

"BATTLE HAS BEEN WON" -- PREMIER ORLANDO TO DEPUTIES

Now Permissible for Italy to Claim Definite Victory

SITUATION UNCHANGED; INFANTRY OPERATIONS HALTED, AND ENEMY MASSES HIS TROOPS IN MOUNTAINS

Italians Have Drawn On Only Small Part Of Their Reserves -- Explosive Bullets Used By Austrians In Fighting, American Red Cross Hears -- Internal Conditions In Austria Continue Serious

By Courier Leased Wire.

ROME, June 22.—(Bulletin).—The battle situation is unchanged and infantry engagements were not resumed during Friday, says the statement issued last night to the Italian parliament by Premier Orlando. It is now permissible to say that the battle has been won, the premier told the deputies Friday morning, according to The Tribune.

The Austrians, the premier added, are gathering all available men in the sections of the mountain front. Only a small part of their reserves have been drawn on by the Italians.

EXPLOSIVE BULLETS

Italian Army Headquarters in Northern Italy, Friday, June 21.—(By the Associated Press).—One out of every ten Italian soldiers wounded in the present fighting bear positive evidence of the use of explosive bullets by the Austrians, Captain Thwaites of the American Red Cross has been informed by hospital directors.

RETURN TO VIENNA

LONDON, June 22.—The Times correspondent at The Hague is informed through a Dutch source that the remnants of some severely tried Austrian regiments arrived in Vienna on the 16th, many of the men being slightly wounded. These troops were employed on the 13th to patrol the city, but they were withdrawn the following day. All public buildings are now guarded by cavalry, the police heretofore having been able to disperse such gatherings as occurred.

From the same source, it is learned that a Bulgarian commission has arrived in Vienna to negotiate with the Austrian Government concerning a change in relations with Germany. The Times correspondent cites information apparently from Vienna that the collection of the harvest in Austria, Germany and Hungary will in the future be strictly a state affair, owing to the fact that Austria now enters the new harvest year without any supplies whatever, and therefore the best possible method of securing grain must be adopted.

ATTEMPT ON EMPEROR'S LIFE?

LONDON, June 22.—Reports are current on the Amsterdam Exchange today that an attempt has been made on the life of Emperor Charles of Austria, says a Central News dispatch from Amsterdam. The reports are unconfirmed.

POLICE AND MILITARY CALLED OUT

By Courier Leased Wire. London, June 23.—According to the Vienna Neue Freie Presse during serious street riots in Vienna, the police and military were called out and took strict measures and issued warning to parents making them responsible for the actions of their children, says an Exchange Telegraph dispatch from Copenhagen.

MANY ON STRIKE

Geneva, June 23.—A commercial traveller, who has arrived here direct from Vienna to-day informed the Associated Press that there are 100,000 men on strike in the Austrian capital, and that there are smaller strikes in progress at Salzburg, Agram and Graz, all mention of which has been stopped by the censor.

The traveller said that anti-German feeling was growing, especially in Hungary, where it was assuming a revolutionary aspect. The feeling was not aimed directly at the Hapsburg dynasty, he added, but at the regime it represented. The train

was said he was convinced that events might be expected which would change the fate of the war in favor of the Entente Allies.

TO TRANSFER TROOPS

London, June 23.—Germany has proposed to Austria to send

12 German divisions to the Italian front to replace 12 Austrian divisions to be sent to France, says an unconfirmed report in circulation in Holland, transmitted by The Daily Mail correspondent at The Hague.

FOUR HUNDRED C.P.R. WORKERS ON STRIKE

That Number Walk Out in Winnipeg Because Company Retains Services of Non-Union Man Who Did Not Join in Civic Employees' Strike

By Courier Leased Wire.

Winnipeg, June 22.—Machinists, specialists and helpers at the Canadian Pacific Railway shops walked out at 1:30 yesterday afternoon as a result of the company retaining in its employ a non-union man who continued at work when the machinists walked out in sympathy with the striking civic employees.

About 400 men laid down their tools. The men say they will not return to work until the man, Stewart by name, is dismissed.

The following statement has been issued by the company: "Machinists, specialists and helpers employed by the Canadian Pacific Railway at Winnipeg, ceased work at 1:30 p.m. Friday on account of the refusal of the company to dismiss a certain employe who has been in the service of the company seven years."

"There is no reason, so far as the company knows, why the man in question should be dismissed, and the men's committee was unable to give any reason whatever why he should be dismissed. (Grant Hall) pointed out to committee, that I did not think it fair, nor did I consider that I have any right to remove any employe from the company's service without just and sufficient cause. This position was not satisfactory to

the men and they ceased work." The above statement was issued last night by Grant Hall, vice-president and general manager of the western lines of the Canadian Pacific Railway.

Last Day For Registration

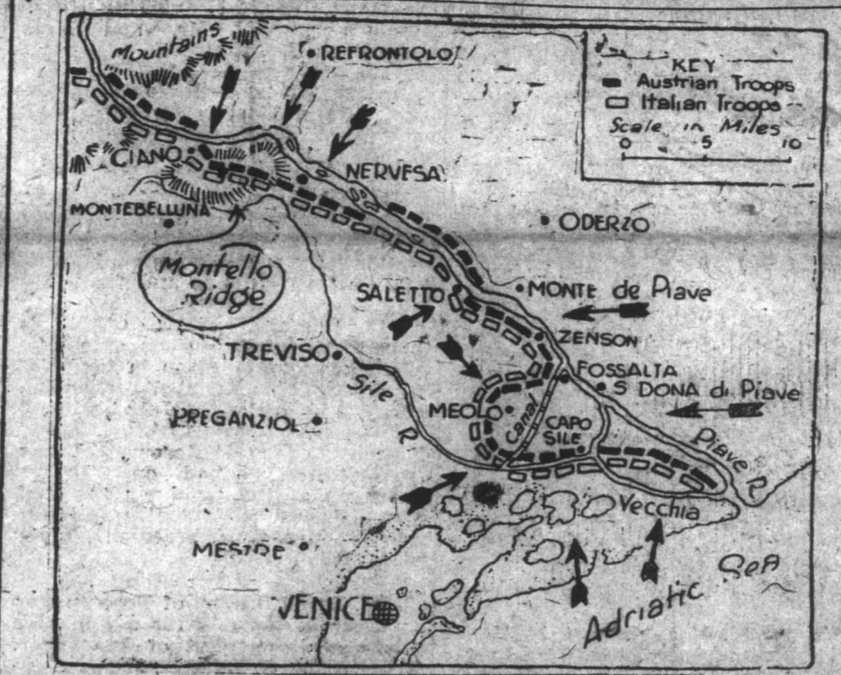

By Courier Leased Wire. Toronto, June 22.—This is the last day for Canadians to obtain the official certificates of the Canada Registration Board, indicating that they have placed before the Government or its official representatives, their qualifications for more efficient service for the carrying on of the war.

Without these certificates no man or woman, youth or maid, over sixteen years of age, with a few exceptions, can legally buy or sell the necessities of life, or receive board or lodging under any roof in Canada, unless it be the place of detention to which he or she may be sent as a penalty for not being able to produce the certificate.

The Government's call for general registration has been taken seriously in all parts of the Dominion and generally well obeyed, except in some sections of Quebec and the Indian reserves, where some opposition has been shown.

It is estimated that in all 50 per cent. of the population of the country registered in advance of the last day. In some of the cities 80 per cent. was reported on Thursday. There is a great rush of late comers at all the registration centres of the Dominion to-day. Special provision is made for the registration of Americans and other visitors to the Dominion, so that it can be accomplished without inconvenience to them.

Montreal, June 22.—Up till to-

BATTLE SITUATION ON THE PIAVE. The situation, so far as the meagre despatches permit us to understand it, is clearly shown on the accompanying map-diagram, drawn to scale. The black ovals are the Austrians and the white ovals the Italians for allies. The whole of the front shown on the diagram is held by Italians with the exception of a short front near the mouth of the Piave where French troops and marines and possibly a few British are operating.

HOME RULE POSTPONED BUT NOT ABANDONED

Conscription Will Not Be Withdrawn Nor Efforts to Frame a Measure of Self Government For Ireland Abandoned

By Courier Leased Wire.

London, June 22.—The British Government regard their proposals of Irish home rule and conscription as postponed, but in no way abandoned. The Times says it understands conscription will not be withdrawn nor will efforts be relaxed to frame a measure of self-government for Ireland. Recent events have convinced the government that the first business is to establish law and order, but their policy is unchanged.

Newspapers say that the Nationalist members of parliament will return to Westminster next Tuesday. The Nationalists believe, according to a report from Dublin that conscription is dead, but that Home Rule has only been shelved.

FRENCH'S MESSAGE

Dublin, June 22.—(Via Reuter's Limited).—Viscount French, the Lord Lieutenant, has extended his best wishes for the progress of the recruiting campaign to be undertaken by the recruiting council of four prominent Irishmen. A. M. wish you all success."

Sullivan, Sir Maurice Dockrell, Capt. Stephen Gwynne and Henry McLaughlin. In a message to the council he says:

"The readiness and good will with which you have responded to my invitation to act as the recruiting council, assures me that I do not stand alone in my unflinching belief in my countrymen's sympathy with the cause for which the Allied nations are fighting. The task you have undertaken will bring joy to the hearts of many old comrades in the field who in the early period of the war were sustained in the days of trial that made our nation famous by the promise of help from the manhood of the Old Land."

"Hardships and trials have come again and our Irish regiments are looking to the boys at home to maintain the great traditions of our fighting race. As an Irish soldier, I desire to express my appreciation of the service you have undertaken for our native country, and I heartily wish you all success."

EAST TORONTO GIRLS WHO PAINTED THEIR HOMES. This picture shows the Misses Allen, who painted their homes in a few days during their spare moments. At the top from left to right are Lillie and Cecily, below Doris and Lucy. Inset is of a brother, Pte. Herbert Allen, who is now overseas.

HUNDRED AND FIFTY LIVES MAY BE LOST

Heavy Toll Taken in Wreck on the Michigan Central Railroad

By Courier Leased Wire.

Chicago, June 22.—A report from Gary, Ind., says that an accident on the Michigan Central Railroad at East Gary has resulted in the death and injury of more than one hundred persons.

Chicago, June 22.—Officials of the Michigan Central here confirmed reports of an accident near Gary, Ind., this morning. An equipment train, drawn to the rear of a passenger train, demolishing six cars and injuring a number of passengers. The accident occurred at East Gary, a station about six miles from Gary. A relief train has been sent to the scene.

SHOW WIPE OUT

Chicago, June 22.—The personnel of the Hagenbach-Wallace shows is believed to have been practically wiped out in a disastrous railroad collision between Michigan City and Hammond, Ind., to-day. According to meagre details received at Michigan Central offices a hundred or more persons were killed or injured. Four coaches in which members of the circus were sleeping were demolished by a rear-end collision.

The show was travelling in two sections of a Michigan Central train going from Michigan City to Hammond. "Al" East Ivanhoe a hotbox caused the second section to stop. A train of empty Pullmans coming to Chicago, crashed into it, the locomotive plowing its way through the day car and four sleeping coaches. The injured were taken to hospitals at Hammond and Gary.

MAY BE 150 KILLED

Gary, Ind., June 22.—Estimates of the dead in the Michigan Central wreck near Ivanhoe station, vary from 100 to 150. The wreckage caught fire, destroying many bodies of the killed and injured pinned under the debris. Twenty-six persons were brought to Mercy, ten to the Gary General Hospital, 20 to the Illinois Steel Company Hospital, and three to St. Antonio Hospital.

FOE RAIDS BROKEN UP BY FRENCH

Enemy Attempted Operations Near Belloy, Southwest of Montdidier

By Courier Leased Wire.

Paris, June 22.—German troops last night attempted raiding operations in the vicinity of Belloy, southwest of Montdidier. They were repulsed, says to-day's war office report. Similar operations undertaken by the enemy in Upper Alsace were equally unsuccessful.

The French have repulsed German raids in the region of Belloy (southwest of Montdidier) and in Upper Alsace. On their part the French penetrated an enemy post southeast of St. Maur (southeast of Belloy) and made prisoners.

AIR RAID BY FRENCH

Bulletin, London, June 22.—Raids by British troops in the region east of Amiens and in sectors of the Flanders front were reported by the war office to-day. Prisoners were taken and casualties inflicted on the enemy. The text of the statement reads:

"We captured a few prisoners last night and inflicted casualties on the enemy in raids and patrol encounters in the Villers-Bretonneux and Strassburg sectors. There is nothing further to report."

RAIDED HUN TERRITORY

Paris, June 21. According to La Liberté American aviators last Sunday night carried out an aerial raid into German territory. Eight American bombs the Metz railway and started a large fire.

TOLL ROAD PURCHASE RATIFIED

City Council Offers To Bear Share in Maintenance of Highway

By Courier Leased Wire.

Ottawa, June 22.—The Canada Food Board is determined to stop the practice of persons who are not residents of Canada, and who have not secured a special permit from the Canada Food Board to export flour. Dealers are also warned not to sell to Indians if they have reason to suspect that the latter are attempting to purchase more flour than will be required for their own use.

CANADA FOOD BOARD WILL PUT A STOP TO UNLICENSED PRACTICE

The Food Board cautions all dealers not to sell flour to persons who are not residents of Canada, and who have not secured a special permit from the Canada Food Board to export flour. Dealers are also warned not to sell to Indians if they have reason to suspect that the latter are attempting to purchase more flour than will be required for their own use.

It is pointed out that the exportation of flour without a license is prohibited by order-in-council and that any person so exporting flour or assisting in its exportation is liable to a heavy penalty. Measures are being taken to see that the order is strictly enforced.

SPECIAL MEETING

A special meeting of the city council was held last night to consider the question of toll roads. These present were the Mayor, Aldermen Hurley, English, Bragg, Kelly, Symons, Simpson, Burrows, Clement, Mellen, Baird, and Hart. Wardens Pitts and Reeve Greenwood of the county council were also present.

The city solicitor presented the agreement which was prepared under the instruction of the county council, and explained the situation. By the proposals originally made by the representatives of the city council to the city council, the city was asked to contribute 33.3 per cent. towards the costs of purchasing the toll roads, the cost being at that time \$45,000.00. It was urged upon the city that the construction and maintenance of the roads to Government standard be part of the County Roads system.

would fall entirely upon the county of Brant or township of Brantford or both, and that having contributed to the purchase the city would be free of cost of construction and maintenance. Subsequently a lower purchase price was agreed on by the owners of the roads in question and the percentage of the city at the amended price was fixed at 25.1-2 per cent. but it was strongly urged that the greater burden was being assumed by the county and township in view of the fact that con-

COUNTY COUNCIL

Warden Pitts of the County Council has called a special meeting of that body for next Tuesday night to take up the matter of the toll roads as discussed by the City Council last night.

BUILDING PERMITS

Permits have been issued by the City Engineer's office to Alex. Lamb, 100 Mary street, \$1,800, one and a half storey dwelling; Frank Pepper, 202 Grey street, \$50, frame summer kitchen; W. S. Garland, 51 Mohawk street, frame outbuilding.

G.W.V.A. AND Y.M.C.A.

Rev. Capt. Jenkins was in Toronto on Thursday with a delegation of the Provincial branch of the G. W. V. A. and met in conference with representatives of the Y. M. C. A. A prolonged discussion ensued, but as no definite progress was made, it was decided to adjourn for three weeks.

PLAY AT LONDON.

Del Orcutt's semi-professional aggregation, which was defeated at Hamilton on Wednesday evening, go to London this afternoon, where a hot encounter is guaranteed, some hundreds of seats having been sold in advance. Manager Orcutt has wired Hughie Jennings of Detroit, asking him to send a Tiger battery along for the game. If this project does not materialize, Harvey Muir of Hamilton will go into the box for the locals.

REGISTRATION THOROUGH.

Registrar J. S. Dowling was confident this morning that the registration of man and woman-power in the city of Brantford and district had been thorough. Few people have waited till to-day to register and the efficiency of the registry staff has prevented a big rush. There is no complaint from any quarter. Scores of booths were open throughout the city to-day from early morning until late at night.

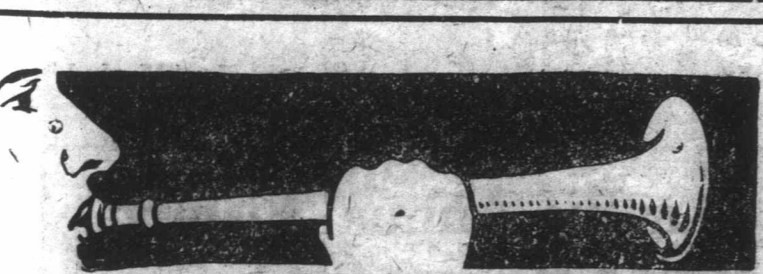

REGISTRATION GOOD.

Fifty thousand men of 19 years of age have registered for service under the Military Service Act. As indicated, it is not the intention of the Government to call any of these men to the colors probably before the harvest is over. In a number of cases the number of registrations was considerably higher than the estimated possible registration. Over the Dominion as a whole, actual registration was 98.11 per cent. of the estimated possible registration. Registrations by districts were as follows, the return for Quebec districts still being incomplete: London, 5,523; Toronto, 9,248; Kingston, 5,251; Hull, 916; Montreal, 9,970; Quebec, 2,848; Halifax, 3,924; St. John, 3,918; Charlottetown, 878; Kenora, 309; Winnipeg, 3,139; Vancouver, 3,018; Regina, 5,045; Calgary, 3,194. Total, 55,281.

When a car is approaching you need both hands to steer your car. You can't do it if you have to use one hand to shade your eyes. To protect your eyes and avoid accidents, wear our individually made auto glasses.

NEILLSHOE CO. 158 COLBORNE ST.

EVERY DAY IS LOAFLESS DAY IN KENTUCKY

All Men Between 16 and 60 Must Put in 36 Hours' Work Per Week

Frankfort, Ky., June 22.—(Associated Press.) No able-bodied male resident of Kentucky between the ages of 16 and 60 may loaf until six months after peace is declared. He must, according to a bill passed at a recent session of the legislature, work for at least 36 hours a week. Otherwise he shall be held a vagrant and fined not less than \$20 nor more than \$100 for each offense.

Apparently, the idler may not pay his fine, escape exertion and relapse into idleness. As a part of his punishment he must work not exceeding 40 days upon public roads or streets, or some other public work. Possession of riches will be no bar to prosecution and no claims of inability to obtain employment, either rich or poor may be pleaded as a defense. Lapses into idleness will not be tolerated because each week of idleness constitutes a separate offense.

A vagrant is defined as an habitual loiterer, one habitually intoxicated, addicted to the use of narcotic drugs, a professional supporter, or an able-bodied person supported in whole or in part by the labor of any woman or child. Any peace officer who fails to

enforce the act is subject to prosecution for non-performance of duty and removal from office.

ALSACE-LORRAINE HARD NUT TO CRACK

Many Schemes For Solution of Problems Formulated in Germany

Associated Press. French Front, June 22.—In nearly every newspaper printed in Germany at the present moment there is presented some kind of a scheme for the solution of the question of Alsace-Lorraine. What the Germans cannot understand is the fact virtually every real Alsatian and Lorrain resident in totally any scheme for joining his native land either to the German empire or any of its component federal states.

The latest method of disposing of the two provinces discussed in the German imperial parliament proposes their division between Prussia and Bavaria, Lorraine to be taken over by the former and Alsace by the latter. This proposition, not only is rejected by the inhabitants of the provinces themselves, but has aroused protests from several of the German states, and especially from Wuerttemberg. Consequently for the time being it has been allowed to drop in favor of two other schemes, both unsatisfactory to some of the German parties.

The first of them looks to the formation of an independent state of Alsace-Lorraine under the rule of a duke, while the second formulates the foundation of a republic of Alsace-Lorraine attached to the German empire. Both of them have been widely discussed, but without bringing about any conclusion, and should

either of them be accepted by the Germans, it is believed the people of the two provinces would have nothing to do with it.

As the correspondent of the Associated Press has found in discussing the matter with Alsatians and Lorrains of all classes, the only desire of these people is to be reunited to France, with which they have remained, in spite of the German annexation, closely allied in all their ideas and in all their souls. They recall frequently in the course of their conversations the words uttered by President Wilson.

"The wrong caused by Prussia to France in 1871 must be redressed in order that peace may be established in the interest of all."

NO CONSCRIPTION OF LABOR INVOLVED

President of Registration Board Gives Quietus to Mischievous Reports

Senator G. D. Robertson, President of the Canada Registration Board and Labor representative in the Dominion's War Government, took occasion the other day to categorically deny the reports current in some sections of the country that Registration was to be made the basis of a future conscription of labor. This should settle the question even for those who were disposed to give credence to one especially fantastic rumor that young girls and women were to be made to work in the vineyards of Ontario.

Registration is all that the term implies, but nothing more. It places the registrant under no obligation

This Milk Bottle Has a Message for You

It contains Richer than Ordinary Milk, to be sure.

But more important than that—it contains Safe Milk.

For in The Hygienic Dairy, every drop of milk is scientifically pasteurized. It is made safe—by the same process that Health Departments in most big cities compel by law all the dairies to use.

Here in Brantford, there is no law to compel us to pasteurize our milk. But for five years we have regularly put time and money into this extra service—giving our customers the same safeguard and assurance of purity as folks in the big cities enjoy.

Unless you are now getting this milk, for safety's sake don't you think you owe it to your children, to yourself, to begin getting it now?

It comes to you in a modern, sanitary way, safely sealed in a bottle.

And note this: It is the only milk delivered in Brantford whose purity is safe-

guarded by the sterilizing of each bottle before milking.

So milk from The Hygienic Dairy is doubly safe, doubly more worth while buying. And it comes from a dairy whose modern, sanitary methods are unrivaled in Brantford.

We invite you to see this dairy, to inspect our equipment, our method of pasteurizing, our sterilizing process, our modern, artificial refrigerating plant, our standards of cleanliness and precaution.

We know that once you have seen this dairy you will insist on getting milk from The Hygienic Dairy—you will insist on rich milk, scientifically pasteurized, bottled in sterilized bottles, from a modern sanitary dairy.

That's the message every bottle of Hygienic Dairy Milk carries with it.

Even if you pay slightly more for its quality, its assured safety, are worth the extra price.

Begin today.

BENEFIT OF THE LIBRARY

For Brantford Artizans—An Appreciative Letter

His Honor Judge Hardy, in his admirable address to the members of the Rotary Club on "The Work of the Public Library" made reference to the great importance of the mechanics and artizans of this city to improve and perfect their efficiency and worth in the various trades at which they are employed. The following letter, one of those recently received by Librarian Henwood, fully confirms what Judge Hardy so ably emphasized as being a department of library work that is of vast importance to the community.

The city merchants and manufacturers who were privileged to hear the address of the Hon. Judge Hardy, were much impressed with the possibilities provided for each and every workman in this community to better himself if he so desires. Everyone will be heartily welcomed and is cordially invited to investigate and take full advantage of the great help that the technical books in the public library affords him.

Brantford, June 19th, 1918. Dear Mr. Henwood: I am writing you to thank you for your many courtesies and the use of your text books on technical subjects, which have been a great benefit to me in my work. I cannot exaggerate the help they have given me, and I would thank you and the library board for supplying up to date works of this nature for the benefit of those who wish to take advantage of their excellent teachings.

I feel sure that more men would visit your reference library if they knew that these books were on hand for their benefit. I know that you will be interested so I am going to tell you that a substantial increase I received recently was directly due to the increased efficiency I gained from your excellent library.

Thanking you again, I am Yours sincerely, An Employee of The Good, Shapley & Muir Co.

LORD RHONDDA BETTER. London, June 21.—This morning's bulletin from Lord Rhondda's bedside announced that he had a good night and a distinct improvement was observable in his general condition.

SECOND PHASE OF AUSTRIAN DRIVE IS DUE

Attacks Along Brenta River and in Mountains Should Now Begin

PIAVE THRUST FAILS But Preparations Are Still Being Made to Meet a New Offensive

By Courier Leased Wire. Italian Army Headquarters, June 20.—(By The Associated Press).—The second phase of the Austrian offensive, featured by attacks to the right and left at Val Stagna along the Brenta River and in the mountains should now begin soon now that the effort on the Piave has failed. It is felt that if the Austrians do not renew their efforts to penetrate to the plains through the Brenta region and taking Monte Grappa it would be an acknowledgment of defeat and their inability to carry out the ambitious plan launched a week ago.

The situation, however, is still regarded as most serious and all preparation have been made to meet any new offensive. Along the Piave the Italian positions are virtually unchanged. The Austrians are fighting well, according to the Italians, but the latter are outclassing them. It is believed the Italians would have to withdraw their backs across the river before this but for the nature of the open fighting, which an American on the front said reminded him of the Italian combats in the old days. Night fighting and bushwhacking methods are necessary, although they are not favored by the military authorities because of the confusion and danger of firing upon their own men, especially where large bodies of troops are engaged. Another difficulty has been the similarity in color uniforms. The Austrian losses have been very heavy.

Although there is much sharp fighting there are many hills during which the only distraction of the armies is watching the bombing operations of the rival aviators. The fighting on the Montello plateau continues to be very severe, since it is felt by the Italians that the loss of this position would be more important than the withdrawal from a few kilometres of ground along the Piave. The conditions there are also bad owing to the wooded hills, which are crossed by seventy-two ravines, each one of which constitutes a separate line of defence. Many of them are still strewn with dead, an indication of the intensity of the Austrian resistance as the enemy has pressed forward from points he had won on the first rush. The Austrians early in the offensive had almost half the plateau, but now they have only about one-third, including many of their best positions, such as the town of Nerves, which has been set on fire by the Italian artillery.

No fear is felt in Venice that the Austrians will get there. The correspondent, on visiting the city, found an absence of excitement and there was no intention to leave on the part of the inhabitants. Large stocks of bandages which the American Red Cross has had on hand in Venice for the past few months have proved most useful to the Italian wounded. Rome, June 20.—The efforts of the Austrians to widen the northeastern salient on the Montello, the keystone of the Piave front, toward the west, have failed, Premier Orlando informed Parliament tonight. The enemy's losses during the day were enormous, said the Premier. The Italians took several hundred prisoners.

Toward the south, the Premier stated, the enemy again succeeded in crossing the Montebelluna-Suzano railway at several points near the Nerves station, but was promptly stopped. On the lower Piave, the Italians gained more ground.

Well Satisfied With BABY'S OWN TABLETS—Once a mother has used Baby's Own Tablets for her little ones, she will use nothing else. Experience teaches her that the Tablets are the very best medicine she can give her baby. They are a gentle laxative, mild but thorough in action and never fail to banish constipation, colic, colds or any other of the many minor ailments of childhood. Concerning them Mrs. J. Ste. Charret, St. Leon, Que., writes: "My baby cried continually and nothing seemed to help her till I began using Baby's Own Tablets. These Tablets soon set her right and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brookville, Ont.

SUGAR SITUATION IMPROVING. By Courier Leased Wire. Montreal, June 21.—An official of the large refineries here says that the sugar situation in Canada is steadily improving and that shipments are coming to hand more freely and in larger quantities than was thought some time back. There will be ample for legitimate needs he thinks, this summer, and no shortage for preserving. While there has been an agitation for higher prices first and, there has been so far no serious consideration of advancing the cost of raws and he adds that on the other hand the situation is encouraging.

CONCESSIONS MAY BE MADE

Austrian Government May Be Forced to Grant Demands of Workmen

SITUATION SERIOUS

By Courier Leased Wire. Copenhagen, June 21.—The situation at Prague, Bohemia, and the industrial centres in that district, says The Neue Presse of Vienna, has become so serious that the Austrian Government will be compelled to increase the bread ration and the risk of still further exciting the working people. In the latter event, the newspaper declares, railway communication would be broken off.

AGITATION AGAINST JEWS. Amsterdam, June 21.—The correspondent at Frankfurt of The Nieuwe Rotterdamse Courant says it is reported from Lemberg that the disturbances there are assuming an anti-Semitic character. There has been rioting in the last few days, the correspondent says, at Lemberg, Stryl, Viteckha, and Elay in Galicia and it has led to great excesses. A Jewish organization for self-defense has taken action it is added, to end the disturbances.

W. C. T. U. OFFICERS ARE ELECTED

Mrs. Gordon Wright of London President For the Eleventh Year

By Courier Leased Wire. Ottawa, June 21.—Mrs. Gordon Wright of London, Ontario, was again elected president of the Dominion Women's Christian Temperance Union at this morning's session. Mrs. Wright, who is a sister of Hon. Newton E. Rowell, has held this position for ten years and her re-election today was with a large majority vote. New appointments to the board were Mrs. Asa Gordon, Ottawa, a second vice-president; Mrs. Flora York Miller of London, Ontario, corresponding secretary. Other officers re-elected were: Mrs. L. E. McKinley, W.P.F., Clarksburgh, Alta.; Recording Secretary, Mrs. W. Brown Toronto; Treasurer, Mrs. J. Mahor, Montreal; "Y" Secretary, Miss Florence Edwards, Carleton Place; L.T. Secretary, Mrs. Ada McLaughlin, Hamilton and Editor of the Bulletin, Mrs. Blanche Read Johnston, Barrie, Ont.

Mrs. Spindon on her report dealing with the Dominion's Teaching Quarterly made another strong anti-marijuana campaign plea and Mrs. S. A. Jones of Sherbrooke, Quebec, gave one of the most stirring speeches of the evening and better care of the feeble-minded. Mrs. Ward of Toronto asked for co-operation of all sister unions when the Toronto union in the creation of a drinking fountain to cost \$5,000, to the memory of the late F. S. Spence. This memorial will be placed in front of the Toronto City Hall. No action has yet been taken by the convention. Mrs. J. E. Halkett of Ottawa, was introduced to the delegates as being a white ribboner since 1876.

GERMAN WOMEN ASK VOTE. Associated Press. New York, June 22.—A women's mass meeting to urge woman suffrage, arranged by bourgeois and socialist women, was held in Berlin early in May, according to the Berlin Telegraph. The speaker urged upon the achievements of women during the war, especially as workers in munition factories, and stated that not only the German women but the German people needed woman suffrage.

Mrs. Marie Stritt referred to the triumphal march of woman suffrage in all civilized countries, especially in America and England.

AMERICANS IN FIGHT

Washington, June 22.—The steadily increasing participation of American troops in the fighting in France was sharply marked in today's casualty list. Of the 153 men named, fifty-two, including three officers were killed in action, the heaviest death toll from the battle field yet made public. Washington, June 22.—General Pershing's communique for yesterday received here today, reports improvement of American positions northwest of Chateau Thierry. Break artillery fighting in the Woivre, the Yorges and in the Chateau Thierry region is noted.

WHY SUFFER FROM DYSPEPSIA, INDIGES- TION OR CATARRH?

You Can Find Ready Relief
and Cure by Taking

Dr. Bantas' Dyspepsia Tablets

Assists Digestion, Prevents Acid Fer-
mentations and Catarrh of the
Stomach--A Sure Preventive of that
Dread Disease **DYSPEPSIA!**

Take Care of Your Stomach
and You will Avoid
Dyspepsia

Dyspepsia is an advanced stage of indigestion, arising from the stomach refusing to perform its normal functions--Digestion consists in the changing of foods from an insoluble form, so that they may pass through the walls of the alimentary canal and become part of the blood. The stomach keeps the food in almost constant motion for a considerable time to accomplish this purpose, and should this organ not be kept in good condition, indigestion results, to be followed in due course, if not relieved, by dyspepsia. You can keep the stomach performing its functions, and even relieve and cure dyspepsia if you

HUNS HAVE FAITH IN THE PIRATES

Admiral von Capelle Boasts of
Submarine.

SOME RECENT SPEECHES

The Man Who, Under Von Tirpitz,
Has Charge of the Ruthless Cam-
paign Makes Some Claims that
the Allies Show to be Un-
founded, and the Struggle
on the Sea Still Goes On.

M. LELQUES, French Minister of the Marine, says the submarine campaign is declining. In actual losses, the Germans still want their people to have faith in the ruthless campaign. In this connection the delayed despatch from Berlin, giving Admiral von Capelle's latest statement to the Reichstag, deserves attention. He said: "Our naval offensive is stronger today than at the beginning of unrestricted submarine warfare. That gives us an assured prospect of final success. The submarine war is developing more and more into a struggle between U-boat action and new construction of ships. Thus far the monthly figures of destruction have continued to be several times as large as those of new construction." The German Naval Minister cites the latest appeal to British shipyard workers to speed up construction as

ADMIRAL VON CAPELLE.

especially significant. He observes, "according to the latest statements, British shipbuilding fell from 132,000 tons in March to 112,000 tons in April." He also adverts to the failure of the American program. Then he adds this: "In addition to the sinkings by the U-boats, there is a large decline in cargo speed owing to marine losses and to ships becoming unserviceable. One of the best known big British ship owners declared at a meeting of shipping men that the losses of the British merchant fleet through marine accidents, owing to conditions created by the war, were three times as large as in peace."

Since Admiral von Capelle made his speech the Allies have published several statements that contradict his claims. The most important of these is the series of figures that indicated to the world that in the month of April, instead of falling off, the shipbuilding of England was greater than the loss by submarines for the first time in a year. It is now said that although the United States got started very slowly, as the German mentioned with a jeer, that our richest ally will in future more than take care of the shipping losses. These von Capelle does not mention or deny what the Allies have been announcing of late, that the Germans are losing their submarines more quickly than they can build them.

Babies That Come in Bunches.
Once in every ninety instances the nurse says to the anxiously expectant father, "There's two of them, sir!" or words to that effect.

He ought to be glad and proud. If he feels otherwise, he may fall back upon the consoling reflection that it might have been worse.

Taxicab Bandits in Berlin.
Berlin is dealing drastically with the taxicab bandits. A Berlin detective heard a taxicab driver refuse an ordinary journey unless he received a \$5 tip. The detective jumped on the seat of the cab to arrest the driver, who threatened to run his machine into a lamppost if the detective did not get off. The latter thereupon drew his revolver and overpowered the driver, but not until they had come to grips and both tumbled into the street. The chauffeur was fined \$500.

In Iceland gull flesh is one of the principal winter foods of the people.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive system, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

AIRMEN LEARNING TO FIGHT IN DARK

British Aviators Become
Proficient in Combat With
Hun Gothas

London, May 22.—(Correspondence of The Associated Press)—The activity of British airmen in connection with recent air raids on London indicates that they are learning rapidly the art of fighting the Gothas in the work. Until a few months ago there was little air fighting at night, even in France, and raiding craft enjoyed a marked advantage because their object was solely to avoid attack while dropping their bombs.

They have learned also how to take the best positions for combating the enemy, and how to keep the Gothas, being extremely heavy machines, from plunging in front of the attacking scout to create a "backwash" and leave the attacker struggling to right his machine.

The British pilots now know how to cope with that trick and to keep within thirty or forty yards of the raider all the time.

There are many perilous positions round the Gothas, whose two gunners can fire in almost any direction. Only highly skillful handling of the attacking machine enables the pilot to maintain a place in which he can continue the fight until he hits the raider in a vital spot.

WEEDING OUT AT OTTAWA.

Ottawa, June 21.—Some re-arrangements of duties of officials of the House of Commons and superannuation of some of the older members of the staff will take place before Parliament again assembles. During the last session, Speaker Rhodes instituted an inquiry to ascertain whether or not economies could be effected in the offices pertaining to the House of Commons. That inquiry has, it is stated, indicated that these offices are to some extent over-manned, therefore, there may be some amalgamation of offices.

CASTORIA**

WOMAN LABOR IN ITALY EXPENSIVE

Has Doubled in Price in Six
Months, Owing to Num-
ber Employed

(Associated Press.)

Rome, June 22.—Woman's labor has doubled in price during the past six months, partly due to the employment given by the government to women in factories, directed by the War Department or manufacturing materials for it. In order to be sure of employment a woman or girl must have a husband, father, son or brother at the front. Their lowest pay is 7 lire per day, or 2 to 4 lire above man's wages paid before the war. Many cars double this sum by overtime. The wage is not now considered unusual because in the same factories skilled men workers earn as much as 100 lire per day, a sum once equivalent to \$20, and before the war the average pay per month of a bookkeeper.

Women not working in such government supply factories have lately struck for fifty per cent. increases in the dressmaking and clothing establishments, and obtained their demand, now receiving an average of 4 lire per day. Unskilled women and girls are also so highly paid on the farms that servants are difficult to find.

DUNLOP TIRES

SEAL OF QUALITY

AUTOMOBILE

"Traction"—The Tire Beautiful

WE hear so much about the "lines" of the automobile that we are apt to forget the "lines" of a tire.

Surely if beauty is an essential in automobile construction, it is likewise an essential in tire construction.

Examine "Traction" for beauty--no unnecessary lines, no distorted "treadlets," no ugly, unsymmetrical gouges--just one powerful, resilient, beautiful balance. And all this is extra--extra over and above the greatest road mastery ever obtained in a rubber tire.

We also make Dunlop "Special" and Dunlop "Plain"--two tires that are in great favor with motorists in general.

DUNLOP SEAMLESS TUBES and DUNLOP ACCESSORIES likewise make lasting friends wherever used.

Dunlop Tire & Rubber Goods Co., Limited

AIRPLANES WILL CROSS ATLANTIC BY NEXT SUMMER

U. S. Air Ministry Plans Direct Line of Transport to French Port

By Courier Leased Wire
Washington, June 23.—Big American air and seaplanes should be flying across the Atlantic to the French front by next summer, Major General W. Brancker of the air ministry, said here today in a formal statement to the Associated Press. He is in Washington to confer with the aircraft officials, and believes that the Pioneer Transatlantic flight should be attempted without delay.

"An enterprise which must be carried out as soon as possible," Gen. Brancker said, "is the flight of the Atlantic. There is really no reason why a considerable number of big airplanes and seaplanes should not cross the Atlantic during next summer."

General Brancker disclosed the fact that the British Air Council has made air craft to the front. His mission in this city has to do with arrangements for the pioneer flight in which it is hoped the United States government will co-operate.

VILLAGE FIRE SWIFT

By Courier Leased Wire
St. John, N.B., June 23.—The little village of Oromocto on the St. John River, suffered \$35,000 loss from fire last night and but for the arrival of the fire apparatus from Fredericton would have been wiped out.

U.S. TROOPS ARE HOLDING THIRTY EIGHT MILE FRONT

Enemy Patrols Suffered Heavy Losses at Hands of Americans Recently

By Courier Leased Wire
Washington, June 23.—American soldiers are now holding the fighting line for a distance of 38 miles on the western front, according to information given members of the House military committee today at the weekly conference with Secretary of War Baker and General March, of the staff.

Pershing's Communique
Washington, June 23.—Enemy patrols suffered considerable losses northwest of Chateau Thierry and in the Woivre. General Pershing reported today in his communique for yesterday. In the Chateau Thierry and Woivre regions and in Lorraine artillery fighting continues.

TOLL ROAD

Continued from page one
struction and maintenance at all times would be at their expense. The agreement now presented expressly provides that any part of all of these toll roads may, after the same are assumed by the county, be included as part of the suburban roads system of the city of Brantford and the county of Brant, the result of which would be that the city of Brantford would be called upon to pay 20 per cent. of the cost of construction and 40 per cent. of the cost of maintenance.

CANADIAN CASUALTIES

By Courier Leased Wire
Oswego, June 22.—To-day's list of 130 casualties reports four killed in action, two accidentally killed, 6 died of wounds, 6 died, 22 prisoners of war repatriated, 10 prisoners of war, 48 wounded, one suffering from burns, 7 gassed, three ill and one cancel reported missing. The list for Western Ontario:

Infantry.
Died of wounds—190113 N. Sprague, St. Thomas.
Mounted Rifles.
Prisoner of war repatriated—139511 W. Bell, Barrie; 106321 H. A. Johnston, Salem.
Artillery.
Died—91474 J. W. McLeish, Hamilton.
Wounded—331884 J. C. Fry, Chesley.
Gassed—515554 H. Hamilton, York, Ont.

BRAKES WENT WRONG.
What might have been a serious accident occurred on Scarce Avenue on Thursday night, when the brakes of an automobile ascending the hill refused to work, and the car backed down the slope at an alarming rate of velocity, its precipitate career being only brought to a stop when it traversed a boulevard and came to a stop against the wall of a house at the foot of the street. Neither the car nor its inmates suffered serious injury.

At the present time the contribution of the city toward the suburban roads system cannot exceed the proceeds of the rate of one-half mill on the dollar of the city's assessment. This percentage is subject to change at any time by the Legislature.

It was the sentiment of the members generally that in order to show that the city is prepared to meet the county in a liberal spirit, the county's proposal should be accepted although it goes further than the county representatives originally suggested.

It was, however, felt that the city should have some limit for the future of the amount which it may be called upon to subscribe, and the following resolution was moved by Alderman English, seconded by Ald. Harp:

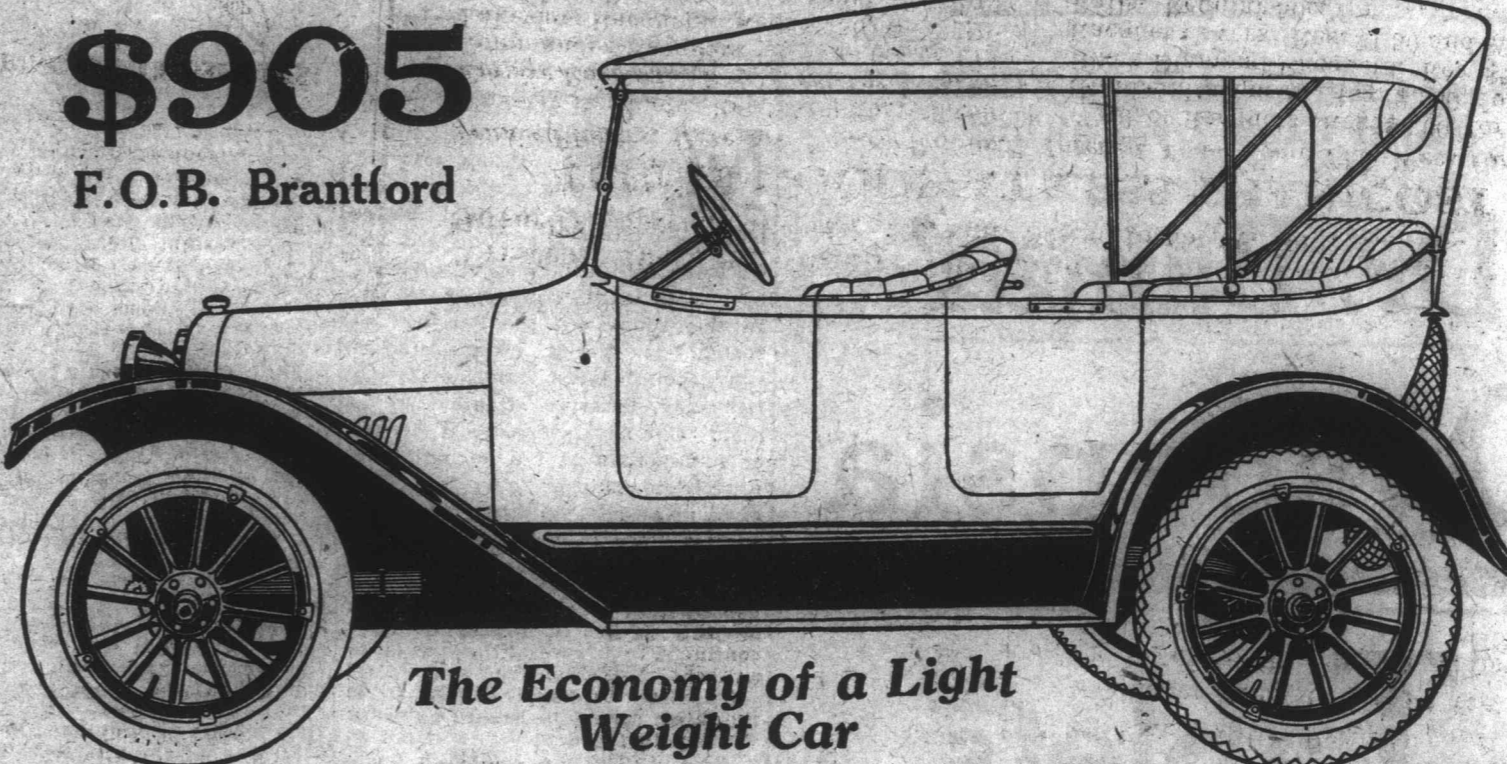

"That the proposed agreement for the purchase of the Cocksbutt and Paris toll roads be approved and accepted, subject to a clause being incorporated to provide that the City of Brantford shall at no time, without its consent, be called upon to contribute more than an amount equal to one half mill on the dollar of its assessment roll to the construction and maintenance of road within the suburban area as now or hereafter defined, and that this agreement be subject to ratification by special act of Legislature."

The resolution was carried, 14-3. Ald. Bragg and Simson voting nay. It was the unanimous expression of the members that having first in full the proposals of the county, the matter be treated as definitely settled, and that unless this proposition is acceptable to the county, the city council would not deal further with the toll roads question.

F.O.B. Brantford

The Economy of a Light Weight Car

"Light weight in an automobile means more than it ever did before," says H. J. WALLACE, local dealer in Chevrolet automobiles.

"Less weight in a car means less expense for gasoline—less expense for oil—and less expense for tires. It means longer service for less cost—the very thing that is eagerly sought by every motorist. The man who drives a light car isn't carrying around a lot of excess weight which he cannot utilize, but must pay for dearly in extra fuel and tire wear.

"The light car not only costs much less to operate, but is easier to drive, especially in congested traffic. For long distant driving it is far more dependable. It can travel with ease over rough roads, and get in and out of places where the heavy car, handicapped with its own weight, could never negotiate.

"But in spite of the many advantages of the lightweight car, which anyone can easily understand, if they give the subject a moment's thought, there are many laboring under the delusion that a light car lacks strength. This is not so. If built right, the lightweight car is just as staunch and sturdy as the heavyweight car. As a rule it also possesses longer life, and depreciates less in value from year to year—all because there is less weight, which means less strain, less wear and tear.

"Anyone skeptical on this point should inspect the Chevrolet 'Four-Ninety' Touring Car. Here is a car weighing less than two thousand pounds yet possessing ample strength for all uses to which it could possibly be put to, and power enough for all occasions. Because of its light weight and famous valve-in-head motor, twenty-five miles on a gallon of gasoline is a common performance for this car. And a set of tires on a 'Four-Ninety' will give exceptionally high mileage."

A PHILANTHROPIC EDITOR.

Pockets Bulged With Tickets, But Couldn't Get into a Show.
(Dunnville Chronicle.)

At the meeting of the Canadian Press Association in Toronto last week it cost George Pearce of the Waterford Star 87 cents to get into Loew's 25-cent show, George got in to line and put up two bits for an admission ticket. When he reached the door he found he was minus the war tax and had to step out of the front end of the line and go to the rear and start in all over again. Then when he had spent another quarter of an hour and worked his way along, got his war tax ticket, and again reached the door the cop on guard stopped the line because the house was full and fire regulations would allow no more to be admitted. But George was not to be balked. He had lost some valuable time in an effort to see Loew's show and he was going to do it. So he ducked under the rail and bought another 25-cent ticket and 2-cent war tax ticket for the roof garden, and up the elevator he went. But the fates were against him. Just as he reached the door upstairs the cop on guard there said there was nothing stirring, as the garden was full, too. More determined than ever, George beat it down the elevator again, got in line, purchased another 25-cent ticket and 2-cent war tax ticket, and this time made the grade. Just why he again bought tickets for the down stairs show when he already had them, will take a whole lot of explaining. When he finally got out of the show, the elevator had stopped running and he couldn't cash in on his unused roof garden ticket. Now if all this had happened to the editor of the Chronicle, the surest thing you know is that some people in Dunnville would be mean enough to say the house and garden were not the only things that were full. George's ally is that Tim Sullivan and Herb Stafford, two highly respected Waterford temperance business men were with him. Far be it from us to throw the first stone.

BRING ON THOSE JARS!

Friend will better get the free canning book by sending a two-cent stamp to the National War Garden Commission at Washington, D. C. and be ready to answer hubby's call.

ALL MOTORS NOT PLEASURE CARS

Fast Conveyance as Essential as Telegraph or Telephone Today

(From the Grand Rapids News.)
 The motor car manufacturers are making a just fight against the great curtailment of production, if it would seem the limit of that curtailment had been about reached. It is unfortunate that we call all those automobiles not directly classified as trucks, "pleasure cars." A very large percentage of them are necessary if we are to carry on our normal business. Farmers cannot get along without motor cars, nor can business men, professional men, or any other class.

We are speeded up as a nation to the motor car. We need that fast conveyance as much as we require the telegraph and the telephone. We can't go back to the slower horse,

even if there were enough horses to be procured. Last year, for instance, there was one automobile for about every 24 inhabitants of the United States. Unless the nation can buy cars enough to keep up its average, it will begin to slow up on productive and every other kind of efficiency. It is calculated that we require almost 1,000,000 new cars a year to keep the proportion of automobiles to population where it is. And there is as yet no real reason to fear a shortage of gasoline. The production of this fluid in 1917, according to the bureau of mines, was 67,831,000 gallons greater than in 1916, the total for the past year being 2,729,732,000 gallons, a daily increase of 1917 over 1916 of 1,853,000 gallons. The stocks on hand Dec. 31, 1917, amounted to 412,256,000 gallons, against 287,758,000 gallons on hand Sept. 20, 1917, or an increase for the final three months of last year of 124,098,000 gallons.

Only dire war needs should counsel a further appreciable cutting down of motor car production.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quartet pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

SIDELIGHTS OF THE STAGE AND SCREEN

WHO IS DOT? Tremendous interest is being shown in the local screen play to be given under the auspices of the Brant Chapter, I. O. O. F., at the Rex theatre all next week.

week, but the regular bill will change as usual, Monday and Thursday Dustin Farnum will be seen in the well known play "North of 53," during the first three days and Mary Pickford in "The Little American," which is her greatest play, will be shown by special arrangement the last three days.

picturesque characters which confronted the pioneers in their march toward the sunset land in the days of old, finally is written, it will be inevitable that the vivid Western characterizations of William S. Hart shall exercise a powerful influence upon the historian.

JACK PICKFORD in "Mile a Minute Kendall" A Paramount Picture AT THE BRANT THURSDAY, FRIDAY, SATURDAY.

MUSIC IN THE HOME

WHEN HER HUSBAND COMES HOME FROM WORK. She understands the mood he is in from the music he plays—a perfect understanding.

This is not a recipe culled out of a book entitled "A Thousand Ways to Please a Husband." It was told just in the fire of a life confession by a woman whose husband is known to be the nearest to the ideal.

Her husband constantly uses the player piano. When he comes home after a day's work, his first movement is toward the instrument. It is there that he unconsciously and unknowingly expresses himself and his reactions of the success or failure of the day.

"NORTH OF FIFTY THREE" This is the story of "North Fifty-three," at the Rex the first of next week. "Roaring Bill" Wagstaff's from the player piano and gives himself to her in a way that he could never express in any other manner.

Musicians Should Develop Natural Gifts. A glance at present-day programs as compared with those of some years ago shows a decreasing number of pieces of pure technical display.

With the School Ma'am. Her story follows her, Bill, with the great heart and big soul which made him the favorite of his companions.

Hazel comes to the great North-west as a school teacher. Before her journey she was a stenographer in the East.

Bill takes her to the boat to send her back to shore. Hazel decides that she does not want Bill after all and tells him so.

Bill takes her to the boat to send her back to shore. Hazel decides that she does not want Bill after all and tells him so.

Bill takes her to the boat to send her back to shore. Hazel decides that she does not want Bill after all and tells him so.

MUSIC IN THE HOME

this reason the importance of technical proficiency is sometimes underestimated. It should be realized however that the free expressions of the very qualities most desired is only possible when the technical equipment is so flawless that all mechanical phases of art are eliminated.

REX THEATRE

ALL NEXT WEEK BRANT CHAPTER DAUGHTERS OF THE EMPIRE PRESENT AN ENTIRE LOCAL CAST IN THE INTERESTING PLAYLET WHO IS DOT? Among the Many Scenes of Interest Showing Through the Play Are The Entire Fire Brigade in Action Local School Children at Play; Street Scenes with Hundreds of our Citizens.

PUBLIC NOTICE Military Service Act, 1917. Men 19 and 20 Years of Age. Harvest Leave. Leave of Absence on Ground of Extreme Hardship. Procedure to obtain Leave of Absence. Men Nineteen and Twenty Years of Age. It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

MILE-A-MINUTE KENDALL. A forthcoming presentation of more than average interest will be signaled at the Brant theatre next week when "Mile-a-Minute Kendall," featuring Jack Pickford and Louise Huff, two of the principal stars in the Paramount firmament, will be seen for the first time in this city. In this presentation of one of the leading New York stage successes, admirers of genial Jack Pickford and his delightful co-star in numerous Paramount successes, are assured of an enjoyable performance, framed in by situations of rare dramatic strength and scenes evidencing unsurpassed photography. The supporting cast is one of rare excellence, and includes several favorites with Brant theatre audiences.

Banff, Alberta

On Lake Louise

Swimming Pool at Banff

Have You Been to Doc. Nature, War Strain Specialist?

sanatorium. He did not remember the headline that he wrote in his school copy-book: "A stitch in time saves nine," otherwise a month at a holiday resort would have saved him a year of ill health. Nature is the one great healing physician for the tired and overworked, and nature is always best when using preventative. She cures, too, but she prevents in all cases where a breakdown is threatened.

Holiday resorts of this country are at their brightest during July, August and September. The hard working home fighter needs leave as much as the soldier needs his period of recreation, behind the firing lines; and every train should bring visitors to Evangeline's apple-sweet Annapolis Valley, trout streams, New Brunswick with its golf links at St. Andrews-by-the-Sea, to the silvery lakes and streams of Quebec and Ontario, to the Canadian Pacific Rockies, and their thousands of square miles of Alpine parks, where trails lead up to the glaciers, and where thousands visit the summer hotels at Banff, Lake Louise, Field and Glacier. The stream of tourist traffic flows out to Vancouver Island and on to Alaska, the Land of the Midnight Sun.

In spite of war conditions, Canada still retains good service for passengers on her railways. Life has become simpler, and one has to be content sometimes with an upper berth, while the regulations of the Food Board are rigidly observed on the dining-cars, but the health resort is recognised not as a luxury, but as a necessity, and Canada's summer travel promises to be as active as ever.

THE ROYAL AND ANCIENT

The present season promises to witness quite a revival in inter-club matches, and already a number of such events have been recorded, both in the East and West.

That was quite a "stunt" pulled off at Winnipeg, where the United States Amateur and Open Champion, Mr. Charles Evans, Jr., partnered with Mr. Warren A. Wood, also of Chicago, played two exhibition matches for the Patriotic Funds against local players.

From all parts of the Dominion comes word of exhibition matches and other golf events for the patriotic funds. Mr. George Lyon, Mr. Seymour Lyon of Toronto, Mr. T. B. Reith of Montreal, and other leading amateurs, are giving freely of their services.

The 1918 season has certainly witnessed a very remarkable start of every golfer's ambition, viz., to make a "hole-in-one" from the tee. The first word of this remarkable performance comes from the Vancouver Golf and Country Club, British Columbia, where the "trick was turned" in a record-making manner.

These Are Always Due to Bad Blood Which Must Be Enriched and Purified. So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritations that a word of advice is necessary.

SCREEN DOORS AND WINDOWS KEEP KITCHENS CLEAN and COOL. Flies, those dangerous carriers of disease germs, will soon be venturing into every door and window. Bar them out. Good screens cost little money.

Irish Plot With Germans

IRISH PLOT WITH GERMANS

GLANCING at the Sinn Fein record since the beginning of the war, the average man would say that the onus is on its leaders to prove that they were not conspiring with Germany, rather than upon the British Government to prove the affirmative.

One of the most abused rules of golf on Canadian courses is that relating to a lost ball. Definition No. 20 emphatically states that "a ball is lost" if it is not found within five minutes after the search for it has begun.

At the same time Teodor Schiemann, professor of Berlin University, was writing: "Ireland has only one enemy. Let every Irish heart and hand, every Irish penny strike for Germany. American-Irish, hold yourselves in readiness." In December, 1915, James K. McGuire, one-time mayor of Syracuse, and presumably an American, wrote a book called "What Could Germany Do for Ireland?"

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure all diseases that arise from impure blood.

GRAIN SUPPLY CUT OFF. By Courier Leduc Wire. Moscow, Friday, June 14.—(By the Associated Press)—Czechoslovak control of sections of the Trans-Siberian railway has completely cut off rail and wire communications between Siberia and Russia and has resulted in derailing the European transit of the Siberian grain supply.

Rippling Rhymes

THE RISING COST.

They've raised the cost of rubber tires until I roundly swear, by all the green graves of my sire, that it is most unfair. I'm told by Jacks, the gilded pig, who runs the rubber store, "The price has risen fifteen per cent., and soon will rise some more."

RAIN IS NEEDED. Calgary, June 22.—With a run of three weeks of dry hot weather the Alberta crops are beginning to suffer for the want of rain.

How's This? We offer \$100.00 for any case of eczema that cannot be cured by HALL'S SKIN-FITTING MEDICINE. HALL'S SKIN-FITTING MEDICINE is safe, non-irritating and acts through the blood on the mucous surfaces of the system.

Today Will Never Come Again. TIME wasted on street cars and other ways by some men during the year would buy a Ford Car for them, figuring their time at its money value.
