THE RURAL DEANERY MEETING

Interesting Sessions Held at Clementsport Last Week.

A chapter meeting of the Rural Deanery of Annapolis took place at Clementsport on Monday and Tuesday, April 12 and 13. All the rectors of the Deanery were present except the Rev. T. C. Mellor, who was detained by his wife's illness. After the usual prayers and reading of the ordinal, St. John XIX. verses 3 to 37, was read and translated from the Greek and a very able, critical and devotional paper was contributed by Canon Morris. The meeting then proceeded to elect a Rural Dean. On motion the Rev. William Driffield, of Digby, was re-elected to be nominated to the Archbishop for appointment to that office. Very interesting discussions took place concerning the Anglican Forward Movement and also the affairs of King's College, Windsor, and a resolution was passed for transmission to the University Board of Governors. Two papers were read, one by the Rev. John Becks on "Past relations between the Anglican and Eastern branches of the Church," the other by the Rural Dean on "Christianity and the Ancient Mystery Religions." Each gave rise to an interesting conversation. The usual routine business was done and the Rural Dean was asked to endeavor to secure the Archbishop for a Confirmation tour of the Deanery during the autumn. The official Deanery service took place in St. Edward's Church, Clementsport, on Tuesday morning, when the Rural Dean celebrated the Holy Communion and the Rev. E. Underwood preached an excellent sermon and chanted.

Other services arranged by the Rector were as follows: Evening Prayer with sermon by the Rev. Canon Morris on Monday at Clementsport, and Evening Prayer with sermon by the Rev. E. Underwood on Tuesday at St. Matthew's, Deep Brook. The latter was followed by a reception tendered by St. Matthew's Guild, and in spite of very heavy rain a good number of parishioners were present both at church and at the homes of Mr. Purdy, where the reception was held. On Wednesday the clergy returned home, with sincere thanks to the Rector and Mrs. Smith and their parishioners who extended kind hospitality. The next meeting is arranged for Middleton at the beginning of August. Papers on interesting subjects are already promised by the Ven. Archbishop Vroom, the Rev. W. I. Morse, of Lewis, Mass., and the Rev. A. W. L. Smith.

LOCAL DEATH ROLL

MISS MINETTA LONGLEY
Miss Minetta Longley, a popular music teacher, whose illness we referred to in our issue of March 31st, passed peacefully away at the home of Mr. and Mrs. L. R. Miller, Granville street, Tuesday, April 13th, aged 66 years. Miss Longley was a member of the Paradise Baptist Church and had a large circle of friends. She was the daughter of the late Mr. and Mrs. Warren Longley, of Paradise, and is survived by one brother, Mr. Joseph Longley, of Paradise and one sister, Mrs. Susan Lantz, of Kingston, N. S. The funeral was held from the home of Mr. Miller Thursday afternoon with interment in the Fairview Cemetery, the services at the house the Paradise Baptist Church, and at the grave being conducted by Rev. I. A. Corbett, pastor of the Church of which the deceased was a member. Rev. J. H. Balcom also assisted at the church. The floral tributes were beautiful.

MISS HANNAH TAYLOR
Weymouth North was shocked on Wednesday the 7th, to hear of the sudden death of Miss Hannah Taylor. Though in ill health for some time the end came suddenly. She leaves to mourn Mrs. Wainright, of Annapolis, Miss Phoebe Taylor with whom she lived and who cared tenderly for her. Interment at St. Peter's Cemetery Saturday.

MARRIED 60 YEARS
Captain and Mrs. Chas Mundy observed their 60th wedding anniversary at their home, 17 Lagrange Terrace, Lynn, Mass., on Sunday April 4th. Capt. Mundy a retired sea captain is 86 years old and his wife 84.

SAFE AND EFFICIENT HOME TREATMENT

Many Weak and Ailing People Who Have Been Helped Strongly Recommend Dr. Williams' Pink Pills.

There is only one way to build up a run down system if the blood is pale and thin. Many diseases are caused by thin blood. Other diseases such as influenza and rheumatism cause the blood to become thin and the wasting effect of these disorders cannot be combated successfully until the blood is restored to its normal condition. Pallor, nervousness, indigestion, sleeplessness, headaches, dizzy spells, shortness of breath, palpitation of the heart, these are a few of the symptoms of an anemic bloodless condition. Some of them are not naturally associated with thin blood, but the quickest way to overcome them is to make the blood rich and red.

Dr. Williams' Pink Pills do one thing and do it well. They build up the blood increasing the number of red corpuscles. As this is done the blood becomes a richer red and is able to carry more oxygen the great supporter of human life. As the blood improves in quality the tissues of the body are better nourished and the functions of the body are better performed. The glands of the stomach are stimulated and the first sign of improvement is usually a better appetite and better digestion.

Dr. Williams' Pink Pills have been used for years as a bloodmaking tonic and system builder with such good results that in every community there are many people who are recommending this remedy to their friends and to others who are afflicted. Here is the statement of one person among thousands who have used Dr. Williams' Pink Pills to their own great advantage. Mrs. A. Venot, Hemford, N. S. says:—"For about two years I was a great sufferer from indigestion, which seemed to carry with it a complication of other troubles. Every meal I took brought with it misery, as it was followed by pain, and sometimes nausea and vomiting. At other times gas would form in the stomach to such an extent that my heart would palpitate at an alarming rate. These conditions brought on extreme nervousness and irritability and I found my general health, so much affected, that the least exertion would tire me and I slept but poorly. I had been doctoring for several months with no result beyond slight temporary relief, when I was advised by a friend to try Dr. Williams' Pink Pills. I decided to follow his advice and got a half a dozen boxes. Good results soon began to show from this treatment, and the further continued use of pills have made me a well woman. I can cheerfully recommend Dr. Williams' Pink Pills to similar sufferers."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are an invaluable remedy in disease arising from had or deficient blood, as rheumatism, neuralgia, after effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

THE VALLEY LEAGUE

A meeting of the Annapolis Valley Base Ball League adopted the following schedule for the season of 1920:

\$11,000,000 in gold arrived at New York from England last Friday.

THE DEATH OF J. W. BECKWITH

One of Bridgetown's Most Prominent Business Men Passes Away

A telephone message from Halifax early Thursday morning brought the news of the death of J. W. Beckwith which had occurred at the home of his daughter, Mrs. Ralph Elliott, in that city at 4:30 a. m. Although Mr. Beckwith and not been in very good health since an attack of erysipelas three years ago, yet his death came as a great shock to his family and friends as he was only ill since the previous morning, when he suffered an attack of heart trouble while leaving the house to keep an appointment with his son, Dr. W. H. Beckwith. He intended to return to his home in Bridgetown in a few days.

Mr. Beckwith was a son of the late Mr. Noble and Mrs. (Chesley) Beckwith. He was born in Bridgetown, July 20, 1847, his father, being a son of a loyalist who moved to Westmoreland county, New Brunswick. After receiving a common school education in his native town, he went into business for himself in a small way which developed into a large successful one, being one of the leading dry goods merchants of the Annapolis Valley at the time of his death and one of the most successful business men in this part of the province. He was first engaged in the livery business and before the present railway accommodation, drove people from Kentville to Annapolis and from Bridgetown to the south shore of the province, among his passengers being many prominent men of the day. He finally sold his livery business to F. R. Randolph. His next venture was a small grocery business on Queen Street on the property where W. A. Warren's Drug Store now stands. This developed into a general merchandise business. He afterwards built and moved into the business block where he furnished dry goods, gent's furnishings, carpets, etc., and in which he became such a successful merchant.

He was always public spirited, a power in the community, and a very kind business man with whom it was a pleasure to do business and whose word was as good as another's bond. He had great faith in his native town and in all his travels he found no place which appeared to him to be as good as Bridgetown and when any public utility was required for the town's advancement he was sure to give his hearty support and assist it with cash if necessary. He was first to advocate a good water supply for the town, to have a proper sewerage installed and many other civic improvements which we could enumerate. But during all his successful business career, strange to say he always declined nominations for Mayor, or town councillor and although an enthusiastic Liberal, and well versed in public affairs, he would not accept a nomination either to represent parliament, in the local or federal legislatures. When Mr. Arthur E. Sullivan, of Deep Brook, who started Bridgetown's electric light with a small steam plant located on the west side of Queen street, found it was a losing venture for the want of public support, Mr. Beckwith, for the sake of keeping the light going came to

NEW SEASON

TO THE TRADE:
Last season was not all clear sailing for the Retailer or Manufacturer.

The Manufacturer was greatly troubled by the labor unrest, so much so that it was almost impossible for him to procure adequate skilled help; to say nothing of the high wages. The uncertainty of the market caused the retailer to be over-cautious in buying, and ordered in smaller quantities and at a later date than usual, thus causing the Manufacturer to be delayed in the commencement of operations. The hide condition does not materially affect the situation at present, and there is every reason to believe that the market will remain strong throughout the current year, and we look for prices to advance rather than recede. We have a full stock of GOOD, FANCY AND EXTRA FANCY SHOES, Oxfords and Pumps and we are at your service.

the rescue, purchased the entire engine and boiler. In 1906 he purchased water power privileges and installed an up-to-date water power plant at Dodge's Falls three miles out of town, which is now paying piece of property and giving the town and our towns people a first class all night electric light service at the present time. In 1888 he was the chief promoter (and at the time of his death the biggest owner) in a Court House for the town of Bridgetown, in order that the regular and special sessions of the Supreme and County Courts could be held here instead of in one of our sister towns. He was the means of starting in Bridgetown Curry Bros & Bent's wood working factory, now owned and operated by Deeler & Peters. He was a big share holder in the former, which was later sold to Miss Anna R. Pickels, of Boston. The remains arrived here via Fredericton, N. B., on Saturday, April 17th, and were interred in the Methodist church, assisted by Rev. Dr. Jost. The remains, which were largely attended, was held from his late residence Saturday afternoon, the services being conducted by Rev. W. J. W. Swetnam, pastor of the Methodist church, assisted by Rev. Dr. Jost. The remains were interred in the cemetery, at the residence of Mr. J. E. Lloyd, Karl Freeman, Dr. M. E. Armstrong, and W. A. Warren. The funeral services were beautiful. During the funeral services, by order of the Mayor, every place of business in the town was closed.

MAN SLAUGHTER
Caused Death of Clerk In A Western Store
John F. Wright, owner of a store and restaurant at McBride, a town on the Grand Trunk Pacific Railroad in the northern part of British Columbia, has been arrested, charged with manslaughter in connection with the burning to death of Stewart Ross, a clerk in his store a few days ago. Wright, it is said, threw a kerosene lamp at a visitor setting fire to the premises and Ross who was asleep at the time was unable to escape from the burning building. Ross was to have been married the next day.

Boston Transcript: All of the people may strike for higher wages some of the time, and some of the people may strike for higher wages all of the time, but what will happen when all of the people strike for high wages all of the time?

DO YOU KNOW?

That my goods are sold with the understanding that if you are not satisfied with your purchase, I will either exchange or refund your money. Provided however that you return the goods in the same good condition, and within ten days of date of sale. As there are but a very few who take advantage of this offer, I am satisfied that I am selling the right kind of goods, at right prices. Remember I can supply you with anything you may need in Men's or Boys' Wear, from the top of your head to the ground you stand on. Store open at 7.30 every morning, and on Tuesday and Saturday evenings.

Through the Canadian Co-operative Wool Growers' Association the farmers of Nova Scotia marketed 110,000 pounds of wool in 1919 as compared with 70,000 pounds in 1918. The whole shipment averaged sixty-five cents per pound.

BAD AND GOOD ROADS

How the People Travelled Between Clarence and Bridgetown

People who know the district of Clarence, Annapolis County, need not be told that the soil there is a clay loam, admirable for raising hay but unsuitable for road making. The road to Bridgetown from Clarence became a quagmire every April and every November. The farmers use to wade through this mire year after year with loads lightened to miserable conditions and tempers strained to the losing point.

There is no need to tell the farmer of Clarence that the cost of hauling farm produce to market is materially affected by the condition of the road surface. Their market road was fairly hard in certain seasons of the year. But their experience in common with thousands of other Nova Scotia farmers was that at the season when it was most desired to use this road the surface was so soft that hauling when possible at all was difficult and wasteful.

Finally in 1914 seven of the Clarence farmers determined to end this state of affairs. They subscribed \$1,000 and paid for the same by hauling rock at fifty cents per cubic yard. In the summer of 1915 the work of macadamizing the road was accomplished with the assistance and under the supervision of the Government. By the Fall of 1915 the people of Clarence had a clean and well built road capable of sustaining the heaviest loads.

It is a matter of common observation that when roads are permanently improved in any community land values in that community advance. The case of Clarence was no exception to this rule.

One of the farms bordering on the improved road was owned by Mr. Freeman Fitch, Municipal Clerk of Annapolis. Mr. Fitch for some time previous to 1915 had been trying to sell his farm for \$10,000. There were no buyers. After the road to the local market was rebuilt he added \$2,000 to the selling price. That is to say, Mr. Fitch considered that the improvement to the road had increased the value of his property twenty per cent.

That this opinion was well founded is proven by the fact that he sold his farm without delay at the higher price asked—\$12,000.

It is not surprising to learn that the farmers of Clarence are now prepared to contribute \$1,000 per mile toward a permanent road the whole length of the district.

Now just in what way did the improvement to the Clarence road increase the value of the Fitch farm? It is plain that the improvement effected in the road did not increase the soil fertility of the farm. It is equally true, however, that the permanent road directly improved the site value of the farm that is the value the farm possessed by reason of its situation as regards the market.

In other words, the advance in value of the farms was due to decreased hauling costs.

The farmers of Clarence say that money in road improvement is a paying investment.

ST. CROIX COVE

Mr. Gilbert Healy is visiting his sister, Mrs. Wm C. Hall.
The infant son of Mr. and Mrs. David Salsan died on Friday, March 20th.
Miss Kathleen Poole, Clarence spent the Easter holidays at the home of her parents.

Mr. Ramon Chute, Hampton, passed through the Cove with his sawing machine cleaning up unfinished wood piles.
Mr. B. B. Hall, Acadia College, and Mrs. Evelyn Smith, Clarence, spent Good Friday at the home of Mr. and Mrs. Zachary Hall.

SENDING BETTER THROUGH THE MAIL

Butter is being sent through the post offices in fairly large quantities to England. This traffic has grown throughout Canada in a surprising manner, and has taken such a place in the parcel post business that the postal authorities in Ottawa have issued regulations instructing the public how butter must be packed.

CHATHAM PLANTS OF GRAY-DORT MOTORS LIMITED

You Can Buy the Best Gray-Dort Ever Built

THE Gray-Dort which your dealer has to-day is the best Gray-Dort ever built.

More than that. It is the greatest Gray-Dort value.

For \$1,365 you get a Gray-Dort with ten major improvements and a dozen refinements.

With a bigger gas tank, placed in the rear, with a new, extra-heavy, extra-safe steering gear. With the emergency brake on a lever—and with Thermoid brake linings. A more convenient Gray-Dort, the side

curtains opening with the doors, with very much more leg-room in the tonneau and with more in the driving compartment because of the shorter and smarter cowl.

A Gray-Dort which has the good-looks of a smarter top, hand-tailored in our own shops, a smarter hood, with many long, narrow louvres.

There are many more refinements which you will find when you drive the new Gray-Dort.

Here you have the same powerful, finely-built motor with its big bore and long stroke. The same heavy crankshaft, many pounds heavier than on other light cars.

A rear axle built specially for us right here in Chatham. Long springs, built here, too. Westinghouse starting and lighting. Improved Carter carburetor. Every unit of motor and chassis is bigger and stronger and higher quality than is usually considered for light cars.

Gray-Dort production has been doubled for this year. But our dealers tell us that this will not be sufficient to meet the demand. It would be wise to see the Gray-Dort dealer to-day.

PRICES

5-Passenger Car—\$1365, f.o.b. Chatham, war tax extra.
2-Passenger Roadster is the same price.
Gray-Dort Special—\$150 extra on the standard.
Gray-Dort Ace—\$255 extra on the standard.

Income Tax Return
on or before the 30th of April, 1920.

Dominion of Canada

Department of Finance

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—

1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.
2. All other individuals who during the calendar year 1919 received or earned \$2,000 or more.
3. Every corporation and joint stock company whose profits exceeded \$2,000 during the fiscal year ended in 1919.

Forms to be used in filing returns on or before the 30th of April, 1920.

ALL INDIVIDUALS other than farmers and ranchers must use Form T 1.

FARMERS AND RANCHERS must use Form T 1A.

CORPORATIONS and joint stock companies must use Form T 2.

Penalty

Every person required to make a return, who fails to do so within the time limit, shall be subject to a penalty of twenty-five per centum of the amount of the tax payable.

Any person, whether taxable, or otherwise, who fails to make a return or provide information duly required according to the provision of the Act, shall be liable on summary conviction to a penalty of \$100 for each day during which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$10,000, or to six months' imprisonment or to both fine and imprisonment.

General Instructions.

Obtain Forms from the Inspectors or Assistant Inspectors of Taxation or from Postmasters.

Read carefully all instructions on Form before filling it in.

Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.

Make your returns promptly and avoid penalties.

Address INSPECTOR OF TAXATION, HALIFAX, N.S.

GOES UP ON HIGH

Wealthy Chinese Has Novel Trip From This Life to Next

There was a pretty custom among some of the ancients when a prominent citizen died, to send his valet along with him on the road to Paradise, and it was oftentimes necessary to resort to extreme methods to insure this company for the departed. But in the territory of the China-American Trading Company, Ford Dealers in Tientsin, China, have discovered a much better aid to the deceased over the rough places on the trip to the Promised Land.

It is a custom of the Chinese to burp various kinds of effigies at the funeral ceremonies of the rich, the more wealthy the departed the more elaborate the figures burned over his grave. These effigies represent every manner of thing such as human figures, horses sedan chairs, tables loaded with money etc. The figures usually conform to some of these stereotyped fashions, but at the funeral of a Mr. Li, who died a short time ago in Tientsin, and who was a very wealthy man, the bereaved family outdid themselves and made an imitation of the deceased gentleman's Ford Car to be burned at his grave.

This Ford effigy was made entirely of strong Chinese paper stretched on bamboo and reed frames. The car was complete in every detail the pedals accurately placed and all made of paper and bamboo. The interior of the car was also accurate in detail being carefully upholstered in paper. The effigy of the driver was a work of art. The car was carried about three miles through crowded streets to the graveside where a match was applied and it was consumed in a few minutes.

This is the first time that a motor car has been burned at the grave of a Chinese, and there is every reason to believe that the deceased went up "On High."

OLD FORD RACER FOUND

"999" Beat Mile A Minute Record in 1904

Ford Racer "999" which in 1903-4 started the Ford reputation toward success by beating the "Mile A Minute" record in the hands of Barney Oldfield and Henry Ford, himself was recently discovered and bought by W. L. Hughson, Ford Dealer in San Francisco. The car was cleaned up, shined and insured for \$25,000 and sent on an exhibition tour. It was shown at the San Francisco Automobile Show and proved a great attraction.

This car made its debut in 1904 when Henry Ford drove it to success at a speed of one mile in 39 4-5 seconds on a race track built on Baltimore Bay. The "Ford Times" of July 1903 referring to "999" says, "It won race after race in every part of the country. Its performance was a real sensation, not only here but abroad, and did as much to make known the name of Ford as any other circumstance."

This same article, after boasting of the 20,000 Ford owners, there are now more than 3,000,000, goes on to tell why racing was discontinued. "In the early days of the industry, racing undoubtedly stimulated business and was of benefit as a trade-bringer for a product. Today it is unnecessary to engage in races and stunts to awaken interest—the interest is wide awake and the problem is how best to provide for that interest which a growing demand for cars evidences. There was a time, though, when no entry list was considered complete until the Ford entry was in, and the records of these four and five years ago are replete with triumphs of Ford cars, guided to victory by such experts as Henry Ford, Frank Kulick and Barney Oldfield."

THE OLD EXCUSE

The Truth Would Be More Appreciated

There is probably nobody engaged in the newspaper business in Nov. Scotia who is not acquainted with a man whose excuse for discontinuing his subscription is that he already "has more papers than he can read." It is only an excuse offered to ameliorate the presumed lacerated condition of the editor's feelings. It has no such effect, for, in the first place, an editor never worries over the loss of a subscriber except when he leaves the country without paying up arrearages. But why not be truthful and say to the honest newspaper man just what you feel in your heart? Go into the editor's den and ask him how much you owe, pay the delinquency, and tell him frankly that you don't want his disreputable, black guard sheet any longer. Say to him in a sorrowful tone of voice that you deeply regret his inability to publish a newspaper worthy the name. Do this and then you can go away with the comforting assurance that the newspaper man respects you for your candour and will cherish no hard feelings because you choose to borrow his paper instead of buying it.

MURDER FIGURES

Statistics employed in controversy are not always convincing, for often the comparisons made are not sound or the information is partial rather than complete. Having this in mind, it is nevertheless difficult to refute the figures presented by the Chicago Tribune in arguing against the abolition of capital punishment in Illinois, Maine, it says, has abolished capital punishment. Maine has seventy-seven per cent more murders than Massachusetts, ninety-two per cent more than Vermont, one hundred and nine per cent more than Connecticut, 350 per cent more than New Hampshire. Rhode Island has abolished capital punishment. There are 175 per cent more murders in Rhode Island than in Vermont, 200 per cent more than in Connecticut, and 560 per cent more than in Hampshire. Murder in France increased sixty-eight per cent after the abolition of the death penalty, and the guillotine was restored in 1909.

To the figures given the Tribune adds a statement by Sheriff Peters of Cook County, Illinois, the Chicago district. "If," he says, "one-half of the energy now spent in sympathy for murderers and criminals would be devoted to the families of the victims and the other half to bringing to justice the brutes who have blotted out the lives of law abiding and peaceable citizens and darkened forever the lives of others this would be a happier and safer world to live in."

THE RESULT OF A LONG SERMON

On the subject of long sermons Mark Twain once told a story to illustrate how he was affected by one. He was present, he said, at a church service conducted by a most eloquent preacher. The appeal for funds went to everyone's heart and Mark Twain himself was so touched that he simply itched for the plate to come round in order that he might give the four hundred dollars he had in his pocket and borrow more to put to it. But the preacher went on and on, and air grew hotter, he grew sleepier—his enthusiasm went down a hundred dollars at a time till at last, when the plate reached him he stole ten cents out of it.

TURO'S TAX RATE \$2.90

Turo's tax rate for the current year has been fixed at \$2.90. It was \$2.50 last year. Of the advance of 30 cents over last year 20 cents is for increased salaries for school teachers and 10 cents for general salaries and town employees' wages. The estimated receipts for the year are \$184,668.04.

Ford

Plain Facts about Milk Routes

A team of horses costs about \$400, double harness \$100, a wagon \$75, making a total of \$575. A Ford Truck costs \$750 at Ford, Ont.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour, or 17.4 cents per team per hour. One team, if collecting milk, could not cover more than 30 miles a day. The cost for twelve hours would be \$2.09, or about seven cents a mile. The cost for gas and oil for a Ford Truck is only 4 1/2 cents a mile. The Ford Truck soon pays for itself in the reduced cost of operation.

A Ford Truck will cover at least 60 miles a day collecting milk or 250 miles on long hauls. It enables you to operate at a lower cost per mile and to cover twice as much territory as with horses.

Ford One-Ton Truck (Chassis only) \$750 f. o. b. Ford, Ont.

Durling enroute for Woodstock, were making calls on their relatives last Saturday. Mr. Durling has been manager of the Royal Bank at Barrington Passage for a number of years.

With the Karsdale correspondent of THE WEEKLY MONITOR kindly give names of the Karsdale and Island S. S. teachers of the Junior and Primary classes. If the correspondent is not interested in Sunday Schools perhaps the teachers would hand in the names as it is the only way this year to gather reports for the District Conventions are so late in convening and a full report is requested from all schools in the county to be presented at the Annual Convention which meets at Lawrence town. Your correspondent read with much interest of the 2nd anniversary of the Union Bible Classes which shows that those classes are the "Banner Bible" classes of the County. Our Sunday Schools need more push and enthusiastic workers to make them a success. They should be workers together and each teacher should make it his or her aim to have one of the best classes in the school and not mind a little extra work. Then success crown our efforts. We congratulate the above schools and trust the Elementary Grades are making their work a success.

BRIDGETOWN'S GOLD MINE

Prosperous Manufacturers Along Line of Dominion Atlantic Railway

(From the Kentville Advertiser) Few of the trainloads of passengers passing Bridgetown day after day are aware it is the home of one of Western Nova Scotia's thriving infant industries.

Slightly off the Line of the Dominion Atlantic Ry. is the M. W. GRAVES & CO. CIDER AND VINEGAR PLANT which from a very modest beginning a few years ago, now requires EIGHTY THOUSAND barrels apples a year to meet its requirements.

The output during the year just closed shows a surprising volume of products. Vinegar, the principal product shows ONE HUNDRED AND EIGHTY THOUSAND GALLONS which sells for about thirty cents per gallon wholesale.

The next in volume of output is cider with ONE HUNDRED THOUSAND GALLONS put up in ten and thirty gallon kegs and marketed in Canada at practically same price per gallon as domestic apples are evaporated.

C. B. LONGMIRE The Home of Good Shoes
