## PRESIDENT WILSON

PASSES BUCK IN O'CALLAGHAN CASE

## PRESIDENT WILSON

Will Leave Settlement of Departmental Dispute to Cabinet Officers.

## MAY CALL IN THIRD

Washington, Jan. 12.—With the dispute between the departments of state and labor still unsettled over the disposition of Lord Mayor O'Callaghan, of Cork, who arrived at New-York last week as a stowaway without a passport, it was indicated today that President Wilson would leave to his cabinet officers the ironing out of the inter-departmental difficulties which have arisen over the case.

## Should Secretary of Labor Wilson

continue to show no disposition of taking cognizance of the request of the Secretary of State Davis that O'Callaghan be deported, it was stated today by officials of the state department, the department of justice may be asked to take a hand in seeing that the order of the secretary of state is executed.

## Not only has the secretary of labor

declined to consult with the state department about the original paroling of O'Callaghan, which is being referred to the state department, will permit the lord mayor to accomplish his mission of testifying before the commission from the committee of the hundred investigating Irish conditions, but the labor department also has refused as yet to recognize the right of the state department to order the exclusion of the lord mayor because the case was referred to the department formally.

## KILLS HER BABY, THEN ENDS LIFE

Insane Woman Commits Terrible Deed in Suburb of Winnipeg.

## Winnipeg, Man., Jan. 12.—After murdering her two-year-old son in her basement, a woman named Sturgeson, a suburb, Mrs. John Young committed suicide by hanging.

## Mrs. Young, according to reports,

took her young son down to the basement, tied a rope around the child's neck and drew it up to the ceiling, then climbed into a baby carriage, tied a noose around her own throat, and kicked the carriage from under herself.

## Insanity is believed to be the cause,

the provincial coroner stated. The woman left two letters asking forgiveness.

## Liberals Select Standard-Bearer for By-Election—Is Fifth in Field.

Peterboro, Ont., Jan. 12.—(By Canadian Press)—The fifth and final election was chosen here tonight in the person of G. N. Gordon, who will represent the Liberal party.

## The nomination was unanimous and

was moved by Mr. R. R. Hall, ex-M.P., and seconded by Mr. Harvey Staunton, president of the local branch of the N.W.A., in whose hall the meeting was held. Mr. J. J. Hartley occupied the chair. In a speech nominating Mr. Gordon, Mr. Hall charged the government with trying to make it appear that the tariff question was the only issue at stake in the present election.

## He said the Liberals favored protection,

but the Liberal principle of protection differed from that of the Hieghen government in that it was created for the benefit of the public and not for the big interests.

## He produced figures taken from the report of the commission on the high cost of living, in which it was charged that basic industries such as manufac- turers of women's and men's wear, tex- tile, shoe and many other manufactur- ers had exacted profits ranging all the way from twenty-two to over seventy per cent. during the period of the war. This, it was charged, was brought about under the protective policy of the present government.

## Canadian Cattle Embargo

Is Likely to Be Continued

## LONDON, JAN. 12.—The government will probably maintain the policy of prohibiting the importation of store cattle (lean cattle brought to be fat- tened) except for slaughter at ports of entry. The agricultural advisory committee will recommend this to the ministry of agriculture.

## SIR WILLIAM GAGE'S CONDITION.

The condition of Sir William Gage, who has been critically ill for some time, was reported early this morning to be very low.

## GEORGIAN BAY CANAL

PLAN BOBS UP AGAIN SUPPORTED BY DRURY

## North Bay Deputation Will

Demand at Ottawa Today That Work on French River Section Be Started — Government Unlikely to Take Any Action Which Will Prejudice Outlook for Alternative St. Lawrence and Great Lakes Route.

## Ottawa, Jan. 12.—(Special).—Tomor- row discussion of the Georgian Bay canal scheme will be revived when Premier Drury of Ontario will endorse the demand of a North Bay deputation that the federal department of public works immediately undertake the construction of the French River section.

This, if completed, would permit of lake steamers reaching Lake Nipissing by way of the French River, and it is claimed, would divert considerable of the grain traffic from the Great Lakes and St. Lawrence River route. It would also mean a duplication of expenditure in providing an alternate route. The basis for immediate action is the development of the water powers on the French River. These powers are entirely controlled by the provincial government, but the federal government is interested in navigation. The water powers can only be developed by making provision for navigation, and this must be done by the federal government.

## Holding Back the North.

It is claimed that delay in arriving at a joint action in regarding the development of the north country, and that it is being sacrificed for the benefit of the ports and industrial centres along the Great Lakes and the upper St. Lawrence. For years the Georgian Bay canal has been before the federal government, and in addition to demanding that it be made a government undertaking, private companies have been organized for this purpose. The greatest of these was headed by Sir Robert Perks, an English capitalist, who is still active in urging his proposal on the federal government.

When the Conservative party came into power in 1911, the north country urged that the development of the new (Continued on Page 3, Column 3.)

## RED PROPAGANDISTS

BUSY IN ENGLAND Attempts to Seize Town Halls and Start Riots Not Work of Unemployed.

London, Jan. 12.—Recent attempts by so-called unemployed to seize town halls and start riots cannot be attributed to genuine unemployed, but were instigated by Russian revolutionists, according to The Evening News, which claims to have found the headquarters of the Red organization that is engineering trouble in England.

A news article states that the Russians have a committee headed by a young Russian woman with an office off a city road in the business district. Some of the committee's funds have been raised in England, but the bulk comes from Russia. The head of the committee has established sub-committees under guise of unemployed in London, which claim to have found the headquarters of the Red organization that is engineering trouble in England.

## Sinn Fein M.P. Sentenced.

Dublin, Jan. 12.—James J. Walsh, Sinn Fein member of parliament for Cork, who escaped from Mountjoy prison a year and a half ago and was rearrested Jan. 5, has been officially informed that he has been sentenced to five years' penal servitude.

The day before his escape from prison he was court-martialed for delivering an alleged seditious speech, and it is for this that the five years' sentence has been imposed upon him.

## COLUMBUS CITY HALL

IS DESTROYED BY FIRE

Columbus, Ohio, Jan. 12.—Columbus city hall, one of the oldest public buildings in the city, directly across the street from the state house, was destroyed by fire tonight. Many valuable records were destroyed, it is believed, altho steel filing cabinets were counted on to have preserved some of the more valuable ones.

## TWO CHILDREN DROWN

ON WAY FROM SCHOOL

Agnes and John Costello, Westover, Ont., Go Thru the Ice to Death—Boy, Ten Years Old, Loses Life in Brave Attempt to Rescue Little Sister.

Hamilton, Jan. 12.—(Special).—Agnes and John Costello, children of James T. and Mrs. Costello of Westover, 15 miles from here, were drowned this afternoon. They were eight and ten years of age respectively.

Agnes Costello was playing on the ice at Spring Creek on her way home from school, according to the story of a lad named Robert Raynor, who saw the drowning, and the ice gave way and she went down in a hole about eight feet deep.

Her brother, who was on the ice at another spot, bravely rushed to her, and while attempting to haul her out, the ice where he was standing gave way, and he fell head first into the water. Young Raynor rushed to tell his father, and when he arrived he saw the lifeless bodies of the two children. He rushed to the water and removed them from the water. Several brothers and sisters survive.

Both children attended the junior fourth class at Hunter's Corners School, and were allowed to go at 2:40 p.m. when they had a long way to walk and the teacher thought they should be home before dark. Instead of going home they stopped to play on the ice on the way. The case is particularly sad one. The family has lived in Westover for many years, and the sympathy of many friends will be extended to the parents. Brother and sister will be buried side by side, but the time for the double funeral has not yet been arranged.

## FRENCH GOVERNMENT

SUSTAINS A DEFEAT BY A RECORD VOTE

## Premier Refuses to Accept

Interpellations Till After Meeting Other Premiers.

## MINISTRY HAS RESIGNED

Paris, Jan. 12.—The ministry of Premier Georges Leygues went down to defeat today. Its fall came as the result of its opponents' refusal to grant the cabinet confidence for a week or ten days without a discussion of its policy and after the meeting of the premier with the British prime minister, Mr. Lloyd George, and the Italian foreign minister, Count Storace, on January 19, to discuss outstanding questions, including German disarmament and reparations.

ON A TROOP TRAIN AFTER DERAILMENT

## Parts of Gen. Strickland's Re-

port on Cork Fire to Be Suppressed.

## DANGER TO WITNESSES

Belfast, Jan. 12.—A troop train carrying 50 soldiers, proceeding to Dungloe, on the Donegal seaboard, was derailed at Kincasslagh today by large boulders placed on the tracks. The troops were placed on a heavy fire which was opened on them.

Altho its windows were broken and it was riddled with bullets, the train was restored to the rails and eventually reached its destination. The official version of the affair reports no casualties among the troops.

## King, Lloyd George, Lord

Cecil and Viscount Grey Praise Its Work.

London, Jan. 12.—A mass meeting was held in Albert Hall tonight under the auspices of the League of Nations Union to celebrate the anniversary of the formation of the League. The minister of education, H. A. L. Fisher, presided. The speakers included Lord Robert Cecil and Viscount Grey.

There was a distinguished gathering of prominent men and all the foreign embassies and legations were represented. A message was sent to the King, expressing congratulations for the league's good start, and a message from Prime Minister Lloyd George was read, in which he said he was convinced the league would be successful in proportion as it represented the interests of all nations.

## JOINT CONFERENCE

ON SCHOOLS POLICY

Trustees and Controllers Will Consider the Various Estimates Submitted.

Toronto board of education estimates are to be privately considered at a conference of the board of control and representatives of the school trustees.

Chairman McClelland, of the board of education, made the announcement yesterday at the management committee.

As a formality, the announcement was placed before the committee in a letter signed by W. W. Pearce, asking approval of the chairman of the board, the chairman of finance and the business administrator representing the board of education.

Rev. F. E. Powell would not relegate any of his rights as a trustee to any representatives of the board of control. Major Wemp thought that all trustees should have a right to attend the conference.

Miss Constance Boulton said that Rev. F. E. Powell had expressed her sentiments for the first time as a trustee. Chairman McClelland said the conference was entirely for the purpose of finding what money would be available for school purposes.

John Wanless said he approved of the conference with the controllers. At the board of education it was his intention to move in favor of an amendment to the education act for a fixed number of mills on the dollar to be allowed for school purposes.

Trustee Stanley Brown, acting chairman of the committee, ruled that no action with respect to the conference could be taken by the management committee.

## FOUR MEN WANTED

ON MURDER CHARGE DASH FOR LIBERTY

## Hamilton Officials Say Press

to Blame for Alleged Slayers' Getaway.

## POLICE HOT ON PATH

Hamilton, Jan. 12.—(Special).—That the evening papers of Hamilton in eagerness to publish certain information in connection with the Whitworth murder case, had interfered with the work of the police and put the case "in the air," was the assertion of John Miller, provincial detective, who, with Chief of Police James Clark, of Wentworth, has been working on the case for a week. The story which appeared tonight of the four men sought on a charge of murder to disappear. These men are known and the police are now on their path, but as the result of publicity given already officials tonight absolutely refused to give anything to the press, for fear it might hurt their case.

## Miller Refuses to Talk.

"We are still working on the case," said Detective Miller, when spoken to as he was leaving the police station. He was asked when something new might be expected, and replied that he did not know.

He refused to state what chances the police had of finding the missing men, Dickenson important.

Dickenson is a very important witness in the case, but just how he was connected with the case which led to his apprehension could not be learned. This afternoon the prisoner, who is about 22 years of age, dark, short and thick-set, was called to the detective office, where he was cross-examined by the men for some time. The result of this was that the patrol was called and the detectives left.

## ADD SURCHARGE TO

RATE OF EXCHANGE

Solves Freight Charges Problem—Sixty Per Cent. to U. S. Carriers.

Ottawa, Jan. 12.—(By Canadian Press).—From January 22, a surcharge equal to sixty per cent. of the prevailing rate of exchange, adjusted semi-monthly to meet any fluctuations in the exchange rate, will be added to the Canadian freight rate to cover international freight, other than coal and coke. This surcharge will apply in all cases where the charges are payable and collected in Canada.

Is Result of Conference. This decision is the outcome of the conference of railways and shippers with the board of railway commissioners on the subject of exchange and international freight haulage, it was announced by the Railway Association of Canada, in a statement from that body tonight. Arrangements are also being made to permit prepayment of the charges on shipments to the United States and also to permit shipments from the United States, other than coal and coke, to come forward with charges "to collect."

Advise Agents Twice Monthly. Telegraphic advices will be sent to every railway agent in Canada on the 14th and last day of each month, stating the rate of exchange applicable for the ensuing two weeks.

"After going into the results of all the carriers," says the railway association statement, "it was found that sixty per cent. to the American carriers and forty per cent. to the Canadian carriers is as close an estimate as can be made of the general distribution of revenues between the lines north and south of the international boundary."

## EDUCATION ESTIMATES

CONTINUE ADVANCING

Official Figure of Three Million Dollars Recently Given Falls Far Short of the Aggregate Contemplated — More Startling Disclosures Made of Gigantic Budget.

More startling disclosures regarding the Toronto board of education's gigantic budget came to light yesterday. Appalling additions were made public, showing that the official figure of the three-million-dollar building program, published in The World yesterday, fell considerably short of the aggregate contemplated.

W. W. Pearce gave incomplete figures of the high school building program alone totaling \$1,455,000, and for public schools \$2,207,700, making a grand aggregate of \$3,662,000.

The high school building program estimates are: New west end high school, \$450,000; site, \$250,000; Riverside Collegiate addition, \$400,000; Malvern Avenue addition, \$165,000; new Jarvis Street Col-

legiate, \$450,000, and North Toronto gymnasium, \$60,000.

New Class Rooms. The public school building program, in addition to the list of \$894,500 worth of new class rooms published in The World yesterday, also calls for two class rooms, each costing \$720,000, and the other \$582,200.

The new public school sites, or additions to sites asked for, include new site north of St. Clair, \$75,000; north of Elmcourt, \$100,000; new site south of Ryerson, \$22,000; Hester Row addition, \$56,000; new Mufferin School, \$125,000; Wilkinson site addition, \$68,000; Woodbine avenue, south of G.T.R., \$125,000; Gledhill avenue, \$105,000; and North Rosedale, \$100,000.

The other sites and prices are in what is defined as a supplementary list.

## AERONAUTS' QUARREL HAS BEEN PATCHED UP; DEPART FOR TORONTO

## Statement Issued Says Pugilistic Encounter Was Result of Overstrain During Their Days in the Bush—Hinton Denies Letter Was for Publication—Are Now Friends Again—Will Spend a Few Hours in Toronto.

By F. J. LENDRUM Staff Correspondent of the Associated Press. (Copyright, 1921.)

Mattice, Ont., Jan. 12.—Signed by Lieutenant A. L. Kloor, jr., as commander of the balloon, and read over to the newspaper men in the presence of Lieutenant Stephen Parral and Walter Hinton, at whose suggestion it was prepared, a statement on the clash between Lieutenants Hinton and Parral was issued, between the press this evening. In it blame for the trouble is ascribed to "over- wrought minds, brought on by the hardships and grueling struggles that had to be endured in the trip over the trail to Mattice," and emphasized the friendship which the men declare has existed between them for months past, and which they say has not been affected by last night's setto. The differences between the men have been composed, and there has been in the party no misunderstandings of "other than a petty and passing nature," the statement says.

Late this afternoon the three officers met the press correspondents in the private car of W. B. Way, divisional superintendent of the Canadian National Railways, and in response to a request by Lieutenants Hinton and Parral, Lieutenant Kloor drew up the statement, which reads as follows:

The Statement. "In regard to the controversy between the two passengers who accompanied me on the flight of free balloon A-5388, Lieutenants Stephen Parral and Walter Hinton, I declare that I have no quarrel with either of them, and that I am now their friend."

## TROUBLE PREDICTED

OVER ENFORCEMENT OF ADOLESCENT ACT

No Government Will Dare to Enforce It, Trustee Powell Says.

## HIGH SCHOOL SCHEMES

Riots against the enforcement of the adolescent school act were predicted by Rev. F. E. Powell at the meeting of the board of education management committee yesterday afternoon. No government, he declared, would dare attempt to compel children to attend school from 14 to 16 years of age.

The trustee's prediction was not challenged by the other members. The question before the committee was the need of more class rooms at Riverside Collegiate.

Trustee Wemp said that he would move at the board for a special committee on the policy to be pursued with respect to the adolescent school act.

Rev. Mr. Powell proposed converting the two rooms at Riverside Collegiate now used for domestic science and manual training into academic class rooms. Action was deferred.

Jarvis Street Collegiate. Major B. S. Wemp presented the report of the sub-committee on high school accommodation. The chief recommendation was to convert the Jarvis Street Collegiate Institute, the erection of new high school in the western Toronto district, which would cover to Malvern Avenue Collegiate Institute. The report was briefly discussed, agreed to and sent on to the property committee for favorable action.

Rev. F. E. Powell stated that he would introduce a motion at the board of education to discontinue the opening of any more domestic science and manual training schools until above ground class rooms had been provided for all classes now taught in basement later of the United States vocational training courses.

A committee was appointed to report on suitable provision for the care and tuition of seventy-seven children of soldiers, some of whose fathers were killed in the war.

of the Philadelphia Lega-  
as the likely official.  
the protection of the box-  
sters engaged in intercol-  
legiate bouts, it was decided that  
in intercollegiate bouts the  
referee should be provided  
by the United States, and  
of the Philadelphia Lega-  
as the likely official.

**E. P. ROWE**, Oil and Gas Geologist, 648 Lumsden Building, Toronto. Main 444.

## **OPENED RETAIL STORES TO DISPOSE OF PLUNDER**

Chicago, Jan. 12.—Business became so good here for a gang of grocery thieves who stole on a wholesale scale from delivery trucks, that they had to open several retail stores to dispose of their plunder more readily, police have accounted for the theft of meat, butter, tea and other groceries valued at \$150,000, with the arrest of seven members of the gang. They said three markets were recently opened by the thieves.

**GALLAGHER & CO., LTD.**, Importers and Distributors, Fish, Fruits and Vegetables.

**THE GUMPS A BURNT CHILD DREADS THE FIRE**  
IS MIN IN HER GLOOM? OUP AGAIN TO THE OPERA LAST NIGHT? DINNER AND DANCE AT THE BLACK CAT? THE GUMPS WERE THE CENTER OF ATTRACTION—THE MOST PROMINENT TABLE IN THE PLACE—UNCLE BILLY HANDED OUT DOUGH TO THE WAITERS LIKE A KID DISTRIBUTING HAND BILLS—THE WIDOW ZANTER WAS THERE—COULDN'T KEEP HER EYES OFF OF MINERVA GUMP—

WELL, GOT MY TEN THOUSAND BUCKS BACK WITH INTEREST—IM GLAD I STAYED IN THE FAMILY—SUPPOSE THAT'S ALL THE DOUGH I'LL GET THIS TRIP—

I'LL TELL YOU SOMETHING ELSE IF ANY OF THOSE CHINESE FOOT GUYS GET MONEY AWAY FROM ME THIS TIME THEY'LL HAVE TO USE ACETYLENE TORCHES AND NITROGLYCERINE—

IM GOING TO STICK THIS DOUGH IN THE BIGGEST BANK IN THE WORLD AND TAKE THE PRESIDENT'S RIGHT EYE FOR SECURITY—

SO LONG AS UNCLE DOES WELL IM SAFE—IF HE HANDS ME \$10,000 EVERY TRIP I'LL GET FROM NOW ON THEY CANT WHISPER A TIP TO ME—IM HARD OF HEARING—THEYVE GOT TO SAY IT LOUD ENOUGH FOR THE WORLD TO HEAR IT—

MINERVA GUMP

# **ST. LAWRENCE AND CATTLE TRADE HOLDS JUST BARELY STEADY**

**Geese, Ducks and Turkeys** Hog Prices on the Markets  
**Pretty Well Off the Market.** Have Finally Settled Down.

With around 2,000 cattle on sale at the local yards yesterday there was a pretty heavy trade for all classes, with the exception of probably the green, un-finished steers, which sold slow and lower. Nice heavy-weight butchers' steers, and heifers were wanted and sold readily and withstanding a few fair heavy runs, the market was fairly steady.

Fair to good butchers of this class sold at from \$12.50 to \$13.50 per cwt. choice sold up to \$10 and \$10.50 per cwt. anything especially good came along they brought strong prices, as was shown by the sale of a few choice yearlings, which were sold yesterday at \$10.50 to the Harris Abattoir. Good milkers and springers are bringing satisfactory prices, selling up the best of them at \$12.50 to \$13.50 per cwt.

Little or nothing is doing in the stockers and feeders, the relatively low prices prevailing on the other side of the water, and the time present on the taking over of this class of cattle, the local market is a fairly good place to sell but not to buy these days, when the objective is to United States points.

**Sheep and Lambs.**  
With around 1,500 sheep and lambs on sale yesterday the market was from \$10 to \$12 per cwt. lower choice lambs selling from \$12.50 to \$13.50 per cwt. heavy sheep and lambs today at \$7.50. With the heavy run of lambs there is a fair demand for the choice, grain-fed lambs \$8 to \$10 per cwt. but heavy lambs and thin lambs are hard to cash in.

**Calves.**  
With a light run of calves the market held steady, with choice veal calves selling from \$12 to \$13.50 per cwt. heavy calves \$7.50 to \$8.50 per cwt. The market was well cleaned up, but trade was a little slow on the close.

**Hogs.**  
After a periodical interchange between the packer buyers and the commission houses, the market held steady, with choice hogs selling from \$12 to \$13.50 per cwt. heavy hogs \$7.50 to \$8.50 per cwt. The market was well cleaned up, but trade was a little slow on the close.

**Geese, Ducks and Turkeys.**  
The market was well cleaned up, but trade was a little slow on the close.

**Wholesale prices to the retail trade:**  
Butter and Eggs, Wholesale.

# **THE BANK OF TORONTO**

**REPORT OF THE SIXTY-FIFTH ANNUAL GENERAL MEETING**

The Sixty-fifth Annual General Meeting of The Bank of Toronto was held at the Head Office in Toronto on Wednesday, 12th January, 1921. On motion the Chair was taken by the President, Mr. W. G. Gooderham, the Assistant General Manager, Mr. John R. Lamb was requested to act as Secretary, and Mr. George R. Hargratt and Major A. E. Duncanson were appointed Scrutineers.

The Secretary read the Annual Report, as follows:—  
The Directors of The Bank of Toronto beg to present their Report for the year ending 30th November, 1920, accompanied by

**Swedish Canadian Mines, Ltd.**  
Get Title and Will Start  
Operations.

After years of litigation operations of a large scale are planned for the Foley Gold Mine at Mine Centre. The Swedish Canadian Mines, Limited, have acquired a clear title to the property and development of one shaft has been commenced. It is estimated that the ore values reported have been checked and found conservative. Another shaft, 410 feet deep, with approximately 2,000 feet of drifting, is to be dewatered and a cross cut about 375 feet is proposed, so as to cut a high-grade sulphide vein. The cost of this work will be about \$20,000 and the ore is estimated at averaging \$12 to \$15 per ton. The property is equipped with necessary machinery and transportation facilities. The property of the company has been favorably reported by the following prominent geologists, among whom may be mentioned: Mr. Walter G. Cole, Capt. J. A. Woodcock, Mr. J. H. H. Macdonald, and Mr. Eng. Mr. Horace Winchell, late president of the American Institute of Mining Engineers.

B.S.C. and Mr. F. Carnegie, B.A., B.Sc., M. Inst. M.E., the latter of whom has been retained as engineer in charge of the mine.

## KEEN COMPETITION IN BUYING WHEAT

---

### Bidding by Millers and Exporters Results in Sharp Upturn in Prices.

Chicago, Jan. 12.—Evidence of competition between millers and exporters led to a sharp upturn in the wheat

unsettled, were 3-4c to 4-14c no higher, with March \$1.82 to \$1.83 1- and May \$1.72 3-4 to \$1.73. Corn gained 1-2c to 3-4c; oats, 1-4c to 3-8c, and provisions, 10c to 30c.

On the advance wheat for May delivered touched the highest price this season. In connection with the upturn in selling, particular interest was attracted

to news that Minneapolis mills were buying hard winter wheat in Nebraska, where of late most of the export shipments of wheat have been obtained. An apparent

had a transient Argentine influence, and now, too, did gossip that Argentine exports would be the most favored in the new change in Argentina, however, failed to become public and considerable fresh export business in the Argentine was secured in the last part of the year. Gossip that Texas mills were after wheat in Kansas and Oklahoma flour demand and improvement, were additional bullish factors.

Corn and oats swayed with wheat, but the latter was the more volatile. The sales of corn. On the other hand, export buying of corn continued, and gave a lift to provisions.
