## Thursday, 10th, February 1876.

The Members in attendance in the Senate Chamber in the City of Ottawa, were

The Honorable DAVID CHRISTIE, Speaker.

His Excellency the Right Honorable Sir Frederick Temple, Earl of Dufferin, Viscount and Baron Clandeboye of Clandeboye, in the County Down, in the Peerage of the United Kingdom, Baron Dufferin and Clandeboye of Ballyleidy and Killeleagh, in the County Down, in the Peerage of Ireland, and a Baronet, Knight of the Most Illustrious Order of Saint Patrick, and Knight Commander of the Most Honorable Order of the Bath, Governor General of Canada, and Vice-Admiral of the same, &c., &c., &c., being seated in the Chair on the Throne,

The Honorable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House—"It is His Excellency's pleasure they attend him immediately in this House," Who, being come with their Speaker,

His Excellency the Governor General was pleased to open the Session by a gracious Speech to both Houses.

#### Honorable Gentlemen of the Senate;

Gentlemen of the House of Commons:

I have much pleasure in again calling you together to attend to the business of the country.

Since you last assembled it has been my happiness to visit the Mother Country, and to have had the opportunity while there of calling public attention to the remarkable progress of the Dominion, and of giving expression to the feelings of attachment to the person of Her Majesty and the interests of the Empire which animate the Canadian people.

The great depression which has prevailed throughout the neighbouring countries for several years, and which has more recently been felt in the old world, causing a general stagnation of business, has extended to Canada and has seriously affected our trade. At the same time, we have reason to be grateful for an abundant harvest; and while I deeply regret the suffering which exists among certain classes and in particular localities, I believe nevertheless that the great bulk of our people continue to enjoy a condition of reasonable prosperity.

I am happy to be able to congratulate you on the fact that the great railway undertaking, connecting the former Province of Canada with the Maritime Provinces, provided for by the Act of 1867, is approaching completion. Early in the coming summer, the small portion of the Intercolonial line not already in operation will be opened, when the connection with other systems of railway will be formed, so as to enable passengers and traffic to pass over continuous lines of railway from Halifax or St. John to the extreme western railways of Ontario.

The opening of the Prince Edward Island Railway during the past year marks an epoch in the history of that Island, and cannot but exert a beneficial influence on the people, and add to their material prosperity.

Every effort has been made to obtain an early settlement of the claims of Canada for compensation for the use of her Fisheries by the United States, as provided by the Treaty of Washington. Her Majesty's Government in the early part of last summer, at the instance of my advisers, appointed the British Commissioner, but I regret to have to state that the United States Government have not yet appointed a Commissioner, and that consequently no progress has been made.

I have given effect to the Supreme and Exchequer Court Act of last Session by issuing the proclamations, and by appointing the Judges and officers of the Court.

A Bill to simplify and amend the law relating to Common Carriers will be submitted for your consideration.

A Bill will be brought before you containing provisions for affording greater security to policy holders in Life Assurance Companies.

The want of reliable and systematised information relating to the several classes of crime and the importance of collecting and classifying criminal statistics have engaged my attention. A Bill will be introduced to provide for what is most essential in this direction.

You will be asked to make provisions for the commencement of the work of consolidating the Statute Law.

The Acts relating to the enfranchisement of Indians and the management of Indian affairs have been fully considered, and steps have been taken to ascertain the views of the Indians themselves. A measure on this subject will be submitted for your approval.

A measure will be introduced to provide for the better administration of the estates of Insolvent Banks.

#### Gentlemen of the House of Commons :

The accounts for the past and the Estimates for the next financial year will be laid before you. The Estimates have been framed with every possible economy consistent with the public interests. I regret that the depression in trade to which I have alluded, has seriously affected the revenue. It will be necessary in view of this circumstance to curtail the expenditures in the several branches of the public service.

#### Honorable Gentlemen of the Senate :

#### Gentlemen of the House of Commons:

Correspondence, Reports, and other Papers regarding the construction of the Pacific Railway will be laid before you.

During the recess, a deputation from the Government of *Manitoba* visited *Gttawa* to invite the attention of the Government of the Dominion to the circumstances of that Province. They represented that the income of the Province was insufficient to provide for its ordinary governmental expenses. The papers on this subject will be laid before you, and certain propositions will be submitted for your consideration. The Legislature of *Manitoba* has in the meantime adopted some measures to reduce the expenditures of the Province.

I invite your earnest attention to the several subjects mentioned, and to the general business which will come before you, and I trust that your deliberations may be guided by wisdom and moderation.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

PRAYERS :

The Hon. Mr. Letellier de St. Just presented to the House a Bill, intituled : "An Act relating to Railways."

The said Bill was read for the first time.

The Honorable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honorable Mr. Letellier de St. Just, seconded by the Honorable Mr. Scott, it was

Ordered, That the House do take into consideration the Speech of His Excellency the Governor General on Monday next.

On motion of the Honorable Mr. Letellier de St. Just, seconded by the Honorable Mr. Scott, it was

*Resolved*, That all Members present during this Session be appointed a Committee to consider the orders and customs of this House and Privileges of Parliament, and that the said Committee have leave to meet in this House, when and as often as they please.

The Honorable Mr. Letellier de St. Just moved, seconded by the Honorable Mr. Scott,

That when the House adjourns this day, it do stand adjourned until Monday next at Three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative.

PRAYERS :

The following Petition was brought up, and laid on the Table :--

By the Honcrable Mr. Leonard-Of John Francis Mahon and others, of the City of London, and Town of Strathroy, in the Province of Ontario.

The Honorable the Speaker, presented to the House the Report of the Librarian on the state of the Library.

Ordered, That the same do lie on the Table, and it is as follows :---

#### TO THE HONORABLE THE MEMBERS OF THE SENATE OF CANADA IN PARLIAMENT ASSEMBLED.

#### THE REPORT OF THE LIBRARIAN OF PARLIAMANT : RESPECTFULLY SHEWETH :--

Adverting to the mention, in his last Report, of the great and increasing necessity for large additions to the Law division of the Library,—especially in view of the recent establishment of the Supreme Court, in Ottawa,—the Librarian has much satisfaction in stating, that during the past Recess, the Executive Government have bestowed special attention upon this matter. Shortly after the close of the Session, the Librarian was instructed to visit the Library of the Law Society in Toronto, and to place himself in communication with the Hon. J. Hillyard Cameron, Q.C., M.P., for advice in the improvement of our collection of Law Books.

At Mr. Cameron's suggestion, a complete series of Reports of the Courts of Law in Great Britain and Ireland, and in the United States of America, was obtained, with other works of importance, as a first instalment. At a later period, the Judges of the Supreme Court were appointed, and they have since undertaken the responsibility of supervising all further additions that may be required to our Law Library.—The Hon. Messieurs Justice Strong and Justice Fournier are now engaged in the selection of books which, when procured, will render the Library, in this department, eminently valuable and complete.

The other divisions of the Library have been duly augmented, so far as our limited space would permit; and a Catalogue of such additions has been prepared for the use of Members. But the difficulty of finding room for the books has been an almost insuperable bar to the progressive improvement of the Library, in literature, science and art.—This hindrance, however, will shortly be removed. The new Building is rapidly approaching completion, and there is no reason to doubt that it will be ready for occupation before the close of the ensuing summer. When the transfer has taken place, it may be anticipated that provision will be made, by the liberality of Parliament, for rendering the Library, as a depository of knowledge, worthy of the magnificent structure which has been erected for its permanent reception.

The donations to the Library, within the past year, from various sources, have been very numerous :--- a list of them is hereunto appended; together with a list of works deposited under the Copyright Act.

The number of volumes in the Library at the last Report, was estimated at 75,086.—Since then, about 4,400 volumes have been added: making a total of 79,486 vols.

All which is respectfully submitted.

2

ALPHEUS TODD, Librarian of Parliament.

#### LIBRARY OF PARLIAMENT, 10th February, 1876.

(For the Appendix to this Report vide Sessional Papers.)

The Order of the Day being read for the consideration of His Excellency's Speech from the Throne at the opening of the Session,

The Honorable Mr. Paquet moved, seconded by the Honorable Mr. Leonard,

That the following Address be presented to His Excellency the Governor General, to offer the respectful thanks of this House to His Excellency for the gracious Speech which His Excellency has been pleased to make to both Houses of Parliament, namely :--

To His Excellency the Right Honorable Sir Frederick Temple, Earl of Dufferin Vicount and Baron Clandeboye, of Clandeboye, in the County Down, in the Peerage of the United Kingdom, Baron Dufferin and Clandeboye of Ballyleidy and Killeleagh, in the County Down, in the Peerage of Ireland, and a Baronet, Knight of the Most Illustrious Order of St. Patrick and Knight Commander of the Most Honorable Order of the Bath, Governor General of Canada, and Vice Admiral of the same.

#### MAY IT PLEASE YOUR EXCELLENCY :

We, Her Majesty's dutiful and loyal subjects, the Senate of *Canada*, in Parliament assembled, respectfully thank Your Excellency for your gracious Speech at the opening of this Session.

It is with much pleasure that we find Parliament again called together by Your Excellency to attend to the business of the country:

We are glad to know that since we last assembled it has been Your Excellency's happiness to visit the Mother Country, and to have had the opportunity while there of calling public attention to the remarkable progress of the Dominion, and of giving expression to the feelings of attachment to the person of Her Majesty' and the interests of the Empire which animate the Canadian people.

We agree with Your Excellency that the great depression which has prevailed throughout neighboring countries for several years, and which has more recently been felt in the Old World, causing a general stagnation of business, has extended to *Canada*, and has seriously affected our trade; but that, at the same time, we have reison to be grateful for an abundant harvest; and, while deeply regretting, with Your Excellency, the suffering which exists among certain classes and in particular localities, we concur with Your Excellency in believing, nevertheless, that the great bulk of our people continue to enjoy a condition of reasonable prosperity.

We reciprocate with pleasure Your Excellency's congratulations on the fact that the great railway undertaking, connecting the former Province of *Canada* with the Maritime Provinces, provided for by the Act of 1867, is approaching completion; and we thank Your Excellency for the information that, early in the coming summer, the small portion of the Intercolonial line not already in operation will be opened, when the connection with other systems of railway will be formed, so as to enable passengers and traffic to pass over continuous lines of railway from *Halifax* or *St. John* to the extreme Western railways of Ontario.

We agree with Your Excellency in thinking that the opening of the *Prince* Edward Island Railway during the<sup>3</sup> past year marks an epoch in the history of that Island, and cannot but exert a beneficial influence on the people, and add to their material prosperity.

We participate in the regret felt by Your Excellency in having to state that although every effort has been made to obtain an early settlement of the claims of *Canada* for compensation for the use of her Fisheries by the *United States*, as provided by the Treaty of *Washington*, and although Her Majesty's Government in the early part of last summer, at the instance of Your Excellency's advisers, appointed the British Commissioner, the *United States* Government have not yet appointed a Commissioner, and that consequently no progress has been made.

We thank Your Excellency for informing us that you have given effect to the Supreme and Exchequer Court Act of last Session by issuing the proclamations, and by appointing the Judges and Officers of the Court.

We shall await with interest the Bill to simplify and amend the Law relating to Common Carriers, which Your Excellency is pleased to inform us will be submitted for your consideration, as well as the Bill which we learn from Your Excellency will be brought before us containing provisions for affording greater security to policy holders in Life Assurance Companies.

The want of reliable and systematised information relating to the several classes of crime and the importance of collecting and classifying criminal statistics having engaged Your Excellency's attention, we are glad to hear from Your Excellency that a Bill will be introduced to provide for what is most essential in this direction.

We are grateful to Your Excellency for the information that Parliament will be asked to make provision for the commencement of the work of consolidating the Statute Law.

It gives us pleasure to learn from Your Excellency that the Acts relating to th<sup>e</sup> enfranchisement of Indians and the management of Indian affairs have been fully considered, and steps have been taken to ascertain the views of the Indians themselves, and that a measure on this subject will be submitted for our approval.

We thank Your Excellency for informing us also that a measure will be introduced to provide for the better administration of the estates of insolvent Banks.

We are grateful to Your Excellency for the promise that Correspondence, Reports and other Papers regarding the construction of the Pacific Railway will be laid before us.

We-receive with great interest the statement made to us by Your Excellency that during the recess a deputation from the Government of Manitoba visited Ottawa to invite the attention of the Government of the Dominion to the circumstances of that Province, and that they represented that the income of the Province was insufficient to provide for its ordinary Governmental expenses, that the papers on this subject will be laid before us, and certain propositions will be submitted for our consideration, and that the Legislature of Manitoba has in the meantime adopted some measures to reduce the expenditures of the Province.

We heartily respond to Your Excellency's invitation by promising Your Excellency that we shall give our earnest attention to the several subjects mentioned, and to the general business which will come before us, and we trust, with Your Excellency, that our deliberations may be guided by wisdom and moderation.

#### After Debate.

The question of concurrence being put thereon, the same was resolved unanimously in the affirmative.

Ordered. That the said Address be presented to His Excellency the Governor General by such Members of this House as are Members of the Privy Council.

The Honorable the Speaker presented to the House a Return from the Clerk of the Crown in Chancery, setting forth that His Excellency the Governor General has summoned to the Senate Gardner Green Stevens, Esquire, of Waterloo, in the County of Shefford, and appointed him for the Bedford Electoral Division, in the Province of Quebec, in the room and stead of the Honorable Asa B. Foster, resigned.

Then, on motion of the Honorable Mr. Letellier de St. Just, seconded by the Honorable Mr. Hamilton (Kingston),

The Honorable the Speaker presented to the House the following certificate from the Clerk of the Senate :--

OFFICE OF THE CLERK OF THE SENATE, Monday, 21st February, 1876.

In the Matter of Robert Campbell's Petition for a Bill of Divorce.

I hereby certify that I have received from the Petitioner the fee of two hundred dollars in accordance with the 84th Rule of this House.

ROBERT LE MOINE, Clerk of the Senate.

The Honorable Mr. *Reesor* presented to the House the following affidavit of service of Notice for Bill of Divorce:

#### NOTICE.

Notice is hereby given that application will be made to the Parliament of Canada at the Session thereof next after the expiration of six months from the date of this Notice, by *Robert Campbell*, of the Town of *Whitby*, in the County of *Ontario*, in the Province of *Ontario*, Merchant, for a Bill of Divorce from *Eliza Maria Campbell* his wife, of the Town of *Whitby* aforesaid, on the ground of adultery.

ROBERT CAMPBELL.

Dated at Whitby, this twenty-ninth day of June, A.D., 1875.

1. That I did, on the afternoon of Monday, the Fifth day of July, 1875, about six o'clock p.m., personally serve *Eliza Maria Campbell*, the wife of *Robert Campbell*, of the Town of *Whitby*, Merchant, with a true copy of the hereunto annexed Notice of application for a Divorce, by leaving the same with the said *Eliza Maria Campbell* at the dwelling house of her mother in the Town of *Whitby*.

2. Before I served the said *Eliza Maria Campbell* I told her that I now serve her with a copy of the Notice at the instance of her husband and at his request. She said, "I suppose I must receive it as I did the other,"—a similar one I served her with last year. I have known the said *Eliza Maria Campbell* for the last nineteen or twenty years.

Sworn before me at the Town of Whitby in the County of Ontario, this 7th day of July, A.D. 1875. R. H. JOHN GUNN, J. P.

ERASTUS F. HOWARD.

45

Then Erastus Francis Howard, of the Town of Whitby, in the County of Ontario, and Province of Ontario, Sheriff's Bailiff, was called to the Bar of the House, and being sworn, was examined as follows:--

What is your name, place of business and occupation ?

Erastus Francis Howard, of the Township of Whitby, in the County of Ontario Sheriff's Bailiff.

Do you know *Robert Campbell*, of the Town of *Whitby*, in the County of *Ontari*, Merchant, the Petitioner for an Act of Parliament for divorce from his wife, and how long have you known him?

I do know him—and I have known him for a period of about twenty-five years. Do you know *Eliza Maria Campbell*, his wife, formerly *Eliza Byrnes*, and how long have you known her, and have you known her intimately?

I do know her. Have known her from her childhood upwards. I have known her intimately previous to and since her marriage to *Robert Campbell*, the Petitioner for the Bill of Divorce, and up to the time of her leaving the care of the said *Robert Campbell*.

Look on this paper marked A. Did you serve a copy of the same on *Eliza Maria Campbell*; and if so, at what time, and in what place, and under what circumstances?

I served a copy of the Notice in writing now shown to me, marked A, on Monday, the fifth day of July, in the year of Our Lord one thousand eight hundred and seventyfive, upon the said *Eliza Maria Campbell*, at the house of her mother, *Henrietta Byrnes*, in the Town of *Whitby*, in the County of *Ontario*, in the Province of *Ontario*, by handing to her, the said *Eliza Maria Campbell*, a copy of the Notice in writing marked "A," which she then and there received. I at the same time told her that the Notice was a Notice of application for Divorce on the part of her husband, and that it was served at the instance and request of her said husband. I also told her the Notice was published in the newspapers published at the said Town of *Whitby* and at the Village of *Oshawa*, in the said County of *Ontario*, and known respectively as the *Whitby Gazette* and the *Ontario Reformer*. The said *Eliza Maria Campbell* then told me that she supposed she must receive the said Notice as she had received the other, meaning a similar Notice with which I served her on the eighth day of July, in the year of Our Lord one thousand eight hundred and seventy-four.

I thereupon, the 7th day of July, made a memorandum on the back of said Notice marked "A," of the time, place and particulars of such service, which memorandum is now handed in marked "B."

The said Erastus Francis Howard was directed to withdraw.

The Honorable Mr. Reesor moved, seconded by the Honorable Mr. Leonard,

That the Petition of *Robert Campbell*, of the Town of *Whitby*, in the Province of *Ontario*, praying for an Act to dissolve his marriage with *Eliza Maria Byrnes*, be now read and received.

Which being objected to,

The question of concurrence was put thereon, and the same was, on a division, resolved in the affirmative, and

The Petition of Robert Campbell, aforesaid, was then read and received.

The Honorable Mr. Kaulbach moved, seconded by the Honorable Mr. Macfarlane, That an humble Address be presented to His Excellency the Governor General, praying that His Excellency will cause to be laid before this House, a statement showing the work performed by the Government Steam Dredge "Canadian," during the past year, with total cost of said work, the harbours dredged, with the quantity and cost of the work in each harbor, the number and classification of the crew and the wages paid to each of them. Also, the quantity of coal consumed by said dredge on each work, when and by whom supplied, and the cost per ton or chaldron. Also, if any extra hands have been employed on any of the work or in the service as pilots or otherwise, if so, where; the service performed and the wages paid.

The question of concurrence being put thereon, the same was resolved in the affirmative, and it was

Ordered, That the said Address be presented to His Excellency the Governor General by such Members of this House as are Members of the Privy Council.

The Honorable Mr. Botsford moved, seconded by the Honorable Mr. Dickey,

That an humble Address be presented to His Excellency the Governor General, praying that His Excellency will be pleased to cause to be laid before this House, copies of all reports and other documents communicated to the Post Office Department by the Post Office Inspector for the Province of *New Brunswick*, as the result of that officer's investigation into the conduct of the Postmaster of *Sackville*, together with copies of any certificates of character, or recommendations in favor of such Postmaster.

The question of concurrence being put thereon, the same was resolved in the affirmative, and it was

Ordered, That the said Address be presented to His Excellency the Governor General by such Members of this House as are Members of the Privy Council.

The Honorable Mr. Girard moved, seconded by the Honorable Mr. Sutherland,

That an humble Address be presented to His Excellency the Governor General, praying that His Excellency will cause to be laid before this House, copies of all instructions to the Honorable Alexander Morris, Lieutenant Governor of the North-West Territories; also copies of all Orders in Council relative to the said Territories since their organization, and not already published; also copies of all reports and official correspondence between the Lieutenant Governor and the Dominion Government from the date of his appointment.

The question of concurrence being put thereon, the same was resolved in the affirmative, and it was

Ordered, That the said Address be presented to His Excellency the Governor General by such Members of this House as are Members of the Privy Council.

The Honorable Mr. *Ryan* presented to the House a Petition from the Dominion Board of Trade, praying that the manufacturing industries of the Dominion may be protected from the severe competition of American manufacturers, as well as from the systems of granting bounties, or drawbacks equivalent to bounties, by foreign nations on the exportations of manufactured articles to this Dominion.

The said Petition was, by leave of the House, then read.

Ordered, That the same do lie on the Table.

The Order of the Day being read for the second reading of the Bill initialed "An Act to remove doubts respecting the validity of certain elections in the Province "of *Quebec*,"

On motion of the Honoral le Mr. Penny, seconded by the Honorable Mr. Letellier de St. Just, it was

### 25th October, 1875.

That Mr. Davis the First Minister and Treasurer, and Mr. Royal the Minister of Public Works of the Province have been in communication with the Sub-Committee of Council on this subject.

They point out that in dealing with New Brunswick an additional allowance was made by the B. N. A. Act 1867, of \$63,000 a year for ten years from the date of Union; that in dealing with Nova Scotia an additional allowance of \$82,698 a year for ten years was made to that Province based upon the fact of the allowance to New Brunswick; that in dealing with British Columbia her allowance in respect of debt as well as in respect of population was calculated upon an assumed population of 60,000 while the actual population was not 11,000; that in dealing with Prince Edward Island her allowance for debt was calculated at the rate of \$50 per head on the population instead of \$27.77 the rate assigned to the other Provinces, and a special allowance of \$45,000 a year was made to her in consideration of her not having any Crown Lands; while in dealing with Manitoba, which has no Crown Lands at her disposal, her allowance in respect of debt was calculated upon a population of 17,000 only at the rate of \$27.77 per head, and her allowance in respect of population was calculated on the same estimate of 17,000.

They point out that the total resources of the Province derivable from the Dominion are as follows:---

Specific Grant	\$30,000	00	
80c per head on 17,000	13,600	00	
5 per cent. Int. on \$472,090 debt as \$27.77 per head do do \$79,357 additional debt as adjusted	23,604	50	
in 1873	3,967	85	
Total	\$71,172	35	

They represent that the additional revenue of the Province has been insignificant, the only important item having been that of licenses for the sale of liquor which at one time realized about \$10,000 but which by the combined operation of a stringent License Law and of the transfer to the City of *Winnipeg* of the fund derivable from licenses within that Corporation has been reduced to a trifling sum. They state that the only other sources of Public Revenue, the Province having no Crown Lands, are Marriage Licenses and Law fees, from neither of which can any considerable sum be expected.

They state that looking to the fact that the bulk of the population is composed of new settlers they cannot hope to realize forthwith from local taxation any considerable sum, and that the attempt at this time so to raise a substantial revenue would seriously impair the well being of the Province.

They refer to the fact that in the short time which has elapsed since the formation of the Province, the population has increased from about 12,000 to about 36,000 thus very materially increasing the expenses of Government, and they give it as their opinion that this increase of population will be continuous for some years. They point out that in carrying on the Government of the Province up to this time the sum of \$158,386.11 as charged in the books of the Dominion on the settlement of the accounts up to 30th June, 1875 between the Province and the Dominion has been advanced by the Dominion to supplement the deficiency in the Revenue, that if the sum already advanced be capitalized the interest at 5 per cent. will amount to \$7,919.30 thus reducing the revenue of the Province from the Dominion to \$63,253.04.

They were asked to furnish an Estimate of the annual Expenditure for the future on the most economical scale.

From this estimate, which is annexed, it appears that their calculation of expenditure amounts to \$106,765 per annum which would result in a deficiency of over \$43,000 annually.

The Sub-Committee of Council on examination of this Estimate observe that it involves an expenditure in carrying on the machinery of Government of between \$50,000 and \$60,000, very nearly the whole of the actual revenue while only between \$40,000 and \$50,000 is proposed to be expended in the services of the Administration of Justice, Education, Agriculture, Public Works and Charity.

It is the opinion of the Sub-Committee that the expenses of carrying on the machinery of Government as proposed in the Estimate are disproportionately large, and that no satisfactory results can be anticipated unless a simpler and less expensive system be adopted and greater economy be exhibited.

There may perhaps be difficulties in the adoption at present of the simpler and more rudimentary form of self-government which in the opinion of the Sub-Committee would have been most suitable for a country like *Manitoba* during its early settlement; but the Sub-Committee feel that the people of that Province should be called on carefully to consider the propriety of making such changes as may prevent the absorption of the great bulk of their available income in the payment of the expenses of the machinery of Government and as may leave a substantial part at any rate free to be devoted to the maintenance and advancement of the material interests of the Province. Even if no more radical change be made it appears to the Sub-Committee that the present form of Government should be simplified and cheapened by the abolition of the Second Chamber and the material reduction of the other expenses of Government and legislation, and that (in case it is proposed to expend a sum larger than that which may be available from the Dominion) provision should be made for supplementing the revenue from local resources to the necessary extent so as to avoid future deficits.

The Sub-Committee are of opinion that having regard to the whole circumstances of the case it would be proper, provided the Local Government and Legislature should make such changes in their system as would (without diminishing the total aggregate amount to be devoted to the great objects of Education, Agriculture, Public Works, Charity and Administration of Justice) bring down the total expenditure to a sum not exceeding (independent of the amount of local revenues) \$90,000, it would be proper to charge as an advance on the debt account, the balance due to the Dominion, and to invite Parliament to make an additional annual grant to the Province of \$26,746.96, being the amount necessary in order to raise its revenue derivable from the Dominion to \$90,000, such grant to commence from the 1st day of July 1875 and to continue until 1881 when the Province will become entitled to the increased population allowance based upon the census to be taken in that year.

The Sub-Committee observe that the Government of *Canada* has leased for a term of years extending to 1880, at a rental of \$2,000 a year the *Hudson Bay* Company's premises at *Winnipeg* used as a Government House; and that as well this rental as the expense of repairs has hitherto been borne by *Canada*, the Sub-Committee are unable to suggest that during the term of this lease the present arrangement as to the rent should be altered; but they advise that in view of the increased grant proposed the repairs from the 1st July 1875 be paid by the Province.

(Signed,)

EDWARD BLAKE.

The Committee on Standing Orders and Private Bills, have the honor to present the following as their Seventh Report :-

Your Committee have examined the following Petitions, and find that sufficient notice has been given in each case, viz:

Of the London and Canada Loan and Agency Company (Limited); praying for an Act to amend their Act of Incorporation by limiting their powers of borrowing money.

Of the Honorable J. J. C. Abbott and others, of the City of Montreal; praying to be incorporated as "The Atlantic and Pacific Mutual Fire and Marine Insurance " Company."

Of the "Commercial Travellers' Association of Canada;" praying for an Act to enable the said Association to insure its Members against accidents with which they might meet in pursuit of their calling, and also to provide benefits or bonuses to members or to their families after their decease ; and

Of R. W. Cassels and others, Provisional Directors of the Bank of the United Provinces; praying for the amendment of their charter in certain respects.

Your Committee have also examined the Petition of the Canada Landed Credit Company; praying for the passing of an Act to enable them to lend money on mortgages or real estate and for certain further privileges; and find the notice insufficient in point of time. Your Committee, however, recommend the suspension of the 51st Rule in this case, as it will be competent for them as Committee on Private Bills to provide that no injury to any party shall arise therefrom. Your Committee have also examined the Petition of the Right Reverend the

The Joint Committee of both Houses on the Printing of Parliament beg leave to submit as their Third Report, the Report of the Sub-Committee appointed to audit the Printing Accounts, together with the Report of the Clerk of the Committee on the Printing Services of the past year, and "The Printing Account Balance Sheet," all of which they respectfully recommend to the consideration of both Houses. Appended to the Report of the Sub-Committee will also be found a Balance Sheet, shewing the cost of the several services in connection with the Reporting and publishing the Debates of the House of Commons, submitted for the information of the Committee.

All which is respectfully submitted.

JOHN SIMPSON,

Chairman.

#### (REPORT OF THE SUB-COMMITTEE.)

COMMITTEE ROOM,

10th March, 1876.

The Sub-Committee of the Joint Committee of both Houses on the Printing of Parliament, to whom was referred the Printing Accounts, together with the Balance Sheet, and the Clerk's Report, on the Services of the past year, beg leave to report as follows —

That they have carefully examined the Balance Sheet, and having compared the sums entered on the Dr. side, as the moneys received with the Certificate of Auditor, &c., they found them correct; they also compared the sums entered on the Cr. side, the moneys expended, with the receipted accounts for the several services rendered, and found them also correct. The Printing Accounts were verified by a fyle of the documents printed during the year, each of which has its cost in detail endorsed upon it, a sufficient number of which Your Committee examined to satisfy themselves of their correctness.

A Balance Sheet shewing the cost of the several services in connection with the reporting and publishing the Debate of the House of Commons, submitted for the information of Your Committee, is appended to this report.

The Sub-Committee would recommend, that as the requisite accommodation for the storage of the printing paper has now been provided, the order of the Committee that at least six months supply be kept on hand to meet all contingencies, be rigidly enforced, and that if the Contractor is unable or unwilling, at the season of the year most suitable for the proper manufacture of printing paper to make and furnish the above quantities other means be taken to obtain the same.

With regard to the binding of the Sessional Papers during the past year, the Sub-Committee beg to express their approval of the work having been performed by Mr. *Mortimer*, as, in their opinion, the circumstances of the case, as well as the requirements of the Public Service, entirely justified and required the action taken, in carrying out the Resolution of the Committee passed on the 1st April last, which ordered, "that if the parties to whom the Binding Contract had been awarded, were "not prepared with a bindery and materials, &c., to perform the work when required, "it was to be offered to the next lowest tenderer."

The Sub-Committee having carefully examined into the expenditure of printing services up to the present time, find that it will be necessary to ask for a supplementary estimate for \$30,000. This sum is required not only to finish the work of the present Session, but also to cover the deficiency of the past year which should have been met by a Supplementary Estimate last Session as asked for by a Report of the Committee; it was not sent down, but the money required was advanced, and charged against the appropriation for the present year, thus making the present requirement appear large.

The sum placed in the Estimates for the year 1876-7, is larger than usual, but from the voluminous nature of the Reports, &c., being laid before Parliament, which are being printed in full, the Sub-Committee do not deem it prudent to ask for less.

GEO. W. Ross, Chairman. J. SIMPSON. A. W. McLELAN. JNO. P. LANTHIER. M. H. GOUDGE.

## REPORT OF THE CLERK OF THE COMMITTEE.

#### COMMITTEE ROOM,

#### 11th February, 1876.

#### To the Chairman and Members of the Joint Committee on Printing :

GENTLEMEN,—I beg to present the Annual Balance Sheet for the Printing Services of Parliament for the year 1874-75, which shews the cost of those services to have been \$57,298.76. Accounts shewing the expenditure in detail with fyles of the work performed are ready to be submitted to the Audit Committee.

The total cost of the Official Publishing of the Debates of the House of Commons, in the English and French languages, including the Reporting and Translating was \$12,329.41.

Suitable accommodation has been provided under the new library building for the storage and safe keeping of printed sheets and printed paper, thus enabling a sufficient supply of the latter always to be kept in stock to meet all probable contingencies.

A large vault has also been fitted up for the safe keeping of the printed records and bound volumes; these are now so classified and arranged as to be ready for immediate reference and use. This enables me to report the Department in a sound efficient state, and also that notwithstanding the increase in the labor year by year, as partially shewn by the postage account, which, in 1870 amounted to \$423.47, and in 1875 had increased to \$1,886.09, the Department, numerically and personally, is the same as when first organized, and that the employes are able and willing still to perform all the necessary duties without assistance.

I have nothing of an unusual character to report except in relation to the binding contract. At the final meeting of the Committee last Session a resolution was passed to the effect that if the parties to whom the binding contract had been awarded were not prepared when required with a bindery and material &c., to perform the work, it was to be offered to the next lowest tender, &c. They were not so prepared when the Sessional Papers were ready, and in accordance with that resolution the work was offered to the next lowest tenderer, Mr. *Hope*, who declined. It was then offered to Mr. *Mortimer*, who accepted and has since performed the work.

Mr. I. B. Taylor, the late contractor for the Parliamentary Printing, is still engaged under his contract in finishing the printing of the Census papers.

\$70,000 is the sum placed in the Estimates for Parliamentary Printing for the year 1876-7. This is an increased Estimate, but the appropriation for the past year did not cover the expenditure. The Committee asked in their Eighth Report for a Supplementary Estimate; none was sent down, but a warrant was issued to carry on the service. That amount is charged against the appropriation for the present year which will necessitate a further appropriation, but to what extent must depend on the work of the Session. This must also be very seriously affected by the fact that the several services are now being performed under new contracts, all of which are at advanced rates and involving increased expenditure.

The information laid before Parliament in the several Reports, Returns, &c., is becoming more voluminous every Session, and if this is to be printed in extenso as now done, and the present scale of distribution continued, and increasing with the increase of the Dominion, the cost of the Printing Services of Parliament must be very materially increased.

All of which is respectfully submitted.

To Resolve:—That the construction of the *Pacific* Railway having formed the principal condition upon which *British Columbia* entered the Canadian Confederation, every reasonable effort should have been made by the Government of the Dominion to satisfy the people of that Province that faith would be kept with them; but this House regrets to find that whilst incurring, or ready to incur immediately expenditures of several millions of dollars not needed or of doubtful utility, the Government has failed to proceed vigourously with the construction of our great National Interoceanic Railway which is so essential to the material advancement of all the Provinces of the Dominion as well as to the early consolidation of political and social union among the whole people.

On motion of the Honorable Mr. Macdonald, seconded by the Honorable Mr. Cornwall, it was

Ordered, That further Debate on the said motion be postponed until Wednesday next.

The Honorable Mr. Allan, from the Joint Committee of the Senate and the House of Commons, appointed to assist His Honor the Speaker in the direction of the Library of Parliament presented their First Report.

Ordered, That it be received, and

The same was then read by the Clerk, as follows :--

The Members, on behalf of the Senate, of the Joint Committee on the Library of Parliament, beg leave to present a First Report.

As the new spacious building which has been erected for the permanent accommodation of the Library of Parliament is now nearly ready for occupation, the Joint Committee consider it a fitting time to call the attention of Parliament and of the Government to the arrangements which, in their opinion, should be made in order to place it in such a position as would make it a Library worthy of the Dominion.

The Joint Committee are aware that a large expenditure must necessarily be made to render the Library all that the people of the Dominion are entitled to expect it should become. They believe that the Executive Government would, equally with themselves, be anxious that everything should be done that may conduce to this end. That both Houses of Parliament will be ready to accede to any proposal that the Executive may submit to them in that respect.

The necessity for an increased expenditure at this time arises from the large additions that are required to the Legal department of the Library, in consequence of the establishment of the Supreme Court, as well as to remove deficiencies which now exist in the departments of History and of French Literature; also to provide for such additional assistance in the staff of the Library as will be required under its altered circumstances.

The Joint Committee are of opinion that the Library should be divided into three Departments, to be called the General, the French and the Legal; and that each Department should be under the care and sepervision of an Assistant Librarian; that such Assistants should be added to the present staff under the general control of the Principal Librarian.

The Joint Committee furthermore consider that the staff of the Library should be placed on the same footing both as to rank and emolument as the other Departments in the Civil Service of the Government, and they recommend that such changes shall be made in the existing law as will affect this object.

## Schedule A.

This Agreement made this eighteenth day of September, in the year of Our Lord one thousand eight hundred and seventy-five—Between the City Bank, a corporation duly incorporated under the Statutes in that behalf made, and having its chief place of business at *Montreal* in *Canada*, of the first part; and the Royal Canadian Bank, a corporation duly incorporated in like manner, having its chief place of business in *Toronto*, in the said Dominion, of the second part.

Whereas, the said Banks have mutually agreed to amalgamate and unite together upon the terms and subject to the provisions hereinafter mentioned: Now, therefore, these presents witness, and it is hereby declared, covenanted and agreed upon by and between the said Banks as follows:—

1. The said Banks shall be amalgamated from and after the tenth day of May next, up to which day both of the said Banks will cause their accounts and books to be made up and posted.

2. The name of the amalgamated Bank shall be "The Consolidated Bank of Canada."

3. The chief place of business of the said amalgamated Bank shall be in the City of *Montreal*, and the Head Office for *Ontario* shall be in the City of *Toronto*.

4. The capital stock of the amalgamated Bank shall be four millions of dollars, divided into forty thousand shares of one hundred dollars each.

5. The Bank shall be managed by ten Directors, and there shall be also a Local Board at *Toronto*, to be composed of a Chairman, who shall also be a Director of the Bank, and of three Local Directors who shall be appointed by the Board; and all the members of the Local Board shall be shareholders of the Bank, duly qualified to be Directors, and resident in *Ontario*. The Local Board shall be charged with the supervision of all Agencies situated North and West of *Toronto*, subject to the instructions and control of the Board.

6. In order to equalize the value of the Rest account of the two Banks, parties hereto, the Royal Canadian Bank shall contribute to the amalgamated Bank sixty thousand dollars, or three per cent. upon its capital, and this contribution shall be paid by the shareholders in the Royal Canadian Bank to the amalgamated Bank, on or before the first day of June next, subject to such payment or deduction. The shares of the Royal Canadian Bank shall be exchanged for shares in the amalgamated Bank at their respective nominal values, and in like manner the shares in the City Bank shall be exchanged for shares in the amalgamated Bank at their nominal or par value.

7. On or after the first day of June next, in the course of exchanging the stock of the Royal Canadian Bank for the stock of the amalgamated Bank, each shareholder in the Royal Canadian Bank holding a share or part of a share insufficient in all to constitute one share in the amalgamated Bank, or above and beyond the shares convertible into shares of the amalgamated Bank at par, may either pay up in cash the amount required to be added to such share or part of a share to form an amount equal to a share in the amalgamated Bank, or may receive the par value of such share or part of a share in cash from the amalgamated Bank at his option, subject to the deduction of three per cent. for the rest as herein provided. But the option hereby granted to such shareholder must be exercised within three months after the first day of June next; and after such period of three months, such option shall cease, and thereafter each holder of such share or part of a share shall only be entitled to receive the value thereof at par, and upon such payment such share or part of a share shall become vested in the amalgamated Bank, and an amount equal to the total amount of shares or parts of shares as paid for, may be re-issued in shares of the amalgamated Bank as part of its authorized capital of four millions of dollars.

8. The amount of shares required to complete the said capital of four millions of dollars shall be subscribed by the shareholders in the City Bank upon such terms and conditions as the Directors of that Bank may deem expedient. But if in consequence of stringency or derangement of the financial condition of the country, the Directors of the City Bank should not fix the conditions of such subscription and cause books of subscription to be opened so that the said subscription is not obtained on or before the tenth day of May next, the Provisional Board shall then have power to make such order extending the time for fulfilling this condition as it shall deem expedient, and thereafter the Board of the amalgamated Bank may deal with the question of such addition to the capital in any manner that may be considered for the interest of the Bank.

9. The business of the two Banks shall be carried on as heretofore until the tenth day of May next by the Directors thereof in the names of the said Banks respectively, but for the benefit and at the risk of the amalgamated Bank, each of the said Banks however declaring in favour of its shareholders such dividends as shall be earned by such Bank, subject to the usual margin for rest and bad and doubtful debts, and the dividends to be so declared payable on the first day of June next shall be paid by the amalgamated Bank. But it is understood that the Boards of the two Banks shall consult with each other as to any important matter affecting the said Banks or either of them, and as to the amount of dividend to be declared.

10. So far as may be compatible with the interests of the amalgamated Bank and with judicious economy the claims and interests of both existing Banks shall be considered in a liberal spirit.

11. From and after the said tenth day of May next the said two Banks shall become and shall thenceforth be, continue and constitute one united and amalgamated Bank under the said name, title and style of "The Consolidated Bank of *Canada*," and from and after the said day the said amalgamated Bank shall be vested with all the assets of the said Banks, parties hereto, and shall be responsible for all their obligations and liabilities.

12. The persons who shall be entitled to vote at the first annual general meeting of the shareholders of the said amalgamated Bank shall be those persons in whose names shares of stock in either of the said Banks shall stand in the books of such Bank on the tenth day of May next, and in voting at the said first general meeting the former shareholders in the City Bank shall be entitled to one vote for every share held by them on the said day in the said Bank, and the shareholders in the Royal Canadian Bank shall have one vote for every one hundred dollars of stock held by them on the said day in the Royal Canadian Bank, but shall not have votes in respect of fractional parts of one hundred dollars.

13. Until the said amalgamated Bank shall have completed the preparation for issuing its own notes to the satisfaction of the Board, it shall have power to re-issue the notes of either of the two Banks, parties hereto, that may come in its possession.

14. The parties hereto shall give all the aid in their power respectively towards obtaining Legislative sanction for the proposed amalgamation of the said Banks, in conformity with the provisions hereof, and a Committee shall be appointed to be composed of five persons, two of whom shall be selected by the Board of each Bank and the fifth by the four so selected, which Committee shall have the power to supervise and arrange for the requisite legislation, and to regulate any minor questions of detail that may arise pending such legislation, or in the passage of such legislation through Parliament.

15. It shall be an instruction to such Committee to endeavor to cause it to be enacted by Parliament that the annual meeting of the amalgamated Bank for the election of Directors and for the transaction of all business usual at annual meetings, shall take place on the first Wednesday in June next, and also that from and after the said tenth day of May next until the election of Directors of the said amalgamated Bank the affairs thereof shall be conducted and managed by a Provisional Board composed of the then existing Directors of the said two Banks, of whom five shall be a quorum.

In witness whereof, the parties hereto have executed these Presents, to wit: The City Bank on the seventeenth day of September, in the year of Our Lord one thousand eight hundred and seventy-five, and the Royal Canadian Bank on the eighteenth day of September in duplicate. The whole under the authority of resolutions duly made and passed by the shareholders of the said Banks respectively, to wit: At a meeting of the shareholders of the said City Bank duly called and held at *Montreal* on the seventeenth day of the said September, and by the shareholders of the Royal Canadian Bank at a meeting thereof duly called and held at the City of *Toronto*, on the fourteenth day of the said September.

The same was then read by the Clerk, as follows :--

The Members, on behalf of the Senate, of the Joint Committee on the Library of Parliament, beg leave to present a Second Report.

The Committee continue to receive applications from Canadian authors for encouragement and assistance in the publication of their works; but they have invariably adhered to the Rule which, in 1867 and again in 1871, was sanctioned by both Houses, whereby the Committee refrain from recommending the expenditure of public money for such purposes, inasmuch as it is in the constitutional province of the Executive Government to initiate all proceedings in aid and Supply. Nevertheless, the Committee are of opinion that works of special merit, which may, from time to time, be published in the Dominion, should be encouraged, at least to the extent of purchasing a sufficient number of copies for distribution to public libraries abroad, with which this Library may have established a system of exchange. Money so expended, at the discretion of the Executive Government, would, in the opinion of the Committee, be well laid out, in the stimulus it might afford to intellectual effort, and in supplying foreign Libraries with valuable works from native authors, in return for the liberal donations with which the Library is constantly enriched.

In view of the speedy transfer of the Books from their present quarters to the spacious and beautiful building prepared for their reception, the Committee consider it of indispensable importance that the entire oversight and guardianship of the Library premises, and the control and regulation (under the Librarian) of the necessary daily service of cleaning and preparing the Rooms for use, should be in the hands of a responsible servant of the Department, resident on the spot. They, therefore, recommend that rooms in the basement of the new Building be assigned to *L. J. Casault*, the trusty and experienced Chief Messenger of the Library, and that he be the sole custodian of the keys of the various apartments used in connection with the Library. And they would direct the attention of Government to the necessity of opening a special account for contingent expenses, to be incurred on behalf of the Library; as heretofore and until the removal is effected, such disbursements have been and continue to be defrayed by the Sergeant-at-Arms of the House of Commons, who is in charge of the Rooms now in occupation for the Library.

The Honorable the Speaker, from the Committee appointed to consider of the Orders and Customs of this House and Privileges of Parliament, presented their Report.

Ordered, That it be received, and The same was then read by the Clerk, as follows :--

#### SENATE CHAMBER, Tuesday, 11th April, 1876.

The Committee appointed to consider the Orders and Customs of this House an<sup>®</sup> Privileges of Parliament, to whom was referred the Report of the Clerk of the Senate in relation of the absence of the Honorable Sir Edward Kenny from his seat in the Senate for two consecutive Sessions of the Parliament, beg leave to report:

That they have taken the said Report into consideration and having also referred to the Journals of the House, find that the said Honorable Sir Edward Kenny, one of the Members of the Senate from the Province of Nova Scotia, has for two consecutive Sessions of the Parliament, failed to give his attendance in this House, and in corroboration an Honorable Member having in his place stated that Sir Edward Kenny was aware his seat was vacant, thereby has vacated his seat. Therefore Your Committee recommend the following Resolution be adopted by the House, and that an Address founded thereon be presented to His Excellency the Governor General.

Resolved, That the Honorable Sir Edward Kenny, one of the Members of the Senate, from the Province of Nova Scotia, has, for two consecutive Sessions of the Parliament of Canada, failed to give his attendance in this House, whereby the seat of the Honorable Sir Edward Kenny has become vacant. Therefore this House doth declare and adjudge the said seat of the Honorable Sir Edward Kenny vacated.

The whole respectfully submitted,

D. CHRISTIE,

Chairman of the Committee.

And the said Report being again read by the Clerk,

On motion of the Honorable Mr. Letellier de St. Just, seconded by the Honorable Mr. Scott, it was

Ordered, That the said Report be adopted.

Then the Honorable Mr. Campbell moved, seconded by the Honorable Mr. Letellier de St. Just,

That the Members of the Senate beg to convey to their late Colleague the Honorable Sir Edward Kenny, the expression of their sincere regret at the severance of the tie which has hitherto connected them. They are very sensible of the value of the services rendered to the country by Sir Edward during a long life, much of it passed in the Councils of his own Province and of the Dominion, and beg to assure him that they will long cherish pleasant recollections of his kindly presence in the Senate. They cordially unite in wishing him health and prosperity in the calm enjoyment of the evening of life, the desire for which has, they understand, prompted his retirement from their body.

The question of concurrence being put thereon, the same was unanimously resolved in the affirmative.

On motion of the Honorable Mr. Campbell, seconded by the Honorable Mr. Letellier de St. Just, it was

Resolved, That His Honor the Speaker be requested to communicate a copy of the foregoing Resolution to the Honorable Sir Edward Kenny.

The Honorable Mr. Wilmot moved, seconded by the Honorable Mr. McDonald,

That the Report of the Clerk of this House that a Member of the Senate, not having attended in his seat during two consecutive Sessions of the Senate, is sufficient evidence of that fact to cause his seat to be declared vacant in accordance with the 1st sub-section of the 30th Clause of the British North America Act; and that in all such cases the Clerk's Report will be conclusive evidence.

The question of concurrence being put thereon, the same was resolved in the negative.

The Honorable the Speaker presented to the House the opinion of the Honorable Justices of the Supreme Court, in regard to the Bill intituled : "An Act to incorpo-" rate the Brothers of the Christian Schools in *Canada*."

The same was then read by the Clerk, and is as follows :--

#### THE SUPREME COURT OF CANADA.

#### To the Honorable the Senate in Parliament assembled :

In pursuance of the order of reference of Your Honorable House of the fourth day of April, 1876, we have considered the Bill intituled "An Act to incorporate "the Brothers of the Christian Schools in *Canada*," and we are of opinion that it is a measure which falls within the class of subjects exclusively allotted to Provincial Legislatures under section 93 of the *British North America* 1867.

Given under our hands at the City of Ottawa, this eleventh day of April, 1876.

W. J. RITCHIE, J. S. H. STRONG, J. T. FOURNIER, J.

I doubt if the Legislature by the 53rd section of the Supreme and Exchequer Court Act intended that the Judges should on the reference of a Private Bill to them express their opinion on the Constitutional right of the Parliament of *Canada* to pass the Bill, and for that reason I have not joined in the accompanying opinion, and not because I differ from the conclusion of the learned Judges who have signed it.

Report of the Committee on Prohibition.

#### To the Honorable the Senate,-

The Committee to whom were referred the several Petitions relative to a Law for the Prohibition of the traffic in intoxicating liquors, beg leave to report: That the allegations of the Petitioners respecting the prevalence of intemper-

That the allegations of the Petitioners respecting the prevalence of intemperance and its attendant consequences of pauperism and crime—the failure of the license laws to remove or effectually check these evils—and the necessity of Prohition as the only effective remedy,—appear to Your Committee to be well founded, and to justify a prayer for a Prohibitory Law.

That in the opinion of Your Committee the time has fully come when the attention of the Government should be given to this important subject, with the view to preparing for the introduction of such a law as soon as practicable.

That Your Committee have been made aware that constitutional difficulties relating to the limits of the jurisdiction of the Dominion and Provincial Legislatures respectively with reference to the manufacture, importation and sale of intoxicating liquors, are felt to be an impediment to early legislation on the subject, although the Legislative Assembly of *Ontario* has petitioned this Parliament to enact a Prohibitory Law; and the Legislative Assembly of *Nova Scotia* has, at its recent Session, passed a resolution to the effect that such a law should be enacted by the Dominion Parliament; and the Dominion Parliament itself has clearly, by Statute 32-33 *Vict.*, chap. 24, sec. 11, assumed the right to prohibit the sale in certain places within the jurisdiction of the Provincial Legislatures without reference to their consent.

However, as these are but indications of the views held by the several Legislatures, and not authoritative decisions on the question, Your Committee recommend that an Address be sent from the Senate to His Excellency the Governor General in Council, requesting him to submit the question to the Judges of the Supreme Court for their opinion, and to communicate the result to Parliament at its next Session.

All which is respectfully submitted.

## NOTICE OF MOTION.

#### For Wednesday, 12th April, 1876.

By the Honorable Mr. Vidal :--

MAY IT PLEASE YOUR EXCELLENCY :

The Senate of *Canada* in Parliament assembled beg leave respectfully to approach Your Excellency and to state

That many Petitions have been presented to this House, praying for the enactment of a Law to prohibit the traffic in intoxicating liquors as beverages, but doubts have arisen as to the extent of the jurisdiction of the Dominion and Provincial Legislatures respectively with reference to the enactment of such a law, and it is deemed desirable that the opinion of the Judges of the Supreme Court should be obtained and communicated to Parliament at its next Session in answer to the following questions. 1. Has the Dominion Parliament power to prohibit the manufacture, importation and sale of intoxicating liquors for use as beverages throughout the Dominion ?

2. If not, has the Dominion Parliament power to prohibit the manufacture and importation, not interfering with the sale?

3. Has a Provincial Legislature power to prohibit the manufacture or sale within its territorial limits?

4. Could concurrent action accomplish Prohibition, by the Dominion Parliament enacting such a law with a proviso that its coming into force in any Province should be contingent upon the Legislature of such Province passing a law to that effect ?

The Senate therefore respectfully requests that Your Excellency will be pleased to obtain this opinion as provided for by the Supreme Court Act of 1875, and submit the same to Parliament at its next Session.

Then the Honorable the Speaker of the House of Commons addressed His. Excellency the Governor General, as followeth:

## MAY IT PLEASE YOUR EXCELLENCY :

The Commons of Canada have voted the Supplies required to enable the Government to defray the expenses of the Public Service.

In the name of the Commons, I present to Your Excellency a Bill intituled: "An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service, for the financial years ending respectively the 30th June, 1876, and 30th of June, 1877, and for other purposes relating to the Public Service," to which I humbly request Your Excellency's assent.

To this Bill, the Clerk of this House, by His Excellency's command, did thereupon say:

"In Her Majesty's name, His Excellency the Governor General thanks Herloyal subjects, accepts their benevolence, and assents to this Bill."

Then His Excellency the Governor General was pleased to deliver the following speech :

### Honorable Gentlemen of the Senate;

#### Gentlemen of the House of Commons:

I thank you for the care and deliberation with which you have discharged the duties that have devolved upon you during the Session.

The Bill you have passed relative to the management of Indian affairs and the gradual enfranchisement of Indians will not only be useful as a consolidation of existing Statutes, but will afford further evidence of the interest taken by the people of *Canada* in the welfare of their Indian fellow-countrymen. It is interesting to know that many of its provisions were suggested by the Indian Councils of the older Provinces.

It is my intention during the recess to make treaty arrangements with the Indian Tribes in the Western *Saskatchewan* country for the extinguishment of their title, and thereby open another large tract of fertile territory for settlement and cultivation.

The formation of the new District of *Keewatin* in the Eastern part of the North-West country, and the progress made in opening up railway and telegraphic communication to the interior will, with the improvements effected in our land system, further prepare the way for the rapid settlement of those vast regions, and will, at no distant day, materially contribute to the trade, and extend the prestige of the Dominion. I am glad to be able to say that we have now over 700 miles of telegraph in operation west of the *Red River*.

The amendments made to the laws relating to Elections for the House of Commons will, I trust, have the result of obtaining an unbiassed expression of the opinion of the electors in selecting their representatives.

The measures you have passed for the purpose of securing a careful return of Criminal, Insolvency, and Railway Statistics will, I doubt not, be of essential service in promoting important objects, as well as in providing much needed information on each of these subjects.

# Gentlemen of the House of Commons :

I thank you for the Supplies you have voted for the Public Service. I shall not fail to consider the clause you have attached to the vote for the works of construction on the Pacific Railway.

I am glad that a wise economy obviated the necessity of imposing any fresh taxation on the people; and I trust that increased commercial prosperity will justify your confidence in the future.

### Honorable Gentlemen of the Senate;

# Gentlemen of the House of Commons :

1 regret I am unable to announce that any further progress has been made with the arrangements for the settlement of the compensation to be paid for our Fisheries, in accordance with the provisions of the Treaty of *Washington*.

I trust that on your return to your respective homes you may find the promise awaiting you of a prosperous season, and that your labours out of Session may be as useful and beneficial as they have been during your attendance in Parliament.

Then the Honorable the Speaker of the Senate said :

# Honorable Gentleman of the Senate;

# Gentlemen of the House of Commons :

It is His Excellency the Governor General's will and pleasure that this Parliament be prorogued until Monday, the twenty-second day of May next, to be here holden, and this Parliament is accordingly prorogued until Monday, the twentysecond day of May next.

OTTAWA: Printed by MacLean, Roger & Co., Wellington Street 3rd Session, 3rd Parliament, 39 Victoria, 1878. R THE SENATE OF CANADA. MINUTES OF PROCEEDINGS Wednesday, 12th April, 1876 No. 41. OF
