MAYOR HALL SPEAKS OUT

IMPOSSIBLE TO DO ALL STREET REQUIREMENTS

His Worship Makes it Plain Corporation is Doing Its

At Friday evening's meeting of the streets committee of the City Council, Mayor Hall in very vigorous fashion resented the idea which seemed to preclared that the House of Lords was impotent in finance, and that the Liberals were eager for a fight should dido canyon is almost over, and that street improvements as rapidly as Took Part in Disturbance at they were required. His worship was moved to this utterance because of the presence before the board of a deputation of residents of Foul Bay road, be-tween Fairfield and Crescent roads, who complained that the street was in a disgraceful condition, and that the application for improvements had before the council for many

months. Mayor Hall, while he sympathized then come to the ADDRESSES PILGRIMS streets put in proper condition right will be sentenced later. away, they were asking a little too centre of the city that had not been at- against the police like tigers. Says Supremacy at Sea Means tended to, owing to the fact that it was quite beyond the capacity of the city to do all that was needful. He cited the case of many streets in Victoria West, where for fifteen years practically nothing had been done in

he way of improvements. "Why," said his worship, "it would several thousand men to put all the streets within the boudaries of the would like to de all that was asked of it before Christmas if that were possible, but could not for obvious reasons. Then, again, taxes are increastake these things into consideration."

The deputation of property owners on Foul Bay road consisted of R. L. which they asked to be done was only small one; the street was quite im passable in the winter time: the rejuest for the improvement had been long time before the board; the Oak Bay municipality had agreed to pay its share of the cost; and there apparently seemed no reason why the natter should be further delayed. The council after some debate, informed the deputation that the work would be taken in hand at the earliest

# R. W. BROCK IS

CONDITION OF MINING IN ALASKAN CAMPS

Head of Geological Survey Made Tour Down Yukon River.

(From Monlay's Daily.) R. W. Brock, director of the geological surveys, arrived in Victoria this from a trip through the Yukon and Pole. It was learned to-day that the Alaska. Mr. Brock was a member of the province is in its own constitutional sphere? That is a question to which, we submit, no satisfactory answer can be returned.

Pole. It was learned to-day that the real reason for Commander Peary's Hon. Mr. Templeman's party, which inspected the mining camps of the Coast and the Yukon this summer. Instead of returning with the party from the Nikon. at New York and be interviewed, thus Dawson he continued down the Yukon, permitting Peary to get further details visiting Forty Mile and the Alaskan ports, but a large company of em- PROFIT WILL BE ALL CANADA'S. of his claims and make further denials. mining camps, to become familiar The Canadian government, however, with the present developments, and to The Toronto Star is not troubled by sent the cableship Tyrian with 18 Am- set in touch with the work being done the fact that Americans have had the erican and Canadian newspaper men in Alaska by the United States geologiaboard, and these were able to force cal survey, some of which has an important bearing on the mining develop ment of the Canadian Yukon. There erous interviews with Peary is that also much work along the Alaska-Yuprofit, of discovering the north pole. the commander largely based his state- kon boundary line which should be Our contemporary takes a very practical and common sense view of the situthe New Haven horseman, failed to cellent work is being done by the ation. It points out that while the mention the fact when taken aboard United States survey in the way of empty honor of planting a flag ou the the steamer Roosevelt after the return exploring and mapping Alaska and ingreat field of floating ice may not be of Dr. Cook. Peary also regards as sig-nificant the meagre equipment of Cook eral deposits. Particularly important

Michaels, crossed over to Nome and "I do not feel that it is consistent at returned from Nome to Seattle by the yesterday

camps of the lower Yukon and Seward peninsula, like those of the Klondike, have been seriously handicapped by a shortage of water, it having been an whereas in southern Yukon and northern British Columbia the season has been exceptionally wet. A great many plants were in consequence idle and many others working far below their normal capacities

Fairbanks and Nome appear to be in uch the same condition as Dawsonin a transition stage. The known rich ground with accessible water is pretty well worked out the extravagent days over, but preparations are under way mander Robert E. Peary aboard, pass- for attacking the widespread low grade ground by operations on a large scale.

Dredging on Seward peninsula is reported to be a success, and more extensive developments of this form of mining are to be expected.

Mining costs here, as in the Canadian Yukon, are still too high to permit much of the low grade ground to Freight to Nome is low, \$6 per ton, but the cost of labor has not been correspondingly reduced, so that operating expenses are still high.

With a lowered cost great expansion possible and continuous work could be furnished, instead of the present short season of four months, during the most favorable climatic

On account of the curtailment of operations this summer, due to lack the camps during the winter the companies are able to provide work, which seems unlikely, unless la-

Some interest is being manifested

Mr. Brock is impressed with the minpresses the conviction that even the old placer camps will surprise the outside world with their life and production But development cannot be as rapid as the most sanguine hope business connected more particularly and expect. The natural difficulties take time to overcome, and prospecthowever, report good prospects on a number of rivers that have hitherto been difficult of access, and a considerable amount of pioneer prospecting in progress which will likely result n the establishment of some new placer camps. Other mineral rescurces which depend on their development upon transportation facilities will furnish more permanent industries with the further opening up of

the country. The development of Alaska's resources will aid that of the Canadian Yukon, and will consequently be watched with interest by Canadians. Up to the present the Yukon has robably furnished more direct and indirect assistance to Alaska than has been received, but in the near future the balance may swing the other way.

AND LABOR CONGRESS

Annual Convention Opens at Quebec-Large Attend ance of Delegates.

Quebec, Sept. 20.—The Dominion Trades and Labor convention opened this morning with a large attendance a fit of temporary insanity she shot of delegates. Premier Gouin, Hon. W. L. Mackenzie King, minister of labor; Congress; George Jones, of Atlanta, representing the American Federation of Labor, and many other prominent men were present. J. Desrosiers, president Tokio, Sept. 20.—The cruiser Idzumi, of Council, welcomed the delegates. Premier Gouin spoke detailing the govern mand of Captain Takeshita, sailed to-day mier Gouin spoke detailing the govern-to participate in the approaching Portola festival of San Francisco next October, problem. Hon. Mr. King said the new ment's legislation favoring the labor Grainmmemorating the discovery of San buildings at Ottawa would be known as the labor department.

# Beautiful New Costumes and Coats for Horse Show Week

A more comprehensive or beautiful assortment of Fall raiment could hardly be found in the much larger stores of Eastern cities. The very latest effects and creations are to be seen here—direct importations by us, selected by our own buyers, who are at present searching the principal style centres of the world—which are rushed on to us with all possible speed. They are only authoritative models which are the result of much brain work and study by the style artists with a finish that is one of the characteristics of Spencer wear-

NERVOUS DISORDERS.

nber that this is a sure and early sign of your nervous system being at Later another dog salmon was taken fault. The mischief may develop slowly to a worse stage. You feel unac-countably weak and weary after exer-Lord Northcliffe was delighted with his morning's experience, which he declared would go into the picture galacter work of memory together with complete nervous collapse and possibly paralysis. Dr. Williams' Pink Pills have won a great reputation by curing all forms of nervous disease. The nervous system depends entirely upon the blood supply for nourishment; when the blood is thin and weak the nerves are affected as described. Dr. Williams' Pink Pills actually increase the supply of good red blood, feed, strengthen and tone the nerves, enable them to perform their functions and dispel all signs of a breakdown.

Mrs. James H. Ward, Lord's Cove.

Captain of Jno. L. Card

N. P., says: "About two years ago I suffered so much from nervous prostration that I was little better than Brings Word of Conditions.

Suhered so much from nervous prostration that I was little better than a helpless wreck. I suffered from headaches and a constant feeling of dizziness. The least unusual move would startle me and set my heart palpitating violently. I had little or no appetite, and grew so weak that I was not do my housework. #### Council Asked to Make Lateral Connections When Mac-

adamizing.

IN STREET IMPROVEMENTS

**URGES A REFORM** 

Ex-Alderman Gleason and J. Sonly constituted a deputation which waited on the city council on Friday, representing the property owners on Bel mont avenue, for the purpose of urging that in respect to that thoroughfare at least the city in macadamizing should also go on with all lateral connections which would obviate the tearing up of the street at another time. The council thought favorably of the suggestion and the water commissioner, the gas company and the owners on the thoroughfare will be communicated with to see if an arrangement can be made to

mplete the work at once. Mr. Gleason thought the council should adopt as a fundamental principle in civic work the practice of putting down lateral connections when a street is being improved, so that the street would not be torn up three or fou times afterwards to suit the convenience of the gas company or the sewer nen, etc. A boulevard was about to be constructed on Belmont avenue, and it would be too bad if later it had to be torn up in order that the lateral connections should be made. He believed on with the work at once.

Ald. Henderson asked would the property owners be ready to pay the regu-Mr. Gleason in reply said they would for them. He thought the city might

Mr. Sonly expressed similar views to those held by Mr. Gleason, and added that it would be cheaper to make the onnections now than later, when the streets would have to be torn up. Mayor Hall pointed out that the city ould only do as requested if the property owners were agreed. Chairman Turner suggested that the

owners.

property owners be communicated This was agreed to. The water commissioner and the gas company will also be communicated with in regard to making lateral connections

-An electrical storm was witnessed in this city on Thursday between the hours of 7 and 8 o'clock. Bright lightning flashes at intervals of about five minutes were to be seen in the northeastern sky.

# CARMEN HOLD GRAND PICNIC

SPLENDID SPORTS AT CANTEEN GROUNDS

Successful Gathering Friends of Tramcar Men on Saturday.

(From Monday's Daily.) The fifth annual outing given by the employees of the B. C. Electric Company on Saturday afternoon at the Canteen grounds proved to be a big success and was largely attended. A Receives Silver Tea Service course was lined out and many gathered around it to witness the races, which proved very interesting. Others were attracted to the exhibitions o also furnished the music for the day. The programme of races started at 1:30 o'clock and was completed by about 5:30 o'clock. It was a very The races for young men all proved to be closely contested and some great fit ishes were seen. The Strand hotel race, of 100 yards, for which a handsome \$50 cup was presented by the above hotel, proved to be the closest. The open race for motormen and conductors drew a large field. Starter Dinsley sent them away in a good start. The race, however, proved to be between Kerchin and Steenson and was won by the latter by so small a margin that the judges held a consultation to decide. A number of other races also had close finishes but the former one excelled.

# TAFT SPEAKS ON LABOR PROBLEM

DECLARES HE WILL KEEP HIS PROMISE

Will Recommend Legislation on the Subject of Injunctions.

Chicago, Sept. 17 .- President Taft received an uproarious greeting when he reached Orchestra hall last night, to make the only speech of his stay in Chicago. Mr. Taft devoted the entire first part of his speech to the subject of labor, and said he intended to recommend to congress in his first has been subjected to so much critimessage legislation to carry out the promises made in regard to injunctions -that no injunction or restraining order should be issued without notice unless irreparable injury would result from delay, in which case a speedy hearing should be granted. Mr. Taft spoke in part as follows:

that I made a speech in this hall to me 1,800 members of the railroad or ganizatins, in which I attempted to onvince them that there was nothing in my decisions as a circuit judge in abor injunction cases which ought to make them against me for the presi dency. It was a critical time in the campaign. There was hardly another speech in my campaign of greater imthat in that election I suffered ma-terially from the loss of labor votes. Now that the election has come and sion of congress to recommend the

ers who decline to deal with organized labor and to recognize it as a proper element in the settlement of wage controversies are behind the times. Of courses when organized labor allows itself to sympathize with violent methods it is not entitled to our sympathy. Our friends of the great unions at times complain of our courts, more perhaps because of the decisions in injunction cases than for anything else. at times complain of our courts, more perhaps because of the decisions in injunction cases than for anything else.

"There is no subject upon which I feel so deeply as upon the necessity of reform in the administration of civil simplicity, and Campbell's effects were decisions in intention of the judges by their artistic tention of the judges by their artistic ers were not cognizant. They had the orders consigned from the United States are displays, and where profusion dominated in Wilkerson's window that of Finch & Finch was prominent for its simplicity, and Campbell's effects were not cognizant. They had the orders consigned from the United States are displays, and where profusion dominated in Wilkerson's window that of Finch & Finch was prominent for its simplicity, and Campbell's effects were reform in the administration of civil and criminal law. To sum it all up in one phase, the difficulty in both is due to delay. It is not too much to say that the administration of the criminal law in this country is a disgrace to our covered the ground outlined in the competitions. The three first placed competitors, however, had the advantage of space of which they had made the most, and the winner's display which the regulations had to be carried. that the administration of the criminal law in this country is a disgrace to our civilization, and that the prevalence of crime and fraud, which are in greater evidence than in European countries, is due largely to the failure of the law and the administration of it to bring oriminals to justice. I am sure that criminals to justice. I am sure that this failure is not due to corruption of officials, neglect, or laziness, but is FISHERIES INSPECTOR chiefly due to the system, against which it is impossible for an earnest prosecutor and an efficient judge to struggle. Until our people shall beme fully aware and in some concrete way be made to suffer from the escape criminals from justice in the coun-

try, this system may continue One of the methods by which it could be remedied in some degree to give judges more power in the trial riminal cases and enable them to aid the jury in its consideration of facts, and to exercise more control over the arguments that counsel sees Harbor, fit to advance. But reform in our brought by E. G. Taylor, fisheries incriminal procedure is not the only respector of Nanaimo. There they put up

### LOCAL ATHLETES SCORE TRIUMPH

EASILY WIN ANNUAL B. C. CHAMPIONSHIPS

Victoria Quartette Records New Time for Mile Relay.

Ten firsts and six seconds to Victoria for re-entry depended upon some allegathletes as against only four wins and five seconds obtained by Vancouver, won for the Capital City the highest honors, at the provincial amateur championship meet Saturday aftercausing this poisoning of the blood. To seems to me to draw the distinction I the governmental department which noon at Vancouver. The mile relay cure Headaches and Neuralgia, the have been endeavoring to point out. is charged with the administration of race was among Victoria's wins, and land in British Columbia, being ade-Beasley, Parker, Winsby and Dickson came back with a new relay mile when the application in question was minal City runners easily and made the new time 3.38 4-5. The presumption is that the patent is

Three firsts was the amount of work valid and passed the legal title, and, Harry Beasley accomplished for the afternoon on the championship track, while Vaio running in ill luck had one been regularly taken before the title while Vaio running in ill luck had one first and three seconds. H. Beasley was perfected by the patent. Minter won the junior hundred yards and the Crommelin, 18 Howard, 68. There broad jump, and Percy Beasley won cited by counsel which follow on the broad jump, Baylis the five-mile, Winsby the quarter, Dickson the 880 yards. McDowell the half-mile, and Sweeney the mile, and the relay race came as the tenth win.

For Vancouver McConnell secured the land department on mere questions three wins. Outside of McConnell, the Vancouver track athletes failed, with the exception that Duncan Gillis winning the 56-pound weight throw, established a new record for British Columbia, and also for Canada, by throwing the weight 37 feet.

The downfall of Vancouver track athletes at the hands of Victoria sets a new sign on Capital City athletes, and that the local boys should win by a wide margin the first annual British Columbia championship augurs well for the future of athletics here.

The meet was well handled, all the events being run to time, and with but one exception were satisfactory to the Victoria competitors. The exception one. The fruit was of fine quality and was in the sprints, where Victoria ome of the exhibits were so well con- competitors were handed the outside tested that it was found difficult to position on the sloping hill, which undoubtedly lost them the two events.

The results were: 100 yards, under 18-Beasley, Victoria, first. Time, 10 4-5 seconds 100 yards, senior-McConnell, Vanouver, first; Vaio, Victoria, second.

Delegates to the B. C. Rugby Union try.

J. W. Murphy, one of the provincial of actually seeing fire wardens, told of actually seeing fires started by sparks from locomo tives. He gave several instances in his Portland Woman Who Shot Husband own experience and what he had heard

The Fernie Board of Trade presented who shot and killed her the appointment of more fire wardens fying that the land had been cleared

Mrs. Collins remains in custody in several lumber companies, declared the care of the Crystal Springs sana- himself strongly in favor of burning the slashings after logging, and from

the evidence of other lumbermen this appears to be a usual practice. It is necessary, however, in order to get the ogs cut to pile the brush out of the way, and when this is done the cost of burning is not more than twenty-five

r thirty cents an acre. A. R. Lowry, local manager of the Bank of Hamilton, said banks would not advance money on either Dominion or provincial licenses alone. A man must have other security to offer. Perpetuity of tenure of provincial licenses vould improve them as a security.

was soon lost to sight. None of the party was ever seen again by mortal eyes. Some days later, about the 25th of July, the wife of a Cariboo miner who lived in a cabin near Quesnel Forks, was engaged in hanging out some the gulch and shouted, pointing as the ran toward the sky. In broken English the natives exclaimed that a great monster had passed high above their heads. The woman gazed intently in the direction pointed out, and soon dethe heavens and sailed swiftly in s for at least ten minutes. The woman ran as rapidly as possible to the works of the hydraulic company, managed by J. B. Hobson of this city, and told that gentleman of the strange sight. Mr. Hobson hurried out of his office and gazed heavenward, but by that time the visitor had hurried beyond the range of his vision and he saw nothing but the blue sky. The woman and the Indians stoutly maintained that the object had passed over their heads, and they had had a good look at a basket or boat which hung below the balloon and which seemed to be empty, at least no person was visible and no signals were made. # PRIZE WINNERS AT ISLANDS' FAIR

SHOW ONE OF THE BEST YET HELD

#### Record List of Vegetable Entries-Competition Keen in Cattle.

Ganges, Sept. 18.-The annual show of the Islands Agricultural Association on Wednesday was voted the best yet held in the history of the organization. The cattle and vegetable entries were exceptionally numerous, the latter exceeding in number these at any previ-

ous show. There was a large number of entries, especially in cattle and vegetables. In the hall the fruit occupied a conspicuous position. Mr. Savory of Victoria, judged the vegetables and expressed himself as greatly pleased with the exhibits. The exhibit of Messrs. Simpson and Cundy of Pertland Island, was well worthy of praise, winning a number of prizes. J. R. Anderson judged the orchard produce. The apples and pears were exceptionally fine

and caused much favorable comment. The horses were judged by Mr. Gray of Ontario, and G. H. Hadwin of Duncan. The competition in the cattle classes was very keen. The exhibits in sheep and swine were not very large, although Max Enke brought over some very commendable entries in the former from Galiano Island.

Salt Spring lived up to its reputation in the poultry line, the exhibits far exceeding all expectations. R. P. Edwards brought over a large number of birds, which were highly praised by the E. Lundy judge, J. T. Pargetor, of Nanaimo. sports were carried out very successfully, Messrs. Borridale Sayward having charge. The football match was won by the North Salt Spring team by 1 to nil. The following is the prize list:

#### HORSES.

> There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

#### Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapperno secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

### Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

It makes weak women strong, sick women will. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nervine it is unequaled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy.

HAVE NARROW ESCAPE PROPOSED PUBLIC

PARK AT KAMLOOPS Rescued by Police From Burn-

**Board of Trade Appoints Com**mittee to Co-operate With City Council.

Kamloops, Sept. 16.-At the last meeting of the board of trade G. D. Brown brought up the park question. No time should be lost, he said, in securing prooman and child were carried out in their night clothes by the police at the perty for park purposes. Values were very last moment, when the structure increasing all the time and the time was practically in flames from top to bottom. The other four children were The building caught fire in some un- mill flat. Mayor Robinson stated he intable way, at about 2.30 o'clock, was greatly interested in the park and in less than half an hour it was in question, and if it could be secured the ashes. A shed adjoining and a stable mill flat was the best site and it would in the rear of the next lot were also burned and the house at the front of be approved by the majority of citizens. the lot, No. 33, owned by W. Parsons, He suggested that a committee of the was damaged a good deal. The stable board and a committee from the council should wait upon Mr. Lachmund when he returned from the east and see what can be done. A committee from the board was appointed to co-operate with a committee from the council. A letter was received from the rail-AT VANCOUVER way commission regarding the electric ing, which stated that the C. P. R promised to have the bell installed by the end of last month. The railway mmission is to hold sittings in th province next month, at Vancouver or the 27th, and Victoria on the 2th. Mayor Robinson moved that the com mission be asked to hold a sitting here

and that an effort be made to have Kamloops made a jobbing centre. This carried. had interviewed Hon, Mr. Fulton re garding the old court house and au thority had been given the board to take possession at once and the secretary was now moving in. Mr. Callo way reported for the publicity commit tee that the city had granted a sum of \$500 and that a publicity writer, Mr Harding, had been appointed. Several McNichol when he was here. The report was adopted.

SKYLARKERS FINED IN POLICE COURT

Guest of Private Chinese Boudoir-Other Cases.

(From Monday's Daily.) Frank Carmandi and Antonio Corvandi were each fined \$5 and \$2 interoreter's fees in the police court this bound over to keep the peace from orning for fighting on Johnson street Saturday afternoon. Both accused court on a charge of threatening to pleaded not guilty and said they were skylarking. The magistrate told them he open country was the proper place for skylarking and warned them not appear in court again on a similar When arrested one of the men had a stream of blood running

R. Lowe, appearing on behalf of Wong Yue, a Chinese, who has been in jail some days, was ready with an affidavit from the Supreme Court o habeas corpus proceedings when a charge of stealing a trunk, the property of Mrs. Corsan and valued at \$500, was laid against the accused.

Mr. Lowe complained the police had no evidence against accused and had 86 years of age. in 1828, and lived in Elgin county since sion to the navy yard, Puget Sound, taken him into "their private boudoir," land with the 'd of an interpreter en- lyn, N. Y., November 10th, 1823.

deavored to obtain evidence against The prosecution asked week's remand, which Mr. Lowe op sed and complained that accused had been in jail without a charge being laid. The remand was granted and bail fixed at \$1,000.

Mr. Lowe, on leaving the court, said the police had no evidence, and it seemed to him a proper case to be brought before the attorney-general. John Rogers pleaded guilty to vagrancy and then proved his innocence by informing the court he was a pensioner receiving two shillings and two pence per day. He was discharged. W. T. Walker, who last year was July to January appeared before the guilty. His wife told the court he was drink crazed and asked that he placed under bonds for a year. magistrate made the required order men for \$500 by 10 o'clock to-morrow or go to jail for a month.
