LADIES AND GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL :

I have the honor of presenting a synopsis of the Receipts and Expenditure of the Hospital, and of the proceedings of the Governors, for the year ending 30th April, 1899.

The ordinary income of the year was.....	\$69,026 95
The ordinary expenditure of the year was.....	80,488 51
Showing an excess of expenditure of.....	<u>\$11,461 56</u>
Comparing the ordinary expenditure of 1897-98.....	\$77,008 26
With that of the present year.....	80,488 51
The latter exceeds the former by.....	<u>\$ 3,480 25</u>

The increased expenditure is largely due to the greater number of patients treated, the average cost per patient per day having been \$1.27 $\frac{2}{3}$. Among the items of increased expenditure are : Provisions, \$2,119.78; fuel, \$1,088.77; dry goods, \$528.22; salaries and wages, \$745.67; drugs, instruments, and cost of Pathological Department, \$1,727.77. There has been a diminished expenditure in the lighting account of \$756.53, and in repairs of \$2,075.29.

Comparing the income of 1898-99 ...	\$69,026 95
With that of 1897-98.....	77,070 12
The latter exceeds the former by.....	<u>\$ 8,043 17</u>

The annual subscriptions and collections show an increase of \$2,091, but there is a falling off in interest of \$2,115.93.

The total number of indoor patients treated to a conclusion during the year was 2,730, an increase of 292 as compared with last year. Of these 174 remained over from last year, and 2,752 were admitted during the year; 196 remained in Hospital at the end of the year. There were discharged, 2,565; there died in Hospital, 167; there remained in Hospital on May 1st, 1898, 196, giving a total of cases treated during the year of 2,928.

Of the above 167 deaths, 74 occurred within three days of their admission.

The average number of patients in the wards during the year was 176, an increase of 10 as compared with last year. The average number of days in Hospital per patient was 23, and the aggregate number of days in Hospital by all patients was 63,044, an increase of 2,294 as compared with last year.

Of the indoor patients treated to a conclusion there were: Males, 1,651; females, 1,079, giving a total of 2,730. The religious beliefs were as follows: Protestants, 1,303; Roman Catholics, 1,211; other religions, 216. Another classification of interest is the following: Immigrants, 12; strangers, 246; sailors, 183; citizens, 2,289.

The death rate has been 5.7%, or, excluding the 74 cases which occurred within three days after admission, 3.2%.

In the out-door department there were 35,078 consultations, an average of 96.1 daily. This is a decrease of 1,779 consultations, and has been brought about by a strict supervision of patients, and a refusal to treat undeserving applicants.

In connection with the subject of hospital abuse, the various hospitals of the city have combined in an endeavor to check this evil. A committee is now at work, and it is hoped that plans will be formulated to prevent well-to-do people from receiving gratuitous treatment, and thereby robbing both the hospital and the needy poor.

The ambulance responded to 967 calls, the expense being partly defrayed by a grant of \$500 from the city.

Legacies have been received during the year from: The estate of Elizabeth Bower, \$3,000; W. J. Withall, \$2,700, and Jennie M. Saxe, \$45.

The following Life Governors have died during the year: W.

The following sixteen ladies and gentlemen have been constituted Life Governors during the year: Mrs. E. H. King, Lady Hickson, Mrs. W. D. Sutherland, Mr. Randall Davidson, Mr. J. C. McCormick, Mr. F. S. Cooper, Mr. James Alexander, Mr. Alex. D. Fraser, Mr. Joseph Kerr, Mr. George Creak, Mr. Duncan Gordon, Mr. Richard Egan, Mr. George R. Prowse, Mr. John Herdt, Alex. Sinclair.

The Jubilee Nurses' Home has now been occupied for a year. The building has proved most satisfactory, and has greatly added to the comfort and health of the nurses in training. Miss Livingston, who has been so signally successful in conducting this department and in maintaining its high standard, has been granted three months leave of absence for a visit to Europe.

Dr. McTaggart, the medical superintendent, has resigned his position to enter on private practice. He has proved himself a most capable officer, and carries with him our best wishes for his future success. Dr. E. M. von Eberts, who has already passed a year in the Hospital as resident medical officer, and who has spent a year in hospital work abroad, has been appointed in his place.

The resident medical officers have worked hard and faithfully during the year. They remain with us till the 1st of September, instead of leaving as formerly on the 1st of May.

The whole respectfully submitted,

FREDK. G. FINLEY, M.D.,

Secretary.

QUESTIONS

RECEIVED FROM SECRETARY OF MEDICAL BOARD FOR ANSWER.

Question 1—Length of period in training?

Answer—Three years, which is divided into three terms of one year each.

Question 2—Classification of pupils?

Answer—Pupils are divided into three classes, serving as follows:

Junior Assistants.....	1st year
Senior Assistants.....	2nd year
Head Nurses.....	3rd year

Question 3—Is any Nurse expected to hold the position of 'Head Nurse'?
