GOVERNMENT WILL INTRODUCE
AN AMENDMENT TO HOME RULE

Asquith Pledges This in Hope of Agreement and Both of the Measures Will Become Law Almost Simultaneously.

[Canadian Press.] London, May 12.—Premier Asquith in the House of Commons today pledged the Government to introduce an amending bill to the Home Rule for Ireland measure, in the hope of it being passed by agreement between the parties. If this offer is accepted, he said, both the original Home Rule Bill and the amending bill will become law practically simultaneously. This, he continued, was the only proper way of carrying out any agreed settlement which might be reached.

No Change in Bill. The Prime Minister added that, obviously, in order to take advantage of the provisions of the Parliament Act, no change could be made in the Home Rule for Ireland bill while it was in the committee stage, and therefore any debate during that stage would be pure waste of time.

The Parliament Act provides that if any public bill be passed by the House of Commons in three successive sessions and be rejected or unacceptably amended by the House of Lords in each of these sessions, it may, on a second reading, be passed by the House of Commons alone. The bill in question, however, has not yet been introduced.

LOWEST BIDDERS
TO BUILD ALL THE
STORM SEWERS THREATENS WOMEN

Board of Control Recommends Acceptance of Low Tenders On All Sections.

CLOSE TO ESTIMATED COST Prices Quoted by Bidders Vary Little—\$50,000 for Sanitary System.

The board of control this morning recommended to the city council the awarding of contracts for the construction of the Wharfedale road, the Egerton street, and the Egerton street storm sewer to the firms making the lowest bids in each case. Engineer Willis Chipman was present and advised that the tenders were accepted.

T. W. Nicholson, Cleveland, will build the Egerton street sewer for \$148,160.50, this figure including the laying of sanitary sewers for the eastern section of the city for which part of the work estimates amounting to \$50,000 will be issued. The city already holds option on 21 acres of land on the Hamilton Road east of the city. The \$500,000 is for the city's disposal plant to meet the needs of East London is likely to be established. The construction of the Egerton street storm sewer system will also relieve a large territory included in the Carling Creek creek sewer survey, and will cut down by about \$25,000 the original estimate of \$105,000 for this section of the new storm sewer system.

Leave Carling Creek Over. After some deliberation the board of control decided to leave the Carling Creek section until the development of that district makes the need of the storm sewer system there more urgent. Continued on Page Eleven.

STORM SWEEPS THREE STATES
KILLING EIGHT, INJURING MANY

Tremendous Damage Done in Ohio, Illinois and Pennsylvania.

[Canadian Press.] Columbus, Ohio, May 12.—A severe rain and electrical storm which swept over Ohio last night, caused the death of two women and great damage to property. Mrs. Abram Drake, aged 70, of Van Wert, was struck by lightning and instantly killed. Mrs. Fred Edwards, of Findlay, died from exhaustion, while hurrying to her home when the storm broke. Several persons were reported injured by lightning. Many buildings, set afire by lightning, were destroyed.

And in Wisconsin. Chicago, May 12.—Four persons in southern and central Wisconsin are reported killed and property damage exceeding \$500,000 as a result of a wind and rain storm that struck that state last night.

Tenement House Down. Pittsburgh, Pa., May 12.—During a severe rain and wind storm at Arnold, near here, shortly before midnight last night, a three-story tenement, occupied by 30 families, numbering 80 persons, was demolished by the wind, and two negroes were killed and at least ten persons were injured. Two of the injured are white, and the rest negroes. The police believe there may be several more dead in the area.

He Drafted Treaty
Ending the Spanish
And American War

Engenio Montero-Rios, Statesman of Renown, Dies, Aged Eighty-Two Years.

Madrid, May 12.—Eugenio Montero-Rios, one of the best-known Spanish statesmen, and the man who drafted the treaty which brought the Spanish-American war to a close in 1898, died today at the age of 82.

Eugenio Montero-Rios, a deep student of civil and canonical law, and a brilliant orator, exercised immense influence in the Spanish Parliament, of which he was a member either in the Chamber of Deputies or the Senate for 45 years, having been first elected in 1869. For a great part of this period he was also a Government official, chiefly in the department of justice. In 1888 he was president of the Spanish Supreme Court, and in 1904-05 prime minister.

When minister of justice he instituted the civil marriage in Spain. It was Montero-Rios who in 1906 signed the marriage contract between King Alfonso and Princess Ena Victoria of Battelburg.

OPTION GRABBERS
GIVING TROUBLE

Expecting to Realize Good Profits, They Bond Sites for Western.

EFFORTS FRUITLESS ONES If Board Can Help It, No One Will Make Anything by These Methods.

"Option grabbers" are the bane of the Western University governors' existence. No sooner have the governors made any inquiry in regard to property that might be used for university extension than some public-spirited (?) citizen expects to realize a large sum over the price for which the original owners were willing to sell it.

In one case recently a governor was seen looking at some land in the north end of the city. He had been going for a stroll and stopped to glance over a good-sized piece of property. It was not large enough for the purposes of a university, yet he was informed the next day that some "wise" person had secured an option on the property, because the governor had been seen looking at it. So far the option-getter has not realized much.

In other instances, the governors have been actually in touch with owners of land, to discover that outsiders had secured options, or had been endeavoring to secure them.

"It's not a very fine spirit for citizens to display, and you may rest assured that if the governors can help it no one is going to make much by these methods," said one of the governors to the "people who try to make the university site a matter of speculation are striking a blow at the institution, and should not be considered good citizens."

"The less publicity given to the matter of sites the better," he continued, "although everything that is good for the university should be made public."

"U" GOVERNORS MAY
DECIDE PRESIDENCY
AND SITE THIS WEEK

Definite Action Expected This Week on Important Questions Affecting Future Development of London's Educational Institution—Dr. Hill's Resignation Also Coming Up.

It is expected that the negotiations for the selection of a new president and a new site for the Western University will be crystallized into accomplished facts at the meeting of the board of governors that will be held in the latter part of this week. The exact date of the meeting has not yet been fixed, owing to the absence of Judge R. M. Meredith, chancellor of the university, from the city. As soon, however, as the chancellor returns, the board will be instructed to call the governors together.

In a statement to The Advertiser this morning, C. R. Somerville, chairman of the board of governors, declared that it was more than likely that some definite action would be taken on the two important questions now before the board, the selection of a new president and the purchase of a new site for the university.

"Of course, it is impossible to say what the governors will do, but the questions will most certainly be considered, and it is altogether likely that some definite action will be taken," said Mr. Somerville.

Dr. Hill's Resignation. Another question to come before the governors will be the resignation of Dr. H. W. Hill, director of the Institute of Public Health. Dr. Hill has been offered an important post in the state board of health department of Minnesota, and whether or not he will accept the American offer depends entirely on the action taken by the governors.

This morning both Dr. Hill and Chairman Somerville declined to make any statement on the question.

"There is nothing new," said the chairman. "The question is up to the governors."

Professor Salmon a Possibility. Among the possibilities that will be considered for the presidency is Professor Salmon, a former Boston educator, who comes with the highest recommendations. There are, of course, a number of others, but it is said that Professor Salmon is the choice of several of the members of the board, and may be its selection.

SEVEN KILLED IN AN EXPLOSION ON BOARD STEAMSHIP

Accident Occurred on "Jefferson" of Old Dominion Line, and Bodies Are Difficult to Identify.

[Canadian Press.] Norfolk, Va., May 12.—Seven people were killed by an explosion in the engine room of the Old Dominion ship Jefferson, near Cape Henry, last night. Several were injured. The ship returned to Norfolk, the dead and injured, and then resumed her interrupted trip to New York.

Vessel Not Damaged. The dead members of the Jefferson's engine room crew, but have not yet been identified. According to local officers of the Old Dominion Line, the vessel was not badly damaged by the explosion, which occurred at 10:30 last night as the Jefferson was passing out from this port for New York.

Injuries Severe. Mutation of the bodies of the seven victims, due to the terrific force of the explosion, made the identification difficult. Of the injured who were taken to a local hospital, it was said several were in a serious condition.

First word of the explosion reached Norfolk last night, but what casualties had occurred was not learned until today. A tug put out to assist the Jefferson was passing out from this port for New York.

Two White Men. Two of the dead were white firemen, as yet unidentified; five were negro firemen and coal passers, while the injured were chief engineer W. L. Portlock, first assistant engineer H. B. Smith, both of New York City, and M. Olsen, an oiler. These three are in a hospital.

The Jefferson is on her way to New York and should arrive here tomorrow morning. An inspection of the boilers will be made at New York to determine the cause of the explosion.

THOUSANDS OF GIRLS LEARN "FIRST AIDS" BY THE SCOUT MOVEMENT

Minister Without Portfolio Says He Did Not Represent Government, in Answer to Question From Lemieux.

[Special to The Advertiser.] Ottawa, May 12.—The presence of a Canadian minister of the crown at a Toronto meeting, where rebellion against the throne was approved, was referred to in Parliament today.

Hon. R. Lemieux, at the opening of the morning sitting, read a press report of a meeting in Toronto, held by Carson sympathizers, and said he noticed that Hon. A. E. Kemp, one of the members of the Government, "was present and spoke."

"His words were moderate, but there are other speakers who were reported and whose speeches did not breathe the same moderation. What I desire to know is whether the honorable gentleman, who is a minister without portfolio, represented himself on the occasion or represented the Government."

"The honorable gentleman must know then that I represent myself, and that the Government knows nothing whatever of the meeting present. I am glad that the member for Rouville approved my statements, as he says they were very moderate," replied Mr. Kemp.

Hon. Mr. Lemieux: "Hear, hear!"

THE SCOUT MOVEMENT will do as much for the girls of the country in the way of implanting high ideals of honor, courage and obedience as it has already done for the boys, thinks Miss Agnes Baden-Powell.

She is the originator of the "Girl Guides" movement in England, which has spread to many other countries. There are already 12,000 of these handy little people at work and at play in Great Britain. They learn cooking, camping-out, and other things, making handicrafts and saving life from fire, drowning or gas poisoning.

Miss Baden-Powell.

CREW OF SCHOONER IS RESCUED JUST IN TIME

[Canadian Press.] St. Pierre, Miquelon, May 12.—The captain and 41 men of the French fishing schooner St. Solens were brought here today on the schooner Marie, which rescued them from their sinking vessel a week after it had been in collision with an iceberg.

The St. Solens crashed into the berg on the East Grand Banks on April 28. The men pumped continually until May 5, when they were sighted by the Marie, which rescued them from their sinking vessel a week after it had been in collision with an iceberg.

BRITISH CRUISER IS
ORDERED TO TAMPICO

[Canadian Press.] LONDON, May 12.—The British cruiser Bristol, now stationed at Portsmouth, was ordered today to proceed to Tampico as speedily as possible.

JOHN R. SILLIMAN,
IN SALTILLO JAIL,
IS TO BE RELEASED

[Canadian Press.] Washington, May 12.—Senator Olivera, the Mexican minister in Mexico City, informed the state department today that the Mexican Government has ordered the immediate release of Vice-Consul John R. Silliman, held a prisoner at Saltillo. The minister added that as soon as Mr. Silliman reached Mexico City he would obtain for him safe conduct to Vera Cruz.

The Phases of the Trial. Silliman's case was among the first of the developments that were to be submitted to President Wilson when he returned today from New York. Secretary Bryan was emphatic in announcing, after a conference with the South American envoys, the Government's determination to have Silliman released.

The Lobos Island incident was taken up by Secretary of the Navy Daniels soon after his return from the Mexican coast, which included the case of every department, hospital and schools.

The other men discussed the same topics. While they all had variations on the ideas they were all convinced that expert civic management and surveys were the pressing needs of the city at present.

FORECASTS NUMBER OF VIOLENT DEATHS

Chicago Coroner Estimates Murders, Suicides, etc., for the Coming Year.

[Canadian Press.] Montreal, May 12.—A special to the Gazette from Chicago says that at the present moment there are some twelve thousand persons in Cook County, who are contemplating suicide, and that he can, with a reasonable degree of accuracy, determine the number of Chicagoans who will die within the next twelve months. It is the assertion of Coroner Hoffman in his biennial report for 1913, just completed.

The report gives a record of 10,992 deaths in Chicago, of which Coroner Hoffman asserts "nearly one-half could have been avoided by a comprehensive crusade of education on the lines of public safety."

The coroner believes himself able to foretell, as does a weather forecaster, approximately how many will be murdered this year, and also the number that will be shot, stabbed, poisoned and beaten to death.

DUKE OF WELLINGTON PICTURE GETS SLASHED

Another Suffragette Vandal Breaks Out in Royal Academy.

[Canadian Press.] London, May 12.—A militant suffragette, armed with a hatchet, today seriously damaged a portrait of the Duke of Wellington in the Royal Academy.

The woman, who was standing looking at the painting, suddenly drew the hatchet from her muff and slashed the canvas three times before the bystanders could interfere.

An attendant promptly seized her and took her to the police station, where she said her name was Mary Ansell.

The portrait of the Duke of Wellington was by the late Sir Hubert Von Herkomer, who died March 31, this year. It was considered one of his finest works.

Committed to Trial. Miss Ansell later in the day was arraigned at the police court, where the magistrate committed her for trial at the London sessions.

The prisoner sent to the Women's Social and Political Union a message assuring that her deed was a protest against the present unjust position of women, for which militancy was the only remedy, concluding: "I have done this deed deliberately and rejoice that I have not failed in my duty."

ST. ANDREW'S CALLS REV. D. C. MCGREGOR

Congregation Decides on Social
Reform Worker as Dr.
Ross' Successor.

MOTION UNANIMOUS ONE

Great Tributes Paid to the Late
Pastor by Members of the
Church.

The congregation of Saint Andrew's Presbyterian Church at an enthusiastic meeting held in St. Andrew's Hall last night decided to send a call to Rev. Donald C. McGregor, M. A., at present engaged with Dr. Shearer in furthering the social and evangelical work of the Presbyterian Church in Canada, with headquarters in Toronto, to succeed the late Rev. Dr. Ross, who was killed in New York last Fall by an automobile.

Rev. Thomas H. Mitchell, interim moderator, occupied the chair, and after the opening devotional exercises, called upon A. E. Somerville, the chairman of the committee appointed to look into the matter of a successor to Dr. Ross, to give his report.

Teils of Former Ministers.
Mr. Somerville stated that it was an important period in the history of the congregation which was easily seen and fully appreciated by the large attendance of the congregation. Since St. Andrew's congregation was formed in 1833, it has had four ministers, the first being Rev. Dr. Scott, who was pastor of the church from 1850 till 1875. It was he and his far-seeing elders who had the faith and courage to erect the present edifice they now occupied. Dr. Murray, who followed him, added more members to the church on profession of faith than any other minister. Rev. Dr. Johnston, who succeeded him, was an enthusiastic orator, and the only living pastor of the church at this time.

Praise for Dr. Ross.
"The days of Dr. Ross were the golden days of this congregation," he said. I do not need to say anything about him. We all knew him, his deep spiritual preaching, his untiring energy, his model life. It will indeed be hard to find a worthy successor to Dr. Ross."

"I take great pleasure in bringing Mr. McGregor's name before the congregation, and I move that the congregation receive this report."

A. McVicar, B. A., seconded the motion, which was carried unanimously.

Mr. McGregor graduated from Knox College in 1896 and was called immediately to Orillia to fill the pulpit of the late Dr. Grant. He was there four years when the general assembly appointed him to help Dr. Shearer in his social and evangelical work. He spent a year in Edinburgh University before graduating.

That a strong unanimous call be sent to Rev. Dr. McGregor by A. E. Somerville, seconded by T. H. Purdom, K. C., gave a few reminiscences of the members of the old wooden church in the Rev. John Scott's time, which were most interesting, many of those present being carried back to the days of their youth, as they recalled some of the men who were a power for good in London in their day.

Oldest Members.
Mr. Purdom stated that the three oldest members of the church that he could recall, still living in London, were Alexander Tytler, Walter Fairbairn and Donald Fraser.

H. E. Nelles and Wm. Moore had moved to California.

Mr. Purdom interspersed his address with anecdotes told of many of the earlier members of the church, which brought forth many smiles and much merriment. He stated that the old church contained many merchants as its members, among them being J. G. Henderson, John J. MacKenzie, wholesale men, and later J. B. Sutherland, Andrew Chisholm and J. G. Henderson, who were prominent in the church at that time. James Gillean and Donald McDonald were the ushers. Daniel Lester was a close friend of Rev. Mr. Scott and a great Sunday school worker. Alexander Davidson was treasurer later on.

"The contractors and builders were well

represented. James Durand, Alexander Campbell, William Stevely, William Doan, James Anderson, George Anderson, and David Denham were all builders and contractors. Mr. Denham having built the present structure.

"Warren Koch was the only member of the legal profession in the church for some time, but happily that defect is now remedied, the congregation rejoicing in quite a few members of the fraternity at present," concluded Mr. Purdom.

Tributes to Assistant Pastor.
Messrs. Silverwood, Ross Wallace and Rev. Dr. Munro also spoke briefly. All the speakers paid a high tribute to the assistant pastor, Rev. Hugh A. McFarlane, B. A., who has occupied the pulpit and attended to all church matters in a very efficient way. The Young Peoples' Society has made great strides since he has taken charge of it and is now one of the finest and largest church organizations in the city.

The committee chosen to prosecute the call before the Presbytery of London is as follows: Rev. Thomas H. Mitchell, interim moderator of the session; C. R. Somerville, representing the session; A. E. Silverwood, board of managers, and T. H. Purdom, K. C., the congregation.

LIGHTS PIPE WEARING
GASOLINE-SOAKED GLOVES
HANDS BADLY BURNED

Grand Trunk Conductor Has a
Close Shave From Being
Blinded by Blaze.

When he attempted to light his pipe while his hands were encased in gloves which he had just cleaned with gasoline, Jack McAuliffe, Grand Trunk conductor, 253 Grey street, sustained severe burns on both hands, and only escaped the loss of his sight and serious injury to his face by his prompt action in lowering the gloves from his face.

Mr. McAuliffe had put on the gloves to make it easier to clean them yesterday. When they were almost saturated with gasoline, he took up his pipe from the table and placed the stem in his mouth. Unthinkingly, he struck a match.

On the instant the gloves ignited, the flames bursting up in his face and nearly blinding him. Before he could remove the flaming kids, his hands had been badly burned. Only his quickness prevented the fire from reaching his eyes and face.

A few minutes previous Mr. McAuliffe had also cleaned a light spring coat with gasoline, and just before lighting the match, had taken it off. Had he worn the coat when he struck the light, he would have immediately been enveloped in flames.

EAST MIDDLESEX DEANERY
OPENS IN ST. MATTHEW'S

Leading Divines To Be Heard
at Semi-Annual Meeting
Today.

The semi-annual meeting of the East Middlesex Deanery Chapter opens today in St. Matthew's Church, East London, when the deanery sermon will be preached by Rev. W. H. Dunbar, rector of Thorndale. Wednesday morning, following an address by Rev. Canon Craig, B. D., a business session will be held, after which luncheon will be served in St. Matthew's schoolroom. The afternoon session will be devoted to addresses by Rev. T. G. A. Wright on "The Huron Book Club," Rev. Precentor L. N. Tucker, on "Missionary Problems," Rev. Canon G. B. Sage, D. D., on "Religious Teaching in Public Schools," Rev. T. B. Clarke, on "The Church's Care of Her Widows and Orphans," Rev. Dr. C. Cameron Waller, on "Huron College: Retrospect and Prospect," and Rev. Prof. Wright on "The Ember Pennies Scheme."

The Women's Auxiliary of the East Middlesex Deanery will hold a meeting concurrently. Mrs. G. B. Sage, diocesan president; Mrs. Gahan and others delivering addresses.

The Wednesday evening session will be devoted to the work of the Anglican Young People's Association, addresses being given by Rev. H. B. Ashby on "How the A. Y. P. A. Can Help Its Own Church," and by Chas. Appleyard, M. A., Dominion secretary of the Forward Movement in the A. Y. P. A., and other speakers.

Rev. E. Appleyard, rector of St. Matthew's Church, and rural dean of East Middlesex, will preside.

TUMOR IN THE STOMACH

Completely Removed When She
Took "Fruit-a-tives"

Newbury, Ont., April 4, 1913.

"Some years ago I was sick in bed, and thought I was going to die. I had a growth in my stomach, which the doctors said was a tumor, and they said that the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation, although both doctors said it was the only cure. I said I would die before being operated on."

"At this time my mother in Alvinston sent me some 'Fruit-a-tives,' and induced me to try them, as she had heard of another woman who had been cured of a similar growth in the stomach by taking 'Fruit-a-tives.'"

"To please my mother I began to take 'Fruit-a-tives,' with the happy result that they cured me. I have not been to see a doctor since and my health is first-class."

"I recommend 'Fruit-a-tives' every time I get a chance, and I will be glad to have you publish this letter, as some other woman may now be a sufferer from the same trouble, and 'Fruit-a-tives' will cure her."

MRS. A. McDONALD.

Fifty cents a box, six for \$2.50, trial size 25 cents. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

LAUNCH CAMPAIGN FOR 5,000 MEMBERS

Old Boys' Officials Trying to
Raise \$5,000 and Boost
Society.

Officers of the London Old Boys' Association are beginning a campaign to secure 5,000 new members. Not only will \$5,000 be raised in this way from the membership fees, but it is believed that the enthusiasm and interest aroused will prove a valuable impetus to the success of the reunion.

Executive Sure of Success.
Cards of membership and membership reunion badges can be secured from President H. R. Abbott or secretary Edwin Smith, and new members are entitled to the same voice in the meetings of the association as those who have been members for years. Quite a number of new members have already been secured, and the executive committee is confident that this year's reunion will be the most successful yet.

Children Will Help.
Cards have been distributed to the children in all the city schools, with blank spaces to fill in the names of former Londoners, to all of whom invitations will be sent. In this way it is hoped to secure the addresses of the great majority of people who have at one time or other resided in this city.

Secretary Smith is in communication with all the old boys' branch associations which were in existence at the time of the last reunion in 1911, and all, it is expected, will take a still more active interest and co-operation in this year's reunion.

ESCAPES DEATH BY INCHES
UNDER TRAIN WHEELS

Reginald Knapman, Car Repairer, Falls Between Platform and Rails.

Reginald Knapman, of 209 Albert street, a Grand Trunk car repairer, had the closest call of a call from having both legs cut off at the G. T. R. depot yesterday morning. Knapman was trying to climb into one of the cars of "The Flying Post" as the train was backing down from the station. He missed his footing and fell between the station platform and the rails. Alighting on his back, his feet flew up in the air, and before he could recover himself the brakeman of the coach caught his legs and commenced to turn him over. Fortunately the train was moving slowly and a couple of railwaymen who were standing close by signalled Engineer Mitchell to stop, and he threw on the brakes just in time to prevent the wheels crushing Knapman's legs. Knapman suffered considerably from the shock for some time.

DEBATE PHILANTHROPY

Guild of First Presbyterian Church Stages Interesting Discussion.

The Guild of the First Presbyterian Church held its closing meeting of the season in the lecture room of the church last evening, the feature of the program being a debate on the subject, "Resolved: That philanthropy as dispensed by Rockefeller and Carnegie, or in similar manner, is devoid of virtue and unworthy of our respect."

A. M. Buchanan and Percival Petrie, of the Young Men's Club of the First Presbyterian Church, held the affirmative, while William Hodder and G. R. Munro, of the Alpha Omega Society, upheld the negative. The judges, Archibald McPherson, Frank Curran and C. Darch, decided in favor of the negative. Rev. W. J. Knox, M. A., gave the critic's address.

During the evening a solo, "Land of Delight," was rendered by H. Ellis. Refreshments were served by the ladies of the Guild. J. Alexander C. Birch presided.

The piano accompanist of the evening was Miss Gertrude Rennie.

W. M. S. CONVENTION

The Separate Skirt and Shirtwaist Unmistakable Leaders This Year

The very fashions seem to suggest this style of dress—the materials shown, too, so appropriate for odd garments—and the price is that this will be a shirtwaist summer and a summer of white. We are this week showing some very new and dainty garments—styles that are exceedingly becoming, and so moderately priced that one can hardly resist the desire to so easily attain that newness and smartness of appearance that comes from a reserve of an extra separate skirt or waist or two.

Tomorrow will be an exceptional opportunity to secure ownership of those meeting your exact ideas and fitting as if made specially for you. The styles are exact counterparts of the very handsomest and newest styles adopted in New York.

THE GERRYMANDER.

"THIS refusal to play the game," as the Englishman puts it, was unfortunately reflected in the redistribution bill, a bare-faced gerrymander, obviously drawn with the sole purpose of weakening an Opposition already too weak for the country's good. Saturday Night holds no brief for any political party, but it cannot but deplore that a session marked by such admirable legislation as that referred to should have been the scene of so much unnecessary rancor and unfairness."—Toronto Saturday Night.

"The Whitney Government can do without even one supporter, from Bruce County better than the Conservative party can do with a continuance of surrenders to the demands of local partisan schemes."

"Gerrymandering will continue so long as gerrymandering is profitable. Leaders of the Ontario Government should not have listened to the small town patriots who sought to readjust the Liberals out of the Legislature. IT IS TO BE HOPED THAT THESE LIBERALS WILL BE KEPT IN THE LEGISLATURE BY BRUCE COUNTY'S SENSE OF FAIR PLAY."—Toronto Telegram (Conservative).

"The question will be asked why Bruce is selected, out of so many counties where readjustment is necessary. It will be asked also if the Government has faith in itself, or if Conservatives are losing faith in their own cause, when they have recourse to the butcher's cleaver and the axe."

"Bruce and the double-barreled seats in Toronto are signs of decadence which all true friends of the Whitney Government will heartily regret."—Toronto World (Conservative).

PROSPECTS OF ANNEXATION.

SOME of the old country papers are expressing their fears that the immigration of large numbers of people from the United States will tend to the Americanization of Canada, and that we shall be gradually losing British ideas and ideals, and become more and more assimilated with our neighbors. The fear is not one that is felt to any extent in this country. The adjacency of Canada and the United States, and the consequent close social and commercial relationships established, will of necessity bring about a certain measure of similarity in the mental and moral character of the two peoples. That is unavoidable. But the influx of a large number of residents of the United States, a great proportion of whom are Canadians returning to their own country, is not going to make conditions any worse. Those who come over the lines and take up a permanent home with us will become Canadianized soon enough; and the probabilities are that many of them will be united with the Tory party. The history of Canada tells us that some of our most rabid Tories have been born south of the lakes. In fact, one member of the Borden Ministry is a native of New Hampshire, and would not be recognized as a British citizen in England.

But there is a more serious danger before us than assimilation of ideas, and that is the annexation of Canada to the United States. During the rule of the Borden Government, trade with the republic has been increasing at an alarming rate. When the Laurier Government went out of power our trade with our neighbors amounted to \$386,000,000; last year it was \$523,000,000. Today Canada is the best customer the United States has, excepting only Great Britain, and the United States is our fifth best customer. We know what the development of trade with our neighbors indicates. It means the sapping of our loyalty to Britain; it means the Americanization of Canada; it means in the final result the annexation of Canada to the United States.

At least, that is what the Tory orators and Tory papers told us a few years ago. The reciprocity agreement with the States proposed by the late Administration was for the purpose of facilitating trade with our neighbors. And we know how violently it was condemned by the Tories of Canada. From the lips of every Tory orator, echoed from every Tory platform, repeated ad nauseam in the columns of every Tory journal, came the outburst of Tory loyalty condemning the Laurier policy, which was to lead inevitably to annexation. With what frantic vehemence they waved the old flag above their heads, and how earnestly they called on the people to rise and save the country from the dire disasters that faced it.

And the people got excited, and responded as the Tories wished. But what is the result? Even though the tariff barriers still exist, trade with the United States has increased. The danger of annexation is greater than ever before. Canadians are buying and selling with their neighbors more than they ever did. Worse than that: the very men we elected to office in order that they might save us from this disastrous

condition are doing the same thing. They are buying coal from the United States for the Intercolonial Railway instead of from Nova Scotia. They are buying lumber from Washington and California instead of British Columbia, and will bring it to Toronto to construct public works. The people are buying in the cheapest market, and selling in the best, utterly regardless of the flag. And the Government that took up the task of saving Canada to the Empire by having "no truck nor trade with the Yankees," have not only failed to hold the fort against the insidious enemy, but have actually deserted from their post and are turning traitors as fast as they can. The prospect is most alarming. That is, if there was anything in all the flamboyant Tory loyalty of the last election campaign. Of course, some of us said at the time that it was all "rot"—if slang may be pardoned in this connection. It was only political "poppycock," which the shouters did not believe themselves. Perhaps we were right. If so, there is nothing to be frightened about. Our Tory flag-flappers in their greatest excitement were winking at each other and whispering among themselves: "See how we are fooling the people; they will vote for us all right." Great is "Bosh," and his prophet is the Tory politician.

IRISH LOYALTY.
 A common cry against Irish home rule is that Ulster will be punished for the crime of loyalty and the disloyal will be rewarded. This is a specious but fallacious plea.

It may be true that British soldiers in Ireland have reason to remember insults and hostile acts of Nationalists. The Irish sympathy with the Boers cannot be forgotten, especially by British soldiers, even though the war in South Africa is now recognized as an error that might, and should have been avoided. But whatever disloyalty the Irish Nationalists, harked off their rights as men and as free British subjects, may have shown in the past, the plain fact must be kept in view that at present it is they who are loyal and the Carsonites who are talking disloyalty in Ireland. There is something like a parallel in history. Between 1769 and 1774 the British conquerors ruled an alien population in French Canada and then gave them complete religious toleration and an extension of frontier to the Ohio River at the expense of New England. The English colonists along the Atlantic had been, of course, ever so loyal while the mother country was helping them to put down the French. But the Quebec act of 1774 was the precipitating cause of the revolution; it made the French "loyal" and a large proportion of the Americans "disloyal." It was a measure of justice in the main, but the New Englanders exclaimed against it as a piece of Rome rule.

Here, then, is the parallel. The French, whose loyalty British Tories praised, were the Nationalists. The Revolutionists were the Carsonites, the Orangemen, loyal so long as they got what they wanted, rebels against "Rome rule" forsooth. The U. E. Loyalists, demigods par excellence of Tory worship, were the Ulstermen who refuse to follow Carson and Law in calling over the Kaiser and seceding from both Britain and Ireland rather than abide by the decision of the British Parliament, but elect a Nationalist Protestant for Derry. The Quebec act was the home rule bill. Who, then, are the loyalists in Ireland today? For their present loyal sentiments Irish Nationalists deserve even more credit than the French-Canadians of 1774. They have suffered centuries of misrule, while the French had not, even before the Quebec act, been badly governed. Orangemen are far more discredited by their insurgency than the American Revolutionists, who had, in some respects, a good cause.

CAMPING ON THE PORCH.

IT IS AN excellent sign that sleeping porches are more and more being considered indispensable to modern houses. Sleeping out of doors has become so common that it is no longer considered freakish or a novelty. Time was when it was thought necessary to tightly close the bedroom window at retiring time for fear of the "night air," but now young and old alike throw wide the windows—many all the year around and everybody during the summer months. Experience has shown the great benefit to be derived from outdoor sleeping and the belief that the night air possessed noxious qualities has long since disappeared. Londoners are particularly fortunate because of the spaciousness which prevails throughout the city. A great number of Forest City homes have wide verandas and sufficient privacy is assured by the semi-isolation of most houses. The outdoor sleeping habit, widespread as it has become here, should be even more generally contracted under these ideal conditions. To one who has tried it—taken his eight hours rest with fresh air at every inhalation—there will be no going indoors to sleep until driven to it by storm or cold. Let us remember that the fresh air of camp or tent life to which so many of look forward during the annual vacation, can be had right here at home in surroundings that, if not as romantic as prevail in the woods, are at least exceptionally pleasant.

That administration is asleep at the switch which refuses to believe that subways is a live issue in London.

Irving Berlin has written a song about the war and revolution in Mexico. Well, it's a ragtime sort of situation, anyway.

A Washington doctor says that a man can become brainy by frequently running a comb through his hair. But supposing he is bald?

George Bernard Shaw says that his is a bashful character, but there is no question about the forwardness of some of his stage characters.

Richard Harding Davis at the front

---and the Worst Is Yet to Come

Writes of "Mixed Mexico," and from here it does look as if that benighted land was in about fifty-seven kinds of a pickle.

For several months The Advertiser has printed a record of crossing delays suffered by street cars. Hundreds of hours have been lost by Londoners, and as space is valuable, it is hoped the effect of the "daily delay" notice will not be lost.

A United States senator proposes that Canada take over Greenland from Denmark, but on the surface it doesn't seem like a good bargain. At any rate, not until "Greenland's Ice Mountains" is dropped from the list of Sunday school hymns.

A near-monster meeting in Toronto tells Asquith and Carson that a general election must decide the status of Ulster. Premier Asquith wants to leave the question to Ulster itself, but "no," says the Toronto crowd, the United Kingdom as a whole must re-decide.

To have the new Ford branch in London is a great thing for the city, but to have it located at a point in the heart of a fine residential district is a calamity. The Ford factory, located at Waterloo and Pall Mall streets, will decrease the value of residential property and will gradually convert the C. P. R. crossing into another dangerous trap, what with switching of cars and delays.

FINE FOR THE DOCTORS.
 [Manchester Guardian.]
 Travelling in the train with my friend the doctor, I observed a fellow-passenger earnestly reading a "populace" medical book issued in parts. "That kind of thing must be bad for your trade," I suggested, but the doctor smiled and denied my statement. "Quite the contrary," said he. "The first part has brought me nineteen cases of imaginary appendicitis and I anticipate that bronchitis and Bright's disease, of a similar mild type, will be prevalent among my patients when part B is issued, with all the more easily pronounced ailments to follow as the publication goes on."

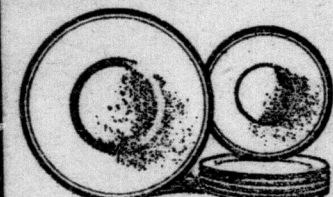

THE POINT OF VIEW.
 [The Sketch.]
 In a Great Western Railway carriage, on the way up to London, a youth had disturbed and annoyed the other passengers by loud and foolish remarks during a great part of the journey. As the train passed a station, the youth remarked: "I often think how nice the asylum looks from the railway."
 "Some day," growled an old gentleman, "you will probably have occasion to remark how nice the railway looks from the asylum."

[Montreal Gazette.]
 The London omnibus driver who performed an act of bravery in a crowded street, and then failed to mention the fact to his wife, is being commended for his modesty. King's Daughters Meet.

The regular monthly business meeting of the Golden Link Circle of King's Daughters, St. George's Parish, was held last evening. The Scripture lesson was given by Miss Katherine Howles. Among other matters of business discussed it was decided to undertake the support of a child in the orphanage, Kaifeng, Honan, China. The coming provincial convention of King's Daughters to this city in October also occupied a portion of the session.

Strathroy Women's Institute.

The annual meeting of the Strathroy branch of the Women's Institute was held in St. John's Hall Friday, May 8, when the following officers were elected: President, Mrs. J. E. Douglas; vice-president, Mrs. Frank Hawken; secretary-treasurer, Mrs. M. W. Cummingford; district director, Mrs. Bogue; directors, Mrs. Somerville, Mrs. Lethbridge, Mrs. E. G. Mackay, Mrs. W. B. Lindsay, Mrs. Dunn, Mrs. C. Down and Miss Grundy. District Directors—Mrs. Douglas, Mrs. Cummingford, Mrs. Somerville, Mrs. Hawken, Miss Grundy and Mrs. Wilson. Reporter—Mrs. Thos. Strathroy. Auditors—Miss Letch and Mrs. Kerwell. Mr. J. E. Bates, of the Geddis Company, gave an address on "Linen," taking the different stages from the flax seed to the finished linen. Mr. Will Wilson gave a solo, which was well received.

Mrs. Edward Griffith, of Talbot street, and little daughter Olive left today for a month's visit to Warwick, Ont.

RHUBARB AND RAISIN TARTS

Ingredients:
Two cupsful of rhubarb.
Two cupsful of sugar.
One-half cupful of seeded raisins.
One tablespoonful of cornstarch.
Method—Cut thin, young rhubarb into small bits, sugar and cornstarch together, then shake through the rhubarb. Now cut the raisins into small pieces, using a pair of kitchen scissors dipped in flour to keep them separate. Mix this with prepared fruit and fill small patty pans, lined with pie crust. Cut strips to cross over top, finishing the edge with a thin strip well pressed down. Bake in brisk heat until crust is nicely browned. When serving sift confectionery sugar over top.

Conducted by "THE NOMAD."

[BY OLIVE.]

Do you feel rumpled up, cross and tired? Feel as if you don't exactly care what happens? Have you that listless, lazy, FEVER sensation of mental and physical indifference? You have? Well it is just the same disease that grandma used to treat with sulphur and in the good old days, and term Spring Fever.

Perhaps you are cooped up in a stupid, office, or maybe you are confined in the house with the thousand and one small duties piled up high and staring you in the face, while the glad, mad, sunshine of a May day calls alluringly from the big outside world.

The best spring tonic available, guaranteed to straighten out the kinds of worry and exhaustion in the care-burdened brain, is to slip the shackles of labor for just an hour, and make for the restful meadow or woods. You haven't time? Well make it; take half an hour today, even if you have to work twice as hard tomorrow to make up.

Perhaps you have no other incentive than to look for a few struggling violets, or the frail blossoms of the blood-root. Surely there is ample recompense in the soothing quiet of the beckoning trees, in the notes of the myriad bird voices, in the fragrance of innumerable perfumes that Nature distills so unobtrusively.

There is a nerve tonic in the vast quiet of Nature's wondrous cathedral, that will dispel the sordid business cares, untangle the mental knots, and readjust the petty trifles that cling so tenaciously to the average human being. It is just a touch of the Spring fever. Get next to Nature.

The following story of the quick wit and ingenuity of Princess "Pat" has delighted many of her friends. It happened during her last visit to England. Her Majesty the Queen was to attend a charity sale at a great house in Grosvenor Square. Queen Mary is notoriously opposed to slippers when they open to the knee.

One of the receiving peacesses—a duchess who shall be nameless—arrived in a gorgeous gown cut to show a jeweled stocking and a diamond garter.

"Take her upstairs and give her a petticoat," suggested Princess Pat. "But I don't possess such a garment," confessed the lady.

"Then give me a lace scarf," commanded Princess Pat, and straightway constructed a makeshift for the obstreperous limb.

The "SALADA" Tea Company have commenced using bright aluminum sheets for packaging their well-known tea. So light is this wonderful metal that a single sheet of it weighs no more than a similar sized sheet of writing paper.

RICE WITH RAISINS.

Ingredients:
One cupful of washed rice.
Three quarts of boiling water.
One tablespoonful of salt.
One-half cupful of powdered sugar.
One-half cupful of seeded raisins.
Top milk or cream as desired.
Method—When water is boiling rapidly in a large kettle stir in the rice, fast and stir occasionally to prevent rice settling on bottom. When rice is pressed between finger and thumb, it tender, which will be after from twenty to thirty minutes, drain in a colander and let cold water run through. Shake out all the water and set over hot water or in warm oven to dry. Each grain should be firm, tender and separate, not mashed together. In meantime have a kettle of boiling water ready, set the raisins over the water in a wire strainer and keeping it well covered let them soften and plump out. When ready to serve, sift sugar over rice, add the raisins and toss together lightly with two forks. Serve with a pitcher of cream and more sugar and cinnamon for those who like this addition. This is a delicious luncheon dish for the school children.

KATHLEEN AROON.
Why should we parted be, Kathleen Aroon?

When thy fond heart's with me, Kathleen Aroon!
Come to those golden skies,
Bright days for us may rise,
Oh! dry those tearful eyes, Kathleen Aroon.

Give me thy gentle hand, Kathleen Aroon!
Come to the happy land, Kathleen Aroon!
Come o'er the waves with me,
These hands shall toll for thee,
This heart will faithful be, Kathleen Aroon!

Why should we parted be, Kathleen Aroon?

When thy fond heart's with me, Kathleen Aroon!
Oh! leave those weeping skies,
Where man a martyr dies,
Come, dry those tearful eyes, Kathleen Aroon!

"Aroon means 'secret treasure of my heart.'"

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letters can be answered privately.]

To Launder Violets.

Dear Miss Grey—This is my first time to trouble you; hope you will help me. I have a white embroidered violet dress (cotton voile). Please tell me how to launder it? It is quite soiled, and I have worn it a good deal. Will I need to dip it like other cotton goods? Will it require starch? Your immediate attention to the above through the columns of The Advertiser will greatly oblige.

CONSTANT SUBSCRIBER, LUCAN.

A.—Considering the frail nature of the goods, you will have to exercise care in laundering. Immerse in a tub containing lukewarm water and a little castile soap, shaved fine. Rub soap on the most soiled parts—generally the sleeves and bottom of the skirt. Let the dress remain soaking for an hour, then rub well but gently between the hands; press out the suds and rinse several times; pass rest of all through the bluing water, and then dip in a clean sheet, and iron with fairly hot irons. If a thick pad, such as an old blanket, is used underneath, it will cause the embroidery to stand up beautifully. Iron, of course, on the wrong side.

Going to Entertain.

Dear Miss Grey—I am going to entertain some of my friends at my home soon. Dancing will be the principal amusement, and as host, which is a good way to entertain them after dancing? Also what refreshments would be a short address, how is the best way to explain myself? How does a young man ask a lady to dance with him? Thanking you very much for the favor.

EDWARD.

A.—I. Why not have some musical numbers or a reading or two after the dancing? Most of your guests will be young people, and they will be glad to have a little variety. Or perhaps you would prefer to provide some indoor game, like carrom or a card game.

2. You might serve refreshments in buffet style, having large plates of sandwiches, dishes of olives, salted nuts, cakes, wafers and bon bons, placed in readiness on the dining table. Coffee could be poured in the kitchen, and the cups brought in on large trays and dispensed among the guests.

3. It depends partly on your ages, and what your prospects are. If you are fairly well established as a steady bread earner, I should advise you to get married and face the turmoil of life hand in hand.

TAKE OUT AN INJUNCTION AGAINST WEATHERMAN ONLY WAY TO PLAY GAME

Rain Again Interferes With London and Ottawa Series—Indications Are Not Bright For Game Wednesday—No Double-Header Will Be Played This Week.

[BY BERT PERRY.]

The unanimous opinion of the London and Ottawa ball clubs is that this country is getting far too much rain, and it is likely an injunction will have to be taken out against the weather man on the grounds that his present efforts to saturate the landscape are greatly detrimental to the pleasing pastime of baseball and in restraint of trade. There is no doubt about it; the present climatic conditions are keeping a whole lot of able-bodied men from working at their daily occupations, and something ought to be done about it. And besides a whole lot of perfectly-healthy fans are anxious to see this Canadian League race continue.

No Double Header.

The Ottawa and London teams will have to smother their eagerness to engage in deadly conflict for another day at least, and indications are not very bright for a fracas then. The rain has certainly put an awful crimp in the present series. The teams will only be able to get in one game even if the weather is favorable tomorrow.

RAIN PREVENTED ALL GAMES IN CANADIAN LEAGUE MONDAY

BY BERT PERRY.
"It is not raining rain to me,"
"Manager Reising now exclaims."
"This weather man, I plainly see,"
"Is simply raining postponed games."

It's a cruel world and albeit a wet one. Jupiter Pluvius, London and Ottawa 0. That was the result of the yesterday's offering at Tecumseh Park. With both teams and a flood of fans over in the West London meadow trying to stage the initial conflict in the London-Ottawa three-day squabble, old J. Pluvius butted in and walked off with the honors. After he hit the dirt, the London and Ottawa men quit cold and the umpire forfeited the game to the gent that made the name of Noah famous.

Postponements Getting Frequent.
It was the second postponement from the same cause in three days, and it caused a great deal of disappointment among the fans and players. It is getting

to be quite a job trying to stage a game in this region lately, and it looks as if London has joined the umbrella league or the shower bath union, or some such organization where they play baseball with the aid of canoes or other kind of wet goods. Frank Shaughnessy and his Senators have just arrived from St. Thomas where the rainfall during the past three days shattered all the pre-season records.

All Cities Suffered.
London was not the only city on the circuit to suffer from the rain yesterday. Every game in the Canadian League was held up for the first time this season. The league is meeting with more wet weather right now than it has previously experienced so early in the season. However, the indications are that the warm, fair weather will be with us in a few days and a week or two of sunshine will help matters along nicely and save the players a lot of money which otherwise might have been expended in raincoats.

Canadian League Dopelets

According to the Hamilton scribes, Gero is the only likely-looking twirler Bruce Deneau has on his Brantford club.

The Hamilton club protests that it should have had the Sunday game in Erie and not Peterboro. It claims the arrangement was that clubs playing the Monday, Tuesday and Wednesday games would drop into Erie for Sunday, but the schedule says different. It was pretty soft for the Pates to get the opening day.

Nerves Were So Bad THOUGHT SHE WOULD GO OUT OF HER MIND.

Diseases of the nervous system are very common. All the organs of the body may be sound while the nerve centres may be affected.

Many women become run down and worn out by household cares and duties never ending, and sooner or later find themselves with the nerves shattered, and the heart action weakened.

On the first sign of any weakness of either the heart or nerves, flagging energy, or physical breakdown, do not wait until your case becomes hopeless.

Milburn's Heart and Nerve Pills will at once quieten the nerves, strengthen the heart and build up the entire system. Mrs. Archie Goodine, Tilley, N.B., writes: "When I was troubled with my heart two years ago, I was very bad. My nerves were so unstrung that sometimes I would almost go out of my mind. I doctored myself with everything I could get, until at last I got four boxes of Milburn's Heart and Nerve Pills, and they have cured me. I cannot speak too highly of this wonderful remedy, and will recommend it to all sufferers."

Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TOM L. HAYGARTH SAYS:

"Nineteen times every week good-natured men of big-stature and big girth step into my store and say, 'I don't think you can fit me.'"

"I have suits for men 6 feet 2 inches high and 46-inch breast. Plenty of fine cloths at \$18 and up, in well-tailored Semi-ready clothes."

"And if a man is bigger than that I can make him a special order in six days."

CUBS AND CARDINALS PLAY 13 INNINGS

Darkness Stops the Game With the Score 5 to 5.

GIANTS WIN THREE IN ROW

Phillies Defeat Brooklyn in Record Time—Magee and Sweeney Mix It.

ST. LOUIS, May 11.—Darkness stopped the St. Louis-Chicago game here today with the score 5 to 5 in the thirteenth inning. The visitors scored by bunting hits and through the wildness of Doak and Peritt. The home team tied the score in the ninth when Carter singled and was brought in by Wingo's triple, the latter scoring on Magee's single.

In the eleventh inning Magee and Sweeney came to blows, the latter knocking the St. Louis player down before the players and umpires could interfere. After Magee had singled he tried to steal second base and, he says, after tagging him Sweeney hit him in the back with the ball. He got up from the base and struck at the Chicago infielder, who dropped him with several punches to the head.

FASTEST THIS SEASON

PHILADELPHIA, May 11.—In the quickest played game of the season here Philadelphia defeated Brooklyn today, 2 to 1. The home team won in the third inning, when the bases were loaded and Pfeiffer took Rucker's place and Cravath scored the runs which decided the contest with a single. After the first inning, when Daubert hit for a home run, Alexander did not permit a Brooklyn player to get on base. In practice at shortstop today Manager Dooin was hit in the eye by a grounder. His eye and cheek were badly injured and Pat Morahan had charge of the team during the game.

GIANTS TAKE THE THIRD

NEW YORK, May 11.—New York made it three straight from Boston here today, the champions winning a hard hitting game by a score of 8 to 6. Both teams scored in the first inning, but the home team's runs were scored by Boston in the sixth and seventh came after New York slipped up on a chance to retire Boston runners Merkle and Schmidt each hit home runs with two on bases. The feature of the game was a sensational one-handed catch by Fred Merkle in the first inning. Schmidt, who followed the catch with a throw from deep left to first base which doubled Fletcher.

LEAF DEFEAT ORIOLES IN PITCHERS' BATTLE

Ritter and Ruth Pitch Splendid Ball—Former Won Out.

GRAYS OUTCLASS ROYALS

Rochester Defeats Jersey City 6 to 3, After Skeeters Had Tied Up the Score.

TORONTO, May 11.—In a grand pitchers' battle today between Ritter and Ruth, the latter won in the tenth when he batted a clean single and a wild heave resulted in the tie being broken. Ritter pitched splendidly throughout, Ritter having slightly the best of the argument. Score: R.H.E.
Baltimore 0 0 1 0 0 0 0 0 0—1 4 2
Toronto 0 1 0 0 0 0 0 0 0—2 7 2
Ritter and Ruth and Egan; Ritter and Snell. Umpires—Hart and Rorty.

MONTREAL PITCHERS ALL LOOKED ALIKE

MONTREAL, May 11.—All Montreal pitchers looked alike to Providence at the opening of the series here today. The visitors' pitchers were sent in for the four local hurlers, hitting their offerings to all parts of the lot. Errors by Holstein at first and Cunningham at second helped. The Royals changed their batting order, with little improvement. The score: R.H.E.
Providence 4 2 4 0 1 4 1 1—17 17 0
Montreal 0 0 2 0 0 0 0 0—0 3 18 1

Batteries—Schultz and Koerber; Matern and Howley. Umpires—Mullen and Halligan.

BILL UPHAM DID IT

ROCHESTER, N.Y., May 11.—Rochester defeated Jersey City here today by 6 to 3. After Rochester had obtained a 3-0 lead, the Skeeters tied the score, but when Bill Upham was sent in for the Hustlers the visitors' swatting ceased. In the three and two-third innings Upham worked the innings did not get a hit. Manager Hulswitt used four twirlers, Taylor injuring his hand when he stopped Smith's line. Score: R.H.E.
Rochester 1 0 1 1 0 3 0 0 0—8 11 1
Jersey City 0 0 2 0 0 0 0 0—3 8 8
Batteries—C. Thompson, Taylor and Pearce; Hoff and Williams. Umpires—Finneran and Harrison.

ARE FEDERALS PLANNING TO RAID THE MAJORS?

CHICAGO, May 11.—It was learned today that the St. Louis Federal League club is negotiating with an infielder said to be a member of an American or National League team and that the player may agree to join Manager Brown's club before it leaves Chicago on Wednesday. President Thomas of the Chicago Nationals accompanied his team to St. Louis. It was said today, with the hope of luring the Lee Magee, outfielder, or Pitcher Sallee of the St. Louis club, according to a dispatch from a correspondent with the club.

According to statements made here today by Edgar Willett and Delos Drake, former pitcher and infielder, respectively, for the Detroit Americans, Tom Cobb told them yesterday that his salary from Detroit is \$6000 and that his contract is for one year and is without the ten-day clause and reserve clause. The Federal League and asked them many questions on the subject during an extended chat with his former teammates on Sunday.

Neither Charles Weeghman, president of the Chicago Federals, nor Manager Joe Tinker would make any statement tonight concerning a possible offer to Cobb at the end of his contract.

ROTH JOINS DENEAU'S SQUAD HIS ARRIVAL MEANS A FIGHT

[Special to The Advertiser.] BRANTFORD, May 11.—The weather today was so dull and cold that the ball game between Toronto and Brantford was postponed and many fans were disappointed.

Roth, an infielder from Detroit, has arrived in the city and was to have played today. He has been in class B baseball for some time, and his arrival means a fight between Wagner, Beltz and Rider.

The infield has not come up to expectations and Rube Deneau thinks the new man will strengthen the team considerably.

Coose, recently released, will pack his belongings and go to Woodstock, for whom he will pitch.

ST. THOMAS GUN CLUB'S BIG SHOOT OPENS ON JUNE 2

Big Preparations Being Made to Welcome Some of America's Greatest Shots—Prize List Is Attractive One.

[Special to The Advertiser.]

ST. THOMAS, May 11.—The big grand international registered shoot, which is to be held in this city on June 2, 3 and 4 promises to eclipse anything heretofore attempted in this line in Canada. The most noted professional trapshooters on the continent will be present at this meeting besides most of the best amateur performers in the country. All the big powder and cartridge companies of the United States and Canada will have from one or two representatives present, and all the latest and most fancy kinds of guns, powder and shells will be demonstrated.

Comfort for the Shooters.
The St. Thomas Gun Club, the organization which is holding this big event, has the finest grounds and equipments in Canada for holding such large shoots. Five sets of traps will be used. The club has arranged to have white canvas covering over all fire traps at the firing line. This means additional comfort to the shooters as this cover prevents the sun from shining on the gun barrels, which will aid much to the effectiveness of the shooters and permit them to shoot with their hats and caps off as well as their coats which will be an agreeable feature in hot weather such as exists at that time of the year.

Great Bunch of Prizes.
The grounds will be specially decorated for the occasion with flags and bunting and free tents for the comfort of the shooters and their friends as well as a tent for the ladies will be put up. In fact, the committee in charge is leaving nothing undone to make this the grandest and best shoot ever held in Canada. The program has been issued, and it presents an attractive list of events for the three days. The shooting will start at 9 o'clock each morning and continue until late in the afternoon. Special events for ladies, with valuable prizes, have been arranged. The prize list is a long one, and also an exceedingly attractive one, and worth the competition promised for each event.

Pros. Not Eligible for Prizes.
Interstate rules will be used, and all

competitors must stand at 16 yards. The professional shooters will not be eligible for the prizes. They attend the shoot to demonstrate guns, powder and shells, and also explain to amateur shooters how to improve their shooting.

Great interest in the coming tournament is being displayed all over the country. Noted shots from all parts of the United States and Canada will be present to give it an international flavor that no other shoot in Canada has experienced. George R. Gunn, of the Winchester Repeating Arms Company, and Richard Graham, of the Municipal World, St. Thomas, have been appointed to take charge of the office at the shoot. This will insure the best of satisfaction to the shooters.

FORTY ATHLETES AT HARRIER CLUB MEET

Big Gathering of Local Runners in Queen's Park.

POLLOCK WON HALF-MILE

Kingswood Carried Off First Place in Fifty-Yard Run—The Results.

The London Harrier's Club held its first twilight meeting of the season at Queen's Park last evening, about 35 or 40 athletes turning out and competing in the events. Only two out of the three events scheduled were run off owing to the condition of the track and the darkness, which set in earlier than usual because of the cloudy sky. The fifty-yard dash event was won by Roy Kingswood, in 5.3-5 seconds. It was a handicap event, and Kingswood started from the five-yard line. Roy Burridge, who was scratched, finished fourth. The half-mile run went to Morris Pollock, who did the distance in 2:05 2-5. Roy Campbell, the only other scratch man, gave him a hard race, and finished second.

The 12-lb. shot put was the only event not given. It will be held on Thursday night at the park.

The Results.
Last night's results were as follows:
Fifty-yard dash, handicap—Roy Kingswood, 5 yards, first; O. Bodkin, 7 yards, second; A. Aitkin, 5 yards, third; Roy Burridge, scratch, fourth; J. B. Ferguson, 6 yards, fifth. Time, 5.3-5 seconds.

Half-mile run, handicap—M. Pollock, scratch, first; R. Campbell, scratch, second; G. Markie, 20 yards, third; R. Lee, 25 yards, fourth; A. Aitkin, 25 yards, fifth. Time 2:05 2-5.

The Schedule.
The balance of the season's schedule is as follows:

Monday May 13—150-yard dash, running broad jump, 660-yard run.
Monday, June 1—100-yard dash, running high jump, one mile run.

Monday, June 8—One mile relay (four men to a team), standing high jump, one mile walk.

Monday, June 15—330-yard dash, running hop, step and jump, 1000-yard run.
Monday, June 22—220-yard dash, pole vault, one mile medley race (220-440-660).

Monday, June 29—440-yard dash, standing broad jump, half-mile walk.
Monday, July 6—100-metre dash, standing hop, step and jump, 800-metre run.

GREAT COMBINES TO PROMOTE SALE OF IMPLEMENTS OF WAR

Sensational Charges Made by Dr. Liebknecht in the German Reichstag, Concerning Form of Graft of International Character.

BERLIN, May 11.—The Socialist deputy, Dr. Karl Liebknecht, who last year made the sensational charges that officials of the Prussian war office had accepted bribes from the Krupp Company in return for military documents, which resulted in the conviction of several officers and others, made an attack tonight in the Reichstag on the international, and especially the German, armaments industry.

He declared that this industry in Germany represented at least \$125,000,000 of invested capital and that many former high Government officials and army and navy officers were members of the Krupp board of management.

The same was true, he asserted, of other German armament firms, and all had international connections. The Krupp Company was in the combine with the Skoda works, which were conducted with English and French capital.

Dr. Liebknecht further declared that Dr. Hermann S. Paasche, vice-president of the Reichstag, and the new minister of interior, Count Von Loebell, belong to the directorate of the Ehrhardt Works, that the Loewe Small Arms Company embraces Belgian, French and Italian firms, that an international powder trust also is in existence, and that banks are involved. He named the Deutsche Bank and Disconto-Gesellschaft.

Similarly, he charged that the warship industry was international, and named Vice-Admiral Von Sack as "go between" for the armaments industry and foreign countries. He said that high state, army and navy officials were members of the directorate of a prominent optical instrument firm which overcharged the army 150 marks for every field glass of a certain kind.

THREE CONVENTIONS CALLED BY W. ONTARIO LIBERALS

East Lambton at Watford on May 28, East Kent on Friday at Ridgetown, West Wellington on May 19.

[Special to The Advertiser.]
WATFORD, May 11.—At the best attended meetings of the Liberal executive ever held in this district, it was decided to call a convention for East Lambton to meet at Watford at 2 o'clock on Thursday, May 28. Delegates were present this afternoon from every district, and it was reported that the very keenest interest is being taken in the present situation.

It is expected that Hon. George P. Graham, Hon. W. L. McKenzie King, B. Monk, M. P. P., and other speakers will be present.

EAST KENT.
RIDGETOWN, May 11.—A meeting of

the Liberals of East Kent has been called for Friday at Watford for the selection of a candidate in the coming contest, and to transact other business.

Among the speakers will be Wm. Proudfoot, M. P. P., for Centre Huron, and Walter Ferguson, M. P. P.

WEST WELLINGTON.
[Special to The Advertiser.]
HARRISTON, May 11.—A convention of Liberals of West Wellington has been called to meet in the town hall, Drayton, on Tuesday, May 19, at 2 o'clock, in the afternoon for the selection of a candidate to contest the riding at the approaching provincial elections.

FINANCIAL and COMMERCIAL

VEGETABLE SUPPLY GREATER THAN DEMAND

Gardeners Had Some Difficulty in Disposing of Produce—No Butter Offered.

As on Saturday, green vegetables again featured the local market, while prices in most lines remained the same as prevailed on Saturday. The demand was slow, and the large representation of gardeners present had considerable difficulty in disposing of supplies. Parsley was quoted at 40 cents per dozen; lettuce, 40 cents per dozen; spinach, 75 cents per dozen, while the quotations of rhubarb ranged from 40 to 45 cents per dozen. No roots were offered.

One offering of 60 dozen of eggs sold briskly for \$1.50 to \$1.60 per hundred.

There was no butter either in the dairy hall or on the market. It is predicted that this commodity is due for a rise in price, due to the increasing scarcity.

One load of bay of choice quality sold for \$15.50 per ton. No oats were brought in.

A small supply of dressed pork sold briskly for \$11.50 to \$12 per hundred-weight.

Other butchers' meats remained unchanged.

REGRET LOCATION OF FORD FACTORY

North Enders Believe It Will
Hinder Union Depot
Project.

PROPERTY MAY DEPRECIATE

Sane Handling Would Have
Prevented Occurrence, Says
District Resident.

While they are desirous of encouraging and fostering every new industry, and while they believe the new Ford building is the most desirable type of factory for the district, a number of north end residents regret that the corner of Waterloo and Pall Mall streets has been chosen for the erection of the new building. Their contention is that the business done by the Ford people will necessitate the putting in of more tracks, and that within a few years the siding accommodation which the C. P. R. will provide will attract other industries, and that such conditions will be a strong argument against the combining of the two big railways at a union station. In the event that the C. P. R. ever agreed to coming into the centre of the city, as most public-spirited citizens hope they may, the difficulty would be to arrange suitable shipping facilities for such industries as the Ford Company.

It is further stated that residential property will be depreciated in value by the location of the new factory on the C. P. R.

"Here is where the value of some sort of sane management would come in," said a resident of the district this morning. "If things had been properly handled a site far more suitable to the company and to the residents of the district would have been secured. As it is the prospects are for another dangerous crossing, on which a great deal of switching will be done."

40 CARPENTERS QUIT AT MCCORMICK PLANT

Protest Against Employment
of Foreigners Brought in
Because of the Rain.

Forty carpenters employed on the construction of the new McCormick factory in East London walked out this morning, giving as a reason that about thirty foreigners employed in cement construction work were set to work laying maple floors by Frost & Winchester, the contractors in charge of the work.

The carpenters base their action on the claim that while many carpenters are out of work in this city it was unfair to place unskilled laborers at the work which properly belong to them. In a written statement to The Advertiser, they argue that London workmen, as consumers of McCormick products, have helped to make the success of the McCormick firm, and London workmen should be employed wherever possible by the firm.

Thomas J. McCormick, of the company, stated that the contractors were responsible for the placing of the foreigners at work on the floor, but trouble had narrowly been averted before, when, several weeks ago, many of the men, who were carpenters, were sent out to facilitate the completion of a certain piece of work. Dissatisfaction with their jobs had been brewing among the men, and it broke out openly this morning when the foreigners, who were unable to work at their own construction work because of the rain, were taken inside to fill in time laying the floors. The carpenters objected, but were told that in case they did not, their tools if they were not satisfied, which they did accordingly.

"Mr. McCormick added that the carpentering work on the new building is practically completed, and that the men, who had nothing to gain by walking out. There are many idle carpenters in the city, and the contractors do not anticipate any difficulty in filling the places of the dissatisfied men. Should there be any such difficulty, skilled men are not really necessary to complete the work."

Brain and Stomach Linked Together By Nerves

The Effects of Emotions and Nervous Strain on Digestion —
Nerves Revitalized by Dr. Chase's
Nerve Food.

The relation between the brain and the stomach is illustrated by the way a person with tired, aching eyes loses appetite or suffers from indigestion. When an excessive amount of nervous force is consumed in the brain—whether it be in straining the eyes, excessive mental effort, excitement or worry, matters not—there is a lack of nerve force to carry on the functions of the bodily organs, such as digestion.

The great sympathetic system of nerves directly connects the brain, where nerve force is manufactured, with the stomach, heart, liver, kidneys, intestines, etc. Weakness and inactivity of these organs are due to lack of nerve force, and the source of trouble must be in the supply of nervous energy in the brain.

CASE FOR CRIMINAL NOT FOR CIVIL COURT

Opinion of Commissioner in
New, Haven Railway Case
—The G. T. R. Incident.

[Canadian Press.]
Washington, May 12.—Indications today were that the inquiry being conducted by the Interstate Commerce Commission into the financial operations of the New Haven Railroad and Billard Company would run its course.

"This is a case for the criminal courts," suggested one official of the commission, "not for a civil proceeding. It appears doubtful whether, in a proceeding of this kind, the real facts can be developed."

Upon resumption of the hearing today, Timothy E. Byrnes, former vice-president of the New Haven, was recalled to the stand.

Did Mr. Mellen ever turn over to you money to be disbursed without vouchers? inquired Chief Counsel Foley.

"No," replied Mr. Byrnes, "at no time."

Questioned as to the employment of W. S. McNary, of Boston, Mr. Byrnes said McNary was given about \$1,000 mainly for making a careful study of the probable effect of the Grand Trunk Railway coming into Boston, which was being considered.

"McNary was an expert on transportation matters," said Mr. Byrnes, "and later was appointed a dock commissioner by the city of Boston. He had no connection with the Grand Trunk situation, and the general traffic possibilities of Boston."

"In whose behalf did he speak?" "Generally in the interest of the public," "Did his holding a public position have anything to do with his employment?" "Was just a clerk."

"At that time he held no public place. He was a clerk in a furniture store."

"Did you consider the advice of a clerk in a furniture store worth \$1,000?" "Well, the State of Massachusetts seems to value his services."

WAR OF THE COMPANIES MAY BENEFIT CITY

Paving Concerns in Keen Competition For
Business and Prices May Drop.

Cheap pavements may be secured by the city as a result of a paving company war which is brewing locally. For years the Warren Paving Company secured the bulk of the city paving contracts, but of late Foley & Gleason, of Ottawa, have been getting the lion's share. Foley & Gleason are now laying pavements on Clarence street, from York to Horton streets, Talbot street from York to Simcoe streets, York street from Wellington to York street, and Horton street from Talbot to Ridout streets.

Contracts are shortly to be awarded for the Worley road paving, and it is understood that the Warren company will make a hard effort to underbid Foley & Gleason.

APPROVE PROPOSED LAW

London Children's Aid Indorses Broder's
Proposal.

London Children's Aid Society meeting yesterday afternoon, unanimously indorsed the proposed anti-cigarette law which Andrew Broder, M. P. for Dundas, is seeking to have passed through the Dominion Parliament.

The resolution of indorsement is in line with the resolution passed by the convention of Ontario Children's Aid Societies in Toronto several weeks ago asking that the age limit for cigarette smokers be raised from 16 years in Ontario, and 18 years in the rest of the Dominion, to a uniform age restriction of 21 years.

BAD FOR SEEDING; GOOD FOR FALL CROP

Some Good in the Adverse Weather Conditions and Also Some Danger.

While the prevailing weather conditions are adverse to seeding they compose the proper essentials of growth. The heavy rain and fall wheat crops and also for the spring seeds already sown. However there is a danger of fermenting the seeds and thereby making them useless for growth from excessive moisture.

The meadows and fall wheat show great promise at the present stage, while the grass on the pastures show an exceptional advance growth. Many farmers and stockmen have already turned their stock grazing.

Although no damage has as yet been done to the fruit crop the present weather is very critical, due to the fact that it propagates the scab, the continuous dampness of the tree giving the scab a chance to work. Most of the buds on the domestic summer buds on lumber-beds are being killed by the scab, but will be greatly hindered in their growth by the cold rain of today.

THE RAILWAY BOARD OVERRULES OBJECTION

Lumbermen Will Have To Pay Increased
Rate From Ottawa to Montreal.

[Canadian Press.]
Ottawa, May 12.—The objection made to the railway commission's ruling that the Ottawa-Lumbermen's Association, acting in behalf of the lumbermen in Ottawa and district, against the proposal of the railways to increase the domestic summer rate on lumber between Ottawa and district points and Montreal from 5 to 6 cents, has been overruled by the board.

The board, however, have sustained the objection made by Mr. Hawkins against the proposed increase in the expert rates on lumber from here to Montreal, from 5 to 6 cents.

In his judgment, Assistant Chief Commissioner D. A. Scott says that the railways have a right to ignore water competition if they desire to do so.

SEPARATE COLLECTIONS STILL BEING MADE

Mixed Collections of Garbage to Start
When Ashes Have Been Cleared Up.

Because a great many citizens have been keeping their ashes all winter and are only now turning them over to the garbage collectors, separate collections of garbage and ashes are still being made, although the first of May is fast past.

During the winter months ashes are taken on the first trip of the week, and garbage on the second trip, but during the summer ashes and garbage are collected together, which is a much greater convenience to the householder. Mixed collections will be started as soon as the winter store of ashes is carted away. Last month 1,568 loads of ashes were collected. Last week 230 loads were drawn away to the dump. On account of the large amount of ashes being collected, they cannot be mixed with the garbage in the incinerator.

DUKE TURNS SOD FOR NEW HAMILTON HOTEL

After Inspecting Some Niagara
Fruit Farms, He Pays Official
Visit to Ambitious City.

[Canadian Press.]
Hamilton, May 12.—After a morning of drizzling rain, which threatened to seriously interfere with the plans for the civic welcome of the Duke of Connaught and Princess Patricia, the weather cleared slightly at noon, although the sky was still threatening. The vice-regal party spent the night on their private cars at Winona, and this morning the duke made a private inspection of some of the fine farms in the Niagara fruit belt. He arrived here at the T. H. and B. station at 2:30, and was welcomed by Mayor Allan and the council members.

Following the inspection of the guards of honor furnished by the Thirteenth and Ninety-first, the duke and his party proceeded to the city hall. There a reception was held in the council chamber, where the mayor presented his royal highness with an inaugural address. Floral bouquets were presented by Master Allan Watts, and Jean Davey to Princess Patricia and Hon. Catherine Villiers. The number of guests invited to the reception was limited to 500.

After leaving the city hall, the duke inspected the ex-imperial service men, visited the east end manufacturing district, turned the first sod for the Royal Connaught, Hamilton's new million-dollar hotel, lunched at the Royal, and then went for a drive through Dundurn and along the mountain road. The party leaves here about 6:30.

[Canadian Press.]
On Board U. S. California, Mazatlan, Mexico, May 11.—By wireless to San Diego, Cal., May 12.—Mexican Federal troops defending San Blas, a seaport halfway between Mazatlan and Manzanillo, have evacuated the town. It is understood they were ordered by Provisional President Huerta to proceed to Mexico City to strengthen the force there. It is believed troops at other points on the west coast will be ordered to the capital.

PLANNING FORD SWITCH

C. P. R. Preparing For Local Building
of Big Motor Company.

Canadian Pacific railway engineers today commenced their work on drawing up plans for the Ford motor company switch, which will be placed on the north side of the railway tracks, running from Waterloo to the cross section of Fall Mall street.

Local representatives have been notified that work has been commenced on the plans for the London factory, and that they are expected to have completed and delivered here some time next week.

SUPPORTS REPEAL OF EXEMPTION CLAUSE

[Canadian Press.]
Washington, May 12.—Senator Hoke Smith, of Georgia, today championed repeal of the clause of the Panama Canal act granting exemption of tolls to American coastwise vessels in the coastwise trade.

He told the Senate he would oppose the clause of our treaties with Great Britain and Panama, and because in his opinion "it is right that the owners of these vessels should bear, for using the canal, fair part of the cost of our Government of building and operating it."

DEATHS AND FUNERALS

Rachel Watson Dead.
The death of Rachel Watson, 148 Waterloo street, widow of the late John Watson, occurred this morning. She was born in Ireland, but had been a resident of this city for many years. She is survived by three sons—James, of Detroit and Hugh and John, of this city; and by four daughters—Mrs. Freeman, of Chicago; Mrs. Sarah Winslow, Mrs. Mary Marks and Mrs. John Cook, all of this city. The date of the funeral has not yet been set.

ASSAULT CASE BEFORE THE COUNTY COURT

James Morrow Is Charged With Rough
Treatment of Thomas Broadhurst.

The case of James Morrow, who was arrested last week by County Constable Courant on a charge of assault laid by Thomas Broadhurst, is being heard this afternoon at the county court.

Broadhurst alleges that Morrow came home drunk on May 7, chased his wife out of the house, and raised a general rowhouse. He admitted having over beer that Morrow did not smash his (Broadhurst's) furniture. Instead, Morrow smashed his face, bit his thumb, and kicked him around like a football. It is alleged that R. G. Fisher, a local milkman, who was present, saw the assault.

Secrets of London Complexion Doctors

Famous London specialists who cater to titled ladies and others of social prominence, employ a remarkable method of complexion rejuvenation. One undergoing this treatment visits the beauty doctor late in the afternoon, has her complexion dabbed over her face, then heavily veiled, departs in her motor car. This is repeated daily for a week or so, when a complexion of snowy purity and exquisite delicacy is in evidence. The secret of this method is—ordinary mercerized wax.

Anyone can apply the wax without the assistance of a specialist. An ounce of it costs very little at any drugstore (obtainable here as well as in England). It is used like cold cream, before retiring, and washed off mornings. Its success is due to a peculiar absorbent property which gradually removes without particles of cuticle, revealing the younger, healthier skin beneath.

In his judgment, Assistant Chief Commissioner D. A. Scott says that the railways have a right to ignore water competition if they desire to do so.

JOINT COUNCIL MEETING

Most Harmonious Proceedings
at Ottawa — Firemen and
Telegraphers To Be Heard.

[Special To The Advertiser.]
Ottawa, May 12.—The senate and commons this morning got together on the common ground of a joint committee meeting.

The Government's revision and proposed amendments of railway law was the subject. There was the most polite and perfectly harmonious throughout the hour that representatives of the two chambers were together.

Senator Finlay Young was named by the senate section as its chairman, J. E. Armstrong of Lambton was named by the commons delegation as its chairman.

The two sides of the law table and took turns ruling the joint gathering. They showed equal dexterity.

The business was preliminary. It was decided to ask authority to send for persons and papers and to take evidence and print it.

Hear Everyone.
It was decided to hear everyone who was interested in the bill, and to meet on Thursdays and Tuesdays.

Several interests were represented at the meeting. The three big railways had counsel on hand. Railwaymen's organizations and watchers in the room. These were observed by Senator Young and were asked when they wanted to be heard.

Harvey Hall, speaking for the railway conductors and trainmen, and C. Lawrence, representing the locomotive engineers, said there was not much of a contentious nature in the bill, as far as they were concerned, but they intended to be on hand at all the sittings to watch for objectionable amendments.

The objections.
W. L. Best said that the provisions of the bill did not suit the locomotive firemen. They wanted to make representations respecting several points.

D. McCaughin said the railway telegraphers wanted changes. They would like an early hearing. Mr. McCaughin was promptly given Thursday next.

Frederick Cook stated that the Union of Canadian Municipalities would be represented at all the meetings of the committee by counsel.

It was agreed to meet at eleven o'clock and sit until one each day.

Anyone can make a date for a hearing with either of the chairmen.

Other tenders received for the Egeron street sewer were from the J. W. McKnight Construction Company, for \$168,856; the municipally owned company, for \$183,210; and C. H. Kaumeier, for \$161,714.

Hamilton Firm Successful.
McKay, McKay & Webster, Hamilton, were awarded the contract for the Wharfside road section at \$23,415.20.

Other tenders were from the McKnight Company for \$26,327; Connolly-Agnew Company, \$27,202, and T. W. Nicholson, \$28,445.

The J. W. McKnight Company, of Toronto, secured the contract for the Ridout street section at \$32,654.50. Other tenders were from Connolly-Agnew, \$33,101; McKay, McKay & Webster, \$41,781; and T. W. Nicholson, \$35,182.

McCaughin brothers, of Cambridge, will receive the contract for the Colborne street sewer at \$40,479.50, the only other tender being from T. W. Nicholson, at \$39,097.

Some Close Tendering.
Close figuring characterized most of the tenders considered this morning. On the Ridout street section the second lowest tender was about \$500 higher than the winning tender. All being satisfactory, the contracts will be awarded to the lowest tenderers in every case, these tailing closely with the estimates.

New members have been called for the Adelaide street section, the four tenders received being considered too high, and one of these being slightly irregular. The contracts recommended will in probability be approved and confirmed without any discussion by the city council Monday night.

"BALD JACK" ROSE

Continued from Page One.

trict Attorney Whitman called Dr. Dennis Taylor to the witness stand at the last of several witnesses to establish the time of the murder. Dr. Taylor, at the time of the murder, was an ambulance surgeon and this testimony was necessary because it was he who pronounced the gambler dead. Following Dr. Taylor, the district attorney was prepared to call his two star witnesses, "Bald Jack" Rose and Willie Shapiro, the chauffeur of the car in which the gunmen are said to have escaped from the scene of the murder.

7:58 per cent, of the witnesses for the prosecution by Martin T. Manton seemed to show the line of defence that will be followed. It was evident that Becker's new counsel intended to run close to the old defence at the first trial, and try to show that the murder of Rosenthal was the result of a gambler's feud, without the guiding hand of the defendant. The inference was drawn that the blame for the actual shooting, as before, would be placed on "Bridgie" Webber, and Harry Vallon, instead of the four gunmen who have been seen executed for welding the revolvers.

Shapiro's Evidence.
Shapiro followed Dr. Taylor on the stand. He said he knew "Bald Jack" Rose and "Bridgie" Webber. He told of receiving a call at his stand, in front of the Cafe Boulevard late at night on July 15. He then went to Tom Sharkey's saloon, where he picked up Rose, Harry Vallon and Sam Sheppards.

"We went to Forty-second street and Broadway, then to Bridgie Webber's

Physicians Indorse Great Diabetes Remedy

The greatest recommendation
any remedy can have is an indorsement by leading physicians, and its adoption by schools and colleges.

Sanol Anti-Diabetes

is indorsed by many of Winnipeg's leading physicians, who do not hesitate to recommend it to their patients.

Sanol Anti-Diabetes is now recognized as the one remedy that will actually cure diabetes. It is a comparatively new remedy, having been on the market two years, but in that time thousands of cases have been cured, and the treatment of diabetes revolutionized.

Call at our office, phone or write for full particulars.

Sanol Anti-Diabetes is sold by all druggists.

thing was thought of the occurrence as it was thought to be a member of the family. A short time later, however, a draught was felt and the younger woman went to ascertain its cause. She found the young man, who had been working at the head of the stairs, menacing her with a stick.

Screening, she called to Mrs. Hiscox to "get John." Her bluff worked. The man's name was sufficient for the intruder and after threatening the two women he dashed down the stairs and escaped.

Police headquarters were immediately notified and Acting Sergeant Thomas Bolton detailed to the case. The sergeant was unable to find any trace of the young man but a general alarm has been given to all police officers and a city wide search is being made.

Moyer and Friends Unlikely To Be Up
Before July.

[Canadian Press.]
L'Anz, Mich., May 12.—The trial of Charles H. Moyer, president, and 37 other officers and members of the Western Federation of Miners, who are under a joint indictment in Houghton County on the charge of conspiring to interfere with non-union copper miners, probably will not begin before the latter part of June or the first of July.

Moyer has sent word that he will appear for trial without extradition when the case is called. He is now at the union headquarters in Denver.

NEWS

Has Nothing to Say.—Asked for another opinion, this morning, on the necessity of a ball park switch, in order that an interrupted West London car service could be given while ball games were in progress at Tecumseh Park, Manager C. B. King, of the street railway, declared that he has nothing further to say.

Going to S. A. Congress.—Bandmen E. Hancock, of Nuyper One Corps Band, Salvation Army, leaves London tomorrow for a trip to England where he will attend the International S. A. Congress, returning to this city in about eight weeks. Bandmen Hancock is a son of Envoys and Mrs. Hancock, 138 Horton street.

Attend Silver Wedding.—A number of London friends of Mr. and Mrs. F. J. Waddell, Balclutha street, St. Thomas attended the silver wedding surprise party given last week. A silver cabinet and an address were presented to the St. Thomas young couple.

Joint Mock Trial.—Under the joint auspices of the British Social Union and the London Liberal Club a mock trial will be held in Hyman Hall on Friday evening. An invitation to the public to attend is being extended, and an interesting entertainment is promised by the committee in charge.

Start Horton Street Pavement.—Street railway construction gangs yesterday started on the work of laying new rails and paving the street railway allowance on Horton street between Talbot and Ridout. The work will be finished within a month, according to statements made by Manager C. B. King, of the street railway.

Putting on Night Goggles.—In order that the big concrete walls for the new addition to the Hydro power station, Horton and Ridout streets, can be put in at one time, to avoid joints in the cement, night gangs will be put on. Lights were strung by the city electric department this morning and continuous work on the cement walls will be started at once.

M. O. H. Convention Good One.—Dr. H. W. Hill, director of the local Institute of Public Health, returned yesterday from Toronto where he had been in attendance in the convention of the Ontario Medical Officers of Health. "There was a lot of splendid information secured at the convention and it was a good one in every respect," said Dr. Hill this morning. The doctor, who was one of the speakers, was the only London representative.

Friends' General Meeting.—A general meeting of the Canadian Order of Chosen Friends was held at Council No. 75 Monday evening. All the city councils were represented. Friend James Boddy, of the postoffice department, Toronto, and past grand representative, made an eloquent appeal on behalf of the order, showing the good done in charity in the past. Short addresses were also given by Friends M. Smith, recorder, 25; George B. Nash, 125; W. J. Cook, 27; Friend Pring, 230, and W. G. Murray, chief councillor, 75. The balance of the evening was spent in singing.

Arrest Alleged Bike Thief.—Because James Ramsay sold a bicycle yesterday under what looked like suspicious circumstances to Detectives Egelton and Dowd, they made investigation, and Ramsay is now in jail, arrested for the theft of a bicycle. The machine is the property of Allison Welsh, a clerk at the Grand Trunk station. He left the rear of the station in the morning, and when he left work at noon, it had disappeared. The police department has not yet been notified by Welsh, but made the arrest "on their own," early this morning.

Street Lights Cheaper Here.—General Manager H. J. Glauzitz, of the public utilities commission, who has just returned from New York and Boston, reports an interesting street lighting fight in the Boston common council. According to Mr. Glauzitz, the Boston Gas Co., is charging \$23 per annum for 60 candle power lights. This is regarded as too expensive by the Boston council. In London, says Mr. Glauzitz, the price for street lights is average \$11.50 per annum, and can be reduced by a measurement, as against the \$23 Boston figure for 60 c. D., which is laboratory measurement, and no actual measurement.

Piano Recital.—The piano pupils of Miss Amelia Danglefield and violin pupils of Maurice Pouré, both of the conservatory staff, gave a successful recital at Heintzman Hall. A large number of parents and interested friends of the pupils were present and enjoyed thoroughly a most attractive and artistic program. Those taking part were: Misses Lewella Smith, Alice Bell, Lily Hare, Edna Skinner, Gladys Bluet, Agnes Smith, Mildred Pocock, Marie Coughlin, Marian Bailey, Madeline Whitmore, Ruth White, Marjorie White, Elsie Pickles, Alinda Nugent, Olive Robinson, Hazel Currie, Madeline Yeo, Mary Moore and Master Clarence Nugent, piano; Misses Geraldine Regan, Marie Coughlin, Masters Grant and Harry Milligan, violin. Miss Danglefield acted as accompanist.

RESIST STATEMENT OF "UNDESIRABLES" Former London Teachers on University Schools Staff Protest Against Declaration.

Three teachers of the University Schools of Toronto, all of the former teachers in the Collegiate Institute in this city, take very decided exception to the statement of Principal Rogers to the Collegiate to the effect that "in the university schools in Toronto, where the fee is, I believe, \$60 a year, they have the greatest number of undesirables in the province."

The statement appeared in The Advertiser recently and was signed by the university school teachers at Toronto. The following letter received today contains their reply to Mr. Rogers:

To the Editor of The Advertiser: Our attention has been called to an article, which appeared recently in your paper, giving an account of the proceedings of the board of education, in the course of which the question of fees at the Collegiate Institute was discussed. In this report Mr. Gunn is said to have stated that a number of pupils, which brought the reply from the principal that real undesirables were usually those who were unable to pay. "In the university schools in Toronto, where the fee is, I believe, \$60 a year, they have the greatest number of undesirables in the province," said Mr. Rogers.

We sincerely hope that Mr. Rogers has been misreported, as we do not like to think that he would wish to do harm to a sister institution to his own.

In any case, we the undersigned teachers of the university schools, who were also for years on the staff of the London Collegiate Institute, wish to state most emphatically that the remark of Mr. Rogers, is to the best of our knowledge, absolutely without foundation on fact. Further, we would add, as the result of our experience in both positions, that we consider the boys of the university schools to be, not only for zeal in study and in ability, but also in the many qualities of courtesy, uprightness and honor, the equals, if not the superiors of any pupils that have come under our instruction.

In justice to the boys and to their parents, we enter this protest against any such opinion as that reported.

Yours very truly,
W. C. FERGUSON,
S. W. PERRY,
H. A. GRAINGER.

HAS LITTLE VALUE IN DECREASING CONTAGION

M. H. O.'s Work in Cleaning Backyards So Described by Dr. H. W. Hill.

"Often medical health officers spend a great deal of time cleaning back yards in the city, and although this is essential to good citizenship, it has little value in decreasing contagious diseases," said Dr. H. W. Hill, director of the Institute of Public Health, in a lecture last night at the Talbot Street Baptist Church.

The subject of the address was "Hea" "Health" and Dr. Hill dealt thoroughly with food values and their contributions to the sustaining and developing of strong physique. The speaker explained the facts relative to proper ventilation, and avoidance of contagious diseases. No mention was made of vaccination, but Dr. Hill said that to avoid contagious diseases, people must avoid those already afflicted with them, as the disease germs are always present and dangerous.

At the close of the lecture, which was conducted under the auspices of the Young People's Society, Dr. Hill answered and explained numerous questions from the audience.

CALLED TO CHELSEA GREEN
J. L. McCrae, M. A., Will Have Charge of Church During Summer.

James L. McCrae, B.A., the son of Dr. McCrae, of the Hamilton Road Presbyterian Church, has been called to the pulpit of Chelsea Green Church for the summer months to assist Rev. Peter Nichol, of Knoxwood Park. Mr. McCrae is a graduate of Queen's University, and has been in the ministry since 1909. During the past year he has been editor of the Queen's College Journal. Last year Mr. McCrae served at the mission at Indian Head, Saskatchewan.

F. G. INWOOD RESIGNS AS LIBERAL SECRETARY
Will Become Grand Recorder of the A. O. U. W.

[Special to The Advertiser.]
TORONTO, May 11.—F. G. Inwood, general secretary of the General Reform Association for Ontario, has resigned the office, which he has held since the formation of the association in 1904. He has put the organization in a splendid state of efficiency, and has secured the confidence of party leaders in Ottawa and Toronto.

For many years Mr. Inwood has been grand treasurer of the A. O. U. W. The state of health of the grand recorder, M. D. Carder, who has held that office for more than 30 years, has rendered it necessary that other arrangements be made. Mr. Inwood will assume these duties.

The work of the association will be carried on as usual. Mr. Summerhayes will for the present take up the work under the direction of H. M. Mowat (former president of the association), and will be in daily communication with Mr. Rowell, the provincial leader.

OVERDRAFT AT EXETER IS WORRYING COUNCIL

[Special to The Advertiser.]
EXETER, May 11.—As a result of some members of the council being aroused over the size of the overdraft they have to face, the meeting has called a special public meeting for Friday evening, May 15th. At this gathering the town finances will be thoroughly discussed.

A horse driven by John Essery, of Osborne, became frightened at a passing automobile on Main street on Monday morning and got into quite a mix-up. The horse was slightly cut, a shaft was broken off the buggy, and a runaway narrowly averted.

The funeral of Alfred Allen, aged 83, who died in Exeter North, was conducted Monday afternoon from the residence of Fred Green. Mr. Allen had no near relatives in this country. He was only sick one week.

Rev. Mr. Farr preached missionary sermons in the Anglican Church on Sunday.

Rev. A. H. Brown, of Ailsa Craig, supplied the pulpit in Main Street Methodist Church.

Special Afternoon Teas at Peters' Tea Room—and the prices are very moderate—fifteen to twenty-five cents.

What Qualities Do You Desire In Your Executor?

You seek first of all integrity—known probity. Another prime essential is mature judgment—sound, level-headed common sense. A third important quality is experience—a fourth, energy in behalf of the interests confided to him.

Again—you would wish him to have sufficient leisure to be able to attend to his duties fully. Were it possible, you would stipulate permanency—would prefer a trustee whose continual existence was assured. All this and more, you will find in

THE HURON AND ERIE LOAN AND SAVINGS COMPANY.)

Choosing a private individual as your executor you can be sure of nothing. He may be scrupulously honest, but then again he may not. Such cases are not unknown. He may be a man of sound, ripe judgment, may possess experience, may have ample leisure—but then again, he may have none of these.

The Canada Trust Company, from its very nature,
