BEAUTIFUL COMPLEXION

How to Secure One and Enjoy the Best of Health in Nature's Way.

Healthy beauty is the only kind that charms. Of what avail is the sallow prettiness of an invalid? A Second John A. Sir John Macdonald, being once open to him. In those times, candidates for Parliament were as hard to be a military officer than a Liberal, come by in political parties as they are today. But, perceiving in this young man a fine public spirit, a bright intellect, a warm, optimistic temperament, sincerity of purpose, a temperament, sincerity of purpose, a clear character, a wish to be useful to his fellowmen, the Conservatives of Kingston "pitched" upon him as having the promise and potency of a useful member of Parliament. He was elected by a majority of 184 in a total vote of 269. History often repeats it-

Such gross stupidity would ruin any party organization.

A Tory Preserve.

The sneer of a speaker at the Conservative meeting on Saturday night about "Grit monkeys in the King's uniform," while it indicated in that particular instance nothing more than the billingsgate orator's penchant for saying what he considers "smart" things, is yet illustrative of an underlying sentiment to be found in many Conservative quarters that the Lib- the British taxpayer prefers? have no proper place in the military service. In that very section, volunteer organizations had previously been ruined by that very process, and Mr. Fisher, very properly, did not propose to let it occur again. At all events he insisted that if Tories were to be in office they should have some military qualifications.

Everyone remembers the result. It was the last straw on the back of Lord Dundonald.
