MEAT PACKERS' STRIKE KUROPATKIN TELLS OF

Short and Prices Are High---Rioting in Chicago.

In St. Louis looking after that end of ground by a dozen white men. One of had the better of the argument in last party. This opposition of the negroes week's conferences, are little inclined set the crowd in a frenzy, and had One thing is certain, the packers say, to a riot call some of the strike-break-and that is they will not recede from ers would undoubtedly have been killwill have to conform to the employers' Baker. ers' determination to stand firm is the because of the threatened scarcity of of the road and half of the height of order to maintain the positions we had fact that they have steadily incresed their working force at the plants by ing the day five hundred head of cattle were in almost normal condition, the packers having assumed a more independent attitude are more determined tonight than ever that they and not

As the strikers declare that they con- entire city. There is plenty of live ceded every point possible in last stock in sight, but prices have been week's negotiations there is little likelihood that any further conferences for the present at least would amount to frame of mind the outlook for a speedy

settlement is decidedly dark. The sticking point in the whole quesment of the strikers. Mr. Donnelly, at yesterday's conference with the overcome the demand, which is sure of General Kashtalinsky's column. packers, waived every other demand to be great tomorrow.

The general reserve was left at Ikhavhe had made and agreed to order the ers refused to do, maintaining that since the strike, whom they could not discarge. They promised, however, to take back the old employes as rapidly as possible and in order when their applications were filed. The union officials declare that they will never accept this proposition, as they say it

To complicate the controversy still more the allied crafts at the stockvards, numbering 14,000 workmen, have become restless and are anxious to join the men already out, in a sympathetic strike. Whether these men will go on strike or not will be decided tomorrow when Mr. Donnelly returns

union inside of three months.

These unions, representing thirty o the mechanical trades in the packing plants, have decided to quit work if Mr. Donnelly says so and should he give the signal on his return tomorrow the 14,000 men will walk out.

In an attack on four colored strikebreakers by a mob composed of spectators at an amateur base ball game in the vicinity of the stock yards, two white men, one policeman and four strike-breakers were severely injurea. Revolvers and knives were used, and three of the injured men are in a seri-

After finishing their day's work at Schwarzchild and Sulzberger's plant the four colored strike-breakers on their way home had to pass the grounds where an amateur base ball game was in progress. There were

STILL IN FULL SWING.

CHICAGO, July 17.-There was little a revolver and a knife and as the mob CHICAGO, July 17.—There was little a revolver and a knife and as the mob if any change in the situation of the started for them they drew their meat packers' strike here today. With weapons Before they could use them, beyond the passes in the Fenshui Mountain chain, our inform-

atical, as the packers, believing they liam Durand, one of the attacking Kuroki had transferred his headquar-

meat due to the Chicago strike. > go toward the supply of the people of the Lakho and Sinkia roads. this city and vicinity. The authorities are quite confident of keeping up have not been yet verified, but its genwith the demand if the railroad employes do not join in the strike and thus tie up the lines.

CHICAGO, July 18.-Another effort would mean the disruption of the s to be made to settle the stockyards strike by arbitration. Tomorrow President Donnelly, of the striking unions, will send to the packers another letter asking for a conference. In this letter Mr. Donnelly will go over the history of the strike and will ask the packers if in their judgment it would not be better to concede the one point n contention, the taking back of all strikers, than to continue the strike The refusal of the packers to discharge the men they have employed since the commencement of the strike and to give their places to the strikers caused the breaking off of previous conferences. The communication to the packers will also suggest the belief of the strikers that they are, as old employes, deserving of this consideration If this offer of the union is rejected by the packers, Mr. Donnelly declared tonight, the allied trades at the stockyards, numbering in all about 13,000 men, will be called out tomorrow in an effort to bring the packers to terms.

ROME AND FRANCE.

Canadians' scores in this match were Bishop Geav of Laval Who Sought **Protection of France Will be** Suspended.

ROME. July 18.-From the highest sources it is learned that the Vatican's view of the situation between the Holy See and France is as follows: The Pope regards the dissolution of the concordat by France absolutely certain. The prejext is that the Holy See before the visit of President Loubet to Rome called on Bishop Geay of Laval to resign. He refused and was summoned to Rome to answer the gravest charges. The bishop appeal-

ed to the French government, which chaimed that the Holy See was infringing the concordat, but as the bishop had not been punished. Foreign Minister Del Casse acknowledged that the Vatican was within its rights. However, while in the concordat itself, there is nothing to show that the Vatican was not within its rights, Bishop Geav differs from his colleagues and bases his contention on the so-called organic articles which constitute an enlargement or explanation of the conordat made by the French government and which was never acknowedged by the Holy See. The pontiff has firmly decided to proceeed with the case of the bishop, who, if he is not in Rome on the 28th instant, will The bishop was invite suspended. ed by Pope Leo XIII. to resign and refused to do so, showing the case is one of long standing. At the Vatican it is absolutely denied that any other prelates are concerned in the question

SEEMS TO BE UNLUCKY.

Another Passenger Lost From the Kaiser Wilhelm.

PLYMOUTH, Eng., July 18.-Tragedy again marked the homeward voyage of the North German Lloyd steamer Kaiser Wilhelm II. On the arrival of the vessel here today, almost at the hour that an inquest was being held over the body of F. Kent Loomis, it was announced that a second-class passenger, Mrs. Lipschitz, had committed suicide by jumping overboard when the ship was one day out from New York. Hundreds of passengers witnessed the suicide and watched the efforts of a lifeboat to rescue the woman. No trace of the body was found.

W.H.Thorne & Co., Ltd.

Market Square, St. John.

OTTAWA, July 12.—The house strug gled all day yesterday with Sir Fred Borden's new militia bill and had passed a big batch of its sections before adjournment at 10.40 p. m. The bill is curiously and strangely made, having been so carved, cut and amended by the minister since the first draft was tabled and briefly discussed many weeks ago that no member, not even Col. Sam Hughes, today understands all its provisions. The progress of the debate made it pretty clear that Sir Fred was floundering in deep water and the minister of justice was com pelled to come to his assistance quite frequently to explain the true intent d meaning of many clauses. Cal Hughes, Mr. Bourassa and Mr. Gourley added piquancy to the debate, which but for their interference would have dragged wearily along.

The minister of militia calls his bill for an imperial army officer as genappointed a member of the imperial authority for one or more trips to Eng-More business could be conducted with In the methods of successive general liament and must be cultivated. system there would be a military council on the same basis as the new im- pressible member for Colchester, N perial army council, which would be S., and that sturdy independent, Jabel composed of the minister of militia Robinson of West Elgin, Ontario, for the time being as chairman, from made things hot for Bourassa. Harding & Son, small lumber; A. W. Andrews, repairs tents, etc.; King & Noble, wood and woodwork: I. E. Smith. twoodwork and gun platforms; J. & A. McMillan, stationers. "I would like to call the attention of the house," said the doctor, "to the fact that I. E. Smith, who is put down here for woodwork and gun platforms, is a retail grocer in the city of St. John, and not a carpenter at all. I know him very well; he was for some years an alderman of the city. He obtained the contract for doing repairs on the drill shed on the west side of the city of St. John." While the contract was a small one, there was a principle involved as the contract was not a public one but was restricted to the government's own friends as specified in the list he had just read.

Passing on Dr. Daniel referred to the treatment extended to Col. Tucker, in whose behalf at the close of his term. the regiment he had commanded asked the department to make him an honorary colonel. That was done, and nobody, even his strongest political opponents, raised the slightest objection. But a little later the officer commanding the 3rd regiment of Canadian Artillery completed his term of service and the officers and members of his corps applied to have Lt. Col. J. R. Armstrong made an honorary colonel of his corps on retirement, but it was it is not to be wondered at that the not done. Col. Armstrong is a conservative as well as a man well known in military circles. He commanded the Shoeburyness artillery team and that was the only time that team brought back anything in the shape of rewards. More than that, he has a son who was so imbued with loyal feelings towards this dominion and the empire, that af- knows full well that if Canada cannot fer making application for a commission in the corps that went to South Africa, and finding that he could not from England, Ireland, Scotland and obtain one, he resigned his rank and enlisted as a private trooper and went is far superior in intelligence and thereto serve in the mounted corps. For- fore cheaper than the gangs of Italians tunately he came home without losing and other Southern Europeans who his life, but he did leave one foot there. The corps which Col. Armstrong com- do little else. There are hordes of manded were very much in favor of his being appointed honorary colonel and it is Hays' object to get them to do were much disappointed when that was his work on the construction of the not done. If these things, continued transcontinental line that Laurier has Dr. Daniel, do not show a tendency to presented to the Grand Trunk Pacific run militia matters on political lines, magnates, to the utter exclusion of

ninister to explain. But Sir Frederick had nothing to say. In this he was nore discreet than he usually is.

The average reader possibly thinks

Henri Bourassa, the liberal member for Labelle, Quebec. Taken by himself, Bourassa is not worth much attention, but it is well known in parliamentary circles that he does not score off his own bat. There is a peculiar political affinity between Sir Wilfrid and the member for Labelle that serves the premier's purpose and enables him to put forward views. suggestions and statements without having to assume any personal responsibility therefor. Quebec is a eculiar province and Laurier knows how to reach that element of the population which he could not reach by his own voice, so long as he is the head of the cabinet. However strong, however wild are Bourassa's anti-British utterances, he has never been rebuked by the first minister, who is either a reform measure. It is certainly in conveniently absent on such occasions, some respects a decided departure or, if in the chamber, sits as dumb as from the old lines, particularly so in an oyster. It is consequently underthe substitution of a militia council stood in the commons that when Bourassa talks he has letters patent to do announced with pride that he had been opportunity to show his teeth and defence committee, and will under the ways. He even went so far as to atprovisions of this bill have statutory tack the King's prerogative as head of the armed forces of the Britsh posfand every year, provided always that sessions on the continent of North Ameral party is continued in power. erica. True, the house unanimously voted down an amendment to that efthe British war office in a few days' feet he had offered to the militia bill, personal conference, explained the but he had attained his object, nameminister, than in months of corres- ly, to furnish campaign literature pondence. OTTAWA July 13.-The country has been for years in the control of a business man's government, as the liberal hacks are pleased to call it with what degree of prosperity to Canadian interests and manufacturers is a wide open question. When it comes to competition between home products and those things made or created across the border the Americans are given the first fruits. Straws show which way the wind blows. The horse lawn mowers used on parliament hill were made in Orange, New Jersey. The toilet soap used in the commons, and many hundred pounds are disposed of every session, is made in New York state, although, according to the census returns there are several soap factories in Canada. In the light of such things surveys of the government's transcontinental road are in the hands of American citizens, and that Mr. Hays is kicking vigorously against an alien labor law that, if enforced would compel the Grand Trunk Pacific to employ Canadian and British labor in the actual construction of the work. Mr. Hays supply enough navvies to do the work he can get skilled labor of that type Wales for the mere asking - labor that can handle a pick and a shovel, but can these fellows in the United States and

lation this session in the direction of compelling the men to whom Canada as been sold in this enterprise, to employ Canadian brain and brawn, but nobody expects that it will be practithat the newspapers give too much cal. Laurier et al, in the face of a general election must pull all strings to prominence to the wild utterances of make up a giant corruption fund, and the Grand Trunk Pacific is a potent source of revenue. Whatever legisla-tion there may be in this direction of keeping out alien labor will be made abortive in one way or the other, most likely by a provision giving the government power by order in council to permit Senator Cox, Hays and Riv-ers-Wilson to employ alien labor where there is reason to believe the necessities of the case demand such a cor cession. Hon. Mr. Fitzpatrick, the adroit minister of justice, is just the man to draw up sections, full of loopholes, to meet the situation. His heart may not be in the job, but he is a member of the Laurier cabinet.

Another illustration of the United

States idea, cultivated in the Ottawa government hot house that Canada fested in the action of American offithe New York officers were flourishing general officer commanding at a subswords and bayonets and all that sort sequent date, when he happened to be has done nothing, or told parliament to him personally." nothing about the incident. Even Laurier has not opened his expressive mouth and thin lips in protest. in his letter of resignation. In it he These are degenerate days for says: "As a protest against the sys donald was at the helm of state, such an in- the efficiency and discipline of the re-

in silence. But New York state militia

Militia matters have taken the place or the time being of the Grand Trunk Pacific gold brick scheme on the floor of the commons and the country is now being treated to the spectacle of ministers of the crown and belted knights crowding through a bill, ostensibly called an amendment of the militia Act, but in reality a measure designed in more ways than one, to cut off Canada from the rest of the empire in all military matters. At one sweep of his pen Sir Frederick Borden transfers the abthey refused to send a contingent to Col. an indignant, loyal populace. Laurier militia for the suppression of labor Hughes, Mr. Alcorn of Prince Edward and Bourassa never forget and they Ont. Mr. Osler of West Toronto, and are getting in their work, silently it is St. John extracted from Sir Frederick some other conservative members, kept true, in the dismantling of the Cana- the admission that in all such cases Sir Frederick Bor'an in hot water as dian militia. Sir Frederick Borden, the local municipality must bear the they plied him was questions and whatever his intimation may be, is expense. Mr. Fowler of Kings, fol-"Bour- case our militia is called on for active der his amended act, the militia could not leave home even for the defence of the empire. In this connection Colonel Hughes vigorously defended Mr.

Fowler, M. P. for Kings, against Mr. Bourassa's malicious distortion of his remarks Hon. Mr. Ross .(liberal), of Victoria, with respect to the use of the militia in the event of outside war. Mr. Fowler was prepared, continued the colonel, like every loyal Canadian, to long as we stand by the old flag have our troops go anywhere within or without the British Empire for the defence of the Empire. Col. Hughes as a fighting globe trotter. His tongue the empire; under the contemplated act that is prohibited. Sir Fred Borment of fact.

> Evidence of the government's political interference with the militia continues to pile up every day. Some of it comes in the way of returns to questions proposed by conservative members, much more through the medium of private letters from all parts of the country. The correspondence with respect to the resignation of Lt. Col. Gregory of the 2nd Dragoons during the recent camp at Niagara, as a protest against political offensiveness is the latest contribution. In 1903. Col. Otter, D. O. C., recommended Col Gregory for an extension of two years in command, enclosing a copy of a etition to that effect from every officer in the regiment. The militia department thereupon promptly reprimanded Cal. Otter in sharp terms for having taken notice of this petition. Later on Col. Otter submitted a recommendation for the promotion of Major Glasgow to be second in command of the regiment. through and was gazetted, but as Lord Dundonald pointed out in a memorandum of censure, the recommenda tion was not accompanied by any explanation as to why the promotion was not recommended by Col. Gregory. After much correspondence and much more talk, the general commanding was informed that Col. Gregory had refused to endorse the promotion on the ground that Major Glasgow was

though repeatedly urged by him to do Dundonald's memorandum to Lt.
Otter, D. O. C., censuring that Col. officer for not having reported that Col. Gregory had refused to recommend Major Glasgow for promotion is as follows:

"With reference to the militia form ontaining the recommendation for promotion to the position of second in command of Major Glasgow, 2nd Dragoons, this recommendation being signed by Col. Lessard of the Royal Canadian Dragoons, acting D. O. C., I am instructed by the general officer commanding to inform you that it was the duty of the district officer commanding or the acting district officer in sending forward this recommendation to have accompanied the recommendation with a letter stating that it to recommend Major Glasgow for the position of second in command. The action of the district officer commanding was serious, for, when the general officer commanding asked for informbelongs to the great republic, was mani- ation as to whether Major Glasgow had been recommended in the usual mancers who on a return trip to Malone, ner, the answer made to him was that New York, from Ottawa, where they 'the matter was all in order.' Major eral officer commanding. Sir Frederick so. The militia bill gave him a great had been most hospitably entertain- Gregory's name was consequently sent ed on Dominion Day, held up the train to the Gazette for promotion to second snarl against British rule and Britsh as western bandits do by times and in command, instead of the matter bethereby put hundreds of lives in im- ing delayed until the general officer minent peril. The only excuse offered commanding had satisfied himself as to by the officers for their conduct was whether there was any great reason that a few young ladies had been left why Major Glasgow should not receive behind. This was not true, or well promotion in the ordinary course. The founded, as the ladies at that very facts of the case, that Col. Gregory time were on a homeward bound train had refused to recommend Major Glasimmediately following that in which gow, only came to the notice of the of thing. So far the minister of militia in Toronto, and Col. Gregory reported

> Col. Gregory did not mince matters When Sir John Mac- tem of political intrigue that compels or Sir Charles Tupper my superior officers to interfere with sult would not have been passed by giment under my command by promoting without my approval an inefficient officers know that Hays and his Grand officer in the regiment while knowing Trunk allies are the actual rulers of and acknowledging such inefficiency, and at the same time being aware of the fact that I was trying to compel the officer referred to to improve his qualification before I recommended him for promotion to the position of second in command * * * I would further request that I be relieved of the command at once."

Of course Col. Otter, D. O. C., in recommending Col. Gregory's immediate release, resented the charge of "political intrigue" and termed his letter "grossly insubordinate in tone." Col. Otter, while a good officer, had no alternative. He is, to quote Laurier and Borden and Fisher, merely "a ser-

Dr. Daniel of St. John took quite prominent part in the militia bill debate, making some common sense remarks, as for example when he said that Canada's militia force was Canada's regular army, in which respect the militia of the British Isles. Deal-South Africa, until forced to do so by ing with the section calling out the troubles, riots, etc., the member for helplessly floundering in the cabinet lowing up Dr. Daniel's lines, said it citizens should have to pay the cost tenance of a permanent military force, they had a right to its free service to suppress serious local riots. It was the bounden duty of this force to maintain law and order in Canada as The government had authority to call out this force in case of an emergergency to be a riot and insurrection beyond the power of the local police regulations two or three magistrates who are not responsible to the municipality, they being appointed by another power, have authority to call out the militia and saddle a big charge upon the people of the locality, although there might have been nothing chester and held that the government beyond the power of the resident police should not be criticised too strongly. to suppress.

Col. Sam Hughes is a talker as well insisted that Mr. Fowler was perfectly is sharper than the crack of a Mauser in accord with the idea that troops rifle. Gunning after Hon. Sydney should if necessary go outside the Fisher, for his interference with the country. There was nothing to hin- formation of the 13th Scottish Light der them going as volunteers. Their Dragoons in the Eastern Townships, allegiance was to the British Empire | the colonel let off the following volley: rather than to any power in Canada. I am informed that it has appeared W. F. Maclean pointed out that Can- in the newspapers that amongst the ada expected Britain to help with her officers this gentleman (Fisher) was troops in time of emergency, to defend instrumental in forcing on the Draour soil against foreign foes, and yet goons, two of them are no credit to according to the proposed legislation, anybody. One of them came into Lathe Canadian militia must not help prairie camp with a pair of garters the mother land. This was neither an and a little spur screwed into the heel equitable nor a creditable policy. Un- of the garter so that he could not der the old act the militia could be ride, and he had two swords, one on sent out of Canada for the defence of his right and one on his left, and one splendid black eye. He remained in the camp long enough to make an exden admitted that this was a state- hibition of himself and then he was sent home. I may be wrong, but I understand that these are the facts. Another of the minister of agriculture's officers for some offence was brought before the civil authorities and fined \$20 or some other large sum | question should be left over till Sir for a breach of the civil law. These are two of the men that the minister altogether from the ruling of Light Dragoons to appoint, and as a stood on Canadian soil.

R. A. P. OTTAWA, July 14.-The attempt of the leader of the opposition to practically amend the audit act was defeated by a strict party vote, 94 to 56, among those negativing this judicious piece of legislation being Messrs. Wade, Russell and others, who hold commissions of one kind or another in their pockets; also newspaper men who are reaping a revenue from government advertising and printing, as well as lawyers who get around the independence of parliament act by having their fees paid over to other members of their respective firms. It is impossible in a house thus manipulated by the dispensers of patronage who occupy the treasury benches to get any matter passed to which the government objects.

Replying to Mr. Lennox, the conservative member for West Simcoe, Ontario, with respect to the abortive what do they show? It was up to the Canadians. There will be some legis- practically refused to qualify, al-

been allowed the salary upon which he was engaged, with reasonable travelling and living expenses when sent from home, and that despite his petition for extras, the government could see no reason for granting him further remuneration. Mr. Holt was a civil engineer and the department was not aware that he was an expert in cattle guard construction. George Robertson was naid \$5 per day for the days he actually worked, which did not include Sundays, and was allowed reasonable travelling and liv ing expenses when absent from home Mr. Holt, in his request for extra pay, made the following allegations: "When the tests were completed we had not then found a thoroughly satisfactory guard. . . It then became my duty to find out the reason. The only way was made in an irregular form; namely to do this was to study the anima! as that Col. Gregory, commanding the a piece of mechanism. This has been 2nd Dragoons, had specifically refused done as to his anatomy by the veterinarian as a surgeon, but I have been unable to find an idea expressed as to his capacity as a machine, other than in his ordinary, in emergency motions, as in passing a cattle-guard And it was from this point of view that I had to treat it. In making this search I have found there is very little literature available to the gen eral reader."

IN THE SENATE.

In the senate Sir George Drummond, n presenting the report of the banking committee on the bill to amend the Insurance Act, stated that the bill had been carefully revised by the committee and experts, and he commended the bill to the consideration of the of 1902. That act required twelve house.

Hon. Mr. Ellis and Hon. Mr. Mc-Mullen urged that the importance of the bill demanded that the senators should have time to look into the mea-

The exchanges were made in a thoroughly cordial spirit and the Associate ed Press is informed by a high British official that the Russian govern-Though retired from active embark in a discussion of the Indian, which has been regarded up to this time as perfectly correct.

LOST TREASURE RECOVERED.

Half a Million in Gold Guarded By 100 Dead.

NEW YORK, July 16 .- A despatch to the Times from Tacoma, Washington, says: "Capt. Finch, manager of the Union Salvage Co., has located the sides half a million of Klondike treasure. Finch succeeded by using a big steel diving cage invented by Capt. W. M. Smith, of Milwaukee. This cage was successfully used here in locating the sunken British ship Andelana, ly-NEW BRUNSWICK WOMAN DEAD. ing 30 fathoms deep in Tacoma harbor.

TRAIN JUMPED THE TRACK.

ROCHESTER, N. Y., July 17 .- A train on the Pennsylvania railroad with 500 excursionists from Emporium, Pa., to Portage Falls, jumped the track this morning near Portageville, and two cars, with the engines, went into the ditch. There were ten cars in the train, but the rest kept the track, Mrs. Harriet Coe of Bedford received a fracture of the skull and will die. Three other women were injured.

LOTS OF GOOD

The G. T. P. People Have No Excuse For Going Outside of Canada.

St. John Men Mentioned Among Those Who Are Fully Qualified For Positions on the New Road.

According to the declarations made school convention held at Pt. de Bute | before Judge Winchester at the Toronto City Hall a few days ago, in his continued investigation into the em-Canadian engineers on the Grand Trunk Pacific, the capacity and availand beneficial one to all. One of the can; that plenty of men are available, most interesting features was the first and that even in the room where the

tague, received a telegram stating that her husband had been killed by fireworks at a celebration in that city.

In the absence of Miss McDougail, M. Mowat, K. C., questioned the witnesses, while W. H. Biggar, retained the five district engineers, but though the left his address with Mr. Stevens, with Dr. A. E. Webster, demonstrators. by the Grand Trunk Pacific, content- he left his address with Mr. Stevens, with Dr. A. E. Webster, demonstrator smith have been nominated again to address on Qualifications and Respon- ed himself with very few questions in cross-examination.

W. T. Jennings, a prominent engihe was a past president of the Canawhole matter is that there is not the sagely observed "If he earnestly tried, sion of the ceremony played Mendelsslightest necessity to go outside of I don't think he tried judiciously." Canada for any officer of any degree, from the highest to the lowest, for

"Mr. Stevens says he endeavored to get Canadians ?" observed Mr. Mowat. fied to be chief of staff. "I don't know the gentleman," was taken the usual vehicle for obtaining "What would you say is the ordinary

vehicle ?" "If this was to be a work carried on through the state department at Ottawa, it should come from the chief engineer, Mr. Schreiber, or his assistants. If it was to be done as an ordinary railway undertaking, it should come from the president or manager or other responsible officer of the company. Mr. Stevens should have been put in touch with the means in this country of as-

The Canadian Society of Engineers labored faithfully in that office for the said Mr. Jennings, was the third engineering society in the world. "I understand," said Mr. Mowat

"that if you wanted to get experienced rengineers you would have applied first welcomed Rev. J. B. Ganong as our to the Canadian Society of Engineers? "Yes. I should have asked for their list. And then in this instance I labors, also thanks to friends of Point de Bute for cordial entertainment, also Schreiber and of Sir Sandford Fleming hearty vote of thanks to Miss Donald and some of the older men who carried who taught the primary class. The through the first C. P. R. and the sur-

undertaking. "What is the character and reputation, among engineers, of those first surveys and works?" "I have heard from American engin-

eers that there was never better work done anywhere, from the first surveys to the end of the work." Some of the men who carried out that

work Mr. Jennings believed were avail-

pointed on the G. T. P.," said Mr. Mowat, "eight are from the United States-so we have heard in this com-Supt. home department-Geo. J. Oul- mission. None of those have had previous experience in the northern part of Canada. What is your opinion of the relative advantages of engineers experienced in the rough north country, and those who have not such experience?" "Allowing equal ability, a man con-

versant with the Northwest and its conditions would certainly do the work better." "IT'S A LIE!"

Then came a little breeze. Mr. Mowat was reading an extract from The Cleveland Plain Dealer on the topic of Canada for the Canadians from the American point of view. In the course of the article it said, "Americans taught them all they know about engineering.' "It's a lie!" cried Mr. Marshall, one

of the Canadian engineers present in the room. "There is a gentleman who seems to dissent," observed Mr. Mowat. A cross-examination of the witness

was undertaken by W. H. Biggar for HOPEWELL HILL, N. B., July the G. T. P., with the object of estab-We have no summer vacation, St. 15.— Mr. and Mrs. H. R. Allishing that Canadian engineers were John's cool summer weather mak- len returned today from their not available. Asked whether it was wedding trip to Boston and will spend not a fact that the C. P. R. were not a few days at the latter's home here in trouble for want of engineers at before proceeding to Campbellton, Winnipeg, Mr. Jennings' answer was: "They can get them right here in this room if they want them." Here the judge put in a query: "Do

you find Canadian engineers equal in used. ability to Americans ?"

ence is that they are better, and the evidence for it is that there are hundreds of our men in the States today." "Are the United States men in any way better qualified than Canadians?"

pursued the judge. "Some of the superior engineers by eason of their contact in New York with numerous new undertakings, would naturally know the latest things being done. But that is not the theory of engineering. As a class of scientific engineers. I think ours are as good as any to be found."

Similar statements were made by Mr. Jennings regarding topographers, district engineers, etc. Asked the direct question, he said that he would have considered the matter, had the offer of chief engineer of the G. T. R. been offered him 18 months ago. Requested to mention the names of Canadian engineers he knew who were qualified for the position of superintendent engineer, Mr. Jennings said he did not like to mention the names, as there were many. He mentioned H. D. Lumsden, McCleod, J. M. Shanley, E. H. Keating.

At the close of Mr. Jennings' examination his honor introduced a side ssue, by asking his opinion of the desirability of having at the head of a railway undertaking "a man sworn to have been under the influence of

"I should say it was very bad," said the witness. "Such a man should not be in charge for a moment?" suggested the judge.

"Well, that would be my impres-

William Mackenzie, president of the Canadian Northern, was then called. So far as general arguments went, his evidence tallied with that of Mr. Jennings. He said he had had no difficulty in engaging engineers for the Cana

neers from the United States? Mr. Mackenzie-I don't know that there is a single engineer in our works from the States. The judge repeated his question

somewhat similar terms.

M. S. MACDONALD

Appointed to Chair of Philosophy at U. N. B.

He at Present Holds a Fellowship at Cornell—Has Accepted the U. N. B. Offer.

FREDERICTON, July 15.-Last evening Dr. Harrison received another telegram from Dr. W. C. Kierstead of Chicago, asking again to be relieved of his promise to accept the chair of mental and moral philosophy and political economy at the University of New Brunswick. It was decided to accede to his wishes and a wire was sent to Dr. Murdock Stewart McDonald at Cornell University, asking him to accept the vacant professorship and this morning an answer was received from Dr. McDonald stating that he would

accept the position. Murdoch Stewart McDonald, M. A., Ph. D., was born in Cape Breton about

twenty-five or six years ago. After a highly distinguished career in Dalhousie University, he received the degree of B. A., with high honors in philosophy in 1900. lowing year he received the M. A. degree. The same year he was elected to a \$300 scholarship in philosophy in Cornell. He received a similar scholarship the next year, and the following year was granted a \$500 fellowship. He has just been granted the Ph. D. de-

Dr. McDonald comes with excellent testimonials from Professor J. E. Creighton, Ph. D., LL. D., head professor of philosophy in Cornell, editor of the Philosophical Review; from Prof. E. B. McGilvary, Ph. D., Prof. Walter Murray of Dalhousie University, and others.

His course has been a distinguished one not only in philosophy, but also in psychology, political economy and Ger-

Prof. Walter C. Murray, a graduate of the U. N. B., Dr. Davidson's predecessor, and at present professor of writes speaking very highly of Dr. McDonald's distinguished course at Dalhousie, his success as a teacher in the public schools of Nova Scotia and of his high moral character and excellent ability. The following is an extract from his testimonial: course has been long and thorough and I have the greatest confidence not only in his scholarship and ability; but also in his capacity to teach and hold young men. He was very popular with his fellow students and in a He is very modest, unassuming, genial and would prove a delightful colcan with the greatest confidence commend him as unusually well fitted

for the duties of the chair.' Dr. McGilvary of Cornell University writes endorsing Dr. McDonald's candidacy for the chair in the U. N. B .: "Dr. McDonald has been with us for three years in the Sage school. He is a young man of more than usual ability and has shown himself a fine scholar. His personality is agreeable. He has no little oddities that are so apt to mar the success of a teacher. I am sure that he will win the confidence and esteem and good-will of his pupils. In short, he is a very promising young man and I heartily recommend him. He is a very young man of sterling ability, and the fact that he is a Canadian should. I think, be

greatly in his favor in a Canadian institution." Prof. James E. Creighton, professor of logic and metaphysics at Cornell University, writes as follows to Chancellor Harrison:

mending very heartily to you Dr. Mur-"After a distinguished career in

graduate student of philosophy. has held a fellowship of philosophy. In June of this year he received the de-"Dr. McDonald is a man of excellent the Canadian Universities during his

course here. He was this year elected by his fellow students president of the Philosophical Club, and by his tact and energy did much to promote the efficiency and usefulness of this organization. As a teacher in the public schools of Nova Scotia, Dr. McDonald was most successful, and I have every confidence in his ability to succed in college work. "Personally Dr. McDonald is in every way a man qualified for the position which he seeks. He has the ad-

dress and manners of a gentleman, is a man of good character, thoroughly upright and straightforward, is sane and level-headed and likely to underand confidence." VITAL STATISTICS.

ST. JOHN, N. B., JULY 20, 1904.

THE RESULT OF INTOLERANCE.

It is not a pleasant thing to send back to the United States half a dozen or more presumably capable engineers who had been placed in charge of the sional points, together with the chief the like before, and should not have self much at home. Popular as he grown out of a breach of faith, a more popular now. Even strong libpart of the Grand Trunk Pacific man-

ing for its road. The company makes Dundonald's presence would now call its dividends out of Canada. It owes out in any city. It will be repeated in the government of Canada between Montreal. St. John would be happy thirty and forty millions, principal to do equal honor to the officer who and interest, for money borrowed, and many of its branches, gave the company part of the money to build the first Victoria bridge, and part of the mons. cost of replacing it by the present structure. A few years ago the Cana great bargain, out of which it receives \$140,000 a year and much traffic. by its parliamentary majority, agreed to build a transcontinental railway for the benefit of the Grand Trunk, which company stood to get all the benefit without investing any money or taking much risk. This year, after that agreement had been signed, the government, at the request of the commade a new one, imposing more obligations on the country and relieving the company of most of its small risk.

Under these circumstances we might expect to find the Grand Trunk willing to give Canadian engineers at least an equal chance on its own Canadian enterprises. Still more might we expect to find it prepared to give Cana- of Canada to the empire must find the dians some share of opportunity on surveys which it was conducting as the agent of the Canadian government and at the cost of the Canadian peo- the succession of discordant notes, alple. And especially ought it to be supposed that after solemnly agreeing to employ Canadians exclusively where competent men could be found, and in view of the existence of a law forbidding the importation of engineers under the circumstances, the management of this company would not deliberately exclude all Canadians, however efficient, and employ only United ference as imperial policy. Two years States engineers in all the best paid

Rudolphe Lemieux Made Use of Unfortunate Expressions

in England.

MONTREAL, July 18 .- The Montreal Star's London cable says: "Surprise is expressed at the speech delivered by Rudolphe Lemienx, solicitor general for Canada, at a liberal demonstration at Dollis Hill House, Satur day. After remarking that Canadians were following the fiscal discussion er who had his authority from the very closely, Lemieux said they should apply to the present position between the colonies and the empire the old axiom, "Let well enough He added that Canadians were loyal, happy and satisfied, but if they wished to tighten the bond, they would break it. Anti-Chamberlainite newspapers are making use of the statement, the inference being that a section of the Canadian cabinet is opposed to its preferential policy, despite Fielding's declaration in about time that the administration budget speech. This is regarded as specially unfortunate on the eve of publication of the report of tariff commission, which is expected to base the whole Chamberlainite policy emphatically upon Anglo-colonial trade There is no doubt that Carleton relations. free from crime in the province, and for

HOW TO LIVE LONG.

Liquor and Tobacco Harmless if You Keep Blood Cool and Avoid Indigestion, Says David Miley, Aged 103.

(New York Herald.) "You need not bother about alcoholic drinks and tobacco if you keep your David Miley, who says he is 103 years old, when seen at his home, No. 1,820 Bathgate avenue, Bronx, last night. "I never rode on an elevated train or trolley car, because I consider it had for my stomach. My father lived to be one hundred and twenty-five years old, and I am out to beat his record."

David Miley lives with his son-in-law at the above address and is a well known character in that section of the Bronx. When he wandered away from his home and did not return at night his disappearance was reported to the police. Search conducted by four generations of his descendants, aided by the police, resulted in his being returned to his home.

Miley has lived in this country for nearly seventy years. He attributes his long life to the fact that he selects all his own food. He is not a "medicine man" and frowns on all drugs except those he has prepared himself. He does not like to tell what plants and herbs turned this year, reducing the stock he uses. After rising in the morning he then goes to the bakery and selects his own stale bread, which is the only kind a walk for a mile or more, though he near 175th street, as far as Twenty sixth street.

old man, "because that has too many chemicals in it. When I do drink it put a lump of sugar in it. I have soap in my life, nor have I ever called upon a barber. I attribute my long life to the fact that I eat stale bread and other fool, which prevents Mr. Miley retains good control of all

his faculties, and speaks very intelligently of occurrences too far back for most of the present generation to remember. When he was picked up by the police he had temporarily forgotten | The reverend gentleman divided this where he lived, but in a few minutes his mind was clear and he was able to Mr. Miley is healthy enough to give

promise of being the oldest citizen of

CITY NEWS. Recent Events in and Around St.

Together With Country Items From Correspondents and

The I. C. R. pocket calendar for July was received on Saturday, the 16th. Strawberries are still arriving in

large quantities from up river. A few blueberries and raspberries were also brought down yesterday on the Washademoak boat.

Manager Perkins expects the Maritime Nail Works to be in full operation next week. The plant has been con siderably enlarged since the fire. This will be welcome news for employes, who have been idle for some months

The steamer Queen, which has been noved yesterday from Indiantown to the Maritime Nail Works' wharf, here her rudder was shipped. A week or two will elapse before the boat is ready for service.

The accident to the str. Boston, which was largely due to a miscalcuation of the direction of the fog whiswill probably lead to a request to the submarine bell signal system outside of Yarmouth harbor, as in thick eather the sound of the lighthouse whistle is frequently misleading, and e new lurcher lightship is not always useful in making the harbor.

To cure Headache in ten minutes use KUMFORT Headache Powders.

W. A. Amland of the firm of Amand Bros., Waterloo street, and G. D. Vanamkaer of the Boston restaurant. harlotte street, left Saturday mornng with a team on a four weeks' driv ng expedition, taking in Brown's Flats, John O. Vanwart's, Hampstead, agetown and Fredericton. After dong Fredericton and Marysville they proceed to Woodstock, Fort Fairfield, resque Isle, Houlton and other places through Maine.

Dr. J. W. Daniel, the conservative representative for this city, returned nome Saturday. The present session has been a long one and Dr. Daniel has borne his share of it. The weather Ottawa has been very hot and suls extremely ill-ventilated, Dr. Daniel says, and he is very glad to return to the cool and bracing atmosphere of his constituency. He says that the session is now considered near its close. and unless the government bring in be reached about the first week in August. The date for the general elections will be in the early fall, if general opinion is any guide.

Frank J. Lee, who for some time up-town ticket office, has been appointto a more responsible position in C. P. R. employ at Regina, N. W. T. Mr. Lee left Saturday for a short visit to his home in Woodstock before proceeding to his new duties in the far

During his stay here Mr. Lee has made many friends who will all join once since no import duty is involved in wishing him every success in his future position.

RADCLIFFE WILL HANG GEE. It is now definitely known that Rad cliffe will conduct the execution of Geo. Gee at Woodstock on Friday next. It is understood that the Carleton County sheriff wrote here asking for plans of a gallows and to know if any of the jail officials could superintend its erection. Plans were either sent to Woodstock or promised, and later word came that it would not be necessary for a man to go up, and this is understood to mean that Radcliffe will do the job.

N. B. GIRL MARRIED. The marriage of Miss Helen Gould, eldest daughter of Lyman B. Gould, and Joseph Webber of South Boston. occurred at the home of the bride's father, Maplewood, Mass., Wednesday, Miss Gould is well known in Calais where she spent her girlhood, and Mr. Webber is a son of John Webber, Dufferin, N. B., and occupies a lucrative position in the South Boston divisional offices of the West End railway.-Calais correspondent.

HOTEL MANAGER KILLED. Fell Down an Elevator Shaft and Fractured His Skull.

FALL RIVER, Mass., July 18 .- Arthur C. Wyatt, manager of the Mellen house, fell down an elevator shaft at the hotel today and sustained injuries from which he died a short time

the hotel and was endeavoring to bring the freight elevator from an upper floor to the spot where he was the valuable herring are also scared head foremost down the shaft. He was probably be no great objection raised picked up unconscious, and it was if any of the fishermen dropped over found that his skull had been fractured a stick of dynamite into a school of and internal injuries inflicted. He lived dogfish, but it is argued that even this only a short time after being carried from the shaft.

For Kidneys, Rheumatism

TRIAL TREATMENT AND 64-PAGE BOOK FREE

At last there is a scientific way cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists on surgeons. The credit belongs to Dr. Edwin Turnock, a noted French-American physician and scientist who has made a life-long study of these dis-

ases and is now in sole possession of certain ingredients which have all along been needed and without which seems justified in his strong statements investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively disease, diabetes, dropsy,

weak back, stone the bladder, bloated bladder, frequent desire to urinate, albumenaria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed and such rheumatic affections as chronic, muscular or inflammatory rheumatism. sciatica, rhematic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys-in short, every form of kicney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wilks of Guy's Hospital, London; the editors of the United States Dispensatory and the American Pharmacopoeia,, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and goes deeply into 'the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turnock Medical Co., 2,030 Bush Temple, Chicago, Ill., and past has been emple 1 in the C. P. R. there is every reason to believe it will as thousands have already been cured enough to send for the free trial and book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at and the indorsements are from such a high and trustworthy source.

CAPT. PRATT IS BUSY.

On the Lookout For Persons Who Are Killing Fish With Dynamite.

EASTPORT, July 18 .- The Canadian cruiser Curlew, Commodore John H. Pratt commanding, was in the harbor during the latter part of the week after a cruise about the Bay of Fundy and Passamaquoddy bay in the interests of the dominion fisheries, for which the Curlew is in commission. Commodore Pratt is keeping a sharp watch out in this section for the alleged law breakers, who have been reported as using dynamite to catch a larger supply of pollock and other kinds of fish that can be sold at a profit. It is stated that several fishermen have been known to use the explosive in Passamaquoddy bay, and that four of the offenders are being looked up by the commander of be given a heavy fine, as there is a law across the border as well as on the American side of the boundary for using dynamite or any other kind of explosive for killing off the fish. It is by the shock are not gathered up by the fishermen, as many of them sink, and the loss is said to be a serious one Mr. Wyatt was on the third floor of to the line fishermen. The explosive standing. He lost his balance and fell by the use of dynamite. There would is unlawful and destructive to other kinds of salt water fish, so that the fisherman who uses any kind of explosive is in a fair way to be convicted and forced to pay a big fine as a re-

IN SOUTH AFRICA.

OTTAWA, July 17.-Lady Minto has furnished an interesting statement of pairing here, will go to Weymouth to the work of the Canadian South African Memorial Association. It says that the total number of Canadians who fell the effect that the bark Edna N. during the war was 246. Of this number eleven were buried at sea or drowned and the bodies not recovered has been our hot mealtime drink.

In 12 cases memorials were provided by relatives or comrades, leaving 218 memorials to be furnished by the bers of our family have been benefited, association. MURDER AND

Thomas Gommack Killed William Doherty

Then Shot the Victim's Brothers, Burned the House, and Put a Bullet in His Own Head.

WOODSTOCK, July 18 .- A murder the treasury board composed of six even more shocking than the Gee members of the government and that tragedy has once again thrilled Carletherefore I had a right to expect that ton Co. One man dead, another badly wounded, the murderer in a dying cohdition and the smoking ruins of a once

Various reports, more or less contaken to the injury of the department, flicting, are being circulated as to why the deed was done and the circumstances leading up to it. A family by the name of Doherty,

consisting of the father, known as "Straw Hat" Doherty, his family and a married daughter, Mrs. J. Boyd, lived The statement that the amount of 3. That in the many interviews I had in a small frame farm house in Rutter It is understood that all the cloth mills of New Bedford, Taumton, Sun
Boston is smaller than in former years

The statement that the amount of with Mr. Fitzpatrick in connection with Glen, a lonely and isolated spot, situated by the Davis matter he never indicated to ated between Johnville and Glassville, Mrs. Boyd's husband had been conyoung girl and of Woodstock jail, and had been sentenced meantime had been living with another man named Thomas Commack, who is increasing daily. From Fall River ounted in value to \$89,843,982, and the that therefore the more he hears the lived a few miles from the Doherty place towards Johnville.

Commack did not bear a very good son, had made several efforts to perwhole business undefended so far as and return home. This she had done Canadians were concerned. Will Mr. several times, but had always gone having been a pure give away, and put agement shown by the Dohertys to the young man so enraged him that about came up for discussion in the house? a year ago, when the trouble was would shoot the whole Doherty family. Mrs. Boyd had again listened to her brother's advice and returned home last week. Sunday she was at her other questions which may be involv- father's place and is said to have received a visit from her young admirer. Straw Hat Doherty's two sons were and this morning, some miscreant, living at home at the time and all re- who is evidently qualifying for the tired to bed at their usual hour.

Sir Wilfrid Laurier made the import- opinion. Commack, it appears, went and steps. Fortunately the oil had ant statement that no new railway to the Doherty house about midnight not thoroughly hardened when the dis-Sunday and while the family were still covery was made, and it was scraped sleeping, he opened fire with his rifle, off so as to be scarcely noticeable. posed was now on the order paper, killing William Doherty and woundsave the bill for the purchase of the ing the elder Doherty in the chin and his brother in the arm. He then set fire to the house. Several children were in bed but these were rescued by their older brother. The house was entirely destroyed, and with this branch of his department, and it the body of Wm. Doherty. All that now remains of the homestead is a mass of black and smouldering embers,

somewhere in which are embedded the ashes of Wm. Doherty. When "Straw Hat" Doherty and his Geo Robertson who has been here son eluded Commack and fled to the some days to interview the minister of nearest neighbor's, word was carried railways, will leave for home this ev- to the nearest telephone at Glassville, whence a message was sent to Bath. notifying Deputy Sheriff Foster of the

> It was still very early in the morning when the deputy set out for the scene of the murder, but for some time he could not find Commack. It was then decided to search his house. The desperate character of the murderer made help necessary and Constable as possible. Wolverton went over to give assistance. The two cautiously approached Commack's house, but no movement

was made from within. The search was continued throughout the day, neighbors and even persons from a distance engaging in the hunt. All who had firearms carried them, for it was supposed that Commack would make a fight for liberty. The two brothers of the murdered man were not too badly hurt to take In addition to all these there are five part in the search. Finding the chase growing hot, Commack, who carried a revolver and who had made up his mind not to be taken alive, held the weapon to his head and fired. He fell to the ground, and when the deputy changes, Sir Richard Cartwright will sheriff reached him was incapable of resistance. At a late hour tonight it was not known whether his injuries

would prove fatal. Coroner Cummings of Bath, as soon as the news arrived, hastened to the scene of the tragedy. He will probably hold an inquest today or tomor-

the victim. These brothers were also shot at by the murdered and were slightly wounded. It is said that Commack was captured about 6 o'clock this afternoon by a vigilance committee who had orders to capture him living or dead. Sheriff Foster led the chase. He was taken in the vicinity of his

Moncton.

own home.

MONCTON. July 18.-Two handsoms new first-class cars intended for the Ocean Limited have arrived here from the Rhodes, Curry Co.'s works at Amherst. They are about the same style as cars turned out by the same firm for the C. P. R. a short time ago. Some time between Saturday night penitentiary, defaced one of these At this point there is a diversity of cars by daubing black oil on the side

The bodies of the late Captain' Peck. his wife and eldest daughter were brought from Key West, Florida, by train and arrived in New York Friday

urday afternoon at 2 o'clock. There was considerable difficulty experienced in getting the bodies from Key West. The undertaker at that place had embalmed the three bodies and telegraphed that the expense would be \$750. A draft for this amount was at once sent, but the undertaker would receive nothing but cash and he wired back to that effect. In the meantime he also telegraphed asking whether he should use \$200, \$400, \$600 or \$800 caskets The price seemed exorbitant and Dr. Peck, son of the deceased, consulted an undertaker in New York city. The latter advised taking the cheapest casket in order that the bodies might arrive as soon

Still the undertaker hung out for cash. The president of the company owning and operating the steamer Mae, of which Captain Peck had been master, gave orders to embalm the bodies and to spare no expense. The undertaker was given permission to hold the Mae until the amount was paid, but this was to no purpose. The cash had to be forthcoming or the bodies would not be forwarded to

New York. Mr. Weed, son-in-law of Capt. Peck, and a noted lawyer in New York, wished to contest the matter, but Captain Peck's two surviving daughters urged him to pay the \$1,350 demanded and have the bodies brought on. This was done, though very probably the last has not been heard of the case, as Mr. Weed considers the action of the Key West undertaker to be an outrage.

HELD UP BY RUSSIANS.

LONDON, July 19 .- The Daily Mail's Aden correspondent says that the British steamers Woodcock and Dalmatia were held up by the Russians in the The correspondent says the captain residents at Aden to wire the British consuls at Suez and Port Said that he would seize any steamers bound for the far east if the contents of their packages was not clearly shown on Commack regarded her with genuine their manifest according to interna-

tional law. The Daily Mail's St. Petersburg correspondent says that two more steamers of the Russian volunteer fleet now trouble occurred on Sunday night Sea and to seize British vessels which

PROVINCIAL NEWS.

HAMPTON, Kings Co., July 15 .- In the magistrate's court this afternoon before Henry Piers, J. P., the case of Smith v. Smith for breaking into and entering Smith's Hall on May 21st by Mrs. J. N. Smith and damaging the property of Dr. J. N. Smith, was resumed. Scott E. Morrill for the ac cused, objected to proceeding, on the ground that the summons called them to appear before Henry Pierce, J. P., there being no such J. P. in Kings Co. and the information was laid before Henry Piers, J. P. This was over-ruled after an argument by F. M. Sproul, who quoted the statute bearing on the point. The prosecution called three witnesses, Mrs. Celia Freeze, Dr. J. Newton Smith and Ira Smith, an employe of Dr. Smith. After their evidence had been taken, Mr. Morrell moved for dismissal on the grounds: 1st, as before taken in regard to the jurisdiction of the court; 2nd, because from the complainant's own evidence he was not the owner of the property nor had sworn to any damage to any personal property owned by him; and 8rd, that if Mrs. Smith had broken the door in order to obtain possession of her own property, she was perfectly justified in so doing under the statute. He made a scathing arraignment of the prosecutor, who after living yesterday. The business was purely twenty years with his wife, now brought her into court for smashing a vegetable dish and two bowls while trying to get hold of her clothes, which had been that day deliberately locked

up against her. Mr. Sproul replied and in the course of his remarks assigned the trouble to a sudden display of temper on the horse was startled by the band music part of Mrs. Smith when she found she could not get into the hall. He declared that Dr. Smith had borne great provocation for a long time and justified his taking action as he had done. The magistrate then summarily dis-

missed the case. Dr. Smith says he will appeal for the court's decision. Mrs. John J. Miller of Livingston, Montana, who has been visiting her sister-in-law, Mrs. John Crandall, at Hampton Station, with her two children, Iva and Roe, left today for Moncton to visit other relatives. Mr. Miller is at present holding an important osition in the employ of the North Pacific Railway Co.

SACKVILLE, July 14 David A. Higgins has bought a farm at Fort Lawrence and moves there with his family this week.

Two large barns belonging to Ansley Phinney of Centreville, were burned last night with all their contents. No insurance.

The sch. Wanola, Capt. Wagner, loaded with hard coal for Geo. C. Ford. and iron wheels for Rhodes & Curry of Amherst, while coming up the bay recently, in some unaccountable manner last her anchor and is now ashore on Snowdon's Flats. A tug has been sent for to St. John, the one here not being sufficient to bring her off. Loss

Two young men of Woodpoint who were returning from Camp Sussex last Saturday, concluded to try their newly acquired skill in shooting and practiced on a cow. They were entirely successful in their aim and have had to appear before Squire Cahill in consequence, the owner of the cow objecting to his animal being sent to the happy browsing grounds before her

Philip Palmer, barrister of St. John some sixteen years ago offered a gold medal to the Sackville Rifle Club for competition. The conditions were that there should be only one shoot a vear for the medal and the winner had to succeed three years consecutively. The medal was won by Chas. Pickard, in whose possession it has been, no one since having met the conditions. The rules governing rifle practice having changed, the executive asked Mr. Palmer to change the conditions, which he did and the members of the club will be allowed to shoot for the medal at each match held during the season, but the winner must have the highest aggregate at 200, 500 and 600 yards for five matches in succession.

The annual picnic of the Bantist Sunday school was held yesterday, a number enjoying the salt breezes at Cape Tormentine.

Rev. Osmond Troop, rector of St. Martins, Montreal, and Prof. Troop. professor of English literature at Chicago University, were in Sackville Wednesday. They have been spending a few days in Dorchester.

SUSSEX, N. B., July 14.-The town council met Tuesday night in the office of R. Morrison. The first business before the council was the reporting of the several provisional committees chosen at the last meeting. Ald. Langstroth submitted several designs of seals for the town of Sussex. Ald. Murray reported for the committee appointed to engage a room. He reported that for the sum of \$60 per year desirable rooms for police be procured from the Sussex Mercantile Co. In the brick block. The council gave the committee power to engage these rooms and procure suitable furniture

Several permanent committees were appointed as follows: Finance committee-Aldermen Mc

Arthur, Langstroth and Murray, Water, sewerage and maintenance Ald. Mills, McArthur and Cripps.

Fire committee-Ald. Murray, Mc-Arthur and Miller The auditor, Mr. Magilton of St. John, sent in his report, which was read by J. A. Freeze. The report showed a deficit of about \$1,200, less part of the assessment, still in the hands of the collectors. The question of the use of the poles now used for the fire alarm, for the new telephone company, was discussed. Chief Daly for the fire department, stated before the council that the Central telephone, to compensate for the use of the poles, would place two telephones, one at the electric light house and one at the engine house, free of charge. A committee, consisting Ald. Murray, Langstroth and Mills,

to be presented to the railway authorities for the purpose of calling their attention to the unsafe condition of the railway crossing. The Sussex exhibition committee have changed the dates of the Sussex exhibition and races. The dates will now be October 3rd, 4th, 5th, 6th and

was appointed to draft a resolution

7th, and the races Oct. 4th and 5th.

At Markhamville, Kings County,10 miles from Sussex station, on I. C. R., a farm of 150 acres, of which about 80 acres is under good cultivation. A good 7 room house, with stone walled cellar, concrete floor. Barn 140 ft. by 42, with hay carrier, woodhouse, piggery, sheep house and wagon sheds Several small cottages on the farm. Church and school within two minutes' walk of the house. About 12 acres of excellent brook intervale. An orchard of about 50 apple trees. Some of the land is underdrained and produces excellent crops. The farm has cut 70 tons of hay. A creamery is established about one mile east of the farm and another one about two miles west of it. A never failing spring of purest water near the house.

Three Horses, 22 head of horned stock and 16 sheep were kept on the farm last year.

This is in every way an excellent property. It will be sold cheap and n easy terms

John Hill's Four Children Burned to

Death While He Was Away at Work.

John Hill occupied a dwelling at Cloverdale, a few miles below Carlisle, few days visiting his brother, John | Carleton county. Some 13 years in the past he married Ann Palmer, daughter of David Palmer of Hawkinsville There were six children, all girls, born to them, one of whom died about six years ago. Mrs. Hill died June 25th A. D. 1900, leaving a little girl a few days old, which was adopted by Miss Amy Palmer, sister to Ann, deceased. The mother of John Hill had lived with him since his wife's death, supplying to the extent of her ability the place of years old. There were four young girls -Jane, 11 years old, June 26th; Wealthy, 9 years; Myrtle, 7 years 9 months: Edna Bennison, 6 years, and the baby, St. John and Miss McWilliam of Kent Amy, 4 years. All these but the youngest. Amy, were at the home and under the care of the grandmother, June 24th, '04. Mr. Hill was at Hartland at mill labor. Miss Mary Palmer, another sis-

ter, was with the grandmother and the

of the consumed building and its entire contents. Thomas Hodgins, judge of the admiralty court, Canada, in an instructive article in the July number of the North American Review, calls attention to the fact that, though the question of the Alaskan boundary as between Canada and the United States has been happily settled, there remains a question of great practical importance relating to its practicability and cost. How can the prescribed inland width be scientifically ascertained an staked along the interior land? The task would be one of extreme difficulty and, according to Mr. Dall, one of the engineering experts employed by the United States to report on it, the survey would cost more than the whole territory cost originally and would consume many years of labor. Judge Hodgins urges that, in face of these considerations, both nations should endeavor to agree upon a more practic-

able and less expensive boundary. He concludes: "The mutual interest and convenince of the peoples of both the United States and Canada, in the promotion of trade, and of the agricultural and mining industries, as well as in the administration of justice, in the wild and unsettled Alaska-Canada territory, disciplined by a loyal and just international amity, rather than attempting now that the treaty has been construorable adjustment or equitable compromise of their respective boundary rights in that territory."

Won By New Zealand With Ganada in Third Place.

Winning Team Did Excellent Work at the 200 Yard Range-Wind Was Unfavorable.

BISLEY, July 15.-The New Zealand team won the Kolapore cup today by their magnificent work at the two hundred yard range, where the team put on a score of 260 out of a possible 280, giving them a lead of 11 points over the next team. Though they were beaten at two other ranges, finishing third in the 600 and fourth at 600 yards, they But no ill name should dim thy still had enough left to beat the moada, next in order, by seven. Canada was in second place at the end of the range, when Great Britain beat them

by five points. The wind during the firing blew shooting was very good. The Canadian team was made up of

mer, Pte. Perry, Pte. Smith and Col. ranges, of the teams:

New Zealand 260 213 719 Great Britain247 229 716 Canada242 712 Guernsey 237 210 697 Sergt. Mortimer, Toronto, shot in the Peddie competition today at both ranges. At 900 yards his score was 42 and at 1,000 yards 38 out of possible 50. Three Canadians put in good scores in

Keystone Burlundy match at 1,000

Pte. Tyers, Toronto, each realized 43,

while Pte. Neil Smith obtained 42. The Kolapore Cup, which was won yesterday at Bisley by the New Zealand team, was presented in 1871 by the Rajah of Kolapore when on a visit to Queen Victoria. It is a very handsome trophy, consisting of a pair of gold vases richly encrusted with gems. A team. It is open to teams of eight, seected as follows: One team from the Mother Country, one team from the militia or volunteers of each British

one team from India. Seven shots are fired from the 200, 500 and 600 yard ranges, and an hour is allowed at each range. The competitors must fire in uniform. The winners of the cup are as fol-

West Indies. Last year the cup was won by Austhe Western Union Telegraph Co., who tralia, who broke her own record by one point, making a score of 771 points. Canada did some very good shooting of last year, is dead at his home of and scored 753. The five teams competing finished in the following order: Australia, Great Britain, Canada.

Since 1897 the .303 magazine rifle has 1871 to 1883, and the Martini-Henry from 1883 to 1897. The Bisley meet of 1897. Jubilee year, was famous in medical attention. No clew has ever many ways. For the Kolapore cup Rev. D. Hutchinson, and an able serthere were no less than eleven competitors.

The Mackinnon cup was presented in 1891 by the late Col. Mackinnon, session. who was for many years secretary of the Bisley Rifle Association. It is shot LONDON, July 16 .- The Cunard for by teams of twelve from England, Scotland, Ireland, Wales and the various British colonies and dependencies. Ten shots are fired from 800, 900 and.

The winners are as follows: 1893 England400 1894 England400 1895 England400 1896 Ireland 500 1897 England500 1898 England500 1899 Scotland500 **** 1900 Scotland. 500 1901 Scotland 800 1902 Canada 800 1375 1800

Last year England won the cup with with 1894. Australia and Scotland scored 1383 and 1350 respectively. Canada probably lost this match than six misses at this range.

IN SESSION

Convention Opened at Sackville on Friday.

Reports From All Quarters Show Great Advances in the Work.

SACKVILLE, N. B.; July 16 .- The 57th session of the New Brunswick Eastern Baptist Association last evening with an interesting meeting of the B. Y. P. U. Saturday morning an early prayer meeting was held at 7 o'clock, led by Rev. R. Barry Smith of Moncton. At 9.40 devotional ther country by three points and Can- services were led by the moderator, Dr. Brown of Hopewell Cape, after which second range, but lost it at the third elected moderator for this year. Following the enrolling of delegates was election of officers, viz.: F.W. Emmerson, clerk; Dr. Brown, assistant clerk; strongly right across the ranges and Chas. Lund, Sackville, treasurer. The made work difficult, but nevertheless following gentlemen were invited to seats in the association: Rev. Dr. Trotter, principal of Acadia College; Prof. Capt. Blair, Staff Sgt. Crowe, Capt. Sawyer, principal of Horton Academy; Dillon, Corp. McGregor, Sergt. Morti-Rev. H. T. DeWolfe, principal of Ladies' Seminary, Acadia; Rev. H. Y. Corey, missionary on furlough: Reve Following are the detailed scores, by N. D. Smith, Maine; Rev. Geo. Steel, Sackville, N. B.; Rev. A. Moore, Toronto.

Members for the committee of arrangements were appointed as follows: Rev. E. B. McLatchey, Rev. M. Addison, Rev. Ira Baird, Rev. E. O. Steeves. Members appointed for committee of nominations were: Revs. D Hutchinson, B. H. Thomas, J. W.

Keirstead, F. B. Seelye. The reading of letters from the different churches occupied some time Reports from forty-two out of fiftytwo churches were read, the largest yards today. Segt. G. Mortimer and showing there has been for many years. The morning session closed with a very scholarly address by Dr. Brown on "The Desirability of Securing and Preserving the History of Churches."

In the afternoon at 2 o'clock the reading of more church reports took place, after which there was an interesting speech from Rev. A. Moore of Toronto, the representative of the prize of £80 also goes to the winning Lord's Day Alliance, who spoke on behalf of this body. The report of home missions was then given in which it was stated that the demands for home mission labor had never been colony, dependency or federation and greater, but sufficient men to fill the fields had not been forthcoming. Both evangelist and superintendent have been in constant demand to fill vacant pulpits and give services to places that have done without the ministry for months. The severe winter caused serious hindrance and the whole staff of missionaries gave a common report of many Sabbaths lost by reason of many blockaded roads. The fields are districts of Campbellton which is one of the most promising missions. The Central Church has extended its membership northward to New Richmond and westward along the Restigouche for several miles. Newcastle, Whitneyville and Littleton, the former place has recently built a new church; St. Mary's and Buctouche, Shediac, Port Elgin and Cape Tormentine, Cookville, Coverdale, Fairfield and Hammond, which cover a wide territory; Rothesay, Musquash, Beaver Harbor, St. Andrews, Baillie, New Jerusalem and Greenwich Hill; Otnabog, Nashwaak and New Maryland, Doaktown and Underhill, Cardigan and Burt's Corner; Temperance Vale and Millville, Cambridge, Aberdeen, Forest Glen, Victoria Co., Tobique Valley, Grand Falls and St. Francis.

Evangelistic work has been done by Revs. A. H. Hayward, I. Wallace The additions and Brother Marple. for the year in this department are gratifying. The superintendent has done much travelling, nearly all of the home mission interests have been

visited, some more than once. There are in New Brunswick in all, under the Eastern, Western and Southern associations, 24 fields, including 52 churches, with 110 preaching. stations, which should be regularly helped by the home mission board. The financial statement for past year showed receipts of \$3,165.96; disbursements, \$2,771.55. The twentieth century fund stood, receipts \$1,487.64, disbursements \$1,087.64.

Foreign missions were then discuss-Dr. Brown presented an appeal and strongly urged members of the Baptist Church to give aid toward the noble cause of foreign missions and also recommended the union of the maritime societies with those of Onbeen used. The Snider was used from tario and Quebes. The report closed with the work done in India.

At 4.15 there was a service with reading of scripture and prayer by mon by Rev. N. A. MacNeil from the text: Eph. 1: 4. A prayer by Rev. B. H. Thomas finished the afternoon's

About 175 persons are attending the association and more are expected. The meetings have been well attended and a most successful time is anticipated. Neat programmes of the sessions and services have been presented by Chas. D. Stewart of Stewart &

94 DEGREES IN CHICAGO.

CHICAGO, July 17.-This was the hottest day Chicago has experienced in three years, and three deaths and score of prostrations resulted. The maximum temperature of 94 degrees is the highest since July 21, 1901, when 103 degrees was recorded.

SOLDIERS KILLED IN A BRAWL TIEN TSIN, July 16 .- Two French a score of 1410. Canada was second soldiers were killed and others woundwith 1894, Australia and Scotland scored and nine Japanese soldiers were injured in a drunken brawl in the native station of Shankaikwan last night through the bad shooting of Lieut. between Japanese and French soldiers. Vroom at 800 yards. He made no less A policeman was also severely hurt. ning, which had been carried off by die of August upon the recurrence of Bayonets were used by the soldiers.

SUMMER SCHOOL OF SCIENCE.

Lectures Are Proving Interesting and Instructive-And Session is Being Much Enjoyed,

CHARLOTTETOWN, P. E. I., July 16.-Into the summer school of science at Charlottetown this year has been thrown more than usual energy, the school is progressing rapidly and good results are being obtained. The encollment is large, 158, and is being added to every day. Classes are well filled. The people of Charlottetown are bestirring themselves to give the members a right good time. The weather is fine and warm but not excessively hot, and the cool evenings, for which the island province is proverbial, makes the summer school this year a pleasant outing as well as an instructive

The first public lecture was given or Thursday evening by Ian C. Hannah, M. A., president of King's College, Windsor, N. S. Mr. Hannah makes no effort to be artistic on the platform. opened in Sackville Main street church He is thoroughly natural and is himself. From the beginning to the end of a lecture of nearly an hour and a half he held the rapt attention of his audience, and could have done so much longer had he chosen to continue. Of his subject, which was Japan's position among the nations of the world, he is an encyclopaedia of knowledge. Rev. N. A. McNeil of Petitoodiac was All who heard him will always be glad to hear him again.

The other lectures of the course and the order of being given are as follows: The Camera and Microscope in Biology, What is Life, Genesis and Geology, Natural History of the Oyster, Evolution and Faith, Domestic Science in the Schools, The Effect of Sawdust roperties of Timber. The lecturers include such names as Prof. Watson of Greenville, South Carolina, Dr. Andand ever since, there were few meet-drews of Sackville, Prof. Ramsay

ILLEGAL SALMON FISHING.

REV. W. G. VINCENT

Former St. John Man Now Pastor of Winnipeg

Has Given Up Work on Account of III Health and Not Because of Mis-

Church

conduct as Alleged.

The Winnipeg Telegram of July 11th contains the following:

Rev W C Vincent is no longer nestor of the Logan avenue Bantist church. He has been given leave of absence for a year, and this in substance is a dismissal. For the last two Sundays the pulpit of the church situate, lying and being on the South has been occupied by others, and Saturday Mr. Vincent, in the company of a friend, left for a sanitarium in the guished on the map or plan of the said maritime provinces, where he will remain in all probability for the year. He is a nervous and almost a men-

tal wreck, and it is thought a year will be necessary to restore him to health. His present position and condition is due to a scandal which has been agitating the congregation for months. During this time he has been paying Upon Fish Life, Characteristics and marked attention to a young lady who was a member of the choir and a teacher in the Sunday school. All winter Wright of Toronto and others of equal cent and the lady in question did not attend and from which the pastor did

not see the member of his flock home. The climax came in the affair of the church at a meeting held last Friday night, when it was resolved to relieve Mr. Vincent of his duties for a time at least. The climax came in the choir yesterday morning. As is customary. the choir assembled in the room in the rear of the pulpit. When the lady came in some of the other ladies quietly withdrew and took seats in the body CALAIS, July 16 .- Some fifteen sal- of the church.

The lady did not attend Sunday school in the afternoon and the members of her class were all absent also. The congregation is in a state of untected through the vigilance of sea rest at present, and is likely to remain and shore fish warden Townsend. Very so until the excitement has somewhat lidge, of the Other Part, as all that lot

NOTICE TO MARINERS. BOSTON, July 11 .- The bell on Halfway Rock, Portland Harbor, cannot be heard in stormy weather, and it is dangerous for any vessel to go near there under such conditions. Captains about Portland want a steam whistle placed there and a petition is now in circulation for it.

NEW YORK, July 16-The Lighthouse Board of the Third District gives notice that the fog signal of the Cornfield Point light vessel, Long Island the Algonquin. Sound, has been disabled and until further notice during thick weather the ship's bell will be rung by hand. The fog signal will be repaired as soon

as possible WASHINGTON, July 16-Notice is given by the Lighthouse Board that on or about August 1, 1904, the firstclass automatic siren at the North Hook beacon light station, located on the northerly point of Sandy Hook, southerly side of the entrance to New York Bay, will be replaced by a first class automatic siren, operated by compressed air, to sound during thick or foggy weather, as heretofore, blasts of 3 seconds' duration, separated by silent intervals of 27 seconds. The new fog signal building is built of brick and located about 800 feet easterly from the light tower.

GIRL SAW BROTHER DROWN.

Then Ran Home and Told Her Mother Not to Wait Supper for Him.

VALLEYFIELD, Que., July 18, 1904. -"Mamma, you needn't wait for brother to come to supper because he won't come; he fell in the water." This was the first word Mrs. Longton, a widow of this city, received of the drowning of her six year old boy yesterday. He was playing near the locks with his sister and fell in. Nobody was near to give aid and after a short struggle the little fellow sank. His sister, too young to realize the significance of the accident, waited awhile for her brother and then ran home with the awful news

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim.

scarcely ever leaves his room.

bedside.

HOPEWELL HILL, July 17 .- Since the recent rains crops generally are growing finely. Potatoes are looking particularly well and grain is fair. The grass crop on the Shepody marshes is said to be unusually light, owing largely to the protracted dry season. Large patches of grass in some sections are "winter killed," and are practically bare. The turnip crop throughout the country will be slim, is to spend any more money here it as many fields were almost entirely stripped by flies and grubs.

Miss Maisie Jamieson of Fredericton | wharves we now have. came down yesterday to spend a few weeks with her mether and sister, who Mass., is in town, the guest of his are summering here. W. J. McGorman returned yesterday from a visit to Kent county

G. Deputy Marshal, Mrs. Calvin Steeves, Shenstone G. Messenger, G. A. Perkins, Nor-G. Guard, P. T. Vallis, New Jerusa-

G. Sentinel, W. Rommell, Alma.

A. C. M. Lawson, retiring secretary. was tendered a strong resolution of have been burned, the Armstrong mill appreciation of his services, as was also Mrs. Lawson. The District Lodges of Kings and Queens counties are to be reorganized. A public meeting was held in the Baptist church on Thursday evening, at which addresses were given by

Revs. Dr. Brown and G. F. Brewster

and Coun. Wm, Rommell.

The next place of meeting is Norton. ROUNDS OUT THE FORM.

Persons who have become pale, weak and thin by overwork, worry or disease find that Dr. Chase's Nerve Food is wonderfully effective in forming new blood, restoring a healthful glow to the complexion and rounding out the form. You will soon feel the benefit of this restorative treatment and can prove it by noting your increase in VOL

We handle want it.
