

CLOSURE DEBATE NEARS ITS END IN COMMONS

Blockers' Fund of Talk Soon to be Exhausted And Then to Business--Several Important Measures

OTTAWA, April 21.—The announcement is now made that the closure debate will come to an end Tuesday or Wednesday. With that disposed of, the government will be enabled to turn its attention to the session programme, so many items of which have been held up by the senseless blockade of the Liberal Opposition for months past.

On Thursday the Opposition was not a whole day over a matter which had already been aired once this session and which could have been brought up at almost any time later without disturbing the regular business.

On Friday the House took up public bills. Then came to the front at once two such important measures as the Burrill Bill, appropriating ten millions for the advancement of agriculture, and Hon Mr Hazen's Bill providing for the expenditure of three and a half million dollars as part of Quebec.

That little improvement can be looked for from the Liberal Opposition while it is dominated by the wing led by Hon. William Brewster seems certain. The ex-Minister of Public Works and his political friends have determined that they will give all trouble possible and their actions during the past have shown that more and more they are throwing discretion to the winds.

With the closure passed, the government will be able to push ahead its programme of business and to bring into actuality some of the measures of public importance that have so long been on the order paper. The present week is not expected to develop anything very sensational. The Liberals, who have been predicting a riot on the closure vote, are altering their tone, and the general opinion is that they are more likely to raise trouble on its first application. One thing is certain, if closure is applied, it will be with good reason, for the Premier has no intention of making it the means of forcing measures ahead ruthlessly.

NEW MANAGER FOR COURIER

Mr. F. C. Mills, Well Known Hamilton Man, Assumes Position Here.

Mr. James, who has been business manager of the Courier for some weeks, has left for New York, where another post awaited him.

Mr. F. C. Mills takes his place. He was for three years advertising manager of the Hamilton Herald, and latterly held an interest in the Peterboro Review. Having disposed of that, he has come to join the Courier staff.

Mr. Mills has had a most successful newspaper career, and will no doubt receive a hearty Brantford welcome.

GRAND OPERA HOUSE BRANTFORD

Thursday, April 24.—Wm. A. Brady Limited presents New York's greatest dramatic triumph, "BOUGHT AND PAID FOR," by Geo. Broadhurst, directed from its run of one solid year at The Playhouse, New York. The New York Journal said: "Makes you laugh with one eye and cry with the other. While there is a good deal of pathos in the play, there is a large vein of humor, with prolonged gushes of laughter. It is a great play, inspired by the happenings of our every-day life. Prices: 25c, 50c, 75c, \$1, \$1.50. Seats Tuesday.

PROPERTY ACTIVITY IN THE EASTERN SECTION OF CITY IS STRONG

Property activity to the east of the city is commencing to be manifest in the same way as in other quarters. The glebe property of the New England Company, in connection with the Mohawk Institute, has never been of any use for agricultural purposes, although of a great deal of value for house or even factory purposes.

The last time the New England people sold land they received some \$1,000 per acre, but that was across the canal in the factory district and with nearby railway facilities. It is understood that a syndicate intends to make an immediate offer should the chance arise.

Another well-defined rumor is with regard to the Acret (formerly Lovejoy) estate, which continues beyond the glebe and includes Mohawk Park. Here is another big acreage, including Mohawk Park, for which it is understood the Railway Company pay some \$250 a year rental. The lease expires in 1915. That if thrown open there would be keen bidding there is no reason to doubt.

LINE IS BEING PUSHED THROUGH WITH ALL POSSIBLE DESPATCH

Lake Erie and Northern Railway have Central Station in Galt, where Factory will be Pulled Out to Make Room--Important Plans at Pt. Dover Underway.

There is, of course, very general interest in the activities of the Lake Erie & Northern Railway, as outlined in this paper on Saturday.

At the south end of Galt, in order to get access, four or five houses will have to be purchased and torn down. Further on the R. McDougal Company's factory will be acquired and removed. This firm has purchased a new site and will remove there. This location will be used for station grounds and yard room, and an adjacent pond will also be filled in for arlike purpose.

THE PROPOSED BOAT SERVICE BETWEEN PORT DOVER AND ERIE As before related, if the Dominion Government has the harbor at Port Dover dredged, it is proposed to have a direct line of carrying vessels between Dover and Erie. The distance between the two points is about 47 miles. Erie is the capital city of Erie county, Pennsylvania, and is the terminus of the Philadelphia & Erie and Erie & Pittsburgh Railroads. It has the largest land-locked harbor on the lake and is the closest lake distributing point to the Western Pennsylvania and West Virginia soft coal and coke fields; also the closest point to the Pennsylvania steel centre.

At present the haul of these things is via Black Rock, a very much greater distance. If there are vessels between Port Dover and Erie it will mean not only a much shorter and much less expensive haul between Brantford, Paris, Galt and so on, but also for Toronto and Hamilton. In other words, a very great distributing centre in all directions would be established via Brantford.

Auto Bandits Pay Penalty PARIS, April 21.—None of the three auto bandits who were guillotined in the French capital shortly before 5 o'clock this morning would take the big glass of rum offered as is usual to men about to be executed.

ROME, April 21.—The Pope this morning was in much brighter spirits and felt altogether stronger. He still suffered from spells of coughing, but the expectation accompanying it was loose. As the day was brilliantly sunny the Pontiff was allowed to rise and sit in an armchair in which he was taken to a seat in front of the closed window into which the sun's rays poured in a constant flood.

Smash Went Window This Morning, But It Was All An Accident Boom! Crash! and the damage was done and all was over save for the putting in of a new pane of glass in the window and a new window shade and the taking of several bottles of nerve restorer.

Songsters Gave Great Entertainment at The Armouries Saturday Night The comic song competition held in the Men's Institute at the Armouries on Saturday night was a "Howling Success," and the judges had some difficulty in selecting the winners from the array of talent.

Obituary The Late Joseph Egleton. The sad death occurred on Saturday evening at the home of M. and Mrs. J. E. Plowes, 29 Huron street. The deceased was in his 31st year. He was a former Brantford boy, leaving here seven years ago, and making his home in Buffalo, N.Y. He left to mourn his loss a sorrowing wife and two daughters. The funeral takes place on Tuesday at 3 o'clock to Greenwood. He was a prominent member of Trinity Lodge, I. O. O. F. and Royal Arcanum, Buffalo.

BRANT'S OLDEST RESIDENT THOMAS MURRAY IS DEAD

THOMAS MURRAY

Aged 104 Years, Brant's Oldest Resident, Who Died To-day.

A Pioneer of This County Who Had Passed Century Mark.

Passed Away at New Durham To-day--Age 104 Years.

The life of Brant County's oldest resident, Thomas Murray of New Durham, to-day ebbed away, and one who has seen a century and four years go around has passed to the Great Beyond after a life of great activity and usefulness. Mr. Murray was 104 years old and up to a few months ago he was in excellent health, but recently had failed considerably. Born at Hamilton, five miles from Glasgow, Scotland, Mr. Murray came to Canada in 1844, and had continuously resided in this county for almost 70 years. He resided on the Eighth Concession, Lot 19, Burford Township.

Mr. Murray married when he was 40 years old, choosing as his bride Ann Mordine, of Cainsville, who died 21 years ago. There were six children, five of whom survive. The children--Mrs. Patterson, New Durham, who has four children and nine grandchildren; John Murray, Tompkins, Saskatchewan, who has nine children and six grandchildren; Mrs. Carter, Harley, who has two children and four grandchildren; James of the old Homestead, one child, and Mr. Thomas Murray, 144 Terrace Hill street, city. Mr. Murray thus leaves 16 grandchildren and 19 great-grandchildren living.

In the early days of Brant County Mr. Murray drove a stage coach, with Shipman's Corners as the destination. Naturally having passed the century mark, Mr. Murray was a man of rugged constitution. His habits of life have always been temperate, and his character was of the sterling, rugged, honest Scotch brand, which fitted him as one of the real pioneers of the early days.

The funeral will take place on Wednesday at New Durham.

BELGIANS ARE ENGAGED IN CONFLICT

Neither Side Will Give Way in Strike of Workmen

Reports From Various Centres Show No Change

BRUSSELS, April 21.—The general strike for equal suffrage in Belgium enters on its second week with the ranks of the strikers unbroken, and in fact strengthened by the adhesion of still further recruits, bringing their total up to nearly 500,000, according to Socialist computations.

A cheerful spirit prevails among the working classes, who feel that the government will be obliged to yield at least to the compromise suggested by the Liberal leader. This provides that the equalization of the Parliamentary franchise shall be immediately taken into consideration in the event of the committee now dealing with the provincial and commercial franchise evolving a plan improving on the present method.

Cabinet ministers, on the other hand, are determined not to surrender if the government still commands a majority of the chamber of deputies when it reassembles to-morrow. The Socialist national convention meets on Wednesday to discuss the situation.

Acts of violence continue to be of extremely rare occurrence, and are in many cases attributed to other causes than the strike. A large number of telegraph poles and wires have been cut, however, and the minister of war has notified all the owners of carrier pigeons that he may commandeer the birds for military purposes in case of necessity. The printers' strike in Brussels has scarcely affected any of the newspapers except the two Socialist organs and the Petit Bleu, whose proprietor has subscribed \$20,000 to the general strike fund.

Square Deal Campaign Going on Merrily

New Subscribers are Secured in Large Numbers--Fairness of Campaign Appeals to All.

The COURIER during the last two or three days has not been saying very much about its "Square Deal" Campaign--too much rushed in all departments to do so.

But said campaign has gone merrily on just the same. New subscriptions and renewals are coming in at a good rate each day, and street sales are away up in the hundreds.

We are now some paper, all right, and people not only recognize that fact, but are showing their appreciation in a most pleasing manner.

For all of which many thanks. Remember, the competition is still on, and the attractive prizes, in addition to cash over the counter for everything done, has brought together a band of busy workers.

If it Happened it is in "THE COURIER;" If it is in "THE COURIER" it Happened.

FLOOD PREVENTION

The above important matter is only agitating the people of Brantford, Paris, Galt and other places the banks of the Grand River, but is also deeply agitating the people of Mississippi.

The name, in the Indian language means "Father of Waters."

The State borders four hundred miles on the mighty Mississippi River which has many tributary streams and the whole lot, from time immemorial, have had a habit of going a rampage at least once, and once in a while, the total damage has been enormous, and also the loss of life. Vast sums have been expended on levees (in other words, embankments), and in other directions, as in the case of the Grand, each records more far-reaching inundations than ever before.

Ex-President Roosevelt has taken up the matter, and with characteristic vigor he is writing on the subject the "Outlook," the paper of which is one of the editors.

The Colonel states that he has seen, first and last, a great deal of it and thought to forests, rivers, water-powers, and has views which may be useful about the prevention of floods in the tributary valley of the Mississippi. He thinks such floods can be prevented. There was an overflow last spring, further trouble in January, and again in March. He says that it is necessary—

1. To treat the Mississippi as a unit with all its tributaries for source to mouth.

2. The Federal Government bring the levee system up to standard for its entire length and maintain it.

3. To secure further protection adequate reventments (sheathing) that the banks will not lose earth cave in.

4. To supplement the levee system by some plan of source stream control which would serve to lower crest of the floods in the Mississippi valley, and thereby relieve the pressure on the levees.

He realizes that the entire thing would prove a big and expensive carry out, but not nearly so expensive as the floods have come to be.

MORGAN'S WILL

The confession of faith with which multi-millionaire Morgan preface will, exemplifies a beautiful and questioning belief in the Divine, of salvation.

It is now very evident that many lavish gifts on behalf of Anglican church, to which he belonged, were not in any sense bestowed in a spirit of ostentation, from the heart.

Here was a man with the wealth of a Croesus with art treasures of gold value, with palatial residences and with a monetary power which enabled him to be a factor not only in the financial circles of the United States but also of the world.

And yet his first thought when he undertook the solemn responsibility of leaving what comes to all of us, not of them, but of the expression of a simple faith first of all in the sovereignty of the King of Kings, then of the atoning power of Blessed Saviour.

Amid it all he left no more conscious thing than that message.

THE LAKE ERIE AND NORTH-EARN.

The announcement in The Courier of Saturday that Lake Erie and Northern Railway construction was already under way between Paris and Galt was received with the liveliest satisfaction by citizens generally.

This paper has always contended that this line would be of immense importance to Brantford, Paris, Galt, Simcoe, Port Dover and the people of the intervening territory and the more the details became disclosed, the clearer does that fact become established.

With direct connection with the main line at Galt and with the opening of direct connection with a Lake port at Port Dover, with the possibility of the running of vessels to Erie across the Lake, the probable results are very large indeed.

Someone might argue that we already possess a direct line to another lake port, Hamilton, but that does not begin to represent the value of getting a short route to Erie, the head receiving point on the other side for the reception of shipments of coal, coke and steel—articles now shipped to the manufacturers of this district by a most roundabout and expensive route.

That the road throughout will be of the highest possible type is an assured thing.

Military Notes

38th Dufferin Rifles Rifle Association. The first meeting for the year of the 38th Regiment Rifle Association was held at the Armories on Friday evening last, 18th inst., when officers for the coming season were elected as follows:—

Hon. President—Capt. G. S. Gibson.

President—Capt. M. A. Colquhoun. Vice-President—Lieut. Bruce Gordon. Sec.—Treasurer—Lieut. A. C. Emmons.

Assistants to Secretary—Col. Sergt. Thos. Mack, Sergt. Bissett.

Several matters of importance in connection with the programme of the year, were discussed, and judging by the enthusiasm shown, this should be the best year in the history of the 38th D.R.R.A.

The question of getting some suitable trophy to take the place of the Merchants' Cup was discussed. This cup has been shot for for over 20 years, and was finally won outright last year by Pte. E. Matthews of F. Co., he having won it two years in succession. The committee decided to have the cup suitably engraved and handed over to the winner.

Captains Gibson and Colquhoun were appointed to look over the ranges and furnish an estimate of the cost of repairs necessitated by the spring floods, and the meeting was then adjourned until Tuesday evening.

WITH THE POLICE

Three drunks made their first appearance in the police court this morning and were allowed to go with the customary warning.

Schultz Bros. were charged with a breach of the Builders' By-law in connection with the new Y.M.C.A. building. The fence and walk erected around the building was left up longer than the permit called for. The action was dismissed by Schultz Bros. taking down the same.

Fred Fewing was charged with stealing lumber to the value of \$100 from the Ingleyby Taylor Co. After making a get away with the timbers, he began to see the possible results and began to repent. He went to Ingleyby and Taylor and told them, and they promised to appear in court this morning to try and get it settled. They didn't—Fewing was remanded till to-morrow in order that the police could look into the case.

AN OLD SETTLER FINDS QUICK RELIEF

CHAS. MARSHALL CURED BY DODD'S KIDNEY PILLS. Mrs. Marshall Tells How Her Husband Suffered, and of His Speedy Recovery When He Used the Great Canadian Kidney Remedy.

PARKINSON, Algoma, Ont., Apr. 21 (special)—Living far from towns and with little money within easy reach, many of the settlers have found Dodd's Kidney Pills an inestimable blessing. One of those is Mr. Charles Marshall, Sr., whose recovery from a severe case of kidney disease has recently been the cause of much satisfaction to his family and friends.

"My husband was suffering very much with his back and legs," Mrs. Marshall says, speaking of her husband's cure. "He went to see the doctor and he told him he had a real trouble, but he did not seem to get any better."

"At last I got for some Dodd's Kidney Pills. Since taking them, he has no more pain in the back and legs, and his other troubles are all gone."

"I am indeed thankful for what Dodd's Kidney Pills did for my husband, and I hope other sufferers from kidney disease will benefit by his experience, and use Dodd's Kidney Pills."

Urinal troubles are caused by diseased kidneys. So are backache, rheumatism, lumbago, and heart disease. The natural remedy is to cure the kidneys by using Dodd's Kidney Pills.

Four Cantons were represented, these being Canton No. 3, Brantford; Canton No. 4, Hamilton; No. 7, Toronto, and Queen City, No. 2. These Cantons will be present at the service to be held in Park Baptist Church next Sunday afternoon.

Incipient Blaze.
On Saturday evening a small blaze originated in a packing case at the back of a Colborne street store. F. C. Caro and an employe of the store succeeded in putting out the fire without the assistance of the department.

LINEMAN HAD VERY BAD FALL

Accident Happened in West Brantford Saturday Afternoon.

A serious accident occurred at the corner of Oxford and Grant Streets on Saturday afternoon when William Gilbert, an unmarried man, about 20 years of age, whose home is in Paris, and employed as a lineman by the local construction plant of the Bell Telephone Company, had the misfortune to fall from the top of a telephone pole to the ground and sustained serious injuries.

The young man was working at the top of the pole and was in the act of descending when his foot either missed the spike in the pole or else his climber, which he was wearing at the time did not stick in the pole and he fell to the ground and was picked up unconscious and carried into Morrison's Drug Store from where the ambulance was summoned and the young man rushed to the hospital. Dr. Stinson was summoned and it was found that he had received a severe scalp wound on the back of his head and his spine was very badly injured. At the time of going to press an answer to an enquiry at the hospital a Courier representative was told that he is resting nicely and that there are hopes of his recovery, though his condition is very critical. Laborers Quit.

A number of laborers who were working on the new theatre building on Dalhousie street next to the American Hotel quit work this morning because their wages were reduced from 25 cents per hour to 20c. Their places were, however, filled, and the work is going on again.

SEVEN LICENSES ARE GRANTED

Two Hotels Must Make Improvements, and Have Three Months to do Same.

At a meeting of the License Commissioners Saturday evening, seven hotel licenses were granted, and two were extended for three months on conditions that certain improvements to the houses in question be made. The extensions were granted to the American and Imperial. The latter needs a good roof, and the former must undergo changes in the interior. HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

's Grandmother's Receipt for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy"—you will get

AUTO TOOK A SOMERSAULT

Spectacular Sort of Accident on Brant Ave. on Saturday Afternoon.

Some people lead a charmed life. Mr. Arthur Putney and a friend are two individuals who evidently wear charms or other symbols of luck.

Early Saturday afternoon Mr. Putney and his friend were driving up Brant avenue. Some people put the rate at about 40 per. In front of Magistrate Livingston's residence Putney attempted to turn out for a vehicle which was just ahead. The car was going at such a rate of speed that when they endeavored to turn around the vehicle a wheel was thought to have caught in the car track, causing the car to turn right over twice and come down on the pavement facing in the opposite direction. The occupants were thrown out of the car, landing a sufficient distance from the machine to escape injury, save for a few bruises. Dr. Marquis was called.

The car also got off very easily. The front of the car was practically the only part damaged, save for the tire, which was gone when a Courier reporter saw it Saturday afternoon at the Mitchell garage. The wind shield was smashed, also a couple of the lamps. The radiator and also the mud guards and other minor parts suffered some. The occupants were indeed fortunate.

Nuptial Notes

HOLDER—MILNES.

A very pretty wedding occurred last Saturday afternoon at the Gospel Tabernacle when the Rev. G. H. North united in marriage Miss Ada Milnes and Mr. Wm. Holder. The bride, who was given away by her brother, was dressed in cream satin and looked very charming. She was assisted by Misses Bessie Ackers and Maggie Brown while the groom was supported by Mr. Ernest Glenn. After the ceremony the guests to the number of forty adjourned to the residence of the bride's mother, 7 Gordon street, where a dainty repast was served.

The members of the "T.C." Young Ladies Bible Class and the "Baraca" Young Men's Bible Class of the Tabernacle of which the bride and groom were members met at the home of the bride last Thursday evening and presented them with two wicker chairs as a token of the respect in which they were held by the members of these classes.

Bicycle Squad.

Chief Slemin has a bicycle squad covering beats throughout the outlying parts of the city at night. The bicycles enable the P.C.s. to cover much more ground than would otherwise be possible.

Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just well in Brantford?

Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear.

The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 619, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or theft. Our charge for storage and insurance is 3 per cent. of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold.

Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mused, and will carry no odor of moth preventatives.

FIFTH ENGLISH CUP WON BY ASTON VILLA

Defeated Sunderland 1-0. Nothing in Final.

100,000 IN THE CUP

LONDON, April 19.—Aston Villa defeated Sunderland by one goal in the final round of the English Cup, the blue ribbon Association football, which was won at the Crystal Palace Stadium.

It was a great match, the scoring only in the last few minutes of the second half, and when ten men against Sunderland's eleven missed a glorious chance.

A crowd estimated at 100,000 witnessed the game. Nearly 200 trains brought football fans from all parts of the country.

Aston Villa won the toss and led to play before the breeze game was brilliant from the start. The Villans were aggressive but Sunderland's defence was high impregnable. Hampton scored a goal, which was deflected. Wallace later failed to score, penalty kick. The first half with no score.

On resuming play Sunderland put on steam and it was though Holley or Martin would score. But Leach effected a rescue and missed a glorious chance. A goal from Bachan. Later on, bared in upon Hardy the Villa keeper, who advanced to meet the two players collided. He was injured and compelled to leave the field. Hartop playing goal stead. This misfortune spurred to greater efforts and Bache, down all opposition, scored a magnificent style.

Final result—Aston Villa 1, Sunderland 0.

Aston Villa have a great record in the Cup. Six times they have won the final, and failed by one goal in 1892, when West Ham Albion overcame them.

Wolverhampton Wanderers, Blackburn Rovers share with Villa the honor of winning five times.

The Cup, of course, over the interest the League match some important games were played.

SPORTING COMMENT

A little chilly yet for spring practice behind the dyke. Oh, you Toronto! The Leafs have not yet won a game and Dicky Rudolph has jumped them because of a row with Kelley.

The football opening on Saturday according to all reports was a big success, although the players were handicapped by a high wind. A great deal of enthusiasm was manifested in the results.

What's in a Name?

Pitcher Graver Brant of the Leafs gave a creditable performance Saturday at Newark, even if his bad start lost him the game.

The world's champion Red Sox have won two out of seven games thus far, while Washington has won five out of six.

Jack Sloan, the local wrestler, accepts the challenge of R. Myers, and place to be named as soon as possible. Jack who is a member of the Alexandra Athletic Club, points out a typographical error in The Courier which gave the club 18 instead of 180 members.

The ball diamond at Agricultural Park this year will be skinned, uniformly around the base lines. There were occasions last year when the Brantford grounds were the prettiest on the circuit, and much attention is being paid this year to that feature.

Malcolm Barry had two hits against Toronto Sunday and he is fielding in excellent style. How that boy can bring the ball.

Wrestling

Conkle Defeated Willis.

Hamilton, April 21—Unable to continue after he had taken a grueling at the hands of Charley Conkle, Sil or Jack Willis lost the wrestling bout here last night before a large crowd at the old Armories.

While the bout lasted it was a rough and tumble one, with each man using everything in the game. The speed of Conkle, after many months of idleness, was wonderful, and still shows that he is as good as any at his weight.

St. Andrews Athletic Club.

There will be a special meeting on Tuesday, April 22nd of the St. Andrews Athletic Club at 8 o'clock, when all members, and intending members are requested to attend for special business.

The Northern Senior League will play at Jesse Ketchum Park this season instead of at the stadium of the University of Toronto.

Washington made it three straight over New York on Saturday, Walter Johnson shutting out the Highlanders by a score of 3 to 0.

Brantford Football League Got Away to a Good Start on Saturday--The Games Played

The 1913 football season was officially opened on Saturday afternoon, when four games were played in the City League, and from what can be learned from the players and spectators they were all first exhibitions of the game.

The weather was rather raw and terribly windy, and consequently, the games were not as largely attended as they would otherwise have been. The Tulea team took the Duffs into camp, the Y.M.C.A. captured the Dragons.

Y.M.C.A. 4, Dragons 0.

The match on Saturday between the Dragons and the Y.M.C.A. was a closely contested one, ending in a win for the "Y.M." by 4-0.

Both teams played good clean football and the referee, Mr. Smith, was par excellence.

Tommy Harbour, captain, at full back, played a splendid game and special mention must be made of Marlatt who as right half, H. Platt, outside left; W. Lord, outside right; and McDonald, centre half, who played the game in a manner which won the approval of the spectators.

During the latter part of the second half, lack of condition began to be shown by the Y.M.C.A. who are a splendid team, wore down the Soldier boys and obtained the victory.

The 25th lads are not the least downcast over their defeat, and will train all the harder and will undoubtedly be heard from later.

Holmedale 0, All Scots 0.

This match was played on the O. I. B. grounds before a good attendance at 6 o'clock sharp. Both teams were at full strength with the exception of Martin, who was ill, but it is hoped he will be better for the next game.

Archer and Scanlon played a great game, the former was a little individual, but he will mend this in time. Street and Moorcroft played a good game, Moorcroft being pretty fast.

Williamson got a nasty kick on the knee which stopped the play for about five minutes. The game started again and very soon the same player received another kick which put the final touch on him, and he had to be taken home.

Scanlon kept the goal pretty well again on Saturday, making some good saves. Hoyle just on time makes the dash of a life time down the left wing, centres it and Scanlon put it over the bar.

Stewart played well for the Scots, but when he got to the backs, Hart put a check on him. This player plays pretty well. He has played nearly every position on the team. It was a fast game throughout and spectators were sorry to see it end in a draw.

The Tigers' practice on Tuesday night on Holme street.

The Cockshutt United and S.O.E. teams played their opening game in the Brantford League last Saturday at Mohawk Park, before a fairly good attendance of spectators, several ladies graced the occasion and lent a coloring to the somewhat sombre surroundings.

The game was timed for 6 p.m., but owing to a misunderstanding, some of the Sons missed the car, which made the start off 15 minutes late.

The Scots having won the toss, took what advantage there was in a nasty cold cross wind, and elected to play towards the pavilion goal.

Richardson set the game in motion but the United forwards did not get far until they were dispossessed by Biggs, and the Sons forwards through nice play brought pressure to bear upon the United's defence, which only helped to display the sterling qualities of the

Leafs Drop a Pair on Saturday and Sunday

Brant Twirled Magnificently Against Newark--Toronto Batted Very Hard, but Wretched Fielding Cost Game at Jersey City.

JERSEY CITY, N.J., April 21—Weird fielding by Joe Kelley's athletes, combined with a generous distribution of passes by Johnny Lush, and Herbert, his running mate on the pitching slap, framed up an even 11 to 6 victory for Jersey City in their opening clash of the season with the Toronto Leafs.

Leafs Hammered the Ball

The champions batted all around the Schafly crew, but their thirteen safeties failed to overcome the advantage obtained by the home team in their first two trips to the plate.

Lush, out of condition, was lacking in deception and control, and after having made a bad mess of things for Toronto, Johnny beat it to cover with only one out in the second chapter, three runs in and the bases all occupied. Herbert took charge in the box, but before he could get going right Jersey City tacked on three extra tallies and had the contest securely sewn up.

Skeeters' Good Southpaw

Thompson, a southpaw, recently turned over to Jersey City by the Boston Nationals, made his bow in a Skeeter uniform and earned brackets by steady work, not withstanding that he was hit hard in spots.

He showed his nerve when, with the bases filled and none out in the third period, he pulled through safely by striking out big Tim Jordan and Bradley, and forcing Schultz to hit into Knight's hands.

Kelley Was Banished

Manager Joe Kelley had a talk with umpire Hayes over the latter's judgment on strikes, and was ordered

from the sidelines. Fitzpatrick, who started at second base, was forced out of the game in the fourth inning with a badly split finger, and will be out of action for several days.

Rudolph Deserts the Leafs

Dick Rudolph, who deserted the club after the game at Newark, failed to appear yesterday afternoon, and Manager Kelley decided that there was no good reason for the Bronx boy's action.

He is not worrying, however, as he expects Dick will be back on the job before the champions move on the next stop.

The Leafs started as though they meant to break away from their losing streak. After Fitzpatrick fanned 1, O'Hara singled to left, stole second and was wild pitched to third.

Northern hit to Vaughn, who fell down on the way, and O'Hara rushed home. Jordan forced Northern at second; Bradley singled to right, but Shaw was retired at first.

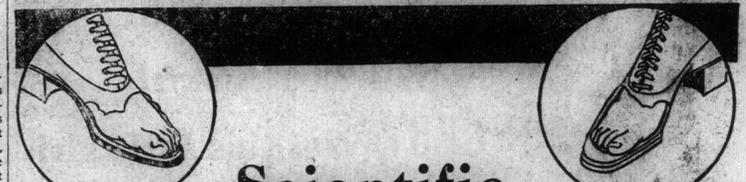

Bill Bradley had a double and two singles yesterday.

O'Hara took down three good hits and stole Toronto's only base. Somebody fired Bradley before the season was even opened. Let's hire him again.

Young Schultz did fairly well by way of making his bow yesterday for the Leafs.

The fast youngster had a home run, a double and a single in four times up. He is a hustling, sensational fielder, with a world of speed.

Fred Mitchell, of the Boston team, formerly with the Leafs, says that Schultz will take International League fans by storm.

Scientific Toe Construction

Foot-Rite Shoes have an IMPROVEMENT in shoe toe construction that will appeal forcibly to sensible men.

The Foot-rite Toe is built one-sixth longer than regular, to give perfect toe freedom, yet the toe does NOT LOOK longer or the shoe in any way larger than other shoes.

The difference is in the scientific fit of the vamp, which holds the ball of the foot firmly in place and prevents the toes from slipping forward to press against the sides or end of the toe-cap (see illustration).

In a Foot-rite Shoe your toes are free to move at will in any direction. At the same time the appearance of the toe-cap is as natural, shapely and neat as in the highest priced custom-made shoes.

The Foot-rite is practically a Custom-made Shoe in Looks, Finish and Wear. See our Windows

THE SAVING OF SMALL SUMS
Savings Accounts are the most approved and convenient form of thrift. They can be opened and added to at any time. Interest is added to balances as if they had really been to blame; and of course, she was very sweet and solicitous at breakfast to atone for the sin she hadn't committed; and of course he graciously related, as heads of houses usually do when they have relieved their minds by blaming someone for their annoyances.

And lastly, of course, that man is going to develop into a household bully. Twenty years from now he will be a confirmed, tyrant in his home. Why shouldn't he be when his wife is evidently so eager to be tyrannized over? When you see a spoiled child you can know there is a spoiling mother behind him. When you see a bullying, tyrannical husband, you can know that he has a wife who has helped to develop this attitude.

It's a tremendous relief to the mind to have someone to blame for anything that annoys you. Therefore when a wife shows that she is willing to be reproached for every unpleasant thing that happens, whether it is really her fault or not, do you blame the husband for using this safety valve whenever he has a feeling of annoyance?

I don't. At least no more than I blame the wife for taking that attitude. Good husbands, like good children, must be trained from the very start. A wrong attitude at the beginning means an ever-widening breach between what is and what ought to be. The wife who wants to live with a reasonable, just husband, and not a tyrant, will not invite her husband to blame her for things that are not her fault.

She will sympathize with him for his annoyances, and try to help him out of them, but she will not apologize for them when she knows she is entirely guiltless.

Lady Marjorie's Love

How fervently and entirely she meant it was shown by the kindling of her face. Shame and sorrow was lost in the glow that made it beautiful. With an irrepressible revulsion of feeling—too strong at the moment for control—he stepped back from her.

"Who is the man?" he demanded sternly.

The change in him was too harshly sudden to escape her notice; the glow faded into whiteness; she trembled.

"Why do you—or what good is it to ask?" she said falteringly.

"He and I have an account to settle—mine, yours, our father's. Give me his name."

"No."

"I will not. Don't ask me Gerard. It is useless."

"A man who did not understand her might have tried to frighten her, not to persuade her; he had seen that look and heard that tone before, and knew that she was to be neither cajoled or cajoled; there were times when her will was inflexible.

Wise enough to understand her, struggled with and controlled himself, putting his arm affectionally about her with an air of yielding the point. In the hot height of his passion the effort cost him something, but he was self-reproachful for his lapse into anger against her, and resolutely made it to spare her.

"Nora, I'll not urge that now. If I spoke harshly, I am sorry, my dear. I beg your pardon, I'll not ask you to mention his name; let him go for the cowardly cur and scoundrel he is!" Rage sprang up in him in spite of himself, and she winced with a gesture of entreaty, and a sound of pain. "There, there—forgive me."

(To be Continued.)

"As the Twig is Bent—"

By RUTH CAMERON

THE laundryman, for some unknown reason, was two days late with the laundry, and the head of the family discovered one morning that he hadn't a single clean collar.

"Where are the clean collars?" he called to his wife.

She left the toast to burn and hurried into the bedroom to answer him.

"Why the laundry hasn't come," she explained apologetically. "I don't know why it never was so late before. I'm awfully sorry." Her tone was extremely apologetic, and her manner most deprecating. Now the head of the house was new to his job and didn't know exactly what heads of houses did under such circumstances. But when he heard his wife's apologetic tone, he took his cue from that.

Evidently he was expected to blame her, and so he did. "I'd like to know what I'm going to do," he growled in a most accusing manner. "Here it is halfpast seven, and I haven't a clean collar to put on. I suppose I'll have to use one of those half dirty ones. Give me the laundry bag. I wish you'd see that I don't get caught like this again."

Of course she hastened to hand him the bag; and of course she promised not to offend again as humbly as if she had really been to blame; and of course, she was very sweet and solicitous at breakfast to atone for the sin she hadn't committed; and of course he graciously related, as heads of houses usually do when they have relieved their minds by blaming someone for their annoyances.

And lastly, of course, that man is going to develop into a household bully. Twenty years from now he will be a confirmed, tyrant in his home. Why shouldn't he be when his wife is evidently so eager to be tyrannized over? When you see a spoiled child you can know there is a spoiling mother behind him. LONDON, April 21.—Lady Scott, the wife of Capt. R. She says that her husband's diary will be published in full as soon as practicable. "Every word in the diary," Lady Scott says, "goes to enhance the glory of the expedition and the work of every officer and man concerned in it."

CONFIRMATION WAS OBSERVED

Bishop Williams, of Huron, At Grace Church Last Evening—Eighteen Candidates.

At Grace Church last evening, at the conclusion of the regular evening service, the service of confirmation was held. Eighteen candidates were presented, the majority being adults. The Lord Bishop of Huron, the Right Rev. David Williams, officiated.

In addressing the candidates, Bishop Williams spoke from the text "Blessed are the eyes which see the things which ye see, for many prophets and kings have desired to see the things which ye see, and have not seen them." He enumerated the following six points which were of priceless value to humanity, and which were possessed only by Christian people:

1. Our Christian knowledge of God.
2. Christian knowledge of men.
3. The promise of forgiveness of sins.
4. The assurance of life everlasting.
5. The possession of the Holy Spirit.
6. The elevated position women and children occupy and the sacredness of life.

Bishop Williams, in his closing remarks advised those who were being confirmed, to let their manner of life be equal to their privilege, and also to communicate the blessings which had been theirs to others.

The choir rendered excellent music. The anthem was "Come Hilly Ghost our Souls Inspire," by Thomas Atwood. The newly confirmed will commune for the first time next Sunday. The attendance at the service was large.

MAKES YOUR BACKACHE QUICKLY DISAPPEAR

A Few Doses Relieve All Such Migraine, Bladder Weakness, Kidney Trouble and Rheumatism Promptly Vanish.

It is no longer necessary for anyone to suffer with backaching, kidney trouble, have disagreeable bladder and urinary disorders, to contend with, or be tormented with rheumatism, stiff joints, and his heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities, which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principles of cleaning out the poisons and removes the cause.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone will quickly relieve you of impossible, to take it into the human system with results. There is nothing else on earth like it, and relieves you the first time you use it.

Chewing Gum

By HOWARD L. RANN

CHEWING gum is a mild beverage which has the effect of imparting to the human countenance the benign and introspective look of the mooly cow. There is something about ten or fifteen cents' worth of gum, tucked in a kitchinish fashion just inside the left cheek, which gives the wearer a chaste look of perfect peace.

Chewing gum is made principally out of automobile tires which have seen their last puncture. When an aged tire has had several blowouts, caused by running over people who were not expecting anything of the kind, it is sold to a gum factory, chopped up fine and sprayed with a very low order of perfume. It is then cut into strips and sold to people who are blessed by nature with a set of double-acting jaws. The best brands of chewing gum are guaranteed to cure every human

ailment except freckles on the nose. All gum makers advertise that their gum is a never-failing specific for indigestion, rebellious feelings in the stomach, nervous headache, toe cramps, muscular rheumatism, and the clinging aroma of the boiled onion. A great many men chew gum immediately after smoking in order to deceive a fond and trusting wife, who cured her husband of the tobacco habit by inserting Rough on Rats in his coffee.

Gum is sold in large quantities to theatre-goers, who vibrate noisily between acts and keep time with the opening overture in a rapt and pre-occupied manner. Some people are so fond of gum that they take it to bed with them, and either swallow it in an unguarded moment or affix it to the head of the bed, where it can be found by a small brother and made to do double duty.

Once firmly installed, the gum chewing habit is harder to get rid of than a languid third cousin on your mother's side who drops in for a couple of days. It is a harmless pastime, however, and is far better than filling the lace curtains full of cigarette smoke.

CANADIAN BARONET EXPIRES AFTER FIRST AEROPLANE TRIP

Sir Charles Ross, Famous Sportsman, Saw Service, as an Officer in the Fenian Raid.

LONDON April 21.—Sir Charles Day Rose, M.P., a native of Montreal president of the Royal Aero Club, yachtsman and breeder of race horses, died yesterday with tragic suddenness. He made his first flight as a passenger in an aeroplane at Hendon yesterday afternoon and was delighted with his novel experience. On his way to his home in a motor car he died from heart failure.

Sir Charles departed on his homeward journey about 4.30 o'clock and his death must have occurred somewhere between the Aerodrome and his residence in North Audley Street, as when the chauffeur drew up the car at the door and got down to assist Sir Charles to alight, he found the baronet dead.

Charles Day Rose, the second son of the Rt. Hon. Sir John Rose, of Montreal, was born in 1847 in that city. He was created a baronet in 1909. He was a captain in the Montreal Garrison Artillery and assisted to quell the Fenian rebellion in Canada in 1866.

He was a member of the Jockey

Club since 1891, and was for a time racing partner of King Edward VII, when Prince of Wales. He was president of the Royal Automobile Club of England. Later he became interested in yachting, his boats including the Emerald, the Satanic and the Aurora. He once issued a challenge for America's cup which, however, was withdrawn.

He sat in the British House of Commons for the Newmarket division of Cambridgeshire from January 1903, to January 1910, when he was defeated, but was re-elected in December, 1910. He was a Liberal.

His mother was the daughter of Robert Emmet Temple, of Rutland, Vt. His father Sir John Rose, was the partner of Levi P. Morton in the Anglo-American banking house of Morton, Rose and Company, Sir Charles later taking his father's place in the partnership.

He last spoke in Parliament a week ago Friday, when he seconded the National Service Bill. He was the only Liberal to back the measure.

MILITANTS MAULED BY LONDON MOB

Defied Police Orders and Attempted to Speak in Hyde Park.

LONDON, April 21.—The Suffragettes yesterday defied the police order prohibiting them from holding Sunday meetings in various places, and therefore had to run for safety under police protection from an angry crowd in Hyde Park. The brilliant weather, added to the expectation of a row, drew a bigger crowd than usual.

Several hundred policemen were on duty and they immediately pounced on the men with a view to saving the women from violence and also of preventing them from defying the official prohibition of these meetings. The officers in every case took the woman by the arm and led her towards the exit, but not one of them

was allowed to depart quietly. The crowd rushed at the women and hooted and pelted them and threatened the police, who were trying to save them from the vengeance of the mob. The crowd appeared to be angry at the police for talking them of their prey and the constables were made the targets of missiles as well as the women.

Mob Swamps Police
There was some rough scrimmaging here and there, and at times the police were swamped by the mob. An elderly woman, dressed in a fashionable gown, got into the hands of the mob and lost some of her clothing, notwithstanding the efforts of the police to rescue her. Other women were hustled about in rough fashion by one section of the crowd while the police were busy in another part of the park. About 25 women were run out of the park and in some cases were unable to even reach the gates, and the police had to hoist them over the railings.

When the women arrived in the streets outside the park they were no better off, as there were hostile crowds everywhere. Some fled in cabs, while others less fortunate were hooted and hustled by the mob. In two instances residents of houses adjoining the park who were moved to compassion for the women opened the doors of their houses to the fugitives, and took them at the peril of having their windows smashed. The mob, however, did not attack the houses, but contented themselves with hoots and howls.

It is probable that some of the women who were hustled about the streets had nothing to do with the

Suffragettes, but the crowd was on a woman hunt, and was not very discriminating as to whom they attacked. The police were kept busy for some time protecting these women. A meeting held by the women at Hampstead Heath also drew a noisy mob. The police broke the meeting up, on the ground that it was obstructing traffic.

Big Row at Brighton
There was a big row at Brighton where some Suffragettes made speeches on the promenade. A huge crowd gathered and hooted and jostled them. They also threw pebbles at the speakers. The police then persuaded the women to quit. They did so but were followed by an angry mob, which, on seeing some women enter a house on Victoria Road, bombarded it with stones until nearly every window in the place had been broken. The police then charged on the mob and made three arrests. This aroused the anger of the crowd and an attempt was made to rescue the prisoners. The prisoners were held by the police and landed in the station house.

An improvised bomb similar to those previously found at other places, was found in the doorway of the Yorkshire Herald at York yesterday. It was wrapped in the usual Suffragette papers.

WE KNOW HOW

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CITY'S GRACE CHANGE NOW

Control of Street Could Be Easily Effected

Looks Like the Outcome of Difficult Tangle

The Courier thinks the time has come when the City should look into the acquisition of the Street Railway by the City.

In this regard a review of the situation is opportune. It was in 1886 that the line was built with cars about the size of a trolley and one lone man drew each. The project was by some men in Cornwall who it was turned into the Toronto Electric Company, via Mr. Nickerson's first mortgage on every \$125,000. It is also understood they paid considerable interest. The next move was when the City held and he built the City line to Paris and later he sold more bonds and placed them to the extent of a mile for \$5 miles or \$50,000. Dr. Ickes passed out and the City from the United States control. He got a merger and then issued mortgage over both, trying to get the surrender terms. Some did not. The third issue was for \$125,000 and there was a fight about the whole of the matter. It would seem to the General Electric of Toronto have a stranglehold on the whole situation, and that about the only ones with a voice. Incidentally it might be mentioned that the City road municipality a little trifling.

The board members are at the head of the line and the city has given notice to cancel the city franchise. It is said that this will be the basis of turning the whole over to the General Electric of Toronto. If so they does not have in any way and it further believes that the accepted time for ownership.

The city lines are practically now on a paying basis and ten could be reorganized the earnings even larger. The city has on hand a \$71,000 in available cash sale of the Waterloo property. To what better use of money be put than as a pe the amount necessary to acquire the street railway and the extent of mileage road would prove a big asset people of this Corporation, the same way as the Water have.

The Courier fought for ownership of the latter and out with both feet for citizenship of the local railway.
