PRICE TWO CENTS

VANGUARD OF RUSSIAN ARMY LINKS UP WITH BRITISH FORCE IN MESOPOTAMIA

RUSSIAN CAVALRY APPEAR AS IF BY MAGIC TO AID BRITISH ON THE TIGRIS

Surprising News from Lieut. Gen. Lake, First Word of Tigris Operations Since Fall of Kut-el-Amara—Arrival of Russians Another Instance of Swift and Steady Movement of Czar's Army in East.

Arrival as Big a Surprise as Landing at Marseilles and Sudden Appearance Unexplained—Puzzle Where and How they Succeeded in Crossing the River.

London, May 21.—A force of Russian cavalry has joined the British army on the Tigris, in Mesopotamia.

An official communication, issued tonight, concerning the situation along the Tigris follows:

"General Lake reports that on the 19th the enemy vacated the Bethaessa advanced position on the right bank of the Tigris. Gen. Gorringe, following up the enemy, attacked and carried the Dujailam redoubt. The enemy is still holding the Sannayyat position on the left bank of the river.

"A force of Russian cavalry has joined Gen. Gorringe after a bold and adventurous ride.

"The first news of the operations on the Tigris since the fall of Kut-el-Amara, sent today by Lieut. Gen. Sir Percy Lake, commander of the British forces in Mesopotamia, although it shows that the Turks are still holding the Sannayyat position on the left bank of the Tigris, where the British checks made it impossible to carry out the relief of Gen. Townsend, brings the welcome but astonishing intelligence that a body of Russian cavalry, after an adventurous ride, have succeeded in joining Gen. Gorringe's forces on the south bank of the Tigris.

"How this important junction was effected is still unknown and the story will be awaited with intense interest. The supposition is that this detachment came from the Russian army which is threatening Khanikan, but it still remains a puzzle where and how the Russians succeeded in crossing the river.

"Their sudden appearance with Gen. Gorringe has also raised the question whether the Russians have already cut the Bagdad railway at Mosul. In any case the unexpected appearance of this body of cavalry is as great a surprise as was the first landing of the Russian troops at Marseilles, is another instance of the swift and steady movement of the Russian forces in Asia Minor.

SUSSEX WAS TORPEDOED BY THE U-18

Washington Informed by Authoritative Source of Name of German Submarine which Caused Crisis Between U. S. and Berlin.

Washington, May 20.—Information received by the state department from Entente Allies sources and made known for the first time, is that the German submarine U-18, commanded by Lieut. Otto Steinbrück, was the submarine which destroyed the channel liner Sussex and brought the crisis between the United States and Germany to a climax.

FAMOUS AUTO DRIVER KILLED.

Paris, May 21.—Georges Bollot, automobile racer and aviator, has been killed in a fight with five German aeroplanes. He succeeded in bringing down one of the German machines before a bullet pierced his

AUTO BACKS OFF FERRYBOAT, THREE DROWN

Buffalo, N. Y., Man, his Crippled Wife and Her Mother Victims of Tragedy in the Niagara River.

Bridgeburg, Ont., May 21.—Albert J. Batt, of 277 Mulberry street, Buffalo, N. Y., partner in a big plumbing concern, his crippled wife and her mother, Mrs. Sarah Lieber, were drowned in the Niagara river at 9.30 o'clock last night when their automobile rolled backward through the gangway of the ferry steamer Welcome, and, turning over, dropped into the river, about 100 feet from the Port Erie dock.

Fred Batimann, of 853 Jefferson street, Buffalo, the chauffeur, also came to the surface. He could not swim, but was kept afloat by a life preserver which had been thrown to him. He was picked up by the crew of the bridge tug International after he had drifted half a mile. The bodies of the drowned probably are held in the sunken car. The top was up and the side curtains drawn. According to some of the passengers and John Smith, the purser, the automobile turned completely over before it hit the water.

M. Bollot served earlier in the war as chauffeur for Gen. Joffre. He won the grand prize of the automobile club of France in 1912 and 1913.

WESTMORLAND CAMPAIGN NOW IN FULL SWING

Oppositionists Desperate, have Decided to Call on F. B. Carvell for Help—Meetings Planned for Hon. Mr. Mahoney.

Dorchester, May 21.—The campaign in Westmorland is in full swing and from now until polling day, May 30, there will be something doing all the time. Tuesday is nomination day, but by agreement between Hon. F. G. Mahoney, the government candidate, and Dr. E. A. Smith, his opponent, there will be no speech-making at the court house here.

The Carter-Veniot slandering manipulators realize that they face certain defeat, but in an attempt to let the misguided president of the so-called opposition association down as easily as possible, have prevailed upon the chief slandering artist, Frank B. Carvell, to come to the county and let loose his vitriolic tongue. It is understood that the head assignee of the shipwrecked provincial opposition outfit, W. E. Foster of St. John, will also endeavor to persuade the voters of the county to decline a portfolio. But the electors of Westmorland are not easily misled by these blundering waver-wills. The government is looked upon favorably by the great majority of the electorate and added to this circumstance, the personal popularity of the Minister of Public Works with all classes will undoubtedly bring him considerable Liberal support on polling day.

Smith family was once all powerful in Westmorland, and although the Carter-Veniot victim is a nephew of the renowned Sir Albert, it may be significant that Sir Albert's son, once a Liberal member of the legislature, is no longer identified with the present so-called opposition.

Hon. Mr. Mahoney, who lives in Melrose, on Cape Breton, will sweep the eastern parishes of Botaford, Westmorland and Sackville, and will get a splendid vote in the parishes of Shediac and Moncton, where he is also well known. The Carter-Veniot crowd are placing their dependence on the parishes of Dorchester, Shediac, and Moncton. The Smith family interests, years ago, were all powerful in Dorchester and Shediac. Dorchester parish, especially the shire-town, and Sackville, were formerly Liberal strongholds, while Shediac has been and still is intensely Conservative. Moncton city will not participate in the election as the city is a division separate from the county in electing members of the legislature, but many Monctonians reside outside of the city limits and will vote.

Hon. Dr. Landry, who is a native of Dorchester parish and one of the leading orators of the province, in both French and English, will do a grand work in Dorchester parish in persuading many of his compatriots to support Hon. Mr. Mahoney.

Tomorrow night Hon. Dr. Landry will speak at Fox Creek, this parish, and at other points. Attorney General Baxter and Hon. J. A. Murray will speak the same night at Port Elgin and on Tuesday evening at Sackville. Dr. O. B. Price, M.L.A. of Moncton, is also on the stump.

The country districts are now in the midst of the seeding season and many of the farmers are far from pleased that the opposition remnants have forced a foolish and useless contest on the county at this time.

GOVT TO SEIZE ALL FOODSTUFFS IN GERMANY

Bill to Empower Chancellor to do so Now Before Bundesrath.

BUTTER RATION IN BERLIN REDUCED.

Still Further Evidence Coming Through of the Effectiveness of the British Blockade.

Amsterdam, May 21, via London.—According to German newspapers, the Bundesrath discussing the "authorization bill" empowering the imperial chancellor to seize and distribute all foodstuffs, fodder and raw material needed for their production and to fix their sale prices. All the administrative authorities throughout the empire will be compelled to follow the instructions of the chancellor.

The Berliner Tageblatt says the bill will be adopted tomorrow, and that the chancellor will be empowered to appoint new officials who will be responsible to him alone.

The Municipality of Berlin has decided to reduce the amount of butter to be obtained on presentation of tickets from 125 to 90 grammes for each person.

SAKIZ IN PERSIA OCCUPIED BY THE RUSSIANS

Direct Line of Communication Between Two Armies Operating Against Turk Army in Mesopotamia.

Petrograd, via London, May 20.—The official statement says: "In Persia our troops have occupied Sakiz, and advanced to the village of Ban."

The Russian occupation of Sakiz and their advance upon the village of Ban is of extreme importance and establishes a direct line of communication between the two Russian groups which are operating against the Turkish Mesopotamia army. Although little has been known regarding the military operations in this immediate district, which lies between Lake Urumiah and Kharlikan, on the Persian border northeast of Bagdad, Kurdish bands, supported by Turkish regulars have been for a long time attempting to make inroads into Persia, and by cutting off from each other the Russian armies advancing toward the Mesopotamian border, make their progress impossible.

It is apparent that in these efforts they had been so successful as to capture the Persian towns of Sakiz and Ban, but, as officially announced, the Russians recently ousted them from these positions and the danger created by this wedge into the Russian line had been removed.

Ban is near the Turkish border, and along a 200 mile front the Russian armies are now drawn up close to the Mesopotamian frontier. Military experts believe that further progress for the Russians should be considerably facilitated by this straightening out of the Russian line and the establishment of direct communication, which not only makes further Kurdish inroads impossible but lightens the difficult task of provisioning, which delayed the Russian progress in Asia Minor.

Italian Steamer Lost.

London, May 22 (12.10 a. m.)—A Lloyd's despatch says that the Italian brigantine Sant Andrea, 225 tons, has been sunk.

KAISER RETURNS POST-HASTE TO BERLIN TO GRAPPLE WITH MINISTERIAL CRISIS

London, May 21.—Emperor William suddenly returned to Berlin yesterday morning in order to settle the ministerial crisis, according to telegrams received from Berlin in Amsterdam, says a Reuters' despatch from that city. The Emperor, whose arrival was kept quiet, is not stopping at the royal castle, but at Potsdam. He received Imperial Chancellor Von Bethmann-Hollweg and Dr. Karl Helfferich, secretary of the imperial treasury, on his arrival. It is not expected that the Emperor will remain long in Berlin, and will leave for the Russian front as the crisis is over.

The Imperial German Chancellor had an audience with the Emperor today to propose the appointment of the new ministers. The usual well informed "Germania" announces that Dr. Karl Helfferich will be appointed secretary of the interior and vice chancellor and that Count Von Roden, now governor of Alsace and Lorraine, will be given the post of secretary of the treasury. A. Tortilovitz Von Batocki, now president of East Prussia, is also reported, is to become head of the new department of food supply, assuming the duties of the so-called food dictators. Gen. Groeneb is to be associated with Herr Von Batocki.

DEAD MAN'S HILL STILL STORM CENTRE OF VERDUN FRONT

FRENCH ATTACK BETWEEN ESNES AND HAUCOURT WINS TWO TRENCHES—VIOLENT ARTILLERY STRUGGLE ON RIGHT BANK OF THE MEUSE—ALLIED AIRMEN KEEP UP THEIR GOOD WORK.

Paris, May 21.—The official communication issued by the war office tonight reads: "On the left bank of the Meuse the battle continued fiercely all day on the front between the Avocourt wood and the Meuse. In the neighborhood of the road from Ennes to Haucourt an attack launched by our troops permitted us to occupy two German trenches. A small work which the enemy occupied on May 16, south of Hill 287, was entirely shattered by our artillery.

"Immediately east of Hill 304 the enemy delivered against our positions an attack which, after momentarily penetrating our first line trench was completely driven back.

"On the slopes west of Le Mort Homme, in the direction of the front, an attack by an enemy brigade, was stopped by the fire of our machine guns and by our counter-attacks. Enemy grenade columns, which followed the assaulting waves, were taken up by the fire of our batteries and were obliged to fall back.

"On the right bank of the Meuse the artillery struggle was very violent. In the sector of Doumout, our troops, in a spirited attack, captured the Haumont quarries, which had been strongly organized by the enemy. We took eighty prisoners and four machine guns.

"There were intermittent artillery actions on the rest of the front.

"German aeroplanes carried out since yesterday two bombardments in the region of Dunkirk. About twenty shells were dropped last evening, killing four persons and wounding fifteen. Today another enemy squadron dropped about a hundred bombs in the outskirts of Dunkirk. Two soldiers and a child were killed, and twenty persons wounded.

Evening Up the Score.

"Allied aeroplanes pursued the enemy machines and succeeded in bringing down two at the moment they were about to enter their own lines.

"German aeroplanes today dropped 15 bombs on Belfort, but the material damage was insignificant."

The Belgian communication: "Last night and today the artillery duels in the sector of Dixmude reached great intensity. In the direction of Steenstraete the action extended to an engagement with bombs. Yesterday in an aerial fight of Netuport a Belgian aeroplane brought down a German machine, which fell into the sea."

13 Air Fights.

London, May 20.—The official communication on the campaign in Belgium and France issued by the British war office today follows: "Last night, after a heavy bombardment, the enemy made a raid on our line to the southwest of Loos. The enemy entered our front trenches, but was driven out at once. The enemy

also attempted to rush a post to the northwest of Wille, but was driven back.

"Yesterday the weather again was favorable for flying and much successful work has been done. There were thirteen combats in the air, in the course of which two hostile machines were brought down behind the enemy's line."

Sunday's Events. London, May 22.—The British official statement on the western campaign reads: "Yesterday (Saturday) our aeroplanes had several successful encounters. An aviatik fell on fire into some trees near Abimford wood in the enemy's lines, one of its occupants being seen to fall out. Another hostile machine fell in flames near Constalmson, also in the enemy's lines, after an encounter with one of our scouts. A third crashed to earth in our lines, near Marcourt. One of our aeroplanes fell in the enemy's lines.

"Much successful artillery work was accomplished. Early this morning a hostile machine landed under our lines undamaged. The pilot and observer were made prisoners."

German Version of Recent Attacks.

Berlin, via London, May 21.—More than 1,200 French, including thirty-one officers, sixteen machine guns and eight cannon, were captured in a new German assault on the Verdun front in the region of Dead Man's Hill, the war office announced today. The statement says: The German lines were advanced on the south and southwest slopes of the hill.

Two More German Steamers Caught in Baltic.

Stockholm, May 21, via London, May 22 (1.30 a. m.)—The German steamers Hebe and Pola, carrying coal were sunk Saturday night by a submarine off the southern coast of Cape Oland, in the Baltic. Available shipping records do not contain the German steamers Hebe and Pola.

Air Raid on Cairo.

Cairo, Egypt, via London, (8.05 p. m.)—An aerial attack on Cairo was made today causing the death of two persons and the injury of a number of others. The following official statement was issued: "Two army aeroplanes dropped six bombs Sunday morning, mostly on the Arab quarter. Two civilians were killed and 15 were injured severely. Five soldiers were wounded. The aeroplanes were driven off by anti-aircraft guns."

Hope to Stop Russian Steam Roller.

Geneva, May 21, via Paris (1 p. m.)—The Constantinople correspondent of the Tribune says that Field Marshal Liman von Sanders is assembling a strong force of Turks at Sivas, in Asiatic Turkey, to oppose the advances of the Russians. The Turks are equipped abundantly with artillery.

The correspondent also says that Turkey has called out recruits of the ages of 17 and 18. The enemy

AUSTRIAN SACRIFICES SO FAR FRUITLESS

Terrific Drive Against the Italian Army Doomed to Failure.

CROWN PRINCE HAS ARRIVED ON SCENE

Hoped to Catch Italians off Guard but Miscalculated Military Genius of Gen. Cadorna—Losses Enormous

Rome, via Paris, May 20.—The great offensive of the Austrian forces, so far, has found such well placed resistance that all their efforts have resulted, according to official communications, in heavy losses and the dispersion of their troops. Several thousand prisoners with arms, ammunition and provisions, abandoned by the retreating Austrians, have been captured.

Some of the fiercest fighting occurred on mountain heights far above those on which any previous combats have taken place.

New York, May 20.—A Rome despatch received here late today says: "The Austrian Crown Prince has arrived at Trent and is directing the campaign against Vienna, the Verdun on the northern Italian front."

"Field Marshal Conrad Von Holtzendorff, chief of the Austrian general staff, has joined the array of generals on the Tyrolean front. It is reported here that Gen. Cadorna, Italian chief commander, will move his headquarters to the Trentino front. Though last night's statement from the Italian war office admitted further retreats, there is every confidence here that the Austrian offensive is about to come to a halt.

Sacrifices in Vain. "Despite heavy sacrifices in men and ammunition, the Austrians thus far have crossed the Italian frontier at but one point, in the Adige Valley. At no place do their lines approach nearer than twenty-two miles the important strategic positions of Vinezza, reported to be the goal of the present offensive. Between 200,000 and 250,000 Austrian troops are engaged on the front leading eastward from the Adige Valley. It is admitted that the losses on both sides have been very heavy, though no figures are available at the present time.

"There is reason to believe the Austrians hoped to catch the Italians off their guard, while important Italian troops' movements were underway. After holding this region since the war began, the Italians were forced to relinquish advanced positions in the first two days of the fighting. On the third day counter-attacks recovered part of the lost ground. The Austrians returned to their attack in great force on the following day rather than sacrifice men uselessly on exposed positions, the Italians ordered a further retirement to better protected positions.

"The greatest aerial activity on the Tyrolean front since the beginning of the war is accompanying the Alpine battle."

Rome, May 21.—After a protracted council meeting, attended by cabinet ministers, General Paolo Morone, minister of war, issued a statement concerning the military situation in connection with the Austrian offensive which will "leave the Italian supreme command perfectly tranquil."

The plans of the Italian military authorities cannot be divulged, nor discussed, but it can be stated that measures have been adopted to cope with any possible situation. In addition to direct action on the Italian front it is expected that a general offensive movement against the Austrians will be made on other fronts, especially in the Balkans and in Russia, and in addition a contemporaneous attack is expected to be sprung by Italy's allies in France. Meanwhile military critics, including Gen. Morone, advise restricting the Italian front by abandoning the advanced positions in order to be better able to repulse the Austrians, whose forward movement along the Trentino front already has lasted a week. This action is a repetition of what Austria generals did more than a century ago, when Napoleon attacked Austria from the Isanzo river.

HUN AIRMEN IN ANOTHER FUTILE RAID ON ENGLAND

GERMAN SEAPLANE MEETS ITS DOOM RETURNING AFTER RAID ON EAST COAST OF KENT

Brought Down Off Belgian Coast by Naval Patrol — Raid Saturday Night on England Another Fizzle as Regards Military Advantage.

London, May 20, 2.50 p. m.—Three German seaplanes made a raid on the English east coast last night, a British official announcement this afternoon states. One of the aircraft was brought down off the Belgian coast. The seaplanes dropped thirty-seven bombs, wounding one soldier and wounding two civilians. "The statement says: "A hostile air raid was carried out on the east coast of Kent last night by at least three seaplanes. The raiders made the English coast at a few minutes past two o'clock this morning. One seaplane then turned north and dropped a dozen explosives over the Isle of Thanet. Some windows were broken. Otherwise there were no casualties and no other damage.

"Two other seaplanes turned south and dropped twenty-five explosive bombs over southeastern Kent. "In one town a few bombs took effect. One soldier was killed, one wounded, one public house was wrecked and several houses damaged. The remaining bombs caused no casualties or damage.

"The raiders all made off as soon as their bombs were discharged. One of the raiding seaplanes was brought down by a naval patrol off the Belgian coast this morning."

BERLIN'S ACCOUNT OF IT.

Berlin, via London, May 21.—An official communication issued to-night says:

"During the night of May 19-20 an aviator squadron, starting from the coast of Flanders, dropped numerous bombs on the port and fortification at Dover and on Deal, Ramsgate, Broadstairs and Margate. Numerous fires and explosions were observed. The seaplanes were heavily shelled by hostile coast batteries and guardships, but all returned undamaged."

Toulon, May 20.—A Greek collier was sunk Thursday by an Austrian submarine. Twenty-seven members of the crew were picked up by a French torpedo boat and brought to this port.

M.R.A. BUYER, HOME FROM ENGLAND, TALKS OF BUSINESS OUTLOOK

W. J. Sutherland Returns After Five Months Trip to Motherland—English People Not Worrying.

W. J. Sutherland of the staff of Manchester, Robertson Allison, Limited, returned yesterday from a five months business trip to Europe. Mr. Sutherland states that the season in England is backward, just as it is here, and that this same condition appears to prevail all over Northern Europe. In M. R. A.'s London office the staff have, since the outbreak of war, conducted a register for visitors and it is surprising how many New Brunswickers find their way there, and as so doing get in touch with friends. The people of England, says Mr. Sutherland, are not talking very much but are keeping busy on the big job of winning this fight. In the matter of business, conditions are becoming more serious every day. With a greatly reduced manufacturing output and a largely increased demand it is difficult for buyers to get their orders filled, and this applies particularly to the less expensive lines. Manufacturers, with only limited funds at their disposal, are naturally inclined to devote their attention to those grades of goods which represent the greatest

CAN CAN INVENTOR "CAN" FEMALE EMPLOYEES OF CANNING PLANTS?

Canada as well as U.S. Sardinia Factories Girls Would Lose Jobs if Horrid Man Cancels Hard Labor.

Hundreds of female employees of the sardine factories of New Brunswick and Maine may lose their jobs, if the plans now being perfected by an inventor connected with the American Can Co. of New York, prove successful. The inventor, who is now working on devices for cutting and eviscerating herring preparatory to packing them, is said to have practically perfected a machine that will automatically put the cooked fish in the cans as neatly as it can be done by hand. A sealing machine introduced fifteen years ago threw out ninety per cent of the male labor, and today none of the 2,500,000 cases of sardines annually packed in Maine and New Brunswick are sealed by hand. The great majority of the sardine factories on this side of the Atlantic are located at Eastport and Lubec, Me., and at Chatham and other Charlotte county points. The value of output. And there is no indication of any general relief.

NEW BRUNSWICK MAN KILLED ABOARD SCHR. VINEYARD

V. Bourgeois Fell from Masthead to Cross-trees — Was Dead when Help Reached Him.

Parrsboro, N. S., May 21.—The American schooner Vineyard arrived here today to land the body of V. Bourgeois, a sailor, who died on board last night. While the vessel was coming up the bay he was sent aloft to shift the topsail, and while standing on the masthead was seen to throw up his hands and fall, catching on the cross-trees. He was dead when help reached him. An inquest was held here today, and a verdict of heart failure was returned. He was 45 years of age, a Frenchman, belonging in New Brunswick. The vessel was bound from St. John, N. B., for Noel to load lumber for the United States, and he signed on just before leaving the former port. He will be buried here.

PLANS NOW COMPLETED FOR ISOLATION HOSPITAL

Fine Structure to be Built at Howe's Lake will be Vast Improvement Over Old One

Architect F. Neil Brodie has completed his plans for the new Isolation Hospital at Howe's Lake, and they call for a building which will be a vast improvement on the old one. The old foundation will be used for the main building and a new wing will be added. It will be two stories in height and will be of wood. The heating plant will consist of a hot water furnace for heating the caretaker's quarters and a steam plant for heating the hospital when in use. Water will be supplied from an artesian well and piped to storage tank in the basement from which it will be carried through the building by means of air pressure. On the ground floor one end will be devoted to quarters for the caretaker, with private entrance from the outside and a large bathroom. The second floor will be divided into a ward, lavatory, linen room and serving pantry. On the second floor there will be two large wards, each with accommodation for eight beds, one for males and the other for females, lavatory, bath room and linen room. At the other end, over the caretaker's quarters, consisting of sitting room, two chambers, dormitory, bath room and ample closet accommodation. The plans also call for a new stable building of frame construction with concrete floors and metal shingle roof. It will contain a carriage and ambulance room, one box stall, and harness room and the laundry also will be fitted up in this building. The estimated cost of the new buildings was placed at \$15,000.

REBELLION BLOW TO IRISH CAUSE, DILLON DECLARES

Chances for Home Rule in Near Future Depend on Union of Race.

NEWSPAPER VIEWS ON THE SITUATION.

J. L. Garvin Urges Redmond and Carson to Make Mutual Concessions to Smooth over Present Crisis.

London, May 21.—John Dillon, member of the House of Commons for East Mayo, who recently bitterly denounced the government's methods of dealing with the Irish revolt, has sent the following message to Judge John P. McTier, of the Irish Fellowship Club, Chicago: "The Irish insurrection has inflicted serious injury to the Irish cause. All hope of securing home rule in the near future depends, more than that ever, on the union of the Irish race throughout the world, and especially on the support of the Irish in America."

Mutual Concessions Necessary.

London, May 21.—Discussing the Irish question, Editor J. L. Garvin, in the Observer, says: "The only real method of an Irish settlement is to revive the Buckingham Palace conference which broke down before the war, chiefly on the narrow question of Tyrone. We assume that this will be the premier's main proposal. It is desirable that the settlement be molded between the Irishmen themselves, and we hope that if the Buckingham Palace conference is resumed that its basis will be somewhat enlarged, so as to embrace men like Sir Horace Plunkett, who was not included before. "But above all, more depends upon Sir Edward Carson and John Redmond than ever depended on Irishmen before. Cannot Redmond and his friends concede the exclusion of Ulster at the outset in order to get this agreement? Cannot Carson and his friends agree to join the sessions, and alternate in Dublin and Belfast, for the management of common Irish affairs? Let every effort be made at first for inclusion, and if this does not work, then let all Ulster be excluded for a time. "Few such terms there will be in a few years one Irish parliament for one Irish nation."

What "T. P." Thinks of It.

London, May 21, 4.33 a. m.—T. P. O'Connell, in an article in Reynolds' Weekly newspaper, says that the suggested creation of a joint executive council, representing the two great Irish parties, is impossible and would aggravate, not alleviate, passions and divisions. It is "astray" to think, he says, of coercing Ulster, which must be won by equitable concessions. "O'Connell adds he has just received discouraging accounts of the state of feeling in Ireland. Among the whole of Ulster is now going on there are those of many men violently opposed to Sinn Feinism. He says he knows personally of a case of a boy of 17, who was sent to solitary confinement for five days, was given insufficient food, was only freed from his cell for ten minutes out of each 24 hours, and had nothing to read. This boy was a son of an ardent supporter of John Redmond.

BREATHING "CATARRHOZONE."

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is "Catarrhozone," a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is heated, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and Catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. All dealers sell Catarrhozone, large size which lasts two months price \$1.00; small size, 50c.; sample size, 25c.

Don't Forget To Call West 7 or West 81

When Needing Oats, Middlings, Bran or Hay We have Western Oats—good quality, reasonable price.

A. C. SMITH & CO. Union Street - West St. John

WHOLE TOWN WIPED OUT BY A TORNADO

Between 15 and 20 Inhabitants of Kemp, Okla., Reported Killed and Few Escaped Injury.

Muskogee, Okla., May 20.—Kemp, Okla., has been wiped out by a tornado, according to railroad advices received here tonight. Between 15 and 20 persons were reported killed, and everyone in the town injured. Not a building escaped serious damage.

GERMAN RAIDER AT LARGE IN PACIFIC?

Honolulu, May 21.—The British oil-tanker Baneala sailed from here Saturday from Nagasaki, Japan, with its name painted out. The arrival of another British steamer showing similar precautions indicated to seafarers that the British authorities believe current reports of a German sea-raider in the Pacific.

Bank Danish Steamer in Collision.

London, May 21.—Lloyd's Barry correspondent, reports that the British steamer Sallent has returned to port after having sunk, during a collision off Rhosoe Point, Saturday night, the Danish steamer Havet, a vessel of 1,405 tons. Twelve of the Havet's crew are missing. Her captain and three men of the crew were rescued by the Norwegian steamer Ivanhoe. The Austrian staff, it is believed, hopes to invade Italy along the Adige river valley, thus forcing the Italians to abandon their offensive on the eastern front for fear of having their main army taken in the rear. For this attack Austria, which had thirty divisions on the Italian front, augmented them by twelve, six of which were drawn from Serbia and six from the Russian front.

Buried at Moore's Mills.

St. Stephen, May 21.—The remains of Robert K. Anderson of Lawrence Station were laid to rest this afternoon in the cemetery at Moore's Mills. A large number of people were present from the surrounding districts to pay their last tribute of respect to the departed. Sussex Lodge P. and A. M. ran a special train from St. Stephen, and a large number of Masons and citizens took advantage of the fact to attend. The service was conducted by Rev. Mr. McGuire, Presbyterian minister at McAAdam, and music was furnished by a male quartet from St. Stephen.

The death of John T. Woodard occurred at his home, King street, this morning, after a long illness, although he was able to get around town yesterday. He was sixty-nine years of age and is survived by a large family, of which two sons, Ernest and Frank, are members of the 115th. The funeral will be held Monday afternoon at three o'clock.

NOVA SCOTIA CLERGYMAN WINS DISTINCTION

London, May 21, (Montreal Gazette Cable)—Lieut. E. J. Brooks, the Baptist minister from Falmouth, N. S., who, as a machine gun officer, distinguished himself in a crater fight near Ypres, has been recommended for a decoration.

Captain Charles G. D. Roberts, the Canadian Lieutenant with the Liverpool Regiment at the Curragh and had a hot time and several narrow escapes in the Dublin fighting. He will join the staff of the public records office under Sir Max Aitken next month.

Major Manley Simms, D. S. O., Sir Max Aitken's representative at general headquarters in France, has recently been promoted lieutenant-colonel.

Children Held Bazaar. A very successful open air bazaar was held Saturday by six little girls on the grounds of Mrs. Frank Finley, Fairville. They sold ice cream, candy, lemonade, paper dolls, etc., and realized the sum of \$11.25 which will be devoted to comforts for wounded soldiers. Following are the names of the patriotic Misses: Jennie Seges, Marjell Spears, Irma Schofield, Bernice Schofield, Audrey McColligan and Lila Finley, and they are to be commended for the thoughtfulness and energy displayed in undertaking this bazaar.

SIX MORE N. B. MEN ARE WOUNDED

Ottawa, May 21.—In the casualties announced today are the following Maritime Province men: INFANTRY. Killed in action—Lieut. George Henderson Campbell, 105 Young Ave., Halifax, N. S.; Lieut. John William Jacob Hope, Halifax, N. S. Wounded—Alex. Baird, Sackville, N. B.; George W. Boone, St. John, N. B.; George Keely, Sydney, N. B.; Howard McMahon, St. John, N. B.; William Sawyer, Lunenburg, N. S.; Albert Williams, Stellarton, N. S. Seriously ill—Ernest Jenkins, Eversdale, N. B. Wounded—Sapper Joseph McMullen, Reserve, N. B. Seriously ill—Howard Reid, Waverley, N. B. Wounded—Herbert Wagg, Lepreau, N. B.

AMHERST MAN THE VICTIM OF A PECULIAR ACCIDENT

Throat Badly Lacerated by Tool which Slipped from Lathe Upon which he was Working.

Amherst, May 21.—Hamblin Facey, an employe of the International Engineering Works, was badly injured on Saturday afternoon by a tool that slipped from the lathe upon which he was working. His throat was badly pierced necessitating several stitches, and several teeth were knocked from his mouth. First aid was rendered and then the young man was taken to the Highland View Hospital. The death occurred on Saturday of Rupert Etter, an aged resident of Westmorland Point. Mr. Etter at the time of his death was 75 years of age, yet up to the end retained all his faculties, and took great interest in the important topics of the day. He is survived by a large family. His home is one of the largest stock breeders in this section of the province. A young lad by the name of McParland was run over by a motor car an early hour this morning and seriously injured. The youngster, who lives on Lower Victoria street, was on a milk team, and stepped off the wagon directly in the path of a car driven by Mr. J. Stonehouse of the town. The youth was seriously injured and taken to Highland View Hospital where he now lies.

To Instruct in Bayonet Fighting. Lieut. Willard G. McClintock of the 140th leaves this morning for Fredericton with Sergeant Instructor Nixon and five N. C. O.'s of the 140th. They have been selected to prepare a class of men to give an exhibition of bayonet fighting with the military tattoo to be held in the Capital on Wednesday evening. Sergt. Instructor Nixon is probably one of the best bayonet fighters in the province, having taken a special course in Montreal and later acting as instructor in Halifax. The St. John soldiers will return on Thursday morning.

PERSONAL

Hon. J. D. Hazen, Minister of Marine and Fisheries, arrived home Saturday on the Maritime express and expects to be in the city for some days. Capt. J. M. Mascoe left Saturday for Halifax bound for Aldershot where he will organize the Dental Corps for that camp. Mr. and Mrs. J. J. Bradley, of Colburn street, arrived home yesterday on the Atlantic express after an extended trip to the Southern States and Western Canada. Mr. and Mrs. Bert N. Goodwin of Amherst, N. S., who have been visiting friends in this city, will leave today to return to their home.

The River War.

Word comes from up river that the rain of the last few days has raised the water to a considerable extent and helped the driving of the logs materially. It is not thought now that any great quantity of logs will be held up with the exception of some 5,000,000 feet in English Lake for Murray & Gregory. It is understood that Murray & Gregory are building a mill at English Lake capable of cutting 60,000 feet per day and no attempt will be made to drive these logs. This will be the second mill they have on English Lake. It has been found necessary to build these mills as the driving conditions have been such the last few years that the logs could not be gotten out.

AUSTRIAN WOUNDED REACH LAIBACH

Geneva, via Paris, May 21 (2.55 p. m.) Reports received here from Innsbruck are to the effect that severe fighting continues along the Italian front. The report says that 3,500 Austrians wounded have arrived at Laibach, and the Austrian losses since the begin-

Back Was Lame and Ached; Could Do Very Little Work

Suffered Much From Kidney Disease for Years, but Cure Came With the Use of Dr. Chase's Kidney-Liver Pills.

Doctors had tried to cure this man but failed to get at the cause of his trouble, probably because they relied on medicines which act on the kidneys only. The strong feature about Dr. Chase's Kidney-Liver Pills is their combined action on liver, kidneys and bowels. In many of these cases the disease is so complicated that ordinary kidney medicines fail to be of much benefit. Under such conditions Dr. Chase's Kidney-Liver Pills usually touch the spot and effect a cure. Had they been only moderately successful Dr. Chase would never have selected them for world-wide distribution. As it was, the demand for these pills resulted naturally from their superior merit, and there was nothing else to do but supply them in large quantities.

Mr. Stinson Shilcutt, Strathmore, Jeddards, Brookbank, B.C., writes: "For several years I suffered greatly from kidney disease. I was weak and could do very little work. My back was lame and ached and I suffered much from headaches. Tried doctors and obtained no relief. Dr. Chase's Kidney-Liver Pills were recommended by a friend, and after taking four boxes I found I was cured, and I feel as well as I ever did."

This statement is endorsed by Sir Harry Anderson, J.P., who writes: "This is to certify that I am personally acquainted with Mr. Stinson Shilcutt and believe his statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 35 cents a box, all dealers, or Edmondson, Bates & Company, Ltd. Ltd., Toronto.

MEMBER OF "C" COMPANY 140TH DIES AFTER A SHORT ILLNESS

Private Geo. Hovey Taken Sick on Route March Dies of Meningitis — Will be Buried with Military Honors.

Fredericton, May 21.—Private George Hovey of C company, 140th Battalion, died at his home at Marysville this morning after a few days' illness. He was taken ill while on route march on Tuesday and meningitis developed, from which death followed this morning. Deceased was aged 42 years, and besides his wife is survived by one daughter Alice, also two brothers, Lemuel, of Houlton, Me., and Hiram, and four sisters, Mrs. Woodbury, of Calais, Me.; Mrs. Blipp, of Lowell, Mass.; Mrs. Heron, of St. Paul, Minn., and Mrs. Harry Frosham, of Gibbon. The funeral will take place at Marysville tomorrow afternoon with full military honors. The remains of the late Rev. Wickby H. McCutcheon arrived today from Sarasota Springs, N. Y., where he died suddenly on Friday following an operation for appendicitis. Mrs. Jane Harris, wife of William Harris, died at Marysville at noon today. Deceased who was aged 47 years is survived by her husband, one son, Herbert; two sisters, Mrs. Lemuel Clegg and Miss Alice Gallimore, of Marysville, and one brother, George Gallimore, of Winslow. The funeral will take place on Tuesday afternoon at Marysville.

Wonderful Offer Is Made to Members of THE STANDARD TRAVEL CLUB

Our Prize List

1st Prize	\$50.00
2nd Prize	40.00
3rd Prize	30.00
4th Prize	20.00
5th Prize	10.00
6th Prize	10.00
7th Prize	10.00
8th Prize	5.00
9th Prize	5.00
10th Prize	5.00
11th Prize	5.00
12th Prize	5.00
13th Prize	5.00
Total Prize List	\$200.00

The prizes announced herewith will be awarded in the order stated, to members of **The Standard Travel Club**

sending in the largest amounts of money from Monday, May 15th, till Saturday, May 27th. No payments mailed on Saturday, May 13th, will be credited on this special prize offer.

No payments will be accepted on this offer, either handed in or mailed, unless received at The Standard Office by six o'clock, St. John time, on the afternoon of Saturday, May 27th.

Remittances reaching St. John later than the hour mentioned will not be considered under any circumstances.

How To Win

The Prizes announced herewith will be awarded and paid on May 29th to the persons who send in the largest amounts of money in The Travel Club Contest. Both new and renewal subscriptions will count in this.

Collect as soon as you possibly can, all payments which have been promised to you. Gather in the cash, for it is only cash that will count to win these prizes. All the promises in the world will not avail unless the money comes along with them.

You have no doubt spoken to many friends. Have them give you their payments now, and send in your remittances as soon as you receive them.

It means that to win these prizes you will have to hustle. We are not giving away this money for the fun of the thing, but to get results, and we expect that everyone entered in this Travel Club will make an attempt to secure one or other of the special prizes offered.

The winning of any of these prizes does not debar you from receiving ten per. cent cash commission on all business done should you fail eventually to win one of the Trips.

No prizes of greater value than those now offered will be awarded during the remaining weeks of the Club for the highest totals in money.

Do not hold back. Send in your payments at once.

MR. BLAIR'S LETTER.

The Telegraph devotes several columns of space to a letter supposed to have been written by H. M. Blair, formerly secretary of the Provincial Government's Public Works Department. Presumably our contemporary hopes Mr. Blair's epistle will be of some service in the Westmorland bye-election for we can imagine no other circumstance which would warrant such a prodigious expenditure of space. Whatever skill Mr. Blair may possess as a letter-writer his communication is weak in one very important point. It was not written until after he himself had been removed from the public service for cause and that cause was set forth in the finding of Mr. C. G. Teed, K. C., in an investigation into wrong-doing in the Department of Public Works. Mr. Teed is sufficiently well known in Westmorland county that his word and the finding on the investigation conducted by him will have weight with the electors. The case is very simple. Charges of wrong-doing were made against the Secretary of the Public Works Department, and after a full investigation he was found guilty and dismissed from office. Later the minister in charge of that department was dismissed from the Clarke Government and Hon. P. G. Mahoney appointed in his place. It is for the election of Hon. Mr. Mahoney that there is now a contest in Westmorland. Mr. Blair and his chief, Mr. Morrissey, are not figures in the Westmorland campaign unless they may serve to illustrate to the people of that county the advisability of returning Hon. Mr. Mahoney, a gentleman who will give a wise and honest administration of the greatest spending department in the Provincial administration.

THE NEXT LIBERAL LEADER?

After his great speech in the House of Commons, the speech by the man which the Telegraph did not dare to print, it is not surprising to find that among Liberals of Western Canada there is a growing sentiment in favor of Dr. Michael Clark as the successor of Laurier. In this connection an Ontario exchange has this to say of Dr. Clark: "He is the only Liberal of prominence who today meets with the approbation of the Canadian public. The men who Sir Wilfrid Laurier has gathered about him have one after the other proved themselves unfitted for the responsibilities of leadership. Hon. Geo. P. Graham is a sadly discounted politician, who in opposition has continued to lose ground and never quite so seriously as in the present session. . . . Hon. Rudolph Lemieux has been suspected of an ambition to succeed Sir Wilfrid. . . . Mr. Lemieux has not the personality of Sir Wilfrid, and he has all of the latter's unfortunate qualities. The Maritime Province brigade are swallowed up finally in the Kite charges. So desperate is their position recognized to be, Mr. Carvell was driven to the expedient of engaging Jerome, of New York, to assist in saving the Kite charges from complete disaster, with the result that Carvell has destroyed the hopes of the whole Eastern contingent. In this plight Liberalism may very well look to Dr. Clark for its salvation from utter disunion. The Western Liberals have saved themselves from the blinding nastiness, and Dr. Clark has distinctly dissociated himself from the group of partisans who are seeking to destroy Sir Sam Hughes."

CONCERNING F. B. CARVELL.

Commenting upon F. B. Carvell and his conduct before the Meredith-Duff Commission, the Toronto News says: "Whether Carvell believes what he says himself is a mystery. If he does, he is very foolish. He has friends who say he does. They allege that he cannot see a good motive behind any act of the Government. He has considerable experience in covering up the corrupt acts of another Government, or blocking investigation into them, and his experience there has made him skeptical of this Administration. That it is hopelessly corrupt has become an obsession with him. As the 'district attorney,' he is in receipt of bribes, mostly anonymous, charging all sorts of high crimes and misdemeanors against the Government or some part of it. It makes

him happy to think the charges are all true, but it grieves him to think he cannot prove it. He nurtures his morbidity gladly. He meets his disappointments bitterly. He will never be wholly happy until the Government is wholly corrupt and he has the proof in his brief-bag."

Mr. Carvell's sole desire is to create political capital. Whether, while engaged in that activity, he succeeds in giving Canada a lot of undesirable advertising and creating among our people the impression that our enemies are divided in their sense of the country's duty at this time, are matters of utter indifference to him. The Standard has no desire to use unfair weapons against the member for Carleton, but we believe we are quite within the mark when we say that with him the impelling motive, at all times, is partisanship rather than the country's good.

"BAXTER'S UNIQUE OFFENCE."

The Telegraph and Times have been pleased from time to time to republish extracts from the Chatham World, of which Mr. J. L. Stewart, M.L.A., is the editor. They are invited to republish the following taken from the World of May 20 and referring particularly to a transaction between Hon. J. R. M. Baxter and Mr. A. R. Gould: "Attorney General Baxter is charged with having, when he was a private member of the Legislature, accepted a retainer of \$500 from Mr. A. R. Gould, contractor for the building of the Valley Railway, and with having given the money back when Mr. Gould applied for another \$10,000 a mile for the railway. Both charges are already proven. A photograph of the cheque is among the evidence, not to mention Mr. Baxter's admission that the charges are true, and this will convince anyone who may be inclined to question his veracity. The taking of retainers from contractors under the Government has been the rule, rather than the exception, with legal members of the Legislature. Many have signed in this way besides Mr. Baxter and escaped censure. But Mr. Baxter signed freely—he not only took the money but he gave it back on learning that his client was applying to the Legislature for an increased subsidy. And it is this—the giving the money back—that makes his offence unique and calls for condemnation. The act is unprecedented in this respect. It was worse than criminal—it was unprofessional. He might escape if tried by a jury of laymen, but a jury of lawyers would send him to the penitentiary. The prosecuting attorney would require Mr. Baxter's powers of vitriolic invective to properly describe the crime and the criminal."

The Telegraph has columns of space to spare for a letter from a discharged employe of the Provincial Government, but it is unable to find room for the result of Mr. Organizer Carter's "singing" in Albert county or, to deal with matters of greater importance, for a summary of Dr. Michael Clark's recent speech attacking the Grit campaign of jockey criticism.

The Meredith-Duff Commission shows that Canada will soon have an army of high priced lawyers on her pay roll engaged in bolstering up or running down Grit scandals. This is no business—for the lawyers.

PASS LISTS OF THE U.N.B.

Results of the Recent Examinations Held at the University of New Brunswick.

Following is the pass list of recent examinations at the University of New Brunswick: Juniors. Physics, Division I—McGibbon, Turner, MacDonald. Division II—Oldham, Moore. Philosophy, Division I—Kelley, C. R. Smith, Bridges, Miss Bliss, Miss Gregory, Willet, Miss Townsend, Haines, Miss Gorman, M. E. Smith. Division II—Fraser, Miss Thurott, Turner, Creaghgan. Division III—VanWart. Chemistry, Division I—Kelley, C. R. Smith, Fraser, Willet, Miss Thurott, M. E. Smith, VanWart, MacDonald, Turner, Moore. Division II—Miss Bliss, Miss Gregory, Bridges, Division III—Miss Gorman, Miss Townsend, Miller, McGibbon. Greek, Division I—C. R. Smith, Willet, C. R. Smith, Kelley, Fraser.

Little Benny's Note Book

Yesterday I saw Reddy Merly wawking up the street with his hand on his face, and I sed, Ware you going, Reddy, wada the matter. I got a fearsome tooth ake, im going to the dentists to have it pulled out. I sed Reddy, And he kept on going, and pritty soon sid Hunt and Sidney Martin came around and I sed, Hay, Sid, hay, Sidney, Reddy Merly jest want around to the dentists with a fearsome tooth ake to have it pulled out, its herting him like anything. G, I wish I had saw him, he punted me in the eye the uther day, sed Sid Hunt. I wish I had saw him, he took my hat yesterday and woudent give it back till I gave him 4 combs and a alley, sed Sidney Martin. He did that on me, wunt, to, I sed, G, lets us all go around to the dentists and watch Mariane getting hert. Wich Sid and Sidney thawt that was a grate idee, and we all went around and wawked up into the dentists waiting room, and Reddy Merly was setting there with his hand on his face, waiting. Hello Reddy, sed me and Sid and Sidney. Wat do you 3 want, sed Reddy. Wat do you think, sed Sidney. And we all sat down on a big sofer and started to watch Reddy holding his face, and jest then the dentist came out from behind the screen, saying, Hello, wade did you all come from, I didnt no I cood make 4 boys grow ware one boy grow before. We jest came in, sed Sid, and Reddy sed, They came in to watch me getting my tooth pulled out, dont let them do it. Did you come in the interests of science, sed the dentist. No sir, we jest want to watch, I sed. Well that will cost you a dollar apiece, sed the dentist. So me and Sid and Sidney got up and went out agen and took terns lissening at the front door keyhole, and we each herd him yell wunt.

New Brunswick's Greatest Shoe House

Dainty Desirable Pumps

Although there is a chill in the air women are already selecting their Low Cut Shoes and we doubt if ever in our history we were in a better position to offer all that is new and attractive in the shape of

Pumps and Colonials. Patent Gun Metal, Buck Kid, Bronze, and Canvas. There is also shown this season a few lines of Oxford in patterns that are most attractive. We feel sure that an inspection of our stock will convince the public that at our stores can be found the exact shoe they require.

WATCH, BRACELET AND MECCANO SET AS PRIZES THIS WEEK FOR BOYS AND GIRLS

There are three splendid prizes to be given away to the senders of the three best results in the following contest, this week. To the BOY who submits the most correct result will be awarded a fine MECCANO SET. To the GIRL whose work is best, will be awarded a BEAUTIFUL BRACELET, and the kiddie who sends in the next in order of merit, I shall award a HANDSOME STORY BOOK.

Below is given a simple addition sum, but certain of the figures are missing, and x is shown instead. Work the sum out neatly on a separate piece of paper, filling in correctly the missing figures, attach the usual coupon, filled in, and send to

UNCLE DICK, THE STANDARD, ST. JOHN, N. B.

to reach this office not later than Wednesday, May 24.

x 1 x 6 x 5
8 1 x x 7 x
2 x 4 x 5
1 x x x 1
x 0 x 7 x x

x 5 x x 0 x 7

To the senders of the three most neatly written and correct solutions will be awarded the splendid prizes as stated above. Uncle Dick's decision is final in this contest.

JUMBLE WORD CONTEST For Boys and Girls.

There is a valuable silver watch to be awarded to the Boy or Girl who submits the best written, and correct solution of the following sentence, the letters of the words of which are all jumbled. It is quite an easy contest, for instance the first word is "The." Now go ahead:

"HTE RDLIENHSC BRONCE FO HET NITAS HONJ AARNDDTS SI PONE ORF RYBEY DDIK OT OJNI NAD CLNBU OKDI OEBMLSWO EWN EEMERSEB."

To the kiddie who submits the second best in order of merit, shall be awarded a lovely story book. All entries must have one of the usual coupons affixed, and reach this office not later than May 24th, addressed to

UNCLE DICK, THE STANDARD, ST. JOHN, N. B.

STANDARD COMPETITION For Boys and Girls

Full Name.....
Address.....
Age..... Birthday.....

Four Pioneer Men Belated.

Four belated members of the Fourth Pioneer Battalion arrived in the city Saturday from Ontario, too late to get the train for St. Andrews, where this cent of expert mechanics is to be quartered during the summer. The men left for St. Stephen on the Pacific express Saturday night, but were not certain of being able to get to St. Andrews without considerable delay. None of the four had been in St. John before. One of the men is A. R. Weeks of Boston, who was an expert structural worker in the employ of the blower company owned by former Gov. Foss of Massachusetts. Weeks was transferred to the Poss plant at Gault, Ont., where he enlisted. There are a number of other American citizens in the battalion.

A Fine Run on the I. C. R.

Yesterday's Maritime Express which reached Moncton more than three hours late made the run from Moncton to St. John in two hours and ten minutes, thus making up an hour of the lost time. All the regular stops were observed and at times a speed of sixty-two miles an hour was attained. This is not exactly a record run over the St. John-Moncton section, but for an ordinary everyday train it was some travelling.

Arranged For Dump.

Commissioner of Public Works Fisher has made arrangements with Mr. Bruce of Armstrong & Bruce, for the permanent use of the Elm street dump in the North End. It will be used by the city as a dump during the summer, thus making it unnecessary to use the scow at Thomson's slip. The scow will be in the British street slip for the South End people as there is no dump in that section of the city.

Tea and Sale.

The wives of the officers of the 115th will hold a tea and candy sale at the Knights of Columbus hall, Coburg street, Friday afternoon from four to five o'clock. The band will be in attendance and provide music. Tickets twenty-five cents.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASE

223 THE PR...

THIS CANADIAN PETTICOAT MAN, WINNER OF VICTORIA CROSS, WANTS ONE MORE "CRACK" AT "HUNS" IN DESERT SANDS

John Trynor has Eleven Wounds and was Knocked Out by Gas but is Anxious to go Back and See it Through — A Soldier of Fortune who Rescued Eleven Men and Received "V.C." for Doing it—Thrilling Story of Heroic New Brunswicker.

The following interesting letter has been received by a St. John letter from L. P. Cathels, who is with the Egyptian Expeditionary Force fighting for King and country:

Egyptian Expeditionary Force, 8th April, 1916.

"Here I am back where I belong. We are on outpost duty, away out in the desert, twenty-five miles from the nearest town. I cannot be very delicate as to the position, as we are not here for fun and the censorship is strict.

"The desert provides quite a new experience for me, and is full of interest. Although we are the only humans hereabouts there is an amazing variety of life in all kinds of fuzzy little animals and most unexpected and homelike flowers. As for the little animals, they are of every color—each shape, mostly of the beetle family or the lizard tribe, though there are hares and cats and other more familiar things. All manner of creeping things. Some were very affectionate. The first night, but I have built myself a bed of sand bags and am up off their lurking grounds. The heat is intense. When the hot winds blow from the desert it is like standing at the open door of a furnace. I am burned to a deep brown.

"The Desert Sun Sets.

"During the hours around noonday we are confined to our tents—what the men call the 'sleeping parade.' To make up for this we are up at 5.30 in the morning, and get a good start in the evening. We are kept very busy. Where my little lot are working is quite a stiff march across the desert from our quarters. As we return in the evening we get a good start in one more astounding and awe-inspiring than the last. No wonder the inhabitants of old worshipped the sun. It swoops down to the edge of the desert a flaming ball, and then the sky around amazingly colored in glaring tints of scarlet and purple, and for a moment on the horizon and swiftly disappears leaving a soft and delicate glow. The sun is in the sky behind, indescribable in its beauty. The sky, indeed, is always wonderful, so intensely blue by day, so jewel spanned at night with such wonderful stars. With such magnificent scenes one is content to be far away from their cities, especially Egyptian cities with their dirt, dirt and squalor and smell.

Met Rev. G. A. Kuhring.

"Marching my men from the docks at Alexandria to the Divisional Base, I met none other than Mr. Kuhring. It was delightful to see him again. He came to see me at my quarters, and I was to dine at his mess a few days later, but he got marching orders, so I saw no more of him.

"When I walked into the mess at Mustapha, the base camp, I ran into old Doc Howitt—a Wycliffe fellow student, son of Canon Howitt, of Hamilton. He is in the R. A. M. C. He was just being killed in France, for a moment. Imagine my astonishment when I reached here to find he had been appointed medical officer to this battalion, and was waiting to welcome me. We are the only two Wycliffe men in the East, and it is amazing we should meet in the same battalion. He tells me that two Wycliffe men of my year, Owen and Hodge, have been killed in France.

"We had ten days at Alexandria, then a long train journey here, then a hard march over the desert in the heat of the day. The men stuck to it splendidly, and though we were absolutely 'all in' at the end, we marched into camp as though on to a barrack square.

"I am getting the weekly edition of the London Times sent out, so am always able to keep weeks in rear of the news. Luckily I was able to get some literature in Alexandria, so I am not quite desolate."

Been Riddled With Bullets.

Enlisting in the Eleventh Battalion of the famous Black Watch in England at the start of the present European conflict, Trynor participated in the battles of Mons, Marne, Neu Chapelle, The Loos, Hill 60 and Ypres, and now bears the marks of shrapnel wounds in the head (in which a silver plate three inches square replaces the bone removed), a bullet wound in the shoulder, two through the lungs, two in the stomach, two in the knee, and through his instep, and he lost the tip of one finger where a bit of shell struck it.

This man is the sole survivor of his original battalion of the Black Watch, and is one of three survivors out of 5,800 men killed on the field.

"Out of 52,000 men engaged, we lost 35,000 in the charge at Hill 60. It was horrible slaughter," he said. "But the worst of all was the gas. That's what gets you in the head (in which a silver plate three inches square replaces the bone removed), a bullet wound in the shoulder, two through the lungs, two in the stomach, two in the knee, and through his instep, and he lost the tip of one finger where a bit of shell struck it.

"The Clean-up Day.

The Public Works Department is rapidly completing preparations for clean-up day, next Thursday. Commissioner G. Fred Fisher said last night that the department desires householders to have their yards cleaned in advance. It requests householders to place their rubbish in old barrels and packages of no value as the teams will not have time to return the packages.

Ashes cannot be taken. Citizens desiring to assist by loaning auto trucks and teams are requested to telephone their offers to the public works office (Main 416).

The delivery of rubbish in the North and West Ends will be made at the dumps in those localities and in the South End scows will be provided at two or three slips.

Suffered From Nerves, Could Not Sleep.

To the thousands of people who are beset on sleepless beds night after night, or who pace the floor with nerves unkind, and to whose eyes sleep will not come, Millburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber.

They restore the equilibrium of the damaged nerve centres, thereby producing peaceful, undisturbed, refreshing sleep, and will cause you get up in the morning feeling that you have the strength and vitality to go through your day's work.

Mrs. Hollas Knox, St. John, N.B., writes: "I suffered greatly with my nerves, I could not sleep at night, nor work, and the least little thing worked on my mind and bothered me. Last night I thought I would go out of my mind, I would scream out, and my mother really thought I was going crazy with my nerves. It was so terrible I would hold my head and cry for two doctors, but they did not do me any good. I thought I would tell you that today I am perfectly cured. I tried two boxes of Millburn's Heart and Nerve Pills, and I can recommend them to all sufferers from nervous troubles. You can tell everyone that they are the only thing that did me any good."

Millburn's Heart and Nerve Pills have been on the market for nearly a quarter of a century, and are universally known as the best remedy for all heart and nerve troubles.

Price 50¢ per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Fought Against Death's Heads.

"We were just hiding along and suddenly came face to face with the Death's Heads. It was sudden business. All at once we got the order, 'Form up,' and then 'Charge.' No word about gallop or anything, just the 'Charge.' I couldn't tell how many there were of us, nor how many of them—just saw the beggars ahead and then we were going at them, just like a parade charge.

"They weren't ready. Some of them were sideways on, and they seemed all huddled up and trying to get out of our way. But we just went right through them and broke on the other side, and formed up again and came back at them, same as we used to do on parade in Africa. There were 29 of them dead and some wounded, I don't know how many. I know I got three as easy as in riding school practice.

A Deadly Weapon.

"That's a dandy new sword the English have now, in a cavalry charge. You don't even have to thrust—it just goes through your man and turns him into you. It's a lovely sword to use, you just point it at a man and tumbled him out like a riding school dummy with a practice blade. It's great riding in a charge like that. I don't think much of the Death's Head

KAISER LIKE MAN WHO HAD MANY DEVILS

So Declares Rev. John Hardwick in Impressive Sermon at St. Mathew's church Last Night.

Rev. John Hardwick of St. Mathew's Presbyterian church preached last night on "The Family and the Nation," based on the words "Honor the King." The sermon was the concluding one of a series dealing with kindred topics. Rev. Mr. Hardwick said in part:

"Nations are based and founded on the family, gradually rising through wandering tribes to become separate and distinct people. Patriotism and loyalty were fostered and developed with these different peoples and finally became imbedded as an inherent part of human nature called instinct. Of the ancient races, the Hebrews had a firm belief in the divine right of kings as against the Greek ideal of the divine right of the peoples. The Hebrews, however, fostered family life and trained their children in matters of religion.

Truth Mixed With Error.

"The Greeks held the family to be subservient to the state. In both of these systems there were elements of truth mixed with error. In Christ's teaching both of these ideals were embodied. He emphasized the sacredness of individual personality and at the same time pointed out the individual's duty to the state. Christ's principles have never been put into practice in their entirety by any nation, but in the providence of God Great Britain has realized the truth more than any other nation and has been blessed accordingly.

Speaking of the Canadians Trynor says they are great fighters. He says that the Germans will never win the war, they have shot their last bolt, they have called out their last available men and at Verdun they have literally thrown them away. German prisoners have been taken ranging from the age of fourteen to sixty years.

Painless Dentistry

We extract teeth free of pain, only 25c. We do all kinds of dentistry. Call and see us. No charge for consultation.

Boston 00020103—3 6 0
Batteries: Davenport, Park, Pincher, McCabe and Hartley; Ruth, Mays and Thomas; Asnew, Cady.

Chicago, 11; Philadelphia, 0.
At Philadelphia—
Chicago 20600000—11 14 1
Philadelphia 00000000—0 5 1
Batteries: Benz and Schalk; Crowell, Sheehan and Meyers.

INTERNATIONAL LEAGUE.

Toronto, 4; Richmond, 3.
At Toronto—First game—
Richmond 0000100200—3 7 1
Toronto 0002010001—4 8 1
Batteries: Rhoades, Jarmon and Reynolds; Shocker and McKee.

Second game—
Richmond 0004000001—5 11 1
Toronto 0110020000—4 7 1
Batteries: Ross, Humphreys and O'Donnell; Herbert and Kelly.

Buffalo, 4; Providence, 3.
At Buffalo—
Providence 000021000—3 9 1
Buffalo 02002000—4 9 1
Batteries: Baumgartner and Yelle; Tyson and Haley.

Rochester, 12; Baltimore, 6.
At Rochester—
Baltimore 010003011—6 11 1
Rochester 000813003—12 12 1
Batteries: Thormahlen, Jaynes, Knowlson and McAvoy; Huenke and Casey.

Montreal, 13; Newark, 2.
At Montreal—First game—
Newark 010100000—2 9 0
Montreal 000301003—4 6 0
Batteries: Smallwood and Schwert; Cadore and Madden.

Second game—
Newark 000400500—9 12 1
Montreal 400120423—13 16 1
Batteries: Schacht, Bressler, Giddings, Ezman and Egan; Goodbread, Fullerton and Madden.

Sunday's Games.

Chicago, 2; Philadelphia, 4.
Chicago, May 21—Lavender weakened in the ninth inning, and Philadelphia drove him from the mound and won the first game of the series here today, 4 to 2. The score:
Philadelphia 00000004—4 7 1
Chicago 00001001—2 5 1
Batteries: Rixey, Bender and Killifer; Lavender, McConnell and Archer.

New York, 11; Cincinnati, 1.
Cincinnati, May 21—New York continued its winning streak by taking a decidedly one-sided contest from Cincinnati here today, 11 to 1. The score:
New York 30000440—11 14 1
Cincinnati 00000100—1 5 1
Batteries: Anderson and Rairden; Knetzer and Wingo.

Boston, 2; St. Louis, 0.
St. Louis, May 21—Tyler held St. Louis to two hits today and scored two runs with a double in the fifth inning, Boston winning the first game of the series, 2 to 0. The score:
Boston 000020000—2 5 1
St. Louis 00000000—0 2 1
Batteries: Tyler and Gowdy; Ames and Snyder.

AMERICAN LEAGUE.

Washington, 4; Cleveland, 3.
Cleveland, May 21—Washington climbed within half a game of Cleveland today by defeating Cleveland 4 to 3. The score:
Washington 000001021—4 8 1
Cleveland 000000020—3 7 1
Batteries: Johnson and Almsmith; Covaleskie, Bagby and O'Neill.

INTERNATIONAL LEAGUE.

Montreal, 7; Newark, 4.
Montreal, May 21—Recurrent periods of wildness of the visiting pitchers gave the Royals two victories over Newark today, 7 to 4, and 6 to 5. The score:
First game—
Newark 200010010—4 10 3
Montreal 050100003—7 9 1
Batteries: Pieh, Ezman and Egan; Goodbread and Madden.

Second game—
Newark 000004100—5 9 1
Montreal 201000201—6 11 1
Batteries: Bressler and Egan; Colwell and Wells.

Prince Albert is so friendly and so all-fired-good

that it just makes a man sorry that he didn't get onto this pipe thing and cigarette rolling stunt a-while-ago. He counts it lost time quick as the joy's goodness of P. A. tobacco gets firm set into his happiness division. Realize, too, that the patented process by which Prince Albert is made cuts out bite and parch! You smoke all you want as often as you care to fire-up, without a comeback! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the international joy smoke
That tobacco appetite of yours, when it gets-going-good, is as eager as a baby's cry for milk! Right now, while you feel it digging in, make a straight line for the nearest store that sells tobacco! And get your P. A. If your dealer cannot supply you, ask him to secure Prince Albert through his wholesaler.

Because Prince Albert, packed into a jimmy pipe or rolled into a makin's cigarette, taxes the joy-speed-limit! And you'll understand what that means the minute you put some P. A. next to a match! You'll get flavor and aroma and coolness that will set-to-rest-for-all-time any odd notions you ever hatched about pipe-pleasure or cigarette pleasure!

CERTIFICATES TO SEAMEN.

A total of 19,959 certificates to able seamen under the La Follette act have been issued by the Steamboat Inspection Service up to May 1, according to a statement just issued by the Department of Commerce. Of this number a total of 5,218 certificates were issued to able seamen at Atlantic ports, a total of 5,226 at Pacific ports, 1,392 at Gulf ports, and 4,213 at the Great Lakes ports. This is a surprising small number of able seamen for the whole country in view of the great activity now prevailing in the shipping business, showing conclusively that only a small proportion of the American steamers and sailing vessels now afloat are manned by what

NEW ST. CROIX LIGHT.

Washington, D. C., May 19—An appropriation was recommended in Congress Friday of \$3,500 for Dog Island Light at entrance to St. Croix river.

OLD TIMER SOLD.

The forty year old Bath built schooner Sullivan Swain, which has just been overhauled at Boston, left there on Thursday for St. John, N. B., where she will load a cargo of 550,000 feet of lumber for Cork, Ireland, at a rate that will net her owners \$20,000.

I. C. R. Suburban Victoria Day.

Suburban train No. 332 will leave St. John 9 a. m. Atlantic time for Hampton, returning will leave Hampton at 10.15 a. m., making all suburban stops.

Post Card Dealers Fined.

Stephen Plisla was fined \$5, and Fimour Mercourin \$10 for selling and exposing for sale obscene post cards. Judge Armstrong found defendants guilty Saturday morning and imposed the fines.

THE POLICE COURT.

In the police court Saturday three boys charged with stealing were allowed to go with a warning.
John Phelan pleaded guilty to assaulting his wife and was remanded.
Alex. Stanton for disorderly conduct was fined \$5.

Some evidence was taken in the disorderly case against John Belding and wife, and the prisoners were remanded. Grace O'Dell, a witness, is being cared for at the Salvation Army Home.

Mrs. B. R. Armstrong returned yesterday from England where she has been visiting her former home. Lieut. Col. Armstrong met her at Moncton.

Market Nearer Normal with Further Realizing for Profits in First Hour

THE UNCLASSIFIED STOCKS INACTIVE

Weekly Trade Reviews Confident in Tone—Foreign Exchange Sluggish, Bond Market Irregular.

New York, May 20—Nearer normal conditions prevailed during today's short market session, the first hour being attended by further realizing for profits. Railroad shares, especially Reading, showed a pronounced tendency to yield, but the entire list improved later in response to a fresh inquiry for high grade issues, particularly Canadian Pacific, which advanced 6 3/4 points to 182 1/2, with two and a half points for "800" and a point or more for Union Pacific and some of the other standard shares.

Coppers came into greater prominence, with large dealings in Anaconda, Kennecott and Inspiration. Westinghouse was fairly strong in connection with the publication of the annual report, showing earnings of almost 18 per cent. on the common stock.

Leading industrials, as represented by United States Steel, showed little change, and equipments were mostly inactive, with a hardening tendency towards the close. Marines were dull and inclined to ease off, probably in consequence of the passage of the shipping bill by the House of Representatives.

Unclassified stocks were inactive, but motors regained a part of their recent losses. Continental Can and U. S. Industrial Alcohol denoted a better activity by cliques and pools. Total sales of stocks amounted to 310,000 shares.

Instead of an estimated cash gain, the bank statement showed an actual cash loss of almost \$10,000,000, a loan increase of practically as much and a further contribution of the annual report, showing earnings of almost 12 per cent. on the common stock, the lowest figure since the new form of bank statement became operative.

Foreign exchange was sluggish, but steady, in the main. Response to the effect that arrangements had been made to increase the gold imports from Canada were not confirmable. The weekly trade reviews were of the usual contentment, although they indicated irregular recession in various lines of business, but bank clearances showed further expansion. Bonds were irregular, with total sales, par value, of \$2,125,000.

CLOSING LETTER OF N. Y. MARKET BY E. & C. RANDOLPH

(McDUGALL & COWANS.)
New York, May 20.—The market quieted down today and was in marked contrast with the trading of yesterday which now stands out as a sporadic demonstration due largely to the still unexplained movement in Reading. The railroad stocks generally held firm in today's trading with Canadian a strong feature and with Erie selling well above 40. Reading worked up and then back about 2 points, and then held around 103. There was evidence of further liquidation in industrial stocks with additional losses recorded in some of them. The Westinghouse report for the year ending March 31st showing nearly 20 per cent. earned on the stock as compared with less than 5 per cent. in the previous year had no effect on the market. The report showed unfilled domestic orders on hand at the close of the year over \$22-million or nearly \$8-million more than at the same time any other year. The feature of the market today was really its quietness as compared with yesterday and it was rather surprising that prices held up in the face of this decline in activity. Sales, 207,000. Bonds, \$2,092,500.

THE UNCLASSIFIED STOCKS INACTIVE

Weekly Trade Reviews Confident in Tone—Foreign Exchange Sluggish, Bond Market Irregular.

New York, May 20.—Nearer normal conditions prevailed during today's short market session, the first hour being attended by further realizing for profits. Railroad shares, especially Reading, showed a pronounced tendency to yield, but the entire list improved later in response to a fresh inquiry for high grade issues, particularly Canadian Pacific, which advanced 5 3/8 points to 123 1/2, with two and a half points for "So" and a point or more for Union Pacific and some of the other standard shares.

Coppers came into greater prominence, with large dealings in Anaconda, Kennecott and Inspiration. Westinghouse was fairly strong in connection with the publication of the annual report, showing earnings of almost 18 per cent on the common stock.

Leading Industrials, represented by United States Steel, showed little change, and equipments were mostly inactive, with a hardening tendency towards the close. Marines were dull and inclined to ease off, probably in consequence of the passage of the shipping bill by the House of Representatives.

Unclassified stocks were inactive, but motors regained a part of their recent losses. Continental Can and U. S. Industrial Alcohol denoted a better activity by cliques and pools. Total sales of stocks amounted to 210,000 shares.

Instead of an estimated cash gain, the bank statement showed an actual cash loss of almost \$10,000,000, an increase of practically as much and a further contraction in reserves of almost \$12,000,000, reducing the total excess to about \$7,000,000, the lowest figure since the new form of bank statement became operative.

Foreign exchange was sluggish, but steady, in the main. Reports to the effect that arrangements had been made to increase the gold imports from Canada were not confirmable.

The weekly trade reviews were of the usual confident tenor, although they indicated irregular recessions in various lines of business, but bank clearances showed further expansion.

Bonds were irregular, with total sales, per value, of \$2,125,000.

CLOSING LETTER OF N. Y. MARKET BY E. & C. RANDOLPH

(McDOUGALL & COWANS.) New York, May 20.—The market quieted down today and was in marked contrast with the trading of yesterday which now stands out as a sporadic demonstration due largely to the still unexplained movement in Reading.

The railroad stocks generally held firm in today's trading with Can. Pac. a strong factor in the market, selling well above 40. Reading worked up and then back about 2 points, and then held around 103. There was evidence of further liquidation in industrial stocks with additional losses recorded in some of them. The Westinghouse report for the year ending March 31st showing nearly 20 per cent earned on the stock as compared with less than 5 per cent in the previous year had no effect on the market. The report showed unfiled domestic orders on hand at the close of the year over \$22-million or nearly \$5-million more than at the same time any other year. The feature of the market today was really its quietness as compared with yesterday and it was rather surprising that prices held up in the face of this decline in activity. Sales, 297,000. Bonds, \$2,092,500.

STRONG STATEMENT BY BK. OF MONTREAL

Another Proof of Business Prosperity Throughout The Dominion.

LATE DEVELOPMENTS ON STREET REVIEWED

Steel Stocks One of the Outstanding Features with Power Group also Showing Up Strong.

Special to The Standard. Montreal, May 21.—If the stock market happened to be the only indicator of the exceptionally fine run of business prosperity throughout the greater part of the Dominion, in the majority of lines of business and industry, the public might well pause and consider. When, however, the market action is corroborated by such an astonishingly strong statement as that produced by the Bank of Montreal for the half year up to the end of April 29, the public which has not been convinced if such a community is still outstanding, ought to sit up and take notice. Exceptional activity prevailed in all the steel stocks which have been prominent of late and a fresh development was a brisk demand for Brazilian Traction, which for the most part has heretofore been a drag on the market.

The most spectacular feature of the steel group has been Scotia, which scored an advance from 118 1/2 to 135, on which the net reaction only amounted to 5 points. The stock is the subject of a great deal of bullish gossip and prospects of a "melior" are freely discussed. The street is by no means unanimous in its views as to the form this will take, but the most talk has converged on a stock distribution. In another quarter it is claimed that any of the newly authorized stock which is issued will be for additional developments at the company's extremely valuable iron ore mine at Weabans, the output of which it is proposed to increase materially in view of the great demand which is expected to arise after the war and all the warring countries divert their footstep to the paths of commerce and industry, the restoration of which will call for immense supplies of just such raw materials as Scotia has to sell.

There was also a very strong demand for Steel of Canada and Dominion Iron, both creating price records. The Power group was also a very conspicuous feature of the dealings and Montreal Power rose to a new high record, while Cedars got as high as 83 1/2. It is stated that the big Power deal is now ready for the shareholders, all the details having been about completed. Another interesting incident of the week was the Hollinger meeting, at which the greatest mining transaction in the history of the Dominion was consummated whereby the Hollinger and its associates enter into a \$2,000,000 combination. The stock has been strong right along around \$30 a share. The market opened today with a strong tone and a great deal of interest in Bridge which took the market leadership with prices ranging strong at 221 to 222. Vague reports of a share splitting plan combined with a merger of subsidiaries appeared to be among the factors in the buying apart from the splendid earnings. The general tone was steady, and next to Bridge Iron and Brazilian were the most active.

Iron at 56 3/8 to 56, and Brazil 60 3/4 to 61. 14. Fraction changes were the rule. Other features were: Cement, which touched a new high at 67 1/4; Cottons 49 1/2; Steel of Canada 62 1/4 to 63 1/2; Penman's 62; Car 73; Shawinigan 133; Ames 28 1/2.

Another four-masted schooner, the Bath, built by Benjamin A. Van Brunt, twenty-five years old, has just been sold to New York parties at \$100,000—a price three times in excess of what she would have brought before the European war, or what she would bring after the war closes.

A Column Which Is Supposed To Be Of Interest To Women

Herein are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

NEWS OF WOMEN'S CLUBS.

We are always pleased to receive any news of Women's Societies, fashion notes, new or tried recipes, etc., which may be of interest to our readers and we will publish same when suitable. All communications for these columns to have name and address (not for publication), and to be addressed to the Editor, Women's Column, The St. John Standard, St. John.

Girls' Club Pantry Sale.

The Traveler's Aid Committee of the Girls' Club held a pantry sale on Saturday at the Dufferin sample rooms. The proceeds are for improving the rooms on Princess street and enlarging the accommodation there. An of- ficial from the club meets the trains and girls having nowhere to go are looked after and cared for. This is a very important work and deserving of every assistance. Those in charge of Saturday's sale were: Mrs. McIntyre, Mrs. R. A. Corbett, Mrs. Bullock, Mrs. Duddy, Mrs. Jas. Ross, Mrs. Steeves, Miss Goodwin and Miss Lillian Delin- stadt.

University Club.

The University Club met at Mrs. F. Goodspeed's, Rockland Road, on Sat- urday evening. It was the annual meet- ing and election of officers. The fol- lowing officers were elected for the coming year: President, Miss Barbara Dobson. Vice-president, Miss Corbett. Sec- ond vice-president, Miss Jones. Secretary, Miss Vanwart. Treasurer, Miss Lingard. Extra members of executive, Miss Lillian DelinStadt and Miss Carleton. Throughout the year the members of the University Club have done knit- ting and sewing for the Red Cross Society. They sent at Christmas a

box to Dr. Margaret Parks, a member of the club. A donation was given from the funds to the Soldiers' Com- forts Association. The proceeds of the pantry sale held some weeks ago, \$90, were sent to the Canadian Prisoners of War Fund. This will be the last meeting of the club until the autumn.

I think most of us are glad that more dressy blouses have returned to favor. The plain waists were so plain it was difficult to feel dressed up with a suit and blouse before, and there are many occasions where we must wear a suit.

HOUSEHOLD HINTS.

To remove grease spots from the binding of books, rub with benzine or petrol. After washing leather gloves rinse them in cold water, then soak again. This will prevent them from drying stiffly. To rid a kitchen of beetles mix to- gether ground borax and brown sugar and lay about the hearth. Elder down quilts that have lost their elasticity and become limp, should be hung in the air for a few hours, then shaken well. They will be much improved. When two glasses stick together place the outer one in warm water and pour cold water into the inner. They will separate directly. Piano keys which have become dis- colored should be rubbed with alcohol.

Dip a cloth into the spirit, rub the keys and leave to dry.

In place of a dish cloth use a piece of loofah about four inches square. This is far better for cleaning pots and pans as well as dishes.

After cleaning brass rub with a little methylated spirit, then with a cloth dipped in whitening. This will make the polish last much longer. To clean a furred kettle boil a hand- ful of whitening in for a few hours. To prevent furring, keep a marble in the kettle.

Half a lemon will remove match marks from paint.

To sweeten the refrigerator scrub it out with borax.

Starch is a very good substitute for whitening in washing windows. Alcohol will remove grease stains unless they are of too long standing. Never use grease or oil of any kind on overhoes; it will ruin the rubber. Stains can sometimes be removed from wall paper by the application of starch.

Set ornaments and scraps of passe- menterie may be brightened by a bath of alcohol.

Civic Work by Women's Clubs. The significant manifestation of club spirit throughout the country during the year, according to Mrs. William Grant Brown, chairman of the Biennial Board of the General Federation of Women's Clubs which met in New York in the extension of civic work.

This applies not only to the larger federated bodies of women, but to the smaller groups, the clubs in the towns and villages. "I should say that, besides this general development of civic activity," said Mrs. Brown, "the most notable recent achievement of clubdom lies in the accentuated spirit of cooperation, with each other, with municipal au- thorities, State and Federal Govern- ments."

"I should say that, besides this general development of civic activity," said Mrs. Brown, "the most notable recent achievement of clubdom lies in the accentuated spirit of cooperation, with each other, with municipal au- thorities, State and Federal Govern- ments."

SPRING SONG.

Yellow, green, and dappled white,
Meadows sparkling in the light;
Wrapped in emerald and gold,
Nature smiles from brook and
wood,
Bird on the willow-tree,
Sing to me—sing to me,
My heart is glad with thee.
—Arthur Tomson.

Grapefruit Marmalade.

Cook separately four grapefruit and six oranges, in just enough water to cover, until they can be easily pierced with a fork. Leave in water over night. In the morning cut the grape- fruit in halves, remove the pulp and press through a colander to remove the seeds and tough core. Cut the rind in fine shreds. Slice the oranges, sav- ing the juice from both fruits. To the shaved skins and pulp allow two quarts of cold water. Measure and add one and one-half times the quantity of sugar, having both sugar and juice hot. Add the juice of six lemons and boil gently until it reaches the consis- tency of a thick syrup. Pour into glasses, allow it to stand for a day and then seal well.

Vol au Vent of Fish.

One pound puff pastry, cold cooked fish, white sauce, a little cream; sea- soning. Roll out the pastry one half inch thick. Cut out a round about seven inches in diameter and cut half way through the centre with a cutter two inches smaller. Roll the remainder of the pastry one quarter inch thick and cut it in a round about six inches in diameter. Lay both pieces on the baking sheet, pin a piece of oiled pa- per about five inches in depth around the larger pastry, to keep it in shape. Bake in a hot oven for thirty to forty- five minutes.

When collars or other white articles have yellowed, an authority recom- mends the use of turpentine. Dis- solve one part of turpentine in three parts of strong alcohol and place a tablespoonful of this mixture in the water used for the last rinsing. The clothes are to be immersed in this, well wrung out, and placed in the open air to dry.

Advice to Dyspeptics Well Worth Following

In the case of dyspepsia, the appete- nce, again it is often very poor. For this condition there is but one sure remedy—Dr. Hamilton's Pills—which cure quickly and thoroughly. Sufferers find marked benefit in a day, and as time goes on improvement continues. No other medicine will strengthen the stomach and digestive organs like Dr. Hamilton's Pills. They supply the materials and assistance necessary to convert everything eaten into nourishment, into muscle, fibre, and energy with which to build up the run-down system. Why not cure your dyspepsia now? Get Dr. Hamilton's Pills today, 25c. per box at all dealers.

Children's Corner

Letters Received by Uncle Dick From His Boys and Girls

TODAY'S LITTLE JOKE.

Nelle, aged four, was gazing intently at the visitor's new bonnet. "Well, dear," asked the lady at last, "what do you think of it?" "Oh," replied the small observer, "I think it's all right. Aunt Mary told mama it was a perfect fright, but it doesn't frighten me a bit."

EXTRACTS FROM THE MAIL BAG.

Likes Uncle Wiggly Stories. Long Reach, N. B.

Dear Uncle Dick:— I have tried the contest. I suppose I was too late with my last contest. It is beautiful weather now. We have about forty-eight chickens, four lambs, two cats and two horses and one dog. Well I guess I will close pretty soon, because my letter is getting long. I love to read Uncle Wiggly story and I can hardly wait till they come. I will say good-bye, with heaps of love to you and the Corner.

From your niece, Jessie McKell.

Interesting Letter. Fredericton Jct.

Dear Uncle Dick:— Just a few lines to see how you are getting along. I was glad to see such a large number of members be- longing to the Corner. You must be kept quite busy with such a lot of letters to read and answer. I am sorry the May flowers are over. I don't think you published any receipt for your niece last week, did you? We celebrated Arbor Day at our school on Friday, and some of the scholars had a picnic in the afternoon. Well as my letter is getting rather long, I must close with love and best wishes to the Corner and yourself. I remain your loving niece, Lillian Barber.

Second Letter to Corner. Cody's, N. B.

Dear Uncle Dick:— This is my second letter to the Corner. I am going to do the contest. I have never done any of the contests before. It is another sheet of paper, I go to school, I have a mile and a half to go to school. It is quite cold some mornings in the winter, but I don't mind it now. So as my letter is getting long I will close with best wishes.

From your niece, Gladys Patterson.

Got Present of Watch. Cody's, N. B.

Dear Uncle Dick:— This is my first letter to the Corner, as I haven't tried any of the contests yet, my sister tried the contest which you sent in the paper yesterday. I did not try any of the contests yet, because I got a silver watch. My sister got me a silver watch when he was in St. John. Well I guess I will close.

From your nephew, Frank Patterson.

Watch For Saturday's Corner. Laura, Sussex Corner, N. B.

Dear Uncle Dick:— I am sending in the answer to the Jumbled Word Contest. I hope they may be right and get there in time. Do we get a prize if we get children to join. I got a bunch of lovely violets the other day. As my letter is getting long, I will close, wishing you and the Corner every success. Your niece, Laura B. Wallace.

A New Member. Milltown, N. B.

Hilda Chown asked me to join the Children's Corner, and I forgot that I said I would write to you, but I am writing at last. I hope I shall succeed in the contest. I go to school every day, and I am in the eighth grade. Well I guess I must close with love and best wishes.

From your loving niece, Mary A. Enright.

Enjoying the Corner. Bairdville, N. B.

Dear Uncle Dick:— Is there room for another niece? I have been watching the contests every week for some time. I thought I would try this one and hope to win a prize. I am enjoying the Corner very much, and I hope some shall continue with love and best wishes. Your niece, Anna I. Howlett.

SPECIAL BUTTONS OF UNCLE DICK.

As mentioned in another col- umn you will now be able to have a nice little picture of your Uncle Dick, if you suc- ceed in getting four or more other kiddies to join the Cor- ner. These buttons are now being prepared, and kindly given by the Conlon Studio, of this city, and will be ready in a week or so.

News Of The St. John Theatres Told In The Right Way

Who's Who and What's What in the Picture Game and on the Stage— Film Favorites and What They Say and Do.

What Marguerite Sess and Means at The Movies.

That a fashion note on a slide re- large hats, at the Imperial was very significant.

That a gasp went round the Opera House at the realistic slinging of the automobile accident in "The Alien."

That the heroines in moving pictures seldom do up their hair until their wedding day.

While the hero often keeps on his gloves, even while clasping his sweet- heart in his arms.

That the National Anthem is being more and more respected ever since the war began.

That the variety programmes given at the Lyric and Unique occasionally are enjoyed as a change from the long reel pictures.

A Vitagraph Star. Earle Williams, the Vitagraph mo- tion picture star, was born in Sacra- mento, Cal., Feb. 23, 1890. His father was Augustus P. Williams, an early California settler who had emigrated from Booneville, Mo. His mother was Eva M. Paget of the Paget family from Cincinnati, Ohio. The famous old actor, James Paget, who was at the height of his career a generation ago, was an uncle and the only member of Mr. Williams' immediate family connected with the profession of act- ing.

Earle Williams was educated in the Oakland public grammar and high schools. He attended the Polytechnic College of California, but left before receiving his degree. His first position was as an office boy sandwiched in prior to his entering college. His first theatrical engagement was as a utility man with the Baldwin-Melville Stock Company in New Orleans in 1901. His principal engagements have been with the Frederick Belasco Com- pany in San Francisco and Portland; one year with James Neill stock com- pany; heavy with Henry Dixey in "The Man on the Box," heavy with Rose Stahl in "The Chorus Lady," juvenile in Mary Manning's "Glor- ious Beauty," and with Helen Ware in "The Third Degree." His last theatric- al engagement was with George Be- ban in "The Sign of the Rose" in Van- derbilt.

Mr. Williams' entrance into pic- tures was not unprepared. The na- tural idleness during the summer while engaged in theatricals proved irksome so as a matter of passing the time he applied for extra parts with the Vita- graph Company. Being the possessor of ideal qualifications for a motion pic- ture actor, together with his splendid stock company training, soon permit- ted Mr. Williams to occupy an envia- ble position in the motion picture world. At the present time he is an international favorite, and his entire motion picture career has been with the Vitagraph Company of America.

Some of his principal pictures are "The Christian," in which he played John Storm, "Love's Sunset," "Ven- dition," "Lovesick Maidens of Cuddlet- ton," "Two Women and Two Men," "The Love of John Ruskin," "The Bond of Music," "The Test of Friend- ship," "The Thumb Print," "Warfare in the Skies," and "My Official Wife."

A big canning factory near Cordoba, Alaska, has been leased by the Lubin Company as one of the advance steps

in the plans to put Rex Beach's novel, "The Silver Horde" into a multiple reel photoplay feature that will set a new record in every detail of screen production. "The Silver Horde" deals with the struggles of an independent operator against the efforts of the sal- mon canning trust, to wipe him out.

Couple of Dollars Awaiting Genius. Orml Hawley, who, with Earl Met- calfe, was featured by the Lubin Com- pany in "The Nation's Peril," is thus described in a picture magazine: "A kiss seen through a microscope, a salad made from a chrysanthemum, and an orchid, drenched in the blood of a rose. If peaches were people

Patsy DeForest, the sunshine girl of the Lubin Company, reads this and registers a sniff. She wishes, does Patsy, that fate would lead to her shrine some susceptible press agent who would make a few rough sketches of Miss Patsy's empress radiance and then explode like this: "An osculatory episode heard through a dictagraph, a ragout of chicken dashed with paprika, and an arrichoke saturated with the gore of a sunflower. If perissmons were per- sons"

Patsy says she'd pay a couple of dollars to have that said about her if only to prove that Miss Hawley is not the only dot on the screen.

This is housecleaning season at the Balboa studio. Recently a little girl visitor asked to see Jackie Saunders. Her dressing room was pointed out and the child knocked on the door. It

was answered by a young woman with sleeves rolled up and a broom. "I'm she," replied the Maude Adams of the screen sweetly, "Oh no," said the girl. "You're dressed too much like my mama," and ran away.

The Round-up. Raoul A. Walsh, director of the Wil- liam Fox Company that is appearing in a great Western photodrama which is nearing completion, has returned from New Mexico with some of the most remarkable photographs ever taken of a cattle round-up. Mr. Walsh hastened to New Mexico some time ago, when he heard that a herd of five thousand cattle was to be brought in from the ranges by cowboys, and he cast several of his big scenes so that they would fit in with the round- up.

ALICE FAIRWEATHER.

HOW TO PUT ON WEIGHT AND IMPROVE YOUR LOOKS.

You know you are too thin—you eat and eat, but never get an ounce fatter. Nerves are weak, color is bad, strength seems exhausted. It is not hard to get fat. You must eat more, digest more, exercise more. Try Fer- rozone and watch your appetite grow. It turns all you eat into nutriment and building material—fills your veins with rich, red blood—gives you ambi- tion and vigor. For a tissue builder, a fattening tonic, one that restores permanently, there is nothing to com- pare with Ferrozone. Try it and see, 50c. at all dealers.

"THOU SHALT NOT COVET" IMPERIAL THEATRE PRESENTS Tyrone Power and Kathlyn Williams in a Selig Masterpiece OUR PHOTOPLAY CONTAINS: A soul-stirring example of faithful husband and wife. Also the honor that one man owes to another. A sharp contrast between the "butterfly" creature of society and the sincere, sensible kind of woman. In the telling of the story the scenes shift from Chicago to the ocean, then to Africa in the jungle. A terrible shipwreck occurs, hundreds struggle for their lives—it is a truly marvelous bit of real- ism. In the jungle wild animals battle with one another and the hero protects his friend's wife against them. Unfriendly natives attack the missing husband and Fate miraculously brings all three principals together. Kathlyn Williams and Tyrone Power are most eloquent in their silent acting in this tremendous story. SOME GREAT WAR FILMS: Australia's Premier inspects Gallipoli veterans in England. Eight thousand Canadian troops march through Hamilton, Ont. Belgians build pontoon bridges to get at their Ger- man foe. King George and Lord Lovat inspect Scotch Chilies. Our East Indian troops take up a new position at the front. French forces enter Alsace and get back some of their own. British guns repel an attack on the western front. Lady Jellicoe opens shooting gallery for naval bri- gade. Italians enthusiastic over their share in the war. Master of Boys' Brigade in Dublin, Ireland. Great scene. King George and Lord Kitchener review a great army. Greek royalty visit the wounded Allies at Salonika. General Brotha's men in far-away but loyal South Africa. French Princess receives motor ambulance for Bel- gians. Italian Poet D'Annunzio makes impassioned speech in Rome. Delicious Vitagraph Comedy "FREDDIE'S NARROW ESCAPE," Featuring Freddie The Ferret of "Goddess" Fame St. John's Best Orchestra in Its Temple of Music!

DO YOU WANT \$50.00?

That Question Can Only be Answered in One Way. Yet of the Thousands Who Read It How Many Will Accept the Offer—Will You?

\$50.00 IS THE FIRST PRIZE

Thirteen Extra Cash Prizes to be Given Away, All Votes Count on the Regular Prizes.

The members of the Travel Club are now getting down to real work in the race for the six main prizes, which may take the form of Free Trips to Alaska and Return, Paid College Courses or the equivalent in Cash as the winners may desire. In addition to competing for these prizes the wise ones are earnestly working for the extra cash prizes which are being offered from time to time.

During the present fortnight, from May 15th to 27th, inclusive, the Travel Club in offering \$200.00 divided into thirteen prizes to the members sending in the most subscriptions. Winning of one of these extra prizes does not interfere with the 10% commission paid to all those who do not secure one of the regular prizes, also all the votes earned during the period count on the regular prizes. It is simply an extra offer to induce members to work, it pays us or we would not do it; also it will pay you if you will but give it a moment's thought. Somebody is going to get that money. Why not you?

MELTING POT IS NOW BIGGER THAN AMERICA

U. S. Fighting in Peace Questions Europe is Fighting in War, Pres. Wilson Says.

Charlotte, S. C., May 20.—President Wilson today addressed a crowd estimated at more than 10,000, gathered here for the one hundred and forty-first anniversary of the signing of the Mecklenburg declaration of independence. He was introduced by Governor Hays of North Carolina, who spoke of the President as one of the greatest leaders the nation had ever seen.

The President spoke only briefly and devoted himself almost wholly to discussion of the ideals of the United States. He declared "unhallowed Americanism" was needed, and that the United States must preserve its ideals in order to be of assistance in helping the world. He was enthusiastically applauded.

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a terrible time. I felt as if I were a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would help me. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this ever helps one of our women, I will be glad to see her. Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

If there is any symptom in your case which puzzles you, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

NAVIGABLE WATERS PROTECTION ACT R. S. C. Chapter 115.

The New Brunswick Provincial Department of Public Works hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the District Registrar of the Land Registry District of Queens County, New Brunswick, at Gagetown, a description of the site and the plans for the proposed new Upper James Bridge over James River, Parish of Cambridge, Queens County, N. B.

And take notice that after the expiration of one month from the date of the first publication of this notice, the New Brunswick Provincial Department of Public Works will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said Bridge. Dated at Fredericton, N. B., this 29th day of April, 1916.

JOHN MORRISSEY, Minister of Public Works, Province of New Brunswick

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA.

SEALED TENDERS (in duplicate) for the supply of Coal and Fuel Wood required to heat the Military Buildings at Halifax, Canning, Amherst, Truro, Pictou, Springhill, Windsor, Sydney, Canso, N. S.; Fredericton, Woodstock, Sussex, Chatham, St. John, Campbellton, Newcastle, Bathurst, Moncton, Vancoboro, N. B.; Charlottetown, Summerside, Georgetown, Souris, P. E. I., for the period ending March 31, 1917. Will be received up till Friday, May 26 next. Each tender is to be marked "Tender for Fuel," and addressed to the Director of Contracts, Militia Headquarters, Ottawa, or at the office of the Officer Commanding, Military District No. 6, Halifax, who will furnish all information required.

No security deposit is required with these tenders; but if, and when, any contract is made, the contractor must furnish, as security for the due performance of the contract, a certified cheque for an amount to be fixed at the time; notice of which will be given by the Director of Contracts, Militia Headquarters, Ottawa, on May 5, 1916. (H.Q. 99-19).

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—7599

DEPARTMENT OF RAILWAYS AND CANALS.
Car Ferry Terminal, Carleton Place, Prince Edward Island.

NOTICE TO CONTRACTORS.
STATION WATER TANK, ENGINE-HOUSE, ETC.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Station Water Tank, etc., Carleton Point," will be received at this office till 12 o'clock noon on Wednesday, May 24, 1916, for the construction of a station, water tank, engine-house, transfer platform, standpipe pit, asphalt and turntable for the Carleton Point Car Ferry Terminal, Prince Edward Island.

Plans, specifications and form of contract may be seen at the offices of, and forms of tender obtained from, the Chief Engineer, Department of Railways and Canals, Ottawa, the Chief Engineer, Canadian Government Railways, Moncton, N. B., and the Engineer in charge, Car Ferry Terminals, Carleton Point, P. E. I.

An accepted bank cheque for the sum of \$1,500.00, made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into the contract for the work, at the rates stated in the offer submitted. The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held as security, or part security, for the due fulfillment of the contract to be entered into. The lowest or any tender not necessarily accepted.

By order,
J. W. PUGSLEY, Secretary,
Department of Railways and Canals,
Ottawa, May 15, 1916.
Newspapers inserting this advertisement without authority from the Department will not be paid for it.—2380.

TENDERS.
SEALED TENDERS will be received by the undersigned up to 12 o'clock noon, May 27th, 1916, at his office 42 Princess street, for all trades in connection with the erection of an Isolation Hospital building and barn on Sandy Point road, for the Municipality of the City and County of St. John, N. B., according to plans and specifications prepared by F. Neil Brodie, architect.

The lowest or any tender not necessarily accepted.
F. NEIL BRODIE, Architect.

THE WEATHER.

Forecasts: Maritime—Light to moderate winds, fine, stationary or a little higher temperature.

Washington, May 21—Forecast: Northern New England—Fair Monday; Tuesday showery; moderate variable winds.

Toronto, May 21—Showers have been experienced in some portions of the eastern provinces. Elsewhere in Canada the weather has been fine and for the most part warmer.

Table with 2 columns: Location and Temperature (Min. Max.). Locations include Prince Rupert, Victoria, Kamloops, Calgary, Moose Jaw, Winnipeg, Fort Arthur, London, Toronto, Ottawa, Montreal, Quebec, and Halifax.

Around the City

Only Two Drunks. Only two lonely drunks were gathered in by the police Saturday night.

Arrived at Montreal. The Allan liner Carthagenian arrived at Montreal on Saturday morning from Liverpool.

Interfering with Police. Louis Spinney, aged 18, was arrested on Saturday for interfering with the police while in the discharge of their duty.

Fire Last Night. Shortly after last midnight the sky was illuminated by a reflection from a burning building out the Manawagonish Road.

Women's Canadian Club. The Women's Canadian Club will hold a meeting this afternoon at three o'clock in the Stone church school room.

Arrested For Fighting. Saturday night James Ramsey was arrested on a warrant, charging him with fighting Robert McAdam on Brussels street, April 29th.

George McAvity Better. George McAvity, who has been slightly ill for several days, was much better last night and it is expected he will be able to be in his office shortly.

Mackerel Appear in Bay. Mackerel have appeared unusually early this season in the lower Bay of Fundy. A number have been taken in traps of the Atlantic Trap Co., near Yarmouth.

Insane Man Protected. The police took an insane man in charge on St. Patrick street yesterday and detained him at police headquarters for protection until today when he will be taken to the Provincial Hospital.

Little Wanderer Found. At 8.30 Saturday night the North End police found a three-year-old boy on Main street. He was taken to the station and about 9 o'clock his brother George Hefferman called for him and took him home.

The Season Opened. Glen Falls was opened for the season yesterday. A number of the refreshment stands were open and there was a large crowd of visitors. The street railway had extra cars running on the line to accommodate the crowd.

Last Day for West St. John Tenders. Today is the last day for receiving tenders for back-filling and crib work on the retaining wall at West St. John. It is expected that the names of the successful tenderers will be announced shortly by R. C. Desrochers, secretary of the Department of Public Works, Ottawa.

Slight Fire. An alarm was rung in from Box 122 Saturday night at 10.30 for a fire in the upper part of a house owned by Mrs. Phoebe Campbell at 90 Kennedy street and occupied by George W. Anderson. No water was turned on as the chemical was able to cope with the blaze which did not amount to much. The fire is supposed to have been caused by defective wiring and the damage done was slight.

Boy Scouts on a "Hike." Rev. J. V. Young and A. S. M. Black took some twenty Boy Scouts connected with the Mission church troop for a hike as far as the old golf links on Saturday, and had a most instructive and pleasant time. After the boys had endeavored to pass their second class tests they partook of a substantial meal prepared by themselves. The boys returned to their headquarters well pleased with the afternoon's outing.

Meeting to Elect Rector. A meeting of St. Martin's Anglican church, Shediac, will be held tonight to elect a successor to Rev. A. P. Burt, who resigned last March. Among those whose names have been mentioned in connection with the vacancy are Rev. F. Gaskill of Waterford, Kings Co., a native of Grand Manan, and Rev. P. Ellis, formerly attached to St. Luke's church, North End. The legal representative of the parish of Shediac is A. H. Hamilton of this city, whose grandfather founded and endowed it.

MEMBER OF 26TH BATTALION "D.C.M." IN CITY YESTERDAY

How J. W. Roberts, of Chipman, Won Coveted Honor for Conspicuous Bravery in Action—Picked off Hun Sniper and Saved Many Lives.

The Maritime Express, which was over two and a half hours late yesterday, had on board nine returned soldiers. The Returned Soldiers' Reception Committee, of which E. H. Mayes is chairman, was at the depot to greet the men who have done their part in the European war. The boys were conveyed from the station to the discharge point, where they were met by Sgt. Major Lamb, of 107 St. James' street, who was the only St. John man among those who returned yesterday from the battlefields of Europe. He left here with the 26th B. M. R. and has been attached to the Cavalry Training Depot at Shorncliffe ever since going across. He has come home on three months' leave and hopes to be able to go back again at the end of that time. He said that Major Markham was now at Shorncliffe, taking a course and the last time he saw him he was well and looking fit.

He had seen Major McLean and as far as he knew he was at the front again. The others in the party were: Sgt. Rigby, St. Andrews; Private Roberts, Chipman, N. B.; Pte. Cobart, Campbellton; Pte. Dugay, Campbellton; Pte. O'Keefe, McAdam; Pte. Simmons, Fredericton; Pte. Galway, Loggieville; Pte. McDougal, Pictou. Probably the most interesting soldier in the party is Private J. W. Roberts, of Chipman, who has been honored with the Distinguished Conduct Medal for bravery displayed while under fire. A Standard reporter had the pleasure of interviewing him at the Park Hotel and for over an hour in no boastful language did the distinguished and honored soldier of New Brunswick relate the heroism and bravery displayed under the most terrific shell fire by the boys of New Brunswick, the 26th Battalion.

"My God, but it is terrible to feel the spatter of human blood upon your face, but someone has got to do it, so it can't be helped," solemnly spoke the man who has faced death in all its horrors in order to preserve the precepts of the imperial constitution. "Yes, my name is J. W. Roberts, what can I do for you?" was the answer received by the reporter from a man standing 6 ft., 1 inch in height, with broad shoulders, head erect, clean shaven, and hair of a dark grey. "I understand that you received a medal for your bravery on the battlefields, Private Roberts," ventured the reporter. "Oh, that's nothing worth putting

RECRUITING COMMENCES TODAY FOR THE "AMERICAN" BATTALION

Lt.-Colonel Chaplain C. S. Bullock Appointed to Command of 237th—Will Have Headquarters at Halifax—The 132nd to Guard Bridges—Yesterday with Local Soldiers

Major Chaplain C. Seymour Bullock begins today to recruit a battalion to be known as the 237th Battalion for American citizens residing in Quebec, New Brunswick and Nova Scotia. This battalion will give all Americans desirous of entering into the European struggle on the side of the Allies an opportunity to do so without awaiting the long deferred decision of President Wilson.

The headquarters of the battalion will be at Halifax. Major Bullock, who has been acting as chief recruit officer for the American Legion, will be in command, with the rank of lieutenant-colonel.

To Guard Bridges. The members of "A" Company of the 132nd Battalion received word on Wednesday afternoon to prepare for active service. However, it was not to embark for overseas, but to guard the railway and bridges between Miramichi and Beresford. Their instructions have been to halt any person approaching the bridges and if such order is not obeyed to fire.

The 140th. Saturday was quiet in military circles in the city. The morning was spent in regular clean-up work and the boys were granted a half-holiday. A picked team from "A" Company played a like aggregation from "B" Company. The star mountaineer for the "A" nine was Lt. A. W. Thorne, who with the exception of one or two innings, twirled good ball. Captain (Dr.) Malcolm was on the slab for "B" Company and gave his usual satisfaction. The score ended 2-6 in favor of "A" Company. Both teams have some fast material and with a few more work-outs should give a good account of themselves at Fredericton on the 24th.

Sunday morning the Protestant members of "A" and "B" Companies attended divine service at the German street Baptist church under the command of Major A. D. Carter. The brass band paraded the men to and from the church and during the offertory rendered a beautiful selection, which was highly enjoyed by the congregation.

Rev. G. O. Gates, D. D. of Wolfville, preached a forceful and impressive sermon to the boys in khaki, taking for his text, "To Know the Love of Christ Which Passeth All Knowledge," the reverend gentleman said in part: "The love of Christ is as an ocean, shoreless and unbounded. His is such a love that antedates time and stretches far into eternity."

The Siege Battery. The Siege Battery, under the command of Major Allen, attended St. Stephen's Presbyterian church yesterday morning, at which service the

SHEFFIELD ST. HOUSE VISITED BY POLICE AND LIQUOR SUPPLY SEIZED

Margaret Whalen will Face Police Magistrate Today for Violation of Liquor Laws.

For some time the police have had suspicion that liquor was being sold in Margaret Whalen's house at 107 Sheffield street, but were unable to get evidence. Saturday afternoon at three o'clock Detectives Barrett and Briggs made a raid. Entering the house the officers found a soldier in the act of taking a drink of liquor from a glass, while another soldier was searching an upstairs room for liquor. The officers found an array of whiskey and beer glasses, a party filled bottle of whiskey and many empty whiskey and beer bottles. The Whalen woman was out at the time of the raid, but she was not long absent, and when she returned had a large parcel which contained three or four imperial quart bottles full of whiskey. When she saw the detectives she ran into an alley and threw the bottles on the ground, breaking one bottle. She put up a fight with the officers, but with the evidence, was conveyed to police headquarters in the patrol wagon. She is charged with keeping liquor on her premises, also with selling liquor without a license.

HUNT'S STORE WILL NOT OPEN THIS MORNING UNTIL 10 O'CLOCK.

Our stock is in a tumbled up condition after a day's business on Saturday and it will take several hours to get in shape to continue the sale. Therefore we will keep the doors locked this morning until 10 o'clock. After that hour we will be able to handle the crowds no matter how great. Sales continue all this week with bargains just as numerous as on the opening days. Hunt's busy uptown clothing store, 17-19 Charlotte street.

OUTING HATS FOR VICTORIA DAY AT M. R. A.'S.

This first holiday of the summer season will mean for a great many the usual outings, excursions, country trips, etc., which bring forward the subject of hats suitable for the occasion. This firm's millinery salon will have hats in abundance, both trimmed and untrimmed, for ladies, misses' and children's outing wear, and there will also be a display of these hats in one of the King street windows.

We have recently received a long delayed shipment of wrist watches from Switzerland. While these last we can give you unprecedented values. Really reliable watches from \$5.50 up.

Ladies' Gold Filled Bracelet Watches, \$11, \$12, \$14, \$15 and \$20. Ladies' Solid Gold Bracelet Watches, from \$25 to \$50. Allan Gundry, 79 King street.

Horses for Sale. Just arrived two carloads horses. For sale by Edward Hogan, 150 Union street.

Victoria "Wet Wash" Laundry is the best—they cleanse the clothes thoroughly. 2 to 10 Pitt street. Phone 390.

Rev. Gordon Dickie preached. In the evening the ladies of the congregation entertained the soldiers to a concert and luncheon in the Sunday school room, which was enjoyed by all.

Concert in Y. M. C. A., West Side. The members of the 140th Battalion stationed at West St. John, were entertained at the Y. M. C. A. room that evening by a number of young ladies. The presence of such a profuse supply of talent did not necessitate a set programme and each party called upon and performed his part willingly. A. H. Mitchell was in charge.

Strips of Khaki. Major F. B. Young, officer commanding D company of the 140th Battalion, stationed at Fredericton, spent the weekend in St. John. He reports D company in fine condition and terms the members an excellent class of men.

Captain W. H. Teed, officer commanding C company at Fredericton is in the city. Captain A. Crichton has been ordered to leave St. John and report at Rockville, Ottawa, to take a course in musketry.

Private J. Benson, Ralston, of the 26th Battalion underwent a successful operation for appendicitis at the Victoria Hospital in Fredericton. Private Benson was invalided home from England.

B company of the 193rd Battalion will be leaving Amherst for Aldershot on the 29th of May.

Lieut. Edward Cronin arrived in the city on Saturday.

Sgt. A. F. LeBlanc, 165th Battalion, has been promoted to the rank of Battalion Sergeant-Major.

Nurse McKenzie, of the St. Francis Xavier Hospital Unit is spending a few days with her parents at the Joscine Mines. Lieut.-Col. L. H. Beer will be back in the city today. The French-Canadian Band Fund has now reached \$900.

Going Fishing Next Wednesday? It's the 24th, Remember! You've no time to spare in making ready—better take this evening to look through your Fishing Tackle and see "how you're fixed" for Reels, Flies, Rods, Fly Cases, Bait Boxes, etc. In the Anglers' Supply Section of our sporting department you'll find a complete range of Bristol Steel Rods, Forest's Trout and Salmon Flies, Malloch's Salmon Reels, Fly Boxes, Trout Reels, also a full line of Anglers' Requisites from other reliable makers.
