A Great Camera Record of the Most Vivid Phases of the Great War

Will be presented the official film recording the current historic events of the present spring drive of the British armies in France, culminating in the smashing attack which forced the Germans to retreat to the Hindenburg line.

These pictures are the combined production of six military photographers. They bring the war in pictures up to the date of the German retreat and the evacuation of Bapaume and Peronne. They are authentic, official, comprehensive and photographically perfect.

These pictures include every branch of the British activities in France. They show many of the famous regiments, including those of Canada and the other overseas dominions. They show them at work, at play, in battle and in triumph of victory. A considerable part of one reel deals with the air service scouting over the German lines, 8,000 feet in the air. Some of the pictures of airplanes were made from another plane, and the beholder experiences the thrill of fighting in the sky, the very limit of daring attempted by man to date.

A special musical program by the orchestra of the Patricia Theatre has been arranged as accompaniment to this film. The doors of the theatre will be opened at 1:30 p.m. The film consists of six reels, aggregating 6,000 feet. In addition to the battle film will be shown one reel of naval pictures, the first that the British Government has allowed to be taken since 1915. These pictures were taken just after the battle of Jutland and introduce some of the men who became famous in that engagement.

PATENAUDE'S ACT IN RESIGNING IS STILL UNEXPLAINED

Correspondence Is To Be
Brought Down Soon.

SUPERVISORS OF GRAIN

Honorary Board to Control
Price of Wheat and Its
Apportionment.

OTTAWA, June 12.—There was a statement today of the resignation of Hon. Mr. Patenaude, secretary of state. The announcement that he had resigned was made by Sir George Foster, who stated that the correspondence will shortly be brought down. Neither the prime minister nor Hon. Mr. Patenaude were in the chamber to supplement the announcement.

Sir George also announced the appointment of C. A. Magrath as fuel controller for Canada. The Dominion was facing a serious situation, owing to the shortage of transportation facilities, he said. Montreal has been accustomed to drawing upon Nova Scotia for 2,000,000 tons a year, but cannot count upon more than 200,000 tons this season. The deficiency of the coal supply for Middle Canada will have to be made good from the United States. The situation is one that requires immediate attention. The duty of the fuel controller will be to examine the needs and the supply available for all parts of Canada and to recommend measures for both production and transportation of fuel.

Too Many Civil Servants.

That there are 12,000 civil servants in Ottawa drawing salaries to the amount of \$12,000,000 a year, was stated by R. B. Bennett, when a bill to increase the pay of the inside service was considered by the House. Mr. Bennett declared that the number of civil servants could be reduced by ten per cent and the country saved \$1,500,000 a year. Mr. Bennett declared that there were too many civil servants in Ottawa, and many of them were inefficient, while outside Ottawa there were too many civil servants who were underpaid. One case of this sort was a wounded soldier, who had been a Government pensioner worth \$75 a month to enable him to support himself, his wife and family. He said that when he had drawn these cases to the attention of the minister of finance the answer had been that salaries could not be increased in the midst of war, but if the finance minister could find pay for 12,000 people in Ottawa, he should be able to find fair remuneration for the people employed by the Government outside of Ottawa. Inadequate remuneration paid to servants of the state was likely to create dangerous Socialist feeling.

The reply of the finance minister was that the question of salaries of outside servants would properly come before the House when the estimates were brought down.

Appoint Grain Board.
Sir George Foster tabled two orders-in-council, creating a board of grain supervisors. The board had been created for the purpose of guarding the interests of the producers of grain and the consumers of flour manufactured therefrom, to control in an intelligent and reasonable way the price at which wheat shall be sold, and to regulate transportation thereof, and to see to it that the total exportable surplus finds its way to Great Britain and her allies. The board will act in co-operation with a similar board, which will for similar reason and purposes be appointed by the United States. The board, said Sir George, will be honorary in character.

RETURNED SOLDIERS UNABLE TO SECURE DUE COMPENSATION

A. B. McCoig of West Kent
Rieses Government.

CRIED DOWN BY MEMBERS

Declares Deaf Ear Has Been
Turned to Plea Against
Injustice.

[Special to The Advertiser.]
OTTAWA, June 12.—An unusual occurrence, and one not without significance in these days of professed back-the-boys-at-the-front Government policy, characterized the proceedings of today's sitting of Parliament. On the orders of the day being called, A. B. McCoig (West Kent) rose to direct the Government's attention to certain returned wounded soldiers who had been unable to secure their right compensation from the country.

He mentioned the case of Pte. John Titus of Chatham as one which should command instant action, and was about to read the House a communication he had received from H. Collins, secretary-treasurer of the Chatham branch of the Canadian patriotic fund, when he was interrupted by ministers of the crown with protests against his proceeding. Mr. McCoig explained to the speaker that he was able to direct the attention of the Government to several efforts made by the energetic officials of the Patriotic Association to secure justice for certain returned soldiers—efforts which had so far met with no response from the Government. He proposed to ask the Government why this neglect had occurred, and press for immediate and prompt action. If appeals to Canadian youth manhood to serve their country were to be earnest and sincere, care must be taken to deal promptly and justly with those who had heroically "done their bit" in the service of the great cause.

Government members still protested that Mr. McCoig's member was "out of order," and the speaker suggested that Mr. McCoig's member have "out of order" the matter upon the order paper. Mr. McCoig intimated that he would do so, although letters to the Government had hitherto gone unanswered.

Farmers Getting Stung.
Mr. McCoig brought up the question of charges by commission houses and brokers of one-half of one per cent on all the hogs purchased by them from the farmers. The amount of the charge for the past year. The total value of hogs condemned as unfit for use was \$184,000 and the McCoig maintained that there was some \$125,000 owing to the farmers. He asked the Government to take steps to have this unfair treatment of farmers stopped.

Hon. Mr. Burrell said the matter should have departmental consideration.

SEAPLANES ATTACK RUSS BALTIC BASES

BERLIN, June 12.—4:35 p.m.—An attack by German seaplanes on Russian bases in the Baltic is announced by the admiralty. The statement follows: "Some of our seaplane squadrons on Sunday successfully dropped explosive and incendiary bombs on Russian bases at Libau (on the coast of Courland) and Arsenberg (on Oesel Island), at the entrance to the Gulf of Riga. Part of the military buildings were almost destroyed by fire. Our seaplanes returned undamaged."

RAISED \$500.
The Young People's Literary Club of this town has already handed in about \$500 to the Red Cross Society, proceeds from entertainments and social events. It has also adopted a Canadian prisoner of war in Germany.

Subs Operating Against Norse Whaling Vessels

LONDON, June 12.—A despatch to the Exchange Telegraph from Copenhagen says German submarines are operating on the west coast of Norway against the valuable Norwegian sealing and whaling fisheries.

The Dagbladet says, "according to the whaler Svein II, was sunk outside Sverdrup, and that another whaler, the latter having a cargo of five hundred seals. The crew was given two minutes to enter the ship's boats."

CHINESE PRESIDENT
STILL HESITATES TO
DISMISS PARLIAMENT

British Adviser Says "Don't"—Jap Says
"Do"—Quandry Deepens.

PEKING, Monday, June 11.—Conflicting opinions as to President Li Yuan Sung's proper course of action in the present political crisis were given today by Dr. George Morrison, a British subject and general adviser to the president, and by Professor Nagao Ariga, Japanese adviser to the president, who were called on by the executive for advice. President Li Yuan Sung has last month refused in response to General Chang Hsun, who recently arrived at Tien Tsin with a body of troops and demanded that the president dissolve parliament.

In his opinion to the president Dr. Morrison said, "I urge in the strongest possible manner the retention of Parliament even if the president, by a legal quibble, could justify the dismissal of Parliament. The world would never believe you had done so from a legal motive, but rather from fear of Chang Hsun. The world would laugh at republicanism upheld by Chang Hsun."

Prof. Ariga said, "Parliament is illegally constituted. You called it into being. You have the right to dismiss it legally."

The president is endeavoring to procure the counter signature of Li Ching Hsi to the mandate for the dissolution of Parliament which he has drawn up. Whether Li Ching Hsi will agree is doubtful. The situation is at a deadlock. Dr. Wu Ting Fang, acting premier, has declined to countermand the president's decree.

The Kuo Min Tang (Democratic) party, which heretofore has been supporting the president, is now deserting him owing to his failure to take strong action.

THREE BOATS ADDED TO DETROIT PATROL

Privately-Donated Craft in Coastguard
Service for River.

DETROIT, June 12.—Nine coastguard craft are now on duty patrolling the Detroit River, three having been added today.

Thirteen boats are 60-foot cruisers given by Lawrence Buell, a 30-foot cutter tendered by a prominent glass manufacturer, and a small boat, costing \$90,000, given by four men of Lincoln, Neb.

These four made the gift in person and immediately afterward joined naval reserves, fourth class.

Mr. Buell will get a nominal price of \$1 monthly for use of his boat.

RAILWAYS ARGUING FOR RISE IN RATES; SHIPPERS OPPOSING

C. N. R. Operation Will Cost
\$6,000,000 More This Year.

TORONTO, June 12.—Application of the railways for an increase of 15 per cent in freight and passenger rates, and protests against such increase, were heard today by the Dominion Railway Board, D. B. Hanna, for the Canadian Northern Railway, stated that the increase in the price of materials would bring the cost of operation \$6,000,000 over the previous year. The proposed increase would provide an additional revenue of \$5,497,700. He would, however, give no assurance that the increased revenue would be devoted to new equipment and betterment of the service.

J. Dalrymple, vice-president of the Grand Trunk Railway and representatives of the Toronto, Hamilton and Buffalo, and the Canadian Pacific Railway, endorsed Mr. Hanna's contention.

T. Marshall, traffic manager of the Toronto Board of Trade, and H. B. Brown for the Canadian Manufacturers' Association, said their organizations would not oppose the increase, provided that heavy commodities of little value, but carrying relatively heavy freight charges and tolls covering such services as switching, weighing, demurrage, etc., be exempt, and that it be considered a war measure, the rates to remain in effect for a limited period.

Coal, stone and sewer pipe representatives asked for exemption, and fruit growers, livestock men, and United Farmers opposed the increase on the ground that the industries could not stand it.

INGERSOLL CITIZENS
READILY PURCHASING
DEBENTURES OF TOWN

Initial Venture So Successful, \$75,000
More Will Be Offered Public.

INGERSOLL, June 12.—The council recently decided to give Ingersoll people an opportunity to purchase street paving debentures to the extent of \$16,000. It was an innovation, but in view of the prosperity of the town it was felt that the experiment was worth trying. The result has been so encouraging, the entire issue, having been quickly taken, that the council has now decided to offer a further lot of debentures to the amount of \$75,000.

The debentures are considered excellent investments and it is believed the whole issue will soon be purchased.

MEMORIAL CROWDS CHURCH.

FOREST, June 12.—The seating capacity of Christ Church was taxed to its utmost, as well as the Sunday school room, the occasion being the memorial service for Lieut. C. E. Cole. The pastor, Rev. D. J. Cornish, took as his text, "Greater love hath no man than this, that a man lay down his life for his friend," and delivered an impressive sermon. The choir, of which the dead soldier was a former member, rendered excellent music appropriate to the occasion.

WINS D. S. O.
INGERSOLL, June 12.—A cablegram received today informed Mr. J. C. Norworthy that his son, Major Stanley Norworthy, had been awarded the D. S. O. for his valuable services rendered in the battle of Vimy Ridge.

CANADIANS CLEAN UP ENEMY STRONG POINT CLOSE TO LENS CITY

Nest of Machine Guns Menacing
Left Flank.

CANADIAN HEADQUARTERS IN FRANCE, via London, June 12.—(By Stewart Lyon, special correspondent of the Canadian Press).—Another well-managed minor operation, this (Tuesday) morning on the Canadian front, resulted in the capture and occupation, with few casualties, of enemy strong points which have been a menace to the security of our left flank ever since the capture of the electric station. The Souchez River at this spot has been dammed by the Germans, and in the marshy area along its banks have been placed skilfully-concealed machine guns, which have swept all possible lines of approach from the south bank. These machine guns were destroyed in the raid of Saturday morning, but others remained in the enemy's hands.

Show Little Fight.
The artillery, not having been able to smash them, it was decided that the only effective way of putting them out of business and ending the annoyance and loss was by a night surprise attack with bombs and bayonet. A few men were engaged in the enterprise, which succeeded beyond expectations. The enemy were killed, lighted, and in a few minutes his strong points, with three machine guns and six prisoners, that were left of the gun crews, passed into our hands.

At once steps were taken to incorporate the captured ground within our lines. The post captured this morning is only 2,700 yards from the centre of Lens.

Further Point Toward Lens.
It marks the furthest advance toward the city. One of the prisoners captured stated that his battalion had just relieved another which had suffered very heavy casualties. Only a short period on the front line, especially from gas and shell fire.

The enemy artillery was less active today on our front, but to the south it has been shelling Arras and other points on the Scarpe with a 12-inch naval gun.

DAMAGE LESS THAN FEARED.
ILDERTON, June 12.—Farmers are still planting corn. In some cases, owing to the very heavy rains, the farmers were not able to get any planting done until this week. In other sections large fields are up and nearly ready for cultivating, and where sown on dry fields looks well and will be much earlier than the late sown.

Potatoes are now showing signs of growth in some early-planted fields, and not so much damage has been done by the wet as expected.

Hay and grain fields, especially fall wheat, although later than usual, look fine, and a bumper crop will no doubt be harvested on most of the Lobo farms if fine, warm weather continues.

HYDROPLANE POSTAL ROUTE.

PARIS, June 12.—An experimental hydroplane postal route, connecting France and Corsica, with stations at Marseilles, Toulon and Ajaccio, is being considered by the ministry of commerce.

MANY ON EXCURSION.
CLINTON, June 12.—A large number of people were able to secure motor accommodation went to Godrich last night to take advantage of the Greyhound moonlight excursion. Quite a number also took in the excursion to Detroit.

An enterprising auto dealer from five new customers, each driving his own car, took dinner in Clinton today on their way from London to Tiverton.

INDIAN'S WIFE AND BABE ARE SWEEP OVER FALLS

ELK LAKE, June 12.—One of the backwoods tragedies, of which there are many that are never published, occurred west of here a few days ago. An Indian named Neas Twain, with his wife and adopted baby, were traveling along the Walcotts River, and were crossing the Floodwood just above the high falls, which have a total drop of about 70 or 80 feet, when the tree on which they were crossing gave way, and the wife and infant were swept over the falls. The infant was killed, and the wife sustained a compound fracture of the leg. Twain managed to rescue his wife and recover the body of the infant, and brought them both to Elk Lake—a seven days' journey. From here the wife was sent to a hospital.

IVAN ANNIVERSARY.
ILDERTON, June 12.—Anniversary services were held in the Ivan Presbyterian Church, Sunday, June 10, for the late Ivan McKay of New St. James, London, who died in 1910, after a long illness, moving out from London.

Probably the largest crowd that ever gathered for a service in the church was present, and at the evening service many were not able to gain admittance, although all available space in the large edifice was used, even to the platform, usually reserved for the choir and ministers.

Miss Hayes, soloist of Talbot Street Baptist Church, assisted the choir, and sang a solo at each service, being much appreciated. The large lawn was packed full of cars from the district.

FOREST, June 12.—A serious accident occurred near the home of Andrew Chester, Bosanquet. Mr. Chester had been drilling, and his daughter, Jane, aged 17, was driving the drill back to the barn. In crossing a creek she stepped out on the tongue of the machine, and the drill, which was badly injured, besides injuries to her head and other bruises. Two doctors were called, and it is feared that she may suffer the loss of her leg.

RED CROSS AND C. W. C. A. COLUMN

No more beautiful colored stripes around the top of the socks we knit for overseas. Yes, that is our colors' doctor's orders, too, straight from the trenches. And as the Knitting Brigade is in highly trained and well-disciplined corps, of course, it will obey without question.

"Theirs not to reason why, Theirs not to knit or die!" But in this case it is quite permissible to "reason why" such orders are given. It is almost impossible at present to obtain fast dyes, and the pretty colored stripes of blue or red or pink, that makes the sock look so attractive holds a deadly menace to a wounded soldier. It is stated that a soldier wearing a sock with the red or pink stripes was wounded in the leg, and the dye entering the wound caused infection. The danger from blood poisoning has been almost entirely removed by antiseptic dressings and the great care taken with soldiers' clothing. And we must be careful that in our zeal to do our prettiest for our lads that we do not create a new source of trouble.

So we must go back to the sober grey, and renounce for all war time the gay colors that made our sock look just a little different from every one else. Safety first must be our motto, even though it means giving up a little beauty and originality. While stripes are permitted, but all colors are to be taboo from now to the end of the war.

We must not forget that while the list of imprisoned Germans steadily grows longer, that the advantage is not all ours, and that our own boys are here and there falling into the hands of the enemy. And every Canadian soldier captured by the Germans is in added responsibility laid upon the Canadian public sitting safely at home. Prisoners in Hun land have only one hope and that is the generosity of the people for whom they lost their liberty. Everyone must have a hand in the splendid work of helping to feed these poor unfortunate ones. Send all subscriptions to Miss Dorothy Gunn, Secretary Prisoners' Club, 135 Kent street, London.

Everyone who is going away from for a summer vacation is taking an extra trunk or suitcase. This new piece of baggage is filled with yarn and material to be sewn into shirts or pyjamas or the hundred-and-one other hospital supplies. For the loyal Canadian woman is going to see that her war work will not suffer during the summer months. There will be terrible fighting on the western front this summer, and there must be tremendous sewing and knitting on the other western front, where the women of the Empire's true westland are showing that they are nowhere behind their men in their devotion to their country.

Stain on Dress. Dear Miss Grey—Could you or any of your Pagesites come to my assistance and tell me what will take a coffee stain out of a pale pink polka dot dress? I tried gasoline but the stain still remains. I would be very grateful if you could give me the desired information as soon as convenient, as I want the dress for a special occasion in the near future. Thanking you in advance.

P.S.—How is writing? Ans.—I am quite in despair over that coffee stain, for unless some Pageite can come to the rescue, I see nothing but the dry cleaners. To sponge with water containing a very little glycerine sometimes removes coffee stains, but may leave a mark. Sorry I cannot help you. Your writing is very good.

Who Can Help. Dear Miss Grey—As there seems to be so many weddings just now, I thought the enclosed, "Lovers' Luck," might interest the readers. There are in it you will take a tip from one who knows, you will not marry in March. I do not know how much truth there is in the old saying:

"Marry in the Queen Rose month of June,
And life will be one long honey-moon."

but it sounds good. I wonder if any of your readers can tell me what to do to keep my pen and ink sweet? I take every care to keep the creamers and churn thoroughly clean, but after a while, when only one or two old, seems rancid and not fit to eat. I have a small dash churn, and

Ans.—Oddly enough, some of the very same old-time superstitions that are recalled in your letter, were printed in our page a few days ago, you evidently missing them. Otherwise I should gladly reproduce the clipping, but, as it is, the article on the reverse side should prove of interest, and will be used on our page at an early date.

Some of our country readers will no doubt be able to tell you how to correct that butter-making fault. Is the cream too sour, I wonder, when churned? Who can help "Shirley"?

ENGLISH GENEVIEVE

"One From Old England," you didn't send your letter, offering me the pattern, and though I had it a year ago, still, a year is a long time to keep an address, isn't it?

Dear Miss Grey—You or some of your readers kindly send me the words and music of "Fencing on the Old Camp Ground." "When I Leave the Old Camp Ground," especially the first? What do you think of my writing?

I am 16, and still wearing hair-ribbons. Am I too old?

ANS.—Yes, little English gardening girl, you may come again, if it's only to tell of the progress of that garden. I hope you have plenty of "vegetables" and posies, too. As for the books, do you see volumes from the London Public Library? There is a regular "readers' house" of interesting reading there, both stories and the other kind. Books that you will like are "Daddy Long-legs" and "Dear Enemy." "Just David." "The Silver Maple." "Treasure Valley." "Rebecca of Sunnybrook Farm."

ANS.—That "fond adieu" is enough to melt the heart of even a "newspaper woman." If I assure you I'm made of something more substantial than paper, though, so of course I'll say "yes."

Does everything that you have used for the last mark include suits of lemon? Generally, this is very successful. The first application and a second is practically a sure remover. Wet the skin, sprinkle with the powder, place in the sun and rinse well at the end of ten or fifteen minutes.

Dear Miss Grey—So often I have enjoyed the various letters of your column, and at the same time I would wonder if I could be of any assistance. I am very much interested in the dreadful war that is now in progress. I have both relatives and friends in the firing line, yet I would do my utmost to help them if you please to send me the name and address of one of the "lonelies." What do you think about the cessation and outcome of this great war? As I am a new-comer, I will try not to be too familiar, and I will be welcome to all again, and I trust that by so doing, I may be of some assistance to the Pagesites.

What education is necessary before one can train for a nurse? And to what hospital should I apply? Please give me the principal details, as I am anxious to train, and expect to go to a hospital in the near future. I am, dear Miss Grey, your very truly, ANNE.

Ans.—The name of a "lonely" has been sent you. He is one without a mother, so I understand, so parcels of friends will be more than appreciated. Most of all, surely all are keenly thought of in the old days of the war, and it seems practically a duty to keep in touch with those who are in the world over and are predicting and hoping for. Our own little opinions, and pray—and pray.

A very general requirement for a can-didate entering to train as a nurse is that she be past her eighteenth birthday, and holds her entrance certificate, or its equivalent. If you have in mind certain hospital, address a letter to "Lady Superintendent" of the institution, stating your desire, and for a circular, giving the necessary qualifications. All inquiries will do not be supplied in answer to your query.

We hope to hear from you again.

Wishes It Was More.

Dear Miss Grey—Inclosed find \$1 for the prisoners' fund. I wish it was more.

I wonder if any of the helpers could tell me of a way to bleach a white cloth that is darker than my hair? And, Oidgie, ANNE.

Ans.—You will see elsewhere how wonderfully our prisoners' fund has increased. If you have in mind certain hospital, address a letter to "Lady Superintendent" of the institution, stating your desire, and for a circular, giving the necessary qualifications. All inquiries will do not be supplied in answer to your query.

Enjoy Mothers' Letters.

Dear Miss Grey—I do enjoy the Page's much, especially the letters from dear mothers write, telling how to raise children. That one from a clergyman's wife is grand. I show it to such a noble and kind life lived by a woman. I have a grand old time with it. I have had such grand mothers and we children would follow their teachings.

Ans.—I am writing especially to send you a lonely soldier's address. He is stationed in the 1st Battalion from Petrolia. His mother is dead and I feel certain he does not receive many parcels. He is a good Christian boy and only 21 years of age. He has been badly wounded, but is back in the trenches again. Give some one who will be so kind as to send him a parcel.

Any of our readers know that to plant sweet peas in the fall, just before the ground freezes up, is an excellent idea. I have planted them two weeks before Christmas and had lovely peas. Dig a trench about one foot deep, and cover the trench level with the ground. In the spring scrape out trench until dirt is all removed, and an inch or so above the seed. As the peas grow fill in earth until level again. You will have peas blossoming in May and stand without wire.

Yours truly, MARION BERNICE.

Ans.—I have already sent the young man's name to an inquirer, and doubt there will be special requests for it after the appearance of your letter.

That hint of yours about growing sweet peas is a very good one. I'm making a plan to do it. And do you know if they do better planted in a row running north and south, rather than east and west?

Your private message interests me very much, but of course it leaves me quite "in the dark."

Has Tried Everything.

Dear Miss Grey—Would you please help a poor body in distress? I have one terrible rash stain on a white wash skirt. How can I take it out? I've tried everything I can think of, but that "blooming" thing still sticks. Say, you don't know how I enjoy all the scraps and quarels—just "love" ones of course—that go on through the Mail-Box often. I've felt tempted to join in myself, but really—I've felt shy!

By the way, did "Dad" ever loosen up? I was away for a while and missed the papers. And where, oh where, has "Just a Minute" disappeared to? Or did I miss a letter from him, too?

Well, I must pester you with that eternal question as to writing "cause if I don't, I'll assume you're a busy bee. I'll send you a medal, or something on that order. Just write for me, Miss Grey. Until then I bid you a fond adieu.

Ans.—That "fond adieu" is enough to melt the heart of even a "newspaper woman." If I assure you I'm made of something more substantial than paper, though, so of course I'll say "yes."

Does everything that you have used for the last mark include suits of lemon? Generally, this is very successful. The first application and a second is practically a sure remover. Wet the skin, sprinkle with the powder, place in the sun and rinse well at the end of ten or fifteen minutes.

Rent Must Be Paid. Dear Miss Grey—I rented a house by the month and paid a month's rent in advance. Can I vacate the house without giving any notice?

Know in rooming when paying for rooms in advance, one can leave them at any time, either weekly or monthly, without any notice whatever, provided the order is not in arrears, although in all cases it is customary to give notice. Does it apply the same in taking a

SIXTEEN-INNING TIE
SENATORS VS. INDIANS

WASHINGTON, D.C., June 12.—Washington and Cleveland played sixteen innings today to a 2-2 tie, the game being called on account of darkness. Cleveland scored in the fifth and the Indians in the seventh, and each added a run in the tenth. Morton and Shaw, respectively, in the eleventh, after batting had been sent in to hit for them. Shaw walked the first two men to face him, and was taken out in favor of Johnson, who pitched brilliantly for the remainder of the game, allowing but one hit, and striking out eight men. Kingfisher, Okla.—For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor told me I had a kidney trouble and to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no more pain, backache or dizzy spells. Everyone tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it.—Miss Nina Southwick, R. F. D. No. 4, Box 32, Kingfisher, Okla.

AN OYSTER SHELL
REVOLUTIONIZED BASEBALL

Back in the early 70's a pitcher named Cummings was amusing himself throwing the missiles. He noted the sudden shoots and after experimenting the knowledge thus gained to a baseball and finally was able, by wrapping two fingers about the ball and snapping his wrist, to force the leather to change its course and drop into what is now called an outcurve.

Scattered along the highway of the forty odd intervening years there have been occasional corners when new and puzzling ways of delivering the hook have been uncovered. There came the straight drop, the inshoot, which was, and is, nothing more than a fast ball with a hop on it. Jack Chesbro and Sumners can show you something new, spoke up Cobb.

What—this so-called knuckle ball of his? laughed Griffith in derision. "I'll tell you what I'll do," came back the Georgian. "I'll let you see that you can't catch two out of three pitches."

You're on," shouted Griffith. Snatching up a big mitt Clark stepped out alongside the railing that separated the stands of old Bennett Park from the playing field.

Sumners, lazily unwinding himself from another end of the bench, and biting off a big chew of tobacco, picked up his glove and taking a ball from his hip pocket followed.

He warmed up for a minute or so. His first knucker banged against Griffith's chest.

"Come on, throw it!" snapped Griffith. Sumners let loose with the twelfth, and this ball carried off the catcher's mitt. There came another pitch and the ball fell completely away from the claws that were reaching for it.

Griffith threw down the big mitt and quit.

AMERICAN ASSOCIATION CLUB OWNERS IN SESSION
Chicago, Ill., June 12.—Club owners of the American Association met in special session here today to discuss a new schedule to be added to the present schedule of 112 games. Scheduling of the additional games was made necessary owing to the cancellation of the inter-league series with the International League under the new arrangement, the season will lose arrangement 18, a few days earlier than usual.

WASHINGTON, June 12.—Lee Fohl, manager of the Cleveland Indians, unlike rival managers in the American League who have expressed their feelings on the subject, believes in artillery.

Fohl has an idea that kicking favor for victory is on the side with the biggest gun. He is pointing to Tris Speaker, Wanda's son, and others. Fohl announces he is going to have something to say about this pennant fight for the little while more.

He also places a great deal of dependence in his kid pitchers, combining their strength with the probable return to form of Joe Wood and Guy Morton.

Morton has proved he has something left of his old skill, but Wood is still as much of a mystery as he was six months ago. He has started once and was beaten, although he hurled nicely against the Yankees.

"Continuous warm weather," will make a big difference in Wood," said Fohl. "If he shows us anything we will cut a figure in the pennant fight."

Bagby, Gould and Lambeth, youngsters all, are holding up the big burden on the Cleveland staff. Coveleskie has shown the best form, and has won the most games, but the young fellows are carrying the brunt of the defense.

Wild Throw by Witt Hands Game to Detroit.

TY GETS TWO TRIPLES
Frank Baker Up to Old Tricks With Home-Run Swat.

PHILADELPHIA, June 12.—A wild throw by Witt and Heilmann's ground-er allowed Young to score the run which decided today's game in favor of Detroit, 3 to 2. Mitchell was very effective except in the third inning, when two hits, a sacrifice, an out and an error gave Philadelphia two runs.

Cobb made two triples in four times at bat. Score: R.H.E. Detroit 0 0 1 0 0 1 0 3 7 2. Philadelphia 0 0 2 0 0 0 0 2 6 2. Mitchell and Spencer; Schauer and Schang.

FRANK BAKER PROVES HIS VALUE TO YANKS
NEW YORK, June 12.—After Baker tied the score for New York in the ninth inning with a home run, coming with Pipp on base, the Yankees scored out Chicago in the twelfth inning today by a score of 4 to 2. Beckin-ridge scored the winning run on his double and Hendrix single. Lavey, who finished the game for New York, has now pitched 28 consecutive innings without allowing a run.

Score: R.H.E. New York 0 0 1 0 0 0 0 4 1 1. Chicago 0 0 0 0 0 0 0 2 9 3. Cloutie and Schalk; Morridge, Russell, Lavey and Sumner.

NOMINATIONS FOR THE ADVERTISER'S BIG \$16,000.00 PRIZE CONTEST ARE COMING IN FROM EVERY DIRECTION

Information, Rules and Conditions of The Advertiser's Big Prize Contest

Everyone over the age of 16, who is of good character, whether married or unmarried, old or young, is eligible to compete in this Prize Contest. This means men, women and children over 16 are acceptable as candidates.

Candidates may nominate themselves. Nominations must be accompanied by the proper address of candidates.

No employee of The Advertiser or members of an employee's family can enter or compete for any of the prizes.

The Advertiser reserves the right to reject any nominations.

Nominations may be made at any time during the Contest.

Vote coupons good for 100 votes will be published in The Advertiser, which, when neatly cut out, name filled in, and brought or mailed to the Contest Department of The Advertiser, will count for the amount thereon.

Votes cannot be purchased. They must be secured by clipping them from The Advertiser or by securing subscriptions.

All remittances must be accompanied by subscriber's name and address.

All votes issued on subscriptions are good until the end of the Contest, and will be polled at the discretion of the candidate or subscriber.

Candidates who seek to lessen competition by discouraging other competitors, or whose friends endeavor to lessen competition by the same means, will be disqualified, and dropped from the Contest.

Votes are not transferrable except under the following circumstances: If a candidate wishes to withdraw from the contest he or she may change the votes to a suitable substitute, but said substitute must be a new candidate who has not been before accepted in the contest.

A committee of well-known businessmen will be selected by The Advertiser to count the votes and decide upon the prize-winners.

The Judges' Final Count of votes will be made in public, and all candidates and their friends may witness it.

All Contest records will be open to the inspection of the candidates, the day following the Judge's Final Count of votes.

Cash must accompany all subscriptions where votes are to be issued.

The list of candidates and the number of votes polled will be published periodically during the Contest.

Active voting begins June 15, but candidates may start subscription-getting at once.

In case of a tie, the prize will be equally divided among those polling a tie vote.

The Advertiser reserves the right to alter the rules and regulations or any of the offers except a reduction in the prize list, for the protection and the best interests of the candidates and this newspaper.

The Advertiser guarantees fair treatment to all contestants and should any question arise a decision of the management will be considered final and absolute.

No statement or promise made by any solicitor or agent varying from the rules or statements published in The Advertiser will be recognized in the contest.

Candidates influencing or attempting to influence any of the Judges shall forfeit all rights to a prize.

A candidate is not required to be a previous subscriber to The Advertiser to enter the competition.

Persons who enter and take part in this Prize Contest, bind themselves to abide by the foregoing rules.

In each case it was a request for receipt books to be mailed at once so the candidates could commence work. If you did not receive your supplies this morning do not be disappointed as they were mailed last night and you will no doubt get them this afternoon.

"Will there be an automobile given away in each district?" was one inquiry yesterday morning. Yes, there will be a five-passenger automobile given away in each of the eight districts. There will be a Grand Prize, which will be a larger touring car. REMEMBER---there will be \$1,000 in Cash given to the winner of the Grand Prize to be donated to some patriotic organization by the successful candidate.

It will cost you nothing outside of a little effort to win the Grand Prize, which will be a Large Touring Car, also the \$1,000 in Cash to be given to any patriotic organization in the district the candidate may select.

Send Your Nomination In Today!

Candidates may start now to canvass for subscriptions and secure the assistance of their friends. Call at The Advertiser office and see the contest manager, or phone or write him and all information, receipt books and supplies will be mailed at once.
