## MIDSUMMER SALE.

## SATURDAY WILL BE Hosiery Day

ON SATURDAY we will make a Display of **SPECIAL VALUES** in Ladies', Misses' and Children's Cashmere Hosiery and Cotton Hose. We'll show an immense variety at special

### Midsummer Sale Prices!

You remember our Hosiery Sale last year. It was a big success, and the values we gave at that time are still fresh in your memory.

We are planning to make Saturday's Sale both larger and better than last year. Our **Special Prices** will do it.

Come in on Saturday and have a look at the display, whether you wish to buy or not. Come early, while the assortment is at its best.

## CITY WELCOMES ORANGEMEN

### ALD. POTTER IS SUCCESSFUL

Improvements To Waterworks Station Can Be Started at Once

### Municipal Board Approves Of City's Plans—Important Decision

Ald. Potter is rejoicing over the splendid success with which he has met relative to the Electric Light Plant By-law. A few days ago declarations were made by Ald. Potter, Mayor Stone, City Engineer Jones and others by which an order was sent to the Ontario Railway and Municipal Board at Toronto, asking that a by-law to raise \$15,000 by debentures for the improvement of the electric light plant, be approved of without being submitted to the ratepayers. A return letter was received almost by return mail stating that the by-law had been approved of by the Municipal Board. The Secretary stated that he was specially directed by the Board to thank the people who made the report. He said that it was the most complete report that was ever received by them and was satisfactory in every respect. The matter will be taken up and thoroughly discussed at the Council meeting next Monday night. The following is a copy of the letter received from the Board by Lewis & Richards, city solicitors.

Toronto, July 10, 1907.

Re Chatham Electric Light extension Debentures:

Dear Sirs,—I have the honor to acknowledge the receipt of your favor of yesterday, with enclosure herein, and to advise you that the Board considered your application this morning, and has approved of the same, and in connection therewith, directs me to communicate to you their appreciation of the excellent way in which you have presented this case. The Board considers your material and proof most satisfactory in every way.

I have the honor to send you herewith the Board's formal order approving of the by-law in order that you may be able to lay the same before your clients in time for the proposed meeting Monday night.

I have the honor to be, Sirs, your obedient servant,  
H. C. SMALL,  
Secretary Ontario Railway and Municipal Board.

TO FREE MRS. CHADWICK.

Attempt Made to Have Ohio State Law Applied.

Columbus, Ohio, July 12.—The attorney for Mrs. Cassie L. Chadwick has announced his intention of procuring from the Attorney-General of the United States his opinion whether Mrs. Chadwick is eligible to parole under the rules of the Ohio State Prison, to which she was sentenced. It has been supposed that Federal prisoners confined here were not eligible to such release, and it has never been attempted, but Judge Taylor of the Federal Court at Cleveland held in a case last week that Federal prisoners committed to state institutions are subject to all conditions of such prisons.

Mrs. Chadwick has been in prison two years and six months. When she has served three years and two months, the shortest sentence prescribed by law for the crime of which she was convicted, she will be eligible to parole if the Attorney-General holds she comes under parole rules.

RAILWAYS BLAME MERCHANTS.

Freight Congestion in Montreal is Fault of Shippers.

Montreal, July 12.—The C.P.R. and G.T.R. are blaming the merchants for the congestion of the freight in this city and in a joint letter to the Board of Trade they say: The serious delays to the teams clearly demonstrate the fact that the facilities at the warehouses of many of the consignees are altogether inadequate to permit of the prompt unloading of the freight. Similar delays have also occurred in the loading of teams with outward freight. We feel justified in making the statement that some merchants at least are endeavoring to conduct a largely increased business in premises totally unsuited to present requirements and in which no additional provision as compared with some years ago has been made for prompt unloading of teams.

ABANDON ALL-RED ROUTE.

Rumors to This Effect in Circulation in London.

London, July 12.—Though rumors are in circulation that the Government are inclined to abandon the proposal to create an all-red route, the special committee appointed to consider the scheme is, however, still sitting. The reports, therefore, can scarcely be justified, though the Glasgow Herald states, the reported action of the Australian Government may cause a hitch.

### BATTLE OF THE BOYNE CELEBRATED IN CHATHAM

One Of The Largest And Most Successful Orange Demonstrations Ever Held In The Maple City — Excellent Speeches Given

The roll of drums, the piping of fife and drum bands, the blare of brass instruments, and the warlike tread of many feet filled the Maple City with martial sounds this morning. From an early hour in the morning until far into the afternoon the festivities were continued, and the Twelfth of July, 1907 will be long remembered as witnessing a mammoth Orange celebration, the equal of which has seldom been known in Chatham.

The Glorious Twelfth was marked by glorious weather, glorious crowds, glorious decorations, and, what is better, a right loyal glorious time. Had the shade of King William of Orange—whose figure mounted on a prancing milk-white steed, might be seen emblazoned on the banners and floats—been able to visit Chatham to-day, he would surely have been well pleased with the pomp and ear-fulness with which the anniversary of the Battle of the Boyne was celebrated by his sons and daughters.

Great credit is due the local and county brethren for the splendid arrangements made for handling their guests. Train-load after train-load of gayly clad humanity kept pouring into the city all morning. As each lodge arrived, the Orange Young Britons, headed by a fife and drum band, went out to the depot to meet them, and marched them to their quarters for the day. The city streets were black with people all day long, and the bright uniforms and sashes worn by the officers of the Orange Order gave a picturesque touch to the surging throng that was unique and pleasing. The bands never ceased. Some of the bands were playing all day long, and file after file of the visitors were marched up the streets to their hotels.

The L. O. O. F. auditorium was rented for the day for the use of the members of the Ladies' Orange Order. The lodges which had arrived up till noon were:

Huron, 44, and Bismark, 262, of Port Huron.  
Star of the West, 195, Colville, 608.  
Sarnia Reserve, 871.  
Brigden, 610.  
Wilkesport, 988.  
Petrolia 1096, of Port Huron.  
Advance Lodge, of Dawn.  
South Park Lodge, Port Huron.  
North and South Kent.  
Essex.  
Windsor.

Five lodges from Detroit. There are over one hundred members of the Ladies Orange Lodges the guests of the city to-day. Their headquarters are at the L. O. O. F. Auditorium, which has been suitably decorated for the occasion. The ladies' lodges which are represented are Lipperville, Port Huron, Cottam, Essex, Detroit, Walkerville, Walpole Island, Blywood, and Leamington. The ladies dined at Hotel Miles, while the majority of the gentlemen of the Order had dinner at the Salvation Army Barracks. It was originally the intention to have the ladies conveyed in hacks during the procession, but owing to the scarcity of vehicles, they had to march on foot with the male members of the various lodges. Each ladies lodge was marshaled by its respective Mistress.

Tecumseh Park presented an animated picture shortly after the noon hour to-day. Numbers of refreshment booths had sprung up as it were, and these were freely patronized. It is on occasions like this one, that Chatham's pretty cheering spot is properly appreciated.

For a time it looked as though the Park were under siege of the Orange Order. From every direction came bands and horsemen, followed up by the men on foot. They marched in to the strains of warlike music. The Park was an easy capture, for everything in the city is thrown wide open to the Orangemen to-day. Many of the lodge members were attired in orange or red shirts, and everybody wore colors. While the crowd were waiting for the procession to form up, the bands discoursed music, and this did much towards enlivening the day's proceedings.

The Kent County South Lodge lined up on Colborne street, Kent County North on Murray street, Essex on Stanley avenue, Lambton on William street, and Detroit and Port Huron on the Park. Each lodge was formed up and led in the procession by its marshal. The lodges all had banners and floats, many of them

magnificent and costly affairs, representing King William crossing the Boyne, and other scenes characteristic of the Order and of the day being celebrated.

There are princes as well as paupers in the ranks of the unemployed.

### RUN DOWN BY A FREIGHT

Marcellus Anderson Was Injured At William St. C. P. R. Crossing

### Drove Over Tracks In Spite Of Warnings Of By-standers

Last evening at about eight o'clock a serious accident, which might have proved fatal, happened on Queen street at the C. P. R. crossing.

Marcellus Anderson, a colored gentleman who drives a coupe, was returning from the Grand Trunk station last evening, and when crossing the C. P. R. tracks was struck by a passing freight train. Several bystanders motioned to him to stay back, but he heedlessly drove on. After 7.30 o'clock the gates are not lowered and a passerby is to look out for his own safety.

The horse was nicely over the track when the locomotive smashed into the vehicle, throwing it up against the fence and thus allowing it to alight on the sidewalk. Mr. Anderson was thrown to the pavement and striking his head on the curbing, was rendered unconscious, and received a contused and lacerated wound in the scalp. The cut is about four inches long. Dr. McKeough was summoned and arrived on the scene in a short time and dressed the wounds. Mr. Anderson says that the only thing he remembers is going up into the air and falling on the pavement. The horse was severed from the rig and run down street. The coupe was completely destroyed, the wheels and springs being broken, the front gear- ing torn from the body part, and on the whole the rig is badly broken. Luckily no one was in the rig, as it is a closed affair and it would be impossible for a person to get free.

### MAY ECLIPSE ORCHARD

Boise, July 12.—Charles H. Moyer, the prisoner-President of the Western Federation of Miners, took the stand again yesterday for cross-examination by the state in the Haywood trial.

Moyer has told a straight story, and the impression he created was favorable in the extreme. The position of the prosecution, however, is that Moyer has made an impression sufficient to show that their claim of the intimacy between Orchard and Haywood is well founded.

It is probable that Fred Miller will go on the stand after Moyer, but the defence may again pass him until Haywood has been heard. Haywood in direct cross-examination may take the remainder of the week, though it is now possible that the defence may close by to-night.

It was rumored yesterday that the repudiated confession of Steve Adams will be brought in in the course of the rebuttal. Counsel on both sides are non-committal with regard to admissions, the defence declining to say positively that they will put him on the stand. Should they do so, counsel for the state expects to be able to introduce the confession. Another rumor is that Adams has withdrawn his repudiation of certain portions of the confession, and that he will permit a part of it to stand. The original of the amended confession is in the hands of counsel for the state. It is said to contain much sensational matter, and should it be brought out it is believed the criminal record achieved by Orchard will in certain respects be eclipsed by the story Adams is said to have told and then withdrawn as untrue.

Haywood's Denials.

Haywood's direct testimony yesterday was characterized chiefly by positive denials of allegations made against him by the prosecution.

He denied that he met Orchard until some time after the Vindicator mine explosions.

He denied that he sent Orchard back to Cripple Creek to blow up the Independence Station.

He denied participation in the murder of Detective Lyte Gregory.

He denied suggesting or discussing the Steunenberg murder.

He swore that he never gave Orchard any money at any time, or any place, for any purpose.

He declared that he never made a threat against Steunenberg, whom he regarded only as a politician swayed by capitalistic influence.

He related a number of occasions when he met Orchard in Denver in the ordinary course of his relations with the federation and George A. Pettibone, and said he saw Orchard for the last time in August, 1906, when Orchard told him he was going to Alaska. Haywood said he then chided Orchard for deserting his wife at Cripple Creek.

That is the best government in which an injury to one is the concern of all.

OUR ANNUAL SALE OF

## HAIR BRUSHES

WILL COMMENCE

Tuesday, July 2nd

AND LAST FOR TEN DAYS

We will give Hair Brushes at one half their value for these ten days and we want every one of our customers to come and get at least one of these bargains. Nothing but good reliable brushes will be put in this sale.

### BANNER FINALLY SEES IT.

It is rather amusing to note the trouble the Banner is having in trying to figure out where it stands on the waterworks question, and also its attitude towards the recent imprudent decision of the Water Commissioners, to force meters on all water takers for lawn services. Side-stepping has been the order of the day in the Banner office, ever since the question first came up. In their first article they seemed to censure the Commissioners. A few days later they took up arms for these same Commissioners. Next they made a deliberate attempt to introduce politics into the discussion and tried to make out that the criticisms were the result of political animosity. Evidently they have realized the ridiculousness of the latter alleged argument, for last night they again switched their colors and handed out some advice to the Water Board themselves. This is what was said:

"It would be in order were the Commissioners to have a man go down the main streets for a few evenings after five o'clock, and locate those who are using water for lawns in violation of the present rules. Lawns were made to be rendered effective; and because the people who are violating those laid down by the Water Board seem to consider themselves of consequence, is no reason why they should be allowed to go scot free, when less important persons would suffer for their pains."

We do not know whom the Banner classes as "important" and "less important," but we do believe in a com-

mon law for all people. It is our great pleasure to agree with our contemporary, however, upon the point in question, and we only wonder that they did not see it long ago. What The Planet has contended from the start is that the present regulations should be strictly enforced. If these regulations regarding lawn sprinkling were properly carried out, and if the Commissioners would perform their public duty by seeing that they were, there would be little necessity for the burdensome meter regulation, which would punish the guilty and innocent alike, and which was conceived for the purpose of bringing about the same state of affairs that the enforcement of the present regulations would accomplish.

### BOW'S THIS.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Take Hall's Family Pills for constipation.

The space between a man's ideal and the man himself in his opportunity.

The hatred of knaves is preferable to their company.

### OIL BOOM ON

Windsor, July 12.—The expectations of a number of Walkerville people that there would be something doing the development of the oil and gas wells in Sandwich East have reached that advanced stage where companies are being organized and spectators are asked to venture a few hundred dollars on the bounty of nature.

H. A. Walker, H. C. Walker, P. Dugal and J. Dugal are the organizers of a company with a capital of \$40,000 to secure leases of oil lands in the township and develop them on a large scale. The promoters of the company have several samples of oil rock they are showing their friends and an odor of petroleum is an indication of quality or quantity the place where those samples came from must be an oil bonanza.

### FATAL FIRE WAS

#### FORETOLD IN DREAM

Lowell, Mich., July 11.—O. J. McClellan, a laundryman, was killed and five buildings were burned, with a loss estimated at \$10,000, in a fire here last night, of which H. H. Reed, one of the heaviest losers, had been warned by a Spiritualist medium.

The fire originated in the McClellan laundry about 2:30 o'clock and was well under way before it was discovered by members of the McClellan family, who reside upstairs.

In endeavoring to escape Mr. McClellan grasped a live wire and was instantly killed. His wife, in trying to save him, was dangerously shocked. Lawrence Culp with difficulty removed her from the side of her husband.

There is no greater misfortune than not to be able to bear misfortune.

The gods alone know what kind of a wife a man will have.

### PAINFUL ACCIDENT

Blenheim, July 11.—Mr. Wm. Snow, farmer and ice man, had a nasty accident last evening. He was driving on a load of hay, and when in front of the Canada Flour Mills he met a couple of automobiles. The team shied, but could have been controlled had it not been for the tongue of the wagon booming unfastened, and they hauled one side of it up the grade leading to the platform at the mill, while the other wheels were much lower. The load was upset and Mr. Snow was thrown heavily to the ground and rendered unconscious. He will be laid up for some time, but was fortunate in escaping without any broken bones.

### A MOTHER'S REVENGE ON DAUGHTER'S BETRAYAL

La Plata, N. D., July 11.—Priscilla Bowie, the young woman on whose account her mother and brother shot Hubert Posey last January, took the stand to-day at the trial of Mrs. Bowie and her son, Henry, and sobbingly told the story of the event leading up to the tragedy. When she had finished her narrative she was on the verge of collapse, and a large portion of the spectators who crowded the court room were in tears.

Mrs. Bowie preceded her daughter in the witness chair, and without hesitating declared that she and her son fired the shots, one of which ended Posey's life. Young Posey, she said, was a cousin to her children.

"He had been going regularly with my daughter for four years," she continued, "and when she was 17 years old he asked her to marry him when he became 21 years old."

Mrs. Bowie declared she heard Posey himself make the promise. This was after her daughter's condition had been revealed to the mother. Last Thanksgiving Day was the time set for the wedding, but Posey did not appear. The witness then described the meeting with Posey on the day of the shooting.

### CATTLE MARKETS.

**Montreal Live Stock.**  
MONTREAL, July 10.—(Special).—About 200 head of butchers' cattle, 250 calves, 50 milch cows, 400 sheep and lambs and 200 fat hogs were offered for sale at the East End Abattoir. Nearly one-half of the small stock did not reach the market until nearly noon. A few head of choice western cattle sold at from 50 to 75c per lb. None of the others brought over 25c per lb., and from that down to 25c per lb. for small bulls.

There was quite a number of good milch cows on the market, but even these are dull of sale, and 25c is about the top price, and from that down to 20c for the smallest ones.

Calves sold at from 25c to 30c each. Shippers paid 45c per lb. for good large sheep. Lambs sold at from 25c to 30c each. Good lots of fat hogs sold at from 20c to 25c.

### East Buffalo Cattle Market.

EAST BUFFALO, July 10.—Receipts, 25 head; dull and prices unchanged.

### FOY TO PROSECUTE.

Col. Sherwood Hands Counterfeiters Over to Provincial Authorities.

Toronto, July 11.—Although arrested by Dominion officials, the gang of counterfeiters under arrest will be prosecuted by the Ontario Attorney-General.

Col. Percy Sherwood, chief of the Dominion Secret Service, saw Hon. Mr. Foy yesterday and asked him to take over the prosecution. Mr. Foy consented.

The object is to centralize the prosecution, if possible. Although Lind-say seems to have been the headquarters of operations, only one was arrested there, two being captured at the Michigan "Soo" and one at Montreal. The department is considering the advisability of prosecuting all at Lindsay.

### IT RINGS IN YOUR EARS.

That same cough is everywhere you go, deep and hollow because consumptive. First it was catarrh, which could have been cured by Catarrhose. Moral, never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhose. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhose is the great throat, nose and bronchial remedy to-day. Thousands use it, doctors prescribe it, why, because it does relieve quickly and cure thoroughly. Two sizes, 25c. and \$1.00, at all dealers.

### DARKNESS FOR OTTAWA.

Dispute Between City and Electric Light Company Serious.

Ottawa, July 11.—Ottawa City is in a serious position. In the morning, without light. The Ottawa & Hull Power Company has given until July 20 for the signing by the Ontario Hydro-Electric Commission, which really means the city, of a new agreement for the supply of power for the civic electric plant.

The company submitted to Hon. Adam Beck and Mayor Scott a couple of days ago an agreement which it would accept in place of that endorsed by the city council and which the Hydro-Electric Commission was trying to have the Hull & Ottawa Company sign.

The main point of difference between the city and the Ottawa & Hull Power Company is over the rebate question.

Each city dry, full of sap. It never gets damp or lumpy.

Those who love roses will undoubtedly dry and spice their leaves in June that they may preserve them for the filling of sachets next winter. No manufactured powder is half so sweet as dried rose leaves. Moreover, they can be used alone to fill a sachet and without recourse to cotton and wool for their holding, as is necessary with the use of powders.

The placing of many sachets among things worn gives to the personality an elusive, sweet scent which is as well delicate and refreshing. At the same time it is now regarded as bad form to wear little sachets tucked inside of bodices. It may, however, be remembered that this was customary a few years ago.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or dried rose leaves. The magic by its use. Large nickel-capped glass jars 50 cents.

Sold by All Dealers.

On trial for over 50 years.

### OUR GROWING TIME

Population Over Six and a Half Million.

Statistics From Ottawa Bureau Show Canada's Rapid Growth—Immense Increase In Production of the Larger Manufacturing Establishments—Products In 1905 Represents a Value of \$717,118,092.

Ottawa, July 11.—A bulletin issued by the Bureau of Census and Statistics showing the growth of Canada's manufacturing establishments during the past six years, and giving the comparative average production per establishment in 1901 and 1905. The various industries are divided into three groups: First, those with products of between \$200,000 and \$500,000 per establishment; second, those with products of between \$200,000 and \$1,000,000 per establishment; and third, those running over one million dollars per establishment.

Compared with the census of 1901, there were in the first class 173 works producing each \$500,000 and over in 1905, as against 72 in 1901; in the second class there were 63 works producing \$750,000 and over in 1905, as against 24 in 1901, and in the third class there were 13 works producing \$2,500,000 and over, as against 6 in 1901. There were four works in 1905 producing each \$5,000,000 and over, whereas not one factory had reached the amount in 1901.

The greatest volume of production by a single factory in 1905 was over \$8,000,000, and the greatest in 1901 was under \$4,500,000. The production of all works in the year 1905 was \$481,053,371, and in 1901 it was \$717,118,092.

In the third class there were four Canadian sugar refineries producing on the average \$4,000,000 per annum, nine smelting establishments producing on the average \$2,899,707, twelve slaughtering and meat packing establishments averaging \$1,687,481, six flouring and grist mills averaging \$1,715,338, and three agricultural implement works averaging \$1,725,737.

All told, there were in 1905 eighty-one establishments with an annual production of over one million dollars each, as compared with thirty-nine in 1901.

Canada now has a population of over six and a half millions. The Department of Census and Statistics has found that on the first day of April, this year, the population of Canada was, as nearly as could be estimated, 6,504,900. This is a growth of population in six years, since the last census, of 1,133,558.

The total population in 1901 was 5,371,341. If the present rate of growth is maintained Canada will show a population of over seven and a half millions when the next census is taken.

April 1 the immigration has totalled over 100,000, so that the total population at the present date is in the neighborhood of 6,600,000.

**TRACTION MERGER A TRUST.**

Court Decides That Merger is a Monopoly.

New York, July 11.—Judge George C. Holt, in the United States Circuit Court, Tuesday stamped the Ryan-Belmont traction merger a monopoly in violation of the corporation laws of New York and paved the way for the dissolution of the iniquitous combine.

The decision is the most important in its bearing upon the local transit situation that has been rendered since Ryan and Belmont effected their notorious combine of all the transit facilities in Manhattan. It means that a battle royal must be fought for the control of the streets of New York, with the issue strongly and sharply drawn between competition and monopoly.

To Ryan and Belmont personally it means that they must vindicate their legal rights to the \$108,000,000 of water which they pumped into the Interborough-Metropolitan Co. at the time of its formation as well as the millions of profits of the combine which are to be realized in the future.

**ENGINE BLEW UP.**

Engineer and Fireman Blown Twenty Feet in the Air.

Montreal, July 11.—A freight engine of the Central Vermont blew up near St. Albans, smashing into a thousand pieces. Three men were seriously injured. It also smashed a number of loaded cars and tore up the track.

Driver James Scott and Fireman Robert Wood were buried 20 feet away and terribly mutilated. Brakeman George Stanton was on top of the car next the engine. He was hurled through the air, lighting in the ditch, fracturing both arms.

The conductor was unhurt. He waded up and down the line of the wreck. Nothing was left of the engine, at all.

**Five Year Medical Course.**

Ottawa, July 11.—When the Ontario Medical Council meets at Toronto next summer it will likely have met at the virtually important suggestion to formally ask all the Canadian universities to make their present medical four-year course a five-year one.

**King's Physician Dead.**

London, July 11.—Sir William Henry Broadbent, physician in ordinary to King Edward, and the Prince of Wales, and who for a long time attended the late Queen Victoria, and others of the royal family, died yesterday. He was born in 1835.

**Riding Master Killed.**

New York, July 11.—Vincent Di Marco, riding master, who had taught the equestrian art to many of the society women of the younger set in New York, was killed on the bridge last Tuesday night.

### A PRETTY MILKMAID

Thinks Peruna is a Wonderful Medicine.

**MISS ANNIE HENDREN.**

"I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin."

"I can now do all my work in the house, milk the cows, take care of the milk, and so forth. I think Peruna is a most wonderful medicine."

"I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good."

"Peruna has made me a well and happy girl. I can never say too much for Peruna."

Not only women of rank and leisure praise Peruna, but the industrious, useful women engaged in honest toil would not be without Dr. Hartman's world renowned remedy.

The Doctor has prescribed it for many thousands women every year and he never fails to restore a multitude of letters like the above, thanking him for his advice, and especially for the wonderful benefits received from Peruna.

**ABSCONDER A LUNATIC?**

Plea That May Be Entered on Behalf of Runyan.

New York, July 10.—That a plea of insanity may be the defence of Chester E. Runyan, the paying teller of the Windsor Trust Co., who is charged with defaulting with \$36,000 of the Trust Co.'s funds, was indicated by his counsel when Runyan was arraigned in court yesterday.

On behalf of Runyan, his counsel entered a plea of not guilty of the charge of grand larceny, and asked for an adjournment until Monday.

He said he had been informed that the prisoner's maternal grandmother had died in an insane asylum, and that Mrs. Runyan believed her husband's mind was affected.

Another Arrest.

New York, July 10.—Late yesterday the police arrested Harry Kirkstein, a telegraph operator, 22 years old, on a charge of acting with Mrs. Laura Carter in receiving and disposing of \$5,000 stolen from the Windsor Trust Co. by Chester E. Runyan.

**Verdict for Dr. Pierce**

AGAINST THE Ladies' Home Journal.

Sending truth after a lie. It is an old maxim, but it will always save leagues while truth is getting its boots on, and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, which never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other injurious, or habit-forming, drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever; and that Mr. Bok's malicious statement were wholly and absolutely false.

The retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription" from eminent chemists and found them to be entirely correct and that they had no right to publish the article containing such false and defamatory matter.

These facts were also proven in the trial of the case in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was, however, brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. The libelers came to grief and their base slanders were refuted.

The days are at their longest, but the gas meter and electric light meter are still doing business at the same old stand.

Prudence supplies the want of every good.

### ERNEST BRISCO SAVES A MAN FROM BURNING

Charles Shaw, of Raleigh Township, had a narrow escape from being burnt to death to-day. While walking down King street in the neighborhood of Brisco's store he was noticed to be on fire, and with the timely assistance of Ernest Brisco he was saved from a serious scorching. His coat was blazing, as were also his trousers, but he, deeply interested in the music of the band, was gaily strolling down the street. When told of his plight, he was much frightened, and at once began tearing off his clothes and Ernest began spraying him with water. The fire was soon quenched and Mr. Shaw was very thankful. The cause is thought to have come from his pipe and some matches in the pocket.

### HE LIKES CHATHAM

J. T. Locke, of Corunna, one of the enthusiastic Orangemen who are celebrating in Chatham, to-day, was a caller at The Planet Editorial Rooms this morning, and expressed his pleasure that Chatham had been chosen by his Lodge as a place for the demonstration. "Chatham is one of the prettiest and brightest cities that I know of," he told a reporter. "It is some time since I was here last, and I notice a great improvement in the city. You people here are certainly enterprising, and as a result the city is going ahead all the time."

### SEND CONVICTS BACK TO U. S.

Arrangements Being Made to Deport Men in Kingston.  
Kingston, July 12.—Arrangements are being made for the deporting of several convicts in the penitentiary. One Harrison, hailing from the United States, comes under the new law as an undesirable. Although he has only served a short time of the sentence imposed, he is to be sent to his native land, and the deporting officer will take him to Detroit, where the authorities will take him in charge. Several others in the prison will be sent back to United States points.

### Cardinal Gibbons President.

Milwaukee, July 12.—By a unanimous vote Cardinal Gibbons was yesterday elected honorary president of the Catholic Education Association of the United States.

### No Gambling on Lakes.

Chicago, July 12.—The Department of Commerce and Labor has ruled that there shall be no more gambling boats allowed to run on any of the great lakes.

### PLEASED THE KING.

Irish Welcome Appreciated By His Majesty.

Dublin, July 12.—King Edward and Queen Alexandra attended the races at Leopardstown yesterday, driving to the course from Kingstown in motor cars with an entire absence of formality.

The enormous crowd of people present gave Their Majesties a notable welcome. The Earl of Aberdeen in the evening entertained Their Majesties. Invitations had been sent out broadcast, and consequently thousands had an opportunity to see the King and Queen.

Lord Tweedmouth, by command of King Edward, wrote a letter to the Earl of Aberdeen telling him to express to the Irish people "His Majesty's and Queen's most warm appreciative gratitude for the very hearty and enthusiastic reception given them by so many Irishmen and Irishwomen to-day."

### MONEY SPENT ON ROADS.

In Ten Years \$22,000,000 Has Been Expended.

Toronto, July 12.—The eleventh report of the highway improvement by Deputy Minister Campbell, has just been issued. Statute labor, he observes, is giving way to business methods, and townships are putting their road work on a cash basis, centralizing the supervision in from one to four commissioners, and using labor-saving machinery.

Twenty-one millions have been spent on roads in Ontario from 1896 to 1906. The magnitude of these figures, says Deputy Minister Campbell, is concealed from year to year by the distribution among a large number of municipalities. To encourage a larger outlay before proper systems of construction and management, are well understood, is to encourage a greater waste.

It never gets damp or lumpy. Each crystal dry, full of salt-life. That's why particular people use WINDSOR SALT.

The hot weather is now well advanced and people are looking around to find the most desirable point to spend a holiday where they will derive the benefit of cool breezes as well as a change of air. W. E. Rispin, city passenger and ticket agent, has a number of cheap and comfortable excursion tours to Muskoka Lakes, the famous Temagami country, Georgian Bay or Mackinaw and Lake Superior, and a great many other summer places, and would be pleased to give intending tourists full information as to rates, routes, etc., and those desiring to enjoy a nice summer outing would do well to consult him.

The tourist's season is now on and we are advised by W. E. Rispin, general passenger and ticket agent, that he has some especially attractive tours for the present summer season, leading to all the summer resorts of Canada, including Muskoka Lakes, the Temagami District, Georgian Bay, Lake Superior, River St. Lawrence, and Gulf and Atlantic Coast points, and would be very pleased to furnish information to any intending passengers.

The north end sewer contract in London, let to Elgith & Fielder, of Chatham, for \$10,800, has been dropped by them.

Lord Lake is the best 10c. Cigar in the market—made by O'Brien Bros.

D. MacLellan has located his three-year-old mare, which strayed away from the Fair Grounds some days ago. It was found about two miles out in Harwich.

The Act passed at the last session relating to the marriage of minors is now in force. This law provides that in case either of the contracting parties is under 18 years of age, the form of marriage may be promptly annulled by a high court judge.

One hundred and sixteen deaths out of a total of one hundred and seventy-two recorded at Montreal last week were children under the age of five years. That is 67.4 per cent. of the mortality for the week was infantile mortality.

Strayed or stolen from Fair Grounds, Chatham, Tuesday night, light brown mare, no marks, three-year-old. Any person seeing mare answering description, kindly hold her and notify D. MacLellan, Chatham.

A bay horse, about 16 hands high, with a star on its forehead, was found on 't 13, Concession 5, Harwich, yesterday, by Dan Donovan. It was hitched to a cart, and had apparently wandered some distance. The horse is at present at Mr. Donovan's place.

Messrs. Peter Haggart and Peter Campbell and Miss Irene Cunningham, of Guilds, were in a train wreck near Kenora a few days ago. Fortunately none of them were seriously injured, though all were severely shaken up, but Mr. Haggart received a nasty cut in the head.—Blenheim News-Tribune.

Fred. Huson and family, of St. Clair Street, left the city some three weeks ago and apparently forgot their little pet coon. But the neighbors apparently had no reason to forget it. The perfume in the vicinity soon became so strong that a complaint was laid at the Health Department. Health Inspector Holmes and Humane Officer McGregor made an investigation, and succeeded in getting a woman to care for the forsaken coon till Mr. Huson returns.

The party, composed of Mayor Stone, Ald. Westman, City Engineer Jones, and the Messrs. Cornelius, arrived safely back in the city yesterday at noon. Their boat got caught in the weeds Wednesday night, and they had to spend the night on the river. They had to telephone to Chatham for assistance, and were towed in with Nichols' launch. Mr. Jones succeeded in getting some very good samples of sand suitable for the making of window glass. These will be sent to the Glass Company, who are thinking of locating in Chatham.

The largest and best assortment of bedding plants at the Victoria Avenue Green Houses. The prices are lowest.

The yield of strawberries is about over, there being not much more than half a crop. Cherries come on now, but this fruit will be scarce according to reports from the country. There will probably not be more than a third of a crop. Raspberries do not look very promising, either.

M. M. Maxwell, who is on the staff of the Cleveland Plaindealer, has returned after spending Saturday night and Sunday with his parents, Dr. and Mrs. Maxwell. Mrs. Maxwell and daughter will remain for a week or so. Miss Pearl Wainman, of Chatham, is also a guest at the Maxwell residence this week.—Windsor Record.

The new city clock has arrived in the city and is now being placed in position. The man who is putting it up says that he has installed 25 locks recently, and the Chatham one has the kindest toned bell of them all. Ald. Potter says that is all right, but what the people want most just now is to hear that fine tone.

T. A. Smith has been presented with a piece of wood which was taken from the mizenmast of the Victoria warship on which Nelson fell at the Battle of Trafalgar. This unique keepsake was sent to Mr. Smith by Victoria Lodge, S. O. E., of St. Catharines. The wood was taken from the ship at a spot about 15 feet from where Lord Nelson was killed.

The warm and copious rains that have fallen here all day and last night, writes a Blenheim correspondent, have done thousands of dollars' worth of good to the farmers in South Kent. The drought of two weeks had left everything in a very dried-up condition. Strawberries had so completely dried up that little hope was entertained that the fruit would come on any more, but now there is some indication that there may yet be some more berries. All crops have greatly improved in appearance.

The Misses Gertrude and Maude McKellar, of Winnipeg, were welcome visitors to The Planet News Room this morning. The Misses McKellar were formerly compositors on this Great West Journal, but for the past six years have been living in the Canadian Northwest metropolis, and are at present valued employees of The T. Eaton Co., Winnipeg. The ladies look well, are doing well, and are happy to be enjoying a month's holidays in their old home, the Maple City, in which they notice very many improvements. The Planet staff is a unit in wishing the ladies health and continued prosperity in their western home.

LILY LYNN WILL LIVE.

Girl's Condition Has Improved and Doctors Have Hope.

Richmond, Que., July 12.—Miss Lily Lynn, the 15-year-old girl who was so brutally assaulted by the young Englishman, Albert Greenhill, last week, is still in a precarious condition, though the doctors now hold out hopes of her recovering. She is conscious at times, but is ordinarily in a comatose condition. Greenhill will not come up for trial till September.

VINCETTI WILL HANG.

The Minister Decides the Law Must Take Its Course.

Ottawa, July 12.—The Minister of Justice has decided that the law must take its course in the case of the Italian, Vincetti, who murdered Wm. Dow near Parry Sound, on Christmas Day. Vincetti will be hanged on Aug. 1st.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CASTORIA COMPANY, 77 MURRAY STREET, NEW YORK CITY.

### EAST BRANCH.

We are having fine summer weather. The recent frost has done considerable damage to the corn crop. The strawberry season is on. New potatoes are with us once more.

The cherries this season are not very plentiful in this section. Everybody expects to take in the 12th of July celebration in Chatham next Friday.

Charlie Mickle has treated himself to a fine new canopy-topped buggy. Mr. and Mrs. Russel Mickle and daughter have returned home from a trip to Olan, Mich., where they were the guests of the latter's sister.

Miss G. Smith has returned to her home in Chatham for the summer vacation.

W. Wickens, of Tupperville, made a call on our Branch recently. Mrs. H. Everitt and children, of Grand Rapids, Mich., are spending their vacation with friends here.

The South Side Sunday School will hold a garden party on the school lawn on Wednesday evening, July 17th. Refreshments will be served and a good program given. Everybody welcome.

A large number attended service in Salem Church on Sunday afternoon. A special service was held for the Orangemen of Keith L. O. L. Our young widower will join the ranks of the benedictines in the near future.

Chas. Wooliver has returned home from a trip to Massachusetts. Mr. and Mrs. E. J. Shaw and children, of Detroit, are visiting friends here.

Rev. and Mrs. A. Barker, of Comber, are the guests of the latter's mother, Mrs. Howe.

Misses J. and B. Richardson are home for their vacation. Theodore Seward spent the 4th of July in Detroit.

It is with sincere regret we are

called upon to chronicle the death of one of our best known and most highly esteemed citizens in the person of James Howe, whose sudden and unexpected death occurred in the London Hospital on Wednesday, July 3rd. The funeral took place from his late residence here on Saturday afternoon, interment being made in the Dresden Cemetery. The funeral was conducted by the Keith L. O. L., of which deceased was a worthy member. We extend to the bereaved family our sincerest sympathy.

Wm. Innis and wife spent Sunday with friends in Dresden.

STEEL KNIFE IN THE FLESH. That's the sensation experienced by Robert Price, of Hecaton, Ont. He knew it was scalding and of course used "Nerviline." As usual, it cured and he says, "No liniment can excel Polson's Nerviline. So very pains made my side lame. It was like a steel knife running through the flesh. I rubbed in lots of Nerviline, and was completely cured." A regular snap for Nerviline to ease Sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c bottles at all dealers.

### JEANNETTE'S CREEK.

Mr. Asa Atkinson, of Toledo, O., is visiting relatives here this week. Miss Margaret Smith will give a recital at Shreve's on Friday evening.

The ice cream and strawberry social on the S. S. grounds this evening promises to be a success. Only two boxes of fish were shipped on Monday.

There was a very large attendance at the Methodist services on Sunday, and the music rendered by the choir was especially fine.

Boring for oil on the farm of B. N. Taylor was commenced on Wednesday. Mr. Taylor thinks oil will be struck at a depth of 500 feet.

## DENIES ORCHARD STORY

President Moyer on the Witness Stand.

Recites His Connection With Western Miners' Federation and His Duties as Head Officer—Candidly Asserts That the Organization Protected Itself and Members When Attacked—State Overruled.

Boise, July 11.—The reading of depositions in the Haywood case, which has engaged the attention of the court for several days, was concluded soon after the trial was resumed yesterday. The defence then made an attempt to introduce testimony concerning the political situation in Colorado in 1904 and 1905, but an objection on the part of the state was sustained.

Charles H. Moyer, president of the Western Federation of Miners, was called to the stand. He displayed some nervousness at first, but soon was going very steadily in a recital of his connection with Federation. He said he never had any personal hostility for Frank Steunenberg.

In describing his duties, Moyer declared that they required that he be absent from Denver—plotting ground of the conspiracy alleged by the state—more than half the time.

Moyer then entered upon a long recital regarding the Cripple Creek strike of 1903 and 1904.

"What was the contention as to peace and quiet at the time?" asked Darrow.

The state objected to this as a conclusion of the witness.

The question was finally allowed and Moyer declared the men were going peacefully about their business and there was no disorder.

He said he had been a miner since 1883. He joined the Western Federation of Miners in 1897, was first elected president in 1902 and had been re-elected annually since that time. He first met Haywood at the 1900 convention in Denver. Haywood was chosen secretary-treasurer the following year. Moyer said that as president no bond was required of him, but that Haywood as secretary-treasurer was under a bond of \$30,000.

The witness declared that his duties as president of the organization required his absence from headquarters a greater part of the time.

"Mr. Moyer, during your term as president, what has been the custom of the organization as to defending members of the union who have been charged with crime growing out of their connection with the union or where the Federation has been involved," asked Mr. Darrow.

"It has been the rule of the organization always to protect its members, and the interests of the organization where attacks have been made against them."

At the afternoon session Moyer denied practically every assertion as to his acquaintance with Orchard, who had made a witness, but admitted he had arranged to get Orchard a sawed-off shot gun on one occasion.

### TOO MANY DEATHS.

A. O. U. W. In Michigan Forced to Give Up Business.

Detroit, July 11.—The grand lodge of Michigan, Ancient Order of United Workmen, have voted to surrender the charter. The death claims have accumulated faster than the receipts. The grand lodge faces an indebtedness of \$100,000, to meet which there are only the June collections and a balance of \$50,000. In eight months the membership in Michigan has dropped from 23,000 to less than 3,000.

It is thought that present members who can afford to meet the premiums will be provided a way of keeping their insurance in force by dealing directly with the supreme lodge.

### NORTHWEST LAND PRICES

Rumor That Rates Have Gone Up to the Prohibitive Point.

Ottawa, July 11.—Advices which have reached here are to the effect that the price of land in the Northwest is so high that intending investors from the United States have been driven back. This is laid at the door of the speculators, into whose hands much of the land has fallen.

It is claimed that the day of the bonafide colonist is just about done, so serious has the speculative system become, and that the development of the Northwest will be hampered, and the people discouraged by the operations of grafting financiers.

### COBALT STRIKE.

Detective Greer With Posses of Constables on Hand.

Cobalt, July 11.—There is no change in the mining situation here. It does not appear that to date any serious effort has been made to effect a settlement. The rock of the matter is that the mine owners and mine managers will not give any recognition to the federation, though they will deal with the men as individuals.

Detective Greer and a posse of constables arrived to-day.

### DIES IN PARLIAMENT.

Sir Alfred Billson Expires During a Division Excitement.

London, July 11.—During a division in the House of Commons last night, Sir Alfred Billson, member for the northwest division of Staffordshire, suddenly fainted away and then expired. The House immediately adjourned.

### Important Arrests.

Parry Sound, July 11.—Two men have been arrested at Depot Harbor, Parry Sound, charged with stealing a value from the railway station. They may have some connection with the Fleisherton clothing mystery, as a large quantity of ready-made clothing was found in their possession.

## 5 Cups of Tea 1c.

Do you know that five cups of Red Rose Tea (40c. grade) only cost one cent? You can actually make 200 cups from one pound. It is easy to prove this. Buy a package and try it. At your grocer's.

# RED ROSE TEA

### BOURASSA TALKS.

Says the Reports of His Political Movements Are Premature.

Montreal, July 11.—Henry Bourassa, M.P. for Labelle, being in the city yesterday, was asked what he had to say as to the truth of the rumors flying about touching his future political course.

"The news," he replied, "is, to say the least, premature. As a matter of fact, we have a general provincial election this year. The present Legislature is only three years old and there is no reason, not even a constitutional pretext, to excuse a dissolution. The increase in the federal subsidy is an act of the Imperial Parliament, brought about by the wish of the Federal Parliament, so if the adoption of this measure necessitates or authorizes an appeal to the people it is London or Ottawa that should decree a dissolution. It would in fact be the height of absurdity to pretend that the Government of Quebec has the right to submit for the immediate approval of the people of one province a modification of our federal charter, which equally concerns all the provinces which depend solely on the federal treasury, and for which the Federal Parliament is alone responsible."

### CHILD BURNED TO DEATH.

Lightning Ignited Her Clothing, Her Body Badly Scorched.

Moncton, N.B., July 11.—During a severe electrical storm which swept this section Tuesday thirteen-year-old Mary Trites was killed by a bolt of lightning in her home, two miles from Painswick Junction. The child had gone upstairs in company with her little sister to lower a window, and had just placed her right hand on the sash when there came a terrific peal of thunder, followed by a vivid lightning flash. Almost instantly the clothing of the little girl sprang into a blaze, and she was hurled back against the foot of the bed which stood in the room. The poor child, frightened by the thunder, threw herself on the floor and cried out to her mother. When the latter rushed upstairs she found the eldest child on the floor terribly burned and lifted her onto the bed, where she expired a few minutes later. Her arm and breast had been fearfully burned, and it is thought that her back was broken by the shock. The child was a daughter of George Trites, I. C. R. section foreman. The house was badly damaged by the bolt.

Free for Catarrh, just to prove Shoop's Catarrh Remedy. Let me send it now. It is a snowy-white, creamy, healing, antiseptic balm. Containing such healing ingredients as Oil of Eucalyptus, Thymol, Menthol, etc., it gives instant and lasting relief to Catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents.

Sold by All Dealers.

### RELIGIOUS RIOTS.

Militia May Be Called Out to Compel Order To-morrow.

Ottawa, July 11.—Trouble is expected in Buckingham, Que., on the 12th, where religious feeling runs very high. A mass meeting of Orangemen of the district is to be held, and in case of a riot, which seems likely, Mayor Kelly has issued a proclamation forbidding anything in the nature of a parade.

Special constables are being sworn in and the services of the militia may also be requisitioned.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

Nature and love cannot be hid.

## DISTRICT

### WABASH.

The Band attended a social at Huff's on Tuesday night, and one at Thameville on Friday night.

Mr. Logan, of Florence, preached in the Methodist Church Sunday afternoon.

The Methodist S. S. are holding a union picnic in Holmes' grove, Dawn Mills, Wednesday afternoon.

The Band is engaged with Thameville Lodge to go to Chatham on the Twelfth.

The frost did considerable damage to corn and potatoes in this section. The strawberry season is about over.

Mr. Carroll has Mr. Tom Robinson's barn all sided in. Messrs. Butler and Snider are preparing to raise Alfred Brown's barn. Arch. Phillips went to Chatham on Saturday with a load of beans.

Some fellows never pay up till you run them down.

This brand—on a bag or barrel—is the mark of a BLENDED FLOUR of Ontario Fall Wheat and Manitoba Spring Wheat, milled by the best millers in Ontario.

Ask your grocer for a Blended Flour—and look for the above brand wherever you buy.

"Made in Ontario"

I pray, first, for good health; then for prosperity; thirdly, for happiness, and, lastly, to owe no man anything.

## KNIGHTS OF PYTHIAS.

Officers Who Will Have Charge for Coming Year.

Toronto, July 11.—The Grand Lodge of the Knights of Pythias have elected officers as follows: Grand chancellor, B. Dunlop, Peoria; grand vice-chancellor, A. R. Whyte, Hamilton; grand prelate, E. E. Gough, Toronto; grand K. of R. and S. Alexander Coulter, Toronto; grand M. of E. John Burns, Hamilton; grand M. of A. Arms, F. B. Hubert, Brantford; grand inner guard, Thomas Manley, Sarnia; grand outer guard, H. J. Dilley, Toronto; supreme representative, W. C. Macdonald, Toronto.

Hamilton was chosen for the next place of meeting in July next.

## HELPS MEN TO WORK HARD.

That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties. "Last spring I was so completely fagged out that I could not work," writes J. W. Mc-Nichol, of Turnbull, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous, and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong, I sleep well. I know the joy of real health." It's by supplying nourishment and good blood that Ferrozone builds up; try it—50c. per box at all dealers.

## Married At 90.

Parkhill, July 11.—An interesting wedding took place here, when Henry Hagerman, aged 90, was wedded to Mrs. Rumohr, aged 74.

Both have families extending into the third and fourth generations.

## Got All Her Jewels.

Smith's Falls, July 11.—A porch-climber operated in Smith's Falls, when Senator Frost's residence was entered and all Mrs. Frost's jewelry, except what she was wearing, carried off.

## A STOREHOUSE FOR POISONS.

You may not think so, but that's what you become when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mantrake and Butternut Pills, at all dealers.

## Mayors Withdraw Resignations.

Paris, July 11.—It was officially announced yesterday that up to date 43 out of the 300 mayors of municipalities of the south of France have withdrawn their resignations tendered in sympathy with the winegrowers' movement.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do, as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

Men condemn because they do not really understand.

The great duty of life is not to give pain.

We read of Spring, Summer, Autumn and Winter medicines. As if the Stomach, Liver, Kidneys, etc., underwent a dangerous period of transformation every three months. These three month periods are merely a human arrangement for convenience in expressing the climatic variations during the year. When you feel well, leave well alone; you are well. If you feel sick, or have been exposed to contagion, take the Veteran's Sure Cure. Dose—three to five drops only once a day; three days medicine cost one cent. Price \$1.00 or 50 cents sent anywhere. If you can find a better constitutional cure, take it. We feel sure there is none sold. The V. S. C. Medicine Co., Limited, Seane Block, Chatham, Ont. W. E. Merrill, Manager.

## COMING OF THE BUFFALO.

The Arrival of the Famous Herd at Lamont.

The work of unloading, at Lamont, the herd of buffaloes recently purchased by the Government was an interesting sight. Extensive preparations had been made. A chute had been built from the train to the corral, from which there were openings to a large enclosure. This connected in turn with a wide "runway," which had been built for the distance of the three miles to the park. Howard Douglas, superintendent of Banff National Park, who has conducted the negotiations for the Government, was in charge, and associated with him was Frank Walker, M.P.P., of Fort Saskatchewan, who also has taken a prominent part in the transaction. Michel Pabie himself, the owner, was willing to cross, thereby Mexican, and also a number of typical Montana cowboys, who looked very wild and terrible in their ranching costumes.

The majority of the animals were driven out with long sticks by men from the roof of the car, but many had to be pulled out with a rope. There was one particularly vicious bull, which caused a great deal of trouble. It took half an hour to get him out. In the compartment next to him was a dead steer, over which he was willing to cross. Ropes were attached to him, and twenty-five men pulled for a quarter of an hour without causing him to move! This gives an idea of the strength of a buffalo. Finally, urged on with stick behind, and by tugging at the ropes, he was pulled out, and made a wild dash down the chute. He pawed the earth in his rage, so that no one dared to go near the fence, for if the bull had tried, he could have broken it like match-wood. His head was of such enormous size that the sight of it was startling. It was interesting to notice how the animals acted upon regaining their liberty. Some dashed from the chute, through the corral to the enclosure, and around the hill. Others, weakened by the long trip, waddled slowly along. The buffalo is an ugly animal at best, but at this time of year, when he is shedding his fur, he is particularly so.

The greatest sight, however, was the driving of the buffaloes to the park in Sunday afternoon. The gates of the enclosure were opened, and the herd began to move over the plain, driven by half a dozen cowboys. It was a sight which very few of the crowds of spectators, who followed on horseback and in conveyances of all kinds, ever had seen. Two hundred buffaloes, tramping, tramping, across the Alberta prairie! For two miles the plain is flat, and a splendid view could be obtained. Before the entrance of the park, however, there is a wooded hill, over the crest of which the buffaloes came by one, disappeared. The majority were easy to drive, but one was very obstinate (it was the same bull which had given the trouble during the unloading). He would move forward a few yards, and stop. He kept repeating this for a long time. Finally, the cowboys began to drive him hard, but suddenly he turned, dropped his head, and charged the horses. Like a flash the cowboys wheeled round, and spurred their horses to breakneck speed.

The park in which the buffaloes have been placed is four miles square. Of this area, about one-fourth is open grazing land, but the remainder is wooded. There is one large lake and several smaller ones, in which are situated a number of islands. The park was intended originally for the buffalo, but it has been decided to place there this fall. The woods in the district are said to be full of them. The presence of both buffaloes and elk will make the park a famous one. In 1888, thirteen buffaloes were placed in Banff Park. Today there are thirty-eight, of which ten have been given to zoological gardens in the east and elsewhere. At this rate of increase, the new herd will assume large proportions in a short time.

## THE WESTERN WHEAT CROP.

Will Likely Be 120,000,000 Bushels—Tremendous Yield This Year.

The Winnipeg Commercial recently published nearly 200 reports from bankers, boards of trade and general merchants in the three provinces of Manitoba, Saskatchewan and Alberta, showing that the prospects are better at this date than at any time in years for a large crop.

The average growth in Manitoba is ten days late, but is rapidly catching up. The average growth in Saskatchewan and Alberta is ahead of last year. The decrease in the wheat acreage in older Manitoba is 10 per cent., but there is a large increase in the oats and barley acreage.

The increase in the wheat acreage of Saskatchewan and Alberta is 30 per cent. It is learned from a reliable source, that the Saskatchewan Government will show 40 per cent. increase in the acreage of all crops.

A conservative estimate of this year's crop is 120,000,000 bushels of wheat for the three provinces.

A Pilot Mound farmer sold six cars of wheat for October delivery at 86 cents.

Hay in all the provinces is likely to be a short crop, although the weather is improving conditions.

The whole country is having ideal growing weather.

Manitoba conditions are no longer an indication of general prospects. Money collections are better.

## Damascus.

Damascus, the garden of roses trees, was no less the garden of roses, says The Circle. Our damask roses are traced to that old rose embowered city in the heart of Syria of which Mohammed said when beholding it: "It is too delightful. Man can have but one paradise."

## Great Poet of Persia.

Firdousi, who composed an epic called "The Shah Nameh" about the middle of the tenth century A. D.

## DON'T DIE AT 45

Cure The Indigestion Which Is So Liable To Lead To Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "stroke," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty to-day in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst cases of indigestion, is the fact that C. H. Gunn & Co. give with every 50 cent box of Mi-o-na a refund of the money unless Mi-o-na cures. A guarantee like this must inspire confidence in Mi-o-na. C. H. Gunn & Co. take the whole risk and the remedy will not cost you a penny unless it cures.

## SOLD AT BISLEY.

Canadians Nursing Themselves For The Big Events.

Bisley, July 11.—The weather still continues very cold, and yesterday there was considerable rain, making not the best shooting weather for the men in camp. The Canadians are nursing themselves for the big things, and did little shooting.

For the Mackinac Cup, Canada, Australia, England, Scotland and Ireland have entered teams. For the Kolapore Cup, the blue ribbon of the team events, teams are entered from the mother country, Guernsey, Australia, India and Southern Rhodesia. The Duke of Connaught will inspect the Canadian to-morrow.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Fawn Tablets can do I will mail you free a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis.

Sold by All Dealers.

## JAPAN DENIES IT.

No Categorical Denials to Be Made of Uncle Sam.

Washington, July 11.—From the state department and from the Japanese Embassy here came swift and conclusive denials yesterday of the accuracy of the statement cabled from The Hague to The London Daily Telegraph and reprinted in this country, to the effect that Japan has made categorical demands upon the United States Government for satisfaction in connection with the treatment of Japanese in San Francisco, and has served notice of her intention to deal with the Californians hereafter if the national Government fails to do so.

We do too much talking and too little living.

## Splendid Gains in 1906 for

*The Natural Life* OF CANADA.

Gains were made in every department of this Company.

Here are the figures:—

Gains in Income . . . . \$115,904.22  
Gains in Assets . . . . 1,089,447.69  
Gains in Surplus . . . . 251,377.46  
Gains in Insurance . . . . 2,712,453.00

And remember, please, that all these increases were made at an actual saving of \$10,224.36 in expenses as compared with the previous year.

Could anything reflect greater credit on the business sagacity—the sound judgment—and the ever-watchful care of the policyholders' interests—by the Officials of the Company?

Write for free copy of the Annual Statement and other interesting matter in regard to insurance, to any of the Company's Agents, or to

Head Office, Waterloo, Ont.

GEO. H. REDPATH, GENERAL AGENT, CHATHAM.

Every Woman is interested and should know about the wonderful MARVEL Whirling Spray.

The new Vaginal Spray. It is too delightful. Man can have but one paradise.

Great Poet of Persia.

Firdousi, who composed an epic called "The Shah Nameh" about the middle of the tenth century A. D.

## IN THE CANADIAN ROCKIES.

Delights of a Trip Through the Switzerland of America.

Sir William Mulock points out that Switzerland, a country with a population of 5,000,000 people, has no industries worth speaking of, and that it practically "lives on its scenery." Sir William, on his recent trip to the West, was much impressed by the scenic beauties of British Columbia, and by the immense possibilities of tourist trade there.

That Western Canada is a fair rival to epic Switzerland, worn only by the feet of centuries of beauty seekers, is a strange idea to many of our countrymen who are within comparatively easy access of it.

But there is a certain group of the human family which has its representatives in all times and countries, and which individuals have, the pioneer spirit and who respond by instinct to the strange challenge of high places. These are "the mountain climbers," professional and amateur.

To some of these who have written with enthusiastic sympathy an account of his trip to the Canadian Rockies.

One of the most adventurous of such spirits, who has also the gift of graphically communicating his impression is Mr. James Ostrander. In a strange way out of his camping and climbing there, he presents a vivid picture which gives even a casual reader a thrill for "the heart of the Canadian Rockies."

He turns from a reminiscence of Switzerland to say, "I thought its scenery is unapproachably beautiful and the familiar Alpine monarchs retain forever the affection of the mountaineer, yet his soul will crave—and rightly so—the chief joy of the climber's ambition, a 'first ascent.' He turns most naturally, therefore, to the great continent of America, where he expects to find plenty of new things and generally finds them on the largest scale. The United States, with its enormous area and limitless array of nature's mightiest works and treasures, might well expect to possess some counterpart to Europe's pleasure-ground. But, hunt as we may amid the upland solitudes of Colorado's sea of lofty mountains, the noble peaks and canyons of the California Sierras, the rugged peaks of Mt. Shasta and the Cascade Range, the more closely they are studied, the more intrinsically are they found to differ from Switzerland. Each contains some of the splendid features that are all combined within the scanty limits of the little European Republic, but the wondrous glacial fields, the massing of majestic ranges, the striking individuality of each great peak, the forest areas, green pasture lands, clear lakes, and peaceful valleys are nowhere found harmoniously blended on the western continent until the traveler visits that section of the Rocky Mountains which lies within the wide domain of Canada.

"Following the Continental watershed from Colorado northwards, the peaks of Mount Logan display the characteristic features which culminate in the Switzerland of the Western Hemisphere. The rounded or gabled summits here give place to broken pinnacles, precipices rise in frequent grandeur, enormous seas of ice sweep from the Alpine heights into the verdant heart of pine and spruce-clad valleys, gemmed with emerald and turquoise lakelets, and silvery waterfalls and sparkling rivulets unite in producing a series of absolutely perfect mountain pictures. Two variations from the European prototype are certainly conspicuous. The one, that in this country of superlatives the ranges and peaks are multiplied tenfold. The area is vastly larger and the mountains are more closely packed together, but, as a consequence, the individual peaks, with some notable exceptions, are scarcely so strikingly characteristic as their Helvetic relatives. The other obvious difference lies in the wildness of the Rocky Mountain scenery. Except the wheel of civilization, has caused the springing up of one or two small hamlets and an occasional section-house, even along the highway of transcontinental traffic there is but little sight of man. The graceful chalet, the climbing herd of cattle, the musical tinkle of whose bells chime faintly through the distance, the sturdy toiling peasant, here are not. Nature alone holds sway, rugged and wild and beautiful. And yet the coarser of these temples of nature, whether to worship from afar or to explore with strenuous foot the innermost recesses of the wooded valley or the topmost pinnacle of some white summit, whence a bewildering panorama of matchless mountain scenery is unfolded before the delighted gaze, need not endure a single privation or discomfort in his quest. In all the luxury of the modern sleeping car the traveler is rapidly transported into the very heart of the mountain world. Much of it may be enjoyed without passing from the sight and sound of the great railroad artery, where charming hotels and rustic chalets keep him in comfort during his stay and combine with the unsurpassed scenery to lengthen it to the utmost limit.

"But to view the grandest mountains and obtain the finest climbe, it is necessary to camp out for a short or long period, and as this mode of life is one of the most delightful of experiences, the necessity enhances the pleasure of one's holiday. It adds to all the varied charms of scenery a free and healthful life, long journeys through primeval forests, scented with the sweet fragrance of the balsam-fir.

## Blind Tom.

Blind Tom, although otherwise an idiot, had a most remarkable musical memory and wonderful ability to reproduce compositions which were played in his hearing. When repeating what he had heard, he imitated the choicest blunders and mistakes of the players, some times in a most comical fashion. He could play by ear, having no knowledge of the scientific side of music, over 400 different compositions.

Nurses' and Mothers' Treasure

Quickly relieves—regulates the bowels—prevents convulsions. Used 50 years. Absolutely safe. At drug-stores, 25c. 6 bottles, \$1.25. National Drug & Chemical Co., Limited, Sole Proprietors, Montreal.

## BOMBARDMENT OF TOWNS.

Hague Convention Presents Draft Proposition on American Views.

The Hague, July 11.—Count Tournelli (Italy), yesterday presented a new draft of the proposition on the bombardment of unfortified towns, based on the American views, in the name of the United States, Spanish, Dutch, Russian and Italian delegates. It consists of six articles, as follows:

First—The commander of a fleet must spare historical monuments, churches and buildings used for artistic, scientific or benevolent purposes and hospitals, on condition that they are not used for military purposes and are designated by special signs, which must be displayed by the inhabitants.

Second—Before beginning the bombardment of a town the commander of a fleet must do all in his power to inform the authorities of the town of his intentions.

Third—Pillage is forbidden, even in a town or locality taken by assault.

Fourth—The bombardment of unfortified towns, villages or buildings is forbidden, but any military works existing in otherwise unfortified places can be bombarded if the local authorities refuse to destroy them.

Fifth—Unfortified places can be bombarded if they refuse to furnish a fleet with necessary provisions.

Sixth—The bombardment of a town or village for refusal to pay a ransom is prohibited.

The proposition is considered to be important as they combine the ideas of all the countries interested in the question.

The sub-committee under the presidency of M. Barbier, dealing with laws and customs of land warfare to-day, after a discussion, during which a number of new propositions were accepted, decided to appoint a special committee to draft a new convention.

The German proposition that belligerents should be obliged to give notice of the formation of militia and volunteer corps and make them wear uniforms was rejected by 24 to 10 votes. Ten members of the sub-committee were absent.

Minard's Liniment Co., Limited. Gents—I cured a valuable hunting dog of mange with MINARD'S LINIMENT, after several veterinarians had failed without doing him any permanent good.

Yours, etc., WILFRED GAGNE, Prop. of Grand Central Hotel, Drummondville, Aug. 3, '04.

Reduced rates to Detroit and return, going every Saturday and Sunday, returning up to Monday night, was \$1.60, is now \$1.50; C. P. R. are also making rate of \$1.00 going every Thursday, good to return until following evening. For further information ask C. P. R. ticket agent corner of King and Fifth streets.

## AN HISTORIC CITY

Is quaint old Quebec, whose winding streets and frowning battlements are garbed with the atmosphere of departed centuries. Here is the spot where the refined luxury of the Old World first touched the barbaric wilderness of the new. A delightful way to reach this most interesting city is via the Richelieu & Ontario Navigation Co. Ask your nearest ticket agent, or write H. Foster Chaffee, A. G. P. A., Toronto Canada.

## A LITTLE SEWING.

Lady of the House—You say that you would like very much for me to do a little sewing for you! Tramp—Yes, mum; I have a button here, and if you would sew a shirt on to it I would be much obliged.

There are countless roads on all sides of the grave.

## NOTES FROM ERIEAU

Mrs. W. D. Samson, Miss Allie Samson and Mrs. Stevenson are spending a few days in Blenheim.

Mr. Thomas Pickett returned to his home in Cleveland this morning on the "Louise."

Miss Thompson and Miss Lottie Thompson were Detroit visitors yesterday.

Mr. H. W. Ball has hoisted a fine flag above his cottage. It proved a bright spot yesterday amid the rain.

The large fish boat the "Dresden" is in dry dock for repairs.

Mr. John Turner and family will move to their cottage to-morrow.

The "Louise," of Sandusky, is in the harbor.

Mrs. McDonald, Dufferin avenue, is spending a few days with Mrs. J. M. Park.

Mrs. Fred. Smith's mother and sis-

ters, of Ridgetown, who have been visiting here, left for their home yesterday.

The genial Dr. R. V. Bray is not spending so much time here as formerly on account of stress of business.

The men who have been working on the beach of the steam yacht "Ripple" left this morning.

There is no doubt about the air at this resort being strengthening and invigorating. Some of our young ladies are becoming so athletic that they take an early morning walk to Blenheim and return.

If you want to see a really fine piece of sidewalk just take a stroll down the north side of the track from Mulhory's to the bend.

This walk has been down about ten years and has undergone no repairs, so its condition can easily be imagined.

## ROAR OF NATURAL GAS

Along the northern part of the East Tilbury oil district, writes J. R. Munro, in the Globe, there are gas wells of wonderful pressure. When one of these wells is opened and the gas allowed to blow free, it is impossible to talk within a radius of 200 feet on account of the roar. The pressure amounts to about 500 pounds to the square inch. Comparatively few wells have been bored in this gas region, because at present there is no ready market for the product. Manufacturers in Chatham are now obtaining natural gas at ten cents a thousand cubic feet, while customers are also being supplied at Marlin and Tilbury. No burner in the oil region thinks of burning wood or coal now, and they all have gas connections in their houses. Gas is piped into boilers for drilling purposes and also runs the gas engines which do the oil pumping. There is at least one instance where the gas forms a small waterworks system. Water for drilling purposes is quite scarce in some parts. On one farm a shallow well was dug and a gas pipe put down into the water. Another pipe led from the well to a clay ditch. The gas forced the water through the second pipe, and the ditch is eas-

ily kept full. The gas is put to so many uses that it is doubtful if tons of coal can be found in the entire district to-day.

## VALUABLE HORSE MISSING

D. McLaughlin, the Maple City's popular horse owner, has reported the loss of one of his valuable animals. The missing horse is College Gem, a three year old brown mare, light color, long, slim neck and light in build.

Mr. McLaughlin had six horses pasturing in a field. College Gem is the only one missing. She has either strayed away or else someone has stolen her. It seems improbable that she would leave the other horses. College Gem is a green mare with no development. Mr. McLaughlin valued her highly, as he was keeping her for breeding purposes.

## BLENHEIM

Blenheim, July 12th.—Miss Clara Morgan has gone to the "Eau" to spend the season at their cottage there.

Mrs. Whitehead, who has been quite ill for the past week, is recovering nicely.

Mr. and Mrs. W. D. Samson have moved down to their cottage at Erieau, "Drumtochy Lodge," yesterday.

Misses Frieda and Gertrude, Spakman leave to-day per "Grand Bend," where they will remain for a month. They will visit friends at London and Exeter on their way to the "Bend."

Everyone was glad to see the rain yesterday. It will do a great deal of good all over the country.

Mr. and Mrs. Arthur W. Grant leave this evening for their home in Windsor. Mrs. Grant has been visiting for some time with her parents in Blenheim. Mr. and Mrs. W. J. Grant.

## WIFE HORSEWHIPS

## HUBBY'S COMPANION

Windsor, July 11.—A Detroit woman, armed with a new horsewhip, created no small amount of excitement on Ouellette avenue last evening, as the crowd was leaving the race track. She waited at the gate until her husband came along in company with another woman. Then the row began.

"What are you doing with my husband?" was the question fired at the "lady in blue," whose presence with the questioner's spouse was objectionable. No answer came, whereupon the swish of a descending whip was heard by people running for the cars. The corrective lash was piled with great rapidity and despatch before some more attendants interfered and grabbed the whip.

The little woman who committed the assault gave her name as Mrs. Jepson. She waited until the cars stopped down town and then she raced after the unknown "lady in blue," chasing her on three streets around the block before the ferry dock was reached. Here ensued a free-for-all, catch-weight, both arms free, rough and tumble fight, with hair-pulling as a side feature.

Sergeant Nash, of the city police, soon arrived and restored order. Mrs. Jepson was taken to police headquarters and after relating her troubles she was released, being in custody a little over an hour. She said she was married to Mr. Jepson in Grand Rapids, Mich., five years ago, and after their removal to Detroit, two years ago, her husband neglected her to pay attention to other women. Hence the horsewhip episode.
