## EASTER SERVICES IN HARTLAND CHURCHES

Easter Sunday Observed with Special Services and Music in Various Churches.

The services in all the churches on Sunday had a touch of the Easter spirit.

The services at Holy Trinity were held at 9.30 and 7.30 p. m. Very helpful Easter sermons were given by the Rector, Rev. W. P. Halgh. Special Easter hymns and music were given. There was service in this church also on Good Friday.

The Methodist Church preaching service was at 7.30 p. m., as usual and the pastor, Rev. J. K. King delivered a very forceful sermon on Easter and what it meant to humanity. Easter music was given at this church also. At the close of the service Holy Communion was administered.

The pastor, Rev. E. W. Lester, occupied the pulpit in the Reformed Baptist Church in the evening at 7.30 when a good-sized congregation listened very attentively to the Easter message delivered by him. The music in this Church was very inspiring.

The Easter Festival was fittingly observed at the Hartland Baptist Church on Sunday last. An Easter service was held at 11 o'clock, at which the pastor preached on the subject "The Gifts of the Risen Christ," and the choir sang appropriate Easter music.

At 2.30 the Sunday School met and after a short study period, the school assembled in the auditorium for the annual Easter concert, which proved to be one of the best ever given by the school. The church was crowded with scholars and visitors who thoroughly enjoyed the services.

At 7.30 p. m., an audience that taxed the capacity of the church shared in an especially fine service. Thirty-five men from the Men's Bible Class, filled the choir loft and provided special music, in the form of two choruses, a double quartette and a single quartette. During the service five were received into the fellowship of the Church and at the close of the service three candidates were baptised.

The special meetings begun last week and which proved so helpful will be continued this week. The regular services will be held next Sunday at the usual hours. The pastor will preach both morning and evening and the choir will provide special music.

In all the churches there was an abundance of flowers in commemoration of the day. Appropriate exercises were held by the Sunday Schools.

## ANDOVER

Andover, N. B., April 14—Miss Gertrude Tibbitts is spending the Easter holidays in Houlton, guest of Miss Helen Caldwell.

Mrs. Stanley Waugh of Woodstock was the guest of Mr. and Mrs. Edward Waugh over the week-end. Mr. Carl Flemington of Saint John was the guest of Mr. J. Warren Jamer and Miss Jasper at Easter.

Miss Emma Wright was a caller in Fort Fairfield on Saturday last. Mr. Humphrey Flemington was the guest of Mr. and Mrs. Benjamin Bertrige a few days last week.

Miss Mona Scott and Mr. Boyd Newsum were visitors in Fort Fairfield on Good Friday.

The services in all the churches were unusually excellent on Sunday. Interesting Easter sermons were given by all the pastors and the churches were decorated with many beautiful plants and flowers while excellent music and anthems were given by the choirs.

Miss Jessie MacQuarrie of Wapke was the guest over Easter of her aunt, Mrs. Alicia Kelly.

Allan MacIntosh of Hartland is the guest of Dr. and Mrs. A. F. MacIntosh.

Mrs. Harry McAlary entertained the Round Table Literary Club on Thursday evening.

Five of the mines will be allowed to flood and not be re-opened.

## PERTH

Death of Edward W. Cox, a Highly Respected and Well Known Man of Kilburn—Other Items of Interest.

Perth, N. B., April 13—Edward W. Cox, a very highly respected resident of Kilburn passed away on Tuesday morning, April 7th, at his home after an illness of about five weeks. His age was 66 years. Although in failing health for some time, his condition was not considered serious until about five weeks ago, when after consulting the local doctors and finding that he had a growth on the liver, he went to Woodstock to see if a surgical operation could be performed, and on finding that this would be impossible, he came home where he rapidly grew worse, being confined to his bed for the past three weeks, and suffering intensely by times. His death came as a great surprise and shock to his many friends. Mr. Cox was a son of the late Murray B. Cox and Polly Cox of Kilburn and is survived

by two sisters, Mrs. L. Everett of Bangor, who was with him during his illness, and Mrs. C. Tompkins of Boston. The deceased resided in Perth till about 10 years ago when he sold out and moved to his farm at Kilburn. Besides his sisters, he is survived by his widow, formerly Mrs. Emma J. Larlee and two step-daughters, Mrs. B. C. Palmer of Perth, who was at his bedside when he passed away, and Mrs. E. H. Duane of San Pedro, California, also five grandchildren. The funeral took place on Thursday afternoon and was one of the largest ever seen here. After a short service at the home, the funeral cortege proceeded to Larlee's Greek Church where the last sad rites were carried out. Rev. J. W. Wasson of Bath spoke words of comfort to the mourning ones. He was assisted by Rev. O. C. Howlett of Andover. A mixed quartette, namely Mrs. M. L. Wright, Mrs. C. Dionne, M. H. Craig and H. E. Blakeloe, with Miss Blakeloe at the organ, rendered the following beautiful hymns: "My Latest Sun is Sinking Fast," at the house, and "Beautiful Isle of Somewhere," "Lewiston," and "The Last Mile of the Way," at the church and as the casket was being lowered into the grave, they sang softly "Nearer My God to Thee." G. E. Armstrong, Primitive Baptist rules. A large number of people were present to witness the solemn rite.

The evening service was profitably led by Bro. Doody, Bro. G. A. Gibson will preach at Holmesville April 19th in the afternoon.

After a hearty vote of thanks was tendered to the Fire Chief for his hospitality, the meeting adjourned.

## ORDINATION OF RUBEN DOODY

Religious services were held in the Primitive Baptist Church, Holmesville on Easter Sunday with good attendance. During the afternoon service Bro. Ruben Doody from Caribou, Me. was publicly set apart for work of the Gospel ministry according to the Primitive Baptist rules. A large number of people were present to witness the solemn rite.

The evening service was profitably led by Bro. Doody, Bro. G. A. Gibson will preach at Holmesville April 19th in the afternoon.

### REVOLVING OVENS

The ovens in which Moira's Cream Soda Biscuits are baked are of the revolving type. They are huge enough to hold 1162 biscuits at a time which are held at a temperature of 550 degrees until they reach the right taste and enticing appearance that

makes them so attractive. It takes nine men to knead the biscuit dough, cut and feed it into each oven, and it keeps six girls busy packing them into the containers. Others are employed in further operations. Thus the popularity of these biscuits means employment for Maritime people.

## WHAT WM. PEACOCK, ASST. SECY. TREAS. POTATO ASSOCIATION OF AMERICA SAYS

### THE ECONOMY OF PLANTING CERTIFIED SEED POTATOES

Good seed potatoes produce larger yields, tubers usually more uniform in size and shape, and the demand for such stock is better and consequently brings higher prices than that raised from common seed. It never pays to plant poor seed for such is always dear at any price.

Why plant from 12 to 15 acres of potatoes with ordinary seed if the same number of bushels of a better quality can be grown at 10 acres with certified seed? The writer can refer to authentic reports to justify the above statement.

It has been learned through crop surveys and farm cost accounting methods that approximately 100 hours of man labor and the same number of hours of horse labor are required to produce an acre of potatoes. Furthermore, horse labor means the use of equipment and planting, spraying and harvesting machinery are expensive also. It takes more seed and fertilizer to grow from 12 to 15 acres than 10 acres of potatoes. With these facts in mind it should not be a difficult figure whether it is more economical to plant certified or common seed potatoes.

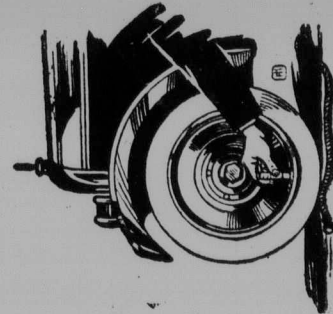

Seed potatoes as well as commercial stock of the 1924 crop have been selling at low prices. Potato growers who have been plant ordinary seed, or who have had good seed which has become diseased, or who wish to grow a larger yield of potatoes per acre and of a better quality, should take advantage of the opportunity to buy seed at the present prices. Growers who live in a region favoring the seed production and who can not financially buy enough seed for their 1925 commercial stock, should purchase enough certified seed for foundation stock even though they do not wish to produce certified seed for sale, and not wait till the last moment because the supply may be exhausted at that time.

## BOOST NEW BRUNSWICK THEN WATCH RESULTS

**New Brunswick Tourist and Resources Association  
Making Drive For Membership—Plan to Reach  
2,000 Mark—Baby Drafts Again Feature.**

The New Brunswick Tourist and Resources Association is away to a grand start this year and intends to keep the ball rolling. President C. C. Avar and the whole Association are working tooth and nail to bring the membership of this worthy and public-spirited organization of business men of the Province up to the 2,000 mark. Last year a drive was made to increase the membership to 1,700 and this mark was reached and passed with very little effort. The novel method of using baby drafts for the amount of the membership fee met with approval everywhere. This year it is planned to use these drafts more extensively and the result will be most gratifying no doubt. The aims and objects of this organization are the advancement of the Province and making it better known to the summer tourists. It is estimated that the tourists left \$5,000,000 in the Province last summer and the executive of the Association are confident that if they have the support of the people of the Province they will be able to increase this sum to at least 50 p. c. this coming summer and if this can be done by joining the organization that is at the head of the publicity work, then it is the bounden duty of every one in the Province that receives notice of the arrival of a baby draft to immediately pay it and thus aid this work.

The beauties and advantages of this Province of ours are only beginning to be made known to the people across the lines. They were absolutely ignorant for the most part of the beauty that abounds throughout the entire Province; they did not know anything about our magnificent roads; they were certain that this was a desolate dreary waste; they were scared to venture across the border for fear of being held up by savages; and it is only recently that

they have come to realize that there are beauty spots in abundance in this fair province of ours that rival the everlastingly advertised and much talked-of attractions of various sections of the States. If the Tourist Association has been the means of this enlightenment then it deserves our support. It has the support of a large majority of the big men of the Province and they are behind the work. We cannot allow them to do all the work and then sit back and pull in the profit of their labors. We must help the work; we must also push on the spokes of the wheel in order that our concerted effort will help swell the coffers of OUR organization that is attempting to boost OUR Province in order that in the future we may have a better place to do OUR business and live on the fat of this beautiful country. All that we need is the publicity and if we all help then the burden will not be heavy and we will all eventually benefit.

Last year 70 p. c. of the money obtained from all purposes was spent in advertising in Canadian and United States papers. Last year Prince Edward Island was with us, and we worked together, they are with us again and we are going to pool the monies and work harmoniously and efficiently to further the name and prestige of the Province that we live in and that will be among the greatest in the years that are to come.

This year the Association is planning to use the draft system in every town and city in the province and the results that are shown at the end of the season in the tourist business will be directly proportionate to the money that we invest. So if you love your country and appreciate the work that the Association has already done, then—pay the draft that will be made on you for membership fees.

## DEATH OF CHILD

Deepest sympathy is extended to Mr. and Mrs. Bonnie DeLong and family in their recent sad bereavement, when their youngest child, Harold passed from this life to the great beyond on March 27 at the age of four years and seven months, leaving his parents, one sister and two brothers to mourn their loss.

His death was due to hemorrhage following an operation for appendicitis at the Woodstock Hospital on March 21. The end was very sudden and unexpected as he was, to all appearance recovering nicely.

He was a child of exceptionally bright and lovable disposition and bore his severe illness with wonderful patience endearing him to all who cared for him.

Everything that skilled hands and kind hearts could do was done but to no avail. The funeral service was conducted by Rev. G. F. Bolster on March 29, at the United Baptist Church, Waterville, the following hymns being sung by the choir, "Over the River," "Sometime He'll Understand," and "Solo, "Baby Hands," by Mrs. Frank Hendry.

Interment was made in the cemetery adjoining the church.

## 10,000 BARRELS OF MAINE SPUDS GOING TO CUBA

Augusta, Me., April 9—A shipment of 10,000 barrels of Maine grown potatoes has been inspected at Stockton Springs prior to shipment to Cuba aboard the Danish steamer, Kristen Maersk. Erlon L. Newdilk, chief of the division of plant industry, State Department of Agriculture, and R. S. Bacon, also of the Department, have just returned from the inspection. C. A. Powers and Company of Fort Fairfield are shippers.

## The N. B. Potato Trade

The farmers of New Brunswick should be very greatly concerned over the news that comes from Cuba regarding an agitation to give the sanitary authorities full power to refuse entry to any Canadian potatoes supposedly of bad quality. Under such a regulation, very grave damage might be done to the New Brunswick potato trade. The shipper would be entirely at the mercy of inspectors, who might on the merest pretext refuse to permit the landing of a cargo. As our potatoes are inspected before they are shipped there does not seem to be the slightest excuse for giving inspectors in Cuba full power which might be exercised to the great injury of our trade. The business has grown to large proportions and it means much, not only to the farmers but to the ports of shipment. This is clearly a case where the Dominion Government should take a hand in the interests of Canadian trade. The people of Canada have a right to be protected from having worthless stock landed on their wharves, but they are protected by the careful inspection at the point of shipment; and the shipper, having taken his precaution, is entitled to a square deal from the Cuban authorities when a cargo arrives in Havana or any other Cuban port. The farmers of New Brunswick should join the shippers in an effort to secure proper representations from Ottawa in the interests of this very important Maritime Province trade. Harsh treatment in Cuba, following the British embargo, would be a severe blow to the potato export business.—Telegraph-Journal.

## RECENT MARRIAGES

## Bates-Marr

A very pretty wedding took place on April 8th at the Union Church, Millville, when Arthur L. Bates of Pinder and Eveline Marr of Millville were united in marriage by Rev. P. J. Quigg.

The church, which was crowded with guests, was prettily decorated with potted plants and ferns. The young couple were married under an arch of evergreen and ferns. The bride was given away by her brother Eldon and her little sister acted as flower girl.

The bride and groom left for Presque Isle and other American towns on their honeymoon. On their return they will reside at Millville.

## BIRTHDAY PARTY

On Tuesday evening, April 7th, Mr. and Mrs. Edward Drost of Kilburn gave a birthday dinner to about 35 of their friends and relatives, in honor of Mrs. Drost's father, Mr. C. R. Inman of Linville.

A very delicious dinner was served at 6.30, Mrs. Drost being assisted in serving by Mrs. Street Inman of Perth, also Miss Marion Kilburn and Mrs. C. B. Inman. The customary birthday cake with its brightly illuminated candles, had its usual place.

After dinner, the guests were invited to the living room where an impromptu programme was carried out, which consisted of music, readings and recitations. Then a time was spent in recollecting events of the past, which took the form of stories, much to the merriment of the company.

At the close of the programme, Mr. Nelson Drost of Bath, in behalf of Mr. Inman's relatives and friends, presented him with a purse of money. Mr. Inman who had been taken by surprise by this gathering, responded to this kindness with some fitting remarks.

After a very pleasant evening together the company broke up after thanking their host and hostess for the pleasant time.

## It Costs You Money

Every day you delay placing your goods before the public is costing you money.

True, every one may know you are in business—know where your store is, but they do not have the time to run to your store to find out about the new things you are showing, about the special bargains that are offering and the hundred and one other things that make your store an interesting place to visit.

Many people may be going past your store every day to buy something you could sell them at a lower price than they are paying—and why? The other fellow invited them to buy—that's all. You didn't.

Mr. Palmer of Fredericton is visiting his sister, Mrs. Teresa Taylor.

### CANADIAN SCENERY

(By Mrs. Isabella Watson.)

Among the many beneficial gifts to Canada's greatness and glory is her wonderful and acknowledged scenery. Its towering mountains rising like huge bouquets of God's own infinite design. Its heaven-touched valleys, its wealth of flowers, an inexpressible gift to this sin-cursed earth. They ever seem charged with the faint but far-off fragrance from the gardens of the gods. Shimmering in the departing splendor of a summer sunset's glory we get a glimpse, a foretaste of the joys on the other side.

Sages and ages have failed to discover The secret of perfume, of life, form or color;

But the message they bring must come from above;

For they whisper of Heaven, of God and of love.

Here in their crystal purity, rush the streams, rivers, fountains and falls; tinged with Heaven's serene blue, mirrored in their depths below, shimmering in the indescribable loveliness, the rich foliage, even the briars and brambles, together with the tall oaks, elms or evergreens, which afforded Longfellow's little boy, "in after years, so little joy."

Has this no measure in the infinite space of God's love to man

As we gaze on the wonders and mysteries of the Hand Eternal, "we are lost in wonder, love and praise," until we catch the echo of the Song of Life forevermore, as it floats among the rocks, hills, and valleys from the rivers to the ends of the earth until every mount becomes transfigured—every bush aflame with the glory of His presence.

### EDMUNDSTON

Easter will be celebrated in all of the Churches this year as usual, the several masses of the Catholic Church being celebrated at the Church of the Immaculate Conception, the Holy Communion being observed at the two morning services of St. John Baptist Church, and the Sacrament of the Lord's Supper being likewise observed at the service of St. Paul's Church, at Fraser Hall at the 11 a. m. service.

A case in the Circuit Court of much interest this week, which was not finished on account of it being so near the Easter vacation, and His Honor Judge LeBlanc being anxious not to have to sit through the vacation was that of Jean Berube of St. Jacques who is suing Dr. Hebert for damage caused by the latter's automobile through a collision and injuries caused to the son of the former. Court was adjourned until April 23rd.

Mr. and Mrs. R. S. White left on Thursday for Fredericton where they were called on account of the serious illness of Mr. White's father.

C. M. Rideout left this week for two week's vacation to be spent in Boston, New York and Detroit.

Miss Viva Armbruster arrived home from the Ontario Ladies' College on Saturday last.

Jim McKenzie of St. Stephen was in town one day this week.

Cecil M. Matheson returned Friday from Montreal.

The choirmaster of the Presbyterian Church has promised a great musical programme at both the morning and evening services next Sunday. A special collection is being taken in the Presbyterian Church next Sunday, a letter and envelope going out to each member and adherent. Last year the largest congregation in the history of the church was present at the morning service, and it is hoped this year to have an even larger number present.

Mrs. R. B. Owens left on Monday for St. Stephen. She will meet Mr. Owens at Woodstock on Saturday where they will spend the Easter holiday.

Miss Greta Hammond, student nurse at the Newport Hospital, arrived Saturday to spend a short vacation with her parents, Mr. and Mrs. R. W. Hammond.

Donald Matheson is home from Sackville Academy for the vacation and Ewan is home from Rothesay Collegiate Institute to stay over Easter.

Mr. and Mrs. H. A. Seely of Woodstock, N. B., are visiting Mr. and Mrs. W. Lee Seely.

The Hillside Bridge Club met this week with Mrs. Robin. Mrs. Audrey Rideout was the prize winner.

Alex. Matheson is home from Dalhousie University for the vacation.

Donald Fraser, Jr., has left for a few weeks' trip to Nova Scotia.

At the Presbyterian Church Manse on Wednesday evening, Albert Dugas of Blue River and Malvinia Fournier of Blue River were united in marriage by the Rev. John Hardwick. Both Mr. and Mrs. Fournier belong to the Baptist Church of Long Lake N. B. River, and will make their home there.

The Rev. John Hardwick met with a painful accident on Tuesday evening. Mr. Hardwick, who had been making his Easter calls on the families belonging to the Presbyterian Church, was coming along the sidewalk by the Rev. N. Franchetti's home, when his feet slipped on the ice and he fell heavily on a parcel which he was carrying home.

It was at first thought that a rib had been broken. The doctor was called and first aid rendered, and on Wednesday said that he was sure that no bones were broken, but that a severe bruise had been caused to the floating rib.

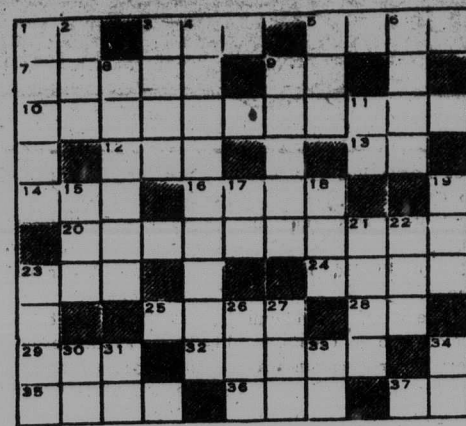

The Minister will be confined to the house for several days, but will be able to conduct services next Sunday if it is believed.

It has always been the custom for Mr. Hardwick to call on each family in the congregation during Passantide and he keenly regrets that this custom is broken this year.

## John Deere "Quality" Farm Implements

It Pays You to Buy the Best  
It Pays Us to Sell the Best

Labor, Seed, Fertilizer and the farmer's time are expensive and valuable.

The farmer's profit derived from the 1925 crop will depend largely upon the accuracy, reliability and labor-saving qualities of the implements used.

Reduced production means more profit. Maximum efficiency is an important factor in production costs.

**B-H Paints and Varnishes for Perfect Protection**

**Economy and Beauty are in them**

"How attractive will it look—how far will it go—how long will it wear?" are the questions to ask yourself when selecting a paint. Beauty, and with it, covering capacity, durability and economy! These are the things to seek. B-H English Paint gives them all.

B-H English Paint is typically a Canadian paint. It is proof against our climate. Extreme heat, driving rain, howling wind, scorching sun and the dry atmosphere of artificially heated interiors leave the beauty of B-H English Paint untouched.

Use B-H English Paint. It is the best that money can buy, therefore cheapest in the long run.

B-H products supply every surface-saving need—painting, staining, enamelling, varnishing or tinting. Use them for the beauty and protection that is in them. Use them and save money.

## FACTS ABOUT TEA SERIES—No. 3

## Mountain-Grown Teas Best

The tea plant grows best in the pure cool atmosphere of a mountain tea garden. The higher the garden, the finer and more delicious the flavour of the tea. This is partly due to the clear sunshine on a high mountain side, partly to the more invigorating air, partly to the more frequent rainfall and perfect drainage. The largest and roughest leaf grown at an elevation of 7000 feet is much superior in flavour to the tiniest tip grown only 2000 feet above sea-level. All teas used in the "SALADA" blends are grown from 4000 feet to 7,500 feet elevation. The trademark "SALADA" is a guarantee of quality.

## ANNUAL DISPLAY

The Annual Display of Star and McLaughlin-Buick Cars, which opened in the showrooms of Messrs. Creighton & Ridley, Limited, Connel street Woodstock recently is reported by that firm to be the most successful ever held in point of size attendance, sales and prospects. The surprising feature was the number of out-of-town visitors, desirous of exchanging their used cars for a 1925 McLaughlin-Buick or Star model, and motor enthusiasts desirous of owning a car for the first time. The feature most gratifying to the dealers was the expressions of satisfaction and confidence in Canada's Standard Car, from the numerous customers, based on the performance, dependability and service McLaughlin-Buick cars have given them.

## The Star Models

The Star Models were shown with Disc Wheels and Balloon Tires. The Sedan is an especially attractive car, equipped with all modern improvements, finished in blue and black, and richly upholstered in plush velour, in colors harmonizing with the exterior finish.

The outstanding features of Star Motor Cars are the Durant Tubular Backbone, which holds the frame rigid under all conditions of travel; long Semi-Elliptic Springs, Continental Red-Seal Motor, M. Spicer Universal Joint Warner, Gearset, Accessibility of all moving and wearing

parts, and the construction policy of adopting only units that have proved worthy in the construction of Medium and high-priced motor cars.

## McLaughlin-Buick Specials

Both Special and Master Sixes were shown in Open Touring, Enclosed Touring, and Coach Models, with Artillery Wheels and Balloon Tires and Duo Finish. The construction and mechanical units are similar in both Master and Special Six Models, the only difference being in size and minor appointments.

The Open Touring Models with fleet lines and pleasing color combinations, in appearance are outstanding of all open car models. The Enclosed Touring Models have permanent tops with glass enclosures, snugly fitting, and a heater gives these models all the desirable qualities of Sedans at a trifling excess cost over the open models.

The Coach models embody entirely new principles, in Coach design and construction. Extra wide doors, permit passengers to enter or leave the rear seats without requiring front seat occupants to leave the car. The Fisher-built bodies are constructed of die stamped steel panels, extending right to the top, giving Sedan-like lines and eliminating square corners. The seats are deeply upholstered and there is fully as much room, both in front and rear, as in most sedans. The power unit in the Special Six Models is a 50 H. P. Buick, automatically lubricated, valve-in-head motor, and in the Master Six Models, a 70 H. P. motor of the same type and construction. These cars are capable of 60 and 70 miles an hour speed.

The outstanding features of the McLaughlin-Buick 1925 product are: The Automatically Lubricated Valve-in-Head Motors, Completely Sealed Chassis, Torque Tube Drive, Delco Starting and Lighting system, Floating Rear Axle, Four Wheel Brakes, Cantilever Springs, Multiple Disc Clutch, Heavy Reinforced Frames, Duo Finish and Fisher-built bodies. Seldom are any of these features incorporated into the construction of other cars of the same price class, but all are adopted in the construction of real high priced motor cars.

Messrs. Creighton & Ridley are among the oldest motor car dealers in the Maritime Provinces. Mr. Creighton, president of the firm, when interviewed, stated that the McLaughlin-Buick was one of the first motor cars to be manufactured in Canada, and with the exception of a few cars, probably half-a-dozen, he had been connected with the merchandising of every McLaughlin-Buick car owned on the St. John River, extending north of York County. The official records show the same sales comparison on their territory as is general throughout every Province of Canada and he believes every state of the U. S. A. The McLaughlin-Buick sales lead all others of the medium-priced class, and excepting motor cars of the cheaper class, in many sections the past few years, exceed those of all other makes combined. Up until the season of 1921 when the nancial conditions became acute in the potato belt, his firm were the largest dealers in the Maritime Provinces. Since then there were several dealers in the Maritimes handling a few more cars per year.

Commenting on the 1925 models, Mr. Creighton stated he could say without reserve that the McLaughlin-Buick 1925 product were absolutely the best motor cars and best values that the McLaughlin-Buick Motor Company had ever produced.

James Crabb.

Mrs. Herbert Harrington is staying  
with Mrs. James Crabb through driv-  
ing.

**TIGER THOMPSON**

With the Modern American woman  
clamoring for "equal rights," it is not  
surprising that the business world is  
being invaded by members of the  
fair sex. Nearly every old of indus-  
try is beginning to show the effect  
of the feminine touch.

There's one brand of business, how-  
ever, that women do not hasten to  
enter. You seldom hear of lady run-  
chers. By "Tiger Thompson" Hunt  
Stromberg's third Harry Carey pro-  
duction, a Hollywood release which  
comes to the Neighborhood Theatre  
on Saturday night, the world will be  
informed on this subject for the  
heroine, instead of being the usual  
school teacher or debutante from the  
East, is "boss of the Square Bar X."
