## CARNIVAL WAS GREAT SUCCESS

Managers of the Roller Rink Are To Be Congratulated

This Refined And Pleasant Amusement Very Popular In Chatham

Messrs. John Watt, Geo. Fielder and Joe Hadley are wearing the smile that won't come off to-day. Their second Fancy Dress Carnival at the Tecumseh Roller Rink, last night, was even a greater success than the previous one. These gentlemen are deserving of all the good fortune they are meeting with, and no one has anything but words of praise for the able manner in which this popular place of amusement has been managed from the start. To this fact is due to a large extent the liberal patronage which the proprietors have enjoyed.

There must have been between 250 and 300 in costume at the rink last night. Many of the costumes were very beautiful and expensive, and a number of them were ordered for the occasion from costumers in Detroit. All who took part in the carnival deserve credit for the pains they took in making up.

The prizes for the best costumes went to the following:  
Misses Maud Horn and Georgina Bechard, as the Gold Dust Twins, first prize as the most original ladies' costumes.  
Miss Gage, as Our Lady of the Snows, second prize for most original lady's costume.

Miss May Glassford, as Cheyenne, third prize for most original lady's costume.  
Robert Mitchell, as Faust, first prize for most original gent's costume.

Basil Martin, as an Old Maid, second prize for best dressed gent.  
Milton Harrington, as Buster Brown, third prize for the most original gent's costume.

The Grand March was led by Geo. Watt, in Quaker costume, and Miss Maud Groves as England, and Ernie Cloutier as Ruben Wayback, and Rena Knott as a Wallpaper Doll.

Special mention must be made of the costume worn by Miss Margaret Goodland, who represented this Great Home Journal. Miss Goodland's costume was made of copies of The Planet, strips of paper bearing the name-plate of Western Ontario's greatest newspaper being used for pleats. Miss Goodland is to be complimented on the originality of her costume, and the charming appearance she made in it.

## WILL BE FINE TRIP

Mr. and Mrs. J. J. Couzens, Colborne street, have returned home, after bidding farewell to their son, Mr. James Couzens, of the Ford Motor Co., Detroit, who sails next Saturday, June 8th, from New York, intending to visit the following places in the interests of the Ford Motor Co.:

London, England; Paris, France; Brussels, Belgium; Stockholm, Sweden; Barcelona, Spain; Rome, Milan, and Turin, Italy; Berlin, Karlsruhe, Hamburg, Dresden and Munich, Germany; St. Petersburg, Moscow, Warsaw, Odessa, Russia; Christiania, Norway; Helsinki, Finland; Copenhagen, Denmark; Amsterdam, Rotterdam, Netherlands; Antwerp, Belgium; Geneva, Switzerland; Vienna, Austria; Venice, Austria; Budapest, Hungary; Cologne, Germany; Lyons, France; and Florence, Italy. The trip is one of inspection of Ford Motor Co. foreign agents.

Mr. Couzens is one of the Chatham boys who has gone out from this city and attained to great success in the commercial world. He is now secretary for the Ford Motor Company, drawing a salary which well-founded rumor places on a par with the yearly stipend of the President of the United States.

## VICKERY—TREWIN

A very pretty though quiet wedding was solemnized at the home of Mr. T. C. Trewin, Thames street, when his youngest daughter, Rosina, was united in marriage to Mr. Duncan Vickery, of this city.

The bride was gown in cream Brussels net over cream taffeta. Her travelling suit was shopkeeper's plaid. The five-year-old daughter of W. H. Pardo, and niece of the bride, acted as flower girl.

The ceremony was performed by Rev. W. L. Rutledge, of the Park street Methodist church.

The newly married couple leave on the 5:15 train for Toronto, Buffalo, and other eastern points.

## A ROUND UP AT THE COBALT

Smart Capture Of Silver Thieves—Eleven Are Arrested

Authorities Are Hot On Trail of Wild Cat Promoters

Cobalt, June 5.—Detectives Kirkwood and McDonald of the Canadian Detective Bureau of Toronto rounded up in arrests made Monday night and yesterday morning, what is supposed to be a gang of thieves who have been known as a "Wild Cat" since Cobalt was mining centre, have committed themselves to about \$100,000. Each theft was what might be called a "petty" one, but before their operations were stopped nine owners lost large sums.

Men have been known to remain in town without any visible means of support who were suspected of living on the sales of stolen silver. Wild-cat promoters have been known to pay as much as \$100 for an extra fine sample. Certain resorts in Cobalt have long been watched, and an occasional example has been made. Frequently samples are openly sold on the streets of Cobalt, and the purchasers must be well aware they were buying stolen samples.

Monday night, however, Detective Kirkwood and McDonald, disguising themselves as workmen, made the acquaintance and got the confidence of suspected parties, and as a result three men were arrested during the night, and eight in the morning. Two of the men taken had twenty-seven pounds of lead silver, and the third one had about one hundred pounds of rock and ore.

Four houses were raided, including a boarding-house kept by one Phillips, where ore and rock were found to the extent of about four hundred pounds hidden in sacks and boxes under a stairway.

The Nipissing bunkhouses were raided at 5 o'clock yesterday morning. Every bunk and every trunk was searched, and over one hundred and fifty pounds were found stowed away in trunks, mattresses and old socks.

Eight men were arrested at the Nipissing mines.

Eleven men appeared yesterday afternoon for trial before Magistrate Brown, John A. Walsh got one year in Central Prison; Walter Pindley got six months in jail, and Alexander MacRae a similar dose. Two more were remanded until to-day, and six were discharged. Barrister Howard acted for the prosecution.

## HAYWOOD FACES JURY

Trial Of Miners For Alleged Murder Commenced Yesterday

Howley Says Crime Was Result Of Conspiracy

Boise, June 5.—Boise turned out a crowd for the real opening of the Haywood trial. At 9:45 Haywood began without flourish.  
"It is now my duty," he said, "to state the theory on which this case rests. I shall not go into details, because I believe that the jury should weigh the evidence as it is presented."  
After feeling the crime committed at Caldwell, Haywood began dealing with the persons involved, the best known man in the case, Frank Steunenberg, said Haywood. "He had been a Governor of this state."

W. D. Haywood, C. M. Meyer, Geo. A. Pettibone and Harry Orchard were members of the Western Federation of Miners.

"I wish to call attention to the charge. The indictment charges that the defendant, Haywood, exploded the bomb that killed Frank Steunenberg. But we do not expect to prove that he or his associates were present in Caldwell or that he actually threw that bomb."

Accessory is a Principal.  
The chief prosecutor explained the law of Idaho which makes an accessory a principal, and said that the law compelled the direct charge. As Haywood was reaching the substance of his case, Haywood gave strict attention to his remarks and never removed his eyes from the lawyer.

"We expect to prove," continued Haywood, "that this crime was the result of a conspiracy in the Western Federation of Miners and that the leaders of the Western Federation of Miners are responsible to the law."

"We will show that the Western Federation of Miners, as an organization, became a fact in 1893. Prior to that time throughout the west there were various labor organizations in the mining camps. In that year these unions were reconstituted. The headquarters of this federation is in Denver. Ostensibly the organization is governed by a convention which meets only once a year. The absolute control of the entire body is placed in the hands of a few men and the chief officers are the president and secretary-treasurer."

## WITNESSES EXAMINED.

Eight witnesses were examined before adjournment.  
G. F. Wayne, who passed outward through the gate 20 minutes before Steunenberg was blown up, told of the explosion and the shocking condition of the victim when he, responding to Mrs. Steunenberg's calls, had run to him.

John C. Rice, N. S. Ellis and A. Ballentine, residents of Caldwell, traced Orchard about the town at various times before and after the crime.

Julian Steunenberg, son of the dead governor, told of meeting Orchard, then known as Richard, at the railroad station at Caldwell, three days before the crime, and telling him in before the crime, and telling him in before the crime, and telling him in before the crime.

The defence objected to practically all the day's testimony except that relating to the death of Steunenberg, on the ground that it was immaterial and in no way connected with the defendant.

It is expected that Orchard will be brought from the penitentiary to take the stand to-day.

## TRAIN CREW ARRESTED.

May Be Held Responsible for the Death of Alex. Roche.

Ottawa, June 5.—In connection with the freight train wreck at Beatty's station, wherein Alex. Roche of Hull was killed, the whole train crew of No. 1363, G. T. R., are under arrest excepting Engineer Champness, who cannot be located.

Local detectives took Conductor Fred Granata, brakemen A. Looker, J. Light and Fireman Henry Bendreau.

After examination by the Railway Commission, the men will be taken to Depot Harbor, when a prosecution will begin.

## Royal Golden Wedding.

London, June 5.—King Oscar and Queen Sophia of Sweden will celebrate their golden wedding to-morrow. The gift of Sweden will be a collection to enable poor patients to gain admission to the sanatorium for consumption, founded on the 25th anniversary of King Oscar's reign. Many persons of royal rank will journey to Stockholm to offer their congratulations.

## Probably the Infantry.

Madrid, June 5.—The Queen is doing well.  
The baby's name has been entered on the roll of a regiment, and he wears the number of it, in gold, pinned upon his bib.

A bed in the barracks is reserved for him, as the latest recruit.

## BOARD OF EDUCATION

Teachers' Salaries Are Placed Upon Basis Of Permanent Schedule

Many Other Matters Dealt With—School Attendance Picking Up

It was a quarter after nine o'clock before the Board of Education meeting was opened last evening. The members held a short caucus beforehand, at which it is understood the matter of salaries was again opened for discussion. They were able to arrive at a conclusion which, as Dr. McKeough explained at the meeting, was almost unanimous.

The passing of this schedule was one of the important features of the evening.

The matter was brought up at the meeting by the chairman, Dr. McKeough, who explained that the Board had met as a committee of the whole, and had decided to increase the salaries of the Collegiate teachers, and the principals of the Public schools. He dwelt upon the fact that pupils are educated in Chatham cheaper than they are in many other cities, and there are only a few towns where the average cost per pupil is less than Chatham.

The following scale was moved by Mr. McCorvie, seconded by Mr. Morley, and carried:

Maximum for High school principal, \$1,800.

Maximum for specialists who are heads of departments, \$1,400.

Maximum for assistant specialists, \$1,100.

The present salaries shall be increased \$50 a year until the maximum is reached.

The teachers at the Collegiate will be offered re-engagement at the following salaries: Mr. Taylor, \$1,700; Mr. Paterson, \$1,300; Mr. Taylor, \$1,300; Mr. Lane, \$1,250; Mr. Ayer, \$1,250; Mr. Edwards, \$1,250; Mr. Weathy, \$1,000; Mr. Kidd, \$1,000; Miss Lafferty, \$700.

The maximum for the Central school principal, \$1,500, and for the principal of McKeough school, \$1,100. Their present salaries will be increased \$50 a year until the maximum is reached.

A number of accounts were passed. Mr. Morley reported progress in his consultation with the Finance committee of the City Council, re the contemplated improvements at the Collegiate.

The statement of the attendance at the Collegiate for the past month, showed the enrolment, 297, and the average attendance, 270.

The tender of A. L. McCall & Co. for supplies for the Science Department of the Collegiate was accepted, as it was the lowest of those received.

The matter of procuring fire escapes was further left with the committee to whom it was referred some time ago. They were instructed to get plans and tenders for the work, accept the lowest, and have the work done at once.

The Board will advertise for a new teacher to take the place of Charles Farquharson, who has been filling a temporary position on the staff of the Collegiate.

Mr. Richards reported that the Finance committee had met the Finance committee of the County Council in reference to the amount of maintenance for county pupils at the Collegiate would be paid by the county. He went into the matter fully, explaining to the Board how the amount was arrived at, and quoted the figures \$1,461.89 as the amount which the county had agreed to pay, which he thought was very fair.

The action was approved of, and Dr. McKeough took occasion to compliment Mr. Richards on his exceptionally clear and comprehensive report.

A grant of \$10 was made for music for the McKeough school picnic.

It was decided to increase the salaries of the janitors of the three schools. Their salaries as increased will be: Mr. Green, of the McKeough school, \$50 a month; Mr. Brown, of the Collegiate, \$45 a month, and a free residence; and Mr. Dunlop, of the Central, \$70 a month.

The purchase of several small supplies for the schools was left with the committee.

Inspector Park's report gave the following as the totals of the attendance at the Public schools for the month of May:

McKeough school—Enrolment, 388; average, 354; percentage, 91.

Central school—Enrolment, 802; average, 702; percentage, 88.

Kindergartens—Enrolment, 220; average, 167; percentage, 76.

May, 1907—Enrolment, 1410; average, 1223; percentage, 87.

May, 1906—Enrolment, 1419; average, 1232; percentage, 87.

The enrolment is 63 more than the average 32 more than for April, but the enrolment is 9 less and the average is 9 less than for May, 1906. The largest increases are in the kindergartens, where the enrolment is still 10 less and the average 1 less than for May a year ago.

## POLITICIANS AND MORALITY.

It is alleged now that Hon. C. S. Hyman, will not be the candidate in London when the bye-election is brought on. With Emerson banded because he was charged with immorality, it would seem impossible for Sir Wilfrid Laurier to take back Mr. Hyman, except for one thing—Sir Wilfrid can do almost anything inconsistent and get off with it. Hyman is still Minister of Public Works and there is another Minister still in the Cabinet who was represented as being "in the stocks." Moreover, it is freely believed that Sir Wilfrid would gladly bring Clifford Sifton back into his Cabinet, if Sifton would come back unconditionally.

What does the country think of a government with so many members of it afraid to meet charges of being connected with "wine, women and graft?" Does the public conscience shrink from the reproach? We think not. The chances are that Clifford Sifton could still be elected in Brandon; that Emerson could still be elected in Westmoreland; that Hyman (with the usual assistance) could still be elected in London.

Party feeling runs so high that the immorality we would unsparingly condemn in an opponent we freely excuse in our party candidate. His immoralities may even gain him votes. Even clergymen and other Christian workers will join hands in electing a candidate whom they know to be immoral rather than vote against the ticket, or refrain from voting. This has happened so frequently that there is good reason to doubt whether we are sincere in our desire to have a parliament above reproach morally. In the abstract we hit immorality hard blows, but in the concrete form of our party candidate we don't hit—we hug. It is the other fellow we hit, though he be clean and pure.—Kincaid Review.

## THE MASK OF HEALTH

Few People Are Really As Well As They Look. Cause and Remedy.

Many people in Chatham, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

Indigestion, which is so common a trouble, is the principal cause of the greater share of the general poor health. It has many symptoms that seem to have no reference to the stomach, such as headache, sleeplessness, specks before the eyes, pains in the back and side, etc.

The success of physicians everywhere with the prescription that is now embodied in Mi-o-na stomach tablets has made this remedy in the last few years the acknowledged specific for the treatment of stomach diseases. The secret of this success lies in the fact that Mi-o-na is prepared expressly to strengthen the digestive organs and its use for a few days puts the whole digestive system in such shape that it can take care of all the food that is eaten without pain or distress.

Simply take a Mi-o-na stomach tablet before each meal and on retiring, and it will so strengthen the stomach that you can enjoy a hearty meal without the least fear of distress or suffering.

C. H. Green & Co. give an absolute unqualified guarantee that your money will be refunded unless Mi-o-na cures. They take the whole risk and the remedy will not cost you a penny unless it cures you.

## POLICE AND C. P. R.

Lively Time Over the Closing of a Railway Crossing.

Calgary, Alta., June 4.—A general mix-up between the Northwest Mounted Police, the authorities of the Town of Olds, and the C.P.R. officials, was yesterday the result of the railway officials trying to close up a crossing in the town, backed up by a posse of police.

The first conflict took place between the town officials and the police, who were guarding the men at work on the railway crossing. The C.P.R. had threatened to block up the crossing before, but had always met with severe opposition on the part of the citizens and the authorities at Olds.

This time, however, the company had determined to carry their decision to a successful issue, and obtained the assistance of a squad of Mounted Police to guard their workmen.

The precaution was not unwisely taken, for the men had done but little work when the trouble started. Both sides were determined to carry their point, the town to have the crossing left open, and the C.P.R. to close it, and the police had been detailed to protect the C.P.R. workmen, and were placed in the awkward position of taking the defence of a corporation against the authorities of a town.

There was a conflict, and the first shot was fired. Arrows were made on both sides on warrants signed by the mayor of the town, and among those placed under arrest were several C.P.R. officials, and warrants were issued for Police Inspector Duffin and C.P.R. Superintendent Kibbick. The Mounted Police patrolled the streets last night.

## MUSICAL

### HOLY TRINITY RECITAL.

To those who attended the sacred recital given by the Holy Trinity church choir last Monday evening, it is unnecessary to say that it was one of the choicest events of the season. To those who were not present, the assurance that the program was under the management of Mrs. John Cooper, Chatham's own talented soprano soloist and director, is sufficient to guarantee its artistic merit and excellent presentation. It only served to add another to the long list of enviable triumphs which this attractive and popular musician has scored among the musical people of the Maple City.

A short time ago it was announced that Mrs. Cooper would sever her associations with the Holy Trinity choir, and simultaneously it was learned that Miss Rose Morrison, the capable young organist, was also about to resign her position. Universal regret was expressed by the members of the church, for both these ladies are very deservedly popular in this congregation. The recital was given as a farewell event, and its final impressions are lasting, both Mrs. Cooper and Miss Morrison will long be remembered as worthy exponents of the European art.

Long before the hour of opening the church was crowded to the doors. The program, as it has been previously published, was carried out in its entirety. Two excellent anthems, one unaccompanied, were rendered in a masterly style by the choir. Under the leadership of Mrs. Cooper, assisted as she has been very materially by Miss Morrison, this choir has made exceptional progress and has been brought up to a very high state of efficiency. Their singing Monday evening was full, spirited, and well balanced, and gave evidence of real artistic training.

Mrs. Cooper and Mrs. Oldershaw gave a very pretty duet, "The Lord Is My Shepherd." Both of these ladies were in excellent voice and sang with great ease and marked expression.

Mrs. Milton Bogart, the "sweet singer" from the Park street Methodist church, sang "The Day is Ended" in a most finished style. Mrs. Bogart deserves all of her popularity and seems to please more, the oftener she appears in concert.

Mr. Everard Gordon, who, since he came to Chatham has established a universal reputation as a violinist of extraordinary ability, was never common to Chatham. It is a heart to better advantage, it is a common criticism that Mr. Gordon has no meaning in his playing, which is rare, even among musicians of far more extended experience. He played an (a) and (b) number, "Thy Will Be Done," and "Simple Aven." Mr. J. D. McAlpine, one of the latest additions to Chatham's list of accomplished singers, gave an excellent and pleasing interpretation of "The Unseen Kingdom."

The ladies quartette, composed of Mrs. Cooper, Mrs. Bogart, Miss Schwenmer and Miss McGeorge, sang a new arrangement of "One Sweetly Sings the Thought." One of the aptest ways of describing this selection as it was rendered is to say it was all that the name would imply—sweet and solemn.

"The Vesper Hour," a very pretty duet, received ample attention from Miss Schwenmer and Mr. Ratley. "El Preco O Padre," a difficult trio arrangement by Nicolai, was given by Mrs. Cooper, Mrs. Bogart and R. W. Angus.

The evening was closed by an appropriate selection, "God Be With You," by Mrs. Cooper, Mrs. Bogart, Miss Schwenmer, Mr. Angus and Mr. J. W. Wilson.

Miss Rose Morrison played the accompaniments throughout, and although her task was a difficult and exacting one, she was quite equal to the occasion. Special mention should be made of her "Offertoire" given at the opening of the program.

During the evening Rev. J. W. Hodgins paid a neat and appropriate tribute to both Mrs. Cooper and Miss Morrison, expressing the regret felt by every member of the congregation at their removal from their posts of duty in the church. He dwelt at some length upon the pronounced happy relations which have always existed between himself, the

## Why We Blend Ontario Red Winter Wheat With Manitoba No. 1 Hard

ONE might be led to believe, from the fact that Manitoba Wheat-flour contains more phosphates, gluten and other food elements than all others, that it would make the best bread and pastry.

But it's not so—far from it. An all Manitoba Flour lacks flavor—that's why we blend with it the soft-shelled Ontario Red Winter Wheat, which imparts to bread and pastry made from "Kent Mills" Flour the delicious, delicate flavor so agreeable to the palate of the epicure.

Then too, an all Manitoba flour requires so much water to be mixed with it, on account of its extremely dry, absorbent nature, that it's really difficult to make good bread and pastry.

Pastry is inclined to be heavy and soggy and the bread sours quickly, besides being unpalatable.

But by our method of blending Ontario Red Winter Wheat, which doesn't absorb water so easily, with No. 1 Manitoba we produce a flour of exact consistency necessary to make the best pastry and bread.

Pastry will be light and flaky—a delight to the eye and palate. Bread will be sweet and wholesome. Will keep fresh longer than when made from any other flour.

Why do without the best flour ever put in bags or barrels?

Order from your dealer to-day. Every bag or barrel "Kent Mills" Flour guaranteed by both the manufacturer and dealer.

## MORTGAGE SALE

Under and by virtue of the powers contained in a certain mortgage, which will be produced at the time and place of sale, there will be offered for sale by public auction, by C. J. Moore, Esq., Auctioneer, at the Merrill House, in the City of Chatham, on Saturday, June 22nd, 1907, at the hour of one o'clock in the afternoon, the following property:

All that certain parcel or tract of land and premises, situate, lying and being in the Township of Chatham, in the County of Kent and Province of Ontario; being composed of the South-easterly fifty acres of the north-east half of lot number seven, in the sixth concession of said Township of Chatham.

This is an improved farm with outbuildings upon it.

This property will be sold subject to a prior registered mortgage, and to the reserved bid.

Terms of Sale.—Ten per cent of the purchase price shall be paid at the time of sale, and the balance in ten days from the date thereof.

For further particulars and conditions of sale, apply to GEO. A. BAYNE, Vendor's Solicitor, Chatham, Ont.

Or to C. J. MOORE, Esq., Auctioneer. Dated at Chatham, this 29th day of May, 1907.

## In The High Court of Justice

Schwemmer vs. Batchelor, et al.

There will be offered for sale, pursuant to an order and judgment of Archibald Bell, Esquire, Local Master of the High Court of Justice at Chatham, dated the twenty-third day of May, A. D. 1907, by Messrs. McCOIG & HARRINGTON, Auctioneers, at the Garner House at the City of Chatham, on the twenty-sixth day of June, 1907, at the hour of twelve o'clock noon, the following lands and premises, namely:

Firstly—Part of lot lettered "A" in the City of Chatham, in the County of Kent, described as follows: Commencing on the south side of Duluth street one hundred feet and two inches from the westerly side of William street; thence southerly along the south side of Duluth street forty feet to a point; thence southerly ninety feet more or less to the southerly boundary of the lands now owned by the parties of the first and second parts, and at a point one hundred and thirty-eight feet six inches from the westerly side of William street; thence easterly thirty-eight feet; thence northerly ninety feet more or less to the place of beginning.

Secondly—Commencing on the south side of Duluth street one hundred and forty feet two inches from the westerly side of William street; thence westerly along the south side of Duluth street fifty feet to a point; thence southerly following the limit of the westerly side line of the lands owned by the parties of the first and second parts ninety feet more or less to the southerly boundary thereof; thence easterly forty-eight feet along the southerly boundary of said lands; thence northerly ninety feet to the place of beginning.

Each of above parcels has upon it a dwelling house convenient to the Grand Trunk Railway, the Canadian Pacific Railway, and the Market, and within a little over thirty yards from William street pavement, and is exempt from taxes for said pavement, although it practically has the use of same, which makes them very desirable residences.

The properties will be offered for sale in two parcels as above, subject to reserved bids, and upon such other terms as may be had on application to the undersigned Solicitors for the plaintiff, or to S. B. Arnold, of the City of Chatham, Solicitor, who will represent the official guardian.

Dated at Chatham this thirtieth day of May, A. D. 1907.

HOUSTON & STONE, Solicitors for the Plaintiff, S. B. ARNOLD, of the City of Chatham, Solicitor, who will represent the official guardian.

## 9th Anniversary Sale

They Come---They See---They Believe---They Buy, then they leave regretfully and come again another day. And why shouldn't they? Of course there is some reason for this, and a good one. We opine it's honest representation of honest bargains.

When you see it in our ad its so. Statements are never exaggerated and offerings and values are generally put forth less attractively than they appear on our counters.

Here are a few bargains exploiting big saving opportunities: Come and view them, test our veracity.

**ELUDED SECRET POLICE**

Leader of Finnish Revolution Has  
Reached America.

Women Played Important Part—Proved to Be Best Soldiers in the Red Guards—Heavy Price on His Head—Capt. Kock Says More Terrible Uprisings Still Confront the Russian Government.

New York, June 4.—Capt. J. Kock, leader of the famous Finnish Red Guard, the revolutionary militia of Finland, although searched for by the secret police of Russia over all Europe, has arrived safely and is staying with friends on the east side.

There is a price of many thousands rubles on his head, but Capt. Kock declares that he will continue his work for the liberation of Finland, and that uprisings greater and more terrible than those of the past will confront the Russian Government.

The Finnish Red Guard consists of 10,000 men and 5,000 women, all armed with the latest model Mauser rifles, well drilled and capable of being mobilized at a moment's notice.

In an interview Capt. Kock said: "The best soldiers in my army were the women. I had a division of women, led by women officers, and they did splendid service and were sometimes braver than the men. I rejoice to think of my women troops. They were the best shots and runners."

"The women soldiers in the Red Guard were the working women, domestic servants and peasant girls."

**CAPTAIN PROTECTED DESERTER.**

U. S. Colonel Wants Fugitive Arrested and Captain Punished.

Washington, D. C., June 4.—Col. Henry A. Greene of the 10th United States Infantry, commanding at Fort William H. Seward, Alaska, has appealed to the War Department to cause the arrest and return of a deserter, and, incidentally, to punish the captain of a British ship, who perhaps has created an international issue.

According to Col. Greene, Sergeant Buell, a member of the post band, deserted from Fort Seward and made his way on board the British steamer Princess May. When the ship touched at Ketchikan, Alaska, May 14, the city marshal, under instructions from the military authorities, sought to arrest Buell. The latter refused to allow him to board the ship, and the captain of the ship refused to allow him to land. The deserter, however, landed and disappeared.

Col. Greene asks the Department to have the State Department make a demand on the British Government for the return of the deserter to Fort Seward and for the punishment of the captain.

The acting judge advocate general, however, has taken the ground that the military has no such authority, and if the effort is made to punish the British captain, it must be through the civil authorities, who were derelict in the first place, in not arresting both the deserter and the captain, if it resisted process within territorial waters.

**RUSH AT LAND OFFICE.**

Homesekers Have Strenuous Time in the West.

Prince Albert, Sask., June 4.—The scene at the land office yesterday morning was disgraceful. A mounted constable of the Mounted Police rode up and down through the crowd in front of the steps endangering the lives and limbs of those who were only following out the Government instructions and seeking to be first at the counter when the doors were opened. When the doors were opened some of these who had sat on the steps since Saturday got in. About 8 o'clock a raid was made on the tired top-step sitters and they were ousted. Some were forced through the door into the building from which they were promptly fired.

At 9 o'clock two mounted police and two police constables raided the crowd at the doors and made a road in for Mr. Cook and Commissioner McDougall. The latter has charge of the distribution of the Doukhobor lands. A mounted policeman then rode his horse through the crowd, but as they dispersed before the horse, they fell in behind again. Both Mr. Cook and Mr. McDougall appealed to the crowd to let in the five who were ousted from the top steps, but the crowd would not listen to it.

Just at this juncture a wagon was driven up close to the curb, and the spectators on the outside rushed in and tipped the wagon over on the crowd in from the steps. Fortunately nobody was hurt.

**Robert Holmes Nominated.**

Goderich, Ont., June 4.—The Liberal of West Huron yesterday nominated Robert Holmes, ex-M.P., editor of The Clinton New Era, for the federal House. No other name was mentioned. A resolution condemning electoral corruption and deprecating the Opposition attacks upon Hon. C. S. Hyman and Hon. H. R. Emmerson in their private capacities.

**Young Man Suicides.**

Brockville, June 4.—Charles Moore of the Town of Martinsburg committed suicide at the home of his sister, Mrs. George Skelton, by shooting himself with a 44 caliber Winchester rifle. Moore was 22 years of age.

**Fell Under Train.**

Brockville, June 4.—In jumping on a freight train at his home, near Malorytown, H. Tackaberry was swung under the wheels and a portion of one foot crushed to a pulp.

**Killed by a Fall.**

Port Dalhousie, June 4.—Joseph Brooks, watchman on the steamer Castle Rhodes, fell down the steamer's hold and was killed.

## Retraction And Apology

The Planet has received a notice from Messrs. Johnston, McKay, Dods and Grant, of Toronto, solicitors for Mrs. Mattie Perkins, complaining of certain statements which appeared in our Daily Planet of February 20th, 23rd and 27th regarding what was known as the Canfield Poisoning Case.

The reports in question were not written by any member of The Planet's staff, but were received from a news agency in Toronto and accepted in good faith and without malice to any one. We had no way of verifying the truthfulness of these reports no more than we have of verifying hundreds of other reports received in despatches every week. To have to verify everything of this character on a moment's notice would practically prohibit the publication of a daily newspaper.

In the light of the evidence submitted at the trial, however, these reports appear unfounded, and we have only to express our deep regret that they should have appeared in our columns, and to tender Mrs. Perkins an apology. Mrs. Perkins is quite unknown to the publisher, as she is, doubtless, to our readers, and this statement being given equal prominence to that which the reports complained of received, we trust it will be accepted in the spirit in which it is extended—that of regret at having unconsciously done her injustice.

Through the same legal firm notice of complaint has also been served on behalf of Messrs. Ralph Currie—brother of Mrs. Perkins—and Thomas A. McDonald, of Canfield, with regard to matter which appeared in The Daily Planet of February 21st. As in the case of Mrs. Perkins above referred to, we unreservedly withdraw and express regret for the references complained of by these gentlemen, and so far as The Planet is concerned, clear them completely in the matter.

## One Minute Washer

Revolutionized the soiled clothes question and makes domestic life easy. A fly wheel under the bottom of the tub of the One Minute Washer is a feature of the machine exclusively its own. This fly wheel is driven by a gear wheel with crank attached and revolves on little steel balls like the wheels of a bicycle. You would be surprised how hard it is to stop the machine when once it is in motion. Two strokes of the handle are sufficient to get up speed and then the fly wheel does half the work. The construction of this machine is the very best and is made of Louisiana cypress imported from the United States. The machine filled with clothes to its capacity makes from fifteen to twenty reciprocating motions (forward and backward) before coming to a stand still.

The Price Is \$10

After you have used one, twice the money would not persuade you to give it up, if you could not replace it.

## PROTECTION OF INDIA

Britain and Japan Enter Into  
Important Agreement.

New and Secret Treaty Between Two  
Island Powers—Japan Will Lend  
Support of Navy in Event of Men-  
ace to India—Britain's Undertak-  
ing Not Divulged—May Assist Ja-  
pan Financially.

London, June 4.—(C.A.P.)—I am in-  
formed that very important negotia-  
tions have recently taken place in  
London between Prince Fushimi and  
Admiral Yamamoto, representing Ja-  
pan, and Sir Edward Grey of the  
British Foreign Office. The purpose of  
the negotiations is to arrange an ex-  
tension of the scope of the Anglo-  
Japanese agreement, so as to provide  
that Japan shall be bound to assist  
Great Britain in the event of British  
control of India being attacked by any  
other power.

Japan's Navy Will Act.  
Japan, I am told, does not contem-  
plate sending an army to India to sup-  
port her ally in case the latter should  
be in trouble. Her undertaking would  
be to support Great Britain in India  
against any other power with the full  
strength of the Japanese navy. I am  
unable to state precisely to what stage  
the negotiations between Japan's rep-  
resentatives and the Foreign Office  
have been advanced, but my under-  
standing is that a complete agree-  
ment has been drafted for submission  
to the Japanese Government.

What Japan would get in return for  
what she gave my informant was un-  
able to state, but he suggested that  
for one thing it might be agreed that  
this country should do everything  
possible to help Japan to maintain  
her financial standing here and else-  
where.

Is Russia Aimed At?  
Of course, the only power that is  
likely to interfere with British control  
of India is Russia, so the proposed  
agreement between Japan and  
Great Britain must be regarded as in  
the nature of an alliance against Rus-  
sia. That being the case, it seems  
extraordinary that such an alliance is  
contemplated at a time when Japan is  
concluding a treaty with Russia in  
connection with the Portsmouth pro-  
tocol and Great Britain to negotiating  
with Russia for an entente similar to  
that she has with France. When I  
suggested this to my informant his  
reply was that the intention of Japan  
and Great Britain was to keep the  
negotiations in which Prince Fushimi  
figured a secret; in fact to negotiate  
a secret treaty.

## IRISH BILL WITHDRAWN.

Measure Dropped Owing to Opposition  
of Nationalist Convention.

London, June 4.—In the House of  
Commons yesterday Premier Camp-  
bell-Bannerman formally announced  
that the Government, in view of the  
action of the Irish Nationalist con-  
vention at Dublin in rejecting the Irish  
bill, had decided to drop the measure.

The Premier said the Irish people  
would have done well to give the de-  
tails of the measure more attention  
than appeared to have been the case  
at the recent convention at Dublin,  
but in view of the unanimous decision  
to reject the bill, the Government  
could not go any further. He added  
that the decision of the representa-  
tives of the Irish people was a source  
of sincere regret and disappointment  
to the Ministers.

Now that the Irish bill was dropped,  
the Government intended to in-  
troduce an "evicted tenants' restora-  
tion bill" with powers of compulsory  
purchase. The licensing bill would be  
dropped, as also would be the case  
with the measure designed to relieve  
the "passive registers" from paying  
education rates for religious instruc-  
tion, but the Government was de-  
termined to introduce next session a  
comprehensive education bill, putting  
the whole educational system of the  
country in order.

In regard to the proposed restric-  
tion of the powers of the House of  
Lords, the Premier said it was pro-  
posed later in the session to introduce  
a resolution on the subject, when the  
Government would fully set forth its  
views.

## OLD CHARGE EXPLODED.

One Man Killed and Another Fatally  
Injured.

Cobalt, June 4.—At the O'Brien  
mine yesterday afternoon, at the 150  
foot level, David Blair, a Scotchman,  
recently arrived in Cobalt, was in-  
stantly killed and Harry Weldy of  
Orillia fatally injured. Both his eyes  
were blown out, both legs broken and  
he suffered other injuries.

The accident was caused by the ex-  
plosion of an old charge.  
Blair was a married man. Weldy  
has been mining for 15 years, and  
came to Cobalt from Copper Cliff.  
Both were 30 years of age.

## Woman Stabbed to Death.

New York, June 4.—Mrs. Katherine  
Killoran, wife of James Killoran, a  
foreman of laborers in the McAdoo  
tunnel, was found dead in their home  
in the Bronx yesterday, with half a  
dozen knife wounds in her body. Her  
husband, from whom she had been  
living apart, but who had called on  
her Sunday night, has been arrested.

## Three Burn to Death.

Newark, N. J., June 4.—Three lives  
were lost and thousands of dollars'  
damage was done in a fire which  
started early yesterday morning in  
Newark Turn Veronin Hall, in Wil-  
liam street. The dead are Joseph  
Hoenecke, janitor of Turn Hall, his  
wife and child.

## Corn Crop Failure.

Windsor, June 4.—Essex County  
farmers are greatly discouraged over  
the outlook for the corn crop. Us-  
ually at this time of the year the  
corn is almost ready for cultivation,  
but this spring, except in a few iso-  
lated cases, it has not yet appeared  
above ground.

Frederickton, N. B., June 4.—Jas. H.  
Crockett, editor of The Frederickton  
Gleaner, recently arrested on a charge  
of defamatory libel, preferred by Hon.  
H. R. Emmerson, was yesterday af-  
ternoon committed for trial at the  
next term of the York County Court,  
which opens on June 18. He was ad-  
mitted to bail in the sum of \$500.

## They Remain in Jail.

New Orleans, June 4.—The sen-  
tence of the Savannah court in the  
Gaynor and Greene case was affirmed  
in an opinion handed down by the  
United States circuit court of appeals  
yesterday.

Affected Hands, Arms and Legs—  
Endured Terrible Itching and was  
Unable to Sleep—Would Tear  
the Bandages to Scratch the Skin  
—In less than One Week

CURED BY THE  
CUTICURA REMEDIES

"I had eczema nearly fifteen years.  
The affected parts were my hands, arms  
and legs. They were the worst in the  
winter time and were  
always itchy, and I  
could not keep from  
scratching them. I  
had to keep both  
hands bandaged all  
the time, and at night  
I would have to  
scratch through the  
bandages as the it-  
ching was so severe, and  
at times I would have  
to tear everything off  
my hands to scratch  
the skin. I could not  
rest or sleep. I had  
several physicians  
treat me, but they  
could not give me a  
permanent cure, nor  
even could they stop  
the itching. After  
using the Cuticura  
Scalp, one box Cuti-  
cure Ointment and  
two bottles Cuticura  
Resolvent for about  
six days the itching had ceased, and now  
the sores have disappeared, and I never  
felt better in my life than I do now."

## Dufferin Conservatives.

Orangeville, June 4.—The Conserva-  
tives of Dufferin will likely meet on  
June 21, to select a candidate for the  
Legislature, and the date for the elec-  
tion will, it is thought, be during the  
last week in July, to accommodate  
the farmers. Stewart is picked on as  
the probable successful candidate.

## PERT PARAGRAPHS.

We owe a debt of gratitude to think-  
ing people when they abstain from tell-  
ing what they think.

Queer that everybody likes to prac-  
tice foolishness, yet hates to be thought  
anything of a fool.

Of course it  
always seems to  
us that every-  
body's scheme is  
doomed to per-  
dition that doesn't  
bear our own private O.  
K. somewhere  
about its an-  
atomy.

Light troubles  
are those of  
other people.  
That kind never  
comes to us.

In selecting your lies get colors that  
will wear well.

Some people are so keen on the trail  
of possibilities that they can't see the  
probabilities that they are tumbling  
over.

It is better to get the estimate of  
your ability from an enemy than a  
friend if you have any pluck in you.

Don't fool yourself on being able to  
do well a thing that you don't like to  
do.

one whose case has to be attended to  
and is.

## TROY SCHOOL TURNED DOWN

Parties Petition County Council For Union Section

Howard And Harwich Tps. Were Against Proposition

TUESDAY MORNING.

The Council resumed at 10:30 Tuesday morning, the Warden in the chair. All the members were present. Counsellors Badger and Crawford arrived early and took their usual places.

The Council was addressed by Matthew Wilson, K. C., who represented the municipalities of Howard and Harwich in the matter of opposing the petition for a union school section at Troy. Mr. Wilson explained that twenty-five ratepayers had appealed to the Council to appoint arbitrators, in view of the fact that the municipalities refused to take action to ask the County Council to do so. Mr. Wilson said that every section was opposed to forming the union section. Two of the petitioners have already withdrawn their names from the original document asking for the union section. He said the Council had the option of appointing arbitrators if they wished, but it would mean expense, with perhaps no other result than that the proceedings would be set aside. He cited a former instance where it cost the County over \$100, and no results were gained. He asked on behalf of the school sections and the townships to decline to appoint arbitrators.

Wm. Muckle was present on behalf of forming a union section at Troy. At present he said there were a number who were three miles from school, and on these it was a hardship. He presented maps and drawings to substantiate their claims. He said that the parties whom Mr. Wilson cited as withdrawing their names had a grievance against the new school, because it would be four miles distant from their homes. He appealed to the Council to grant the arbitration. He said the petitioners had 25 names on their list, seven of whom resided in Howard, with the exception of one man, whose property was in the township.

The dispute was referred to the Education committee.

A communication was received from the Ontario Municipal Association asking that the Council appoint representatives to their body.

Janitor Merritt handed in his resignation as caretaker of Harrison Hall.—Received.

Mr. McLarty thought that the Troy union school dispute should be settled in the Council Chambers, and he asked the permission of the Warden to put such a motion.

The Warden, however, thought it would not be wise to have any jangle in the Chambers. He thought it would be best fought out in committee. Warden Somers, evidently, feared a heated discussion if the various parties were allowed to argue it out.

Mr. Peats also thought it should be left to the committee.

The County House of Refuge physician presented his semi-annual report, showing that there were four deaths at the institution during the past six months; two from old age, one from heart disease, and one from general debility.

Mr. Peats gave notice that he will bring in a motion to raise the councilors' fees.

TUESDAY AFTERNOON.

The Council resumed at 2:30, Warden Somers in the chair, and all the members being present. Ex-Warden Stephen Parnall Sturgis occupied a seat on the platform.

Ex-Warden Sturgis addressed the Council for some moments in the interests of the Agricultural Societies of the County of Kent, asking for a grant towards the Fall Fair. Stephen Parnall Sturgis took occasion at the same time to compliment the Council upon their businesslike sessions. He said he read the daily papers of Chatham, and thus was kept in close touch with the proceedings of the Council. He thought that the Council should at least grant \$100 towards each of the societies.

Stephen Parnall Sturgis was accompanied by License Commissioner Martin Drew, of Raleigh, and others.

The Warden said that he felt in sympathy with the petitioners. He said it \$100 were granted to each of the nine agricultural societies in the County it would not make such a great difference to the county as a whole.

that the petitioners had a grievance all right, but, under the circumstances, it would not be advisable for the Council to grant the prayer of the petition. The report was adopted.

Chairman Ferguson, of the Printing committee, brought in a report recommending that the county printing for the coming year be awarded to the Banner-News. The report was adopted.

Accounts amounting to \$184.32, for printing, were ordered paid.

Chairman Greene, for a special committee, composed of himself and Mr. Johns, recommended certain improvements to the Bothwell and Moravian bridges. The report was adopted.

It was moved by Mr. Greene, seconded by Mr. Johns, that a duplicate cheque for \$6, for arrears in taxes, the original cheque having been mislaid.—Referred to Finance.

Messrs. Walters and Arnold addressed the Council, asking for assistance in erecting a foot-bridge bridge or ferry at Louisville. They stated that there was no public means of crossing the river for ten miles above Chatham. They thought that they were entitled to some consideration, as such privileges had been granted municipalities down the river. They would be satisfied with two ferry boats at the present. The village would be willing to operate the boats without any cost to the county. The boats would cost about \$30 each.

The Warden referred the matter to the Finance committee.
