

## BRIEF REPORT SENT OUT FROM PARIS SAYS GENERAL SITUATION REMAINS UNCHANGED

### FRENCH INFANTRY'S RUSE KEPT THE GERMANS FROM BREAKING THE ALLIES' LINES

Compelled to Retire Before Overwhelming Numbers Hid in House and Opened Fire on Unsuspecting Pursuers — Trenches of Opposing Armies Only 100 Yards Apart in Some Places — Stories of Daring Deeds From Aisne Battleground.

From the Battlefield (via Paris, Oct. 12, 11.46 p. m.)—The battlefield northwest of Lille was the point of greatest interest in today's continuation of the great conflict which is already having lasted 29 days. The cavalry of both armies in imposing masses have swept about the country for days, seeking to go through or around the opposing lines, and everywhere they have encountered the forces of the enemy.

A successful ruse carried out by a detachment of French infantry in the vicinity of Lens is related in the orders of the day. Having been ordered to hold a position the small squad did so throughout the day but at dusk the detachment was compelled to retire before an overwhelming force of Germans. Reaching a country estate the French commander placed a number of men in the last outlying houses with orders to remain until they heard the bugle call. The rest of the party took up a position a quarter of a mile further on in the open country. The Germans continued their pursuit without noticing the French riflemen in the houses. A bugle sounded and fire was opened both on the front and on the rear of the German force, which, after losing many men, retreated. The French re-occupied their original position and saved the allies' line from being broken.

A French non-commissioned officer with thirty-two men, who had been forgotten at an entrenched advance post near Roye, saw 7,000 Germans advancing, but the Frenchmen did not budge until their ammunition was spent. Then the officer ordered his men to retire through a wood and he rejoined his regiment with twenty of his command. He was promoted to sergeant and the field to be a lieutenant as his stand had permitted a reinforcement of the allied line at a critical moment.

Trenches of Opposing Armies Only Hundred Yards Apart

The weather, except for some chilly nights, is ideal for military operations. Even the most exposed trenches have recovered from the damp spell.

Trench duty in the siege operations is now thoroughly organized. The digging continues all the time and the

trenches of the opposing armies approach to within 100 yards of each other at some places. The men in these ditches, especially along the line from Rheims to the Meuse, have been inactive, often during the past few days and voices often ring out from the shelters, calling upon one another to come out and fight.

Some of the men have become very daring, life in the trenches with the occasional turn at rifle firing being so monotonous that they go out in search of adventure. One party of three Algerians left their shelter and proceeded to a house which was still standing near the lines. There they found seven Germans. The men fraternized and together searched the cellar. After regaling themselves on wine the Algerians, who had brought rifles with them, ordered the Germans to fall in and took them off prisoners.

Just behind the allies' firing line the grape harvest is proceeding as though nothing unusual was occurring. The crop promises to be very good.

A chauffeur belonging to the British ordnance corps was promoted today for saving five motor trucks forming part of an ammunition train. The Germans had cut the convoy off from the supply column. After dispersing the contents of the trucks over the fields, all the men of the convoy with the exception of the chauffeur made off. The chauffeur hid himself in the woods beside the road and when the Germans retired he returned to the trucks. He found the wheels of the machines intact, and one motor in good order. Hitching the trucks together he brought them safely into camp alone.

In Alsace the French continue their advance. Frequent skirmishes are being fought between the German rear guard and the French advance guard. Snow has fallen on the high hills in this region, making operations difficult.

Interned in Holland Number Nearly 22,000.

London, Oct. 13, 3.40 a. m.—Although 22,000 British and Belgian soldiers are interned at different points in Holland. About 1,500 of these men are British. This statement has been made by the Dutch war office, according to a despatch from the Rotterdam correspondent of the Times.

### RUSSIA LOSES ARMORED CRUISER WITH ENTIRE CREW IN BALTIC SEA; SUNK BY GERMAN SUBMARINE

Bulletin—Petrograd, Oct. 12.—An official communication issued today announces that on October 11 the Russian armored cruiser Pallada was torpedoed in the Baltic Sea by a German submarine and sank with all her crew.

The text of the communication, which was made public by the marine department follows:

"On October 10, German submarines were sighted in the Baltic Sea. The same day, early in the morning, the submarines attacked the cruiser Admiral Makarov, which had stopped to search a suspected bark flying the commercial flag of the Netherlands. A submarine of the enemy launched several torpedoes, which luckily missed the mark and caused no damage whatever to the cruiser.

"On October 11, at 2 o'clock in the afternoon, the submarines of the enemy again attacked the cruiser Admiral Makarov and Pallada, which were patrolling the Baltic.

"Although the cruisers opened in time a very strong fire, one of the submarines succeeded in launching torpedoes against the Pallada, whereupon an explosion resulted and the cruiser with all her crew sank."

22 knots. With the Admiral Marakov and the Bayan she constituted a group of cruisers known as the "Bayan Class."

The Pallada carried 2 8-inch guns, 8 6-inch guns, 22 12-pounders and 4 3-pounders, in addition to torpedo tubes. She was laid down in 1905.

Cholera in Austria.

Paris, Oct. 12.—A Havas Agency despatch from Venice says that twenty-seven cases of cholera were reported in Austria on October 8.

London, Oct. 12, 7.09 p. m.—A despatch to the Reuter Telegram Company from Amsterdam says that a telegram received from Vienna states that the Russians in Galicia and north of the Vistula are pursued by Austro-German troops.

Many towns which a few days ago were in the hands of the Russians, are now again under an Austrian administration. The message adds that the Russians did not behave so badly as the authorities had expected. Even the Cossacks conducted themselves humanely.

London, Oct. 13 (4 a. m.)—The Times' correspondent in Belgium under date of Sunday, says: "Twenty-four of the Antwerp forts were still holding out today, in the face of a continuous bombardment. Last night over twenty blazing fires could be distinguished from afar in different parts of the city."

### J. BENNET HACHEY NOMINATED BY GLOUCESTER CO. CONSERVATIVES

Unanimously Chosen as Standard Bearer of Liberal Conservative Party to Contest R Notable Convention in History — Caraquez Scene of Most Notable Convention in History of County—Warm Endorsement of Sir Robert Borden's Administration and Resolution of Loyalty to Premier and Party—Praise for Good Work Hon. Mr. Hazen is Doing.

Special to The Standard.

Bathurst, N. B., Oct. 12.—J. B. Hachey is the choice of the great Gloucester County convention held at Caraquez today. Every parish sent a large and influential representation, and among whom were many former Liberals. There was not a discordant note in the whole proceedings.

The Liberal Conservatives of this county gathered in such force today that no hall in Caraquez could be found to hold them. Mount's Hall in which the convention met could not hold the throng, so the windows and doors were all opened and a great crowd listened to the proceedings outside. President Chas. C. Poirier, of the County Association, occupied the chair and called the meeting to order at two o'clock, in a neat speech, referring to the great strength now possessed by the Conservative party in the Dominion and in this county.

A resolution was moved by T. M. Burns, seconded by J. B. Hachey, expressing the appreciation and support of the County Association, occupied the chair and called the meeting to order at two o'clock, in a neat speech, referring to the great strength now possessed by the Conservative party in the Dominion and in this county.

A still larger number of Belgians are expected to reach Folkestone tomorrow. All the hotels and boarding houses are overcrowded. Local committees are caring for the poorer families in the churches and schools, and are sending them to London by special trains, as far as possible, for distribution among the homes throughout England.

### IDENTITY OF YOUNG WOMAN WHO ATTEMPTED SUICIDE IS REVEALED

Says She is Nina Ennis, a Nurse, and Mother Resides at Ottawa—Believed Act Due to Despondency Over Non-acceptance of Offer to Go to Front With Canadian Troops.

London, Oct. 12.—The comely young woman who swallowed bicloride of mercury in the women's dressing room in the Grand Central station yesterday evening revealed her identity today in "Power" Hospital.

The young woman told Detective M. D. Kelly that she is Nina Ennis, 24, a trained nurse. Her mother, she said, is Mrs. E. Ryder, who lives in the McLarnon Apartments, at McLarnon and Gilmore streets, Ottawa—Canada.

She said she hoped she would die, but the hospital surgeons say they may be able to save her life, as she took such a terrific dose that there was an immediate reaction, and prompt remedial measures were taken.

Special to The Standard.

Ottawa, Oct. 12.—Miss Nina Ennis, who attempted to commit suicide in New York, yesterday, is a step-daughter of E. Ryder, superintendent of the stock room at the government printing bureau. His wife was formerly Mrs. Ennis of Chicago, and a widow. They were married three years ago and her daughter came to Ottawa with her a few months ago she graduated from a Montreal hospital as a trained nurse.

It is supposed here that her attempted suicide was the result of despondency after the refusal of her application to go with the Canadian troops to the war as a nurse, and the antipathy to her volunteering on the part of anti-British relatives. She left home for Chicago on August 29 and proceeded from there to New York looking for work.

Miss Ennis, who is 26 years of age, and a very beautiful girl, is engaged to a Montreal broker.

### SIR CHAS. TUPPER EARL CURZON IS PROUD OF DOMINION PREDICTS A LENGTHY WAR

Anxiously Awaiting Arrival of Canadian Troops—Has Two Grandsons in First Contingent.

London, Oct. 12.—Among the numerous Canadians anxiously awaiting definite information of the arrival and landing of the Canadian troops, none is more eager than Sir Charles Tupper, who has two grandsons and the latter a granddaughter in the contingent.

"We are all proud of the forces, which Canada is sending, and we know they will fully maintain the brilliant records of the past," said the veteran statesman today. "While the action of the dominion government in only what I expected, cannot help feeling proud of this generous and prompt response to the call of the motherland in this time of stress."

Sir Charles commented on the compensations of the war, arising from the dropping of the Irish trouble and other internal problems. He had, he said, never doubted the loyalty of the Irish when put to the test.

### WARNS ENGLAND TO BE ON GUARD AGAINST SPIES

Admiral Lord Beresford Urges Strong Action With Regard to Alien Enemies in the Country.

London, Oct. 12.—Notwithstanding the reassuring statements issued by the Home Office last Thursday to the effect that the spy system established by Germany in this country has been completely broken up, Admiral Lord Charles Beresford, retired, is convinced that it still exists, and constitutes a grave menace to the safety of the country.

In a letter published today Lord Charles calls upon his countrymen to take strong action with regard to the crowd of alien enemies in our midst. He urges, "that meetings be held in every town, and that resolutions be adopted protesting against the present state of affairs, and sent to the Prime Minister."

### No News From Belgium Permitted to Come Through — Some Ground Gained by Allies in France — Reports From Vienna and Petrograd Indicate Tide of Russian Victories in East Checked, for Present at Least — British Press Optimistic — Russia Loses Armored Cruiser with Over Five Hundred Men in Baltic — Belgian Army Ready to Renew Fight.

Paris, Oct. 12, 11.19 p. m. — The following official statement was given out tonight:

"There is nothing in particular to report. Violent attacks have occurred along the front. We have gained ground at some points, and we have not lost any at any place."

London, Oct. 12, 9.25 p. m.—The finger of the censor having twisted the tourniquet on all sources of news from Belgium, just now perhaps the most potentially important scene of the fighting in the great war, the British people were forced to content themselves today with the official communication from Paris, and even a close analysis of this showed no marked change in the situation favoring either side.

From the east came tidings of a decided reversal in form the despatches both from Vienna and Petrograd indicating that the Austrian army at Przemyśl so often reported surrounded, hopelessly outclassed and on the verge of surrender, had, with the aid of reinforcements, turned on the Russians and forced them to retreat.

The first news of this claim emanated during the morning from the Austrian capital. It was followed later in the day by what purports to be a Petrograd admission that the Russians had abandoned the siege of Przemyśl for strategic reasons, with the object of drawing up a new line against the Austro-German army in other points in Galicia.

Whatever be the truth of the situation, the Russians have been claiming an unbroken series of victories in their march through Galicia, and the coincidence of today's despatches, supplemented as they were by more circumstantial accounts from Vienna of a vigorous Austro-German offensive seemed to presage important news.

### AUSTRALIA'S OFFER OF LIGHT HORSE BRIGADE HAS BEEN ACCEPTED

Part of Canadian Women's Contribution of Money to be Used for Equipping Naval Hospital.

London, Oct. 12.—The official press bureau tonight announced that the British war office had decided that the \$765,000 which the women of Canada subscribed and transmitted through the Duchess of Connaught, for hospital purposes will be devoted as follows:

The war office will utilize \$125,000 in the purchase of motor ambulances, half of the machines to be used in France and the other half in this country, and the balance of the sum subscribed will be used in equipping a naval hospital with 100 beds to be known as the Canadian Women's Hospital.

It was also announced that the British war office had accepted the offer made by Australia to send over another Light Horse Brigade with a field ambulance corps.

### STEAMER RAMMED BY BARGE IN THE ST. LAWRENCE RIVER

Montreal, Oct. 12.—The Canada Steamships Line steamer Quebec was poked in the port side, between the bow and the paddle box, above the water line, early yesterday morning by the river barge H. W. Dwyer while the latter was at anchor in Lake St. Peter. The steamer, on her way from Quebec to Montreal with passengers, was trying to clear the barge in the dark when the latter backed into her. The damage was slight. The Quebec arrived in Montreal under her own steam, then went to Sorel for repairs.

London, Oct. 12.—A Central News despatch from Rome says that a message to the Messagero from Petrograd states that the Russians have abandoned the siege of Przemyśl in Austrian Galicia, in order to put themselves in a strategic position to meet the Austro-German army.

A RUSSIAN BAYONET CHARGE DURING A BATTLE IN EAST PRUSSIA.

This picture was drawn by F. Matiana, special artist for this newspaper, the New York Herald, and the London Sphere from valuable material supplied by Mr. W. R. Ames, who escaped from his home in East Prussia, where he was managing a great German estate, when the Russian army appeared. The episode in question occurred on the evening of August 23 between Kroschen and Bartenstein, when ten thousand Germans and fifteen thousand Russians were engaged. Through the glasses Mr. Ames witnessed a bayonet charge by the Russians against the German center. The Germans fled and were cut up in small parties.

J. BENNET HAGHEY NOMINATED BY GLOUCESTER CO. CONSERVATIVES

(Continued from page 1) A. J. Witzell, M.L.A., moved, seconded by Martin J. Robichaud, M. L. A., that this convention while depicting the awful war now raging in Europe expressed their admiration of the attitude taken by the Imperial government in standing by their solemn treaties and also approved most heartily the action of the Dominion government in promptly taking steps to aid the Mother Country and her allies. The motion passed, while the great crowd stood and sang first in French and then in English the National Anthem. On motion of A. J. H. Stewart, seconded by J. B. Hachey, the convention proceeded to the selection of a candidate to contest the county in the interests of the Liberal Conservative party. The organizer, A. J. H. Stewart, explained fully to the meeting the procedure to be carried out as follows: The citizens of each parish were to retire to a convenient spot and select members of a nominating committee, each parish being allowed one member for each one hundred ratepayers. Mr. Hachey chosen. After this had been done the persons named on this committee gathered in the hall to select a candidate. J. Edward Degrace was chosen chairman of the committee. The following were then named as candidates for the nomination: J. B. Hachey, T. M. Burns, Martin J. Robichaud and A. J. H. Stewart. On the first ballot Burns secured 24 votes, Hachey 24, Robichaud 19 and Stewart 10. The second ballot resulted in 31 for Hachey, 30 for Burns and 17 for Robichaud. The third ballot gave Hachey the nomination with 48 votes to Burns' 30. The committee reported the result of the ballot to the convention and the choice was received with prolonged cheers. A. J. H. Stewart moved that the convention ratify and make unanimous the committee's choice and the motion was carried with enthusiasm. In answer to calls the closest attention of the large audience while the electors for the honor conferred upon him and in a short eloquent speech put before them the issues to be decided in the next election. A. Sevigny, M. P. of Quebec, was then called on and in an hour's speech in French held the closest attention of the large audience while he set forth most eloquently the splendid record of the present Conservative Government. At the close of his discourse a vote of thanks moved by F. T. B. Young, seconded by A. J. H. Stewart, was passed by a standing vote. J. B. Hachey, the candidate-elect, moved a resolution conveying the gratitude of the Conservative party of Gloucester County to T. M. Burns for the invaluable services he had rendered during the past fifteen years. Mr. Burns responded in a few well chosen words, thanking the convention for the vote given him, expressing his belief that the choice of Mr. Hachey removed all possibility of defeat at the next election. Martin J. Robichaud and A. J. H. Stewart also expressed their thanks for the support they had received in the convention, and assuring the elected candidate of their whole-hearted support. The business of the convention being completed, adjournment was made amid scenes of great enthusiasm after the singing of the National Anthem.

GOOD SHOW AT OPERA HOUSE

ous applause greeted the different points that were made. The homely features of the play caught the fancy and kept the attention throughout. The members of the cast worked well at all times and endeavored to make all the scenes true to life. Robert Arnold as Darius Starie, a country detective, was a laugh producer whenever he was on the stage. Arthur McCloskey, our own local talent, did well and took his place alongside the other members of the company to the satisfaction of those present. As the portly and rural appearing gentlemen, Obadiah Blurton, he appeared to advantage. Will D. Howard, the leading man of the company, appeared as Thaddeus Strong, "Our New Minister," and in that character he gave a representation that has seldom been excelled on the local stage. Miss Howell showed much grace, and her appearance as Nancie Ransom, the daughter of the ex-convict, was all that could be desired. Other members of the company gave good reproductions of their parts, and their work was generally approved. Taking the whole performance into consideration it was well worth seeing and deserved the support of St. John theatre goers. Some of the sentiments expressed by the author will perhaps not conform to the idea of everyone, but the writer, no doubt, meant well. "Our New Minister" will be produced during the remainder of the week. LOOKED LIKE INTENDED SUICIDE The citizen who was brandishing a fierce looking razor says it wasn't suicide but corns he was talking about. Needless to say his wife bought him Putnam's Corn Extractor and hid the razor—very wise, because Putnam's cures in 24 hours; try it, 25c. at all dealers.

DOCTORS SAID CUT OFF

Mr. J. V. Besnard of 539 Craig St. E., Montreal, writes: "While at work in the St. Lawrence Sugar Refinery I had my hand badly crushed by an iron beam. Two fingers particularly were so badly smashed that the doctors said they would have to be cut off. Having heard and had proof of the wonderful healing power of Zam-Buk,

I SAID 'NO'

and started to give Zam-Buk a trial. I had the fingers dressed with Zam-Buk every day. The first few applications stopped the bleeding, and ceased the pain, and it was soon evident that the wounded members were on the road to recovery. Day by day I persevered, and by the time I had used eight boxes of Zam-Buk, the fingers and hand were entirely healed. \$4 worth of Zam-Buk saved my two fingers." BRAVES CAPTURE THIRD, FOLG GREATEST GAME IN SERIES; TEAMS BATTLE FOR FIVE INNINGS BEFORE OVER THIRTY-FIVE THOUSAND FANS AT THE GAME--GREAT EXCITEMENT.

Connelly in left field. Connelly dropped the ball, but Collins was credited with a sacrifice fly. Collins was held on first as Baker struck out. Collins dodged off the base until he caught sight of a slow pitch and then stole second. McInnis walked, and a moment later Collins was caught off second taking a long lead, Tyler making a quick throw to Evers, ending the inning.

Box Score table with columns: Philadelphia, AB, R, BH, PO, A, E. Lists stats for Murphy, Olldring, Collins, Baker, McInnis, Walsh, Barry, Schang, and Bush.

The official attendance was 35,520. Total receipts \$63,808. National Commission's share, \$6,880.50; players' share, \$14,456.32. Each club's share, \$11,484.

Philadelphia Athletics in the last world's series, when he won in a game against the New York Giants on the Polo Grounds, had trouble in disposing of Moran, Boston's first batter. He pitched ten balls to the Braves lead-off man, three balls, two strikes, four fouls and then the pitch on which Moran hit up into the air to Collins. Evers brought the Boston rooters to their feet by dashing a slide into left field. Connelly lifted a high foul that Baker caught within inches of the Athletics bench.

The second inning of the American League was quickly over. Walsh, who was playing centre field as Strunk, the regular man, does not hit well against left-handed pitching, chopped a grounder at Tyler, who threw him out at first. Barry raised a foul, which big Schmidt gathered in without effort. Schang put up a fly which Evers had to back out to right field to get.

The National Leaguers tied the score in the half of the inning, after two hands were out. Schmidt struck out on Bush's slow balls. Deal hit a fly to Baker. "Rabbit" Moranville worked Bush for a base on balls, then stole second. He was not there long before Gowdy sent him home by a slashing two base drive into the bleachers in left field. Tyler went out, Barry to McInnis.

The world's champions also went out in order in the third inning. Bush led off with a single, and Murphy and Evers followed with singles. Evers dropped a little grounder to Bush, and was also retired. Connelly gave Murphy a long fly in right field.

The Athletics put together their second run in the fourth inning. After Collins had shot a hot liner at Evers, which the Boston captain had not struck out for the second time, and there was great cheering. "Stuffy" McInnis walked until he stood three and two, and then caught a groove ball on the nose and lifted it into the left field bleachers for two bases.

Connelly made a daring try for the ball. He leaped into the air, lost his balance and fell backward into the bleachers. He was out of sight for several seconds, but bobbed up, unhurt, and was cheered for his effort. Walsh also waited until he was three and two and then slugged a single to left, bringing McInnis home. As McInnis was about to round third, Deal got in his way and both Harry Davis, who was on the coaching lines, and the Athletics, and McInnis, complained to Umpire Klem against Deal's alleged interference, but as McInnis had scored there was nothing for the umpire to decide. Barry grounded out, Deal to Schmidt, leaving Walsh on first.

Then came the big inning of the game, in which the contest was apparently lost to Boston, and then it changed. Schang shot a single into left field. The crowd looked for a pinch hitter, but Mack sent in Bush. He struck out. Murphy chopped a grounder at Tyler who tried to get the nearest man, Schang, at second, but the throw was too late and both the Athletics catcher at second, and Murphy at first, were safe. Both runners were advanced on Olldring's out at first. Tyler touching the ball as it shot by him to Evers, who gathered it in and made the throw. Collins was given a base on balls. With the bases full the mighty Baker came to bat. Things looked shaky for Tyler. He never quivered, however, as he faced Baker. Baker crouched over the plate and swung his bat back and forth. Tyler kept his head and soon had two strikes on the heavy hitter. Then Tyler sent one down the alley that looked good and Baker smashed it across the plate. Evers held the ball a moment and Murphy, who had rounded third, kept on scoring without Evers making an attempt to head him off. There was great joy on the Athletics bench. McInnis ended the inning by sending a long fly to White.

With two runs to the rear, and Bush pitching right ball, things looked gloomy for Boston. Gowdy walked to the plate with a smile on his face, notwithstanding the dull prospect. He waited and caught a straight ball, which he lifted into the bleachers, far off in centre field. It was a tremendous effort, and he was wildly cheered as he crossed the plate. "Josh" Devore was sent in to bat for Tyler. The crowd had a "hunch" that Josh Devore would produce a hit, but he struck out. There were more cheers when Moran walked, and there was a great outburst when he rapped on third on Evers' third single of the eighth.

The Boston battery looked at the Boston bench and Walsh was purposely passed to first. Barry brought the inning to a close by sending a high foul to Gowdy. Tension grew as the Athletics came in for the ninth. The great crowd made a terrific noise, but Pitcher Bush apparently paid no attention to it. He pitched steady ball, and Boston went out in order. Schmidt and Deal were thrown out by Baker, and a high foul over the great crowd as Barry threw out Maranville.

Then came the big inning of the game, in which the contest was apparently lost to Boston, and then it changed. Schang shot a single into left field. The crowd looked for a pinch hitter, but Mack sent in Bush. He struck out. Murphy chopped a grounder at Tyler who tried to get the nearest man, Schang, at second, but the throw was too late and both the Athletics catcher at second, and Murphy at first, were safe.

Excitement at Fever Heat in Ninth. The Braves all went out at first base in the eighth. Evers being thrown out by Bush, and both Connelly and White by Barry.

NOT WON WORLD'S SERIES SINCE SEASON OF 1909. The National League hasn't won a world's series since 1909. Five years have whizzed by since the older organization led the field. If Boston falls on this occasion it will be another hard rap at the National League. From the six days of July to the sixth day of October—a matter of about ninety playing days—the Braves gained twenty-six games on the Giants, but in the last thirty-two games, after the first game of the season, they lost fifteen games to the Giants. The Giants' collapse in the last three months was one of the most notable in baseball history.

U.N.B. HAS WALK-OVER WITH MONGTON. Special to The Standard. Fredericton, Oct. 12.—The U. N. B. football team left today for Moncton city team here today by a score of 28 to 0. The red and black's back division showed a mid-season form. Coach Campbell has what look to be the best forwards U. N. B. has yet turned out. In all, eight tries were scored but only two were converted.

ONLY TWO PERFECT BIG SERIES GAMES. Only two games of the 141 that have been played in the world's series were free from errors on both sides, and only twenty-three other games did either of the teams display perfect work in the field.

Score Tied on Maranville's Hit. The Boston shortstop hit a sharp ball that went down the right field line, struck close to the goal, and careened into the field again. Schmidt rapped home and Maranville also made the circuit of the bases while Connelly and Walsh chased the ball.

SUCCESSFUL MEETING AT MOOSEPATH

Yesterday afternoon, Horsemen's Day at Moosepath, was one of the most successful meetings of the season. There was a good crowd present and the weather was ideal for racing.

James went in to pitch for Boston in the eleventh. Walsh dropped a grounder in front of James, and was thrown out. Barry rolled another grounder to Schmidt, who scooped up the ball and touched first. Schang walked, and Bush struck out.

It was one, two three for the Braves in the eleventh. Walsh dropped a grounder to Schang. Murphy gathered in Deal's long fly, and Baker shot Maranville's slow grounder to first. The Athletics appeared to be playing for time, for they slowly walked into their positions for the next batter. Stallings sent Mann in to run for Gowdy, and Gilbert was ordered to be placed to bat for James. Gilbert was passed purposely by Bush, and then came the play that broke up the game. Moran bunted a slow grounder toward third. Bush dashed over, scooped it up and shot it to Baker to head off Mann. The throw, however, was wide, and the ball shot down the left side of the field, outside the foul line, and Mann raced home with the run that gave Boston his third straight victory. It is doubtful if Bush could have headed off Mann at third, even had the throw been accurate.

SOLDIER SPORTS. The soldier boys on Partridge Island had a great time yesterday. There was little or no drilling, a big chicken dinner, and field sports with two baseball games took up the time, and all enjoyed themselves.
