

Rinso

Washes in Cold Water

Rinso saves the coal and gas formerly necessary to heat water for washing. The pure granules of Rinso loosen the dirt in any fabric. And it does this as well in cold water as in hot.

At Night—

Soak the clothes in the rich Rinso suds.

Morning—

Rinse them out, that's all! They're fresh, sweet and CLEAN. Ready for the line.

One package does the week's wash.

At your grocer's.

LEVER BROTHERS LIMITED, TORONTO

The Winter Gardens Association, Limited

Work has now commenced on the Winter Gardens Building, and we hope to announce the opening date very shortly.

Amongst the various new features in the entire remodelling scheme, special attention will be given to the heating installation.

We intend to assure our patrons of comfort, so that even those who do not dance may come to the Winter Gardens and spend a pleasant evening as a spectator, the many and varied effects intermingled with the dancing providing a profitable evening's entertainment.

CHEF IN FAVOR OF MOTORIZING THE FIRE DEPT.

Would Be Cheaper and More Efficient, He Believes.

"I think that before long the whole fire department of London will be motorized," said Fire Chief John Aitken to The Advertiser today. "We need it badly, but the council does not see it. I believe it is a matter of time before they will realize it. Motors are much quicker and are always ready for another run when the apparatus returns, while horses are not in condition to answer another call for an hour after. Trucks can go to places where horses cannot, and, of course, horses can go to places where trucks cannot. But on the whole the trucks are the most efficient."

He said that in responding to a call at the foot of Dundas street hill on Wednesday evening the horses could hardly go down the brick pavement. They were on the bridge before they could be brought to a standstill. It is dangerous both for the horses and the men.

If motors are secured it will make for cheerier maintenance. With hay at \$30 to \$34 per ton and gasoline selling at 45c to 50c per gallon, it is easy to see that the motors are the cheaper. Horses are eating while they are not at work and motors eat only when they are at work. Horses are idle most of the time.

In order to motorize the department in the right way it will be necessary for the central station to have at least three motors. One is needed for the aerial wagon and one for the service wagon. Counting the one already now, I think we will rank as high as any city in Canada for fire protection.

Another motor will be required for the east end hall. That should be a service wagon. At present we only have one service wagon and that is drawn by horses. The service wagon is the most used of any equipment in the department and always gets to the fire last, as it is also heavy to draw. There should be a motor pump as we can only get a small pressure, and when it is necessary to run a line of hose some distance it takes a great deal of pressure to get any force.

Referring to "fire prevention week," the chief said few people realize how much this is needed.

Tourists Left Much Money Here
Jewellers Especially Benefited by Visits of Americans During Summer.

Tourist traffic contributed very considerably to a big increase of business enjoyed by the London merchants this past season, a number of the shopkeepers report. Jewellers especially reaped a nice little harvest from the American tourists who invested in diamonds and other jewelry on account of the lower prices prevailing on this side of the line, due to the entrance of diamonds duty free into Canada. Orders for several hundred dollars worth of jewelry have been received by the local dealers. Restaurants and hotels have also profited heavily from the tourist traffic which reached its peak some time ago, and is now gradually decreasing according to the records of the London Motor Club.

PLAN MORE SEWERS FOR SOUTH LONDON

City Engineer Is Busy With the Wellington Road Extension.

Plans for an extensive addition to the city's sewage system south of the Wellington street bridge are being prepared by City Engineer Brazier's department. No estimate of the total cost of the work has been made, as the work is only in a preliminary state. Owing to the low level of this part of the city some difficulty is expected in building the system. A pumping plant will have to be installed and the sewage pumped across the river.

This latest addition to the sewage system will connect with the Hill street sewer at Wellington street, and eventually will drain into the west-end disposal plant. This will make an additional burden for these beds, which are regarded now as almost worn out. It is therefore likely to hasten the building of a new disposal plant at this point, which will take care of the central part of the city and also West London.

The decision to extend the system south of the river was due largely to the decision of the Service Truck Company to locate in that vicinity. Both the factory it was to build and the large number of homes which are likely to be erected by the company are another improvement likely to be made on some of the streets in that locality.

TWO LOCAL WOMEN WILL GET CHECKS

The War Veterans' Secretary Took the Cases Up At Ottawa.

J. W. Cunliffe, Great War Veterans' secretary, received word from the provincial convalescent today that two women in this city are to receive checks for separation and convalescence allowance. One of the women is a returned V. A. D. nurse, and during the time she was overseas she contracted illness which resulted in her going to a hospital to convalesce. During the time she was in the hospital she received pay allowance. She complained to Mr. Cunliffe at the beginning of the year about the matter, and he took the matter up with Ottawa. The exact amount of the check could not be learned.

Another woman, who also complained to Mr. Cunliffe about not receiving her separation allowance while her son was in service, will get a check for \$19. Her only supporters was her son, who enlisted in the navy, and during the time he was away she got no separation allowance, and the check which came this morning will cover that amount. There are any more cases I would like to hear about them, and I will do my best to have them adjusted," said Mr. Cunliffe.

CASE LAID OVER.—The non-jury sittings of the county court adjourned on Wednesday, with one case laid over indefinitely to allow the principals a further opportunity for settlement. In the case of Day against Campbell, an action brought by Hugh Day to obtain commissions claimed on the sale of a house for P. J. Campbell, the action was dismissed with costs against the defendant.

PRINCIPALS ASK NO WORK AT PT. STANLEY

Committee Will Discuss Matter At Meeting This Afternoon.

The public school principals' request to have their salaries advanced to the minimum will be one of the main items to be discussed at a meeting of the board of education this afternoon. It is doubtful whether the request will be taken. The subject was much discussed last year, and it was many weeks before the committee arrived at which was anything like satisfactory to all those concerned.

It is not likely the committee will be anxious to reopen the question, but it is likely that they will take steps to get further information. Principals estimate that the total cost of the increase would be about \$4,000, but exact figures likely will be obtained. Other minor matters will be considered.

SAYS LONDON NEEDS HOSPITAL TO TREAT MENTAL DEFECTIVES

Visit of Dr. Boyle Revives Interest in Psychopathic Work.

A revived interest in the establishment of a psychopathic hospital in London came with the visit of Dr. H. E. Boyle, a physician who spoke yesterday afternoon. For two years, Dr. Boyle, of the University of Toronto, has been working towards the establishment of such a hospital in London. He has been visiting several times in an effort to get something done along this line, his first visit being made two years ago.

The difficulty in the way is the fact that the province has no such hospital. The Government will support the establishment of such a hospital only in cities of 100,000. Dr. Boyle feels that the city of London should be changed so that it would read "districts of one hundred thousand and people." He feels that the city of London could be the centre of such a hospital in the district. Mr. Dunlop, the mayor, who is in charge of the establishment of such hospitals in Ontario, will not act on the case until the law now stands.

Has Worked Hard.—Dr. Boyle, who has been working over this proposition since Dr. Arnott's death, said: "I have worked as hard as I can to get such a hospital established in London, but the architect, who alone knows this line of work, has refused to make the plans unless there was some certainty of the hospital being built."

"In Toronto a temporary psychopathic hospital was established by the Government, and run for about a year and a half, handling about 2,000 patients. But when the hospital was closed, the city of Toronto failed to erect a proper building, as required by the act. The city of London has had a proper building, but it has not been erected. There are about three centres in the United States where such hospitals are established—Boston, Ann Arbor, and I think Philadelphia."

Need of such hospitals throughout the country is very great," said Dr. Boyle. "A physician can place his patient in the Ontario Hospital only by certifying that he is insane, and in the case of many cases I would be unable to do that, and has no place where he may place his patient for observation. Last year many people with mental derangement for several weeks after the 'flu,' and it would have been a boon to have had a hospital where they might have been securely kept and cared for."

Such a psychopathic hospital, run by Government physicians, should be established in a thickly populated district where the city doctors could be in contact with the work and thus learn more about the observation of early cases of mental derangement.

Many Defectives.—Dr. Arnott, in trying to make it clear to the public that the mental defectives were not a new thing, referred to a recent survey of 22,000 cases of mental defectives. It was found that 2 per cent were mental defectives and permanently unable to take care of themselves. Out of 500 of these mental defectives there were 155 of which two or three came from the city of London. Also found that children from homes in outlying districts, where the parents had their own homes, showed more character, the mental defectives were less as 33 per cent, and in concentrated downtown districts almost as high as 20 per cent.

WANTS INFORMATION.—J. W. Cunliffe, secretary of the G. W. V. A., is seeking information about the case of a man who was in the 16th Brigade Battalion, went to France with the 4th Canadian Regiment and was in the fourth division while in France.

TO PAY FINE

Police Officer, However, Was Good Samaritan and Got There First.

Touched by a pathetic story told in the local police court on Wednesday morning by a young man convicted of drunkenness and sentenced to a fine of \$10 or ten days in jail, several people called Chief of Police Birrell and offered to advance enough money to make up the fine so that the man could return to his home. They were too late, however, as a local policeman had already "cashed" the money and sent the man on his way.

The young man told the court that he was en route to Hamilton, where he had a job waiting for him. After an illness of six weeks he was going to prepare a home in that city for his wife and a baby which was expected. As he was the only support he was afraid that his wife would die while he spent ten days in jail, for he possessed only \$7.

Magistrate A. H. M. Graydon said that there was but one course he could follow, and that was to fine him. He suggested, though, that the policeman might aid him in securing a loan. Acting on the suggestion of the magistrate, a policeman paid the fine.

Commenting on the action of the officer, Chief of Police Birrell said that although the man showed no signs of being a drunkard, the police force often helped men out of tight corners by advancing loans or gifts out of their own pockets. The majority of the officers are big-hearted men who would rather help a man than see him in trouble. Often policemen find men and women who have no place to live and no money to pay for rooms in which they may stay.

That there is a good deal of work in the city is proved by the fact that the policeman make are returned almost immediately by those they assist.

BANK CLEARINGS.—The bank clearings for this week totalled \$4,853,086. For the same week last year they were \$3,679,423, an increase of \$1,173,663.

NO WORK AT PT. STANLEY

Proposed New Bridge Is Being Held Up Indefinitely.

Contrary to general expectations work has not yet begun on the Port Stanley harbor improvements. Objections made by the London and Port Stanley Railway Commission to the style of bridge it was proposed to construct on Bridge street over Kettle Creek, which is to be deepened to lead from the outer harbor to the inner, have resulted in some delay, but apparently there is more delay than was warranted by this one obstruction.

Over a month ago, it was understood that the deputy minister of public works, J. B. Hunter, was making a personal inspection of the situation at Port Stanley, but S. Frank Glass, M. P., who has been detained from Ottawa by illness, states that he has heard nothing further in the matter.

There is no doubt, however, Mr. Glass maintains, that the Government has awakened to the growing importance of Port Stanley as a shipping point, and actually intends to make extensive improvements. The inner harbor will be improved first, the states, and this will provide ample docking space for all the fishing-boats and other small craft. Deepening and widening of the outer harbor will then be carried on gradually as traffic increases and requires it.

FOUND NOT GUILTY OF BREACH OF O. T. A.

Edward Grant's Liquor Is Returned To Him by Police.

Although three-quart bottles of real Scotch whisky found on the person of Edward Grant, a blacksmith residing at 514 Talbot street, and who was charged with carrying a licence under the O. T. A. Act, he was found not guilty of having liquor in a place other than a private home. The magistrate, H. M. Graydon, decided that Grant was merely carrying the liquor from the home of his son-in-law to his own home, which he said was lawful.

P. C. Scagell arrested Grant soon after he had come out of the home of his son-in-law, Frank Mitchell, at 312 Hill street, on Saturday night last, and entered a waiting taxi, driven by a soldier by the name of Henry Bertram, who was also riding in the car.

Mr. Grant stated that Frank Mitchell was his son-in-law. He met Mitchell in the market house on the night of the arrest and he was told by him that if he was not feeling well he could get some whisky down at the market house. Grant said he was told by Mitchell that he had hired the taxi as it was late and drove to the market house. He said that no body in the car beside himself knew he had the liquor, and that two bottles were in his pocket and one on the floor. He said he did not know Bertram previously, as he was only in the car waiting to be driven to the barracks. He denied a great deal of the policeman's evidence.

Frank Mitchell corroborated Grant's evidence. He said that he was in the market house and told how he and Bertram came to be involved. When he was arrested, he was in the car waiting to be driven to the barracks. He denied any connection with the affair.

Case Of Gin Is Awaiting Owner.—Six gallons of alcohol and a case of gin is waiting at a local express company's office for an owner. Annie Blases of this city is perfectly willing to claim it, as it is in her name, but License Inspector J. Keenleyside has said, you have got to show me the case will be fought out in the local police court.

Inspector Keenleyside based his objections to the delivery of the liquor on the fact that it is unlawful for anyone except a licensed manufacturer to import alcohol. The defendant must prove to the court that she has a right to the liquor, otherwise they will be confiscated. The case of gin will be held until the case is settled.

The matter was brought up before Magistrate A. H. M. Graydon this morning, but on the request of the defendant's counsel, W. R. Meredith, who claimed that Miss Blases was too ill to appear, the case was adjourned one week.

WANTS INFORMATION.—J. W. Cunliffe, secretary of the G. W. V. A., is seeking information about the case of a man who was in the 16th Brigade Battalion, went to France with the 4th Canadian Regiment and was in the fourth division while in France.

TO PAY FINE

Police Officer, However, Was Good Samaritan and Got There First.

Touched by a pathetic story told in the local police court on Wednesday morning by a young man convicted of drunkenness and sentenced to a fine of \$10 or ten days in jail, several people called Chief of Police Birrell and offered to advance enough money to make up the fine so that the man could return to his home. They were too late, however, as a local policeman had already "cashed" the money and sent the man on his way.

NEWS

MORE CASES.—London has two cases of typhoid fever, three of diphtheria and six of chickenpox, according to the weekly health report.

ASSAULT CHARGE.—A charge of assault and injury laid by John N. Temple on Friday evening. It was by the city council at No. 1 committee room at 175, 3-6000 War Loan, 1920, 4 33; \$500 do, 1927, at 91.

PAST MASTERS' NIGHT.—St. John's Lodge, 200a, A. F. and M. M., will hold an emergency meeting in the Masonic Temple on Friday evening. It was expected that a visit would be made from Tuscan Lodge, Toronto, but notwithstanding a license manufacturer to import alcohol. The defendant must prove to the court that she has a right to the liquor, otherwise they will be confiscated. The case of gin will be held until the case is settled.

WELL ATTENDED.—The attendance at the evening classes of the London Technical and Art School, has broken all records this year, more than 800 students having registered for the evening classes. A great many of the classes have been enlarged, being overtaxed, and another automobile repair class will be formed, as it was found impossible to take all students into one class, and there is a long list of students waiting.

CORN ROAST.—On Wednesday evening the members of the choir of the Church of St. John the Evangelist held a corn roast on the lawn near "The Kennels." A large number attended, and the feature of the affair was a story-telling contest by several members, in which honors were even. Refreshments in the shape of corn and weiners were served, and a very pleasant time was spent. A large bonfire provided the necessary warmth.

TEN LONDONERS TO ATTEND CENTENARY
The Centenary of the Anglican Church in Rupert's Land will be celebrated in Winnipeg October 16 to 17. The General synod will also be held. Those going from London include Bishop David Williams, Rev. W. J. Doherty, Rev. A. L. G. Clarke and Rev. Dean L. N. Tucker. Mrs. David Williams will represent Mrs. G. B. Sage, president of Huron Diocese. Adelaide Smith, Mrs. C. H. R. Warnock and Miss H. A. Gower will also represent the W. A. The Bishop of Oxford will be one of the special speakers at the synod, and will present the sum of \$10,000 to the Archbishops' Western Canada Fund with the Bishop of Worcester.

MONTREAL STOCK EXCHANGE.
Montreal, Oct. 7.—The local stock exchange was only moderately active during the first half hour this morning. Atlantic Sugar was strong, going up a couple of points to 122. Laurentide was unchanged at 113. Brompton weakened a point to 77½. Brierley went ½ to 3½. Sales: 15 Abitibi at 76½; 200 Ames pd. at 53½; 175 Asbestos at 37½; 275 Breweries at 64½; 165 Brazill at 42½; 100 Consolidated at 36½; 100 Cement pd. at 90½; 45 Canada Steamships at 64½; 75 Converters at 74; 40 General Electric at 99; 15 Consolidated Smelters at 25; 25 Macdonald at 32; 385 Detroit at 106; 5 Dom. Steel at 55; 25 Dominion Textile at 129½; 30 Laurentide at 113; 203 St. Maurice at 150; 1275 Montreal Power at 54½; 5 Pennam at 130; 155 Quebec Railway at 28; 1075 Shawinigan at 111½; 106½; 655 Spanish River at 114½; 113; 130 Spanish pd. at

**EUCHRE PARTY RAISES
MONEY FOR HOSPITAL**

The Ontario Hospital recreation hall was bedecked with palms, ferns and flowers on Wednesday evening on the occasion of a euchre party and bridge party, held by the Isabel Hampton Chapter, I. O. O. F., in aid of the fund for the Children's Memorial Hospital. Mrs. Ross Thomas, Mrs. D. C. McFarlane, Mrs. Glennie Wilson, Mrs. Roy Thomas and Mrs. John M. McLeod received the many guests, who dropped in to spend the evening. Refreshments were served by members of the chapter from a prettily set table, centered with a silver basket of pale pink asters. A substantial sum was raised by the chapter for the Hospital fund.

INJURED IN RUNAWAY

James Parker of Granton was admitted to St. Joseph's Hospital on Wednesday, suffering from a dislocated shoulder, received when his team ran away while he was assisting in milking a silo. Two others were injured, but not seriously. A Granton doctor accompanied the injured man to the city. The hospital authorities reported that Parker was resting easily last night.

EALING.

The first meeting of the Ealing Mothers' Club this season was held Tuesday night at the school, when committees for the coming year were appointed and general business conducted. The next meeting will be addressed by Mrs. A. T. Edwards.

**MRS. H. MARSHALL
IS AGAIN ELECTED
W. C. A. PRESIDENT**

Requests of Year Amount To \$11,328.

BUY NEW HOME

Dr. Campbell's Will Gives One-Tenth of Estate To Home For Incurables.

At the annual meeting of the Women's Christian Association, held yesterday afternoon at the Y. W. C. A. residence on Wellington street, Mrs. Helen Marshall was again elected president of the association, in spite of the fact that her resignation had been handed in some time ago. The financial report read by Mrs. W. E. Kelly showed the association funds to be in excellent condition. \$11,000 more this year had been invested in the capital account of this \$4,307.50 is in the bank and \$31,450 invested. The requests this year amounted to \$11,328.70, and were as follows: Mrs. Horseman, \$2,000; Thomas Rodway, \$7,000; George Robinson, \$200; Mr. Carothers, \$200; donation D. S. Perrin Company, \$100; Shore estate, \$315; Miss Annie Andrews, \$500; Miss Margaret MacDonal, \$733.37; Dalton Charity Fund, \$279.73.

In addition to these the Government grant for the Aged People's Home was \$2,238.85; for the Victoria Home, \$7,699.17; and the city grant for the Aged People's Home was \$7,333.50, and for the Victoria Home \$1,600.20. The total receipts for the Aged People's Home this year amounted to \$24,526.39, and the total expenditure \$22,520.17; for the Home for Incurables the total receipts were \$27,517.35 and the expenditure \$26,632.22. Adding to these the figures for the annex and relief work, the grand total receipts were \$77,126.50 and the grand expenditure \$45,251.81.

Dr. Campbell's Will. Interesting reports were read by the various officers and conveners, the report of Miss Margaret MacDonal, the secretary, referring to the will of the late Dr. Campbell, who has left one-tenth of his estate for the Home for Incurables in memory of his mother, who was an interested member of the W. C. A. for many years. This report also referred to the excellent work of Mrs. Ingram, convener of the improvement committee, in her location of the newly purchased property for the Home for Incurables on Grand avenue in London South.

Officers. The following are the officers elected at yesterday's meeting: President, Mrs. Marshall; vice-presidents, Mrs. John Barnard, Mrs. Walter, Mrs. C. H. Hunt, Mrs. Meek, Mrs. MacDonal, Mrs. Gibson and Mrs. Davis. The office of secretary-treasurer was combined and given to Miss Margaret MacDonal. The conveners of the various committees were: Visiting, Miss Mary McMillan; investment and improvement, Mrs. Ingram; purchasing, Mrs. C. E. Hunt; supply, Mrs. Davis; relief, Mrs. J. Barnard, and religious services, Mrs. W. E. Kelly.

**LAD TRIED TO PUT
ONE OVER ON JOHN,
BUT NEVER AGAIN**

Amusing Incident On Old 27 On Voyage to the City.

Old 27, painted as gaily as the nose of a "Whiskey Row" regular before prohibition, is back on her winter job of totting Springbank commuters to the city, and carries a "full house" every trip.

A lot of funny things happen on my trips to the city," confided Old 27. "The rest of the cars in the barn after the last squeak had subsided and the car had settled down for the night's rest. 'You know, my boss, Jack Ashton, prides himself on never missing a fare, but it kept him guessing gathering the chance from all the small boys that ride on me. 'Yesterday morning one of the boys decided that he was going to beat out Jack or bust, and while fares were being collected at the back end of the car, this youth got down on his hands and knees and crawled under one of the seats in the smoke to the main part of the car. Unfortunately he chose a poor place to rise, and, thinking he was grabbing the ankle of a chum, he clutched the foot of his best girl.' The cars gave a few squeaks which signified laughter on their part, while the barn boss stuck his head into the shed to ascertain the trouble. 'Yes, it sure caused some commotion,' went on Old 27. 'That boy had to come through with his fare, much to everyone's amusement. Guess he won't try to steal another ride in a hurry. I'm looking forward to a good time this winter but I want to tell you that I belong to the union, just as much as my bosses, John Ashton and Arthur Rockett, do, and if they crowd me I'll blow out a few fuses, just like I did last winter,' concluded the ancient leviathan as she settled down for the night.

**FORMER ADVERTISER
OFFICIAL SUCCUMBS**

Lud K. Cameron, Former Popular Citizen, in California When Death Occurs.

The death took place in Santa Monica, California, on Friday last of Lud K. Cameron, ex-king printer for Ontario, and a former Londoner, who some years ago was one of the best known and most popular men in the city. The late Mr. Cameron was a brother of John Cameron, founder of The London Advertiser, with whom he was associated in journalism here until ill-health forced him to abandon a promising career. Two other brothers, William and Alexander, were also connected with The Advertiser. Lud K. was the youngest of the four, was predeceased by the other three of the family. He married a Miss Harwood, formerly of Princess avenue, this city, and had several children.

**DOES NOT FAVOR
INSPECTOR'S PLAN**

While drill and gymnasium costumes are quite practical for the young ladies attending the collegiate institute, it is doubtful whether the "uniform" idea could be applied to dress for the other school periods, in the opinion of Principal W. H. T. Mooney. St. Mary's high school is considering the adoption of a uniform for the girls. The style suggested is a white middie-blower with the school coat-of-arms and a blue plaid skirt. This was favored by Inspector Rogers, formerly of London. "The dress of the pupils is something that should be left to the parents," said Mr. Mooney. "Of course, there is a more or less uniform costume for athletic purposes, but I do not think this principle could be carried out in the classrooms."

FIRE PREVENTION DAY.
Saturday, the ninth day of this month, has
been designated by royal proclamation as Fire
Prevention Day for the Dominion. The waste
of life and property in Canada is appalling.
Carefully-gathered statistics show that property
lost in more than \$250,000,000 has been de-
stroyed, while in the same period nearly 3,000
persons perished of fire in some form. In this
province the average fire loss for the last three
years, apart from forest conflagrations, was
more than \$12,000,000 per year. This works out
at \$4.40 per capita. In countries of the old world
the loss by fire per capita is but 33 cents.
In Ontario during 1916 there were 10,279
fires, entailing a loss of over \$16,000,000. In
1917 the waste by fire totaled \$10,365,533, due
to 9,591 fires. In 1918 there were 9,740 fires,
with a loss of \$15,673,240. Last year produced
2,896 blazes, with losses estimated to be \$10,
412,322. All the above figures are irrespective
of forest fires. This city has an excellent fire
brigade. It is well equipped, with up-to-date
apparatus, and is manned by experienced and
vigilant fire-fighters, but unless it is backed
by care and watchfulness wherever fires or
combustibles are concerned by the individual,
the advantage will continue to remain with the
element. With a view to reducing the stupen-
dous losses, the Government recommends that
municipalities adopt the following measures:

All dwellings and their surroundings be
carefully inspected by their occupants and all
conditions likely to cause or promote the
spread of fire removed.
All public buildings, stores, warehouses and
factories be inspected and cleared of rubbish
in order to reduce fire hazards and maintain
health and safety.
All hotels, theatres, asylums, hospitals and
other institutional buildings be inspected and
provision made for all changes necessary to
protect the occupants from danger in the
event of fire.

Fire drills be held for the children in all
schools, for the inmates of all institutions,
and for the employees in all large stores and
factories in order that a greater degree of
safety may be insured by acquainting the
occupants with the best and most expeditious
mode of exit in time of danger.
Special instruction on the subject of fire
prevention be given by the teachers and by
municipal officials in the schools, and that
such appropriate literature as may be made
available be distributed to the pupils.
Boy Scout leaders give instructions to the
boys under their charge as to the use of fire,
and the co-operating with municipal fire
departments in the prevention and extinguish-
ing of fires, especially as to the destruc-
tion of quacking quack and quack quack.
All legislation and regulations enacted or
issued by dominion, provincial or municipal
authorities dealing with fire prevention be
given publicity by the municipal officials,
and that by public meetings or otherwise, as
may to them seem most fit, they endeavor to
impress upon the citizens the national im-
portance of safeguarding life and property
from loss by fire.

MORE SPRACKLINS NEEDED.
Pastor Spracklin, who for some months has
been chasing, cornering and chastising run-
ners, has made good. He set out to "get" bor-
rowers, law-breakers, and that he has been made
target for gunners' bullets proves that he
has been successful. It explains why they are
trying to "get" him. Since he became an officer
of the Government Spracklin has done more
than to clean up the border than all
other officials together. He started out with
a handicap of hostility amongst numerous
municipal rulers. He was interfered with in every
step from active hostility in high places
to petty persecution, but he "stuck," brushed
blockers aside, and went after his men.
Spracklin shapes up a two-fisted fighting man.
He is a vivid example of the man who believes
in himself and his cause, and has the courage
and fight any odds. And it takes a rare
bit of bravery to combat the sneaking murder-
er who attack from ambush and who shoot
in the shadows. Spracklin is a "go-getter,"
and needs flocks of Spracklins.

ONE FOR "K."
Mrs. Asquith says that Kitchener was a
rifle shot in the drawing-room, "lacking in
look and refinement." But, then, at the time,
should have been practicing the kowtow he
on various battlefronts safeguarding Mrs.
Asquith and the other great dames of England,
that they could continue to trifle with tea-cups
and one another's reputations.

A LIBEL ON SERBIA.
That the Serbians are not guilty of the tor-
ture said to have been inflicted upon the Mon-
tenegrin people, as claimed in a recent dispatch
in Washington, is strongly asserted by Capt.
V. Seferovitch, consul-general for the King-
dom of the Serbs, Croats and Slovenes, at
Montreal. Capt. Seferovitch has given out the
following statement:

"For some time past statements have been
given to newspapers in an attempt to mislead
public opinion regarding Serbia. In the press
of September 23 there was another example
of this base intrigue. No Serbian 'army of
occupation' is in Montenegro; but there is a
Serb-Slav 'army of national defence.' This
army is quartered all over the Kingdom of
Serbia, Croats and Slovenes, in which
Montenegro is included. In this army are also
compromised Montenegrins, who are Serbs of
Serbian blood.
There is no Montenegrin foreign office
in existence, and even the accredited
representatives of the Allied powers have
been withdrawn from the court of King
Nikola of Montenegro. An investigation
commission by that foreign office would,
therefore, be only imaginary.
As a part of the Kingdom of the Serbs,
Croats and Slovenes, Montenegro is now ad-
ministered by the Jugo-Slav Government, in
which are many officials from Montenegro,
and to Gen. Miroslav Mitichewich, who, as

stated in the press, is in charge of this 'army
of occupation,' the name is a purely fictitious
one, as no such name appears in the 'cadres'
of the Jugo-Slav (i.e., formerly Serbian and
Montenegrin) officers.
The communiqué given to the Associated
Press is, therefore, an invention of corrupted
agitators. I should be ashamed to be a Serb,
if these statements were true, and would cable
my resignation to my Government. There are
many other members of the Jugo-Slav colony
in Montreal who are also protesting. I am a
Serb from Montenegro, and was formerly
consul for Montenegro in New York.
I protest in the name of my Govern-
ment, and of all Jugo-Slavs (in-
cluding Montenegrins, who are pure Serbs),
that the statement given out at Washington
by the Associated Press, under date of Sep-
tember 27, are absolutely false, containing
base accusations of actions of which the
Serbs were incapable of inflicting on their
enemies in the war, and still less capable of
inflicting today on our brethren of Monte-
negrin."

EDITORIAL NOTES.
Safety first, last and all the time.

Those crooked ball players seem to have
fouled out.

A Paris dispatch announces that skirts will
be higher. Higher?

While mother is pickling in the kitchen,
father is pickling in the cellar.

It will be tough on MacSwiney should he
have to go without his Christmas dinner.

The Great American Desert used to be a
place in the United States. Today it is the
United States.

One from Russia says that Trotsky is an
amateur thespian. For a long time the world
has considered him a "bad actor."

Lemire and Trotsky proved themselves to
be champion wreckers, but as builders they
could not command rough carpenters' wages.

"Passyfoot" Johnston had to flee through a
graveyard to escape an English mob. That's
what comes of neglecting to carry a graveyard
rabbit foot.

Novelists used to tell of penniless poets liv-
ing in garrets. In this age, when the housing
situation is so acute, they cannot place their
characters in such places, for not a few of
their readers have been forced to reside in the
attics.

A good plan to cure London of the "masher"
epidemic would be to disguise a few strong
men in female attire, and after they had suc-
cessfully fallen to the "ramping" of these asphalt
swains, allow them to display their knowledge
of the art of boxing.

Letters to the Editor

**HIGHER CRITICISM AND THE FORWARD
MOVEMENT.**

To the Editor of The Advertiser:
Was it Jesus who said, "Quench not the spirit?"
In the 19th chapter of Revelations and the 10th
verse you will find these words: "For the testimony
of Jesus is the spirit of prophecy." Hence, I ask,
of Jesus is the spirit of prophecy? Hence, I ask,
will you allow me space to testify for Jesus in the
spirit of prophecy—in other words, higher criticism?
The shepherds and elders of the Inter-Church
Forward Movement may lead me to the brink of the
grave and say that I am beyond the pale. I will confess,
like the prophets since the world began, that I am
a blank before me. But through the psychological
pronoun "I" of Jesus, I see a new heaven and a
new earth, wherein dwell the righteous of all
ages—that is, a people out of all kindreds, tongues
and nations inhabiting this beautiful earth, saved
not by strength of body, nor by force of arms, but
by a League of Nations holding the balance of
the supremacy of the seas, nor by the ballot box,
nor by hunger strikes, but by grace through faith
in the sovereign power of the life and immortality
of the soul or mind of Jesus, the Son of God, and
that not of themselves, but is the free gift of God,
living under a theocracy; that is, a government in
which the sovereign power is vested in one
person, and that person is Jesus, the Son of God.
Therefore I perceive through the life or immor-
tality of the soul or mind of Jesus, when Samuel's
sons were judges over Israel, they took bribes, and
perverted the judgments of God and turned aside
after lust, then the elders of Israel became demo-
cratic minded and asked Samuel to give them a
king to judge them, like all the nations. The Lord
said to Samuel, "Hearken unto the voice of the
people in all that they say unto thee; for they have
not rejected thee, but they have rejected me, that
I should not reign over them." I, Samuel, will
therefore, is it not evident that judgment, or
higher criticism, must first commence with the
church? Hence I ask the shepherds and elders of
the forward movement, would it not be the children
of democracy who said to Pontius Pilate, the Gentile
governor, "Crucify him, crucify him, and let his
blood be upon us and upon our children, because he
said he was the son of God." We have no king but
Caesar? And did not Pontius Pilate take a dish
of water before the children of democracy and
wash his hands of the blood of Jesus, because he
saw no cause for their death?
Stop, look, listen! Consequently, as a disciple
of Jesus, not through my disrespect for them, but
that the blind that have eyes might see out of
obscurity, and the deaf that have ears might hear
and be comforted to the image by principles of
Jesus by the transformation of their minds to the
perfect will of God, may I ask, Did not the shep-
herds and elders of the churches of the forward
movement persecute Jesus of Nazareth by their
resolutions which they passed in favor of conscrip-
tion, deceiving many, even if it was possible to
deceive the elect remnant of Anglo-Saxon Israel,
which are being saved by grace through faith in
the sovereign power of the life or immortality
of the soul or mind of Jesus of Nazareth under
the covenant of grace, under the banners of the Sal-
vation Army, as a witness to the fulfilling of the
Apostolic Ake? And when the whole host of heaven
looked up and saw those "terrestrial stars," were
they not driven, through conscription and censor-
ship, to honor and serve them, thereby, as Jesus
taught in one of his parables, turning the moon,
or church, into blood and darkening the Sun of
Righteousness by their resolutions in favor of con-
scription? And did not the angels of the golden
candlesticks of Gentile Europe suffer of their own
countrymen who exercised lordship over them, as
we did and do ours? Are not these charges sus-
tained by the voices which spoke to Paul when
he was on the road to Damascus, having papers
with authority and commission from the chief priests
to shut up in prison all conscientious objectors, and
when some of them were put to death Paul gave
his voice against them, and when Paul saw a light
from heaven above the brightness of the midday
sun, he heard a voice speaking unto him, saying in
the Hebrew tongue: "Saul, Saul, why persecutest
thou me? It is hard for thee to kick against the
plucks." And Paul said: "Who art thou?" "I am
Jesus, of Nazareth whom thou persecutest." (Acts,
ix, 1-5.) And are not these charges endorsed by the
"voice" which spoke out of the cloud unto Peter,
saying: "This is my beloved Son, in whom I am
well pleased; hear ye him." Hence, I ask, when the
conscientious objectors were taken before tribunals
and some of them were put in prison and others
put to death for Jesus' name sake, did not the shep-
herds and elders of the forward movement, like
Paul, give their voice against them by their resolu-
tions in favor of conscription?

Let the shepherds and elders bring forth their
witnesses, that they may be justified, or let them
hear and say "It is truth." Evidently the "Stone"
that the shepherds and elders rejected by their resolu-
tions in favor of conscription hath become the
chief cornerstone of the conscientious objectors.
And it is not evident that it was not Samuel,
but Jesus of Nazareth the shepherds rejected to
rule and reign in and over them by their democratic
resolutions in favor of conscription?
Wardsville, October 4. W. A. WARD.

From Here and There Poetry and Jest

"THE MAIN ISSUES" IN THE U. S. A.
[Washington Post.]
Americans do not want war, but they are among
the peoples who would rather fight than die. They
are not lovers of peace when peace will not con-
serve their liberties. If their government has been
unable to conduct foreign relations in such manner
as honorably to avoid war Americans become
reconciled to war immediately, and the cost of living
is thrust from the man who borrows may have them-
selves with making it costly for the enemy to live.
Thus, after all, the "main issue" is not the cost of
living. The main issue is such conduct by Ameri-
cans, as a nation, as will preserve their interest,
their independence, and their honor. If they avoid
blunders which compromise these essentials, they can
make a better living than any other people under the
sun.

THE OLD ORDER COMETH.
[London Daily Telegraph.]
The new world which is coming may not be to
our taste. It is a very difficult thing to be privi-
leged to accept the logic of democracy; it is an agony for
the wealthy to contemplate a more equal distribution
of wealth. And the lamentations and dependency
may doubt come from the privileged, the rich, the
intellectuals, who dread the plunge of democracy.
Cannot imagine a world in which the leisured and
cultivated classes do not predominate, a condition
of things in which the poor and the ignorant but
if, any, would have any superiority. But that is the
new world which is rising on the horizon; that is
the new order which is bound to be. And if we
are willing to recognize it and to co-operate in the
realization, we may find hope and satisfaction in
the change which is taking place.

QUEBEC'S FORESTS.
[Christian Science Monitor.]
By the vigorous, although far-sighted exploita-
tion of this her vast natural asset Canada in general,
but Quebec in particular, can do much toward
relieving the so-called world shortage of wood.
The world, and also help toward redressing the
balance of trade more in Canada's favor than it is
at the present time.

THE SOLACE OF THE BOOK LENDER.
[Kansas City Star.]
There is one consolation about lending books—
the fact that the distant reader may have more
for the volume than the man who lends it. Book
collectors are often not book readers, and it is a
pity to have the volumes go to waste. Life is full
of compensations, and the book lender has his.
He may aid in the spread of truth, even if it involves
personal grief.

FOR THE DEFENCE OF POLAND.
[London Morning Post.]
We had our differences with Russia in the East,
but we now realize acutely what it is to bear a
heavy burden alone. For these reasons, then, it is
incumbent upon this country to join the forces
which refuse to traffic any longer with the usurpers
of Moscow. France and America have shown the
way, and Poland is fighting with stout heart. As
Great Britain and Italy to hold back at a crucial
moment? For Poland is fighting for much more
than her own liberties. She is holding the pass for
the cause of civilization be divided by the sword
of the barbarians. The Polish people are brave
and unafraid, their sacrifice will have been made
in vain.

THE SUCCEFUL OYSTER.
[London Daily Telegraph.]
Oysters are almost as numerous as ever, and
their quality was never better. But this is not all.
In an unstable world, the oyster has become a
thing of old price. The statement would be incredible
if it came from any but the vendors. Is there any
other commodity used by civilized man of which
the same can be said? Let us admire the generosity
of the oyster. There will be new truth in the words
of that philosopher who said, "Give me the luxuries
of life, and I will do without the necessities." In
fact, this matter of oysters has become a matter
of economic importance. It illustrates what has been
done and how much more can be done in the cul-
tivation of the harvest of the sea.

NATIONALISM IN SOUTH AFRICA.
[Bulawayo Chronicle.]
The Union is reconstructing its local and modest
military system. The Nationalist complaint is that this system fits into
that of the Empire as a whole, which is meant
purely for defence. Some of the Republicans—
superior in their patriotism to the Americans,
Frenchmen, Italians and others who donned khaki,
not because there was anything particularly British
about it, but as a good field color that had become
the most useful in the most useful of wars. The
thought of "their sons" wearing such a garb. It is
"the uniform of the conqueror" to quote one of
them—the conqueror (he it observed) of Germany,
whose armies had been victorious in the most ac-
ceptable to these non-military patriots. The
minister of defence had to go the absurd length of
promising that nobody should be forced to don the
South African uniform after his life—if it were
not an honor to be clad in what one's fellow-
countrymen are wearing. There will be neither
dignity nor unity in South Africa until the country
can ignore or transcend of existence such narrow
as masquerades in the guise of a spirit of inde-
pendence.

TOWN AND COUNTRY LIFE.
[Brooklyn Daily Eagle.]
There is no question that country living, where
each family has its own doctress and at least a
little patch of its own garden, is a better con-
dition for raising children than do city apartments,
even of the roomy and luxurious sort. Raising
children should be the first object of family life,
and, therefore, it is not surprising that in which
all the railroads report gives promise of better health
and of stronger nerves and better balanced minds
in the coming generation. This suburban living, so
far as it goes, is an offset to the increase of the
densely crowded poorer parts of the city, in which
children must depend upon the streets for fresh air
and a chance to play, and come up as they can or
must. It helps to keep the balance when more
nearly even, and its growth is to be commended at
least until such time as the cities learn the provide
ample playgrounds and baths for the children who
are their most valuable product.

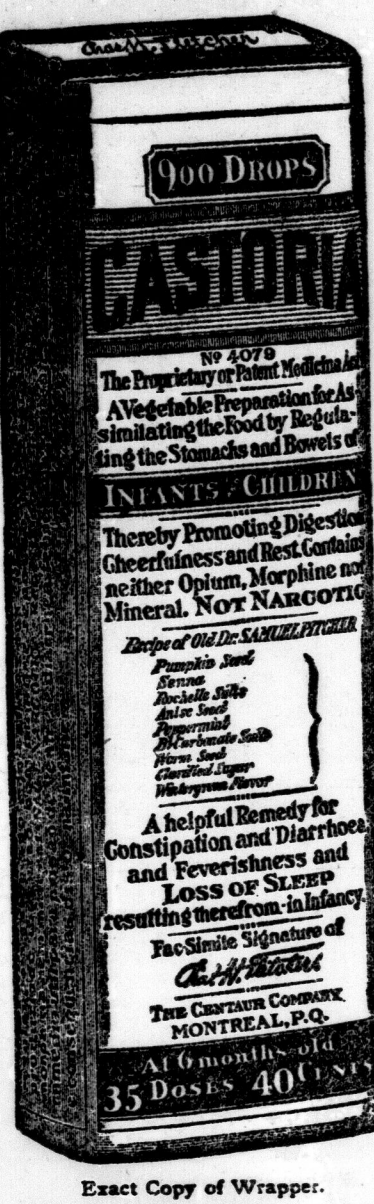

IN THE ENGLISH STUBBLE.
[S. I. Benaissa in London Chronicle.]
Most of us, particularly if we are in touch with
rural life, think that we know a little of the stubble,
but for years I regarded them as nothing more
than the remains of cornfields to which at certain
hours of the September day partridges would repair.
Afterwards they would intervene, and a good
sporting ground would be lost for the rest of
the season. Now I know that the hour of the
stubble is the first of the morning, when the sun
comes up and grey twilight catches fire from its
earliest rays, and all that was vague and shadowy
becomes sharply defined.
At first the sunrise shows a bare expanse with a
myriad points of dew upon the last row of stubble,
and then first of all to seek their breakfast, come
the pigeons from the barn, their white bodies flash-
ing in the light until the stubble receives them and
tones the lustre down.
Hardly have they started to forage before a cock
pheasant sails down from the sycamore branch at
the field's end, and following him a few minutes
later, two sober-plumaged wives. Then first one
and soon another covey of partridges glides up to
and over the hedge, the first with eight and the
next with seven birds.
They have slept in the old pasture of the hillside,
and are attracted by the ample supply of food, for
the wheat lodged so badly the machines could not
cut it evenly, and acetyne labor was not available.
Consequently the troops of green, many sparrows, too
many of them content to pay but a passing atten-
tion to the stubble, and then to fly off to the stack.
A farm laborer very early afield seeks a short
rest across the stubble field, and in the instant there
is a change. The pigeons rise high into the air
the partridges crouch in the stubble, the pheasants,
with a very obvious stoop, scuttle for the hedgerow,
the rats disappear.
I have tried the sun and the field glass, and
have learned at last that there is more pleasure
to be gained from the last than from the first.

Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children
made agreeable to the taste, acceptable to the stomach and pleasant in its action.
It has been in use for over thirty years and has always been one of the most high-
ly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while
it opens the organs readily and completely, it does not have a tendency to produce
subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little-ones, should
not be confused with ordinary cure-alls or preparations primarily compounded for
grown-ups. The child's organism, so delicate and tender, requires specially pre-
pared medicines and foods, the one no less than the other, as mother-love well
knows, and mother-love can not be deceived.

Children Cry For Fletcher's CASTORIA

What is the Matter with Baby?
It cries fretfully, is restless and does not sleep well, its bowels
do not move or it has diarrhoea, it does not eat or it has flatulence
and vomits easily. You know baby is sick. You want to help baby
get well safely and quickly.
If you are wise you will use Fletcher's Castoria, the wonderful
remedy for babies' ills, that was discovered by a family doctor and
that has been used for over thirty years.
When you have learned the value of Fletcher's Castoria you will
never be without it, you will tell other mothers what a useful remedy
it is. You will be able to keep baby well and happy by using
it to keep its stomach sweet and its digestive organs acting naturally.
You will call Fletcher's Castoria the Children's Comfort and the
Mother's Friend.
Don't say tomorrow—try it today. And above all things don't
try to relieve baby with a remedy that you would use for yourself.
MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Cured His Rupture
I was badly ruptured while lifting a
trunk several years ago. Doctors said
my only hope of cure was an operation.
Trusses did me no good. Finally I got
hold of something that quickly and
completely cured me. Years have passed
and the rupture has never returned, al-
though I am doing hard work as a car-
penter. There was no operation, no lost
time, no trouble. I have nothing to sell,
but will give full information about how
you may find a complete cure without
operation. If you write to me, Eugene
M. Pullen, Carpenter, 10468 Marceline
avenue, Kansas City, Mo., I will send you
out this notice and show it to any others
who are ruptured—you may save a life
or at least stop the misery of rupture
and the worry and danger of an opera-
tion.

Asthma
The terrible struggle to breathe, the
choking from restricted throat muscles find
wonderful help and permanent benefit.

BROOKLYN LEVELS UP ON WORLD'S SERIES

GRIMES, ROBINS' HURLER TO PLAY RUGBY AT SARNIA ON SATURDAY

Wanderers Defeat Point Edward Team in City Rugby League.

Brooklyn Evens Up Series by Winning Second Game—Spit Ball Proves Downfall of Indian Sluggers—Bagby's Slants Not Puzzle To Victors and American League Ace Is Relieved—Attendance 22,559.

Batteries: Cleveland—B. Bagby, Uhle and O'Neill. Brooklyn—Grimes and Miller.

NEW YORK, Oct. 6.—In a pitching duel between the leading hurlers of the National and American Leagues, Burleigh A. Grimes, Brooklyn's spit-ball ace, today shut out Cleveland, 3 to 0, in the second game of the world's series at Ebbets Field. His ability to hold the Indians in check, when his would have meant runs marked his superiority over James C. Bagby, whom Manager Speaker selected to add a second game to the Cleveland string. The victory, which placed the Dodgers alongside the Speaker's Indians, was the first since the team's inception, when Grimes pitched the first game, so far as consecutive binging was concerned. With the exception of the eighth inning, when Grimes temporarily lost sight of the home plate, Cleveland never appearing in the light of a serious contender.

The inability of the Indians to connect with Grimes' slants when his would have meant the scoring of runs, is proved by the fact that the Cleveland club had fourteen runners on the bags, of whom ten were stranded and four retired by subsequent plays. The Indians were not without repeated opportunities to score. But in every emergency the Brooklyn moist ball flinger met the emergency with a mastery collection of sharp breaking slants, or slow breaks which cut the corners of the plate, or shot in close to the body of the batter, with the result that the seven hits of the invaders were so scattered as to be useless in run producing.

Bagby was not as effective in the box for Speaker's team as he was in the opening game, or as his opponent, Grimes, although he delivered less slants than did the winning hurler. The Dodgers reached his offerings effectively when runners were on base, as compared to the Indians, for, of the ten Brooklyn batters to reach first, three scored, three were retired and the remaining four left. Grimes' strategy shows that the winners scored three runs on seven hits scattered through six innings, while Cleveland, with an equal number of swats, was unable to send a run across the plate in nine innings. Uhle, who replaced Bagby in the seventh session, proved more of a puzzle to the home team, the batters going out on strikes or flies in order during the two periods in which he officiated.

The contest, aside from Grimes' power to puzzle the winners of the American League pennant, was critical in the struggle, and as devoid of sensational strategy and color as was the initial battle yesterday. Speaker pulled out another sensational catch in the fourth inning when he raced far over the top of the outfield to catch a ball thrown by Grimes' long drive. Right fielder Griffith, who was in the line, picked up the ball and threw it back to the pitcher, who caught it in the seventh, when he captured Sewell's savage smash, in a manner somewhat similar to his handling of Speaker's drive of Tuesday.

A dash of the defensive skill of the Indians was shown in the third session when Grimes' long drive was stopped by a slow floater to Grimes, who promptly peppered it into center for a single. Olson followed with a single, and Bagby threw to second. Wambegans, in his efforts to hold the ball, stopped long over the bag, and Grimes, rushing into the sack, turned a complete somersault over the prostrate infielder. Griffith's double to right scored Grimes and put Olson on third. Bagby purposely passed back Wheat, who reached first, and Myers to shut off the rally. The entire Cleveland team was on its toes, and when Myers slashed a single to Gardner, the Indians' third baseman shot it back to O'Neill, forcing out Olson. O'Neill endeavored to turn the play into a second out at first, but his throw hit Myers square in the back as the latter raced for the initial sack. Johnson was on the job, however, and rushed up the bag where he picked up the ball and hurried it back to O'Neill in time to catch Griffith trying to score. O'Neill's throw was completely blocking the approach to the plate, for which he was roundly booed by the fans. The play was entirely legitimate, however, and Umpire Connolly, who was officiating behind the plate, paid no attention to the protests of the home rovers.

Brooklyn's other runs were scored without any attendant features. The official figures announced by the National Commission showed the Indians in both attendance and receipts the figures fell below those of Tuesday.

The paid attendance was 22,559 and the receipts \$76,164. This makes total receipts for the two days \$135,213. The division of this money for the two days follows:

Ten per cent to National Commission . . . \$15,521.30
Sixty per cent of balance to players' pool . . . \$3,515.62
Remainder to club . . . \$5,876.68

The players' share in the receipts of the first five games, and this pool is divided 75 per cent to the players of the teams participating in the world's series, and 25 per cent to the players of the teams finishing second and third in the National and American Leagues.

New York, Oct. 6.—"The boys did just what I expected they would do after what they have been showing me all season," said Manager Robinson of the Brooklyn team. "It has been their habit all year to come back strong after defeat and naturally I could see no reason why they would not do the same thing in the world's series."

"Some of the fans thought after the first game that the Brooklyn team would be easy for the Indians to beat through the series, but I felt differently about it. Now that we have come back and evened the series our confidence in ultimate victory is even greater than before, and we never thought that we would not win."

The first two games have satisfied me that the two teams are about as closely matched as two teams could be. Each plays the same sort of game, relying on hard hitting for its runs, with little effort to do much base stealing.

BROCK'S

HAS REGAINED LOSS

WILBERT ROBINSON, manager of the Brooklyn team, who defeated Cleveland in the second game of the world's series.

TODAY'S GAME TO BE A BATTLE OF SOUTH PAWS

Sherrod Smith For Dodgers and Walter Mills For Indians.

OPPOSING PITCHERS

Bernie Neis, Former Canadian Player, To Make Debut Today.

New York, Oct. 7.—Going into the third game of the world's series at Ebbets Field this afternoon, Cleveland, champions of the American League, and Brooklyn of the National League were on even terms, each with one victory and one defeat.

The game was a "rubber" between Robinson and Speaker being particularly anxious to win in order to have the advantage when the teams after today's battle resume hostilities at Cleveland Saturday.

Fair weather again greeted the baseball fans early today. A slightly rising temperature and a brisk wind were predicted for this afternoon.

The contest in all probability will be a battle between left-hand pitchers, Sherrod Smith against Walter Mills. The latter joined the Cleveland club late in August, and by winning six games in a row lifted a big burden off the shoulders of Bagby and Coveleskie in the final dash for the flag.

The acquisition of Mills afforded the two stars opportunity for a little more rest between games than they had been able to get during the American League season, and gave Manager Speaker just what he was in need of—a little left-hand pitching to mix up with the right-handers of Cleveland and Bagby in the world's series.

Speaker has made the Brooklyn play-ers hit against right-hand pitchers in the two games played and because of this Mills is likely to get his chance to-day. With the teams traveling tomorrow it will enable Cleveland to have three days of rest, which should put him in first-class condition to pitch Saturday.

Neis To Make Debut.

Bernie Neis, who will be remembered by Western Canadian fans for his splendid playing with Saskatoon during 1919, will probably make his debut in the world's series this afternoon if Manager Speaker uses him.

Neis is a right-hand fielder, alternately with Griffith, the latter filling the position against right-hand hurlers. He is generally considered to be Manager Robinson's choice.

Grimes yesterday and it was not until just before the game started that Grimes was finally selected by Speaker.

Grimes, playing ineffective against the Indians, Manager Robinson switched to right-hand pitching, using either Mammie Cadore, both of whom did well in the last three innings of the opening game.

In accordance with the rotation plan of assignment of the umpires the officials in today's game will work as follows: O'Day of the Nationals behind the plate; Dineen of Americans, first base; Klem, Nationals, second base; Connolly, American, third base.

The probable lineup: Cleveland—Evans, i.f.; Wambegans, c.; Speaker, c.f.; Burns, i.b.; Gardner, 3b.; Wood, r.f.; Sewell, ss.; O'Neill, c.; Mills, p.

Brooklyn—Olson, ss.; J. Johnston, 3b.; Neis or Griffith, r.f.; Wheat, i.b.; Myers, c.f.; Konechky, i.b.; Kilduff, 1b.; Miller, c.; S. Smith, p.

SCALPERS UNABLE TO SECURE BUT A FEW TICKETS

Cleveland, Oct. 6.—Few tickets for the world's series games between the Cleveland Indians and the Brooklyn Dodgers have fallen into the hands of scalpers, as a result of the precautions taken by the Cleveland Baseball Club.

This was indicated by the fact that scalpers today were demanding \$100 for two box seats for four games, the original cost of which was \$52.80.

No tickets for reserved or box seats were sold by the baseball management except to those who had allotment cards issued by the club, the signatures on which correspond to that on the application for seats. Persons fortunate enough to secure reserved seats were compelled to purchase two seats for four games.

The only individual tickets to be sold by the Cleveland Club are those for the bleachers. They will not be obtainable except on the day of the game, and the purchaser must pass immediately from the ticket window into the park, relinquishing his ticket at the turnstile.

Approximately 50 per cent of the reserved seats were distributed yesterday, the first day of the ticket sale, to holders of allotment cards. The remainder will be obtainable today and tomorrow.

The new right-field stand, built along Lexington avenue for the series games, has been completed. The stand will seat about 2,000 people.

COAL AT COST PRICE FOR WINDSOR CITIZENS

WINDSOR, Oct. 6.—With between 1,000 and 1,700 tons of coal stored already in the municipal coal pile for emergency use during the winter months, Windsor's special fuel committee of the city council announced tonight that an endeavor was being made to add greatly to the present stock. Fuel will be sold to citizens at cost, plus delivery charges.

WANDERERS WIN OUT.

SARNIA, Oct. 6.—The Wanderers of the northern section of the City League defeated the Point Edward fourteen here today in the first game of the City Rugby League, before a large crowd. The weight and smooth-working team play of the Wanderers proved too much for the villagers, who showed some fine tackling. Durance was bucked over for a try in the first half, Marquis adding another five on a short buck. The Wanderers forced Marquis to rouse for their other point. Manor kicked the ball out behind the goal line for the lone point tally. The teams:

The Wanderers—Causley, W. McPhedron, Dineen, W. Ash, Gunn, Kelch, Marquis, C. Marquis, Durance, Manor, Percy, F. McPhedron, Maughan, Millard.

Edward—L. Cook, Geary, Berkshire, Cutforth, Bryant, Bray, Lynch, McQuire, Manor, Franks, Manning, C. Cook.

Referee—H. Karm.

SHORT SHIP RESULTS.

Intercollegiate Rugby Schedule

The following intermediate inter-collegiate Rugby schedule was adopted at the meeting of the committee yesterday:

October 18—St. Michaels at Western U.
October 23—Western U. at Varsity 11.
October 26—Varsity 11 at St. Michaels.
November 2—St. Michaels at Varsity 11.
November 6—Varsity 11 at Western U.

SHAG AND KNOTTY ON HUNT FOR MATERIAL

WINDSOR, Oct. 6.—Shag Shaughnessy of Hamilton Tigers, and Knotty Lee of Brantford Red Sox will be here Saturday to witness the final game of the series between Ford's champions of the Border Cities League, and the Millionaires of Tilbury, for the inter-county championship. Mint League managers are hopeful of securing some material to bolster up their ranks for next season. Both teams playing last Saturday's game number several star semi-professional men from across the border in their ranks.

BORDER INDUSTRIAL PLANTS CUT STAFFS; BUSINESS SLACK

Wages Will Not Be Cut Say Companies At Present Time.

WINDSOR, Oct. 6.—Wages will be the last thing to be cut, although the manufacturers will demand more production per man for wages paid, declared Major Vallis, president and general manager of the Dominion Forge and Stamping Company, tonight in discussing the action of his firm taken today, when over half the force of men employed at the big Walkerville plant were laid off as a result of slackening of business, due to anticipated price drops and consequent refusal of buyers to invest.

All legitimate manufacturers want to pay the same scale of wages as the men have become accustomed to receiving, he continued, and if wages are decreased it will be the fault of the men themselves in refusing to give better production. Men at our plant, however, declare they are not adverse to taking a decrease in wages provided the living costs come down.

This is the second instance of its kind in the border city in two days, the Kellogg Wheel Company, another of the largest industries located here, having cut its working staff in half yesterday. Officials at the Ford plant said tonight that the factory would continue working at full capacity.

They declared they recognized a general definite movement on the part of the buying public to wait for lower prices.

MAN-O-WAR SENT TO WINDSOR TRACK

Riddle's Entry Shipped From Belmont Park—New York Fans Going.

NEW YORK, Oct. 6.—Man-o-War, Samuel D. Riddle's famous race horse, was shipped from Belmont Park today for Windsor, Canada, where he will meet Sir Barton in a match race at the Kenilworth Jockey Club track next Tuesday.

Many local horsemen and followers of the sport are planning to attend the race, and a large delegation will leave here Sunday, when Mr. Riddle and Jockey Clarence Kummer will ride Man-o-War, also will leave. Word was received here today that the Commander J. K. L. Ross, owner of Sir Barton, would leave Laurel, Maryland, for Canada on Sunday.

Sir Barton, according to word received by local sportsmen, had a final workout at Laurel today, and then was put aboard the special car in which he will make the journey to Windsor. He covered the race distance easily in 2:16 today, it was said, and his trainer, H. B. Bedwell, expressed confidence in the ability of the Star Shoot out to beat the 3-year-old champion, Louis Fustel, trainer of Man-o-War, said his charge was in fine condition for his workout yesterday in 2:02 3-5.

GUELPH BOWLERS TRY TO LIFT PARTRIDGE TROPHY AT WATERLOO

WATERLOO, Oct. 6.—Guelph sent an exceptionally strong rink of bowlers this afternoon in an endeavor to lift the Partridge Trophy, but were unsuccessful by the score of 21 to 10.

The rink: Guelph—Johns, Mahoney, Brydon and Hoover.

Waterloo—Moser, Stirling, Dapner and Schlosser.

ARE YOUR NOSTRILS FULL OF CATARRHAL DISCHARGE?

If So, It's Time You Got Wise to Catarrhazone, the One Certain Cure.

By no other means can you get relief so quickly as from Catarrhazone. It's the most direct remedy—direct because you breathe it to the very spot that is irritated and full of catarrhal germs. Nothing rounds out the Catarrhazone methods. It acts instantly, clears the throat of phlegm, stops the hacking cough, relieves tight chest, removes bronchial irritation.

So healing and soothing is Catarrhazone, so full of it of curative essence that winter illies flee before it. Carry a Catarrhazone Inhaler in your purse, in your pocket, use it to ward off your little colds before they grow big. Dollar outfit lasts two months, small size 50c, trial size 25c; all dealers or the Catarrhazone Co., Kingston, Canada.

Western "U" Squad Fast Rounding Into Shape For Assumption College Game

Sandwich Huskies Promised a Warm Reception Here Saturday Afternoon—American and Canadian Rugby Will Be Exemplified—Rugby Committee Elected Last Night—Cheer Leaders Will Be On the Job—Big Turnout of Rooters Expected To Witness Battle.

For one solid hour Honorary Coach Mel Brock drove the Western football team yesterday afternoon, and then sent them around the park twice before he chased them to the showers. It was nothing but a sign of the men who are now finding themselves and the plays went along better than they did at the end of last season. With one or two exceptions the condition of the team is good and they should go the distance at top speed. Several new trick plays were tried out today and worked quite smoothly. The team will be well provided with subs in case of accidents, in fact many of the places being yet a toss up between two or more men. Traynor's punting is, if anything, better than ever before, and if the line can hold out in the American game last night, and will have another tonight. It will be impossible for the team to learn the Yankee game properly, but the boys are trying out a few formations which they will use during the second half. Reports from Sandwich huskies expect to come out on top in both halves Saturday afternoon, but the Western outfit cannot see it that way. In any case it will be a game worth watching, and will be the first opportunity for Londoners to see the two intercollegiate games exemplified.

At a student meeting held last night in the Medical College, the following committee was elected to handle rugby this season: Honorary president, Dr. J. Cameron Wilson; president, Vic Simpson, M.D.; 21, vice-president, Percy Simpson, Arts, 21; secretary-treasurer, W. Elvatt Webb, Arts, 21; executive, C. Gibson, M.D.; 25; A. B. McCabe, M.D.; 24; C. Chapman, Arts, 21.

The following cheer leaders were chosen, who will elect the chief calisthenic expert from among their own crowd: "Doc" Thompson, M.D., 23; Roy McLeod, M.D., 23; Miss H. Patterson, Arts, 23; H. Dalgleish, Arts, 22.

DUMONT TO DIE ON SCAFFOLD IS WORD OF JUDGE

Justice Latchford Passes the
Death Sentence On North
Bay Man.

TO HANG JANUARY 13

Laberge To Serve Three
Years For Being Acces-
sory After Fact.

NORTH BAY, Ont., Oct. 5.—Hector Dumont, who was found guilty by a jury at the assizes here yesterday of the murder of Cyril Raymond at Sturgeon Falls, Ont., on April 23, 1919, was sentenced to death this evening by Mr. Justice Latchford, who presided at the trial. Dumont is to be hanged on Jan. 13 next.

On the witness stand today on a charge of having been an accessory after the fact, in connection with the murder of Raymond, was convicted and sentenced to the penitentiary at Port Arthur, Kingston, for three years in recommending Laberge to the mercy of the court, the jury stated that they had had difficulty in believing Laberge's guilt on the evidence of one "so lacking in morals, intelligence and character" as Mrs. Marie Raymond, widow of the murdered man.

Dumont received his sentence stoically. His understanding of the English language is very limited, and he did not appear fully to comprehend the import of Mr. Justice Latchford's words, when his lordship pronounced sentence of death on him.

On the witness stand Mrs. Raymond admitted she had lived with Dumont at a hotel for several days after her husband's disappearance, and said she was troubled over her missing husband. However, she had not said anything about seeing Dumont felling him with a bottle until yesterday at Dumont's trial, when she contradicted her evidence given at the inquest and preliminary hearing.

"She was lying then, trying to protect Dumont, if not Laberge," Mr. Justice Latchford declared.

While counsel for the defence was addressing the jury this evening he referred to the Biblical story of the woman taken in adultery, and to Christ's attitude toward her.

"You had better not ask the jury," Mr. Justice Latchford said, "what our Lord would have done in this case. They cannot tell; you just say what they cannot tell, and no man can tell that."

**MOVER FOUND
GUILTY OF KILLING
ELLIOTT NEAR "SOO"**

SAULT STE. MARIE, Oct. 6.—Douglas Mover was found guilty at the assizes here today of the murder of George Elliott, a farmer of Korah Township, three weeks ago. He will be sentenced by Mr. Justice Ode tomorrow morning.

George Elliott was shot while going to his barn to do the evening chores, and he died a few hours afterward in the "Soo" hospital. The accused entered into the woods, accompanied by two girls under 18 years of age. One of them claimed to be his sister, and the other a friend, and both girls were dressed as boys. The two were captured a week after the murder. The girls are being held on charges of carrying concealed weapons and aiding Mover to evade justice. All three were armed when taken into custody.

Mover, who is a stranger in this section, claims he came from Toronto. The two girls had been in this district only a few days prior to the murder.

**ONLY STOREROOM
OF BISMARCK BURNED**

LONDON, Oct. 6.—A dispatch to Lloyd's from Hamburg says that one room above the engine storehouse on the great steamship Bismarck was destroyed by fire, which broke out on the vessel Tuesday.

A previous dispatch to a Berlin afternoon newspaper indicated that the steamer, which was en route to be the greatest in the world so far as gross tonnage is concerned, had been burned at the shipbuilding yards of Blohm and Voess at Hamburg, where she is being finished, preparatory to being handed over to the Allies under the provisions of the peace treaty.

STEAMER ARRIVALS.
MONTREAL, Oct. 6.—Arrived—Meisner, Liverpool; Canadian Navigator, Glasgow.

**BE PRETTY! TURN
GREY HAIR DARK**

Try Grandmother's Old Favorite
Recipe of Sage Tea
and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or grey. Years ago the only way to get this mixture was to make it at home, which is no longer a trouble.

Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients.

Don't stay grey! Try it! No one can possibly tell that you darkened your hair, and it is so natural, soft and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, and after another application, or two, your hair becomes beautifully dark, glossy and attractive.

Too Fat?

EAST, HOME SELF TREATMENT
Overstoutness weakens the liver because sluggishness of the liver action becomes weak.

LIKELY TO DROP MANY 'REFORMS' OF UNION GOVT.

Meighen Cabinet Seems Ready
To Discard Board of
Commerce.

CIVIL SERVICE NEXT

Commission May Have Wings
Clipped and Full Patron-
age May Return.

[Special To The Advertiser.]
OTTAWA, Oct. 6.—Under the new "National Liberal and Conservative party" many of the so-called "reforms" of the late Union Government are to be discarded. The board of commerce, which was one of the creations of the late administration, has, under the new Government, been allowed to go from bad to worse, and is now in a condition of complete and absolute impotence. The board has never been popular with "the interests" and profited, though nothing which it ever did caused them anything more than a slight irritation.

Boasted Reform.
A further boasted "reform" of the late Union Government was the placing of all civil service appointments under the control of the Civil Service Commission. The "reform" has caused a heap of friction and has not been popular among the Government politicians. The bigger kind of patronage, as a matter of fact, never was abolished, as witness the appointment of Hon. J. B. Carvell to be chairman of the board, or Hon. Martin Durrell to be chief librarian of Parliament, or the appointment to the Senate of numerous party workers. But, on the other hand, that sort of patronage which is encouraging the party worker was for a time suspended.

Resigned in Protest.
Now a commissioner of the grain board has resigned in protest against the interference of the Civil Service Commission with the board's appointments. Commissioners Boyd and Staples (former Conservative M. P.s) are here interviewing the Government about it. Sir George Foster takes the view that if the 250 odd employees of the board are to be exempted from the jurisdiction of the commission the civil service will be as well be torn up by the roots. But Sir George Foster is not premier, and there are indications that the wings of the Civil Service Commission may shortly be clipped, and that slowly but surely patronage will once more eventually return.

**GOVT. TO BACK
\$25,000,000 OF
G. T. RY. BONDS**

New Issue Sold At New York,
But Ottawa Department
Is Silent.

OTTAWA, Oct. 6.—(By Canadian Press).—Although no official confirmation has been made by the railways and canal department, it is understood and the newspaper announcement of the issuance of \$25,000,000 sinking fund gold bonds of the Grand Trunk Railway is correct. It is authoritative-ly stated that Major Graham Bell, deputy minister of the department, has been in New York in connection with the purchase of the bonds by William A. Read & Company, Hon. J. D. Reid, minister of railways, is in England at present. It is said the bonds will be guaranteed by the Dominion Government.

ISSUE OVER-SUBSCRIBED.
NEW YORK, Oct. 6.—The bonds were offered for subscription this morning at 7 o'clock, and by noon the issue had been over-subscribed, it was announced at the offices of the syndicate managers.

**FARMERS WILL WIN
EAST ELGIN SEAT,
SAYS M'DERMAND**

U. F. O. Candidate Optimistic
Over Forthcoming Three-
Cornered By-Election.

ST. THOMAS, Oct. 6.—Politics are comparatively quiet in East Elgin and the U. F. O. candidate will be elected, declared Sidney McDermand of Lakeside today, when questioned as to the outcome of the three ridged race in the East riding. Mr. McDermand knows nothing of how fast or slow Candidates Charlton or Stansell will run. But he is confident of the support of the farmers' organization in the four townships. Stansell may be helped a bit by the extreme end of the old Conservative farmers in Bayham.

The tale coming from Aymer that the U. F. O. is mounted in East Elgin and that the electors have all returned to their former party affiliations is nothing more than a wind put up by the Charlton factory, Aymer, said Mr. McDermand. There are, it is true, a limb or two left of the traditional tree of the Tories and Grits. They will have little effect on election results, however.

"The fight will be soon on in reality," said Candidate McDermand, "but the other fellow, who have it all to themselves. After Premier Meighen, who comes to Stratfordville next week, the Hon. Mr. Crear will follow in my behalf, and any others who come around to slander the stump fences and honest farmers will get all they want before they again get out of the riding."

He have canvassed most of the so-called preservers of the Grits and Tories, and everybody has a good word to say for the man behind the plough and the people," smiled Mr. McDermand.

**GRAND TRUNK RAILWAY SYSTEM
TRAIN SERVICE BETWEEN LON-
DON AND WINDSOR FOR
RACING EVENT OCTOBER 12.**

Trains leave London 3:55 a.m., 6:35 a.m., 11:50 a.m., 5:40 p.m., and 9:12 p.m. 11:50 a.m. train carries first-class coaches, pullman car and dining-car. Parlor-coach car on the 5:40 p.m. train and parlor car on the 9:12 p.m. train. First-class vestibule coaches on all trains and Grand Trunk station in Windsor centrally located.

Secure tickets and make reservations at Grand Trunk ticket offices. Oct. 7, 9, 11

**BECK IS SOUGHT
BY TORONTO TORIES**

TORONTO, Oct. 6.—A deputation from Ward Two Conservative Association waited upon Sir Adam Beck late this afternoon, with the object, it is stated, of asking him to run in Northeast Toronto.

The new flavour H.P. sauce

is such a welcome change to the old-fashioned sauces.

Wouldn't it be worth your while to try the one and only H.P. Sauce?

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed is a hindrance to activity, and a curb upon pleasure. Many forms of advice to reduce weight have been advanced, such as dieting, hard work, excessive exercise, etc., all of which are either unpleasant or dangerous. The latest, more modern and pleasant way to take off burdensome fat, is to take, after each meal and at bedtime, a Marmola Tablet. These little tablets are effective and harmless as the famous Marmola Prescription from which they take their name. To get rid of fat at the rate of two, three or four pounds a week, simply take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or blemishes will remain to show where the fat came off. They are for sale by all druggists at \$1 for a good size box. If you prefer to have them come to you direct by mail, prepaid, in plain sealed cover, send your order to the Marmola Co., 97 Garfield Building, Detroit, Mich., and bid goodbye to dieting, exercise and fat. Be yourself, slim, trim and attractive.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your-tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

TINT GRAY HAIR

Don't Tolerate Faded, Streaked, or Bleached Hair; Tint With Brownstone—Safe, Sure, Inexpensive.

TRIAL PACKAGE SENT FREE. Why tolerate faded or bleached hair when it is just as easy to tint your tresses a beautiful brown as it is to powder your face? Brownstone gives the hair bewitching beauty and charm, producing instantly any shade of brown—or black if desired.

Brownstone Makes Me Look Ten Years Younger. No other preparation is so simple to apply or so uniform in results. Light spots, gray strands or streaks, and all unnatural shades in the hair are quickly restored to all their original beauty. Absolutely Harmless. Brownstone is guaranteed perfectly safe and harmless to both the hair and skin. Contains no poisonous ingredients such as sugar of lead, sulphur, silver, mercury, aniline, or coal tar products. It has no odor and is greaseless. You apply it in a few moments with your comb or brush. Brownstone is sold and recommended in London by standard drug Co., Limited; Carnarross, Lawrence, Liggett's and other leading dealers. Two sizes, 50c and \$1.50, insist on the genuine. Special Free Trial Offer. Send only 10c with this coupon for free trial package and helpful booklet in the care of the hair.

Mail This Coupon Now. The Kenton Pharmaceutical Co., 500 Coppin Bldg., Covington, Ky. Inclosed find 10c (to cover postage and packing) for Trial Package of Brownstone. Light to Medium Brown or Dark Brown to Black. Mark with X shade wanted and mail with your full name and address.

EXPECT RADICAL CHANGE IN TAX MEASURES SOON

Ottawa Predicts Next Budget Will Remove Excess Profits Law.

IS NOT VOTE-GETTER

Therefore Luxury Tax Will Likely Be Abolished by Meighen Regime.

(Special to The Advertiser.) OTTAWA, Oct. 6.—Radical changes in the existing direct federal taxes are anticipated for the next budget of the finance minister. In the course of its peregrinations so far the tariff commission has had but few suggestions as to new or improved taxation measures. The Single Tax Association of Western Canada has suggested that the present customs duties can be heavily cut and that the revenue lost thereby can be made up by the imposition of a tax of 2 per cent on unimproved land values. This suggestion, it is safe to predict, will not be adopted by the present Government. The Grain Growers have declared that \$200,000,000 could be collected from incomes if the act were properly enforced. In recent months there are indications of greater collecting activity on the part of the commissioner of taxation.

Believed Premonition. This increased activity is taken here as a premonition of the abolition next session of the excess profits tax, which has in any case never been popular with the Government or with its friends. During the war, when it might have been expected to bring a very considerable amount to the treasury, it brought little more than \$35,000,000. Now that the war is over it is contended that it simply constitutes a discouragement to industry and production. It is claimed that the company which has a bonafide capitalization under its provisions has been heavily penalized, while the company with watered stock has gone comparatively free. The disappearance of this tax next session may safely be predicted, although in Great Britain it was increased by the last budget. The sales or turnover tax, which can be passed on to the public, will take its place.

Formidable Dose. A somewhat formidable dose of direct taxes, in the shape of the luxury tax, was administered to the public last session. It is now rumored that these may be removed and that the sales tax will take their place. That tax is 1 per cent on the turnover of manufacturers and importers. It is easily collected, and though passed on to the public, is not noticed by the average purchaser, because no invoice is supplied. The luxury tax is not a vote-getter in any case, and votes are what the Government wants at the next election. In justification of its probable removal it is contended that one of its designs, namely, to encourage thrift, has not really materialized. It is further contended that if the cost of living decreases it will not be a revenue-getter and will cost more than it is worth to administer. It is anticipated that so far as the finance minister is concerned the Government will make its bid to the electorate upon a system of taxation as indirect as possible and whose one direct feature will be the income tax.

CHANGES PROBABLE. OTTAWA, Oct. 6.—The Citizen, in its two columns today, says: "There is a strong probability that the coming session of Parliament will see considerable variation in the tax measures of the Government. 'The business profits tax is likely to go, and possibly the luxury tax may be replaced by the sales tax. There is also talk, but less of it, of modifying the luxury tax.'

ONTARIO'S SUPPLY OF PULP WILL LAST 60 YEARS, ESTIMATE

Montreal Speaker Urges Measures To Deal With Situation.

Toronto, Oct. 6.—Many problems of vital interest to the trade were discussed at the third annual convention of the Canadian Paper Trade Association here today. At a banquet tonight Edward Beck of Montreal spoke on "The Pulp and Paper Industry of Canada." He prophesied that if the present course was pursued in the province of Ontario the supply would be used up within 30 or 40 years. He regarded the question as vital and requiring immediate attention. Referring to the necessity of Canada obtaining a revenue that would result in lessening the debt of war, Mr. Beck said that Canadian raw material must be kept available for home manufacture and means must be adopted to insure their permanent supply. W. Graham of Hamilton, Ont., was elected president of the association, and E. S. Munro, Toronto, secretary. The convention will be in session again tomorrow.

MEDICAL ACADEMY TO MAKE STATEMENT ABOUT CANCER CURE

Toronto, Oct. 6.—An authoritative statement as to the cancer serum discovered by Dr. T. J. Glover of this city will be forthcoming by the end of this month, according to an announcement made here tonight by the council of the Toronto Academy of Medicine, which met today and considered the matter at some length. Dr. H. Elliott, president of the academy, issued the following statement as to Dr. Glover's cancer cure: "The results are not satisfactory. A statement to this effect will be published." The council of the academy, named by the academy as a committee of inquiry into the claims of Dr. Glover as to the efficacy of his treatment for cancer, made arrangements today to hear a personal presentation or have a written communication from Dr. Glover on the question. In the meantime, judgment thereon will be withheld by the local physicians as a body.

HUGHES GETS FIVE YEARS FOR THEFT

VICTORIA, B. C., Oct. 6.—Griffith R. Hughes, prominent newspaperman, pleaded guilty to the charge of stealing \$38,000 from the David Spencer department store, for which he was sentenced to five years in the penitentiary, when he was brought before Mr. Justice Morrison in the supreme court today. The sentence is five years on each count of seven indictments, but they are to run concurrently. Hughes took the sentence calmly.

STEAMER ARRIVALS. NEW YORK, Oct. 6.—Olympic, Southampton, Rotterdam, Rotterdam, Rotterdam, Oct. 6.—Rochembeau, New York; Lafayette, New York.

FIGHTING WILL STOP FRIDAY ON POLISH FRONT

Paris Hears That Armistice Was Actually Signed On Wednesday.

PARIS, Oct. 6.—Dispatches from Warsaw and Moscow today announce that an armistice between Soviet Russia and Poland has been signed, according to the Havas agency.

TO CEASE FRIDAY.

WARSAW, Oct. 6.—(By Associated Press.)—Dispatches from Riga say that hostilities between the Poles and Russian Soviet forces will cease Friday under an armistice signed by the Polish and Soviet peace delegates yesterday.

MEXICANS KILL TWO, HOLD HOUSE UNDER FIRE OF PATROLMEN

Pittsburg Laborers Barricade Themselves in Boarding-House.

Pittsburg, Oct. 6.—After killing a patrolman and a resident of a crowd of Mexican laborers, armed with pistols, barricaded themselves in a boarding-house at Homestead, a suburb, tonight, and are engaging a posse of police and firemen in an exchange of shots. The Mexicans, according to the police, were acting in a disorderly manner on the street, when two patrolmen tried to arrest them. One of the Mexicans produced a pistol and killed Patrolman William Smith, and wounded Patrolman Henry Davis. The crowd then returned to a Mexican boarding-house, where they shot and killed the proprietor, and barricaded themselves in. The police found it impossible to break into the house, due to the constant fire from the Mexicans. The fire department was called out, and shortly after 10 o'clock the firemen were laying several lines of hose, with the intention of directing the streams into the boarding-house windows.

DEPUTY SHERIFF KILLED. CHARLESTON, W. VA., Oct. 6.—Joseph Gore, a deputy sheriff, was killed, three other persons were seriously wounded, and two miners were shot in a fight early tonight at Blair, Logan County, West Virginia, on Little Coal River, according to information received here by Fred Mooney, secretary of District No. 17, United Mine Workers of America. The trouble is said to have started when deputy sheriffs interrupted a meeting of the United Mine Workers.

NORTH BAY POLICE SEEK "TED" JOHNSON

North Bay, Oct. 6.—Chief of Police Rayner tonight received a telegram from Provincial Constable Harold Norton at Gowanda, Ont., requesting him to seek Johnson. "Ted" Johnson, who was wanted in the silver camp on a charge of shooting his sister, and who was also wanted in connection with the shooting of a man on a southbound train, was seen at Allen Hotel, Bay City, Mich. See if your symptoms resemble these:

HEART FLUTTERING EASILY CORRECTED

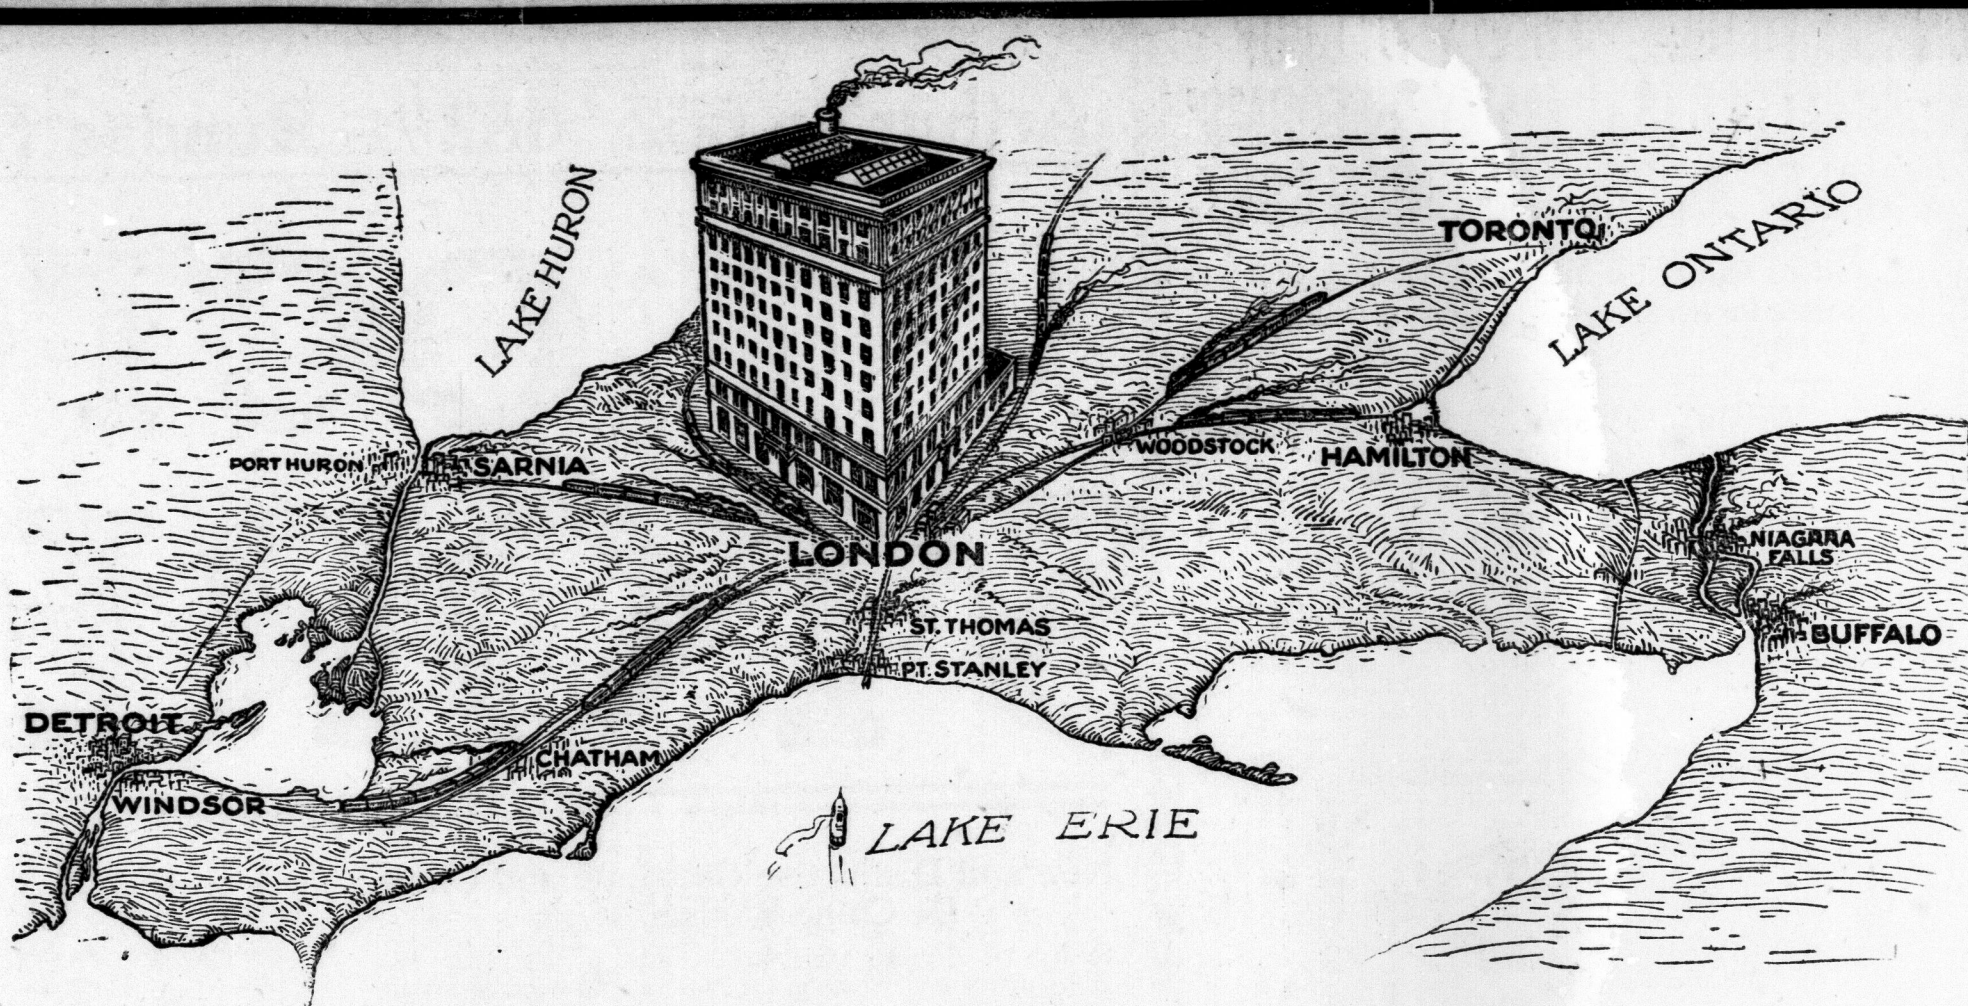

Good Advice to Folks Bothered With Palpitation, Weakness, etc.

If your heart flutters, be careful. An attack is liable to come on at any time. Excitement, overexertion or emotion may cause it. If blood rushes to the head, if palpitation and short breath are noticeable, there's cause for alarm. If you want a good honest remedy try Ferrozone. We recommend Ferrozone because we know it's just right for heart trouble. It cured A. P. Beattie, who lives at Allen Hotel, Bay City, Mich. See if your symptoms resemble these: Some Symptoms of Weak Heart. Nervousness. Palpitation. Trembling. Dizziness. Sinking Feeling. Heart Pant. Short Breath. Weakness. Mr. Beattie says: "I was weak and miserable. I was subject to heart palpitation and dizziness. As I grew worse I began to have trembling and sinking sensations. Ferrozone strengthened my heart, gave vigor to my nerves, soon made me well. It's a great builder. By strengthening the muscles of the heart, giving proper circulation and causing a general rebuilding of the whole system, Ferrozone is bound to do grand work in heart trouble; try it, 50c per box, or six for \$2.50, at all dealers, or direct by mail from The Catarthozone Company, Kingston, Ont.

Let Cuticura Be Your Beauty Doctor

The Soap to Purify Ointment to Soothe. Let Cuticura be your beauty doctor, one that really does something to purify and beautify your hair and skin. Bathe with Cuticura Soap and hot water to cleanse the pores. If signs of redness, roughness or eruptions are present, or dandruff on scalp, touch gently with Cuticura Ointment before bathing or shampooing. For every purpose of the toilet, bath and nursery Cuticura Soap and Ointment are ideal. Absolutely nothing better.

Scap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyons, Limited, St. Paul St., Montreal. HAYTE, Oct. 6.—Rochembeau, New York; Lafayette, New York.

Graduating from the "Town" Stage

ONE of the city's leading newspapermen said the other day:

"We are behind this new hotel, and think the city should support it because the whole future of London hinges on the establishment of a good hotel in the city.

"It will be the turning point for this community when we have a social centre and business home for visitors from which all our activities will radiate.

"When you strike a city without a modern hotel you judge the whole place by your impression of the hotel.

"It seems to me London will become a city rather than a town when this hotel is built."

Every trained observer knows what a hotel worthy of the city will mean to London.

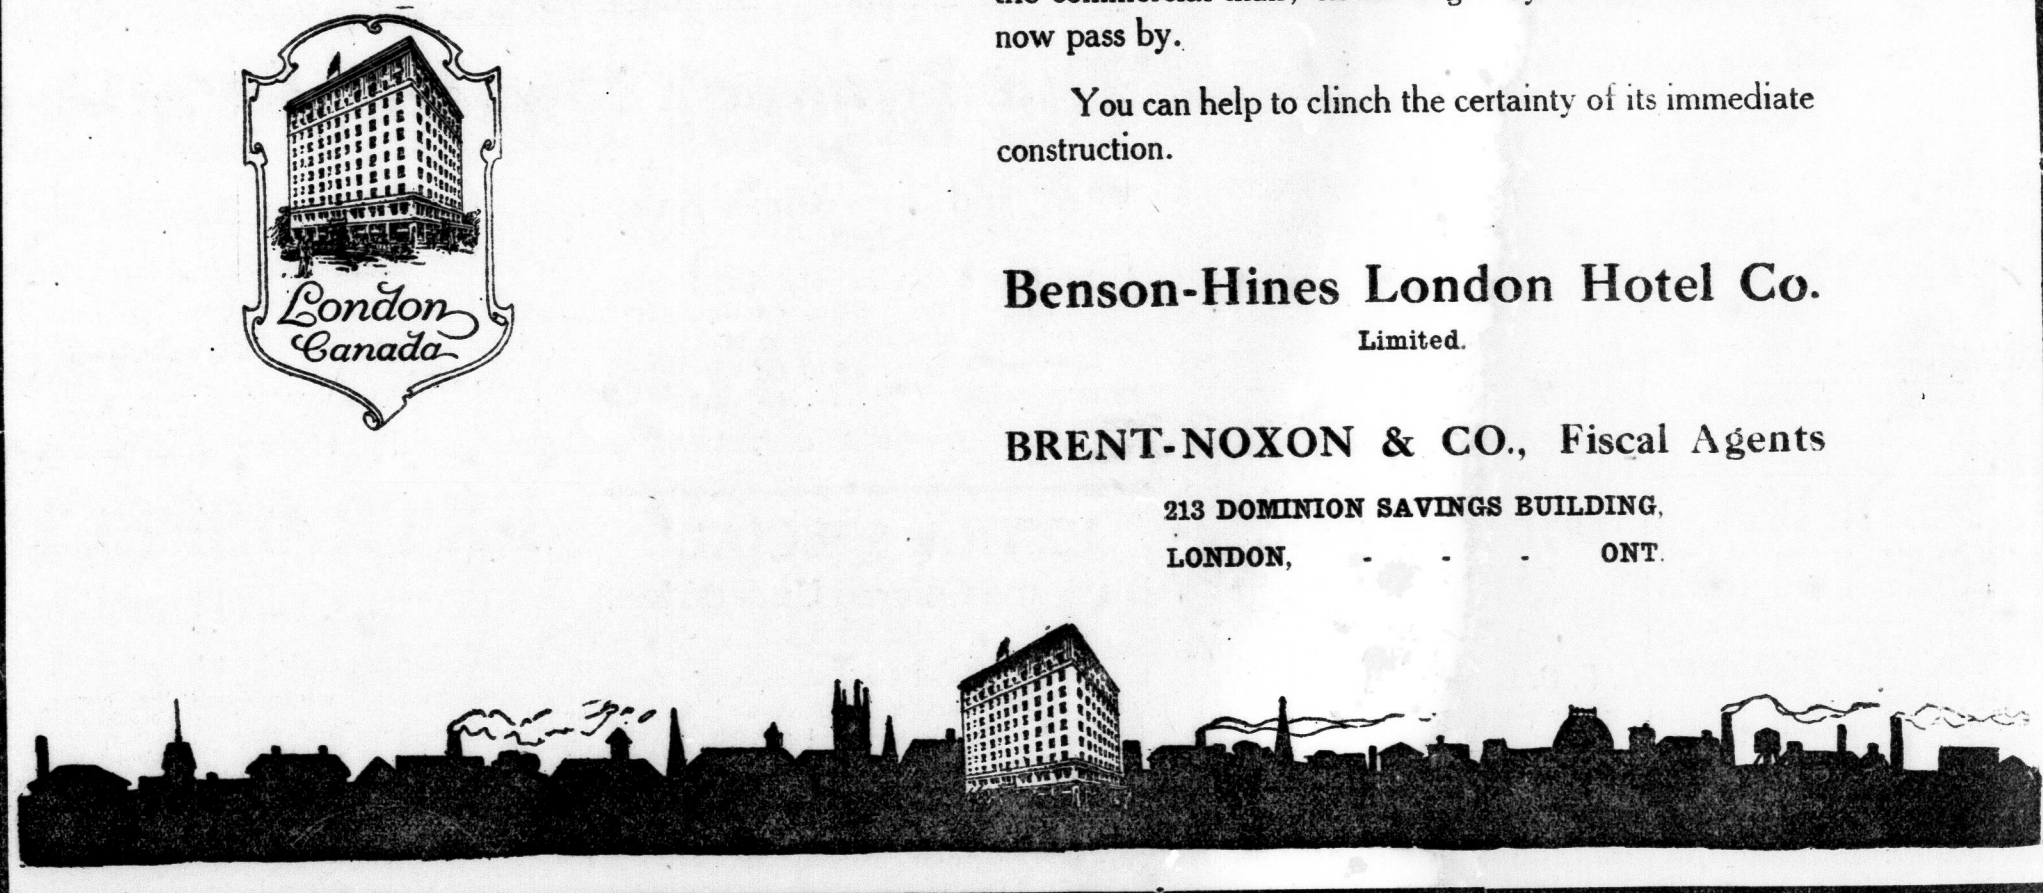

It will put the city on the main line of the tourist and the commercial man; on the highway of thousands who now pass by.

You can help to clinch the certainty of its immediate construction.

Price of Live Hogs Drops \$1 Cwt. On Local Market

Heavy Offering Found Only Slow Demand At \$19 — Hay Prices Are Unchanged and Are Expected to Remain Steady Now.

A reduction of \$1 per cwt was made in the price of live hogs on the local market today. They were offered in quantities, and the demand was slow at \$19. Previous quotations this week were \$20.

But some were also slightly easier at \$14 per cwt; 1½ demand was also slow. Oats by the bushel brought \$1.80@1.90, and by the cwt 6¼@6½.

Pickling onions sold at \$1.12½ per bu., and by the quart for 15c.

Cabbages were plentiful at 40¢/50 per dozen.

Beets by the bushel brought 50¢/51.

Hay quotations did not change, and stationary prices are expected for the present.

do. per qt.	15	to	15
Rubens, per doz.	40	to	50

HAS SECRET OF AGES BEEN UNearthed AT LAST?

Unquestionable Affidavits show New Hair Growth after Baldness!

Remarkable Preparation was Known to Indians—How Long?—No white Man seems to know! Contains genuine Bear Oil and other Potent Ingredients from Three Kingdoms of Nature

FOR ages man has sought the secret of growing hair on human heads after it had fallen out from one cause or another. Many theories have been advanced as to the best means for preserving the hair, for increasing its growth, and for the prevention of dandruff, falling hair and baldness. Yet scientists have come and gone, leaving behind them the task of solving one of Nature's greatest problems.

Has it at last been solved?

Has Nature herself opened her portals to the wonderful secret? Your own observation in recent years proves that the seeming impossibilities of yesterday are but mere toys of the master minds of today. The aeroplane, in which men outdo the birds in the air—the submarine, which has made Jules Verne's stories of journeys beneath the sea come true. The telephone, the automobile, the wireless telegraph, all go to show the marvelous progress made in the twentieth century—that history-making period in which you actually live, see and understand.

Yet, it has remained for Nature herself to show us the way in many cases to grow hair after baldness. And this simple, natural method which seems to have been known to certain tribes of American Indians from time immemorial, can now be yours.

Indians' Hair Growing Secret Revealed

The story of Kotalko, how the Indians' secret was obtained, how it grew a luxuriant new growth of hair on John Hart Brittain's bald head, probably the first white man to try it, how it is now obtainable so all may test its potency, is told by Mr. Brittain in his own words, under sworn avouchment, a part of which is printed in the next column.

Baldness, dandruff, falling hair and grayness, each have several different causes. While Kotalko cannot create papillae, it has done wonders by inducing hair growth when the baldheaded person (man or woman) had imagined there was no hope. The way to find out whether Kotalko will grow hair in your case or otherwise benefit you (in dandruff, falling hair or grayness) is to make a test of Kotalko for yourself. This you may do under the \$300 guarantee—an absolutely unequivocal, fair and square money-refunding offer.

Read the facts—read the additional overwhelmingly convincing evidence of the success of Kotalko submitted by men, women and children who have tried this hair elixir. Decide to have new hair, make the test for yourself. Don't stand and doubt. Use Kotalko now!

A Fortunate Discovery

and after being told that the hair roots were dead.

"My hair today is as luxuriant as any one could ever wish. I made a discovery. 'Explain, if you can, why a certain mixture of animal, mineral and vegetable components, compounded in a special manner, can induce hair growth when all else fails.

"Even the old Cherokee could only say that the recipe came to him through his predecessors. He was wont to remark that among the real—the full-blooded—Indians of most of the big tribes there was never any baldness.

Traded His Secret

"I must now tell a most important fact of my experience—one which will interest you.

"I came into possession of the Cherokee wizard's secret, that of Ko-tal-ko, which I now call Kotalko.

"It contains three potent classes of components—animal, vegetable and mineral. These are combined in certain proportions and compounded in a certain manner. I am neither a chemist, doctor or physician, nor scientist, nor do I pretend to give any reason for the peculiar action of this pomade.

"The primitive men of our country did not have the advantage of modern scientific chemistry. They operated upon elementary principles. For example, if an Indian was given to attacks of biliousness, the doctor made a decoction of selected herbs and surrounded the delivery of it with mysterious incantations. The patient was soon well.

"I was with this hair ointment. It was easy for me to prove to the wizard of the forest that I had no thought of entering into competition with him. Contrary to the giving of a valuable recipe, I obtained the principle of the compound and was taught just how to prepare it, and since then it has been improved by the processes of practical chemistry."

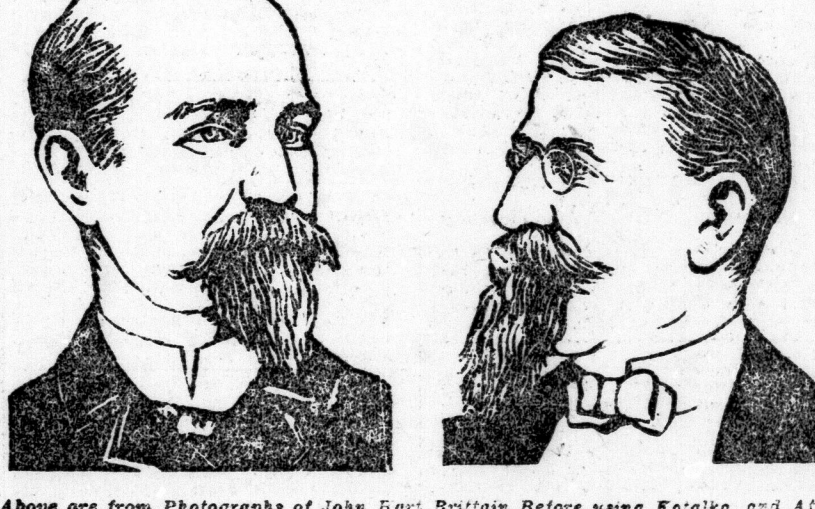

Victory Over Baldness

"When the old Indian gave me this recipe—with considerable ceremony—he asserted to me that the most important feature was the combination of the animal, vegetable and mineral elements. He allowed that even his formula could be modified and improved (which has been done), so long as these kingdoms were represented. He gave me specimens of the ingredients that he employed.

"I had given most of the contents of my jars to men and to ladies who were distressed because of the thinness of their hair. The combination of the ingredients is so convincing that I was positive of the result. The combination of the ingredients is so convincing that I was positive of the result. The combination of the ingredients is so convincing that I was positive of the result.

NOTE: Although Mr. Brittain for many years kept the secret of his victory over baldness to himself, Kotalko is now obtainable at drug stores everywhere. Or get a copy of the proof book, postpaid, with book on hair and many testimonials by sending 10 cents to The Canadian Bank of Commerce, Limited, 366-H Adelaide Street W., Toronto, Ont.

Reports in Legions of Cases Now Prove Astonishing Results in Hair Growth Almost Beyond Belief. Voluntary Statements from Men and Women of All Ages Causing Wide-Spread Demand for Kotalko

REPORTS: An endless quantity of reports on Kotalko, because they are constantly coming in. Full addresses and sworn avouchments on file at our office. Here are excerpts:

WILLIAM SHAW: "My looking glass is simple proof that Kotalko will grow hair. I had a bald spot over 15 years that has become covered. I am sure that Kotalko will become the most famous hair preparation in the world."

MISS MART PENDER: "When I began to use Kotalko my hair had nearly all fallen out. Then the hair grew again."

GEO. M. SCHWARK: "Even after the second application of Kotalko I could see a difference, for the hair stopped falling out. When I had used two full boxes my hair growth was as good as ever."

LOUIS A. GRAY: "My head is the surest proof that Kotalko is all that it is claimed to be. After a few months of Kotalko my hair is twice as thick and long as it was."

G. K. SKINNER: "I had bald spots on my head for a number of years, and they are now entirely covered with a new growth of hair. Kotalko is what did it."

C. P. HERBER: "I had a large bald spot. Kotalko has developed real, healthy hair all over my head."

HOW YOU MAY GROW YOUR HAIR

Genuine bear oil and other potent ingredients from the Three Kingdoms of Nature are in Kotalko. No alcohol, no shampoo. The combination of ingredients is safe and harmless, it is excellent, even for the most sensitive scalp. It is a delightful emollient to apply. It succeeds because it aids Nature's own way of growing hair. Don't stand in the light of your own intelligence by doubting the truthfulness of the above statements. Regardless of your age or experience, give Kotalko a trial. Prove for yourself the efficacy of this hair growth remedy. Get a box of Kotalko at any drug store, or ask for it at the toilet goods or drug counters of large department stores. Full directions accompany each box. Remember the name, Kotalko. Accept nothing else as "just as good." You may send ten cents (silver or stamps) for a PROOF BOX of Kotalko. Write to KOTALKO, 366-H Adelaide Street W., Toronto, Ont.

RAISES OBJECTION TO GIVING IRELAND TAXATION CONTROL

LONDON, Oct. 3.—The first number of the "Lloyd George Liberal Magazine," which is to be issued monthly with the object of supporting the Government policy, appears tomorrow. It contains a special interview with the prime minister devoted to the defence of the Coalition Government.

Incidentally, Mr. Lloyd George expressed the belief that the United States will formally support the Government after the presidential election, and asserts that when Germany also enters which will be a matter of time, the result of her good faith, the battle will become an effective instrument instead of a mere bluff.

Discussing Ireland, the prime minister refuses to believe that the supporters of Mr. Asquith have the slightest assurance that they could carry dominion home rule, even if they had a majority in the House of Commons. He said that quite apart from the difficulty concerning the army and navy, the British people would not consent to a measure giving Ireland control of her own taxation, because that would almost certainly result in Ireland evading the taxation necessary to provide for the obligations of the national war debt.

The premier, however, admits that if some one entitled to speak as an expert on those words could be trusted would undertake the necessary guarantees in this respect it would be a different matter. The premier reviews many points of the national policy, without throwing any noteworthy light on the subject.
