmas season were made by the Ladies' Society of the Assumption parish at its meeting last night in St. Patrick's hall, with Mrs. Walter Bardley, president, in the chair. Various matters of routine were also dealt with and at the close of the business session a social evening was enjoyed. Cards were played and the prize winners were: first, Mrs. James Lynch, and second, Miss Helena Quilian.

COUNCIL VOTES FOR NEW \$66,662 VOCATIONAL SCHOOL BOND ISSUE

BUILDING AND LAND COST NOW UP TO \$446,662

Provincial Government Has Paid \$111,500 of This Amount

COMMISSIONER J. H. FRINK VOTES NAY

Architects' Fees and Interest Not Included in Original Estimates

AN ADDITIONAL bond issue of \$66,662.56 for the Vocational School was concurred in this morning by the City Council, bringing the cost of the building and land up to \$446,662.56.

Of this amount the provincial government has paid \$111,500 to the school board as their share of the cost.

Included in the extra bond issue are \$8,102.51 for extras, \$19,728.19 for architects' fees, and \$20,806.24 for interest during construction, which were not included in the original estimate submitted to the council.

FINANCIAL STATEMENT.

The following statement of finances was submitted to the council: J. A. Grant & Co., paid \$398,733.57; Co. to pay 1,881.94; (Contract \$392,080.00. Extras \$8,102.51); F. N. Brodie paid 14,000.00; to pay 6,728.19; (On contract \$19,728.19. \$121.69); Land exp. 17,209.03; Sundry payments 1,700.00; Coupon (to Nov. 1) 20,806.24; Salary Geo. P. Hennessy, inspector 2,690.00; Printing 802.27; Advertising 304.84; Insurance 2,000.00; Sundry small accounts 86.22; Credit: Interest, Bank of N. CHAIRMAN HEARD

In discussing the matter Dr. L. M. Curran, chairman of the School Board said before taking action it was decided to get the advice of the members of the council as to the best way of providing the amount necessary to close the transaction. He asked if it would be possible to use the money from this year for coupon interest to reduce the amount of the bond issue. The money, \$14,000 had been assessed but not used because the building had not been taken over from the contractors and the comptroller claimed the interest must be charged in the construction account. Money had been saved by not taking the building over from the contractors. Mayor White asked the chamberlain how much money had been paid over on interest account. Chamberlain Lingley said none had been paid on this account as the building had not been taken over from the contractors. In his judgment the suggestion of the chairman of the school board could not be entertained as the money should go back to the taxpayers in the way of a credit for 1927 and reduce the assessment for that year by that much. This year there had been \$80,000 assessed on the citizens to make up the short collections of the year before. Commissioner Frink said "In other words, they were double assessed."

INTEREST QUESTION

The city comptroller, A. P. MacIntyre, said that until the building was taken over the contractors' hands interest must be charged to construction account and the amount assessed for coupon interest could not be used to reduce the additional bond issue on construction. Thomas Nagle said the Government had settled with the board on the basis of the whole cost and paid over \$111,500. Mayor White asked about the equipment and Dr. Curran said the present equipment cost was included in the present

Local News

THREE CARED FOR Three men were taken into Central Station last night for protection.

GLASS BROKEN The police report the glass broken in fire alarm box 41, corner of St. James and Prince William streets.

FOUR TODAY Four men charged with drunkenness were in the Police Court this morning, and fined \$8 or two months in jail.

BROUGHT PEACE Policeman Gaudet answered a call last evening from front of Murray street, where a man was creating a disturbance. All was peaceful when he left.

CLEAR THE SIDEWALKS Because they neglected to remove the snow from the front of their buildings, two men were asked to report at the police court this morning. They were allowed to go after the magistrate had heard their explanation, and they promised not to offend again.

THE STREETS. The condition of the streets, because of the recent light snowfalls, following the blizzard of Monday, is such that motorized traffic is impeded. King street is particularly heavy, and automobiles are forced to take the street car tracks. Some taxis are not accepting order calls for residential localities of the car lines because the snow has drifted above the average.

CIRCLE ENTERTAINED Mrs. David Linton of Sand Cove Road entertained the sewing circle of St. Marks United Church last evening in the form of a "tea." The time was busily spent in sewing and musical selections were given throughout the evening. Mrs. T. Cougle, who was Miss Harriet Bogie, assisted the hostess in serving refreshments. Those present were Mrs. William Bogie, Mrs. O. D. Hanson, Mrs. William Golding, Mrs. S. H. B. Stothard, Mrs. Margaret Cougle, Mrs. W. Lester, Mrs. H. Shaw, Mrs. Dane Crosby, Mrs. J. J. Cheeseman, Mrs. Albert Taylor, Mrs. S. T. Cougle, Mrs. Arthur Sweet, Mrs. Daniel Campbell, Mrs. Luther Wright, Miss Florence Kelly, and Miss Harriet Bogie.

NOT SERIOUS

When two street cars collided on Douglas Avenue, near the Government bridge about eight o'clock last night, Mrs. Albert Burgess, 441 Douglas street, was thought to have been injured as she was about to board one of the cars at the time. Haas K. McLean, superintendent made an investigation and learned that two cars were proceeding in the same direction on the same line, that the front car came to a stop to take on Mrs. Burgess, and at the same time the rear car and slightly collided with the car ahead. There was no damage done. Mrs. Burgess was conveyed to her home which is nearby. Dr. Harold S. Clark, who attended her, said she was suffering only from shock.

Shower Given For Miss Dorothy Oatey

Miss Ellen McCormack of Fairville, entertained about 25 friends at a delightful novelty shower in honor of Miss Dorothy Oatey, who is to be married soon. A miniature chimney with a Santa Claus emerging from the top, was found to contain a large number of useful and lovely gifts, which Miss Katherine Donovan handed to the guest of honor. Those present were: Miss Dorothy Oatey, Mrs. W. Dobson, Mrs. T. Donovan, Mrs. H. R. Brown, the Misses Marion Black, Louise Campbell, Josephine Higgins, Mary Flood, Mary Kierstead, Kathleen Edwards, Ina Magnuson, Hazel Lindwall, Nellie Kierstead, Helma Magnuson, Eva Oatey, Irene Bryant, Gertrude Hobart, Bernice Schofield, Pearl Cooper, Grace Sims, Helen Sims, Olive McCormack, Edith Carvell, Nan McDougall, Corrine Coffey and Marion Elliot.

statement, which dealt only with the building and grounds. Commissioner Frink said he would like to have the original order-in-council dealing with the bond issue for the school. He asked what the credit of \$110,000 for interest meant, and it was explained that this was the difference between interest paid to the bank on overdraft and that received from the bank on deposits. The credit of \$16,857.81 represented the difference between the amount actually paid by the government and what would have been received under the original vocational act. The city comptroller suggested that the school board get authority from the government for the additional bond issue and authority from the city for a special loan from the bank until the bonds were issued. Mr. Nagle suggested that the board buy its own bonds and place them in the sinking fund but this was objected to by Commissioner Frink as not good financing. Mr. Nagle retorted that the city did the same thing. Commissioner Frink asked what the hurry was and it was explained that unless the matter was closed up by the end of the year the provincial government would not get its share from the federal government. Commissioner Wigmore moved that the council concur in the issue of \$66,662.56 bonds and this was seconded by Commissioner Harding and carried. Commissioner Frink voted nay.

KIWANIS CLUB LIKELY OPENED IN SAINT JOHN

Kiwanian E. Elmore, Kiwanis club representative in Saint John, said this morning that the Rotary, Gyro, and similar welfare societies, would find a Saint John Kiwanis Club a strong right-arm, ready at all times to co-operate and lend strong support to the various endeavors of the club. Mr. Elmore's statement was heartily endorsed by Dr. William T. Cogger, formerly of this city, but now of Alliston-Brighton Kiwanis Club, Massachusetts. At a well-attended meeting, held last evening, five Kiwanians, who are now located in the city, expressed a longing for a local club. Another meeting will be held this evening, when a score of prominent citizens will discuss the project. There are two clubs already formed in the Maritime Provinces, one in Yarmouth, and the other in Sydney. The Kiwanis have been functioning for the last 12 years, originating in Detroit, U. S. A. In Canada and the U. S. there is a membership of quite 100,000. The word Kiwanis is taken from the Chippewa Indian dialect and, translated, means "We build."

Home-Made Brew Was To Cure Rheumatism, Declares John Wright in Court Case

Chapel Street Man Given Option of \$50 Fine or Three Months—Got Tip From Squaw, He Says

"A cure for rheumatism told to me by a squaw," was the explanation of John Wright, colored, aged 60, in the Police Court this morning, charged with brewing beer in his home in Chapel street, on Sept. 16 last. He was found guilty and fined \$50 for three months in jail.

S. A. M. Skinner appeared for the defence while E. J. Henneberry conducted the prosecution. Constable "Doc" X. Gibbons testified he had gone to the accused at his home to collect for a stove and found Wright making "booth." He called in Andrew Garnett, Provincial constable to investigate and the notified Walter P. Davis, customs excise enforcement officer.

This evidence was corroborated by Messrs Garnett and Davis. The latter told of going to the accused's home and finding the beer and sending a sample to Ottawa for analysis. The report read in court showed the beer to be 5 per cent alcohol. The officer was subject to much cross-examination by Mr. Skinner.

John Brown and Mrs. Edith Brown in evidence said they had seen the accused selling the beer for money from 5 to 25 cents per glass. Wright was put on the stand and said he was only making medicine. Cross-examined by E. J. Henneberry he said it made him feel much better. Asked if it caused his head to get dizzy he replied in the negative. Wright was arrested yesterday afternoon about 5:10 in his home Chapel street by Sergeants Davis, Power and Detective Biddescombe.

CAPTAIN TELLS OF VESSEL'S WRECK

Master of Schooner A. F. Davidson Passes Through City With Crew

Denis Morrissey, master of the schooner A. F. Davidson, which was wrecked off White Head Island on Monday morning, arrived in the city last evening, accompanied by members of his crew, all of whom escaped. The vessel first went on the ledges about 8 o'clock, but later slid off and floated. Captain Morrissey and the mate made their way to the bow and attempted to drop the anchor, but it had become fouled and the vessel was soon again on the rocks, pounding hard. Those on board were forced to lash themselves to the skylight in order to keep from being washed overboard.

At 2:30 o'clock on Monday afternoon a lifeboat reached the ship and a line was passed aboard, the members of the crew sliding down the line to the ship. All escaped with just the clothes on their back. The vessel, the captain stated, is a total loss. Arrangements were made last night to send the men to their homes.

The crew consisted of the following: Captain Denis Morrissey, Parrsboro, N. S.; George Morwick, Parrsboro, N. S.; Charles Hagerly, Spencer's Island, boatwain; Alton Robinson, Parrsboro Shore; Carl George, Parrsboro; Aubrey Waters, River John, and Willard Willour, Dwyer's N. B., sailors.

PARSONS CASE AGAIN ADJOURNED TODAY

W. Grant Smith, His Counsel Speaks of Efforts For Adjustment

Hope that a satisfactory explanation can be arrived at outside the court was the assertion of W. Grant Smith appearing for E. Clyde Parsons in the Police Court this morning. Parsons was brought before the court about 11:30 on charge of embezzlement. A large crowd of spectators to hear the proceedings. Hugh H. McLean, Jr., represented J. T. Knight & Co. Immediately on Parsons' appearance in the court, his counsel asked for an adjournment to enable him to get better acquainted with the case and to strive for a settlement. The court granted this request. Parsons was released for three clear days.

SON RESIDES HERE

Father of Lloyd M. Farquhar Passes Away

In Montreal on Thursday evening occurred the death of John M. Farquhar, father of Lloyd M. Farquhar, of H. G. Rogers, Limited, this city. Mr. Farquhar last March met with an accident that confined him to the house ever since, but from which he had made excellent recovery. Early this week he contracted a cold that quickly developed into pneumonia and he passed away at the residence of his son, Malcolm G. Farquhar, 668 Old Orchard Avenue, Montreal. Mr. Farquhar's wife died two years ago. His funeral will take place on Saturday in Montreal.

Talks From Here To Son In Pittsburg

A Saint John man in the city found an easy way to "tear the miles of separation" when at 8:38 p. m. on Wednesday evening he put in a long distance call for his son in Pittsburg, Pennsylvania, and in less than 15 minutes was conversing with him as easily and clearly as though they were in the same room.

WORD COMES TO BOARD OF TRADE AT SAINT JOHN

Other Countries Seeking Reciprocal Trade Arrangements With Cuba

OTTAWA ACTION IN MATTER URGED

Maritime Board of Trade Business is Being Advanced

THE Board of Trade today received a letter from the consul-general of Cuba, Montreal, stating that he was conducting negotiations with the Canadian government in regard to a reciprocal trade agreement between Canada and Cuba. This supports the information given in the Times-Star some days ago. The letter says that France, Spain and Argentine are seeking to make reciprocal trade treaties with Cuba.

Special offers are being made to the Canadian Government on fish and fish products and the consul-general expressed the hope that the Canadian Government will conclude an agreement before the end of this year.

URGES ACTION.

The commissioner of the board, Maclure Saunders, pointed out the necessity for immediate action by the Government. Here, he said, was a country very friendly to Canada and anxious to do business with us. If an untimely opportunity was seized there was good possibility of Canada getting a large share of the import trade of Cuba and Saint John benefiting by the shipments passing through here.

MARITIME BOARD.

Mr. Saunders, as secretary of the Marine Board of Trade, is sending today to the constitution committee, appointed at the Turo meeting, copies of the proposed constitution and when they are ready to report a meeting of the executive will be held. In the meantime, schemes are being drafted by which it is hoped to stir up and keep alive interest in Maritime matters and by which the citizenship of these provinces will be enlisted in the good of these provinces.

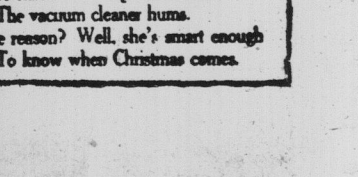

A conference to be held here on December 17 between agriculturists and business men of the province to consider a program for a general meeting of business men and farmers is shaping up well, it was said this morning. This meeting will be held at the Board of Trade rooms, and under the board's auspices.

## E. T. P. SHEWEN PASSES AWAY AT HOME HERE

Had Been Employed in  
Public Works Dept.  
For 34 Years

The death occurred at his home, 209 Rockland Road, yesterday of Edward T. P. Shewen, who for the past 34 years has been in the service of the Department of Public Works of Canada, with residence in Saint John.

The late Mr. Shewen was born in Brockton, Mass., England, in 1889, the son of Colonel E. T. P. Shewen, of the Royal Artillery. He was one of the English army engineers who came to Canada about 1870, settling in Nova Scotia, where he was resident engineer for some years before coming to Saint John in 1895.

In 1895 he succeeded John Allison as resident engineer of the Department of Public Works in Canada, here, and retired in 1911. Since that time he has acted as consulting engineer on numerous occasions and was counted on as one of the ablest engineers in Canada. As resident engineer here he was responsible for many of the original projects and construction schemes of many of the harbor and river improvements throughout the Maritime Provinces. It is noteworthy that many of the schemes that he laid down in the 80's and 90's are still being carried out in the Maritime ports.

### LOCAL ACTIVITIES.

The layout and improvements of the harbor of Saint John was under his direction, the wharves at West Saint John, the Negro Point breakwater to Partridge Island, the dredging and channel approaches to Saint John were all begun under his comprehensive scheme for the harbor.

The works at Courtenay Bay were started about the time he retired in 1911, on account of ill health from active work in the department, and thus it did not come under his supervision. Since his retirement he has acted in a consulting capacity and received prominence when acting as one of a board of three engineers reporting on Toronto harbor improvements.

Before coming to Saint John, the late Mr. Shewen was engaged on the shoreline from Oxford Junction to Sydney. At the time Prince Edward Island entered Confederation one of the agreements was a tunnel connecting with the mainland. Mr. Shewen was called in and made a report which was later acted upon, namely, the Cape Tormentine to Cape Borden car

## DOES NOT WANT TRIAL AUBURN, N. Y., Dec. 1.—With ten years to serve in the state prison here, John McAllister, silent gunman of the Bronx and master jail-breaker,

simply cannot be bothered going through the formalities of another trial at the present time. He is fighting an attempt of prison authorities to prosecute him on an old charge of prison breaking. McAllister contends he cannot be prosecuted for one crime while serving time for another, and has politely requested prison officials to wait until his present term has expired before beginning the proceedings against him. If he loses he will be tried immediately. If he wins his point the authorities will just have to wait.

### "WE HAVE A NAVY NOW"

BELGRADE—Up to the time of the world war Switzerland's navy came in for considerable fun. The common sense the country showed in keeping out of the war sort of spoiled the laugh in the years that followed.

Up to the other day Jugo-Slavia, a nation born of the war, enjoyed about the same style of navy. But the arrival of a full-grown cruiser in the Gulf of Cattaro has stilled the guffaws. It has just been purchased from Germany. Added to the equipment already listed it gave Jugo-Slavia one cruiser. The government had 12 destroyers and torpedo boats and three or four small boats but no mother to guide them.

ferry. One of the schemes of his later life was the coking of Minto coal and the piping of gas to Saint John. This had not been accomplished at the time of his death.

### WAS A MAJOR.

For many years the late Mr. Shewen was connected with the volunteer militia and held the rank of major in the Corps of Guides, which was largely composed of engineers and later merged with the Intelligence Service during the late war.

The late Mr. Shewen is survived by one son, Rev. Canon Mansel Shewen, of Sussex, and three daughters, Mrs. B. V. Millidge, 209 Rockland Road, Saint John; Mrs. Minus, Middleton, Conn.; and Mrs. Kendrick, Boston, Mass. One brother, Brigadier-General Mansel Shewen, of Soboton, Hants, England, also survives.

The funeral will be held on Saturday afternoon from the residence, of his daughter, Mrs. B. V. Millidge, at Trinity church, service being at 3:45 p.m.

The members of the Saint John branch of the Engineering Institute of Canada last evening paid tribute to the memory of one of its oldest members when a resolution of condolence was passed at the death of E. T. P. Shewen, M. E. I. C., which occurred yesterday.

The late Mr. Shewen was in former years an active member of the Institute and had contributed several valuable papers at meetings of the society here.

## PLAY PRESENTED WELL IN HALL AT ST. DAVID'S

"His Uncle's Niece," Staged  
By Dramatic Club Last  
Evening

Irresistibly funny and admirably presented was the three-act farce, "His Uncle's Niece," which was given last evening in St. David's Memorial Hall by members of St. David's Dramatic Club under the personal direction of Miss M. Myrtle Crawford. It was the most ambitious theatrical production that has yet been staged in the Memorial Hall and was splendidly successful.

The amateurs gave a performance that would have done credit to professionals and won for them highest praise. The stage settings were very good and the whole production was carried through with a smoothness and finish that were most remarkable. The members of the cast carried their parts splendidly and the screwing funny situations were admirably handled. The possibilities of the new hall for stage equipment were also splendidly demonstrated.

Orchestra selections were given during the evening and specialties included, selected solos, by Mrs. Estelle Ferris, accompanied by Mrs. Helga Gifford; selected male quartettes by Eugene W. Mott, Norman Magnusson, Murray Thompson, and Albert A. Punter. During the intermission a sale of candy was conducted under the co-operation of Mrs. J. W. Brittain, assisted by the Y. W. A., Bluebird Club, Glemers' Club and Miss Milligan's Bible class.

### THE CAST.

Richard Tait, a rising young lawyer, Kenneth Nelson; Francis Felton, the cause of all the trouble, Ronald Shaw; Dora Hale, very much attached to the "cause," Miss Flora MacDonald; Alice Malcolm, a close friend of Dora's, Miss Kathleen Shaw; Mrs. Sara Ann Mullen, a woman of few words from Happy Valley, Miss Pyle and Miss McGowan; Simon S. Felton, Frank's Uncle, who never makes a mistake, Donald Smith; Philbert Filkins, a humble but wise, Robert Ross; Timothy Hays, gardener at Happy Valley Junction, James MacGowan, and Silas Sickenover, Constable at Happy Valley, Royden Christopher.

The business manager for the play was Andrew Malcolm. The play will be repeated again this evening and is assured of a capacity audience. Specialties this evening will include selected saxophone solos by Harold Williams, accompanied by Stanley Goodwin.

### LARGE BRITISH FIRM EXPANDS IN CANADA

TORONTO, Dec. 9.—With the securing of a building site in Toronto and the plans for the erection of a big manufacturing plant, where the requirements of their Canadian trade will be turned out, Crosse & Blackwell, manufacturers of the well-known line of English jams, pickles and other similar products, are preparing for a great expansion of their business throughout the Dominion.

"Our Canadian trade is a very large one and our decision to erect a plant here is to the credit of a Canadian, Howard Menzies, of Toronto, who is general manager for Crosse & Blackwell in Canada," stated J. C. Goff, managing director of the board of the parent concern in England, who recently visited Canada and closed the deal, providing for the erection of the new plant and the vigorous expansion of the Canadian trade.

## COUNTY HOSPITAL TO COME OUT EVEN

Accounts For Year Expected to  
Balance; Per Capita Cost  
Discussed

It is expected that the Saint John County Hospital accounts this year will just about balance, expenditures being just about equal to receipts.

The matter of per capita cost of maintenance was under discussion at the meeting of the Commissioners of the hospital yesterday afternoon and reports showed that practically all foodstuffs had been dearer during 1926, than they had been in 1925, fish and canned goods being the only exceptions.

In spite of the fact that less food had been used costs were higher. The whole matter of finances is to be taken up at a special meeting to be held later in the month, when the statement for the year will be submitted and discussed.

**The THOROUGH Electric Cleaner**

**A Cleaner 3 times more useful than the ordinary cleaner—**

FOR years the high cost of manufacturing the superior Standard Royal Cleaner made it impossible to sell it at one penny less than \$78.50. Now, at last, the price is reduced to \$62.50, including attachments.

You ask how is this possible? Production on a larger scale, due to the greater demand, is the answer.

At this price, no woman need content herself any longer with a cleaner that can dust carpets only and makes it necessary for her to go over everything else with the mop and dust-rag.

The Standard Royal is unexcelled as a carpet cleaner. It takes up threads and lint and also deeply embedded dirt which a brush cannot get. But it does more than clean carpets. You can use it on hangings, upholstered furniture, picture frames, table covers, books, etc. Even the inside of motor cars!

It dusts floors completely. No need of using a mop to finish hard-to-reach corners. It also cleans bare floors, linoleum and concrete. It does everything well!

Why buy a cheap, one-purpose vacuum cleaner when you can get one with all these advantages for \$62.50, including attachments? Ask us for a demonstration.

### PROVINCIAL AUDIT AFTER CHRISTMAS

Check-up to Be Made by P. S. Ross and Sons, Montreal

FREDERICTON, Dec. 9.—The annual audit of New Brunswick's provincial accounts, following the conclusion of the provincial year on October 31, last, may not be undertaken this year until after Christmas, it was learned today.

For some years the annual audit has been commenced about ten days before Christmas. P. S. Ross & Sons, of Montreal will carry on the audit this year again.

Hon. A. J. Leger, Provincial Secretary, is here from Moncton today on departmental business. Hon. D. A. Stewart, Minister of Public Works, is also here today.

### French House Passes Poincare's Budget

PARIS, Dec. 9.—For the first time in many years the Chamber of Deputies, driven by M. Poincare, the indefatigable premier, has voted a budget with a substantial surplus before the end of the year.

The Chamber on Dec. 4 adopted the appropriations section of the budget, and tonight adopted by 410 to 138 the revenue section, which involves no new taxes.

The budget embraces the following figures: Expenditures, 89,684,408,000 francs. Revenue, 46,099,160,000 francs. Surplus, 46,720,000 francs.

The Senate will take up the budget tomorrow.

### BERUBE BLOCK AT EDMUNDSTON IS DESTROYED

Nine in Danger But Are Finally Rescued by Fire Fighters

EDMUNDSTON, Dec. 10.—Hanging by his fingers from a ledge 80 feet from the ground, A. Chamberland, bar-rister, of Grand Falls, was rescued from certain death by fire-fighters during the fire which destroyed the Berube block here yesterday.

Many other sensational escapes were made by those trapped in the burning building. Mr. and Mrs. L. J. Dionne and their five-months old baby were trapped in the burning building and Mr. Dionne slid down a clothes line to tell the firemen of his family's peril. Both were saved.

D. H. Vanwart, druggist, his wife, two sons and a maid were forced to flee the building in their nightclothes. The fire was first discovered about 7 o'clock in the morning and was not finally under control until about 4 o'clock in the afternoon. The damage

is estimated at about \$25,000, nearly covered by insurance.

prison for life, under the new Baumes law.

MADRID—Spain's recent withdrawal from the League of Nations following the rejection by the league council of Spain's demand for a permanent seat in that body, advanced another step forward today when King Alfonso signed a decree suppressing the Spanish office at Geneva.

### FIREMEN HURT

One of the firemen suffered a fractured shoulder when he slipped off the ladder to the floor below and another suffered a dislocated finger. The fire is said to be one of the most serious suffered in Edmundston for years. Luckily, E. J. Albert, another occupant of the Dionne flat, was absent at the time as the location of his room would have made it very doubtful if he could have been rescued.

### THE LOSERS

The heaviest losers are Joseph Berube, owner of the building; Mr. Vanwart, owner of the drug store and occupant of one of the flats, and E. J. Albert, who owned the barber shop fixtures and the furnishings in the Dionne flat. The firemen with the co-operation of Fraser Company's men and numerous citizens of the town performed heroic work and rendered valuable services.

### ADDRESS ON LIGHTS BEFORE ENGINEERS

S. C. Webb Tells of Development From Earliest Days to Present

The monthly meeting of the Saint John branch of the Engineering Institute of Canada was held last evening in the New Brunswick Telephone Company building, Chipman Hill. The address of the evening was given by S. C. Webb, A. M. E. I. C., who had as his subject "Industrial Lighting."

The speaker quoted from tables to show the higher lighting efficiencies of certain types of lights when lowered current consumption. The extra current used by having lamps with unsuitable shades and globes not regularly cleaned was pointed out.

Moving picture films entitled "Then and Now" showed the difference between earlier lighting with kerosene lamps and modern lighting by electricity. Another film showed the manufacture of electric light bulbs through all its stages.

"The Growth of Power," was also shown, in which the history of power from early primitive methods to modern large scale production of electricity was traced. An example was made of the electrical installation of the Shawinigan Water & Power Company in the province of Quebec with nearly 600,000 horsepower developed and serving a territory extending between and beyond the cities of Montreal, Quebec and Sherbrooke.

A. R. Crookshank, M. E. I. C., presided at the meeting, which was held in the N. B. Telephone Company building. Geoffrey Stead, M. E. I. C., and G. N. Hatfield, A. M. E. I. C., spoke to resolutions of thanks to Mr. Webb for his address and films, and also to Fraser S. Keith, M. E. I. C., of Montreal, for loan of the Shawinigan film.

### N.B. POULTRY SHOW AT MONCTON, DEC. 15

About 500 Birds Expected to be on Exhibition; Open to All

FREDERICTON, Dec. 9.—A provincial poultry show will be held on Dec. 15 at Moncton, according to an announcement made today by Leslie Wood, provincial poultry superintendent. The show will be held under the auspices of the Westmorland County Poultry Producers' Association, many members of which reside in Moncton, will be open to competition throughout the province. It is expected that between 400 and 500 birds will be shown. The last provincial poultry show was held some two years ago.

### CONQUER CONSTIPATION EASILY

Kellogg's ALL-BRAN relieves constipation because it is 100% BRAN

Mr. McEnery tried part-bran substitutes—but only ALL-BRAN brought complete relief. Here's what he says:

"For fifteen years I was constantly bothered with constipation. About two years ago I tried out mixed bran and corn flakes but did not get much relief. Some eighteen months ago, I began using Kellogg's ALL-BRAN. From the first week to this good day, I have never had a dose of any laxative medicine of any description."

Constipation is the enemy of health. The cause of more than forty diseases. Don't let this in-

sidious trouble send its poisons through your body. Pimples, spots before the eyes, indigestion and headaches—are warning signs.

Kellogg's ALL-BRAN is guaranteed to relieve constipation or your money is refunded. Delicious with milk, fruit or with other cereals. Fine in cooking.

Made by Kellogg in London, Canada. Sold by all grocers. Served everywhere.

Order your **Credenza** Now!

if you wish to be certain of securing for Christmas the delights of the world's newest and greatest musical discovery

THURSDAY DECEMBER 2nd marked the first anniversary of the Orthophonic Credenza. The reception which during the past year, has been accorded this remarkable invention exceeded even the most liberal calculations.

The demand for this remarkable new musical instrument, created on the Victor principle of "matched impedance" or "smooth flow of sound", has increased so enormously, we have as yet been unable to supply it fully.

This, despite the fact that we have been working our manufacturing overtime.

Those who read this announcement have a distinct advantage among music lovers. They will profit by the information it contains, to place their orders, now, for that Christmas Credenza. Any "His Master's Voice" Dealer will explain his plan of convenient payments, which applies to any of the Orthophonic Victrola models, . . . from \$115.00 to \$430.00.

Note: We made the same announcement about a year ago. Yet, many people suffered temporary disappointment.

Found at Halifax Club in Dry Raid and Prosecution Planned

HALIFAX, N. S., Dec. 9.—Temperance sleuths swooped down upon the premises of a well known north end club yesterday afternoon and made a seizure of six barrels of ale, some 720 bottles in all, valued in the vicinity of \$150.

The seizure was made by Rev. D. K. Grant, chief inspector under the Nova Scotia Temperance Act; Inspector Steve Kennedy, and Inspector Tracy.

When questioned this morning as to what action would be taken, the chief inspector announced that an information would be laid against the club under the Nova Scotia Temperance Act.

**METAGAMA MEN ARE GOOD ENTERTAINERS**

Fine Program Given in Seamen's Institute is Greatly Enjoyed

The concert of the Metagama orchestra and concert party in the Seamen's Institute last night was one of the finest ever given by a ship's company in Saint John and was attended by an audience that taxed the capacity of the hall.

So enthusiastic was the reception accorded the artists who took part and so excellent was the program that it was said last night that on the ship's return to port it was hoped to have the program repeated in a larger hall. R. E. Armstrong, president of the New Brunswick branch of the Navy League, was chairman and in his brief opening address expressed the hope that many seamen as possible would attend the memorial service for the men of H. M. S. Valerian, which will be held in Trinity church on Sunday morning.

Duncan McIntosh, chief steward of the Metagama, who is retiring from sea after 42 years on duty, gave a short address and was warmly applauded. Fred Miller, manager of the Institute, expressed pleasure at seeing so large an audience.

The accompanist of the evening was A. L. Edwards and the program was as follows: Overture, "Poet and Peasant"; orchestra; song, "Love's Gift of Roses"; Robert Hayes selections; Robert Grogan; song, "Down the Trail"; Robert Hayes; violin solo, "Somewhere a Voice is Calling (Tate)"; Nigel Hayes; song, "For You Alone"; E. A. Jordan; song and story, Harry Hammond; selection, "The Thistle"; orchestra; National Anthem.

**STEAMER MAY COME HERE FOR REPAIRS**

MONTREAL, Dec. 9.—The S. S. Empress of Montreal, which stranded at Ellis Bay, Island of Anticosti, on Thursday morning, Nov. 25, was released on Saturday last, nine days later, and is now unloading the balance of her cargo at the dock in Ellis Bay.

The extent of the damage suffered by the steamer is not known, and nothing has been decided as to whether she will go into drydock in Halifax or Saint John. Several of the tanks are full of water, but it is stated by her agents here, the Canada-Cuba Line, that none of her cargo was damaged.

The S. S. Savoie stood by the Empress of Montreal and helped discharge a part of her cargo, all of which was for the Island of Anticosti.

**Protection of Oyster Beds Is Urged by Buctouche Man**

J. D. Irving, in Halifax Interview, Says Federal Govt. Should Step in

Reference to the need of replenishment of Maritime oyster beds, especially the depleted one at Buctouche, N. B., is made by J. D. Irving, of Buctouche, in an interview which appeared in the Halifax Chronicle issue of Dec. 8. The Chronicle states:

"Very drastic steps should be taken immediately by the Federal Department of Fisheries to preserve the oyster beds of the waters of Buctouche, N. B., as the opinion expressed by J. D. Irving, of Buctouche, N. B., who is a guest at the Queen Hotel, is a common thing to hear. Irving, who was seen at the hotel last night, said that there was a continuous demand from the British market for the production of the very profitable shell fish was practically gone from many of the former most important oyster beds in Canada. He cited the one at Buctouche up to three years ago it was a common thing to ship 150 carloads, or about 4,500 barrels yearly from that section, whereas now there would be practically none shipped at all; for the beds, which had little protection given them by the authorities, had been exhausted. Recently there had been an order from a large London firm desiring 10,000 barrels.

"DEPLETED BEDS

"What was occurring at Buctouche, Mr. Irving said, was not uncommon but was simply the repetition of what had been allowed to take place in other sections, and he cited Malpeque, Prince Edward Island, where formerly one of the world's most famous oyster beds was produced. Mr. Irving urged that the Federal government should step in immediately and take every step to replenish the beds and protect them. If this is done there were good prospects for the development of a very lucrative industry, for the British demand alone offered a very large market."

**CANADIAN MURDERS LAID TO DRUG TRADE**

TORONTO, Dec. 9.—I am convinced that some Canadian murders have been committed by those behind the traffic in narcotic drugs—that in former years have been killed as a punishment and a warning to other. Dr. P. A. Amyot, head of the Dominion health department, said in Toronto today.

"Those behind the drug traffic," he continued, "are arch-criminals compared to the bootlegger or the ordinary murderer or robber. The men 'high' up are never drug fiends."

THEY called her Belle because she was always ringing her hands.

**Prince Scandalizes Nobility By Dancing With Store Girl**

LONDON, Dec. 10.—How the Prince of Wales unwittingly threw a bombshell into the "society" of a Central American republic by dancing through half the programme at a ball given in his honour with a shopgirl is related by Major F. E. Verney in a book just published under the title of "H. R. H. A character study of the Prince of Wales."

The story has its opening in a ball at Panama, "where," says Major Verney, "the physique of most of the women was more prosperous than that of their partners who had important husbands. H. R. H. relievedly secured a partner who was slender, graceful and skilful, and began to enjoy himself.

"Fairly soon, the staff detected signs of general feminine disquiet and the tactful inquiries of an equester culminated in a deputation of three leading members of local society charged with conveying the grave news that the lady with whom the Prince was dancing and had danced several dances was an assistant in a drug store.

"PRINCE ANNOYED

"Intervention was decided on in the next interval. H. R. H. smiled cheerfully when the drug store was revealed to them. It must be a jolly good drug store! But when the general wave of scandalized indignation was explained to him, he became quite annoyed at its snobbery, and though he was thinking of changing his partner for the next dance, he insisted on dancing one more with the girl from the drug store.

"He soothed the lacerated feelings of society by dancing the remainder of the evening according to the calendar of local precedents.

"H. R. H.," says Major Verney "is a great ambassador. He is a terrible flirt, but above all, he is an unassuming British officer. Of his position in a social sense he is only conscious in that it restricts his personal freedom, and that it inspires in many people he meets with a feeling of respect which he has always to be fighting. He is intensely keen upon the serious work of his tour, but he has no use for the splendours of his office, and never gets the vertigo of a throne or a crown. His attitude is that of a business man tackling an unattractive but inevitable piece of routine work.

"POLO IS FAVORITE

"In the common activities of everyday life there are only two which give him excitement; riding to hounds on a hot scent across country, and the close finish of a race in which he is the Prince's favourite game, and in the last two years he has been very much bitten by golf.

"In the Prince's inveterate desire for hard exercise, there is a strong element of his temperamental readiness. But he is also influenced to no small degree by the horror he has of putting on weight. For this reason he is also a polo player."

MONCTON, Dec. 9.—The seven district managers of the Metropolitan Life Insurance Co., Ltd., in the Maritime Provinces held a get-together conference here this afternoon and evening with C. A. Beaudett, of Moncton, the company's supervisor, for the territory. The work and achievements of the past year were reviewed and plans for the coming year's activities were discussed and mapped out. Those attending the conference were D. S. Gass, Saint John; C. A. Nickerson, Yarmouth; F. B. Jacques, Halifax; Simpson Orr, New Glasgow; Wm. McInnis, Sydney, and F. D. Smith, Moncton.

**WEDDINGS**

Wheaton-Martin.

The marriage of Miss Edith Martin, daughter of Mr. and Mrs. William Martin, of Clarendon, Queens county, and Hartley A. Wheaton, also of Clarendon, N. B., was solemnized on Wednesday, Dec. 9, 1926, in St. Andrew's church, Saint John, by Rev. L. J. Watson.

Waltz-Steinhausen.

HAMPTON, Dec. 9.—A wedding of much interest to friends in Saint John and elsewhere was solemnized at St. Peter's church, Toronto, on October 20, 1926, when Miss Beatrice Maud Steinhausen and Mr. William Waltz were united in marriage by Rev. G. Deppard. The bride was attired in powder blue georgette with gold and silk embroidery, with hat to match and wrap of navy blue marcella silk with roses with lilies of the valley. Mr. and Mrs. Waltz were the recipients of many beautiful gifts. They have many friends in Saint John, where both recently resided. Mr. and Mrs. Waltz will reside in Toronto.

Lynch-Burke.

MONCTON, Dec. 9.—A quiet wedding took place this evening at 6 o'clock, at Highfield Baptist parsonage, when Miss Annie Catherine Burke, of Sydney, N. S., but who has been resident here for some time, became the bride of George Guy Lynch, formerly of Worcester, Mass., now an employee of Sunbeam Bakery Co. Ltd., this city. Rev. A. K. Herman officiated and the couple were unattended. They plan to leave in the near future for Boston, where they will take up their residence.

**VITAMINS FOR MOTHER**

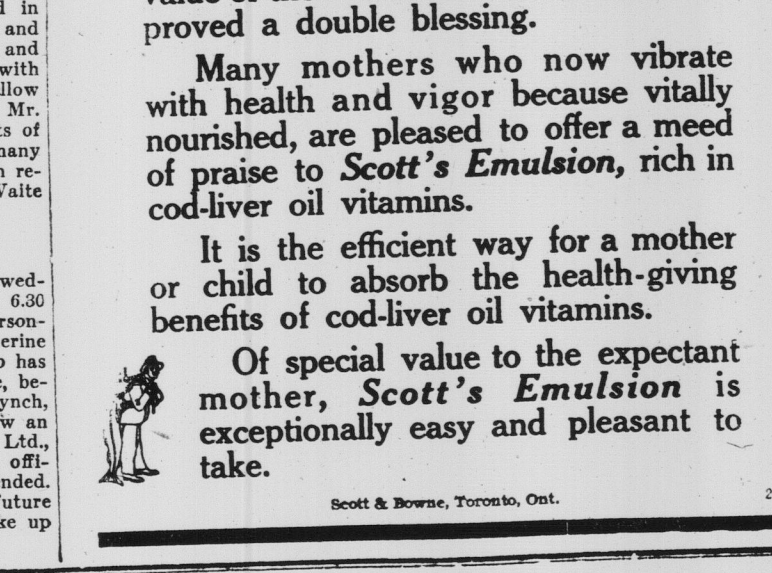

The discovery of the health-giving value of the vitamins of cod-liver oil has proved a double blessing.

Many mothers who now vibrate with health and vigor because vitally nourished, are pleased to offer a meed of praise to Scott's Emulsion, rich in cod-liver oil vitamins.

It is the efficient way for a mother or child to absorb the health-giving benefits of cod-liver oil vitamins.

Of special value to the expectant mother, Scott's Emulsion is exceptionally easy and pleasant to take.

Mrs. Janet Brown

Sad news came to Mrs. R. Garfield Barton, of 107 St. James street, this week, news of the death of her mother, Mrs. Janet Brown, who passed away at Great Yarmouth, England. Mrs. Brown made her home in Saint John for a number of years but returned to England some 12 years ago. She is survived by one son, A. G. Brown of Manchester, England; and two daughters, Mrs. D. E. King of Yarmouth, Eng., and Mrs. Barton of Saint John.

George L. McGowan

SUSSEX, N. B., Dec. 9.—George L. McGowan passed away at the U. S. Veterans' Hospital, at Tupper Lake, N. Y., on Nov. 30. He was born in Cornhill, New Brunswick, on June 17, 1889, and when a very young man went to Boston, where he has since resided. He was in the U. S. service during the World War and served overseas, and has spent the last two summers in Sussex, N. B., where his mother now resides.

Funeral services were held on Friday, Dec. 9, at the home of his brother, John P. McGowan, 14 Sargent street, Roxbury, Mass., and from St. Paul's church.

He is survived by his mother, three sisters and six brothers.

Samuel Daggett

EASTON, Me., Dec. 9.—Samuel Daggett, 80, one of the best known citizens of Aroostook, is dead at his home here. He was for some time a resident of Presque Isle and a veteran of the Civil War. Surviving relatives include his wife, a son and a brother, Hon. Charles F. Daggett, of Presque Isle.

Statements made recently by the British Medical Association predict that ultra-violet rays soon will be available in pill form.

KENTVILLE PASTOR FAREWELLS FLOCK

Rev. D. G. Ross is Presented Address and Purse of Gold

Personal mention of Baptist clergymen is made in the Maritime Baptist as follows: Rev. A. L. Tedford, pastor of the Tabernacle church, Saint John, N. B., has been assisting Rev. W. H. Elgee, of Oxford, N. S., in special meetings. Rev. (Major) D. G. Ross preached his farewell sermon in Kentville on Sunday, November 28. Although strongly urged to withdraw his resignation and remain with the church, Mr. Ross declined to do so. The church building was crowded at the last service. Deacon H. G. Harris on behalf of the church and congregation presented the retiring pastor with an address and a well-filled purse. General regret is expressed at Mr. Ross' retirement from the field.

GERMAN SINCERITY DOUBTED BY ALLIES

Ambassadors' Council Fails to Reach Agreement on League Control

PARIS, Dec. 9.—Germany's fulfillment of the military clauses of the Versailles Treaty is apparently doubtful to the Allied Council of Ambassadors, which met here today for the purpose of discussing this question. The council adjourned until tomorrow after a session lasting two and a half hours, instead of reaching the expected agreement to recommend turning over control to the League of Nations. The French again objected to what they considered the predominating military control of German civilian associations; they supported the Polish contention that the construction going on at Koenigsburg looked like thoroughly modern fortifying. The British had the support of the other allies when they criticized German manufacture and export of machinery destined for the making of arms, and also of armaments in the early stages, such as forgings for cannon, which could be stored abroad for eventual completion when needed.

BURGLARS NET CENT AND LEAVE THANKS

Winnipeg, Man., Dec. 9.—Burglars who broke into the premises of the Canadian Coal Sales Company, at St. Boniface, during the night, were no pickers. After prying off the back door and breaking open the cash box they found it contained only one cent. They took the copper and replaced it with a note of thanks.

GOULD IS PRESENTED TO U. S. PRESIDENT

WASHINGTON, D. C., Dec. 9.—Senator Gould, of Maine, was presented to President Coolidge today by his colleague, Senator Hale. The new senator declined after the call to discuss the pending Senate investigation of stories that he had paid money to New Brunswick officials in connection with a railroad contract.

FISHING OF SMELT BEGINS AT BATHURST

BATHURST, Dec. 9.—Smelt fishing has just commenced which is somewhat later than last year. With the harbor solidly frozen, several small fishing houses have been hauled to different places on the harbor and basin and the smelt are fished through the ice. There is a large demand for these fish and those in the industry find ready markets for their catch.

SACKVILLE MAN IS DEAD IN PENTICTON

SACKVILLE, Dec. 9.—Thomas C. Patterson received a telegram today from Penticton, B. C., stating that his son, John Patterson, had died suddenly after a short illness of pneumonia. Deceased leaves his widow and one daughter, Pauline, aged 15. He was employed with the C. P. R. as train dispatcher.

FRENCH FRANC ADVANCES 105 POINTS WITHIN FORTNIGHT

French Government Bonds are Rapidly Rising GREAT WAVE OF OPTIMISM SWEEPS OVER FRANCE Solid French Cabinet Meeting with Success Everywhere Immense Profit Possibilities In FRENCH GOVERNMENT 6% BONDS

WE BELIEVE that an investment made today in French Government 6% Bonds (Loan authorized Dec. 16th, 1920; redeemable at par at the option of the Government on or after Jan. 1st, 1931), presents an exceptional opportunity for profit on any material advance in the value of French money (Francs). Due to the depreciation of French Francs a French Government 6% Bond (of 1,000 francs denomination) can now be bought for \$32.00, with French exchange at normal (19.36 per Franc) the same Bond would have a value of \$193.00. International bankers believe French Francs will sell at 10 cents per Franc before very long. Just think what this means to French Government Bonds; with the Franc worth 10 cents, each Bond of 1,000 francs will have a value of \$100.00—a rise of over 212%, or a profit of \$68.00 for every \$32.00 invested today. With the Franc selling at 15 cents, each Bond of 1,000 Francs will have a value of \$150.00, a rise of more than 370%, or a net profit of \$118.00 of each Bond of 1,000 francs, or for every \$32.00 invested today.

cial feet again, and today are considered the richest nation in the world. Even England was once faced with what seemed to be a financial disaster. With Napoleon virtually pounding at her gates, British Bonds went for next to nothing, but the victory at Waterloo sent them sky-rocketing. The Rothschild family accumulated the major portion of its wealth by investing in British bonds and selling them when Wellington's victory became known. The experience of France, too, bankrupt at the hands of Bismarck, is within the memory of living man. Her Bonds sold down to 7% of their value after the Franco-Prussian War. They appeared hopeless, yet in two years they had recovered 95%, making fortunes for the far-sighted investors who had the courage to invest in them. When millions of men and populations of nations lend their collective efforts to the task—nothing is impossible. The French Franc will undoubtedly come back to normal. A study of history convinces one forcibly that the most difficult thing in the world to destroy is national existence. History is repeating itself. The opportunity of a lifetime, to earn remarkable profits, exists today for investors, through the purchase of these high-grade French Government Bonds. They rank as the pre-eminent class of French Government securities, and are virtually a first mortgage on the entire assets and resources of the vast and wealthy Republic of France. The Bonds are valid for 30 years after maturity, and the interest coupons for 5 years after their respective maturity dates, thus enabling the investor to cash them at any time the exchange rates are favorable. France is a first-class commercial, naval and military power of the world. French industries are thriving and working overtime. France is exporting goods to every country of the globe; her shipping is crowding the world's ports, and the nation shows every evidence of industrial and economic progress. Reparation payments from Germany are further enhancing the French treasury. These conditions will be quickly reflected in a rapid rise in the value of French Government Bonds. That is why we urge you to buy French Government Bonds NOW, while they are on the bargain counter.

INTEREST INCOME The income from the average corporation or industrial Bond is fixed, that is to say, a 6% Bond of \$1,000 denomination yields exactly \$60.00 every year until maturity. The income from French Government 6% Bonds compares favorably with the attractive features of an ordinary share, or share of common stock. While the income expressed in French money remains fixed, the value of that money to the Canadian or American investor depends upon the exchange value of the French franc expressed in dollars. Thus it will be seen that at the present rate for the franc the holder of a 10,000-Franc Bond will receive for his coupon approximately 600 francs per annum a sum in Canadian money equivalent to a return of nearly 7% on his investment, that is, on the cost of his 10,000-Franc Bond which at the present time is \$320.00. When the franc reaches 8 cents, however, the value of the coupons will be much higher; 600 francs will be worth \$48.00 on an investment of \$320.00, or equal to a yield of 15%. For common stocks offer so attractive a return. When the franc has reached 10 cents or \$1,000.00 franc Bond the return will be proportionately higher. Every 100 francs in interest coupons will bring \$60.00 when called. Here the yield is more than 18%.

We made a lengthy and thorough investigation to determine the best way to buy French Francs for maximum profits. We are of the opinion that these French Government 6% Bonds afford the best medium, for they represent to French investors precisely what British Government and our Canadian Government Victory Bonds represent to us, being legal investments for every Institution, Trust Fund and Savings Bank in France, and constituting a strictly high-grade Government investment. They may be sold again instantly for spot cash, as they are listed on the Paris Stock Exchange and traded in throughout the financial centres of the world. The interest coupons (payable June and December 16th) have always been paid promptly on the dot, and can be cashed in Montreal, New York, London, and other financial centres through our House, banks or other institutions. French Government Bonds will, we believe, unquestionably come back to normal (\$193.00 per 1,000-franc Bond.) The United States were financially bankrupt after the Civil War. Their securities could be bought for a song, yet in a few years the Americans were on their finan-

Everyone knows how rapid has been the rise in Danish and Norwegian exchange. These countries have been faced with critical economical conditions but the Danish krone is now worth 26.50 cents or \$26.50 per 100,000 kroner, whereas in 1911 it had fallen to 13 cents or \$13.00 per 100,000. The value of the Danish krone has increased by \$13.50 in less than five years. The Norwegian krone has risen from 11.7 cents or \$11.70 per 100,000 kroner to 22.6 cents or \$22.60 per 100,000 kroner, showing a NET RISE OF 93% PER YEAR DURING THE SAME PERIOD. The Spanish peseta from 11.75 cents or \$11.75 per 100,000 pesetas a few years ago, has now recovered to 15.84 cents or \$15.84 per 100,000 and the unit is expected to touch par this year. Leading South American exchanges show similar wide improvements. Within three years the Brazil unit has advanced from 15.5 cents or \$15.50 per 100,000, to 15.87 cents or \$15.87 per 100,000, recording a NET GAIN OF \$7,320 PER 100,000 MILREIS. The Argentine peso was not long ago worth only 28.37 cents or \$28.37 per 100,000 pesos but TO-DAY it is quoted at 48.43 cents or \$48.43 per 100,000. The value of 100,000 Argentine pesos has INCREASED BY \$12,060. In the light of these accomplishments it is easy to see that France with a balanced budget, debt funding agreement, and a recovery plan definitely aimed UPON THE ROAD TO FINANCIAL RECOVERY, can put the Franc back to par (19.36 cents) or \$19.36 per 100,000 francs within the comparatively near future.

**C. N. R. CLERKS FIRED OVER WAGE CHANGE**  
MONTREAL, Dec. 9.—Between 60 and 60 clerical workers at the Canadian National Railways Point St. Charles (Montreal) shops were discharged as the result of the new agreement between the company and the shop men whereby the payment of "contract" bonus for quantity work turned out was abolished a week or so ago and an increase in wages paid in its stead. The reason given by the company for the dismissal of the clerks was that in view of the new agreement their services would be no longer required. The order will come into effect on Jan. 6.

Now—before you suffer another minute—take Gin Pills. Don't let your kidneys go from bad to worse—they will cause you untold agony. If you suffer from backaches, pains in the side and joints, or swollen hands and ankles, you have the symptoms of kidney trouble. Brick dust deposits in the urine, painful, scanty or too frequent urination are also danger signals of kidney and bladder derangements. You need Gin Pills.

Your kidneys simply must be kept in good condition, because they must work day in and day out to filter out the impurities from your blood. When they fail to perform their duties, poisons collect in the system and very serious ailments are bound to follow.

Take Gin Pills today. They give instant relief and banish the trouble because they go right to the source. They heal and soothe the inflamed organs, gently strengthening and restoring them to normal activity and good health.

Try a box of Gin Pills today—50c at all druggists.

FIRM UNDERTONE FOR PRICES ON NEW YORK EXCHANGE TODAY

EASIER CALL MONEY RATES HELD REASON

Irregular Trend Noted at Montreal Market Opening

NEW YORK, Dec. 10.—Responding to favorable trade news and easier call money rates, stock prices displayed a firm undertone at the opening of today's market. Initial gains of a point each were registered by International Harvester and General Asphalt. Blocks of 1,000 shares or more were quite common in the early trading, with indications that pots were again active on a broad scale.

ADVERSITY MARKS LUMBER INDUSTRY

Sales Large But Prices Are Forced to Comparatively Low Levels

TORONTO, Dec. 10.—Lumbering has been conducted under adverse conditions for nearly three years, for while sales have been large, over-production and the present levels which some stocks are presently found and the expectations entertained that many issues will be sold at a profit are being disappointed. Many investors and traders are waiting for a better opportunity to buy securities, which they believe will be sold at a profit.

MONTEAL MARKET

CLOSING STOCK LETTER

NEW YORK, Dec. 9.—The large increase in the price of the stock early in the afternoon when it climbed above the level of the market. Coming at this time, together with the easing of money rates to 4 1/2 per cent from the previous rate of 5 per cent, it resulted in a considerable improvement in the sentiment throughout the street, and all leading stocks were in fair demand during the afternoon. Eastern and northwestern rail stocks, particularly Lehigh Valley, Reading and Great Northern preferred, sold at considerably higher prices during the afternoon. Here and there a stock showed profit-taking, WKM, for instance, was in supply. But, on the whole, we think stocks continue to hold their own well and we look for a further advance in the next few weeks from the various issues which we have been recommending recently.

167 Factories Out of 176 Increase Production by 100-094 Pairs

MONTEAL, Dec. 9.—The statistics of boot and shoe production for the month of October are based on the returns of 167 factories out of a total of 176 factories in operation in Canada during the month. Two factories in Quebec and one in Ontario failed to make returns. The number of pairs of leather and felt footwear during October was 1,147,788—an increase over the preceding month of 10,000 pairs, or 0.8 per cent. Classified according to kind, increases were shown for men's and boys' footwear for men and for ladies' and infants' footwear. The classification according to process of manufacture gives increases for "Oxford" and "imitation" styles, "pergued, screw or wire fastened" and "leather" styles, and decreases for "wells" and "turns". Felt footwear shows increases for all kinds excepting the classification of boys' and girls' styles.

Brokers' Opinions

NEW YORK, Dec. 10.—Fenner & B. looks as though the market would go into an upswing before reacting to any extent. "The current rally in the general list has little promise of carrying very far." Pyenson—"We do not believe that any general selling movement is at hand. However, a highly selective movement is at hand. If there are any balance between purchases and sales it would seem to us that the former position is still giving the best results." Block Maloney—"The underlying basis of stocks is strong and before long we look for another upswing helped along by the large amount of funds awaiting investment."

Motor Movements

NEW YORK, Dec. 10.—Wall Street pays so much attention to the motor shares and to the developments in this industry that it is not always interested at the moment in the manner in which the various companies are keeping such close tabs on each other. There has not been a time in the history of the industry when competition has been so close as at the present time. It was regarded as wholly unusual, therefore, that such items as new models, price adjustments and selling methods of the various companies should be watched by their competitors with what has been termed in Wall Street the "eagle eye."

NEW YORK BANKERS ACQUIRE VICTOR CO. Speyer and Seligman Brothers Buy Control Held by E. R. Johnson

NEW YORK, Dec. 10.—Speyer & Co. and J. W. Seligman & Co. have bought the Victor Talking Machine Co. of Camden, N. J., from the Johnson interests, which controlled the company. At the offices of the bankers the report was confirmed and the bankers added that the continuity of the present management would be preserved and that a further announcement would be made in a few days. The company has some \$2,000,000 in stock outstanding, which means that the purchase will eventually call for about \$40,000,000 in cash.

RUBBER PRODUCERS POOL ADVOCATED London Paper Makes Suggestion to Counteract American Move

LONDON, Dec. 10.—The Sunday Observer's financial article advocates an attempt to form a rubber producer's pool. It says if the latter is to be successful it must be based on the United States consumer's plan to assist the Stevenson plan to achieve its original object, namely, to stabilize the price of rubber on a basis fair to producers and consumers alike. It says that the Stevenson plan, combined buying should meet with some success, but that the Stevenson pool strong enough to withhold supplies from the market should be a success.

LIQUOR ON DECK IS WASHED AWAY

Schooner Caught in Heavy Storm From St. Pierre, Miq., to Yarmouth

YARMOUTH Dec. 9.—After a fourteen days passage from St. Pierre, Miq., during which the vessel encountered all the gales and heavy storms which have swept the north Atlantic during that period, the Isaac Harbor, 38 ton schooner Marion Phyllis, Captain F. C. Kirk, put into this port today.

Like the crews of run running craft, there is a certain amount of reluctance regarding their experiences at sea, but notwithstanding that, the Marion Phyllis shows the buffeting the craft received.

When the vessel sailed from St. Pierre it carried a full cargo including a deckload of liquor but on arrival here reported at the customs a little more than 1,200 packages. The deckload went by the board during the terrific storm of Monday.

The schooner's sails, particularly the jibs, are very badly torn and there are many other evidences of the rough passage the craft encountered.

The Marion Phyllis is an old Yarmouth vessel, formerly the Will O' The Wisp, and was built at Pubnico in 1868.

WEATHER MAN'S ASSISTING IN HOLIDAY TRADE

Christmas Displays in More Saint John Stores Told of

The weather man continues to assist the Christmas shopper and also to favor the storekeepers by providing delightful winter days that make it a pleasure to be out doors on a route of if the store where so much is displayed for selection in the giving of Christmas presents. The holiday spirit is being intensified as the great day draws near. Here are some further good things seen. Times-Star reporters on shopping tour.
J. MARCUS & CO.
A veritable fairland for Christmas shoppers is represented at the store of J. Marcus and Company, Chesterfield suites, cedar chests and floor and table lamps of many types are featured. Attractive window displays give the shopper a fair idea of what awaits within.
Ladies' sewing tables, smoking stands and smoking outfits of many styles and in the large number of fitting gifts that may be secured there. A special gift department, in keeping with the holiday season, has been opened featuring many novelties from foreign countries. The shopper will find a visit to this department fruitful. Tapestries and rugs of high quality and exclusive patterns are arranged in attractive displays throughout the building.
The firm is carrying an exceptionally heavy stock this season, considering that the Christmas business this year will exceed all previous years. Although the shopping has not really commenced in earnest, J. Marcus said that advance orders bore out their opinion that business was on the up grade in this city.

N. B. POWER CO.
This year's stock of electric fixtures and equipment offered to the public, is the result of a careful survey regarding the householders' requirements, said R. A. McAvity, manager of the commercial department at the N. B. Power Co. The inspection of the spacious showroom confirmed his statement, for there is a large assortment of electrical appliances tending to diminish kitchen and household drudgery greatly. Utility gifts include electric ranges, gas heaters for hot water boilers, electric irons and washing machines. The feature in the cooking line is the gas oven-heat-control range, whereby a turn of the heat regulator prevents the over cooking of the food beyond the required degree. Electric grills, and toasters will assist the shopper with the gift problem. Floor lamps, bridge, boudoir and table lamps, with dainty shades of silk, parchment, and tinted glass, in elaborate settings, reminds one of many enjoyable evenings. For the Christmas tree, there are many useful gifts, such as heating pads, portable heaters, vibrators, flashlights and adjustable Christmas tree lighting sets, in unique designs and color effects on the new room, near the main entrance, a cozy rest room, for the tired Christmas shopper, has been furnished.

A. E. EVERETT.
An attractive store for the Christmas shopper is that of A. Everett, with entrances in Charlotte and King streets. The window displays here will be found a suitable gift for every member of the family, for they are so young to know what it is all about, to the oldest.
For the kiddie, Santa Claus has a large assortment of sleds, baby sleighs, kindergarten sets, housekeeping sets, toy autos, scooters, etc., at prices which these will be found in the King street store.
For father, brothers or best fellow is a fine assortment of smokers' sets which will delight the heart of any man. For the ladies it is possible to choose a fine cedar chest, cedar lined, or all cedar, and every woman would like one or more of these sets in complete, and this year many are giving a suite for Christmas. In fine bearing and dining furniture, the fine goods on display are finding much favor. The firm also carries a large stock of household necessities, including electric stoves and washing machines. In their carpet department, they have a large stock from which to choose.

H. M. HOPPER
The store of H. M. Hopper, Dock street, presents an excellent opportunity for those seeking Christmas gifts in the electrical line. The arrangement of ceiling and wall fixtures is most artistic. An especially attractive corner, is that where the floor, and small portable lamps are exhibited. These come in all sizes, shapes and design according to cost. Large show cases contain numerous lamp shades, and bowls, of parchment and art glass, some of which are hand-painted. Electric ranges, washing and ironing machines, vacuum cleaners, set-in grates and portable heaters, no doubt will receive due attention from the shoppers. Radios, from two up to eight tube sets, with guaranteed service, are ideal gifts this season. The Christmas tree lighting sets, the latest vogue in tree trimming, are displayed in many designs and appropriate coloring. It is a very attractive display of all-year-round goods and specialties for the Christmas season.

14 Years Bishop

Rt. Rev. E. A. LeBlanc.

BISHOP CELEBRATES 14th ANNIVERSARY

Rt. Rev. E. A. LeBlanc Celebrant at Special Mass in Cathedral Today
Fourteen years ago today Right Rev. Edouard LeBlanc was called to the episcopal see of the diocese of Saint John, and became the fifth bishop of that diocese. This morning at 8 o'clock His Lordship was the celebrant at an anniversary mass in the Cathedral of the Immaculate Conception in honor of the event, and vesper this evening will be sung also to mark the anniversary.
During the day Bishop LeBlanc was the recipient of many messages of congratulation and best wishes.
Bishop LeBlanc was born on October 15, 1870, at Weymouth, N. S., of Acadian descent. He was educated in the public schools at St. Joseph's College, Memramcook, and at St. Anne's College, Church Point, N. S. He followed his theological studies at Holy Heart Seminary in Halifax, and on June 29, 1898, was raised to the priesthood at Weymouth, N. S., when he was appointed Bishop of Saint John in 1912. He arrived here on December 3, and was given a notable reception by the Catholic clergy and laity.

MET AT HAMPTON
A party, including Rev. Fathers H. D. Cormier and L. L. Charavoyne and Chief Justice Landry, accompanied the Bishop-elect from Moncton. They were also on the occasion of the reception of the Saint John clergy and laity, and consisting of Very Rev. W. F. Chapman, V. G., administrator of the diocese; Very Rev. John Hebert, V. G., of Burdock, and W. J. Mahoney, V. G., of the St. John's diocese. The Hon. J. B. G. G. of Burdock, and W. J. Mahoney, V. G., of the St. John's diocese, the late Dr. R. F. Quigley, the late James Barry and Dr. C. M. Kelly, were the guests of the day reception committee.

Victoria Street Fireside Club Event Enjoyed
The Fireside Club of Victoria street Baptist church held a very successful fireside party yesterday evening in the church hall. The decorations were red, the color of the club. Red streamers and red paper lanterns, and red shades covered the lights. The tables were decorated with red candles in all varieties of shapes and centered with a vase of red roses.

As Hiram Sees It
"Here goes more men an' women an' children up river in boats," says I to the town feller—platin' to the patch of moonlight on Long Reach. "Them," says he, "is the ghosts of the Loyalists that went up to St. John's—on—in October, 1783. Lodewick Fisher was among 'em an' his son Peter wrote a history of 'Noo Brunswick' 'bout about what them Loyalists suffered. They hed to build huts of logs or bark—or live in tents—ranked with snow—an' the winter sot in early an' the river froze an' they was short of supplies. An' they was folks that wasn't used to that sort of life. We orto be proud of 'em. They sometimes hed to keep wood fires goin' all night—an' heat boards to warm the bodies of the shiverin' children. They hed no good houses—they hed to keep cuttin' wood all the time—they hed to hunt to get fresh meat—an' live on mighty little till the river opened in the spring. Six inches of snow fell on the second day of November—an' it piled up all winter. Many of the 'wokers' 'olks died an' they was no minister to bury 'em. Them was their ghosts we jest seen in the moonlight on the river."

NEW CHURCH AT EAST SAINT JOHN IS DISCUSSED

Presbytery Committee Appointed to Confer With County Secretary

The erection of a new church building at East Saint John was discussed at some length at the afternoon session of the Saint John Presbytery yesterday.
Several members of the committee, including Rev. E. E. Styles, Rev. R. G. Fulton and Rev. H. A. Goodwin, were of opinion that the people of East Saint John, by misunderstanding previous conversations on the subject, thought a new church should be erected at the expense of the Presbytery. They declared they were ready at all times to assist the people of East Saint John, but first the people must put every effort in their power to show results, warranting heavy expenditure in their field.

TAX MATTER
Taxes on church property was next taken up. The matter was finally disposed of by the appointing of a committee to confer with the county secretary. The name of Rev. O. H. Peters son, transferred to the Presbytery Macklin, Saskatchewan, where he is stationed. Mr. Peters was formerly pastor of the United Baptist church, Long Reach, on the Saint John River.
The report from the Standing Orders Committee was read, accepted item by item, and adopted as a whole. During the reading of the report of Home Missions the Presbytery was informed that the grant of \$200, as requested by Zion church, had not yet been received and there was talk of the church being closed.
In reply to this, Rev. Mr. Fulton emphasized the fact that it would be well to go carefully as regards the closing of this church, as there were possibilities of serious legal action might arise. On Mr. Fulton's recommendation, seconded by Rev. Mr. Styles, a committee was appointed to enquire into the Zion church situation and report back to the Presbytery. The committee was also appointed to deal with all matters.

PROF. J. C. SIMPSON TALKS ON ATHLETICS

Tells Other Y's Men of Dangers Connected With Sport
"Some dangers connected with athletics" was the subject of a forceful address given by Prof. J. C. Simpson, of the medical faculty of McGill University, at the weekly supper meeting of the Other Y's Club of the Y. M. C. A. last night, when Douglas Angevine, in the chair, was in the chair, and Professor Simpson is in Saint John attending the meeting of the C. A. A. of C. as the secretary and representative of the Canadian Inter-Collegiate Athletic Union, which convenes at the University of Toronto, McGill and Queen's. J. H. Crocker, national physical director of the Y. M. C. A., who is a native of St. Stephen, N. B., was also present at the gathering and was introduced to the members.
Professor Simpson spoke of the desirability of having sport "Simon Pure" amateur. He told of the feeling of the universities in the matter and said that the Universities believed athletics should be part of the regular education system, because of their far-reaching effect.
Participation in good, clean sport was considered to have a real educational value and it was most important that the student should be interested in the game and not for financial gain or for any other similar motive.
Hearty thanks were extended to Professor Simpson for his splendid address.

TO QUIT HOSPITAL

John B. Armstrong, of Apohaqui, trackmaster on the St. Martins Railway, who suffered very serious injuries when a speckle he was driving came into collision, has so far improved that it is expected that he will be able to leave the General Public Hospital, Saint John within a day or two. He has been under treatment here for several weeks and has made splendid progress.
