The Rev. Canon Macnab has taken up his residence in the See House for the remainder of the summer months.

A lady member of the congregation has offered to pay the cost of a stall in the Cathedral to be a memorial of her late father and his family. This is an excellent example and might well be followed by others.

We think that it was with a general feeling of regret on the part of the congregation that the term of the Rev. Harold McCausland's charge came to an end on Sunday, 30th June. Coming to us as *locum tenens* for only a short period, it was hardly to be expected that he would have identified himself very closely with the congregation and its interests, and it therefore gives us great pleasure to record that he gave his services with as great care and assiduity as if his appointment had been a permanent one.

The Residuary Chapter have held three meetings lately, to discuss new arrangements proposed for the school. It has been found necessary to provide larger accommodation for the school, and to discontinue the use of the crypt, which is inconvenient in several respects for such use, for which, of course, it was never intended. Authority has been given to Mr. Matthews to enlarge the chapel, by which means suitable accommodation will be provided for a greatly increased number of boys, and the same time provision is to be made for continuing the chapel, and also for a place of meeting for the Women's Auxiliary and other similar organizations, and that possibly more convenient than has hitherto been practicable. The work of enlargement was begun immediately upon the breaking up of the school for the holidays.

It is expected that this improvement will bring a considerable increase of numbers to the school. Mr. Matthews is making arrangements for a staff of masters which we have no doubt will enable the work

to be undertaken at the commencement of next term with every prospect of its being carried on efficiently and satisfactorily.

The annual sports of the Junior Athletic Association, which is composed chiefly of the boys of the school, took place on Saturday, 22nd, and Tuesday, 25th June, the former day being taken up with aquatic sports at Wychwood Park, and the latter being of a general character, and held in the school playing field, where a large number of visitors were assembled. Our space will not admit the publication of the prize list, which was lengthy, comprising thirty-nine events. The school championship was won by Ronald Hilton, with 27 points, and the Association Championship by Louis Klingner with 22 points. The prizes were presented by his Lordship the Bishop.

At the same time, a prize given by Mrs. Grayson Smith, for the best writer in the school, was presented. This prize was given for the express purpose of encouraging the old style of elegant penmanship, which has for some years past had very little attention in our schools. It was won by Charles Flint, whose specimen of writing was exceptionally good, followed closely by Bryan Chadwick, and the work of Allan Dixon, Murray Sinclair, Ronald Hilton, and Harry Sewell being highly commended.

Before separating, Mr. Mockridge was called upon to receive a little parting gift, suitably inscribed as a memento of the school, from the boys of the Senior French class, who have been under his tuition. Mr. Mockridge is leaving to take up work in Japan.

We are requested by the Committee of the Games to express their thanks to the friends of the boys who have contributed to the prize list.

The following is a list of boys who have attended the school during the past year :

* The boys who have made 50 per cent. or over in the promotion examinations held during May and June.

The annual Sunday School picnic took place on Friday, 5th inst, at Long Branch.

The very efficient services of the choir boys deserve recognition. They are looking forward to their annual outing in Camp. It is hardly reasonable that the necessary expense should be borne by the boys themselves; they should not pay for the very moderate reward which they receive for their services; therefore, contributions are desired towards this object.
