BEAVER BOARD

If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings. We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

HOW TO VOTE SATURDAY

Follow Directions Closely to Avoid Spoiling Ballot—Vote for LeBlanc and Harrison

Polls open at 8 a.m. and close at 4 p.m.

Manner of voting is different from that in Dominion elections. Ballots are provided for candidates of each party. All names of each ticket are on each ballot. If one of them is scratched through and another candidate's name added that does not spoil the ballot provided black lead pencil or black ink is used. All ballots must be on plain (not ruled) white paper and written or printed with black ink.

Full name of candidate as on the ballot may be used or simply the surname, but if full name is used be sure and get the initials correct.

Party workers outside the poll can give any elector a ballot. The elector after giving his or her name to the returning officer is given an envelope to place his or her ballot in, but to do this elector must go behind a screen. After doing this the elector comes from behind the screen, gives the envelope to the returning officer and waits until he places it in the ballot box before leaving the polling booth.

When the votes are being counted one representative should stand behind the returning officer and watch each ballot to see, first, that it is read correctly, secondly, to see that the ballot is of white paper, with the names in black ink or black lead pencil. Partisan returning officers have been known to read ballots wrongly, calling out the names of their own ticket when the vote was for their own opponent. Watch for this.

The vote that is polled early is the winning vote.
Vote for LeBlanc and Harrison the only recognized government candidates.

BIG MEETING LAST EVENING

Hon. C. W. Robinson and Restigouche Government Candidates Address Meeting.

The Opera House was crowded last evening to greet Hon. C. W. Robinson, Minister of Lands and Mines of the Dominion and the Restigouche county government candidates Messrs. A. T. LeBlanc and S. S. Harrison.

The chair was taken by Mr. W. H. Miller, who after a few remarks introduced Mr. LeBlanc.

Mr. LeBlanc made a short address in French. He received very careful attention and was frequently applauded.

His address in English was also very attentively listened to and he was frequently applauded. He spoke for over an hour.

Mr. S. S. Harrison was given a great reception when he stepped to the front to say a few words, and he was frequently interrupted with applause.

Hon. C. W. Robinson, Minister of Lands and Mines was the speaker of the evening. He was in fine form and made a deep impression upon the large audience.

Mr. Robinson said that he had not journeyed from Moncton to Restigouche to inflict his remarks upon the good people of Campbellton, he had come at the earnest request of his friend Mr. A. T. LeBlanc, and he assured all that it was a great pleasure for him to come up to again visit the North Shore town.

Back in 1917, and that was not so long ago, the people had risen in their might and turned the Murray government out. Of the actions of that government previous to 1917 the least said is soonest forgotten the better. You all have read that sordid record which we disgraced this province throughout the whole Dominion.

Hon. Mr. Foster was given charge of the affairs and he thought he was fair when he said that the record of the present administration was an honorable one. There had not been a shadow of charge against any department. The result of this was that the Opposition had not been able to put candidates in very many constituencies.

BUMPER MEETING AT JACQUET RIVER

Messrs. LeBlanc and Harrison Greeted by Crowded House Tuesday Evening.

The C. M. B. A. Hall at Jacquet River was crowded to the doors Tuesday evening to greet the government candidates, Messrs. A. T. LeBlanc and S. S. Harrison and it was the most orderly and enthusiastic meeting ever held by the government candidates in Durham.

Mr. LeBlanc gave a most eloquent address dealing fully with the lumber policy of the present administration, as well as other questions and he was frequently interrupted with applause.

Mr. S. S. Harrison was also given a grand reception.

ELECTION RETURNS:

Complete returns by Direct Service for County and Province at the Opera House, Saturday Night.

stitutencies. But they have endeavored by other means to bring about the fall of the Foster government. In Kent county two former supporters of the Murray government are running under the guise of United Farmers, in other counties they have combined with the United Farmers or Labor candidates, and in Carleton Mr. Smith is running as an Independent.

There is not a doubt but that the Foster government would be returned to power and the Opposition will not have enough followers to keep themselves warm. He was sure that the progressive county of Restigouche would send two supporters of the Foster government. Mr. LeBlanc who so ably discussed the issues, has taken a foremost position among the government members at Fredericton. He wished to congratulate Restigouche on having such an able and clever representative, and he had no doubt but that Mr. LeBlanc and his colleagues would be returned by a handsome majority on the 24th of October.

In speaking of the work of his department Mr. Robinson said, "It is my ambition to carry on the department handed over to me in such a high state of efficiency by Mr. Smith not for the benefit of the lumbermen, or the party in power, but for the benefit of the whole people."

Mr. Robinson said that three years ago he expressed the opinion that the Government revenue from Stumpage ought to be doubled—that a rate of \$1.50 was too low. He had been conservative in his prediction then; today the rate was \$5 and the revenue from stumpage this year would be \$1,300,000.

The estimated territorial revenue from all sources for this year was \$1,490,000. Up to September 30, the sum of \$1,421,000 had been collected and there were accounts receivable amounting to \$169,000, making a total of territorial revenue of \$1,590,000.

"We hardly realize what an important asset we have in our Crown Lands. Our territorial revenues are equivalent to a tax of 1 1/2 per cent on property worth \$100,000,000. The Government has to have money to carry on the affairs of the province and if it were not for the Crown Lands a tax would have to be levied on private property."

The Opposition were not sincere in their crown land policy. In 1916 they passed an order in council placing the rate of stumpage for ten years from that date at \$1.50. Last year these very same men introduced a resolution to have it increased to \$7.50.

Mr. Robinson spoke at length of the measures which were being taken to conserve the great forest wealth, Fire Protection, Reforestation, etc.

He also dwelt upon the development of our water power and showed that when the development now planned was completed electric current could be sold at a profit for 1 cent, which was now costing about 10 cents.

He was glad to hear Mr. LeBlanc say that the Hon. Minister of Public Works had announced that the Dominion government had approved of a trunk highway between Campbellton and St. Leonard's. This was a very fine proposition and would mean much for Campbellton and the whole province.

Mr. Robinson in a very fluent manner discussed the road policy of the Foster government, as well as the Public Health, Workmen's Compensation Act. He said that in three and a half years the Foster government had placed more constructive legislation on the statute books than the Opposition did in the entire time they were in power.

He ended by making a prophecy and that was that the Foster government would be returned to power with a big majority on the 9th of October, and he hoped Restigouche would send the recognized Foster government candidates, Messrs. LeBlanc and Harrison to look after the county's interests.

REWARDED AFTER 15 YEARS SEARCH

Halifax Woman Says She Will Never Cease Praising Tanlac For What It Did.

"I have been fifteen years looking for something that would relieve me of my awful suffering, but it was only when I got Tanlac that I found just what I'd been needing all the time," declared Mrs. Frank Walker, 144 Duncan St., Halifax, N. S.

"For many years I was in a terribly run-down condition, and my nerves were in a dreadful fix. I had much awful spells of sick headaches that I was in bed for days at a time. At night I was so restless I would lie awake for hours, and I felt tired and worn out all the time. Every time I tried to do anything it was an effort, and I was so weak I had to lie down and rest. I was advised to go away for my health, but when I returned I was worse off than before. My friends were all worried over my condition, and as I could find nothing to help me I was almost desperate.

"One day after hearing so much about the good Tanlac was doing others I decided to give it a trial, and it is surprising the way four bottles of the medicine built me up. My nerves are as steady as a clock and I sleep good and sound all night long. I never have a sign of a headache and have regained my strength and energy and my housework is now a real pleasure. Tanlac is sold in Campbellton by THOMAS WRAN, Druggist; in Jacques River by S. McALLISTER; in Archibald Settlement, by M. SMEARER; and in Chandler by ARTHUR NADEAU.

Excuse My Dust—All in The Good Book.

Bishop Moss said at a Nashville picnic:

"The religious knowledge of too many adults resembles, I am afraid the religious knowledge of little Eve. 'So you attend Sunday School regularly?' the minister said to little Eve.

"Oh, yes, sir."

"And you know your Bible?"

"Oh, yes, sir."

"Could you perhaps tell me something that is in it?"

"I could tell you everything that is in it."

"Indeed! And the minister smiled. 'Do tell me, then.'

"Sister's beau's photo is in it, said little Eve, promptly, 'and ma's recipe for vanilla' cream is in it, and a lock of my hair cut off when I was a baby is in it, and the ticket for pa's watch is in it."

Excuse My Dust—

"This is rather a curiosity," remarked an artist who was entertaining a lady in his study.

As he spoke he produced a tiny but exquisite painting.

"It is nice!" gushed his visitor.

"I was out in the country one day," he went on, "and had all my materials with me except a canvas. But I was so keen on painting this scene that I took out my handkerchief, stretched it upon my case, and painted the picture."

"Dear me!" exclaimed the lady. Then a look of horror came over her face as she went on: "But you'll never be able to wash all that paint out of it."

Excuse My Dust—

Clement Bujold, whose resignation is accepted by this Council—Adopted.

Moved by Mayor LeBlanc, seconded by Mayor Busted, that Mr. Jean Philip De LaRocheville, be appointed Road Inspector on the Township Road between the Townships of Cox and Hope, as soon as the resignation of Mr. Eugene Pelniere is in the hands of the Secretary-Treasurer—Adopted.

Moved by Mayor Poirier, seconded by Mayor Dugas, that the following accounts be paid: Mayor's Expenses, Sept. 1920 \$188.50 Campbellton Graphic Re Carleton Vault, Deed to J. E. Mills, Advocate, \$15.00 Registration, \$3.90 \$18.90 Total \$226.16

There being no further business before the meeting, the same was adjourned upon the motion of Mayor Dugas, seconded by Mayor Blois.

THE PROPER COURSE.

As a public newspaper the Graphic last week published a signed statement of Messrs. John Harquail, John Quinn and F. M. Anderson, making grave charges against Hon. Chas. H. LaBillicois. It published the said article as the statement of those gentlemen and not as its private opinion.

When the article was handed to the Graphic the editor recognized its gravity and published it only upon the understanding that the above named gentlemen would assume all responsibility.

If these charges are not true as Mr. LaBillicois states on the public platform, then it is his privilege, nay his duty, to put these gentlemen where they would not care to make such rash statements. If these charges are not true these gentlemen have committed a criminal offense, one for which, if proved guilty, they would be subject to a lengthy term in prison.

That Mr. LaBillicois has not taken these steps is a great disappointment to his friends who are looking to him for some action other than a mere denial. If a man would stoop so low as to make such a proposition as these gentlemen, over their signed statement, impute to him, he would not hesitate at a mere denial of the charges.

More drastic action is needed to convince the people of Mr. LaBillicois' sincerity in his denial and he should take it to-day.

A NEW HIGHWAY.

The Foster government through its Minister of Public Works, Hon. F. J. Veniot has announced that the Dominion Government has approved of a trunk road from Campbellton to St. Leonard on the St. John river. This means that this proposed highway must be built up to the standard for trunk roads. Such a road will be of inestimable value to Campbellton and the whole northern section of the province.

It will be remembered also that last winter Hon. Mr. Veniot visited Campbellton and met a large delegation of the Board of Trade. The matter of

Assisting in serving were Miss Jessie Moore and Miss Kathleen Kirk, also Mrs. B. J. Collier. Mr. and Mrs. Harrington were again at home on Wednesday afternoon when the ladies assisting were Mrs. James Duncan who poured tea and Miss Bessie Kelly and Miss Eva Wilson served.

CAMPBELLTON FAIR A GREAT SUCCESS

About Four Thousand Dollars Raised for Soldiers' Memorial Hospital Purposes.

The Fair held in the skating rink last week under the auspices of the Ladies Aid of the Soldiers' Memorial Hospital was a most successful one. Despite the most inclement weather the attendance was good and a sum very nearly reaching four thousand dollars was realized. Full reports of the various branches together with the prize list will be published later.

A PROPHECY.

In these days when the atmosphere is heavily charged with politics many predictions are being made as to what the outcome will be when the smoke has cleared away after next Saturday's polling.

However the prophet who wishes to make a name for himself could not do better than stake his reputation on the coming popularity of Miss Katherine McDonald, who will make her first appearance in Campbellton next Monday and Tuesday at the Opera House.

Miss McDonald has been popularly acclaimed as the most beautiful woman on the screen. Add to this her wonderful talent as an actress and it is safe to say she is going to become a “top-notch” favorite on short notice.

The vehicle in which Miss McDonald makes her debut to Campbellton audiences is “The Thunderbolt,” in which critics declare she does the finest work of her career.

In this picture she is ably supported by a most excellent cast including Thomas Melghan Spottiswoode Altken and many other players of note.

CARD.

To the Electors of Restigouche.

Ladies and Gentlemen:

We have been chosen by a convention of friends and supporters of the Foster government to contest the County of Restigouche in the coming election. We fear that we may not be able to meet all the electors before polling day and we take this means of making an appeal to all for support.

We are the only supporters of the Foster Government in this contest. Mr. LaBillicois and Mr. Duncan, the self-chosen, self-constituted and self-heralded government supporters, are running an election under false pretences and are not the Foster government candidates in the County of Restigouche. If they were possessed with that desire of helping the County of Restigouche, of which they boast so much, Mr. LaBillicois would have accepted the position that was offered to him last June by the Foster Government on the Hydro-Electric Commission, at \$8000. a year. Restigouche would then have had a voice in the selection of the water powers to be developed and for which the Legislative Assembly have voted one million dollars. Our water powers at Charlo Falls and on the Upsalquitch River would have had a share of the public moneys. Scores of Restigouche County young men would have found positions of importance in the development of our water powers.

Instead of recognizing his duty towards Restigouche, Mr. LaBillicois has chosen to refuse such an opportunity and has shut Restigouche County from the Hydro-Electric Commission and having done so, he now attempts by his present conduct to drive out of the County of Restigouche, supporters of the Foster government. Will the people of Restigouche help him to attain his end?

The Foster government has a clean record and in the short three years during which it has held power it has encouraged agriculture to a marked degree, has increased the pay of school teachers, has inaugurated a Road policy such as never was formulated in the province, has passed the Workmen's Compensation Act and has shown itself in every respect worthy of the public's confidence.

Let the Foster government continue its work. Let not any misplaced sympathy retard the progress of Restigouche. We want something from the government and one of the best means to get it is to elect the undersigned Foster government supporters in Restigouche.

We ask you one and all for support in the coming election and we pledge ourselves, if elected, to do all in our power to continue the progressive and honest administration which the Foster government has given to the province and to bring to the County of Restigouche the development of our water powers so that we may reap our just share of the advantages which have been placed at the disposal of the people of this province. What is needed now, more than at any other time, is cheap light and cheap power. The Hydro-Electric Commission can give that to Restigouche.

Yours faithfully,

A. T. LEBLANC,
S. G. HARRISON.

HARRIES GIRL BECAUSE HE HATES HER FAMILY.

THUR FALLS IN LOVE.
Katherine MacDonald, in "The Thunderbolt" plays Role of a Girl Forced Into Marriage.

A "spite marriage" entered into for hate turns out happily because a wife despised her husband to such an extent that she refused to elope with him by allowing their married life to be unhappy in "The Thunderbolt," starring Katherine MacDonald, and which will be seen at the Opera House commencing next Monday.

FATHER CHARGES BOY TO KILL.

Ruth Pomeroy, played by Katherine MacDonald, has the unusual role of a girl forced into marriage with the only living member of a family hated by her own family as the result of a Kentucky feud. Sworn to avenge his family honor, Bruce Corbin determines that he will marry the daughter of Allan Pomeroy, helpless as a result of check forgery.

Told that the Pomeroy family will die, root and branch, with her, the unhappy wife of Bruce Corbin determines that a Corbin shall not win over a Pomeroy.

How Katherine MacDonald as Ruth Pomeroy, outwits her husband and turns a marriage of hatred into wedded bliss makes one of the most gripping check forgeries.

OPPOSITION FROST AT DURHAM

Meeting Called in Their Interests Slimly Attended Monday Evening.

The members of the opposition, with a number of friends held a meeting in Durham Monday evening and it is said by actual count there were less than thirty electors present.

Mr. D. A. Stewart was the principal speaker and he was cheerfully seconded in his remarks, by Mr. Archibald Murchie, who even had the presumption to address the intelligent electors of Durham on the questions of the day.

The opposition must have come to a pretty pass for speakers when they will allow a self convicted perjurer to give advice to the electors as to how they should vote.

Nomination day sealed the fate of the opposition throughout the province.

The fight in February, 1917, was to put the Boodiers out, the fight in 1920, is to keep them out.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the proper attention which is of vital interest to the daughter is the mother's duty. It is not only the mother's duty to see that her daughter is properly educated, but also to see that she is properly trained in the habits of life. The mother should be a guide and a friend, and should be able to give her daughter the best advice possible. The mother should be able to give her daughter the best advice possible. The mother should be able to give her daughter the best advice possible.

Brooklyn, N. Y.—I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 2 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters. Mrs. M. F. FORD, 618 Marcy Avenue, Brooklyn, N. Y.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a 25 cent bottle of Danderrine right now—Also stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderrine tonight—now—day time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderrine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderrine. Save your hair! Try it.

There have been a good many remarks made of late as to the ineffectiveness of the New Brunswick Prohibition Act. There is no doubt that drunkenness is far too common in our town, but there is also no doubt that this is due in great measure to our nearness to Quebec, which is practically wide open. That the officers of the law have not been altogether idle, the following list of convictions will show.

Inspectors Report Re Prohibition Offenders.

Adelard Belanger, Campbellton, charged with having liquor for sale, barter or traffic, fined \$100.00 by Magistrate F. F. Matheson.

These convictions have all been obtained since the first of September. A similar record of every conviction will appear, whenever the Superintendent can procure the information. We would suggest to the "knockers" that they assist the Sub-inspector in satisfying him or the police whenever a case of drunkenness comes under their notice. Perhaps the law would not seem so ineffective if more of this were done. Three men can only fill three places at a time.

Ten Years After

Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is ten times greater than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA. It speaks for unusual service.

WHY SHERIFF REFUSED PAPERS

Nomination Papers Were Not Made Out According to Election Act.

At the declaration proceedings held Saturday Sheriff Thomas Craig stated that because of an irregularity in the nomination papers of Messrs. Charles H. LaBillico and William D. Duncan he could not accept same. This has caused a great deal of discussion among all classes and so that our readers can judge for themselves we interviewed Sheriff Craig and he has given us the following particulars.

Saturday at 10 o'clock the Sheriff opened his court at the court house, Dalhousie. At about 11:45 Mr. H. A. Carr appeared and filed the nomination papers of Mr. D. A. Stewart and immediately J. A. LeBlanc filed the nomination papers of Henry Dittie.

The nomination papers of Messrs. Arthur T. LeBlanc and Stubbart S. Harrison had been filed with the Sheriff several days previously as provided by the act. Mr. Carr looked over these latter papers and stated that they were all right and he assured the Sheriff that Mr. Stewart's paper was entirely in order. Mr. A. J. LeBlanc gave the same assurance in reference to Mr. Dittie's paper.

At four minutes to 12 o'clock Messrs. Duncan and LaBillico entered the court and Mr. Duncan handed their two nomination papers to the Sheriff and gave him word that they were in order.

Sheriff Craig had made arrangements with Mr. M. A. Kelly to examine all the papers and pass upon them as to their legality. Unfortunately the train upon which Mr. Kelly was proceeding to Dalhousie was delayed and he did not reach the court until it had been closed. But taking the word of the legal gentlemen who filed the papers the sheriff made the statement that there were six names in nomination and according to law Mr. Carr demanded a poll.

When Mr. Kelly arrived and examined the papers he found that those of Messrs. LaBillico and Duncan were not made out according to law. These papers had been prepared by a legal gentleman in the proper form, and a note appended instructing the party, who procured the signatures of the necessary ratepayers to make oath as provided in the act. The nomination papers were signed by only twenty-three names of supposed ratepayers while the act says twenty or more bona fide ratepayers must sign such paper.

The sections of the act covering this is as follows:—
66. No nomination shall be validly acted upon by the returning officer unless it is accompanied by:—
Here follow Sec. (a), (67), (68).
But section 69 was entirely omitted. This is most important and reads as follows:—

69. The Sheriff shall require the person, or one or more of the persons producing or filing as aforesaid any such nomination paper, to make oath that he or they know that the several persons who have signed such nomination paper are electors duly registered on the voters' list in the electoral district, and that they have signed the same in his or their presence; and he shall also require the person, or one or more persons witnessing the consent of the candidates, to make oath that the consent of the candidate has been signed in his or their presence; or in case of the person named as candidate is absent from the province, that such person, according to his best information, knowledge and belief is absent from the Province. Such

oath may be in the Form (P), and the fact of its having been taken shall be stated on the back of the nomination paper:

Form "P"
I, of solemnly swear that I know (mentioning the names of the voters known to him) and that they are duly registered as voters for the Electoral District of, and entitled to vote at an election of a member to serve in the Legislative Assembly, and that they respectively signed the foregoing nomination paper in my presence; and further that I know the said thereby nominated as a candidate, and that he signed his consent to the nomination in my presence.

Sworn before me, at this day of 19.....
Signature
Justice of the Peace.

The case is clear, and according to legal advice the Sheriff could do nothing else than declare these papers irregular and refuse to accept them.
