PRICE TWO CENTS.

Quartermaster of Wrecked C. P. R. Boat Tells Counsel That Liner's Steering Gear Was Faulty and Alleges Attempt Made to Get Him Out of Canada---Two-thirds Majority Unsecured and Huron Synod Fails to Secure "Votes for Women"---Londoner Nearly Drowned at Port Stanley.

### WOMEN STILL BARRED FROM VESTRY VOTES

Huron Synod Fails to Give Ma-  
jority Required for Fran-  
chise Extension.

LAY AND CLERICAL REPORT  
Both Class of Delegates Roll  
Up Majority on Women's  
Behalf.

2-3 CLAUSE RESPONSIBLE

Five Ministerial and Seven Lay  
Votes Short of Require-  
ments for Passage.

Although a very large majority of the delegates to the Synod of Huron, both ministerial and lay, voted this morning to give women the right to vote in vestries, the necessary two-thirds majority which is necessary before the existing canons of the synod, restricting the privilege to male members of the church, can be amended, was not obtained in either case.

The ministerial vote was 17 for the motion submitted by John Ransford, of Clinton, to extend the franchise to women, 46 voting against. The vote among the lay delegates was 55 for and 37 against. Thus the motion failed to carry on its first reading by five ministerial and seven lay votes.

Before the motion was submitted the delegates voted on an amendment moved by Charles Jenkins, of Petrolia, to refer the motion to a committee for a report to be presented at the next meeting of the synod. This was carried by a majority of one by the ministers, and defeated by the same narrow margin by the laymen.

Gallery Crowded With Women.  
The gallery of Cronin Hall was crowded with women while both votes were being taken, and these in their anxiety to know their fate, stood on tip toe and from their point of vantage, followed the counting with tense expectancy.

Mr. Ransford, continuing his arguments commenced yesterday afternoon, declared that both the Old and the New Testaments contained many proofs of the fitness of women to take part in the government of church bodies.

He pointed out that bishops, judges, prominent lawyers and other men whose opinions carried weight in all parts of the world, had declared in favor of admitting women to vestries, and that in a number of dioceses women had been granted this privilege. He defied anyone to show that the presence of women in these vestries had been detrimental in any sense.

Demands Justice.  
The motion was seconded by Rev. R. W. Norwood, of Corny Memorial Church. He demanded justice and fair play, declaring his conviction that no logical argument could be advanced to refute the claim of the women to vote in the vestry.

He said that during the past year he had become more than ever convinced that on the ground of justice and fair play every reasonable man present would have to admit the right of women to take part in vestry deliberations.

In moving his amendment, Mr. Jenkins, in support of his contention that women never were intended to take part in the management of business affairs, declared that the proposed change would be a violation of the recognized fact that the bishop was the head of the church.

Congregations, he said, were inclined to think that whoever paid the piper must call the tune, but that was not according to church law.

Referring to the remark made by Mr. Norwood, he said that was not according to church law.

Separate Military  
and Civil Branches  
Is Villa's Demand

Serves Ultimatum on Carranza,  
Which Is Being Considered  
at Conference.

Engle Pass, Texas, June 18.—That General Villa has presented an ultimatum to General Carranza, demanding the absolute separation of the civil and military branches of the Constitutional Government, was the substance of dispatches received at Constitutional headquarters in Piedras Negras today. A committee, of three officers was said to be now in conference with General Carranza at Saltillo, presenting Villa's plans.

TO CELEBRATE 12TH  
Orangemen Will Attend Divine Service  
On Sunday—Are Going To  
St. Thomas.

Orangemen in London and vicinity will celebrate the Battle of the Boyne in St. Thomas on July 13, when they are expected to gather in large numbers. Delegations are expected from Cleveland and other cities in the States.

On July 12, the day of the anniversary, which falls on Sunday, local Orangemen will attend divine services in St. John's Church, where Rev. H. B. Ashby will preach a special sermon on the day.

### Has Confidence in Rowell

Fred Daly, former temperance candidate for London and one of the best-known temperance men of the province, has issued the following statement on the present issues before the Ontario electors:

"The people of this province have upon more than one occasion, expressed themselves as being in favor of the total suppression of the liquor traffic. The abolition of the bar is the first logical step in that direction. I have the utmost confidence in Mr. Rowell and his policy."

### TIES THAT BIND CAUSE TROUBLE

Famous 75,000 Shipment for Electrification Being  
"Culled" by Engineer---Expert and Company  
Declines Responsibility for Demurrage  
on Contract.

Those ties—75,000 of 'em—that bind the city to the Manitoulin Lumber Company may prove the source of more trouble before the matter is settled. A present the hydro engineer and his associates who have been instructed to proceed with work on the roadbed of the London and Port Stanley Railway are engaged in the work of culling out the big shipment of cedar sleepers.

It was stated by a railwayman today that so many of the ties were being rejected that it was likely that a split would occur between the contractors and the commission, to which they shipped the ties before tenders were opened.

The engineer claims that the ties are not up to quality, and the company claims that they are the best cedar ties that can be secured. At any rate hundreds of them are being rejected, and the commission will no doubt have to call for new tenders.

Another point is that there are several hundred dollars in per diem charges against the shipment. The contracting company claims that the city must pay the charge and the city is trying to place the responsibility upon the company. The cars, forty-five in number, were distributed along the line as soon as they arrived here and before contracts had been awarded.

### Kisses Still Occupy Court's Attention

Percy Short Asks Damages for Wap-  
ping 'Em Up.

Chewing gum and kisses are still taking up the attention of Judge Macbeth in the county court. This morning the accounts of Percy Short, ex-assistant manager of the defunct Dominion Chile Company, were thoroughly gone into. Mr. Short alleges that there are numerous accounts that he paid out of his own pocket. He asks \$25.35 for wrapping up kisses on one occasion and \$88.81 for machinery wages and more kisses (molasses variety).

Altogether, Mr. Short asks for over \$1,400, alleged to have been advanced to the company.

### DR. STEVENSON IS PROBABLE CHOICE OF LONDON LIBERALS

His Name To Be Presented at  
Adjourned Meeting Friday  
Night.

WILL ACCEPT NOMINATION  
Committee Decides That City  
Should Not Stand Aside in  
Fight for Rowell.

At a meeting held yesterday by the committee appointed at the Liberal meeting Monday night to consider the question of placing a candidate in the field for the provincial election, a decision was reached by Dr. W. J. Stevenson that he would accept the nomination if it were offered him.

The committee unanimously decided to recommend to the convention the advisability of tendering the nomination to Dr. Stevenson, reporting at the same time that he had been consulted and had announced his willingness to accept.

The meeting, which was held in Hyman Hall, was attended by almost all of those who had been appointed. There were some Liberals in the number who had never been in Hyman Hall before, but who felt that on this occasion, when the issue was one that should appeal to men usually outside the sphere of party politics, they would take their coats off and work for a Liberal candidate who stood for the Liberal policy.

A Fight for Liberalism.  
There was absolute unanimity when the name of Dr. Stevenson was mentioned. It was felt that he was a young man who would make a great fight for Liberalism. The issue was to stand aside and see Mr. Rowell and the other Liberals of Ontario fighting.

The report will be presented at a meeting to be held on Friday evening in Hyman Hall. It promises to be one of the largest and most enthusiastic Liberal gatherings ever held in London. Not only will Liberals be present, but a large section of the moral reform element of London, independent of politics, will be there. All Liberals are urged to be present, as it is intended to make the meeting a demonstration of the Liberal policy.

TAILORS DENY REPORT  
OF THEIR MEETING

President Hussey Says Allege-  
tions Made by Local Paper  
Are Unfounded.

James G. Hussey, president of the Trades and Labor Council, and an officer of the local Tailors' Union, declared that the report published in a local paper to the effect that the tailors had decided not to support the nomination and candidature of a Labor candidate because they did not wish to oppose Hon. Adam Beck, was entirely unfounded.

"The tailors decided," said Mr. Hussey, "that it would be inappropriate at the present time to place a Labor man in the field. They thought we would not have ample time and organization to elect a Labor candidate. But Mr. Beck's name was not mentioned in the meeting."

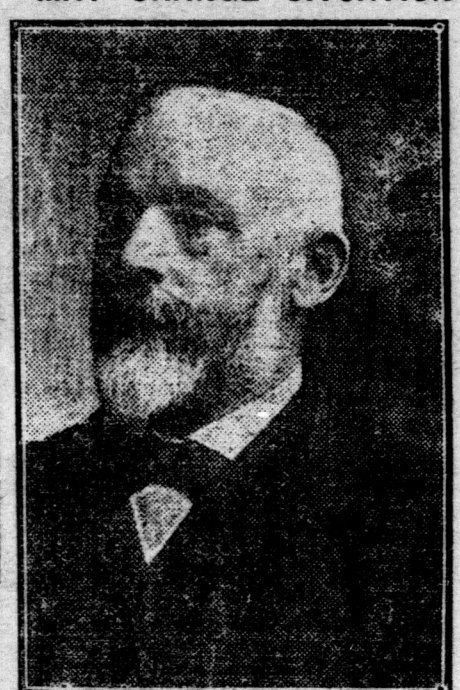

Mr. Hussey added that members of the Tailors' Union were greatly incensed over the article referred to.

CHIEFS AT PLAY.  
[Canadian Press.]  
Grand Rapids, Mich., June 18.—Business was forgotten temporarily today by the members of the International Association of Chiefs of Police, who have been holding their annual convention here.

The chiefs left this forenoon on special interurban cars for Ottawa Beach, on Lake Michigan. Part of the afternoon was to be spent on the water, with a banquet at an Ottawa beach hotel to follow the boat ride.

### QUARTERMASTER OF EMPRESS DECLARES SHE WOULD NOT STEER WELL AND THAT C. P. R. TRIED TO RUSH HIM AWAY BEFORE INQUIRY

BROKEN FAITH WITH  
LABOR'S REPRESENTATIVE  
MAY CHANGE SITUATION

ALLAN STUDHOLME, M.P., of Hamilton, sole Labor representative in the Ontario Legislature, who will be opposed by a Conservative at the coming election. This opposition, coming as it does as a breach of faith by the Conservative party, will undoubtedly affect the local election situation.

### NARROWLY ESCAPES DEATH BY DROWNING

Wellington Street Man Goes  
Down Twice After Rowboat  
Sinks at Port Stanley.

George Grismond, 151 Wellington street, and John Taylor, caretaker of the Ontario Loan and Debenture Society, narrowly escaped drowning at Port Stanley last night, when a row boat they were rowing sank beneath them in thirty feet of water, without warning.

Grismond and Taylor were rowing toward the end of the pier and not far from it when, according to Mr. Taylor, the boat suddenly filled with water, dipped to one side, and left both of them struggling in the water. Fortunately they were close to the pier, where a number of persons were fishing. Taylor could swim, but Grismond could not. He went down twice, and was almost exhausted when he reached the pier. Both men were hauled out of the water by a ladder and ropes.

Had the accident happened further away from help on the pier, Grismond feels sure that he would have drowned. He could swim only a few strokes.

The boat was a rowboat, covered with galvanized iron, and half decked. When the men started from the pier near the shore, they say there was only a little water in the bottom of the boat. They noticed nothing wrong until the water rushed in evidently from a big leak in the bottom.

Mr. Taylor, this morning, started legal proceedings against the owner of the boat at Port Stanley.

FORTY COTTAGES BURNED.  
Worcester, Mass., June 18.—A fire which broke out early this morning in the Methodist camp grounds at Sterling Junction destroyed 40 cottages and the Grandview Hotel. The financial loss is estimated at about \$50,000.

### THE WEATHER

LOCAL  
TEMPERATURES  
The following were the highest and lowest temperatures recorded in London during the 24 hours previous to eight o'clock last night: Highest, 77; lowest, 37.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 66; lowest, 43.

Forecast.  
Moderate to fresh southwest to south winds; fair and warm today; local showers or thunderstorms during the night and on Friday.

Temperatures.  
The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations. High. Low. Weather.  
Victoria ..... 70 50 Cloudy  
Vancouver ..... 68 48 Cloudy  
Calgary ..... 58 46 Cloudy  
Winnipeg ..... 54 44 Cloudy  
Port Arthur ..... 50 42 Cloudy  
Perry Sound ..... 72 48 Clear  
Toronto ..... 74 56 Clear  
Ottawa ..... 76 58 Clear  
Montreal ..... 72 52 Cloudy  
Quebec ..... 72 54 Clear  
Father Point ..... 60 50 Clear

Showers and thunderstorms have occurred in many portions of the Western Provinces.  
Elsewhere in Canada the weather has been fine and generally warmer.

### Sensation Sprung at Quebec By Counsel Haight's Statement of Story Told Him By Steersman of Wrecked Ship.

### CAPTAIN KENDALL GIVES DENIAL

[Canadian Press.]

Quebec, June 18.—The suggestion by C. S. Haight, New York counsel for the owners of the Storstad, that the steering gear of the Empress of Ireland was not in proper order and his promise that evidence would be called in this connection, formed the most important phase of this morning's session of the Dominion inquiry into the sinking of the C. P. R. liner, on May 29, in the St. Lawrence.

Chief Engineer Samson, of the Empress, who took the stand after the point about the steering gear had been raised, said that it was in perfect order.

Mr. Haight made his suggestion when directly interrogated on the point by Lord Mersey, after he had made a number of unsuccessful attempts to get corroborative testimony from Robert Liddell, third engineer on the Empress, but who knew nothing about the matter because, though he had been connected with the steering gear at one time, he had had nothing to do with it for the past eight months.

Lord Mersey, when Mr. Haight announced his suggestion, immediately inquired why questions about it had not been put to Captain Kendall when he was on the stand, and Mr. Haight said that the information had only come to him during the past 12 hours and Edmund Newcombe, K.C., who is appearing for the Government, had promised that witnesses should be called and examined about this theory.

### CORROBORATIVE EVIDENCE

For the rest of the session this morning, witnesses were introduced who substantiated the C.P.R. claim that the Empress was first of all ordered full speed ahead and then stopped and full speed astern and then stopped, and that she was stationary when struck by the collier Storstad. The information was substantiated by Robert Henry Brennan, second engineer, who had charge of the port engines and Robert Liddell, who had charge of the starboard engines. George B. Smart and John W. Black, of Ottawa, passengers, also testified, the former giving it as his view that the Empress was stationary or almost so and that there was no panic.

### A TERRIBLE CHARGE

The defense sprang a surprise in connection with the steering gear by suggesting that the C.P.R. had made attempts to send home Quartermaster Golway, who was on the Empress bridge at the time of the accident and who contended that the steering gear jammed on the last westward trip for five minutes.

It was also suggested that a trimmer named Fournier, who had stated that the Empress was moving rapidly at the time of the accident, was missing, having left Quebec with a C.P.R. official.

Lord Mersey jumped on Mr. Haight for holding this information up his sleeve and immediately called Captain Walsh, marine superintendent of the C.P.R., who denied that there was any desire to get rid of either man. Captain Kendall also denied that Golway's story was true, as he did stories that the Empress came up the river and sheered badly.

A Punctual start.  
With that punctuality which has marked his appearance in the court where the Empress of Ireland inquiry is being held, Lord Mersey this morning appeared promptly at 10 o'clock. He at once asked Edmund L. Newcombe, K.C., appearing for the Dominion marine department, to prepare plans of the construction of the two vessels in the collision as well as get evidence ready on the question of equipment of the ships and on the life-belts, rafts and lifeboats on the Empress.

Butler Aspinall, K.C., for the C. P. R., promised to place Messrs. Hillhouse and [Continued on Page Ten.]

### Racing Speed Fiends Side-Swipe Car on Road to London

Regardless of Consequences Unresponsive Motor  
Drivers Strip Mud Guards From Both Sides  
of Londoner's Auto as They Recklessly  
Race Cars.

With his car side-swiped on both sides, smashing the mudguards and tire-irons, E. Reznitzer returned to the city last night convinced that speed-fiends who operate along the road to Port Stanley should be made an example of.

Mr. Reznitzer was on his way from St. Thomas to London and when a considerable distance from St. Thomas he saw two cars racing madly up the road toward him. At first he sought to take his side of the road and to avoid the joy riders, but he saw that they showed no intention of giving him the road, and as a last resort, to prevent the three cars being piled in the ditch, likely with a loss of life, he took a last chance and steered for the centre of the road.

He got there just before one of the cars ran him down, and the next mo-

ment both of the racers swept past him, tearing the mudguards from one side and crumpling them on the other. The men in both cars were singing at the time and appeared to be racing along without any regard for consequences. They did not stop after having side-swiped Mr. Reznitzer's car, but continued on at the same mad rate of speed.

It was stated that they were running at least thirty-five miles an hour, and perhaps more. It is likely that an investigation will be made in an endeavor to apprehend the guilty parties. By some it was stated that the cars were from St. Thomas, while others stated that they were London automobiles.

The car of Dr. H. A. McCallum was struck on the same road last night, but it could not be learned whether the same cars were responsible or not.

## ATTEMPT TO BLOCK TRADES UNION PLAN PROVES A FAILURE

Trades Council Declines to Hear Motion to Keep Out of Campaign.

## CONVENTION ON SATURDAY

Question of Bringing Out a Labor Man Will Be Decided Then.

Trades and Labor Council will not be thwarted in its desire to back a Labor candidate at the coming provincial election.

This was made plain at the meeting last night when suddenly in the midst of other business Delegate Norman rose and moved that the council revoke its determination to bring out and back a Labor man to oppose Hon. Adam Beck in the coming fight.

Creates Uphear.

At once there was an uproar. The council at a previous meeting had decided that at the convention called for Saturday, a Labor man be named whom they would get behind as an organized body. The motion received practically the unanimous support of the council.

The proposal to tear down its fighting top naturally met with strenuous opposition. When Delegate Norman voiced his motion there were cries of, "he's out of order."

"We have only six days in which to work," he said in explanation. "That time is not sufficient. It would not be giving our candidate a fair showing. I will propose that he would not poll as many votes as Hon. Adam Beck will get for a majority."

The council to a man did not agree with him.

"Make him sit down," someone called. There was a cross-fire of opinions and comments in which the majority of the council staunchly backed their plan to put a Labor man in the provincial fight.

Delegate Higgins was the most strenuous in voicing his protest to Mr. Norman's motion.

For Convention.

"The whole thing is for the convention to decide," he emphatically declared, amid manifestations of approval. "We have manifested ourselves on record to bring out a Labor man. It is up to us to support him. The nominating committee will decide who he will be at the convention, on Saturday. The motion is out of order here."

President James Hussey ruled that the motion was out of order.

## Renewed Vigor in Old Age

This Letter Brings a Message of Cheer to the Aged—Results of Using Dr. Chase's Nerve Food.

Now, rich blood is what is most needed in the declining years to keep up energy and vitality. That Dr. Chase's Nerve Food is a wonderful help in maintaining good health and prolonging life is attested by the writer of this letter:

Mr. Stephen J. Leard, North Tryon, P.E.I., writes: "At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment, I would now be in the box with the roof over my nose. At eighty-one I have an energy which means good, and I am writing this letter so that old people like myself may prolong their health and strength by using this great medicine." 50c a box, 6 for \$2.50. For sale by all dealers.

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "just-as-good" are but experiments in endangering the health of children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Morphine nor other Narcotic substance. It does not form a habit and does not create feverishness. For more than 30 years it has been in constant use for the relief of Infants, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## CARDS AND DANCING IN A. Y. P. A. MEETING

Secretary McElheran Draws Attention to the Allegations.

When the report of the committee on the Anglican Young People's Association was presented to the Huron Synod yesterday R. M. McElheran, secretary of the London School Board, wanted to know if the committee had any information as to a meeting of a branch of the A. Y. P. A. which opened with a game of cards for prizes, and closed with a dance.

He said he had read of this case in a church paper, and he thought the synod should go on record as being opposed to anything of the kind. They did not want their young people to learn to play cards and dance.

Rev. C. R. Gunne, of Christ Church, the committee's chairman, replied that the committee had not any information on the matter referred to. It had not made inquiries along that line because it did not believe that cards or dancing were indulged in in any A. Y. P. A. meeting in the diocese of Huron.

On the recommendation of the committee on religious instruction in public schools, a resolution was adopted, approving of a tentative scheme, issued by Dr. Seath, the superintendent of education, whereby it was proposed to include in the entrance examinations a series of questions on religious subjects for which bonus marks would be given up to a maximum of fifty marks.

Did Not Go Far Enough. Bishop Williams urged that, while the scheme was good as far as it went, it did not go very far. Religious subjects were not to be taught in the public schools, but the children were to be examined on these subjects. He contended that the scheme, by inaugurating the scheme, tacitly admitted the necessity of religious training, but left the responsibility of giving such training to someone else.

The synod decided to memorialize the General Synod of 1915 to take up the question of reciprocity in beneficiary funds, and, in the meantime, to endeavor to secure such reciprocity between the dioceses of Ontario.

## Church Growing.

Rev. R. W. Howard presented the report of the census committee, which showed that the Anglican Church in Canada had grown to a greater extent than any other denomination. Even in places where the population had decreased, the church membership had increased.

Some comment was caused by the fact that the returns made by the clergy with regard to the church census always fell short of the civil census figures. Mr. Howard ascribes this partly to the fact that in many places the church did not maintain any place of worship and that, therefore, although people in these centres were returned by the census-takers as belonging to the church, they were not included in the synod returns. The Huron College endowment fund was reported to be in a most encouraging condition. The total cash balance at present was given as \$16,434, and \$7,319 more had been promised. Archdeacon Richardson, who presented the report, expressed the hope that before August 1 the net balance would be \$20,000.

Missionary Addresses. Two stirring addresses were delivered before a large audience at last night's session of the Synod, by the Lord Bishop of Fredericton and Rev. R. M. Millman, a returned Anglican missionary from Japan. Both speakers dealt with the subject of missions, the former treating it from a general standpoint and the latter with particular reference to the work in Japan.

The bishop, in an eloquent appeal for more men and more money for mission work, declared that the man who, professing to be a Christian, did not believe in missions, was denying his own faith. He scored heavily the class of special privileges and special wealth who were doing nothing to help in the work of disseminating a knowledge of the gospel all over the world.

## Few Hear of Gospel.

Mr. Millman, who was given a splendid reception, pointed out that according to published statistics 80 per cent of the people in Japan had never heard of the gospel. Only a small proportion of the remaining 20 per cent had been Christianized, but that, he said, was only an additional reason for continuing the work. "Ever since no results at all had been obtained by our missionaries, he declared, "it still would be the church's duty to send men to lead these people to the light."

## LONDON GIRL IMPROVING

RIDGETOWN, June 17.—Miss Grace Savage, of London, who was so badly hurt in a runaway accident here recently while on her way to visit her parents, is improving steadily and will soon be able to return to her position.

The new walls which were sunk recently were tested today and found to be most satisfactory in every way. The water is from the rock, and of the finest quality.

## Reason Why, No. 9

Every pair of Astoria shoes is made by union men—men who are skilled in their work and who are the highest paid mechanics in Canada.

## FLOWER SHOW ATTRACTS HUNDREDS OF CITIZENS

Beautiful Display in Hymen Hall Proves Popular Mecca—Address by Minister.

The feature of the London Horticultural Society's flower show in Hymen Hall yesterday was the address given by Rev. G. W. Tibbs, of Orangeville, on "Growing Peonies and Irises." The address was listened to by an appreciative audience of more than 150.

The show, which continues today, is attracting the attention of hundreds and the wonderful exhibits of blossoms are receiving the greatest of praise.

"Next to weeds, peonies are about as carefree and easy-going flowers as there are. Everyone should have at least one variety in his perennial border," said Mr. Tibbs. "They grow anywhere, in shade or sunshine. It doesn't matter much how they are planted. In fact it is not necessary to cover the bulbs at all," he said. Still they grow. Moreover, they are always free from insect pests. The peonies at the show were praised by the speaker as being of wonderful showing. One specimen in particular was mentioned for its beauty and delicate coloring, the genuine "Sarah Bernhardt," grown by Malcolm Westland, South London.

"From the big, coarse red peony of the country, seen a few years ago, the flower has come to the city, and has grown more delicate and beautiful, both in color and color and perfume," said the speaker. Although the peony will grow in shade or sunshine, when grown in the shade it decreases in size. Some modern varieties of the peony cost as much as \$25 a bulb, and even at that price they are difficult to get, said Mr. Tibbs.

Mr. Tibbs explained with the help of specimens before him that the varieties of acerbis of half a dozen varieties of the iris, all common in this district.

## SAY PERMITS ARE PUT IN OUT OF WAY PLACES

Carpenters' Organizer Tells Trades Council That Contractors Violate Law.

That contractors employing strike-breakers are not placing building permits in a conspicuous place, as required by law, and that when a protest is made to civic authorities the requests are staved off, were charges made by Organizer Tom More, in charge of the strike of union carpenters for a minimum wage of forty cents at the Trades and Labor Council meeting last night. The law referring to the inspection of scaffolding came up for discussion.

## Could Not See Permits.

"In many cases, the permits are placed in such a way that we cannot see them," said Organizer More. We are not allowed to trespass on the grounds where the contractors are erecting houses. You know what that means to those on picket duty.

"Then, when we make an appeal to the officers who have charge of this branch, we are put off by some excuse. They have other things to do."

## Confident of Winning.

"We are confident that we are winning in our fight for our rights. Yesterday we were able to turn back men from Sarnia and Brantford. They were being brought to the city to fill the places of the striking carpenters. I am glad to say that we were able to send them back to their homes."

## Were Broke.

"Many came here because they were broke. They needed the money. We are looking after them, and, through our union, we intend to look after them. Sooner or later, the contractors will see that we are in the right, and that our demands are only just."

## Scaffolding Inspection.

Referring to the law which calls for the inspections of scaffolding, Mr. More said that here was often a loophole of neglect. He cited instances in Toronto where inspectors had repeatedly disregarded complaints until demands became so insistent that they were compelled to make the required inspection. Mr. More asked if the law was enforced in London. He made no comment in connection with his question.

L. H. Martin, chairman of the building committee of the Board of Education, came in for criticism. He was not liable to lose much sleep over the situation, Organizer More said.

## Help For Disabled Member.

A grant of \$5 was voted to Delegate William Cooney, who has been seriously ill for several months. Part of the sum was subscribed "impromptu" at the meeting. The remainder will be made up from the council treasury.

Owing to the fact that the present quarters occupied by the council are in the buildings purchased by the Government for the site for the new postoffice, the question of selecting suitable accommodation was discussed. The matter was left with a committee composed of Delegates Higgins, Jacobs and Rymal. There will be no meeting on July 1.

## PAPER A FAIR ONE

Inspector Says Spelling Entrance Exam Was Good One.

According to Public School Inspector Edwards, the spelling paper, written on the entrance examination yesterday, was a fair one. It follows:

By his various published writings the author had made little impression as yet on the general reader. But a new artist of the first promise in English letters, who aimed at, and often acquired, those qualities of sustained precision, lucidity, and grace of style characteristic of the best French prose, but in English rare in the extreme. He had known how to stamp all he wrote with a vivid personal charm; had shown himself a master of the apt and animated phrase; and whether in tale or parable, essay or wayside meditation, had touched on vital points of experience

# This Summer a Summer of White

## And Where Is There Another Store So Full of Wanted Goods?

THE timeliness of the arrival of big shipments of White Dress Fabrics in the Wash Goods Section is unquestioned, and we are at least fortunate in being able to display such a variety of new and wanted goods at this early time in the season, for you might say the whole of the hot weather is ahead, and for this reason the value of these stocks is at its maximum—to you, a point to be considered, for in this way you receive the largest and best service. The stocks we refer to, just received, exceed in variety and value any previous showing, and particularly shines in the great amount of typically new designs. The following partial list, taken from our wash dress goods section, will indicate how comprehensive are the assortments.

## New White Wash Goods for Summer Dresses

This great new shipment will fill all demands while they last. White Crepe, Ratine, Rice Cloth, Voile, Dimity, Etc. We will briefly mention the materials, widths and prices.

White Ratine, 27 and 40 inch widths. Price, per yard.....	30¢ and 85¢
White Leno Ratine, sheer light weight, 40-inch. Per yard.....	50¢

## Our Furniture Upholstering Room---A Summer Hospital

### One-Third Less For Reupholstering Now

Since we announced this reduction in the price of work, our store-room has been rapidly filling, but we are still prepared to take a few more orders. Bring your worn-out furniture, we will make it new, and besides the reduction of one-third on the work, you will also find many upholstery materials clearing at reduced prices. One particularly good line of \$2.50 furniture covering is going quickly at \$1.50 a yard. Take notice, also, that none but skilled workmen are employed in our upholstery room, and all work taken at reduced prices is guaranteed to be just as satisfactory as work done when regular prices are charged. This one-third off offer is just a means of getting work in during the quiet season and relieving us later in the busy season. Send in your worn-out pieces and have them made new.

Draperies—Fourth Floor.

SPECIAL Children's Parasols, 75c values, for 49c.

## NOT A SINGLE DOCTOR FROM LAVAL THIS YEAR

[Canadian Press.] QUEBEC, June 18.—For the first time in the history of Laval University not one medical doctor graduated this year, the new provincial law requiring four and five-year courses, in force for the last four years, causing this hiatus in the annual award of diplomas.

## PILES

## THREATENS TO CLOSE TEGUMSEH PARK

Board of Health Issues Ultimatum in Regard to Ball and Western Fair Grounds.

### MUST PROVIDE TOILETS

Absence of Sanitary Arrangements Leads to Authorization of Drastic Move.

The board of health at a meeting yesterday afternoon decided that the public toilets in Tegumseh park and at the fair grounds would have to be put in better condition, and authorized Sanitary Inspector James Luman to enforce the law or close up the parks.

M. H. O. Hutchinson reported 40 cases of smallpox in the city, and Dr. Burdon, chairman of the board, declared the disease would "be checked quicker if chickenpox would be treated with the same care as smallpox. The board has 50,000 units of vaccine, which will be furnished free to persons who are unable to purchase antitoxin.

Butchers who have not yet complied with the board's order by filing an affidavit showing where they buy their meat, will be given another week to do so.

The board decided to take up the complaint of the London Motorboat Club concerning the insanitary condition of the Thames River. A committee of the board and a committee of the club will make a survey of the river and ascertain who is responsible for polluting the water.

### INJURED IN RUNAWAY

Bruce Street Man Hurt When Horse Escapes at Springbank Park.

E. H. McLean, 42 Bruce street, was badly bruised and cut when a horse he was watering at Springbank Park yesterday got away, trampling him, and running as far as the hill near the pump-house with two ladies and a dog.

At the hill the horse was blocked by an automobile, and the horse was recaptured. Mr. McLean was attended by Dr. Kerfoot, of the Sanatorium staff, who happened to be on the pump grounds.

The horse escaped when Mr. McLean took the bridle off to water it.

### POLICEMEN COMPLAIN

Say Drivers Not Complying With Bylaw Regulations.

Traffic officers on duty at Dundas and Richmond streets complain that many drivers of cars and wagons do not comply with the traffic regulations. The officers who call for a vehicle to cross the street to the far side before turning at right angles is the section of the law that is most ignored.

"Too many drivers pass the man on duty and shut sharply across and do the car tracks officers state. The result is that there is constant danger of a collision."

"Traffic in summer is getting heavier," said one policeman who is on the traffic squad. "The greater number of cars in London this season is responsible for the difference."

"Our orders are strict and clear-cut in regard to those who break the traffic laws. There are several citizens who have been near the summons mark several times. The next offence will see them before the magistrate."

Almost every day there are narrow escapes at this corner. The reason for this is that many drivers do not get the car out of the way of the horse and carriage or disregard the traffic laws. It is up to the car drivers to co-operate with the officers. If they don't there is trouble in store for them."

## WILL OF G. A. SOMERVILLE LEAVES ESTATE OF \$95,000

TORONTO, June 17.—The will of George Anderson Somerville, general manager of the Manufacturers Life Insurance Co. formerly of London, who died last April 4, has been filed for probate, and shows an estate of \$95,305.

The estate is composed as follows: household goods, \$2,000; promissory notes, \$18,070; mortgage, \$333; stocks, \$56,721; cash, bonds and securities, \$9,188; personal property, \$333; stocks estate, \$5,090. His widow will get the household goods and half of the estate, while the following sons and daughters are each left one sixth of the estate, or \$10,367: Mrs. Maud Amelia Alexander, London; Mrs. Florence Hamilton Young, Mrs. Ada Stratton, and George Arthur, Harold Anderson, and Walter Harold.

The real estate is composed of two lots in London, Ont., valued at \$2,000; the equity on 228 Lake Shore road, Toronto Island, \$3,000, and a lot at Mount Pleasant Cemetery, \$50.

Out of his numerous stocks the following are some of the most important: fully paid and preferred stock of the Huron & Erie Loan Co., \$13,300; 188,400 shares in the Chinoak Coal Co., \$18,840; 100 shares of the Canada Trust Co., common stock, \$6,250; 750 shares in the Inter Coal and Coke Co., \$2,250; 70 shares of common stock in the Chelsea Land and Building Co., \$2,500.

## Skin Trouble on the Scalp

Skin Dried and Cracked and Hair Fell Out—Cured by Dr. Chase's Ointment.

Eczema is annoying and distressing at any time, but doubly so when it gets into the scalp and causes the hair to fall out. Here is a grateful letter from a lady who was cured by using Dr. Chase's Ointment.

Mrs. Hector Currie, Tobermory, Ont., writes:—"I was cured of a disagreeable skin disease of the scalp by using Dr. Chase's Ointment. The trouble started with itching and pain in the scalp, the skin would get dry and crack, and at times would bleed, and the hair would fall out. I tried three doctors without benefit, and suffered for three years. Reading in the almanac about Dr. Chase's Ointment, I began its use, and am now completely cured. The hair had grown again, and I am as well as I ever was. You are at liberty to use this letter for I am glad to recommend so excellent a treatment."

Dr. Chase's Ointment has no rival as a cure for itching skin disease.

## Must Determine Position of River

Courts Will Have to Settle it as Result of Writ Issued Today.

Thomas P. McCormick, 551 Talbot street, has issued a writ against Frances Hutchinson, claiming damages for the removal of gravel from the river-bed at the rear of the complainant's property on Talbot street.

Hutchinson was summoned several weeks ago in the police court by McCormick and several other residents of the district, but the case was dismissed, being outside the jurisdiction of the police magistrate. The courts will have to settle the position of the Thames River now, in relation to the river bed before Saunby's dam was removed several years ago.

The complainant claims that his property runs back to the middle of the river, while Hutchinson claims that the river bed has changed and he is not removing the gravel from the complainant's property now.

## SERIOUS LITERATURE ATTRACTING PUBLIC

Trend Is That Way, Declares Librarian Carson, in Referring to Demand.

The trend of the public mind in literature is toward serious things, according to Librarian W. O. Carson, who intimated today that patrons of the library were seeking to more correctly inform themselves of the history of life's great problems.

The reference room has been found of great advantage in the past few weeks by speakers and clergymen, who went deeper into disasters and fires, politics and temperance, as the result of recent accidents and public questions that are confronting the voters.

The reference room is the best equipped in the province for this kind of work. Tourists find it valuable to look up guidebooks on countries they intend visiting. There has been a demand for these books in the past month.

Need 4,000 Volumes. About 4,000 volumes are needed for the east end branch. The library is open in the fall. Librarian Carson is busy with his assistants cataloguing the books. The branch will be opened with about 2,000 books, and the rest will be added from time to time.

George McDonald, English master at the Collegiate, is at the library for a few days compiling the supplementary reading list which is to be printed in the annual announcement.

Salvation Army Books. Mr. Carson says the demand for Salvation Army literature was greater than for any other kind of books.

Booths after the death of so many officers in the Empire of Ireland disaster though on both occasions the public evinced a great interest in the work the army is doing.

## RECEIVES MEDAL FOR HEROIC RESCUE OF LAD

She Calcutta, India, Statesman, of recent date, who is on the traffic squad. "The greater number of cars in London this season is responsible for the difference."

"Our orders are strict and clear-cut in regard to those who break the traffic laws. There are several citizens who have been near the summons mark several times. The next offence will see them before the magistrate."

Almost every day there are narrow escapes at this corner. The reason for this is that many drivers do not get the car out of the way of the horse and carriage or disregard the traffic laws. It is up to the car drivers to co-operate with the officers. If they don't there is trouble in store for them."

HEROIC RESCUE FROM SHIP'S SIDE. The agents of the British India Steam Navigation Company, Limited, will be "at home" on April 24, at 5:30 p.m., on board the mail steamer Andromeda, at the side berth, No. 2, latter street wharf, Rangoon, on the occasion of the presentation of the Royal Humane Society's medal and certificate to Mr. Philip S. Bapty, third engineer, steamer Bhadrar.

While the Bhadrar was anchored at Tavoy, in the Bay of Bengal, a Burmese lad with his mother had come alongside in a boat to sell fruit. He fell overboard and was carried down the river at a rapid rate by the current. Mr. Bapty, on seeing the boy fall, instantly jumped into the river and swam after him. The current, however, was so strong that the boy was about a mile away before his rescuer could get hold of him. This he eventually managed to do, but was unable to swim back with his additional weight. Fortunately, the boy's mother had followed in her boat and Mr. Bapty was able to keep him up, and prevent both from being swept away by the current until the boat reached them.

## RECITAL AT CONSERVATORY

Programme by Pupils of Miss Belle Brown.

An enthusiastic audience greeted the vocal pupils of Miss Belle Brown, Tuesday evening, when, assisted by piano pupils of Miss Jennie Steele and eleventh pupils of Miss Georgia M. Newbury, they gave a thoroughly enjoyable recital at Conservatory Hall.

Those taking part were: Misses Rhea Harris, Geraldine Bindner, Alberta Somerville, piano pupils; Misses Nelly Taylor and Mary Duffin, readers, and Misses Flavia Tuckey, Mayme Harrison, Madeleine Sharp, Bernice Sanders, Mayme Patterson, Lillian Short, Edith Parsons, Lily Boyd, Blanche Chaloner, Hazel Gibson, Ruby Jenkins and Margery Talbot, vocalists.

## COMPLAIN OF DUST

Central Part of City Has Been Neglected Say Citizens.

Many complaints have reached The Advertiser that the dusting of many of the central streets has been neglected by the city engineer's department.

"We are being charged for the oil in our tax bills and it is just time for someone to take care of it," said one of the principal streets. We are simply choked by the dust from automobiles. It is all nonsense to talk of loaning the city's oil wagon at night until the whole city has been finished. The central streets should have been oiled first."

## CAN RESUME WORK

City Gas Company Allowed to Proceed With Ridout Street Main.

The City Gas Company has been allowed to resume its work of laying a gas main on Ridout street. City Engineer Ashplant halted the work a few days ago on the theory that the company was trying to bring natural gas into the city. A communication has been received from the company stating the main was for taking care of increased business for artificial gas. This explanation will be accepted by the city, although the company may be notified that any violation of its present franchise may lead to a revocation of it.

## SIXTH BATTERY OFFICERS CONDEMNED WITHOUT TRIAL; MONTREAL MEN ESCAPE

Cabinet Ministers Came to Rescue of Eastern Regiment, But No One Raised A Protest on Behalf of London.

(Special to The Advertiser.) OTTAWA, June 17.—There is comment here upon the different treatment accorded the officers of a French regiment in Montreal and an English battery at Petawawa. The Sixty-fifth Regiment of Montreal defied the regulations and orders of the militia department heads, and with arms in their hands marched as a regiment through the streets of Montreal last Sunday as an official guard and escort for the host. There is to be no court martial and no investigation of this affair. In fact, it is believed that the proceedings were practically contrived at by the authorities.

At Petawawa a few bottles of beer were found in the camp of the London Field Battery, which is recognized as one of the most efficient military units of Canada. As a consequence the minister of militia declares that he intends to deal with the officers in the most severe fashion. In fact, though there has been no hearing of the case, it is recognized here that the drastic action of the militia authorities has already practically exterminated the London battery.

Minister Is Angry. The officers have all tendered their resignations. These may not be accepted, but instead the wrath of Col. Sam Hughes is so great that he has declared this to be "no case for resignations, but for dismissal, should any officer be unable to clear his skirts." It is pointed out here that this will be applying to English-speaking officers the French method of trial, where a man is assumed to be guilty until he proves his innocence.

It has been remarked here that the ministers from the province of Quebec came enthusiastically to the assistance of the Sixty-fifth officers: Judge Doherty, Hon. L. P. Peletier and Hon. Mr. Nantel, in error. The indignation of Premier Borden to have the French regiment permitted to do as it pleased. On the other hand, the other Ontario ministers have not raised a finger to get fair play for the London battery. Hon. Thomas Crothers, from whose district the battery comes, today ran away from the trouble, as he did from the Vancouver Island coal strike difficulty, when he went to England to escape from the Pacific strike problem.

Hon. Thomas Crothers today left for Prince Edward Island.

## PUBLIC SCHOOLS OPEN TO CLERGY, SAYS PRINCIPAL

And Bible Is Read Every Day in Class-Rooms, But Is Not Subject of Study.

WOULD IT BE WISE?

Mr. Kirkwood Points Out That Some Denominations Don't Mingle With Others.

To the Editor of The Advertiser: At frequent intervals we read in the daily papers criticisms of our public schools along the line of lack of religious training. The most recent of these was a report of certain remarks made by the Rev. Canon Tucker in Toronto last Thursday, when he spoke of the ignorance of London's school children of certain Bible facts, and of the refusal of parents to teach the Bible in their homes.

It is truly lamentable that such ignorance exists, and no one will say that it is confined to London. Our sympathy goes out to the reverend gentleman when he says that the result of all this labor is an increasing infidelity; for to what else can be attributed such an indifference as prevents parents from teaching to their children the outstanding facts of Bible history?

Would It Be Wise? The Bible is read daily and systematically in all our public schools, but it is not a subject of study, and perhaps wisely so; for if it is an offence for the minister of one church to occupy the pulpit of another denomination, if members of one church may not partake of the sacraments of another, and if one church finds it impossible to form into organic union with others because of creed restrictions, how can the children of different denominations be expected to study together the principles of Christian religion, under a teacher of perhaps different persuasion from any of them?

There are now sixteen subjects on the public schools curriculum, and the new one of "Manners and Morals" is to be added next term. There are not three subjects on the course to which more than two hours a week are allotted. The churches devote one hour a week to teaching Bible to the children in Sunday school, and two hours at church service, where both parents and children are being taught. We would suggest that the learned gentlemen leave the public schools alone, and devote their spare energies to making the services of church and Sunday school as efficient as the work of the public schools, which would then have no reason to complain of the ignorance of children concerning Bible subjects.

Open to Ministers. The general public must know that the department of education has opened schools to ministers of every denomination that they might teach the Bible to pupils of their own church. Surely no man is more capable or more interested in the study of the Bible than the minister of this city, and than they yet avail himself of this opportunity; otherwise the pupils of the public schools might not have been so ignorant concerning Bible truths.

Yours truly, JAMES KIRKWOOD.

## SUSPECTED OF THEIVING ON TRAINS AT LONDON

(Special to The Advertiser.) BRANTFORD, June 17.—Three men, George Smith, John Nolan and John Clarke, hailing from London, were charged with vagrancy at the police court today and were remanded for a week pending investigations.

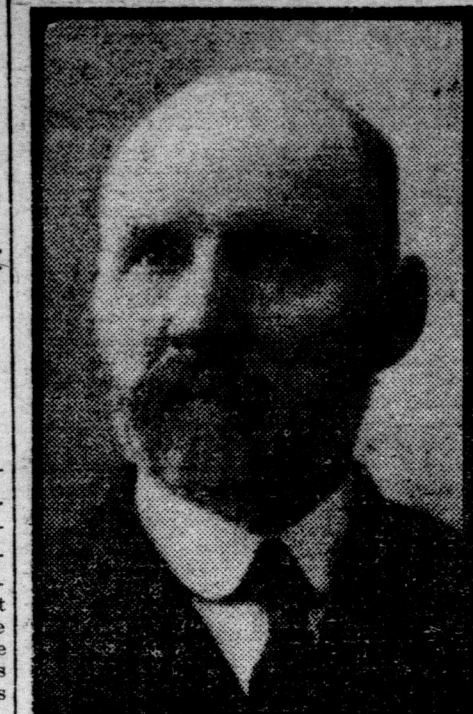

They were captured at the Grand Trunk Station and are suspected of train thieving in London. They were anxious to get clear of the city and pleaded guilty to the vagrancy charge in the hope of being allowed to go, but the chief asked for their detention.

Louis Canack, a youth of 18 from Buffalo, was found trying to break into a sealed car on the Grand Trunk today. He was arrested and is now on remand.

## EVIDENCE OF VOLCANIC ERUPTION IN ALASKA

Valdez, Alaska, June 18.—Additional evidence of volcanic disturbances in southwestern Alaska was brought here last night in reports which stated that areas of the surface of Prince William in the hope of the sound of the sound and the shores of the sound. It is believed the fall of sulphur was brought down by the recent heavy rains.

## John Guest, of London, Tp., Leading Fruitgrower, Who Died Very Unexpectedly

## EXPOSES THE FRAUD OF CONSERVATIVE MAP

Layman Calls It a Most Iniquitous Piece of Campaigning—Speaks for Rowell.

(Special to The Advertiser.) PICTON, June 17.—"Abolish the bar" has struck a high note in Eastern Ontario.

At Picton today the meeting in the arena was attended by over 3,000 persons, who gathered to hear the Liberal leader, it was evident there were many Conservatives present with temperance sympathies. Trenton was well represented, besides many other places in the neighborhood.

Mr. Rowell practically confined his whole speech to this great issue, and Nelson Parliament, the Liberal candidate for Prince Edward, introduced a damaging arraignment of the Conservative campaign methods as disclosed by temperance Conservatives.

W. C. Senior, secretary of the Baptist laymen's missionary movement, which campaign map of the Conservatives, which has been sent broadcast throughout the province, and which, he said, was one of the most iniquitous pieces of campaigning ever perpetrated in a provincial election.

## DR. CHARLES LUMLEY CHOICE FOR WEST ELGIN

(Special to The Advertiser.) DUTTON, June 17.—At the most enthusiastic meeting held here in twenty years, West Elgin Liberals this afternoon chose Dr. Charles C. Lumley, of St. Thomas, as their standard bearer in the coming election.

Every part of the riding was well represented, and the keenest interest taken in the addresses in which the issues of the campaign were dealt with.

Mr. B. Davidson, of St. Thomas, presided. Those nominated were F. W. Sutherland, of the St. Thomas Journal, A. G. McGowan, J. B. Ferguson, Arch. Galbraith, Dr. Chas. C. Lumley, and J. B. Davidson. Dr. Lumley's nomination was made unanimous.

Rev. W. A. Bremner, of St. Thomas, urged the electors to line up behind Leader Rowell in his fight against the bar, which he showed is the cause of endless misery, poverty and crime. It was the duty, he said, of every citizen who wants to stamp out the evils that follow in the wake of the bar to vote for Mr. Rowell.

Mr. J. T. Upton, of Toronto, representing Mr. Rowell, was given a fine reception. The Liberal leader, he said, has been called the Lloyd George of Ontario. It was claimed for Lloyd George that he had opened the gates of Heaven for the workingman in England.

"I hope in the near future," he said, "amid cheers, 'that Leader Rowell will close the front gates of Hell for all classes of Canadians."

Mr. B. G. H. Wright, of London, also spoke, dealing with campaign issues in general.

## WILL RETIRE TO LONDON.

(Special to The Advertiser.) BLENHEIM, June 17.—Rev. C. C. Cousins, who is giving up his pastorate at Huffman's Corners, owing to failing health, and will retire to London, was very pleasantly surprised at a monster meeting last night, when he was presented with a purse and an address.

## CAME TO WORK ON L. & P. S. APPEAR IN COURT INSTEAD

Electrification Failure to Start Responsible for Duets Appearance.

It's too bad the L. & P. S. R. is not under construction. If it was two gentlemen who came all the way from Montreal to get a job on it would not have appeared before the magistrate today.

They were James McKenna and Harold Johnston. They were discovered in the east end yards by G. T. R. Detective John Hughes. With them were three other gentlemen of the road, Abraham Smith, Alfred Clarke and William Bridge. They lined up before the magistrate. Harold Johnston, who apparently had been "there before," acted as spokesman.

"We heard there was work on the line to Port Stanley," he said. "We didn't have any work where we were. We decided to pack up and come here. And here we are," he concluded.

"What were they doing?" asked the magistrate.

"They came in on a train," stated Officer Hughes.

"Did you see us get off?" he asked.

"The magistrate saw the weak defence aside."

"I'd send you down for a few days, but there are a bunch of your kind at the jail now," he said. "The only thing I can do is to see that you are separated."

Sgt. Robert Birrell was assigned the task of seeing that the quintette is broken up and each man pursues the even tenor of his own way.

"And no more freight trains," cautioned the magistrate, as they trooped through the door.

"George Pugsley, stand up," said the magistrate.

George climbed wearily to his feet. He faced the dispenser of justice.

"You're back here again," said his worship.

"You're right, I guess I am," affirmed George.

"I'm going to remand you for a week."

## TEMPERANCE PEOPLE CONDUCTING CAMPAIGN

At Hensall They Are Acting Independently of Party—Village Improvements.

(Special to The Advertiser.) HENSALL, June 17.—The temperance people seem disposed to have a separation organization and to conduct an election campaign altogether independent of the two existing parties, although they have pledged themselves to support the Liberal candidate.

Considerable improvement has been made in the Methodist Church. The pulpit and choir platform has been raised, and new carpet and aisle matting put in, while other improvements are contemplated.

Last evening the council opened the tenders for the erection of the town hall, but held the question over. In all probability they will decide the matter this evening.

Workmen are busy constructing the concrete tank in connection with our improved fire protection system. The

tank is being so constructed that additions can be made to it at any time. Dr. Chesney, who has been practicing his profession as veterinary surgeon here for 22 years, left on Monday evening for Toronto, prior to going West. He was accompanied by his wife. The ladies of St. Paul's English Church held a bazaar and realized about \$200, which was certainly very satisfactory.

The canoe club holds its annual strawberry festival on the 25th.

## GODERICH HOME BURNED

(Special to The Advertiser.) GODERICH, June 17.—At noon today fire broke out in the frame residence, on Lighthouse street here, owned by Capt. Peter Wylie, of Winton, and occupied by Jas. Thornton. Although the fire brigade answered the call promptly the fire had made such headway in the upper part of the house that before it could be extinguished the upper story and roof were completely destroyed. The loss was covered by insurance.

The London Advertiser Company Limited.

LONDON, THURSDAY, JUNE 18.

## THE OPPORTUNITY.

THERE is every probability that the Liberal party will place a candidate in the field to prove the loyalty of London Liberalism to the Rowell policy. Abolish the Bar, and if possible to place a member by the side of Mr. Rowell in order to carry the policy to accomplishment.

Dr. W. J. Stevenson, who has expressed his willingness to accept the nomination, is one of the city's foremost and beloved physicians, who stands for the most democratic Liberalism, and who is prepared to fight to the end in support of the present Liberal program. A man of absolute unsullied reputation, he is well equipped to take a stand on a moral issue such as now confronts the people of Ontario.

The moral reform forces in the city of London have for many years taken the most advanced ground on the temperance issue. They have fought for license reduction and for every inch of ground to be gained in the cause. They have given of their money and energy, independent of their politics, to forward the very campaign for which Mr. Rowell stands. Now comes their great opportunity—to vote for a candidate who stands for the abolition of the bar. It is the psychological moment. The moral reform forces of the city of London can sweep every bar from the streets. They can make safe the path of youth. On June the 29th they can go to the polls and exercise their franchise for righteousness and Rowell.

## WHAT THEY PAID FOR.

THERE are few Conservatives in London or the adjoining rural ridings who have not been sending funds to moral reform headquarters. If the head of the Conservative family has not been making contributions, the members of his family usually are aiding the work through the churches. And a large number of Conservative electors are consciously supporting the movement for temperance directly by large contributions to the Dominion Alliance. They have been helping to provide the ammunition with which the fight on the bar may be waged. Surely no man who has given his money and moral support to abolish the bar will fail to register his vote when the opportunity comes; could he be a consistent man and remain away from the polls; could he be a consistent Christian and support the party that has denied him that which he has striven for?

## SOUTH BRUCE.

IN gerrymandering the county of Bruce, the Government arranged matters so that the South riding should have a Conservative majority. And in order to make matters still more safe, they selected as a candidate Mr. Cargill, who was defeated by Mr. Truxin in the Dominion by-election. Mr. Cargill is probably as strong a man as they could get. He is well known throughout the county, having canvassed it before, and is, we understand, a wealthy man. But it looks as if all the scheming was to go for naught. The Liberals have brought out Mr. A. J. Johnson, formerly editor of the Midway Gazette, who is personally very popular, and recognized as one of the able men of the county. The friends of moral reform, irrespective of party, will rally to his support, while there is an under-current of indignation over the cowardly manipulation of the riding for political purposes, that will doubtless have its effect. The people of South Bruce have a good opportunity to administer a rebuke to the Government for its gerrymandering; and if the Liberals work with any energy at all, Mr. Johnson should be the next member.

## THE SITUATION IN LONDON.

THE Conservative party in London has not yet secured a candidate. They nominated Mr. Beck last week; but so far he has not accepted the nomination. The popular impression is that he means to do so; but the public does not know. Whether any of his personal friends have had any intimation of what is in his mind does not appear. But if they have, the rank and file of the party have not been taken into his confidence. It is no new thing for Mr. Beck to act in this manner; but it would seem to be hardly fair to his friends. It is well-known that Mr. Beck is not over-burdened with affection for some of his colleagues. It is a matter of doubt if he is at all enamored with some of their acts. He has devoted himself to his own department, and has not wasted much energy in support of the general policy of the Government. In fact, it is thought by some that he is not fully in sympathy with all that they have done. Is he hesitating as to what he shall do in the future? If he is quite satisfied with the situation, what is to prevent him from saying so? It is due to his friends and supporters that he should take them into his confidence

at the earliest moment. It does not matter about the Liberals. They will follow their own course, no matter what Mr. Beck does.

But no public man—least of all a member of a government—should hesitate for a moment in declaring himself. He should not hide behind the bush, and wait to see what turns up, or what the other party is going to do. Has Mr. Beck any notion of breaking away from his colleagues and announcing himself as a supporter of Mr. Rowell? We do not suppose he has. But his colleagues and many of his supporters would feel more at their ease if they knew just where he stood. He owes it to them, and to the public, to be a little more frank than he has been. It will not likely affect the situation so far as the Liberals are concerned. They are fighting for Rowell and Reform, and will continue to do so. But there is no cause for wonder if some of the Conservatives do not know where they are at, and where their local leader is standing.

## A PARALLEL.

THE Empress disaster, into which an inquiry is proceeding, might be compared to the present Rowell campaign in favor of abolishing the bar.

The great ship got into a fog and was dealt a blow that caused her to sink with a loss of more than one thousand lives. Humanity shudders, as it has the tragedy re-enacted in the courtroom in Quebec.

If Lord Mersey, the presiding judge, can from the mass of evidence secure any justification for making laws more stringent, or if he can place the blame upon the person or persons responsible, he will not fail to take the necessary steps.

Every day thousands of human ships set sail from port. What of the fogs and reefs and the unmarked shoals for these? A thousand souls perished with the Empress. A thousand souls perish everyday in the great engulfing seas of intoxicants—an amber ocean of pleasant isles and lurking perils—a gentle, sweetly-scented ocean, with all the horror of ghastly havoc lurking in its depths.

The electors of Ontario have the opportunity to end the dangers that beset the human craft that must traverse the ocean pathways of this life.

## THE DIFFERENCE.

"Sir James will sweep the country"—Hurray headline from a Conservative paper.

Let him sweep it! Mr. Rowell is using a vacuum cleaner.

## THE SALOON'S AFFINITY.

IN itself the bar is a source of unhappiness and unhealth to a community and therefore should be abolished, but an added reason for its destruction is that its abolishment will, to a large extent, wipe out other social evils.

Montreal's chief of police recently stated that 75 per cent of the underworld of that city was directly associated with the saloon. Also he declared that the saloon was the recruiting ground for the red light district. It is inevitable that the two evils should go hand in hand. This does not mean that the majority of saloon keepers and hoteliers are willing contributors to the vice and crime of a city. Many proprietors of the saloon are decent men, according to their lights. The whole atmosphere, however, of the bar tends towards the lowering of the moral stamina in its habits and resistance to temptation becomes feeble, half-hearted. "Tenderloins" flourish mainly because of the patronage of the youth and in nine cases out of ten his starting point is the bar. There are few who, in sober mind, deliberately seek out vicious company, but the recklessness born of a degree of intoxication drives men to unbelievable depths of license. In a word the bar brutalizes the boy. Wipe it out and a long step will have been made towards solving one of the greatest social problems of the times.

## THE INQUIRY.

THE business of fixing the blame for the great St. Lawrence disaster is as unpleasant as the examination has yet proceeded. So far as the examination has proceeded, it is difficult for the landlubber's mind to follow the various manoeuvrings of the two vessels so as to visualize their successive positions. The nautical experts must work them out if a decision is to be reached as to which of the two captains is to be believed. For, unfortunately, they contradict each other diametrically on some important points.

Yesterday morning's evidence made one thing rather apparent to the ordinary reader, viz., that Chief Officer Tuftes, of the Storstad, is not the most cautious of witnesses, whatever other good qualities he may possess as a navigator. He disobeyed his chief's instructions in regard to fog, "did not anticipate danger until he saw the Empress come out of the fog two ship's lengths away"; "thought he was entitled to keep his course and speed," signalled to the Empress that he was stopped, and in a few moments started his engines ahead again without apprising the Empress of the change. After the disaster, on the merest hearsay, he charged Empress officers with unseemly conduct and cowardice; this was as rash as his navigation. Finally, on the witness stand, he swears that the Empress was going eight or ten knots an hour and the Storstad only one just before they crashed together, but is immediately forced to admit that the collision could not have happened under those conditions. His view also might seem to be that the Empress was travelling so many knots an hour sideways in order to get herself impaled to the boilers upon the Storstad's stem!

The time when the Storstad first ported her helm seems to be none too clearly defined. Mr. Tuftes is a confident sort of witness, but Captain Kendall has his own view, and it seems to be admitted by the Storstad men that they were at least trying to do what all agree would

## ---and the Worst Is Yet to Come

## CAMPAIGN COMMENT

## A WHITNEY FAKE.

[Stratford Beacon.]  
It is claimed for Sir James Whitney that he fulfilled all his pledges. What about abolishing treating? Was that merely a fake?

## WOMEN FOR ROWELL.

The Liberal women of Belleville yesterday passed a unanimous resolution pledging themselves to further the election of any candidate supporting Mr. Rowell's policy. The Liberal Hamilton ladies are also behind Mr. Rowell.

## WANT TO TAKE IT EASY.

The fatal trouble with the present Government of Ontario is that its members have lost patience with those who advocate any kind of reform. They do not want to be disturbed. They could enjoy office if people would but go away and cease from bothering them with new ideas of one kind and another. To adopt any of these new ideas would upset office routine causing a lot of correspondence, and prove a nuisance generally.

The Whitney Government started out

probably cause a collision, i.e., port the helm.

But no hasty conclusions must yet be drawn. The impression is forcibly created that the man in charge of the Storstad during that fog, who should, by his instructions, have called the captain on deck ten or fifteen minutes before he did, is not wanting in assurance as actor or speaker. Yet censure will be reserved by critics more cautious than Mr. Tuftes until the evidence is in and the experts have put it into clearer shape. If anyone can unravel the dark mystery of that dreadful hour before the dawn of May 28, it is the acute, experienced and masterful Lord Mersey.

Watch the Americans blame those polo ponies!

The "water wagon" or the "beer wagon"?

Laurier was the greatest advertising manager Canada ever had.

What has become of the old-fashioned anti-treating legislation?

The one man who can be praised for speeding in a fog is the president of the court of inquiry.

Mr. Rowell is the new type of man that the public has been clamoring for—a clean, high-minded politician.

Three great liners have been in collision within the last three weeks. The public will begin to think that the bridge has no eyes.

John Bull has won back the golfing and polo championships and Lipton's challenger is reported very fast. Looks like a big year for John.

A defender of Mr. Hanna says that to abolish the bar will throw thousands of rescue mission workers out of work. Sure it will and they will be happy over it.

Allan Stedholme, Labor's only representative in the Ontario House, found it necessary to vote with the Opposition sixteen times last session. He voted once with the government.

Sam. Hughes says that the county army can be used for the county fair but the only fair that will get into that million dollar palace will be the fair ones of the Toronto smart set.

Watch for a series of pictures in The Advertiser showing where one million dollars of Ontario's money went to make a pretty place for Toronto society to tango in.

The Conservative papers object to any expressions of opinion by churches on the "Abolish the Bar" policy. Of course if a conference had passed a resolution commending Mr. Hanna (which not one of them has done) the Conservative papers would re-

well. It was not afraid to tackle anything at the outset. As an example of its youthful enthusiasm, we need but mention its announced intention, when the Cobalt boom was like itself, young to own and operate mines there as a provincial work. It really meant it, but put it off for one winter, delayed for one summer, and finally lost heart for so daring an enterprise. There has been a steady diminution of its enthusiasm from that day to this until it has reached a permanent frame of mind unfriendly to any proposal that would change the orderly flow of routine. They want the province and the present Administration from that day together, the world forgetting and by the world forgot.

But a new generation rises up in Ontario and new people pour in from other countries, creating new problems and altering old ones, so that it will not do for a Government to dose and not contentedly and dismiss as fade those ideas that begin to find almost universal acceptance. And we venture to say that no government—not even the Russian Douma—has voted down as many progressive proposals in the past two years as has the present Government in Ontario.

lately shut its eyes, throw the copy into the waste basket and firmly resolve that politics and principles did not mix.

A Whitney organ says that there is too much effeminacy mixed up in the demand for moral reform. Well, to knock out John Barleycorn is a good deal of a man's job, and Mr. Rowell is proving himself the man for the job.

Geisha Girls vs. College Graduates.

To the Editor of The Advertiser:

It was reported in some of the London papers that Mrs. J. Ambrose Small, of Toronto, in an address on Japan (given in the Norman School building on June 6), stated that the Geisha girls of Japan "stood somewhat in the same light in the Eastern land as did the university female graduate in this country."

Being myself a female graduate of Toronto University, and having lived for seven years in Japan, I wish to challenge this statement.

Practically all the Geisha girls are from the lower classes, and their education is to say the least, superficial. The Japanese think of, or place them in the same class that we do chorus girls, and by no means give them the status of university graduates. One would be led to believe from Mrs. Small's statement, as reported, that the better class of Japanese are sending their daughters to Geisha houses to be trained in the art of entertaining men.

But no Japanese gentleman would tolerate the idea of his daughter becoming a Geisha, nor would he ever go to the Geisha house to find a wife for his son.

The government schools for girls compare the female graduates of our colleges and universities. These graduates would never think of becoming Geisha girls, and no one would resent more than they the statement that "the Geisha girls of Japan stand somewhat in the same light in the Eastern land as do the university graduates in this country."

## LONDON'S UPHILL FIGHT ENDED IN DEFEAT OF PETERBORO

Heinie Steiger Was Driven From Fourth, When Six Runs Were Put Over—Hammond Finishes, Allowing Only One Run—Linneborn's Base-Running a Feature.

[Special to The Advertiser.]

ERIE, Pa., June 17.—After cutting loose in the fourth inning like a real ball team, driving Steiger from the mound during one of the heaviest bombardments in a single inning witnessed at Perry Field this summer, in which the Erie Yanks ran up a total of six runs, they fell in the final inning before the league leaders from London, and lost this afternoon's game by a score of 3 to 7. Steiger, who started for the visitors, went fine up to his fatal inning, and it looked as if he might keep Gygis's men eating out of his hand over the entire route. Then the blow-up came. The first two men in the fourth got free transportation to "Looie" Bierbauer's cushion, and this sent Steiger over the aeroplane route. The next batter straightened out one of his twisters, sending it to the fence, and a couple of more by McNeil and Scott spelled the bench for Mr. Steiger. Hammond, who had been given the S. O. C. and hurried to the rescue of Doc, Reising's rapidly sinking ship. He passed the first man, but then steadied down, and retired the locals without the aid of the fire-fighting apparatus.

Brown, who started for the Yanks, was hit often, and when he was jerked in the ninth by Manager Gygis, a dozen bingles had been made off his delivery, including two three-baggers and a couple of doubles. With the score six to four against them, London hung up a trio of runs in the eighth, and when the Yanks came to bat, Behan hit Hammond's delivery for a circuit drive, evening up the score.

In their half of the ninth, London shoved the winning tally across the plate. Linneborn started with his work at bat and on the paths. His base-running has been one of the features of the present series. This was the first game that Erie has played at Perry Field with.

## PETES BEAT HAMS AGAIN, TAKING THE WHOLE SERIES

"Doc" Yates Was Slammed Hard, While Shettler Holds Hamilton Safely—Petes Look Good.

[Special to The Advertiser.]

HAMILTON, June 17.—By taking this afternoon's fixture, Peterboro, Canada League, won the fifth of the six games of the series with the locals. The score today was 4 to 1.

"Pete" took two of the three in Peterboro and grabbed them all here. There was some excuse for the visitors winning today. Shettler, on the mound, allowed the Athletics but three bingles, while Manager Yates was generous to Peterboro to the extent of five bingles. Peterboro has played excellent ball in Hamilton and had two double plays again today. Hamilton got the lead in the game when, in the second, Cora reached first on Byrne's error. Haefner sacrificed the Hamilton runner, and the score was tied and he scored on White's single. Thereafter, Hamilton was not dangerous. Shettler held them out at his mercy. But it was in the fourth inning that Peterboro first scored. Welsh singled and rapped home on Steiger's double. King sacrificed Steiger to third, and the latter scored on Gorman's single. In the eighth, the Petes put another pair of counters across the plate, and were sacrificed to second. Welsh singled, scoring Blount, and then stole second. Stewart singled, and then scored. Peterboro could have scored a third in this inning only "Dad" Stewart gave an exhibition of base running and forced King out. The score:

PETERBORO					HAMILTON.

## FRED ALLEN'S FOUR WON ROWING CLUB MATINEE

Carried Off the Prizes With High Plus Score—Seven Other Rinks Make Plus Scores.

Skip Fred Allen's rink carried off the prizes at the London Rowing Club's bowling matinee yesterday afternoon. The matinee was largely attended, 64 bowlers taking part. Four rounds of eight ends each were played, the tournament lasting until nearly 10 o'clock last evening.

Skip Allen's rink is composed of A. W. Fraser, J. N. Whitehead and Mr. Widdowson. The other rinks making plus scores were as follows:

Skip Laur, plus 17.  
Skip Thomas, plus 13.  
Skip Vining, plus 10.  
Skip Leach, plus 9.  
Skip W. Casselman, plus 5.  
Skip Ward, plus 6.  
Skip Wilson, plus 4.

The balance of the rinks finished with minus scores. An enjoyable supper was served by Grounds Chairman Trebilcock at 10 o'clock.

## COM L. HAYGARTH SAYS:

"Using a megaphone to tell of the dollars I save men may not interest them so keenly as does the knowledge that Semi-ready Tailoring has the air, the atmosphere and the true touch of what we at once recognize as good style and deportment."

The Semi-ready Store, 182 Dundas Street.

## BRANTFORD MADE IT TWO OUT OF THREE AT TORONTO

"Rube's" Team Hit Beaver Pitchers Hard and Ran Up Big Score.

[Special to The Advertiser.]

TORONTO, June 17.—It was a case of "breaking even" again yesterday with the Beaver's and the Leafs and the fans are still waiting the day when both teams will win on the same afternoon. It was mentioned on Monday that the Brants, in their opening game, failed to hit the ball, something which the other Canadian League teams seem in condition here had done. Yesterday, however, they showed the "old stuff," much to the disgust of the mid-week holiday crowd. The final score was 10 to 4, in favor of the visitors, thus making it two out of three on the series.

Galm, Graham and Schaeffer were all used by Manager Lee, but the Brants hit them all freely. Galm started, and lasted less than two innings, in which time Brantford scored six runs. Alex. Graham, the Don Valley League product, followed Galm, but he, too, was benched in the sixth, after allowing three runs. Schaeffer pitched the last three innings and allowed only three hits, one home run by Ivers in the right field bleachers.

From their weird display, the Beavers must have worked all the bad bases out of their systems in preparation for the Cockneys, who open a three-game series here tomorrow. Six errors were made in their mishap, of which two of these by Burdell, who had a bad day in the field, missing foul flies which should have been outs. The score:

## ERNIE DINSMORE BREAKS A SMALL BONE IN HIS LEG

London Boy Hurt Sliding Into Second Base in Game "Wild Bill" Baker Pitched.

[Special to The Advertiser.]

BERLIN, June 17.—The W. O. B. L. here this afternoon resulted in a victory for Woodstock, 7 to 2, and the crippling of a couple of Berlin players. Dinsmore, the London boy, had a small bone of his leg broken in the eighth, when running to second, while Schaeffer was knocked unconscious for several minutes by a pitched ball at the plate. Dinsmore will likely be out of the game for the rest of the season. "Wild Bill" Baker, of London, was in the box for the locals, and while inclined to be wild, had the game in hand. Dinsmore, being crippled in the ninth, broke up the game, and the locals, who a few minutes before were rallying for a victory, were retired in quick order.

Score by Innings—

## NAPS MAKE CLEAN SWEEP.

CLEVELAND, Ohio, June 17.—The locals beat Washington today 7 to 2, and made a clean sweep of the four games. Score:

## DOWN ANOTHER NOTCH

(Special to The Advertiser.)

THOMAS, June 17.—The Saints hit three out of four from the Olden winners by grabbing today's game. Wilkinson, the elongated twirler, pitched a good game and with the exception of the opening innings never was

troubled. Joe Lill was Shag's choice, but he was not as well as usual, but he freely. In the first session after he had been retired, Nill, Shag, and

McMure were the only ones who were not out. The game was a close one, but the Saints won by a score of 10 to 9.

The final prize of the contest was won by the Saints, who were the only team to win all three games. The prize was a silver cup and a check for \$100.

The game was a close one, but the Saints won by a score of 10 to 9. The prize was a silver cup and a check for \$100.

THEY SAY THIS ABOUT US EVERY PLACE WE GO

[Erie Times.]

To London, however, must be handed the palm. The Cockneys are without a doubt the best ball club that has played at Perry Field this season. Besides being able to hit the ball, they have a wonderfully fine fielding aggregation, are fast on the paths and display more "pep" than any two teams seen here this season.

Linneborn, the visiting second baseman, is credited with being the fastest man in the league. From the way he ran the bases yesterday, we believe it. Linneborn is well known in this city, having played here with the Buffalo Germans, champion basketball aggregation.

tracts or do anything else if there is enough money in it, and they will no longer believe that games are honest. They will soon believe that players can be paid to throw games. If this thing should keep up ball players will be glad to play for \$2 a game and pass the hat to get it.

## SCHOOLBOYS' LEAGUE GAMES.

The following games in the Schoolboys' Lacrosse League are scheduled for tomorrow night:

Chesley at Pottersburg.

Lorne Avenue at Rectory.

Talbot at St. George.

Alexander at Victoria.

The London Collegiate Cadet Corps has just completed its Canadian Rifle league matches for this season, and the scores have been forwarded to Ottawa. Several James M. Smith Cadet Corps "Student's Badge" awarded to the cadet making the highest aggregate in the four matches. His aggregate was 673, and he won the 2nd prize. A splendid chance to win the prize given for the highest score made on any of the teams throughout the season. The score of 717 was better than the winning score of last year.

The matches were held on May 15, 30, June 6th and 13th, at the Colborne ranges at 200 and 500 yards. The collegiate team's total score for the four matches was 2,650. The following is the composition of the following:

J. Meston, J. M. Dickinson, H. W. McCrimmon, N. F. Tillson, R. Fowler, J. G. Appleton, L. Fraser, J. P. Groun, R. Henderson.

The favorite impression in the minds of London fans at Queen's Park yesterday afternoon, when it administered a 12 to 5 beating to the St. Mary's team in an Intermediate O. A. L. A. game. It was the opening game of the season here and a large number of fans witnessed it. The first quarter was especially distinguished up a fairly good article of lacrosse although at times a little rough work was indulged in.

**St. Mary's Started Strong.**

St. Mary's started out like winners by showing a very good game. London team could get started. The first quarter was all St. Mary's, but the visitors appeared to get going in the second quarter when they were not in it during the rest of the game. In the second quarter London started to show some signs of life, but that opening tally, which was netted by "Red" Hawkins after a run nearly the length of the field, took the local team down and they soon outclassed their opponent.

**London Ties The Score.**

At the close of the second quarter, London had tied the score, the count being 4 to 4 when the half time was over. In the third quarter London was again in the second quarter and he retired, St. Mary's sending off a man to even up the game with nine men aside. Following Hawkins' goal, McKinnon ran in another. London's goalkeeper let the ball roll off his stick into the goal after a nice stop. Hawkins evened the score in the fourth quarter.

Lavell, of the visitors, scored the first three goals and Hayden got the fourth and fifth. The last goal was on a long shot that Reuter ran out for and missed. For St. Marys, McDermitt, in goal, played a great game, while Alberts, Wilson and Lavell also worked nicely. For London, the two Hawkins, McKinnon and Addison were the stars.

St. Marys.	Goal	Reut
McDermitt.	Point	Stewa
Cuthbertson.	Coverpoint	C. Hawk
Alberts.	First defence	Ho
H. Hayden.	Second defence	Hodg
Wilson.	Centre	Feter
McConnell.	Second home	McKinn

The catalogues containing the names of the players whose pictures are appearing in the Rebus

Contest are not off the press yet, and so orders cannot be filled for several days.

A number of requests have already been received for the catalogues, and as soon as they are off

the press they will be mailed. If you do not receive your catalogue for several days, do not become alarmed. If you have not sent in your money for a catalogue yet, do

not do so until an announcement appears in the paper to the effect that they are ready.

tion was on Thursday, the 18th day of  
June, A. D. 1914, the Municipal Council  
of the Township of Westminster, will  
take into consideration and may pass  
Bylaw No. 716 of said township, for the  
purpose of granting to Southern Ontario  
Gas Company, Limited, the right to con-  
struct, maintain and operate works with-  
in the limits of said Police Village of  
Lambeth, for the production, sale and dis-  
tribution of natural gas, and for supplying  
heat and power within such police village,  
by means of mains, pipes and conduits,  
in, under, along and across the streets,  
highways and public places of said police  
village for the term of twenty years from  
the date of the final passing of such by-  
law, subject to the terms and conditions  
of the agreement annexed to said bylaw,  
made between the said Southern Ontario  
Gas Company, Limited, and the Township  
of Westminster and the Trustees of the  
Police Village of Lambeth, for the manner  
in which such mains, pipes and conduits  
are to be laid, and for the protection of  
the public from accident or injury by reason  
of defective conditions or construction  
of said pipes, or from any neglect of the  
company in laying, operating or re-  
pairing of the same, or in opening the  
said streets, or in laying or maintaining  
such works within the said police village  
and generally for protecting the rights of  
the said police village in connection with  
such works, and the rights and privileges  
proposed to be granted to said company.The votes of the electors of the Police  
Village of Lambeth shall be taken on said  
Bylaw No. 716 on Saturday, the 13th day  
of July, A. D. 1914, commencing at nine  
o'clock in the forenoon, and continuing  
until five o'clock in the afternoon of the  
same day, at the Police Hall, in the said  
police village, by Harry Poole, deputy  
returning officer.The rectory of the municipality shall at-  
tend at the Masonic Hall, in the said  
Police Village of Lambeth, on Monday,  
the 6th day of July, 1914, and appoint by  
writing, signed by him, two persons to  
attend at the final summing up of the  
votes by the clerk, and one person to  
attend at said polling place on behalf of  
the persons interested in and desirous of  
promoting the passing of the said bylaw,  
and one person on behalf of the persons  
interested in and desirous of opposing the  
passing of said bylaw.The clerk of the municipality shall on  
Monday, the 13th day of July, 1914, at-  
tend at the Masonic Hall, in said police  
village, and sum up the number of votes  
given for and against the said bylaw.The above is a correct synopsis of said  
Bylaw No. 716, and a concise statement of  
its purpose, and no debt is intended to be  
created by it.  
Dated this 16th day of June, A. D. 1914.

TORONTO SITUATIONWill Try to Head Off Landslide  
in Favor of Bar Abolition—  
Premier to Get in the  
Ring.

(Special to The Advertiser.)

TORONTO, June 17.—Sir James  
Whitney has definitely decided to take  
a hand in the election campaign. The  
situation in Toronto is such that  
strong urging will be necessary to  
prevent a great landslide in support  
of the abolition of the bar proposals of  
Mr. Rowell.In view of this the announcement  
is made tonight that the Prime Min-  
ister, Hon. Adam Beck, and Hon. I. B.  
Lucas will be the principal speakers  
at the mass meeting next Tuesday  
night in Massey Hall here.

Planning to Spend  
Cash From OttawaGets \$230,000 To Be Applied  
to Agriculture—Half for  
District Work.

(Special to The Advertiser.)

TORONTO, June 17.—Particulars of  
the distribution of the federal grant for  
agriculture in Ontario this year,  
as arranged between Hon. Jas. A. Duff  
and Hon. Martin Burrell, were an-  
nounced this evening.The total amount of the grant is  
\$230,860.33. Of this sum \$100,000 is to  
be applied in connection with the  
work of the district representatives. This  
is an increase of \$20,000 over last  
year, and makes possible the appoint-  
ment of district representatives in  
Wentworth, Halton, Port Arthur and  
Kenora, making forty-one in all now  
included in this department.The other items of distribution are:  
Ontario Agricultural College short  
courses, \$1,500; agricultural education  
in public and high schools, \$13,000;  
educational work in connection with  
the marketing of farm products, co-  
operative organizations and publicity,  
\$1,000; extensions to O. A. C., at  
Guelph, \$72,000; stock and seed judg-  
ing courses at O. A. C., \$7,500; short  
courses for fall fair and field crop  
judges, \$1,500; drainage work, \$4,000;  
demonstrations and instructions in  
vegetable growing, \$2,500; demon-  
stration work on soils, \$5,000; demon-  
stration and instruction on livestock and  
poultry, \$4,500; demonstration work in  
spraying, pruning and packing of  
fruits, \$7,500; work in beekeeping,  
\$1,000; lectures in horticulture, \$500;  
women's institute work, \$7,000; mis-  
cellaneous, \$1,863.KING AND QUEEN TO  
TOUR THE DOMINIONExpected That They Will Start  
on Long Trip, Including  
Canada, in Fall.

(Canadian Press.)

Montreal, June 18.—A London cable  
says:—Ever since the king's accession it  
has been generally understood at court  
that the king and queen would at the  
earliest opportunity make a tour of the  
overseas dominions.His Majesty has indeed promised both  
the Australian and South African Govern-  
ments that he would do this, and now the  
visit is expected to take place in the  
autumn or early winter of next year, the  
route being out by the Cape and home  
through Canada.King George particularly desires to at-  
tend the official founding of the new  
Australian Federal Capital at Canberra.IRISH VOLUNTEERS  
GETTING MORE RIFLES

(Canadian Press.)

Dublin, Ireland, June 18.—Large quan-  
tities of rifles and ammunition were land-  
ed during the night on the Connemara  
coast in the west of Ireland, for the Na-  
tionalist volunteers. The consignments  
are supposed to have been brought by  
mysterious vessels, which had been  
sighted cruising along the coast for a  
week past, but had refused to reply to  
any signals.Torpedo-boats have been ordered to  
patrol the coast to prevent further gun-  
running. The rifles are said to be of the  
latest American pattern.HYDRO CONTRACTS  
GO TO MONTREAL  
AND TORONTO FIRMSExpense of Work Between  
Dundas and Niagara Falls  
Will Be \$700,000.

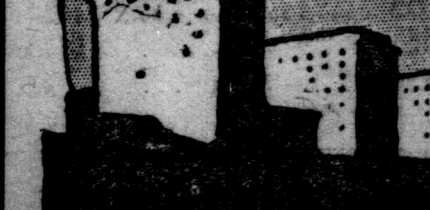

(Special to The Advertiser.)

TORONTO, June 17.—The Provincial  
Hydro-Electric Commission today an-  
nounced the awarding of the contracts for  
the dams, canals, headworks and pen-  
stocks for the Eugenia Falls development  
in Grey County. The contract for dam  
number one goes to the Amburns Hy-  
draulic Construction Company, of Mont-  
real, and for dam number two to Hyland,  
Scriven & White, of Toronto. The cost  
of this work will be about \$230,000.Dam number two will be one of the  
largest of its kind in Canada, having a  
length of 2,900 feet and a varying width  
of 40 to 50 feet.  
To hurry the construction of the dupli-  
cate trunk line between Dundas and  
Niagara Falls, an order-in-council was  
passed authorizing the commission to  
purchase the right-of-way for this new  
double line. The cost of the land will be  
about \$200,000, and the completed work  
about \$700,000. Mr. Beck stated that this  
line would be built on the same plan as  
the extension from St. Thomas to Wind-  
sor, only that it would be somewhat  
heavier.Windsor-St. Thomas Extension.  
Mr. Beck states that work has pro-  
gressed so well on the Windsor-St.  
Thomas extension that power ought to  
be available by the end of July. The  
engineers are now getting ready to make  
the connection with the local distributing  
stations at Windsor and Walkerville. For  
the law tension line connecting Dresden,  
Tilbury, Wallaceburg, Strathroy, Lam-  
beth, Embro, Plattsville, Princeton, Fer-  
gus, Elora and other places, orders have  
been placed for the material, some of  
which has been delivered. The construc-  
tion will not be awarded under contract,  
as the engineers of the commission have  
adopted the policy that more satisfactory  
results can be secured by having the  
work done by their own gangs.ATTEMPT TO WRECK  
TRAIN CARRYING CZARRussia's Emperor and Family  
Saved by Train in Front  
Striking Explosive.

(Canadian Press.)

Berlin, June 18.—A special dispatch  
from St. Petersburg says an attempt  
was made to wreck the Russian imperial  
train with the emperor and his family  
on the night of the 17th. The train was  
stopped at a station near Tschudovo today, when  
a bomb was placed on the rails.  
A postal train, which was preceding  
the imperial train as a pilot struck  
the bomb and caused it to explode.  
Many of the coaches of the mail train  
were shattered and several persons in-  
jured. The emperor and his family re-  
mained unhurt. The imperial train passed the spot  
a few minutes later and arrived at  
Tsarskoe-Selo without further incident.DANGEROUS SITUATION  
EXISTS IN ASIA MINORAmerican Secretary Sent to  
Smyrna to Look After In-  
terests of Countrymen.

(Canadian Press.)

Constantinople, June 18.—Henry Mor-  
genstern, United States ambassador to  
Turkey, today sent Hoffman Philip, sec-  
retary of the embassy, to Smyrna, to as-  
sure the position there of American  
citizens who might be placed in danger  
by the threatened anti-Christian rising in  
Asia-Minor.Turkish refugees from Macedonia, who  
assert that they have been driven out by  
the Greeks, have arrived in considerable  
numbers on the Asiatic coast, where they  
have taken possession of entire villages  
deserted by their former Greek inhabi-  
tants, who have crossed over to the  
islands of Chios.Altogether the position in Asia-Minor is  
regarded as dangerous, although Turkish  
officials are using great efforts to keep  
the people in check.At the same time preparations are be-  
ing made by the Turkish authorities to  
meet any possible Greek attack. The  
Turkish Minister of War has gone to  
Smyrna and the Turkish troops have  
planted mines at the entrance to the gulf.CONSERVATIVE RUNNING  
ON TEMPERANCE TICKETTORONTO, June 17.—Ald. W. W.  
Hiltz, member of Ward 1 Conserva-  
tive Association, was tonight nomi-  
nated as candidate of the temperance  
party, to oppose Joseph Russell in  
Riverdale riding, who was chosen by  
the second Conservative convention,  
after the resignation of Mr. Doughty.  
The Liberals will not put a man in  
the field.Westman Hardware

BRASSO AND SILVO  
POLISHat our store, for one week, com-  
mencing Thursday, June 18.Royal George Will  
Experiment in FogLONDON, June 17.—An inter-  
esting experiment of navigation  
in the fog will be carried out by  
the C.N.R. steamship Royal  
George, which left Avonmouth  
for Quebec today. She is fitted  
with an apparatus enabling a  
vessel, in the thickest weather,  
without the aid of compass or  
s sextant, to ascertain her po-  
sition, when she is within a radius  
of 50 miles of a fixed wireless  
station or a wireless-fitted ship  
whose position is known.  
It is also claimed for this ap-  
paratus that, should the Royal  
George pick up a wireless dis-  
tress signal, she would be able  
to set her course towards its  
source, even though the dis-  
tressed vessel were not able to  
indicate her position.From Montreal via Quebec, From Bristol,

at Tecumseh Hotel.Also the privilege of witnessing a most  
remarkable demonstration of what STU-  
ART'S PLAPAO-PADS do for ruptured  
people. The Plapao-Pads are an entirely  
new and wonderful treatment for rup-  
ture, curing as they do the worst forms  
in the privacy of the home, without in-  
terference from work and at slight expense.Rupture Cured  
by STUART'S PLAPAO-PADSMeans that you can throw away the pain-  
ful truss altogether, as they are made to  
secure rupture, and not simply to hold it  
but, being self-adhesive, and when ad-  
hering closely to the body, slipping is im-  
possible; therefore, they are also an impor-  
tant factor in retaining rupture that can-  
not be held by a truss. No straps, buckles  
or springs. NO TRUSS. Demonstrator  
Habeck, who is authority on matters  
pertaining to rupture, will be at the TE-  
CUMSEH HOTEL, FRIDAY, JUNE 19,  
O. A. C. 10 a.m. to 7 p.m. He will be  
pleased to give, WITHOUT  
CHARGE, to all who call, expert advice  
and trial treatment. Do not fail to call  
on Mr. Habeck during this stay in your  
city, as this is the chance of a lifetime. bPOISONOUS

"NATIONAL HERO SERIES" NO. 2

## Kosciusko—"The Greatest of the Poles"

NEVER in the history of mankind has there lived a more ardent lover of Personal and National  
Liberty. He devoted his life to regain the ancient freedom of his beloved Poland. Kosciusko hated  
any legislative attempt which invaded the Natural Rights of Man. If he were alive to-day, every son  
of Poland knows that he would revolt at any LAW which declared: "Thou shalt NOT eat this—  
thou shalt NOT drink that." Kosciusko knew that the light wines of his native land and the bar-  
ley brews of Germany were good for mankind when used in moderation. He drank them him-  
self to the end of his honored days, and who will DARE say that they in any way injured this  
mighty personality. For 57 years Anheuser-Busch have honestly brewed honest beers. Their  
great brand—BUDWEISER—is sold throughout the world and has helped the cause of true  
Temperance. Seven thousand, five hundred men are daily required to keep pace with the natural  
demand of Americans for BUDWEISER. Its sales exceed any other beer by millions of bottles.  
Bottled only at the home plant.

VEGETABLES AND PLANTS  
FEATURES OF MARKETOats, Plentiful, Drop in Price  
to \$1.25—Hay Slightly  
Scarcer.

Small vegetables and plants were the main offering Thursday's market. There were about twenty wagons of small produce on the square this morning.

Oats were plentiful and the demand so slow that the price dropped to \$1.25 per cwt. Wheat remains steady.

Onions were scarce, but sold as low as 85 cents and 90 cents a bag, whole sale and \$1.10 retail. The demand has been slow since Friday.

Onions, beets, radishes and lettuce were offered in large quantities this morning. Prices remain about the same. Beets sold lower, at 85 and 90 cents per dozen bunches. Some fine radishes were for sale at 20 cents a dozen.

Hay was not plentiful as usual and sold for \$1.15 to \$1.20 per ton, according to the quality.

Eggs and butter remain at unchanged prices.

Large quantities of wool, both washed and unwashed, were weighed today. The prices of hides and wool continue firm.

Cabbages, per box 20 to 20

PRODUCE  
Winnipeg, June 17.—The wheat market was again heavy today, and prices opened 1/2 to 1c lower. A deficiency of moisture in certain sections of the prairie provinces has led to some extent, but at noon prices were 1/2 to 1 1/2c down. A rise occurred near the close, which was 1/2 to 3/4c lower.

The cash demand was quiet generally, a few sales being put through spasmodically for filling orders. Barley was slow, and bids difficult to get. Flax was in fair demand, and one or two sales of oats were transacted. There was a rally in prices at about the close. Cash wheat closed 1/2 to 3/4c lower for contract grades; oats, 1/2 to 3/4c higher; barley, 1/2 to 3/4c lower; and flax, 1/2c down for the three grades.

Wheat options opened unchanged; flax, unchanged to 1/2c higher. Oats closed unchanged, and flax 1/2c lower to 1 1/2c higher. Inspections—Tuesday, 313 cars; last year, 772 cars, in sight, 250 cars.

Cash grain  
Wheat—No. 1 northern, 92 1/2c; No. 2, 91c; No. 3, 89c; No. 4, 85 1/2c; No. 5, 80c; No. 6, 75c; feed, 65c.

Oats—No. 2 Canadian western, 38 1/2c; No. 3, 38 1/2c; extra No. 1 feed, 38 1/2c; No. 1 feed, 37 1/2c; No. 2 feed, 37 1/2c.

Barley—No. 3, 54c; No. 4, 52 1/2c; rejected, 49c; feed, 48 1/2c.

Flax—No. 2 Canadian western, 1.40c; No. 2 Canadian western, 1.40c; No. 3, 1.25c.

Liverpool, June 18.—Wheat—Spot, No. 1 Manitoba, 75d; No. 2, 74 1/2d; Futures, July, 75 1/2d; October, 76 1/2d; December, 77 1/2d.

Corn—Spot steady; American mixed, 65 1/2d; Futures, La Plata, steady; July, 65 1/2d; September, 66 1/2d.

Flour—Winter patents, 27s 9d.

Hops (in London)—Pacific coast, 24 to 24 1/2s.

Refined—Extra India mess, 112s 6d.

Pork—Prime mess, western, 105s.

Hams—Short cut, 14 to 15 lbs, 69s 6d.

Bacon—Cumberland cut, 25 to 26 lbs, 68s; short ribs, 16 to 24 lbs, 66s 6d; clear bellies, 14 to 16 lbs, 64s 6d; long clear middles, light, 13 to 14 lbs, 62s 6d; short clear bellies, 16 to 20 lbs, 63s; shoulders, square, 11 to 12 lbs, 57s 6d.

Lard—Prime western, in tierces, new terms, 48s 6d; do, old terms, 48s; American refined, in tubs, 52s.

Butter—Good United States, 38s.

Cheese—Canadian finest white, new, 53s; do, colored, new, 63s 6d.

ASKIN STREET METHODISTS  
ENDORSE THE ROWELL POLICY

Adopt a Resolution Denying Published Reports That They  
Approved of the License Policy of  
the Government

At the conclusion of a well-attended prayer meeting in Askin Street Methodist Church last night, the following resolution, emanating from the Temperance and Moral Reform Committee, was unanimously passed:

"The Temperance and Moral Reform Committee of Askin Street Methodist Church denies the report, circulated that the official board of this church, on Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

On Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

On Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

On Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

On Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

On Jan. 14, by resolution, approved the license policy of the Government, as stated in the heading of the report of the meeting in a local Conservative paper the following day:

"Further, this committee places itself on record as heartily indorsing the banish the bar policy of the Government, and the Opposition, Newton W. Rowell."

## NEWS

Two Dump Fires Last Night—

With only five minutes between alarms, the fire department responded to two dump fires last night, the first at 10:10

O'clock, breaking out in the dump at the south end of Rectory street, and the other on Mount Pleasant avenue.

There was no damage in either case.

Celebrate Unique Anniversary—William T. Peel, 538 Waterloo street, city

assessor and veteran of the American civil war, celebrated a unique anniversary yesterday. Just fifty years ago, he lost his leg at the battle of Petersburg, south of Richmond. Mr. Peel was then only slightly past seventeen years of age.

"Safety First" Special Back—The "Safety First" special train with Superintendent W. R. Davidson and 20 other local Grand Trunk officials on board, returned to London yesterday afternoon after spending a little more than a week inspecting the lines in the London division. Throughout the division the "safety first" regulations are being closely observed, and every effort is being made to lessen the number of accidents on the road.

Peter Taft Near Recovery—Peter Taft, 4% Eastview street, was prostrated by a sunstroke several days ago, has almost entirely recovered. His condition at first was so serious that his recovery was not expected. His case has been the only one so far in London, where the heat of several weeks ago had a serious effect. Many prostrations and cases of persons fainting were reported, but Mr. Taft's was the only actual case of sunstroke in London.

BACK FROM O. A. C.

WITH MANY IDEAS

Some 250 Middlesex Farmers

Who Spent Day at Guelph

Receive Good Tips.

DR. CREELMAN WELCOMES

Big Turnout of Farmers' Sons

Feature of Excursion to

Model Farm.

The East Middlesex Farmers' Institute held a most successful Guelph O. A. C. excursion yesterday, when more than 250 of its members "knocked off" work to take in the annual trip to the Royal City Institute.

A feature of the excursion was the number of farmers' sons present. It would seem that the farmers of the district are beginning to realize that much useful agricultural information is to be gained by a visit to the college this time of the year.

"We couldn't have had a better day," said W. B. Harding, of Thoradale, president of the Institute, to The Advertiser reporter who accompanied the excursion. "I take these trips every year, and never fail to bring home ideas and information that have meant money to me. They always treat us splendidly at the college, and it is a treat to see the way the grounds are kept."

The excursionists arrived at the college just in time for dinner, and after Dr. G. C. Creelman's address of welcome they did ample justice to the lunch served in the college gymnasium.

Directly after lunch 90 per cent of the farmers followed Prof. W. J. Squirel, of the field husbandry department, to the 75 acres of experimental plots. Each plot is 1-100th of an acre in size, the soil being the average Ontario clay loam, having about the same rotation as the average farm. The visitors were taken up the centre road, and the principal objects of the experiments were 100 varieties of winter wheat, the three best being American Baume, American Wonder and Dawson's Golden City.

Professor Squirel explained that the spring wheat crop has decreased very largely in Ontario during the last fifteen years, at one time a half million acres being grown, while at present there were not more than one hundred thousand under cultivation. "This change is due to the change in crop rotation, the fact that spring wheat can be raised more economically in western Canada, and that winter wheat outyielded spring wheat in Ontario."

The farmers were shown over 200 varieties of alfalfa being grown, the hardest and most productive being Grimms, Ontario variegated, and sand.

Next, the three plant breeding ranges were visited. The plant breeding at Guelph is the most extensive carried on in America. The field husbandry department has records of 100,000 plants that are hybrids and selections. The principal new varieties produced from plant breeding are: O. A. C. No. 21, barley; O. A. C. No. 72, oats; O. A. C. No. 3, oats (early) and O. A. C. No. 61, rye. All these varieties are outgrowing the standard varieties grown in the province.

The majority of the live stock was out on pasture and was not inspected.

The new dairy barn proved to be very interesting, being fitted up with all the latest devices and model in every respect.

Instruction was also given in butter

## CAIRNCROSS' Drug Bargains For Friday and Saturday

"WE SELL FOR LESS"

### SOAP SPECIALS

making in the dairy department, while the new \$40,000 poultry building came in for its share of attention.

Many were interested in Prof. Crow's plant breeding experiments in the Horticulture department. Prof. Crow has between six and seven thousand different cross-red strawberry plants, from which he eventually hopes to get a few winners. At present Parsons Beauty is by far the best variety grown.

The afternoon went all too quickly, many expressing the opinion that they could stay at the college for a week and not see everything.

The excursion train arrived in London at 10:30 p. m., the farmers returning to their homes with the satisfaction that for once they had combined business and pleasure.

## WANT HYDRO TO NAME MEN FOR ARBITRATION

Electrical Workers Feel They Are Being Ignored in Plea for Better Conditions.

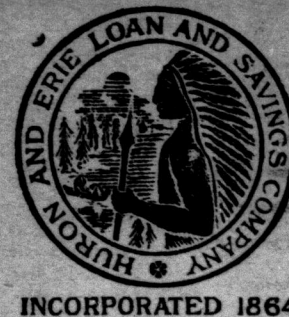

Although the appointment of John D. Jacobs, named by the electrical workers as a member of the board of arbitration in the dispute between the hydro-electric department here and its employees, was ratified by the Minister of Labor on June 8, the hydro people have apparently ignored the matter and have not yet named their representative.

The men have been asking for increases and better conditions since early last spring, and had hoped to secure a settlement by the first of last May. No response has yet been received from the hydro-electric department in the matter, although the appeal for a board of arbitration, provided for under the Lemieux act was granted by the department of labor about a month ago.

On the appointment of the hydro department's representative, he with Mr. Jacobs will appoint a third member. The Public Utilities Commission is awaiting the result of arbitration in Toronto when it is expected a uniform scale to apply to all hydro cities in the province will be adopted.
