TWELVE PAGES—ONE CENT

Big Possibilities In British Politics Before End of Week

Unionists to Determine on Thursday Whether Chamberlain Must Go or That He Stay in Cabinet—Break-up of Government or Appeal to People May be Outcome.

PLEA FOR MORE TIME FOR GREEKS

Patriarch Fears Massacre by Turks in Thrace

Calls on Allies for Action—French Commander Sees Danger and Asks for Reinforcements—Thousands of Refugees Leave Adrianople.

(Canadian Press)

Constantinople, Oct. 17.—The Greek patriarchy in a moving appeal to all the Allied governments, entrusts the powers to prolong the evacuation period in Thrace in order to stave the panic that threatens in all parts of Thrace. He refers to the possibility of massacres by the Turkish gendarmerie. He declares that a disaster of inconceivable proportions will ensue unless the Allies take drastic action.

The French military commander at Adrianople has requested Gen. Charpy for immediate reinforcements in Eastern Thrace. He declares that the situation is fraught with danger.

THIRTY THOUSAND TRAMPING ROADS

Adrianople, Oct. 17.—Thirty thousand and Greek refugees have passed from this city to the west since Saturday, and the road between here and the Mariza river is an unbroken line of men, women and children with ox carts, cattle and camels.

Through a steady downpour of rain they are plodding doggedly toward their unknown destinations, driven forward by the nameless fear which has gripped the whole populace of Eastern Thrace since the government's bulletins were posted on Saturday announcing the terms of the evacuation of the province by the end of the forty-eight days.

The procession has no order, but the misery of the refugees is already extreme, and pneumonia will claim many victims if the inclement weather continues.

The refugees believe that if they can reach Karagatch they will be safe from the Turks. This small village, which is just across the boundary, will be in neutral territory unless the peace conference decides its fate.

The rain has flooded all parts of the village, forcing the refugees from the lowland into new camping places in the higher areas.

Many cattle have been drowned by the quickly rising Mariza, on the west bank of which thousands of refugees are encamped. Scores of giant draught oxen belonging to the army have been assigned to the duty of pulling refugee carts from the mud banks into higher and safer places.

Meanwhile Adrianople has taken on the appearance of a deserted city, with the shops and houses closed. The Greek and Armenian priests remain and are doing conspicuous work in assisting the fleeing inhabitants.

Turk in Charge

Constantinople, Oct. 16.—Hamid Bey in a statement to the Allied commissioners, appealing for stringent measures to prevent "serious intermediaries" at Adrianople, declares that the Kemalists have unquestionable evidence of a plan by Greek irregulars to burn the sacred city.

The Allied Missions in a report from Eastern Thrace, say that the principal weakness in the interior is the work of bands of Cossack irregulars who are being sent into Asia Minor with the refugees.

Adrianople, Oct. 17.—Allied military missions composed of twenty-one British, French and Italian officers have arrived in Thrace and will co-operate with the commanders of the seven battalions of troops in preserving life and property, insuring order, protecting the Moslem subjects and aiding the refugees during the period of evacuation.

Constantinople, Oct. 17.—That very much disturbed conditions exist in Thrace is revealed by a British official statement issued today.

"The population of Eastern Thrace is undoubtedly in a very disturbed state," says the statement. "Although no concrete cases of serious disorders are reported the allied generals feel that this is a time when every individual should keep his head and not lend himself to panic."

HURCHILLS ILL; GASTRITIS

London, Oct. 17.—Winston Churchill, secretary for the colonies, who was taken ill yesterday, was somewhat better today. The colonial secretary took to his bed yesterday with an attack of acute gastritis.

Ex-Evangelist Is Jail-Breaker; Shoots Prison Officials

Wilson, Formerly of London, Ont., Gets Keys of Los Angeles Prison and Makes Escape.

Los Angeles, Calif., Oct. 17.—Herbert Wilson, former London, Ont., evangelist convicted of the murder of H. L. Cox, during an attempted jail break several months ago escaped from the county jail here early today. Two other prisoners also escaped. Wilson, armed with a revolver, held up and shot the gateman at the jail, then shot one of the turnkeys, taking the keys, opened the doors to his liberty.

Wilson was formerly pastor of the Richmond street City Mission at London, Ont., where he was born. At one time he was employed in a stove factory in the Ontario city. Charges against him resulted in his being released from the pastorate of the Mission. Later he went to Texas where he was pastor of the Brownsville Congregational church. He left to engage in the oil business in Texas. In January this year he was arrested as head of a bandit gang and held at Los Angeles in \$100,000 bail for trial.

LATER Los Angeles, Oct. 17.—Herbert Wilson, known by police and federal operatives as a "master criminal," convicted of murder of his pal, Herbert Cox, escaped from jail here today. Wilson, who was arrested as head of a bandit gang and held at Los Angeles in \$100,000 bail for trial.

Wilson was formerly pastor of the Richmond street City Mission at London, Ont., where he was born. At one time he was employed in a stove factory in the Ontario city. STARTING FEATS BY THIS AVIATOR

Besides Going 248.5 Miles an Hour, Lieut. Maughan Tilts Machine on Side and Travels a Mile Without Aid of Wings.

Mount Clemens, Mich., Oct. 17.—U. S. aeronautical engineers and army and navy experts at Selfridge Field were speculating today as to what might be the next unheard of aerial feat. They came here a week ago prepared for surprises, but none had expected to see a human being plunge through space at nearly 400 feet a second, nor had they expected to see an airplane flown vertically without the aid of wings.

This was the performance of Lieut. L. R. L. Maughan of the army, who on Saturday won the Pulitzer prize classic, flying a Curtiss army biplane, with which he was victorious on Saturday, Lt. Maughan yesterday traveled one mile in a distance of 248.5 miles an hour, surpassing by more than thirty-two miles the previous official record, and making the distance twenty-eight miles an hour faster than any unaided man previously recorded.

The pilot's great speed was even surpassed in the opinion of some of the engineers, by his "flight without wings." During the Pulitzer race Lt. Maughan's work startled many of the pilots on the field. At more than 200 miles an hour he would tilt his machine on its side, and complete the 120 degree turns upside down. This aroused suspicion as to what he was doing. The light above the studio is excellent and the production manager is very well pleased with it. The schooner Thomas and Robert, Captain Ansel Snow, arrived here today from across the bay and as soon as the weather clears up the work of taking the ship across will be begun.

James Harrison and Harlem Knight, two of the actors, have completed their staff office of the third grade at Valcartier camp during the war.

At Sussex this summer he was one of the R. C. R. instructors and made himself thoroughly popular with the officers there. He will assist Col. Sparling in the training of the Fusiliers and of the U. N. B. and Mt. A. Canadian Officers Training Contingents.

The staff tour finished recently by the officers of this military district was a great success, according to Lieut. Col. Sparling, general staff officer, who was on the tour. There was attendance of thirty-eight officers and a very instructive conference was held on the final day in Moncton when the events of the tour were gone over and the members were advised.

FAREWELL PRESENTATION Members of the Ludlow street Baptist Relief Society met last evening at the home of Mrs. Wellington Lord, Winslow street, to say farewell to one of their number, Mrs. Frank Lodge, who will leave tomorrow to join her husband in their new home in Milton, Mass. On behalf of the members of the society, the president, Mrs. C. E. Belyea, presented to Mrs. Lodge a handsome ivory brush and comb, accompanying the gift with a few appropriate remarks. Refreshments were served and all joined in wishing their departing member God-speed and every happiness in her new home. Refreshments were served by Mrs. Lord.

HOME ON SAD MISSION. Hugh Connor of St. John City arrived in St. John last evening, having been summoned here following the death of his brother, Arthur J. Connor. He is his first visit here in thirty-eight years.

ANY MORE SCRAPS OF PAPER TO BE TORN UP?

There is a suggestion that Britain may cancel France's debts in order that France may lighten her demands, and so restore economic conditions in Europe more rapidly.

—From the Bulletin (Glasgow, Scotland).

ENGLISH CHURCHES UNITE IN TEMPERANCE CAMPAIGN

London, Oct. 17.—(By Canadian Press)—The English churches, embracing practically every denomination, are setting out upon a temperance campaign on the large scale this autumn. "Pledgefoot" tenets and tendencies, however, are rigidly eschewed by the promoters, who number the entire bench of Anglican bishops, nearly all the prominent non-conformists, the Cardinal Archbishop of Westminster, and General Booth. A central fund of \$30,000 is being sought for.

9 MONTHS OLD; HAS 13 TEETH

Bernice, La., Oct. 13.—North Louisiana boasts of a "Wonder Baby." The nine-month-old daughter of Mr. and Mrs. W. E. McClung of Bernice owns thirteen perfectly formed teeth, which are forty-five inches in length, are forty-two inches in height, has long silky hair, and physicians claim her physical development is equal to that of a normal three-year-old child.

Physicians interested in the prodigy declared that they are at a loss to understand her rapid development, inasmuch as she weighed only six pounds at birth. The child's father is sixty years of age and the mother is twenty-five.

GERMAN FINANCE

Berlin, Oct. 17.—One is tempted to lose all self control in the face of the demagogic representative of the finance ministry explained when presenting the fourth supplementary budget of the current year for the federal council's approval yesterday.

He explained that the government now is obliged to establish its reparations budgetary equilibrium at a ratio of 700 paper marks to one gold mark, whereas the ratio was 70 to 1 last March when the reparations commission prescribed gold payments to the amount of 720,000,000 and 1,450,000,000 payments in kind. The revised calculations, due to the depreciation of the mark necessitate a ten fold increase, he declared, bringing the present total up 1,819,000,000 paper marks.

GENERAL ELECTIONS IN AUSTRALIA IN DECEMBER

London, Oct. 17.—(Canadian Press)—Reuters' Melbourne correspondent cables that Premier Hughes of Australia yesterday announced the holding of federal general elections on Dec. 18.

The Melbourne Herald says it is practically certain that the country and the laborists will coalesce in opposing the Nationalists. There are seventy-five members in the house of representatives and twice in the last two months, when the country party combined with the labor party, the ministry (Nationalist) escaped defeat by only one vote.

ON DUTY AGAIN.

J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, resumed his duties yesterday after enjoying a vacation. He left last evening for Montreal on business in connection with his district.

While on his vacation he enjoyed a hunting trip in the New Brunswick woods and secured a fine specimen of a moose.

GUARDS OUT TO STOP SMUGGLING PLACED AT MILLION A YEAR

Toronto, Oct. 17.—A special squad of customs officers has started operations along the Windsor-Niagara-Sarnia frontier to watch attempts at smuggling wearing apparel, raw silks, and other textiles, according to Hon. J. Bureau, federal minister of customs, who is in Toronto today.

This action follows statements made by prominent manufacturers that textiles to the value of a million dollars annually were being smuggled into Toronto.

Wet and Dry Forces Begin Battle Today in Court in New York

Prohibition Authorities and Steamship Lines are Contestants

Millions in Property, Trade Rights and Good Will Involved—British and U. S. Govts. Approach Negotiations Over Seizures Outside Three Mile Limit.

(Canadian Press)

New York, Oct. 17.—Wet and dry forces face each other today before Federal Judge Leonard Hand in the first pitched battle between U. S. federal prohibition enforcement authorities and foreign and U. S. steamship lines over the validity of Attorney-General Daugherty's liquor ruling.

The calendar of Judge Hand's court was cleared for the hearings of temporary injunctions returnable today, restraining the enforcement authorities from putting into effect the ruling forbidding U. S. and foreign ships leaving port after Oct. 21, from carrying liquor under seal into or out of U. S. ports. A distinguished array of counsel was present, representing the federal prohibition authorities, the treasury department and the Cunard, Anchor, White Star, French, Holland American, American Red Cross and United American Lines, and the International Navigation Co.

Millions of dollars in property, trade rights and good will are said to be at stake while counsel for foreign lines have contended that infringement of treaties between U. S. and foreign countries and violation of foreign laws, are points involved.

The British Position. Washington, Oct. 17.—Negotiations between the British embassy and the U. S. state department looking to the release of vessels of British registry seized by U. S. prohibition forces outside the three mile limit, were expected to take more definite form as a result of the definite refusal of the British government to enter into an agreement which would permit of reciprocal authority to make such seizures.

A suggestion from the U. S. that an agreement whereby the two governments could exercise special supervision over U. S. and British shipping in coastal waters outside the three mile limit, was accepted in full by the British government. It is understood that the British government has indicated its willingness to adhere to the doctrine laid down by the U. S. supreme court in the case of the "Mascado" and to the "jurisdictional area" served by bringing the parent ships to all intents under the same jurisdiction. In other cases, however, the British view was declared to be emphatic that U. S. enforcement agencies were without authority.

CONFRONTED BY ITS OWN PRECEDENT. In support of the contention re such ships as the Buena and the Gardner, both of which were captured by the U. S. "dry navy" at points from seven to nine miles off one New Jersey coast, the British government was understood to have relied heavily on the decision obtained by the U. S. from British courts in 1905, in the case of the schooner Anna.

The Anna, flying the U. S. colors, was captured by the British privateer Minerva near the mouth of the Mississippi River, and her cargo of logwood was confiscated. The case was an interesting feature of the case was that—as the cases of the ships recently taken off New Jersey, a large sum of money found on board by the captors, was seized.

Claim for release of the ship was filed in the U. S. courts in London on the ground that she had been captured within the marginal area over which the U. S. asserted exclusive jurisdiction. The British courts upheld this contention and it is now declared that the U. S. is stopped by its own precedent from going outside that "margin."

The British note pointed out that Great Britain had already taken steps to prevent practices as to registry issuance and clearance papers of which the U. S. had complained in its note, adding that Great Britain had supplemented these steps since the U. S. note had been received and it was hoped "the measures taken will prove successful in preventing any breaches in the local law."

REPEAL LIQUOR ACT IN ONTARIO

Platform of John Callahan, Liberal Candidate in By-Election.

Toronto, Oct. 17.—John Callahan, unofficial Liberal candidate in the provincial election in Southeast Toronto, announced last night that he favored the repeal of the Ontario Temperance Act and the substitution of a system of liquor control similar to that in Quebec and British Columbia. I. F. Hollmuth, K. C., prominent lawyer and Conservative and president of the Ontario Moderation League, spoke in support of Mr. Callahan.

ROYALISTS IN GREECE AROUSED

Athens, Oct. 17.—The campaign to make Greece a republic, launched directly after the return from Paris of the new foreign minister, Nikoils Politis, prominent Venizelist, has strongly aroused the royalist newspapers.

Mina declares that in its judgment the Greek people will overwhelmingly oppose the idea of a republic, and that any ruling régime would be a republic presided over by M. Venizelos.

ALCOHOL CAUSE OF DEATH OF TWO

Detroit, Oct. 17.—Two men are dead from alcohol poisoning, possibly police say, from drinking raw alcohol, stolen several days ago from the Baldwin University Co., 1400 Fourteenth Ave. The police say moonshiners stole the alcohol.

TWO MORE ARE SEIZED OUTSIDE 3-MILE LIMIT

Liquor Valued at \$100,000 in British Schooner Emerald and U.S. Motor Boat Elsie

New York, Oct. 17.—Suits were filed in the U. S. district court in Brooklyn yesterday by the U. S. district attorney's office against the British schooner Emerald, seized on last Sunday night twelve miles out in the U. S. cutter Hahn and against the American motor boat Elsie, seized at the same time.

On the two boats liquor was seized, it was said, valued at \$100,000. Counsel for Capt. John A. Williams of the Emerald and the crew of six negroes and Captain Albert Shannon of the Elsie, declared that the boats were eighteen miles out when seized.

The proceedings against the two boats will be brought under the new tariff law, it was said, and will be the first cases under that act. Under the ruling of Attorney General Daugherty that no one is to be arrested outside the three mile limit, the two captains and the six negroes were released after being taken to the district attorney's office in Brooklyn. They declined to state the ownership of the boats.

ALLEGED PLOT AGAINST U. S.

Charge Against 20 Communists—What Raid in Michigan Woods Revealed.

St. Joseph, Mich., Oct. 17.—Arraignment of twenty alleged communists charged with plotting to overthrow the government of the U. S. by force was set for today, the first test of Michigan anti-syndicalism law, which was passed as a war time measure.

Sixteen of the men were arrested on August 22, when officers swooped down on the wooded glens near the town and interrupted what the government charged was the national convention of the communist party of America, representatives in this country of the Third Internationale of Moscow.

Between seventy and eighty radicals had been at the meeting, the government agents say, but all but sixteen fled. Three men, including W. Z. Foster, of steel strike fame, later were arrested in Chicago and extradited. Another, Joseph Zsak, was extradited from New York.

A farmer who whose curiosity had led him to spy on the woodland meeting told the raiders the men arrested had buried something in the woods and he led them to a spot where they dug up three barrels filled with typewriters, duplicating machines, papers, manuscripts, reports, stationary and printed propaganda of the communist party.

Eleven of the defendants have been confined in the Berrien county jail here since the raid, unable to raise \$10,000 bonds.

Foster, Charles E. Ruthenberg, of Cleveland, secretary of the workers' party, the legal branch of the underground communist organization; Wm. Dunn, worker's party candidate for governor of New York and the six others who are at liberty under bonds arrived last night.

Federal agents who watched the gathering of the defendants reported that Frank P. Walsh, of Kansas City, noted labor attorney, was with them.

CHOOSING MAN TO REPLACE WATSON IN THE SENATE

Athens, Ga., Oct. 17.—Georgians voted today in a special democratic primary to nominate a successor to the late U. S. Senator Thomas E. Watson. There are four candidates: Governor Thomas W. Hardwick, Seaborn Wright, John R. Cooper and Walter F. George. Today will also determine whether the Watson block of voters, said to have exerted a controlling influence in Georgia politics for many years, will remain intact or be split into factions. George is the Watson candidate.

WEATHER REPORT. Issued by authority of the Department of Marine and Fisheries. R. J. GIBSON, director of meteorological service.

Synopsis—Pressure is lowest in the Ottawa valley and highest in the western states. Some local falls of rain or snow have occurred in the Lake Superior district and a few scattered showers from Lake Huron to the maritime provinces, but the weather in the domain on the whole has been fair and cooler.

Forecasts—Maritime—Fresh to strong southerly to westerly winds; cloudy, with showers. Wednesday, fresh to strong westerly winds; mostly fair and cooler. Thursday, fresh to strong westerly winds; mostly fair.

New England—Partly cloudy and much cooler tonight; probably frost if the weather clears. Wednesday, fair and cooler; fresh west and northwest winds.

HOME ON SAD MISSION. Hugh Connor of St. John City arrived in St. John last evening, having been summoned here following the death of his brother, Arthur J. Connor. He is his first visit here in thirty-eight years.

EXAMINATIONS FOR ADMISSION AS ATTORNEYS

(Special to Times) Fredericton, N. B., Oct. 17.—Nine candidates began examinations for admission as attorneys this morning. Five are finalists and four are writing the intermediate examinations. E. Allison Mackay, of Fredericton, is in charge of the intermediate examinations, and Dr. C. Allan, R. C. J. F. Winslow, and P. J. Hughes are conducting the examinations of the finalists. Today the examinations are oral.

HORSE CASE IN POLICE COURT

Edward Bentley was today charged with driving a horse not fit for use, on October 15. He pleaded not guilty. The case was brought by the S. P. C. on the report of D. C. Clinch. Mr. Clinch said he had seen two boys driving the horse Saturday night and that it was too lame to be driven. He stopped the boys and they told him that the horse belonged to the defendant. The horse had been in terrible pain. He had heard later that the horse had been driven again on Sunday. Sergeant Rankine said he had gone with S. M. Wetmore of the S. P. C. street last week. They had found the horse badly spavined and very lame. He had seen the horse again in Douglas avenue on Sunday afternoon. The horse seemed to get over its lameness after it had been driven a while.

PERSONALS

Mrs. Robert S. McConnell (nee Shaw) will receive for the first time since her marriage on Wednesday afternoon and evening, Oct. 18th, at her residence, 9 Wright St. Rev. James Woods, C. S. R., of St. Peter's church, returned to the city today from St. Stephen. Mrs. David Hipwell and Miss Annie Hipwell left last evening for Vancouver where they will reside in future. A large number of friends were at the station to bid them farewell. Edwin LeRoy Bejva, of the West Side, left yesterday on a hunting trip in the vicinity of Hoyt Station.

RUMMAGE SALE

St. Elizabeth's Society of St. Peter's church are conducting a rummage sale at 610 Main street today. The members in charge reported that it was successful. The proceeds are for the poor of the parish.

MARRIAGES

O'BRIEN-ARSENAULT — At the Cathedral of the Immaculate Conception, on October 17, 1922, by Rev. Robert Nugent, John Patrick O'Brien to Loretta Mary Arsenault, both of this city.

DEATHS

LASKY—In this city, on October 16, George M. Lasky, aged eighteen years, son of the late Oram G. Lasky, leaving his mother, two sisters and three brothers, all of this city. Funeral on Wednesday morning at 10:30 o'clock, from his late residence, 28 Sherbrooke street. HEGAN—On Monday, October 16, 1922, George Black Hegan, in the seventy-third year of his age. Funeral from St. Paul's church on Wednesday, October 18, at 2:30 o'clock. No flowers by request. BROWN—In the General Public Hospital, on Oct. 16th, Douglas Brown, leaving six sons and two daughters. Service Wednesday at 3 p. m. in his late residence, 77 Portland St. Interment in Cedar Hill. PYNE—On October 17, 1922, after a lengthy illness, William Pyne, son of the late William and Ellen, leaving one sister to mourn her loss. Funeral on Thursday morning at 11:15 o'clock from his late residence 78 Queen Street, to St. John the Baptist Church for Requiem Mass. Friends invited to attend. HEVENOR—Entered into rest on Oct. 16, at her residence, 19 Spring St., Elizabeth, widow of the late G. Hevenor. Funeral at 2:30, Oct. 17, from her late residence. DONOHUE—At Boston, Mass., on the 15th inst., Catherine, widow of Patrick H. Donohue. Funeral from the Mater Misericordiae Home, Wednesday morning, at 8:45 to the Cathedral for high mass of requiem. Friends invited.

IN MEMORIAM

SMITH—In loving memory of Herbert W. Smith, who departed this life Oct. 17, 1918. WIFE AND SON. DESMOND—In loving memory of Jeremiah Desmond, who departed from this life October 17th, 1918. WIFE AND DAUGHTER. CUNNINGHAM—In loving memory of our only son, Raymond Cunningham, who departed this life Oct. 17, 1919. Surrounded by friends, we are lonely. In midst of our pleasure we're blue; A smile on our face with a heartache. Lonesome, dear Raymond, for you. FATHER, MOTHER, SISTER, WIFE.

LOCAL NEWS

Alex. Lesser wishes to announce the termination of his Birthday Drawing Contest. Those fortunate people holding the following numbers, upon calling at the store may select goods to the value of \$35. The lucky numbers are: 902, 904, 248, 863, 1817, 1921. 10-18

A Feast of Burgundy—Alex. Lesser's 6th Anniversary Sale starts Friday. 10-19

CARD OF THANKS

Mr. and Mrs. Robert Drake and family wish to thank the doctors and nurses for kindness and care of their brother, C. E. Payne, while in the hospital. 10-18

AWAY TO SYNOD MEET IN HALIFAX

The meeting of the Provincial Synod of Canada, which includes the four eastern provinces of Quebec, New Brunswick, Prince Edward Island will be held in Halifax tomorrow under the presidency of the Metropolitan, the Most Rev. C. L. Worrell, D.D. Archbishop of Nova Scotia. Among those to attend are Bishop Partridge of Montreal, Bishop Richardson of Fredericton, Canon Scott of Quebec, Archbishop Paterson-Smith of Montreal, Professor Abbott-Smith of Montreal, Chancellor Davidson of Montreal, Chancellor Campbell of Quebec, Dean Neales of Fredericton, Bishop Williams, Very Rev. Archdeacon Salfour, Very Rev. Dean Shreve, Rev. Phillip Callis and Rev. E. K. Moffatt of Quebec. In this connection excerpts from Archbishop Armitage's "story of the Canadian Revision of the Prayer Book" are interesting. He gives sketches of those who took part in that work, including: "The Bishop of Fredericton (Dr. Richardson), continuing as he did a devout spirit with a most practical mind, brought many useful suggestions to the work of revision. He was indefatigable in his efforts to bring the Prayer Book into closer touch with our church life in Canada, but at the same time his strong desire was to see a work accomplished which should have permanent value."

PERSONALS

Dean Neales of Fredericton, who had been a member of the general committee from the first, came on the executive in 1915. The dean's interest was constant, and he brought as a contribution a well-trained judgment, and a strong desire to bring the Prayer Book into more practical relationship with ourselves. "H. B. Schofield of St. John, N. B., was the second representative layman engaged on the study of the place of the Psalter in public worship. It was a distinct advantage to be able to discuss questions concerning the services of the church with a devout layman, who had large experience of business life. And it may as well be noted here as elsewhere, that some of the laymen were quite ecclesiastically minded, and in one or two cases had a grasp of theology which put them in a class by themselves. At the opening meeting tomorrow Rev. Dr. William Manning, Bishop of New York, will preach. The main business of the synod meeting is to confirm the action of the general synod in the matter of the new Prayer Book. It is necessary that they be adopted by each of the provincial synods. From New Brunswick.

Those attending the synod will include Rev. Canon E. A. Armstrong, Rev. J. V. Young, Rev. J. H. A. Holmes, Rev. A. L. Fleming, and Rev. W. P. Dunham of St. John; Rev. Canon Smithers, Rev. Dean Neales and Bishop Richardson, of Fredericton, and Archdeacon Newham of St. Stephen. The ministers from St. John will leave on tonight's train for Halifax at 10:30 o'clock. Rev. Canon Smithers of Fredericton passed through the city today en route to Halifax.

U. S. GOLD AT RECORD TOTAL OF NEARLY FOUR BILLIONS

New York, Oct. 17.—The gold stock of the United States made a new high record on Oct. 1 at \$3,874,178,711, an increase of \$15,630,509 over Sept. 1. Since Jan. 1, 1922, the gold stock has increased \$217,190,160. By months the gains have been as follows: September, \$15,630,509; August, \$23,048,781; July, \$29,922,607; June, \$11,039,281; May, \$7,704,647; April, \$16,148,045; March, \$29,861,884; February, \$39,873,284; and January, \$23,938,850. The total gold reserves of the Federal Reserve Bank on Oct. 4 were \$3,062,280,000, as compared with \$2,219,922,000, so that of the total increase in the nation's stock of gold since Jan. 1 amounting to \$217,190,160, all but a few millions have been deposited with the Federal Reserve Bank. Of the total stock of gold in the country the Federal Reserve System holds approximately seventy-five per cent.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding piles or hemorrhoids. No operation or treatment required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 60c. per tin. Sold by all druggists. Dr. Chase & Co., Limited, Toronto. Sample box free.

Wholesome—Delicious

And just the thing for hungry youngsters. Let them have all they want of it. Become one of our regular customers.

NO CREDIT TO GREAT BRITAIN

French Envoy Takes it All for His Country and Goes Even Further.

(Canadian Press Cable) Paris, Oct. 17.—France's "pacifist policy" was given a very large share of the credit for preventing war in the Near East by M. Franklin-Bouillon, the special French envoy at the recent Mudania conference, in a statement which he issued to newspaper correspondents last night. M. Franklin-Bouillon was also lauded by the French delegate, who was unwilling to grant the British government credit for even the smallest part in bringing about a settlement of the difficult problem with which the Allies were faced. The interview was given at the foreign office. Nearly a hundred correspondents last night. M. Franklin-Bouillon said that he had authorized no such communication. It was such things as these which we had to contend with in trying to make peace in the Near East.

PASSING OF THE FLAPPER

Renfrew, Oct. 17.—At a recent session of the Teacher's Institute convention Peter Sandford, Ph. D., was down on the present day "flapper" and affirmed the belief that the present system of education was, to a large extent, responsible for the product. There were, he said, two extremes in education. One was too liberal, and allowed the student too much leeway in the selection of matter to be studied; the other was too puritanical, and horn of the conflict between the two had resulted in the "flapper" of today. He foresaw the end of this type, and the smoking among women, the wearing of trousers and the twirling of walking sticks, which are making the sex indistinguishable. There would, he concluded, be an end to this, and the world would yet be saved.

THE DELORME CASE

Montreal, Oct. 17.—The question of the legal domicile of Rev. Adolphe Delorme, at present in Beauport asylum near Quebec, was settled today by Mr. Justice Bruneau, who rejected the petition of the abbé's lawyer, Leo Houle, who asked for the transfer of the interdiction case inaugurated by Adolphe Delorme, brother-in-law of Delorme, and the family council from Montreal to Quebec. Mr. Justice Bruneau decided to take the case up here next Friday, when evidence for and against the interdiction of Delorme and the appointment of a curator for his large estate will be heard.

TRAFFIC CASES

Several traffic cases were taken up in the police court this morning. Lewis Miller was fined \$10 for driving an auto truck in Douglas avenue without front or rear license plates. The report was made by Policeman LeBlond. The defendant said he was not in the avenue at the time reported. He said a lady in Renforth could testify to that fact, but that he would not bring her to court. He paid his fine, changing his plea to guilty. Luis Inquerido will head the new Chilean cabinet.

Healthy Liver Healthy Life

Your liver—healthy or clogged, active or sluggish—makes all the difference between a vigorous, cheerful life and low spirits and failure. To subdue a stubborn liver, overcome constipation, biliousness, indigestion, headache and the blues there is nothing so good as Carter's Little Liver Pills. Purely vegetable. Small Pill—Small Dose—Small Price.

"Let's Get Acquainted"

A Tailored Suit is An Investment

WHEN you stop to think what you paid for a custom tailored suit two years ago, or even last year, just take a look at the price at the bottom of this advertisement and wonder how we do it. The truth of the matter is, we can't do it all the time and still pay rent, but this week we'll give you a chance to come in and "get acquainted," and at the same time leave your measure for either a Fall or Winter Suit. The workmanship, the linings, the trimmings in general are all the same quality that you have come to expect in merchandise from this Specialty Shop. The woolens are the best we can buy. The price for "Get Acquainted" week is \$37.50.

FORD CUTS \$50 OFF PRICE OF PASSENGER CARS

Detroit, Oct. 17.—(Canadian Press) —The Ford Motor Co. today announced a cut of fifty dollars in the price of all passenger cars, establishing record low prices. No change has been made in the price of Ford trucks. Hereafter five passenger touring cars will list for \$289; roadster, \$289; coupe, \$330; and sedan, \$350. The price of the self starter remains at \$70 and demountable rims are unchanged at \$25.

KEMALISTS ARE ANNOYED OVER PREMIER'S SPEECH

Constantinople, Oct. 17.—Lloyd George's Manchester speech on the Near East has created a furore among the Kemalists here. "This speech," said the Kemalists representative here, "completely shatters the confidence which we were reposing in Great Britain after her assurances to us at Mudania." The phrase in which, as received here, the Kemalists were compared with "warlike animals" particularly displeased the Nationalist delegates.

TRAFALGAR DAY

Every Man "DO HIS DUTY" Saturday next, Oct. 21, being the 117th anniversary of the famous victory of the British navy under Admiral Nelson, at Trafalgar, it is the expression of the joint committee of the Navy League of Canada and of St. George's Society that this outstanding event in British history should be fittingly observed by the loyal citizens of St. John. Any assistance that the city officials, educational authorities, business men, clergy, the press, amusement houses, shipping people or others can render will be greatly appreciated. It is suggested that the day be observed by a general display of flags and bunting on land and sea, by the playing of patriotic airs by newspaper churches, by the showing of films or slides, by talks in the public schools and by other means. Faithfully yours, JAMES MANNING, President St. George's Society R. E. ARMSTRONG, President N. B. Division Navy League.

ST. JOHN MAN IN THE HOLIDAY CHAIR THIS MORNING

Halifax, Oct. 17.—The Maritime Religious Education Conference opened here today. L. W. Simms of St. John presided this morning. The weekly meeting of the Gryo Club was held at Bond's restaurant at noon today, with Louis Titus presiding. Charlie Gorman was received as a member with three rousing cheers and the singing of "For He's a Jolly Good Fellow."

GYROS WELCOME GORMAN

The weekly meeting of the Gryo Club was held at Bond's restaurant at noon today, with Louis Titus presiding. Charlie Gorman was received as a member with three rousing cheers and the singing of "For He's a Jolly Good Fellow."

A. Northrup, of Manchester, Robertson, Allison, Ltd., on his way to England on a business trip. The Regina left Liverpool on Saturday for Montreal. Among her passengers was H. R. Dunn, of the firm of M. R. A. The Canada arrived in Montreal from Liverpool yesterday. The Meganic arrived in Liverpool from Montreal on Saturday.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have relief in a few minutes. Nothing has so concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Press the blood circulation, breaks up the congestion and the old rheumatism torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

HORSE SHOT BY ORDER OF S. P. C.

A horse, reported to the S. P. C. as being in a deplorable state physically, was destroyed by Sergeant Rankine this morning near the Marsh bridge. The horse was owned by Mrs. Mary Boyd, charged with the murder of her youngest two children at Argyle, and also in the case of Peter Foley. BURIED TODAY. The funeral of Mrs. William Moore was held this morning from her late residence, 69 Symonds street, to the Cathedral for high mass of requiem by Rev. Simon Oram. Interment was in the new Catholic cemetery. Sons acted as pallbearers and a great many spiritual offerings were received. The funeral of Mrs. Ann Jane Lawton was held this afternoon from her late residence, 228 Duke street, where service was conducted by Rev. H. A. Cady, assisted by Rev. R. M. Legate. Interment was in Fernhill. CONDENSED NEWS. As a result of the Arctic voyages of Captain Beane, Canada now possesses two new postal districts, Craig Harbor, on Ellesmere Island, and Pond Inlet, on Baffin Land. The first is only 880 miles from the north pole. Special despatches from Vladivostok report that city in imminent danger of invasion by Soviet troops. The U. S. army dirigible C-2, which recently completed a transcontinental flight, took its first today at Brooks Field. It was destroyed. A NICK TRIP. Mr. and Mrs. James T. McGivern returned home today after a pleasant trip to the States. They left here by automobile and motored to Portland, Boston and New York, and while in the metropolis witnessed the world series between the Giants and the Yankees. They returned home via the Fall River line to Boston and the Eastern S. S. line to St. John. BURIED YESTERDAY. At the funeral of Edward Nearing, which took place yesterday afternoon from his late residence, 5 St. David street, the services were conducted by Rev. Mr. Lane, assisted by Rev. A. L. Tedford. The choir of Exmouth street Methodist church took part in the service. Interment was in Fernhill.

Chesterfields of Your Own Design

The breadth of buying only to be had in the bigger cities is yours at the House of Marcus, as instance this latest service in Chesterfields.

Not only the largest display in the Maritimes right on the floor before you—but made to your order. Yard-wide samples of coverings, too—sixty altogether, and all of them new. Just to indicate six out of sixty you can drape over another Chesterfield to study the effect—or you may have in any additional length for hangings and what not—take note of these in mohair. Brocaded Silk Mohair—flowered Old Gold on Taupe. The same material in a brocaded Belgian Blue. Royal Blue on Old Gold. Panned Silk Mohair—Raisin Chadwick—a futurist study of shadowy Oriental flowering; rich colors. The same material in deeply colored and full-blown Oriental blooms. Harris Maure. Taupe Foliage on Belgian Blue.

PARIS AWAY TO TRURO TONIGHT

John Paris, who was yesterday released after his fifth trial for murder, told a Times reporter today that he was to leave for his home in Truro this evening. Before going he said he wished to thank the jail officials for their kindness to him during his year in jail, mentioning especially the sheriff and Frank Bowers, turnkey. He also expressed thanks to the pastor of St. Phillip's church, Rev. Mr. Stewart, and the congregation in general for their great kindness in assisting financially through the several trials and looting after his temporal needs while in jail and since his release. He desired also to extend his thanks to the Salvation Army and particularly Commandant Arthur Sheard who, through visitation while in prison, sought to bring spiritual consolation and to the lady, who, through the Salvation Army, paid his way to Truro. MISS CATHERINE FARRY. Miss Catherine Farry died this morning at the residence of her sister, Mrs. M. Reedy, Fairville. She was a daughter of the late Hugh and Mary Farry of South Bay and was in the eighty-second year of her age. Her sister is the only surviving relative. Her funeral will take place on Thursday morning from her late residence to St. Rose's church.

DUPRE'S AMAZING FEAT. Marcel Dupre, the famous young organist of Notre Dame Cathedral, Paris, who appears in Centenary church next Tuesday evening, recently started the musical world by the most incredible feat of playing for the first time in history the entire organ works of each perfectly from memory in a series of ten extraordinary recitals at the Paris Conservatory. This accomplishment involved memorizing and playing more than 200 different pieces, 2,000 printed pages of music. The number of actual notes ran into millions. This unparalleled achievement won for Dupre the title of "the finest organist of his time."

A MEN'S SHOE DEPT. OPENED BY OAK HALL

Once again the management of Oak Hall, St. John's leading store for men, show their progressiveness and confidence in the future of St. John by broadening out their men's business, to include a complete shoe department. This has Oak Hall rounded out its business to include everything a man needs in wearing-apparel, clothing, haberdashery, hats, and now shoes. The Oak Hall Shoe Shop is located in the Germain street store, occupying half of the floor space, while men's hats utilize the other half. New, modern fixtures have been installed, with ample opportunity for display, the large floor space luxuriously carpeted, and everything possible done to give customers real up-to-the-minute service. This new department is under the management of E. C. Girvan, well known in St. John as a shoe man of wide experience, and exceptionally well fitted to make the Oak Hall Shoe Shop a success right from the start. Mr. Girvan spent considerable time studying the shoe question, both in the American and Canadian markets, and came to the conclusion that, based on today's market prices, it would not be necessary to go higher than \$9 for a high quality, snappy style shoe. So three feature prices will dominate the Oak Hall stock, \$6.50, \$7.50 and \$9, and at these prices Oak Hall have brought together the best values obtainable. Oak Hall have had their entire stock stamped with their own name, the same as their men's clothing, and this stamp will have behind it the complete Oak Hall guarantee of satisfaction that has won such an enviable reputation in the clothing field. The Oak Hall Shoe Shop is now open. Oak Hall is ready to serve you, and will be pleased to have you drop in, if only to look around.

JUDGE ENVIES NEW YORK CODE IN TREATMENT OF CRIMINALS
Washington, Oct. 17.—The Penal Code of New York, which empowered a judge to impose a life sentence in the penitentiary on habitual criminals, is to be envied, according to Justice Wendell P. Stafford of the Criminal Division of the District of Columbia Supreme Court. In imposing sentence on several pickpockets, purse snatchers, burglars and other criminals, Justice Stafford remarked to each one: "If you were in New York now I should sentence you to the rest of your life behind the bars. Unfortunately I have no such privilege in the District of Columbia, although conditions demand such an amendment to our Penal Code."

ONLY FIVE GERMAN PRISONERS REMAIN IN FRENCH JAILS
Paris, Oct. 17.—Five German prisoners are said to remain in French jails of the several hundred thousand taken by French troops during the war. President Millerand having granted full pardon to twenty-one of the twenty-five convicted of crimes against the common law. These five remaining prisoners, who are held at Touillon Prison, were found guilty of particularly heinous crimes. Their sentences, however, were reduced.

BAPTIST MINISTERS ELECT.
The Baptist ministers institute held the information that some of the officers elected at the annual meeting in the Victoria street church. The election of officers resulted as follows: President, Rev. A. L. Tefford; vice-president, Rev. C. B. Freeman; secretary-treasurer, Rev. J. A. Swetnam; Rev. W. A. Robbins was welcomed to Ludlow street Baptist church. A paper was read by Rev. C. T. Clark, and those present joined in discussion of the subject. A very enjoyable supper was served under the direction of Rev. and Mrs. G. D. Hudson.
LAW STUDENTS ELECT.
R. H. Bennett was elected president of the Students' Society of the King College Law School at a well-attended meeting last evening. Mr. Bennett, who is a graduate of U. N. B. and at present on the teaching staff of the high school, is a third year man. Miss Margaret Teed was elected vice-president, and P. M. Tweedie was installed as treasurer. R. H. Moore was elected secretary. The appointment of committees was deferred until the meeting next week. W. A. Haines was appointed associate editor of the King's college Record, and Miss Leslie Pickett, B.A., as assistant.

THE MARY FRONTIN INQUEST ENDED

Mrs. Bessie Parker is Named in Verdict—Coroner Outlines Features of the Case.
The inquest into the death of Miss Mary Frontin was concluded last evening before Coroner H. A. Porter and the jury, after being out thirty-five minutes, brought in a verdict that she came to her death following an illegal operation performed by Mrs. Bessie Parker. Evidence was given by Dr. H. L. Abramson, Miss Margaret Merryweather, Miss Marie Kymn, Miss Katherine Frontin, R. H. Gale, Dr. V. D. Davidson. Dr. Abramson said that the uterus had been punctured twice by some sort of instrument. He said he had never known of a case of such wounds being self-inflicted but admitted that it was possible. Mrs. Parker was in court and E. S. Ritchie appeared for her. He refused to allow her to make any statement. The coroner then said that, in his opinion, when the doctor secured her story on the occasion when she despatched her to the hospital, some detailed account should have been forwarded with her so that the doctors at the hospital would have been prepared to go on at once with the treatment of her case. He considered that the admission card alone did not contain enough information when a patient was sent to the hospital by a doctor. The coroner then remarked that for two days the girl was kept in the typhoid ward and added that it seemed to him, her true condition should have been discovered before that time, in spite of the false history which she gave at the hospital. He also said that he considered it a bad practice to have the examination of patients to ascertain their condition, left to internes, many of whom were just a few months out of college. He thought that experienced doctors should at least carefully check their work. In connection with Mrs. Parker's refusal to testify, the coroner informed

STRIKING SHOPMEN AND GRAND TRUNK RAILWAY EMPLOYEES AGREE
Detroit, Oct. 17.—Striking shop craft employes and employes of the Grand Trunk Railway, reached an agreement on wages and working hours here yesterday, according to announcement by W. H. Edmondson, general manager of the Grand Trunk. Details were not made public. The agreement, it was said, affected employes on the eastern and western lines of the Grand Trunk.
MEANEST THIEF FOUND; TAKES CHARITY COINS
Newmarket, Oct. 17.—No petty thief has been so successful in Newmarket for some time as the removal of the coin collector for the Greenhurst Sanitarium from the general post office. It was not missed until the postmaster received a communication from the sanitarium offices, asking that he forward the contents. Efforts are being made to locate the thief and recover the money.

SOVIET ARMY 1,600,000; KRUPP SUPPLIES ARMS
Warsaw, Oct. 13.—(Associated Press) Russia has 1,600,000 men under arms, mainly concentrated along the western frontier from the Baltic to the Black Sea, while the Baltic States have only 120,000 men under their colors and Poland 260,000, according to figures compiled here. These figures, it is stated, have been brought out in connection with the present conference of representatives of the Baltic States and Poland at Revel, in preparation for taking part in the Moscow disarmament congress proposed by Foreign Minister Litvinine.
The newspaper Kurjer Porany declares in this connection that Russia has agreements with the Krupp works which arms and munitions are being produced on a considerable scale in their Russian works, it being reported that the factory at Tula is turning out 20,000 rifles and 30,000,000 cartridges monthly, while the establishment at Putilov is producing several hundred pieces of heavy artillery yearly.
This newspaper also asserts that the Soviet War Office is drafting selected contingents of men between 20 and 40 years of age and devoting 34 per cent of the national revenue to army uses. There are also persistent reports in Warsaw, it adds, that Russia will turn over to German arms manufacturers all this year's surplus of the Ukrainian surplus largely produced in Russia, from materials imported from Germany.

POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, OCTOBER 17, 1922

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE TAXATION BOGEY

The people who are trying to fasten the yoke of monopoly upon this city have begun to cover the dead walls with posters, and to decorate these posters with scarecrows, in the vain hope that a few electors may be stampeded by the cry that taxation will become heavier if the hydro forces win.

The Evening Times will proceed to take the taxation scarecrow to pieces here and now. It is a poor scarecrow anyway, but then the enemy has a poor cause and suffers from a plentiful poverty of invention in addition to that.

Taxation under Mr. Fisher, other things being equal, would certainly be less than under Mr. McLellan, if it were possible to elect Mr. McLellan again in the face of all his sins of omission and commission. If it is anybody in this town who is afraid of being taxed more heavily than at present for one cause or another, and who believes this to be a serious issue to him personally, he had better get out right now and go to work for Mr. Fisher.

The plain fact to be kept in the foreground is that if hydro wins there can be and will be absolutely no increase in general civic taxation to pay any of the hydro bills.

As a matter of fact, all of the bills in connection with the city's share of Musquash power, all of the cost, every cent of the money chargeable to St. John's purchase and distribution of the current will be paid for by those who use the power for light, heat and industrial energy.

But that is not all. The case is much better than that. The people of St. John will save just about \$600,000 a year from the start—\$600,000 being the difference between the total that the light and power consumers pay today to the New Brunswick Power Company and the total they will pay after the rates have been reduced from the present level to an average of four cents.

The hydro forces ought to be grateful to Mr. McLellan and his campaign associates of the New Brunswick Power Company for trotting out this taxation scarecrow, because, if one could mix metaphors enough to say that a scarecrow was a boomerang, this particular McLellan scarecrow is just the kind of a boomerang that circles around and returns to the point of starting and hits the thrower somewhere under the right ear.

Keep this in mind. The New Brunswick Power Company's present rates will be cut in half under hydro at cost. General taxation will not be affected. The users of light and power will not be paying more than now, but the annual saving in that way to the citizens will be just about \$600,000.

If you look at \$600,000 as the interest on \$10,000,000, and remember that this is the saving involved, you get a good idea as to how useful this particular McLellan campaign scarecrow is. The man or men who dressed it up for exhibition just now are no doubt proud of it. It shows their grade of intelligence. It also shows how meanly they estimate the intelligence of the electors of St. John.

If they stop to think a minute they will realize that these electors know a great deal more than they are giving them credit for, because these same electors, directly and indirectly, have rejected every gold brick which the New Brunswick Power Company, or any of its tools or agents, have offered to them for a long time past.

If there are any more scarecrows, trot them out. The crows sitting on the trees roundabout and looking at this particular cornfield are easily identified. Each of these hungry birds wags the

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

POINTS TO REMEMBER.

Remember that—a kite flown with wire instead of cord forms a fine antenna system for a portable set and will give very remarkable results. It is sometimes possible to keep this sort of an aerial in the air for several days at a time.

Any regenerative receiver may be used as a transmitter of either continuous wave telegraph or telephone signals without much modification. A wave meter may be easily constructed from any variable condenser and a few feet of bell wire wound in the form of a coil. Any other wave meter of known reliability may be used to calibrate the set with sufficient accuracy for most purposes.

Plugs for inserting in light sockets so that the electric lighting system may be employed as an antenna constitute a source of danger from fire if the condenser in such a device is made of paper, tin foil and paraffin. A mica condenser which has been passed by the underwriters should always be employed for this purpose.

Storage batteries which are to stand idle a month or two should be fully charged before putting away. If the battery is permitted to stand for any length of time in a discharged condition the plates will become white which is an indication that sulphate is forming which is very harmful to the cell.

A vacuum tube is greatly shortened by burning the filament very little above the normal temperature or rated current. On the other hand, very little above the normal temperature or rated current. On the other hand, very little above the normal temperature or rated current.

The range of a receiving set is dependent upon a number of factors, all of which are more or less adjustable. However, the United States Bureau of Standards is about to make tests under average conditions in order to ascertain the reliable range of various sorts of receiving sets. It is pointed out at certain distances from broadcasting stations of given power. Until some systematic study is made in this manner, any answer to the question, "What is my receiving range?" is little better than a guess.

PENELOPE TO TELEMACHUS.

Your arms are growing strong, Telemachus!
I weave my web of dreams and hide my time—
That glorious day when, come to manhood's end,
You'll seize with eager hands Ulysses' bow,
And I will be widowed to the end of time!

And I was all uncombed in my fear,
I'll sorrow tonight as they could be beguiled,
And I began to weave my web of dreams.
Oh, make my dreams come true, Telemachus!
You leaned on me once; now I lean on you!

Scatter the Suitsors with Ulysses' bow,
And by your prowess then shall all men know
Ulysses has returned to thee!
—Florence Van Cleve in the New York Times

LIGHTER VEIN.

Fifty-Fifty.
"You know, you're quite a good-looking girl," he said.
"Oh, you'd say so even if you didn't think so," she replied.
"We're square—you'd think so, even if I didn't say so."

They Were Honey-mooners.

She had said something that distressed him, and seeing the look on his face, she exclaimed, "Oh, my darling! I'm afraid I have hurt you."
"No, dearest," he replied gravely, "but I know it hurts you to feel that I have hurt myself by hurting you."
"No, no, my precious! My hurt is because you are hurt over feeling that I am hurt because you feel that you have hurt me and are therefore hurt yourself and—"
"But let us leave them, dear reader. They will get over it in time.—Boston Transcript.

Getting Even.

Girl Shopper—"Why did you make that poor clerk pull down all that stuff and then not buy anything?"
Second Girl—"Why, the mean fellow was in a crowd and yesterday and never offered me his seat, though I looked right at him. So I decided I would get even."
The Usual Request.
"Uncle Theodore, who was visiting, wished to talk to Betty's father at the office. Not being able to find the telephone directory, he appealed to his five-year-old niece for information regarding the phone number."
"Betty, what does your mother ask for when she talks to daddy at his office?"
"Money," replied the child promptly.

An Australian Cynic Says—

Matrimony is a long sentence with many words in it.
A man is married for the rest of his life, but he gets very little rest.
If a woman minded her business she wouldn't have many callers.
Beauty is woman's chief asset; her efforts to preserve it make a husband's liabilities.
A woman who is always getting ready for a man who is always getting ready for her husband.

RECORD GROUNDS AT IMPERIAL SHOW

"The Three Musketeers," a Majestic Production, Spells Last Word in Photo Dramas.

The Three Musketeers at the Imperial

The vast assemblages at the Imperial theatre yesterday were transported three hundred years back through the medium of Douglas Fairbanks' picture, "The Three Musketeers," which opened for a three-day stay.

Flashing swords, great sacrifices and daring deeds of heroism make this one of the most thrilling pictures ever viewed. The production is well lighted and the direction that could possibly be asked for. The photography is so good that one is never conscious of the crucial-test of camera work.

The story, based on Alexandre Dumas' greatest novel, has to do with the plot of Cardinal Richelieu to bring about the downfall of Queen Anne of Austria who, with King Louis XIII, ruled France in the seventeenth century. Being the power behind the throne, Richelieu was jealous of the influence exerted by the queen. In order to discredit the queen, the cardinal conspired to involve her in an affair with the Duke of Buckingham, prime minister of England.

His plot was frustrated through the heroic work of D'Artagnan and his loyal friends, the three Musketeers, in the most amazing series of adventures, duels and thrills that have ever been pictured.

Douglas Fairbanks' work as D'Artagnan entitles him to a position on the topmost rung of the ladder of moving picture fame. Those who have had their doubts as to his ability as an actor of dramatic roles will quickly discard these doubts when they watch his presentation of this character. He is more restrained, by far more dramatic than anything he has ever done before. His love-making is of the sort that rings true; it is neither silly nor overdone. The scene in which he comes to the queen exhausted but with the jewels he was sent to recover is most dramatic and realistic.

Every role in this feature is ideally filled. Marguerite De La Motte's work as the part of Constance, the little seamstress who was the queen's closest companion, and who was also in love with the intrepid and enterprising D'Artagnan, is one of the most native interpretations this clever little actress has ever given us.

Every other part is splendidly cast. Most notable among the players are Adolphe Menjou as King Louis XIII, the part of the Duke of Buckingham, Thomas Holding as the Duke of Buckingham, Barbara Stanwick as Milady de Winter, Roy Irwin as Rochefort, Lon Poff as the gaunt, spectral monk, Father Joseph; William B. Franke as Treville, captain of the king's Musketeers, and Leon Barry, George Siegmann and Eugene Pallette as the three Musketeers.

Louis Gottschalk, who will be remembered as the producer for Henry Hecht of Fran Lehar's famous "Merry Widow" in 1908, arranged the musical score for Douglas Fairbanks' film version of "The Three Musketeers." The resolution of the orchestra handled so capably yesterday.

Gottschalk was in daily conference in Los Angeles with Fairbanks, also with Doug's director, Fred Niblo, and Edward Knobloch, who is credited with the music of the famous Dumas' story, before starting work on his remarkable score.

BLACKFACE HIT AT QUEEN SQUARE

Musical Farce Comedy Well Received by Large Audiences.

The third change of programme of Frank Newman and Raymond Lewis, with their Casino chorus girls, at the Queen square theatre, took place yesterday afternoon and evening.

The title of the new show was "Election," a genuine black-faced comedy in a minute. As the chief comedy character is taken by Raymond Lewis, Tom Lynch, Bob Lane, Miss Ollie Perkins and Miss White, and all gave good portrayals of their roles.

The musical farce has four scenes, and each scene is complete in itself, and each one there were solos and choruses with abundance of comedy.

The leading roles were taken by Raymond Lewis and Tom Lynch, and in the contest Raymond Lewis was elected mayor of Darktown.

The scene first presented was an open place in which the respective candidates for mayor elucidated their many qualities as the head representatives of the successful candidate, and the fourth that of the elected mayor in his official office.

During the play many songs were sung by Miss Ollie Perkins and Mr. Lewis, Mr. Lynch, Bob Lane and Miss White. The song by Miss Perkins entitled "Wild About Harry," with chorus was well received.

Raymond Lewis sang "That Law Cannot Be," which made a hit. Miss Pearl Derby, the prima donna of the company, presented a catchy song entitled "Mary Ann." She received a certain call and sang "My California."

The chorus girls' costumes were the prettiest seen at this theatre for some time, and their assistance to the show was of great importance. The girls who take part with Mr. Newman and company are Misses Anna Phillips, Gladys Arnold, Eva White, Josie Clark, Bobby Barr, Lemay, Gerlie Gouhne and Dolly Day.

WIN REEVE PRIZE FOR DIABETES TREATMENT

Toronto, Oct. 17.—The Reeve Prize for 1922 has been awarded to Dr. F. G. Banting and C. H. Best. The award was made by the Faculty of Medicine of the University of Toronto, in recognition of their research in developing a treatment for diabetes.

SCORE SUCCESS AT OPERA HOUSE

The Bob Ott Company Last Night—Story from Pen of Matthew Ott.

Bob Ott and his company of delightful entertainers scored a big success yesterday afternoon and evening in their new bill, "What's Right Left." It was very evident that every member of the aggregation, with Mr. Ott, tried to do their best in the presentation of this musical comedy. There is no need to specialize on any particular number, for they all seemed to be imbued with every appearance. Music of real worth is introduced in the specialties, which sprinkle the bill, and the entire performance is carried through with a speed which is remarkable. Spectacular lighting effects and scenic settings are features which call for comment and are making "What's Right Left," a most attractive bill.

Because the Ott Company is offering a different kind of entertainment than has ever before held the boards in the Opera House, the Bob Ott Company grows in popularity and desirability.

On Thursday, Mr. Ott will appear by special request without his make-up in a playlet by his brother, Matthew, "My Mother."

WAREHOUSE LOSES \$200,000 WHISKEY

New York, Oct. 17.—The Pershing Warehouse Corporation, 68-64 Meserole street, Brooklyn, an internal revenue bonded warehouse, was robbed last Thursday night or early Friday morning of 100 barrels of whiskey, having a bootleg value of \$200,000, it was reported to Prohibition Director Ralph A. Day. The police of the Stagg street police station, in Brooklyn, arrested a watchman, Leonard Keller, sixty-six years old of 16 Sophia street, Queensboro, and locked him up on a charge of acting in concert with the persons who robbed the warehouse.

The warehouse is part of the old Falter Brewery Company. Ralph Sabatino is president of the company which operates the warehouse. John T. Rafferty, internal revenue collector, said last night that the warehouse was one of the most substantial he had ever seen, having concrete floors, inner and outer steel doors, with large brass padlocks. The padlocks were cut in two by the robbers, but the government seals on the doors were not tampered with.

Collector Rafferty reported the robbery to the police and Detectives Henninger and Ferris of the Stagg street state were assigned to the case. Keller earlier in the day had told a story of being held up at the brewery, between 3 and 5 o'clock Friday morning. Collector Rafferty concluded that the robbery must have occurred between those hours, but detectives didn't take any stock in the story of the robbery and arrested Keller.

Mother Charged With Murder of Babies

Long Investigation Followed Husband's Complaint of Disappearance — Conflicting Statements Made by Woman — Now Says All a Hoax.

South Bend, Ind., Oct. 16.—A remarkable story was revealed here in the arrest on the charge of double murder, of Mrs. Haasi McNally, twenty-six years old, formerly of Hammond, Ind., now of this city. It is alleged by Frank McNally, aged fifty years, and husband of the woman, that she murdered her twins, born on December 8, 1921. The children disappeared, according to McNally, between January 25 and February 1, 1922.

The arrest of Mrs. McNally followed an investigation which occupied several months by the Hammond authorities, according to Prosecutor Jellison. Twice the woman escaped the clutches of the law, the state's attorney says, because of her feasible explanation of the series of astonishing circumstances surrounding her married life.

In order to detain the woman until the Hammond authorities could complete their investigation, Mrs. McNally was arrested and held on a technical charge of assault and battery, this charge also having been preferred by her husband, who traced her to South Bend.

Mrs. McNally, who is a trained nurse, professed to see physical defects in the twins soon after their birth, the husband says, and she left her home in Hammond on January 25, ostensibly to place the children in a Chicago hospital for treatment. She returned home soon, according to her husband, and explained that the twins would be left in the hospital until February.

Prosecutor Jellison says McNally told him that on February 1 the woman again went to Chicago and on her return had with her the supposed children—in reality two large dolls.

"The twins are still very ill and have weak eyes," it is alleged she told her husband, "and they must be kept in a darkened room and remain undisturbed. It will be some time before you can see them."

McNally said he was content to rely on the experience of his wife, because she had been a nurse. He complied with Mrs. McNally's request for a twin baby carriage.

In May, McNally informed Jellison he discovered by accident that the supposed babies were dolls. At the same time the discovery also was made by neighbors, and the Hamilton police were notified.

Mrs. McNally explained to the authorities that she had the babies still in a hospital, and the presence of the dolls in her house was accepted as one of her eccentricities.

In the meantime the woman made several trips to Chicago, and finally disappeared altogether from Hammond, later being located in South Bend.

4 out of 5
wait too long

Bleeding gums herald Pylorrhea's coming. Unheeded, the price paid is lost teeth and broken health. Four persons out of every five past forty, and thousands younger, are Pylorrhea's prey.

Brush your teeth with

FOR THE GUMS
More than a tooth paste
—it checks Pylorrhea
35c and 60c in tubes

After her arrest she was taken before the state's attorney and Chief of Police Lane and questioned. She was confronted with her husband's story, and declared the twins were now in the care of a family at Green Bay, Wis. Later she admitted that she was trying to mislead the authorities. Maintaining her innocence, she declared that she had never given birth to twins, and that the incident of the dolls was merely a hoax which she played on her husband.

Mrs. McNally was taken to Hammond by a detective from that place.

KILLED BY THROWING STONE.
Chicken Owner Hurts Missile at Dog And Drops Dead.

Egg Harbor City, N. J., Oct. 17.—The throwing of a stone at a dog which he discovered in his chicken yard caused the death of George Schneider, seventy-four, a retired business man, here. Before the animal had fled Schneider fell dead from heart disease.

Mr. Schneider was the oldest member of the Egg Harbor City Odd Fellows Lodge. He is survived by his widow and six children.

ELECTED OFFICERS.
Election of officers and an interesting address by Rev. Dr. David Hutchinson, pastor of the church, occupied the time at a well-attended meeting of the Main Street Baptist Young People's Association last evening. Officers elected were: President, Frederick Cowan; vice-president, Murray Cowan; secretary, Miss Marjorie Christie; treasurer, Miss Sadie Chapman; pianist, Miss Isabel Brandenburg; chairman missionary committee, Miss Eileen Sweet; educational committee, Gordon Eby; social, Scammiel Cases; devotional, Rev. Dr. Hutchinson; visitation, Miss Ada Francis. Following the election Rev. Dr. Hutchinson spoke and then installed the officers.

RECENT WEDDINGS

McGregory-Bischoff.
A wedding of interest in this city recently took place in Boston when Miss Rose Bischoff and John A. McGregor were united in marriage in St. John's church, Cambridge. The groom is a son of the late John P. McGregor, who formerly conducted a grocery store in the north end. Many former St. John people were present at the ceremony.

Campbell-Owen.
Miss Dorothea Edith de Brissac Owen and Donald Arthur Rede Campbell, son of Mr. and Mrs. Owen Rede Campbell, Que., formerly of this city, were united in marriage in St. George's church, Montreal, on October 3. The ceremony was performed by Rev. W. S. Major.

Earle-Sydney.
Morrison Earle, son of Mr. and Mrs. W. E. Earle of this city, was united in marriage to Miss Lillian Sydney of Toronto on October 11. The ceremony was performed by Rev. T. G. Wallace in St. Stephen's church, Toronto.

RECENT DEATHS

George B. Hagan.
The death of George Black Hagan, of 51 Hasen street, occurred last evening in the seventy-third year of his age. Besides his wife he is survived by four daughters, Mrs. Stead of Ottawa; Miss Alice and Miss Bertie of New York and Miss Gladys at home; two brothers James B. of Charlottetown and John P. of Ottawa and one sister, Miss Helen of St. John. The funeral will be held from St. Paul's church on Wednesday afternoon.

George M. Laskey.
At the General Public Hospital yesterday, George M. Laskey died at the age of eighteen years. He had been employed as chauffeur with Jacobson & Company. He was stricken but a few days ago with typhoid fever. He is survived by his mother, Mrs. Prain; two sisters, Miss Edna and Miss Rita; and three brothers, William, Charles and Gordon, all at home. The funeral will be held tomorrow morning at 10.30 o'clock from his late residence, 28 Sherbrooke street.

The St. George's Society and the Navy League are combining to make a success of the Trafalgar Day celebration to be held next Saturday. Letters are being sent out a king recognition in the schools and asking a general showing of flags.

While he was alive, however, Poet Lawson did not fare so well. "Australia's greatest minstrel," as he was called at the time of the funeral, died penniless. Indeed, if it had not been for the public funeral under government auspices he would have been buried in a pauper's grave. There was a receipt of a small pension from the government for some time before his death, and this should be ascribed to the State of New South Wales with proper appreciation, for was it not virtually a pioneer in the gracious act of pensioning a poet?

Still, Lawson lived in poverty. The people did not realize that they had a poet in their country until he was laid away with "funeral trappings" being fitting government recognition. Then they began to buy his books.

Poor as he was, Poet Lawson left a will. All his worldly belongings were mentioned in bequests. These were: two suits of clothes, an overcoat, a necktie, a collar stud, a pen, a pipe, a tin matchbox, a pair of spectacles, a walking stick, and two packages of tobacco.

"MISS TORONTO" MARRIES

Beauty Pageant Girl Weds Canadian Mechanic, Spurning Millionaire.

Toronto, Ont., Oct. 17.—Miss Marjorie Smith, eighteen years old, who was "Miss Toronto" at the Atlantic City beauty pageant, was married to J. Clifford Splan, twenty-three years old, a motor mechanic, who has been her admirer since they met two years ago.

"I find this announcement is a story of a pretty girl who refused to let her head be turned by admiration and attention at Atlantic City. Her friends say her most persistent suitor was a young millionaire of the States." She did not forget her Canadian sweetheart, however, nor did she wish to desert her Canadian home for New York or Hollywood, and the simple wedding is the result.

RUSE MELTS BEAUTY'S ICE

Oxford Students Don Stewards' Togs To Make Acquaintance.

The Cunarder Berengaria sailed from New York on Friday for Southampton and Cherbourg with a good number of passengers in her first cabin, including Edward Majoribanks, an Oxford undergraduate and a relative of Lord Tweedmouth, who came here to debate at Harvard. He arrived two weeks ago on the Curaminis of the same line and appeared to have been very much impressed with the beauty of American women.

With him was M. C. Hollis, another Oxford undergraduate who vouched for the truth of this story. There was a charming American girl in the first cabin traveling alone, who held aloof from the other passengers. Mr. Majoribanks sat nearby and explained the ruse. She laughed and they all three became friends.

STATE FUNERAL FOR H. H. LAWSON

Australian Poet Penniless While Alive, is Honored in Death.

London, Oct. 17.—(Canadian Press)—They gave Henry Hertzberg Lawson, Australian poet and novelist, a state funeral in Sydney, New South Wales, described it as an "imposing affair, fitting the occasion of the laying away of the nation's sweet singer, and there was due applause from the world at large to this splendid recognition of a poet's worth—when he was dead.

While he was alive, however, Poet Lawson did not fare so well. "Australia's greatest minstrel," as he was called at the time of the funeral, died penniless. Indeed, if it had not been for the public funeral under government auspices he would have been buried in a pauper's grave. There was a receipt of a small pension from the government for some time before his death, and this should be ascribed to the State of New South Wales with proper appreciation, for was it not virtually a pioneer in the gracious act of pensioning a poet?

Still, Lawson lived in poverty. The people did not realize that they had a poet in their country until he was laid away with "funeral trappings" being fitting government recognition. Then they began to buy his books.

Poor as he was, Poet Lawson left a will. All his worldly belongings were mentioned in bequests. These were: two suits of clothes, an overcoat, a necktie, a collar stud, a pen, a pipe, a tin matchbox, a pair of spectacles, a walking stick, and two packages of tobacco.

He arrived two weeks ago on the Curaminis of the same line and appeared to have been very much impressed with the beauty of American women.

With him was M. C. Hollis, another Oxford undergraduate who vouched for the truth of this story. There was a charming American girl in the first cabin traveling alone, who held aloof from the other passengers. Mr. Majoribanks sat nearby and explained the ruse. She laughed and they all three became friends.

KING STREET GERMAIN STREET MARKET SQUARE

SET FIRE TO HER OWN CHILD
Regina, Sask., Oct. 17.—His clothes saturated with coal oil and set on fire by his mother just before she ended her own life, Willie Fafonoff, aged ten years, was saved by a farm hand from being burned to death.

The tragedy was enacted in a farm house ten miles north of Pelly, Sask. Detective Sergeant Dunnett has gone to Pelly to investigate.

It appears Mrs. Fafonoff suffered an attack of temporary insanity. The boy ran from the house screaming, with his clothes in flames, and before the flames were extinguished by the farm hand he sustained severe burns, but is expected to recover.

MANOR HOUSE BANQUET.
An enjoyable evening was spent at the Manor House, Glen Falls, on Saturday evening by the staff of the Atlantic Sugar Refineries, Limited, on the occasion of a banquet tendered by John H. Goodbody of the company's head office in Montreal. Mr. Goodbody has been in St. John at various times during the last two years. Upon his departure last December the local staff tendered him a banquet at one of the city hotels, which inspired the Montreal gentleman

others, brought forth merited applause. The management of the Manor House left no stone unturned to help make the affair as anticipated and won high praise.

Alexander Wilson left last night for New York, where he will attend a meeting of box manufacturers. He is president and managing director of the Wilson Box Company.

It Aids Growth!

Science recognizes that the present-day method of over-refinement of foods, often strips them of essential vitamins.

Scott's Emulsion
of pure vitamin-bearing cod-liver oil is used effectively to add vitamin-value to the diet. It helps to remove the hindrance to growth and health.

**SUGGESTIONS FOR USING
SUBSTITUTES FOR AMERICAN ANTHRACITE
IN ORDINARY HOUSE FURNACES**

1. No change is necessary in furnace. Build the fire in the usual way.
2. Open all the drafts and leave them open for about ten minutes. This is to allow the smoke and gases to pass out of the chimney.
3. To get the best results in applying coal to the fire use a little less than in the case of Anthracite and apply coal often.
4. After the coal has been burning for about ten minutes or long enough for the smoke and gases to have been expelled, close up all the drafts except the chimney drafts, which should be left partially open.
5. When refiring, first take a bar or poker and break up the crust of coal that forms on the top of a Bituminous coal fire, then apply fresh coal, following the rule already given for leaving drafts open. A handful or two of coarse salt scattered evenly over top of Bituminous coal freshly applied to fire will prevent formation of tar and other substances adhering to sides of furnace, it will form a gas thereby intensifying the heat and eliminating smoke.
6. Bituminous coal will probably be in varying sizes and contain some slack. The lumps should be burned in the day time and the fire banked with smaller coal and slack at night, leaving a small opening at the top to let the air through.
7. When making the last fire at night shake out the fine ash that will be clogging the openings in the grate. Your grates will last far longer if kept clean.
8. By throwing a moderate amount of water upon the Bituminous pile at the point from which the coal is taken out the dust and dirt objection is largely overcome, as well as reducing the amount of smoke when the coal is first thrown on the fire.
9. In the morning, before opening the furnace door, the chimney and bottom drafts should be first opened.
10. With Bituminous Coal more soot is formed in stovepipes, flues and chimneys than in case of Anthracite; and furnaces, furnace pipes and chimneys should be cleaned frequently. Hot water furnaces should be cleaned every day or so, and the furnace pipes every two or three weeks. Soot will not accumulate as quickly if a small quantity of zinc shavings are occasionally thrown into the fire.
11. Welsh Anthracite and Welsh Dry Coal and "Briquettes" should be fired in practically the same manner as Pennsylvania Anthracite. The small screenings should be fired on top of the larger coal when the fire is well kindled.
12. If Coke is used care must be taken to keep the ash pan free of ashes. If allowed to accumulate the grates may be burnt out. It is also good to keep a little water in the ash pan if tight enough to hold it.

HE RETRIEVES \$1,500,000 FOR THE DOMINION

Canadian Official Home After Enemy Debt Mission

Thomas Mulvey Encountered Some Extraordinary Claims Overseas, But Only One Case of Forgery—Some \$6,000,000 From London Public Trustee.

(Canadian Press)
Ottawa, Ont., Oct. 17.—Bringing back with him approximately \$1,500,000 of securities formerly in the ownership of enemy nationals, Thomas Mulvey, K. C., under-secretary of state for Canada and deputy custodian of enemy property, has returned to Ottawa after spending the last few months overseas in connection with the business of the clearing house and the settlement of enemy debts. Some extraordinary claims were encountered but so far only one actual case of forgery in connection with a claim has been met with. Many claims, however, are still under investigation.

\$300,000,000 FRANCS TO CROWN FERDINAND

Minority Rumanian Parties are Protesting Against the Huge Expenditures on the Event.

Bucharest, Oct. 17.—The much-postponed coronation of King Ferdinand and Queen Marie, held on Sunday, provided the most elaborate festival in the history of Rumania, with an estimated total public and private expenditure of 300,000,000 francs.

The programme on Monday provided for a great pageant at two o'clock. In the afternoon, illustrating the various phases in the country's history, and in the evening a state dinner and reception to the foreign missions and the Diplomatic Corps.

WILL WAIT UNTIL NEXT YEAR'S SHOW

No Exhibit from Saskatchewan for International Live Stock Show in Chicago.

Regina, Sask., Oct. 17.—No official exhibit of live stock will be sent to the International Show at Chicago this year by the Saskatchewan government, according to a decision of the Provincial Live Stock Board.

"It is considered that after the success of the exhibits which were sent during the past two years," states F. H. Auld, deputy minister of agriculture and president of the board, "and in view of the need for economy, exhibitors could very well take a holiday and make arrangements for a good display next year. It is also understood that the management of the Canadian Royal at Toronto is offering assistance to live stock exhibitors in showing their stock at Toronto, the week before the Chicago show. It is probable, therefore, that individual exhibitors and clubs may take advantage of this offer."

Hon. C. M. Hamilton, minister of agriculture, announces that the Saskatchewan government will pay an honorarium of \$800 for a grand championship, \$100 for reserve championship or Canadian championship, and \$50 for a first prize with livestock which may be exhibited from Saskatchewan at the Toronto show. The above offer is also open to any Saskatchewan exhibitors showing livestock at Chicago, but not more than one honorarium will be paid the owner of an animal which wins at both Toronto and Chicago.

ROYAL YEAST CAKES

As a health builder, Royal Yeast is gaining in popularity every day. It is a food—not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."

GIANT TAPIR BABY DIES.

New York Loses Only One of Species in Captivity.

New York, Oct. 17.—The eight-month-old giant tapir, the only one of the species which has ever been in captivity, died last week at the Bronx Zoo, less than a week after its arrival in this country.

We Offer A Ten-Day Test Simply send coupon.

Must fight film

Dingy teeth and most tooth troubles are now traced to film. One must fight to avoid them.

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Blisters develop if, then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

No ordinary tooth paste effectively combats film. So, under old methods, very few escaped tooth troubles. Beautiful teeth were less often seen than today.

Two ways found

Then dental science, after long research, found two ways to fight film. One acts to curdle it, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then dentists the world over began to advise their patients.

A new-type tooth paste was created, based on modern research. The name is Pepsodent. Those two great film combatants are embodied in it for daily application.

Its new effects

Pepsodent brings other effects which research proved essential. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

Those are Nature's great tooth-protecting agents. Each use of Pepsodent gives them manifold effect.

For dainty people

Pepsodent is now used by millions the world over. Careful people of some fifty nations have adopted it, largely by dental advice. Dainty people—those who care for whiter, cleaner teeth—will never go without it.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

One week will give you a new conception of what clean teeth mean. It will point the way to a new dental era, both for you and yours. Cut out the coupon now.

LOCAL NEWS

Hasen Taylor was re-elected president of the Men's Bible League of the Main street Baptist church at a meeting Sunday afternoon last and Rev. Dr. D. Hutchinson was re-elected instructor. B. Wilson was elected secretary-treasurer. Plans for fall and winter activities were discussed.

The Halifax express, due here at 5:30 o'clock yesterday afternoon, was an hour late pulling in to the Union station. There was a delay on account of a slight derailment of a freight car in the Nova Scotia section. The Boston train, due to leave here at 6:30 p. m., was held until 7:10 o'clock.

A warning pan between 280 and 300 years old, an old-fashioned pair of bellows and a copy of the clerkman's Repository have been presented to the Natural History Society as a loan collection by Frank Hayes of Bloomfield. This warning pan has been the property of the Hayes family since Loyalist days.

A very interesting programme on the subject of "True Patriotism" was given at the meeting of the Ludlow street B. Y. P. U. last night by Mrs. F. W. Christopher's group. An address by Thomas Browne, a returned soldier, and a solo by Miss M. Stuart were pleasing features.

The cases against George Galbraith, charged with throwing a dog out of a window in the Empress Hotel and with not keeping the hotel register properly, were postponed yesterday afternoon until next Monday afternoon for judgment. James Garnett pleaded guilty yesterday afternoon to having liquor in his beer shop in Main street. He paid a fine of \$200.

About 125 members were present at a meeting of Moulin Temple, No. 14, Pythian Sisterhood in the Castle Hall in Union street last evening with Mrs. W. G. Walters presiding. Plans were made for a tea to be held soon and for co-operation with the Knights of Pythias in the schedule of dances through the winter. Several candidates were initiated.

The annual meeting of the St. John Ambulance Association, St. John branch, was held yesterday in the Red Cross room at Dr. Murray MacLaren presiding. The secretary was asked to convey to Dr. S. Skinner, the retiring president, the thanks of the organization for his work. The election of officers resulted as follows:—President, Dr. James Magner; vice-president, Miss Frances Steison; secretary-treasurer, Miss Irene Barber.

At a meeting of the central committee of the Dr. G. Campbell Morgan campaign held yesterday afternoon in St. Andrew's church, great satisfaction was expressed over the success of the meetings last week. It was reported that a balance of \$225 was left when expenses were paid. This will be turned over to the Protestant Orphans' Home. Plans for a similar campaign next fall were talked over.

The St. John delegates to the meeting of the Maritime Religious Education Council in Halifax this week left by the afternoon and evening trains yesterday. Among those from St. John who will attend the meetings are Mr. and Mrs. L. W. Simms, Mr. and Mrs. C. R. Watson, Mr. and Mrs. Robert Held, Mrs. R. Jamieson, A. R. Crookshank, A. H. Chipman, Miss F. B. Cummings, R. H. Parsons, Miss Kaye Abrams, Miss Jordan and others.

At the annual meeting of the Fortnightly Club, held last evening in the office of the president, J. M. Trueman, Mr. Trueman was re-elected president, and other officers were chosen as follows:—Vice-president, J. King Hazen; secretary-treasurer, A. F. Blake; corresponding secretary, W. Frank Hatheway; additional members of executive, F. A. Dykeman and Archdeacon Crowfoot. Arrangements for the season's programme, which will be along the usual lines, were discussed.

The Young People's Association of St. Paul's church held a social evening last evening. Harold Hamm, president of the association, was in the chair. Lester Rowley sang a solo. A guessing contest was won by Miss Beatrice Wetmore and Mr. Rowley and the consolation prizes went to Miss Gladys Williams and Walter Hamm. A needle and thread race was won by Miss Elsie Clarke and P. N. Woodley. Refreshments were served under the direction of Mrs. H. Roberts.

The St. John chapter of the Graduate Nurses' Association held an annual meeting last night in the nurses' home of the General Public Hospital, with Miss Brophy presiding. Excellent reports of the year's activities were presented, and plans were made for the coming year. It was decided to hold a dance early next month as a means of raising funds for the Nurses' National Memorial for the nurses who gave their lives in the war. The election of officers resulted as follows: President, Miss Brophy; vice-president, Mrs. John Vaughan; secretary, Miss M. Gaskin; treasurer, Miss Martha Fraser.

CANADIAN STORIES FOR BLIND READERS

Well Known Books Being Produced Under Braille System.

Blind readers of Canada, who delight in perusing in their own Braille system Canadian literature, will soon have the privilege of reading "Maria Chapdelaine," the French-Canadian novel that has won continent-wide popularity. Engaged in translating this book into Braille, Mr. Swift, Librarian of the Library Department of the Canadian National Institute for the Blind, is preparing "Maria Chapdelaine" for circulation among the blind throughout the Dominion.

When this work of fiction has been completed Mr. Swift will undertake the publication in Braille of "The Sacrifice of the Shannon," by Albert Hickman. This book, with its graphic descriptions of battle on the part of the Canadian readers and yet embodies one of the best stories ever published in Canada.

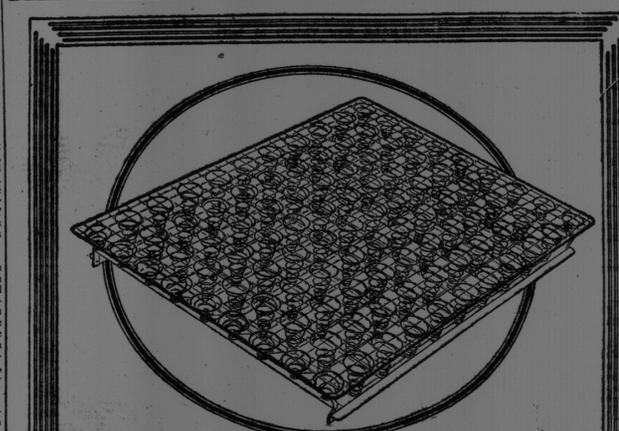

The aim of the Library Department of the Canadian National Institute for the Blind is to create a Canadian spirit and educate the sightless to a fuller knowledge of their own country by the publication of Canadian literature. As a result of the efforts of a group of citizens workers yesterday began the work of setting out elm and poplar trees on the west side of Rotherway avenue from Crosby's warehouse to Colbrook station. The idea was originated by David Magee, who took it up with the Arboricultural Society and raised funds by means of private subscriptions.

Capturing Sleep— on a hint from Science

People used to think of engineers simply as men who built bridges and railroads. That they might make a big contribution to sleep was never thought of—until Simmons brought science to bed spring construction. Two sciences, in fact. Starting first with the science of sleep. Nerve reactions. What happens to the body during sleep. The source and effects of nerve tension. Then from there into practical engineering, producing the sleep equipment that relaxes the nerves and invites deep, sound sleep. Simmons Springs—Built for Sleep \$5.50 to \$50.00. Simmons Beds—Built for Sleep \$8.00 to \$75.00. Simmons Mattresses—Built for Sleep—\$10.00 to \$60.00.

SIMMONS BEDS

WHITE TAILED DEER ON INCREASE IN MANITOBA

Winnipeg, Man., Oct. 17.—The white-tailed or Virginia deer, a species almost unknown in this province thirty years ago, is increasing rapidly and today in the woodland country and the west manitoba game preserve lying between Lakes Winnipeg and Manitoba this variety of deer is reported to be plentiful. Tourists frequently report seeing these feet-foot animals.

FOR HIGHER EDUCATION

Calgary, Alta., Oct. 17.—Law student, lacking university training will not be paid during their first two years of service in a law office, members of the Calgary Bar Association decided at a recent meeting. It was pointed out that the association took this step because it wished to discourage the practice of young men coming from the high schools direct to law offices.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

MADE A PROFIT LAST HALF YEAR

The Co-operative Wholesale Society of England Has Avoided Trading Losses—Scotland Also.

London, Oct. 17.—While the sales of the Co-operative Wholesale Society of England for the half year recently closed, continued to reflect the industrial depression prevailing in the old land for the period, the financial statement disclosed the fact that it has been able to avoid trading losses which marked the record for the previous year, and to show a substantial surplus. The sales amounted to £2,175,883 of which goods to the value of £1,037,939 were supplied from its own productive works. There was a reduction in volume of about twenty-four per cent. After providing however, for all expenses of production and distribution, it was possible to allocate £619,616 to the payment of interest on capital, to set aside £274,968 for depreciation on property, and to realize a net profit of £23,221. This amount was placed to reserve fund which at the end of the half year amounted to £214,988.

The insurance fund during the half year was increased by £26,962, bringing the total up to £1,000,712. The Bank Department carried current accounts of 1,026 co-operative societies; 7,748 trades unions and friendly societies; 3,698 clubs and other mutual organizations and 3,749 individuals. The deposits and withdrawals for the half year amounted to £22,833,233.

The Scottish Co-operative Wholesale Society, a federation of the co-operative retail store societies in Scotland, has recently published its balance sheet for the first half of the current year. The sales amounted to £2,468,578, of which £2,761,950 represented the output of the various productive departments of the institution. The turnover represented a decrease of £1,110,884 as compared with the figures of the corresponding period of the previous year. Nevertheless, after making provision for the payment of a dividend on purchases of 8d a £ to members and 11-3d. to non-members of the society, and additions to reserve funds, there was a balance to be carried forward of £38,346.

STORY OF COTTON INDUSTRY IS TOLD IN PAGEANT

London, Oct. 17.—(Canadian Press)—Cotton being the keystone of Lancashire's industries and Preston the chief centre thereof, the recent Preston Guild merchant celebrations naturally featured this great industry. As these celebrations occur only once every twenty years, and have been occurring at these stated intervals for centuries, Preston pagements draw immense crowds. Indeed, it was estimated that a million people were in the streets of Preston on the final day of the recent celebration, which lasted a week.

The great event of the week was the four-mile long procession of the cotton industry from the growing of cotton to the wearing of the finished product in homes and foreign lands.

After a lapse of sixty years the recent Preston Guild celebration included the revival of the old Guild Mayor's and Civic Church Parade. Hundreds of women walked in procession to attend service at the parish church.

In Avenue Park a number of historic episodes were represented, including the visit of King Edward I to Preston, and the destruction of the town by Bruce.

The last phases of the guild celebration were the closing of the Guild Court for another twenty years, and a torchlight procession which culminated in a scene of great brilliance and animation. The guild mayor made the closing speech, and that ended the celebration until 1942.

MEXICAN OILS

WALL ST. FEATURE

Pan-Americans Also at New Peak Prices—Only Moderate activity on Montreal Exchange.

New York, Oct. 17.—(10.30)—Continuation of yesterday's irregular price movements took place at the opening of today's stock market, the chief feature of which was the marked buoyancy of Mexican oils. Mexican Petroleum opened at 210, up four points, and jumped to 214, a new high level on the next three sales. The Pan-American issues also established new peak prices at gains of two to four points, buying being based on reports of a possible increase in the cash dividend and declaration of a stock dividend followed by an offer of exchange for Mexican Petroleum, approximately 75 per cent. of the stock of which is owned by the Pan-American Company.

Union Pacific moved up one point and several others scored large fractional advances. Top prices for the year also were established by Atlas Powder, Manhattan Shirt and Wells Fargo Express. U. S. Steel was reactionary, dropping a point, and weakness also was noted in Atlantic Coast Line, Kresge, American Locomotive, Continental Can and Chandler.

Noon Report.

New York, Oct. 17 (noon)—Heavy selling of the United States Steel, Baldwin, Studebaker and American and Continental Can shares, caused further irregularity during the first hour, but morning offerings had been digested the whole market moved forward. Coppers were unusually active and strong, apparently in response to the favorable annual earnings statement of the American Smelting Company. A broader inquiry also was noted for food, public utilities and tobacco issues. Railroad shares quieted down for a time, but started upward again in response to a brisk demand for New York Central, which touched 100 1/2, a new high for the year, buying of this stock being attributed to reports of additional financing through a new 7 per cent issue. Speculative buyers continued to favor the Mexican oils, Mexican Petroleum advancing to 215. National Biscuit and Postum Cereal were the favorite specialties, each establishing a new top price. Call money opened at 5 per cent.

Montreal Market.

Montreal, Oct. 17.—(10.30)—The local stock market was only moderately active during the first half hour, but morning offerings had been digested the weaker tone that first became apparent towards the end of last week continued, but the present slight reaction is in no way significant of any movement in the market. The majority of the day's trading was a feature of strength at the opening, registering an advance of 1-1/2 points to 94. Atlantic Sugar fell off 3-4 to 23 on very little trading, while Brazilian was down 1-4 at 43-3/4.

The British Empire Steel issues received some attention, a great many shares of the common changing hands at 14 a half point below yesterday's close, while the second preferred sold that fraction higher at 37. Consolidated was unchanged at 27. Dominion Textile, whose strength featured yesterday's trading, added another point to its 51-3/4 point advance by touching 53-1/2. Quebec Railway was unchanged at 26-1/4. Tuckett's Tobacco advanced a half to 64-1/2. The paper issues, usually market leaders, were inconspicuous during the early trading today. Most of them were fractionally weaker. Abitibi was down a quarter at 63-3/4. Brompton was unchanged at 98-1/2. Price Bros. up a quarter at 46 and Spanish Rail fractionally weaker at 97-3/4.

Chicago Grain Market.

Chicago, Oct. 17.—Opening—Wheat, Dec. 111 3/4; May, 113-3/4. Corn, Dec. 83-3/4; May, 67-7/8. Oats, Dec. 41-1/4; May, 41-3/4.

The Dollar Today.

New York, Oct. 17.—Sterling exchange steady. Great Britain, 44 1/2-16-16. France, 7.50. Italy, 4.22. Germany, 83-3/4. Canadian dollars, one-eighth of one per cent. premium.

revers process occurs when the Treasury repays such loans. At present, the London market is almost down to "the poverty line," and pressure is increasing.

This does not influence the position as regards the Bank of England rate, however, which is not expected to move for some time to come.

LIFE INSURANCE MAKES FOR A HAPPY AND CONTENTED PEOPLE WHILE IT'S 'TRUST FUNDS' GREATLY AID NATIONAL DEVELOPMENT.

LIFE INSURANCE SERVICE

URNS STOCK OF KNIT GOODS TWELVE TIMES IN 6 MONTHS

Tepeka Department Store Reports 500 Per Cent Increase in Sales Over Same Period of Last Year—Line Was Featured, but Not at Special Prices.

During five months the sweater and scarf business of the Crosby Brothers department store, of Tepeka, Kan., increased 500 per cent over the same period last year. The stock was turned twelve times in less than six months and the prospects are that this pace will keep up pretty well during the fall.

This enormous increase in volume and the rapid turn of stock is due very largely to the way this merchandise was handled. Sales efforts were so well worked out and handled that if the store could have bought more sweaters it would have increased its sales by 50 per cent, according to W. E. Clifton, buyer and manager of the ready-to-wear department.

To start with, there was a good demand for knitted fabrics this year, and women were pretty well sold on this merchandise. That insured a certain amount of trade. But from the individual store's point of view that was simply opportunity. It remained to get women to buy sweaters and scarfs at Crosby Brothers.

At the outset Clifton decided to handle the sweaters and scarfs in a rather outstanding way. As deliveries were uncertain, he adopted sweaters in bunches and he brought the idea of making a big feature of them when a shipment arrived.

The usual mark-up was put on this merchandise and an announcement of a special offering was put in the regular advertisement of the store, big space not being used. No attempt was made to give the impression that the sweaters were offered at a price reduction.

Coincident with these announcements, Clifton will use the same methods very largely this winter. He is counting on another big volume because sweaters, he says, still are very good; the demand will be for wool almost exclusively.

DECREASE IN FLOATING DEBT

British Obligations Being Steadily Funded Into Longer Term Debentures.

(Special Cable to the N. Y. Times and Montreal Gazette.)

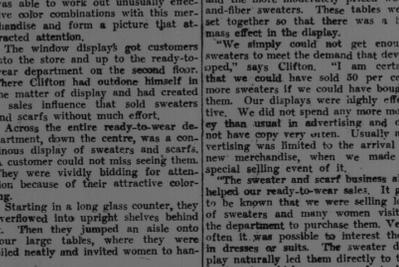

London, October 15.—The policy of funding the government's floating debt into longer term obligations is being steadily pursued. The extent to which this has been affected may be seen from the following facts: On October 7th the total floating debt of the British Treasury was £23,300,000, made up of advances from the Bank of England, advances by government departments, and Treasury bills outstanding. At the end of last March, when the fiscal year closed, the floating debt was £1,029,000,000, and a year ago it was £1,356,000,000.

During the twelve past months the Treasury bills outstanding have fallen from £1,611,000,000 to £729,000,000. These bills have been retired out of proceeds of Treasury bond issues. Considerable deflation has been thus effected, which accounts for the reduced bank deposits and the smaller resources of the London money market.

A fortnight ago the floating debt was even lower than it stands today, the figure then being £871,900,000.

The subsequent increase was caused by heavy government borrowing from the Bank of England and other sources in order to repay over £40,000,000 of national war bonds falling due on October 2nd. Fresh contraction is now occurring, which explains why the money market is stiffening up again. When the government borrows from the Bank of England, this money comes into circulation, but the

G. T. MILNE TO LEAVE SERVICE

Montreal, Oct. 17.—G. T. Milne, British government senior trade commissioner in Canada and Newfoundland, expects to leave for England at the end of next month, and will retire from the imperial civil service early next February.

ONTARIO FIRE RELIEF FUND IS \$216,759

Toronto, Oct. 17.—Public subscriptions of \$216,759 have been received by the Northern Ontario fire relief committee. An additional \$25,000 was recommended by the Toronto board of control, which, if approved by the city council, will bring the total to \$241,759.

**JOY RIDING
SKIPPER TRIES
TO BEACH SHIP**

Sings "Yo, Ho, Ho, and a Bottle of Rum"

Bootlegger's Call — Mates Overpower Him — Loaded with Irons, the Merry Mariner is Placed in the Brig to Sleep it Off.

(New York Times.)
Twas off Montauk Point, one of those dim and foggy mornings, and the good ship Freeman, a four-master bound with coal from Norfolk to Bangor, was creeping along with a soft wind on the starboard beam. Cold and wet it was, and dispiriting to the heart of Captain O. B. Farrell. He hung over the rail and gloomed, and heartily cursed fog and the sea and ships.

Out of the mists to windward came a weird and foggy ball, and a small craft bore down on the Freeman. As she drew alongside her commander invoked Captain Farrell's generosity. He painted a sad picture of hanking about of the Point like a disembodied spirit, waiting to land his cargo, and without much difficulty those on the Freeman discerned that they were gazing upon the modern sea wraith, a bootlegging craft, out so long that her provisions were low.

Her captain bargained with Captain Farrell for canned goods and potatoes, and having with him something far more precious than money he offered it to the Freeman's skipper in exchange. The fog and the damp and the cold got in their deadly work on the skipper, and in a moment of weakness he gave up the provisions and gathered in sundry bottles. Then the bootlegger vanished in the mist, but the morning was no longer gloomy and dull on board the Freeman.

The skipper, after repeatedly splicing the main brace, seized the wheel and coasted up the Long Island coast with the shore under his lee, and sang lustily as he span the spokes through his horny hands, "Yo, ho, ho, and a Bottle of Rum." The first mate, William Jones, scratched his head and looked at the second mate, but, being good seamen and knowing that disobedience to the skipper is the greatest sin of seamen, they did nothing but keep an eye out for the bar.

After a happy hour or two, Captain Farrell decided that it would be a jolly good idea to beach the old ship, and he headed full on for the sandy shore of Southampton. When the sound of the waves could be heard and the ship was only about a mile off shore, Jones and the second mate decided that it was time to mutiny. They jumped upon the skipper and tore him from the wheel, while one of the seamen put the ship about and clawed off shore a way.

**Money
Thrown
Away!**

Specialist — charged \$131 a week. \$1 worth of Zam-Buk Saved Her Leg.
"I had only one week of the 'special' course of bad leg treatment supplied in my own city, and it cost me \$131 in coarse ointments. It was simply money thrown away," writes Mrs. James Elsworth, 902, Selkirk Ave., Winnipeg.

The ulcers first appeared on my left ankle, and they spread from the top of my foot up to the knee. Laid up in bed, business with pain, I was treated by five different doctors. I persevered with their lotions and ointments until I felt positive there could be no cure.
Then one day I was brought a sample of Zam-buk. Even this small quantity was decidedly soothing, and it encouraged me to get a supply from the drugist. Perseverance with Zam-buk proved wonderfully and thoroughly effective. The irritation and the pain were speedily subdued; the ulcers were thoroughly cleansed of poisonous matter and the leg permanently healed."

Zam-buk, the magic herbal balm, is equally good for eczema, ringworm, poisoned wounds, pimples, boils, abscesses, piles, cuts, burns, scalds and all skin injuries. 50c. all dealers.
pearance, and is in a fine degree of preservation.
Some small plucky animals were also found. All of the animals were covered with a thick layer of clay.

**MAY BE A MOVE
TOWARDS LOCAL
CONTROL OF C. N. R.**

Moncton Official Accompanies New Board on Inspection Trip.

Ottawa, Oct. 16.—Much significance is attached here to the fact that L. S. Brown, assistant manager of the eastern lines of the Canadian National system, with headquarters at Moncton, is accompanying the new Canadian National board on its trip of inspection over the entire system, which trip began in Montreal yesterday. Especially is this considered noteworthy in view of the demand from the maritime provinces for more representation on the board than that of John H. Sinclair, K.C., of New Glasgow (N. S.).
Before Hon. W. C. Kennedy, minister of railways and canals, contracted his present illness, a deputation from the east waited upon him and urged that Mr. Brown be given control of eastern lines and be promoted to the position of manager, he having "come colonial and having proved his high ability as a railway executive."
It is understood that Mr. Kennedy expressed himself as sympathetically inclined to granting the request, and Mr. Brown's presence on the present inspection trip is believed to signify pending promotion. Nothing, however, has yet been decided as to the location of eastern headquarters.

**WELL-KNOWN MONTREAL
CRIMINOLOGIST
HIGHLY PLEASSED**

Claims He is Rid of Constipation, Indigestion and Poor Appetite Since He Took Dreco.

"I have recommended Dreco to a lot of my friends in Montreal and many are taking it since they know what it did for me," stated Mr. M. M. Campbell, Pointe-Aux-Trembles, Montreal, well-known criminologist. "I recommend Dreco because of the results obtained. Constipation has been a curse with me for some years and I suppose

MR. M. M. CAMPBELL.

that I have spent at least one dollar a week in various so-called remedies with little or no permanent results. My appetite is picking up wonderfully and I expect that with another bottle or so I shall tip the scale to my wanted weight. I bless the day that I met the general representative, Captain G. A. Struble, and I gladly recommend Dreco to all in need of a tonic par excellence."

Dreco is a vegetable compound composed of the most beneficial roots and herbs known. It is free from mercury, potash, iron, acids, oil or habit forming drugs.

Dreco is publicly endorsed through the press by men and women of prominence in their communities.
Ministers of the gospel take Dreco themselves and recommend it to their parishioners.
Demand for Dreco has broken all records for this length of time.
Absolute merit responsible for this unprecedented success.
Go today to Ross Drug Co., St. John, ask for Dr. Ranson, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you.

**FOOTBALL COACH
USES SCIENCE TO DETECT
LOAFERS ON SQUAD**

New York, Oct. 17.—Athletic Director Borleske and Coach Cutting of the North Dakota Aggies are applying scientific methods to detect loafers on the football squad. These methods, they believe, will show which candidates are doing hard work in practice and which are attempting to "gold-brick." Each candidate, according to one method must weigh in before going out for practice and again after coming in, the results being tabulated for the critical review of the athletic director and coach.
"Every man is supposed to lose between three and seven pounds every practice," declares Athletic Director Borleske, "and he should lose five to twelve pounds in a game. If he does not it means that he has been loafing. This is one of several methods we are using in selecting the right men for the eleven. Of course, before the next practice each player gains back most of his original weight and sometimes more."

BRITISH FOOTBALL

(Canadian Press Despatch.)
London, Oct. 16.—Today's old country football games resulted as follows: London professional charity fund; Fulham 0, Chelsea 0.
London Challenge Cup, first round: Queens Park Rangers 2, Charlton 2; Rugby, Northern Union Lanchashire Cup replay: Oldham 20, Wigan Highfield 5.

**MONSTERS OF LONG
DEAD AGES FOUND
IN BIG BAD LANDS**

Princeton, N. J., Oct. 17.—The skull of a giant titanotheres, skulls of several sabre-toothed tigers and remains of some three-toed horses are among the additions to the already great collection of fossils in Guyot Hall at Princeton University. These relics of long extinct beasts were found by Professor William J. Sinclair, curator of vertebrate paleontology at Princeton, who has just returned from a research expedition to the Big Bad Lands of South Dakota. Professor Sinclair spent three months in the Bad Lands with H. R. Wanless of the class of 1920, and now at the Princeton Graduate School and Professor T. B. Lawlor of Dublin University, instructor at the Royal School of Mines, London.
Although the specimens collected this year are not so numerous as those gathered on previous expeditions, many of them are of marked interest, and very valuable. Several well-preserved fossil dogs, the extinct representatives of the present-day dog type, were found, in addition to the sabre-toothed tiger skulls, the three-toed horses and the titanotheres skull. Several more specimens were also added to the large collection of giant pigs, the skulls of some of them showing wounds sustained by the animals while fighting thousands of years ago.
The titanotheres which was found is an immense beast of rhinoceros-like ap-

**DEVELOP HOME
PRODUCT FOR
ROAD SURFACING**

Edmonton, Alta., Oct. 17.—The research department of the University of Alberta has made excellent progress in developing a good road surfacing material from natural tar sands from the Fret McMurray district. A process has been developed whereby the asphalt can be extracted from the sand. It is planned to carry investigations on during the winter, the university having secured twenty-two tons of the sands which will be reduced. With the four or five tons of asphalt obtained, stretches of rural roads will be surfaced. If this surfacing stands the test, it is expected the development of the deposits will assume large proportions.
Two tons of the sand have been brought to Edmonton by the Dominion government and all those who desire an opportunity to experiment with them can obtain samples from the lands office here.

The McMurray field comprises 700 square miles of tar sand deposits ranging to 150 feet in depth along the Athabasca river and its tributaries, according to a government engineer who recently concluded a special investigation.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. John Carney, of New Brunswick, have announced the engagement of their daughter, Hazel Eileen, to George J. Mullaly, of New York, the wedding to take place at an early date.

**SPORT NEWS OF
A DAY; HOME
AND ABROAD**

WON ON FOUL, BUT WAS LEADING.
Baltimore, Oct. 17.—Andy Chaney, formerly of this city but now of New York, was declared the winner here last night over Frankie Rice, local lightweight, on a foul. The end came in the sixth round, after the loser had previously struck low on three occasions. Chaney held the advantage when Referee Dan Daly decided in his favor.

GIBBONS AND MISKE.
New York, Oct. 17.—Promoter Tex Rickard will be instructed at a meeting of the state athletic commission today to pay both Tom Gibbons and Billy Miske, St. Paul heavyweights, under the terms of their contract signed by the boxers for the bout last Friday which was awarded to Miske on a foul.

O'DOWD WINS.
Columbus, O., Oct. 16.—Phil O'Dowd, Columbus bantamweight, won the judges' decision over Pete Zivic, of New York, in a twelve-round bout here tonight. Zivic was groggy at several stages of the bout but O'Dowd could not put him out.

DOWNEY IS VICTOR.
Boston, Oct. 16.—Bryan Downey of Columbus, Ohio, outpointed Nate Siegel of Revere, in a ten round bout here tonight. Siegel, making his debut as a middleweight, appeared nervous in the first six rounds, and took a bad beating about the body. He won the seventh, but was too much weakened by the early punishment to follow up his advantage in the latter rounds.

USE GLOVES OF DIFFERENT WEIGHTS.
Montevideo, Oct. 17.—Jim Tracey, Australian heavyweight, has signed for a fight with Sotello, a Uruguayan middleweight. The fight will take place on Nov. 5. Tracey will use six ounce gloves and Sotello gloves weighing four ounces.

A TAME BOUT.
Philadelphia, Oct. 17.—Carl Tremaine, Cleveland bantamweight, defeated Irish Johnny Curtin of New York, in a tame eight round bout here last night.

A COME-BACK.
Montreal, Oct. 17.—Jackie Norman, former Toronto lightweight and now of

New York, earned his second victory within ten days over Red Cap Wilson here last night, when, after being practically out in the third and fourth rounds of their scheduled ten round bout, he staged a remarkable rally and outfought his opponent in the last five rounds.

ATHLETIC.
Garrison Club Meeting.
A meeting of the Garrison Club was held last evening with Major E. J. Mooney presiding. It was decided to take an active interest in the sporting life of the city this winter. A drive for membership in the club will be started in the near future. It was also decided to have the bowling alleys renovated.

BOWLING.
District Bowling League.
The St. John District Bowling League was officially opened last evening on Victoria alleys by E. N. Stockford, of Hampton, grand secretary of the order, who rolled the first ball. He also addressed the members on good sportsmanship, etc. The game was between No Surrender Lodge and Dominion Lodge and they split even, each taking two points. The individual scores follow:

No Surrender Lodge—	Total Avg.
E. Byers	68 78 95 240 80
C. Burns	70 85 80 235 78-3
G. Boyd	72 74 93 239 79-2-3
D. Denny	66 88 71 193 65
F. Burns	75 76 93 244 81-3
	322 369 432 1153
Dominion Lodge—	Total Avg.
S. Graham	70 76 78 224 74-2-3
B. Kirkpatrick	66 88 73 197 65-2-3
C. Cronk	75 81 71 227 73-2-3
C. Fullerton	77 79 79 235 78-1-3
G. Lemmon	76 92 81 249 83
	364 386 382 1132

Thorne and District Lodge teams will roll Wednesday evening.

Games Last Evening.
In the Manufacturers League last evening the Modern Business College team took four points from James Robertson team. The winners totaled 1220 and the losers 1125.

In the Commercial League T. McAvily & Sons team took all four points from the Sugar Refinery quintette. The winners totaled 1306 and the losers 1222.

The Clerical Bowling League was officially opened last evening by Commissioner John Thornton, who offered a trophy for the highest individual average during the season. The opening game was between the N. B. Telephone Company and the Railway Mail Clerks and the former took three out

WILSON'S "The National Smoke"
BACHELOR
St. Ill the most for the money **10c.**
ANDREW WILSON & CO. TORONTO AND MONTREAL

of four points. The winners totaled 1220 and the losers 1110.

The Wellington League was officially opened on the G. W. V. A. alleys by Mayor McEllan. The match was between the G. W. V. A. quintette and a team from the Nashwaak Pulp & Paper Company, and each captured two points. The former totaled 1233 and the latter 1217.

BASEBALL.
Yank Barstormers' Star.
Perry, Iowa, Oct. 17.—Bob Meuse, star centerfielder for the New York Americans, knocked out a home run with three on bases for Pella in the first inning of an exhibition game here between the semi-professional teams from Perry and Pella. Pella's only score was made in the first inning, losing to Perry 12 to 4.

Babe Ruth played first base for Perry. He knocked out two three-base hits and one single in five times at bat. This was the first of a series of nineteen barnstorming exhibition games to be played during the coming weeks by Ruth and Meuse.

AQUATIC.
A World Record.
Honolulu, Oct. 17.—Warren Kealoha broke the world's record for the fifty yard stroke here last night. He swam the event in one minute, forty-six and one-fifth seconds. The former record was 1:47 flat. Marjehon Wehslau, of the Outrigger Club, swam

the 220 yard free stroke in two minutes and fifty seconds, thus bettering the world's record of 2:51 3-5.

BASKETBALL.
Central Tuxis Won.
The basketball team of the Central Tuxis group defeated the Imperials by a score of 18 to 2 in the Central Baptist gymnasium last evening.

WRONG BLACK SHEEP FAILS AS A MASCOT
Gaurisankar Runs Fourth in the St. Leger When Substitution is Made.

Paris, Sept. 20.—(By Mail)—Gaurisankar, 3-year-old son of Sardanapale, Grand Prix winner in 1914, who made the journey from Maisons-Lafitte to Doncaster and started in the St. Leger, is a social thoroughbred who dislikes to be alone even when traveling.

His favorite companion is a jet black sheep, and the latter went off with the son of Sardanapale on his trip to England. Arriving at Boulogne, Wallace Davis, Gaurisankar's American trainer, was informed that owing to the embargo against the importation of sheep

into England the thoroughbred's companion could not land at Dover.

Javis Hiercupon sent the following cable to his agent at Dover: "Buy black sheep at once, meet us at pier with him." While entertaining some doubts as to his employer's sanity, the agent went out to look for a black sheep, succeeded in locating one, and met the party at the boat.

Gaurisankar immediately took a fancy to the English black sheep, all black sheep looking alike to him, whether British or French. The sympathy was not mutual, however, and the patriotic English sheep did not show any inclination to pal with this French invader coming with the intention of capturing one of the classics of the English turf.

"It's all due to that blasted bleating English sheep," he said. "Had we had our regular mascot we might have won the race."

DROPS DEAD FROM EXCITEMENT WHEN ELEVEN ALMOST SCORES
Cleveland, Oct. 17.—In the midst of a spectacular advance in the first period of a football game between Case School and Applied Science and Western College here, a Case rooster dropped dead, overcome with excitement when Case carried the ball to Woodster's 3-yard line. The name of the man was said to be G. M. Kappel, sixty years old, of Cleveland.

Approximately 2,000 yardmasters in the United States were granted an eight hour day with overtime, which is said to amount to nearly twenty-five per cent increase in pay by the United States railway board yesterday.

BECKETT TO MEET SIKI IN LONDON
Bout for Heavyweigh Championship of Europe to be Staged in November.

Paris, Oct. 16.—The next fight in which Battling Siki will take part will be staged in London, November 23. On that date the Senegalese conqueror of Georges Carpentier will meet Joe Beckett, the English heavyweight, in a twenty round battle for the heavy-weight championship of Europe.

This was decided on when Major Arnold J. Wilson, English promoter of boxing contests, obtained the signatures of both M. Hellers, Siki's manager, and Siki to a contract under which Siki will receive £4,550 for his end of the purse. Siki returned to Paris from Holland this morning and had a long talk with Manager Hellers prior to the signing of the contract. The difficulties which had threatened to separate the manager and the fighter had been smoothed over by an announcement that the French Boxing Federation was inaugurating an inquiry as to why Siki obtained only 75,000 francs as his share in the purse for fighting Carpentier, when the winner's end was advertised to be 200,000 francs.

Siki has signed a contract with Hellers, who is charged with the task of looking after the affairs of the Senegalese until May 30, 1923. Hellers not having heard definitely from Tex Rickard with regard to a fight for his charge in the United States, decided to accept the offer of Major Wilson for a bout in London with Beckett, who last Thursday night in the English capital stowed away Frank Moran, the American heavyweight, in seven rounds.

Siki yesterday said he weighed 180 pounds and that he had decided henceforth to fight at this poundage. The African fighter does not conceal his lack of desire to meet Harry Wills or Kid Norfolk, the American negro battlers, but through Hellers he has expressed a wish that "my coming victory over Beckett shall be considered sufficient qualification to meet Jack Dempsey."

New York, Oct. 17.—In an effort to reach an understanding on a tentative arrangement by which Battling Siki was to come to the U. S. to engage in bouts with light heavyweights, Tex Rickard today cabled Maurice Heller, the fighter's manager. It has been reported from Paris that Siki has no intention of coming to the U. S. "If Siki and his manager do not come here," said Rickard today, "as they called me they would, then I will guarantee that Siki will never box in America if I can prevent it."

LOCAL NEWS

DRAWING FOR QUILT
A drawing for a quilt, the proceeds from which will be used for benevolent purposes, took place at 95 Union street, west, last evening. The first prize was won by ticket No. 99, and the second by ticket No. 216. Edward Hanson and John Joyce officiated at the drawing.

ON BUSINESS VISIT.
Hugh J. Chisholm, president of the Nashua Pulp and Paper Company, and a director of the Maine Central Railway, arrived in the city today in his private car, which was attached to the Boston train. He is here on a business trip and will return to Portland tomorrow night.

HERE ON FURLOUGH
Miss Ruth Harper of Jacksonville, Carleton county, is in the city on her way to visit her sister, Mrs. P. Fitzpatrick in P. E. Island. While here she is a guest of Mrs. A. H. Wright. Miss Harper is home on furlough after five years spent with the Methodist Mission Board in Japan. She is the sister of Miss Gertrude Harper of this city.

WILLIAM PYNE
After a lengthy illness, William Pyne, son of late William and Ellen Pyne, occurred this morning at his residence, 73 Queen street. He is survived by one sister, Ellen and several nephews and nieces, to whom the sympathy of many friends will be extended. The funeral will take place on Thursday morning at 7.15 o'clock from his late residence to St. John the Baptist church for requiem high mass.

CHANGE IN FUNERAL.
The body of Mrs. Catherine Donohoe, who died in Boston on Sunday, arrived in the city today, accompanied by George Harris and Miss Harris, her cousins. The funeral will take place on Wednesday morning at 8.45 o'clock, from the Mater Misericordiae church, and not as previously announced. The body will be taken to the Cathedral of the Immaculate Conception for requiem high mass at nine o'clock.

DENIED DRINKING
One man was before the court this morning charged with drunkenness. He was arrested at 7.05 this morning at the Union depot by C. M. Morrissey, Morrissey who said the man had come from the west and was going through to Prince Edward Island but had annoyed passengers and made himself generally obnoxious about the station. The accused stoutly maintained that he had not been drinking. It was said that arrangements were made to send the man along on his way this afternoon.

WEDDING ANNIVERSARY
About thirty-five friends of Mr. and Mrs. Peer gathered last evening at the home of Mr. and Mrs. J. L. Smith, 82 Victoria street, to celebrate their twentieth wedding anniversary. In behalf of those assembled, Rev. I. J. Wason presented to Mr. and Mrs. Peer a handsome set of china and several pieces of silver. Mr. Peer responded in a happy vein. Music and games were indulged in and refreshments served by the hostess. Expressions of congratulation and best wishes were extended to Mr. and Mrs. Peer.

SHOOTING CASE
Cases against J. J. Doucette, Thomas Lacey and Albert Arsenau, charged with carrying and discharging firearms within the city limits were continued this morning in the police court. Sergeant Rankine told of going to Doucette's house and placing him under arrest on Sunday morning. Doucette had told him that he had not known there was anyone in the vicinity where they had been shooting on the afternoon before until he had heard someone cry "I'm shot!"
Sergeant-Detective John T. Power said that with Detective Donahue he had gone to the north end station on Sunday and got Doucette and his rifle. They went out to where the shooting had occurred and had arranged to have the other boys in court on Monday morning. The victim of the accident is still in the hospital. The magistrate took the recognition of the fathers of the two boys for their appearance on Saturday morning and Doucette was remanded to jail.

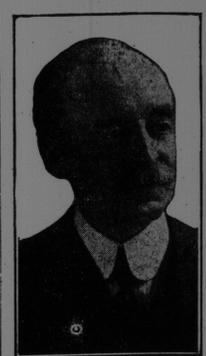

OCTOBER BRIDES

O'Brien-Arsenau.
At the Cathedral of the Immaculate Conception at 5.30 o'clock this morning, a pretty wedding was solemnized when Rev. Robert Nugent united in marriage with nuptial mass Miss Loretta Mary Arsenau and John Patrick O'Brien, both of this city. The bride was attractively dressed in a traveling suit of navy blue serge with large picture hat and seal scarf, and carried a white prayer book. She was attended by Mrs. W. A. Driscoll, sister of the groom, who wore a brown broadcloth suit with hat to match. Harry Arsenau, brother of the bride, was best man. The popularity of the young people was shown by the many presents received, which included silver, cut glass and china. The bride received a silver casket from her former fellow employees in the Cornwall cotton mill. Mr. and Mrs. O'Brien left today on a trip to Upper Canadian cities and on their return will reside in St. John. They will carry with them the best wishes of a large circle of friends.

Gilchrist-London.
At the residence of Rev. G. D. Hudson, pastor of Victoria street Baptist church, on last Friday afternoon, Miss Katherine Margaret London of 118 Rockland Road was united in marriage to Francis C. Gilchrist of Victoria street. The bride was attired in a blue tailored suit with becoming hat to match. Many beautiful presents were received, showing the high esteem in which they are held. Best wishes are extended to them for their future happiness.

Hachey-Vineau.
Joseph Hachey and Mary Regina Vineau, both of this city, were united in marriage at the Cathedral of the Immaculate Conception at 6 o'clock this morning by Rev. E. P. Reynolds.

THE HYDRO-AT-COST MAYOR

G. FRED FISHER, Candidate for the Mayorship in the interest of the people and cheap power and light.

COURT ORDER RE AN OLD ESTATE

Matter of Will of Aaron Eaton Who Died in 1866—Other Cases in Chancery.

In Chancery this morning Chief Justice Sir Douglas Hasen delivered judgment in the matter of the estate of the late Aaron Eaton, formerly a well known local business man. The case arose through an originating summons issued by the trustee—James Manchester and the Eastern Trust Co., concerning division of the estate, which had originally been valued at \$100,000 when put up after the death of Mr. Eaton in 1866. He left five daughters only one of whom is living, Mrs. King widow of Hon. G. E. King, late justice of the supreme court bench at Ottawa. Mr. Eaton's will had apparently been drawn by some one, perhaps himself, not familiar with the task and there were conflicting clauses for interpretation. The court decided that division of the estate should not take place until the death of Mrs. King when it would be given per capita among the children of Mrs. Austen, Mrs. Brecken and Mrs. King. Barnhill, Sanford and Harrison represented the plaintiffs. The case of Donovan vs. Donovan is to come up this afternoon. This is a case arising from the matter of the estate of Timothy Donovan, late of west St. John, and has to do with division of property among his children. The case of the attorney general vs. the C. P. R. was further argued by Yasick Co. Ltd. vs. Parsons was adjourned to tomorrow, and Ganong Bros. Ltd. vs. Stanley to Nov. 2.

A TURN DOWN AND AN EXPLANATION

The Times news reporter who gathers the old happenings about city hall at his usual job this morning and was told that it was proposed that at high noon, the members of the city council would gather together to meet P. W. Scheideheln, the expert who was brought all the way from New York to tell the city council what they should do about the Musquash power. Accordingly, when the commissioners gathered at the hall and, on the stroke of twelve started to troop into the mayor's office, the scribe started to troop in after them. Encountering the mayor at the door, he politely enquired, "Is the meeting open, Your Worship?" "There is no meeting here," was the reply and the door was shut and the mayor who had followed him to the hall came from the inside. The reporter turned away. He was disappointed to pass on to the public had received little satisfaction. A moment later, however, he was accosted by the mayor who had followed him to the hall to explain that the affair which was being held in his sanctum was not in any sense a meeting, but was merely the introduction of Mr. Scheideheln to the members of the city council who had not before made his acquaintance.

ERIC SNOW IS COMMANDER

Rothsay Collegiate School Cadet Corps is Reorganized.
The Rothsay Collegiate School Cadet Corps has organized for another year's activities and hopes to make as good a showing this year as the corps has in the past. This company, under the instruction of Lieutenant R. Dooe, C. S. C. I., who will continue as the leader, has made a fine showing in shooting, drill and in all branches of cadet work, and it is hoped that their future will be as successful. The officers are: Company commander, Eric Snow, half-company commander, H. S. S. P. Dunham and C. M. Scott.

The formation of a new corps in Moncton was authorized on October 7 to be known as the Edith Cavell school corps and to be under the command of Lieutenant A. C. Farthing, physical instructor of the Moncton schools. The number of the corps is 1,036, and it makes the fourth to be formed in Moncton. Word from Rothsay Collegiate School is that Eric Snow, captain of the football team, who was injured in practice about two weeks ago, will be able to return to the game when his team plays Fredericton High School on the Rothsay grounds on Friday. This will strengthen the team considerably, although it is also reported from the school that S. P. Dunham, another of the strong players in the team, has suffered a broken rib and will be unable to take part in this contest.

SPORT WRITERS HERE TODAY ON WAY TO WOODS

Men Who Tell About the Big Ball Games Seek Recreation in the Wilds.

Five members of the Baseball Writers' Association of the United States arrived in the city on the Montreal train at noon today. They were Fred Lieb of the New York Evening Telegram, who is president of the Writers' Association, Sid W. Brunwick of the New York Evening Journal, Irvin Vaughan of the Chicago Tribune, Denman Thompson of the Washington Star, and Ed. Ballinger of the Pittsburg Post. They will remain in the city today and in the morning leave on the S. S. Aramoor for Digby, en route to the Kegonsakoochee district where they will hunt big game. The party are the guests of the C. P. R. and they are being accompanied by Douglas Hains of the tourist department. The trip was arranged by Joe Page, baseball writer and sports enthusiast, who is a special representative of the C. P. R. He met the majority of the writers in New York and accompanied them to Montreal, Quebec and as far as this city. Owing to stress of business he is unable to proceed with them in search of big game. The visitors were met at the station by G. Bruce Burpee, district passenger agent of the C. P. R., and C. B. Allan, secretary of the New Brunswick Tourist and Resources Association, and driven to the Royal Hotel. This evening they will be guests of the C. P. R. at a luncheon in the Union Club.

PREPARING FOR RED CROSS WEEK

Meeting of Local Executive Held Today—Annual Meeting, Membership Drive, Pageant and Public Gathering Planned.
Preparation for the activities of Red Cross Week, which will start on next Monday, were made at a meeting of the executive of the local Red Cross in the rooms, Prince William street this morning. The president, Mrs. F. S. White, was in the chair and there was a good attendance of the members. The annual meeting was set for Oct. 27. It was decided to start the big membership campaign on Wednesday and continue it the following day. It was hoped to have the Red Cross pageant staged on Tuesday, but so for the place where it will be held was not decided until the following day. A committee was appointed to arrange the details. The week will be closed with a big public meeting on Sunday afternoon at the Victoria hall, to be presided over by several prominent speakers. A programme of instrumental and vocal music is also being arranged for the meeting.

SENATOR GETS DEER AND PARTRIDGE

Major General MacDonnell Here After Hunting Trip—Col. Sparling Also Successful.

Major General the Honorable Senator A. H. MacDonnell, C. M. G., D. S. O., returned to the city yesterday from a shooting trip of about two weeks at Musquash, New Brunswick, and will leave for Ottawa tonight. While on the trip the general got a deer and several partridge and saw two moose, although he did not get close enough to get a shot at them. The party with which the general was shooting was in the woods of this district and by Lieut-Col. H. C. Sparling, D. S. O., who got two deer in the last two days in the woods. At the time of meeting the general had had no luck but apparently his fortune improved later and he managed to bring down one of the speedy denizens of the forest. Both General MacDonnell and Col. Sparling report a good quantity of game in the woods of this district and say that the shooting is good. The colonel also had a try for a bear but the thick underbrush kept the animal out of sight until he managed to make good his retreat.

CARGO OF THE SCHR. TELUMAH HAS BEEN SAVED

Schooner Refloated at St. Martins, but Said to be Badly Strained.

The schooner Telumah, which went ashore near the wharf at St. Martins, while in the act of sailing with a lumber cargo for New York, has been refloated and is now tied up alongside the wharf awaiting repairs. She appears to have been badly strained and is about half full of water. Floating became possible after her deckload had been removed. The entire cargo has been salvaged without loss and has been transferred to the schooner Abbie S. Barker, of New York, which will carry it to its destination. The cargo consists of about a million and a half feet, consigned to G. Ernest Hill, of New York, by his local agent, Walter Millean.

LIQUOR CASE.
John Wells pleaded guilty this morning to keeping for sale in his beer shop in Main street intoxicating liquor on Saturday, October 6. He paid a fine of \$200.
