BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

FERGUSON'S

COUNCIL MEETING ON TUESDAY EVENING

Police and License Committee
Bring in Report on Charges
Against Chief Hughes

A meeting of the Town Council was held in the Council Chambers on Tuesday evening. His Worship Mayor Andrew presiding. Councillors present were Messrs. MacLean, Alexander, Evans, Quinn, Patterson, Miller and Goss.
Owing to the great heat and the probabilities of a large amount of debate the meeting was opened in the form of an "Al fresco" gathering, some of the fathers tackling the business of the evening minus their coats.
The minutes of the previous meeting was then read and confirmed.
Communication read from Mr. Joseph Boudreau asking the permission of the Council to lay a pipe under the side walk at his building to connect with a gasoline tank for the supply of gasoline.
Councillors Patterson, Goss, MacLean and Alexander spoke on the matter, and after discussion it was agreed to grant this permission, a proper agreement to be drawn up by the Town Solicitor.

A communication was received from the Berlin Board of Trade with regard to fire losses in Canada. This letter was accompanied by a lengthy resolution setting forth the necessity of the Board of Conservation opening up a special department to deal with the matter of fire prevention in Canada. On motion the resolution was adopted.
Communication read from F. Renault with regard to assessment on his property on McMillan Avenue. This was referred to Assessment and Appeals Committee.

The following reports of Committees recommending payment of accounts were then read and adopted:
Fire Protection \$252.33
Finance 232.45
Public Charities 90.00
Public Property and Streets 390.59
Police and License 186.72
Water and Sewerage 162.99
Electric Light 792.11
With regard to the last report the manager, Mr. Farrer, was to be instructed to have his accounts rendered in better time.

Councillor Evans from Police and License Committee presented a report recommending that J. A. Allard be granted a license for a shoe repairing establishment on payment of \$10.00. Report received and adopted.
Councillor Evans from the same committee also reported that a meeting of the Police and License Committee held in the Town Chambers on the third day of August, 1915, to consider certain charges made by J. Isaac Boudreau in reference to Charles W. Hughes, Chief of Police in aid for the Town of Campbellton, which had been submitted to us by the Town Council for the purpose of investigation. We were there advised by the Town Solicitor that without special legislation we did not have the authority to hold an investigation to deal with the matter, but refer it back to the Council. This report was received and adopted.

Councillor Patterson from the committee appointed to deal with the matter of renting the Murray Building, reported that Mrs. Murray was at present out of town, and her agent, Mr. M. A. Kelly would take up the matter with her at the earliest possible moment.
Councillor Patterson also stated that he had a request from Mr. H. S. Alexander to rent both or one of the stores in the Murray Building, and brought the matter before the Council for their opinion. Mr. Alexander offered \$35 per month for the two stores. In the discussion on this proposition it was felt that the Women's Institute, who were doing Red Cross work, could not be shifted from their premises, and the other store had been but recently rented, and it was resolved that the chairman of the Public Property and Streets committee be instructed to inform Mr. Alexander that the stores were not to let.

In reply to a question by Councillor Goss regarding dusty streets, Councillor Patterson said that the Streets department were busy on road work at Ward III and had been for the last six weeks, but every spare minute he could use the horse he had instructed the Street Commissioner to use the sprinkler. To give proper satisfaction however, Councillor Patterson stated that it would take three sprinklers working all the time to do the town work properly, for if the sprinkler started at the east end of the town, by the time it got to the west end, one would never know the cart had been out at all. It was thereupon resolved that the Public Property and Streets Committee procure prices on a gasoline motor sprinkler and report to Council.

Councillor Miller brought up the matter of the disputed cutting of logs in which Mr. A. F. Chamberlain is interested, he claiming that the town cut lumber on his farm near Lily Lake. This matter was all thrashed out

RECRUITING HERE STILL KEEPS GOOD

Other Twenty Men Have Enlisted for Overseas Service.—
Bright Outlook for More

Notwithstanding the fact that word was received that the 55th Battalion had received their full quota of recruits, enlisting for overseas service still continues good here. Recruiting was a little slower last week than previously, but among the volunteers, six were turned down on the medical examination. With all that, however, we have to record the names of 20, who have been accepted for both the 55th and 64th Regiments.
These men have now gone to Sussex, their names being:
Joseph Shepperd, Leicester, Eng.
William Dobson, Campbellton.
Andrew Fitzgerald, Campbellton.
Donald Chambers, Campbellton.
Howard Steeves, Campbellton.
Vital Hennigar, Dawsonville.
Peter Felix, Dawsonville.
John F. Moore, Campbellton.
George Adams, Campbellton.
William Major, Hopetown.
Simon Lavigne, Bathurst.
Fred McDonald, Shannonvale.
Robert McConnell, Eel River.
Abel Beckingham, Eel River.
Wesley Hamilton, Eel River.
George Golden, Eel River.
John Golden, Eel River.
Duncan McDonald, Eel River.
Gilchrist McDonald, Shannonvale.

CAMPBELLTON HAS SPLENDID SHOWING

Northern Jack Owned by Bruce
McBeath Takes First Prize
at Moncton

Campbellton horses made a splendid showing at Moncton Labor Day, when Northern Jack owned by R. Bruce McBeath took away first money in the 230 class, W. H. Gray's "Simon" being a good third. The Moncton Times has the following of the day's sport.
The horse races which were held Monday afternoon on the Moncton Speedway for the purpose of raising money for a machine gun, were well attended. It was estimated that 1500 people were in attendance. Visitors from all parts were in evidence. Automobiles, teams, etc., lined the fence from the entrance to these tables, the owners and friends getting a good view of the races from their seats. The grand stand was packed to the utmost. The weather was all that could be desired; a strong wind blowing kept the atmosphere cool. The city watering carts made a few rounds of the track and laid a good sprinkling of water which kept down the dust. The Citizens' Band was in attendance and rendered a number of selections which were greatly enjoyed. A number of the fair sex, who had the cause of heart, worked hard and diligently selling peanuts, ice-cream, etc., and met with great success. The refreshment booth under the grand stand was cleaned out in quick time.
At two o'clock Sheriff Willett, the starter, called the horses for the Free-for-All to the wire. The different races produced some exciting throng of spectators guessing as to the results, so close did the horses keep together. The result of the races with the contestants are given below:
The summary of the different races will be found below:

Coquette, Thos. Euter,	Amherst, N. S.	1	2	1	4

HEBREW NEW YEAR HAS COMMENCED

The First Day of the Seventh Month Marks the Opening of Jewish Celebration

Commencing at sunset Wednesday and lasting until sundown Friday, Jews the world over will celebrate the Hebrew New Year, called Rosh Hashanah. While orthodox Hebrews usually celebrate two days, reform Jews as a rule only observe one.
The Jewish New Year is not celebrated on the first day of the first month of the Hebrew calendar, but on the first day of the seventh month of the year, says an Exchange. The first month is called Nisan, and the seventh traditional in the Jewish calendar, although, in accordance with Biblical precept, the first day of Nisan should be observed as New Year's Day.
The Hebrew, however, has a profound respect for the figure seven, and it is believed to be the reason for the choosing of the first day of the seventh month as the beginning of the New Year. The seventh day of the week is chosen as the Sabbath by the Jews, the seventh year is called the Sabbath year, and seven Sabbath years make a Jubilee. With the New Year commences the Ten Days of Penitence, finishing up with the Day of Atonement on the tenth day, the most sacred Jewish Festival. On this day practically every Jew abstains from partaking of any food or drink.
New Year is also considered a very sacred festival, and few Jews work. Special services are held in the synagogues while feasts are held in the homes.

SINGULAR MISHAP TO YOUNG OFFICER

Lieut. Barry, Stopping to Drink at Spring, Injured by Own Revolver

On Thursday night, Sept. 2nd, Lieut. A. B. Barry of the Wireless Station, Newcastle, was doing orderly officer duty. About 2.30 a. m. on Sept. 3rd, stopped at a spring to take a drink of water, where he had to lie down to do so. Just as he was about to get up, a 38 Calibre revolver which he had in his right coat pocket accidentally discharged, the bullet entering his right arm just above the wrist and coming out between the elbow and shoulder. It then entered the chin and followed along the right jaw and lodged by the right ear. A sentry happened to be close enough to hear the report and ran to Lieut. Barry's assistance, escorting him to the Barracks. The injured officer was weak from the loss of blood, but the quick response of Dr. Park saved his life. The bullet was at once extracted and he is resting as well as can be expected. Lieut. Barry had received his appointment to the 55th Battalion, C. E. F. and expected to report in a day or two, but he will probably be laid up about a couple of months.

Old Councillors Defeated in Two Parishes.—Full List of New Councillors

The County Council elections were held on Tuesday and the returns resulted in the overthrow of three old Councillors, Messrs. John Dickie, Murdoch Firth and A. C. Levesque, who lost in Dalhousie, Eldon and Grimmer parishes respectively. The successful candidates were:
Dalhousie—Lawlor and Murchie.
Coleborne—McLean and Giroux.
Dalhousie—Arseneau and Golden.
Balmoral—Bernard and Diotte.
Eldon—Thomas and Copeland.
Grimmer—Lynch and Peters.
Addington—Harquail and Gillies.
These with representatives from Campbellton and Dalhousie will compose the new County Council.
Tom Anichile, Mr. Mann, Moncton 2 2 2
Corra, P. B. F. Myles, 3 8 3
Moncton 1.19, 1.19, 1.18.
The judges performed their duties to the satisfaction of everyone. Those who acted as judges were Dr. Calkin, Sackville; Ald. Toombs, Moncton, and Geo. Wallace, Pictou, N. S. Sheriff Willett was the starter, and he handled the races well. The timers were D. W. Wilbur, Moncton; A. W. Dickson, Sackville, and W. E. Lawrence, Dorchester. Clerk of the course, P. A. Belliveau.

LETTER FROM FIRST CONTINGENT SOLDIER

Sgt. Major R. S. Young Says the Graphic is Like Getting Letters From Home

Mr. H. B. Anslow of the Graphic is in receipt of an interesting letter from Sergeant Major R. S. Young, who is with the first Canadian Contingent, now fighting somewhere in France.

August 21st, 1915.
Mr. H. B. Anslow.

Dear Sir,
I have been receiving copies of the Graphic regularly of late and have appreciated them very much, as has several other fellows out here, one especially, Sergeant McLellan, whose father H. H. McLellan is connected with the Railway Commission in N. B. Sergeant McLellan is on the Postal Staff of 3rd Canadian Infantry Brigade Headquarters, and there are so many items of interest in the Graphic from all the coast towns, that it is really like getting letters from home. Things have been very quiet along our immediate front for some time past, and beyond occasional artillery duels, which as far as the German guns are concerned are usually without effect. Quite a frequent sight however, is an aeroplane due in mid air. Our periplanes practically go and come, and do their reconnoitering without anything more than being shelled and I have seen hundreds of shells bursting around an aeroplane without doing any damage. It is a most difficult thing to hit an aeroplane with shell fire when it is several thousand feet in the air and travelling 60 or 70 miles an hour, and when in the air and within range of shell fire, they usually take a zig zag course which still more increases the difficulty of getting anything like a definite aim at them. On a bright clear day with blue sky, our chaps will fly most unconcernedly right over the German lines straight (as it seems to us) into clouds of little black and white fluffy balls of smoke, which represent bursting shells way up in the air, and we fairly hold our breath as a shell will burst right under or over the machine, but it really is further away from them than it looks to us. But let a German plane cross our lines and he is immediately greeted with the popping of our anti aircraft guns and in a few moments you'll see one of our planes heading straight for the "Allemand", who as a rule does not stop to argue the point, but turns tail and beats it for his own lines as hard as he can. There are always a few casualties among the men in the trenches, for their snipers are always on the alert same as our own, and they generally get some point of vantage, such as a tall tree or an old ruined house, and with the aid of telescopic sights on their rifles keep up an incessant sniping on every moving object they see, and as there is usually some incautious or fool hardy chap who likes to take a peep over the parapet, he generally gets killed or badly wounded usually in the head. Our six months out here, however, has had the effect of teaching us that one live man is worth a good many dead ones. This last week or two has been very wet and rainy, which makes it more or less uncomfortable in the trenches, but a more cheerful or optimistic body of men than the British Army under all conditions it is impossible to find anywhere in the world. Naturally in a low lying country like this, and with such a number of troops, much sickness is to be expected, but thanks to the admirable sanitary system and good food, and out of door sleeping, and plenty of exercise, cases of illness are practically unknown. One thing at the present time, which is much appreciated, is the fact that a number of the original contingent is getting a weeks leave in England, and everyone is looking forward eagerly for their turn to come. As far as I am concerned, my anticipation has given place to pleasant reminiscences, for I have had my holidays, and a week in England is certainly appreciated after 6 months at the front, though I think I would gladly have waited another year, providing I had been given time to allow me to spend that week in Canada. One thing which is very much appreciated is the excellency of the mail service, and I have had a letter delivered to me at the front in Bol. gium, 11 days after it had been posted in Winnipeg, and the way we look for the mail to come in, you would really think we were expecting to see some of our friends in reality. Well as there is really nothing of much importance to relate at the present time, I must close, thanking you very much for the copies of the Graphic which I have received.
Yours truly
R. S. YOUNG,
Sergeant Major R. S. Young,
3rd Infantry Brigade Headquarters,
1st Canadian Contingent,
B. E. Force France.

NEWS OF LOCAL BOYS
FROM PTE. GILKER

Mrs. John Gilker of New Carlisle
Has Interesting Letter From
Her Son in the 26th.

Mrs. John Gilker of New Carlisle has received the following letter from her son who is in East Samling camp. In it he speaks of meeting local boys, who are well and the letter will be interesting to many here. Pte. Gilker is with the 26th Battalion. The letter follows:—

East Sandling,
Kent Co., Eng.,
Aug. 10th, 1915.

Dear Mother:

Just a few lines to let you know we are all safe in dear old England yet, but expect to go to the trenches before long. We have been so busy since we came over that we scarcely get time to write, these last few weeks we have practised Range shooting, trench digging and also some very hard drill, they are certainly doing their best to make soldiers of us.

It is very quiet here where we are camped. We are about 3 miles from the nearest town, so we don't visit town any often than necessary. The weather is very warm and showery here at present; we have rain every day.

Mother! if you could only see all the troops here, there are about fifty thousand camped around. Aerial Corps, Army Service Infantry, Cavalry and Cycle Corps, everything in the shape of soldiers.

Collin and I are going to make our first trip to London next week, we expect to see Leicester Square, but I guess "It's a long way to Tipperary" alright!

We see lots of fellows from home that we know. Who should come into my hut the other day but Byron Ferguson from Campbellton, he had come from the firing line two weeks ago, slightly wounded, had been through all that fighting at Ypres, and is going back to the trenches very soon again, he was mighty glad to see someone he knew. Also saw Percy Baker from Matapedia, Alma Bissin and Harold LeGallais from Paspébiac.

Mother, you don't get the war news home like we do here. We see fellows "Kup Aaaa soupoun au go no 124" The hospital where they bring the wounded Canadians is quite close to where we are camped. Edgar, Lionel and I were there the other day to see Dr. Gordon Stewart from Dalhousie. He was very badly wounded and is going home soon. He says he is going down to New Carlisle to see you all when he goes home.

I will have to close as its growing dark and we don't use lights, we might get a bunch of lead and shrapnel for breakfast; there isn't a light to be seen in England at night.

Well mother, don't worry about us, we are alright and having a good time. Goodbye and write soon.

Your loving son,
CHARLIE J. GILKER,
No. 69869 A Co., No. 3 Batt.,
26th N. B. Battalion,
East Sandling,
Kent Co., England.

It is stated that the Borden Government is not disposed to consent to a coalition in Canada. Who asked it to do so?

BROTHERS' BABES
ARE DEATH'S PREY

Caldwell Families Suffer Bereavement; Fathers Brothers, Mothers Sisters

(From American Paper)
Two bright children, one Francis James, youngest child of Mr. and Mrs. A. W. Caldwell, and Dorothy Hazel, the only child of Mr. and Mrs. Andrew Caldwell, lie dead at the home of Mr. and Mrs. Andrew Caldwell, 214 North C street, and a double funeral will take place tomorrow afternoon at 3 o'clock.

The children, whose illness in each case was brief and the cause cholera infantum, rest in little white coffins and in dainty white suits and seem to be merely sound asleep. The boy, who was 2 years and 7 months old was born in this city, and the girl, who was born in Canada while the mother was visiting in that country, was only a few days younger than the boy. The father of the children are brothers and the mothers are sisters. The boy died Saturday evening at 9 o'clock and the girl at 6:15 o'clock last evening. The boy was ill four days and the girl a week. Mr. and Mrs. A. W. Caldwell suffered a previous affliction in the destruction of their home, 112 North C streets by fire a few weeks ago.

The above was sent in from Aberdeen, Washington. The Caldwell brothers were formerly of New Carlisle and are sons of Captain James Caldwell. Their wives are daughters of Mr. Donald Anderson of New Carlisle. The sorrowing parents have the sympathy of the entire community in their bereavement.

NEW POST OFFICE
(From the Gloucester Northern Light)
"East Bathurst is the name of a new post office opened last Wednesday at the junction of the Caraque and Miramichi roads on the east side of the Nepisiguit bridge. Mr. T. A. Baldwin has been appointed postmaster, and the office is situated in his store at the point previously mentioned. The building of the pulp mill and the enlargement of the Nepisiguit mill of the Bathurst Lumber Co. has resulted in a very much increased population in that vicinity and the post office is a move on the part of the postal authorities that will be very much appreciated by the residents of East Bathurst."

JOINT TEACHERS' INSTITUTE MEETS HERE
Thursday and Friday, Sept. 23rd and 24th, have been chosen as the dates on which the combined Teachers' Institutes of Restigouche, Gloucester and Northumberland Counties will convene at Bathurst. Fully 200 teachers will be in attendance, and the programme being prepared is probably the most interesting that has been arranged for in years.

There is likely to be some difficulty in accommodating such a large number of visitors at one time, so it would be very much to the credit of the town and would add greatly to its reputation for hospitality, if private houses are thrown open to the visitors so that all may be provided with comfortable shelter during their stay.

This gathering will mean a good deal to the town, and as in the past, it is to be hoped that the citizens will rise to the occasion, and give the teachers a welcome they will never forget.

HALIFAX EXHIBITION
SEPT. 8 TO 16.
Special Fares Via Canadian Government Railways

Round trip tickets will be sold, plus 25c for admission coupon, from all stations in New Brunswick at first class one way fare, good going Sept. 7, 9, 14, good for return until September 17th.

CONCERT AT MATAPEDIA
We understand that Miss DeCorrevont and Miss Ferguson purpose giving one of their popular concerts at Matapedia on Friday evening at eight o'clock, September 17th. We have every reason to believe this concert will prove most enjoyable.

A MEDAL WINNER
Miss Isabel McNichol, daughter of Dr. McNichol, of Campbellton, is receiving congratulations on winning the governor's medal, having made the second highest marks in the province. Miss McNichol was a pupil of Miss M. M. Mitchell, St. John. Miss McNichol's pupils have won the medal on the last three years, always being among the highest in the province.

MEETING OF CREDITORS
Chatham World. There was a meeting of the creditors of M. L. H. Russell, Loggieville, on Friday, at Newcastle, when Hon. L. J. Tweedie and Mr. Thos. Malby were appointed inspectors and Messrs. O'Brien, Bisset, and Thos. Malby were appointed liquidators. The debts amount to about \$5,000 and the real estate and stock to something more than that amount. A warrant for \$500 issued at the suit of the A. & R. Loggie Co. compelled the assignment.

FOR THE 55TH.
On Tuesday morning, at Newcastle, ten of the wireless garbians—Corps. M. Amos, Beverly Barron and Colin L. Loggie and Privates J. A. Barry, E. J. Driften, Robt. Green, J. Braynon, A. J. Peasley, Ray Travers and T. St. Onge—left for Sussex to join the 55th. They were given a royal sendoff at a smoker by the military and the Citizens' Band Monday night and by the band and citizens at the station Tuesday.

BAIN-MORRISON
The marriage took place at the residence of Mr. Walter C. Smith, Claire Fontaine street, yesterday afternoon, of Miss Ada A. Morrison, daughter of the late Mr. Robert Morrison, in his lifetime barrister at Sussex, N. B., and Corporal J. Alexander Bain, of the Signal Corps, Fifty-Fifth Battalion, C. E. F., now training at Valcartier camp. The ceremony was performed by Rev. S. T. Martin, pastor of Chalmers' Church. The marriage was witnessed only by the immediate friends of the contracting parties—Quebec Telegraph. Mr. and Mrs. J. A. Bain are now at Charlie Station visiting their parents before returning to Valcartier.

ILLEGAL SELLING
The police have been active the last few days with regard to illegal selling of liquor on Sundays. They are determined to stop the practise and a number of cases will shortly be heard before the courts.

TAKES WHITE VEIL
Miss Irene McInerney, St. John, Miss Kathleen McIntyre, Campbellton, and Miss Frances Murdoch, of Chatham, daughter of R. A. Murdoch, took the white veil at Chatham last Thursday.

QUARANTINED
Owing to a slight case of diphtheria developing on one of the children, Mr. and Mrs. C. S. O. Crockett's home was quarantined for a few days this week. Mr. Crockett closed his office on Wednesday, but will be open today as usual for business.

CONFERRED WITH PREMIER
Frederick Gleaner, Mr. F. C. Beattie, of Stetson-Cutler Company; Mr. F. E. Sayre, of Sayre & Holly, and Mr. Angus McLean of the Bathurst Lumber Company, had a conference here with Premier Clarke on crown timber lands matters on Friday night.

STREET ACCIDENT
Young John Alexander, a son of Mr. Ed. Alexander met with a peculiar accident on Tuesday, when he fell with his bicycle from the sidewalk opposite Wran's Drug store, breaking his arm. He was picked up by his father and carried home, never a whimper passing his lips.

FIRE IN DWELLING-HOUSE
On Tuesday afternoon fire broke out in the dwelling house on Dufferin street occupied by Mr. Wm. R. McMillan. The flames secured a good hold before the arrival of the brigade and although the outside walls were left standing, the house was completely gutted. The loss will be heavy as none of the furniture was saved.

MARRIED AT NEW MILLS
A very pretty marriage was solemnized by the Rev. Mr. Jobb, pastor of the Presbyterian church in New Mills, Wednesday, Sept. 1st, when Mr. Edward M. Anderson, youngest son of Mrs. Isabella Anderson of Belledune River, was united in marriage to Miss Edith M. Nichol, daughter of Mrs. Mary Nichol of New Mills.

CORRECTION
In last week's issue the big game season was said to open on September 1st. This was a typographical error as this date alludes only to Quebec Province. The opening date of the season in New Brunswick is Sept. 15th, and licenses will be handled as before by Mr. Wm. Gremley.

CHEERING NEWS
Mrs. Thomas Malcolm is in receipt of a letter from the mother of the Commanding officer (Col. Harvey) of the regiment that her two sons, Ross and Bevel, are attached to. In his particulars are given of the review of this regiment by King George, who said without exception this was the finest body of men he had seen parading. Every man in the regiment is six feet and over, the Colonel being the shortest of the lot and he is 5 feet nine. The letter stated that the boys would be by this time in the trenches.

DIED
At Athol, Thursday, Aug. 26th, Mary Catherine, beloved wife of Augustus Beaudrea, in her 23rd year. Although in poor health for some time her death was entirely unexpected, and was a great shock to her many friends. She leaves to mourn their loss, besides her sorrowing husband, one son 2 years old and an infant daughter; one sister, Jessie, at home, and one brother Lawrence, in Hotel Dieu Hospital at present, just recovering from typhoid fever. The funeral was held Sunday afternoon at 2.30, from her old home in Glenoe and was largely attended by men, women and children, showing to some extent the great esteem in which she was held by all. The interment was made in Glenelg. Reverend Father Lanteigne preached the funeral service. The pall bearers were George Mahoney, Jack Mahoney, Harry Gerrard and Louis Arseneau, all cousins of the deceased.

VISITING PRIEST
(From the Gloucester Northern Light)
Among the visitors to Petit Rocher, this week is Rev. Father Carter, of St. John's, Newfoundland. He will be the guest of his uncle, Rev. John Carter, pastor of the Catholic church at Petit Rocher, N. B. The young priest is a son of Mr. Edward Carter, a native of Newcastle, but who now resides in St. John's, Nfld. Father Carter has been studying for the past six years at Rome, and was ordained there in the month of May. He has since been visiting various parts of Italy, France and England.

convinced that their dependents will be adequately looked after in their absence one of the chief obstacles to their enlistment will have been removed. We always have felt that a large part of the money which has been donated for the purchase of machine guns should have been devoted by the donors to the Patriotic and Red Cross Funds. The government has all the money it needs for armament purposes. If it has not it would be pertinent to inquire where the millions authorized by Parliament had gone. We should remember, moreover, that no matter how many guns are subscribed for publicly the military authorities will use them when, where and how they deem best according to military needs, irrespective of the wishes of the contributors. In any event, whatever may be the response to other services, the Patriotic Fund should be supported with continuous liberality.

TOO MUCH POLITICS
There is probably more truth than poetry in Premier Clark's statement that there is too much politics in the public life of this province. There is so much politics—or what passes for politics—in our public life, that many self-respecting men prefer to keep out of it, and in this way the community is robbed of the services of many able citizens. No matter how honest or well meaning a man may be, and no matter how faithfully he may have carried out his public duties, there are seldom wanting some individuals who have nothing but abuse for all his efforts. There are of course some men who go into public life deliberately for what there is in it for their own personal advantage, but as long as the pursuit of this advantage does not conflict with the proper performance of their public duties, no harm is done. But the difficulty of serving two masters is as great today as it was 2000 years ago, and if it happens that a man does not want anything for himself, he usually has a host of friends who want something, and then the game begins.

A man who gives his time and services for the public benefit is entitled to expect better treatment than to have his motives impugned by every one who does not see eye to eye with him. There are very few matters in which there is not room for two opinions, and the public man who is able to steer an independent course has every reason to congratulate himself.—Commercial.

SOMETHING NEW
Warrants have been issued for the arrest of the Ex-Premier and three other late ministers of Manitoba for conspiring to defraud the provincial treasury. This course is something new in the political life of Canada, and drastic though it may be, it is certainly a step in the right direction. It indicates, or at any rate seems to indicate, a determination to make justice and law synonymous. The country has had enough and more than enough of the growing tendency to appoint white-washing commissions with no power, and in too many cases, no will to order prosecutions. People are losing confidence in these quasi-legal tribunals and are saying they could do with less law and more justice.—Commercial.

As a factor of fixing wages the New York Board of Estimate has made a careful investigation into the cost of maintaining an unskilled laborer's family in that city. This cost has been found to be \$840 a year, or about \$2.75 a day, which will be recommended as the salary to be paid in the Street Cleaning Department.

Lightning struck the Elks' Home in Escanaba, Mich., ran down the wires to the meter in the dining-room and began to shoot sparks out of the meter. An empty wooden chair containing no metal which was below the meter began to rock back and forth, and continued to do so for 28 minutes.

A Bowdoinham, Me., girl was warming the room an tried to put into the stove a piece of wood. It proved to be too big for the stove door, so she turned it over and then noticed a half-burned fuse hanging from an aner hole. She put the wood aside and later discovered that it contained a stick of dynamite.

The will of Mrs. Martha E. Allen, a wealthy business woman of Wampun, Pa., has been probated. It bequeaths her entire estate, valued at more than \$100,000, to her daughter, Blanche. Mrs. Allen had always been opposed to her daughter marrying, and a clause in the will directs that the estate shall be divided among the testator's sons if the young woman wed.

To buy all or any part of the cotton crop of 1915 at ten cents a pound, delivered anywhere, and to pay for it in British consols at 95, was the offer made by the Virginia-Carolina Cattle Association and displaced interests through the president of the association, Mr. B. Frank Mehans, banker, cotton mill owner and builder, of the town of Spray, N. C.

C. J. Beck, of Hastings, Mich., claims to have out-Waltoned Isaac Walton by catching two fish with the same bait. While casting in Long Lake Beck's bait dropped among some weeds, and two black bass seized it at the same time and fought savagely until the delighted fishermen landed them.

Peaches were so cheap in New York on Thursday last that it is no longer a compliment to be called one. Imagine a fine crate of the blushing beauties containing six supposedly four quart baskets each offered at from 75 cents to \$1.00 a crate. Each of the baskets contains from twenty to forty peaches, according to size, and that means that the individual peach may be obtained almost for the asking.

That was rather a striking statement Sir Herbert Ames made when he told the people of New Brunswick that by the end of September, every dollar contributed in this Province to the Canadian Patriotic Fund will have been returned and they will be drawing on the central fund for the relief of the families of their soldiers. A good deal can be accomplished in a month however, and when the above fact has been thoroughly impressed upon the people of New Brunswick, a generous response may be expected.

DIVER'S WORK IS VERY DANGEROUS ONE
Man Who Goes Into the Deep Takes His Life in His Hands
The average person is well acquainted with the fact that a diver's calling is not a very safe one as far as life is concerned. He goes into the deep, never knowing whether he will come up again alive. This fact has never been better illustrated than by the testimonies which are being given in the Admiralty Court in connection with the case of the Canadian Salvage Company and the underwriters in connection with the recovery of 251 bars of silver which were recovered from the R.M.S. Empress of Ireland.

The Royal Canadian Regiment of Halifax, N. S., which has been doing garrison duty at Bermuda since the war broke out, returned to Halifax, August 20th. They took on supplies and sailed direct to the Dardanelles. There were only 14 out of 1100 men who did not volunteer to go, and these had family reasons for not going. The Royal Canadian Regiment is Canada's Crack Regiment and will no doubt give a good account of itself when it is stacked up against the enemy.

BIG HOSPITAL CONTRACTS ARE AWARDED
To Be in First Class Style and Whole Building to Cost Over \$40,000
The contract for the plumbing and heating of the Miramichi Hospital has been awarded to Sumner Co., Moncton and involves an expenditure of over \$10,000. Fixtures of a most up to date kind are being installed. The contract for the roofing and ventilating system has been awarded to J. E. Wilson, Ltd., St. John. Materials of the very best made are to be utilized in connection with this contract. Sumner and Co. and Messrs. Wilson are firms of excellent standing and have the reputation of turning out excellent work, which will be in keeping with the other work of the building. It is now estimated that the cost of the hospital will exceed \$40,000. The citizens of Northumberland County and Newcastle in particular, have reason to congratulate themselves on the acquisition of such an important institution, which has been made possible by the bounty of a well known citizen of the Miramichi.—Advocate.

THE HISTORY OF OUR FLAG

Amy Chester writes in The Montreal News: A friend of this page sends the following interesting letter which is so full of information that it is well worth preserving:

I read with much interest, he writes, your article of the Union Jack. May I be permitted to offer for the benefit of your readers a few particulars of its history?

The Union Jack is, as you have said, a combination of the crosses of St. George, St. Andrew and St. Patrick, although the last named cannot be traced as a strictly national ensign until the union of the kingdoms in 1801.

The red cross of St. George on a white ground was the old flag of England, and was embroidered on the jackets or "jacks" of the English soldiers during the Crusades. From this say some, is derived the term "Jack" as applied to the flag.

There is now, of course, no separate flag for England, but this same old flag is symbolical of the presence on board ship of a British Admiral. If it has one red ball in the upper corner nearest the staff it is the flag of a Vice Admiral. The flag of a Rear Admiral has a second red ball in the lower corner nearest the staff. A Commodore of the 1st Class flies the same flag as an Admiral excepting that it is cut at the end furthest from the staff, like a swallow's tail and tapers slightly from the staff outwards. This flag is termed a "pendant" in the Royal Navy. When it has one red ball in the upper corner nearest the staff, it denotes a Commodore of the 2nd Class.

In 1606 a proclamation of James I. of England ordered that all subjects of both North and South Britain should fly from their mainmast the crosses of St. George and St. Andrew conjoined. The cross of St. Andrew was the old Scottish flag, when Scotland fought under the patronage of its Patron Saint, as England did under that of St. George. This Scottish flag consisted of a white diagonal cross on a blue ground. The combined crosses formed the first Union Jack.

The proclamation of James I. applied to ships only, but was not confined to ships of war. It was not until 1707 that sanction was given to fly this flag on land as well as on sea.

The Jack continued to have the same appearance until 1801, when the cross of St. Patrick was introduced. This is a red diagonal flag on a white ground.

The Union Jack hoisted at the mast

head of a man of war signifies the presence of an Admiral of the Fleet, and if surrounded by a white border it is the signal for a pilot. This form is the only one in which a merchant ship is allowed to fly the Union Jack, for at sea it is the exclusive right of the Royal Navy and flies at the jack-staff of every ship at war.

In addition to the "Jack", every man-of-war flies on the ensign staff (on the quarter deck) or at the peak, the white ensign. This is the cross of St. George, having in the upper corner nearest the staff the same device as is contained in the Union Jack.

Any ship commanded by a retired Naval officer or by an officer of the Royal Naval Reserve in which ten sailors of the Naval Reserve are serving is entitled to fly a blue flag with the "Union" in the upper corner nearest the staff. This flag is the blue ensign. Royal Yacht Clubs have the same privilege, but only the Royal Yacht Squadron may fly the white ensign.

A red flag with the "Union" in the upper corner nearest the staff is typical of the Merchant Marine, and is called the red ensign.

Government vessels, not men of war, fly the blue ensign, and in Canada the arms of the four senior provinces appear in the "fly"—the part of the flag furthest from the staff. The Mercantile Marine of Canada fly a red ensign with similar arms in the fly, and I wish to point out that this is not, contrary to the usual conception, the national flag of Canada, and should never be flown on shore. The Union Jack is the only flag to be used on shore.

Ships of the Canadian Navy in commission fly the white ensign at the ensign staff or at the peak, but on the jack staff in the bow, they fly the blue ensign as designed for Canada.

The Union Jack with the approved badge of the Dominion or Colony emblazoned in its centre on a white shield surmounted by a green garland is used by Governors, Lieutenant-Governors or other officers administering the Government when embarked in a boat or vessel. The garland consists in the case of Canada of maple leaves, in the case of New Zealand of fern leaves, and in other cases of laurel leaves.

The present Governor General of Canada, being a member of the Royal Family, flies the Royal Banner (commonly called the Royal Standard), with distinguished marks.

"MOVIES" IN THE SCHOOLS

(Winnipeg Free Press.)

By adding the moving picture machine to its existing educational agencies, the Winnipeg School Board has enhanced its situation for steady progress. It has long been obvious that the moving picture machine has immense educational possibilities. And we, in Winnipeg, have at length enrolled this wonderful invention in the service of the school. The Board has wisely bought the best machine on the market, and expects at an early date to give it a definite and permanent place in the school curriculum. In the teaching of geography and natural science the possibilities of the moving picture machine are particularly great.

For the preliminary operations of the machine, the excellent idea has been hit upon of having university

professors give a series of five evening illustrated lectures in different schools of the city. The moving pictures, combined with the lectures, give promise of interesting, instructive evenings. In itself the securing of the service of university professors as popular lecturers in the public school buildings is a splendid development on the part of the Board.

Amongst the films which are to be shown at the preliminary operations are Canadian "travelogues" and scenes from some of the chief industries of the world, such as processes in cotton, silk and woolen manufacture. The Board, it need hardly be said, will be guided in its selection of subjects almost entirely by their educational value. The cheap and tawdry films shown in some of the moving picture houses will be conspicuous by their absence from the School Board's repertoire.

The decision of the Board to invite the parents of the children and the general public to witness the first operations of the machine and enjoy the illustrated lectures of the professors is worthy of special commendation. It is an excellent illustration of the many ways in which the school buildings, the citizens' property, can be turned to the enrichment of the adult life of the city. We ought to have begun long ago to make a fuller use of our school buildings, but let us rejoice

The western crop is practically safe. It is the most valuable ever reaped north of the forty-ninth parallel.

Germany has felt it necessary to apologize to Denmark, Sweden and the United States for "mistakes" in submarine attacks or unarmed merchant ships. This is no guarantee that such "mistakes" will not be repeated.

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headache, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness. I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicine the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. Mary Johnston, 120 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes. Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. Houshopper, R. No. 3, Ephrata, Pa.

If you need special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be answered, ready or not, by a woman and held in strict confidence.

Miss Alice Miller, who has been visiting friends here for the past month, left on Tuesday.

Mrs. J. H. Kelly and daughter Ruth left on Saturday for Montreal, where Miss Ruth attends college.

Quite a number of teachers left here last week for schools up and down the coast. Among them we noticed Misses Eva Caldwell, Lura Kempfer, R. Hamilton, Corn and Rita Cooke, Elfred Donnelly, Mary Hall, I. Caldwell, Gerie Cooke, W. Chisholm and Mr. Caldwell Jacobson.

Misses Gladys Kempfer, Greta Blois and G. Hamilton, all left on Saturday for schools in Montreal.

Misses Lulu LeBrock and Ella Caldwell left last week for McDonald College.

Miss Mary Hamilton left on Saturday for Montreal, where she will attend a Business College.

O. Sherar and E. Scott left on Monday for holidays. They are spending the time down in St. John, Halifax and Sackville.

NEW RICHMOND

On the evening of August 27th, at the Blue Ribbon Hall, New Richmond, was held one of the best of the best, to which a New Richmond audience has listened for a long time. So excellent the singing, the rendering of the dialogues, the tableaux, the Red, White and Blue motion song, and the instrumental music that the interest was sustained to the end. The audience showed its appreciation by the order maintained throughout the evening.

The concert was given on behalf of the Patriotic Fund and realized the sum of \$158.10. The proceeds were increased by the sale of lunch and candy. A prize of \$2.50 was placed in one of the lucky man. He generously donated the money to the Patriotic Fund.

A decorated cake and a dollar bill sold at auction for \$3.00.

The success of the concert is due to Mrs. J. C. Fair, who took charge of the Chorus and Flag Drill; Mrs. R. L. Montgomery, the dialogues; Miss Bernice Willett the tableaux; Mr. R. H. Montgomery, chairman; Mr. Alfred Gilker, stage manager; and Mr. Maner, Dube, manager. Local talent was most ably and generously assisted by Misses Whitteell and Miss Whitteell of Montreal and Mr. McIntyre of Campbellton.

Mr. Thompson Follow with the violin and Mr. Lena Follow with the piano, played the interludes most acceptably.

The programme was as follows:—A pretty chorus, "Red, White and Blue Ribbon" motion song and "Rule Britannia" by the Misses Elma, Bella and Maud Johnston, Ruby and Queenie Steele, Rena McNair, May Brake, Jessie Godfrey, and Jean Fowler, (Miss Ethel Howatson, pianist).

The next on the programme was excellent music with the violin and piano by the Messrs. and Miss Whitteell.

The dialogue, "Society for doing good" brought down the house. It was conducted by Misses Rita Henderson, Doris Campbell, Ruth and Amy Brake.

Song "No Sir," by Mr. and Miss Whitteell was much enjoyed.

A beautiful and suggestive tableau, "Soldier's Dream" came next. Mr. McIntyre on the cornet added to the interest. It was carried out by Misses Alta and Doris Campbell, Mamie Follow, Grace Gilker, Mamie Lynd, Mrs. J. H. Robertson and Mr. Weston Robertson.

Mr. and Miss Whitteell gave beautiful music with the violin and piano. The music with the piano and cornet by Miss Arsenau and Mr. McIntyre was performed in their usual happy and interesting style.

"Mrs. Brown's Change and Rest" was exceedingly interesting and well executed.

The Violin Trio by the Messrs. and Miss Whitteell was greatly received.

The Flag Drill received many words of commendation. It was particularly well executed by the Misses Elma, Bella and Maud Johnston, Ruby and Queenie Steele, Jessie Godfrey, May Brake, Rena McNair, Jean and Mary Fowler, with Miss Elva Howatson, pianist.

The song "Veteran" by Mr. White, sell, was exceptionally good and much appreciated.

Then came the dialogue "Satisfied all around" by Messrs. Guy Kemper and Harry Campbell and Miss Mona Henderson. This was well performed and well received.

The National Chorus, "Your King and Country need you" by the same young ladies who conducted the opening chorus, was greatly applauded.

With the National Anthem closed a most interesting, instructive and well-sustained concert.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

This department is conducted by the Local Union, and is under the charge of an editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

World Victories for Temperance.
Ferreiro, the world's greatest historian, in a recent article in the North American, said that the most striking and the most beneficial result of the war has been the banishing of booze from the Continent nations. He suggested that if these nations, after peace has been achieved still keep out the demon—and he thinks they will—the war will have proved worth all its tremendous cost.

Just about two months after war had been proclaimed, the Czar of Russia decided to prohibit the sale of vodka during the war, but in a little while the results were so beneficial financially, socially, and morally that the edict went forth that never again will the Russian Government embark in the manufacture and sale of alcoholic drinks.

France followed with the publication of a decree prohibiting the sale of absinthe and kindred liquors, whether wholesale or retail. Not long after this edict one hundred tons of leaves used in the manufacture of absinthe were publicly burned at Pontarlier by order of the Government. Further restrictions are being contemplated.

Holland, Belgium and Switzerland had previously passed stringent laws prohibiting the sale of this most insidious and dangerous "green fiend."

The King of Norway has forbidden the use of grain and potatoes for the manufacture of alcohol. The brewers are shutting down in order to turn over their stock of grain to the flour mills. The use of alcohol has also been prohibited at both Army and Navy messes.

The splendid example of total abstinence set by King George V in publically proclaiming that after April 6th no liquor of any kind, distilled or fermented, would be used in any of the royal residences, was followed by Earl Kitchener, the Cabinet ministers in London, and many people of note, as well as thousands of people in ordinary life.

Hon. Lloyd George is reported to have said to a deputaion of the Shipbuilding Employers' Federation, who came to him with an appeal for the prohibition of the liquor traffic, "I believe it is the general feeling that if we are to settle with Germany militarily, we must first of all settle with drink." Yet the Chancellor, as strong as he is, could not carry out his expressed wishes and had to give in to the \$300,000,000 worth of brewery stock owned by members of Parliament. Would that King George had the power of the Czar in a matter like this!

Notable advances have been made in other countries. Australia has closed the liquor canteens in the military camps. The South African Government has issued an order forbidding anyone to serve liquor as rations to troops in that country. The same laws are in force in Canada since Major General Hughes is Minister of Militia, yet when all these troops go to England for training, they are exposed to the ever present temptation of a wet canteen and run rations are served when they go to the front.

Over 64,000 of the wives and mothers of Ontario besides large numbers from the other Provinces, petitioned the Dominion Government for a "dry" canteen in the training camps in England.

On January 1st national prohibition went into effect in Iceland. The King of Denmark, who had to sign the Bill, bided fair to come true. Eighteen states and Alaska have outlawed the liquor traffic, two will vote on it this year, and nine others are planning campaigns for 1916. The enthusiasm has spread across the border and two of our Western Provinces, Saskatchewan and Alberta, have had Prohibition campaigns this year and elections in July which resulted in victory. Saskatchewan has abolished its bars but has a measure of state control with which they will soon get disgusted.

Manitoba is worth watching at present. The Liberal party and the Conservative party have declared for prohibition as well as Woman Suffrage. In British Columbia the temperance forces in British Columbia that fair province being entirely wet.

Mr. Geo. J. Eden and Mr. Harold Eden, accompanying guides to Dr. P. Macartney and Mr. Harold Orriss of Gaspe, have gone on a hunting tour up to Fourth Lake.

The weekly meeting of the Good Templars was held on Monday night and visitors to the Lodge were Miss Bertha Asch, Miss Marion Coffin and Mr. Harold Coffin of Alpha Lodge Peninsula.

Mr. Frank Eden and son Melvin have done a very nice piece of work on their road. We must say it was greatly needed.

For beverage purposes, the Act to go into force July 1st, 1916. We hope that Nova Scotia will be the next to come into line.

WET AND DRY.

Canadian W.C.T.C. members will heartily congratulate temperance forces of Alberta in their splendid victory for total prohibition. Prince Edward Island, for a time, the only dry province in the Dominion, now has a mate. Saskatchewan is experimenting in Government control of the liquor traffic. No one can touch pitch and be undefiled.

In Ontario 535 municipalities are dry; there are still 307 to be redeemed. Sixty-nine per cent. of the municipalities in Quebec are dry. In Nova Scotia only Halifax City has to rise to the occasion to put that province on a footing with Prince Edward Island and Alberta.

Moncton and St. John in New Brunswick, have both to declare for prohibition, and that province will be free.

Manitoba is worth watching at present. The Liberal party and the Conservative party have declared for prohibition as well as Woman Suffrage.

In British Columbia the temperance forces in British Columbia that fair province being entirely wet.

SCOTLAND AND IRELAND FOREVER

—Pte. Robert McGregor of the Gordon Highlanders, writes to his father of a night attack in the trenches. An aeroplane came over them:

"Then a searchlight played on us, followed by the dropping of bright balls, which brilliantly lit up the whole place, and in a few minutes the shells got us, and were coming plump into us. One shell came right into our position and knocked over twelve of our fellows. They were practically torn asunder and the whole side of the trench was torn up:

"Our guns were blazing away, and I think, found the fellows who were annoying us, as their fire got slack, and finally ceased. This sort of thing was kept up till day dawned.

"Then we saw the Huns advancing as unconcerned as if on parade. On they came in close formation, and there must have been ten to one against us. We fired as hard as we could, but they seemed to come out of nowhere, and never halted. When they were getting too close we charged. It was our only chance. When they saw us leave the trenches they halted for a moment, but afterwards came on to meet us. I don't remember much of what took place then. It was stab and hack.

"You could hear the smash of gun against gun, the thud, thud, but beyond that there was an uncanny silence, broken sometimes by an oath and a groan. How long this went on I hardly know (but it seemed years to me). We drove them back about a hundred yards. Our officers saw the Germans reinforced and sounded a retreat, but owing to a few machine guns we couldn't get back into our trenches. The Germans, now greatly increased, came on again, and our fellows, only about 170 left, got ready to meet what seemed certain death.

"But just at that moment we heard the sound of singing, and the song was 'God Save Ireland.' It was the Connaught Rangers coming to our relief. I have seen some reckless Irishmen in my time, but nothing to match the recklessness and daring of those gallant Irishmen. They took the Germans on the left flank.

"The Germans now probably numbered about 2,000 against about 500 Connaughts and 170 of us; but had there been 50,000 Germans, I don't believe in my soul they could have stood before the Irish. They simply were irresistible; and all the time kept singing 'God Save Ireland.'

THE BIG MAP

AT THE BIG FAIR

Toronto, Sept. 2.—One of the features in the Province Building, and of the air, is the immense illuminated map of the Government Railways.

Sixty feet long, fifteen feet high, all the routes now under Government operation, outlined in electric lights from Winnipeg to Sydney, the map is creating a great interest and is demonstrating to thousands by means of motion shadow that the route of the "National" between Winnipeg and Toronto, and the "Ocean Limited" between Montreal and Halifax is the shortest and quickest.

The panoramic topographical paintings of the country from the source of the Matajedia to the tip of Cape Breton are genuinely instructive and are being much admired for their artistic merit.

Models of the new car ferries for service between Lewis and Quebec, and Cape Tormentine and Cape Traverse complete an unusually attractive and instructive exhibit.

This coming fall, Newfoundland will vote on the prohibition issue.

NEWCASTLE WINS FROM CAMPBELLTON

Newcastle Ball Team Takes Measure of North Shore Team, 11—4

(Advocate)

The baseball enthusiasts who attended the game here on Wednesday afternoon were very much disappointed in the game, not because the locals were victorious, but because of the poor class of ball put up by the visitors. It could not be said they were not good players, however, but the setback they got by the lead the locals got in their first inning at bat seemed to dishearten them.

In their first turn in the field they got another setback when their right fielder, Frank Roy, had the misfortune to sprain his ankle, putting him out of the game. The poor condition of the field may also have had something to do with their poor fielding.

When the Campbellton team is on its own ground, with the Morrell brothers battery, they put up a good class of ball, but with the loss of their regular battery, who being Newcastle boys and who lined up with their home team, the visitors were considerably weakened. It was quite evident that the strength of the Campbellton team lies in their battery. The heavy batting of the locals, which was above their average showing, made it possible for them to run up the score at will, and the good work of Morrell brothers kept the visitors from reaching first. The game throughout was very loose, and was disappointing to those who had expected to see some fast ball.

Billy Durick, one of Newcastle's old star players, showed his old time form at the bat by knocking out a home run. He was slightly short of wind on reaching home, but he came in with full colors.

When the visitors got down to work after the third inning, they put a check on the locals scoring and held them down a little better than even. The locals made their best showing in the first and third, making six in the first and three in the third, but after that the visitors held them down three to two, the score ending eleven to four, in Newcastle's favor.

Following was the score.

Newcastle — 6 0 3 0 1 0 1—11

Campbellton—0 1 0 0 1 1 0—4

Late in the afternoon a light rain began to fall which prevented a good game from being played in the evening, as it was expected that the Campbellton boys would turn the tables on the local nine and make up for their loss of the afternoon's game. The evening darkened very early, however, and a three inning game only was played. Newcastle also won 3-0. Joseph Hawkes umpired—the afternoon game very satisfactorily, and Frank McNeil did the honors at the evening game.

HOW HE KNEW.

The pupils were being examined on the subject of personal hygiene.

A boy was asked:

"What have you to do in order to keep your teeth sound and white?"

"Clean them," was the prompt reply.

"When ought you to clean them?"

"Morning, noon and night."

"What are they to be cleaned with?"

"With a toothbrush."

"Very good. Have you a toothbrush?"

"No, sir."

"Has your father a toothbrush?"

"No, sir."

"Has your mother a toothbrush?"

"But how do you know about the use of toothbrushes?"

"We sell them, sir."

Defy Dyspepsia!

Among the symptoms of Dyspepsia or Indigestion may be mentioned a heavy, cutting pain soon after eating; a distended, full feeling of the stomach and bowels; belching of wind and flatulence; a burning sensation in the stomach; which indicates acidity; heartburn; palpitation of the heart; oppression of breathing; pain under the ribs and shoulder-blades; headache through the temples and eyes; dizziness, coated tongue and constipation; sometimes nausea or vomiting.

Abbey's Effervescent Salt is the natural specific for all these conditions, being an antacid, it immediately relieves the acidity of the stomach and stops the fermentation. It stimulates the secretion and muscular action of the stomach and bowels, and overcomes the constipation. When its use is kept up the normal action of all the organs of digestion is re-established. Sold everywhere at 25c. and 50c.

LETTER OF THANKS
Upper Charlo, Sept. 8th, 1915.
To the Electors of the Parish of Colborne,
Dear Sirs:
I wish to thank you for your votes and support on the 7th inst., and taking all into consideration, feel proud of that vote, as it goes to prove that Boss rule and corruption is about ended in this parish.
I feel that these voting for me were honest and sincere, and one and all cast their votes in the interest of honest and economic administration of parish and county affairs. And am willing when the time comes to again place myself at your disposal, if you so desire.
Again thanking you for your kindness and confidence.
Yours obedient servant,
Wm. G. MAWHINNEY.

LETTER OF THANKS
To the Editor of the Graphic.
I wish through the "Graphic" to extend to the electors of the Parish of Dalhousie, my most hearty thanks, for the noble support they have given me in this contest.
Many Conservatives have voted for me on principle. To them I feel especially grateful, as they were willing to drop party politics, and vote for one whom they considered, was aiming to do fairly to every man, whom he considered worthy.
Let me say that I shall have a word to say in the near future to the government, the lumbermen and government scalars.
Yours truly,
JOHN DICKIE.

OFFICIAL FRUIT BULLETIN
FRUIT BRAND-DEPT OF AGRICULTURE
Lombards and Gage Plums are now in their prime. Canning and preserving should not be postponed. The quality this year is high in both peaches and plums, due to the fact that the trees are not overburdened. Crawford and Elberta peaches are now arriving. They are the best product of our Canadian orchards, and are supreme, both for eating and preserving. Plenty of canned or preserved peaches and plums means good health all winter. By perfectly sterilizing the bottles and fruit—no sugar is needed. There is health, economy and luxury for those who act promptly. Phone or call on your grocer and have him book your order in advance.

NEW BRUNSWICK ROADS
Auto parties returning from trips across the province, report the roads in general good shape. The dry weather has materially assisted in this. Excellent roads are encountered from Campbellton to Petit Rocher, and again as soon as the Northumberland county line is reached. In Gloucester in some sections the roads are in good condition, while other are rough. In York county, especially in close proximity to Fredericton, the roads are in bad condition, and not nearly as good as in Northumberland or Restigouche.

ROAD IMPROVEMENTS
The road from Bathurst to Chatham ferry, known as the old Miramichi road, has had a large amount of work done upon it this season, and is now fairly passable, only a few miles in the centre being rough. The run from Bathurst to Chatham, a distance of about 45 miles, can be done in from three to four hours by motor. This road is of great convenience to North Shore auto owners, and Chief Commissioner Hon. John Morrissey is to be commended for his attention to this important highway.
