DISMEMBERED BODY FOUND IN NEW YORK

Mysterious Features Puzzle the Police.

Missing Rings Point to Robbery But Victim's Fear of Rival for Girl's Affections May Prove a Clue.

NEW YORK, June 11—The dismembered body of a murdered man which, wrapped in oilcloth, was left by a stranger in the care of a boy in Catherine street last night, was identified today as that of Samuel Berin, 22 years old, a painter of East 98th street. The man's head, which was missing last night, was found lying on a pile of refuse under the Brooklyn bridge, some distance from the point where the body was left. Identification was accomplished by laundry marks on the clothing and was confirmed by the dead man's sister and brother.

NEW YORK, June 11—Bersin came from Russia two years ago and boarded with a family named Cornblom. He had been missing from his home since Wednesday, when he left to go to work.

CHICAGO, June 11—The most extraordinary cases which have puzzled the authorities in years, the police bent every effort to discover the murderer and to ascertain the circumstances under which Berin came to his death. That a man could be killed, his head thrown into a pile of rubbish and his body severed into two parts and carried about the streets until the police to unusual efforts. Early evidence seemed to indicate that the murder was committed in the lower part of the city, not far from the spot where the head was found. The case took on a new phase today when Mrs. Mollie Isaacson, the murdered man's sister, informed the police that Berin had been greatly depressed for the last month because a young woman of the East Side, with which he was in love, had forbidden him to call upon her. Mrs. Isaacson said that Berin was a jealous rival for the girl's affections and stood much in fear of the other man, who she said the police hope to solve the mystery.

The fire burned itself out without occasioning great damage. The blaze was a spectacular one and was witnessed by large crowds from the decks of Indian town. Junior members of the Natural History Society will have outings to Rockwood Park at the Sandy Point Road on Saturday. The boys will meet at the Museum at 1:30 p. m. and the girls at 2:30. On the following Saturday, June 19th, the girls will have an outing at Camp Nature on the Nerepis. On the complaint of Thomas McGuire, liquor dealer, Helen Barker was charged in the Police Court with stealing \$12. She appeared at the Police Court yesterday afternoon with her father and mother and pleaded guilty. Information was also laid against her mother for receiving stolen property. The mother was called to the stand and it was seen that she was under the influence of liquor. She was sent into jail. The girl will probably be sent to the Home of the Good Shepherd. The mother, Margaret Barker, will be tried this morning. SALE OF EMBROIDERED WAIST FRONTS AT M. R. A.'s. An early summer sale of dainty embroidered waist fronts at very special prices will commence tomorrow morning at M. R. A.'s lace counter. These waist fronts are all perfectly fresh and in the latest styles of embroidery. Many of them are made of very low priced material, and will be very low priced. FREDERICTON, June 10.—The Supreme Court will meet tomorrow. All the judges are in the city tonight. Chief Justice Barker and Judge Landry, McLeod, White and McKeown arrived today. Dr. Moorehouse's well known camp has been destroyed by fire and other camps in that vicinity are threatened and will likely be destroyed.

LADIES TOURNAMENT WAS HELD YESTERDAY

Misses Barnaby and Macaulay Winners of the Doubles. Miss Marjorie Barnaby and Miss Bertha Macaulay were the victors in yesterday's Ladies Doubles at the St. John Tennis Club, and carried off the first prize, with 25 points. Miss Mary Treisman and Miss Lottie Briggs were the winners of the second prize. The prizes were donated by Mrs. P. W. Thompson, and were presented by Miss M. G. Howard, who made a happy speech. The day was served under the able management of Mrs. F. A. Jones, Miss Mary I. Harrison, and Miss C. Ingham.

FORMER U. S. CONSUL WILL LOOK UP OLD FRIENDS

In a letter to Judge Willich, James O. Howard, formerly United States Consul here in 1886, expressed his intention of visiting St. John in August next. Mr. Howard was well known here and acquired after a number of years, including Recorder Skinner, Senator Ellis, G. B. Cushing, Charles Clarke, W. P. Dole, Sidney Smith, James McIntosh and Lawyer McShane. The visit of the former consul will recall to the minds of several of our oldest citizens pleasant incidents during his tenure of office here.

WRESTLING TONIGHT.

MONCTON, June 11.—Tonight in the Grand Opera House, Dan McDonald, of Cape Breton, middle weight wrestling champion of America, will undertake to throw Geo. Nedel, the Assiniboia strong boy, three times in an hour for a wager. Nedel bet a hundred dollars to fifty that McDonald could not fulfill his wager.

FACTORY DESTROYED.

ROCHESTER, N. H., June 10.—One hundred hands were thrown out of employment and a property loss of \$100,000 was caused by the destruction by fire of the Salmon River paper mill in the town of Milton, eight miles from this place tonight. The blaze is supposed to have started about the chimney in the boiler room of the factory, which was a two story wooden building. The fact that a heavy rain had wet the roofs of adjoining buildings saved them from destruction. W. S. Love, of Portsmouth, was the proprietor of the plant. The business was the manufacture of paper. Mr. Love had partial insurance on the property.

NEW YORK, June 10.—Play in the national tournament was divided between the two-man team championship and the women's individual contest. The best score was made by M. Beaman and P. Schoppel, of Pittsburgh, but this was only 1190 pins, which is not near the leading totals.

FREDERICTON, June 10.—The Supreme Court will meet tomorrow. All the judges are in the city tonight. Chief Justice Barker and Judge Landry, McLeod, White and McKeown arrived today.

DR. MOOREHOUSE'S WELL KNOWN CAMP HAS BEEN DESTROYED BY FIRE AND OTHER CAMPS IN THAT VICINITY ARE THREATENED AND WILL LIKELY BE DESTROYED.

GLAD TO GO TO MINOR LEAGUE; WHY? SO HE WON'T SIT ON BENCH

"Am I glad to go back to the minors? Is a gun suffocated with pleasure to get out of air? Is a duck glad to stumble across a pond in a dry spell? Is a boy overcome with hilarity when a circus comes to town? Say, ho, say me something hard, I hate to smile, because my lips are chapped." No, Will "Docson" Wright didn't say all of this, but a thought transfer machine built like one of those vacuum cleaners wouldn't have much trouble getting a line like it out of his shell. "Docson" Wright went to Cleveland from the coast last spring and after pitching three or four games in which the opposition made four or five hits off of him, he was sold to Toledo, in the American association, presumably because he was too good for last year's company. Had Wright been given any sort of support he would have won every game but one in which he started, but miserable defensive work and no hitting behind him marred his every appearance and instead of being one of the leaders of the league he was not credited with a victory. No wonder he is glad to go to Toledo. "I know Armour is a good manager and I will get a chance to work regularly, which is all I ask. I'd rather play in a first-class minor league than decorate a bench in the major league."

NOVA SCOTIA WINS ANNUAL RIFLE WATCH

HALIFAX, N. S., June 10.—With the sun shining brightly and weather conditions good, the Nova Scotia team won the twenty-fourth inter-maritime rifle match today, defeating the Prince Edward Island team by ten points and the New Brunswick team by 45 points. Shooting was at 200, 500 and 600 yards, the first two ranges being shot in the morning and 600 yard range in the afternoon. Conditions were most favorable, the day being fine and bright. The top score of the day was made by Lance Corporal G. Peveril of 3rd Rifles, his total score being 27 out of a possible 100. The only possible of the day was made by Lieut. Chandler of the Nova Scotia team, and was made at 500 yards. At this range Lance Corporal Peveril made bullseyes with both signing shots and followed up with six more, his last shot being an inner ring on the edge of the bullseye. The Nova Scotia team took the lead at 200, making a score of 551, four points ahead of the Islanders and 24 ahead of New Brunswick. At the 500 yard range the Nova Scotia team further increased their lead over the Islanders to ten points and over New Brunswick to 29 points. Scores of teams follows:

YACHT CHALLENGE FOR CUP ASSURED

Sir Thomas Lipton Coming to America With New Plans. DUE IN AUGUST. LONDON, June 10.—Sir Thomas Lipton is out of town and no authoritative statement can be had from him as to his intentions regarding the next competition for the America's cup, but his close personal friend, Sir Thomas Dewar, when seen tonight by a Herald correspondent, stated that Sir Thomas was very much in earnest about capturing the cup. "Sir Thomas feels that he cannot challenge again under the existing regulations," said Sir Thomas Dewar, "but he intends going to New York himself in August and personally laying before the committee a challenge which they can accept." It is understood from reliable quarters that Sir Thomas Lipton hopes to be able to arrange matters in such a way that he will be allowed to compete with a yacht that is not merely a racing shell but really a seaworthy boat, capable of safely crossing the Atlantic under its own sail, without the risk that attended the sailing of the last Shamrock. Sir Thomas Lipton will be at the Holland House in New York about August 15. William Fife, his designer, will probably accompany him. The two have had numerous conferences recently respecting a new model, and the new challenger will be based upon plans which Mr. Fife has originated.

"Ivan Ivanovitch" called the president of the Immigration Commission at Ellis Island. There was a stir in the title crowded room, where some dozen of alleged undesirable, lately landed, were waiting to hear their fate. A Russian woman, pretty and young, but emaciated and bearing the marks of extreme poverty, leaned forward, her eyes fixed upon the attendant. Other she sprang up and essayed to speak, but the attendants sternly restrained her.

AMUSEMENTS.

TODAY'S THE DAY FOR BURNS AND JOHNSON AT OLD MISSION HALL.

Anyone missing it will miss the treat of their life. That may seem like saying something odd. But it won't sound a bit that way when someone repeats it to you that has seen these great pictures. Thousands upon thousands of people have flocked with delight these grand picture productions of Burns and Johnson in their great contest in Australia and have nothing but the highest praise for them. All the larger American cities, and the Canadian cities as well have soon them and those that have not are going to. For Mr. Hugh McIntosh, the great Australian promoter, has made up his mind that no city of importance on this continent will be neglected. Every phase of this contest will be shown today at the old Mission Hall and the many incidents leading up to throughout and after will keep one interested for over two hours. Nothing like it ever shown in St. John or probably ever will again. Be early if you want a good seat.

WILBUR WRIGHT AND KING EDWARD AT HAPPY HALF HOUR TODAY.

What the management of the Happy Half Hour consider the best show yet given will be presented to patrons today. Signor Berini, at the request of a large number of patrons, will sing a large number of popular songs, commonly known as Fra Diavolo's songs from the opera Fra Diavolo. This will certainly be a treat that no music lover should miss. Mile. Berini will sing the Goel I'm Glad I'm Married Now as sung by Anna Held in her musical comedy success, Miss Innocence. It might be observed that this is the title of the woman's version of the song, the man's version being different. A great show in pictures is promised. Wilbur Wright showing King Edward and the War Office Experts His Aeroplane, will prove of interest to everybody. It will be remembered that shortly after King Edward viewed Wright's machine the war office commenced to talk business with the Wrights. This picture has positively never been seen in St. John and should not be confounded with others. Benares, India, is a delightful travel picture, the kind the Happy Half Hour made popular. Before and After Marriage should be seen by all the fine ladies and bridegrooms. It's a comedy with a lesson. An Unseen Keel is a strong drama. The ladies' orchestra will render a programme of new music. Parents can send their children to the matinee tomorrow with perfect safety. Nothing offensive shown. On the contrary amusing and instructive pictures and plenty of room for the little ones.

THE BON-AIR TRIO A GREAT SUCCESS AT THE PRINCESS.

Last night the Princess was crowded at every performance. The Bon-Air Trio in their comedy acrobatic act was a decided success. It is one of the first and most novel acts seen here in many a long day. The other acts on the bill are far above the average. A new act, Shaw, in their refined singing and dance act are certainly making good. They have to respond to encore demands. Billy Court, the Scottish comedian, is in a class by himself, as is Baum and Lee in that laughable comedy sketch Skates. Complete change of pictures today.

ENGLAND VS. GERMANY AT THE STAR.

The sensation of the season in motion pictures will be the Star Theatre's magnificent film, "England vs. Germany," or the supposed danger of Germany attacking England. This is a thousand-foot picture of the British forces on land and sea, the army, navy and all the excellent defense of the Mother Isle. British blood will warm with pride at this fine picture, which is sure to attract many hundreds. Other films are to be "Football Has Drama," "The King of Jesters," and two comedies. Al Weston, who has made a big hit, will sing "Lily of the Prairie," and at the big Saturday matinee the show will consume more than an hour. Be early tonight for the British picture is going to draw immense crowds.

Much sympathy is felt for his mother in her double bereavement.

LOUISVILLE, Ky., June 10.—Nobles of the Mystic Shrine ended their 25th annual session tonight in the mazes of a gorgeously appointed dance at the first regiment armory. OFFICE OF TOURIST ASSO. DELUGED WITH INQUIRIES

The limited funds at its disposal, due in most part to the council's action in cutting down the civic grant by half, is making great strides. Perhaps the greatest advertisement that New Brunswick has fallen heir to for some time is the hunting trip last fall of Hon. Chas. Scott, a prominent citizen of Rosendale, Mississippi, and perhaps the largest cotton planter in the world. Mr. Scott had a most successful hunt and was so delighted with his outing that he has written several magazine articles on New Brunswick. One of them published by the Red and Gun was distributed in large quantities at the Sportsman's Show held in Boston and New York during the winter, and is also being circulated by the Canadian Pacific Railway.

As a direct result of the writings of Mr. Scott numerous enquiries have been received relative to the sport in the province, and the articles are proving a strong factor in directing summer travel to New Brunswick.

Unfortunately the city will not be in a position to offer the accommodation of summer visitors, and with the rush in earnest there will undoubtedly be many who will have to be turned away. The Tourist Association, however, is doing everything in its power to cope with the anticipated crowds and with

OTTAWA, June 10.—Hon. George P. Graham came to Ottawa today from New York and left again by the first train for the Soo to urge expedition in making repairs to the damaged locks there. A telegram from Superintendent Engineer Ross said the canal might be repaired for the accommodation of traffic by Monday night, though the work would probably require a longer time.

Hon. Mr. Graham was in New York consulting with the engineers who are working on plans for the new Quebec bridge. It is expected that Chairman Fawcett of the engineering commission will be able to make a report upon the plan for the new bridge within a few days. It is pretty well understood that the old site and piers will be made use of, that the bridge will be cantilever and a hundred and fifty feet above the tide.

POLITICAL INDEPENDENCE. Until very recently most Canadians have regarded the British Empire as one of the established and permanent institutions of human society.

But of late all this has changed. Canadians are now aware of the fact that the British Empire is but the greatest and the latest experiment in political organization.

But you can't always tell. It may be that he's gone to the States to be a newspaper editor. Or he may be a politician.

But it is impossible to escape the conviction that there is a growing need for some form of imperial organization in which the various parts of the Empire will have full opportunity for representative expression.

Self-respecting people have not been content in the past to remain in a state of political tutelage.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

"Believer, One—Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation and indigestion. I suffered like a martyr and thought of ten of death. I consulted two doctors who could do nothing for me. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATZ, Valleyfield, Bellflower, Quebec.

ST. PETERSBURG, June 10.—Events in Finland are marching rapidly towards the dissolution of a third Diet. The Finnish Diet has agreed to the text of an address to the throne, renewing the protest against recent changes affecting the relations between the Grand Duchy and the empire. The Emperor and the Russian cabinet have conceded one point in the Finnish contentions, regarding the validity of the law dissolving the Diet but have insisted upon the maintenance of imperial control in matters of general and imperial interest.

ANTONIA LOPEZ ON SAND BEACH

Had 35 Passengers Aboard ALL SAFELY REMOVED Majority Were From Italian and Spanish Ports

NEW YORK, June 10.—Spanish steamer Antonio Lopez, with 323 passengers and a crew of 125 men, ran ashore on the sand beach at Pine Island last night and lay on the beach all night, pounded by the sea. Rockets set up for assistance warned the decimated summer life saving crew at Point of Pines life saving station but they could do nothing until daylight. Early today wrecking tugs reached the stranded steamer, a life-boat was launched through the surf and the work of transferring the women and children passengers to the wrecking tugs was begun. The sea was still too high to permit the passengers to be landed on shore. The steamer appeared to be undamaged and in no immediate danger as the sea was subsiding. Most of the passengers were from Italian and Spanish ports, including Naples, Genoa and Cadiz and they were bound for Vera Cruz, where the steamer intended to proceed after touching at New York. The Lopez lay on a sand bar about 1,000 feet off shore when the wreck was discovered by Edward Baker, son of Captain Chas. Baker, of the Point of Woods life saving station. Captain Baker was absent but his son took charge and soon assembled a volunteer crew of fishermen. Several attempts were made to launch the life-boat, but the surf was running too high on the beach and the vessel lay so far from the shore that the fishermen were unable to shoot a line over her to set up the breeches buoy apparatus. A request was forwarded to New York city for wrecking tugs and with in a few hours two of them reached the scene and passed lines to the stranded steamer. They were unable to remove her and the Lopez then hoisted signals asking that small boats be sent from shore to take off the passengers who were frightened. After daybreak acting Capt. Baker and his men got several surf-boats and the transfer of the passengers to the wrecking tugs began. Women and children were taken first and the men followed. The rescue work proceeded rapidly. The Lopez is a steel steamer, 430 feet long, and of 2,300 net tonnage. She is owned by the Compania Transatlantica de Barcelona.

WEDDINGS

KEIRSTEAD-WASON. NORTON, June 9.—A very pretty but quiet wedding was celebrated at five o'clock this afternoon at the residence of George T. Keirstead, where Rev. C. G. Fincombe united in marriage, Miss Estella S. Keirstead, Norton, and George B. Wason, Cambridge, Mass. The bride was charmingly attired in very becoming costume of crepe de chene over white silk with veil and orange blossoms. She was attended by her nieces, Misses Doris and Grace Keirstead, of St. John, the former being maid of honor attired in pale blue silk, and the latter as flower girl attired in pale pink silk carrying a basket of lilies of the valley. The groom was attended by Messrs. Fletcher and Richard Wason, of Cambridge. The groom's present to the bride was a handsome emerald ring set with diamonds and to the maid of honor, a pearl necklace; to the flower girl, a coral one. Immediately after the ceremony luncheon was served and the happy couple left for a tour through Nova Scotia, followed by the good wishes of a host of friends.

TAPLEY-WORRELL. ST. STEPHEN, June 10.—Miss Elizabeth Tapley, daughter of Joseph Worrell, Watt Junction, was united in marriage at Chateaufort Wednesday afternoon with Irving S. Tapley, of that city. The ceremony was performed by Rev. Chas. G. McCarty, pastor emeritus of the Protestant Episcopal Church, and only relatives and a few intimate friends were witnesses. The bride was unattended. After receiving congratulations the happy couple left on the afternoon train for Fredericton, and on their return will reside in Chateaufort.

HINTS to MOTHERS

It has long been customary to teach children to reply to questions with "Yes, mother," or "No, Mr. Smith," rather than to use the "Yes, mamam," and "No, ah," which are due from a subordinate to an employer. The boy who had been trained to take off his hat when he enters his mother's kitchen, will not forget to take it off when he enters a business man's office looking for his first job. Upon such an apparent trifle may a lad's first success depend. And who but mother is responsible if the habit is not established? A wise mother will do the other day: At last I believe I have solved a problem that to me has been a serious one. My five children had been begging pennies, nickels and dimes of me, until I began to fear I was making little spendthrifts of them. I decided to give each child a weekly allowance and a small account book. The allowance was furnished according to the age and needs of each one, and all instructions necessary were given. At the close of the week the books are looked over by mother, mistakes noted, criticisms made and encouragement and praise given when deserved. I have not tried to control the manner in which the allowance is spent, as I think experience the best teacher. The one child among them all who had a few pennies left at the close of the week was accorded wild enthusiasm by the poverty-stricken crowd, and the next week there were two who had not spent their little all.

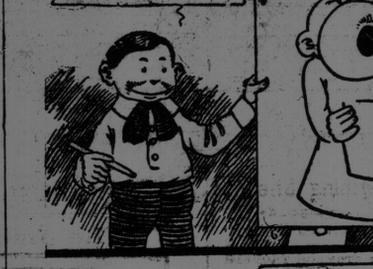

CLIPPERS DECLINED TO PLAY THE GAME

Declared Schedule Didn't Include Match on Thursday—Marathons Notified DEADLOCK NOW

A few weeks ago the Marathons and Clippers baseball teams decided to play a series of fifteen games according to an agreement drawn up and signed. The games were to be played Monday, Wednesday and Friday evenings and Saturday afternoons if possible. Two games were played, one on Sunday afternoon last, the other on Monday evening—the Marathons winning both. After Monday night's game it was announced that the grounds could not be procured for Wednesday evening, and it was understood by a number of those present that the game would be played on Thursday evening. Yesterday Manager James McBride of the Clippers stated that he had informed Manager David Donald of the Marathons that his team would not play, as the agreement appeared in uniform, but only for practice. About 20 spectators were on hand, and when the time to play ball came around the Clippers' manager said his team would not play and that he had informed the Marathons manager to that effect on Tuesday, and that his reasons were that the agreement called for Mondays, Wednesdays and Fridays. The official umpire started to call the game but the Marathons were on the ground and the Clippers were not.

BOSTON, Mass., June 10.—After pleading guilty to manslaughter, Hilman M. Perry, was sentenced to not less than five nor more than ten years in state prison by Judge Sanderson in the superior court today for having shot and killed Miss Catherine McDougall of Yarmouth, N. S., in a house in the South End on February 24 last. Perry, who is said to have formerly lived in Burlington, Vt., was indicted for murder in the first degree, but the state accepted his plea to manslaughter. Chief Judge of the Bureau of Criminal Investigation stating to the court that he believed Perry was temporarily crazed by dependency over business troubles. Perry, who is paralyzed from his hips down from the effects of poison which he took after the shooting in an attempt to end his life, told the court that he bought the revolver to shoot himself, and had no recollection of having shot the woman, whom he said he had been on friendly terms.

This year it is proposed to complete the remaining between Cumberland Bay and Chipman. A steam shovel, a large gang of men and two working trains have been engaged at the work since June 1. Of Late Archbishop Duhamel at Ottawa—Attended by 5,000 Persons.

His Grace Archbishop McCarthy, of Halifax, accompanied by Rev. John Paley, pastor of St. Mary's Church, passed through the city at noon on a route home from Ottawa, where he was in attendance at the funeral of the late Archbishop Joseph Thomas Duhamel, who passed away on Saturday evening at Chateaufort.

HOLDEN'S COMEDIANS.

One of the best antidotes for "dull care" is a visit to the merry company, Holden's Comedians, who will present their jolly comedy "Pike's Peck" at the Opera House on Friday and Saturday evenings. "Pike's Peck" is a gloom dispeller of the first water and is equal in laughter provoking qualities to half a dozen of the plays that are paraded under the title of comedy. "Pike's Peck" tells a funny story in a funny way and is replete with bright sayings, funny situations, sparkling epigrams and interspersed with pleasing specialties. The company is a jolly crowd of comedy experts and combine their business with your pleasure. Their object in visiting your city is to make you laugh and how well they succeed in their object is said by Mr. Hall has never had a better one-theatre patrons are assured of an entertainment more than worthy the low scale of prices that have been established for the engagement to be played at the Opera House first half of next week. Much interest always attaches to the two children who play exciting parts, and Grace Brackman and Laura Hall, who are said to be dedicated to the attraction is under the direction of Frank W. Mason, well known for the many excellent productions he has brought this way.

THE AMERICAN GIRL.

A play that has stood the test of time and carried its appeal of heart interest for seasons after seasons must necessarily have elements that go to please a wide range of theatregoers. So it is that the announcement of the American Girl with George F. Hall in the principal comedy role, is always anticipated with pleasure.

The play is too well known to need extended comment. With the assistance of a good supporting cast—and it is said Mr. Hall has never had a better one—theatre patrons are assured of an entertainment more than worthy the low scale of prices that have been established for the engagement to be played at the Opera House first half of next week. Much interest always attaches to the two children who play exciting parts, and Grace Brackman and Laura Hall, who are said to be dedicated to the attraction is under the direction of Frank W. WANT JIM JEFFRIES TO REFEREE COMING BOUT

Between Johnson and Ketchell for World's Championship.

NEW YORK, June 11.--Stanley Ketchell would like to see Jeffries as referee for his coming fight with Jack Johnson for the world's championship next October at Colma, California. The Michigan middleweight reached here early today from Philadelphia with his manager, Willis Britt. Speaking of the statement of Jeffries that he would take on Ketchell for the championship should he defeat Johnson, Britt said: "I don't believe Jeffries would want to fight Ketchell. Jeffries' sole idea in returning to the ring was to defend the title from Johnson, who claims it. I should like nothing better than to have Jeffries referee the Ketchell-Johnson fight and will accept him in a hurry if Johnson makes no objection."

The public schools are at present preparing for the closing for the summer vacation, which will take place on June 20.

Dr. H. S. Bridges, superintendent of city schools, stated this morning that the High School entrance examinations would start on Monday morning, June 14. They will be continued on Tuesday, Wednesday and concluded on Thursday. The superintendent states that about 250 candidates will try the entrance examinations. This number is not so large as last year. The matriculation papers will start on Tuesday, July 6.

The formal closing of the schools will take place on Wednesday, June 23. Elaborate programmes are now in the course of preparation. The re-opening day has been arranged for August 16, but there is a probability of the schools not re-opening until Monday, the 29th. W. J. S. Myles, principal of the High School, stated last evening that there would be about sixty-five members in the graduating class. The final examinations start on Wednesday next. The valedictorian of the class will be selected according to the standing of the pupils in their work during the whole year.

There is at present a close race for this honor. A young lady is leading by a few points, but the coming examinations will decide the contest. In addition to the valedictorian of the class, a number of essays will be given. Speeches will be delivered by prominent citizens and educational officials and the diplomas will be presented to the graduates at the close of the exercises.

The St. Vincent's High School closing exercises will also be of a most interesting character. The closing will take place in the large music room. The graduating class has been announced and consists of Misses Mary Caples, Roxina McIntyre, Helen Harrington, Annie Phillips, Gertrude McGuire, Annie Ramsey, Ethel Walsh, Angela Power, Annie Driscoll, Annie Hennessy and Esther Mearns. The valedictorian of the class will be Miss Mary Caples, daughter of Richard Capes.

The St. John High School alumnae and the St. Vincent's alumnae will tender a reception to the graduates on the evening of the closing. Refreshments will be served and a programme carried out. The High School graduating class has adopted the motto "Vincent qui se vint." A pretty design of a class pin has been selected. Henry Birks and Son, of Montreal, are designing the pins and the members of the class are anxiously awaiting their arrival.
