PLAY BALL! BIG LEAGUES START TODAY

Games in Eight Cities in United States This Afternoon

GIANTS AND PHILLIES

Washington Gets Star Pitcher Johnson—Halifax Only Maritime Province City to Send Men to Canadian Boxing Championships in Toronto Tomorrow

(Canadian Press) New York, April 12.—Baseball came into vogue for 1911 today with the beginning of the major league season in eight cities. The Giants opposed Philadelphia in the opening today and Manager Dooin of the Phillies early announced that his pitcher selection would be Earl Moore with the player-manager himself at the receiving end. Moore was less communicative, but there were indications that Ames would oppose Moore with Myers to catch him. In Boston the season will open with Brooklyn National League as the Doves' opponents. Washington will entertain the Boston Red Sox. President Taft being on the programme to toss the ball to the diamond from his private box in the new concrete grand stand. The Washington team is expected to have its best season in the American League. A number of addresses were made at the club earlier in the season, but with the arrival of Walter Johnson, the star pitcher today, and with the completion of the new stands replacing those destroyed by fire nearly a month ago, all of the troubles of the management seem to have been swept away.

Canadian Boxing Championships Toronto, April 12.—Halifax will send the only maritime representative to the annual Canadian boxing championships, which will open on Thursday evening. The total entries stand at seventy. Every class is well filled, the heavy-weight looking large, even though it is the smallest. The competition will meet tomorrow morning to make the draw and it will require some calculation to get through the preliminaries on Thursday night. Sixteen candidates were in the light-weight class with sufficient for two nights' show in themselves. In the 125 pound class, Richard Crane is entered from Halifax. He is a son of the crew of the H. M. S. Niobe. A. Stillwell is the Halifax entry in the 135 pound class. Peter McEwen in the 145 pound and Henry Perry will compete in the 168 pound and heavy-weight divisions. None, Alaska, April 12.—A. S. (Scotty) Allan, driving a dog team entered by Mrs. C. E. Darling of Berkeley, California, won the all-Alaska sweepstakes, coming into Nome late last night after covering the 412 miles to Canada and return in 81 hours and 40 minutes.

DEATH LIST TWENTY ONE Victoria, B. C., April 12.—(Canadian Press)—The names of George Webber, of Pittsburg, Mr. and Mrs. N. W. Green and P. Green, recent arrivals from England, and William Aitken, of Vancouver, were added last night to the list of those drowned in the foundering of the steamer Iniquis last Monday, bringing the total number of known dead to 21.

Ottawa Address to King George Ottawa, April 12.—(Canadian Press)—The board of control yesterday afternoon granted \$500 for an address to King George on the occasion of the coronation. The question of sending a civic representative to London has not yet been taken up.

WEATHER BULLETIN Issued by authority of the department of Marine and Fisheries. R. F. Stupart, Director of meteorological service.

9 A. M. WEATHER REPORTS. Table with columns for location, temperature, wind, and weather conditions for various cities like Toronto, Montreal, Quebec, etc.

Forecast—Fine and cool, Thursday, fresh or strong easterly winds, fair at first showers at night. Synoptic—Snow is falling in Alberta and Saskatchewan and rain in western Ontario. Fine weather prevails elsewhere. To Banks moderate northerly winds. To American ports, winds becoming fresh easterly.

Local Weather Report at Noon. April 12, 1911. Highest temperature during last 24 hrs 36. Lowest temperature during last 24 hrs 24. Temperature at noon 38. Humidity at noon 88. Barometric readings at noon (sea level and 552 degrees Falt), 30.07 inches. Wind at noon: Direction, N. Velocity, 8 miles per hour. Clear. Same date last year: Highest temperature, 38; lowest, 28. Cloudy and snow, clearing at night. D. L. HUTCHINSON, Director.

P. E. I. WOULD BENEFIT GREATLY BY RECIPROcity

Views of Farmers, Business Men and Fish Dealers—See Great Increase in Prosperity

(Special to Times)

Charlottetown, P. E. I., April 12.—There is a strong feeling in Prince Edward Island in favor of reciprocity. A certain number argue against it purely for political purposes when in their hearts they are in favor of it. The press are practically all arrayed on the side of reciprocity. The organ of the Conservative party—the Examiner, has touched the question lightly. Of course for political reasons it could not remain entirely silent, but its hostility to the movement has been somewhat lukewarm. The Patriot, organ of the Liberal party, and the Guardian, independent, are earnest advocates of the agreement. Many men are viewing the subject from an economic standpoint, and apart from politics, the opinion is that the island has nothing to lose and everything to gain in the proposed arrangement. A number of prominent business men have expressed themselves in such terms as the following: "Notwithstanding the duty against our potatoes of 25 cents a bushel, almost every year shipments have been made to Boston. With this duty removed, we would have a paying market in the United States for our exports of potatoes, turnips, vegetables and hay would also be greatly increased. We have shipped hay to Boston this year and with the completion of the new steamer line, it would have been considerable. Taken together the new schedule will revolutionize the island trade." (Continued on page 4, fourth column)

TORY GALUMNY NAILED BY DR. PUGSLEY

Dredging Started at Bathurst Before Contract Was Awarded Will Not be Paid For

(Special to Times)

Ottawa, Ont., April 12.—Another conservative galumny was nailed this morning by Hon. Dr. Pugsley in the public accounts committee. He stated that the government had a good deal to say in the opposition press against him on account of the Messrs. Loggie commencing dredging operations at Bathurst two weeks before the contract was awarded to them. Dr. Pugsley said that the opposition appeared to have jumped to the conclusion that, because this had been done, it had been paid for. The fact was that, though the value of the dredging done during the two weeks was estimated at \$11,000, he had not paid for it and did not intend to do so.

SERIOUS DISORDERS IN THE CHAMPAGNE DISTRICT OF FRANCE

Danery, Dept. of Marne, France, April 12.—(Canadian Press)—The champagne riots, which began in this department yesterday, were continued this morning by the excited populace. Wine cellars are being destroyed and the disorder is spreading in spite of the presence of troops called out to preserve order. The trouble in this department started yesterday on the receipt of news from Paris that the senate had passed a resolution in favor of the suppression of limitations of the area in which wine can legally be designated as champagne. Seven thousand vine growers left here this morning marching on the Epervan, four miles distant, to destroy the wine cellars there. The manifestants were admirably organized and were armed to a pitch of fever in the justice of their cause. During the progress of the advance they sang revolutionary hymns and waved red standards. They tried to disown the government which they affirm has abandoned them to ruin. They declared the government acted as a result of the steps taken by the makers of inferior grades of wine. The column had reached the town of Ay at noon, co-operating with another band which had reached Ay from a different direction. The rioters proceeded to Veneuil where they destroyed the huge wine presses. Troops which had hurriedly been dispatched to Veneuil, charged and dispersed the mob, but not until the manifestants had accomplished their purpose. The attorney-general went to Veneuil by automobile today with the object of investigating the situation, but was unable to advance through the streets because they were piled high with broken champagne bottles.

Church and State in Portugal

New York, April 12.—(Canadian Press)—A special cable from Lisbon says: It is stated that all the bishops of Portugal having received instructions from the Pope to accept the separation of church and state, have notified the provisional government of their acceptance of the new situation, in view of the government stipulating life pensions for all the clergy according to the positions they held. The despatch with the Holy See, which was feared, has now, if it considered, been averted. The friendly attitude of the clergy has caused general satisfaction.

Great Works on Black Sea

St. Petersburg, April 12.—(Canadian Press)—The budget committee of the Duma today approved the grant of \$25,000,000 for the construction of warships and naval works for the Black Sea.

OVERTURES FOR PEACE TO MADERO

Mexican Insurrecto Leader Repeats the Demands Already Made

FIRST MEETING

Result Pending, But Announcement May Be Made in a Few Days—Meanwhile, Madero Says the Only End is Victory for His Cause

(Canadian Press)

Madero Camp, west of Bustillos, Mexico, April 11, via Laredo, Texas, April 12.—Peace overtures, for the first time since the Mexican insurrection began, were held before Francisco I. Madero, the insurrecto leader, at his camp west of Bustillos, Texas. The result is still pending with a prospect that he will either reject or accept the proposals within a few days. The preliminaries are of an unofficial character, but are looked upon as possibly opening the way for more direct negotiations between Senor Madero and Mexico City.

Frederick Mory, a merchant, went to Mexico City, where, he says, he held a conference with government officials relative to peace. Minister Limantour is said to have been one of those consulted. Senor Mory said that the government had already made great concessions, and it was hinted that even greater changes pertaining to the presidency and vice-presidency were discussed. Having to Ojizahu, Senor Mory was joined by J. F. Heffert and today they drove in an automobile to Madero's camp. Madero the telegraph wires in Ojizahu were hooked up with those in the field controlled by Madero and messages were sent advising the insurrecto leader of the coming of the messengers. So eager was Senor Madero to hear proposals that he halted in his march to Casas Grandes region, and with a force of men, returned to a point near Bustillos. The meeting took place as Madero sat surrounded by his staff.

Asked on what terms he would conclude peace, Senor Madero said he would accept demands already made. He was told the war was causing great hardships, that there was no money, and that the people were suffering, not only those fighting but to non-combatants. He replied he was limited that even greater changes pertaining to the presidency and vice-presidency were discussed. He said he would accept demands already made. He was told the war was causing great hardships, that there was no money, and that the people were suffering, not only those fighting but to non-combatants. He replied he was limited that even greater changes pertaining to the presidency and vice-presidency were discussed.

A conference was then held with the statement that possibly information might be given out later. Senor Madero's representative would enter the besieged city of Ojizahu, Mexico, within five days. Day by day the conditions were felt to be closing and after a brief fight all bullets, the trenches were advanced until night, the last possible link to the American shore, and the only source of supplies for the beleaguered garrison. Benito Hernandez, provisional secretary of state for Chihuahua, has established headquarters in the camp of General Sanchez. He declares all talk of peace at this time unauthorized. "Why should the progressives also hold a lost when everything is in their grasp," he declared.

THREE TIMES MARRIED; ENDS LIFE AS SUICIDE

Schoensted, N. Y., April 12.—(Canadian Press)—The Hon. Jacob W. Clute, three times married, died at his home here this morning, while suffering from a heart ailment. He was sitting at the door with a body of execution for him, growing out of alleged irregularities in the handling of an estate.

WOMEN MAYOR AND CHIEF OF POLICE

Hillsdale, Kansas, April 12.—Mrs. Ellen Wilson took her seat as Mayor and presided over the city council for the first time last night. Mrs. Wilson said that she would appoint Mrs. Rose Osborne, defeated candidate for police judge, to the office of chief of police.

FEAR TRAWLER IS LOST WITH ALL ON BOARD

Canadian Press—A fishing smack which has arrived here from Iceland reports finding an empty rowboat belonging to the steam trawler Burgomaster Richard, which is believed to have foundered off the Shetland Islands. The trawler was commanded by Capt. Boss and carried thirteen men.

FEAST OF PASSOVER

The Jewish feast of the Passover will commence at sunset today. It commemorates the deliverance of the Israelites from Egyptian bondage, which is celebrated by the Jewish people all over the world for a period of eight days. All work is prohibited during the first two days and two days of the feast. It is called by some the feast of the unleavened bread. Special services will be conducted by Rev. Bernard L. Andler in the Hazen avenue synagogue tonight and tomorrow morning, and also on Friday morning. On Friday morning the rabbi will deliver a sermon on Modern Slavery. All of these services, except the hymns and lectures, will be in Hebrew.

KILLED BABE; MOTHER TO JAIL

Ontario Girl Given Seven Years for Manslaughter—A Goderich Murder Trial

Barrie, Ont., April 12.—(Canadian Press)—Pearl South, of Goderich, charged with the death of her infant child, pleaded guilty to manslaughter and was sentenced to seven years in the penitentiary. Justice Tetral, yesterday afternoon. Goderich, Ont., April 12.—Late yesterday afternoon the grand jury in the trial of Edward Jardine, charged with the murder of Elizabeth Anderson, returned a true bill for murder and the trial will proceed today. The trial of George Van Stone for the murder of his son will not take long. It is probable that he will be sent to an asylum.

ANXIOUS TO BE PART OF CANADA

Toronto Man, Back from Bahamas, Says Feeling on Islands is Strong for Annexation

(Canadian Press)

Toronto, April 12.—That there are scarcely two opinions in the Bahamas islands on the question of annexation to the Dominion of Canada is the settled conviction of Dr. W. W. Ogden, of Toronto, who has returned home after a stay of five weeks in the island. "I mingled a good deal with the people both white and colored, but I did not hear an unfavorable criticism," said Dr. Ogden. "There was an almost uniform desire to join with Canada and the interest shown in the subject was intense. Every intelligent man I met spoke very hopefully of the prospect of annexation, and the general idea was that it would start a new regime of prosperity and progress."

THE COAL STRIKE IN CANADIAN WEST

Government Labor Department Agrees to Request to Await Result of Miners' Meeting Tomorrow

(Canadian Press)

Ottawa, April 12.—Hon. McKenzie King will comply with a request from the Alberta miners that the labor department take no action regarding appointment of a commission to investigate the strike pending the holding of a miners' meeting on Thursday night.

KILLS HER DAUGHTER

Twelve-Year-Old Girl Strangled By Mother in Dorchester

(Canadian Press)

Boston, April 12.—During what is believed to be a fit of insanity a woman, Mrs. Clara Russell, strangled her 12-year-old daughter Marjorie to death in her home in Dorchester today. Mrs. Russell told the police that as she tightened a towel about Marjorie's throat while the child was asleep in bed, the latter awoke and begged the mother not to kill her, but the woman did not heed her appeal. Mrs. Russell will be arraigned on a murder charge during the day.

RAILWAY CLERK IN MONGTON AWAY; TALK HAS RESULTED

(Special to Times)

Moncton, N. B., April 12.—A clerk in the C. P. R. freight office who has been in a prominent position left the city a few days ago and has not yet returned. The report is that he has left several creditors. He is married, with a family. It is said he has gone west. A new court of the Catholic Order of Foresters was organized on Beauséjour Hill last night, by Chief Ranger Albert Simmes, of St. Bernard's Court. The new court is to be known as Bellefontaine No. 122. About fifty charter members were initiated.

SOME DUTIES REDUCED; OTHERS ARE HIGHER

San Salvador, April 12.—(Canadian Press)—The new tariff has been approved by congress. It provides for a surtax of 20 per cent gold on many imports. Cotton bolls of all descriptions, threads, elastic leather, and articles for the manufacture of soap, such as stearin, soda and potash, have been reduced. Quinine will be admitted free. In the matter of exports an extra duty of 81 cent (104 pounds) has been placed on rice, hides and rubber, 81 on raw tobacco, and 45 cents on sugar. Coffee next season is to pay 20 cents extra.

New Swimming Record

New York, April 12.—C. M. Daniels, the world's champion amateur swimmer, succeeded in his effort to establish a new record for the 200 metres swim, clipping the time of a second from the former world's figure, in the New York A. C. City, already had decided upon reciprocity, and the time was 2 minutes and 28 seconds.

THE HYDRO POWER BILL GOES OVER

Information Too Indefinite is Decision of the Corporations Committee

VOTE IS 12 TO 8

Manganese Company Bill Also Shelved—House May Wind Up Business Tonight and Prorogation Take Place Early Tomorrow—The Vote on the Power Bill

(Special to Times)

Fredericton, N. B., April 12.—Principally because there were no plans, and specifications of the proposed power works at Lepreau, the Hydro-Electric power bill was thrown out by the corporations committee this morning. The division was 12 against and 8 for. Premier Hazen Hon. Messrs. Fleming and Maxwell voted for recommending the bill to the house, while Hon. Mr. Grimmer and the other Charlottetown members were against. Among those who appeared in support of the measure was A. R. Gould, of trolley railways fame; J. E. Wilson, of St. John, who introduced the bill in the legislature, held to his contention in the house yesterday that the plans and specifications must accompany applications for power privileges. The same sad fate awaited the bill in the corporation of Van Horn and F. S. Pearson and others as the Manganese Company bill, with power to purchase everything but the moon. The committee gave this bill short consideration and speedy death. Unless there is prolonged discussion on a few bills the legislature may get through tonight. If so, prorogation will take place early tomorrow. Dr. Daniel, M. P. for St. John, is in the city.

EXCOMMUNICATION

Bishop Archambault Gives Notice of Stand in Reference to Secret Societies

Mulch, Que., April 12.—(Canadian Press)—Such comment has been caused here by the announcement of Bishop Archambault giving formal notice to the faithful that he would publicly excommunicate all who were known to be members of the organization condemned by the church. He added that at the expiration of five days he would take action, and would not be deterred therefrom even by threats of imprisonment or other punishment.

SMALLPOX OUTBREAK

Brookville, Ont., April 12.—(Canadian Press)—Smallpox has broken out in three families at Brookville in the township of Augusta and a short quarantine has been enforced. A spread of the disease, which is of a mild type, is anticipated as the patients have been exposed. One school in the neighborhood has been closed.

CHILDHOOD SWEETHEARTS; WED AT 73 AND 68

Middlefield, Conn., April 12.—Miss Loretta Rockwell, aged 68, town librarian, and Orry Scott, aged 73, of Haddam, were married in the local Methodist Episcopal church Sunday evening. Mr. Scott was Miss Rockwell's childhood sweetheart, but only recently did she consent to become his wife. The church was crowded and in order that those present might witness the ceremony the church services were interrupted.

MAINE SENATOR DEAD

Baldwin, April 12.—Heart disease caused the death of State Sen. Benjamin Hamilton, yesterday, at his home here. He was taken ill while attending the legislature last February, was brought to this city and never recovered from the attack.

PEOPLE OF NOTE

Times' Gallery of Men and Women of Prominence

READY FOR RECIPROcity BILL IN CONGRESS TODAY

(Canadian Press) Washington, April 12.—With the legislative plan of procedure arranged by the democratic majority in last night's caucus, the house of representatives today was prepared to witness the introduction of the Canadian reciprocity bill, the substitute for the McCall bill of the sixty-fourth congress. Chairman Underwood of the ways and means committee, was expected to send in the bill which would be referred probably to be called upon when the legislative body will be swept for the initial important action of the extraordinary session of the sixty-second congress.

The caucus determined to push reciprocity and free list bill, but it was left to the ways and means committee to decide upon the priority of the two measures. This committee, by a considerable majority, already had decided upon reciprocity, and the first measure in tariff legislation, the free list bill will be referred after a 29 caucus to be held two weeks hence to revision of the wool and cotton schedules. Bills to be regarded as party measures pending for popular election of senators publicly, before a decision of campaign contributions and statehood for Arizona and New Mexico, already have been introduced in the house and action on them also is to be hastened by the majority leaders. In the course there was no opposition to Canadian reciprocity and no change or amendment to the bill as presented by Chairman Underwood of the house ways and means committee were offered by any of these caucuses. The caucus added a provision to the Underwood reciprocity bill calling upon the president to continue negotiations with Canada with a view to establishing further reciprocity relations. Mr. Fitzgerald, New York, found this provision but he was voted down. The caucus voted a strong endorsement of the Underwood reciprocity bill 129 yeas and 129 nays.

IMPORTANT MANUSCRIPT UNDER HAMMER

The Original Legal Settlement Constituting a British Army an Elaborate Document

(Canadian Press)

London, April 12.—A manuscript of the highest importance will be sold at Sotheby's next month. This is the original legal settlement constituting the British army. Most of the authorities have long considered that the British army originated at the restoration in 1660, and the manuscript places this belief beyond doubt. The signature of King Charles II, occurs several times in the course of the document, which extends to twenty-seven pages of folio, elaborately and beautifully written on vellum, all the headings and capitals being engraved in black ink, heightened with gold.

HAS CAUSED STORM

London Cable Note on Using of Sinking Funds for Current Expenses

New York, April 12.—(Canadian Press)—The London correspondent of the Tribune cables: "The storm which has been raised by the discovery that officials of the treasury advised several large companies to withhold payments of the income tax until after the close of the financial year shows no sign of abating. 'There cannot be any question that the object of robbing the sinking fund was to provide funds to meet the exceptionally heavy expenses of the current year, and it is now shown that as a result of the treasury's action the income tax receipts for the first week in April totalled 23,300,000, whereas for the corresponding week last year the amount was only 21,700,000.'

CARPENGE TRUST PRESIDENT IN BANKRUPTCY COURT

New York, April 12.—(Canadian Press)—An involuntary petition in bankruptcy was filed here today against Wm. J. Carpenge, president of the failed Carpenge Trust Company, and now under indictment. The liabilities are given as \$5,000,000. Particulars in the fact sheet are: Payson Merrill was appointed receiver with a bond of \$100,000.

ENGINEER KILLED

Mobile, Ala., April 11.—(Canadian Press)—Engineer Aspar Adams was killed and five passengers and a baggage man and porter injured, none fatally, by the ditching of the northbound Mobile and Ohio passenger train No. 4, two miles south of Muldrow, Miss., yesterday afternoon. Heavy rains had softened the track embankment, part of which slipped away, derailed the engine and baggage car, the former turning turtle.

SMALLPOX OUTBREAK

Brookville, Ont., April 12.—(Canadian Press)—Smallpox has broken out in three families at Brookville in the township of Augusta and a short quarantine has been enforced. A spread of the disease, which is of a mild type, is anticipated as the patients have been exposed. One school in the neighborhood has been closed.

FISH SCAVENGER

While throughout the winter the supply of fish in the local market has been poor, the scarcity during the last week and the present one, has been very marked, and prices range high. The winds along the coast are given as partial calms for the scarcity.

TWO HUNDRED, MONEYLESS, EAGER TO GET \$25 FOR QUART OF THEIR BLOOD

New York, April 12.—Two hundred men called at Mount Moriah Hospital yesterday in answer to an advertisement offering \$25 for a quart of human blood. Most of them were penniless and all declared that the monetary reward was their sole consideration in applying.

READY FOR RECIPROcity BILL IN CONGRESS TODAY

(Canadian Press) Washington, April 12.—With the legislative plan of procedure arranged by the democratic majority in last night's caucus, the house of representatives today was prepared to witness the introduction of the Canadian reciprocity bill, the substitute for the McCall bill of the sixty-fourth congress. Chairman Underwood of the ways and means committee, was expected to send in the bill which would be referred probably to be called upon when the legislative body will be swept for the initial important action of the extraordinary session of the sixty-second congress.

The caucus determined to push reciprocity and free list bill, but it was left to the ways and means committee to decide upon the priority of the two measures. This committee, by a considerable majority, already had decided upon reciprocity, and the first measure in tariff legislation, the free list bill will be referred after a 29 caucus to be held two weeks hence to revision of the wool and cotton schedules. THE DUVEENS AVOID UNITED STATES CIVIL SUITS

Pay Government Sum of \$1,200,000—Art Works Will Be Released from Attachment

New York, April 12—The World prints the following: Duveen Brothers, art dealers of New York, London, and Paris, deposited \$1,200,000 last Saturday, through fiscal agents, in the U. S. treasury in this city. This great sum in currency was turned over to George S. Terry, assistant treasurer of the United States, full settlement of the claims against the Duveens for customs undervaluations.

DIAMOND POLISHING. One of the leading industries of Holland is diamond polishing, which is almost entirely concentrated in Amsterdam, the capital of the country, and the banking centre of all the Netherlands and her colonies.

The industry was started as early as the sixteenth or seventeenth century, but cannot be said to have been in a particularly flourishing condition until the eighteenth century, owing to the limited supply of the precious stones which were early part of the eighteenth century were brought the Amsterdam diamond polishing to the front, for a supply of rough stones was discovered in Brazil.

The industry was originally in the hands of the Guelphs, in 1725, however, at the time of the discovery of the Minas Geraes diamond mines in Brazil, the Portuguese Polish and German Jews greatly became interested in and eventually monopolized the trade, infusing greater activity into the industry by inventing secret methods of polishing and splitting diamonds.

From that time until the discovery of the South African diamond mines, the industry pursued a very varying course, and it was not until the late nineteenth century that it reached its present position of pre-eminence.

When the vast wealth of those untried Florida oranges, just arrived in Montreal, was discovered in 1870, the diamond industry really began to thrive, since within a year it was producing large proportions. There was a very prosperous period from 1870 to 1889, after which the government and the African mines was monopolized by the consolidation of De Beers Diamond Mines, Ltd., by Cecil Rhodes, who was curtailing the supply and raising prices.

It was about that time also that the United States put a somewhat high tariff on polished and cut diamonds, which materially decreased the demand for the Amsterdam product. A little later, however, the American tariff was again reduced and a greater business than ever followed with the United States.

The local industry was again severely affected by the Boer war, and by the financial depression in 1907, even in 1909, owing to adverse reports in the American press.

In 1907 the mills were almost at a standstill, but few men investing heavily in diamonds had not made small fortunes, owing to the remarkably quick recovery from the collapse in 1907 in the latter part of 1908 and good prices all through 1909. There are, perhaps, no industry more sensitive to financial conditions, or so susceptible to a sudden and marked collapse.

There are about 75 diamond polishing and cutting factories in Amsterdam, where diamond splitting, cleaving and polishing are done, utilizing about 8,000 mills. The number of cleavers employed is 150, polishers 470, making a total of not less than 600 skilled workmen employed all the year round. Taking into consideration the office staffs, and others dependent upon the industry for a living, there are from 15,000 to 20,000 persons, connected with the Amsterdam factories, not including hands employed in a few factories in the neighboring villages.

The rough diamonds from South Africa, which are generally shipped direct to London, whence they are purchased direct by local factories, or through diamond brokers who bring them over. The Brazilian diamonds are marketed in Paris, but they comprise only a negligible quantity of the world's supply, as the richness of those mines has been greatly exaggerated.

The consumption of diamonds in the Netherlands itself is not extraordinary, owing both to the economical methods of the Dutch people and their aversion to any showy display. The bulk of diamonds exported from Amsterdam go to the United States, the value, in good years, amounting to \$10,000,000 or \$12,000,000. An equal quantity are exported from Antwerp, about \$5,000,000 from France, and \$4,000,000 from Great Britain. Many of the stones shipped from the two last named countries, however, are really polished in Amsterdam.

It should not be forgotten that the finest diamonds in the world were polished in Amsterdam, such as the Victoria diamond, the President Heitz diamond, the beautiful Cullinan. The historical Koh-i-Noor, presented to Queen Victoria in 1850, was also polished from its rough form to a brilliant by an Amsterdam workman.

DEATHS. STEEN—in this city, on the 11th inst, after a short illness, William O. Steen, died at the home of his brother, James I. Steen, 34 Chapel street. He is survived by three brothers and four sisters. (Boston papers please copy.)

FUNERAL—Very suddenly, on April 10, Mary Louise, second daughter of Mr. and Mrs. F. H. Finley, Harding street, Fairville, aged six years and eight months. Notice of funeral hereafter.

IN MEMORIAM. ARMSTRONG—in loving memory of Harold Joseph Armstrong, died April 12, 1905.

CONDENSED ADVERTISEMENTS. Too late for classification.

PERSONALS. E. C. Chapman, of the head office staff of the Royal Bank of Canada in Montreal, arrived in Moncton yesterday and will spend some time at his parents' home there.

D. Pottinger, of the I. C. R., went to Montreal on Monday evening.

E. L. Borden, the opposition leader, and Mrs. Borden will spend the Easter parliamentary recess in Boston.

J. W. Hall, of Edmonston, N. B., is at the Queen's.

Sir Thomas Shaugnessy will return home about April 28.

Hon. L. P. Harris, commissioner for the G. T. P., was in the city yesterday and again this morning on the C. P. R.

Mrs. Stevens of Fredericton, accompanied by Master Lawrence Scott, arrived on the Montreal express this morning and will visit Mrs. W. Clark here for a few days.

Mrs. Nora Ritchie of St. James street, graduated from the Boothby Surgical Hospital, Boston, on April 1st.

Rev. Father Ryan, of Marysville, arrived in the city this morning.

Mrs. Henry Niles, of Douglas avenue, accompanied by her daughter, Miss Nettie, is visiting her sister, Mrs. Joseph Moore, Fredericton.

Mrs. D. A. Morrison, of Amherst (N. S.), arrived in the city on the C. P. R. last evening, and is visiting her father and mother here.

Mr. and Mrs. Benjamin Roden have announced the engagement of their daughter, Miss Annie May Roden, to J. McMillan Trueman. The wedding will take place soon.

Argentina has provided for its president, Dr. Jose F. Alvarez, one of the most elegant and sumptuous private cars in the western hemisphere. This car was built in Birmingham, Eng. It is 78 feet long and is mounted on two six-wheeled trucks. It contains a handsome observation room with a bay window in mahogany and equipped with a marble fireplace. There are three bedrooms and baths en suite and servants' quarters. The exterior is of steel, painted a cream white with gold trimmings. The entrance is in the middle of the car and the ends are rounded.

"Bill" Howard of Bonville, Vt., the champion bear trapper of the state, has caught 62 bears in the last twenty years. He caught last fall, besides three bears, 18 foxes, 23 coons and 28 skunks.

When boiling rice or beans, two things which will boil over, put in a lump of butter the size of a walnut and this will stop the trouble at once.

The Evening Times and Star

ST. JOHN, N. B., APRIL 12, 1911. The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH

New Brunswick's Independent newspapers. These papers advocate: British connection, Honesty in public life, Measures for the material progress and moral advancement of our great Dominion.

TWO PLANS COMPARED

The worst form of city government is that where each member of the city council represents a ward, and is only interested in getting as much as possible for his ward, in order that he may be re-elected year after year.

On the other hand, that form of city government is best where every member of the council recognizes his responsibility to the whole citizenship, and is under no obligation to listen to sectional appeals.

Under the commission plan of government, for example, each portion of the city is represented by the whole five commissioners. All of the St. John commissioners might live in Carlton.

When the commission plan has been adopted in St. John, and has been in operation for a year, those who now argue that

With a business administration at city hall, that matter of the transfer of the west side shore lots would have been settled many months ago.

If the citizens should vote down the elective commission plan next Tuesday, what sort of city government would they enjoy for the next few years?

There will be some new blood in the next city council. As this will be an important year in civic history, the best that is offered as aldermanic timber will be none too good.

Mayor Frink has been paid the well-deserved compliment of reelection by acclamation. The mayor, it may be observed, is a strong supporter of the commission plan of government.

Reciprocity is likely to be adopted by the United States congress in extra session, without any serious attempt at obstruction.

Who are behind the arrangement to have Conservative politicians from British Columbia make speeches in New Brunswick against reciprocity? In whose interest is an advertising and speech-making campaign of this sort being carried on?

Col. Sam Hughes should really be urged to run down to Mexico and snuff out that little war.

ODE TO ST. JOHN, N. B.

(On Reading of the Proposed Harbor Extension at Courtenay Bay). Open wide thine arms, oh City! Venue wedded to the sea— Sad Science loves in pity— Wooing waters, set thee free: Build thy docks both strong and sturdy.

True thou livest in tradition, And thy loyal blood we see; Vainly doth shee ambition, Is this pride of ancestry? No, thou must be up and doing, If but for another's sake; Truest pride is work pursuing, Work made worthy of thy great.

Hear'st thou sisters even knocking? Welcome to the sleeping gates, Here's gift to thee unloeking? Commerce comes but never waits— Hold with arms of steel thy power, Willing waters guard thy cause, Working for thee every hour; Like a true and faithful spouse.

Gifted daughter, proud and peerless! Let thy pride be in thy work, Speaking out so bold and fearless; When the wintry seas lurk: Build thy docks both strong and sturdy, Let thy ships of iron be, Canada must find thee worthy; Hark! she calleth out to thee! —EWIN BRUCE MacKINNON.

IN LIGHTER VEIN Miss Gushington—Are all your lovely poems the result of inspiration? The Corroded Post—No, Persephone.

HARD WORK. Miss Gushington—Are all your lovely poems the result of inspiration? The Corroded Post—No, Persephone.

YOU BET. Miss Gushington—Are all your lovely poems the result of inspiration? The Corroded Post—No, Persephone.

GETTING A DEGREE. He journeyed to college the pride of papa. The finest of hats that he ever saw, And when he came back was the joy of mamma.

He wore a new cap and a brilliant red sweater: The front was adorned with a monogram letter. Whatever you knew, why, he knew a lot better.

He'd a pin on his vest of the U. Get Along. And knew nearly all of the old college songs: That are sung by the up-to-date big college lads.

When he spoke of his finish 'twas easy to see. By the middle of June that he'd have his A. B. Then he took his exams, but he got no degree.

To be worth a small fortune, and yet live like a beggar, were the peculiar features in the life of an elderly man named Charles Phillips, who died recently in a cheap lodging house in London.

Boat Overhauling Time. Is now here and you will need MARINE PAINTS and HARDWARE to put your craft in trim for the season. We can supply you with just the right painting material for the work intended, such as Copper Paint, Liquid Paints, Japanol Enamel, Linseed Oil, Turps, Deck and Spar Varnish, Paint Brushes, Etc.

Are You Moving This Spring? If you are, it is worth your while to look carefully over your Kitchen Range and see if it will not pay you to replace it with a new, up-to-date one. Old Stoves very often do not do satisfactory work and burn too much fuel.

THE BAPTIST MINISTERS

(Maritime Baptist.)

Rev. A. C. Bustin, a New Brunswicker in Millinocket, Me., is having good congregations and a steady and satisfactory interest in all departments of the church work. New members have been received lately.

Rev. W. J. Rutledge, of Berwick, N. S., is another of our pastors who, by the professed generosity of his appreciative people, is enabled to anticipate the great pleasure of attending the Baptist World Alliance in Philadelphia.

Pastor C. H. Haverstock, of Nictaux, N. S., has been unable to do any pastoral work, since November 1, but is patiently looking forward to taking up the work in the summer. The pastors of the county have kindly given a Sunday each since January 1, and the church is looking to Acadia for a supply for a few months.

The Christian, one of the most widely known of the religious weeklies, published in London, England, has published two issues since the beginning of the year from the pen of Pastor A. Clark, Selkirk, N. S., the first, a missionary one, entitled The Coming King; the other, The English Bible.

Rev. C. W. Jackson, associate superintendent of Western Baptist Missions, is leaving the west. It is intimated that he will settle in New England.

Rev. M. E. Fletcher, field secretary for foreign missions, returned last week from Nova Scotia churches. He is now in Charlotte county, having been last Sunday in St. Stephen.

Rev. M. L. Grogg, pastor of the First Free Baptist church, Lunenburg, N. B., is having steady success in his work. He evidently has a finely organized church, with a large number of earnest workers.

Rev. H. B. Boyer has tendered his resignation of the First Free Baptist church, Cambridge, Mass., which he has been serving during his course at Newton Theological Seminary, to take effect June 1, when he is to come to Freetown, N. B. He is leaving a prosperous, united people who would be delighted to have him remain.

SALLOWS & CO.'S REMARKABLE GROWTH

You talk of St. John's future. Look at Messrs. A. J. Sallovs & Co., that enterprising manufacturing concern. Three years ago Mr. Sallovs and his wife commenced manufacturing ladies' neckwear at their home. After three months they were forced to enter on manufacturing in earnest, when they acquired quarters in Prince William street, where they employed about six hands. Their business grew so rapidly that they had to move from there to larger quarters on the corner of King and Germain streets, where they occupied one part of the Foster building, second floor.

Two years ago Messrs. A. J. Sallovs & Co., had installed the latest type of machinery for manufacturing frilling, etc. These quarters they found small and today they are occupying the whole of the second floor and employ thirty-six hands.

In addition to making ladies' neckwear this firm are now making men's neckwear and children's dresses and are the first concern to manufacture men's neckwear in the maritime provinces. The enterprise of Mr. Sallovs and the goods he manufactures should win for him the patronage of the local trade.

The manufacture of artificial woods from sawdust for mouldings and finishing and building materials has become rather extensive in Germany and France. For this purpose blood and solutions of glucose, flour and aluminate sulphate are the common agglutinants. These artificial woods take on a high polish and look attractive. Another artificial wood, known as xyloolith, is understood to be composed of sawdust and chloride of magnesium. It is said to possess the qualities of both wood and slate, and as such is suitable for window-casing, carved work, stairs, floors and sills.

Henry F. Dimock Dead

Henry F. Dimock, financier and railroad builder, died at his home in New York on Monday. He had been connected with many financial institutions as president or director, among them the Dominion Coal Co. and the Dominion Iron & Steel

Edna G. Weaver, 20 years old, who took examinations for seven civil service positions open to women at Kansas City, held first place in six of them and second place in the other.

And some men make a specialty of hunting for easy temptations to resist.

CAPTAIN OF THE BIG LINER ASHORE OFF FIRE ISLAND, N. Y.

New York, April 11—Captain E. Von Letten Petersen had the deck himself when the Prinzess Irene went ashore off Fire Island, L. I. The vessel was proceeding slowly, her sounding machine going and her commander's hand on the engine-room telegraph. The fog lay so thick that the lookouts on the vessel's forecastle head were invisible from the bridge, and Fire Island light might just as well have not been burning.

That quality of fog which distorts sound depends it altogether on the work in the darkness, and none on board the Prinzess Irene could hear the surf falling on Lone Hill beach a few hundred yards away. By his chart Captain Petersen believed that he had plenty of water underfoot.

In accidents of this nature it is upon the captain that the burden falls. His passengers look to him for protection and his employers to rescue their valuable property from total destruction.

BLOODY FEUD FIGHT IS ON

Two Deaths Already, in Kentucky Family War, From Bullets from "Devil Anse's" Gun

Lexington, Ky., April 12—(Canadian Press)—The call to arms has been sounded from the mountains to try to arrest "Devil Anse." Deaton and White, who were formerly close friends, fell out during the Hargis-Cockrell feud in which there were several assassinations. They have been bitter enemies ever since, and at the outbreak of open war, the families of the two men and their relatives took up arms for a bloody conflict.

Daily Hints For the Cook

CORNMEAL GRIDDLE-CAKES.
Beat two eggs light, and stir into them a teaspoonful each, salt and baking soda—the latter dissolved in a tablespoonful of boiling water—two tablespoonfuls of molasses, and one tablespoonful of melted butter or lard. Now beat in alternately a quart of buttermilk and a half cupful of flour. When smooth, add a large cup of steam-beat in enough cornmeal to make a good batter. Try a spoonful on the griddle, and if too thin, add more cornmeal.

CURRIED EGGS.
Boil eight eggs hard, and cut into thick slices. Cook together in a saucepan a tablespoonful of flour, into which has been stirred a teaspoonful of curry powder. Stir until smooth, then add a large cup of steam-beat in enough cornmeal to make a good batter. Try a spoonful on the griddle, and if too thin, add more cornmeal.

CREAM OF ONION SOUP.
Stew six onions until soft and rub them with the water in which they were cooked through a coarse strainer. Return to the fire and season with salt and white pepper. Cook together a tablespoonful of butter and two heaping tablespoonfuls of flour, and when blended pour upon them a pint of milk into which a pinch of baking soda has been stirred. Cook, stirring constantly, to a smooth white sauce, then add gradually the onion puree, boil up once and serve.

LUNCHEON CARAWAY CAKE.
Rub to a cream one-fourth cupful of butter, add gradually three-fourths cupful of sugar; beat one egg well beaten, and one-third cupful of flour mixed with one tablespoonful of baking powder, alternately with three-fourths cupful of milk, one tablespoonful of caraway seeds, three-fourths teaspoonful of vanilla and salt. Turn into buttered and floured cake pan sprinkle top with sugar, and bake. Remove from pan, cut in squares, and serve hot.

NUT CHOWDER.
Take one half pound of mixed nut meats which have been broken into small pieces. Put them in a saucepan and allow them to simmer for an hour and thirty minutes. Peel and dice several potatoes. Line the bottom of a kettle with a layer of potatoes, add a layer of the turnip and onion with a sprinkling of thyme, sweet marjoram, chopped parsley and salt, then a layer of tomatoes, and lastly the nut meats. Let simmer thirty minutes, then add one pint of milk and a little thickening.

WHAT'S RIGHT TO WEAR FOR EASTER

Women who have already visited our Spring Opening have found authoritative answers in our assemblage of New Spring Goods. Ready-to-wear Garments, Dress Fabrics, Millinery, even the little things, as Neckwear, Handbags, and so on, reflect with precision the latest Fashion dictates. With Easter Boxes Furnished

Manchester Robertson Allison, Limited

WHAT'S RIGHT TO WEAR FOR EASTER

Women who have already visited our Spring Opening have found authoritative answers in our assemblage of New Spring Goods. Ready-to-wear Garments, Dress Fabrics, Millinery, even the little things, as Neckwear, Handbags, and so on, reflect with precision the latest Fashion dictates. There are no fads among them, but such things as will proclaim you well dressed for Easter, and yet will serve you throughout the season.

YOUR EASTER COSTUME

You can make no mistake in choosing it here. The styles are right, the prices dependable.

Blue is a favorite shade for smart tailored suits, and our range includes everything from the light Alice Blues, Copenhagen, Coronation, to the darkest navy in Worsteds, Panamas, Venetians, Serge, etc., also an immense variety of greys, greens and blacks, in all the popular cloths and designs. Prices \$10.00 to \$40.00.

NEW GLOVES FOR EASTER

In Pretty Gift Boxes.

Well fitting and stylish Gloves, essential for the well dressed woman.

New Cape Gloves just arrived, of soft quality P. X. M. seams, Boulton Cut thumb, cage dome fastening, shades of \$1.00 pair.

French Kid Guaranteed Gloves, in tan and black, soft Glace Kid, \$1.00 pair.

Extra value Guaranteed French Kid Gloves, in large range of shades, navy, tan, champagne, green, white and black. Special \$1.25 pair.

EASTER HATS

Immense variety of shapes and styles, the small trim tailored models so in keeping with the tailor-made costume or the more dressy large drooping styles, massed with flowers and foliage.

Special reductions on pattern hats, exclusive models from the most approved fashion centres.

DANNY NECKWEAR

Styles that are Becoming.

All sorts of the season's novelties, peasant collars, dainty jabots, as well as the fine linen or pretty tailored stocks so becoming to the shirtwaist girl.

EASTER TABLE CLOTHS

Fine Linen Damask Table Cloths, assorted floral bordered designs, large size, \$2.10 to \$4.50.

Heavy Damask Table Cloths, 70x70, pretty carnation designs, \$1.50 to \$2.10 each.

Hemstitch Table Cloths, Satin Damask, fleur de lis designs, size 66x82, \$2.75.

New Round Table Cloths, scalloped edge, one-half dozen napkins to match, Tiger Lily design, \$6.50 sett.

Extra Quality Satin Damask Round Table Cloth, scalloped buttonhole edge, Rose design, size 70x84, one-half dozen napkins to match, \$9.50 sett.

54x54 Fine Quality Lunch Cloths, in small Maple Leaf design, \$1.65 each.

60x90 Hemstitched Damask Table Cloths, ready for use; large assortment of designs, \$2.40 to \$4.95.

JABOTS

Jabots are shown in a beautiful range of lace trimmed lawn, Bebe Irish, Irish Crochet and fine nets, edged Armenian lace, 29c. to \$1.25.

A novelty in the stiff collar is the hand embroidered style, beautifully worked in solid or eyelet design, 60c. each.

Peasant or Dutch Collars are of lawn, embroidered linen, fine nets or beautiful Bebe Irish, at 29c. to \$1.50.

Cold Upsets the Kidneys

And Uric Acid Poisons Bring Pain and Aches to Back and Limbs DR. CHASE'S KIDNEY-LIVER PILLS

You feel pain in the back, find the urine heavy and unduly colored, have indigestion and irregularity of the bowels and there may be rheumatic twinges. You wonder what has gone wrong until you recollect that you have been exposed to sudden changes of temperature, perhaps sitting in a draft or passing from a very warm room to be chilled by the outdoor air.

The kidneys are most susceptible to cold, and a sudden lowering of temperature throws an extra burden upon them by closing the pores of the skin, which are ordinarily a great outlet for the kidneys in removing poisons from the blood.

The danger lies in not understanding the meaning of the symptoms given in the first paragraph. Once you know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney-Liver Pills.

Every day you put off treatment you are taking the risk of developing Bright's disease, dropsy or rheumatism. Because of the inactivity of the failing kidneys your system is being loaded with poisonous impurities, and that means pain and suffering.

Get Dr. Chase's Kidney-Liver Pills today. One pill a dose; 25 cents a box, all dealers or Edmondson, Bates & Co., Toronto.

MORNING LOCALS

A dinner will be given in the Dufferin hotel on Monday, April 24, by the St. George's Society for the members in the annual celebration. On Sunday, April 23, the society will march to St. Paul's church where Rev. E. B. Hooper will preach.

Twenty-one candidates were confirmed in St. John's church last night by Bishop Richardson. A large congregation was present.

"Our Chain Gang" was the subject of a strong address last evening by Wm. Lawson in Loyalist Division Hall, Paradise Row.

A fine of \$5 was imposed upon the Royal Hotel yesterday for not having their bar exposed to public view, while a fine of \$20 was imposed on W. L. Williams for having more than one door to his premises.

The customary special holy week musical will take place in St. John's (Stone) church tonight at 8 o'clock. D. Arnold will preside at the organ, and the soloists will be Mrs. C. S. E. Robertson, Mrs. H. Cannon, E. A. Reynolds, C. A. Monroe, A. G. Barnham and W. H. Hold.

A team of horses owned by Alex. Clarke, Murray street, ran away yesterday in North End, and caused much excitement. Wm. Hayes was knocked down as they rounded a corner.

His Lordship Bishop Casey, who was invited to deliver the University baccalaureate sermon on May 28 at Fredericton, has replied that owing to an official engagement arranged for that date, he is unable to accept the honor.

A large number attended the concert and entertainment given by the Young Women's Auxiliary of the Fairville Presbyterian church, in Orange hall, last evening. The concert was under the direction of Miss Stewart, and proved most successful. Refreshments were served, and an enjoyable evening spent.

Last evening the jury empaneled by Coroner Berriman to inquire into the cause of the death of the male infant recently found in a trunk in the cellar of a house in Horsfield street, viewed the body and adjourned till Monday evening 17th inst. at 7 o'clock, in the police court. The names of the jury are: T. X. Gibson, Sydney Gibbs, Daniel McCall, John Chestnut, George H. Barnes, J. S. Seaton and T. Dillon.

A concert was given in the Seaman's Institute last night. An excellent programme was carried out by talent from the steamships Virginia and Saturnia. E. T. Owens took the chair at 8 o'clock. Master T. Curwen made quite a hit with his singing and dancing, and was obliged to respond to a hearty encore. Mr. Owen's selections on a single stringed violin delighted all. Others equally good in their respective items were: Alwax, Robb, Dibley, H. Carr, J. Williams and Hoeg. Neil McVicar was pianist, and grammophone selections were given by Mr. Nixon.

The anti-tuberculosis dispensary, in the water department building in Lestrange street, will be open to children on Thursday afternoon at 2:30 o'clock instead of on Friday, at this week only.

PURIFIED HIS BLOOD Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sores of the body—bores, kidneys and skin ducts—get clogged with the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my body. I tried medicines for the blood and used many kinds of ointments, but with no satisfactory results. What I needed was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy.

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

EGG THAT NATURE FAKIRS CAN BEAT

Note the marks like surgeon's stitches in the shell. The picture was drawn by a Toronto artist from an egg laid by a Toronto hen, whose crop had been congested with too much corn, opened by its owner, cleaned and stretched again by its owner, who is not a veterinary, but just an ordinary hen fancier.

The incident makes the same as the articles in the hen's crop. Scientists at the Ontario Veterinary College are taking a great interest in the phenomenal egg.

HARBOR BRIDGE AND SPAN ACROSS FALLS DISCUSSED

Premier Says Vote Here on Tuesday May Affect Government's Decision—Resolution on Representation at Ottawa is Passed—An Important Day

Fredericton, N. B., April 11—The question of federal representation was before the legislature today, and a resolution, moved by Premier Hazen, was seconded by Hon. C. W. Robinson, leader of the opposition, and after eloquent speeches by both gentlemen, passed unanimously. Many of the usual arguments were advanced, and the premier announced that another conference would be asked for before the redistribution act followed the census. Mr. Robinson, in his speech, referred to the advantage of maritime union.

Several important measures were introduced that might well have been brought down before. Two of these referred to changes in election districts and the construction of permanent bridges. The government is asking for authority to issue bonds under the permanent bridge act for \$2,000,000.

When the bill to wipe out the Central railway debt by another loan was up, it was shown that there was no instruction on the locomotives that were destroyed by fire in the round house, though the latter was insured. The passenger car was insured under the permanent bridge act for \$20,000.

The premier's explanation, when the Suspension bridge bill was up, showed that it was proposed to build a steel arch bridge at a cost of \$280,000, or to purchase the Cantilever bridge from the C. P. R. The report of the provincial engineer favored the construction of a new steel arch bridge at the cost named above, and a probable annual cost of maintenance of \$1,200. The reconstruction of the present structure would cost \$250,000, while a new suspension bridge would cost \$420,000.

In answer to Mr. Lowell, the premier said the steel railway company had not agreed to cooperate with the government, but after the legislature adjourned he hoped they might make some arrangement. Mr. Robinson said the work must be undertaken, and prompt action was necessary.

To reply to Mr. Lowell, Mr. Hazen said the C. P. R. had offered to sell for \$130,000, but perhaps less than that would buy the bridge.

Mr. Robinson asked what about the bridge at Naves Island, and the premier replied that there was a preliminary to be taken in St. John soon on this question, and if the city decided in favor of the province, would probably be asked for assistance. Personally, he questioned whether such a bridge would suit the people of Douglas avenue or Fairville.

Mr. Lowell also questioned whether such a bridge would not interfere with navigation. He queried the government whether it was the intention of the government to undertake the construction of a right away, and Mr. Hazen replied that negotiations with the street railway and C. P. R. would be begun at once, but in the meantime if the traffic was properly restricted on the present structure, the engineer assured him there would be no danger.

For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my body. I tried medicines for the blood and used many kinds of ointments, but with no satisfactory results. What I needed was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy.

Metropolitan Life Insurance Co. OF NEW YORK

INSURANCE SUPERINTENDENT'S REPORT The New York Insurance Department has had the Company under examination, pursuant to law, for about fifteen months. After this examination the Superintendent of Insurance said:

THOROUGHNESS.—"It is thought that no Company of this character under the supervision of any Insurance Department in the United States has ever been so thoroughly examined by such a Department."

PAYMENT OF CLAIMS.—"The claims received averaged from 600 to 800 each working day; the percentage of rejections is small, being in 1909 less than one-half of one per cent."

CAREFUL INVESTMENTS.—"On an investment of \$100,000,000 in real estate mortgages this Company now holds through foreclosure but one piece of realty."

INDUSTRIAL POLICIES AT COST.—"On this basis this Company, from all of its departments, added to its surplus in 1909, after setting aside in that year a liability for dividends and bonuses for 1910, about \$200,000; in other words, the volume of business being considered, seems to have furnished insurance substantially at cost."

PROGRESSIVE MANAGEMENT.—The Department Report shows during the last five years: Reduction in the ratio of expense to premium income . . . 7.13% Reduction in the ratio of expense to issue . . . 10.36% Reduction of cancellations in first year of insurance . . . 8.92%

ORDINARY DEPARTMENT In 1910 the Company wrote a larger amount of Ordinary Insurance in the United States and Canada than any other company, by TWENTY MILLIONS!

In 1910 the Company placed Ordinary Insurance up to the Limit of the Law and was obliged to hold back hundreds of thousands of dollars of insurance by reason of the New York statute limiting amount in any year.

MORAL: Get in early this year and avoid the rush at the end. Best plans; cheapest rates; all policies non-participating—that is, the money is not collected on promise of repayment in dividends, but is left in the pockets of the insured by reduction of premium.

INDUSTRIAL DEPARTMENT OLD POLICIES.—A bonus has been declared to Industrial policy-holders amounting to nearly SIX MILLIONS OF DOLLARS payable in 1911 on Whole Life and Increasing Life and Endowment policies issued prior to 1907, which because of reduction of premiums varying, according to period of persistence, from EIGHT TO ONE HUNDRED PER CENT.

The Company added not one dollar to surplus at the end of 1910 out of income from Industrial policies.

WELFARE WORK FOR POLICY-HOLDERS Extracts from the Report of the Superintendent of Insurance of the State of New York.

"No summary of this examination of the Metropolitan Life Insurance Company would be complete which omitted reference to certain agencies for social service which it has inaugurated and is now conducting."

"CAMPAIGN AGAINST TUBERCULOSIS.—Among the activities of this Company begun since the Armstrong investigation is its participation in the nation-wide crusade against tuberculosis. As to policy-holders, its work has thus far been confined to the dissemination of the literature of prevention and instruction; a work which its great agency force and close contact with the industrial classes makes easy, as well as effective. As a matter of mere business economy, the Company's activities in this direction entitle it to the approval of the Department."

LARGEST COMPANY IN THE WORLD The largest amount of insurance in force of any Company in the world—\$2,215,851,388, covering 11,238,954 policies. In 1910 the Company made the largest gain in insurance in force of any Company in the world.

Assets . . . \$313,958,334.00 Liabilities . . . 285,246,250.36

PROFIT OF NATIONAL BANK OF INDIA GIVES 16,000 BONUS SHARES

London, April 12.—Robert Campbell, chairman of the National Bank of India, told the shareholders at the annual general meeting that the net profit of £288,218 was some £130,000 higher than the previous record of 1908.

There remained, in fact, after payment of the usual dividend of 12 per cent. for the year, adding £200,000 to the office provision fund and writing off £10,000 from the profit account, a substantial sum of £288,218. In consequence of this the bank was able to recommend the third capitalization out of surplus profits in the shape of 16,000 bonus shares of £25 each, with £12,198 per share paid, amounting to £200,000.

This addition to their capital now rounded off to even figures of £2,000,000 subscribed and £1,000,000 paid up. Owing to the growth of the bank's deposits and other liabilities, an increase in the capital had become absolutely necessary, so as to bring it more in harmony with the larger figures of the balance sheet. This they were able to do out of surplus profits. In seven years they had been able to double the capital out of profits and to raise the paid-up capital from £200,000 to £1,000,000 without asking the shareholders to subscribe a single penny. Their next object was to increase the reserve fund to the amount of the paid-up capital.

The adoption of the report having been moved and agreed to, the shareholders then voted an increase in the directors' remuneration from £3,500 to £200 per annum, the staff getting a 15 per cent. bonus on their salaries.

THE LONG TRAIL OF DYSPEPSIA Which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the system.

DR. A. W. CHASE'S KIDNEY-LIVER PILLS

THE AGE

DOWN 44 FLIGHTS OF STEPS IN WONDERFUL TOE DANCE

MAZIE KING DESCENDING FROM THE 44th FLOOR TO THE GROUND FLOOR OF THE METROPOLITAN LIFE BUILDING

cent fares in some of the states is responsible for the innovation.

Mr. Gilmore has commissioned a well-known firm to build him a "fleet" of automobiles in which he intends not only to carry his company, but also, in a specially constructed car his baggage and entire scenic productions.

This "fleet" will comprise in all, four cars, three of them high power touring cars, provided with every convenience for comfort, and fitted with every safeguard against adverse climatic conditions. But the skill and ingenuity of the builder can be seen in the "fleet," which will be able to carry a large stock of printing, etc., and the other two cars to convey his company from city to city.

The fourth car is to be a marvel of construction and truck construction, and is designed to carry trucks of certain dimensions for each member of the company, one resting upon the feet of one or two road diners, so that when pressed for time or lured by sylvan glades and mossy banks, the company may dine en route or picnic on the road.

Another feature of this remarkable "hand fleet" is that extra wheels are to be carried by the exchange of which each vehicle can be converted into a car capable of running on a railroad track.

Mr. Gilmore believes, in being, as far as possible, his own charge d'affaires, and the execution of this project will enable him to keep a still closer eye on the details of his organization, as well as render him independent of railroad trains, which, like time and tide, wait for no man.

Portraits of two members of the profession who have won high honors since they appeared in St. John some seasons ago, namely Rose Coghlan and Joseph Kilgour, who replaced Mabel Spencer and Jack Gohler, the company will open at the Opera House here in Robert Edison's success "Strongheart," in which members of the local high school football team will assist. The organization is now in Lewiston, Me., and will arrive here on Friday and after playing two weeks will go to Halifax and thence to Montreal, where they will play a summer engagement of seven weeks.

It is eleven years since the Chicago Stock Company has had anything like what might be termed a holiday and ten of the cast were members of the company when it was formed in Chicago. The company now in the same as played here last season with the exception of two members, Miss Georgia Lee and George L. Brown, who replaced Mabel Spencer and Jack Gohler. The company will open at the Opera House here in Robert Edison's success "Strongheart," in which members of the local high school football team will assist. The organization is now in Lewiston, Me., and will arrive here on Friday and after playing two weeks will go to Halifax and thence to Montreal, where they will play a summer engagement of seven weeks.

Mr. Gilmore announces a departure in theatrical business and is making arrangements to transport his company in automobiles instead of railway trains. Three-

MR. WALTER WHEELER, AS URUS, AND MISS ALICE ZEPPELLI, AS LYDIE, BEARING THE IMPERIAL DOG IN THE ARENA SCENE

The Philadelphia-Chicago branch of the Metropolitan Opera Company, brought its series of New York visits to a brilliant and spectacular close by the presentation of "Que Vallo," by M. Jean Soubise. It was the first time this opera was produced in New York and it was received with applause. One of the most effective scenes showed Walter Wheeler as Urus and Miss Alice Zepelli, as Lydie, before the imperial box.

Catarrah Conquered

You know the loathsome offensiveness of a bad case of catarrah. You know that catarrah very often works its way down to the lungs, ending, perhaps, in consumption. You know that even before it becomes severe or chronic, catarrah is most disagreeable.

Why, then, is it not run on gradually getting worse? Possibly, like hundreds of others, you have been unable to find a cure that really cures. Then you haven't tried

Father Morrissey No. 26

This remarkably effective remedy, prescribed by the famous priest-physician, combines the advantages of both external and internal treatment. It includes tablets to purify the blood and a healing, strongly antiseptic salve to be applied inside the nostrils, directly to the affected parts.

Even chronic catarrah soon yields to this combined treatment. The discharge is stopped, the diseased membrane healed, and colds no longer follow one another with monotonous regularity. Don't let that catarrah run on—get Father Morrissey's No. 26 and cure it.

50c. for the combined treatment—at your dealer's.

Father Morrissey Medicine Co., Ltd., MONTREAL, QUE.

atrical performances for their pleasure.

The Playhouse, William A. Brady's new theatre, will have George in St. John for the first time.

On Monday evening Ralph Herz will be at the Knickerbocker, with the new Haerbach-Hoschena musical comedy, Doctor De Lux, which Joseph M. Gaites is producing.

What the Doctor Ordered, a new play by A. E. Thomas, will be a Wagner and Kemper production at the Astor Theatre, Easter Monday.

The Fales Opera opening has been postponed from April 17 to April 24. The entertainment will have its premiere in Atlantic City on Saturday.

The Kiss Waltz, by Edgar Smith, with music by E. H. Ziehrer, is to be a new Shubert musical production. Rehearsals are taking place at the Casino. In the cast will be Eva Davenport, Christine Nielsen, Charles Bigelow, and Van Rensselaer Wheeler.

The London Polkas will open on Monday next at Weber's Music Hall.

George H. Babby, who will be favorably received by the Roman Catholic community, is at present in the city in advance of the Chicago Stock, which is being produced at the Metropolitan, and is planning to present "The Royal Slave" and "The Warning Bell" in Chicago next week.

The London Polkas will open on Monday next at Weber's Music Hall.

Chicago hospital for members of the theatrical profession is being planned by the Actors' Church Alliance to keep in the city a large number of Roman Catholic affiliations all over the country. It is estimated that out of the 80,000 people engaged in the theatrical profession, at least 20,000 are Catholics. The hospital is to be for the exclusive use of members of the profession. It will contain rooms and halls for rehearsals, a good restaurant, reading, lounging, gymnasium and billiard room, combining all the advantages of a hotel as well as a large number of bedrooms, and is interested in the project and may be made stock holders in the enterprise.

The Chicago hospital for members of the theatrical profession is being planned by the Actors' Church Alliance to keep in the city a large number of Roman Catholic affiliations all over the country. In Greater New York more than 450,000 women are self-supporting, and of this number a large proportion are girls under twenty, who have left out-of-town homes to earn their living in the city and who have neither parents, friends, or relatives to help them nor sufficient income to buy even the ordinary necessities of life. The home is not sectarian, and of all denominations and beliefs are made welcome.

The Sisters of Mercy, in an effort to provide funds for the Regina Angelorum Home for the aged, have arranged for a special matinee performance on Tuesday, April 18, of Edward Sheldon's play, "The House of the Seven Gables," which will be given in aid of that object. Holbrook Blinn, through the courtesy of his manager, William A. Brady, has tendered a hit in the use of Mr. Brady's new theatre, the Playhouse, in West Forty-eighth street, and his entire company, including the total proceeds to be devoted to the paying of the debts incurred in conducting the home.

Messrs. Lieber & Co. have arranged for Miss Margaret Anglin to appear in Toronto next week for the performance of her new comedy, "Green Stockings," which has been enjoying a remarkable success at the Tremont Theatre, Boston. The comedy is the first experience of Miss Anglin's in the lighter form of dramatic art, and her success is positive. The same production and company now appearing in Boston will be taken to Toronto.

Harry C. Brown, who appeared here with Daniel Ryan, is winning praise for his support of Lillian Russell in the southern states in "In Search of a Sister."

Carl Blythe, who played here with the Blythe Warren players, has been engaged to play with the Edwin Mordant and Grace Atwell Stock Company, which is also with the Garrick theatre.

Robert Mantell gave much pleasure last week to President and Mrs. Tait at a theatre party in Washington in a performance of "King Lear." The evening was "theatre night" with the president's family.

Although theatricals are supposed to stagnate the week before Easter, this is the time for the deflection of New York's latest theatre, the Playhouse, which will open its doors next Saturday afternoon. The star who is being introduced here is Miss Grace George, wife of William A. Brady, who controls the new theatre. And her comedy is "The House of the Seven Gables," a new comedy by Miss Geraldine Bonner and Hutchinson Boyd. The Playhouse is in Forty-eighth street, east of Broadway.

Visitors to New York during the next few weeks will have a fine variety of the-

It is Time for a Change

Are you satisfied, Mr. Taxpayer, with the present system of transacting city business? Are you content to have matters referred from council to board and from board to committee, etc., and valuable time lost?

Or, do you want a government readily accessible at all times, for all people, for handling the affairs of the city in a businesslike manner?

Are you willing to go along in the same old rut, with the same old investigations--or suppression of them?

Or, do you intend to cast your ballot on Tuesday next for a progressive, modern system that has never proven a failure--An Elective Commission?

This is your Opportunity--are you going to seize it?

Then Vote for Commission

GREAT SHOWING OF METROPOLITAN LIFE

Wrote More Ordinary Business in 1910 Than Any Other Company by Twenty Millions—Company Highly Commended

Of unusual interest, in view of criticisms which have in the past frequently been made of so-called "industrial insurance," is the recent report of the Hon. William H. Hotchkiss, superintendent of insurance of New York, Superintendent Hotchkiss' examiners have in the last few months made an exhaustive investigation of the Metropolitan Life Insurance Company. Incidentally, the report brings out other interesting information regarding the company. It will probably come as a surprise to many of our readers that the Metropolitan is not only the leading company in industrial insurance, but that during the last year it wrote practically \$100,000,000 ordinary insurance, the maximum permitted by the New York law. For a company that has long been known in the past primarily as an industrial company, this is a remarkable achievement. It is business written in foreign countries other than Canada, he excluded the Metropolitan wrote \$20,000,000 ordinary insurance, more than its nearest competitor. There are at present over 40,000,000 ordinary policies in force, and including industrial insurance over \$25,000,000. In fact the company was compelled to stop issuing policies for a short time, as it was unable to keep up with the demand. It is a highly commendable report, it is decidedly commendatory.

Under separate headings, Superintendent Hotchkiss discusses other important topics, such as compensation to agents, payments of claims, and distributions and concessions. Nothing more clearly indicates the character of the service which the company renders to its policyholders than the unadorned statement that of the total claims presented for payment, only one-quarter of one per cent, was rejected. The following paragraphs are clipped from the New York Review concerning an old St. John favorite.

"To be the most popular actor with 20,000,000 people, president of the Actors' Society, vice president of the Actors' Guild, and to be sought for by his brother actors, judges of honor and a diamond trophy or two, representing in place cases, for he is entitled to all these things because of what he has done for his brother professionals in America. Perhaps he has them all in store. If he has he would not tell any one about it. That is the kind of a man he is. He is a regular New Yorker, born in England and raised in San Francisco."

It is reported in London that Fred C. Whitney has signed a contract for the American farewell tour of Jan Kubelik, who will play 80 concerts in the United States and Canada, beginning next October and ending in March. He will open with two concerts in New York. Mr. Whitney is to pay a minimum guarantee of \$120,000 for eighty performances.

Lots of people pose as peace-makers because of the opportunity it affords them to butt in.

INSURGENT-REPUBLICANS ARE GIVEN GOOD PLACE

Making Up Standing Committee of the House at Washington

(Canadian Press)

Washington, April 12.—The standing committees of the House of Representatives are to be elected by that body today, after the full committee lists have been presented by Chairman Underwood of the Ways and Means committee. The Republican members of the committees will be elected for the first time when the full committee assignments are presented to the house.

Prepared by minority leader James R. Mann at the direction of the Republican caucus, the minority committee selections contain many surprises. The desire to accord impartial treatment to the insurgent Republicans is shown in the number of choice committee places given to them by Mr. Mann. Two of the leading insurgents, Representatives Mallory of Kansas and Lenroot of Wisconsin, are on the rules committee, where the Republicans have four places.

Representative Good of Iowa is appointed to the appropriations committee, and a particularly choice berth, Representative Hingham of Iowa is made ranking Republican member of the committee on agriculture. Rep. Joseph of Wisconsin is placed on the naval committee, Rep. Norris of Nebraska on the judiciary committee, and other insurgents receive important assignments.

Former Speaker Cannon becomes ranking Republican member of the appropriations committee. He was chairman of that committee for several years before he became speaker and the retirement of James A. Weaver, recently chairman of the committee, will probably make the former speaker the Republican leader in debate on appropriation matters.

Minority Leader Mann took no committee assignments himself and will act solely as chairman of the minority conference. His place as ranking member of the interstate and foreign commerce committee goes to Frederick C. Stevens of Minnesota. The Republican list includes the assignment of Victor L. Berger, the Wisconsin Socialist, to the committee on District of Columbia affairs. Honkin, the New York independent Democrat, the committee on education and call bills.

Pain has been known to transform a child into a grown person.

KING'S BIRTHDAY A PUBLIC HOLIDAY

Ottawa, April 11.—June 2, the birthday of King George, and June 22, Coronation day, will be proclaimed as statutory or legal holidays in Canada.

HOW MEN ENDURE

The Out-Fed Man Can Outwork All the Rest

A concern which employs 2,000 woodcutters made scientific tests of food. The result has been to prove oatmeal the best endurance food. Those workers not all start on a diet of oats alone.

No other grain applies the energy of oats. You know the effect on horses. Oats are selected by the most expert animal raisers in the world. An oat can increase his endurance, his vim and vitality by eating only oats. This is immensely important. It is to have all roads lead to one goal, to oatmeal. It is not a waste of time to serve oatmeal oatmeal.

The rich, creamy granules in Quaker Oats are selected by the most expert animal raisers in the world. But those choice grains have richness and flavor, and the maximum value as food. Quaker Oats is the cream of the oats made delicious. Not, despite its quality, the cost to you, but one-half cent per bushel.

Made in Canada. (170)

WEDDINGS

Ash-Delaney.

The home of Harry Cobwell, 257 Charlotte street, was the scene of a happy event last evening, when Rev. H. D. Starr officiated in marriage Bessie Maude Delaney of this city, to Edwin E. Ash-Delaney, of New York. A large number of guests testified to the extent in which the bride is held by her many friends here.

Mr. and Mrs. Ash will leave by steamer for Calvin Austin this morning and after visiting Boston and Providence will take up their residence in Bethlehem.

Brewster-Woodman.

The marriage took place last evening at the residence of the bride's brother, Thos. Woodman, Celebration street, of Henry T. Brewster, of Moncton, to Miss Eliza G. Woodman, of St. John. Only the immediate friends and relatives of the couple were present and the ceremony was performed by the Rev. D. Hutchinson of Main street Baptist church. After the ceremony a daily tea was served and the bride and groom will leave on the Calvin Austin this morning for New York, Boston and other American cities. On their return they will make their home in Moncton.

MOTHERS NEED Scott's Emulsion

Many mothers learn how much they need Scott's Emulsion by finding it to show their children that it was sweet medicine.

For five years it has been the best known specific against rickets and emaciation, as well as the standard remedy for wasting off and relieving colds and affections of the throat and lungs.

Rev. Father Morrissey

Rev. Father Morrissey, who has been a resident of St. John for many years, has been a great success in his work. He has been a great success in his work. He has been a great success in his work.

SKIN SUFFERER TRIED EVERYTHING—THEN D. D. D. CURED

The experience of Mrs. George Newman of the Greenville, Ont. She wrote me, "I was troubled with eczema on my face and hands for four years. I tried everything I had heard of, but nothing helped. I saw your advertisement in the paper and bought a trial bottle of D. D. D. used it on my face and got well. It is now two years and no return of the eczema. Consider I am cured and it certainly was a blessing to me."

No matter how terribly you suffer from eczema, salt rheum, ringworm or any other skin disease, you will feel instantly soothed and the itch relieved at once when a few drops of this compound of Oil of White Turpentine, Thymol, Glycerine, etc., is applied. The cure all seem to be permanent, too.

For free trial bottle of D. D. D. write to D. D. Laboratories, Dept. S. J. 1, 49 Colborne street, Toronto.

Chas. R. Wasson and E. Clinton Brown local agents.

DOLLAR MORE FOR TRIP TO BOSTON

Increase in Passenger Rates Decided on and Will go Into Effect on May 1—Eastern S.S. Co., C. P. R., D. A. R., Plant Line and Other Transportation Companies in Agreement

People in the maritime provinces who may wish to visit the New England states during the coming summer will have to pay \$1 more than heretofore for their tickets, whether they travel by steamer or rail or by both. The same will apply to people in the states coming to visit "down east."

It was learned today that, at a meeting of the New England Passenger Association held in Boston recently, at which the various railway and steamship lines in this section of the country were represented, it was decided to increase the rates on all the lines commencing May 1. The reason assigned for the advance in rates is the increased cost of operation, etc.

The companies affected by the new agreement are: Bangor & Aroostook Railway, Boston & Maine, C. P. R., D. A. R., Eastern S. S. Co., Halifax & Southwestern Railway, Maine Central Railway, Plant line of steamers and the Reid Newfoundland Company.

Following are the old and new summer rates on lines affecting St. John, for passage between Boston and St. John:—

Eastern S. S. Co.		D. A. R.	
Old Rate	New Rate	Old Rate	New Rate
Single fare	\$8.00	Single fare	\$8.75
Round trip	9.00	Round trip	12.00
C. P. R.		C. P. R.	
Single fare	\$8.50	Single fare	\$9.00
Round trip	10.00	Round trip	13.00

The water rate is still in effect. After May 1, the advanced rate will be in effect. A large number of people were passengers on the steamer which went to Boston this morning.

LOCAL NEWS

The York mill will close tomorrow night until Wednesday morning for cleaning and repairs to the boiler house. It has been the custom to close the mills every spring from Good Friday until Easter Monday.

FIRST BOAT DOWN RIVER

Seven Men From Land's End Today With Big Supply of Butter and Eggs

Coming from Land's End, just below Harding's Point, on the St. John river, seven men reached Indiantown this morning in a big row boat, bringing a large supply of fresh butter and fresh eggs.

This is the first arrival by water since the ice locked up the river at the opening of the winter and naturally created interest at the Indiantown wharves. The men report the ice up river still solid, in fact, there is still crossing at Carter's Point.

When Grand Bay great blocks of newly formed ice, so large that they had to row quite a little to get around them. Their boat was filled with butter and eggs. The latter were quoted at 18 cents wholesale at Indiantown this morning.

NEARLY 55 YEARS AN EMPLOYE IN THE PROVINCIAL HOSPITAL

Timothy Foley Leaves After Life Time in Work in Lancaster Institution—His Fine Record

Timothy Foley, who has severed his connection with the Provincial Hospital, Lancaster, has the distinction of having the longest unintermittent period of any employee of that institution. In all, he has served within a few months of fifty-five years, having entered the service under Dr. Peters in 1856. He has always been highly esteemed by the officials. The only time he obtained leave of absence was when he was in attendance on Dr. Wadell, one of the former superintendents, who died in 1887 and would have no other than Mr. Foley with him three months before his death.

He is a man of sterling character, and one in whom everyone confided, and placed the most explicit confidence. He has a remarkably fine personal appearance, although about eighty years of age, nevertheless, would easily pass for sixty. His record would be hard to beat in America, and his friends say the provincial government would make no mistake in granting him a pension. He left for Boston last week with the intention of spending a few months with his relatives.

ODDFELLOWS RETURN

Dr. A. D. Smith, grand master of the I. O. O. F., returned last evening from Digby, N. S., accompanied by H. E. Colner, P. G. R., after having successfully instituted another lodge of the order, known as Rainbow Lodge, No. 113, of Yveton, as reported in the Times yesterday. The grand master is greatly pleased with his success, and said today that he had nothing but praise for the able assistance rendered by his associate. The success of the undertaking, he said, could be attributed largely to the efforts of M. Turnbull, O. S. Dunham, and the officers and members of St. George's Lodge, which he highly appreciated. Grand Master Smith will institute a new lodge in Lunenburg on April 21.

THE CITY AND THE C.P.R.

A special meeting of the common council has been called for tomorrow afternoon to reconsider the action of the council with respect to the transfer of the forty acre strip on the west side of the C. P. R. Mayor Frink has received a letter from David McNeill, vice-president and general manager of the C. P. R., in which certain changes are suggested with regard to the wording of section 3 of the agreement. This was the section that has resulted in the deadlock between the city and the railway.

THIS EVENING

Meeting of the city carpenters in the Market Building at 8 o'clock.

N. B. Lodge, No. 1 K. of P., will meet in their hall, Germain street, at 8 o'clock.
