Sale Price 55c

On one table you will find values up to 40c per yard comprising 40 inch zephyr Gingham, muslins, colored reppettes, 36 inch chintz etc. all offered to clear at 25c per yard

SPECIAL

We have just received a quantity of heavy weight 36 inch unbleached cotton. This is easily a 30c value during this sale 25c per yd.

The JOHN BRANDER COMPANY

NEWCASTLE, N. B.

REV. P. W. BRIDEAU GOES TO NEW PARISH

Rev. P. W. Brideau, curate of St. Mary's Church, Newcastle, left on Thursday for Balmoral, Restigouche Co., to take charge of the Catholic Church in that parish. Fr. Brideau has been curate of St. Mary's Church for over four years, and during his stay here has made many friends among the old and young, all of

whom, while sorry to learn of his departure, wish him health, strength and prosperity in his home. On Wednesday a number of the parishioners presented the reverend gentleman with a purse of money, thus showing in a small measure the high esteem in which he was held by the congregation, to whom he has been such a faithful worker, while curate of St. Mary's church.

The Newcastle Sub-division Catholic Women's League of Canada presented to Father Brideau, their chaplain, on the eve of his departure, suitable gifts for his house, in the

form of table linen and a pair of blankets.

Wednesday evening the Mission at Bridgetown, presented Father Brideau with a purse of money. This mission with Eelground and Beaver Brook, is under the guidance of Rev. P. W. Dixon, pastor of St. Mary's Church.

ST. ANDREW'S S. S. PICNIC

St. Andrew's Church annual Sunday School picnic will be held tomorrow (Wednesday) at Wilson's Point, leaving Newcastle at 10 o'clock a. m.

REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council of the Town of Newcastle was held in the Town Office on Thursday, Aug. 20th, 1925 at 8 o'clock p. m.

Present—Mayor Russell, Ald. A. Kinson, Creaghan, Mackay, Sergeant, Smallwood and Stables.

The Chairman of the Finance Com. reported the purchase of \$23,000 for Sinking Fund of maturities to suit our own issues, for which part payment had been made by the exchange of \$10,000 Victory Loan Bonds 1934 and other small lots totalling \$5,200 of various maturities, thus placing this amount as a permanent investment for a suitable period at favorable interest rate of about five per cent.

The following bills were passed and ordered paid.

The Chairman of the Light and Water Com. reported that he had arranged to have repairs made to the roof and cornices at the Power House and that repairs to the floors would be made later.

The Chairman of the Public Works Com. reported that he had interviewed the C. N. R. authorities regarding overflow of water on Ledden Street and had received an assurance that the Railway would supply pipe to furnish drainage on that street.

Pursuant to notice given at last meeting, it was moved by Ald. Smallwood, seconded by Ald. Creaghan and carried "that the Street Traffic Bye Law be amended by adding to section 52 thereof the following:—

"Excepting Regent Street for its entire length and the street known as Mullin's Lane from the highway to Green Street, on which, in addition to the provisions and restric-

CHATHAM TEAM DEFEAT TROJANS

Last Thursday evening the St. John Trojans and Chatham baseball teams played a game of ball in Chatham, in which Chatham was victorious by a score of 3 to 2. There was a large attendance of fans, many from Newcastle being present. Chatham secured a run in their first and second innings and a third in their seventh, while the visitors only were able to secure one score each in their seventh and eighth, Briggs pitched for Chatham and had 11 strike-outs to his credit while his opponent Kerr had 7.

It was a good game of ball and much enjoyed by the spectators.

On Friday evening a team composed of Nelson and Newcastle players was defeated by the Trojans in Nelson by a 6 to 0 score. Graham and Ward performed for the local players and both pitched good ball. The visitors are snappy baseball players and the experience for the local players will be of considerable benefit in future baseball games.

ROYAL'S PITCHER MAKES IMPRESSION

Earl Nelson, the Royal's ball club's star twirler, made a name for himself along the strike-out line while on the Trojan's recent trip to Nelson, Richibucto and Bathurst. Earl pitched a total of 16 innings and rolled up a total of 36 strikeouts. In Nelson he fanned 19 in 9 innings 14 in 6 innings at Bathurst, and three in one inning at Richibucto.

In addition to his pitching, Nelson hit strongly and proved a demon on the bases. His reception on the ball field by the fans at the various towns was an enthusiastic one.

ions already specified through automobile traffic is prohibited.

The present unsatisfactory practice of collecting Water Rates from tenants was discussed and it was moved by Ald. Ritchie, seconded by Ald. Smallwood and carried "That the Town Treasurer be instructed to carry out the provisions of Section 25 of Bye Law no. 20, under which all charges for water shall be levied against the owners and that after Dec. 31st, 1925 all accounts for water be rendered to the owners of the buildings or premises where water is used and that all said owners be notified as above.

The return of the Police Magistrate for nine months, ending June 30th, 1923, showing a balance of \$176.70 paid the Town, was submitted and the same was received and ordered filed.

On motion the council adjourned.

Mr. and Mrs. Herbert Marston and son of North Anson, Maine arrived in town yesterday by motor to visit Mr. and Mrs. Sorman Anderson.

PRESBYTERIANS WILL CARRY ON

At a congregational meeting of Continuing Presbyterians held in the Opera House, immediately after last Sunday evening's service, it was unanimously decided to carry on the work of the Presbyterian Church in Canada, in the Town of Newcastle. A Committee of three, composed of Messrs. A. A. Davidson, W. A. McMaster and W. J. Sutherland, was appointed to confer with a like committee from Chatham to arrange for services and also to procure the services of a minister for the two congregations, the committee to report back to the congregation. This Committee conferred last evening with the Chatham Committee and satisfactory arrangements are now under way. Next Sunday morning, Communion Service will be held in Chatham with Rev. S. C. Graeb of Toronto, the officiating clergyman and communicants from Newcastle will attend the service. In the evening Rev. Mr. Graeb will hold a service in the Opera House, Newcastle, at 7 o'clock, to which the public is cordially requested to attend.

BALL DIFFICULTIES SETTLED AT LAST

A meeting of the Miramichi Baseball League Executive, with President Dr. J. A. M. Bell in the chair, was held in the Police Magistrate's office here last evening to decide the three games, which had been protested. Dr. Bell gave the deciding vote in favor of Nelson, in the Newcastle-Nelson protested game of July 3rd. In the protested game between Newcastle and Chatham played here July 22nd, Nelson and Chatham voted to sustain the protest of Chatham and the game was ordered to be replayed in Newcastle on Wednesday, August 5th, at 5 o'clock p. m. sharp. The Nelson-Chatham game of July 31st was amicably arranged between Mr. McCoombs and Mr. Veno and the game is to be replayed on Friday evening in Chatham at 5 o'clock sharp. Mr. E. W. Watling will umpire both games.

Providing that Newcastle wins its game against Chatham and Nelson is defeated by Chatham, Newcastle wins the league. If Newcastle wins from Chatham and Nelson wins from Chatham, Newcastle and Nelson will tie for first place and a play-off will be necessary, but if Newcastle loses to Chatham, the locals will be out of the winning.

CHATHAM HEN LEADS

The 230 hens in the New Brunswick Egg Laying contest which is conducted at the Experimental station Fredericton laid 822 eggs during last week, which brings the total to date since Nov. 1 up to 31,614.

The pen owned by R. A. Snowball, Chatham, led in production for the week with a total of 53 eggs. The pen owned by A. T. Reed, Rollingdam, was in second position with 49 eggs. Mr. Reed's pen still continues to lead in production with a total to date of 1,848 eggs. The pen owned by A. S. C. Stevens, Hoyt, is in second position with 1,789 eggs to date.

Mr. Stevens owns the leading hen to date which has a record of 233 eggs. Mr. Reed owns the second leading hen which has a record of 223 eggs.

Is the Bee Busy?

Riseth up a scientist to dispute the age-long reputation enjoyed by the bee for industry. He claims the average bee buzzes more than he buzzes himself.

Yet some bees must work—how otherwise could they produce the 3,500 lbs. (nearly two tons) of honey used every month by Moira?

The best clarified honey from Jamaica with the cream of that produce in Nova Scotia, is used in Meira products.

Mr. and Mrs. Sorman Anderson.

PROTECTION IN ENGLAND

In Great Britain important industries are finding that they cannot compete successfully with rival industries in foreign countries where wages are lower and the most confirmed supporters of free trade are recognizing the situation. Thus, the Manchester Guardian, ablest and staunchest opponent of protection in the Old Country, is found advocating the adoption of a 33 1-2 per cent tariff against foreign competition with the British Lace industry under the Safeguarding of Industries Act. Commenting on the attitude of the great free trade newspaper of England the Ottawa Journal observes:—

The arguments which it advances are the usual solid ones in favor of tariffs, the argument underlying the National Policy in this country. Briefly it is that the British lace industry is suffering from depression, due largely to foreign competition where wages are lower than in England and production therefore at a lower level. The remedy which the Manchester Guardian suggests is a 33 1-2 per cent tariff against foreign competitors.

The case which the Guardian makes out for the lace industry of Britain is the case that can be made out for nearly every industry in Canada. The case, indeed, is a much stronger one. For if an industry in England cannot compete with the lower wages of Continental countries what chance has an industry in Canada, where wages, on the whole, are much higher than in England? And if Canadian industries cannot compete, and tariffs that would enable them to compete are withheld, what becomes of industrial Canada, with all that that implies?

Since the war some sixty-seven countries have raised their tariffs. The United States Canada's chief competitor, found it to be in her best interests to further protect her own industries against the low-waged industries of other countries. Canada has not increased her tariff schedules but instead has lowered them in a number of cases, and the policy of the present Government in this respect is a primary reason why hundreds of thousands of Canadians have been forced to cross the border to secure employment and prosperity during the last three years.

1/2 lb Package

A handy size package for occasions when half a pound is just right.

Rains In West Have Helped Crops

A general review of the crop situation in the three Western Provinces, indicates that rains, which have been general during the past week have benefited the growing crop, and have caused only minor delay in sections where harvesting was under way. The rainfall has been heavy during the week over Manitoba, northern and central Saskatchewan, with liberal showers over the remainder of that province, and the province of Alberta.

Temperatures have been cool and winds light, with a resulting benefit to later sown grain. Conditions have not been conducive to the spread of rust which is in evidence on both mature and late grain.

The new rye crop is moving steadily toward the market, with barley cutting and wheat threshing fairly general in Central and southern portions of the three provinces.

Say "Bayer" - Insist!

Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer product proved safe by millions and prescribed by physicians for 25 years.

Safe Accept only a Bayer package

which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100. Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Marburg, Westphalia, Germany.

After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house.

WRIGLEYS

Costs little - helps much

New Chinese Regulations Hit Britain

London, Aug. 19—Reported new Chinese coastal regulations in which British and Japanese ships are excluded from various ports, and a boycott of the international port of Hong Kong implied, have created a new angle to the situation in the Far East, to which the British government is giving careful study.

It is understood that the British consul general at Canton notified the government several days ago of the impending issuance of the regulations but it is stated that no action will be taken until full particulars are at hand in view of Premier Baldwin's desire to do nothing which might complicate solution of the present Chinese imbroglio.

Prefer Squalor To Modern Homes

LONDON, Aug. 15—Curious revelation of the way people in the East End live are coming out day by day as a result of the strenuous opposition of certain residents of the Limehouse region near the docks to accepting healthy and sanitary homes.

The Stepney Borough Council long had an eye on a certain area around Elfa and Carr streets. It is a neighborhood of small tumble-down houses nearly a century old. Roofs leak, stairs are rotten, and drains leak. The death rate, especially among infants, is appalling and the whole region is the sort of place certain individuals point to in showing the misery in which the downtrodden poor exist.

The Council is now proposing to clear away the "suns" and to erect beautiful new flats, with asphalt pavements, stone stairways, open air at landings and all the latest sanitary improvements. The condemnation commission went down there a few days ago for what seemed merely a formal inquiry, but he met a storm of opposition. Families living in the old houses, even with five or six persons in a bedroom, don't want nice and well regulated homes. They have little yards now, and keep chickens or train carrier pigeons. "And how would any homer find its way back to the barrack flats?" they ask. For 150 years the fish curing industry has been carried on there. Unsuspecting Londoners have been eating firm haddies smoked in these miserable backyards. "Could fish be cured on stone landings?"

Many houses have wireless, and between howls of multitudinous babies, the residents hear dance music from the big hotels. "Come wires be strung across asphalt court yards?"

Limehouse prefers its old, squalor and old homes and the condemnation commission will face a hard fight when he resumes hearing on September 1.

Responsibility Of Dominions In Case of War

The decision of the British Government to invite Canada and other Dominions to share in the obligations of the security pact does not in any way commit them without their express consent. Nevertheless this is likely to raise the most important question of the unity of the Empire in time of war.

Hitherto it has been recognized that the Dominions automatically share all the foreign obligations of the mother country and that therefore in time of war the whole Empire is at war.

What is going to happen in case of war arising out of the pact to the obligations of which some Dominions are not committed is a question that is puzzling Downing Street, and by those who see difficulties arising out of the government's decision. The attitude of the British government on this question is not likely to be made clear for some time.

"The pact is largely an arbitration instrument and only visualizes war as a last resort," says an official of the government. "We are placing ourselves in the same position as any of the Dominions which found it necessary in its interest to conclude some special foreign arrangement, and we are appealing to the Dominions more as one part of the Empire to another than as a mother country to a daughter dominion."

While France and Britain have agreed to the terms of the reply to Germany, very little real progress has been made on the security pact as a result of the conversations in London.

British statesmen are still insisting that they will only go to war as a last resort in case of violent aggression, such as actual hostile invasion.

Costs Canada \$10 For Each Settler

London, Aug. 10—It costs Canada ten dollars now for every immigrant obtained from Great Britain, where it used to cost \$1.48.

While it is true this is due rather to the decrease of emigration than to increase in the cost of Canadian immigration services here, these figures are considered indicative of waste or unnecessary duplication of effort.

Hon. P. C. Larkin, High Commissioner, who is now in Ireland enroute to Canada, is known to

have certain recommendations to make concerning the matter.

The Government has taken another step by sending Clarence Jamieson, Civil Service Commissioner, to London. Mr. Jamieson will make a tour of all Canadian offices in Britain and report on the manner in which they are being carried on.

The High Commissioner's office and all other Canadian Government offices here and in Europe have been placed under the jurisdiction of the Civil Service Commission, like the departments in Canada.

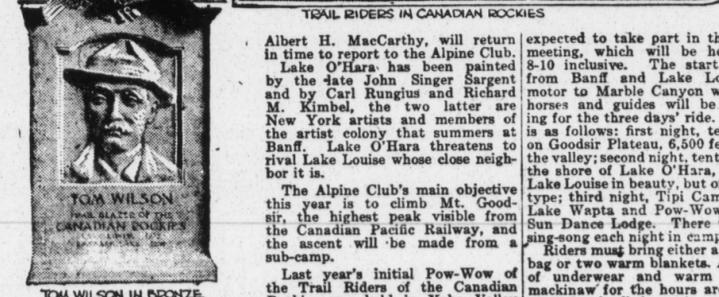

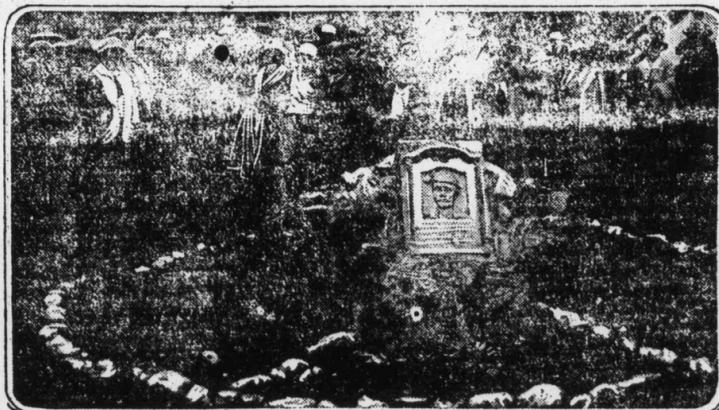

Zam-Buk SAVES POISONED LIMBS!

It was just a bad ankle that might happen anyone. But it serves to show how quickly blood-poison develops unless broken tissues have the protection of antiseptic Zam-Buk.

Mrs. A. Harrison, Place-de-Armes, Kingston, Ont., writes:—"During household duties my left ankle was injured by a sharp projection. Stocking dye got into the wound and its poisonous condition alarmed me. My ankle took a turn for the better, almost as soon as I began with Zam-Buk. This powerful healer dispelled all pain, suppuration and inflammation. It healed perfectly."

Use Zam-Buk also for serious cuts, burns, boils, abscesses, cuts, lacerations, etc.

Riding in Canadian Rockies: A Growing Summer Diversion

Albert H. MacCarthy, will return in time to report to the Alpine Club. Lake O'Hara has been painted by the late John Singer Sargent and by Carl Rungius and Richard M. Kimbel, the two latter are New York artists and members of the artist colony that summers at Banff. Lake O'Hara threatens to rival Lake Louise whose close neighbor it is.

The Alpine Club's main objective this year is to climb Mt. Goodsir, the highest peak visible from the Canadian Pacific Railway, and the ascent will be made from a sub-camp.

Last year's initial Pow-Wow of the Trail Riders of the Canadian Rockies was held in Yoho Valley near Field, B. C. Two days of trail riding and social gathering in a big lodge in the evenings were enjoyed by more than 200 members and novices, the latter qualifying for membership, one of the requirements of which is to have ridden fifty miles over Canadian Rockies' trail. Dr. Charles D. Walcott of the Smithsonian Institution at Washington, D. C., is the honorary president of the Trail Riders' order.

Several hundred trail riders are expected to take part in this year's meeting, which will be held Aug. 8-10 inclusive. The start will be from Banff and Lake Louise by motor to Marble Canyon where the horses and guides will be in waiting for the three days' ride. Program is as follows: first night, tent camp on Goodsir Plateau, 6,500 feet above the valley; second night, tent camp on the shore of Lake O'Hara, rivaling Lake Louise in beauty, but of a wilder type; third night, Tipi Camp beside Lake Wapta and Pow-Wow held in Sun Dance Lodge. There will be a sing-song each night in camp.

Riders must bring either a sleeping bag or two warm blankets. A change of underwear and warm coat or mackinaw for the hours around the camp fire, is all the equipment that is necessary. No grips will be accepted. One pack horse for each three riders. A word of caution, unless one is prepared to rough it he should not ride; but if one delights in the feel of a saddle and pony, he, or she, may be a Trail Rider.

The Rocky Mountains Guides' Association, an organization of all the guides in this territory, with headquarters at Banff, is looking after the arrangements for horses and guides.

Silence That Is Not Golden

The merchant, who fails to "speak up" lets a lot of golden sales slip past his store. This lost business goes either to his competitor down street or, by mail order route to the big city stores.

People are often surprised to find that the goods they bought "unsight unseen" from a catalogue can be seen and examined in the local store!

Tell your buying public what you have—ADVERTISING in "The Union Advocate" will invite the whole community to your store. And—

Most Folks Shop Where They Are Invited to Shop

Order from your grocer his best tea and he'll usually send "Red Rose."

RED ROSE TEA "is good tea"

The same good tea for 30 years. Try it!

From Pay Envelope to Dividend Cheque

MONEY laid by in youth is worth double the savings of middle age. Many a rich man today bought the right to his dividends with the savings he made once out of his pay envelope. Anyone with determination can do the same.

The man who saves is the man with money.

Communists Stage Battle In Reichstag

Berlin, Aug. 24.—Communists went a step farther than usual in their present obstructionism which they have made part of the Reichstag's daily routine. When for the second time within a week the police were summoned into the Parliamentary Chamber to eject unruly Reds, the Bolshevik Deputies deliberately staged a fist fight with the guardians of the law.

Six Red legislators in all were expelled from the Reichstag—a record thus far. Their activities formed part of the regular campaign that has been waged by Communists with the object of holding up the passage of the Government's tariff measure.

The Communist daily dozen of disorders began with a Red Deputy calling Herr Graf, Nationalist Vice-President of the Reichstag, "old profiteer." Herr Graf immediately ordered the offender to leave the chamber, and when he refused cleared the public gallery and called in the police. Eight detectives in civilian clothes advanced on the Communist brushing aside the feeble resistance offered by his colleagues and dragging him out by the coat collar. The sitting was resumed amid an even louder Communist tumult.

One after another the presiding officer decreed the expulsion of five more rebellious radicals. They refused to budge from their places until a body of plainclothes men, fully twenty strong, invaded the floor and stormed the Communist benches. Defensive cordons drawn around the chief troublemakers were broken through by the police, who exchanged brisk blows with the Communist representatives, forcing at least one Red to retire with his nose the color of his political opinions. The chief offender ended in the general cry, "We will do force only," from the Communists; and the five evicted men walked out, encircled by detectives.

SECTION ACT CHANGES HAVE BEEN GAZETTED

The current issue of the Canada Gazette contains a notice by Chief Electoral Officer bringing into force the amendments to the Dominion Elections Act made at the last session of Parliament. Among the more important of these amendments is that which reduces the interval between nomination and polling days from fourteen days to seven in all but twenty-seven constituencies. Another is that which requires the immediate appointment of returning officers who are now to hold office during pleasure and to conduct such elections as may be directed to be held in their electoral districts during tenure of office. Heretofore returning officers have been appointed only temporarily for the purpose of holding specified elections.

In anticipation of the coming into force of the amending act appointments have been made for about 78 of the 241 electoral districts into which Canada is divided and each of the appointees is now being instructed by the chief electoral officer to familiarize himself with his electoral district and to define the boundaries of the polling divisions into which he will divide it in the event of an election, the provincial and municipal polling divisions being taken as a basis for the division of the district for federal purposes. The opportunity which, under the act as amended, returning officers will have to study the election law and get to know their electoral districts is expected to make it possible to make better arrangements than heretofore for the convenience of the voters.

WALL ST. EAGER TO SECURE NEW CANADIAN LOAN

Canada is likely to get an extraordinarily good price in New York for the forthcoming Dominion loan. The Evening Sun states.

The Sun says: "Two syndicates are now planning to compete for the forthcoming Canadian loan it was learned, and other groups may enter the contest a little later. The amount of the issue may be \$150,000,000 thereby becoming the largest foreign loan of the year."

"Canadian bonds rank in a class by themselves and since the bulk of the loan is for the purpose of refunding maturing bonds owned in the United States competition on the part of the bankers here will be particularly keen. They will not let anything but a major obstacle prevent the flotation of the loan here. It is likely that Canada will get an extraordinarily good price for her bonds."

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.

ARE YOU INCLUDED?

About the last thing on earth that many people think about is the payment of their subscription to the home town paper, magazines, fashion books, dime novels, daily papers, etc., are cheerfully paid for in advance, but the local paper is generally paid for when subscribers are good and ready—and in some cases not at all. We have waited patiently for a large number of subscribers to pay up, but our waiting in many instances, has been in vain. We would therefore respectfully direct your attention to the address slip on your paper, and if it is not marked "1924" you owe us something. It may only be a small amount, but in the aggregate represents a large amount, which would be of great assistance in the carrying on of "The Advocate."

You can't forget that delicious crispness and oven-fresh taste!

Here and There

According to the official records one hundred and thirty whales have been caught by the Victoria, B.C. whaling fleet so far this season. The sperm whale is the most plentiful this year.

It has been estimated that over one hundred and fifty thousand people attended the Calgary Stampede this year. A historical pageant more than five miles long was the opening feature of the jubilee.

With an estimated attendance of five thousand each, twenty conventions have been booked to take place in Montreal for August, September and October, according to figures from the Tourist and Convention Bureau of that city.

It is expected that when Hon. Honore Mercier, Minister of Lands and Forests, returns to Canada, a thorough organization of the aviation branch of the Quebec Lands and Forests Department will take place. It is reported that the Province is to purchase several more hydroplanes, to be used for forestry research work, as well as for combating forest fires and other work.

Church dignitaries, statesmen and thousands of laymen congregated in ancient Quebec to be present at the wonderfully impressive ceremonies attendant upon the burial of the late Cardinal Begin. The Basilica, which has only recently been reconstructed and opened to the public, presented a scene of colorful beauty and majestic dignity while the profoundly sorrowful services were being recited.

At this year's Cross-country Ride and Pow-wow of the Trail Riders of the Canadian Rockies it is expected that approximately one hundred riders will cover a new trail which extends from Marble Canyon on the Banff-Windermere Road over the Wolverine Plateau and past Lake O'Hara to Hector, while between 250 and 300 are expected at the Pow-wow near the Waipa Bungalow Camp. While out west Field Marshal Earl Haig signed on as a member of the Trail Riders.

On the occasion of the departure from England of a party of one hundred school-teachers on board the "Empress of Scotland" to visit Canada and study educational methods here, His Majesty the King sent the following message to the International Education League: "His Majesty congratulates the League upon the happy conception of the undertaking which will give opportunities to study the educational system in Canada and to gain an insight into her history, development and general resources."

That 69,000 harvesters would be required to handle this year's crop, of which the East would be expected to supply 50,000, was the estimate arrived at last week at a conference of various governments held in the Canadian Pacific offices at Winnipeg. In the meantime the Canadian Pacific Railway has taken all necessary steps to transport the army of harvesters. Their colonist cars and special equipment has been overhauled and the company is now fully prepared for its annual rush of harvesters.

George Morris Bosworth, Chairman of the Canadian Pacific Steamships, who died in London, England, on the morning of July 26th, from septic poisoning following an operation for appendicitis, was with the company almost from its inception. He was 68 years old when he died, joined the Canadian Pacific Railway in 1882 and was head of the steamship service for nearly seven years. When informed of Mr. Bosworth's death, E. W. Beatty, K.C., chairman and president of the company, stated that in his opinion Mr. Bosworth had had no equal in the country as a manager of railway traffic and added that "the company deeply regrets the passing of another of the old guard, whose ability and effort so largely contributed to the company's success."

Here and There

Since the first of April up to the present time approximately seven million pounds of various fish have been landed at North Sydney, N.S., by local fishermen. The catch made so far this season is far in excess of any previous year's catch in the history of this port.

All tourist and motorists records are being broken at Banff this year. There are three times as many campers as in any other year and 2,400 more bathers than in 1924. The Canadian Pacific hotel here and at Lake Louise reports bookings as being unusually heavy.

More Alberta provincial savings certificates were sold in the first six months of this year than in any full year previously, even including the big record year of 1920. Since the beginning of the current year up to the end of June, the total sales amounted to \$1,401,500. There is now close to \$7,000,000 outstanding in savings certificates.

Radio receiving licenses held in Canada at the end of last month numbered 56,063, according to a statement issued by the Federal Government. Ontario leads all provinces with a total of 23,507. Quebec occupied second place with 7,882 licenses, followed by Saskatchewan with 6,551; Manitoba, 4,443; British Columbia, 3,392; Alberta, 3,004; Nova Scotia, 1,435; New Brunswick, 735; Prince Edward Island, 87; Yukon, 22; and Northwest Territories, 5.

A consignment of 21 fox hounds from the famous Mendip Hunt Pack, in Somerset, England, was brought to Canada early in August by the Dominion Express Company for the Toronto Hunt Club. The English papers published photographs of these splendid animals and expressed gratification that good British hounds were being used on the hunting fields of Ontario. This is the third such consignment brought out by the Dominion Express within recent weeks.

The delegates to the Empire Press Conference at Australia who came from Britain and passed through Canada recently spent several days in the Canadian Pacific Rockies and enjoyed themselves trail-riding and hiking among the beauty spots that surround Banff and Lake Louise. Lord Burmah and several other distinguished British journalists established new walking records in covering the distance between Wapita and Emerald Lake in two hours, while it took the trail-riders on ponies two hours and a quarter to cover the same ground.

Representing education authorities and the public and secondary schools of Great Britain, about one hundred teachers from the United Kingdom arrived recently at Montreal on the "Empress of Scotland" and are now touring the country. Before their departure they received a congratulatory message from King George and on their arrival were tendered an official reception by representatives of the Quebec provincial government, prominent educationists and were entertained to dinner at the Chateau Frontenac by E. W. Beatty.

In a recently published monograph on "The Transportation of Canadian Wheat to the Sea" Miss L. M. Fair, M.A., makes the following comparison of Canadian and United States rates to show to what extent the resources of our railways are organized for the benefit of western producers:—

To Fort	Miles	Rate per U.S. bu. wheat	Rate per U.S. cents
Winnipeg	420	.08	.12
Portage la Prairie	475	.09	.13
Carberry	525	.09	.13
Broadview	584	.10	.18
Regina	776	.12	.21
Medicine Hat	1,076	.14	.27
Lethbridge	1,177	.15	.28
Calgary	1,243	.15	.31

CANADA AND THE LEAGUE OF NATIONS

That Canada is taking a growing interest in day-to-day-League of Nations activities is evidenced by the recent opening of permanent offices on the Quade-Mont Blanc, and increase of the Canadian representation at the secretariat of the League and the International Labor Bureau.

W. A. Riddell, Canada's permanent representative at the League, is in charge of the Canadian bureau, which contains a number of Canadian daily newspapers and which is frequented by a large number of visitors from the Dominion.

Professor Mack Eastman, of Vancouver, a professor at the University of British Columbia, recently arrived in Geneva to become chief of general studies in the research division of the labor office.

Canadian women will henceforth have a representative as well as a champion in the information section of the League. Miss Elsie Henderson, of Winnipeg, a graduate of Manitoba University, has just joined the staff at this important section. She will keep in touch with the contents of the Canadian Press and cooperate in a general way with the women's organizations of Canada, which are interested in international affairs and particularly League of Nations' ideals and activities.

There are now five Canadians attached to the League secretariat and three at the Labor Office. Sir Herbert Amis, Montreal, occupies the responsible post of financial director of the League.

BONAR LAW CAIRN TO BE UNVEILED SEPTEMBER 17TH.

The unveiling of the Scottish cairn erected to the memory of the late Rt. Hon. Andrew Bonar Law, Prime Minister of Great Britain is to take place at 3 p. m. on Thursday, Sept. 17, at Rexton, Kent county, N. B. The unveiling will be performed by Richard Law, his youngest son, who is coming from Scotland to take part in the ceremony. It is understood Richard Law is writing his father's biography.

Dr. Murray MacLaren, C. M. G., M. P., chairman of the memorial erection committee, announced the date for the ceremony and said that Lieut-Governor W. F. Todd would attend and that Rt. Hon. W. L. Mackenzie King Prime Minister of Canada, and Rt. Hon. Arthur Meighen, a former Prime Minister of Canada had both expressed their desire to be present if circumstances permitted. Lord Beaverbrook who was the great friend of Bonar Law would be prevented from attending owing to important engagements in England.

Fertilizer Produced From This Material Is Very Valuable

Expert Sees Great Possibilities For Province From Use of Northumberland and Gloucester Product--- W. B. Snowball, M. P., Interested

W. P. Snowball, M. P., of Chatham, as in the city yesterday, and in the course of an interview told a remarkable story to this newspaper about the peat deposits in Northumberland and Gloucester. Mr. Anrep, a former Russian Count but now in the employ of the Department of the Interior, has been making investigations in the North Shore counties and declares that New Brunswick has enormous deposits of peat of the greatest value as fertilizer. He says it is superior to peat which Europe is exporting to New York and getting for it \$32 per ton.

Mr. Anrep says there are 17,000 acres of this peat in the Eel River section, and that a test showed it to have a depth of 60 feet without the bottom being reached. It is also found in large quantities at Escuminac, Miscou, Shippegan and Tracadie. Mr. Anrep is now at Tracadie pursuing his investigations. He told Mr. Snowball that this peat, used as fertilizer, makes so valuable a fertilizer that it would make New Brunswick as rich in soil as Denmark. He says

it is of equal value on clay and sandy soils.

POSSIBILITIES Mr. Snowball points out that if Mr. Anrep is right as to the quality of the peat it could be shipped to New York or elsewhere from the wharf at Escuminac, and if the railway from Tracadie to Newcastle, for which surveys have been made, were completed, it would be possible to ship the peat by rail to all parts of New Brunswick.

Mr. Snowball has been interesting himself in the matter of immigration and has pointed out to the authorities and there are farm properties in the neighborhood of Chatham which could be purchased, and on which groups of families of good farmer immigrants could be settled and be free from any sense of isolation. He believes it would be good policy to settle farmers in groups in this way and to place with them for the first year a man experienced in local farming to give them information and to some extent guide them in their operations.

(Tel-Journal)

Premier Veniot May Leave Provincial For The Federal Field

In connection with the political changes which are to take place in New Brunswick as the result of the general election of Aug. 10th, not the least interesting rumor is that to the effect that Hon. P. J. Veniot, the retiring premier will not lead a party in opposition but will enter the Federal sphere of politics. The mode of entrance which is rumored is candidature for the House of Commons in the general Dominion election, which is to take place at some time within the next few months, according to general expectation.

His own county of Gloucester is represented by John G. Robichaud of Shippegan formerly a member of the House of Assembly of New Brunswick. The report is that Mr. Robichaud is to retire and Hon. Mr. Veniot to be nominated as Liberal candidate.

Another rumor is that a Senate appointment would be given Hon. Mr. Veniot. The latter has been non-committal on these matters.

His nomination or appointment to Ottawa would make necessary a provincial byelection in Gloucester. It is probable that a Federal general election would cause other provincial vacancies with a number of byelections.

Part of the same report is that Hon. Mr. Rand again will be asked to contest a byelection in Gloucester County in the event of a vacancy being created by the resignation of Hon. Mr. Veniot to be a Federal candidate. In the event of the election of Hon. Mr. Rand his selection as leader of the Opposition would not be unexpected.

SEES UNFAIRNESS IF ONE BIG DEBTOR GETS BETTER DEAL

Belgium, according to the British viewpoint, is in a special category requiring lenient treatment and was so treated by the British, who cancelled the British debt, and transferred the charge to German reparations.

If France were given easier terms than British it would mean that Britain alone of the big debtors would have to pay in full.

Italy is entitled to debt funding conditions even more lenient than those accorded by the United States to Belgium according to the view advanced by the semi-official Agenzia Di Roma.

The Belgian settlement, is greeted with satisfaction in financial circles and as an indication of increasingly broadening American understanding of Europe. The United States feel the necessity of helping to strengthen Belgian currency, the newspaper asserts, and adds that the principle should be carried through in the settlements with other countries.

The United States ought to consider, the paper continues, that Italy unlike Belgium, is indebted to Great

New Brunswick Has Needed a Packing Plant For a Long Time

The new Abattoir which is now under construction, when completed Government has passed legislation Government Engineers will have on plans approved by the Dominion capacity of 250 hogs, 50 cattle and 150 sheep per day. The Provincial to guarantee \$100,000 of bonds if the people show faith enough to subscribe the balance of the capital. It is now up to the residents of this province to back up the efforts of the British Canadian Packing Company Limited. The city office is located at 101 Prince William Street, St. John, N. B.

THE ADVOCATE MAIL YOUR REMITTANCE We have rendered our subscription accounts and would respectfully request each subscriber to remit us the amount due.

Britain and hence is entitled to milder conditions than those accorded to Belgium. As a clinching argument, the paper points out that Belgium's share in German reparations is larger than Italy's.

C. N. R. Tennis Players Won From Newcastle

On Saturday the Moncton C. N. R. tennis club motored to Newcastle and played a friendly tournament with the Newcastle tennis club. The C. N. R. players won by a score of 13 to 6.

The sets were as follows.

Men's Singles Mr. Busby McLeod, C. N. R. vs. Mr. S. V. Sisson, Newcastle. Won by Newcastle, 6-4, 4-6, 6-1.

Mr. Lloyd Keating, C. N. R. vs. Mr. R. F. Cotter, Newcastle. Won by C. N. R., 6-0, 6-5.

Mr. D. E. Keating, C. N. R. vs. Mr. H. Atkinson, Newcastle. Won by C. N. R., 6-4, 6-1.

Ms. E. M. Bedford, C. N. R. vs. Mr. W. H. Teed, Newcastle. Won by C. N. R., 6-3, 6-2.

Men's Doubles

Lloyd Keating and Stewart Johnston, C. N. R. vs. Edw. McEvoy and R. F. Cotter, Newcastle. Won by C. N. R., 6-2, 6-3.

B. McLeod and Rob. Barnes, C. N. R. vs. F. E. Locke and W. H. Teed, Newcastle. Won by C. N. R., 6-2, 6-3.

D. E. Keating and Lloyd Keating, C. N. R. vs. C. Sargeant and W. H. Teed, Newcastle. Won by C. N. R., 6-4, 6-4.

E. M. Bedford and Rob. Barnes vs. H. Atkinson and B. Jardine, Newcastle. Won by C. N. R., 6-4, 6-5.

Laurie Thompson and Frank Duxbury, C. N. R. vs. Chas Sargeant and C. Dickinson, Newcastle. Won by C. N. R., 6-4, 6-4.

Ladies' Singles

Miss Velma Keating, C. N. R. vs. J. Jardine, Newcastle. Won by Newcastle, 4-6, 6-4, 6-3.

Miss May Norton, C. N. R. vs. Miss M. McCurdy, Newcastle. Won by Newcastle, 6-2, 6-3.

Mrs. B. McLeod, C. N. R. vs. Miss L. Manny Newcastle. Won by Newcastle, 6-1, 6-0.

Ladies Doubles

Miss Velma Keating and Miss Marj. Norton, C. N. R. vs. Miss J. Jardine and Miss M. McCurdy, Newcastle. Won by C. N. R., 6-2, 4-6, 6-4.

Mrs. B. McLeod and Mrs. P. Sudbury, C. N. R. vs. Miss J. Robinson and Miss A. E. McCurdy, Newcastle. Won by Newcastle, 6-3, 6-4.

Mixed Doubles

Miss M. Morton and Lloyd Keating, C. N. R. vs. Miss L. Manny and Mr. S. V. Sisson, Newcastle. Won by Newcastle, 2-6, 6-4, 6-3.

Mrs. B. McLeod and Mr. Laurie Thompson, C. N. R. vs. Mr. and Mrs. J. A. Creaghan. Won by C. N. R., 6-1, 6-0.

Miss Velma Keating and Mr. D. E. Keating, C. N. R. vs. Miss Aileen Creaghan and Mr. W. H. Davidson, Newcastle. Won by C. N. R., 6-1, 6-0.

Mrs. P. Sudbury and Mr. E. M. Bedford, C. N. R. vs. Mrs. J. A. Creaghan and Mr. Edw. McEvoy, Newcastle. Won by C. N. R., 6-4, 6-3.

Miss V. Keating and Stewart Johnston, C. N. R. vs. Miss J. Jardine and Mr. R. F. Cotter, Newcastle. Won by C. N. R., 6-4, 6-4.

At 5 p. m. tea was served on the lawn by the Newcastle ladies.

After the tournament the visitors were entertained to a delightful dance in the town hall.

Zam-Buk SAVES POISONED LIMBS!

It was just a bad ankle that might have become a bad limb. But it serves to show how quickly blood-poison develops unless broken tissues have the protection of antiseptic Zam-Buk.

Mrs. A. Harrison, Place-de-Armes, Kingston, Ont., writes: "During household duties my left ankle was injured by a sharp projection. Sticking my toe into the wound and the poisoned condition alarmed me. My ankle took a turn for the better, almost as soon as I began with Zam-Buk. This powerful healer dispelled all pain, suppuration and inflammation. It healed perfectly." Use Zam-Buk also for eczema, rashes, pimples, boils, abscesses, cuts, burns, scalds, etc.

Advance Notice

Notwithstanding the advanced prices charged by manufacturers for all wool Underwear and Blankets, Creaghans will sell you your needs in these wanted Fall Goods at the old price or lower. Nearly a year ago we purchased our stocks to protect you against a rising market--what we saved by early buying we pass along to you.

Make a Memo-Creaghan's Underwear and Blankets: lower than manufacturers present price, and when you want them later on come here for them and save.

A "FAMILY" BIBLE

A "Family Bible" plays an important part in many will cases when there is question of a date of birth, marriage or death of many years ago, for these Bibles with their extra leaves, inserted often between the pages of the Old Testament and the new, were family chronicles. The Bibles themselves were often illustrated with wood cuts, sometimes with steel engravings. The former pictured antediluvian animals, Noah's Ark, Solomon's Temple, inside and out, scenes, costumes; ceremonies. The full page engravings were often of a fanciful, imaginative nature, as "Abraham offering Isaac," "The Witch of Endor." Who were the favorite artists that thus worked before Gustave Doré and Tissot? Names unknown to fame, but their pictures were held in great respect, considered almost inspired.

There was a pathetic interest in the record of births, marriages and deaths, dates that had been entered solemnly for several generations. Are such records made today? Is there a blank page headed "Diverged?" And how many families still save the Bibles that were the comfort of great-grandparents or even earlier forbears? They were not often for daily use at prayers; parents and children read from more convenient volumes. The "family Bible" had the place of honor in the "best room," richly bound, it rested on a little table, a revered ornament, surpassing in interest the mourning emblem on the walls, the sea shells on the mantelpiece and the ivory chessmen on a second stand, brought from the far east by Uncle Amos, whose visits were noteworthy events in the village, whose burial place was never known, nor the manner of his death, and so the record in his case is incomplete.

Here and There

During July thousands of osteopaths and members of allied professions gathered in Toronto from all parts of the United States and Canada to attend the International Convention of Osteopaths. Several of the visitors toured the country in the interests of osteopathy.

Final figures showing the total live lobster catch on the Nova Scotia coasts, for the season ending June 1st, show a total of 2,585,900 lbs. valued at \$1,264,141, an increase over the 1924 season of 2,087,400 lbs., in quantity and approximately half a million dollars in value.

During his tour of Western Canada over the Canadian Pacific lines, Field Marshal Earl Haig was received on all sides by cheering and enthusiastic crowds. At towns in northern Ontario and elsewhere he shook hands and exchanged reminiscences with local ex-service men, many of whom he recognized.

Having concluded his visit to the Pacific Coast, His Excellency Lord Byng, Governor-General of Canada, has returned East. Before leaving the West His Excellency stayed off for a few days at Banff to meet Earl Haig, and the two famous soldiers spent some time together talking over old times.

Considerable interest has been aroused in London, England, over the arrival there of 5,000 peony blooms for exhibition in the Canadian Pacific pavilion at Wembley. The peonies were grown by W. Ormiston Roy of Montreal, and have been sent to England to dispel the belief that Canada's climate is excessively cold.

A delegation of prominent newspaper proprietors and journalists from Great Britain passed through Canada recently on their way to attend the Third Imperial Press Conference to be held at Melbourne, Australia, during September. Besides the delegates from the British Isles, representatives of Canada and the other Dominions have been invited and will attend the conference.

GERMANY ASKS PROPERTY SEIZED BE RETURNED

Formal request for the return of German property, sequestered in Canada during and subsequent to the great war, has been made to the Canadian Government by Germany, through the German Consul-general at Montreal. The question is under consideration; but it is very unlikely that any decision will be made by the Government for several months, at least.

The suggestion has been made it is understood, on behalf of Germany, that, in view of the status of the operations of the Dawes' reparations plan and the benefits to be received through such annuities by Canada, action towards the release of sequestered German property in this country might be made.

A number of specific requests have also been made, in the interest of Germans the necessitous circumstances, for the release of certain individual sequestered properties; but the policy generally of the Canadian custodian of alien enemies properties, Hon. A. B. Cope, and Reparations Commissioner, Jas. Friel K. C., is to refuse such requests.

While the actual total amount realized through the sequestration of German property in Canada so far totals approximately \$18,000,000; the full sum which will be ultimately obtained by the Canadian custodian of alien enemies properties is still in doubt. Several other claims have yet to be investigated and decided upon. An amount of more than \$1,500,000 is in litigation with the United States, and another claim of \$2,000,000 or \$3,000,000 is in process of adjustment with the British custodian.

Out of the sum of \$18,000,000 obtained by the Canadian custodian of alien enemies properties through the sequestration of German property here, about \$6,000,000 has been paid to Canadians in satisfaction of claims for war indemnity against Germany. Two of the largest claims recently satisfied from this source are those of the Thompson Shipping Co. of St. John, N. B., for \$1,350,000 for two of the company's ships interned in Germany during the war, and the Massey-Harris Company, for \$2,300,000 in respect to two factories of the company seized during hostilities, one in Berlin and the other in Budapest.

ASTROLOGER SEES REPUBLIC IN GT. BRITAIN

London, Aug. 18.—Interrogation of the Heavens," in which Miss Belle Bart, a New York astrologist, specializes, has just revealed an amazing future for Great Britain, which includes nothing less than a British Republic, with Lloyd George and Churchill at its head.

Miss Bart, who is Director of the New York Academy of Astrology, has just arrived in London to read the horoscopes of politicians. From the latter, her advance information shows the following world-stirring events in store for Great Britain:

Lloyd George will come back, Stanley Baldwin, British Premier, will not. Ramsay MacDonald might—but only for a short time. Winston Churchill has come to stay. Lord Balfour will be powerful until his dying day.

England will abolish free speech Sept. 29 this year, and the British Republic will dawn in 1928 with Lloyd George and Churchill at its head. The British Republic will be the eventual result of a coal strike, according to Miss Bart, who says that on Dec. 14, 1925, there will be an open conflict in the coal industry. A strike is inevitable, though it might be modified by the actions of a man at present not in the public eye, but the power behind the Throne.

QUITE APPLICABLE

The following extract from the London Daily Express could be applied to this province and is particularly applicable to Newcastle.

"The litterer is a public nuisance who ought to be abolished by public opinion. It is selfish as well as vulgar to deface the paths and lawns and flower beds in our public parks with rubbish. Matches, cigarette ends, paper, orange peel, banana skins, bottles, tins, and cardboard boxes quickly convert a paradise into an inferno. The habit of using the landscape as a dustbin makes nature hideous. Many motorists are callously careless, their picnics desolate the grass; and caddish selfishness could be abolished by sea and land the many would not be vexed by the thoughtlessness of the few. Don't throw away your debts! Don't carve or write your name anywhere! Be civilized!"

PERSONALS

Miss Evelyn Howard, of Bathurst is the guest of Miss Alice McEvoy.

Miss Helena Armstrong of Augusta, Me., left Wednesday for Youghall, N. B. Mr. Edward Williamson of Moncton spent last week in town with relatives.

George McNutt of Sackville spent last week with friends in town.

Miss Margaret McGrath is spending a two weeks vacation with friends in Moncton.

Victor Moody, of Belmont, Mass is spending a vacation with his parents Mr. and Mrs. H. R. Moody.

Bert MacLean, of Toronto is spending his vacation with his parents Mr. and Mrs. W. H. MacLean.

Friends of Mrs. John Brander will be pleased to hear that her health is much improved.

Mrs. J. V. Argyle and little daughter Winnifred returned to their home in Montreal on Friday.

Mr. and Mrs. Harry McCormack and two children of Boston are spending a vacation in town.

Mrs. Roy Morrison and little son, who have been visiting Wayerton, returned last week to Boston, Mass.

Miss Gertrude McGivney, of McGivney Jct. is visiting Miss Annie Cassidy.

Rev. D. F. Forrester and Mrs. Forrester of New York are visiting Mrs. W. A. Hickson.

Mrs. A. H. Cole attended the Millinery openings in St. John last week.

Miss Hazel Wood has returned home after spending a three week's vacation in Rexton, the guest of her aunt, Mrs. Moody T. Denville.

Mrs. W. Sisson of Perth, and Mrs. James Leake and Miss Hazel Leake of Sussex are guests of Mr. and Mrs. S. V. Sisson.

Mr. D. J. Gulliver and Mr. Karl Bishop returned last week from Sackville where they were in attendance at the Summer School.

Miss Elizabeth Bayle, student nurse in the City Hospital, Portland, Me. is spending her vacation with her parents and Mrs. Thos. Bayle.

Hon. W. P. Jones, Mrs. Jones and a sister of Woodstock were guests last week of their daughter Mrs. H. H. Ritchie.

Mrs. Peters of North Devon and Mr. and Mrs. Atkinson of Halifax are visiting their parents Mr. and Mrs. H. D. Atkinson.

Mr. and Mrs. Ambrose Ryan and daughter, Margaret and Miss Agnes, of Portland, Me. are visiting relatives in town and Loggieville.

Misses Maggie Thompson and Helan Harris of Lawrence General Hospital Lawrence Mass are spending a vacation at their homes here.

H. P. Zink, of Toronto, a former member of the local branch of the Bank of Nova Scotia staff was in town last week, renewing acquaintances.

Messrs. Joseph, Blair and Mr. and Mrs. Claude Jardie and Miss Jean Jardie have returned from a pleasant motor trip to Boston.

Mr. and Mrs. J. H. Smallwood and two daughters of Halifax who spent a vacation with Mr. and Mrs. W. F. Smallwood returned to their home on Sunday.

Misses Edna and Maggie Menzies of the Lawrence General Hospital, Lawrence Mass arrived home last Thursday to spend a month's vacation with their parents Mr. and Mrs. Edward Menzies.

Mrs. James P. Cole and her granddaughter Davida they have just returned from St. John and Moncton. They were accompanied by Mr. and Mrs. L. E. McMurdo of Moncton.

Mr. and Mrs. Harry McCormick of Milton Mass. who were visiting the former's mother, Mrs. Jas. McCormick returned to their home on Saturday.

Mr. and Mrs. Wm. Clancy and little son who have been visiting relatives in town returned Saturday to their home in Boston, Mass. They were accompanied by Mrs. Clancy's mother, Mrs. Annie Wright, who will in the future make her home in Boston.

Miss Mary Doyle, R. N. of Boston Mass is visiting her sister Mrs. Martin Fox Little Bartibogue, she was accompanied here by Mrs. Edward O'Neil and daughter who spent two weeks vacation with Mrs. Fox. En route home Mrs. O'Neil visited her brothers Drs Broderick of St. John, N. B.

OBITUARY

MRS. HECTOR McNEIL

The death of Mrs. Hector McNeil occurred at her home on Wednesday at Remous, N. B., at the age of 68. Mrs. McNeil was twice married, her first husband being John Young. She was formerly Miss Grattan, of Remous. She is survived by two sons, Peter and Benjamin Young, of Remous, N. B. two brothers, William and John Grattan, of Remous, and five sisters, Mrs. Margaret A. Haran, of Chatham, Mrs. Hannah Hubbard, of Duluth, Minn., Mrs. E. Sprain, of Akron, Ohio, Mrs. Katherine Neil, of Seattle, Wash. and Mrs. Bridget Kannah, of Stillwater, Minn. The funeral was held Thursday morning at 10 o'clock to St. Bridget's Church where high mass was celebrated by Father Pitt. Interment was in St. Bridget's Cemetery. The pall-bearers were Daniel Buggy, John W. Chiche, Jeremiah Donavan, Michael Hegan, P. Tucker and William Mahoney.

Great Help To Young Mothers

Baby's Own Tablets Have Many Uses and Are Absolutely Harmless

To have in the house a simple harmless remedy for the minor ills of babies and little children is a great boon to young mothers and this is exactly why Baby's Own Tablets have been found in many households. They reduce fevers, allay the irritation of cutting teeth and regulate the bowels, yet they have no drug taste and children like them.

Mrs. Mary L. Dame, Central Falls R. I. says: "Baby's Own Tablets are just what they are recommended to be. My little girl was badly troubled with pin worms, was feverish and restless and would be awake all night. I got a box of Baby's Own Tablets and they helped her at once. She is not nervous now and sleeps well at night. I have never used a better medicine for this trouble. I have also found Baby's Own Tablets good at teething time and am glad to recommend them to other mothers."

Baby's Own Tablets are sold by all druggists or will be mailed on receipt of price, 25 cents per box, by the Dr. Williams Medicine Co., Brockville Ont. A little booklet, "Care of the Baby in Health and Sickness", will be sent free to any mother on request.

\$90,000,000 Is Due Sept. 15, \$8,000,000 More Month Later

"Canada will be in funds to reduce her New York obligation by no less than twenty million dollars," said Hon. J. A. Robb, acting Minister of Finance when asked what steps had been taken towards floating a loan to take care of maturing obligations.

Mr. Robb had nothing further to say at present. He pointed out that the first obligation of the Dominion does not fall due on Sept. 1 as stated in news despatches, but on Sept. 15. On that date \$90,000,000 falls due in New York. One month later an additional \$8,000,000 is payable here and in New York. On Dec. 4 the sum of \$42,000,000 of the war loan of 1915, payable in ten years will fall due.

It is understood that there has been some consultation with financial interests in regard to the refunding, but no decision has been reached as to the terms. Canada paid off a loan of 5,000,000 £ payable in London on Aug. 12.

BQRN

At the Miramichi Hospital, Aug. 15 to the wife of Fred C. Morrell, a son, George Wendall.

PLAY OFF SERIES POSTPONED

The baseball play-off series which was to have been played last week between Newcastle and Chatham was postponed, pending a report from Mr. Sterling, President of the M. P. A. A. On Thursday evening Nelson and Newcastle teams played an exhibition game in Newcastle, which resulted in a tie 4--4.

ATTACKS RENEWED ON M. P. DELEGATION

Lord Beaverbrook's recent attack on the British delegation of Members of Parliament who are going to Canada and the United States in October for the Inter-Parliamentary Union conference is now being supported by the Daily Mail.

Lord Beaverbrook's attack was based on the non-representative character of the delegation, saying that there were only one or two real personalities in the delegation which includes Sapurg Saklatavala, Parsee Communist member for North Batterssea. Saklatavala's speeches in which he attacked the British Empire as "slavedom, humbug and hypocrisy" are reproduced in the Mail this morning, also his declaration that the "Empire must be broken or dissolved" and that the white civilization of which so much is heard in the talk of Empire does not exist but "what takes its place is economic slavery."

It is feared, however, that the only effect of these attacks is to make Saklatavala more interesting to Americans for he would have been otherwise, although they cast a slur on the calibre of the delegation. It is feared that neither Canada nor the United States will give proper weight to the delegation and this is causing some regret and concern in British parliamentary circles.

NOTICE

The Public Schools of the Town of Newcastle will re-open

—ON—

Tuesday Sept. 8th.

Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Pinkham's medicines, and as I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truthfully say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WESTWOOD, 648 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Westwood. It is but one of a great many, all telling the same story—beneficial results.

Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of other women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself?

Make your own Mustard Pickles

Home-made mustard pickles. How delicious—and how easy to put up. Here's the recipe:

MUSTARD PICKLES
1 qt. small onions 1 large cauliflower
1 qt. cucumbers 2 heads celery
2 red peppers

Peel onions, cut vegetables in small pieces, cover with weak brine and let stand overnight. In the morning bring to a boil and drain off.

Take 2 cups brown sugar, 1 cup flour, 6 tablespoons Colman's "D.S.F." Mustard, 1 tablespoonful turmeric and 2 quarts vinegar. Boil this mixture for twenty minutes, stirring continually. Pour over vegetables hot. Let stand ten days, stirring every day, then bottle.

Colman's Mustard

aids digestion

AIRMAN FLIES 4700 MILES IN 39 HOURS

Capt. Arrachart's flight of 7,800 kilometers in thirty-nine hours and a quarter has given tremendous stimulus to French efforts to obtain a position of dominance in the fight for control of commercial flying in Europe.

Arrachart's performance in an all French machine was faultless. As he stepped from the plane at Le Bourget he apologized for being five minutes behind his time table and then discovered that his watch was five minutes slow.

The regularity of the flight which all agree is more essential than mere speed, is shown in the record of each stage. Belgrade, the first stage, of 1,600 kilometers, was reached in eight hours: Constantinople, 850 kilometers, four and a half hours; Bucharast 450 kilometers, two and a half hours. Moscow 1,600 eight and a quarter hours; Leningrad, 1,300, six hours and five minutes; Copenhagen, 800, four hours; Paris, 1-200, five hours and fifty-five minutes.

The story of the flight is impressive in its very monotony. The pilot never had a moment's doubt of success save at the start at 4.15 o'clock Thursday morning, just as an unusually heavy rain and thunderstorm started. The thunder pursued the plane to the Austrian frontier whence everything was plain sailing.

The course planned in advance was followed rigorously, and the plane was never at any stage more than five minutes behind the prepared time table.

Pelletier D. Oisy's flight to Tokio resulted in a big Japanese order for French planes and Potez, the young designer of Arrachart's machine, and Lorraine-Dietrich-Morot, the engineers expect to reap a similar harvest.

Do you take Yeast for your health?

If so, use ROYAL YEAST CAKES—the standard of quality for over 50 years. Soak a cake of Royal Yeast, with a little sugar, in tepid water over night. Stir well, strain and drink the liquid. Flavor is improved by adding the juice of an orange.

ROYAL YEAST CAKES

Bourassa Lauds The Loyalty Of French Canada

Windsor, Ont. Aug. 19—"When the French Canadians of the province chose between the two flags of Britain and the United States, they preferred the friendship of Britain to the courting of Franklin and Washington. This is the oldest British colony outside of Quebec."

This was the message delivered by Henri Bourassa, Nationalist leader of Quebec, when he arrived here today at the head of his party of 322 Quebec citizens, on their tour of Ontario. Mr. Bourassa was speaking in reply to an address of welcome from acting Mayor C. S. Tuson in Windsor City Hall Park, where the urban gathering was held shortly after the arrival of the party early this morning.

"At that time," said Mr. Bourassa, "the British were in the minority in Canada, the French chose the minority, and they have been fighting for the minority ever since."

HARNESSING TIDES OF BAY OF FUNDY

Hydraulic engineers in New York said that a project sponsored by Dexter P. Cooper, to generate 500,000 to 700,000 electric horsepower by harnessing the tides of the Bay of Fundy, in two inlets near Eastport, Maine is feasible from an engineering standpoint, and "the most promising development in the electrical world in a decade."

A state-wide referendum is to be taken in Maine, on Sept. 14 to decide whether, if the scheme is carried out, the sale of power outside the state shall be permitted.

Mr. Cooper estimates the cost of the project at about \$75,000,000, and he believes construction could be completed in five years. The flow of the tides would be regulated by a system of enormous gates.

The Bay of Fundy is famous for its high tides. These are caused by the peculiar submarine topography and the wedge shape of the adjacent shores, which throw up tides from 21 to 27 feet twice a day. The two inlets which Mr. Cooper has selected for his project, are known as Passamaquoddy Bay and Cobscook Bay. The first he has designated at the lower pool. The two inlets are V shaped, with the narrow necks, almost completely by small islands, meeting at Eastport.

At the mouth of the upper pool, which contains one hundred square miles of water, Mr. Cooper plans to construct a wall 4,000 feet long, and 70 feet high. The wall is to be provided with thirty three gates. The mouth of the lower pool, which contains fifty square miles of water, is to be closed by a wall 2,400 feet long and provided with gates. Between the two pools, there will be erected a separating wall 3,600 feet long, on which the power houses are to be located.

The theory of the whole scheme is this: The gates of the upper pool are to be opened only during rising tides, while the gates of the lower pool are to be opened only during falling tides, according to Mr. Cooper, will keep a supply of water in the upper pool, while the lower pool will be constantly emptied. The fall of the water from the upper pool, through the turbines into the lower pool, he asserts, will afford a continuous downfall whether the tides are rising or falling. A minimum of 500,000 horsepower and a maximum of 700,000 can be produced annually, he says, enough and to spare for all the New England States.

Dexter P. Cooper, visited Fred ericton, last spring, in connection with his project for harnessing the tides of the Bay of Fundy, in Passamaquoddy and titles to certain lands on the N. B. side of the mouth of the St. Croix River, were then searched at the Crown Lands office. It was then said that when permission was obtained from the State of Maine, application for authority to proceed with the work, would be made to the Dominion government and to the N. B. government, and that application for permission would also be made to the International Joint Waterways Commission. Mr. Cooper, explaining his project to the members of the New Brunswick government, said that the financing of the project was already assured. He said that electric power at hitherto unheard of low prices, would be available for distribution all over this province, and could be transmitted as far west as Boston. At the conclusion of the interview here, it was stated that it would be at least six years before electric power from the development could be available even if there were no delays in proceeding with the project.

First Impressions Are Important

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere.

That atmosphere of character and refinement, which should distinguish all self-respecting correspondence is assured when you place your stationery order with us. If you allow us to furnish your

Field Marshall Earl Haig in Jasper Park

"Had one of the most enjoyable times of our entire visit to Canada." The photographs which were taken at Jasper Park Lodge show from left to right (top) the Countess Haig, dressed in an Indian costume; the golf ball used by the Field Marshall when he opened the Jasper Park Lodge golf course, as it was mounted on a silver base and presented to him before he sailed for England; and the Field Marshall accepting a pair of buffalo chaps from Major Fred Brewster, M.C., famous Rocky Mountain guide of Jasper. The two lower photographs show the Field Marshall riding along one of the Jasper Park trails and the group photographed on the first tee, immediately after the official opening of the Jasper Park Lodge golf course. This group from left to right shows: the Countess Haig; Earl Haig; Mr. Stanley Thompson of Toronto, famous Canadian golfer and architect of the Jasper course; and Mr. Walter Pratt, general manager of the hotel system of the Canadian National Railway.

DURING his recent visit to Canada, Field Marshall Earl Haig and the Countess Haig spent several days at Jasper Park Lodge in the heart of the Canadian Rocky Mountains. During their stay there they rode the trails, played golf on the new course beside the lodge, and in the words of the Field Marshall,

CO-OPERATION HAS DONE A LOT FOR FINLAND

A booklet issued by the P. -
ervo Society of Finland, describes
the development of that country
through co-operative buying and
selling in agriculture.

Finland, now an independent re-
public, but formerly in the domin-
ion of the Czars of Russia, is
chiefly agricultural in occupation
the principal products being grain
livestock, leather, butter and
cheese.

The Country is about one third
the size of British Columbia and
has a population of three millions.
The population of the towns and
cities of which Helsingfors, the
capital, has 200,000, totals only
550,000; the total rural population
is nearly five times as numerous.

Twenty-five years ago farming
in Finland was in the hands of a
densely ignorant peasantry who
tilled the soil in very primitive
fashion, chiefly as tenants of a
small land-owning class.

Affairs were at a low stage and
sinking lower when a few public-
spirited Finlanders, headed by
Prof. G. G. G. of the University
of Finland, and other cultural and
business leaders of Helsingfors,
saw that Finland could not prosper
or Finnish nationality survive
except on a basis of agricultural
prosperity.

So the city men undertook the
task of teaching the doctrines of
co-operation to farmers and by
their efforts gradually built up
Finnish farming with all its at-
tendant industries so successfully
that the world is amazed by their
achievements. Modern imple-
ments are coming into general use
and the per capita production is
steadily increasing.

So successful was co-operation
that Finnish nationality was gradu-
ally revived from the low ebb
to which it had fallen under the
Czars, and when the monarchy
was overthrown in 1917, Finland
reasserted her ancient independ-
ence and is now a republic, built
upon the safe foundation of agricul-
ture.

From a nation of serfs and peasants,
the Finns are becoming
a nation of land owners, 23 per
cent of Finland farmers now own
the land they till; 34 per cent
are tenants, most of whom intend
to buy as their savings accumu-
late; the remaining 43 per cent
are wage earners working for land
owners and an ambitious to be-
come members of the latter group
a hope formerly beyond realization
for the majority.

In less than twenty five years
co-operation transformed Fin-
land from an impoverished prov-
ince of Russia into a prosper-
ous and independent republic.

Instantly Killed By Lightning

Mr. Frank Codrue, a well
known resident of East Bath-
urst, was instantly killed
Thursday afternoon during
the heavy electrical storm
which passed over this section,
when he was struck by light-
ning as he was approaching his
home.

The flash which caused his
death was an extremely vivid
one at East Bathurst and was
accompanied simultaneously by a
deafening crash of thun-
der, which proved to the peo-
ple near that the bolt had
struck close by. Persons who
had seen Mr. Codrue just be-
fore the flash were startled to
notice after it that he was ly-
ing on the ground and on
rushing to his assistance it
was at once apparent that he
had been struck. Dr. Duncan
and Rev. Fr. Allard were im-
mediately summoned and
they found the man dead.
The lightning had struck him
on the head, his hat being de-
stroyed, and the shock had
passed entirely through his
body, coming out at his feet
from which his shoe had been
torn off. He is survived by a
widow and three children.

METHODS OF LONDON POLICE ARE CENSURED

The methods of the Lon-
don police in detaining pris-
oners without bail, without
opportunity to notify counsel
o friends, and without fairly
conducted identification was
severely censured in the report
of the Right Hon. J. F. P.
Rawlinson, K. C., member of
Parliament for Cambridge Un-
iversity, who as Government
Commissioner recently held
an inquiry into the arrest of
Major Robert Osborne Shep-
pard, a distinguished army of-
ficer, while he was "on his
Majesty's service."

In the course of the inquiry
it was developed from the
testimony of the police that
if a prisoner declared himself
to be the Prime Minister
himself and asked that Dow-
ning street be told of his ar-
rest, the request would be re-
fused. Likewise, a plea to call
up Buckingham Palace and
inform the Controller of the
Household would be rejected.
The latter request might be
made by a member of the
Royal family.

On June 27 the Major was
arrested as a result of a charge
of a woman giving the name
of Delta Dennistoun that
ten days previously he had
stolen a bag containing 18lbs.
10s cash from her room. The
police have since admitted the
arrest was a mistake, the real
criminal, known as "Major
Trevor," having been senten-
ced for other frauds.

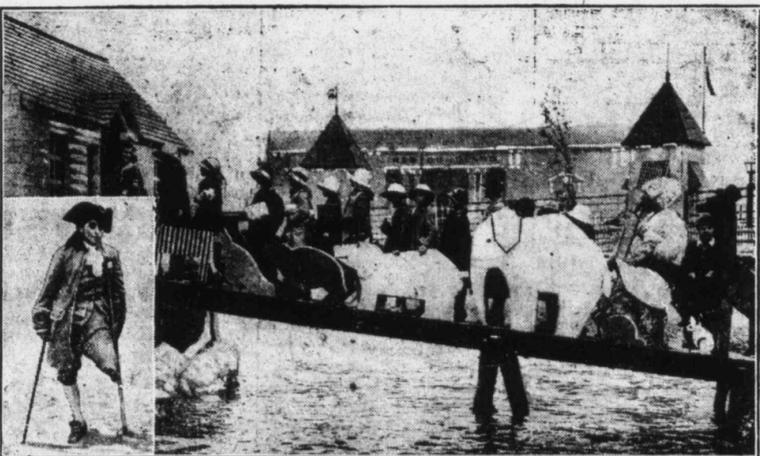

But the subject of the com-
plaint made by the War
Office and taken up by the
Home Office was not the ac-
cusation against Major Shep-
pard, but the way in which
the police treated him. He
was held several hours at the
Vine Street Police Station
without a chance of communicat-
ing with his friends or
getting bail, and he was put
through a method of identifi-
cation which was sure to re-
sult in errors being made.

As the result of the inquiry
at which Major Sheppard and
the police officers in his case
testified, Commissioner Raw-
linson not only entirely ex-
onerates Major Sheppard but
also brings grave charges a-
gainst the police.

The New Cabinet

The Fredericton Mail re-
corded the return of C. D.
Richards, M. P. P., from a
party "caucus" on the North
shore says, "it is reported
here today that Mr. Richards
is to be Minister of Public
Works in the new govern-
ment." In another article the
Mail makes a Moncton man
responsible for saying that
"B. Frank Smith has no
chance for a cabinet position
in the Baxter government." Ac-
cording to the Mail this Mon-
cton man said "the Westmor-
land County members are all
pledged to resign if Mr. Smith
got an appointment to the
Cabinet and he thinks there-
fore there was no probability
of it taking place." The same
paper declares the York coun-
ty representatives all opposed
to Mr. Smith and adds,
"friends among them Hon. J.
K. Macnamara are leaving no
stones unturned to secure him
the portfolio of Minister of
Public Works." Even if Mr.
Richards and Mr. Smith
should not be appointed in the
new government it is quite
clear each cannot be Minister
of Public Works at the same
time. Everybody is speculat-
ing on cabinet possibilities at
this time and many of the
members have friends who
are active in their behalf but
there are only a few positions
and it will not be surprising if
the new Premier should feel
that those who have carried
on the battles in the Legisla-
ture, men like Dr. Taylor,
Mr. Peck and Mr. Dickson
for instance, are entitled to
consideration in the forma-
tion of the new government.
Geography, also, must play
its part in determining who
shall not be included. These
considerations may upset to
some extent the calculations
of those who are saying who
will and who will not be in
the new government.

Alice Discovers New Wonderland at Wembley

"The animals went into the Ark in case it should rain." "Long John Silver was also there."

"I know what we'll do," said Alice, "let's go to Wem-
bley." "What do you want to go to Wembley for?"
asked the Walrus, who was always asking foolish ques-
tions anyway.
"I want to see the sailing ships and sealing-wax and
cabbages and kings," replied Alice.
"Ha, ha," laughed the Walrus, "you won't see any
sealing-wax there, it's all at Madame Tussauds and I
have my doubts about the cabbages, too."
"Well, I shall see lots of sailing ships and kings,"
said Alice starting to cry, for she was very fond of
cabbages, "and, anyway, if you go to the Exhibition
alone you won't be able to get in to Treasure Island as
they don't admit adults unless they are escorted by
children."
"Oh, all right," said the Walrus, who, being 192
years old, no longer regarded himself as a child and
had secretly wanted to go to Treasure Island all the
time.
So away they went.
When they arrived at Treasure Island they found a
real train—not a very big one, it is true, but never-
theless, the real train in the world—putting like a
grampus, at a little station labelled Banff, as if anxious
to get on its way around Wonderland.
"Look," said Alice, "there's Peter Pan."
"That ain't Peter Pan," said the Walrus, whose edu-
cation had been sadly neglected, "that's a Canadian
Pacific engine."
"I don't care," answered Alice, starting to cry again,
for, like all modern children, she hated to be contra-
dicted by her elders, "it's called Peter Pan because it
goes everywhere and never gets old or tiresome." This
sly reference to his age effectively subdued the Walrus,
who now relapsed into silence, and didn't say another
word until they were seated in the little train and slowly
pulling out of Banff.
It would take too long to describe all the things they
saw or all the wonderful people they met, but they
had such an interesting time that Alice soon forgot all
about her cabbages and sealing-wax.

There was Long John Silver, with his one eye and
wooden leg and piratical disposition; and there were
Mother Goose, Sir Francis Drake, Robinson Crusoe and
Man Friday, Humpty Dumpty, Little Bo Peep, Jack and
Gill and all the other fairyland people Alice had read
about but never met before. And they saw the animals
going into the Ark which Noah had provided for
them in case a rainy day should come along and wash
off all their paint.
Of course, they saw lots of other things, too—the
Rocky Mountains, for instance, and the Golden Hind.
"While we're about it," said Alice, when they had
seen all there was to see at Treasure Island, "we
might as well go in and see the Canadian Pacific
Pavilion. Everybody goes there, you know." So in
they went, and saw all the good things to eat and wear
and work with that they have in Canada. They were
shown around the building by a big man in blue who
had "C.P.R." on his epaulettes, and explained to them
that the initials meant Canadian Pacific Railway, and
that they had put up this building and made Treasure
Island in order to let the boys and girls in England
know what a fine country Canada is. But it presently
began to get dark and Alice had to take the Walrus
home and give him a bath before he went to bed.
"Well, that's that," remarked the Walrus, when they
got outside.
"Of course, it is," replied Alice, "what else would it
be?" "I mean it's all over now," grumbled the Wal-
rus who had been annoyed because Alice had refused
to allow him to go into the Ark with the other animals,
"and you didn't see any sealing-wax or cabbages, and
not many kings either."
"That's quite true," replied Alice patiently, "but I've
found out a lot about Canada and I've had a jolly
good time, so you may grouse as much as you like—
I'm quite satisfied."
And so they went home, and the funny part of it is,
Alice did not wake up—for she had not been dreaming
at all.

Local and General News

BAND CONCERT

The Newcastle Band gave another of their delightful band concerts from the band stand on Saturday evening. A large assembly of listeners was on hand and the music was much appreciated.

AWARDED SCHOLARSHIP

Hammond Atkinson has been awarded the MacDonald \$500 scholarship by which he is entitled to take a year at the MacDonald College, near Montreal, to take up a special post graduate study in agricultural chemistry. He will leave for the college next month.

REOPENING OF SCHOOLS.

Notice will be seen elsewhere of the re-opening of the public schools in Newcastle on Monday, Sept. 5th. Entrance permits must be secured from the Secretary of School Trustees and application for same must be accompanied by certificate of successful vaccination.

INCOME TAX PAYMENTS

The third installment of the Dominion Income Tax for 1924 will be due on Aug. 31. It was estimated that approximately 75 per cent. of the citizens in the province paid up in full on or prior to April 30, so that only about 15 per cent. took advantage of the installment plan.

TENDERED BRIDAL SHOWER

The Young People's Club of the Methodist Church met at the home of Miss Doris Atkinson on Monday evening and tendered Miss Ethel Allison, a very popular member of the club, a bridal shower, in honor of her approaching marriage. The gifts were presented in a basket artistically trimmed with lavender and white and decorated with a wedding bell and two cupids. After a pleasant evening spent in music and games, luncheon was served.

GOVERNOR'S MEDALIST

The announcement of the award of the Lieut. Governor's Medal for the highest standing in each county in the High School Entrance Examinations was made Friday from the office of His Honor the Lieut. Governor. The award is made on the judgment of a special board of examiners.

Miss May L. Archibald, Chatham Grammar School has been awarded the medal for Northumberland County.

PRESBYTERIAN SERVICE

Presbyterian Service was held last Sunday evening in the Newcastle Opera House by Rev. Dr. J. A. Hills, of Davenport Road Church, Toronto. The attendance was large and the reverend gentleman delivered an inspiring sermon to his congregation. Next Sunday evening service will be held in the Opera House with Rev. Mr. Graeb of Toronto, the officiating clergyman.

Canada's Output Of Newsprint Shows Increase

Despite the lowering of the price of newsprint, the value of the exports from Canada for the six months of the year increased by \$2,000,000 over that for the corresponding period last year.

The quantity increased also by about 42 per cent.

Total output was 746,444 tons; as compared with 679,143 tons in the six months ending June 30, 1924.

This year the Canadian output was only 16,000 tons less than that of the United States mills of the same period.

While the bulk of the exports went to the United States there was a large increase in exports to other countries the figures being 26,290 for the past year as against 9,674 for the 1924 period.

BIG DANCE ORCHESTRA

Lovers of Dancing are to be given a treat next Friday evening in the Town Hall, when Joe Mazzeo's Orchestra, direct from Boston, with all the latest hits, will be here.

LOBSTER SEASON

The full lobster season in Northumberland Strait is now open. Traps were set for the first time on the 15th, and the fishermen who have made a great deal of preparations for the season are anticipating good returns.

MAY BE GOVERNOR.

..... GENERAL AGAIN

Toronto evening papers published last week, that according to a "prominent and well informed Canadian who has recently returned from England" there is a possibility that the Duke of Devonshire will again be Canada's Governor-General.

MET WITH ACCIDENT

Gordon Petrie met with a painful accident at Oak Point on Monday night. Mr. Petrie, in company with other young men was spending the night at Oak Point, and while toiling down to the seashore he fell over the bank and injured his back. He was removed to his home here on Wednesday and is resting as comfortable as can be expected.

AT UPSET PRICE

George H. Whalen of Boiestown was the successful bidder Friday at the Crown Land Office when two square miles of timber lands were put up for auction. Mr. Whalen was the applicant and got the berth at the upset price of \$20 per mile.

SAIL ON RIVER

The management of the Newcastle Steamboat Co. is giving the citizens and business men of Newcastle a sail on the Str. "Max Aitken" tomorrow between Newcastle and Red Bank. The sail is a delightful one and it is expected that a large number will avail themselves of the opportunity to enjoy the sail.

AUTO SPEEDERS WILL BE PROSECUTED

Some 500 divisional engineers, district superintendents and foremen of the Nova Scotia Provincial Highways will be enlisted in the enforcement of the Motor Vehicle Act. These officers will be sworn in as peace officers for the enforcement of the act and it will be their duty in the words of instructions issued by the Minister, "to protect the public, to protect the roads, to report promptly all motor vehicles that are operated without permits or proper number plates, to give courteous assistance to those requiring it, and to report all motor accidents in your district."

PRESENTATION

Mr. and Mrs. H. H. Stuart, who are about to remove to Fredericton Jct. were tendered a surprise party at the home of Capt. and Mrs. George H. Irving, Monday evening, by a large number of friends in Sunny Brae, accompanied by several from Moncton. A very pleasant evening was spent. During the evening, Mrs. Kenneth S. Lynch, on behalf of the assembled guests and others, presented the guests of the evening with an address. The gift to Mrs. Stuart was a very handsome gold wrist watch. Mr. and Mrs. Stuart each replied in very feeling terms.

NO DEARTH OF TEACHERS

With Wednesday the 26th, inst. the date for the reopening of schools throughout the Province except where postponement has been made by town or city School Boards, there is a noticeable surplussage of teachers. Many have been unable to secure positions and are in doubt as to what they will do. There is no decrease in the number of schools but the number of teachers in the Province has been gradually increasing.

BABE RUTH COMING TO NEW BRUNSWICK

A dispatch from Cleveland, Ohio, to the New York Evening World, says that Babe Ruth, home run king may not receive his salary of \$52,000 a year, when his present contract expires and he signs a new one. A slump in his batting, which is now under .250 for this season, will result in a reduction in his pay, says the dispatch.

When the season ends Ruth plans a hunting trip to New Brunswick. He will spend a month or more after arrival, on the Miramichi River, and may stay in the woods up there for the greater part of the winter, with the object of making a valiant attempt to get into shape for the 1926 season, and avoiding the threatened salary cut.

There will be a second baseball expedition to Canada this fall, according to the World. A party including Bob Shawkey, Joe Bush, and Eddie Collins, are said to be planning a hunting trip to Northern Quebec, while Bob Meusel and Herb Pennock will also very likely make a trip to New Brunswick.

When The Nerves Are Out Of Gear

They Need New, Rich Blood to Restore Their Tone.

Men and women with nerves out of gear become irritable and fretful and are blamed for ill-temper; whereas the fault is not theirs. Their poor health is the cause. The tired, over-busy wife or mother, whose household cares have worn her out; the breadwinner whose anxiety for his family has worried him until he is thin and ill, are the nerve sufferers who become run down. Their nerves, like all bodily organs, need healthy red blood; worry tells on their digestion and their nerves are ill-fed. In such cases a course of Dr. Williams' Pink Pills is necessary, for these pills make new blood and tone up the nervous system. The patient becomes full of energy and happiness for themselves and others return. Mrs. Wm. Hughes, Coldwater, Ont., has proved the value of Dr. Williams' Pink Pills and does not hesitate to say so. She says:—"Two years ago I suffered untold agonies with my nerves. The pains in my head and the back of my neck were unbearable. I was depressed and cranky all the time. All the rest I took and best of medical attention did me no good. I was, advised to try Dr. Williams' Pink Pills and after taking them for a time felt much better. I continued their use with great benefit, and after my baby was born they were the only tonic that helped me nurse her. I found them a splendid blood enricher, and cannot recommend them too highly."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

KENT COUNTY CONVENTION.

The Kent County Conservative executive has issued a call for a convention to be held in Rexton on Monday, Aug. 31. A candidate for the House of Commons is to be named, a full county executive is to be chosen and plans perfected for a vigorous campaign.

As there is no opposition, so far as known, to the renomination of Alexander J. Doucet, M. P. of Notre Dame, he is expected to be the party standard-bearer again. Mr. Doucet defeated F. Bourgeois, of Buctouche, in a by-election in December 1923, a vacancy having been caused by the death of A. Leger, M. P., Liberal.

The convention call provides that each school district shall elect delegates the number not being stated.

PROTECTO

PRESERVATIVE

Shingle Paint

The latest Triumph in the Paint Industry

\$3.65 per gal.

Brown Green Red Grey

One coat brush is usually all that is necessary. Flows freely on old Surfaces. Covers 300 square feet
