TORONTO SAFE WORKS.

J. & J. TAYLOR, TORONTO, MANUFACTURERS OF FIRE AND BURGLAR PROOF SAFES, Secured with Patent Powder-proof Locks.

THE ONLY SAFES FOR SALE IN CANADA THAT NEVER FAIL TO PRESERVE THEIR CONTENTS, EVEN IN THE HOTTEST FIRES.

The following is one of the many Testimonials in their favour:

MESSES. J. & J. TAYLOR,
Safe Manufacturers, Toronto.

GODERICH, December 15th, 1864.

GENTLEMEN.—The Safe I purchased from you, some ten months ago, was most severely tested in the late fire here, which destroyed my stock and store, together with the Bank of Montreal and other buildings, on the night of the 12th instant. The Safe stood near the centre of the building, and was exposed to a most intense heat for at least ten hours, and, from its external appearance, must have been red hot for a considerable time; yet I am pleased to state, that when it was recovered from the ruins and opened, its contents, consisting of a large number of account books and valuable papers; also, bank bills, notes, &c., amounting to eight thousand dollars (\$8000), were all found in a good state of preservation.

You will please send me another Safe of the same size; and, in the meantime, the old one having done its duty faithfully, I will ship it to you in a few days as a trophy.

Yours, &c.,

WM. E. GRACE.

The undersigned were present, and saw the safe opened, and have much pleasure in testifying to the above.

R. K. MASTERSON, *Hamilton.*
JOHN HALDAN, *Goderich.*

IF Intending purchasers who wish a reliable article will find it to their advantage to give us a call before purchasing elsewhere. A complete assortment always on hand. All safes warranted to give perfect satisfaction or no sale.

PREFACE.

IN the bringing out of this, the first, edition of the COUNTIES OF FRONTENAC, LENNOX AND ADDINGTON, AND KINGSTON CITY DIRECTORY, the publishers beg to assure the public that every effort has been made to render it a complete index to the professional, commercial, manufacturing, and farming communities of the City and Counties; and though it is next to impossible in a work of this nature to have it entirely free from error, they feel that their experience and success hitherto in the Directory line should satisfy their patrons that nothing has been left undone compatible with an early issue and accuracy that could be desired, even by professed fault-finders.

Several new features have been introduced into this work which need not be enumerated here, and the publishers desire to present their acknowledgments to the many gentlemen, both in the city and counties who have so promptly furnished them with so much useful information, which would otherwise have involved much time and expense to procure. They also beg to acknowledge their gratitude for the patronage and encouragement received from the commencement at the hands of the professional, mercantile, manufacturing and farming interests, both of Kingston and the counties, and they trust the advertisers will find their investments as profitable to them as the work will be useful to the thousands of readers who will have occasion to consult it.

Lastly, they wish to say to those whose names may unwittingly have been left out, that they will gladly make all amendments and corrections in the next edition.

KINGSTON.

Kingston is one of the oldest localities in Upper Canada, and the capital of the county of Frontenac, situated at the head of the St. Lawrence, where the waters of Lake Ontario, together with the Bay of Quinté and the great Cataraqui creek unite, and form the St. Lawrence, and thence find their way to the Atlantic. Across the bay lie Wolfe and Garden islands, a distance of three miles, forming the harbor, which is a beautiful sheet of water, and a commodious and safe refuge for vessels of every class. Ship and boat building is carried on to a large extent; and vessels of every capacity for lake or ocean navigation are built and fitted out complete. All the timber necessary for ship and boat building is found in great abundance in the adjoining townships; and considerable quantities are shipped to other points in Canada, as well as to England and the United States.

Kingston contains a Rolling Mill, and a number of Foundries and Machine-shops in constant operation, which, besides supplying the demands of the city, manufacture portable steam-engines, mill machinery, locomotives, agricultural implements, stoves, iron axles, cut nails, screw bolts, and all kinds of carriage and waggon work for many parts of the Province. There are also several large tanneries and breweries.

On approaching Kingston, by water, the first object of interest is Fort Henry, formerly called Fort Frontenac, from the last French governor who held it. It is situated on a high point, formed by the St. Lawrence on the south, and the Cataraqui on the west, across which there is a very long bridge, connecting the fort and the adjoining village of Barriefield with the city. Here also was formerly a naval station adjoining the fort, but it is now disused. The fort is well worth a visit from the tourist, who can always obtain a pass for that purpose from the gentlemanly and urbane Town Major, Mr. P. Geraghty. As a military station, its defences are only

second to Quebec; and Fort Henry, together with the martello towers, have complete command of the harbor.

The city contains many handsome and substantial buildings, among which may be mentioned the City Buildings, Court House, Provincial Penitentiary, Custom House, Post Office, Commercial Bank (which has its head office here), Bank (Branch) of Montreal, City Hall, Queen's and Regiopolis Colleges, and Rockwood Lunatic Asylum. The Park is beautifully and tastefully laid out with walks, and planted with shrubbery, and is a great boon to the citizens.

Kingston is well supplied with gas; and the purest quality of water, drawn from the current of the river, entirely free from all shore impurities.

The city is well supplied with churches—all the various denominations being represented; and some of the edifices are fine specimens of the excellent public taste of the inhabitants. The most noticeable ones are the Roman Catholic Cathedral and St. George's (English).

The view of Kingston from the dome of the City Hall, on a fine day, can scarcely be surpassed; and well repays the tourist for his time and trouble. The city was founded in the year 1784, and was incorporated in 1838. It lies in latitude $44^{\circ} 8'$, north, and longitude $78^{\circ} 40'$ west from Greenwich; and it is distant from Montreal 198 miles, and from Toronto 165. Population about 17,000.

THE PROVINCIAL PENITENTIARY

Is situated to the west of the city of Kingston, just outside the city limits, and about a mile and a half distant from the city hall.

To the south, the institution abuts on Lake Ontario at the *embouchure* of the river St. Lawrence ; to the west, on Portsmouth Bay, an inlet of the lake which affords excellent wharfage accommodation for this great penal institution.

The buildings are principally of cut stone, and the walls of high and solid masonry, enclosing an area of nine acres in extent. The workshops are separated from the dormitories, dining halls, chapels, female prisons, and warden's residence, and form three sides of a large square. They are admirably constructed with large windows, which give ample light and excellent ventilation to the large shops in which the convict workmen are collected. Here the convicts work as blacksmiths, carpenters, stone-cutters, cabinet-makers, tailors, and shoemakers. In this latter occupation alone there are about three hundred convicts employed, and it is pleasant to see the order, industry and decorum which pervades the whole establishment, and gratifying to know that those who have offended the laws are making restitution to society, and acquiring trades by which they may hereafter obtain honest livelihoods.

The following is a list of the principal officers :—Tassé Zephraim François, Edmund A. Meredith, James Moir Ferres, and Terence J. O'Neil, inspectors of asylums, prisons, &c. ; Donald Aeneas McDonell, warden ; Samuel G. Murray, deputy warden ; John R. Dickson, M.D., surgeon ; Rev. Hannibal Mulkins, protestant chaplain ; Rev. J. B. Couillard, acting R. C. ; D. McIntosh, clerk ; A. R. McDonell, assistant clerk ; James J. Whitehead, storekeeper ; P. M. Benson, teacher, Edward Horsey, architect ; George Sexton, kitchen keeper ; Martha

Walker, matron; Miss Janet Gunn, assistant matron; Miss Mary Leahy, do. do.; Alex. Mackenzie, hospital overseer.

NAPANEE.

AN incorporated town, and the county seat of the counties of Lennox and Addington, situated on the Napanee River, from which it derives its name. Napanee, however, is a corruption of the Indian name, "Appanee." The Kingston road passes through the town: it is one of the best made roads in Canada. Kingston is distant 24 miles, Toronto 136, Bath 12, and the village of Newburgh 7 miles. The river flows through the village, and empties into the Bay of Quinté, affording a vast amount of water power, and is navigable up to the town for vessels drawing six feet of water. The first settlement made in the vicinity of Napanee was in the year 1782, by Thomas Wager; Mrs. Harns, with her three sons, Darius, Gilbert, and Thomas; William Sager; and Isaac Crowder, with his step-sons, Isaac, Jonas, Lambert, Aaron, and James Vanalstine. These parties took up land near the present site of the town, the whole section of country being, at that time, a wilderness—land, in many instances, selling at five dollars per lot. James J. Vanalstine was the first white child born in the settlement, in the year 1800.

The early settlers suffered great distress, in many instances, and experienced in reality the difficulties and trials of a pioneer life. At this time the nearest mill was Kingston Mills, twenty-seven miles off. There were no roads; and the only way of conveying the grain to mill was, either by carrying a bag on their backs, or by sleighs drawn by hand, carrying five bushels at a time.

Napanee was first laid out as a village plot, in 1832, by John Solomon Cartwright; and, until the completion of the Grand Trunk Railway line, presented no material evidence of growth or prosperity. On the completion of this line of railway (not only a great boon to Napanee,

but to every section of Canada through which it intersects), the village increased rapidly in population, until now it is near three thousand. Village property increased largely in value, manufacturing establishments of various kinds were started, and all realizing handsome profits. The river here affords one of the best water privileges in Canada. A canal has been made from the falls near the railway bridge, eleven hundred feet in length, and supplies the power for two foundries, a large flouring mill, plaster mill, cabinet and chair factory, saw mill, woollen factory, and could be made available for propelling almost any amount of machinery. The head fall at the Napanee flouring mills, from the canal, is thirty-one feet. In this mill they use an overshot wheel, twenty-six feet in diameter, twelve feet in breadth. These mills were erected, in 1846, by the executors of the estate of the late John S. Cartwright, M.P.P. The building is partly of stone, and partly of wood, seven stories in height, and contains large store-rooms and four run of stones. One thousand bushels of wheat can be manufactured into flour, at this mill, every twenty-four hours. It is carried on by James F. Bartels, who is also largely engaged in brick and tile manufacturing,—in this branch twelve men are employed.

In the manufacture of woollen goods, Perry, McGillivray & Co., employ eight hands. The factory contains five looms, three sets of carding machines for custom work, and one set of manufacturing machines. The factory has been in operation since 1837, and was first carried on by Christopher Cramer. The establishment turns out about 360 yards per week.

The Napanee Foundry was started, in 1842, by John Herring. Buildings are stone, and, with machinery, cost six thousand dollars. The power for propelling the machinery is supplied from the canal. Fifteen men are kept employed in manufacturing mowers, reapers, ploughs, agricultural implements, stoves, mill castings, &c.

The Phoenix Foundry was established in 1846. The buildings are stone, and the power used is water. Eight hands are employed; and stoves, ploughs, mill castings, cultivators, &c., are turned out. McKane & Dwyer are the proprietors.

R. Rennie & Co. employ ten hands, manufacturing ready-made clothing.

There are many other establishments engaged in the several branches of industry, usually required for a town of this size.

NAPANEE ACADEMY.

This building is now in process of erection, and is to be completed by the first of May, 1865. The material is brick, and, when finished, will be one of the most convenient, substantial, and imposing edifices in Western Canada. The courses of instruction will embrace that of primary, intermediate, and higher mathematics, and the classics.

CHURCHES.

CHURCH OF ENGLAND, (St. Mathews) was erected in 1815, of stone, at a cost of four thousand dollars. It is capable of accommodating about three hundred persons; Rev. J. J. Bogart, Rector. In connection with the church is an excellent parsonage, costing about two thousand dollars.

UNITED PRESBYTERIAN CHURCH OF CANADA, (St. Andrews) was built in 1864, of stone, and when fully completed will cost about eight thousand dollars; Rev. John Scott, minister.

WESLEYAN METHODIST CHURCH, was erected in 1861, of stone, at a cost of about ten thousand dollars, situated on corner of Church and John streets; Rev's. William McCullough, D. Brethour, and J. F. German, B. A., ministers. It will accommodate about one thousand persons.

METHODIST EPISCOPAL CHURCH, was built in 1828, of frame, and is situated on the corner of Robert and Church streets. It cost about two thousand eight hundred dollars. It is capable of seating about 800 persons. Revs. David Wilson, and G. French, Ministers.

ROMAN CATHOLIC, (St. Patrick's) was erected in 1861, of stone, with a parsonage and school connected, the whole costing about ten thousand dollars. It is situated on the corner of Thomas and West streets. It will accommodate about 700 persons. Rev. J. Brown, priest.

MISSIONS.

WESLEYAN CHURCH, (Selby), was erected in 1820, of frame, and cost about one thousand dollars. It will accommodate about six hundred persons. Revs. William McCullough, David Brethour and John F. German, B. A., ministers

WESLEYAN CHURCH, (Empy Hill) was erected in 1860 at a cost

of eight hundred dollars. It will accommodate about five hundred persons. Revs. William McCullough, David Brethour and J. F. German, B. A., ministers.

WESLEYAN CHURCH, (Mount Pleasant) was erected in 1861, at a cost of eight hundred dollars. It will accommodate about five hundred persons. Revs. William McCullough, David Brethour, and J. F. German, B.A., ministers.

PORTSMOUTH.—An incorporated village in the township of Kingston, and county of Frontenac, two miles from Kingston. The village was incorporated in 1858, and now contains a population of 1500. Portsmouth is situated on a deep bay or arm of Lake Ontario. The Harbour is protected by a breakwater 400 feet in length. The breakwater was erected, in 1840, by Messrs. Dickinson & Gilmour, and was rebuilt in 1860, by the council of the village, at a cost of \$4000. This village is noted for its shipbuilding yards—and many of the finest vessels on the lakes have been turned out here—besides a marine railway for hauling out vessels for repairs. There are now on the stocks in course of completion four large first class ships, for the English market, of one thousand tons burthen each. The vessels are being built by Edward Berry & Co., who are about laying down the keels of two more of equal dimensions. This eminent firm despatched two vessels from their yards to England last fall. The village council are about erecting stone buildings for the use of the corporation, to cost, when completed, \$2000. The building will contain a town hall, fire-engine house, armoury, and magazine for the volunteer rifle company, clerk's office, and a lock-up. There is a well drilled and efficient rifle company commanded by Captain J. P. Litchfield; John Craig, Lieutenant; Robert Newton, Ensign.

The Provincial Penitentiary, and the Rockwood Lunatic Asylum are located here. The village contains three churches, viz.: Church of England, Rev. F. W. Dobbs, minister; the Church was erected in 1844, of stone, and will seat five hundred persons. The Presbyterians are about erecting a stone church; at present they occupy the Temperance Hall, which has been fitted up for their accommodation; Rev. John Mowat, minister. The Wesleyan Methodist Church was built of stone, in 1854; it will accommodate six hundred persons. The B. A. O. G. T. have a lodge, organized in 1860, which numbers seventy members; the lodge meets in its own hall every Monday evening: John Mudie, W. C., John Craig, P. W. C.,

Henry Schræder, Secretary. There are four schools here, two Common, one Roman Catholic, and a private school; in 1864, on account of schools, the village expended \$728 14; and the average attendance at the two common schools was 107 pupils. Portsmouth contains fifteen stores, two ship-yards, a marine railway, one tannery, a large brewery (carried on by James Fisher), and one carriage factory. Mails from Kingston are received and dispatched twice a day. The post office was established in 1856, and George McLeod, Esq., appointed postmaster, who still continues the official.

Members of the Corporation:—William Mudie, Reeve; Thomas McCammon, James Fisher, Thomas McCarthy, David Forbes, councillors; John Craig, clerk; John Craig, Edward Beaupré, assessors; George McLeod, treasurer; James Schræder, collector. Rev. Francis W. Dobbs, superintendent of schools. Trustees of common school—John Mooney, Robert Stewart, Thomas Carter, Alexander Cameron, Thomas Nicholson, and Thomas Walters. Trustees meet for business on the first Tuesday of every month, at half-past seven o'clock, P. M.

TOWNS, AND VILLAGES.

COUNTY OF LENNOX & ADDINGTON.

ADOLPHUSTOWN.—A post village in the township of Adolphustown, and county of Lenox, situated in the Bay of Quinté, 20 miles from Napanee, the county town. The locality was first settled in 1780, by Joseph Allen, Thomas Dorland, and Captain Paul Trumppour, U. E. Loyalists. The village plot was first surveyed for the Government, by Surveyor-General Holland, in 1800. Subsequently, a new survey was made by Publius V. Elmore, about the year 1825. The population of the township now reaches about 800. A post office was established in 1816, the first official being James Watson; the present postmaster is J. J. Watson. There are two Churches: the Church of England, erected of frame, at a cost of fifteen hundred dollars, and capable of seating 200 persons, Rev. R. Hardinge, incumbent; and the Wesleyan Methodist Church, built of frame, at a cost of twelve hundred dollars, will accommodate 250 persons, Rev. Messrs. J. W. German and Moses Johnston, ministers. BATH.—An incorporated village, situated on the north shore of the Bay of Quinté, in the township of Ernesttown, county of Addington. The steamers stop here daily on their trips from Belleville to Kingston, and weekly from Montreal to Trenton. It was once a port of entry, but is now an outport of Kingston. Distant from Kingston, 18 miles, and 12 from Napanee, the county town. The village was first settled in 1783, and among the first settlers were a Mr. Davy, (a native of Holland, and progenitor of the family of the same name, resident in the vicinity of Bath and Napanee,) James Johnston, a native of Ireland, Ebenezer Washburne, commissariat, at that time, Matthias Rose, Henry Finkle, Mr. Fairfield, John Shibley, Robert Williams, and John George. John Johnston was the first white child born on the Bay of Quinté; he was the fourth son of James Johnston. Henry Finkle built the first brewery in Upper Canada; he also built the first hotel, in 1786; and a school-house, with teacher's residence attached, on the Finkle Farm, now owned by George Finkle. In 1816, the first steamboat that navigated the waters of Lake Ontario, was built by Henry Tebout, for the merchants of Kingston, Toronto (then York), Niagara, and Queenston, and was called the "*Frontenac*." The boat was built on what is now known as Finkle's Point, within the corporate limits of the village of Bath. The "*Queen Charlotte*," another vessel, was built here in 1818, by Henry Gildersleeve, father of the late mayor of Kingston, and was employed in the St. Lawrence and Bay of Quinté trade. The first civil court held in Upper Canada, was held at the hotel of Henry Finkle, in 1787—a public house not being large enough at Kingston—and the first criminal case was that of a negro, convicted of stealing a loaf of

bread, for which he received twenty-nine lashes—the basswood tree to which he was tied, is still standing near the old house. The following statement will show that Bath is blessed with a very light tax—the rate for 1864 being only 6½ cents on the dollar annual value.

Bath contains three churches, viz., the Church of England, erected in 1798, and being the oldest church but one in Upper Canada. It is frame and will accommodate about four hundred persons—Rev. W. F. S. Harper, incumbent. The Wesleyan Methodist Church was erected in 1850 of frame; it will seat about four hundred—Rev. J. W. German, minister. The Canada Presbyterians have a frame edifice, erected in 1859; it will seat two hundred persons—Rev. John Scott, minister. There is a well attended union school here, established in 1811 as an academy, but now united as a grammar and common school; the buildings cost about three thousand dollars—Mr. Milligan, principal of the grammar school, and Mr. Stephen Robinson teacher of common school. The schools are under the superintendence of Dr. Kennedy; average attendance of pupils, 150. Bath is a money order office, and has a daily mail. The second division courts are held every two months, at the town hall; John D. Noble, clerk. The village contains fourteen stores, one flouring mill with three run of stone, one saw mill, an iron foundry, one tannery, and a ship yard employing twenty men.

CAMDEN EAST.—Also known as Clark's Mills,—a post village situated on the Napanee river, in the township of Camden East, county of Addington. It was first settled about the year 1830; and the post office established in 1836. The river furnishes excellent water power, and is here made available in propelling the machinery of two flouring mills, viz., that of Samuel Clark, erected about 1840, of stone, and containing two run of stones; a woollen factory and saw mill, owned by the same party, are situated near the mills. About half-a-mile west of Clark's mills are situated the Addington Mills, on the same river. These mills were established, in 1850, by George Empey, but are now owned and carried on by G. C. Bogart. Three run of stones with one merchant and two custom bolts are used, manufacturing about sixty barrels per diem. Hooper's saw mill was established, in 1840, by A. F. Hooper, Esq., ex-M.P.P. for Lennox and Addington. The mill is half-a-mile west of Clark's mills on the Napanee river. It contains two gangs of saws—one upright saw and five circulars. Three million feet of sawn lumber are turned out from this mill per annum. The village has two churches. The Church of England (St. Luke's) was erected, in 1843, of frame, at a cost of fifteen hundred dollars: Rev. John May, M. A., incumbent. The Wesleyan Methodist Church is in course of completion, and is estimated to cost two thousand dollars: Rev. Mr. McDonald, minister. The village contains three or four stores, two hotels, brewery, tin and sheet iron manufactory, and several workshops. Mails, daily. Population, 400. Distance from Napanee, the county town, 9 miles.

CENTREVILLE.—A post village in the township of Camden East and county of Addington. It is situated in the centre of one of the largest and wealthiest townships of Canada West. The first settlement was made here in 1815 by John Milligan, Jacob Rombough, John Whelan, and Jehial Hawley. The village plot was laid out and surveyed in 1847 by William N. Rombough, P.L.S., for James F. Hawley and John Whelan, the proprietors. The post office was established in 1849, and James N. Lapun, the present official, appointed postmaster. The village contains four stores, several workshops, two schools, one common, the other a separate school, the former under the charge of Mr. Carscallen, and the latter Miss O'Connor. There are three churches, the Wesleyan Methodist, erected in 1845, of frame, at a cost of \$1,600—Rev. John C. Ash, minister; the Roman Catholic, built of stone, at a cost of \$4,500—no settled priest; and the Episcopal Methodist, erected in 1850, of frame, which cost \$1,000—Rev. Mr. Snider, minister. The Fifth Division Courts are held alternately at Newburgh and Centreville—William Whelan, clerk; Jesse Shibley and Homer Spencer, bailiffs.

NEWBURGH.—An incorporated village, situated on the Napanee river, in the township of Camden East, and county of Addington, seven miles from Napanee (the county town), and 24 miles from Kingston. The village was first settled, in 1822, by Benjamin Files and Wm. V. P. Detlor. In 1824, David Perry built the first saw mill. These parties located themselves on lots 16 and 17, first concession of Camden. John Madden settled here in 1825, and built a saw mill the same year. Mr. Perry, in 1826, erected a grist mill which, in the year 1828, he sold to Samuel Shaw, the first merchant of the village. John Black started a tannery, in 1832, which he still carries on, employing six men, and turning out two thousand five hundred pieces of leather per annum. The power used is supplied by the Napanee river, which, at this point, affords an abundant water power. This excellent water privilege is used in propelling the machinery of two flouring mills. The Union Flouring and Grist Mills, established, in 1840, by Douglas Hooper, contains three run of stones, and one barley stone. The building is built very substantially of stone, three stories and a half high. The oatmeal mill, adjoining, is a similar stone building, erected in 1861, and contains two run of stones. Both mills and ma-

chinery cost the proprietor about twenty thousand dollars. The same gentleman lately erected a fine stone building, 64 feet by 34 feet, three and a half stories in height, for a woollen manufactory, which will be started in full operation during the coming season. The Newburgh Mills were established, in 1831, by John Madden. George Madden now owns this mill property. The mill contains three run of stones with two bolts. There are two carding mills, one saw mill, two axe factories—one having been in operation over twenty years, and now conducted by S. M. Hanes, who gives employment to six hands—the other by Joseph Taylor, and was established in 1862: four men are kept in employment at this establishment. These factories turn out all kinds of edge tools as well as axes. Newburgh Foundry and Machine Shop was established in 1848. The power for propelling the machinery is furnished by the Napanee river. Six men are kept constantly employed by D. B. Stickney, the proprietor, in the manufacturing of threshing machines, mowers and reapers, mill gearing, and general castings, agricultural implements, stoves, &c. There is also a sash, blind, and door factory; hub and rake factory; three carriage and waggon shops; two cabinet factories. The largest saw mill in this section of the country is situated a little over a mile from Newburgh, on the Napanee river, and is carried on by Mr. Wright, for an American firm: Cook & Cochran, of New York. Nine million feet of lumber is turned out at this establishment annually. Newburgh possesses a large and elegant academy, where the higher branches of an English and classical education are taught. The common school is in the same building, under the charge of H. M. Derouch. The grammar school is under the charge of John Campbell. There is also a private school kept by Miss Spencer. There are three church organizations, viz., the Church of England—the congregation at present hold their services in the town hall—Rev. John May, clergyman; the Episcopal Methodist Church was erected, in 1862, of frame, Rev Messrs. Snider and Egan, pastors; the Wesleyan Methodist Church is a stone edifice, erected in 1856—Revs. George McKitchie and D. McDonald, ministers. The Fifth Division Court is held here alternately with Centreville. Mails, daily. Population, 1200.

TAMWORTH.—An important post village in the township of Sheffield, and county of Addington, situated on the Salmon river, 20 miles from Napanee (the county town), and 34 miles from Kingston. Tamworth was first settled, in 1834, by C. Wheeler, who employed Wm. N. Rombough, P.L.S., to survey the village plot in 1849. The post office was opened in 1848, and Mr. Wheeler appointed the official. The present postmaster is Robt. Herchmer. The village contains ten stores of various kinds; an excellent school, with an average attendance of fifty pupils, under the charge of Miss McKim;—three churches, viz., Church of England, a stone edifice, erected in 1864, capable of seating 500 persons, and costing \$3000, Rev. W. Herbert Smythe, incumbent;—the Episcopal Methodist Church was built, in 1862, of frame, at a cost of one thousand dollars, and will seat 400 persons: Rev. J. Hallowell pastor;—the Wesleyan Methodist Church is a frame building, erected at a cost of one thousand dollars, and will accommodate 400 persons, Revs. Robert Mark and John Connor, ministers. A Division Court is held in the Town Hall every two months; Donald Cameron, clerk, Peter F. Carscallen, bailiff. The village is well supplied with good hotels; the Tamworth House is well kept, and the traveller will find every comfort at this house that can be enjoyed at city hotels. In manufactures, Tamworth can boast of more establishments than other places of greater pretensions: having two excellent flouring mills—the Tamworth Mills were established by Calvin Wheeler, in 1841, and are now owned and carried on by Charles Joyner; these mills contain three run of stone, and have the capacity for grinding four hundred bushels a day; near this mill there is

a saw-mill, carried on by the same party. The Lower Tamworth Mills were established in 1864, by John and Robert Grange; three run of stone are used in these mills, which will grind about four hundred bushels per diem. There is one carding mill, carried on by Charles Joyner; and another carding mill and woollen factory, owned by Richard Jones, who manufactures every description of woollen goods. A tannery was started in 1847, by George Miller, who employs four or five hands, and does a good business. In 1847, John and Robert Grange built a saw-mill a short distance below the village, which is still carried on by the same parties. A machine shop, for the manufacture of agricultural implements, rakes, cradles, &c., was established by George Miller, in 1864, and ten hands are kept constantly employed. An iron foundry and machine shop is about being commenced by Charles Joyner, during the present year, for the manufacture of threshing machines, reapers, mowers, agricultural implements and general castings. Many other manufactures, such as carriages, waggons, cabinetware, chairs, bedsteads, boots and shoes, &c., are engaged in to some extent, and as the back townships become better settled, Tamworth, from its position, must realize a large trade for her wares and general merchandize. Population, 500. Mails daily.

COUNTY OF FRONTENAC.

The county of Frontenac is bounded on the north by the county of Renfrew, on the east by the counties of Renfrew, Lanark, and Leeds, south, by the Bay of Quinté, and west, by the county of Addington. It comprised at one time a portion of what was called the Midland District, but afterwards it was united with the counties of Lennox and Addington for judicial purposes; the city of Kingston being the county seat for the three counties. In 1864, Frontenac was separated from Lennox and Addington, the city of Kingston still being the county seat of Frontenac—while Napanee has been made the capital of Lennox and Addington. The land of the southern townships is good; but going further north, it becomes rocky and scarcely fit for agricultural purposes, and excellent marble has been found in great abundance:

Frontenac contains the following townships: Barrie, Bedford, Canoto, Clarendon, Hinchinbrooke, Kennebec, Kingston, Loughborough, Olden, Oso, Palmerston, Pittsburgh, Portland, Storrington, and Wolfe Island.

The following is a list of the Reeves and Deputy-Reeves within the county of Frontenac for the year 1865, viz.:

Name of Municipality.	Reeve.	Deputy-Reeve.
Barrie	Mr. Neal,
Bedford and Palmerston...	George Barr,
Clarendon	Mr. Watkins,
Hinchinbrooke	C. H. Godfrey,
Kennebec	J. S. Parks,
Kingston	Robert Gibson,	P. W. Day.
Loughborough	William Mace,	Charles Joyner.
Olden	George Cox,
Oso	Thomas Moore,
Pittsburgh & Howe Island.	Matthew Strachan,	Robert Anglin, jun.
Portland	Elijah Joyner,	Geo. Dennison, jun.
Portsmouth	William Mudie,
Storrington.....	William Gibson,	Samuel Campbell.
Wolfe Island	D. D. Calvin,	John Halliday.

D. D. Calvin, *Warden.*
 William Ferguson, *Treasurer.*
 Hugh Spring, *Clerk.*

TOWNSHIPS OF BARRIE AND CLARENDON.

The township of Barrie is bounded on the north by the township of Abinger, county of Addington, on the east by the township of Clarendon, on the south by the township of Kennebéc, and on the west by the township of Anglesea, county of Addington. The township of Clarendon is bounded on the north by the township of Miller, on the east by the township of Palmerston, on the south by the township of Olden, and on the west by the township of Barrie. The townships contain some excellent land, and the Frontenac road passes through the township of Clarendon, and settlements have been made on either side of the road, while the township of Barrie is pretty well settled. The timber is a mixture of hardwood and pine, and both townships are well watered. Below we give the agricultural returns from the last Census.

TOWNSHIP OF BEDFORD.

THE township of Bedford is bounded on the north by the township of Oso; on the east and north-east by the townships of South Sherbrooke, county of Lanark, and North Crosby, county of Leeds; on the south by Storrington and Loughborough; and on the west by the township of Hinchinbrooke. The township is well watered by numerous little lakes, among which may be mentioned Crow lake, Bob's lake, Canoe lake, Devil lake, White lake, and Wolfe lake—and rivers, which abound in fish, and join one small lake with another, and eventually lead them into the Rideau lake and river. The timber is a mixture of hardwood and pine. It lies on the eastern border of the county of Frontenac, about 20 miles to the north of the city of Kingston; and is accessible by the Frontenac road, which divides the township from Hinchinbrooke, and runs north through the county. The following is an abstract of the last census.

TOWNSHIP OF HINCHINBROOKE.

THE township of Hinchinbrooke is bounded on the north by the townships of Kennebec and Olden; on the east by the township of Bedford; on the south by the township of Portland; and on the south-west by the township of Sheffield, county of Addington. The township lies to the north-west of Kingston, the county seat, about 20 miles; and the Frontenac road intersects and skirts along its eastern boundary. The face of the country is tolerably level, and is well watered and timbered, and the soil is a stiff loam or clay. It is not so well settled as some of the more southern townships; and, in 1850, contained but 236 inhabitants. Below we give the agricultural returns of last census.

TOWNSHIP OF KENNEBEC.

The township of Kennebec is bounded on the north by the townships of Barrie and Clarendon, on the east by the township of Olden, on the south by the townships of Hinchinbrooke, and Sheffield, county of Addington, and on the west by the township of Kaladar. It is watered by Cross and Bull lakes, which waters find their way to the Bay of Quinté, through two channels—one the Salmon, and the other

the Moira, rivers—through the county of Hastings. The timber is a mixture of hardwood and pine, the face of the country is undulating, and the soil partly clay loam and partly sandy. In 1861, the inhabitants numbered 429. Appended is an abstract of the agricultural products, &c., taken from the census of that year.

TOWNSHIP OF KINGSTON.

The township of Kingsten is bounded on the north by the townships of Portland and Storrington, on the east by the township of Pittsburgh, on the south by the bay of Quinté, and on the west by the township of Erneststown, county of Addington. The township commenced settling by the English as early as the year 1783, and in 1817 it only contained about 600 inhabitants. The city of Kingston is situated in this township, on the bay of Quinté, at the mouth of the great Cataraqui Creek, and near the eastern boundary of the township. For a more extended notice of the city see the introduction to this work. Few or no actual purchases of land were made by the original settlers, as their situation entitled them to grants from government; but many of these people, however, got into the books of the merchants in a few years, and from that period may be dated the actual sale of lands. In the early settlement, no general system of cropping was observed, the ordinary mode with the new land being to put in a crop of wheat and continue this from year to year as long as the land would bear it, when it was laid in grass for two or three years, after which it was again cropped as before. In 1850 the township contained 4,523 inhabitants, and 18,000 bushels of wheat, 31,000 bushels of oats, 10,000 bushels of peas, 29,000 bushels of potatoes, 16,000 lbs. of maple sugar, 11,000 pounds of wool, and 37,000 lbs. of butter were produced from the crop of 1849. The soil generally consists of loam, on a clay subsoil, with a limestone base, and the timber is a mixture of beech, maple, oak, elm, pine, &c. The following abstract from the last census will shew the reader the amount of agricultural products for that year:—

TOWNSHIPS OF MILLER AND CANONTO.

THE township of Miller is bounded on the north by the township of Matawatchesan, county of Renfrew; on the east by the township of Canonto (North and South); on the south by the township of Clarendon; and on the west by the township of Abinger, county of Addington. The township is dotted over by many little lakes, the principal ones being Fortune, Mackie, Indian, and Brule, and whose waters are united by small outlets, and form the source of the Mississippi river, which, passing into the county of Lanark in an easterly direction, empty into the Mississippi lake, and thence, by a northerly course through the northern portion of the county of Carleton, eventually find their way into that part of the Upper Ottawa, called the Chats lake.

The township of Canonto is bounded on the north by the township of Brougham, county of Renfrew—the Madawaska river being the dividing line; on the east by the township of Blythefield, county of Renfrew, and by the township of Levant, county of Lanark; on the south by the township of Palmerston; and on the west by the township of Miller. Mud lake, which lies in the northern part of the township, empties its waters into the Madawaska river. The township is divided into North and south Canonto. Neither of the townships (Miller nor Canonto) are settled to any great extent—the total number of inhabitants for both being but 68 in the year 1861. Below we give an abstract from the last census of the returns of agricultural produce in both townships.

TOWNSHIP OF OLDEN.

The township of Olden is bounded on the north by the township of Clarendon ; on the east by the township of Oso ; on the south by the township of Hinchinbrooke ; and on the west by the township of Kennebec. In the northern part of the township is Hungry lake, in the eastern part are lakes Sharbot and Legget, and in the southern part lies Long lake, and in the western part the eastern end of Cross lake extends into it. About the centre of the township, on the Frontenac road, lies the post village of Mountain Grove. In 1861, the population of the township was 435. Here follows the return of agricultural produce for the last census.

TOWNSHIP OF PITTSBURGH.

The Township of Pittsburgh is bounded on the north by the township of Storrington ; on the east by the township of Leeds, county of Leeds ; on the south by the Bay of Quinté ; and on the west by the township of Kingston. Pittsburg was formerly a large township, but it was divided to form the new township of Storrington—the Rideau Canal now forming its north-western boundary. It contains a great deal of rocky land, and commenced settling about the year 1800 ; and

in 1850, it contained 2426 inhabitants. From the crop of 1849, 13,000 bushels of wheat, 17,000 bushels of oats; 7,800 bushels of peas, 20,000 bushels of potatoes, 6,500 pounds of wool, and 15,700 pounds of butter were produced. For abstract of agricultural returns from last census, see the following.

TOWNSHIP OF STORRINGTON.

THE township of Storrington is bounded on the north by the township of Bedford, on the east by the township of South Crosby, County of Leeds, on the south east by the township of Pittsburgh, on the south by the township of Kingston, and on the northwest and west by the township of Loughborough. The greater part of the township, which was taken from Pittsburgh and Loughborough, is rough and hilly; still a considerable portion of the land is good. In 1845 it contained 1584 inhabitants, which number had increased to 1940 in 1850, and to 2894 in 1861. From the crop of 1849, 12,000 bushels of wheat, 26,000 bushels of potatoes, 11,000 pounds of maple sugar, 5,600 pounds of wool, and 12,000 pounds of butter were produced. Below will be found an abstract of the agricultural produce from last census:—

COUNTY OF LENNOX AND ADDINGTON.

THE County of Lennox and Addington is bounded on the north by the County of Renfrew; on the east by the County of Frontenac; on the south by the Bay of Quinté; and on the west by the County of Hastings. The County of Lennox and Addington, along with Frontenac, formed what, at one time, was called the "Midland District," but was afterwards called the "United Counties of Frontenac, Lennox and Addington." In 1864, the counties were separated by the United Counties Council, and Lennox and Addington were formed into one county, and Napanee was made the seat of justice. Addington contains the following townships:—Amherst Island, Anglesea, Ashby, Camden East, Effingham, Ernesttown, Kaladar and Sheffield; while Lennox contains Adolphustown, Fredericksburgh (North and South), and Richmond.

The following is a list of the Reeves and Deputy Reeves for the County of Lennox and Addington, for the year 1865:—

TOWNSHIP OF ADOLPHUSTOWN.

The township of Adolphustown lies in the south western portion of the county of Lennox, is tri-angular in shape, being bounded on the south and west by the Bay of Quinté, and on the north east by the townships of north and south Fredericksburgh, and at its south western extremity is a Ferry across the Bay to Prince Edward Island. The land is generally rolling, the soil a stiff loam or clay, and the timber principally hardwood, with a little pine. There are some good farms in the township, and it commenced settling about the year 1784, land being obtainable at that time for a shilling an acre. It rose gradually in value, and in 1817 was stated to be worth for cleared land, four pounds per acre. In 1850 the township contained 690 inhabitants, and 801 in 1861. The crop of 1849 produced 11,000 bushels of wheat, 7,800 bushels of rye, 8,000 bushels of peas, 4,000 pounds of wool, 4,7000 pounds of cheese, and 7,600 pounds of butter. Below we give abstract of agricultural report from last census :

TOWNSHIP OF AMHERST ISLAND.

AMHERST ISLAND, formerly called Isle of Tanti by the French, is a large island containing about 52,000 acres, and situated in Lake Ontario, and separated from the township of Ernesttown by the Bay of Quinté. It was originally granted to Sir John Johnstone, for military services, and the first settlements were made about the year 1780. The principal portion of the island was owned at one time by the Earl of Mountcashel, but was afterwards sold off in lots to farmers. The most of the land is of good quality, and there are many excellent farms on the island, well stocked and improved. By the last census the island contained 1210 inhabitants, and the following abstract shows the amount of agricultural products:—

TOWNSHIP OF ASHBY.

The township of Ashby is bounded on the north by the township of Raglan, county of Renfrew; on the east by the township of Denbigh; on the south by the township of Effingham; and on the west by the townships of Cashel and Mayo, county of Hastings. It lies in the most north-western portion of Addington, and has made little or no progress in settlement. It is well watered and timbered, and offers fine inducements to the lumberman. It has no municipal organization.

TOWNSHIP OF CAMDEN EAST.

The township of Camden East is situated in Addington, and bounded on the north-west by the township of Sheffield, on the north-east by the township of Portland, county of Frontenac, on the south-east by the township of Ernestown, and on the south-west by the township of Richmond, county of Lennox. The first settlements were made about the year 1800, and for the first seventeen years it

made but little progress. However, in 1850 it had increased in population to 5111 and in 1861 to 7516, being now thickly settled. The face of the country is rather hilly, and the land is generally good, yielding fair and remunerative crops. 37,000 bushels of wheat, 24,000 bushels of rye, 26,000 bushels of oats, 15,900 bushels of peas, 12,000 bushels of Indian corn, 41,000 bushels of potatoes, 32,000 pounds of maple sugar, 17,000 pounds of wool, and 31,000 pounds of butter were produced from the crop of 1849. About the centre of the township is a quarry where marble is found of excellent quality. Appended will be found agricultural returns of last census :

TOWNSHIP OF FREDERICKSBURGH.

THE township of Fredericksburgh lies in Lennox, and is bounded on the north by the township of Richmond; on the north-east by the township of Ernestown, county of Addington; on the south by the Bay of Quinté; and on the west by the township of Adolphustown. It is a small, well settled township; the land is generally level or rolling; and the soil, loam; while the timber is a mixture of beech, maple, oak, elm, basswood, &c., with a little pine. The first settlements were made about 1784, and in 1850 it contained about 2498 inhabitants, which had increased to 3376 in 1861. It is divided into two municipalities, called North and South Fredericksburgh. The following is an abstract of the agricultural returns from last census:

TOWNSHIPS OF KALADAR AND ANGLESEA.

THE townships of Kaladar and Anglesea are situated about the centre of Addington, and united for municipal purposes. The township of Kaladar is bounded on the north by the township of Anglesea; on the east by the township of Kennebec, county of Frontenac; on the south by the township of Sheffield; and on the west by the township of Elzevir, county of Hastings. Anglesea is bounded on the north by the township of Effingham; on the east by the township of Barrie, county of Frontenac; on the south by the township of Kaladar; and on the west by the township of Grimsthorpe, county of Hastings. In 1861 these townships contained 1266 inhabitants; and below we give returns of agricultural produce from last census:

TOWNSHIP OF RICHMOND.

The township of Richmond is situated in the county of Lennox, and bounded on the north by the township of Hungerford, county of Hastings; on the east by the township of Camden East, county of Addington; on the south by the township of Fredericksburgh; and on the west by the township of Tyendenaga, county of Hastings. The face of the country is rolling, and commenced settling about the year 1790. In 1817, it contained about 300 inhabitants, which had increased in 1861 to 3450. From the crop of 1849 were produced 14,800 bushels of wheat, 14,000 bushels of rye, 18,000 bushels of oats, 9,000 bushels of peas, 16,000 bushels of potatoes, 9,000 lbs. of maple sugar, 11,000 lbs. of wool, and 19,000 lbs. of butter. Here follows abstract of agricultural returns from last census :

TOWNSHIP OF SHEFFIELD.

THE township of Sheffield lies in Addington, and is bounded on the north by the townships of Kaladar and Kennebec, county of Frontenac; on the east by the township of Hinchinbrooke, county of Frontenac; on the south by the township of Camden East; and on the west by the township of Hungerford, county of Hastings. The first settlement was made about the year 1820, and in 1842, it contained 1334 inhabitants, which had increased, in 1861, to 2925. The face of the

country is generally level or rolling, and the timber a mixture of hard wood and pine. From the crop of 1849 were produced 20,000 bushels of wheat, 21,000 bushels of potatoes, 11,000 lbs. of maple sugar, 4000 lbs. of wool, and 2900 lbs. of butter. Below we give agricultural returns from last census :
