MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETY'S RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED,—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practicable effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurer, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

TIME FOR THE ANNUAL MEETING.

"RESOLVED,—That in future the Annual Meeting of the Society be held in the month of September each year, at which the general religious and financial state of the Missions will be presented."

RETURNS FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace number of Members, Children on each Mission, and the probable amount of the current Income."

TIME OF PUBLISHING ANNUAL REPORT.

"RESOLVED,—That in future the Missionary Report be published, at the latest, by the 1st of October, and that any list of subscribers that may not be returned in time for insertion in its proper place be added at the close of the Report, and if delayed too long for that, be laid over to the next year's Report."

PROCEEDINGS

OF

The Annual Meeting of the Society.

The THIRTY-SEVENTH ANNUAL MEETING of the MISSIONARY SOCIETY of the WESLEYAN METHODIST CHURCH IN CANADA, was held in Toronto on Monday, November 3rd, 1862. His Worship J. G. BOWES, Mayor of Toronto, in the Chair. The Meeting was opened with singing and prayer, and the Report having been read by the GENERAL SUPERINTENDENT OF MISSIONS, the following Resolutions were unanimously adopted:—

I. Moved by the REV. J. ELLIOTT, seconded by the REV. J. A. WILLIAMS,—

That this Meeting desires to express its devout thanksgivings to the God of Redemption for the inestimable blessings conferred on the Wesleyan Missionary Society, and other kindred Societies; and that the Annual Report, a summary of which has now been read, be received and printed for distribution.

II. Moved by the REV. A. HURLBURT, seconded by the REV. K. CREIGHTON,—

That as a result of the continued spiritual success granted by the Divine Being this Meeting rejoices that from the Society's Home and Foreign Missions there are earnest calls for the services of more Missionaries, but regrets that an insufficiency of Funds prevents an immediate response, however important the unlimited diffusion of the Gospel of Christ.

III. Moved by the REV. C. LAVELL, M.A., seconded by Mr. R. WOODSWORTH,—

That this Meeting very cordially thanks the Ministers, Officers, Collectors, and Subscribers of all the Branch Societies, whether of the Wesleyan community or of others, for their untiring exertions, and welcome Contributions, and urgently recommends constant dependence upon the Holy Spirit, a closer consideration of the present obligations and wants of the Society, and more fervent prayer and self-denying liberality, that the Name, which is above every name, may soon be hallowed universally.

GENERAL COMMITTEE, 1862-63.

REV. ENÓCH WOOD, D. D.,

PRESIDENT OF THE CONFERENCE, GENERAL SUPERINTENDENT OF MISSIONS,

STATIONS AND MISSIONARIES,
CANADA CONFERENCE, 1862-'63.

CANADA INDIAN MISSIONS.

New Credit—Thomas Williams; William Herkimer, David Wright, Sup'd.

Grand River—Peter German.

Mount Elgin and Munceytown—James Musgrove, Co-Delegate, whose attention shall be principally directed to the Industrial School; William H. Musgrove.

Oneida—Abraham Sickles.

Walpole Island—William M. Cooley.

Snake Island—Supplied from Holland Landing.

Rama—Robert Brooking.

Schoogog—Supplied from Prince Albert.

Alnwick—Sylvester Hurlburt, John Sunday.

Rice Lake—David B. Madden.

Mud Lake—Supplied from Lakefield.

Moravian Indians—Supplied from Wardsville.

FOREIGN MISSIONS.

HURON AND SUPERIOR.

St. Clair—Thomas Hurlburt; James Ashquabe.

Saugeen and Southampton—John K. Williston.

Cape Crocker and Colpoys Bay—Stephen Brownell.

Christian Islands, Beausotiel Island, and French River—Allan Salt.

Garden River—Edward Sallows.

Batchewana Bay—One to be sent.

Michipicoton—George Blaker.

Pic and Nipegon—One to be sent.

HUDSON'S BAY TERRITORY.

Norway House, Lake Winnepeg—George McDougall.

Oxford House—Charles Stringfellow.

Lac-La-Pluie—One to be sent.

Edmonton House, Rocky Mountains—Thomas Woolsey.

White Fish Lake—Henry Steinhaur.

VANCOUVER'S ISLAND AND BRITISH COLUMBIA.

Victoria, V. I.—Ephraim Evans, D. D., Daniel V. Lucas.

Nanaimo, V. I.—Ebenezer Robson.

New Westminster, B. C.—Edward White.

Fort Hope, and Fort Yale, B. C.—Arthur Browning.

Thompson's River—One wanted.

Upper Fraser—One wanted.

Indian Tribes—One wanted to labour under the direction of the Chairman.

DOMESTIC MISSIONS.

- Orangetown*—James Broley.
Kingston Road—One to be sent.
Dunnville—Thomas D. Pearson.
Cayuga—Alexander Langford
Point Abino—Reuben E. Tupper; John Baxter, Superannuated.
Caistorville—Shem Blanchard.
Lynedock—Matthew Whiting; C. W. M. Gilbert, Superannuated; Matthias Holtby, Supernumerary.
Strathroy—Luther O. Rice, Samuel Hume.
Warwick—Thomas Atkinson.
Arkona—James Kennedy.
Wyoming—William Dignam, Phencas D. Will, who shall reside at Oil Springs.
Devonshire—William Chapman, John Doel.
McGillivray—George Sexsmith.
Nissour—George Kennedy.
Mount Brydges—Edward Cragg.
Napier—William R. Miller.
Wardsville—Oliver E. Birch.
Mooretown—Thomas Culbert, Ebenezer Teskey; Solomon Waldron, Sup'd.
Wallaceburgh—Samuel C. Philp, 2nd.
Florence—John Hodgson, Samuel Alexander.
Morpeth—Thomas Hanna; Richard Phelps, Superannuated.
Romney—Thomas S. Howard, LeRoy Hooker.
Erin—Samuel Wilson, George McRea.
Rockwood—Isaac Crane.
Berlin—Richard L. Tucker, Stephen Bond
Wellesley—James E. Dyer, George L. Haight.
Elma—John Sanderson, 2nd, John Armstrong, 4th.
Wallace—Nelson Brown; John Armstrong, Superannuated.
Mitchell—Asahel Hurlburt, Coleman Bristol, B.A.
Stratford—Joseph Hugill, Alexander Burns, B.A.
Bayfield—Orin H. Ellsworth, Thomas Kelly.
Wawanosh—William Bryers, George Leach.
Kincardine—Daniel Connolly, Webster W. Leach.
Teeswater—John Hough, John A. Hewitt
Ainleysville—Thomas Robson, Henry W. Maxwell.
Howick—Thomas Hadwen, Thomas Cullen.
Blythe—Peter Campbell.
Lucknow—David Ryan.
Owen's Sound—George Goodson.
Holland and Sullivan—William Norton.
St. Vincent—Erastus Hurlburt, Joseph Colling; Robert Lochead, Sup'd.
Thornbury—William R. Dyre.
Paisley—George Jacques.
Arran—William Hay; John Neelands, Supernumerary.
Hanover—John Hutchinson.
Durham—William Cross
Mount Forest and Arthur—Alexander R. Campbell, William Shepherd.
Artemesia—James F. Latimer, William J. Hewitt, who shall reside at Horning's Mills.
Innisfil—Robert Graham
Holland Landing—Alexander Drennan, James Laird.
Orillia—John L. Kerr; Horace Dean, Superannuated.
Flos and Medonte—David Jennings.

Report.

The first and supreme Divine requirement made to man is, "Thou shalt love the Lord thy God with all thine heart," and the most important and binding social commandment is, "Thou shalt love thy neighbour as thyself;" and it is under an impression made by the authority of the Head of the Church, thus declared, that the Agencies of the Missionary Society of the Wesleyan Methodist Church in Canada have been employed another year, and its Committee with pleasure present their Thirty-Seventh Annual Report.

The Committee of this Society rejoice to be aware, that from the first day of genuine Methodist enterprise in this country there has been no vacillation in holy purpose, no corruption of belief, no degeneracy of spirit, no stoppage of the toiling and triumphant Itinerancy, and that the stated and the additional means have alike had the seal of the Holy Ghost placed upon them, to the joy and permanent spiritual and social advantage of multitudes of people.

It would be an ungrateful dereliction of duty to omit saying, that since the Society's last Report, the Provincial Census has appeared, giving the various Methodists of Western Canada a higher position as to numbers than any other religious profession, and a present increase not equalled by any other. How much travel, exertion, self-sacrifice, conflict, faithfulness, and benevolence have been wanted to win so distinguished a position, the day of final retrospect and reward will make known! Respecting the Wesleyan Methodists it will not be indecorous to say, that a large proportion of their fields of exertion being Missionary, that position has, by the power of God, very much been reached by the prayers, labours, and catholicity of their Missionary Society.

During the past year the efforts and successes of the Missionaries have been continuous, and of such a character as to satisfactorily shew that they legitimately belong to the scriptural series of effort began so many

years ago, to bless the inhabitants of our new settlements, and the pagans of the wilderness. The clangour of war near us, among a people we respect, has been heard and sincerely regretted by us, and our prayer has been that righteousness, freedom, and love might prevail; but the Society has pursued its course in quietude. The hereditary dislikes of the unrenewed human heart have not been dormant; the pen of jealous monopoly has not been unapplied; the tongue of pretension and of bigotry has not been silent; but these—as in times gone by—have, by God's gracious overruling, been made contributory to the furtherance of a hallowed and indestructible work. After blessings so long and copiously bestowed by the Father of lights, the Committee think of and commend the injunction of the Psalmist: "Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name. For the Lord is good; his mercy is everlasting; and his truth endureth to all generations."

The Committee very cordially acknowledge the disinterestedness and co-operation of so many friends of our own Church and other Churches. They give of their temporal things, and remember the Missionaries in their intercessions before God, and the Society willingly, by the glorious Gospel, diffuses the light and joys of pure religion among the settlements, shanties, and wigwams stretching from Gaspé on the Atlantic, to Vancouver's Island on the Pacific Ocean.

The Committee cannot commence their Report without expressing their sorrow at the death this year, of two highly esteemed and able members of the General Missionary Committee. The Rev. JOSEPH STINSON, D.D., for several years President of the Canada Wesleyan Conference, and Chairman of the Committee, was in 1833, and some years afterwards, General Superintendent of Missions in this country, by appointment of the British Conference, and whether here or in England always evinced the liveliest concern in the Methodism of Canada,—living an ardent and most useful friend of the Conference and of Canada. His agreeable manners, manly piety, unblemished character, decided Wesleyanism, attractive platform powers, and above all, scriptural and eloquent pulpit efforts, and unwearied labours, to diffuse the everlasting Gospel of Christ in the world, made him beloved in Canada, and in the Parent Connection, and the universal regret at his loss is only relieved by the christian joy and confidence of his soul, during a protracted and painful affliction, and the unerring wisdom, and felt presence of his Divine Master.

The Rev. HENRY WILKINSON, an Ex-President of the Conference, and Co-Delegate last year, was an exemplary christian, a gifted and very successful Wesleyan Minister, and an effective advocate of Missions and every

benevolent enterprize, greatly valued as a member of the Committee, and everywhere affectionately respected by ministers and people in the Canadian Connexion. So christian a life terminated with an assurance of immortality. The Committee sincerely sympathise with the two bereaved families, and would adore the hand which has smitten them and the Wesleyan body, and beseech the all-wise Head of the Church to call forth other labourers to occupy these vacant places, and spread His praise.

The Society's INDIAN MISSIONS in Canada have long and properly obtained much attention, and elicited an unwearied liberality from all classes of the population, and they have been repaid with the evangelization of thousands of untutored and degraded pagans, whose stability and maturity in knowledge and virtue have been wished, and after a short period in a good degree attained. The plans adopted for this end have been scriptural, and the agency employed, in the case of Native Labourers, though not always highly intellectual, has in all cases been pious and fitting, energetic and efficient, and the local superintendency of the Missions has been committed to devoted Ministers of prudence and probity. There has been, and is, scepticism on the subject of Indian conversion and consistency, and there ought to be care, but not doubt. Facts show that Canadian Pagans have cast away their superstitions, received Bible truth into the mind, become devout worshippers of God, lovers of Christ, and sober, industrious, and respected men; females have been advanced to their right place in domestic life, and many children have received useful knowledge. There have been defections, and there are uneradicated evils to be deplored. The good, nevertheless, has the ascendancy by the grace of God, on the established Missions. Considering the age and obstinacy of former habits, the fascinations of Paganism, their imperfect knowledge of the English tongue, the civil impositions they have to bear, and the snares which some professed christians lay for their entanglement, it is not certain that the defections among the Indians are more numerous than among the white people. It is a libel on the Author of the Gospel to avow that Christian civilization injures a Pagan people, either numerically, physically, socially, or religiously. The Wesleyans have been specially favoured by Providence in their attempts at Indian evangelization. The triumphs of Indian death-beds, if there were no other reasons for satisfaction, are an ample remuneration for all the outlay and labour. The proportions of the good done among the Aborigines would stand out to the astonishment of objectors, if the Sabbath and the Bible were abolished on the Society's Missions, the Missionaries silenced, Day and Sabbath-schools closed, and teachers and interpreters

discharged, the devotions and experience of the prayer and class-meetings terminated, the axe no longer reverberate, and the plough cease to turn up the virgin soil, the songs of the saved be unheard, and the Red families with all their faults left to fall back to the darkness, and baseness, and misery of Paganism. But a better, brighter destiny awaits them.

The Committee are gratified to insert from the *Watchman* of England the opinion of the Rev. W. B. BOYCE, one of the General Secretaries of the Parent Wesleyan Missionary Society, lately expressed before the British Conference, after a personal inspection of the Indian work, during a visit to Canada in 1861: and his testimony is borne after intelligent and practical observation in other parts of the earth, and is decided and reliable.

“Mr. BOYCE said he had had the pleasure of visiting the Indian Missions; and though he had seen the Missions in South Africa, in New Zealand, and in various other parts of the world, he never saw Missions among native tribes which had produced such effects as he witnessed in the Indian Missions of Canada. It was very pleasant to see those who, a generation back, were wild savages, now dressed as English farmers, and scarcely to be distinguished from them in their appearance. At one station he could find no decent place for himself, Mrs. Boyce, and his daughter to sleep, except in the house of an Indian, whose wife had been brought up in the schools. He believed that the half of the success of those Missions had not been told.”

The HUDSON'S BAY MISSIONS, being in a region distant and peculiar, the correspondence received is infrequent; yet what is received this year reports a gratifying attention on the part of the Honourable Company to the Missionaries, the health of their families in loneliness and labour; increased interest in religious services, and additions to the membership of the Church. The Chairman's efforts at Rossville are very acceptable and the people advance in the knowledge of the Gospel, and in the facilities of a civilized state. The acquisition of the Cree language by the Missionary at Oxford House will add to his present effectiveness. The preparation of a Missionary establishment at Victoria Lake will greatly conduce to our success. The Mission at White Fish Lake is a benefit to many Indians. The Mission at Lac-la-Pluie may be expected to succeed when again occupied by a suitable Agent. The Chairman's visitation of the Missions, widely apart as they are from each other, is already advantageous, and his enterprise is very likely, by the good hand of God, to result in the establishment of a new Mission at the Grand Rapids on the Saskatchewan. He is hearkening to another appeal coming from near the Rocky Mountains, and says, “From five hundred of the Stone

Indians the cry comes, 'Send us a Missionary!' This is likewise the cry from other Tribes in that Territory.

The BRITISH COLUMBIA MISSIONS were not undertaken prematurely by the Wesleyan people of Canada; and though the expenditure has been great, thankfulness will be felt, and not regret, that the effort was made even in inauspicious financial circumstances. The foundations have been well laid, and the churches, parsonages, and school-houses necessary for successful operations have been erected. The Missionaries at all the Stations submit to privation, and give themselves to toil and casualty for Christ's sake. It is a pleasure to hear of the healthiness of the Mission families, their attentive congregations, their converts, their classes, prayer meetings, District and Quarterly Meetings, and day and Sunday scholars. It is exceedingly satisfactory to learn that the Missionary at Nanaimo is led forth, we have no doubt by the providence of God, for Indian salvation, and as other duties permit, his boat is often employed to carry him to localities of Pagan or Romish scenes. As with the Chairman of the Hudson's Bay District, the Rev. George McDougall, so with the Chairman on the Pacific, the Rev. Dr. Evans, extensive and perilous tours are performed, and the souls of the Cariboo miners are sought. The Committee rejoice that the sending of the Rev. D. V. Lucas makes these tours practicable, and their earnest hope is, that soon, from among Wesleyan farmers, gold diggers, and others, the Lord may call forth more suitable labourers, that other necessitous and promising positions may be occupied by faithful Evangelists.

The DOMESTIC MISSIONS constitute a very necessary and important department of labour, if the religious destitution of the Canadas is to be overtaken and removed, and the country is to reach a happy social, and national, christian, and British eminence. Many respectable churches and parsonages have been erected this year. The system of Domestic Missions is simple and without invidiousness. There is no difference between Wesleyan Circuits and Domestic Missions except from the newness, and therefore less advanced state of the latter, and their dependence for a time, more or less, on the funds of this Missionary Society; and as Conference labourers there is no difference in the ministers employed on both; for there is yearly an interchange among them, the same Methodist Missionary charity glowing in the heart whether on a Circuit or Mission; and it would be difficult to find, in the five hundred preachers of the Canada Wesleyan Conference, many who have not at some period had, or now have, the honour of being Missionaries. Identity of faith and feeling, of

hope and effort, is a prominent reason, under the direction of God, for the harmony, success, and unlimited extension of this Society.

The necessity of the Society's FRENCH MISSIONS is more evident than ever, if only for the persistence of the haughty and semi-christian hierarchy of Rome in opposing and villifying sincere readers of the blessed Book, and the dogged enmity with which evangelical agents and their adherents are pursued; as if conscience and liberty, the Scriptures and God's commands were the work of a bad power; or rather, because the man who respects these must hate, forsake, and denounce the Papal imposture: but the Bible contains its repudiation and its doom, and justice shall cast it out as an unclean thing. The French Missionaries have patiently prosecuted their labours, and steadily kept in view the object of the Society in employing them—the dissemination of Scripture truth and precept, for the salvation of souls, by the blood and spirit of Christ alone: and this year, as in the past, this object has been to some extent accomplished. The unabated concern of friends in Lower Canada and elsewhere, and the noble special donations of gentlemen in Montreal this year for this object are very laudable indications of a conviction of duty where the evils deplored are daily and painfully observed. Fervent prayer must be continued, that God may soon raise up more labourers, of the spirit and aptitude of Oberlin and Neff, remembered Alpine evangelists, who led many mountaineers from the Pope to Christ; and to support them, that the liberalities of Christians in Canada east and west, may abound yet more and more.

The GERMAN MISSIONS, though recent, and for the present circumscribed, are very promising. Friends in Hamilton, on the Ottawa, and at other places, have in their behalf exhibited a substantial liberal zeal. During the year a commodious brick church was opened for German services in the city of Hamilton by the venerable and learned Dr. Nast, of Cincinnati, and the General Superintendent of Missions, and since then, by the power of Him who has made of one blood all nations, hearers, inquirers, converts, and classes have been multiplied, and Dr. Freshman and his people rejoice in their prosperity. The death of Mr. Schmidt on the Ottawa interrupted the work there for a time, but the loss has been promptly repaired by the Conference in the appointment of a Minister who speaks German, and is actively engaged at Eganville. There are not a few Germans and Poles, and some Hungarians in Canada, whose deplorable religious condition demands immediate interposition, if they are to be rescued from infidelity, Romanism, and immorality; and as in the case of the French Missions, the Society only awaits an accession

The following is a very brief SUMMARY of all the Society's Missions in the Canadas, Hudson's Bay, and British Columbia for 1861-62 :

Domestic Missions.....	127
Indian Missions.....	25
French Missions.....	5
German Missions.....	2
Missionaries to Destitute Settlers.....	168
Missionaries to Indians.....	24
Missionaries to the French.....	3
Missionaries to the Germans.....	2
Indian Day Schools.....	21
Industrial Schools.....	1
Printing Establishment.....	1
Teachers.....	17
Interpreters.....	14
Members on Domestic Missions.....	15,799
Members on Indian Missions.....	1,561
Members on French Missions.....	110
Members on German Missions.....	115
Total Missions.....	169
Total Missionaries, (besides those under Chairmen).....	197
Total Members.....	17,576

It has caused much pleasure to note the large sums subscribed by some persons, and to receive larger totals this year than last from a number of the well-conducted Branch Societies in both Eastern and Western Canada. The Montreal Centre Circuit has greatly surpassed itself, and this year, adds to its regular contributions not far from \$800, besides a special subscription of between 6 and \$700 for the French Missions. Thus are opulent christians evincing their conviction, that all they have is Christ's. Nothing is more agreeable than the activities of the Society's Juvenile friends. The space of the report is too limited for all small sums in detail, and for the coppers given by every child, but care is taken to insert the name of every Juvenile Collector, when sent in, and whatever the amount collected, and the Children—sons and daughters at all the Branches, deserve separate thanks for their thoughtful and successful exertions. The lists of "Juvenile Offerings," by cards and boxes, of some Branch Societies are increasingly lengthy, and many will be glad to see what the young have done this year at Quebec, Montreal, Kingston, Belleville Toronto, Hamilton, London, and elsewhere : the united Montreal list of \$640 is especially gratifying. The same sacred Book that assures us kings shall bring presents, alike assures us, that children shall be taught of the Lord.

The Committee have a knowledge of the wide extent of the Society's operations, and of its hopes for the future. Their prayer to the Lord of the vineyard is, that His will may be done upon earth. Their solicitude is, that the Wesleyan Missionaries may always be in time to relieve religious destitution on whatever frontier its complaints may be heard; and that into the forest of the New-Settler, the perilous ranges of gold-diggers, and the wildernesses of pagan Indians, the Society's Agents may farther and farther carry the "glorious," and transforming "Gospel of Christ." Some hear the Gospel and neglect it. Others once heard it under propitious circumstances, but distance now makes that an uncertain privilege. Thousands of French Romanists, and many Germans, misled by falsehood, need its power. Some hapless tribes of Indians never heard it. There is moral gloom which broods over too many redeemed men living between the Atlantic and Pacific Oceans, and the inland seas and the polar regions.

The Holy Scriptures irradiate this scene, and Paul the Apostle thus speaks:—"For whosoever shall call upon the name of the Lord shall be saved. How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher? And how shall they preach except they be sent?" These affecting interrogatories are promptly and fully met, and Isaiah's evangelical exclamation exhilarates and impels the modern Missionary heart:—"How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation; that saith unto Zion, Thy God reigneth!"

INDIAN MISSIONS.

NEW CREDIT.—The minute particulars furnished by the Rev. Thomas Williams, of a Mission which from the first on the River Credit has obtained much attention from the Society, are very satisfactory, and with statements in a letter too long for publication, on the capabilities and duties of the paid Agents under his direction, show that the labours so long bestowed,—prominent and first among which were those of the devoted Peter Jones,—have borne good fruit, and are likely to be still more productive.

“The labours of your Agents on this Mission are directed to the benefit, 1st, of the Indians comprising the old Credit band of Ojebways; 2nd, a band of Delawares; 3rd, a settlement of Onandagas, and 4th, a small settlement of Mohawks residing between the Ojebways and Delawares. Among these we report this year a membership of one hundred, with fourteen on trial.

“We have maintained one Day-School among the Ojebways during the whole year. The Teacher of this school reports the attendance for the summer months, boys 28, girls 17, total 45, average attendance 20; for the winter months, boys 35, girls 18, total attendance 53, average 30. The studies have been Reading, Writing, English Grammar, and Geography. The progress and order of the school have been quite satisfactory. The school was attended by the children of the different nations of Indians residing in the vicinity, with the children of some few white people who live among the Indians. The English language is used almost exclusively in the play as well as the studies of the children, which is in itself a great advantage to the Indian children, and is becoming more and more appreciated by the Indian parents.

“We have also now two Sabbath-Schools in successful operation. The existence of one of them has been identical with that of the Mission; the other was started, or, rather, revived this spring. A large grant of Bibles and Testaments from the Upper Canada Bible Society, obtained some two years since proves a great benefit to the schools and to the Indians. We sadly want Libraries for general religious reading, but cannot get them; such is our extreme poverty.

“During the year three of our oldest and most esteemed members—themselves converts from paganism, have been called from us to the eternal world. 1st, Betsey Tobeco, sister of the Rev. W. Herkimer, a devoted wife and mother; an humble, but exemplary Christian. She died in the Lord after a short but severe illness. 2nd, Benjamin Crane. For several years in his earlier Christian life Brother Crane was an Agent of your Society, acting as interpreter on several Missions. His end was peace. 3rd, The widow Ahjtance—relict of the Old Chief Ahjtance, the head of this people when they first received the Gospel. She was borne down with her many years and bodily infirmities, having reached nearly 90 years. She departed calmly, trusting in Jesus.

“Our Credit people have devoted nearly \$300 from their annuities for the refitting and repairing of their beautiful Church during the past year; and though this appropriation of their moneys would make the *ad capitum* division so much the less,—it was so appropriated in Council unanimously, and without grudge or stint. This shows a people appreciative of Gospel privileges.

“In conclusion, and on the whole, I do think that the religious, moral, and social improvement of this people is in course of pleasing progress. Our con-

gregations are more and more among them a matter of co

gregations are good at every appointment, and the Indian people seem more and more to appreciate the ordinances of worship. Drunkenness is now among them a subject of remark wherever it occurs, instead of being, as once, a matter of course."

GRAND RIVER.—The activities of the Rev. Peter German, and his zealous Native assistants, are worthy of the locality where Methodist efforts for the evangelization of Canadian Pagans were commenced, and there is needed only a continuation of scriptural and Wesleyan endeavour for the Mission to prosper more and more.

"We have held during the year four quarterly meetings, seven sacramental occasions, one camp-meeting, two protracted meetings, and some special services were conducted by our Indian Local Preachers

"I have taken into society thirty-five Indians and eight whites, and there are still awakenings. Several heads of families, and a part of our Day School scholars are among the number of those who have united with us in Church fellowship; several Pagans have attended our services during the year. Our congregations are good, and there is an increase of spirituality among our members

"We have five public services, three class meetings, and two Sabbath Schools, every week, besides prayer meetings through the week. We have raised four times as much as last year for the support of our Connexional funds, and are over thirty dollars in advance of last year in our Missionary contributions.

"The Temperance cause is prospering on the Mission. Two new divisions have been formed during the year, and over one hundred have united in the Temperance Reformation. Most of our Indian members are Temperance men and women. We have four Temperance organizations which meet every week. Our Day School is in a prosperous state.

"Things are brightening on the old Mission, and we thank God and take courage."

MOUNT ELGIN AND MUNCEYTOWN.—The report from the Rev. James Musgrove, Co-Delegate, of a Mission which has within its bounds three tribes of Indians—the Munceys, Oneidas, and Ojebways, is brief yet comprehensive, indicating success and encouragement in conjunction with perplexity and trial, and embodying reasons for an unflinching prosecution of the course which he and his brethren pursue for the benefit of the Indian adults and youths, brought within the influence of so old, large, and important a Mission.

"The state of the work of God, on this Mission is not what we desire it should be. We have had to mourn over the instability of some, and the unfaithfulness of others, and have found it necessary to expel one for drunkenness, who had been for many years connected with the Church. Yet we have cause for thankfulness, and some ground of encouragement, in the steadfast piety of a few, who continue to adorn their Christian profession. The two Camp Meetings which were held last autumn, one among the Ojebways, and the other among the Oneidas, were productive of some good,—backsliders were reclaimed, and sinners were converted to God. A goodly number of the Indians from the adjoining Indian settlements were present, who seemed to be blessed still more abundantly. My colleagues, as heretofore, have laboured faithfully through the year; ten persons have been admitted on trial, and two

have died, and we now number twelve in full membership more than last year. The average attendance of boarders at the Industrial School for the year has been 48. We have kept up the Bible Class and Sabbath School regularly, and upwards of 2,674 verses have been recited by the boys and girls. May they retain the Word of God in their memories, embrace it in their affections, and regulate their lives in accordance with its principles!"

WALPOLE ISLAND.—It is pleasing that the Rev. W. M. Cooley can report a lively spiritual interest among his people, some conversions, and, on the part of Native local-preachers and exhorters, efficiency.

"There has been a good spiritual interest upon this Mission during the year, till March, when the small-pox broke out among the Indians, and all religious meetings had to be stopped, and they have not been entirely resumed yet. But while many Natives have been swept away, the Lord has graciously answered prayer, and spared our people, so that but one of our number has died. "The effectual working of the Mission has been, almost from the commencement, prevented by the want of a larger place of worship.

"During the year five persons have died triumphantly and gone home; one of whom was my former interpreter. There have been nine received into the Church, who have been happily converted, from among the Pagans and Roman Catholics, so that we have an increase of four, who meet in class, besides a larger number of children. We have some very efficient local preachers and exhorters here, who are able and willing to work; and, more than all, God is with us."

SNAKE ISLAND.—No mention is made either of the School or temporal condition of the Indians here, but the few particulars in the Rev. A. Dayman's report will give satisfaction.

"The number of Indians in society is about the same as last year. When at home they are regular in their attendance both at class meeting and preaching, and appear to enjoy those means as seasons of refreshing from the presence of the Lord. They are most of them members of the Temperance Society, and are endeavouring to live soberly, righteously, and godly in this present world. During the year the Chief has passed into eternity. He was a faithful man, and feared God above many. His end was peace."

RAMA.—The Rev. Robert Brooking communicates facts which are very valuable, and quite sufficient for an answer to the enemies of Indian elevation by the Gospel; and it is a reward for toils and trials now for years endured on Lake Simcoe, that so many of the Indians, once at Orillia and Coldwater, are faithful:—

"I am thankful to be able to report that, notwithstanding the difficulties with which we have to contend, and the evil influences which are brought to bear upon these Indians, by unprincipled men, there is a steady increase in piety in most of our members. There is good attendance on the means of grace, which are greatly enjoyed, especially our Quarterly Services. A small increase is also reported in our numbers, although we have had to exclude some who have not walked worthy of their high and holy calling.

"Our Indians here are much more healthy than any of the tribes amongst whom it has been my privilege to labour. The only death during the year being that of an infant, which was unhealthy from its birth. Their numbers, therefore are regularly increasing by births over deaths.

"The School has been in successful operation, with but two short interrup-

1862.]

tions during the year, as we could derive from the attendance of their minds.

increase of t

tions during nearly the whole year; and the attendance, though not so good as we could desire, yet has been very creditable. Many of the young have availed themselves of the advantages of an excellent master, to improve their minds. A Sabbath School has also been organized, with a tolerable attendance.

"So far as their temporal circumstances are concerned, I might observe, that they are paying much greater attention to agriculture than they have hitherto done. Their contributions will, I hope, be considerably in advance of last year, although we thought then, that they had done their utmost. Upon the whole, therefore, we may thank God and take courage.

"At the Mara appointment our congregation has increased during the year. We have secured there a very eligible site for a church."

SCHOOGOG.—No report received.

ALNWICK.—No report received.

RICE LAKE.—No report received.

MUD LAKE.—No report received.

MORAVIAN INDIANS.—The Rev. W. Hawke sends a pleasing item or two:—

The Indian part of the work on the Wardsville Mission is becoming increasingly interesting. The congregation is excellent, all the members are total abstainers from all intoxicating liquors; two have recently joined our Church on trial, and some of the old members are deeply pious.

ST. CLAIR.—The Rev. Thomas Hurlburt reports well of this Mission, and not too favourably, and his brief statements refute a heterodox opinion of some persons, which practically disallows Christianity half its power among Indians: grace will triumph.

"Our members on this old and important Mission have maintained their character for orderly christian deportment. By almost universal consent, they are admitted to be the most orderly, quiet, and religious portion of the population in this region of country. The membership has steadily increased since we came to the Mission, four years ago. At no period since our first acquaintance with them, has there been so little drunkenness and other disorderly conduct as during the past year. We are doing all that lies in our power to furnish them with reading matter, both in their own language and in English. Though our success does not come up to the measure of our ardent wishes; still we believe much good has resulted from our labours in this department.

"In agriculture and domestic economy, and social habits, we are happy to be able to report an improvement. Within the last few years, they have turned their attention much more to the cultivation of fall wheat than formerly. We have strong hope and faith, that with the blessing of God on the labour bestowed, this tribe will, with few exceptions, and in a short time, take their places among the community at large, on equal terms."

SAUGEEN.—From an old and valued Indian Station, where unseemly influences have not been wanting, it is a sign of the approbation of Divine Providence, that facts warrant the sending of so encouraging a report by the Rev. J. K. Williston.

"In reporting the state of the Saugeen Mission for the year just closing, I have to say, by God's blessing upon us, our return of members will show an increase of thirty-two over that of last year, principally the result of our Camp

Meeting last fall; the most of whom have continued to evidence their desire for salvation by attending the ordinances of religion, and maintaining a tolerably consistent Christian character: some are rejoicing in pardoning grace. Our congregations, both at the village church and at the church near the north end of the Reserve, are good. In the latter place particularly, the people have enjoyed some very gracious seasons of the outpouring of God's spirit upon them during the winter and spring.

"About thirty children attend the Sabbath and Day Schools; the distribution of the Sabbath School *Advocate* among those that can benefit by it, is an inducement, and an encouragement to them to attend. The attendance at the Day School is not so regular as we could desire; yet the School has been kept with as much regularity during the year as possible, with fewer intervals or vacations than in former years, as our people do not so generally leave the Mission on hunting excursions as they did in years gone by. Some of the pupils have made commendable improvement in reading and writing, with some knowledge of arithmetic. I think an increased attention has been paid by the Indians to making a living by cultivating the soil rather than the chase. Our movement is onward, though slow, and there are influences exerted here rendering our progress slower than it otherwise would be."

CAPE CROCKER AND COLPOY'S BAY.—Here there is success rewarding the patience of the Rev. S. Brownell.

"Up to the latter part of this year we were greatly retarded in our operations in consequence of not having a suitable house, either for worship or school; however, through the kind providence of God, we have succeeded in getting a snug little church erected, and so far completed that we have occupied it comfortably during the late winter; without such a house we could never have succeeded to any desirable extent. The Indians cut and drew the timber for the body of the church, and raised it, and paid \$21 towards procuring material for said house. I did all the work I could, and advanced \$72 73c of my own money to get mechanical work done, and to purchase material for the building.

"There are several influences against us; we have considerable competition, but in the name and through the power of the Lord we have been enabled to surmount them. 'To God be all the glory.'

"Our Indians are very anxious to have a School at the Cape, at least six months in the year. Our Indians could not subsist without leaving the Cape a part of the year, and they take their children with them; hence there would not be children enough to warrant the continuance of the School the whole year. Our congregations are increased considerably since we have had the church; the average attendance is about 60.

"During the year none of our members have died; none have withdrawn, or been excluded. Five have removed from the Mission. There have been a few conversions; ten were admitted on trial, and subsequently they were admitted into full connexion; hence we have 86 Indians and one white in full membership."

CHRISTIAN ISLAND, BEAUSOLIEL ISLAND, AND FRENCH RIVER.—The watchfulness and prudence of the Native superintendent on this wide-spread Mission, the Rev. Allan Salt, produce results which it is to be wished might soon be seen in other localities inhabited by the Aboriginal people.

"I am thankful to write that this Mission is in an encouraging state. Services have been kept up and attended. Popish insinuations continue, but our

members are on the North mother; she at Rice Lake daughter and bath School Ojebway Tes

members are faithful to their profession. There have been some conversions on the North Shore. Two members have died,—one was Mr. John Beatty's mother; she was converted under the preaching of the late Rev. Peter Jones at Rice Lake, and she has been a consistent Methodist for 35 years. My daughter and four other youths have died, principally of diphtheria. The Sabbath School has been regularly kept up. A few young men can read in the Ojebway Testament. I kept the Day School about six months.

“There are still four families of our members at Beausoliel. The distance is about 30 miles, via Pentanguishene. I have visited them three times on foot during the winter, and held three services each time.

“I have received encouraging statements from Sandy Island, or Nashkodayong. The meetings have been during winter conducted by the Teacher, and in his absence by Chief Solomon James. The School has been attended when the people were not away hunting. Number of scholars, 22.

“French River has been supplied during the past season by the Teacher, and the Class Meetings kept up by the leader of the place.

“We have made some improvement on the Mission premises, and our people are striving to do what they can in this line.

“The accredited membership at Christian Islands, Beausoliel Island, French River, and Sandy Island, is 91.”

GARDEN RIVER.—After various changes in the history of this Mission, it not only maintains itself, but now promises to render good service to the white population in its vicinity,—which is increasing, and will more and more need christian ordinances.

“The past year has been one of sacrifice and toil, yet our hearts have been cheered and comforted that our labours have not been in vain in the Lord. Our Indian work is much more encouraging. Their regular attendance at the means of grace, and devotion to the cause are evidences of their attachment to our beloved Zion.

“Our love-feasts and sacramental occasions are times of refreshing from the presence of the Lord. We have some pious souls among the people, who are always the same under all circumstances. Sister Ogister, the Chief's wife, is a very devoted woman, and full of zeal for the cause of Christ. The good Lord is raising up a Native agency whose influence is felt in the community: young men, inspired with holy desire to do good, go from house to house, into the sugar camp, or elsewhere, and hold prayer-meetings; when the power of God is manifested among them, and good is done in the name of the Lord Jesus.

The few copies of the New Testament sent us have been distributed, and are doing good; the *Petaubun* also is exerting a good influence. May Brother Hurlburt, our Chairman, be rewarded in both worlds for his toil. The Indians are now anxious to finish the church inside and outside. This would make it a good substantial building for some years to come. They have done nobly, (according to their ability) in sustaining the Missionary Fund.

This spring they have been clearing more land, and enlarging their fields, in order to plant more than ever.

The two new appointments among the whites continue to increase in interest. Our congregation at the growing village of Sault St. Marie, is respectable and intelligent; the Government officials of the newly-formed District are generally in attendance. The country appointment is composed of a fine class of intelligent, industrious people, who are grateful for the privileges of the Gospel. Marriages and baptisms have been solemnized, and prayer offered with these families. There is a general desire for a Missionary to live in the village; while they are willing, besides assisting the cause otherwise, to provide a house, which is to be erected upon the lot gratuitously given by D. Pim, Esq., and to be paid for in yearly installments. They most generously, and unsolicited, met all our travelling expenses. Although the land is cheap,

it is of an excellent quality; the climate is suitable and healthy; there is a good market for produce; while the free port makes goods cheap. These inducements cannot fail to bring a large immigration to this part in a short time. Much of the land is already taken up by actual settlers. May the Missionary Society be able to comply with the earnest request of this people, and send them a Missionary."

MICHIPICOTON AND BACHEWANA.—The Chairman of the Huron and Superior District kindly supplies a report of this Mission, and of that which follows, since his visit to them this year.

"At Michipicoton there is a very marked advance in christian knowledge and spiritual enjoyments, with temporal improvement. They have much enlarged their gardens since I last saw them, and the character of the houses they are erecting is much in advance of their former efforts in this line. This is a very desirable location for a small Mission station. Bachewana is some 45 or 50 miles above the Sault St. Marie. It was commenced about three years ago, and the nucleus of a settlement has been formed in a beautiful and well sheltered bay. The band numbers only about fifty, but as there are scattered bands in the vicinity, it presents the most favourable location, and the facilities for evangelizing the surrounding tribes. The triumphs of the Gospel here were very signal. I never saw a people more eager to hear and receive the word than these."

PIC AND NIPEGON.—It is a matter of thankfulness that in the midst of religious privations in some degree, the Natives here have received the light which guides the faithful to heaven,—showing how important it is that they should have the advantages of a settled pastorate. The Chairman says,—

"Here are sheep without a resident shepherd. No place is found along the coast or inland where a settlement can be made, and a few vegetables raised sufficient to sustain them during the summer months. Fish in summer and rabbits in winter form the staple articles of diet. Yet with all these disadvantages, and the farther drawback of being without a Missionary, except occasionally, for the past two years, we found to our surprise and joy that there was genuine piety among them. They received the word with all readiness, and although they cannot be called men and women in Christian knowledge and experience, still the rays of that light they have received is ample to guide them to heaven. I earnestly recommend that some good Native helper be stationed at the place during the summer."

HUDSON'S BAY MISSIONS.

NORWAY HOUSE.—The Rev. George McDougall sends good news from the north, where in too many localities still, paganism and social hardship have long had dominion; and the spiritual, educational, and temporal advance of Rossville, and the growing christian indications at Norway House, and well-known courtesies of gentlemen of the Honourable Hudson's Bay Company, are very gratifying.

"Both our European and Native congregations present pleasing indications of prosperity. At Norway House the Lord has raised us up a band of zealous

young men received the class, and pro and are pled

"At our r

young men. Many of these are now leaving for distant parts, and having received their spiritual birth through the instrumentality of the love-feast, class, and prayer meetings, they have become acquainted with our system, and are pledged to work for the Saviour.

"At Rossville, the Indian village, it has not been our happiness to witness especial outpourings of the Holy Spirit, but the Lord has been most gracious, our quarterly meetings have improved, our services have been most faithfully attended, and heathen been gathered into the fold of Christ. Our School may safely be considered one of the brightest spots in this land. During the severest part of the winter the attendance was regular; upwards of 30 of these interesting youth can read the Word of God. Our Sabbath School demands special attention; about one hundred are constant in their attendance. To the ladies and friends at Norway House we are deeply indebted for their valuable services in this work of love. The cause of temperance has been kept before the public mind, and a goodly number of both whites and Indians have pledged themselves to total abstinence.

"In secular matters we have made some advancement, and our church has been enlarged and improved; the Mission premises erected by the Rev. James Evans we found in a most delapidated condition. During the past winter every available hour has been employed in collecting material for a new house. In the village there are the marks of an improving people, new houses have been erected, and new fields have been enclosed with substantial fences.

"There is one subject that has sometimes oppressed us, the loss of some of our most promising young people by death; yet in these the great object of Missions has been accomplished. They all died in the Lord. A successful effort has been made to introduce wholesome reading. A box of books received from Dr. Green was at once disposed of, and another is daily expected. Our good people have not been unmindful of their obligations to the Head of the Church for the Gospel. Norway House sends you a check for £34 16 0, sterling, and Rossville Indians theirs for £6 5 0. Number of members, one hundred and sixty-seven: increase twenty-seven."

OXFORD HOUSE.—It is a pleasure to hear of continual tokens for good on this isolated Mission—the restoration of the health of the Mission family, the extension of the benefits of civilization,—and, more particularly, the effect which the Word of God has on the Indian mind in the ordinances, and when life terminates.

"The year just closed has been a year of trial to the Mission family. We had much affliction in the commencement of the Conference year, and consequently various ills were felt by us unknown to those not themselves placed in similar circumstances. But our heavenly Father has again smiled upon us—life has been preserved, and ordinary health gained. For this we feel a debt of gratitude to Him.

"Our congregations were larger the last year than in any former one, both in our Mission Church, and the large Hall at the Post of the Hon. Company. At the latter place, all, both whites and Indians, have shown an unmistakable love to the ordinances, and as some proof, four have lately united in Church fellowship, with others who said in years gone by "This people shall be my people, and their God my God," (Ruth i. 16,) and who still say and feel,

"To patient faith the prize is sure,
And all that to the end endure
The cross, shall wear the crown."

"At our regular services, and on all occasions, we continue to preach the

doctrines of true religion as held by the Wesleyan Church of Canada, and we have had or will have, the results; for,

“Watered by thy Almighty hand,
The seed shall surely grow.”

“The New Testament in Cree has now been a year in the hands of our Society. It is benefitting them; in many instances we have evidence that it has been read entirely through with care, frequency, and enquiry; and can it be a matter of surprise when we add—there is a perceptible improvement in their language when at prayer, a higher tone of piety is infused within the soul, and a fuller knowledge of the will of the Lord attained—so that we take courage. It would not be too much to affirm, that in many hearts piety is as great a reality as it is in any of our churches in highly favoured Canada. Yet we have to say,

“Oh that all might catch the flame,
All partake the glorious bliss!”

“Death has been busy amongst us. Five of our members have died during the year. Death is an undoubted gain to all God's people, but to none so great as the called, chosen, and faithful amongst the Indians. We have a good hope that these five are now before the throne, and serve God day and night. One of the recent dead shall have a mention here. James Coland was born a heathen, and lived for the most of his days in sin and folly of the worst character: being of an active spirit he indulged himself in many sins of which it is a shame to speak. More than 12 years ago, he heard the Gospel, and eventually his soul was light in the Lord. He was appointed to lead a class about three years ago, and this duty he performed with zeal and fidelity to the time of his departure. I heard him give an exhortation last Christmas, founded upon Matt. xxv., 31-46, and it had a telling effect at the time, and its language is still sounding in the ears of His people. He was a constant sufferer for years, but last spring, whilst away from us he grew worse and died; he was praising Jesus whilst he had strength, and when that failed he desired his nephew to read to him, and hearing the words, “Thou shalt see greater things than these,” (John i. 50,) he was not; for God took him.

“We are two members short of last year. We have dropped, for immortality the names of five. Five persons have died, and eight have removed to other parts. There have been five marriages celebrated, and I have baptized eleven infants and five adults. Our numbers are—on trial 18, members 102.

“I may add to this that double the quantity of ground has been cultivated this year over any other since the establishment of this Mission. More than twenty families have planted potatoes, &c., in some instances three or four bushels each, which is good for us here, but may not amount to much elsewhere. We have given the seed, and expect a good accession of Indians next fall to come and spend the winter with us. This spring I completed the weather-boarding of the church. It is now complete, so far as concerns the walls, within and without.”

LAC-LA-PLUIE.—The intention expressed last year, to appoint a suitable agent to this place when practicable, has not yet been carried out; but it remains, and favourable circumstances are expected.

BRITISH COLUMBIA MISSIONS.

Social life on the Pacific daily exhibits new phases, and the word "settlement" there has hardly come into use. This state of things is unsatisfactory, and subjects the Society and its Missionaries to outlays and labours not always permanently productive. Still, some of the toil-some and expensive preliminaries have been got through, and spiritual fruit already gathered gives joy to the Committee and their friends.

The subjoined are the Reports which passed the Pacific District Meeting.

VICTORIA.—The Chairman, the Rev. Dr. Evans, thus writes,—

"Religion, in its existence in individuals, can be positively ascertained, and its actual influence and precise stage of progress accurately marked, only by the Divine mind. Yet, as the Lord and Prophet of the Christian Dispensation has enunciated, "Ye shall know them by their fruits," we may form an approximate idea of the spirituality of a community of professing followers of the Saviour, and may judge with close approach to certainty how far they are accomplishing the great objects of Church organization.

"In this land, the most prevalent motive actuating men is, doubtless, the rapid accumulation of wealth. If the tendency of the human heart is to set itself upon riches when they increased, then the unsurpassed liberality evinced on this circuit, in the financial departments of our work, speaks well of the religious influence by which that tendency has been kept in check. In few places, if indeed in any, are the contributions to sustain the cause of God found at a higher average.

"Attendance at public worship is by no means so general as it ought to be. Nor are the visible results of the ministration of God's Word and ordinances as encouraging as we would fain record. Yet our congregations are steadily augmenting, and we confidently look for multiplied tokens of success.

"A faithful few are exemplarily regular in their attendance at the more select means of grace; and those means are found to be wells of salvation, from which, with joy, they draw strength and consolation.

"The prevalence of iniquity around ought to excite more fervent desire, and more earnest, united, and believing efforts, for the revival of religion, and the ingathering of souls into the fold of Christ. Some progress, however, has been made during the year, and we think we recognize, in what has been done, the elements of future prosperity."

NANAIMO.—The Rev. E. Robson says,—

"Through another year of danger and difficulty the Lord has mercifully spared us. We have suffered much anxiety and care, with regard to this Mission, during the past year; but out of all the Lord hath brought us by his grace. The crisis is now, we hope, passed, and prosperity once more cheers us. All praise to our adorable Saviour!

"Owing to the disorderly conduct of some of the members, the little class at Nanaimo was almost destroyed. But a few have stood the test, and are now more united in love than ever before; while some who left us are returning again, being determined to be more faithful.

"The congregation is improving, and we have evident tokens of the Divine presence amongst us, in the conviction of some who have not yet given their

hearts to God. Several are now halting between two opinions. A number of men in connection with my congregation, who were addicted to intemperance, have entirely abandoned the use of strong drink; which has been followed by a more regular attendance upon public worship, and by very greatly increased domestic happiness.

"Our Sunday School, though somewhat lessened in numbers by the transfer of some of the scholars to the Episcopal School, is yet in a prosperous condition, and doing good among the young.

"I have visited Salt Spring Island once a month during the year; preaching sometimes on Sabbath, and at other times on week days. The people are very thankful for these services, and they have not been unprofitable hearers. Two, I have reason to believe, have been converted, others are seeking for pardon, while some who have professed to love God for years have been stirred up, and cheered on their way. A class of 10 members has been formed, and we hope to organize a Sunday School at an early date.

"The Indians have had a large share of my attention. I preach to them at Nanaimo on Sabbath, when at home, and in my journeyings I address them in the camps which I visit. I have also done what I could in teaching the children; but it is a very discouraging work indeed. All my last year's scholars, with the exception of two, have ceased to attend the school. Some are living with white people here, and others have left the place. But little will be done by a school until the Indians are truly converted, and thus led to forsake their social vices and heathenish modes of life. Drunkenness and adultery, as the result of their association with ungodly white people, seem to have done, heretofore, as much evil as my labours have done good. I have preached to the Indians at noon, and the same evening a large number of my hearers have been drunk, the liquor being supplied by white men. Notwithstanding these obstacles, the gospel has, I believe, began to soften some of their hearts, and has restrained many from the worst vices.

"I may say that the Mission premises have been improved to the value of \$200, and the debt on the church has been provided for. Our contributions for the support of the work of God on the Mission, as well as for connexional funds, are somewhat in advance of last year.

"Upon the whole I am encouraged from the present state of the Mission, and hope that, with God's blessing, much good will yet be done."

NEW WESTMINSTER.—The Rev. E. White's report is,—

"In closing the third year of this Mission, I am thankful in being able to report steady and healthy progress. Although we have had no remarkable revival, yet there has been during a part of the year more than an ordinary Divine influence accompanying the means of grace; by which the Society has been invigorated and increased.

"The number of members which we now return is twenty-five, which is but a slight advance on the close of last year; but the average number of membership during the year has been much improved, and the congregation been less fluctuating, as indicated by the fact that our circuit receipts are more than three hundred dollars in advance of last year; besides improving and enlarging the parsonage at a cost of two hundred dollars.

"Our Sunday School has been kept up during the whole year, and the prayer and class meetings have been well attended.

"In view of the whole we may say that Methodism is taking a deep root, and exerting a salutary influence in this community, and we look to the future with confidence and hope."

FORT HOPE AND FORT YALE.—The Rev. A. Browning writes,—

"Incident and accident, hope and fear, depression and exultation, have caused the past year on this Mission to be a remembered one. Greater than physical toil has been the burden of anxiety: better than peril the provi-

dence of God. on this station I deserted; towns now commercial seen in the past the remaining c has been erecte But in this matt favourably affect friends, with ac nness and rescuin "I dare not sp place of inter-tr itinerant; while perous future. "Amid this in scribing to that but to those who

"INDIANS. Yo you that my hear British Columbia true that all our I conversion and in lower Fraser, wh

dence of God. Fluctuation, ever characteristic of a mining community, hath on this station been more than ordinarily evident. Camps, once full, are now deserted; towns, once the scene of trading, bustle, and active populations, are now commercially stagnant and comparatively depopulated. These facts, unseen in the past, have, by their very unexpectedness, saddened and unsettled the remaining community. At Yale, the more prosperous of the two, a church has been erected; the inhabitants universally and generously subscribing. But in this matter as in all, the unprecedentedly severe winter has most unfavourably affected us. Gratefully recording acts of kindness from earthly friends, with adoring gratitude would we mention the significant watchfulness and rescuing interpositions of Him from whom all mercy emanates.

"I dare not speculate on the future of this Mission. Yale may become a place of inter-transit importance, from whence shall radiate the labours of an itinerant; whilst Hope professes to hold in its position a warranty for a prosperous future.

"Amid this instability we rest on the immortality of God, cheerfully subscribing to that dictum of our founder, 'to go not only to those who need us, but to those who need us most.'"

The following extracts from a Letter, sent by Mr. Robson, at the request of the General Superintendent of Missions, contain a specimen of Wesleyan Missionary life on the Pacific, and especially a touching tale of christian effort to rescue the helpless Indians from paganism, and the various wiles of mis-called christian white-men. These facts appeal to the sympathy of the Missionary subscribers of Canada.

"At NANAIMO I have preached regularly morning and evening when at home on the Sabbath. Have taken charge of the little class and also of the Sabbath School. Though our congregation and Sabbath School were divided shortly after my arrival here by the establishment of an Episcopal clergyman in this town, yet we are progressing considerably. Never have our congregations been better, or our services more interesting. As drunkenness has been a great evil in this place, I have had to preach and lecture against that form of vice, and have met with success. About 25 men, besides women and children, are now pledged, and already much good, social and religious, has been done by the movement. God is with us in our services, and I often am encouraged to hope for a revival of pure religion. Here I have stood by the bedside of the dying drunkard, and tried to plead with a merciful God for his salvation. Deaths from natural causes are but rare as yet in this country, *i. e.* amongst the new settlers. We expect a large addition to our population from England soon, which will make this quite an important station. Nanaimo is the *Newcastle* of the Pacific.

"SALT SPRING ISLAND has some people on it, who are the "salt of the earth," because, like *Shetouyan* at St. Clair Mission, they "keep the rest from spoiling." Once a month I have preached to them and visited them at their log cabins to read to them and pray with them. God has been with us and we have had some blessed times. Some have given their hearts to God, and can now rejoice with exceeding great joy. I have formed a class of ten members and hope to see more added to it. They are fitting up a house for preaching. Amongst the settlers there are some who escaped from slavery in the United States, and came to the Island without a dollar, but God is rewarding their labours, and they will soon be in a position of comfort. I feel a very deep interest in their settlement. May God bless them!

"INDIANS. You intimate your earnest desire for their benefit, and I can assure you that my heart is burdened for them. There are, I suppose, 20,000 of them in British Columbia and Vancouver, and only two Protestant Missionaries. It is not true that all our Indians are more degraded than the Canadian Indians prior to their conversion and improvement. That may be true of those around Victoria and the lower Fraser, who live on clams and fish, and have much intercourse with ungodly

whites; but it is not true of all. There are no tribes in Canada to surpass the Queen Charlotte Island Indians, Chimsians Bella, Bellas, Tongas, and Thompson's River Indians. I have seen many of them who stand six feet and two inches, well built and capable of *trotting* with 300 lbs. of flour on their backs; and they are capable of being educated. I know a girl of ten years of age who committed to memory the Romish mass service in three days. It now takes her a full hour to go through it at railroad speed! Numbers have perfectly learned the alphabet, (large and small) in one evening. I did not do that when I learned it! They also soon learn to write and understand arithmetic readily. And some of the tribes are large and remote from the blighting influence of civilized (?) people. Contact with the whites at Victoria and other towns has made much evil. May God have mercy on them and the deluded victims of their sin!

"But you ask 'what have you done?' Well, I have tried to do what I could. During the past year I built a house 20 x 26 feet in size adjoining the Indian camp at Nanaimo. Most of the work was done with my own hands; for in this country we are not only tent makers but house builders. It cost, besides my own labour, \$130; 35 of which I have raised here, and I hope yet to get some more, but will probably be compelled to ask some help from you, as I cannot well go this 'warfare' at my own charge." In this house I assemble the Indians each Sabbath, after the morning service is over in the town, and preach to them. I use the *Chinook* language, and one of the Indians renders it into *Nanaimo*. First, I pray in English, (all kneeling) then repeat the Lord's prayer in Nanaimo, all repeating with me. Then I explain the commandments, and selecting a suitable portion of Scripture, preach to them as well as I can: after this we sing a verse in Chinook, and the closing prayer is translated by the interpreter. The Indians attend often in large numbers, and are very serious, often deeply attentive. Sometimes they shed tears, and utter exclamations of wonder or joy at what they hear. I am very hopeful of several of them. These are fair blossoms, but what the finish will be remains to be seen. Some fruit we have had in the restraining of vice and visible reformation of life. O for the converting power of the Holy Spirit to rest upon them! My heart is sometimes melted to hear the moving speeches of some of them in their councils. Such eloquence! Such earnestness! O, if they were but converted we would have preachers of the right stamp. Jones's and Sundays reproduced! I also teach Day School when I can do so, and there are now about 10 scholars in attendance, but they are away fishing, voyaging, planting, and digging potatoes, or working with the white people more than half their time. I have visited some other tribes besides the *Nanaimos*. They all seem ripe for the Gospel. I have often witnessed scenes of *thrilling interest* among them—crowds of almost breathless listeners—falling tears—shouts of gladness—entreaties to come again—shaking hands with hundreds—but I cannot enter into all the detail. What is wanted is earnest, self-denying heaven-baptized men and women to devote themselves to this work, and a great and glorious harvest will be gathered. I have a number of invitations from other tribes to visit them, and have promised some that I will go to them and tell them of the Saviour.

"TRAVELLING. I have done nearly all my travelling in a canoe fitted up for the purpose by myself. I could fill pages with accounts of exposures to cold and wet—how breadth escapes from death—and many meals made on a few clams or mussels in the absence of other provisions, but my sheet is nearly full; suffice it to say, that during the past 14 months I have slept out about 20 times, generally without cover, except my blanket, which I always carry—and that at all seasons and in all kinds of weather I have suffered from cold and hunger, too, and from severe toil at the oar and paddle and yet thank God, I have but little illness, and am getting used to my work. I assure you I love my work and would not now exchange with the most comfortable of my Canadian brethren—even Brother Harper. I speak of these toils, not because my case is singular, or my toils greater than those of my brother Missionaries, but that you may perfectly understand how we manage here. I have bought and fitted up a large *whale boat* for travelling, and have given up canoeing as too dangerous. My boat costs \$100. You will hear from me soon again. May God's blessing be upon you in your Committee and Conference deliberations, and oh! may the consolation of God's word be applied to your own heart. I assure you, I have sympathized deeply with you in your renewed and severe domestic afflictions."

DOMESTIC MISSIONS.

The Reports in this department from the respective Missionaries are expected to be full in their statements, and Methodistic in their statistics, that the Committee may always have in their possession for guidance and future reference, documents shewing the progress, or the decline, of the work in any locality at any period. Limited space forbids the insertion of them at length; nor does their great similarity require that; but annually a selection is made from every Report, and of such variety, that the friends of the Society may have in a condensed form a fair representation of the state of the Domestic Missions, and the wants of the country.

Toronto District.—ORANGEVILLE seems likely after a year or two to assume a respectable Circuit position,—a transformation taking place on other Missions, though in some cases not with sufficient rapidity. The Rev. J. Broley sends the following particulars:—

“Your Missionary has cause to be grateful to God for his goodness to him. During the year we have held two protracted meetings, and taken on trial 15, and now report 135 members in full connexion, and five on trial. The spiritual state of many of our members is highly gratifying.

“The Connexional collections—on what formerly constituted the Mission—are all in advance from 25 to 40 per cent. The amount raised for the cause of Missions is scarcely so much. The Mission has raised a larger amount than the former year to meet the minister’s appropriation. The people of Orangeville are certainly liberal, and like to see their minister comfortable. The debt on two of our Churches has been considerably reduced.

“Methodism has a strong hold on the minds of the people—our Churches being filled with attentive hearers.”

Niagara District.—The Rev. J. Roy has had deep afflictions, and many removals at DUNNVILLE, besides a depreciation in finances, because of “unusually poor” crops. He, however, rejoices over a new class at a place “noted for ungodliness,” and speaks of an eligible arrangement for benefitting the Mission. CAYUGA, too, has suffered from affliction, and removals amounting to 33,—a large reduction in a contracted sphere, surrounded by other churches; but “a few facts encourage” the Rev. A. Langford, such as an advance in the Connexional funds, the dedication of a church, an increase of worshippers, the cordial support of his Official Board, and the commencement of a church edifice in Cayuga. The first report of BERTIE, from the Rev. W. M. C. Luke, affords pleasing evidence that Providence rewards a loyal faithful people, and their purchase

of a parsonage without delay is a good indication of their opinion of a Christian Minister's worth and family necessities.

"In presenting this the first Missionary Report of the Bertie Mission, we would becomingly acknowledge our gratitude to Almighty God, for his goodness in sustaining us amid the toils and trials of the past year.

"We commenced the labours of the year under the most discouraging circumstances. We found the few members composing the new Mission with nearly one voice condemning the act of last year's Conference in making them a separate people. At the present time the voice of the Church is on a different key, and I believe without an exception all are satisfied with the arrangement.

"When we arrived we found not even a shadow of an arrangement had been made to provide for us a place of residence, but with the unanimous and praiseworthy efforts of our small Official Board, a most suitable property was purchased in the village of Bridgeway at a cost of about \$750, and beautiful for situation, adorned and enriched with a goodly number and variety of the choicest fruit trees. The whole is secured to Conference by a Deed duly registered, held in trust by nine Trustees. We have also taken advantage of the Statute, and secured to the Conference the old McAfee Church, which had been in a very precarious state.

"We have six appointments on the Mission including one taken up by my predecessor in Fort Erie, which as yet is rather feeble. In membership we have barely maintained our ground. We have strong reasons to expect good things for the future of this Mission; already we begin to have the dawning of a bright day for Bertie. The labours of our fathers, as well as many of our illustrious dead, on this field of spiritual conflict, will yet bear a rich harvest of precious souls. May God hasten it in his own time!"

Brantford District.—There is satisfactory advance at LYNEDOCK, according to what the Rev. I. Barber thus says; and it must have been very agreeable to him to have the valuable, frequent services of an esteemed Supernumerary, and of a Superannuated Minister, resident on the Mission:—

"During the three years' labour of your Missionary in this section of God's vineyard, in the midst of trials and discouragements, the Great Head of the Church has granted to his people a degree of prosperity; souls have been converted, and, I trust, a few have been sanctified. To God be all the praise. By removals, expulsions, and deaths, we have suffered numerically; nevertheless the membership is increased, the funds have been more liberally sustained; each succeeding year has brought advance on the former. There are a few very diligent and self-sacrificing brethren. Our people have put forth a very laudable effort in church building. We have three; and likewise have secured, and paid for a lot on which to build a fourth; there are also a \$100 raised and on interest for the erection of a parsonage; they have a committee appointed for this object.

"When we remember that only five years have elapsed since the Mission was set off from Walsingham, the diligence of the brethren will appear. May the blessing of heaven descend upon and crown them with the richest mercies!"

London District.—Of STRATHROY the Rev. J. A. Ivison says,—

"Your Missionary feels grateful to God for the degree of success vouchsafed in the various departments of our work.

WYOMI

"An excellent Parsonage has been completed, &c., frame Church erected 40 by 60 with a vestry in the rear, and the church was dedicated to the worship of Almighty God on the 16th of January—when we were favoured with the valuable services of our esteemed President and the Chairman of the District. The entire cost of the acre of land, Church, Parsonage, Stable, &c., was \$2,800. We have had an additional preacher during the year, who has laboured zealously and successfully. The membership of last year was 117, and 10 on trial; this year, after deducting delinquences, removals, &c., the returns are 135, and 13 on trial, and with the same amount from the Missionary Funds as was received the previous year, the Mission has nobly met the additional expenditure. In consequence of the very large additional local claims, our Connexional Funds are not in advance of last year.

"Taking their circumstances into consideration, I believe there is not a more loyal, liberal, people in connection with our Canadian work. In a very few years, this Mission will be classed among our best Circuits."

From ARKONA the Rev. E. A. Stafford writes,—

"On this Mission during the past year the Lord has kindly smiled. Our membership has about doubled, and what is better, the spirituality of the members has been steadily advancing. Several of the classes have come under the charge of more efficient leaders; and prayer meetings—those great aids to piety—have been established and kept up at most of the appointments.

"The people have manifested their gratitude to God for his great goodness, by liberally supporting the Gospel in the various funds of the Church. To the Missionary fund they have contributed within a few dollars of double the sum last year given. To the other funds they have also been liberal. And this liberality has not kept them from answering the demands of the work at home.

"In this department all the claims have been met. A comfortable church 40 x 50 has been completed in Arkona village, and when all the sums now subscribed for it have been paid, but a small debt will remain. We review the past with great gratitude to God the giver of all good, and contemplate the future greatly encouraged."

OF DEVONSHIRE AND MCGILLIVARY it is said by the Rev. W. Chapman,—

"This Mission has extended its borders during the year, having had seven new appointments added to it, numbering twenty in all, and now requires the labours of three men, and should be divided for the better working of the field.

"The Lord of the harvest has greatly blessed the labours of his servants, so that we now return, 460 members, including those on trial, being an increase, after filling up for deaths, removals, &c., of 123.

"One Church that was nearly finished at the beginning of last year, at an expense of 1000 dollars has been dedicated to the worship of God and is free of debt. Our Church at Exeter has been neatly finished. The contract has been let out to erect a Church on the Parsonage lot at Devon, which is to be of brick, 32 x 46, 20 feet high, which will cost about 1600 dollars when finished, and nearly all this amount is paid down or subscribed. We finish up the year with gratitude to God for the past, and glorious expectations of success for the future."

WYOMING, where the earth supplies naphtha, is evidently, according to

the Rev. E. Peake's testimony, favoured with the light of the Gospel increasingly :—

"A year ago this Mission was formed. We have only two Churches completed; we have however, a new one in course of erection. Several of our appointments are very poor, for the houses in which we preach are old and worn out school-houses, the other appointments however, are mostly good, and so are the congregations. We have built a good frame minister's house. The Wyoming Church now is secured on the Conference plan. At the Oil Springs our friends would build a good Church immediately if they could secure a favourable site with a good title.

"We have at the Springs some of our finest members, choice people from different parts of Canada and the States, who are doing and will do all that is possible to sustain and extend the institutions of our Church, and the cause of God generally. We have had some few cases of awakening during the year, in the use of some comparatively private and obscure prayer-meetings led by humble and almost unknown person within the last few months."

The Rev. G. Kennedy says of NISSOURI, "Our congregations are good and attentive. We report a small increase of 17, and but for removals could report a larger increase. We have 6 Sabbath appointments, and 2 week-day, with occasional extra ones. We have a good brick church in course of erection at one of the central appointments." The Mission thus advances.

Chatham District.—The Rev. E. Cragg says of MOUNT BRYDGES, that "it is much the same that it was twelve years ago." Marks of Divine approbation have been seen; Quarterly occasions have been refreshing; in connection with the regular ministry several instances of scriptural awakening have come under observation; and several of the congregations are much on the increase. The Rev. W. W. Miller contends with error at NAPIER; yet the Lord, he says, "has evidently been with us convincing of sin, of righteousness, and of judgment," and there is an increase of members, hearers, and finances: The Rev. W. Hawke is encouraged at WARDSVILLE by a kind and benevolent membership, and at the end of three years is able to state that "about 30 each year have been brought into the Church, the most of whom are rejoicing in the possession of pardoning love." The Rev T. Culbert thus reports MOORETOWN:—

"This field of labour is composed of Moore, Sombra, and part of Enniskillen townships. We have 11 appointments, and a membership of 143, including 10 on trial. After making up deficiencies arising from various causes, we return the same number returned last year. We held during the year four protracted meetings, which resulted in the conversion to God, and an accession to the Church, of a number of precious souls, and in the quickening of believers. One Church was dedicated to God, and a Sabbath School organized, which is in successful and very encouraging operation. Our congregations have greatly improved. Our prospects, particularly in Sombra village, are of a very cheering nature. Financially we are in every respect in advance of last year. Thankful for, and encouraged by the past, we would endeavour to go on and offer all our works to God."

WALLACEBURG has a new, commodious Church, and an accession of hearers, members, and funds, and the Rev. S. C. Philips, Jun., remarks, "The present state of affairs, financially and spiritually is calculated to encourage us in our work of faith and labour of love." The good work at FLORENCE is thus too briefly noted by the Rev. W. Savage:—

"Through the tender mercies of our God we have enjoyed universal peace, and a good degree of prosperity on this Mission; during the past year I have received about fifty-nine members into our Church, but on account of deaths, removals, (of which there has been more than an ordinary share) and others whom I have been obliged to drop for neglecting to meet in class, our net increase is not large. In this section of country our God-honoured Methodism is progressing much. During the three years I have so comfortably laboured here I have formed *ten* new societies, and *opened twelve* new appointments. To God be all the glory."

The Rev. T. Hanna is thankful to speak of some improvement at MORPETH,—and he is cheered by a praiseworthy effort to procure a comfortable Parsonage; and a "very noble effort by the few at Duneden to erect a Church;" and he has had many conversions. The Rev. T. S. Howard, at ROMNEY, has been favoured with peace, financial success, and what is better, between thirty and forty conversions; still, he says, with regret, after pruning the classes, "we return less in numbers this year than was returned last for this Mission."

Guyolph District.—The Rev. S. Wilson thus marks the state of ERIN:—

"Though we travel 25 miles from end to end of the Mission, preaching three times on the Sabbath, we have only 125 members. Notwithstanding discouraging circumstances, by strenuous efforts, we have managed to keep up the circuit and connexional funds. We also labour under disadvantages in not having parsonage accommodation; and the three churches being more or less in debt. There are, however, some encouragements: We have a few members as liberal as can be found anywhere, who are strongly attached to Wesleyan Methodism; and these uphold the hands of your Missionaries by their liberality, their sympathy, and their prayers. There has been steady increase in our congregations during the year—a few have joined the Church, and some are growing in grace. At one appointment we have established regular, instead of occasional preaching, as formerly, and commenced the erection of a fine stone church, with a cheering prospect of a prosperous cause."

The last was "not a year of great prosperity" at ROCKWOOD. The membership, writes the Rev. D. Hunt, is about the same. Church accommodation has been extended, and there is hope of more good being done. BERLIN is thus reported by the Rev. R. L. Tucker:—

"This Mission has suffered much from the removal of some of its best friends; and it may be some time ere it will be self-sustaining owing partly to the sparseness of the English speaking population, and the prevalence of the German language and German customs. The aspect of things, however, is improving, and we trust a brighter day is dawning. The net increase after supplying for 15 removals, 16 defections, and one death, is 31. The Sabbath Schools have in-

creased in number, size, and interest. With the assistance of the grant from the Mission Fund the Mission has met its liabilities. The Connexional collections are all in the advance of those of last year; especially the Missionary receipts, which are 40 per cent more than those of the former year."

We subjoin an extract from the Rev. J. E. Dyer's report of WELLESLEY :

"During the year we have been endeavouring to impress upon the minds of our people the necessity of praying for, and expecting practical results in, all our ordinary services; not that we have anything to say against extraordinary means, for if extraordinary results are to be obtained, adequate means must be employed, and believing in them, we engaged in them for some fourteen weeks during the past year; but we find a great number of our people have settled down in the opinion that no results are to be looked for in connection with the ordinary means. Out of this delusion we have been striving to raise them—it will take time, but it must be done. We are not so strong numerically, as reported last year, but spiritually, we are improved—the tone of piety is better.

"The financial condition of the Mission, taking the circumstances of the people into consideration, is good; but not yet able to sustain itself. The debt on two of our Churches has been liquidated during the year. We are erecting a new Church in the village of Linwood, and have also entered into preliminaries for the erection of two others. We have not during the year forgotten the temperance question."

ELMA. The Spirit has been poured out, and "about 60 added to the Church." The increase in the year is 10. A commodious Parsonage has been built; and the Rev. I. Crane speaks with great approval of his colleague, and says it is not easy to find a more promising field than his Mission for Wesleyan Methodism. At WALLACE the Rev. N. Brown is pleased with an increase of members, and that with the exception of the Missionary Fund—which considering what it does for the Mission should never suffer—the funds "generally are in advance of any former year." He says the Mission "is a very laborious one, and it requires much patience, perseverance, and zeal in meeting its wants, and securing the interests of Wesleyan Methodism."

Goderich District.—The MITCHELL report is without a signature, but replete with facts and hopes which can come only from a prosperous Mission. The writer says, "We hope the day is not far distant, when Mitchell, as a field of labour, will be second to none on this District." The Rev. T. Cleghorn's account of STRATFORD is,—

"By God's blessing upon the efforts of his servants, it has been a year of advancement to our cause. Looking at our statistics we compare most favourably with the past. Last year we returned 162 members of our Church on this Mission; during the present we have received by ticket, eight, and on trial, seventy; we have lost 13 by dropping, and 20 by removal, and now return 207, being an increase of 45. Our connexional funds are all in advance of the previous year, and some of them very largely. There has been raised,

for the Missionary Society, more than \$110 over the amount appropriated to this Mission. An arrangement has been effected by which our Church property here, is placed in such a position as to relieve parties from serious embarrassment. There has been realized about \$150 more for the support of the ministers labouring here, than was realized two years ago."

BAYFIELD is productive, and an increase of 60 members cheers the Rev. T. Robson. Hearers and Sabbath-Schools are of greater number, monetary resources are somewhat improved, and there is to be a new church at Varna. WAWANOSH reports by the Rev. W. Bryers, new appointments and classes, good congregations, at some places a satisfactory spirituality, one church dedicated, and two building. The Rev. D. Connolly tells of religious and Methodistical life at KINCARDINE:—

"The Church has advanced in spirituality; many are groaning after the benefits of full redemption. The aggregate increase of membership during the past year has been about 55. The congregations are well attended, orderly and attentive. The Kincardine Brick Church about three months ago was relieved of its liabilities of long standing, but just when it was freed from its indebtedness, a furious blast unroofed the building, seriously damaging the interior. This was a heavy stroke to the little flock of Christ; but though cast down they were not dismayed. They made another appeal to the friends of the cause; a noble response followed; enough was subscribed to pay for the repairs, and effecting some improvements of considerable importance.

"A Church has been completed and dedicated for Divine worship at Bervie. The Mission cause, and all the connexional funds have been better sustained this year than they have ever been heretofore."

The healthful spiritual condition of TEESWATER is referred to by the Rev. H. Bawtinheimer; Sabbath appointments are increased, as are the members; "Class and Prayer-meetings are well attended;" but "finances have not been brought up proportionately" he says. The Rev. J. Hough's report of AINLEYSVILLE contains these particulars:—We have taken up two new appointments, and formed two small classes. The number attending our Ministry is largely in advance of last year. The Parsonage and Church property is all free from debt, and arrangements are already made for the immediate erection of a church in Bluevale.—We have received on trial 51, and from other circuits 21, and dropped or expelled 39." He has a decrease of 16 persons on trial, and an addition to the membership of 28 persons.

The Rev. T. Hadwen is grateful to God at HOWICK for the "conversion of sinners, and the sanctification of believers," the occupancy of a new Church in Howick, the erection of two others, and more members and funds. MORRIS is hopeful, and the Rev. P. Campbell writes,—"generally our people are increasing in piety and usefulness," a parsonage has been purchased, and there is growth in numbers and collections.

Owen's Sound District.—The Rev. J. A. Williams must speak for OWEN'S SOUND:

"In making my third and last report of the progress of the work of God on this Mission, there are many things to inspire gratitude and praise. The past year, as the two previous years—has been marked by the conversion and ingathering of souls to the Church; by a growing interest in the means of grace; and a heartiness in the support of all the institutions of the Church both local and Connexional.

"The position of Wesleyan Methodism in the town is very encouraging,—our Sabbath-school and Bible-class are in a prosperous state; our membership walking, we trust, in the fear of the Lord,—our congregation steady in attendance, and increasing in number; and our Church property, which is very valuable, will soon be free from burdensome embarrassment, forming a marked contrast with the position of things in this town three years ago. I cannot say in this report how much I am indebted to the members of the official board for their hearty co-operation. We have seen and felt the benefit of the Apostle's injunction, "and be at peace among yourselves." Peace and prosperity has been my lot with this exemplary kind people, and I could say, "Here will I dwell, for I have desired it." "Do not mend our rules, but keep them."

At HOLLAND AND SULLIVAN the Rev. G. Jacques has had a decrease of members, yet he has had the satisfaction of performing his duty, and of having at most of his appointments tolerably good congregations. St. VINCENT, writes the Rev. E. Hurlburt, has found the Missionaries "very hard" labour, in which the conversion and gathering of souls have cheered them, and the ability to state, "We have three new Churches in process of erection." THORNBURY, too, has not been sterile in the hands of the Rev. W. Norton,—his peaceful people are liberal and pious; the membership, week-day appointments, and Sabbath Schools are increased, God having made a camp-meeting a quickener to many. At SOUTHAMPTON AND PAISLEY the Rev. W. R. Dyer says the ordinary means are marked with a "growing interest," and protracted means have resulted in "very clear cases of conversion." He has a nett increase of members, and the Circuit and other funds are in advance of the past. The seed sown at ARRAN has sprung up, and the Rev. W. Hay makes mention of fifty new converts and members, the erection of a brick church, good connexional collections, and three new appointments, God, he says, being there. This is what the Rev. John Hutchinson says of HANOVER:

"Your Missionary has much pleasure in stating that the past year to him has been one of pleasurable toil; nor have "his labours been in vain in the Lord;" the contributions for the support of the varied agencies in the work have been considerably augmented; our number in Church-fellowship is increased; the conveniences and comforts of your Missionary have been very materially promoted; a growing attachment to our God-honoured Methodism has been manifested, and the true prosperity of the Church, by a steady adherence to the doctrines of the Cross, and an increasing conformity to the will of God, has evidently progressed. And thus, although we have to mourn over some who "once ran well," but something hath hindered; we have abundant cause to thank God and take courage."

The Rev. appointment it is very ag good library. MOUNT FOI Campbell is tion and pay Church at Classes "ge contribution every sinner note at ARR new church persons on t Missionary, membership tone."

Barrie D "Our cong Church fell religious life." ING, the R and the con Methodism becoming n opposition a rule, "to lo sent from c sons;" his water hopes him occasio doubtful P crease of m be as great important heard, for the Mission

"The wo to congrega The appare

The Rev. H. Cross has laboured at DURHAM in the midst of increasing appointments, and hearers. Two new Churches have been opened, and it is very agreeable to learn of each of his Sabbath Schools that it has "a good library," "and is under the care of a faithful staff of officers." MOUNT FOREST is rewarding for labour bestowed, and the Rev. A. R. Campbell is glad to tell of the finishing of a brick Parsonage, the erection and paying for a brick Church, and preparations for building a large Church at Mount Forest. Arthur has a new Class of 25 members; Classes "generally are well attended," contributions are liberal, Missionary contributions "are nearly doubled," and he hopes for the conversion of every sinner within Methodist influence. The Rev. J. T. Latimer takes note at ARTEMESIA of new members and new classes, the opening of one new church, the progress in erection of two others, the reception of 55 persons on trial, additional Connexional funds, as the Superannuated and Missionary, and what is of prime consideration, "the spirituality of the membership is," he trusts, "more scriptural, and more elevated in its tone."

Barrie District.—The Rev. T. D. Pearson's record of INNISFIL is,— "Our congregations have been good. Some few have united with us in Church fellowship. Our membership generally is progressing in the religious life." Though having had to endure affliction at HOLLAND LANDING, the Rev. A. Dayman writes:—"Most of the classes are doing well, and the connexional funds, with one exception, are in advance of last year. Methodism has much to contend with on this Mission, but its influence is becoming more extensive from year to year." The cause is not without opposition at ORILLIA, and the Rev. J. L. Kerr has had, in keeping rule, "to lop off many dry branches, half-hearted toward our Church, absent from class;" but he has had by the gracious Spirit "profitable seasons;" his Sabbath-schools have good libraries, and are prosperous; Coldwater hopes soon to dedicate a house of worship; and Muskoko has had from him occasional attention. Notwithstanding the objections of Papists, and doubtful Protestants, the Rev. G. McNamara enjoys an encouraging increase of members at PENETANGUISHENE, where an accession of ten would be as great a triumph as fifty in some places. For COLLINGWOOD, a place important and promising in its position, the Rev. C. Sylvester must be heard, for the satisfaction of many friends who have recently rendered the Mission special help:—

"The word of God has been regularly, faithfully, and affectionately preached to congregations much larger than those which were in attendance last year. The apparent, deep attention paid to the delivery of God's truth has led to the

entertaining of fervent hopes that the good seed sown is silently working in the hearts of some, and that it will hereafter produce fruit unto "everlasting life."

"The greater part of the year having been spent in different parts of the country for the purpose of obtaining subscriptions to aid the liquidation of the heavy debts on the Church, the pastoral oversight has been comparatively little. The result of applications to large numbers of persons is, the obtaining of several hundred dollars. Some of the creditors having made most liberal deductions, the sum raised covers a much larger amount than what could otherwise be the case.

"It is hoped in future years the Missionary Committee, and all others concerned in raising a cause for God in Collingwood, will have the pleasure of seeing that the money expended, and the labour performed, have not been in vain in the Lord."

The Rev. J. Baker testifies to the kindness and hospitality of his flock at NOTTAWASAGA; regrets a lack of Church edifices; and says, "At the beginning of the year many things appeared dark and forbidding, but by the blessing of God these things have been removed; the Church has been revived, and a number have found redemption through the blood of Christ, even the forgiveness of sins." The following statements have been received from BRUCE MINES;—

"This Mission is on the north shore of Lake Huron, about 36 miles below the Sault St. Marie. The population is about 1100, depending entirely on the Mines, there being no farming settlement. Many of these are French and Irish Roman Catholics; many Scottish Presbyterians, Episcopalians, &c. There is a prospect of the Wellington and Copper Bay locations being continued for several years.

"There is as much need for Missionary labour as ever. We had an increase of members; but like preceding years, as soon as navigation commences, many leave the place for the Mines on Lake Superior, for England, and other places: so that our number stands just as last year. Our finances have been well sustained considering the times. Last year our members provided some household furniture, &c. A Church has been erected, deeded to the Wesleyan Methodists, Presbyterians, and Episcopalians. At present we have the entire use of it, and if neither of the other Churches send a Minister, for use it remains ours. Our class meets on Sabbath morning, preaching at 11 and 6 o'clock, and Sabbath-school in the afternoon: services during the week on Tuesday and Thursday evenings."

WHITBY DISTRICT.—There is no report to hand from PRINCE ALBERT. From the new Mission at POINT MARA the Rev. T. G. Richardson sends cheering facts, especially those of members going on to perfection, and there being "twelve week night appointments."

"Since last Conference we have taken up three new appointments, so that now, in addition to our regular Sabbath work, we have twelve week-night appointments each month; and still the Macedonian cry is heard, "Come over and help us." The congregations at all the preaching places are very encouraging; the Connexional funds are about the same as last year, and the Mission fund considerably in advance; the balance of debt due on the new frame Church has been subscribed, and will be collected in due time. We hope soon to build a new parsonage near the church, which is very much needed. The liberality of our people here is bounded only by their means.

"After deducting eight removals we report ten additional members, and five on trial. Religion is prospering among us, and some of our people are enjoying perfect love, which casteth out all fear. Our Bible Class has been well attended, and I hope useful in various ways. God is with us of a truth; we therefore feel thankful and take courage."

STOFFVILLE.—Mention is made by the Rev. R. Pinch, of there being within his bounds 4 Wesleyan churches, 7 other preaching places, 9 classes with 150 members, and 600 hearers. Some of the appointments are at present depressed; still he believes "the Mission has been somewhat improved during the year;" and for the good done he is thankful to the great Head of the Church, and implores His blessing.

CARTWRIGHT.—The Rev. A. Edwards transmits statements too interesting to be curtailed:

"This Mission contains 12 classes, 10 appointments, and 276 church members. We have received during the year about 70 persons into our membership. Our losses by removal and death have been heavy, and a few have been dropped, but we have a nett increase of 24. Peace generally prevails, and the religious state of our Classes upon the whole is decidedly healthy. One commodious church has been built and furnished, the value of which is about \$700. The whole amount is provided for. Another church has been secured by purchase, and the deed executed, a small debt only remaining to be provided for. A valuable parsonage, with stable, sheds, garden, well, &c., has been bought, and beautifully fitted up. It stands in the pretty village of Williamsburgh. Is worth \$1,000. The whole debt is provided for.

"Our income for the Missionary Treasury is \$200.85, being in advance of last year \$63.05. Other connexional funds are in advance of last year \$10.55. Cartwright wishes henceforth to stand as a Circuit. She has a noble people, who, with a little aid from our contingent fund, will pay their way. Our beloved friends on the Manvers part of this Mission will need a little more aid from the Mission fund after being severed from Cartwright; but they, too, will soon walk alone. We praise our triune God for the past, and will trust him for the future."

Cobourg District.—The Rev. W. Short has success amidst obstacles at SEYMOUR:—

"This field of labour is but slowly advancing. Within the limits of this Township, there are no less than three different bodies of Methodists, two bodies of Presbyterians, the Church of England, and the Roman Catholics. This of course makes our work tedious. All our appointments are comparatively new, excepting one, and the work of the Mission has to be attended to arduously in order to promote an interest; hence my work has been three sermons, and the leading of two classes every Sabbath during the summer months, attending a Sunday School once a fortnight; Prayer and Class Meetings weekly, beside other occasional appointments. Perhaps, on the whole, we are doing better in Campbellford than any place else on the Mission. Some four years ago the Rev. W. Sanderson gave up this appointment in consequence of the little respect paid to our cause. A year afterwards the Rev. S. Down resumed it again, and now we have a tolerably good congregation; raised this year an amount for Missionary purposes, and are now about building a comfortable parsonage upon a fine lot, the gift of the Hon. Mr. Wilkins. We have 77 members, and 3 on trial."

Peterborough District—There is a christian, liberal spirit, too noble to quail before fire and its disastrous consequences, and the Rev. S. C. Philp supplies a very striking exemplification at LINDSAY, which brings to mind those who, according to the Scriptures, glorify God in the fires that try them; and his whole report shows what an indefatigable Wesleyan ministry can accomplish among a sincere and earnest people:—

“This Mission embraces appointments in the town of Lindsay, the townships of Ops, Mariposa, Eldon, and Manvers. From the nature of the soil, in the spring and fall, the roads are very bad, which makes it difficult to travel; yet, through the Divine blessing, we have been enabled to fulfill our appointments and keep up special services for more than four months during the fall and winter, and God has not permitted us to labour in vain, nor spend our strength for nought. We have received about 80 on trial, and after deducting removals 13, droppings and expulsions, 40, we return a net increase of 27 souls, for which we feel grateful to God. Notwithstanding the fearful visitation of Divine Providence, in the fires we have had in Lindsay, in which many of our members and congregations have suffered, yet we have been enabled to pay nearly \$200 towards liquidating a long standing debt, and we have it in contemplation to enlarge our church, it being too small for our congregation.

“In the country we have succeeded in erecting a new church, and have procured land, and advertised for tenders for another. We hope that the liberality of our people will so increase, that in a few years this work will be self-sustaining. This year our farmers have suffered from the failure of their crops; yet most of our funds are in advance. We pray God may bless us more abundantly.”

No report has been received from NORWOOD. For the same reason we are unable to communicate intelligence from either the Domestic or Indian portion of the LAKEFIELD AND MUD LAKE Mission. The Rev. D. Hardie is not ashamed of his charge at BOBCAYGEON, for his appointments, classes, and the piety of the members are increased. He gives the people credit for great exertion last year in building and otherwise, and says “that many of the members are willing to do what they can.”

At GULL RIVER there have been a number of conversions, yet a disciplinary erasure of names makes the increase of members small. Though the settlers are not wealthy; for the Rev. G. H. Kenney says, “They are all making a commencement, and the majority of them have to buy the principal part of their provisions;” still, from their limited resources they contribute something to the funds of the Church. FENELON FALLS and the following Mission being new fields, more than usual concerning them may be expected. The Rev. C. Hamilton writes:—

“The ecclesiastical year just drawing to a close has been one of peace and prosperity on this Mission. This is the first year of its existence as a Mission, being cut off last year from Bobcaygeon, yet it is rapidly advancing in importance and interest. We commenced the year with a very small membership, and not the brightest sky; but soon the moral gloom began to disappear and the friends of Methodism to cheer up, and to hope for a brighter day. And

the God dropping s members; of the year “We are the Mission ly the frier towards th funds. Du were paren has been o root in thi triumph, a

the God of Missions did not allow his people to hope and pray in vain. After dropping sixteen—ten removals, and two who withdrew—we report seventy members; being more than double the number we had at the commencement of the year. The congregations have greatly increased all over the Mission.

“We are preparing to build a church this summer, which will be the first on the Mission. We have three Sabbath Schools in good working order. Financially the friends have done nobly; raising about one hundred and twenty dollars towards the support of their minister, and over thirty dollars for church funds. During the year we have baptized sixty-six members, some of these were parents, and quite a number of them young people. Though the year has been one of trial and anxiety, we rejoice that Methodism has been taking root in this once un-Methodistic soil. Wesleyan Methodism is destined to triumph, and to become the religion of this Mission.”

VICTORIA ROAD is advancing from a state of almost complete religious destitution to a state of Gospel facility in some degree as to means, and the Rev. H. Galbraith's particulars will give pleasure:—

“Having arrived at this Mission on the 7th of July last, I found the religion of Jesus at a very low ebb; there being only one class of 15 members on the entire Mission, some of whom were fallen into Laodicean ease, from the want of the means of grace. The people in general were very careless, being almost destitute of the preaching of the Gospel: the Sabbath being desecrated by many in fishing and hunting. The congregations, at first, were very small, either from prejudice or carelessness, or perhaps from both. There being no churches and only two school houses on the Mission, we laboured under a great disadvantage; having to preach in dwelling houses and shanties, and sometimes in the open air, wherever we could collect a few persons together. With the help of a faithful Local Brother we endeavoured to preach first in five and afterward in six places as often as was practicable. The congregations gradually increased in numbers, and the great Head of the Church owned the preaching of his word, and sinners professed to have their sins washed away in the all-cleansing blood of Jesus.

“We have now four classes, consisting of 36 members and 16 on trial, being an increase of 37 during the past ecclesiastical year. Financially the friends have not been able to do much; many of them being new settlers, and not very opulent when they moved in; but the prospects for the future are more encouraging. We anticipate building one or two churches during the ensuing year. Other denominations have Missionaries here, but Wesleyanism is the choice of the people generally. As the country is rapidly being settled farther back, this is likely, in the future, to be a very extensive field of labour. May God continue to revive his work!”

Belleville District.—The Rev. P. Rose thus reports of MARMORA:—

“This Mission was constituted a separate Mission last year; it embraces the Township of Marmora, and a part of the Townships of Rawdon, Belmont, Lake, and Mathune. This is a rough broken tract of country, over which we have planted ten appointments, mainly accessible by riding on horseback, or travelling on foot.

“We feel devoutly thankful to Almighty God for the success which has attended our feeble efforts. After visiting all the families in the township of Mathune, and proclaiming salvation where the footsteps of the itinerant minister never previously marked the soil—the result is that forty-one persons have united with us in Church fellowship, so that now we have in all one hundred and one members. In addition to this we have a very harmonious Quarterly Board, as also a liberal people.”

OF FLINTON AND ADDINGTON ROAD the Rev. J. A. Dowler says:—

"The blessing of Almighty God has attended the labours of the year, and valuable results have followed in the accession of several influential persons and families. Though during the year we have received upwards of seventy persons into the church on trial, our net increase is only thirty-four. The work could not have been so effectually sustained had it not been for the assistance of Local Preachers, who are worthy to be commended for their laborious efforts in keeping up appointments. The timely aid given by the employment of one of our local preachers for the last four months of the year has resulted in preparing the way for establishing a new Mission, in the conversion of a few persons, and in the formation of one class. Our Sabbath Schools are now in active operation and are doing well. Wesleyan Methodism has the ascendancy in this place."

MADOC.—The Rev. A. D. Miller writes:—

"The work on this Mission has been continued during the year with great anxiety and difficulty. There being but one Minister, six of the principal appointments have had preaching only once in three weeks, which has given great dissatisfaction during the entire year. The time of the Missionary has been so occupied in dealing with the financial embarrassments of the church, and in preaching during the week, that sufficient time could not be devoted to pastoral work. The importance of punctual attendance on prayer and class meetings has been faithfully urged upon the members, and good effect has followed in some instances, yet there is a large decrease in membership. One special service has been held during the year, and sinners have been converted from the error of their ways, and there is a more punctual attendance on Class and Prayer Meetings than at the beginning of the year. The debt on church property has been greatly reduced."

ON HASTINGS' ROAD there has been, as on other Missions embraced in this District, trying but triumphant Methodist pioneering. The Rev. R. Potter sends these notices of the year's labours:—

"Considering the sparseness of the population, the ordinary means of grace are well attended, and the Gospel is received with gladness by attentive congregations, which afford constant evidence of the power and presence of God. The year has been one of considerable toil, privation, and also of success. The grand design of preaching Christ has been accomplished in the sound and scriptural conversion of sinners, and the sanctification of believers. To God be all the glory!

"The Mission extends over six Townships, and numbers 50 in full membership, most of whom have been converted this year; but owing to the roughness, sterility, and mountainous character of the country, it will have to be supported principally by the Missionary fund for years."

Kingston District.—GANANOQUE is this year favourably reported by the Rev. J. Slight:—

"The church in the village which formerly presented a very miserable and unattractive appearance, inside and outside, has undergone repairs at a cost of upwards of \$200, the whole of which amount has been defrayed, and the building is now free from debt. There have been a few additions to the Church, and some have been soundly converted. The contributions to Circuit and Connexional funds are not equal to those of last year; this, however, is not to be attributed to lack of interest in the funds, or of unwillingness to aid them, but arises from the fact that the harvest of last year was a failure: the effort also to free the church from debt has presented the exhibition of liberality as on former occasions."

The following is from the Rev. J. Thompson of BREWER'S MILLS:—

"There are nine regular appointments on this Mission, at each of which we preach once in two weeks. At two other appointments we hold occasional services. All our congregations are on the increase. Several special meetings have been held, resulting in the conversion and sanctification of scores. After various causes of diminution we report an increase of twenty-three. Several have been saved at the Quarterly Love Feasts.

"The six Sabbath Schools of the Mission are doing as well as could be expected, and are all supplied with libraries and other reading matter. Several Temperance societies have been organized, and drunkenness has greatly diminished among the Protestant part of the community. Two years ago there was neither church nor church property on this Mission; now we have two burial grounds, containing three acres and a half; and four churches in erection."

The Rev. C. Taggart exceedingly regrets a decrease of members, and contributions to some of the funds, at CENTREVILLE AND TAMWORTH, and assigns good reasons for the decrease. At the same time, he says, "we have an encouraging increase of reliable members." He has the pleasure of stating that two very creditable churches have been erected; and his last Quarterly Meeting recommended the separation of Tamworth from Centreville, for the furtherance of the Gospel in new settlements needing the outgoings of the itinerancy.

Brockville District.—The work at WINCHESTER, in the hands of the Rev. J. Kiernan, is prosperous.

"We have ten classes, two churches, and six preaching places. Notwithstanding losses by death and removal, we return 214 members, and 33 on trial; and our Connexional funds are in the advance. Our new church, in which we have been working since last November, is a respectable stone building, 60 x 40, and a credit to the place. The spiritual interest of the charge is advancing, for which we are indebted to the labours of the ministers of the District at our Camp Meeting last August. Since then sinners have been converted to God, fifty joined the Church, most of whom remain steadfast; and a few are members of the Official Board. The congregations are well attended, peace prevails, and we are looking forward for greater manifestations of Divine power in the conversion of souls."

There is at length an evident resuscitation in CORNWALL to encourage the Rev. H. McLean.

"Much has been done towards establishing Methodism in this long neglected town. When we arrived in Cornwall, after Conference, the roofed walls of a brick church, built about 17 years ago, with subscriptions to the amount of \$770, and 7 members were placed in charge of the Missionary.

"The Church, which has cost, (including painting, stoves, trimming, &c.,) \$1,250, leaving us in debt \$380, is for neatness second to none in the town. The membership has increased to 16. Our prayer-meetings are getting interesting. Our morning congregation, when we opened the church, averaged about 20, now about 70. From what we see and hear we are convinced that the good seed is growing in the hearts of the people. Oh that the Lord would pour out of his spirit upon us."

ROXBOROUGH, according to the opinion of the Rev. S. E. Maudsley, is likely to bring forth fruit, if steadily cultivated.

"This Mission was formed at the preceding conference from portions taken from the Winchester and Moulinette Circuits. Four congregations were set apart, and then other appointments have been attended to. In the eastern section of the work we have advanced into localities formerly visited by our ministers, and had to contend with the usual disadvantages which accompany an effort to re-occupy ground: still, there are friends found here and there who bid us welcome, and wish us to continue. There is exceeding need for the continuance of Wesleyan ministrations throughout this region. Roxborough proper, presents opportunities of successful cultivation, although it may require patient labour. Notwithstanding the hard times a creditable sum has been laid on the Missionary altar; a little has been done for each of the Connexional funds, and a Sabbath School has been brought into operation. The western portion of the work is equally needing the labours of the Missionary."

Perth District.—It is well that the Rev. J. Hill can speak of the Truth accompanied with the Holy Spirit, efforts for promoting holiness, and a refreshing prayer meeting at LANARK.

"As it respects special effort of a protracted nature, we can do nothing, as the male population with their teams are away all winter. There is, however, a leavening-process here, which, if the place is retained and worked, will, we believe, ultimately produce fruit.

"There are some liberal faithful souls here, who are willing, as far as ability permits, to sustain the cause. We have seven regular appointments to the greater number of which the roads are exceedingly rough. After removals and withdrawals, to the number of seven, we have still a membership of 57. Preached 15 times per month, baptized 22 persons, travelled 2,112 miles. Owing to the great scarcity of money the Mission has not done so well financially as last year."

SHERBROOKE AND OSO.—Receiving the testimony of the Rev. J. V. Wilson, this field of exertion though rugged is hopeful; and he, as other Missionaries do, gratefully recognizes the mercies of the Lord.

"Our congregations have been increasingly large and attentive, and the promised aid of the Holy Spirit has been graciously given to confirm His own truth "with signs following." To God be all the praise! The parsonage has been completed so far as to enable us to occupy it during the latter part of the year, and sufficient funds are subscribed to furnish it completely; thereby giving Methodism a prominence among the people where formerly it was so difficult for a minister to find a suitable residence. We have a membership of 52, and our Connexional funds are in advance of last year. As to future prospects, we think the language of a chief officer of the District quite appropriate, "This Mission will be something yet."

Ottawa District.—Of TEMPLETON the Chairman of the District thus writes:—

"This Mission is at present comparatively small, but may be considered important as the key to a large and vast improved section of Lower Canada. The District Meeting considered the subject of penetrating hence into other townships, and there is strong hope that measures may be taken for the enlargement of our field here, and the extension of our usefulness. Chiefly through

the persevering efforts of the Rev. Luther Houghton, a very neat and commodious Church has been built at Templeton. It is decded to the Conference and free from debt, or very nearly so. Brother Houghton returns 28 members, and intimates that there is a prospect of revival of the work of God. We that this may be the case."

Of LONG ISLAND LOCKS, it must be said, according to the statements of the Rev. G. J. Dingman, that notwithstanding domestic affliction and great discomfort at an old, very dilapidated parsonage, the time came before the year closed when he could say, "We have been much pleased with our appointment to this place, and have found an appreciating and sympathizing people." Special efforts were attempted, and had unfavourable weather not prevented, there was good hope of success. Some persons were received on trial. Many of his members are young people, and he states that for "intelligence, devotion, and liberality they are outdone by none in this District." "Some noble, robust Christians are on this Mission." The Rev. A. Armstrong, at NORTH WAKEFIELD, expresses a feeling of humility and regret that he has had "so small a measure of spiritual prosperity;" and gives reasons for it, among which are the inconvenient distance of members from the means, and lack of leaders. Three new week-day appointments have been made, and it is his impression that there is labour sufficient for two Missionaries. Nearly all his funds are increased. At NORTH PLANTAGENET the Rev. J. Hyndman has had experience of untoward circumstances, yet he has not sought "scattered sheep" in vain; and the finishing of a church is very creditable to all concerned, and solicitude in Sabbath School efforts praiseworthy, as is the intention to extend the work in "a rather wild and barren part of the country." The Rev. J. B. Keough's very short report of LOCHABER is gloomy:—"We should like to have a better report to make than we have. There have been but two or three conversions, some have made progress in religion, but against this, some have backsliden and some have left the Church, and quite a number have left the Mission."

OSGOODE speaks by the Rev. E. E. Sweet:—

"The report of this Mission is not so flattering as that presented last year: our membership is less, occasioned partly by removals, while not a few have been dropped for the habitual neglect of meeting in class. The failure in the crops, the low price of produce, and the want of money have had a depreciating influence on our finances.

"Notwithstanding, the past has proved a successful year, a good state of feeling prevails, we have peace in all our borders, and we have added several new members. In the village of Metcalf the parsonage has undergone considerable improvement, and the unfinished church is now nearly complete. The Bible Class commenced by Brother Case keeps up its interest. Our Sabbath School is greatly enlarged. The Temperance Society is re-organized, and a weekly meeting of the children of the Village formed into a Band of Hope, pledged against alcohol, tobacco, profanity, and bad company, is of a very interesting and delightful character."

The Rev. R. Wilson writes of RUSSELL,—

"There are some causes of encouragement to the Missionary on this field of labour. The number of attendants upon public worship is greatly augmented; the membership of the church is also larger—last year it was 111, this year it is 118. An increase of spiritual life among some of the members is manifest. Two Wesleyan Sabbath Schools are now in a prosperous condition, both of which have been organized within the past year. To God alone be praise."

From GRENVILLE the Rev. R. Graham transmits these particulars :—

"The character and labours of this Mission remain unchanged. An extensive and laborious field has to be traversed and cultivated. The population scattered, with frequent removals. There is very little local help, and on Sabbath days, the journeys being long, and having to preach frequently three times, there is but a very limited time to attend to the organization of the Society. Our Quarterly Meetings and sacramental services are generally pretty well attended, and an interest is manifested by the increase of the congregations.

"In the past year there have been some interesting and encouraging appearances in the more distant townships, whose distance and destitution of religious ordinances form the chief inducement to visit them. Financial proceeds are small, but in general the kindness and hospitality of the people unquestionable, and there are some devotedly attached to the interests of Methodism and God's Church. An active minister who could speak Gaelic, or would preach in French, would now have access and encouragement in the work. Only two of our Church died in this healthy locality during these two years; I have married six or eight couple in the same time, and baptized over fifty children."

Pontiac District.—The Rev. W. Morton's statements show progress at PORTAGE-DU-FORT :—

"This Mission during the past year has embraced a part of four Townships, viz.,—Lichfield, Clarendon, Bristol, and Aullemette. In the village God has blessed our labours, so that we have now a flourishing society; we have also purchased a site for a church and parsonage, upon which we expect to commence building this summer. In Bristol we have been favoured with prosperity, and also in Clarendon Front; but our success is not so much in an increase of members as in a growing interest in the cause. The cloud of the Divine presence has been moving over us during the year, and the cause of God is advancing both spiritually and financially."

WESTMEATH gives satisfaction to the Rev. W. Tomblin, so few of the newly converted failing to walk in the truth; the work generally being in a healthy state; finances, considering scarcity of money, tolerably good; and he and his colleague "have taken up some new appointments, which promise well both spiritually and financially." The items from RENFREW, are one new appointment, a new class prosperous, and for a burial ground purchased, the walls of a church raised, and finances in advance. The writer says, "there is ground for hope." In reporting the EGANVILLE AND OPEONGA Mission, its unusual extent, and uncultivated condition, are reasons for greater latitude being allowed the pen of the Missionary, the Rev. E. Curry; and the statements he makes will

Montreal

serve to place before the friends of the Wesleyan Missionary Society an example of labour and self denial in frontier settlements of the country.

"This Mission extends into twelve townships, with the privilege of enlarging in almost every direction. Commencing at Eganville, which is a thriving little village, situate about forty miles up the Bonchere River, the Mission extends north, south, east and west.

"The country is rapidly opening up, new settlements are being formed, and the old ones filling up with persons anxious to hear the Gospel, and willing to support it as far as their means will allow. But in many places the people are in poor circumstances, and are struggling hard with the 'hard times,' and consequently considerable support will be required from the Missionary fund for a few years to come. In other sections the scooped shanty is giving place to the shingled house, and the people are hoping that the day is not very far distant when they will be able to support their own Missionary.

"This Mission connects the Pontiac and Belleville Districts, and will yet become an important, interesting, and fruitful field. There is at present a general interest manifested; the congregations in many places have nearly doubled during the year; some persons travelling seven miles on foot to attend week-day preaching; some have commenced to make the inquiry, "What must I do to be saved?" and there have been a few accessions to our Church, but owing to the number of our appointments, the distance and badness of the roads, we were prevented from engaging in any special meetings, but by the blessing of God on the ordinary means some precious souls were brought into his fold.

"We report 23 members, including 7 on trial; sixteen appointments; five Sabbath schools, into four of which are introduced our Sunday School Hymn-book, and Catechism; three of them were kept up during the winter. We have raised for the Mission fund, \$56.36, besides contributing to some extent to the other Connexional funds.

"During the past year the labour has been very hard; the trials and privations great, yet our heart has been cheered by encouraging omens of a brighter future. I have had no particular place of residence; the entire Mission has been my home; frequently I have been for a month at a time, every day upon horseback. I have lodged over night in over 100 places, visited 260 families, and travelled in connection with the work of the Mission 5695 miles.

POINT ALEXANDER is another field of labour and trial; indeed that is the character of the work nearly throughout this District, as on others, and therefore calling for strength and perseverance: the Rev. W. Sander-son says,—

"In attending to the regular work of this Mission, your Missionary visits five townships. During the winter he spent about four weeks in visiting the Protestant families, and lumbermen's shanties, between Fort William and Lake Nipissing, a distance of 130 to 140 miles. On this Mission there are about 80 families, 35 of whom are Protestants. Methodism is gaining ground in this section of the country. The people are becoming more attached to it every year. They are wholly dependent on it for the public means of grace. Some of our friends are very liberal in supporting the cause of God. The cause of spiritual religion is low on this Mission, yet there is some encouragement to hope that a brighter day will soon dawn, as we have, I believe, some tokens of a coming shower of Gospel blessings."

Reports have not been received from ONSLOW and ARNPRIOR.

Montreal District.—The following, from the Rev. E. H. Dewart, is a

report of St. JOHN'S, and is especially acceptable on account of the successful effort made for the benefit of the Soldierly.

"Nothing requiring special notice has characterized the history of our cause on the St. John's Mission during the past year. I feel devoutly thankful to God for that degree of improvement in my health, though in comparative feebleness, by which I have been enabled to spend another year of my life in the ministry of the Word. We have suffered loss from removals and death; and in this section of the country, losses from these causes are very rarely supplied from any increase of population by emigration. The congregation has increased during the year, and there are indications of greater interest and seriousness in the ordinary services.

"During the winter months I established a weekly lecture at the barracks, for the benefit of the Soldiers in garrison here who might be disposed to avail themselves of such a service. A number of them attend the church regularly, and several, formerly addicted to the use of intoxicating liquors, have recently become total abstainers. The heavy debt upon our church property still continues seriously embarrassing; but the liberality of the people in proportion to their ability, is highly praiseworthy, and indicative of a profound attachment to our church and institutions."

Though the very general complaint of "removals" in Eastern, as in some parts of Western Canada, cannot be silenced, the Rev. H. Bland's indication from HEMMINGFORD is cheering:—

"Several valuable members of the Church have been lost to this Mission during the year, by death, and removal to other places; principally the latter. By the blessing of God, however, several gratifying instances of conversion have taken place, so that numerically our gain is equal to our loss. One new week-night appointment, of a promising character, has been taken up since last December. The Circuit collections, with one small exception, are all in advance of last year.

"The Henrysburgh Church referred to in our last report has been fully completed, and formally opened. The building is of brick, 30 feet by 40, and has a handsome porch, tower, belfry and spire. The interior is well painted and furnished with lamps, cocoa matting, cushion for desk, carpet, and valuable mahogany sofa for communion. The writer has not seen a country sanctuary more thoroughly and elegantly neat. The entire cost has been \$1,700, of which only \$250 remain unpaid; and this the friends purpose to liquidate, either wholly or partially, by a tea-meeting in July. A comfortable and respectable dwelling, excellent garden, and two acres of land, extending along two sides of our church property, have been bought for parsonage premises for \$1000; \$950 of which have been subscribed for. These premises the Missionary now occupies.

"It may not also be inappropriate to state that a *Temperance Union* was formed in Hemmingford last Fall, the membership of which now exceeds 100. By the influence of this Association, not only has much drunkenness been prevented, but the Municipal Council have unanimously rejected all applications for licenses for the sale of intoxicating liquors."

At FRANKLIN the Rev. W. Richardson has witnessed the effect of the grace of God in the coming in from the world of 61 persons, most of whom, he says, are now in "good standing"; and his increase for the year is 52; and of monetary matters his words are, "Altogether more has been raised this year than in any former year." The Rev. J. Kilgour is prevented from sending good financial items, crops having nearly entirely

The Rev. J.
with revivals a

failed, but spiritual success has attended his labours, and he is glad to mention a flourishing Sabbath School at ORMSTOWN, and his people as "kind, noble, and generous." The Rev. W. Shannon finds his people at CAVIGNALL "loving and devoted, willing to give, but deterred by light crops and low prices." The spirit of the membership is healthy; preaching, prayer-meeting, and Bible-class instruction have been sustained; temperance arrangements have effected much good; and he has acted very laudably in establishing Monthly Missionary Prayer Meetings. Afflictions at ST. ANDREWS have been somewhat obstructive in the labours of the Missionaries, and there is a decrease of members; still, the Rev. A. Andrews speaks of the dedication of a new church, and peace throughout the Mission. Owing to the vast extent of country on the WESLEYVILLE Mission, the Rev. O. Barber says, "One labourer can never efficiently meet the requirements of the work." There is a falling off of members nominally, and in some of the funds; but effective and praiseworthy exertions have been made "in church building and repairing, and have so far succeeded as to leave no debt on any of our churches on this Mission. Since our church improvements the increase in our congregations has been very gratifying." The Rev. J. Webster states that a protracted and serious affliction prevented him from attending "to any business on the Mission, for about three months; neither could I get any supply. The Mission suffered in consequence, in almost every respect." Notwithstanding this, a small church was built, the Sabbath School is well attended, and a temperance society organized "has been a glorious success"; another Church was provoked to a similar movement, and in the two Societies there are now 350 members.

Quebec District.—From THREE RIVERS the Rev. G. H. Davis sends the subjoined.

"The congregation has improved. Every available pew in the Church is rented, and the income from that source of revenue is larger than it has ever been. The membership is much the same. We have had during the year many very gracious and powerful visitations of the spirit of God; and during the winter, held a series of services to promote the religious interests of the people; but owing to peculiar prejudices and circumstances, no particular movement or increase of membership resulted. One of the most liberal and wealthy members, Mrs. Dickson, has removed during the year; and it was supposed we should suffer greatly financially; but we are thankful to say, so far as the Circuit income is concerned, it is considerably in advance of last year. The contributions which that lady gave annually will appear doubtless on the Montreal list, whither she has removed."

The Rev. J. S. Evans, of MELBOURNE, says, "We have been favoured with revivals at three of the appointments. A class numbering nearly

thirty has been formed where previously there was none. More than thirty have been added to existing classes. Some have joined other Churches, and our Church in other Circuits. After filling vacancies occasioned by deaths, removals, &c., our nett increase is thirty-six." Relying on the statements of the Rev. W. HANSFORD, SHERBROOKE preserves its good name.

"During the past three years the town of Sherbrook has been suffering from great revulsion in business, and consequent financial embarrassments,—a state of things which has seriously affected our own people, and led to the removal of many valued members of our Church. Some who were eminent for piety have finished their earthly pilgrimage and entered the heavenly rest. Notwithstanding these losses, the Society's grants have yearly been decreased, and it is expected the Mission will soon become entirely self-sustaining. We have been favoured with some seasons of refreshing, and conversions to God are occasionally taking place. The public services are generally well attended, and greater spiritual prosperity is confidently anticipated.

"In connection with the period of which we write, many of our people have exerted themselves nobly, not only for the comfort of their minister, but also for the credit and independence of the Mission. Our new brick church has been completed by the erection of an elegant steeple, and further improvements; whilst the debt on said church has been reduced from about \$2000, to about \$1200; and a debt of near \$200 which had mostly been contracted in purchasing parsonage furniture, has been entirely liquidated."

EATON is fruitful after years of faithful cultivation, and the Rev. R. BROWN furnishes some pleasing detail.

"The rich and beautiful forests of these townships are being rapidly filled up with industrious settlers, and some of our congregations have increased from 25 to 150 per cent. Our church property is also being improved at Sawyerville. The Parsonage premises have been fenced and otherwise improved, and a new church is now being erected in the pleasant village of Cookshire. Also all our connexional funds are from 20 to 75 per cent. in advance of last year. But the best of all, God has been with us, to restrain the reckless, to awaken the careless, to convince the sinner, to comfort the sorrowing, and to hear the prayers, quicken the souls, and increase the number of His people."

The Rev. W. D. BROWN, at LEEDS, gives the extent of the Protestant part of the country where he lives, and regrets neutralizing influences; and says, "We have made some improvement of Church and Parsonage property, and our Missionary fund is in advance of last year." Appointments, members, schools not given. From the Rev. E. FESSANT, of DANVILLE, we learn that besides a District Field Meeting, twelve weeks were spent in special services, resulting, he says, "in the salvation of many souls." "Our people are becoming more attentive to class, and other social means of grace." The statistics of the Mission are lacking, which are important as a test, especially in a revival. We gather from the report of NEW IRELAND that in regard to spiritual things, the attendance on Divine service has been good, "the class and prayer meetings have been well

attended, and that of spiritual improvement and the nucleus funds, it is said takes note at probation. Heavily affected by serious, and a made glad. evidence that

Stanstead D "We have la which, and whic

attended, and there are to be found in some parts of the Mission indications of spiritual improvement." A new place for preaching has been opened, and the nucleus of a church formed, but owing to the diminished crops, funds, it is said, have "suffered very greatly." The Rev. W. McDonagh takes note at DUDSWELL of discouragements, yet of tokens of God's approbation. He says little of statistics. A few have been converted, believers are strengthened, congregations have enlarged and become more serious, and a new church has been dedicated; so that the Missionary is made glad. The report of the new Mission of PORTNEUF, affords evidence that out of evil Providence still "educes good."

"The past year has been one of severe trial, conflict, and some success. The result of the earnest and powerful services of the Field-meeting held, only for one day, and conducted by the Chairman of the District, assisted by the Rev. W. D. Brown, of Leeds, were nevertheless very salutary in the case of those assembled. In the course of the winter our cause was considerably strengthened by another visit from the Chairman of the District, and at a subsequent period by a visit from the Rev. G. H. Davis, of Three Rivers. The circumstances in which we were placed called forth increasing liberality and *through the blessing of God* I am happy to report a small increase of membership. At no former period has the attendance been so good in the place where I met most discouragement, and additional week-night meetings have been called for where some months before Sabbath services were unprized."

We are again without full disciplinary details of GASPE, the Society's most remote Mission east, and in the absence of a yearly report from the Rev. I. B. Tallman, we have to avail ourselves of one of his letters, which says, "We have just finished one of our churches." "We have three more in course of erection, and a lot deeded for a fourth." "The labour is very heavy, as our journeys of 150 miles per month have mostly to be performed on foot." "The Mission is constantly increasing in interest." The Report from ACTONVALE is gratifying.

"Great respect is paid to our ministry, and a decided preference expressed for Methodism all through the Mission. Our Sabbath School in Acton proper has assumed a most interesting position. All denominations send their children. At present four children of French Canadian parents are regular attendants. The priests have used great influence to get them away; yet they regularly attend. Fifty-two books have been distributed among the Protestant children, as prizes during the year. Number of verses committed to memory, 3,500. Verses recited by Canadian children, 344. Prizes for Roman Catholic children, books, 15, viz., French Testaments, 6; English Testaments, 4; other religious books, 5. The great want of Actonvale is a steady, calm, yet determined labour, in preaching and visiting."

Stamstead District.—The following is the report of COMPTON:—

"We have laboured during the past year under much difficulty. One cause of which, and which is apparent in a falling off in the contributions to our con-

nexional funds, was in the annexing a portion of this Mission to that of Coaticoke. The act was necessary for the proper adjustment of the two circuits; yet it has told to our disadvantage throughout the year.

"Of our members eighteen have removed; two have withdrawn, and four have been dropped. We have now in all seventy-three full members, and five on trial. We have three Sabbath Schools, our congregations are good, and recently at the head of the Mission we have been favoured with marked indications of good. Four of the persons on trial have very recently given their hearts to God. To Him be all the praise."

The statements made by the Rev. B. Cole respecting the difficulties attending Church fellowship at COATICOKE AND BARNSTON, though of frequent occurrence, are not altogether insuperable, and show the importance of a prudent persistence in observing all our means of grace.

"If the testimonies borne to the excellence and importance of religion at our last quarterly Love feast be taken as the true index of the spiritual state of the members on this Mission, then have we cause for thankfulness for the past, and hopeful courage for the future. Our membership has not increased; yet it has acquired steadfastness and energy. Our congregations are good, and Methodism may be said to be taking a wide and firm hold of the population surrounding us, yet we have serious difficulties to contend against; a main one being that of keeping up our Class Meetings. Sometimes this arises from the difficulty of getting suitable persons to act as leaders; and then again because of the scattered residences of the people. Of many families only a portion are members, yet when some retire from the church for their homes, the others have to accompany them and therefore cannot remain for Class. Our Connexional funds are short of last year, but our Missionary collections have nearly doubled."

The Rev. J. Davies thus states affairs at GEORGEVILLE:—

"Georgeville, the head of this Mission, is a village containing twenty houses, the Protestant occupants of which belong to six different denominations. Nature being here not only beautiful but majestic, it is becoming quite a fashionable summer resort for visitors from Montreal and other places. The congregations have increased, and I have addressed the juveniles regularly once a month, and have held what had not been in existence here before—Class and Prayer Meetings. Appointments have been taken up and classes formed at two new places, which promise well. Our membership is the same as was reported last year, four have been united to an adjoining Circuit, and one has died. The pressure of a very heavy church debt has been a serious drawback to us throughout the year, preventing many joining us, and, in a variety of ways, militating against our success. When we are enabled to surmount this financial difficulty, this may become an important Circuit, as highly respectable people are now settling in this vicinity."

No report is at hand from HATLEY. The particulars received from the Rev. D. Sutherland of EAST BOLTON AND SOUTH POTTON show progress, —where Methodism was opposed, "the people generally attend our ministry, and contribute to our support;" there are additions to the membership; the American war affects their means, but the people have improved the Connexional funds, and a neat church has been erected. At KNOWLTON the Rev. F. Hunt cannot report an increase of members, nor says any

thing of appointment in the Connexional times spent during the past year. Rev. J. Tomkins received by the

thing of appointments and Sabbath Schools. There is a slight falling off in the Connexional funds. He says, "Our people here are looking for better times spiritually and financially, and hope that the few conversions during the past year, are only the droppings of a plentiful shower." The Rev. J. Tomkins' reminiscences, and present state, of SHEFFORD will be received by the reader with pleasure.

"It is pleasing, after an absence of twenty years, to return to an old Mission, and to witness, that notwithstanding much opposition of persons from whom better things had been hoped, the work of the Lord has considerably advanced, the membership has increased, the income has been greatly augmented, new churches and a comfortable parsonage have been erected; and the Mission that was one, has been divided into four.

"On the part now called the Shefford Mission, our friends have, during the past year, completed, in the Village of Warlen, a beautiful little church, with basement and spire, at a cost of \$2,000, and have also made preparation for the building of another in the Village of Waterloo, on a very eligible site, presented by the Honourable Mr. Foster, and a very liberal subscription for the building, which is to cost \$3,000. More than \$2,500 are already subscribed.

"In this Mission we have eleven places where we give Sabbath service, and a few other places for week-day service. At several of the out appointments the people are poor, and not able to do much to meet the expenses; and, owing to church building and the general depression of the country, our finances are not in a good state. The spiritual condition of the Church is good, the congregations are large and attentive, and one new Class, we hope, will shortly be formed. To God be all the glory."

The Rev. J. Walton says of GRANBY, "Our labours on this Mission, owing to personal affliction and other causes, have been very irregular throughout the entire year. We have nothing very encouraging to report; yet we are thankful to be able to say that things look hopeful for the future." Of FARNHAM the Rev. J. Thorneloe writes,—“Our prospects are hopeful; our finances are improving; and a spirit of hearing has rested upon the people; so that they are anxious at every appointment for a double amount of ministerial labour. We have had several removals, but our numbers have not lessened. The Lord has given us others for those who have been removed.” From SUTTON no report has been received; nor from St. ARMAND. CLARENCEVILLE report shows progress among a worthy people.

"The congregations on this Mission are large and attentive, but the spiritual state of the Church is low; 16 persons, however, have been received on trial during the year; but after filling up vacancies we shall only report an increase of 3 in our total numbers. The collections for Connexional funds are nearly all in advance of last year, although we are feeling heavily the pressure of the times, and are engaged in what is, for this small Methodist community, a very great effort to build a more suitable place of worship. The old church was found very much too small under my predecessor, and an effort was commenced to erect a beautiful brick church, estimated at \$4,000, which is fast approaching completion.

"The two Sabbath Schools in operation during the year were well attended by the children up to the time of their close in the fall. An effort has been made to create more interest in these nurseries of the Church, and we expect to put five schools in operation this summer."

FRENCH MISSIONS.

The following reports show that although the French work is slow, it is progressive, and productive of good fruit. The experience of all Protestant Missionary Societies is, that the most obstinate barrier to Revealed truth is not always paganism, but frequently Romanism. One of the Missionaries is too fearful on the subject of finances. Of course instruction is necessary as a preliminary with some converts; but no principle, no precept of the Bible is more just, than that they who receive the Gospel should, as they are able, from the first support its messengers; and when instructed, it will be found that those who are most benefitted are often the soonest disposed to do their duty.

QUEBEC. The Rev. J. A. Dorion says,—

"Your humble agent of the Quebec French Mission is glad to be able to state that the Missionary work among the French Canadians shows some very encouraging aspects, considering the many difficulties that the Missionary of the Cross has to meet among a people altogether bigoted Roman Catholics. I laboured under some difficulties in the beginning of the year, on account of having removed the preaching into another place in the city. It took some time before the people became acquainted with it, so that I thought I would lose a part of the labour of the previous year; but, thanks be to God, towards the middle of the year the meetings grew more and more interesting, and I thought proper, with the advice of my brethren, to hold, before the close of winter, a protracted meeting in St. Roch's, of three weeks' duration, which proved a great blessing to some of the people.

"By the help of the Lord I have been able to preach twice on the Sabbath to a congregation more or less numerous, and to have four Prayer Meetings through the week; two in the general preaching place, and two others in private houses; and also I have been able to go among the people in order to read the Holy Scriptures, and to pray with them. I have formed a Class Meeting, the members of which, I trust, are truly converted to God. I can also say with some confidence, that this blessed work is felt outside of the City. I intend, by the help of God, to establish two other preaching places, one in Point Levi, and the other in Beau Port. On the whole, viewing the present with the past, it is undoubtedly very satisfactory, and it is most probable the Almighty God will continue to bless us. Before long the French Mission of Quebec will, I hope, become one of the most flourishing Missions among the French Canadian people. It is true that they of Quebec, have been known on several occasions for great zeal in religion, and it is often seen, when such people have been converted from their errors by the light of the Gospel, they have become the most zealous servants of God. May the Lord bless his work in Quebec!"

PIERREVILLE. Mr. Tetrau writes,—

"In the first place I must remark that there are here two distinct populations—the native Indians and the French Canadians.—The Indians, numbering about forty families, are gathered together in a village, and are partly

everything is

Roman Catholic and partly Protestant; and amongst these it is that I dwell and hold meetings in their church.

"Amongst the French Canadians here there was not on my arrival a single Protestant, and few were accessible to the Gospel. Amongst the Roman Catholic Indians there are a few families who listen to the truth. I visit them and read the Gospel to them, but in general, though in their minds they are more Protestant than Roman Catholic, they are indifferent to matters of religion. Amongst the French Canadians I find some who are more anxious, and who have more concern for their souls; but they are fearful, and would not dare to openly declare themselves Protestant. Nevertheless one of them has lately openly avowed himself a Protestant in spite of the clamour of his family,—his wife and his children, who at first greatly persecuted him; but now they begin to be more gentle and to listen to reason, for the new convert always speaks to them with kindness, and makes them to see by his meekness how much their conduct is contrary to the Gospel, so that they begin to understand that he is better than they. His son who resides with him and is married, is the most enlightened and begins to see his errors, and I hope will shortly unite with us. His wife was so much enraged against me that she told her husband she would put me out of doors: however, I have been to see them lately, and she received me kindly, which shows that her sentiments are a little changed. The new convert has not only left the Roman Catholic Church, but is truly converted—he is a new man. He is the first French Canadian in this place who has become Protestant, and I hope that he will be the cause of the conversion of many others.

"I have held meetings twice every Sunday and once in the week, and visited amongst both Roman Catholics and Protestants. Another French Canadian has acknowledged himself a Protestant by conviction, and would declare himself openly but for fear of the world."

MAGOG.—The Rev. T. Charbonnell thus reports his extensive field of labour:—

"In making this report concerning my labours among the French Canadians during the past year, I feel that I have not laboured in vain, and that from day to-day I see the results of my labour showing themselves. Saturday last I passed through on my way to Compton; I called on a widow of a French Canadian, three years ago a Romanist. It appears that since my last visit to the man he was an attentive reader of the word of God, and that all his topic was, "We must be born again—we must be born again;" and he even became active among his own people in order to induce them to believe in the Gospel. In the last days of his life all his conversation was, God has been merciful unto me; all is well; Christ has forgiven my sins. Three years ago the man was a Romanist, and a Bible was given to him by me; now that man is a saint in heaven, thanking the Church and agency through which he was shewn the errors of Popery, by the truth as it is in Jesus.

"My labours have been extended over 140 miles in length, that is to say, from Roxton to Lambton. I have visited from house to house, which is the real useful part of the work, and preached 12 sermons a month, given away 549 tracts, lent 19 Bibles and 42 New Testaments, and visited 50 families a month, I have 6 stations to visit, Roxton, Stukely, Bolton, Magog Outlet, Georgeville, and Lambton. Our number is about 35 in full membership, and 45 on trial.

"Financial matters is an important subject, and I feel that we are behind in that respect, and there are three things to consider. 1st. Our people are poor. 2nd. As far as they can they give us their hospitality. 3rd. As they have come out of Romanism lately, it is dangerous to offend them. In Rome everything is sold; in the Gospel everything they suppose is free.

"The opposition of Romanism is awful, and is becoming more and more intense every day, so that the access to the people is more and more difficult; but truth must prevail, and there is a point where Romish opposition will tilt itself. God is on our side, who should we fear, the truth as it is in Jesus must prevail sooner or later, according as the instruments employed are faithful; and we unto us as a Church and people if we are not."

[ST. ARMAND'S. Rev. A Parent says,—

"The past year has not been a year of so much prosperity as I wish it had been, but, on the whole, I have great reason to be thankful to the Lord for his blessing to his unworthy servant, and on his labour. I have had the pleasure to take on probation seven persons who have exhibited a Christian example, and a goodly number who are convinced of the error of their ways. Moreover, I have the pleasure to go into houses, which, if I had attempted to do so last year, I would have been turned away with contempt. On my last visit to St. Clair, I was convinced that in a short time we will have a good opening right in the heart of a French population.

"I preach in three places; at Pike River, at St. Armand's, and at Morgin's Corners. I preach every Sunday, and once in the week, and have two prayer meetings a week; and by my journal I find that I have travelled 275 miles a month, and made 75 visits; and what is encouraging, is their willingness to help the cause along to the extent of their ability; they have subscribed something to the support of the Gospel this year."

GERMAN MISSIONS.

HAMILTON.—The following is the Rev. Dr. Freshman's report, and it will be seen with pleasure, that though he has not been exempt from opposition, he can make cheering statements. The extension of the work into Waterloo is important, and likely to be successful.

"My labours during the last Conference year, have in every direction been favoured by the blessing of God, and though I had to travel several thousand miles, and had other hard work to do abroad in behalf of our new German Church; still my duties at home have been always attended to. Our membership has increased to 75, besides persons on trial. Our Sabbath School, which was opened with but a few, has increased to 80. On the building I have paid up all but \$180. In short, taking into consideration all the trials, and the great difficulties I had to go through and overcome, the year has been a successful one, for which I was and am still exclaiming. "Thanks be to God who giveth us the victory through our Lord Jesus Christ."

"Since last Conference Satan and his company have tried very hard to interfere with our holy cause; but the Lord rebuked them, and we are the more prepared to meet every attack, and to fight the battle of Zion faithfully; for as long as the Lord is on my side, I will not fear. We still suffer a great deal. Infidelity, corrupted Lutheranism, and dry bones of perverted Judaism are all raging against us, so that poor Job and his family are continually ill-treated and attacked; but we do not think it strange at all concerning these fiery trials, since we have been subject to them from the very first moment we found our blessed Saviour: "Happy are ye if ye be reproached for the name of Christ,"

has always been a great consolation to me, and "Blessed are ye when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake;" make us still rejoice and be exceeding glad, for great will be our reward in Heaven. Looking up to God for more grace, we are still trying to promote His glory.

"We are thinking of commencing a protracted meeting next month, to which I shall invite Mr. Kappele to assist me. The German Mission in Waterloo County to which Mr. Kappele has recently been sent, and from which I returned but yesterday, is a promising one; the field is very large, and we may hope by the blessing of God soon to see a good harvest."

The Mr. Schmidt, spoken of last year as labouring among the Germans and Poles on the OTTAWA, has since died, after entering with effect on a useful course of labour. Since then the Rev. M. C. Luke, a minister who speaks German, has been entrusted with the Mission. He is received with thankfulness by the people, congregations of foreigners are gathered, prayer is offered for them, and the expectation is, that religious and temporal benefits will result to them and their families, by the blessing of God on the Society's agency.

CONCLUSION.

After the perusal of these various and interesting statements, which carry their own application—little need be added to induce the Members and Friends of this Society to continue and increase their support.

The Reports from the MISSIONS will have made it evident that every department, has been successful, and is now in a vigorous condition, and that while favoured with the guidance of Providence and the Spirit's influences, the only lack is in the number of Agents required by so extensive and diversified a range of Missions; and the necessity for ampler Funds must be felt by the reader.

The first reason for action in this hallowed work is the explicitly and reiteratedly declared authority of God; and the first incentive, the Redeemer's love in the heart, sustained by faith in Him.

For the *future*, the Committee beg to offer several earnest suggestions.

1. That this Report be read with close attention.
2. That the wants of the Society—ministerial and pecuniary—be well considered.
3. That the destitute circumstances of many New Settlers, Pagan Indians, and French and German populations, excite to deeper sympathy and more liberal offerings.
4. That though the Society in the providence of God is this year honoured with a gratifying amount of funds, the *Income* is so far below the *Outlay* that a large debt is owing by the Society, and, there-

fore, that the Committee is incapacitated to give that extension to the work to which present openings affectingly invite. 5. That by subscriptions, donations, the use of ingenuity, the acts of self denial, and by large and frequent bequests, the funds be made sufficient to meet all the pressing obligations of the Society, and adequate to the present and to new work. 6. That "Juvenile Offerings" be more systematic and general in families and schools. 7. That Branch Anniversaries be, if possible, more productive. A people who by their faith and generosity have given this Society its magnitude, are bound by their vows to give it unlimited enlargement.

But whatever projects are intended; whatever the agency employed; whatever means are used; yea, whatever truths are published; the promptings and outpourings of the divine Spirit are everywhere and always indispensable. Be it remembered in the closet, the family, and the public temples of worship, as it is in the forests of Canada, Hudson's Bay, and British Columbia by the Missionaries, that for Christ PRAYER is to be made *continually!*

How many and mighty are the motives of Christian action! Dr. Guthrie, the eulogist of Methodism, and the John Howard of Scotland, exclaims in indignant astonishment,—“Working Christians, superficial Christians! Christianity not aggressive!” “God’s costly gift to me, the free gift of his dear Son, both opens my hand and warms my heart. Melted by his love and mercy, my icy selfishness gives way; and like a rick loosened from its wintry chains, my bounty flows freely out to others. His generosity begets my own.” Such a spirit of self-consecration made universal, the Wesleyan Missionary Society of Canada would advance to its loftiest position of usefulness, and accelerate the triumphs, and multiply the honours of the adorable Redeemer.
