British Are Off On Another Drive; Early Success Reported

Offensive on Wide Front East of Ypres

Start at Dawn and Some Valuable Positions Captured—Believed to be Continuation of Movement Which Had Been Halted by Weather

London, Sept. 20.—The British forces on the Belgian front attacked the German positions at twenty minutes to six o'clock this morning east of Ypres. Field Marshal Haig reports that satisfactory progress was made and that the British already have captured some valuable positions.

The text of the official statement says: "We attacked at twenty minutes to six this morning on a wide front east of Ypres. Satisfactory progress is reported. Our troops already have captured some valuable positions."

The new British offensive, for which recent reports of heavy artillery bombardments, aerial activity, and raids into the German lines had prepared the public apparently is a continuation of the earlier offensive which was brought to a stop by bad weather and the necessity of bringing up guns for the assault which was made this morning.

Field Marshal Haig's announcement of the offensive on the battle front to the east of Ypres in Belgium at the close of his latest offensive against the Germans indicated that it is a continuation of the expressed purpose of the British commander-in-chief to force the armies of Crown Prince Rupprecht of Bavaria from the western coast of Belgium, and to cut off the German submarine and airplane bases on the North Sea from Zeebrugge to Nieuport, including Ostend.

The British drive apparently is being made in the direction of Roulers and Courtrai, which Belgian towns, according to recent despatches from the Dutch frontier, the German military authorities have been ordering the civilian population to evacuate.

That the British offensive had been in preparation for several days was made known in recent statements of the general German army headquarters staff. The Germans reported that the British were directing a violent and destructive fire against the Teutons' positions, the bombardment frequently reaching the intensity of drum fire.

ON FRENCH FRONT.

Paris, Sept. 20.—Except for artillery activity, which was lively at various parts of the battle front in France last night, the official French statement this afternoon says there was nothing of importance to report. The text reads: "There was nothing to report except great activity of the artillery in the region south of the River Oise, in the sector of Cornillette and Mont Haut, in the Champagne, and on the River Meuse."

(Continued on page 2, seventh column.)

CAUSE OF MUCH CONCERN IN THE RUSSIAN CAPITAL

Growing Supremacy of Bolshevik Element Council

THE TROUBLE IN FINLAND

Governor Has New Sent in His Resignation—Decided to Try Korniloff by Court-Martial, With Jury, and at the Front

Petrograd, Sept. 19.—The growing supremacy of the Bolshevik element in the councils of the soldiers and workmen's delegates here and at Moscow, the radical programme eliminating all property owning classes from a voice in the government, is a development that is causing great concern. The resignation of the executive committee of the council came as a direct result of the adoption, on September 18, by a large majority, of a resolution committing the soldiers' and workmen's delegates to an ultra-socialist line of conduct.

Further to verify the temper of the council, and in view of the fact that there were many who were in doubt as to the adoption of the programme in question, the retiring members of the executive committee will offer themselves for reelection at the coming meeting, making efforts in the meantime to assure a full attendance.

It is significant that the Moscow council of the soldiers and workmen's delegates yesterday also passed a programme along practically the same lines as that of the Petrograd council, by a vote of 855 against 223, and demanded the resignation of the government's commissaries, and the resignation of the commissary, Kishkin, who is an exceptional democrat.

The Petrograd executive committee, in announcing their resignation, declared themselves out of sympathy with the programme of the council, and that they cannot take responsibility for the action of the council.

The resignations of Avskentseff, Skobeleff and Zardov, also members of the committee, are said by government sources to be the result of the determination of the council of soldiers and workmen's delegates to withdraw its representatives from any cabinet in which the constitutional democrats are represented.

Avskentseff, a social-revolutionist and Skobeleff, a social-democrat, according to reports, may withdraw their resignations later.

Premier Kerensky is still at Mohilev, but is keeping in close touch with the situation. The government is optimistic over the results of the conference between Premier Kerensky and the army officers, and considers the Kaledines incident closed.

Petrograd, Sept. 20.—M. I. Terestchuk, minister of foreign affairs, has been appointed vice-president of the council of ministers.

Finland's Governor Quits. Petrograd, Sept. 20.—Michael Stokovich, governor of Finland, has resigned. N. V. Nekrasoff, prominent in several cabinets since the revolution, has been named to succeed him.

The situation of the army officers in Helsinki, the capital of Finland, has become critical since the Korniloff revolt. M. Stokovich said, but that was due to Russian, not Finnish, influence.

State Secretary Inocel, of Finland, declared that the propaganda for the separation of Finland is not connected with the declaration of a republic in Russia, though they occurred simultaneously. He said that the watchword of the campaign for the elections to the Landtag was "the independence of Finland."

Odessa, Russia, Sept. 19.—An imposing demonstration of revolutionary forces was held here today under the auspices of the local council of workmen and soldiers' delegates. Soldiers and workmen marched in a monster parade, bearing banners inscribed "Long Live the Provisional Government," "Down With Korniloff," "Long Live the Democratic Republic."

Court Martial for Korniloff. Petrograd, Sept. 20.—General Korniloff, leader of the recent revolt, it has been decided definitely, will be tried by court martial with a jury. The government has agreed that the trial shall be held at the front instead of Petrograd.

MITCHELL WINS IN PRIMARIES. New York, Sept. 20.—Mayor Mitchell won the Republican primary nomination in yesterday's primaries by a plural of 1,129 votes over William B. Bennett. With only two districts missing out of 2,000 Mayor Mitchell's vote was 86,446 and Bennett's 83,327. Judge John F. Hyland, of Brooklyn, Democratic candidate for mayor, was unopposed.

BANK CLEARINGS STILL GAINING. St. John bank clearings for the week ending today were \$1,812,296, for corresponding period last year, \$1,590,138; for corresponding period, 1915, \$1,442,589.

Coal Announcement From Washington Is Cheering for Canadians

Washington, Sept. 20.—Fears of Canadian consumers that the supply from the United States would be cut off were allayed today by explanation of Dr. H. A. Garfield, fuel administrator, that restriction on exports is meant only to insure that Canada gets no more than its share while the northwestern states suffer a fuel shortage.

Information is now being solicited from coal producers to ascertain exports to Canada last year and plans for future shipments. By conserving the supply, Dr. Garfield said, it is hoped to furnish sufficient coal for the northwest. Canada and New England for even extraordinary demands.

The exports administrative board has been asked by Dr. Garfield to forbid coal export without license, and to permit the fuel administration to pass on all licenses. The Canadian government is co-operating with the fuel administration and the exports board to make the restriction effective without hampering either American or Canadian coal consuming interests.

TALK OVER THE CARLETON WORK

Operations Preparatory to Winter Port Season. FURTHER WORD OF COAL.

Letter From Company to the Mayor About 10,000 Ton Order and About Delivery—Sardine Plant Matter Not Taken up as Meeting Informal.

Plans for repairing the railway trestle leading to No. 5 warehouse, West St. John, were discussed informally by Mayor Hayes, Commissioners Russell and Fisher and the city engineer this morning. There was no formal meeting of the committee owing to the lack of a quorum.

Commissioner Russell urged that a meeting be held so soon as possible in order to give him authority to proceed with the reconstruction of the railway trestle opposite No. 5 wharf and leading to Nos. 6 and 7. While he had no doubt that the work would be completed by the time the winter season opened, he felt that the time was getting short and he wanted to get the repairs started.

William Murdoch, the city engineer, was called upon for a statement. He explained that half of the work in connection with the trestle was included in Kane & Ring's contract and that it was under way. The other portion, between the new work and the shore end of the wharf, would cost, according to his estimate, about \$3,800. The Kane & Ring contract for the reconstruction of the warehouse and part of the trestle was for \$46,000, but the dominion government had promised a contribution of \$4,000 towards the cost of this work, when the trestle had been put in satisfactory shape. Mr. Murdoch maintained that, under a previous agreement with Mr. Hazen, the government was liable also for a contribution of one-half of the cost of repairs to the remainder of the trestle.

Petrograd, Sept. 20.—The city that when the city got the \$4,000 he did not believe that they would be able to get any further contribution from the government. This would make the net cost for the entire work a matter of \$45,000.

It was agreed that the matter should be taken up at a meeting of the council in committee on Friday.

Mayor Hayes reported that he had received from the Century Coal and Coke Company of Montreal an acknowledgment of his order for 10,000 tons of anthracite. The writer had explained that he had been in Ottawa endeavoring to arrange matters with the fuel controller and this had caused the delay in his reply. He promised to write in a day or two giving full particulars of the situation. Meanwhile, he had been receiving many offers of tonnage to transport the coal by water but had not been able to take any action with regard to them, owing to the uncertainty regarding

Great Span Is Nearly In Place

Quebec Bridge Operations Went on Successfully This Morning Though Wind Caused Some Anxiety for a Time

Quebec, Sept. 20.—A twenty-five mile an hour wind held up the operations in connection with the raising of the central span of the Quebec bridge, which had only thirty more feet to travel when the engineers took their places at the raising jacks this morning. For several hours a careful watch was kept on the span to see if the wind caused it to swing, which would make it dangerous to continue lifting. The tests reassured the engineers and it was decided to go on with the lifting.

At nine o'clock the jacks were started again to be working smoothly so that two hoists were taken in twenty-eight minutes. It was computed by the engineers that if this rate of speed could be maintained the bridge should be completed this afternoon.

The span was put on its last hoisting limit at half past ten, sixty-four two-foot lifts having been made. The 182 foot mark was safely passed ten minutes later, leaving the span eighteen feet to go.

History of the Bridge. The following history of the bridge and some details of its immense proportions are interesting. First idea of the Quebec bridge over the St. Lawrence originated in Quebec in 1833. Estimated cost, \$3,000,000.

Chartier obtained to construct the bridge in 1882 by W. M. Baby of Quebec. Company re-organized in 1906 by S. N. Parent, ex-Premier of Quebec, and work begun.

Bridge collapsed on August 29, 1907, with a total loss of seventy lives. Monetary loss, \$8,000,000.

Dominion government decided to reconstruct bridge, a contract being let to the St. Lawrence Bridge Company, April 4, 1911.

Centre span fell into the river September 11, 1916, fourteen men losing their lives. Financial loss, \$500,000.

The principal dimensions of the Quebec bridge are: Length from shore to shore, 3,230 feet; width, between anchor buttresses, 1,800 feet; length of central span, 640 feet of height of central span above water, 150 feet; number of railroad tracks carried, two; street car tracks, two; roads, two.

The bridge has a central span 90 feet longer than the Forth bridge, hitherto the holder of the world's record in this connection.

The steel used in the bridge weighs 180,000,000 pounds, and cost \$11,000,000 without the cost of the central span. The masonry pier work cost \$1,500,000.

TODAY AT THE LABOR CONGRESS

Further Amendments in the Matter of Attitude to the Military Service Act.

Ottawa, Sept. 20.—Upon the resumption of the debate on the conscription resolutions before the labor congress this morning, Delegate Farnille of Edmonton proposed an amendment to the executive committee's report which, in substance, was that the congress could not stultify itself by the degree of withdrawing or contradicting this year's firm and carefully thought out view on the question of conscription as embodied in the resolutions of 1916 and 1917.

The government, by its actions, the amendment declared, had not justified labor in recommending a willing submission to the military act. Particularly in its failure "with such fatal omissions," concluded the amendment, "this congress cannot unreservedly recommend that the law be observed, but would re-emphasize the complete conscription of wealth as an essential part of conscription for war purposes, and pending the amendment of the military service act after the election of a new parliament. This amendment also recommended that all efforts be made to have parliamentary candidates pledge themselves to repeal the measure."

Another amendment by Delegate Arcaud, of Montreal, proposed that the government be petitioned to withhold application of the military service act until after the election of a new parliament. This amendment also recommended that all efforts be made to have parliamentary candidates pledge themselves to repeal the measure.

Boston, Sept. 20.—Names of several hundred men who have obtained immunity from service in the United States national army by declaring they are British subjects, have been given over by New England exemption boards to the British-Canadian recruiting mission. Members of the mission have announced that if the British government agrees to permit the drafting of British subjects in the United States, the men listed will be ordered to report to British officers in this city.

GERMANY INVITES BOYS OF 15 TO JOIN ARMY. Geneva, Switzerland, Sept. 20.—The recent great wastage of men on the various German fronts is officially recognized inadvertently by military authorities, who have just issued notices at Munich and Cologne that they will accept in future boy volunteers aged fifteen to the army.

This order accounts for the recent influx, into Switzerland, of German boys, sent for safety by their parents. German supervision of the Swiss frontier lately has been redoubled, especially facing Basle.

WHEAT AMD CORN. Chicago, Sept. 20.—Unfavorable weather had a bullish effect today on the corn market. Frost was reported as far south as Nebraska, and there were predictions of additional frost tonight in Iowa. Besides, rains and low temperatures appeared to be widespread, whereas the crop needed instead much sunshine and warmth. Opening prices, which ranged from the same as last night's finish to 3/4 cents higher, were followed by moderate further gains and then something of a reaction.

TEUTONS' REPLY TO POPE'S NOTE NOT RECEIVED

Believed Held Up When Kaiser Went To Riga

THE ALLIES' ANSWER

Vatican Does Not Look For It Until After Germany Heard From Because of Request For Certain Information

Rome, Sept. 20.—Cardinal Gasparri, papal secretary of state, last night declared that the reply of the Central Powers to Pope Benedict's peace proposals had not been received at the Vatican. This is taken to prove that the statement recently published to the effect that the reply had left Berlin on Saturday is untrue, as, otherwise, even admitting a delay of one day in Switzerland, the document should have arrived in Rome on Tuesday night or this morning.

Cardinal Gasparri believes that the reply of the Central Powers was held up when Emperor William went to Riga, and that it is not likely that it will reach the Vatican until next week.

The reply of the Entente Allies to the Pope's peace proposals must necessarily arrive after that of the Central Powers because Great Britain, before the completion of the Entente note, asked for some information of the Vatican, which, in turn applied for it to the Central Powers, which notified the Holy See that the explanations asked for would be contained in their own reply to the papal note. On these explanations, therefore, the answer of the Entente Allies, or at least that of Great Britain will depend.

WESTERN TOWN GIVES UP GERMAN NAME

Regina, Sask., Sept. 20.—Prussia, Sask., will soon be known by another name. A delegation of army and naval veterans from Regina met the town council that place on Tuesday night, when it was decided to offer a prize for the best suggestion in the way of a new name, and new names for the streets, whose German names found disfavor with the veterans.

NEXT CONVENTION TO BE HELD IN ST. LOUIS. Louisville, Ky., Sept. 20.—St. Louis, Mo., has been selected as the next place of meeting by the Sovereign Grand Lodge of Independent Order of Odd-fellows, in annual convention here.

SERGEANT-AT-ARMS OF COMMONS DEAD

Kingston, Ont., Sept. 20.—Col. Henry Smith, sergeant-at-arms of the House of Commons, died suddenly at his home here early this morning.

ITALIANS LOST BUT TWO VESSELS IN A WEEK

Rome, Sept. 20.—The Italian shipping losses for the week ended Sept. 16 were one steamer under 1,600 tons and one small sailing vessel.

EXPECT NOW TO SAVE SPARTEL

Moncton, N. B., Sept. 20.—The latest word from Grindstone Island is that the schooner Spartel, bound from Hillboro to Standbury, Conn., will be saved. The cargo of white rock is being fastened on the flats where the schooner is stranded and she will probably float off. She is owned by J. C. McCurdy & Company of Lubec, Maine.

BASEBALL MEN IN DRAFT MEETING

Cincinnati, Sept. 20.—The draft meeting of the National Baseball Commission of the National and American Leagues opened here today with baseball men present from many parts of the country. From indications early today it appeared that all of the major league clubs would be represented at the meeting.

In addition to transacting business connected with the draft, the commission will adopt a schedule for the world's series and also for inter-league games between Cleveland and Cincinnati.

Semi-officially it was indicated that the world's series will be played in the early part of October, probably starting on October 6. The city where the opening game will be played will be decided by the toss of a coin.

GERMAN PEACE EFFORT DOOMED TO FAILURE

London, Sept. 20.—The attempt by the German press and officials to create an atmosphere for what is believed here to be another peace measure, again is given prominence in the morning papers, which are of the unanimous opinion that there can be no peace until Prussian militarism is crushed.

Advances Wages 10 pc. New York, Sept. 20.—The United States Steel Corporation today announced a ten per cent advance in the wages of its workers to take effect October 1.

SISTERS HAD NO FOOD Suspected of Having Taken Poison They Were Really Starving

NEW YORK, Sept. 20.—Detective William Roddy, of the Sixth Street Detective Bureau, who has been investigating the case of Edna Williams, 26 years old, and her sister, Anna, 23 years old, reported to have attempted suicide, that they were suffering from hunger and did not take poison.

The girls' parents, he said, "died in Newark two months ago, and left them without any money. They came to Brooklyn to live, and Eleanor got a job in a department store at \$7 a week. They have been slowly starving and saying nothing about it. They will get better, and friends are taking care of them now."

ENGINES INCREASE MAY BE 25 PER CENT

OTTAWA, Sept. 20.—The increase in pensions of Canadian soldiers and their dependents will be at least 25 per cent, according to authoritative information.

AMERICAN DECORATIONS Information has been received in the city to the effect that officers and men in the Canadian overseas forces who hold American war service medals have been authorized by the king's permission to wear such medals or ribbons on their uniforms.

Montreal Bank Clearings Montreal, Sept. 20.—Bank clearings for the week were \$73,880,109; 1915, \$70,991,195; 1914, \$67,958,515.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS.

MARRIAGES LUNERGAN-GIGGEY.—On Sept. 19, by the Rev. W. H. Sampson, Albert W. Luneragan to Miss Maude Giggiey.

BRITISH ARE OFF ON ANOTHER DRIVE

IT LOOKS LIKE A GREAT ACHIEVEMENT.

British Headquarters in France and Belgium, Sept. 20.—(By the Associated Press)—Field Marshal Haig's offensive, which was begun this morning in proceeding with marked success, especially in the sector between the Ypres-Roulers railway and Hellebecq.

Today's offensive will be known as the battle of the Menin road. Fair weather has improved the ground, but the mud still was deep and the whole territory covered with water-filled shell holes, tangled barbed wire and shattered trees.

The German defences were composed largely of concrete redoubts from which the enemy poured a wicked stream of bullets into the ranks of the advancing troops. Early light elevation and all the woods were choked with rapid-fire guns.

The British encountered hard fighting at many places, but their magnificent artillery work had done much to make the first stage of their drive easier.

On Monday evening at a largely attended meeting in the parish church, Springfield, N. S., Rev. John M. C. Wilson was unanimously elected rector of the parish of All Saints. The new rector is the son of Rev. Canon Wilson. He is a B. A. of King's College, a D. D. the Episcopal Divinity school, Cambridge, Mass., and took the first year's residential course for the Ph. D. at Harvard University.

Mr. Wilson was formerly assistant at the Church of the Epiphany, Boston, and rector of St. Anne's, Lincoln, Mass. He has only recently returned from the firing line in France, where he had charge of a church army unit, and did chaplain's duty.

HAS PLAN TO SAVE FLOUR

Dr. Hastings Condemns Bread Made From Highly-bolted Product

Hurts Children's Teeth

Whole Wheat Flour Advocated—Would Result in Great Saving, Says Medical Health Officer of Toronto

(Toronto Globe)
There is no doubt but that the food controller is working in the right direction, but if he is going to accomplish anything he must have co-operation. I think the duty of the Board of Health is to get in and help, and also make it their business, in the interest of the people, to see that the flour used for bread contains the required nutrition.
This was the suggestion of Dr. Hastings, medical health officer, at yesterday's meeting of the Civic Board of Health, after discussing a proposal of Alderman Risk to visit the different

flour mills and get some idea of the various grades of flour used and their food values. Dr. Hastings stated that he had been in communication with the food controllers in the United States and Canada, with a view to keeping abreast of the situation.
Highly-bolted Flour
"Our most capable physiologists, chemists and dietitians have been endeavoring for years to show that from a health and economic standpoint," said Dr. Hastings, "highly-bolted flour is a mistake, in as much as it is deprived of the germ of the grain, which is rich in protein and fat, also of all the outer coverings, each of which are rich in mineral matter, and the germ of the grain contains the real vitamins, all of which are indispensable if we are to receive the full nutritive value of wheat flour."
Dental Trouble Among Kiddies
"The medical and dental professions are almost united in the belief that the great percentage of dental trouble among children is largely due to the white bread, made from highly-bolted white flour, which is deprived of the vitamins, which are necessary for the formation of bone, teeth and muscle."
After showing the advantages of the whole-wheat flour in the production of bread, Dr. Hastings, in his annual report for August, says:
"These facts are of special interest now in view of the rapid increase in the price of eggs and meat. These are rich in vitamins, but on account of the

substitute to a large number of consumers. Furthermore, from an economic standpoint, it is important that we get the highest possible percentage of flour from our wheat, which will result in an enormous saving.
"For instance:
"One hundred pounds good average wheat will produce 65 to 70 pounds of highly-bolted, so-called pure white flour, while
"One hundred pounds of wheat will produce 80 to 85 pounds of stone-ground flour."
"One hundred pounds of wheat will produce about 90 pounds of whole-wheat flour."
Would Mean Big Saving
"This would mean a saving of from 10 to 25 per cent, and in as much as it is estimated that we need 40,000,000 bushels of wheat per year to keep us in flour, by the adopting of these regulations a saving of from four to eight only 100 bushels of wheat would be effected so far as the dominion is concerned. In addition to this, our people would get much better fed, and we would be developing a much finer race."
Grain used for Boops
Dr. Hastings also calls attention to the great amount of corn, wheat and other grains used in the manufacture of malt and spirits in Canada during the past year. He gives the following as the official figures:
Distilling—Malt used in manufacture of spirits, 7,899,886 pounds; corn, 69,147,467 pounds; rye, 30,480,811 pounds; pot, 131,090 pounds; wheat, 97,792 pounds; molasses, 27,416,716 pounds.
Brewing—Grain used for malting, 89,292,830 pounds; sugar and rice, 616,389 pounds.

There are at the present time in bonded warehouses of Canada approximately 20,000,000 gallons of spirit to be used solely for beverage purposes.
If the sale of this spirit were prohibited for this purpose and used only for urgent commercial needs it would mean a saving of grain, molasses, sugar, etc. (for food purposes) equal in amount to the figures indicated above," adds Dr. Hastings.

FAMILY DOCTOR'S GOOD ADVICE

To Go On Taking 'Fruit-a-Lives' Because They Did Her Good

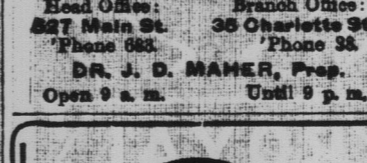

Rochon, P. Q., Jan. 14th, 1916.

"I suffered for many years with terrible indigestion and Constipation. I had frequent dizzy spells and became starkly run down. A neighbor advised me to try 'Fruit-a-Lives.' I did so and to the surprise of my doctor, I began to improve, and he advised me to go on with 'Fruit-a-Lives.'"
"I sometimes think over my life to 'Fruit-a-Lives' and I want to say to those who suffer from Indigestion, Constipation or Headache—try 'Fruit-a-Lives' and you will get well."

LOCAL NEWS

ALMANAC FOR ST. JOHN, SEPT 20
High Tide 11:45 P.M.
Low Tide 5:17 P.M.
Sun Rises 5:48
Sun Sets 6:32
Time used is Atlantic standard.

Mrs. Doherty suffered a slight accident to her eye yesterday morning while working in the Purdy Bottling Works on St. David street when a soda water bottle burst and the glass, flying in all directions, nearly blinded her.

Dr. John M. Clark, Ph.D., D.S., C.L.L.D., director of the New York State Museum, spent a half-day at the local museum this week. Dr. Clark was very much interested in the collections and has arranged to exchange some of the material of this museum in place of some very valuable specimens in return.

There are yet three pupils to return to grade XL at High School, and when these come back it will bring the attendance in the rooms up to 319 in all. The pupils who are still on the farms will not probably return until after harvesting. This is the largest grade XL that there has ever been at the local High School. The attendance in the other grades is practically the same as last year.

Mrs. Grace Holder was appointed official visitor of the patriotic fund at a meeting of the board of trade rooms. Several applications were received for the position and Mrs. Holder, whose husband is a military man, was appointed to the position. Hon. J. G. Forbes presided. In addition to Mrs. Holder, the other assistant visitors will continue in their work.

The inquest into the death of Harry L. Williams on August 7 will be continued tonight and probably brought to a close and a verdict returned. Local police circles seem to be of the opinion that some important new evidence will be forthcoming tonight, but the coroner, Dr. Kenny, is not of that opinion.

A man by name of Kincaid, who is several years past and who has been wandering around Torriburn with-out visible means of support was brought to the attention of Constable Sumners last evening and placed in jail for protection. He says he has been living on the coast and around and has no friends or relatives in the city but has lived here all his life.

It is now considered unlikely that a third trial will be held on the charge of arson against John Hughes and Joseph O'Brien, who are still on bail following two disagreements of the jury. Attorney-General J. P. Byrne announced his intention of having a third trial, but the Circuit Court opens September 25 and no preparations have as yet been announced.

ANOTHER SAMPLE OF WAR TIME ECONOMY

(Halifax Chronicle)
Ottawa, Sept. 17.—Some idea of the war time "economy" of the government is given by an answer given in the Commons this evening by a question by Mr. Proulx. He asked for particulars as to salaries paid to the staff of the Georgian Bay Canal Commission, which has just ceased to exist after being in existence for three years of war-time stress.
When it was appointed the government knew that there was no thought of going ahead with the canal under existing conditions, but it was not considered politically expedient, frankly to say so. Since September 1, 1914, the total amount paid in salaries for the commission has been \$67,588. Of this amount the chairman, W. Sanford Evans, has received \$17,000 and the secretary, J. DeC. Hepburn, a brother of the Conservative member for Prince Edward county, has received \$10,800.

FEMININE KNITTERS SIGH AS YARN PRICES INCREASE

New York, Sept. 20.—Feminine knitters of articles of wearing apparel for soldiers and sailors are beginning to worry about the high cost of being patriotic. An increase of twenty cents a hank in the price of wool put it at the dollar mark. Since April the price has risen from \$1.50 to \$2.40 to the Red Cross and other relief organizations.

Dandruff Heads Become Hairless
If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will destroy your hair and ruin it if you don't.
It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to discover it, then you destroy it entirely. It is this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.
You will find, too, that all itching and itching of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft and look and feel a hundred times better.
P. E. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

 Busier Days in Recruiting Circles—Honors Won at the Front—News of the Soldiers.

Porter. He directed an advance of two companies with the utmost skill and courage and cleared a large section of trench by leading a bombing party.

Wounded in Head
 H. M. Leonard was advised on September 8 that his son, Private Ronald Cody Leonard, had been wounded in the head on August 21 and had been admitted to a Canadian Hospital in France. Mr. Leonard has received two letters from him since he entered the hospital.

Medical Headquarters
 It was stated in military circles yesterday that the headquarters of the 4th unit is to be transferred from this city to Fredericton within the next two weeks. It is also understood that the staff under Major Osborne is to be considerably augmented owing to the increased number of cases expected to arrive in this city during the winter months.

Joins Flying Corps
 McLaren James Shaw, of this city, left on the Montreal train last evening en route for Toronto where he is to join the Royal Flying Corps. They are Daniel P. Bulphitt and Henry Bradbrook. Both the men are of English birth and have relatives at the front.

To Be Married
 Frederick Gleaner—Daniel Evans announces the engagement of his niece, May K. Evans, to Lloyd Cotter, of Fredericton. The marriage will take place in the near future.

Mr. and Mrs. George Robinson, Cambridge, N.B., announce the engagement of their daughter, Ethel Blanche, to Arnold D. Dykeman, of Jemseg, N.B., the marriage to take place in October.

No less than sixteen recruits applied at the recruiting office yesterday. Of the sixteen eight were successful in passing in the medical examinations. Those secured were as follows: Richard A. Allen, Channel Isles; Hugh Holland, New Glasgow; George LeCouture, Channel Isles; Hedley LeSueur; John B. Naylor, Halifax; Raymond John Laquesne, Channel Isles, No. 8 Field Ambulance; Vincent A. Cullinan, No. 9 Siege Battery; Charles W. Todd, Composite Battery. Three other names, John Berry, Frank Rogers and Patrick McEwen were added to the list, but as the day was rather late when they applied they were asked to return this morning.

Lieut. Raymond Wins Military Cross.
 Among the decorations for gallantry and distinguished service awarded Canadian officers lately was a Military Cross to Lieutenant William Wesley Raymond, Engineers (son of William E. Raymond, of the Royal Froel), who "made a personal and thorough investigation of a town under shell fire. The gallantry and coolness of this officer and his companions are beyond all praise."

A bar to the Military Cross was granted Major Samuel James Mathewson, of Montreal, brother-in-law of Major Cecil

Don't Take a Trip With a Corn

DON'T handicap yourself in a business way or socially with a painful corn. There's no need to keep your mind on your corn.

Blue-jay—the easy way—brings instant relief from pain. And your corns are gone in 48 hours. That is, the average corn. Some very stubborn cases require a second or third treatment.

Millions upon millions of corns have been removed the Blue-jay way. Millions of families keep a supply on hand, and they never have corns. You, too, can be freed now and forever.

Paring corns brings only temporary relief. And harsh liquids are dangerous. Blue-jay is the scientific way.

STATEMENT BY FRENCH PREMIER

Sorry He Failed To Get Socialists in Cabinet

The Proposed "Society of Nations"—Ribot Says No Reply to Pope Without Agreement With Allies—Confidence in New Ministry Voted

Paris, Sept. 19.—Premier Painleve, replying in the chamber of deputies to a question by Deputy Frederic Brunet who asked the government to associate itself with President Wilson's refusal to treat with the German people as long as they were submissive to the military caste, and advocating an institution of society of nations, said he had made an effort to preserve collaboration with the Socialists.

"I failed and I regret it," he said. After paying a tribute to Albert Thomas' services, the premier said that the absence of socialist ministers would make no change in his policy. He declared his determination to proceed energetically against all intrigue and certain foreign agents, but added that he did not intend to allow these scandals too much publicity in the press because they were picked up almost immediately by the country's morale. This part of the premier's speech was interrupted, especially by the left, as were his declarations of refusal to accept the cabinet. He declared his determination to proceed energetically against all intrigue and certain foreign agents, but added that he did not intend to allow these scandals too much publicity in the press because they were picked up almost immediately by the country's morale. This part of the premier's speech was interrupted, especially by the left, as were his declarations of refusal to accept the cabinet. He declared his determination to proceed energetically against all intrigue and certain foreign agents, but added that he did not intend to allow these scandals too much publicity in the press because they were picked up almost immediately by the country's morale.

Alexandre Ribot, minister of foreign affairs, told the chamber that all documents concerning France's agreements with the Allies were ready and could be published tomorrow, but that the Entente Allied nations must be consulted, saying: "The nearer we reach the end of the war the closer must be our unity with them."

M. Ribot added that France could not agree to a society of nations without an agreement with her allies but "our war aims are known and we are ready to constitute a society of nations when we have the necessary guarantees."

M. Ribot said that the Petrograd government had asked him to defer the publication of the Franco-Russian agreement. He said that he considered that he ought to comply owing to the difficult situation of their great ally.

Pierre Benard said that the Socialists would await Premier Painleve's acts before voting for him. He reproached the premier for forming his war committee of old men instead of young and ardent men. Confidence in the new ministry was then voted by the chamber 375 to 1. The Socialists did not vote.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must use an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood and on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is the only cure for the disease. It is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

CLOSING HOURS IN COMMONS

Increases in Pensions on Percentage Basis—Prorogation Today or Tomorrow

Ottawa, Sept. 20.—The House of Commons spent most of yesterday's sitting cleaning up various items of supply not yet dealt with. Subsequently the supply passed and was concurred in so that, in the event of prorogation taking place this afternoon or Friday, the bill of the session will be ready for assent.

The vote of eight million dollars for pensions was a lengthy debate. A renewal of the government's promise that the whole matter would be made subject of review and final action taken at the next session of the house ended it. Meanwhile there will be increases on a percentage basis.

Before adjournment the house adopted a motion refusing to accept the senate amendment to the judges act and giving reasons for its refusal.

Reference was made to the war times election bill, Hon. J. D. Reid remarking that if the debate on the senate's amendments was not concluded this afternoon prorogation could not take place until Friday.

NEW WING APPROVED

The committee appointed from the municipal council to consider the proposed new wing necessary to make the St. John County Hospital suitable for returned soldiers suffering from tubercular trouble, met here yesterday afternoon and agreed to have the changes made with the co-operation of the provincial government and the military hospitals commission. The committee members present at the meeting were Mayor Hayes, Councillor Golding of Lancaster, and Councillor Howard of St. Martins.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I tried it but no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Dulon, Carpenter, 840 Marcellus Avenue, Massachusetts, U.S.A. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

MUST SAVE TO FEED SOLDIERS

First Aim of The Dominion Food Controller

High Prices Come Second

Housewives Asked to Conserve Supplies That Soldiers at The Front May Not Starve

(Toronto Mail and Empire)

When the food controller was appointed it was generally supposed that the action was in response to a growing demand that the price of foodstuffs should be lowered. There was and is a general suspicion that these prices are being artificially controlled for the benefit of the middlemen, and it was argued that if private interests could regulate prices in their own behalf a government official clothed with sufficient authority could regulate them in behalf of the masses of the people. It may be that Hon. Mr. Hanna will come to that phase of the problem before long, but it is important to bear in mind that it is not this phase of the question with which he is now dealing, and that the campaign that is launched today urging housewives to save certain foods is contemplating only one thing—the conservation of these foods for the men at the front, and for the people of England, whose supplies may otherwise be insufficient.

Not to Save Money

The housewives of Canada do not need to save money so that they may save money or reduce the prices of food, though there may be an indirect tendency in this direction. They are asked to save food so that our soldiers may eat it. If they have to rise from the table with appetites not wholly appeased they are asked to remember that their inconvenience or even discomfort is as nothing compared with what our armies are called upon to endure. Nor is very drastic action demanded. It has been estimated that if every household saved one pound of flour per head per week the surplus would be enough to ensure an ample supply for export. In the pledge cards which are being circulated today, the food controller says that normal consumption of wheat must be reduced by 25 per cent. In order that Canada and the United States may be able to send to Great Britain and our Allies the 400,000,000 bushels that they require.

DYSENTERY IS DANGEROUS

DYSENTERY IS the dangerous O.M. bowel complaint. It comes on so suddenly, the pains in the bowels become so intense, the discharges occur with great rapidity, and are very often accompanied by blood, and the action on the system so weakening that its termination often proves fatal.

When the bowels get loosened up in this way and you wish to check the unnatural discharge without bringing on constipation, there is only one remedy to use, and that is Dr. Fowler's Extract of Wild Strawberry.

This remedy is not an experiment as it has been used in thousands of Canadian homes during the past 73 years.

Mrs. Albert Fearon, Bryant's Corner, N.B., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for the past ten years, and I would not be without it in the house."

"Last fall my little boy, three years old, took very bad with dysentery. After taking 3 or 4 doses of 'Dr. Fowler's' he began to improve, and before he had used all the bottle he was entirely cured. I sincerely recommend it to all."

There are many cheap imitations of this sterling remedy on the market. Ask for Dr. Fowler's and see that you get the genuine when you ask for it. Price 25c. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

Save Beef and Bacon

A similar reduction must be made in the consumption of beef and bacon. "The men in the trenches will go hungry if you fail them," warns Mr. Hanna, and surely no more ought to be said on this head. If bacon were only ten cents a pound and beef five cents a pound it would still be a vital necessity to conserve the supply, so without regard to the fact that prices are abnormally high and without regard to the belief that profiteers are taking advantage of the needs of the people, the consumption of beef and bacon must be reduced. It is pointed out that there is no necessity for the people of Canada to go on short rations. They have plenty of substitutes for beef and bacon in other meats, fish, eggs and fowl; and for white bread in cereals, whole wheat bread, which is recommended by Dr. Hastings, Toronto medical health officer, and in the hundred and one dishes that can be prepared from corn, rice, etc.

Do Not Avoid Substitutes

We are also advised to eat perishable products, and it was to promote their consumption that a ban was placed on the selling of canned vegetables some little time ago. In reply to the suggestion that the people at home should go on eating as before the war, while the soldiers be permitted to eat the substitutes, it is only necessary to say that the substitutes cannot be preserved or packed, and shipped as readily as white flour, bacon and beef. A soldier cannot be expected to get in the field with a tin of white bread, if the soldier prefers the white bread and there is not enough to go round, then the soldier must have first preference, and we folks at home ought to be willing to eat what he doesn't want.

STILL TRYING TO MAKE GOOD OUT OF VERY BAD CASE

Amsterdam, Sept. 20.—A Wolf Bureau despatch from Berlin says: "The American government continues to emphasize the alleged breach of neutrality by Sweden in forwarding German cipher cables, but forgets the numerous cases in which the American ambassador at Berlin sent German cipher cables to Washington, and the state department at Washington transmitted German cipher messages to Berlin without knowing the contents." These cables were routed by way of London, but the American government apparently saw no breach of neutrality therein at the time.

Washington, Sept. 20.—The state department has authorized the statement that no messages ever were transmitted for Germany to or from Berlin through skin and the hairs are gone. To avoid the department without knowledge of their contents. Many despatches were forwarded for Count Von Bernstorff, particularly when the American government was leading the ambassador every aid to facilitate his negotiations over submarine warfare, but their language was always known and understood before they were put on the cables.

This Frees Your Skin From Hair or Fuzz

(Toilet Tips.)

The method here suggested for the removal of superfluous hair is quick and certain unless the growth is extremely stubborn, a single application does the work. Make a stiff paste with some powdered delatone and water; apply this to the hairy surface and after two to three minutes rub it off, wash the hair off with soap and water. The method here suggested for the removal of superfluous hair is quick and certain unless the growth is extremely stubborn, a single application does the work. True to Training
An old lady was going to Stamford, Conn., to visit a daughter, and took her seat in the cars for the first time in her life. During the ride the car in which she was seated was thrown down an embankment and demolished. Crawling out from beneath the debris, she spied a man who was held down in a sitting posture by his legs being fastened. "Is this Stamford?" she anxiously asked. The man was from Boston, Mass. He was in considerable pain, but he didn't lose sight of the fact that he was from Boston, so he said: "No. This is a catastrophe." "Oh!" ejaculated the old lady. "Then I hadn't oughter got here!"

Cuts Down Fuel Bills. The "Pandora" requires less fuel than other ranges because the McClary Flue System directs the heat Twice Around the oven and stops the usual wastage. Send for illustrated descriptive booklet. We mail it free.

Canadians In Sharp Outpost Actions In Lens Vicinity. The objective of this morning's skirmish was a certain ruined house in the western part of Lens, occupied by us as an outpost. Early last night a strong party of Germans attacked the house but were driven off. They returned to the attack a second time in stronger formation and captured the house. The Canadians who had held it at once organized a counter-attack, driving out the Germans.

NEW DIRECTOR IS MOTOR MAGNATE. R. S. McLaughlin is a Multi-Millionaire at 46. Friends will sympathize with Mrs. Frank Coy, of Upper Gagetown on the death of Mr. Coy, which took place on Sunday morning at a long and hard illness. Besides Mrs. Coy, who is a sister of Mrs. Harvey Weston, of this place, twelve children survive.

30 U-BOAT SHELLS HIT SCARBOROUGH. Germans Bombed Crewed Seaside Resort at a Three Mile Range. Killed Only Three Persons—But Narrowly Missed 300 Manned on The Platform of a Railway Station. The first details of the attack on the town of Scarborough, England, by a German U-boat on the evening of Sept. 5, in which three persons were killed and five injured, were received in New York on Sunday.

LABORERS WANTED AT ONCE. STEADY WORK APPLY. T. McAVITY & SONS. WATER STREET. ITALIAN AIRMEN WILL FLY IN UNITED STATES. Washington, Sept. 20.—Four Italian airplanes, piloted by Italian army aviators, are to fly from Langley Field at Hampton Roads to Washington just as soon as the weather clears from the recent coastal gale.

Gilmour's 68 King St. Open Saturday Evening. SATISFACTION TO THOUSANDS OF WEARERS OF GLASSES. We have diligently studied optical science, and our practice has enabled us to know fully understand the needs and requirements of those who need help for their eyes.

RECENT WEDDINGS. Ferris-Patterson. At the home of John W. Patterson, 24 Sheriff street, on Monday evening, the Rev. J. C. B. Appel united in marriage Rev. J. C. B. Appel, to Miss Virginia L. Ferris, of York county, Kings county. The bride wore a dress of white silk and carried a bouquet of pink roses. The happy pair were unattended and will reside for the present at the home of the bride's parents, 24 Sheriff street.

RECENT WEDDINGS (continued). Hunter-Daws. The marriage took place on Tuesday afternoon in All Saints' church, Montreal, of Miss Harriet Ethel Daws, fifth daughter of the late Walter Daws, and Mr. James Hunter, of Montreal. William Hunter, who was wounded at the Somme and is at present on furlough, son of Mr. and Mrs. James Hunter, took place on Sept. 12 in St. Peter's Presbyterian church, Stanley. Rev. M. J. MacPherson performed the ceremony.

A PRUSSIAN CONCEPTION. The Prussian has a much lower conception of womanhood than has the Anglo-Saxon. In Prussia women are still regarded as much inferior to men, and the deference paid by men of the English-speaking race to women is denied by Prussians to their women-folk. The Borden Big Interests government also regards woman with characteristic Prussian disdain as inferior to man. It still trusts the men of Canada with the franchise, but it is so distrustful of the women that it refuses the right of the ballot to them. The Borden Big Interests government grants the franchise to the women relatives of the Canadian soldiers overseas, but denies it to all other women. It is not given to every woman to have a husband or a brother, or a son. But because they have not, or having one who is physically unfit for overseas service, or who for some other valid and patriotic reason cannot serve in the army, such women are treated as inferiors, as lacking in the qualities that make good citizens, and are placed in the class of the disfranchised along with convicts, lunatics, alien enemies, and others who cannot be trusted with a voice in the government.

Government Playing Politics With The Conscription Issue

Significant Letter of Deputy Speaker For Quebec Consumption—Promise Exemption to All of Agricultural and Industrial Classes—Legislation is Delayed

Ottawa, Sept. 19.—A remarkable and significant letter, written by J. H. Rainville, M. P., deputy speaker of the commons and former Nationalist, which is now being circulated in the province of Quebec...

For consumption in the English-speaking provinces the government candidates are making the plea that the military service bill is designed especially to get after the slackers in Quebec...

Thus both horses are to be again ridden in the campaign and with the new federal lists properly fixed up by the new election machinery this election is to be again won as in 1911.

Corroborative of this idea of dealing lightly with Quebec in the actual working out of the military service act it may be noted that according to estimates prepared for the government in regard to the number of men affected in each province, coming under the first class of the act it is stated only six per cent. of Quebec's population will be affected...

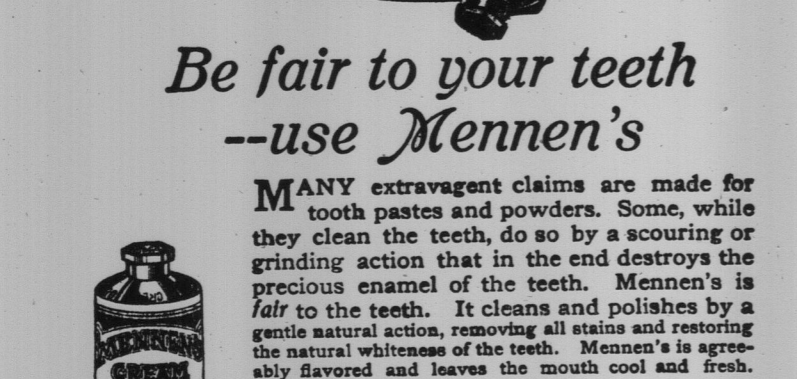

DELAY IN PENSION LEGISLATION

It appeared today that Canada's soldiers must wait for their pension provision. Since June last the government's pension bill has been on the parliamentary order paper.

Intense Bombardment Continues

Bombardment by the British artillery of the German lines in the Ypres sector, in Flanders, continues most intense, but there has been no infantry movement in force. An attack on a larger scale than the usual daily raids probably is imminent.

Berlin apparently is much exercised over the ever-increasing volume of shells from the British big guns. From the Houtholdt Wood northeast of Ypres, to the River Lys, on the Belgio-Franco border, Berlin reports, the British fire has been destructive.

Be fair to your teeth --use Mennen's

MANY extravagant claims are made for tooth pastes and powders. Some, while they clean the teeth, do so by a scouring or grinding action...

MENNEN'S CREAM DENTIFRICE

had been done. The government was too busy with electioneering legislation to give time and attention to the soldiers' pensions.

At question time, in reply to Hon. F. Oliver, Sir George Foster said that the price of wheat was hard wheat, was a fixed price to growers.

New Store Front Of Fine Design

Recent Changes Greatly Enhance Appearance of H. Mont Jones' Fur Establishment in King Street

That a store front can be something more than a place for the display of wares, has been illustrated by the new display front recently completed for the fur store of H. Mont Jones, in King Street.

The new front makes a fitting entrance to the show rooms of the store, which have been decorated and furnished with great taste.

Questions Right Of Government To Pass Legislation

Labor Delegate Says Administration No Longer is Representative of People

Ottawa, Sept. 19.—The Trades and Labor Congress of the Dominion of Canada, at the session this morning, commenced the debate on the eight resolutions proposed by various lodges pertaining to the question of conscription.

The discussion on conscription was commenced by Delegate Hoop, of Winnipeg. Mr. Hoop stated that the council, in their report, advised strong and unqualified opposition to the measure...

German Spies Still Active

A Warning in Paris—Seemingly Trivial Thing May Prove Very Important

Paris, Sept. 20.—(Montreal Gazette cable)—Recent disclosures in the Bonnet-Louge affair have attracted public attention to the danger of German agents in Paris.

INFERNAL MACHINE IN HOLD SENDS THE PORT KEMBLA DOWN

London, Sept. 20.—The British steamer Port Kembla has been sunk by an explosion in her forward hold while near Cape Farewell, N.Z.

Women Pledged To Boycott Milk

Two Hundred Promise Action Against Increased Price—To Distribute Food Conservation Cards

The meeting of the Housewives' League, held yesterday in the King's Daughters Guild on Chipman Hill, was very successful and was attended by about 200 women.

Plans were made at the meeting for the distribution of pledge cards in every household in the city to bring home to the citizens the gravity of the food situation and to help the food controller.

POOR DOCUMENT

MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, SEPTEMBER 20, 1917

Given away -
At your druggist or toilet goods counter
this beautiful picture for framing

THIS picture is in exquisite colors and much larger than shown here.

It was painted by Neysa McMein, the popular artist, whose famous portraits of lovely women you see every month on the covers of your favorite magazines. This painting is her conception of "A skin you love to touch." It contains no printing or advertising of any kind.

Actual size 15 x 19 inches. Reproduced on a fine quality antique paper by a special process which brings out exactly the beautiful colors of the original.

How to get it

Go to your dealer's today; buy a cake of Woodbury's Facial Soap, and he will give you without additional charge one of these beautiful pictures.

How to frame the picture
A frame, either plain or carved, of olive green between gilded edges, with an olive green mat, is most pleasing for this painting. Such a frame can be secured at any picture store.

Be sure to ask for it before the supply is gone. Offer is good only until October 5th. Get one while they last!

Get a cake and your picture today; and begin at once to get the benefit of the Woodbury treatment which will give your skin the charm of "A skin you love to touch."

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks. For sale by Canadian druggists from coast to coast.

If your dealer cannot supply you with soap or picture, send us 25c and we will send the picture and the soap to you direct. Address The Andrew Jergens Co., Ltd., 9800 Sherbrooke Street, Perth, Ont.

Your druggist has this picture. Get yours today.

Amazing Power of the Q-tin
To Make Weak Men Strong
Doctor says it strengthens strength
50 per cent of the world's troubles
to many hundreds

How you, too, can have the charm portrayed
There is a Woodbury treatment just suited to the needs of your skin. A booklet giving them all and many valuable facts about the skin comes with every cake of Woodbury's Facial Soap.

An Outrage To Patriotic Women Workers of Canada

(Halifax Chronicle.) Public interests demand that the patriotic and thoughtful women of Canada, whose services during the war have been so incessant, so valuable and so highly appreciated by all well-informed men, should know exactly what is proposed in the disfranchising bill...

Amendment To Franchise Bill

Government Obligated to Withdraw But Nova Scotia Liberals Not Yet Satisfied With Methods Proposed

Ottawa, Sept. 19.—The last desperate attempt of the Borden administration to stack the cards, especially for the government candidates in Sir Robert Borden's own province of Nova Scotia, has been to some extent at least thwarted...

URGENT APPEAL TO COAL USERS

New England Committee Asks Consumers to Conserve Supply in Every Possible Way

To the Citizens of New England—Coal is essential to the successful prosecution of the war. Every available pound can be put to use. It is the patriotic duty of every citizen to conserve the coal supply...

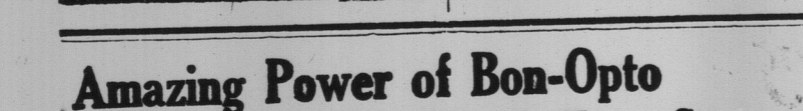

My Limbs Would Twitch

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State—When Specialists Failed I Found a Cure.

Windsor, Ont., Sept. 19.—This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it.

Few People Know This

Large doses of pills for the liver are not as efficient as small doses. The big dose purges its way through the system fast, but does not cleanse thoroughly. The small dose (if right) acts gently on the liver, and gives it just the slight help it needs to do its own work, and do it well.

Carter's Iron Pills will help this condition.

Only Eight Sunk

London, Sept. 19.—British merchant ships of 1,600 tons and over sunk by mines or submarine during the Yalu river, over the question of lumber interests. Two Chinese and one Japanese were killed and many were wounded. Japanese troops have crossed into Manchuria and seized the Chinese town of Tianshen, which they are holding pending an investigation.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens Eyesight 50 per cent. in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home. Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says: "I was almost blind. I could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me."

THE FRANCHISE BILL

Great Britain and Canada went to war with Oom Paul Kruger because he denied the franchise to British subjects in the Transvaal. Today, says the Regina Leader, "Oom Borden takes the franchise away from British subjects in Canada. And in doing so he violates a national pledge and drugs the national honor in the mire. Of the two offences, Borden's and Kruger's, Borden's is the worse."

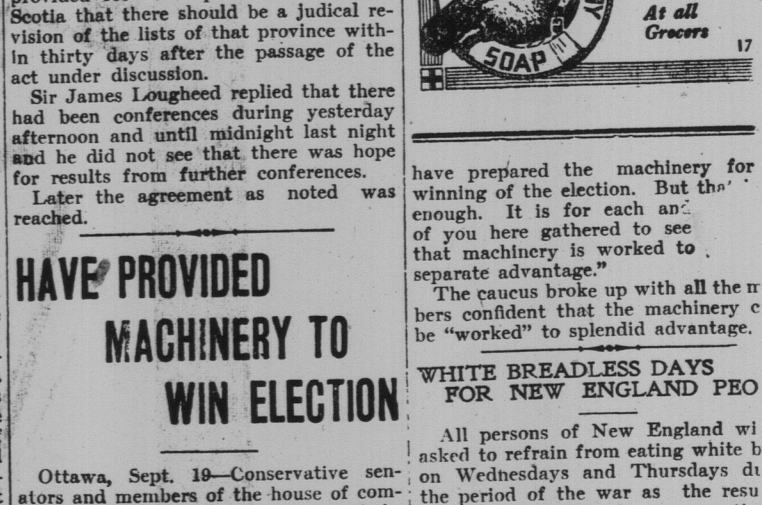

THE BEST THING FOR DYSPEPSIA

WHY PEPSIN, PANCREATIN, ETC., SO FREQUENTLY FAIL

An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke, instead of the fire. He claims, and facts tend to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose generally adopted throughout Europe of taking a teaspoonful of ordinary bicarbonate of soda in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travellers it may be noted that most druggists are now able to supply bicarbonate of soda in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

HOME FOR BURIAL
The funeral of Henry Coleman, who died in Union Hill, New Jersey, and took place this afternoon from Messrs. Chamberlain's undertaking rooms. Services were conducted by Rev. J. C. Appel and interment was made in Cedar Hill.

IN THE PROBATE COURT
Citation was returnable this week before Judge H. O. McInerney in the matter of the estate of Mrs. M. Dibble. After James A. Turner, agent of the administratrix, had given evidence that hearing was adjourned until November 9. Kenneth A. Wilson appeared as proctor for the administratrix, G. H. V. Belyea, P. C., on behalf of two of the next of kin, and J. D. P. Lewin on behalf of Edward S. Dibble, husband of the deceased.

NOVELTY SHOWER
An interesting novelty shower was given at the home of George Brown, Lancaster Heights, on Tuesday evening when young friends of Miss Alice Maude Shanks prepared a most pleasant surprise for her, with gifts of a useful nature in view of a happy event in which she will be a principal in the near future. Games were played, refreshments served and an enjoyable evening was brought to a close, all wishing Miss Shanks a future filled with every good thing.

DEATH OF JAMES MILLS
The death of James Mills, aged seventy years, a lifelong resident of Fairville, occurred at his home at an early hour this morning. His health had been falling during the last year and his death did not come as a surprise to his friends. For seventeen years he had been connected with the Metropolitan Life Insurance Company's staff in St. John as well as in Fairville. Surviving are his wife, one son, A. Mills of Boston; one sister, Mrs. Susan Hammond, who made her home with Mr. Mills, and a brother residing in Baltimore.

CITY STREET WORK
This week will see the end of the paving operations which have been carried on by the civic department of public works during the season. The block in Princess street between Charlotte and Sydney being the last to be undertaken. The department will devote the next week or two to asphalt sidewalk repairs and, as opportunity offers, will complete the repairs to the roadway in Chazy street and will repair a block in Portland and another in Camden streets. Repairs are being made to the wooden walkways in the Millidgeville road, and the work outlined will exhaust the appropriation for street work.

FAMOUS BAKER QUILTS DIAMOND

New York, Sept. 20.—J. Franklin Baker, leading batsman of the New York American League for the last two years, and at yet no opponent of the retired from organized baseball. He reported at the Polo Grounds on Tuesday prepared to play, but was told that his suspension will remain in effect until the end of the season. He has taken this as the club's final answer, and is prepared to leave for his home in Drayton, Md. Baker's contract, which calls for close to \$10,000, has another year to run.

LANCASTER ELECTIONS

Present Councillors, it is believed, Will All Offer Again.

Councillors for the parish of Lancaster have to be elected this fall, the two year term having expired for the present men. Election day will be October 16, but as yet no opponents of the present councillors have appeared.

There is a good deal of talk, however, and some feel confident that there will be late minute surprises. It is understood all three councillors now in office—William Golding, John O'Brien and James E. Bryant—will seek re-election. Messrs. Bryant and Golding have been members of the council for six years and Mr. O'Brien has served two terms as the people's representative.

WALL STREET NOON REPORT

New York, Sept. 20.—(Wall Street, noon)—Renewed professional selling and realizing of profits forced the market generally below yesterday's close. Heaviness of the principal railway shares had an adverse effect on sentiment. The bears were active on the assumption that yesterday's sharp rise had failed to excite public interest, as there was no fresh buying of consequence. After the shorts had taken in some of their contracts there was no further support for rising prices.

SCHOONER BREAKING UP OFF MASSACHUSETTS

Life savers from the Monomoy Point coast guard station worked for hours on Tuesday in an effort to get a line to a three masted lumber-laden schooner ashore just off the point. Men could be seen in the rigging of the ship, which was fast breaking up. Coast guards first sighted the vessel some miles off shore, apparently unmanageable, and it is thought her captain headed her in as his only hope of saving her. The schooner was not near enough for those on shore to make out her identity.

AGED METHODIST MINISTER IS DEAD

Guelph, Ont., Sept. 20.—Rev. Dr. W. C. Henderson of Guelph, died suddenly yesterday while visiting his son, Dr. A. Henderson, in Grimsby. He was in his 84th year, and was born in Huntingdon, Que. He was for forty years in the active work of the Methodist church.

EDWARD DUGGAN OF HALIFAX DIED TODAY

Halifax, N. S., Sept. 20.—Edward Duggan, one of the best known stevedores in Halifax, died this morning.

CITY PAYS HONOR TO RETURNED MEN

Certificates Presented to Soldiers at Gathering in Mayor's Office

There was an interesting ceremony in the mayor's office at noon today when civic certificates were presented to five returned soldiers. Certificates had been prepared for sixteen others but, as they were unable to be present this morning, they will be able to secure the record of the city's appreciation by calling at city hall. The presentations were made by the mayor in the presence of a gathering of city commissioners, city officials and other citizens.

In explaining the purpose of the gathering, Mayor Hayes spoke with deep feeling of the appreciation felt by the citizens of the service and sacrifice made by the men who have served at the front and who have once more returned to their homes. Some 800 St. John men who have been discharged from further military service, the city wished to present some token of appreciation. The certificates, he remarked, were of slight value in themselves, but he was sure that they would be valued by the families and descendants of the soldiers as evidence of their service for the empire and of the appreciation of their fellow citizens.

Hon. J. G. Forbes, who was called upon as one who had been active in the work on behalf of the soldiers and their families, spoke briefly, paying a high tribute to the men who had voluntarily left their homes to fight for the empire and the cause it represents. He expressed his hope and his sincere belief that the end of the war was at hand.

Before presenting the certificates, Mayor Hayes referred in sympathetic terms to the loss sustained by William Murdoch, the city engineer, in the death of his son, Lieutenant Roy Murdoch, Private George R. Wolf, R. H. McNulty and C. M. Bennett, all of the 26th battalion.

SEVERELY BURNED IN GASOLINE EXPLOSION

Mrs. Estella Bell of Southwark Street Victim of Accident

A serious accident befell Mrs. Estella Bell of 26 Southwark street on Tuesday when her face was badly burned in a gasoline explosion. She was cleaning clothing with gasoline when the bottle was knocked against the stove and broke, the gasoline immediately blazing up into her face. She suffered burns on her cheek, eye and hair and one hand, which she sought to protect by flinging it into the flames. A neighbor saved her from a more serious fate by throwing a rug over her and smothering the flames. Mrs. Bell's husband, Private Charles Bell, is in the army on the western front.

SOME LOCAL MATTERS UNDER THE MILITARY SERVICE ACT

The militia department is from day to day making ready for the applying of the military service act. A few days ago the officers commanding the various militia units throughout Canada were notified to strike off the strength of their unit the names of all officers attached to their unit who were not qualified.

Where do the militia officers who have not volunteered for overseas stand in the applying of the military service act? This question was asked military officials this morning and they were of the opinion that all the militia officers would have to report the same as civilians and then it would be for the men themselves to secure appointments as commissioned officers. In accordance with the old militia act, an officer was liable for service in Canada only, then an amendment to the act made them liable for service wherever the militia department decided that they should go, so long as it was for defence of Canada. Their being always at the disposal of the militia department might mean that they will be given their commissions in the case of applying the militia service act. If the militia department wants them at any time, as officers, all that is necessary is the issuing of orders. This question is one that has been the cause of many arguments and the militia officers do not really know just where they stand.

Make the home comfortable with Our High-class Living-room Furniture

Stiff, uncomfortable chairs will not tempt anyone to spend an evening at home, but large, easy-chairs and rockers, such as we are showing in our window now will make it difficult to tear one's self away from them.

And they are not expensive in the end, for a really good stuffed-over chair will last a lifetime and provide many years of solid comfort.
