William Hohenzollern Signs Formal Abdication

But Document Contains Reference to "The New Regent," Which May be Significant; Staff Believed he Was Awaiting Arrival of Former Empress Before Going Elsewhere

Amsterdam, Nov. 30.—William Hohenzollern has definitely renounced all future rights to the crown of Prussia and Germany, and has released all officials and officers from their oath of fealty, according to the text of a document signed by the former emperor, which is quoted in a telegram received here from Berlin.

A SIGNIFICANT PHRASE

London, Nov. 30.—Former Emperor William signed his abdication at Amersfoort, Holland, yesterday, according to a despatch to the Wolff Bureau of Berlin, and transmitted by the Exchange Telegraph Company correspondent at Copenhagen.

The abdication decree, according to the message, expressed the hope that "the new regent" would be able to protect the German people against anarchy, starvation and foreign supremacy.

The use of the word "regent" in the message is commented upon here as possibly significant.

Has Reached Berlin

Copenhagen, Nov. 30.—The formal document of Emperor William's abdication has already arrived in Berlin, according to a Berlin despatch to the Abendblatt.

Arrival of Empress

Maarsbergen, Holland, Nov. 29.—(By the Associated Press)—The weather of a November morning, Frau Augusta Victoria, wife of the once German emperor, arrived here. The former empress was accompanied to Holland by a party of eight.

Still Dreaming

Amersfoort, Holland, Nov. 29.—It is understood here that William Hohenzollern has been awaiting the arrival of his wife before going elsewhere. Germans by his side believe he will return to Germany and are optimistic enough to think he will remain in the country.

A member of Count von Bentinck's household said today that the former emperor was greatly moved when his wife arrived and seemed particularly delighted. One of Herr Hohenzollern's servants is reported to have said that his master was "much brighter" and to have added: "Things are looking better for us."

LABOR'S PART IN THE PEACE CONFERENCE

Washington, Nov. 30.—Delegates of the American Federation of Labor to the international labor conference to be held at Paris while the great peace conference is sitting were announced today by the executive council. They are: Samuel Gompers, president of the federation; William Green, secretary-treasurer of the United Mine Workers; John R. Alpine, president of the plumbers; James Duncan, president of the International Association of Granite Cutters; Frank Duffy, secretary of the United Brotherhood of Carpenters and Joiners; Frank Morrison, secretary of the federation; said the purpose of the international conference is "to consider the aid and help in peace discussions and to establish a new international trade union federation."

FORBIDDEN CITY OPENED FOR FIRST TIME FOR PEACE CELEBRATION

Peking, Nov. 28.—(By the Associated Press)—The celebrations of the victory over Germany opened here today with a review of the Chinese and Allied troops by President Hsu Shih-chang. A reception followed in the historicForbidden city. The foreign guests enjoyed the experience of ascending the ancient throne and admiring the magnificent furnishings of the beautifully lacquered room. For the first time the Forbidden City was thrown completely open and was soon crowded with students and citizens.

In India, Nov. 29.—(Canadian Press despatch from Reuter's Limited)—In connection with the armistice rejoicings all troops have been enjoying several days' holiday.

Great Britain has decided to assist the provisional government of Russia by establishing a new ruble currency at a fixed rate of exchange of forty roubles to one pound sterling.

"Their Name Achieveth Forever More" Words From Ecclesiastes Chosen by Rudyard Kipling as National Tribute To The Glorious Dead

London, Nov. 29.—(Canadian Press despatch from Reuter's Limited)—Rudyard Kipling recently submitted to the imperial war graves commission a suggestion for an inscription for the great war stone which forms the central feature in all cemeteries abroad. He writes: "It was necessary to find words of praise and honor which should be both simple, well known, comprehensible and of longue, and standing as far as might

KING CONFERS ORDER OF MERIT ON MARSHAL FOCH

Paris, Nov. 28.—(Havas Agency)—Following the dinner given at the Elysee Palace tonight in honor of King George a reception was held at the British embassy. During the reception King George bestowed upon Marshal Foch the Order of Merit. Marshal Foch is the only French holder of this decoration. In bestowing it King George said: "I am happy to give the highest distinction of which I can dispose to the eminent soldier who has conducted the Allies' armies to victory."

The British Order of Merit was instituted by King Edward on June 26, 1902. It is very exclusive, but carries with it no special title or personal precedence.

FOUND NOT GUILTY OF MURDER OF REGE

Pembroke, Ont., Nov. 30.—A. Gohr was found not guilty of the murder of John Bohn, the Golden Lake farmer found dead from gunshot wounds near his home last September. The jury brought in its acquittal verdict after several hours deliberation. Gohr's term of freedom after the jury delivered its verdict of "not guilty," was a very brief one. He was taken down stairs and turned over to the military police, and three-quarters of an hour later, shackled to one of the officers, was speeding to Ottawa to face a court martial on another serious charge, desertion from the Canadian expeditionary force. He was drafted last March and was given work-leave last July, but failed to return, and the efforts of the military police to locate him were unsuccessful.

THE CASUALTY LIST

Died—Thomas Gillis, Dalhousie.

Japan has decided to abolish the Japanese civil administration on the Shang Tung peninsula, set up there after the area had been taken from the Germans. The Chinese have objected to its continuance.

be outside the flux of men and things. After search and consultation of all ranks and many races in our armies and navies, as well as with those who had given their sons, it seemed to me that no single phrase could be better than which closes the tribute to 'famous men in Ecclesiastes, namely:—"Their name achieveth forever more."

The commission has approved the recommendation.

IF RETURNED TO POWER COALITION GOVERNMENT WILL PUNISH GERMANY

Pledge Given by Sir Frederick E. Smith—Would Insist on Punishment of Criminals in High Office or in Humble Places and on the Personal Accountability of the Kaiser for the Crimes for Which he is Responsible

London, Nov. 30.—If returned to power it was the intention of the coalition government to punish Germany, which has broken every law, human and divine, said Attorney-General Sir Frederick E. Smith, in the course of an election speech at Wimborne yesterday. Sir Frederick said that the government would insist on the punishment of criminals and make no distinction between the occupants of high office and those in humble places. It would be the government's policy to insist upon the personal accountability of the Kaiser for the crimes for which he personally and chiefly was responsible. The government was determined that he should be given an opportunity to answer the charges which had been preferred against him respecting the assassination, murders and outrages on prisoners, and the government was equally determined to make criminals pay the penalty. The attorney-general said that in regard to interned Germans it was the government's intention to send them back to Germany.

WAR PLANTS TURN TO PEACE WORK

London, Nov. 29.—(British Wireless Service)—F. G. Kellaway, parliamentary secretary to the ministry of munitions, in a statement regarding the turning over of munition factories to the production of peace materials, says the problem facing the British manufacturers is not nearly so serious as that which confronted them when they were asked to turn from peace to war production. As examples of what is being done, Mr. Kellaway said three munition firms at Leicester, Ilkeston and Nottingham and three at Loughborough are taking up the manufacture of hosiery needles, which were imported from Germany before the war, while another munition plant will produce hose suspender fittings, also formerly imported from Germany.

NEW PLANS FOR RALLY

A meeting of Methodist Sunday school superintendents was held last evening and arrangements were outlined for the annual rally of Methodist Sunday schools on New Year's day in Centenary church.

GARRISON PARADE

All the units in the garrison will parade tomorrow morning for divine worship. The Protestants going to St. John's (Stone) church, where services will be conducted by Rev. G. A. Kurling, and the Catholics members to St. John Baptist church, where services will be celebrated by Rev. F. J. McMurray.

RAIL FORCES CASUALTIES

London, Nov. 29.—Casualties in the royal air forces from April, when the air forces were amalgamated, to November 11, were:—Killed, 2,680; wounded, missing and prisoners, 4,809, according to an official statement by the air ministry. The total air casualties throughout the war will be announced later.

New Democratic Party is Formed in Germany

To Oppose Bolshevism, to Win and Hold Middle Classes for Democracy; Berlin Responds to Threat That Hostilities Would be Renewed if Treatment of Prisoners Were Not Improved

Berlin, Nov. 29.—(By the Associated Press)—The aims of the new German democratic party, the appeal of which for comprehension and support has been sent to President Wilson, were outlined to the correspondent of the Associated Press today by Theodor Wolff, editor-in-chief of the Berlin Tageblatt. It was on Herr Wolff's initiative that the party was formed. He said: "Our party has been formed to support the republic, to further democratic reforms on a socialistic economic basis and to furnish a rallying point for the middle classes and keep them from falling into the power of the reactionaries. The party will, naturally, oppose Bolshevism with all means at its command in other words, we aim to win and hold the middle classes for democracy."

Militarists Excluded
Herr Wolff explained that, in keeping with the party's aims, all former members of the progressive or other parties who have been active in militaristic and nationalist agitations, or who, like Dr. Gustav Stresemann, National Liberal member of the Reichstag, have actively advocated the submarine campaign, have been fully informed that, while they cannot be excluded from the party if they desire to join, they will, nevertheless, be rigorously excluded from any participation in its leadership.

The party's membership is already colossal," said Herr Wolff, "and thousands of accessions are coming in daily."

Amsterdam, Nov. 30.—In response to a threat by the British armistice commission that hostilities would be resumed unless the conditions under which prisoners were arriving in the Allied lines was remedied, a Berlin telegram declares that everything is being done by Germany to assure the orderly return of prisoners.

The German response adds that the regular transport of returning prisoners is now insured, and that such transport has already been effected to a considerable extent.

Their Own Medicine
Several hundred thousand Germans in Alsace and Lorraine have begun to experience suffering which equals, if it does not exceed, that which the Germans have inflicted upon the natives during the past forty-eight years. A great many of them who are holding public offices find their occupations suddenly withdrawn. Many others who were employees of the public administration, are living in daily fear of discharge and the necessity of leaving the country.

Wireless Seized
Berlin, Nov. 29.—(By the Associated Press)—A group of independent social-democrats closely identified with the Spartacus element of all wireless stations in Germany and is now transmitting propaganda and other news. The Berlin Tageblatt says it is informed.

Chancellor Ebert and Herr Haase, on behalf of the government, the newspaper per diem, warn the press at home and abroad of this condition and declare further that the government will not assume responsibility for wireless information now being sent out of Germany.

New Republic
Amsterdam, Nov. 30.—The republic of Lithuania has been proclaimed at Sia in the presence of the national council and great numbers of the population, the Rhenish Westphalian Gazette of Bonn, states. Karl Ullman is the president of the new republic.

SIR HERBERT AMES
WILL HEAD THE WAR
SAVINGS COMMITTEE

Ottawa, Nov. 29.—The personnel of the national war savings committee was announced today by the minister of finance. Sir Herbert Ames has been appointed chairman of the committee. With him will be associated fifteen members, representing every province in the Dominion. Those for the maritime provinces and the province of Quebec, exclusive of Sir Herbert Ames, are:—
Sir Douglas Hazen, St. John, N. B.; W. A. Black, Halifax; Hon. Murdock McLinnon, Charlottetown, P. E. I.; C. Delage, Quebec; R. T. Leclerc, Montreal; W. M. Birks, Montreal. Thomas Moore, president of the Trades and Labor Congress of Canada, is also a member of the committee. It is understood that the minister of finance will invite the members of the committee to meet in Ottawa early next month when the war savings stamp campaign recently announced, will be fully discussed.

ANOTHER CHARGE
George Feltham, who was before the court before on a charge of stealing \$85 from the office of Brandram-Henderson, Ltd., and was sent up for trial by Magistrate Ritchie, and is now awaiting the sitting of the court, was brought into the police court this morning and an additional charge of the theft of some household goods, which were stored in the warehouse of Brandram-Henderson, was laid against him. Detective Biddiscombe and Policeman Hopkins told of going to the warehouse and finding several packages stored in the rear of the warehouse. Some of them, they said, were marked with Feltham's initials. The goods were afterwards identified by the persons who stored them in the warehouse.

BEATEN TO DEATH
IN ACCIDENT IN
KENT COUNTY MILL

Moncton, Nov. 30.—At St. Anthony, a few miles from here, in Kent county, a young man named Michael Leger was killed in the boiler room of a grist mill owned by his father, John Baptiste Leger. He apparently, when wearing a mitt on his hand, had tried to adjust a belt on the main shafting which was running. He was hurled around the shaft and literally beaten to death. He was seventeen years of age.

SCHLESWIG GEDED TO DENMARK?

Amsterdam, Nov. 30.—A report from Berlin today declared that Germany had ceded North Schleswig to Denmark.

COAL HANDLERS STILL ARE OUT

There was no change this morning in the situation existing between the Coal Handlers and Trimmers Union of this city and the dealers. The men are holding out for a flat rate of seventy cents an hour, day and night, with back pay from Nov. 18. It was anticipated that "something would be done" this morning, but nothing developed and up to 2 o'clock this afternoon there was no sign of a settlement in sight. It is said that some local dealers are willing to pay the price asked by the men and are themselves endeavoring to have the dispute settled.

WILL LAY SAME CORNER STONE FOR THE THIRD TIME

The corner stone of St. David's new church is to be laid on Monday by Rev. J. W. Falconer, D.D., of Pine Hill College, Halifax. The laying of the stone was considerably delayed, owing to the fact that it was buried beneath a pile of debris from the edifice that was destroyed by fire on December 15, 1917. The stone is the same as was used in the former two structures; it was first laid in 1848 and relaid in 1877, after the St. John fire.

KING ALBERT AND QUEEN OF BELGIUM WILL VISIT PARIS.

Paris, Nov. 29.—(Havas Agency)—It has been officially confirmed that King Albert of Belgium with the queen and the crown prince will visit Paris next Thursday and Friday, when they will be received by President Poincare and members of the government.

FROM THE DEPTHS.
There is a violent commotion in the drags of human society. The Bolsheviki believe their time has come to plunder and destroy. They have their representatives in Canada, whose literature, craftily circulated, is expected to influence the soldiers and the workers. The cult is represented in St. John. When this newspaper, early in the murderous career of Lenin and Trotsky, ventured to denounce them, it received from a local source a most vicious anonymous letter condemning its attitude and upholding the Bolsheviki leaders. Now that autocracy is overthrown, the forces of anarchy hope to create such dissatisfaction among soldiers and workers that they will rally round the red flag and create in other countries such a state of society as now exists in Russia, where he who does not accept the rule of the mob is put to death. Anglo-Saxons have no desire to have their hard-won civilization thus submerged, but they must have a care that foreign born elements and a few of their own who are beyond the pale of reason do not cause serious trouble. It is the special aim of these people to labor against capital. Not only must labor leaders resist any such influence as fatal to the human welfare in general, but there must be a concerted movement by employers and their employees to find a common ground of union and action against German militarism and all it represented. The Allied nations have won a great victory for human freedom. They must make its fruits safe from exploitation by men of the stripe of Trotsky and Lenin, and each nation must guard against the insidious and satanic propaganda of the Bolsheviki. That capital and labor may not always see eye to eye is evident in the nature of things, and there will always be adjustments and readjustments; but these can be brought about by the exercise of good judgment and a mutual desire to get a common viewpoint. The Bolsheviki, on the other hand, stand for class-war, and the argument of the knife and pistol. They are enemies of all human society.

TUBERCULOSIS.
A meeting addressed by Dr. Abramson, provincial bacteriologist; Dr. Farris, superintendent of the County Hospital; Dr. G. G. Melvin, provincial health officer, and Dr. Mabel Hamilton, medical inspector of schools, was held at a much larger audience yesterday of the annual meeting of the Society for the Prevention of Tuberculosis. Indeed the reports showing the work done by the Society for the year are themselves of deep interest, and should be read carefully by the citizens.
The emphasis was placed, in the addresses of Dr. Abramson and Dr. Farris upon the vital importance of guarding children from tuberculosis. Speaking as a pathologist the former pointed out that more than ninety per cent of the people are affected by tuberculosis, but that the great majority have the power to combat and overcome the disease. It is contracted in early life, and what is termed secondary infection, in later life, due to a weakening of the resisting power of the system, causes the condition which makes special treatment necessary, and which, if not taken in time, proves fatal. Dr. Farris urged the importance of protecting children, who are very susceptible to infection, from the sputum which spreads the disease. It is to protect them that adult patients should be removed to the hospital. Next in importance is the pasteurization of milk.
Dr. Melvin, basing his estimate on the actual figures in St. John from tuberculosis in 1918 at 95. This may seem large, but Dr. Farris contends it should not be regarded as discouraging, since it will take a number of years of proper protection of children before the average can be very materially reduced. Dr. Hamilton was able to report that an examination of considerably more than a hundred young children in the schools had only revealed one genuine case and one suspected case of tuberculosis. All the speakers paid a warm tribute to the work done by the society, but President Lively pointed out how much more it could do if it had more funds and could afford to employ another nurse. It must be clear to all that the nurse's visits, which there were more than fourteen hundred last year, supplemented by the work of the school nurse, must have a beneficial effect, in teaching members of families how to avoid conditions tending to the development and spread of disease. There can be no doubt that better housing would have a material effect on general health conditions, and none know better than the society's nurse and visitors how greatly this reform is needed in St. John.
The reports and addresses given yesterday afternoon should arouse a more general public interest in the society's work, which will be made still more effective by the co-operation of the provincial bacteriologist.

THE NEW MENACE.
Bolshevism would destroy democracy by substituting the tyranny of the mob. Leibknecht, the German Socialist, is reported to have said in a speech in Berlin:
"Did the bourgeoisie while in power permit you to have a voice in the government? No! Then the working man must not allow the bourgeoisie to have a say now!"
This is a plain declaration, not of democracy, but of class war. The Ottawa Journal says:
"Bolshevism, as some one has remarked, is merely carism under another name. The tyranny of a mob is not likely to be better than the tyranny of an individual. A mob is as likely to be filthy and brutal as an individual autocrat is likely to be a fool or a blackguard. Ignorant and evil-tempered fanatics is as bad as injustice done by the tools of any who claim divine right to govern wrong. The insolence of the high-born who think themselves of finer clay than their fellows is no worse than the insolence of the opposite class who travel awfully on brute force."
The Bolsheviki in Russia rule by the deliberate murder of all who question the wisdom of their views. That is as foreign to the principles of a sane democracy as the worst acts of German autocrats. The world, under Bolshevism, would reel back into barbarism. It is the greatest menace to democracy that exists today, and must be suppressed. It has raised its head in the United States, and threatens trouble. It has brought chaos in Russia, and is striving to make Central Europe a hot-bed of anarchy. We do not fear it in Canada at present, and yet the menace is universal. The world is not safe while Bolshevism flourishes in Russia any more than it was when military autocracy flourished in Germany. The world faces a serious situation, that must be dealt with as firmly as was the menace of German autocracy.
Premier Lloyd George says that in the opinion of the greatest jurists of the kingdom the former German emperor was guilty of an indictable offence in invading Belgium. The premier further declared that Germany must pay the cost of the war to the limit of her capacity, and the submarine pirates must be punished, along with those who ill-treated prisoners. This is not revenge, but justice, and it is necessary in order, as the British premier says, "that men in the future who feel prompted to follow the example of the rulers who plunged the world into war will know what is waiting for them at the end."
There are conflicting reports about the ex-Kaiser. One says he is down with influenza and has been joined by the empress, and another says he is preparing to return to Germany. When the Allies get around to it we shall know where he is and where he will remain for the rest of his life. The ex-Crown Prince should be dealt with as a common robber.
The local branch of the Women's Council endorses the plea of the Children's Aid Society for a provincial superintendent of neglected and dependent children, and also that for mothers' pensions. These are matters which deserve the serious consideration of the government and the legislature of the province.
Six British munition factories are converting their plant to manufacture hosieries needles, formerly imported from Germany. That's good business and a good solution of the problem of keeping the employes at work.
Germany is said to have food enough, if properly distributed, to last till April. The appeal to the Allies for more was made in the true 'Hum spirit, which ignores entirely the needs of others.

COUGHED, COUGHED ALL NIGHT LONG
Terribly wearing on the system is the cough that comes at night and prevents sleep. Sometimes it is a constant cough, cough that will not be quieted. Sometimes it is a choked-up, stuffy-up feeling that makes breathing difficult, and sleep impossible.
Whatever kind of a cold or cough you have, Dr. Wood's Norway Pine Syrup is the remedy you need to cure it, for the simple reason that this valuable preparation combines all the lung healing virtues of the Norway pine tree with which is combined cherry bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.
Miss Margaret Lendly, Bristol, P. E. I., writes: "I am writing to tell you the benefit I have received from Dr. Wood's Norway Pine Syrup. Last fall I took a severe cough and cold in my head. I was unable to do anything. At night I could not sleep, but cough, cough, all night long. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before the second bottle was used, I was entirely cured, and I have found this the best cough medicine I can buy."
Do not accept any other "pine" preparations when you ask for "Dr. Wood's." This remedy has been on the market for a quarter of a century. It is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

PLANS FOR VISIT OF GOVERNOR-GENERAL
In connection with the plans for the official reception of His Excellency the Duke of Devonshire, governor-general of Canada, in St. John, His Worship Mayor Hayes and General Macdonnell had a conference yesterday afternoon in order to further the arrangements.
The arrival of the vice-regal party here will be at 9 a.m. on Wednesday next by special train. Visits to military institutions and places of interest in the forenoon; luncheon under Canadian Club auspices; public reception and platform meeting at 4 p.m., possibly at the Imperial, and a state dinner in the evening, probably at Union Club, are events listed. It is expected his excellency will leave here at 6 a.m. Thursday going east.

"What Phonograph Shall I Buy?"
How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question?
The Edison tone test answers it for you, completely, convincingly.
Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually RE-CREATE the human voice and the music of human-played instruments.
It is all-important that you hear
The NEW EDISON
"The Phonograph with a Soul"
because it is the only instrument that RE-CREATES the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.
The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep—which one you think you would enjoy hearing as much five years from now as you do to-day.
Be your own salesman. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without any obligation on your part.

DID GOOD WORK HERE

P. M. Clark, late of the New York state highway engineering staff, who has been road superintendent for the Barrett Company in the construction of a tarvin road at the eastern approach to the city on the Great Marsh road, is leaving to take charge of the company's plant in Halifax. The work on the Marsh road has been discontinued owing to broken weather setting in and Mr. Clark is now busy dismantling machinery and housing equipment for the winter.

The Peace Christmas

On account of "war times" we have many times held back our natural inclination to give something.

And now with an equal regard for the fitness of things, we instinctively turn to something that shall adequately commemorate what will be known as the "Peace Christmas."

Let it be a gift which is lasting and worthy of the occasion.

PROPOSE CO-OPERATION
Ottawa, Nov. 29.—A deputation, representative of the military service branches of the Presbyterian, Anglican, Congregational and Baptist churches, waited on the dominion government today to discover how far and in what respect co-operation is possible for the benefit of Canada during the period of demobilization and reconstruction. The deputation consisted of Rt. Rev. Bishop J. S. Roper, Ottawa, Church of England war service commission; Rev. S. D. Chown, D. D., general superintendent Methodist church; Rev. D. T. L. McKerrel, secretary national service commission, Presbyterian church; Rev. A. N. Marshall, D. D.

Miss Edna Austin took the names of the societies and the dates on which they were willing to take charge and will arrange dates with other societies not represented at the meeting. An entertainment committee was appointed with the following members: Mrs. David Pidgeon, Mrs. A. J. Mulchay, E. L. Rising and Mr. Ganter. The committees in charge of the house and canteen were left with power to add to their numbers. The ladies made a tour of the building after the meeting.

RED TRIANGLE CLUB
Representatives of the various women's societies in the city which have at different periods taken charge of the canteen in the Y. M. C. A. Red Triangle Club met yesterday in the club's new building in Charlotte street, and were addressed by Captain Corey, A. O. Skinner and Mr. McLeod concerning the winter plans. The speakers asked the ladies' generous co-operation as there would be a large number of soldiers in the city during the winter and the hut in the exhibition grounds would also need their aid.

WHITE STAR LOSSES

New York, Nov. 29.—Ten large steamships aggregating 180,879 gross tons, were lost by the White Star Line during the war, it was learned here today. Among them was the Britannic, 48,158 gross tons, torpedoed in the Aegean sea in 1916, shortly after her completion, while in British government service as a hospital ship.

HELP!
Might we ask the advertisers in
the Times-Star to let us have
their ad copy not later than 6
o'clock the night before the day
on which insertion is desired?
The crush of advertising, which
the Times has been carrying the
last few months, makes a call for
HELP on the part of the business
office an urgent necessity.
It's hardly necessary to state that
the value of this feature, as
the earlier the paper is out, the
larger the sale—hence, an increased
market for you.
It also means that your advertisement
will receive the best of
attention as regards typographical
arrangement; will be dressed in the
way your PUBLIC SALESMAN
should be dressed. Best work, of
course, is done in a rush, and
neither you nor THE TIMES
is satisfied with the poorly dressed
ad.
The unfortunate fact that quite
frequently advertisements have to
be omitted from THE Times on
account of late copy, prompts this
S. O. S. call, and really your own
best interests would demand that
it be heeded.

MONTREAL POLICE PROBLEM
(Montreal Gazette).
The Montreal police force is in a state
of unrest that threatens to have an
unhealthy effect on its efficiency. There
appears to be scheming behind the
scenes. Municipal politics, by all
accounts, is being played with a vengeance,
and the officers who would have duty
well performed by themselves and the
men under them are not sleeping on a
bed of roses, to put it mildly. Of first
importance to the citizens is the prospect
of a strike by the police, which is talk-
ed of seriously, the urgency of the drastic
action hinting that there will be syn-
thetic strikes of other public servants,
and of outside bodies, if things do come
to a show-down between the adminis-
trators and the policemen. The newly-
formed union is to present demands;
which was to have been expected. The
question is, are they to be advanced
with the pistol presented at the head
of the civic administrators? If they are,
the police will lose public sympathy,
for the popular view is that policemen
and firemen owe first allegiance to the
corporation they have sworn to serve.
There is a general feeling, indeed, that a
labor union in a police force or fire de-
partment is a condition replete with
dangerous possibilities.
The position as to salaries is that the
civic administrators have promised to
consider the granting of increases when
the budget is being made. They have to
think of revenue as well as expenditure,
and it is the bounden duty of the police
to wait the decision, which will be an-
nounced before very long.

Accept Sixty
Cents and Go
Back To Work
Longshoremen Agree to Final Offer
Made by Shipping Interests;
Coal Handlers Hold Out For
Seventy Cents

The longshoremen's wages matter was settled yesterday afternoon, the men accepted an offer of sixty cents. The whirl of the donkey engines, the hiss and warning cries of the hatchmen and the noise of freight ascending from, or descending into, the hold of ocean liners were heard about the harbor front again last night.

The settlement was reached yesterday afternoon at 6 o'clock at a mass meeting of the members of the local branch of the International Longshoremen's Association in St. Andrew's rink. President Thomas Sharkey announced that a telegram had been received from Sir Arthur Harris, director in Canada of the British ministry of shipping, to the effect that the men would be getting sixty cents an hour for a nine hour day, overtime, etc., to be the same as heretofore, the agreement to extend until December 1, 1919. A vote was taken and nearly all present agreed to accept the offer and return to work.

A Stubborn Cough
Loosens Right Up
This home-made remedy is a wonder
for quick results. Easily and
cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under the heading, "soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.
To make this splendid cough syrup, pour 2 1/2 ounces of Pinex (50 cents worth), into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 10 ounces of family supply of much better cough syrup than you can buy in any drug store. Keeps perfectly and children love its pleasant taste.
Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.
To avoid disappointment, ask your druggist for "3 1/2 ounces of Pinex" (full directions), and don't accept anything else. Guaranteed to give 100% satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

R. R. No. 1, Lorne, Ont.
"For over three years I was confined to bed with Rheumatism. During that time I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.
Finally, I decided to try 'Fruit-a-tives.' Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.
I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

WE MUST DEVELOP
FOREIGN MARKETS
(Bank of Commerce Circular).
When peace is finally declared, important changes will take place in the trend of foreign trade, and though fighting may cease and the demand for shells and explosives fall off, there will still remain a demand for food products. Large armies will have to be maintained and fed, and civilians in the districts lately occupied by the enemy will have to be taken care of by the Allies for a considerable time. Large supplies of all the necessities of life will be required, and a considerable proportion of these may be supplied by Canada through the existing machinery for allied war purchases. When the seas are cleared of enemy craft, foreign markets for Canadian produce will gradually be opened, although in order to secure them it will not doubt be necessary to take an active part in rebuilding the trade connections severed as a result of the war. Government activities in this direction, of which there is evidence in the recent appointment of a Siberian commission, cannot take the place of private enterprise. It is of fundamental importance to Canada that conditions in this country should be such as to facilitate the marketing abroad of commodities manufactured here from our abundant supplies of raw material, the existence of which has become widely known through what we have done in supplying war materials to the Allied nations. British Columbia spruce enabled the Allies to obtain a new and higher standard of efficiency for their aeroplanes, and our rare metals aided substantially in increasing the output of weapons of war. For all these, and for our other products, a market has been found largely by the United Kingdom. Of our exports of merchandise amounting to \$405,574,000 in the twelve months ending September 1918, Great Britain took \$145,009,241 or 35.4 per cent; in 1916 the proportion was 43.2 per cent and in 1915, 33.5 per cent. While the United Kingdom will remain our best market, it would seem prudent to develop others, and the opportunity for doing so will be provided during the period of reconstruction when there will be many markets in which the competition of enemy countries will not be feared for some time.

STEAMERS WITH SOLDIERS HERE

Metagama Brings 125 Soldiers and 1,400 Women and Children—Scandinavian Has 800 Soldiers

The C. P. O. S. liner Metagama, with her decks teeming with humanity, her hull showing out strongly with its numerous colorings—the work of the camouflage artist—and her flags flying, steamed into port this morning and docked at No. 3 berth at Sand Point. She is the second mail boat of the season to arrive and had on board about 1,600 passengers, the vast majority of whom were women and children. In the number were 125 soldiers and officers returning home after serving with the Canadian expeditionary forces overseas. In addition to the large passenger list the steamer had a large amount of mail on board and a fair sized cargo of freight.

As the large ocean liner came into her berth the Depot Battalion Band struck up a patriotic air, "Oh Canada," and cheers resounded from the steamer. Later when the band rendered some popular airs some of the officers and young people enjoyed a dance. Scandinavia Outside. The large C. P. O. S. liner Scandinavia is outside the island with over 800 soldiers on board. It is reported that she will not dock today as there is no berth available at Sand Point as a result of the tie-up from the strike and the large number of vessels in port. It is understood that she will replace the Metagama at No. 3 berth.

Letters From Front Tell of Death of Sergeant Ray Tufts, Formerly of This City

The appended letters have been received by Mrs. Tufts, of 427 Dundas street, Medicine Hat, formerly of this city, from officers of the units to which her son, Ray, belonged at the time of his death in France. They will be of interest to the many friends of Sgt. Ray Tufts in St. John: France, 20 10, 18. Dear Mrs. Tufts—It is my sad duty to have to write and let you know about the death in action of 498181, Sgt. R. Tufts. You will no doubt already have been officially informed now. He was sniped while with me on a daylight reconnaissance. He was shot through the head and death was absolutely instantaneous. I was deeply grieved over his loss, as he had been my platoon sergeant for a very long time, and one in whom I always had the utmost confidence. In him the battalion lost one of its finest N. C. O's. He was absolutely fearless and his conduct on the field and elsewhere always excellent, as is shown by his gaining the Military Medal and also a bar to it. I sympathize most deeply with you in your loss and if there is anything that I can do for you please do not hesitate to call on me and I will do my utmost to find out anything you may require. I am, Yours in deepest sympathy, W. R. BARTRAM, Lieut.

France 20-10, '18. Dear Mrs. Tufts—I regret to inform you that your son, Sgt. Tufts, of the 50th Battalion, was killed in action on the 10th of last month. Your son was a most capable soldier and had a wonderful record for bravery in the battalion. He was in fifteen different engagements and distinguished himself many times. He was out on patrol work with another soldier looking for the enemy when he was shot by an enemy sniper. His body was afterwards recovered and laid to rest in a military cemetery outside the village of Souchy-Lestree, where a cross will be erected over his grave to perpetuate the memory of one who gave up all, even life itself, in a just and noble cause. Any personal effects found in his possession are being forwarded to you. Please accept my sincere sympathy, as well as the sympathies of the commanding officer, the officers and other ranks of the 50th Battalion in your sad loss. May God give you strength and consolation in your bereavement. Yours sincerely, W. L. MURRAY, Capt. and Chaplain, 50th Can. Inf. Battl.

THE LAST DAYS AT THE FRONT

First Contingent Man, Winner of D. C. M. Tells of Retreat of Enemy in Letter to Home Folks Here

Mrs. M. P. Gibbon, 227 Pitt street, has just received an interesting letter from her brother, Corp. M. Fenwick of Kings county, who was a member of the famous First Contingent, going overseas in 1914 with the 10th Western Battalion. He won his stripes and also the D. C. M., and has come safely through the whole war. This letter was written Nov. 9, before the armistice was signed. He says: I am still over here on the job, but the Hun is not giving the grass much time to grow under their feet at present. You would think to see them they were paid for running instead of fighting. It would take an expert to catch them unless it is with a bullet. We are taking ground very fast. It would do you good to see the French people when we enter the towns that have been occupied by the Germans. They do not know what to do with themselves. They all talk at the same time and such a racket as they make, almost as hard on the ears as in a battle, only not quite as dangerous. I think they will require a carload of coffee to make up for the amount we have put out of the way in the last few days for these French people carry it to us by the quart. There is nothing too good for us. To see those people so overjoyed is worth a great deal of the hardships we went through. I received your letter dated Oct. 10, also the parcel. I always smile when I would like to catch Kaiser Bill and treat him to some of our Canadian tobacco juice in the eyes. We boys that have won the D. C. M., I hear, get \$100 when we return to Canada. By the way things look over here now we may be home in time to invest in a Victory bond. I have never said in any of my letters before that the Germans were beaten. I think now that they are all in. They may hold out for some time but it will do them no good. I am looking forward for my leave; fourteen days looks very often see, when it only comes once a year and when you can go where you like and not have the Hun's machine guns after you. We all look forward for this chance to get away from the noise but we cannot make too much reckoning as this is a place where a lot of things can happen in a very short time. That clipping you sent me out of the paper in regard to Major T. H. Rad-Gall who was awarded the D. S. O.—the very day I received it—I carried him off the field wounded. Our battalion is not always called the 10th. We go by the "Black Devils." I guess it is not our color we get the name from but because we give the Germans the — Your Brother, MACK.

Brimming over with bright, new play furniture for the little ones is this store. Never has Santa worked harder than he has this year—and, of course, for the kiddies. Such an array—looks for all the world like a Fairy World. Here we have a cute little Kindergarten Set, consisting of Table and Two Chairs, in bright red or in golden oak finish. All ready for the party! Next are the Chairs. And what a selection! Chairs that will not rock; also cute little Rockers that will. Built for all the world like "grown folk's" chairs. Golden Birch Reed—both natural finish and white enamel, and Old Hickory, some with splint seats. Prices from \$1.60 up—but not too far. Doll Carriages for taking dolly out for the air, which, of course, is necessary these fine days. Then, of course, there are a goodly assortment of Rocking Horses, Coaster Cars; and for baby big enough to sit at the table with big folks, there is a wide variety of High Chairs.

Why not come in today and look over our stock of Christmas things for the little ones? Glad to hold back anything you may pick out so that curious eyes will not see it. Lots here also as gifts for grown-ups—more of which later.

TRADE COUNCILS IN GREAT BRITAIN National Alliance of Employers and Employed Draws Up Scheme for Reorganization of Industrial Life

London, Nov. 28.—Whatever the limitation of the Whitley report upon industrial matters may have been, nobody can deny that its effect has been remarkable for it is seldom that recommendations such as those made by the Whitley committee have been put into practice so rapidly. The fact is that the whole nation has moved forward in the direction of an appreciation of the common good, and the extraordinary sacrifice made by all classes in the war has hastened the demand for some sort of constructive industrial policy, for a more up-to-date handling of questions which affect not one section of society only, but the community as a whole.

The few first industrial councils have been admirable testing grounds, fields in which experiments of the first degree of importance have been made. There can be no question that the only possible means of adjustment lies in a close co-operation between all concerned in an industry, in constant intercourse between those who are really acquainted with every detail of the work and who are thus qualified to interpret the point of view of those employed.

It is evident, however, that the whole subject is in the public mind and that these first councils are but the merest indication of what is to follow. Their example has been contagious and its worth many tons of pious opinion, but there are other interesting developments to be noted, still wider in their application. The National Alliance of Employers and Employed, of which F. H. Jackson is chairman, has drawn up a scheme for the reorganization of the industrial life of the whole nation, which may briefly be described as an attempt to provide machinery not alone for the adjustment of any one specific industry, as the Whitley councils propose, but for the consideration of questions of a national character affecting industry generally.

Opportunism, in the opinion of the executive committee of the national alliance, has been the chief characteristic of the handling by the state of industrial matters during the war. Lack of co-ordination between departments has also been a complicating factor, five government departments having attempted to handle different phases of the labor problem in their own ways, while departmentalism appears to be unable to comprehend the psychology of the people with whom it deals.

The committee urges that a national conference shall be convened as soon as possible, a conference which would be an unparalleled event in industrial history and which would lay the foundations of a success as great as the experiment would be. The scheme would be organized with a central industrial board, consisting of representatives of employers' associations and trade unions in equal numbers and of the government departments concerned, and upon this board all staple industries would be represented. The board would deal with the wider national aspects of industrial adjustment, such as demobilization, the absorption of displaced female labor, the minimum wage, housing, general and technical education, apprenticeship, and welfare work. The board, however, would not concern itself with questions relating to a particular industry. Area boards would be set up to cover districts, who would report upon the conditions of their own area or on any matters referred to them by the central industrial board. Equal numbers of employers and employed and representatives of local authorities would be the components of these boards. The national and district industrial councils for separate industries would be organized upon the scheme proposed by the Whitley Committee. Wage arbitration would be carried out by a wages appeal tribunal, the central industrial board appointing one panel of trade union representatives. These two panels together would appoint a third panel of independent chairmen. The tribunal, however, would be called in on questions of wage adjustment only when the national council concerned had failed to reach agreement.

The recommendations of the National Alliance of Employers and Employed are, however, but an indication of the lines along which the executive considers joint action may be developed. They are of opinion that industry should be given the opportunity of ending the existing state of confusion by putting forward its own ideas, and they have no fear of the outcome of such a conference. Such a statement as the foregoing is significant of the change of feeling in all classes as regards the relation of the two partners in industry. On the one hand, the employer comes to learn from the employed what their aspirations and needs are, on the other the recognition of the trades unions gives them a status

IS A REVIVAL NEEDED?
The Editor of the "WALL ST. JOURNAL" says: "What America needs more than railway extension, western irrigation, low tariff, bigger wheat crops, or merchant marines, is a revival of piety, the kind that mother and father had, that counted it good business to stop for daily prayer in the middle of harvest and to quit work in the field early enough to get out to prayer meeting." God help us to promote such a revival, and not be guilty of hindering through prejudice or worldliness. "A revival is like sunshine, it sheds light and banishes darkness." "A revival is like a hammer, it breaks chains and sets the captive free." "A revival is like war, there are two sides and the lines are closely drawn." "A revival is like the judgment, men are turned to or from God."

RESURGAM

(Rev. George Scott.)
Safe beneath the frost and snow
Lies the violet;
When the winds of spring-time blow
God will not forget.
All the weary winter days
They were waiting still;
Waiting to adorn the ways
Over vale and hill.
Dreaming of the time to come
All the wood folk small,
Lie asleep within their home
Under winter's thrall.
But when comes the southland breeze
They shall all awake,
And the bird songs in the trees
Ring across the lake.
Happy birds shall come again,
They shall sing to me;
Crickets in the waving grain
Join the symphony.
And the joyance of the land
All the summer day,
Pasture fields on every hand,
Lambkins at their play;
All shall fill me with delight,
When, from out the west
Shushes fragrance of the night
I shall fold my hands to sleep,
Here, beneath the sky,
Where the pine trees on the steep
Sing their lullaby.
Buttercups and violets sweet
Lie beneath the snow
Only wait till winter's feet
Brings the summer's glow;
Wild clematis, gagevine,
Blood root, orchids tall,
Ladies' upper, gentian,
Summer brings them all.

"THE CALL"

(By C. Fox Smith)
There's an office back in London, and the dusty sunlight falls
With its swarms of dancing notes across the floor,
On the piles of books and papers and the drab distempred walls
And the bowlers on their pegs behind the door.
There's an office stool in London where a fellow used to sit
(But the chap that used to sit there is overseas).
There's a job they're keeping open till that fellow's done his bit,
And the one that job is waiting for is—Me!

U. S. BILL TO RAISE SIX BILLIONS IN 1919

Washington, Nov. 29.—The senate finance committee tonight completed revision of the war revenue bill, designed to raise six billion dollars in taxes in 1919, and about four billions in 1920. The measure is virtually re-written to meet changed conditions attending the end of the war, and will be reported to the senate next week.

Annual Meeting of Association for Prevention of Tuberculosis - Officers Are Re-elected For Coming Year

The facts that tuberculosis is essentially contracted in childhood, is generally curable in the early stages and is present in nearly every adult were brought out at the annual meeting of the St. John Association of Prevention of Tuberculosis by the speakers who addressed the meeting...

ance on hand to be \$122.45 and expenses \$1,668.76 with total receipts, \$1,498.21. The secretary's report was as follows: The dispensary at 74 Carmarthen street, has been open 184 days during the year—87 days for children and 117 for adults; that every Monday and Wednesday for adults and Friday for children...

Y. M. C. I. OPENING The formal opening of the Young Men's Catholic Institute for the season took place last evening in the rooms in Cliff street.

At Christmas, last year, owing to the generosity of one or two citizens, the visiting lady for December was able to provide dinners for some very poor families, and the ladies of the board provided baskets of fruit for all the sick. In conclusion, the executive begged to thank the following: The city commissioner for use of the dispensary rooms; the committee of the General Public Hospital for board of our nurses; the St. John press for printing reports from time to time; and all those who have contributed during the year to the support of the association.

"We Want Candy Cascarets"

Remember: That when our tongues turn white, breath feverish, stomach sour and bowels constipated, that our mothers give us Cascarets, the nice candy cathartic, and not nasty castor oil, mineral oil, calomel or pills. Cascarets "work" without griping and never hurt us kids. Cost only 10 cents.

TO MOTHERS! Learn to give harmless Cascarets to your cross, sick, bilious, constipated pets and save coaxing, worry and money. Children love this candy cathartic. Nothing else cleanses the little liver and bowels so effectively. Each 10 cent box of Cascarets contains directions for dosage for children aged one year old and upwards.

Don't suffer needlessly!! If you are Weak, Anemic, Nervous, Run-down, NUTRIGARNS offers you new health, new strength, new nerve force, new vitality—the real vigorous lasting health that you need!

While the work of the dispensary has increased greatly, there are still a great number in the city who know nothing of it. With that in view, a Tuberculosis Sunday was organized in January. We hope next year, if another Tuberculosis Sunday is organized, that every clergyman in the city will take up the subject.

Soldiers Home From The Front Are Welcomed

Party of Thirty Reached City Last Evening—Some Had Seen Much Fighting in France

"Welcome Home" was joyously sounded by men, women and children who crowded into the Union depot last evening to greet thirty returned brave lads of St. John who a few days ago landed at Halifax from overseas. As the returned soldiers stepped off the 5.30 o'clock train, the Depot battalion band played O Canada in martial spirit and the soldier boys fled out of the station to coaches and other vehicles and hastened off to their respective homes.

Under the new arrangements all men returning receive their transportation on the boat at the debarcation port here, besides being supplied with direct transportation to their homes, the soldiers are given warrant for a two weeks' furlough at their homes, at the end of which time they are to report to their district depot headquarters of their province, which in New Brunswick is Fredericton.

Lieutenant L. McGowan, of this city, son of Mr. and Mrs. L. McGowan, a member of the 26th Battalion, arrived home after being absent from the city about two years. Lieutenant McGowan went overseas as a member of the 112th, and when the unit was broken up he was transferred into the 26th. On Aug. 8 at the beginning of the big and final "show" on the western front, Lieutenant McGowan was wounded, his wounds being of such a nature that he was returned to England. He had partially recuperated and was attached to the New Brunswick reserves at Whitley camp when the signaling of the armistice was announced. Lieutenant McGowan, speaking last evening of the final drive, in which he had the honor of taking part for two days, said that everything had been thoroughly made ready to continue the advance through to the Rhine. The orders were "hold." He said that at the present time the New Brunswick reserves in England at Whitley camp were being demobilized. This being done, he believes, to make ready for the men coming from France. The trip out he reports as being very good and uneventful. Speaking of the influenza, he said that it was pretty bad for a time in the Canadian camps, but it was now in check. Lieutenant McGowan's brother, Driver J. T. McGowan, Jr., has been in France for thirty-nine months. Major J. T. McGowan is an uncle. Lieutenant McGowan is well known in his home town and he is receiving many a hand-shake from his old friends.

Private John Stephens, of Water street, West St. John, was an original member of the 26th. With this unit Private John Stephens and his two brothers, Privates Robert and Andrew, chose to fight when they offered their services to king and country. Private Robert made the supreme sacrifice, falling in the famous battle of the Somme. Private Andrew, owing to physical disabilities, was invalided home about two years ago. Another brother, James, went overseas in the 55th Battalion. Private John and his two brothers enlisted in the 26th Battalion a few days after the unit was

organized, and with that unit crossed to France. Private John during the heavy fighting of the spring of 1917, was wounded and was invalided to England, where up to the time of sailing for home, he was a patient in one of the Canadian hospitals. Prior to going overseas he was employed as a longshoreman. He was met at the station last evening by his wife and members of his family.

Some Experiences.

"Among those in the party probably none has had more experience in long service than Private 'Bobby' Earle, well known in the city when he was a barber previous to enlisting. 'Bobby' is one of the very few originals of the old famous 26th, and as he stepped off the train yesterday he was given a warm hand-shake by several of the local Yets, a few of whom had joined up when Bobby did.

George Duffy, of Fairville, was also one of the returned party, who has seen considerable service. He went over with the 55th battalion but was later transferred to the 26th. There he proved a competent soldier and was given the important as well as the dangerous post of battalion runner.

A. F. Conlon, son of Mrs. H. Conlon, of Willow Grove, also returned. He went overseas with the 47th battalion from the west. He was wounded severely at Vimy Ridge, having been hit in the ear with a high explosive after being in the trenches for three months. It is fourteen years since he has been home and naturally his relatives at the station had double interest in his home-coming last evening.

Sergeant L. W. Crosier, of East St. John, of No. 1 Field Ambulance, was welcomed home. He went overseas in the beginning of the war and has seen considerable service in France. He was with the late Major Duval, M.D., when the latter was killed and whose body was being brought home here when the ship was torpedoed. Lieutenant Joseph Reade, now of the local Depot battalion, was also with Sergeant Crosier in France at this time.

Joseph McDonald, son of Daniel McDonald, Spring street, was in the party. He went over with the 6th C. M. R. and has seen service in France for three and a half years. He was of late with the Canadian Engineers and has been officially reported wounded on two occasions. The first time his wound was slight and he was able to return to duty again, but the last time he was more seriously wounded, and was in hospital for some months. He was with the Mounted Rifles when he worked up a clever piece of work that made his transfer to the engineers but a matter of a few days. He was formerly a bridge builder and has done valuable work overseas with the engineering corps.

Stanley F. Flaherty, brother of Mrs. Frank Fitzgerald, was another of the St. John men in the party. He was formerly employed here with the Prudential Life Insurance Company, and was well known about the city. He enlisted in the 65th battalion and upon arriving in France was transferred to the 14th. He has been in the trenches for a long time and was at least three times wounded.

Private Kenneth H. Ferris, a son of Mr. and Mrs. Harry Ferris of 97 Millidge avenue, who went overseas with the 104th battalion under Colonel George Fowler in June 29, 1916, was amongst the soldiers who returned to the city last night. He was under age and had

seen service for three months in France in the Young Soldiers' Battalion. He was given a very warm reception last night and a bonfire was lighted in his honor. Before he enlisted he was employed with Manchester, Robertson, Allison, Ltd. Lieutenant Harold B. Ferris, his brother, is now in London with the Royal Air Force.

The List.

Following is a list of the men who returned last night: G. P. Duffy, Fairville; R. A. Earle, 20 Brussels street; F. S. Flaherty, 106 Elliott row; C. F. London, 21 King street; A. G. Pelkey, 809 City Road; C. W. Toner, 160 City Road; J. M. Power, 83 Brittain street; A. F. Conlon, 6 Sydney street; J. A. McDonald, 66 Spring street; J. E. Burke, 58 Sheriff street; F. E. Cunningham, 285 Main street; A. W. Forest, Drury Lane; J. A. Burden, Fredericton; J. W. Mills, Coldbrook; T. Stack, 285 Guilford street; F. Gallan, Hazen street; E. A. Labean, 51 Millidge avenue; W. J. Sully, 62 Queen street; N. D. Soper, 206 Metcalf street; J. Stephens, 248 Water street, West St. John; J. T. Lavigne, 21 Paradise Row; Fred Day, 8 Crown street; N. M. Hatfield, Fairville; K. H. Farris, 97 Millidge avenue; L. W. Crosier, Park avenue; Lieut. L. S. McGowan, Leinster street.

UNIONIST CLUB OFFICERS.

At the annual meeting of the Unionist Club held last night the following officers were elected for the ensuing year: President, James Spruell; 1st vice-president, I. Mercer; 2nd vice-president, A. Blakelock; treasurer, J. A. Willis; Waring; secretary, J. McCarthy; executive, S. Lewis, C. M. Lingley, J. Alexander, G. D. Wannamaker, G. Ackerley, G. Clark, J. Thomson, G. B. Stackhouse, William Earle, Dr. J. Roy Campbell, H. Lowe, C. Sheppard and C. Splanc.

Avoid Price Extremes in Buying Shoes

THE measure of economy in buying shoes is the service you get per dollar of expenditure. It is waste to buy shoes which were made to sell at a very low price, and it is equally unwise to pay extremely high prices. Beyond a certain point it is not possible to increase the practical value of a shoe, and when you pay more than a fair average price you are probably paying for "frills."

So we say to you: "Keep in the middle of the road. Don't pay less than \$6 for a pair of shoes today, and expect to get good value. On the other hand, don't think it is necessary to pay more than \$10—or \$12 at the outside."

You probably can judge values for yourself if you will buy for service rather than appearance merely, and if you will be guided by the dealer's knowledge and experience. A quicker and easier way, however, is to look for the manufacturer's trade-mark on the shoes you buy. It is the best guarantee of good value, for the manufacturer's business reputation is behind it.

War-Savings Stamps

"War-Savings Stamps will provide financial assistance to the Government; an excellent investment for small savings; and a strong incentive to every-day economy."

—Sir THOMAS WHITE,
Minister of Finance.

Order-in-Council P.C. No. 2462 authorizes the issue of War-Savings Stamps for the purpose of assisting in the financing of Government expenditures.

The Stamps may be obtained at all Money Order Post Offices, Banks, and at other authorized agencies, and are interest bearing.

Issue of 1919—Payable January 1st, 1924

The first issue will be offered from December, 1918, to December 31st, 1919, and each War-Savings Stamp of this issue constitutes the Government's promise to pay the sum of Five Dollars on January First, 1924.

<p>Price, \$4.00 and Interest</p> <p>During December, 1918, and January, 1919, the price of a War-Savings Stamp is \$4.00. In February, 1919, the price is \$4.01, and it increases one cent each month until in December, 1919, the price is \$4.11—the extra cents representing interest earned.</p>	<p>\$4.00 Grows to \$5.00</p> <p>Instead of paying interest twice a year, like a Victory Bond, the interest on a War-Savings Stamp accumulates, and is paid with the principal at the end of the term. Your \$4.00 grows to \$5.00 in the 5 years.</p>
---	---

<p>Surrender Privilege</p> <p>When a person buys his first War-Savings Stamp, a certificate is issued, without charge, providing space for ten such stamps. If circumstances compel him to realize on his investment, his money is available. On the back of the certificate will be found the cash surrender value of the stamps at various dates before the end of the full term.</p>	<p>Registration Against Loss</p> <p>A certificate with one or more W.S.S. thereon will be registered for you without charge by the Post Master at any Money Order Post Office. This protects the owner in case such certificate is lost, stolen or destroyed. By applying value of the stamps at where your certificate was registered, you can have your money refunded.</p>
--	--

In order to make it easier to acquire War-Savings Stamps, THRIFT STAMPS are issued at 25 cents each. These do not bear interest, but 16 of them affixed to a Thrift Card will be exchanged for a W.S.S.

Issued under Authorization of National War-Savings Committee.

Belgium Needs Your Help MORE THAN EVER!

As Homes are Freed from Grasp of Germans New Horrors Revealed.

Belgium! Belgium! Belgium!—the papers are full of heart-rending news-items from Belgium. Delirious with joy at being rescued from the hellish tyranny of the Germans, yet the poor Belgians are in large measure in the last stages of want.

Every cent you can send to them NOW will help to feed a famished patriot or clothe one whose meagre rags will never keep out this winter's cold.

Raise Your Fund and Send It In!

Perhaps you cannot spare as much as you would wish, but go around among your friends, plead Belgium's cause, collect all you can in every possible way, and turn it in QUICKLY to your local Committee or to Headquarters.

Picture these hungry and stricken people, of whom the Master said, "Inasmuch as ye have done it unto the least of these . . ."

THE FUTURE OF PALESTINE

Problems Discussed and Policies Suggested at Gathering of English Zionist Federation.

The London Times of October 29 contains the following:

Herbert Samuel, M. P., presided at a dinner given by the English Zionist Federation at the Holborn Restaurant last night, in honor of Dr. C. Weizmann and the other members of the Zionist Commission to Palestine.

The chairman, in proposing "The Zionist Commission," said that the question of the political sovereignty of Palestine, to be established at the Peace Conference, was a matter of high international politics. All that they could ask for was that Palestine should not in any case be subjected to the joint administration of several powers. That he felt convinced would spell disaster to the future of Palestine. The next thing they might ask was that there should be no division of Palestine (cheers); that the ancient and historic and natural boundaries of the land should be respected. Three things must be borne in mind. The agricultural colonists in Palestine, after many difficulties, had made a great success of the districts where they settled. The Palestinians would have their own ideas as to the proper lines on which those questions should be settled, and it would be a profound mistake if anyone in London or elsewhere should draw up schemes, admirable on paper, and expect the people to accept what was decided for them elsewhere. The second principle was that Palestine must not be subjected to the financial exploitation of outside concessionaires, and the third was that the non-Jewish population already settled in the land should be treated in all respects with scrupulous fairness.

Dr. Weizmann, who responded, said that with good will on both sides, and he did not doubt the Arabs' good will, a workable and neighborly arrangement could be arrived at—in fact, such an arrangement was being arrived at. (Cheers)

Lord Bryce submitted the toast of "The New Jews," and the Chief Rabbi replied.

A meeting of thanksgiving for the deliverance of the Holy Land, called by the Syria and Palestine Relief Fund, was held last night at Queen's Hall.

Lord Bryce, who presided, said they were met to celebrate one of the greatest events of the century. Palestine had been delivered by a Christian power, which had proclaimed equal rights and equal freedom to all men, of all races and of all creeds. And was it not a comforting thought that the rule of the Turk was gone for ever? When the British troops entered Jerusalem and Damascus they were greeted with acclamation by the people—not alone by Christians and Jews, but also by Moslems. Damascus would, he hoped, in future, share the fortunes and prosperity of Palestine. If Palestine was to be under a protectorate of some European Power, it was right that the administration of the country should constantly excite the sympathies of the peoples of the West. The first thing to do was to give the country good order and a proper administration of justice. Then

we had to give it means of communication improved ports, the replacement of the fruit trees which the Turks had torn down, irrigation works, agricultural property, and immigration. In all these ways there would be the need for a large expenditure of money; and, in addition, the future administration would have to provide for the intellectual recovery of the country.

Colonel Sir Henry McMahon (late High Commissioner in Egypt, and chair-

man of the London Committee of the Relief Fund) read a telegram which he had received from their representative in Jerusalem, in which he said: "Thankfulness and satisfaction at our arrival is universal. Government have called on us for immediate relief work, and we have sent hospital equipment, counting on the generous support of the homeland. Our hospitals are in good condition."

The Bishop of Jerusalem (Dr. Mac-

Innes) described the cruelties which had been perpetrated on the people in Palestine by the Turks, and the work the fund was doing to relieve suffering and to feed and clothe and provide work for the inhabitants.

Messages were read from the Archbishops of Canterbury and York.

MR. WHITLOCK IS BACK

(Bangor Commercial.)

When the King and Queen of Belgium made their triumphant entry into Brussels among those present was Brand Whitlock, the American minister, who returned to his former post last Thursday. Mr. Whitlock is one of the diplomats who has achieved a great reputation in the past few years. Following the outbreak of the war and the invasion of Belgium, his position was an extremely difficult one and became increasingly so as the Germans realized that the sentiment of Americans was with the Allies.

Mr. Whitlock stayed at his post until the United States entered the war and during these trying years he handled the interests of most of the belligerent countries and his influence was considerable in preventing, or lessening ill-treatment of the Belgians and of the prisoners of war. His energy brought results in assisting Americans out of Europe at the commencement of the war and his sharp and constant protests against abuses greatly nettled the Hun commanders but achieved results for at that time Germany did not wish a rupture with the United States.

The Hun commanders often pretended

Canada Food Board, License No. 13-443.

to yield to Mr. Whitlock's representations without really doing so, but Mr. Whitlock followed these matters to the last, and, although often falling to accomplish his ends, was never deceived. During these troublous times he was ably seconded by the Spanish minister at Brussels.

Mr. Whitlock also devoted himself to

the vast problem of supplying the destitute Belgians in organizing the movement of Belgian relief. Diplomatic but firm, resourceful and dignified, Mr. Whitlock not only represented his country in an admirable manner, but he won for himself the perpetual affection and regard of the Belgian people.

The Storage Battery With the Exclusive Machine Pasted Plates

Battery Repairs

Our U. S. L. Battery Service Station is now completely equipped with the necessary apparatus and electrical instruments for the care and repair of storage batteries of all makes, and in charge of expert battery men. We carry a full line of spare parts and make repairs promptly and at reasonable prices.

Winter Storage and Overhaul

Your storage battery requires special winter care. Batteries stored wet in apparently good condition frequently develop trouble during the winter or soon after being placed in service in the spring. You can't determine the condition of the working parts without disassembling the battery. They deteriorate appreciably in acid, even though standing idle and properly cared for, and usually require overhauling annually.

We therefore store "dry" by a new process all batteries left with us—overhaul, wash, re-insulate, re-charge completely, then remove acid and seal them. We make only our regular overhauling charge of \$10.00, and store your battery free until next spring.

HEALTH MINISTER WRITES OF THE MILK SITUATION

Statement Presented to Fair Price Committee at City Hall Yesterday—Members of Producers Association Present

A very clear and concise statement relative to the production, handling and distribution of milk in the city of St. John, with suggestions, was placed before the Fair Price Committee of the City Council at a meeting yesterday afternoon, by Hon. W. F. Roberts, M. D., minister of public health. The fair price committee, composed of Commissioners Bullock and Fisher, met to continue the inquiry into the recent increase in the price of milk by Kings county farmers.

President Sharpe and Secretary Huggard, of the Kings County Milk Producers' Association, addressed the committee. They reiterated their former statements that they could not sell milk at the old price except at a loss, and if the price were forced back to the level they would have to discontinue doing business.

The committee said that in figuring their profits they should take into account the production and handling of the milk, and the cost of the herd and the skim milk, a by-product of the business which could be used as food for swine.

W. H. Bell, representing the city dealers, was present and made a statement, a reiteration of the stand taken before by the city dealers.

Hon. Dr. Roberts then read the following letter to the committee, which was addressed to Commissioner Bullock: St. John, N. B., Nov. 25, 1918.

My dear Mr. Bullock: Regarding the production and distribution of milk, I might say—the problem of the ideal production and distribution of milk for large communities has long been the most difficult found in public health practice.

The "inside service" takes cognizance of two main classes of conditions: 1. The sanitation of the milk depots and distributing vehicles and containers, the milk shops, and the freedom from contagious disease of those engaged in the work of distributing.

2. The quality of the milk. Under the first heading considerable is being done, each distributor, as noted already, is registered and licensed, his vehicles are numbered and indelibly tagged; each shop is licensed and is under inspection, so far as practicable; but the shops so licensed are much too numerous, and with the present staff it is impossible to keep them in satisfactory condition.

Concerning the second point, very little has been accomplished. In 1917 the chief district health officer, with very meagre facilities, undertook the examination of milk in the offices of the local board. He passed upon some two or three hundred specimens for specific gravity, cream content and freedom from dirt; but with the incoming of the present year he found his other and more immediate duties so increased and extraordinary pressing that the work, incomplete as it was, had to be practically abandoned.

Milk, it will be noted, is subject in the main to four classes of detriment: 1. To dirt; in consequence of careless handling in milking, in the case of utensils, in the case of transportation, and in keeping.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath fetid and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't get heartily full of food or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again.

A thorough "inside cleansing" is often all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It Becomes Beautifully Soft, Wavy, Abundant and Glossy at Once.

Save Your Hair! All Dandruff Goes and Hair Stops Coming Out.

Surely try a "Dandarine Hair Cleaner" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandarine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excess oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

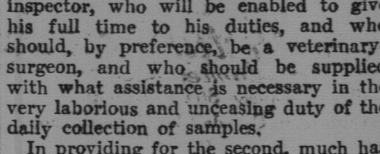

Besides beautifying the hair, one application of Dandarine dissolves every particle of dandruff, moistens the scalp, stopping itching and falling hair. Dandarine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Dandarine at any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

Blotchy Skin

Many a time you have looked into the mirror and wished that your skin would be like other people's that you know "without a blemish." This wish can be yours for the asking. Wash D. D. D., the lotion of healing oils, over your blotchy or blotchy tonight—and wait up in the morning to find them gone!

health for the sub-district of St. John city and county, to see to it that ample provision is made to carry out this "inside service" efficiently; for this purpose two principal sub-services are required: 1. The sanitary gathering service.

For accomplishing the first, it will be necessary to have a food, milk and dairy inspector, who will be enabled to give his full time to his duties, and who should, by preference, be a veterinary surgeon, and who should be supplied with what assistance is necessary in the very laborious and unceasing duty of the daily collection of samples.

In providing for the second, much has already been done under the new act. A provincial laboratory has been established in this city under accomplished direction and it should be widened in scope so as to make it possible to include this work. To do this will probably require additional help and additional facilities in the laboratory, which means, of course, additional expense.

The department would, therefore, suggest as this work is entirely in the interest of the people of St. John city, that a small grant, \$1,800 yearly, to be apportioned between the sub-district board of health and the laboratory (provincial department of health) be granted by the city, as apart from the municipality of the city and county, to aid in carrying out this necessary work.

This is practically a resume of what I stated and further wanted to say over the phone the other evening. Trusting above will be satisfactory. I remain, respectfully yours, HON. W. F. ROBERTS, Minister.

Mrs. J. W. Y. Lawlor, representing the Housewives League, asked several questions of the representatives of the association relative to the production of milk and the cost of producing it. No action was taken at yesterday's session on Hon. Dr. Roberts' letter, but it will doubtless be considered at a future meeting.

Princess Phillip of Bourbon killed by fall from a plane. London, Nov. 29.—Prince Antoine Gaston Phillip of Bourbon, Orleans, great grandson of King Louis Phillip of France, has died in a military hospital from injuries sustained in the fall of an airplane.

Prince Antonio was the son of Prince Gaston, Count D'Eu, and Princess Isabelle of Braganza. He was born in 1881 and early in the war was a captain in the Royal Canadian Dragoons.

The prince was flying from France to England and was forced to make a landing at Old South Gate. The airplane got out of control and collided with a cottage. The pilot of the machine was killed and the prince was fatally hurt.

BAN PLACED AGAIN IN HAMILTON BECAUSE OF INFLUENZA OUTBREAK. Hamilton, Ont., Nov. 29.—The influenza epidemic has broken loose again in Hamilton, which was looked up for three weeks, with three weeks' intermission will be closed again at 6 o'clock tonight. Department stores will be allowed to remain open until four o'clock in the afternoon and again from seven until nine o'clock at night. Theatres, churches, schools will be closed and all public gatherings banned.

The death of Mrs. Matilda Blakeney occurred in the St. John County Hospital on Friday, Nov. 22. She was the daughter of Lachlan MacKay, of 55 Mill street. The funeral took place on the 29th inst.

William LeRoy Peacock. Friends will regret to learn of the death of William LeRoy Peacock, which occurred last night at the home of his mother, following a week's illness of pneumonia. He was aged eighteen years. He was employed as time keeper with Grant & Home at the McDevitt plant. He leaves his mother, Mrs. Harry Linton, 137 Erin street; his step-father, one sister and two half-sisters.

Dawson Glendening. Sussex, Nov. 29.—The body of Dawson Glendening who died in New York on November 29 was brought here yesterday afternoon, accompanied by his brother, Fred, and was taken to the residence of the brother, E. L. Glendening, Sussex Corner. Mr. Glendening was a member of the American Expeditionary Force. The casket was draped with the American flag.

Oliver Hallett. Sussex, N. B., Nov. 29.—Oliver Hallett, a respected resident of the town, died suddenly this morning, aged seventy-one years. The funeral will be held on Monday morning at 10 o'clock, service in Trinity church. Interment will be at Sussex Corner cemetery, Rev. Mansel Sherwin officiating.

Michael McKeown. Friends will regret to learn of the death of Michael McKeown which occurred last night at the home of his son, John G. McKeown, 117 York street. He leaves two sons, three daughters and two sisters to mourn.

ASK APPOINTMENT OF SUPERINTENDENT FOR NEGLECTED CHILDREN. The local council of women at its monthly meeting in the King's Daughters' rooms yesterday afternoon, with Mrs. E. Atherton Smith, the president, in the chair, discussed various resolutions received from the local councils throughout the dominion to be brought before the national council meeting in Kingston (Ont.), early in January. To these the St. John council added the following resolutions:

Moved by Mrs. David McLellan, seconded by Mrs. J. Willard Smith, that in the interests of child welfare in New Brunswick the St. John Council of Women petition the provincial government to appoint a superintendent for neglected or dependent children for the province, to organize societies where none exist, to co-ordinate in the work and make it effective in every city and county similar to the plan adopted in Ontario.

Moved by Miss Alice Walker, seconded by Mrs. Lulachay that the Local Council of Women place before the National Council the great need of government pensions for widowed mothers with families unless they be in a position to make the care of their children their first thought and to keep the home together and save the children from institutional life, not only in the interests of the children themselves but also for economic reasons.

Plans were made for a lecture to be delivered by Mrs. E. A. Smith for the benefit of the council fund and for the holding of Roselind day for the benefit of the Children's Aid Society, both events to take place in December.

Special interesting reports were read by Mrs. L. B. Peck, convener of the agricultural work, giving details of the War Gardens' Association and the 481 gardens which were made productive; and by Mrs. J. Willard Smith, of the child welfare work with a larger committee in the coming winter.

Freed from Chronic Pains

To those who are afflicted with the agonies of a chronic searing back, loss of strength, weight and vigor, the case of Mr. F. Herbert of Pleasantville will appeal with special significance.

Mr. Herbert had suffered with kidney trouble for years and failed to find a prescription that would give him any relief. Finally he tried GIN PILLS because he was impressed by the fact that GIN PILLS contained the beneficial ingredient of Juniper without any Alcohol being added.

Note these extracts from his letter: "I suffered from kidney trouble for several years, and tried numerous remedies without finding any permanent relief. My case appeared chronic. I knew that Juniper without alcohol was excellent for the kidneys, so I decided to try GIN PILLS. One single pill gave me great relief, and since taking four boxes, I find myself completely cured. I am no longer hot-tempered, have increased in weight, and am strong and vigorous again."

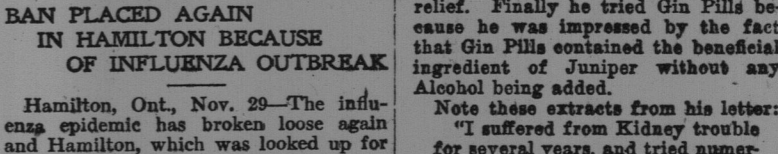

Here is another case. Mrs. M. B. Gardner, of Richmond, Ont., writes: "My husband was taken with severe kidney trouble last winter, and could not work for some time. He heard of GIN PILLS, and after taking one box was able to resume his work. Two boxes relieved the pain in his back, and to-day he is well and strong again. GIN PILLS help others—surely they will do the same for you. Try them—50c a box everywhere."

Nature decreed that every woman should have a clear, smooth, delicate skin. If it is blotched with pimples, blackheads and other such eruptions, it is simply an evidence that the skin lacks certain elements that promote and preserve skin health. And the greatest of these is the wonderful calcium sulphide in Stuart's Calcium Wafers. It is one of the natural constituents of the human body. Your skin must have it to be healthy. It enriches the blood, invigorates the skin health, dries up the pimples, boils, eczema and blotches, enables new skin of fine texture to form and become clear, plump, smooth as velvet and refined to the point of loveliness and beauty. To use these wonderful wafers means to become the belle of the ball. Stop using creams, lotions, powders and bleaches, which merely hide for the moment. Get at 50-cent box of Stuart's Calcium Wafers at any drug store today.

And if you wish to give them a trial send the coupon below.

Restores Gray Hair

To the Natural Color In From 4 to 8 Days

THIS advertisement is addressed to all women who are afflicted with gray hair, no matter what their age—whether they are ladies of leisure, or beginning business life.

It tells how another woman found a way to restore her whitening locks to their natural color without resorting to crude dyes. It offers you the opportunity to test the method free.

This scientific restorer can be used without fear of criticism. It is as permissible and far more important than the powder you use daily. It is very easily applied—the user simply combs it through her hair. In from four to eight days the gray is gone!

This may seem too good to be true—prove it by a trial. Don't let yourself be handicapped by gray hair when it is so simply and quickly remedied. These first gray streaks are a warning that it's time to use Mary T. Goldman's Hair Color Restorer.

This clear, colorless liquid is pure and clean as water, which means much to fastidious women who shudder at the thought of greasy, repulsive dyes.

It doesn't interfere with shampooing, nor with curling and dressing as usual. No one need know you use it, even your own family.

The fact that you can apply it yourself easily and safely and surely is another great advantage to most users.

Get a bottle and test as directed on one lock of hair. See how the gray disappears and the natural color returns. Then treat your entire head. Every gray hair will be gone within 8 days.

Buy from Your Dealer or Order Direct
Your dealer can supply you with Mary T. Goldman's Hair Color Restorer. If he hasn't it in stock, order direct and we will forward a bottle by return mail. Price \$1.25, duty free. Tell us the original color of your hair and enclose sample, if possible.
Remember, the first gray streaks are a warning that it is time to begin with Mary T. Goldman's Hair Color Restorer, and buy or send for a bottle today.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. C. G. M. of Stratroy, Ont., writes: "I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade."

By the proper application of nature's cure, warm water, by means of the "J. B. L. Cascade," the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal Bathing assists her.

Dr. Chas. A. Tyrrell, of New York, a specialist on Internal Bathing, invented and perfected the "J. B. L. Cascade," which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask E. Clinton Brown, Druggist, Union and Waterloo streets, also F. N. Munro, Dispensing Chemist, 357 Main street, for Booklet, "Why Man of Today is Only 50 Per Cent Efficient." They will also be pleased to show and explain the J. B. L. Cascade to you.

Watch Your Health

To avoid having influenza, grippé, or in fact any disease, see that your general health and strength are in perfect condition.

If you are at all run-down, tired-out, or can't eat you are certainly courting disease. What you require is Sargol in tablet form, which has been found to be a most effective tonic and easy to take. If unfortunately you have not taken it in time and have fallen a victim to disease you require Sargol to build you up. Sargol in tablet form is prepared only

by the National Laboratories, Montreal, and is dispensed by all druggists. A trial size is put up at fifty cents, regular size, with important suggestions, one dollar. What those who have taken Sargol say about it— "A splendid tonic" "I didn't relish my meals until I took Sargol in tablet form." "I couldn't take iron so I took Sargol—no bad effects." "Great." Ask your druggist for "Sargol Tonic Tablets."

Profitable Employment for Spare Time

Many persons who take up our work for spare time, find it is so profitable that they are disposed to make it their regular occupation. It is an excellent opportunity, too, for boys or girls putting themselves through college and even school children can make a big success of this work. It consists in introducing to the public the famous Gold Medal Patriotic Calendars. These Calendars sell with amazing ease, due to their really exceptional merit and low price. You sell them for 25 cents each. In the stores Calendars of similar beauty and quality cost twice as much. The subjects for this year include a brand new picture, painted especially for us by a prominent Canadian artist, called "British Victorious Defenders." There are also splendid portraits of Lloyd George, Sir Douglas Haig, Marshal Foch and Gen. Currie. These Calendars are printed on heavy art paper, with Calendar pad and hanger—all ready to put up. They are good enough for the best room of any home in the land. This year the Calendar business will be better than ever, because Calendars are scarce. They are more costly than in former years, and as a result merchants are not giving away advertising Calendars to any great extent. People must have Calendars! Why not make money filling this demand? When we supply Calendars without any money in advance, you make a profit of 33 1/3 per cent. on every one you sell—and you'll find in many cases that several Calendars will be bought in one house. Now is the time to start.

LET US SEND YOU A TRIAL ASSORTMENT. You need send us no money—we will trust you with the goods on the understanding that you will send us two-thirds of all money from sales, retaining a fifth as your own profit. When sending the trial assortment, we will also explain how you can make a larger profit by sending cash with order. Now send your order for a trial lot. You will find the work so easy, pleasant and profitable that you will want to pay in advance on future orders, so as to make the

SAYS MAJOR LEAGUE BALL IS CERTAINLY

Detroit, Mich., Nov. 29.—Major league baseball next year is virtually a certainty according to Frank J. Navin, president of the Detroit American League Club.

So confident is he of this, Navin said today, that he is making tentative arrangements to take a squad of thirty players south for training next March.

"The Tigers now in the army and navy," Navin adds, "are included among those who are to be demobilized and there is no reason to expect that any of them will not be on hand when the call for early spring practice is sent out."

D. W. GRIFFITH'S SUPREME TRIUMPH "HEARTS OF THE WORLD"

Coming To The Imperial Theatre, Week of Dec. 9th
SEAT SALE OPENS NEXT WEDNESDAY

Every person in St. John who saw D. W. Griffith's former productions "The Birth of a Nation" and "Intolerance," are looking forward with pleasurable anticipation now that it is announced "Hearts of the World" will be presented at the Imperial the week of Dec. 9th. It will be on all week and will be shown here with the usual Griffith embellishments, such as music and effects. In "Hearts of the World" Mr. Griffith shows what the conflict means. It is not about the war, but about people to whom the war came—and for this reason it makes the war real. One can begin to comprehend the world war only by attempting to conceive of it in contrast with the world before the war, and obtaining, so far as possible, its effect upon the little things and the big things of human life. "Hearts of the World" offers some actual opportunity for the cinema-goer to see the contrast and the observation of effects. Many of the recent war films have been devoted so exclusively to photographs of fighting that, for all they have revealed, the war might be limited to the scenes recorded by the camera. Others have so insulted intelligence and true patriotism with theatrical rubbish in the form of fakery, melodrama, or have introduced such clumsy studio films, that if the thing was thinkable, one charitably inclined would like to give their producers credit for attempting successfully to burlesque the war.

Mr. Griffith's film is in none of these classes, however. Its scope is big enough and its execution is artistic enough to present a great deal of the war, and the story there is no shadow of war. The carefully restricted presence of a German spy is the only suggestion of events to come, and even he does not appear until after the story has gone far enough to hold the interest of the spectators without the aid of the war. The people in the French village shown are real, one becomes interested in their characters and activities; one begins to anticipate with them what they innocently assume they will do tomorrow, and the next day. Once the war has come the actual scenes of its incidents and those skill-

fully made to the order of the story, achieve their full effectiveness. One would have to write columns to give any idea of them.

"Hearts of the World" has for its background the Great War. David Lloyd George commissioned Mr. Griffith to make this wonderful production under the auspices of the British Government. The entire British Army in France was placed at his disposal in the making of this gigantic screen drama. You will see peaceful France and Belgium; then comes the alarm of war, the mailed fist of the brutal Kaiser strikes and the holocaust is on. You will see the most striking indictment of German bestiality and German frightfulness yet shown to the civilized world. You will see the British Parliament, champion of Liberty, in its famous session when the House of Commons votes in the name of humanity to resist the outrage upon a free people and to fight to maintain justice in the world. You will see France, Cradle of Liberty, the memorable session of the Chamber of Deputies, voting war with Germany, waiting for the time that would bring them revenge for the crime of Alsace and Lorraine. You will see why any country that is good enough to live in is good enough to fight for. You will see displayed the grim story of the great struggle, with the rainbow of promise of success and happiness brought to Europe, by the coming of the British, Canadian and United States troops.

After witnessing D. W. Griffith's supreme triumph, you will go forth with renewed ardor and with increased faith in the justice of the war of our beloved country and allies in their fight for humanity and civilization. "Hearts of the World" is pre-eminent because in two hours and forty minutes it shows a vital human record that embodies the spirit and the soul of the war with deeper reality than all the books and newspapers combined.

Farmers Want Reciprocity

Canadian Council of Agriculture,
Meeting in Winnipeg, Draws up
Platform

Winnipeg, Nov. 29.—That the reciprocity agricultural agreement between Canada and the United States be accepted by Canada, is one of the planks in the farmers' platform, decided on by the Canadian Council of Agriculture, now in session here. In announcing their platform today, the farmers pointed out that the reciprocity agreement of 1911 is still on the statute books of the United States and if ratified by Canada would go into effect at once.

The farmers' platform embodies:

A demand for a league of nations as an international organization for peace. Opposition to the attempt to centralize imperial control and to any attempt to set up an independent authority with power to bind the dominions, whether this authority be termed parliament, council or cabinet.

An immediate and substantial all-around reduction of the customs tariff. Reduction of the customs duty on goods imported from Great Britain to one-half of the rate charged under the general tariff, and that further gradual uniform reductions be made in the remaining tariff on British imports which will insure complete free trade between Great Britain and Canada in five years.

That the reciprocity agreement in 1911, which still remains on the statute books of the United States, be accepted by the parliament of Canada. That all foodstuffs not included in the reciprocity agreement be placed on the free list.

That agricultural implements, farm machinery, vehicles, fertilizers, coal, lumber, cement, illuminating fuel and lubricating oils be placed on the free list, and that all raw materials and machinery used in their manufacture also be placed on the free list.

That all tariff concessions granted to other countries be immediately extended to Great Britain.

To obtain revenue for the government, a direct tax on unimproved land values, including all natural resources, a sharply graduated inheritance tax on large estates and a graduated income tax on the profits of corporations advocated.

The council urges that it is the recognized duty of Canada to exercise due judgment to insure the well-being of the returned soldier and his dependents, and makes several important recommendations concerning demobilization, employment, vocational training, and land settlement.

The council recommends public ownership and control of railway, water and air transportation, telephones, telegraph and express systems, all projects in the development of natural power, and of the coal mining industry.

Sailor Drowned

Seaman Morris, of Advocate (N. S.), was washed overboard off the schooner Hartney W., Thursday morning, when the vessel was a few miles off the island.

The schooner arrived in port yesterday morning and the sad news of the fatality was reported to B. S. Purdy, shipping master. Morris who was eighteen years old, joined the schooner at Spencer's Island and was making his first trip in her. From the few details which can be learned, it appears that there was a heavy sea running and the schooner had been ordered forward to do some work. In some manner he lost his footing and was washed overboard.

He was clad in heavy oil skins and rubber boots, and when he struck the water he sank very quickly and the crew did not see him come to the surface again. On account of the heavy sea which was running all the boats had been lashed down.

As soon as the news was spread that Morris was overboard, the captain of the schooner immediately "hoove her to," but it was of no avail.

The schooner is a three master of 271 tonnage and carries a crew of six men. She is commanded by Captain Pearl and was bound from Walton (N. S.), to New York.

RECENT WEDDINGS

Johnston-Morris.
A quiet wedding was solemnized by Rev. H. C. Fraser at his residence, 64 Coburg street, on Nov. 27, when Roy Gerald Johnston, of the local police force, was united in marriage to Mrs. Bessie May Morris, of Conception Bay (Nfld.).

Craft-Walsh.
Friends will read with interest of the marriage of Miss Nellie M. Walsh, daughter of Frank Walsh, of 14 High street, to Hubert A. Craft, of Mace's Bay, which took place on last Wednesday morning at the home of the bride's father. Rev. Mr. Lance officiated. The bride was prettily attired in a traveling dress of blue with black picture hat and she wore fox fur. Mr. and Mrs. Craft went by automobile to Mace's Bay, where they will make their home.

To obtain revenue for the government, a direct tax on unimproved land values, including all natural resources, a sharply graduated inheritance tax on large estates and a graduated income tax on the profits of corporations advocated.

The council urges that it is the recognized duty of Canada to exercise due judgment to insure the well-being of the returned soldier and his dependents, and makes several important recommendations concerning demobilization, employment, vocational training, and land settlement.

The council recommends public ownership and control of railway, water and air transportation, telephones, telegraph and express systems, all projects in the development of natural power, and of the coal mining industry.

WHAT PART DOES MUSIC PLAY IN YOUR LIFE?

YOU enjoy it of course. But how much? Can you get along without it? For your sake we hope not.

After all, you get out of life only what you put into it. To be truly happy you must develop the tastes and interests which bring happiness. And music is one of the chief of these.

Make music mean more to you than mere entertainment. Make it a real and lasting resource. Make it enrich your life.

Of all musical instruments none can offer you such range and variety as

The NEW EDISON

"The Phonograph with a Soul"

NO other instrument Re-Creates right in your own home the voice of a great singer with such fidelity that anyone standing outside the door would swear that the artist himself was your guest.

No other instrument Re-Creates an artist's voice or instrument so perfectly that when the living artist sings or plays in direct comparison with it no listener can say when it is the artist

he hears and when the New Edison. But the New Edison does exactly this as has been proved not once but more than 1500 times by the famous tone tests. More than 2,000,000 people have attended these tests. Not one could distinguish artist from instrument.

Let music be a real factor in your life. Put in to life a taste for music; get out of life the joy this brings. Call at our store for a demonstration.

LIBERAL CONFERENCE

Ottawa, Nov. 29.—Sir Wilfrid Laurier is communicating with the Liberal Association of each province asking them to select representatives to consult and confer with him, and the other Liberal members of the House of Commons. It is expected the delegates will be present to the number of 120, about as follows:

Prince Edward Island, 4; Nova Scotia, 10; New Brunswick, 10; Quebec, 24; Ontario, 32; Manitoba, 10; Saskatchewan, 10; Alberta, 10 and British Columbia, 10. The number designated for each province may not be so large as this, but the proportions will be about as here indicated.

A \$250,000 Fire.
Toronto, Nov. 29.—Fire, the origin of which is unknown, broke out in the forge shop of the British forging shell plant at Ashbridge Bay, about 6 o'clock this morning and destroyed one of the buildings. The loss is about \$250,000.
