

SAW ELSIE SIGEL'S BODY.

Chung Sin Helped to Tie Up Leon Ling's Trunk.

Describes How He Saw the Remains After the Murder.

Murderer Still at Large—The Police Saying Little.

New York, June 23.—Bullied and intimidated by detectives, threatened with prosecution and confused with a rapid fire of question, Chung Sin, one-time room mate of Leon Ling, told this afternoon of Miss Sigel's murder.

All day he was bullied, persuaded and entangled in a mass of questions by the detectives and lawyers, but it was not till late in the afternoon that he broke down and told what he knew of the young missionary's death.

From the man's story, it is apparent that Elsie Sigel was first drugged with chloroform and then choked to death. She was killed apparently on the night of June 9, although Chung Sin appeared a little mixed in his dates.

NOT TELLING ALL. New York, June 23.—If the statement made by Chung Sin last night accusing Leon Ling of having killed Elsie Sigel has given the authorities any tangible clue to the hiding place of Leon, the police have not made it known, and it has as yet resulted in no arrest.

CRIMINAL LIBEL AGAINST EDITOR.

Mayor McLaren Has Decided on That Course Against Maclean of the World.

Mayor McLaren, who was viciously attacked by the Toronto World this morning in an editorial over the power question, will begin criminal proceedings for libel against the proprietor and editor of the paper if the lawyer to whom the matter has been referred is of the opinion that the article complained of justifies such action.

When the Power Committee meets tonight at 7:30 in an effort to make some headway towards straightening out the tangle resulting from the vote of the ratepayers on the Cataract contract and Hydro Electric Bill it is likely that one of the first questions to be fired at Solicitor Lobb, of the commission, will be whether he has authority to answer the questions and furnish the information the city is after.

It looks as if the annexation scheme is beaten. The fifty-two names on both petitions, when struck off the original petition for annexation, it is said, will give those opposed to the scheme a majority. The solicitor for the applicants for annexation is authority for the statement that some of those interested informed him that they signed the counter petition because they were told that while it stated that those whose signatures appeared below were opposed to annexation, such was not the case, and it was really for the purpose of getting better terms from the city.

NEED \$150

Before Playgrounds' Association Can Provide Equipment.

The Children's Playground Committee, which was recently organized for the purpose of providing supervised amusements for the children during the summer months, met yesterday afternoon in the Board of Trade rooms to total up the subscriptions and discuss the question of paraphernalia that would be necessary.

IT WAS CRUEL.

Clerk's Mistake Led Prisoner to Think He Was Free.

Laughed Until He Found It Was a Life Sentence.

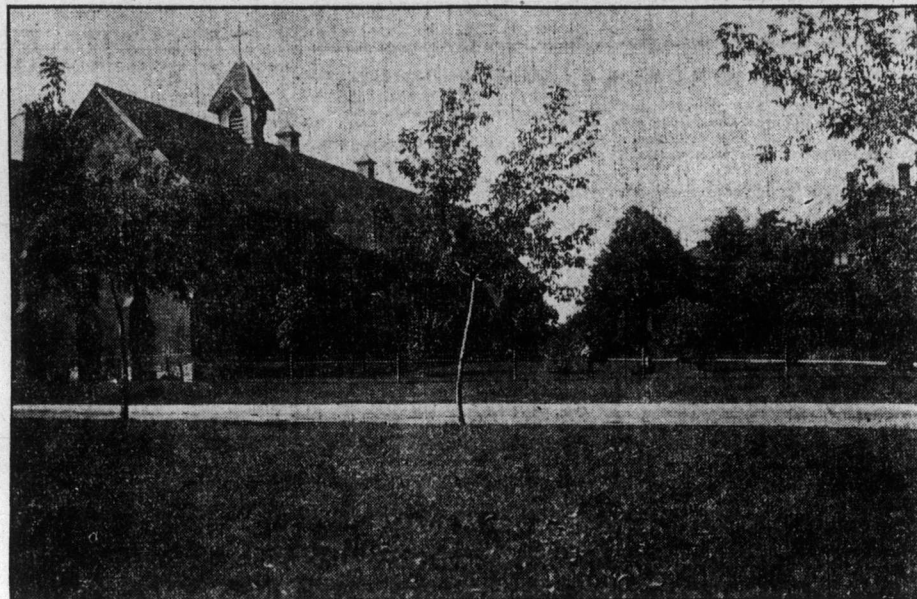

Chicago, June 23.—A fleeting hope of freedom held out to a prisoner in Judge Bronfo's court yesterday was snatched from him in a way that caused a sigh of pity to spread among the spectators when it was found that the clerk of the court should have read the jury's verdict guilty instead of not guilty.

COOL SPOT,

And Large Crowds Enjoying Evenings at Maple Leaf.

The warm weather has shown that people appreciate the efforts of the Maple Leaf Park management to give them popular summer amusements. Last night the park had the largest mid-week attendance of the season and every attraction reports having had a banner night.

Special attractions for the onrampen are being put on each evening. The enchanting ride through the mysterious grottoes of the old mill and the sensational trip of the figure eight are popular; and, in fact, every place one goes to is cool. The management has booked the greatest show of the season for next week.

ST. MARK'S CHURCH

This church will be consecrated by His Lordship, the Bishop of Niagara, on Sunday morning next. The church was erected in 1877, and has been materially enlarged. At the thirtieth anniversary in 1907 the mortgage was reduced to \$1,800, and the balance was paid off on May 9, of this year.

A CHILD DROWNED. Sad Accident on John Street Last Evening.

A sad accident happened last evening, which resulted in the death of Loren Davis McDougall, one-year-old child of Mrs. Martha McDougall, 118 John street north.

The prisoner was Frank O'Donnell, accused of robbing a citizen at the point of a revolver. The jury had been out but ten minutes. The foreman of the jury handed the clerk two forms, one for guilty and the other for acquittal.

CASE CHURCH.

Young People Say Farewell to Miss Zeta Brown.

On Monday evening, June 21st, about 75 young people of Case Church and surrounding community assembled at the home of Mrs. Thos. Bell, Glanford, to bid good-bye to Miss Zeta Brown, who is leaving for Spelling, Manitoba, to join her father and brothers.

Let us hope that Mr. Lobb's advice won't be lobbised.

Royal gossip has been transferred from Queen Wilhelmina's toilet-water to Queen Victoria's mommer's darling.

From what I see of things in the street, the dogcatchers must have missed the meanest looking curs. They are about the only kind to be seen.

If I am ever rich I am going to give prizes to the girls who are good to their mothers. Trips to Europe, houses and lots and pianos and such like.

Ice cream is said to be good for the complexion.

On reflection, I am sure Dr. Lyle will admit that the Times has always been a friend of the Art School and has done what it could to keep its doors open.

There may be a garbage collection on the older portion of Mount Hamilton, but some of the residents and property owners have yet to see the collector.

In the past I have advised the people to keep off the street car tracks if they don't want to get hurt. But now that the cars are leaving the tracks and chasing the people I hardly know what to say.

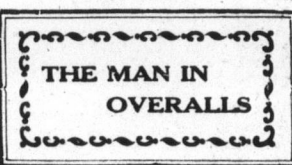

Perhaps the Trades and Labor Council will invite the new Minister of Labor to take part in the Labor Day demonstration. A few remarks from Mr. King would be in order.

If there were no drunks to bring before him, the police magistrate would have an easy time of it.

Although Mr. Waddell does not kick with the same foot as I do, I have no hesitation in giving him full credit for

TOO OFFICIOUS.

County Constables Stopped Newsboys From Working.

The public at the race track yesterday was well protected. In addition to the Pinkertons and county officers employed at the Jockey Club, the city police department was well represented. The officers had little to do, other than keep the track and the entrance free from touts and tipsters' agents.

POISONS HIM.

Woman Confesses and implicates Lover Suspect.

He Says He Bought the Poison to Kill Ra's.

York, Pa., June 21.—Mrs. Joshua Tracey, who was arrested Saturday on suspicion of having poisoned her husband last Monday, made a full confession to-day, according to the police.

Chief of Detectives White to-day returned from Lancaster, Pa., where he confirmed a report that Brown had secured strychnine from a drug store in that city through the instrumentality of his brother.

At Brown's home yesterday a number of postal cards, written to him by Mrs. Tracey, were found by the detectives.

Mrs. Tracey later made a full confession of the poisoning of her husband; the police say, she says that Brown secured the poison and that she mixed it for the purpose of killing her husband.

EARTH SHOOK.

Quake in California—Many Towns Shaken.

Grass Valley, Cal., June 23.—An earthquake, the most severe shock experienced here in several years, occurred at 11.25 o'clock last night.

Reports from Marysville, Nevada City, Chico and Colfax say those towns were also shaken. No damage has been reported.

WATERDOWN CONCERT.

Grace Church, Waterdown, gave a delightful concert on the fair grounds in the village last evening.

He is at present a steward in Blosson's Lodge, No. 14, of Troy, and assistant director of Oriental Temple, A. A. O. Nobles of the Mystic Shrine, of Troy; also trustee for Charles Mead Lodge, No. 862, in the Schenectady Masonic Hall Association.

WANTED TO MARRY GIRL.

Her Father Objected and Lover Shot the Young Woman.

Her Mother Stabbed When Defending Her Daughter.

The Man Then Shot Himself, Dying Instantly.

Albany, N. Y., June 23.—Because he was refused the hand of Tonyea Destafano, aged 14, with whom he was desperately in love, Rohario Del Tapolo, aged 35, attempted to kill the girl and her mother to-day at their home in the Italian colony, in the south end of the city. He made his escape only to return to end his own life by shooting himself in the head in the room occupied by the young girl. He died almost instantly.

After being informed last night by the father of the girl that he could not marry his daughter, Del Tapolo returned to the house early this morning and asked to see her. When informed by Mrs. Destafano that she was still in bed and could not be seen, he went away, but returned a few minutes later and demanded that he be permitted to see Tonyea.

Words passed between the mother and Del Tapolo, when the girl appeared at the front door and attempted to act as peacemaker. After talking to her a short time the man suddenly pulled a thirty-two calibre revolver from his pocket and fired twice at the girl, one of the bullets taking effect in the back and passing through the side of the body. She staggered and then tumbled over the railing of the stoop into the basement.

The mother rushed to the girl's assistance and was attacked by Del Tapolo, who used a knife with a blade about five inches long. He stabbed her several times until, seeing a man approaching, he made his escape. He returned to the house and killed himself while search was being made for him.

GONE HOME.

A Sweet Singer Joins the Triumphant Choir.

This morning, at 3 o'clock, in the City Hospital, an estimable and popular young lady, Miss Elizabeth Anne (Bessie) Goddard, passed away. She had had a long and severe illness, and had made such a brave fight that at times her friends were hopeful that she would win, and be restored to them, but it was not to be.

Deceased was born in Ancaster on May 22, 1877, and had spent most of her life in this city with her parents, Mr. and Mrs. Nathaniel Goddard. She had a great host of friends, and no young lady could have been more popular. Her true Christian life was a constant rebuke to wrong of every kind. She was a worthy member of Emerald Street Methodist Church, an active worker in the Mission Circle, a faithful Sunday school teacher, and for many years was soloist in the choir of her church, of which her brother, Mr. Geo. Goddard, is leader and organizer.

During her long and painful illness she was hopeful, and constantly manifested the same Christian spirit which dominated her life. She was an only daughter and thus the stroke fell heavily on the aged parents and brother. The greatest sympathy is felt for the family and relatives in the hour of their great distress. The funeral will take place on Friday next from her father's residence, 307 Wilson street, to the city cemetery.

Some Good Information.

Y. M. C. A. CAMPAIGN BEGINS TO-MORROW

C. S. Ward Here After a Great Success in Montreal, and is Confident.

Mr. C. S. Ward, who is to manage the Y. M. C. A. \$50,000 building fund campaign in this city, arrived here this morning, fresh from success in Montreal, and enthusiastic about the prospects here.

Montreal's campaign closed last night with a grand flourish. Things looked a little bad, the general committee thought, during the last few days of the two-week campaign, but Mr. Ward did not share the committee's fears. Money was coming in at the rate of about \$12,000 to \$13,000 a day after the first week, and with only one more day to work in the total raised was only \$269,000. To make up the \$300,000 asked for required a big last-day effort. The effort was made and expectations were exceeded. Instead of \$31,000 the various committees obtained \$51,000, and the fund is over subscribed by \$20,000. The last day's work included a subscription of \$10,000 from Robert R. Ford, an anonymous donation of \$2,500 and several other thousand dollar subscriptions, including one from Mr. C. M. Hays, General Manager of the Grand Trunk. In addition to this a subscription of

\$5,000 was received from the late David Yule.

The successful issue of the campaign was celebrated with a big meeting at the headquarters, and Mr. C. S. Ward, International Secretary, who has been the moving spirit in the effort, was presented with a handsome set of gold studs.

And now for the Hamilton campaign. Mr. Ward took hold as soon as he arrived this morning and spent the day with the local committee, getting things ready at the headquarters in the old Knox Morgan building, south side of King street.

To-night at 6:30 the workers will meet for organization at the Royal Hotel, where they will dine together before pulling off their coats to get into the thick of the battle, which will begin to-morrow morning. Mr. Ward is confident of success. He figures that \$50,000 in Hamilton should be easier than \$300,000 in Montreal.

The local committee and workers are delighted with the result in Montreal for two reasons. In the first place they are pleased to know that the great work in that city will be put on a better basis than ever, and then they think it will have a good effect on the Hamilton campaign.

Love Finds the Way

Knocking on the floor twice with his heel, he stood waving the curt message between his finger and his thumb, watching for the appearance of the old mute. When she came he gave some directions by means of the finger language, and handed her the letter. Presently his quick ear caught the sound of footsteps, and getting up, he said: "Oh, go upstairs and take a turn at the mark for a while."

"There it is, Kate. I trust you must implicitly. And now for the matter of communication. See here," he said, taking out a pocketbook and handing her a sheet of note paper and a small glass pencil. "Write your name on that." The woman removed her glove and attempted to do as she was told, but after several vain attempts she looked up and said: "The pencil will not write."

"No, Kate, I see nothing," he said, shaking his head. He took up the paper and, after holding it near the fire, held it up; the hitherto invisible letters then stood out plainly revealed in crimson. "Invisible ink," he explained. "Take that pencil and another one. Write to me, addressed as I direct, a short note, as if to a cousin, in ordinary ink, to avoid suspicion. If the note should chance to be opened, but on the plain side write with the invisible ink."

"And I am that already; I am watching for you." "As for Ralph at the same time—of course. Ah, Kate, you have what few women can boast—brains." The woman's hands closed with an involuntary gesture of delight, and she shot from her eyes a passionate radiance—but only for a moment; the signs of her emotion instantly vanished and she said, calmly: "They are at your disposal—my life is yours."

"I have lived only for that," replied the woman. He nodded and pointed to Sir Ralph's advertisement. "Read that," he said. She read it slowly and attentively. "You must be that governess," he said, decisively. "The woman's face clouded. 'Is that all—no harder to do than that?'" "Stay," he said, with his low, musical laugh. "Not quite all. I am going to leave England—that's a secret."

"I am going to leave England, and shortly, but I am interested in one or two matters in the old country—interested in one or two families without their being aware of that interest. You understand?" "Perfectly," she said, leaning a little forward and breathing more quickly, as if she was drinking in every word, and waiting like a hound, straining at the leash to catch his wish before it was expressed. "One family is the one mentioned in the advertisement—Sir Ralph Melville and his daughter Lily. You will learn all about them when you enter the household—I need not give you their history. The other person is Lady Melville, the widow of Sir William Melville, who was—"

"Murdered!" said the woman, as he hesitated. "Yes," he said, stroking his moustache with his firm hand. "Between the baronet and his brother's widow there is a deadly feud. The history of that you will also find out for yourself—perhaps you know it already. Sir Ralph lives at Rivershall—or in London at their address; Lady Melville is an erratic spirit and has no man knows when or whither. Kate, I know you as well as you know yourself; I know that if I ask you to watch these people and let me hear of them I shall see them with your eyes as well as if I were watching them with my own."

"A slight flush rose to the woman's face. 'You may trust me,' she said. 'Not a word or a look should escape me, but—'" "How shall I place you there," he broke in. "Kate, you shall place yourself! You have not been trained in so good a school for nothing. I write this letter of introduction; it is signed the Rev. James Barlow. When the baronet reads it quietly inform him that it comes from a country clergyman, and give him as a reference the name of the schoolmistress you studied under. She will be only too glad to help her favorite pupil. As a last resort refer him to the good, old woman who has taught you—what is it?—bonnet making."

LACK OF BLOOD

is What Causes Headaches, Dizziness and Heart Palpitation. On the blood depends the welfare of the whole body. Where good blood exists disease is unknown, but where it is lacking, the body is weak and the mind is troubled. Headaches, dizziness, heart palpitation and other serious ailments make themselves felt. Good blood can always be obtained through the use of Dr. Williams' Pink Pills for Pale People. They actually make good, rich blood and thus restore lost strength and banish disease. Mr. Herbert Hanson, Brewers Mills, N. B., says: "I cannot praise Dr. Williams' Pink Pills too highly. I was troubled with headaches, dizziness and loss of strength and had a hacking cough, which I feared would lead to consumption. I tried a number of medicines, without benefit, but was finally persuaded to try Dr. Williams' Pink Pills. I did so, and used these Pills for several months, with favorable results. They helped me so much that I now strongly recommend them to all other sufferers."

PRODUCER GAS.

Important Board Ruling as to Railway Rates. (Special Despatch to the Times.) Ottawa, Ont., June 22.—A contract has been awarded for the construction of the experiment plant at Ottawa to be used for the Mines branch, under Dr. Haanel, for the purpose of ascertaining the value of producer gas in making producer gas. It is held that peat can be made use of for smelting and other fuel purposes. The experiment station will cost about \$13,000. The contract has been given to Doran & Devlin, of Ottawa, the lowest tenderers.

BADLY HURT in Thresher BLOOD POISON SET IN

Healed in One Place, Broke Out in Another—Cure Effected by DR. CHASE'S OINTMENT. Truth is often stranger than fiction and many of the cures brought about by Dr. Chase's Ointment are more like miracles than anything that can be explained. You generally hear of this great ointment as a cure for eczema or piles. In the case we report to-day the trouble was blood poison. You know how dreadfully dangerous this is. You know how helpless doctors are in its treatment. Read about the cure brought about by Dr. Chase's Ointment. Mrs. C. Hopkins, St. George, Ont., writes: "I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain my son got badly hurt and the wounds healed up. One of the men who was pitching shaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it and in a day or so it got sore and very itchy and blood poison set in. We did everything for it, but it would heal one place and break out at another and kept on this way for three months. 'Finally I thought of Dr. Chase's Ointment and in a week's time we noticed a wonderful change. By the use of three boxes he was completely cured and the wounds healed up. There has not been a sign of a spot on him since. 'I might also state that my husband was cured of a very bad case of piles by the use of two boxes of Dr. Chase's Ointment. It is a wonderful ointment.' Wherever there is itching or irritation of the skin or a sore that refuses to heal you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of the landholder.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a tract of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain conditions a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$1.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$1.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

Never has there been a time when jet has been so lavishly employed, not only on our military, but on our dresses; in fact, it would seem as though we cannot have enough of it. It is certainly marvellously attractive and gives a wonderful cachet to a gown or hat. There are cloche toques and turbans entirely composed of black jet cherries, then there are the draped toques strewn with jet cabochons, bugles and sequins, and even in the floral toques jet roses are effectively introduced. Furthermore, it is extensively employed on the brimless toques in the form of baubles.

Scotland We are having fine growing weather at present, which will be appreciated. Strawberries are ripe and will in all probability be a good crop. Quite a number from this village and vicinity took in the excursion to the Agricultural Farm, Guelph, on Thursday. Mr. and Mrs. R. Rose, of Chicago, spent a few days recently with relatives and friends here. Mr. Lloyd Taylor, near this village, had a barn raising on Tuesday afternoon. The barn is over one hundred feet long and is placed on a stone foundation nine feet high. Farmers and gardeners are busy cultivating their root crops. Several from this vicinity attended a birthday surprise at the home of Mr. A. G. McCrimmon, on Tuesday afternoon. Mr. and Mrs. W. Hinsley, of Norwich, were guests of Miss Knight on Wednesday. Mrs. A. Munn, of Fenwick, and Mrs. A. G. McCrimmon were guests of Mr. Geo. Johnson and sisters at Evergreen Farm on Wednesday. Mr. J. A. McMicking, of Hamilton, was calling on relatives near this village on Saturday. The annual garden party is to be held on the public school grounds on July 1st.

Baptist Settlement Mr. and Mrs. D. Barlowe and children, of Lynden, spent Sunday with Mrs. Kelly. Mr. M. F. Vansickle, wife and children, of Jerseyville, and Mr. and Mrs. Elias Vansickle spent Sunday at G. S. Ward's, St. George. Mrs. G. Vincent is visiting at Lorne Wilson's. Mrs. Elmer and Mr. Harold Vansickle, Miss M. and J. Dougherty and Miss Rosa Lockman, of Hamilton, were guests at Erastus Vansickle's on Sunday. Mr. W. Vanderlip and friend, of Burck, spent a couple of days last week at O. Vansickle's. Mr. and Mrs. J. L. Wilson, and Miss J. Wilson, spent Sunday at D. L. Vansickle's. Messrs. Orton and Orville Vansickle and wives and their guests spent Sunday at N. Brood's, Lynden. Miss Lucy Baguley is visiting in this vicinity. Mr. Fred Howell and the Misses Howell, Mr. B. Stenabough, of St. George, and Mr. Weir, of Weir, spent Sunday at Deles Mieser's. Mr. L. Myers & Co., Hamilton. Mr. L. Myers and C. Harrison, of Hamilton, Mr. R. Buckler and wife and Mr. W. Skelly, of Brantford, Mr. and Mrs. D. Skelly, of Troy, spent Sunday at J. Vansickle's. Miss Marie Vansickle spent Sunday with Mrs. L. Wilson.

Glanford The members of St. Paul's Church, Glanford, intend holding a garden party at W. Dalton's on Thursday night. The Y. M. C. A. of Hamilton played a baseball game with Glanford, the latter winning 6 to 4. Nellie Reed, of Galedonia, spent a few days at her parents' residence in the village. Messrs. N. Reed and J. Finch have returned from the West.

Jerseyville Mr. and Mrs. E. Johnson, Mr. L. and Miss J. Smith were in Brantford on the 10th, attending the wedding of Mr. R. K. Johnson and Miss C. E. Doherty. The young couple were former residents of this place, and the heartfelt congratulations of this community are extended to them. Mrs. Purdy, of Seaford, was the guest of Mrs. Wm. Herriot for a few days. A number of people from this place, some as witnesses, some as spectators, attended the High Court at Hamilton on Tuesday. It was the occasion of the Baguley-Mieser will case. Mr. and Mrs. Harrington and daughter Lela, of Elcho, spent Sunday with Mr. and Mrs. J. N. Smith. Miss Maud Miller, of Hamilton, was calling on Mrs. J. Wilson on Friday. Mrs. J. N. Smith attended the annual reunion of the Mieser family, at Bismarek, on Wednesday. On Wednesday, the 16th, the Women's Institute held a most successful meeting at Aladore Farm, the residence of Mr. Robert Wood. The attendance was the largest in the history of the Institute, over 100 being present. Orkney Institute was well represented. Miss Miller, of Guelph, gave a practical and suggestive address on "Hints and Helps to Institute Work." Mrs. J. C. McAlister and Mrs. S. A. Miller contributed some appreciated musical selections. IN CAMP AT OLD NIAGARA. "Proxy Beer" Seized Yesterday; Also Other Suspicious Stuff. Trooper Who Had Sworn Allegiance Twice Deported.

Three Big Events Yet Before the Camp is Over.

Niagara-on-the-Lake, June 23.—Three important events have yet to be pulled off at the camp, the sham battle, which takes place on Thursday, the tattoo of the same evening, and the march past, scheduled for Friday. This year the sham fight is to be on a scale more elaborate than of old. Lieut.-Col. Thompson, of the Fifth Infantry, will command the "Red" force, Lieut.-Col. J. Mason, of the Third Infantry, will command the "Blue."

Although little of special interest was on yesterday's camp programme, there were several minor happenings. An alleged attempt to evade the strict liquor regulation gave the inspecting officer of the camp police something to do. Booles, whose contents the authorities deemed suspicious, were on sale at the Seventh Battery canteen, and straightway confiscated. In addition a brewery wagon containing proxy beer, the property of Taylor & Bate, of St. Catharines, was also detained. The denouncement rests with the analyst.

The attack of a convoy from beamsville in charge of four squadrons of cavalry by three intercepting squadrons was also of interest, the more so as the convoy reached the camp intact.

A trooper named Norton who had sworn allegiance twice to the King and once to Uncle Sam, was this morning given enforced passage to American soil. Norton joined No. 12 Field Co., Canadian Engineers, under the usual pledge of three years' service. The discovery that he was physically unfit resulted in his being involuntarily. He then crossed the line, joined the American regulars, received a three month furlough, and returned to Niagara camp to become a private in the 77th Wentworth regiment. After two days he wearied and rejoined his U. S. regiment. Once again he visited the Niagara camp, this time in the American uniform, and began to abuse his former commanding officer. For several reasons no one wanted him. The solution was deportation.

Communication between Toronto and the camp was to have been made by heliograph, but unfortunately the sun, an essential to the performance, refused to shine.

Troopers from the third year are finding this year's standard in rifle proficiency rather high. As the accuracy of the soldier's aim has to do with a financial as well as a canvas target, the incentive is doubled. All men receive 50 cents a day. First year men receive 30 cents a day; second year men receive 20 cents a day; second year men must make 21 out of 35 shots to receive their extra allowance of 40 cents; third year men have to make 28 out of 35 shots to receive their extra 50 cents daily.

The hospital and cooking mess are more complete than ever before. Lieut.-Col. Reams, senior medical officer, has carefully eliminated anything which might spread disease. Incinerators, sink pits and elution tables are installed throughout.

The work of the Y. M. C. A. at the camp deserves mention. There are nine tents and ten of a staff. Mr. G. N. Elliott, of Owen Sound, has charge of the tent; Rev. G. R. Turk, of Toronto, has charge of the nightly evangelistic work.

The annual military ball was held at the Queen's Royal last night, and was a great success.

HOW IT WORKS.

Some Details of the Wright Brothers' Wonderful Air Machines.

Almost every boy knows the name of the Americans, Wilbur and Orville Wright, and their aeroplane which has astonished the world.

It consists of two surfaces of cotton, stretched on wooden frames and held apart by struts, a horizontal rudder in front, a vertical one behind and an engine driving two propellers; there is nothing particularly startling about this. The meat of the invention lies in the shape of the surfaces and the fact that this shape can be altered in the air.

Both ends of both planes—that is, the frames on which the cloth is stretched—are movable, not upon hinges, but by bending the frames themselves—that is, bending under pressure, just as a rattan cane bends. A simple system of chains and wires and a lever controls this bending or "warping" of the planes, so that the two right-hand planes will move as one, and so that the two left-hand ends will move as one. When the right-hand ends are bent or warped toward the earth the left-hand ends of the planes are bent or warped away from the earth. Both ends of both planes, of course, warp in either direction at will, but the ends warp always together.

By a second lever the rear, or vertical, rudder-planes are turned very much as a rudder is turned in the water. Still a third lever operates the front or horizontal rudder-planes, which steer the aircraft toward or away from the ground.—From C. H. Claudy's "Two American Conquerors of the Air" in July St. Nicholas.

Electric Roads in Sweden.

Within the near future definite plans will be formulated for the electrification of the more important state railways of Sweden. The first line to be taken in hand will be, in all probability, that between Kinnuna, the centre of the great iron ore fields of Lappland, and Riksgransen, on the Norwegian frontier, a distance of about eighty-one miles. The adoption of electric traction on this line, far above the arctic circle and the most northern railway in the world, will be an event of considerable importance in the history of electricity, and cannot fail to stimulate in marked degree the demand for similar action in respect of other Swedish railways. Nor will it be without value as a practical illustration of the unbounded potentialities of Sweden's wealth of waterfalls, not limited to a few specially favored regions, but at hand and only awaiting development to benefit every province.—Cassier's Magazine.

Thomas Young was struck by a street car last evening, and so seriously injured that he died.

Trees to Let. Now the birds are northward winging All the lipping leavers are singing: "Trees, trees to let!" Here's a home for every corner. Share with us the happy summer. Trees, trees to let!

"Build not in the waving grasses. They must fall ere summer passes. Trees, trees to let!" In the bushes snakes may harm you. Cruel cats or dogs alarm you. Trees, trees to let!

"We will guard your needs so surely. Rock your little ones to sleep. Trees, trees to let!" You shall have from our cool shadow. Solendid views o'er wood and meadow. Trees, trees to let!

"Come! We spread our arms to meet you. Six our leaty song to greet you. Trees, trees to let!" Here's a home for every corner. Spend with us the happy summer. Trees, trees to let!" —Hannah G. Fernald, in Every Other Sunday.

THE HAMILTON TIMES

WEDNESDAY, JUNE 23, 1909.

ONE REASONABLE VOICE.

While the Toronto Mail and Empire and a few more of the journalistic Bourbons of the Tory party continue to make war upon the National Transcontinental Railway and to invent slanderous stories intended to destroy confidence in the great enterprise, the Victoria Colonist (Conservative) confesses frankly that the work is one to stir Canadian national pride, and to inspire hope in the future of our country.

That shows a better spirit than is shown by the organs who are willing to resort to detraction and falsehood, and for the sake of inflicting party damage upon their opponents, do not hesitate to defame their country and place obstacles in the path of her progress.

A FOOLISH ATTACK.

The Toronto World the other day attributed to Hon. Col. Matheson an uncalculated attack upon Canadian banking institutions, which did him little credit. The Provincial Treasurer was represented as saying that a great many private investments were being made by gentlemen who sought to take care of their families in this way, as the double liability of bank stocks, now being exercised in the case of the Ontario Bank, had proven a hardship to many women.

THE GROWTH OF AUTONOMY.

Nova Scotia contemplates the erection of a tower to commemorate the establishment in 1758 of the first elective colonial legislature in the British dominions, and a contemporary in discussing the project presents this record of the progress of the growth of self-government in the British countries, the dates of progressive Acts being as follows:

Table listing dates of progressive Acts for various regions: Nova Scotia (Oct. 2, 1758), Prince Edward Island (July 7, 1773), New Brunswick (Jan. 3, 1786), Upper Canada (Sept. 18, 1792), Lower Canada (Dec. 17, 1792), Newfoundland (Jan. 4, 1833), Upper and Lower Canada (June 14, 1841), Cape Colony (May 14, 1850), New Zealand (May 27, 1854), New South Wales (Nov. 6, 1855), Victoria (Jan. 1, 1855), Tasmania (Nov. 2, 1855), South Australia (Dec. 1856), Queensland (1859), Upper and Lower Canada (June 8, 1869), Province of Quebec (Sept. 24, 1867), Dominion of Canada (Nov. 6, 1867), Prov. of Ontario (Dec. 27, 1867), Nova Scotia (Jan. 30, 1868), New Brunswick (Feb. 13, 1868), Manitoba (Mar. 15, 1871), British Columbia (Feb. 16, 1871), P. E. Island (March 5, 1874), West Australia (1890), Natal (1893), Commonwealth Australia (May 9, 1901), Prov. of Alberta (May 15, 1906), Saskatchewan (March 29, 1906), Orange River (July 1, 1907), Transvaal (July 1, 1907).

It points out that the list makes no mention of the West Indies, where representative government was introduced at an early date. The system of government of Jamaica was changed in 1866 and replaced by a legislative council appointed by the Crown.

EDITORIAL NOTES.

What an insult to call in an electrical expert to inform the Council when we have T. J. Stewart and A. J. Wright "in our midst" spilling to give it!

The July interest and dividends to be paid out by corporations in the United States are placed at \$187,623,243, an increase of \$13,093,865 over the first half of last year.

An offer of \$3,000 a front foot has been refused for a lot in Edmonton. Not many years ago the entire town site could have been purchased for a good deal less money.

The King and Queen of Spain are determined that the birth-rate cranks shall have no reason for girding at them. Three children in thirty-seven months is not a discouraging showing.

The St. Thomas Journal urges the Council of that city to pattern after Hamilton in the matter of a dog by-law. Merely passing a by-law, however, will not suffice. To be useful, by-laws require to be enforced.

Toronto has sixteen cases of smallpox, and as the woman who spread the infection had worked in a store, it is not improbable that more may be discovered. A man who is said to have come from this city is quarantined in Toronto.

There is said to be a union of German Clericals and Conservatives to defeat Von Buelow's inheritance taxes. It appears to be certain that the Government taxation programme will have to be modified before it can get through the Reichstag.

But more important than Mr. Lobb's opinion as to what the Hydro-Electric Commission might do as to granting Hamilton special conditions as to power is the fact that the commission's authority is derived from a statute, which prescribes the exact conditions and makes no exceptions.

The Grand Trunk Pacific is making a record in track laying in the West, and is completing a first-class roadway as it goes along. It is approaching Edmonton at the rate of 2 1/2 miles a day, and expects to reach that city by July 20th. The quality of the roadbed of the new line is a subject for admiration by visiting railway men.

The lawyers for Hamilton and Barton appear to have exchanged verbal compliments very freely at the hearing of the annexation application in Toronto yesterday. But it is all in the day's work. It appears that in these matters results are all that count. In this case the result will depend upon the scrutiny of the petitions.

We are pleased to learn that our local manufacturers are making preparations for the holding of the convention of the Canadian Manufacturers' Association in this city in September next. There will doubtless be a large attendance of the country's manufacturers. The local committee should have the hearty support of the Council and citizens in preparing for the welcome of its guests.

The Board of Works last evening forwarded a recommendation to the Council that Mr. S. F. Washington, who has threatened, on behalf of a ratepayer, to attack the street lighting by-law, be notified that the city intends to carry out the contract. This is the proper course. If there is to be litigation, let us have it at once.

Of course it is possible to use power at 13,200 volts to run the Beach pumps. To do so, however, would be most un-

wise. The motors would have to be specially wound for that voltage, and that, in the opinion of electrical experts, would be neither economical nor safe. Experience has proved that such voltages are not desirable. Moreover, the power for other purposes of the city would have to be stepped down anyway.

Although Whitney is unable or unwilling to institute an inquiry into the fraternal societies of the Province, there are not lacking indications that some of them recognize the need for reform. The Sons of Scotland is the latest society to take steps to improve its standing. It has decided to raise its rates to the Hunter scale, authorized by the Dominion Insurance Act. Very wisely, too, we think, it decides to bring all its members under it on the same plan.

Mr. Brierley, of the Montreal Herald, very properly took occasion, at the Imperial Press Conference, to set the chairman right as to the capacity of the visiting newspaper men. The chairman had stated that the visiting press men were there "in a representative capacity." That was inexact, he pointed out. The delegates were there merely in the capacity of trained observers. The distinction may, to some, appear to be a small one, but it is of the first importance to the avoidance of producing errors and misconceptions in the British public mind.

A small cart load of maps, plans and reports on the Georgian Bay canal is now available for those who desire to study the project. It is a great work, and will, doubtless, be carried to completion. Meantime, however, Sir Wilfrid Laurier has made it clear that it is not the Government's intention to proceed with the work at present. The great expenditures undertaken for other public works are sufficient for the time, it is probable, too, that the enlargement of the Welland Canal will be the first great improvement in our waterways to be undertaken.

Messrs. Copp, Clark & Co. have reduced the price of the Catholic Separate School Readers 46 per cent. The company's manager explains that it has a considerable demand for these readers from the other Provinces. Speaking of the reduction, he says:

The reason why we could not publish for the same price as that we have to supply our own plates, while the Government furnished theirs to their publishers. Then the Government supplied all the material in the books and the illustrations, and moreover, there are fifty ten times as many public schoolbooks used as separate school, which means cheaper prices.

The Halifax Herald, the chief Tory organ in Nova Scotia, has been laboring hard to arouse enthusiasm in the ranks of the party; and laboring in vain. In a moment of disgust and candor, it frankly declares that "what the Conservative party of the past few years in this province wanted was a red hot pitchfork, or an earthquake to wake them up!" But may it not be that the Herald has been making the mistake of crying "Wolf! Wolf!" when there has been no occasion for alarm, until its party has ceased to note its most strident shrieks?

ALWAYS BLAMING SOMEBODY. (Toronto World.) The chief opponent of the Whitney-Beck power policy in Hamilton seems to be the official head of the Ontario administration.

BOIL IT DOWN. (Toronto Star.) The speeches of even the foremost public men are no longer reported in full except on special occasions, the discussion in which twenty men engage is reported in a column, so it is not unfair to ask "Boil down, Public, and 'Con-stant Reader' to get ahead of the times and cultivate a more condensed, brief, and snappy style in writing to the newspapers."

MURDERER BLYTHE. (Goldwin Smith.) About the worst crime that a man can possibly commit is the murder of his wife, by which she stays love as well as life. Now is drunkenness any palliation. It is the reverse. Blythe, on conviction, ought to have gone straight to the gallows. His probably is one of those natures in which the finer sentiments have no place; otherwise he would have prayed for death rather than a life of confinement, solitary it is to be presumed, with such an adder as that memory at his heart. It is curious that there should be this outbreak of feeling against taking the life of a wife-murderer while we are all being

A WOODEN-HEADED COUNCIL.

The City Council insisted on dictating the directions and specific courses along which the required extensions of the street railway system should be carried. The Toronto Railway Company submitted other routes that it deemed preferable for the serving of the sections of the city which were to be reached. It undertook to build 15 or 20 miles without delay if the Council would be satisfied with the company's plan of extensions. The Council declined to vary from the arrangement it had ordered the company to carry out, and the latter now refuses to bow to the Council's bidding. It is the fiat of the City Council that the sweep of our street railway system shall not be so enlarged. A purely obstructive attitude on the part of the Council will not be forgiven by the thousands of voters who have waited long to be brought within the sphere of the street railway system.

"A LONG FELT WANT." (Ottawa Free Press.) It is stated that the new daily paper to be started in Hamilton in the interest of the Whitney Government, as a sort of punishment for the Spectator declining to fall down and worship the power policy of the Ontario Ministry in all its glory, is to be strictly anti-temperance.

Now, surely here is something that Ontario has long been waiting for. Has there not been altogether too much interference with the right of the individual to get drunk, to waste his substance, to do just what he damn please? The writer's sentiment which is sweeping over the province is shamefully impelling the millions of dollars invested in the distilleries and the breweries. It must be stopped at once. Let the number of licenses to sell liquor in the cities of Ontario be increased, and let the encouragement be given to the brewers to get clean living, let license be allowed free, away. The Paulian exhortation to be "temperate in all things" is a confounding nuisance. Away with such nonsense. "Let us eat, drink and be merry, for tomorrow we die!"

The distillers, the brewers, the race track touts, the gamblers, the bad language fiends and all the forces of license and lawlessness have spoken.

SANITARY MEASURES.

The Board of Health's Efforts on Wentworth Street.

To the Editor of the Times: Sir,—A pool of stagnant, green, foul smelling water has existed west of Wentworth street and opposite the Stock Yards Hotel now for some years. Through the activity of the Board of Health during the last three summers dozens of such ponds, previously unnoticed or disregarded, have been drained into the sewer or filled in, and the existing nuisance abated.

It is rather complimentary to the work of the Board along this line that the unsightly ponds having now become a rarity, the few remaining should provoke some criticism. The "pool in front of the Stock Yards" happens to be some eight feet lower than the sewer on Wentworth street, and hence cannot be drained into this sewer.

Mr. J. J. Scott, on whom a notice was issued for the abatement of the nuisance, appeared before the Board claiming that a large portion of the water stands on an unopened street, and was generous enough to offer one hundred dollars to assist the Board in getting rid of the water. This can only be done by filling into the gully to the level of Wentworth street sewer, after which the proper drainage can readily be accomplished.

Two months ago, on my own authority I stopped the deposit of garbage at this point as the odor therefrom was very offensive. With the best of intentions and with the understanding that the City Council would supply us with earth and cover the refuse placed in the ravine, the Board ordered the work continued with the approval of the nearest resident who was present at the meeting and also of His Worship, Mayor McLane, who took an active part in the discussion.

We hope that the proper officials will see their way clear to have the offensive material covered, and still think that instead of enduring the stench that has been allowed for years to continue, it would be wisest on the part of the residents to consent to its being abated by the Board of Health in the only feasible way, and since no other material seems available.

It may sometimes be justifiable in order to do a great right to do a little wrong, and with the approval of several aldermen who accompanied the Board on its inspection last fall, it was decided to divert the garbage temporarily here for the purpose of ridding this district of a long standing and odious condition of affairs.

As for the near-by Coal Oil Inlet there never was a more courageous, fearless, or solid endeavor made by any authorities to get some real power, from ex-Chairman Quinn and his colleagues who supported him in the attempt to have this nuisance remedied. It is a species of underhand blackmail only that would imply anything to the contrary.

If the difficulty and odium of abating these abominations fell on those so active in subverting the Board in its endeavor to get some real power, from the Legislature to do its work, we might soon hope for a substantial change in sanitary conditions.

Another Appeal For Assistance to Erect Boys' Building.

To the Editor of the Times: Sir.—The coming campaign for a new Y. M. C. A. boys' building is naturally creating a great deal of interest in Hamilton, and well it should.

The object of the Y. M. C. A. is to develop the three sides of the boy, namely, the mental, intellectual and spiritual. Any two of these sides make a perfect man, and it is perfect men that Greater Hamilton must have.

The new Hamilton Summer School for Oratory which the Canadian Club organized two weeks ago, was formally opened in the parlors of the Y. M. C. A. last night. The event was attended with success, there being present a large and representative gathering of presidents, officers and members of the young men's literary clubs in and out of the city.

The master having charge of the first class was W. M. McClelland, B. C. L., LL. B., president of the Canadian Club. He taught a very able and profitable lesson on the subject of the mode and preparation of a speech, defining the importance of structure and assembling of the matter used. His lecture was much appreciated.

Centenary People Take Leave of a Beloved Pastor. Progress of the Church Has Been Great Under Him. Parting Gifts to Both Mr. and Mrs. Whiting.

A most enjoyable evening was spent last night in the lecture room of Centenary Methodist Church, when a large number of the congregation gathered to say farewell to Rev. and Mrs. Richard Whiting.

Mr. W. A. Robinson acted as chairman, and in his address said that while he was sorry to see Mr. Whiting go, still, he was disposed, as he hoped all others were, too, to be willing that others should enjoy his talents, as well. That is the principle on which Methodism works, and they should make the best of their partings.

Toronto, June 22.—For two hours yesterday morning in the office of the Royal Trust Company, Chas. McGill gave evidence before Official Referee Kappel regarding the 1,713 shares of stock which appear in his name on the list of contributors having looked through ledgers and stock transfer books of the Ontario Bank, of which he was general manager.

DIRECTORS LOOK OVER TRANSFERS.

"With reference to these transfers made twice a year to various parties, what part, if any, did the directors take in having those transfers made?" began Mr. Bicknell.

"I cannot connect the transfers with any particular event. Certain directors took them over for that purpose, knowing the purpose for which they took them over."

"On Dec. 1, 1903, 400 shares were taken over by Charles McGill and R. Hall, as trustees. What authority did you have for this transaction?"

"None officially, but it was discussed with the directors."

"Who is Mr. Hall?"

"He belongs to Peterboro."

"Who were you two men acting for?"

"For the Ontario Bank. Before I came to Toronto we were joint trustees in a dozen different trusts. We had frequent conferences, but they practically ceased after I came to Toronto."

"How did you come to use his name without his permission?"

"His firm were large debtors to the bank."

"Who gave you authority to transfer twenty-five shares to Mr. J. B. Miller on Dec. 31, 1903? Had you any authority from the board?"

"If the directors were about I would tell them what I was doing."

"You have told us that powers of attorney were given to you by Messrs. Perry, Mackay and Irving, directors of the bank."

"That part of the business was looked after by Mr. J. G. Langton."

"In 1903 there was a buying wave on the Ontario Bank stock?"

"There were some of the directors who were annoyed at the rapid selling of the stock."

MR. COCKBURN WAS ANNOYED.

"Who were annoyed?"

"Annoyance for the most part was expressed by Mr. G. R. Cockburn. He would discuss the matter after the meeting of directors."

"Can you give specific instances of where directors were annoyed because the public were buying the stock?"

"The directors were afraid that Senator Cox and other banking institutions were trying to get control of the stock."

"What about the stock carried by Ames?"

"I could not understand why he was buying so freely at the time. Prior to the failure of the Ames company the directors asked me how much stock he held, but I told him it was very hard to find out because the stock was distributed between various financial institutions through Canada, which had advanced money to Ames upon the security of the shares."

MIGHT FORCE STOCK ON MARKET.

"My impression was that he was carrying about \$300,000 worth of stock, and I told the board that it had better make some arrangement for the carrying of the stock, because it might be forced upon the market at any moment."

"What about the subscription to the new issue of stock on Oct. 1st, 1900, when the officers' guarantee fund by Charles McGill subscribed for fifty shares of the issue, which was then being offered to shareholders?"

"I cannot just recall what happened, because I was not permitted to make a record in the minutes of the conversation that took place at these meetings."

"Here Mr. Bicknell made some inquiries regarding the new issue of stock in January 19th, 1902, to the extent of \$250,000."

"What authority had you to buy \$125,000 of this issue?"

"Looking over the transfer books, Mr. McGill replied: 'Of course the directors knew that Lord Strathcona and Sir William Macdonald, to whom the stock had apparently been transferred, had never bought it, at the same time knowing that it was purchased by me.'"

"Did you return these subscriptions to the Government as part of the paid-up capital of the bank and issue bank notes of them?"

"The directors knew of that."

DIRECTORS CEASED TO CONTRIBUTE.

At this juncture the Official Referee asked for some information concerning the existence of the officers' guarantee fund.

"When did the directors cease to contribute to the active fund of the officers' guarantee fund?" asked Mr. Kappel.

ern district of the Sun Life Insurance Company, approached him and told him that he wanted to take over some stock in the Sun Life Insurance Company and hold it in trust for him. At that time the stock was held by Junkin Brothers, of Rockville, who were severing their connection with the Sun Life to enter the Manufacturers' Life Insurance Company. Mr. Hill thought that McGill's name would have some prestige when he (Hill) would be soliciting business. He pressed him so hard that he consented to take over the stock.

McGill said that he held some money in trust for Mrs. McGill in Peterboro, and as the proposition looked so good to her she authorized him to invest \$2,900 in 65 shares of the stock.

"Was that money saved by Mrs. McGill?" asked Mr. Bicknell.

"Not a cent of it," rejoined McGill.

GAVE HIS WIFE MONEY.

"I made every cent of it in private speculations in Peterboro, and I gave her money as a gift to spend as she pleased."

"Had it anything to do with her housekeeping account?"

"She had two separate accounts in the bank."

This concluded the examination of Mr. McGill in this case.

The inquiry was then adjourned until this morning at 11 o'clock to enable Mr. Bicknell to look over some of the bank ledgers before going into the claim of Richard Hill, against whom there are 29,000 shares in the list of contributors.

Grew Thinner Every Day

Appetite was Poor, Dizzy, Faint, Weak, Continuous, Cruel Backache

Another Case in which Dr. Hamilton's Pills Saved Life that Physicians Despaired of.

What a pitiful sight it is to see a handsome, able man being gradually robbed of good looks, health and ability to work. Such cases are frequent—the one here described being that of E. P. Lascelles, a well-known printers' supply man, residing in Hamilton. "About six months ago I began to notice a worn, tired feeling coming over me. I was unable to shake it off. It was not the fatigue that follows hard labor—it was sort of an unaccountable laziness that assailed me. I was anxious to work, but didn't have the energy. Something was dragging me down, robbing me of my health and spirits. I got tired of taking prescriptions that did me no good and used Dr. Hamilton's Pills. Their action soon proved to me that I was suffering from a terribly congested liver and acute indigestion. Dr. Hamilton's Pills brought back my appetite, cured the heavy pain in my side and back, and gave me a new grip on life. I gained in weight and now I am stronger, look better, work better than ever before as was taken sick."

Large Debtors of the Bank.

"His firm were large debtors to the bank."

"Who gave you authority to transfer twenty-five shares to Mr. J. B. Miller on Dec. 31, 1903? Had you any authority from the board?"

"If the directors were about I would tell them what I was doing."

At this juncture the Official Referee asked for some information concerning the existence of the officers' guarantee fund.

"When did the directors cease to contribute to the active fund of the officers' guarantee fund?" asked Mr. Kappel.

"It was a very active fund for several years," answered McGill. "It was only a few years ago that the directors ceased to contribute towards the fund."

The claim of Mrs. Minnie McGill, wife of Charles McGill, with reference to some stock in the Sun Life Insurance Company was taken up.

Mrs. McGill's claim against the bank is for \$2,900, representing 65 shares in the above insurance company.

TIMES PATTERNS.

A LITTLE ONE PIECE APRON.

It will take several days before you can get pattern.

EVERY CONFIDENCE. HELD UP TRAIN.

Colonies Have Faith in the Motherland's Prowess.

London, June 22.—Responding to the toast "Our Guests" at the Glasgow Corporation banquet to the Imperial press delegates, Mr. P. D. Ross, of Ottawa, said the colonials had every confidence in Great Britain. The delegates to the Congress believe that before Great Britain had been called to spend her last shilling and give the last man she would find the foe had the worst of the game. Those across the seas realized the mother country was carrying a tremendous burden of imperial insurance, and they felt the time might come that this burden might prove too heavy. The colonies might not compare politically or commercially with the mighty island, but they had unlimited confidence in their future possibilities.

The delegates made a tour of the Trossachs and the Loch Lomond district to-day as the guests of the city of Glasgow. They will return to London on Thursday, and on Friday will again discuss cable rates. This meeting will be presided over by Hon. H. L. Lawson, eldest son of Lord Burnham, the owner of the Daily Telegraph.

Winnipeg, June 22.—Local officials of the C. P. R. Company were notified of a robbery this morning. Vancouver train No. 97 was held up by six masked men at Ducks, B. C., last night. They had mistaken it for No. 5, carrying ninety silver bars of seventy pounds each to the coast.

Two men climbed over the tender at Natch Hill and compelled the engineer to stop at Ducks, where four men were waiting alongside a camp fire. All were armed with Winchester. They compelled the fireman to break open the express car, but found nothing in it. Immediately afterwards the robbers got in a boat and started for the north side of Shuswap Lake.

Information here indicates that after the robbers had gone through the express and baggage cars, the colonist and first-class cars, they apparently lost their nerve and fled for the boat. The sleeping cars were not disturbed. Officers are after the bandits.

COSTLY NAME.

Contractor Says It Meant Loss of \$100,000 a Year.

New York, June 22.—"I love my name, Judge, but it costs me lots of money to keep it," John Vincent Smolensky told Judge Guy in the Supreme Court yesterday in support of an application to have his name changed to John Vincent Smolen.

Mr. Smolensky, who is a member of the building contracting firm of J. Harry Nicholson & Co., said that owing to the oddity of his name he had lost at least \$100,000 a year for five years.

"The name," he said, "interferes with my business progress, frequently and continuously preventing me from procuring interviews with persons who have valuable building contracts to give out. In fact, entries into business circles is practically closed to me because of this name."

Mr. Smolensky gave the court the history of his life, after which Judge Guy granted the application.

KILLED IN WRECK.

Madrid, June 22.—Twelve native natives were killed and 14 others were injured here to-day by a derauling of a passenger train. After leaving the rails the cars fell down an embankment.

The engineers of the C.N.R., who are dissatisfied with the treatment at the hands of the company, have applied to Ottawa for the appointment of a Board of Conciliation.

DEATH DUTIES.

German Clericals and Conservatives Resolve to Defeat Tax.

Berlin, June 22.—In the lobbies of the Reichstag the dissolution of Parliament was freely spoken of to-day as increasingly possible. It is apparent that the Government cannot have its entire scheme of proposed taxation accepted; the Conservatives and Clericals are determined to defeat the inheritance taxes.

Dissolution can take place only on joint action by the Emperor and the Federal Council. The proposal to impose a yearly tax on bonds and stocks was adopted by 293 votes against 155. The tax is to be calculated on the basis of the average quotation for the preceding year, and the rate of interest on this form payment.

WOMEN WILL MEET IN ITALY.

Council of Women Form Education Department.

Want Children Taught History Without Bias.

Favor Teaching of Domestic Science to Girls.

Toronto, June 23.—With a garden party beside the cool shores of Lake Simcoe at the beautiful summer home of Lady Edgar in prospect, the International Council of Women yesterday morning rushed their business along with great celerity, and practically cleared the agenda paper. The unfinished business, including a discussion on immigration questions, and consideration of the social problem commonly known as the "white slave traffic," was postponed to a special session which will be held at the university on Friday night. The delegates will visit Niagara Falls, and on Saturday they will have an opportunity of inspecting the Ontario Agricultural College at Guelph.

After the little flurry of Monday with regard to peace and arbitration, the Council returned yesterday morning to their usual calm ways. The greater part of the morning was occupied in the reception of reports from various National Councils and Vice-Presidents, and while there was much of interest in the reports were so inordinately long that Lady Aberdeen had to appeal to the ladies to confine themselves to the salient facts. Among the items of interest culled from the mass it appeared that the Danish Government is paying the travelling expenses of two of the delegates from Denmark to the International Council of Women. The fact was appreciated by the delegates, all of whom considered it was an example which might be well followed.

The women of Greece want the right to spend their own earnings without assistance from their husbands. Desiring to do something really useful, however, they have formed themselves into an ambulance corps, and are ready to follow the defenders of their country to the field of battle and there go about an errand of mercy.

The women in Greece have also taken a practical part, led by Queen Olga, in prison reform. They have succeeded in bringing about the establishment of women's prisons in which there are no male wardens, and excellent results have followed their efforts to uplift the unfortunate class which come under the influence of the educational system which is carried on.

Twenty-one women are members of the Finnish Parliament, of whom nine are wives of workmen. Baroness Gripenberg, in her address to the International Council, expressed regret that, now the franchise had been granted, succeeding elections showed a decrease in its exercise.

Official sanction was given to the meeting to be held on Sunday evening in Massena, Australia, and Italy. Mrs. Wright Sewall will give an address on the educational aspect of the peace and arbitration question.

THE NEXT MEETING PLACE.

Then the Council passed on to the selection of a meeting place for the quinquennial gathering of 1914. Invitations had been received from France, Norway, Australia and Italy. The claims, if they may be so termed, were eloquently urged by the representatives of each country, but finally it was decided that the next quinquennial meeting should be held in Italy, after two ballots.

The Executive Committee will meet in Sweden in 1911, and in the Netherlands in 1913.

LOOK AFTER THE CHILDREN.

On behalf of the executive Lady Aberdeen moved: "That the National Councils should, during the quinquennial period, 1909-14, devote a large share of their attention to questions concerning children, and should hold special discussions on such questions at the next quinquennial meeting of the International Council of Women."

The reason for the resolution was to enable them to establish a common platform and a common line of action.

The resolution was seconded by the Marchesa Bourbon, and carried without discussion.

AN IMPORTANT PROPOSAL.

Mrs. Ogilvie Gordon, in moving that a standing committee on education should be formed, and National Councils who had not already an educational section should be recommended to adopt a similar course, pointed out that the collection of information in regard to this important matter. There were many special aspects of education with which women alone could deal, but the great importance matter was that with public should endeavor to prepare themselves to occupy them. Thereupon it was necessary that they should strive to give to women the highest educational advantages. They had already in some countries been able to open the universities to women, and it was by the interchange of information that regard to change of information that regard to progress. At the same time she considered that it was only when they obtained the suffrage that the Governments would acknowledge the need of educating the girl equally with the boy.

TEACH DOMESTIC SUBJECTS.

Mrs. Gordon added to her resolution a rider in favor of the scientific and practical teaching of domestic subjects to girls of all classes, and the establishment of educational information and employment bureaus in connection with the schools.

Frau Hainisch seconded, and Mrs. Pauline Steinman, United States, in supporting it, paid a high tribute to the worth of Mrs. Gordon. She personally felt the need in the United States of something being done for the children who left school at the age of 14 and found themselves at a loose end, not knowing how to select a course of study which would be of advantage to them. In that convention bureaus of the nature suggested by the resolution would be of the greatest value.

The resolution was adopted unanimously, and Mrs. Ogilvie Gordon was enthusiastically elected convener of the new section.

The Council reaffirmed the resolutions passed at the various public meetings in favor of the establishment of a section of public health, the need of women to serve on public bodies and the granting of the franchise to women.

UNBIASED HISTORY.

Mrs. Max Wright Sewall brought forward the following resolution in the interest of the promotion of peace and arbitration:

"The International Council of Women urges all National Councils to promote the use of such text-books and reading books in schools as will present historical facts with the least possible bias, and to endeavor to arouse a living interest in the modern methods of peacefully settling international difficulties."

Miss Sigrid Ulrich, Sweden, did not think the resolution necessary, in view of the careful preparation of modern histories, but Mrs. Sewall pointed out that such could not be held to be the case in view of the great differences between English and American histories with regard to the revolutionary period. They did not want their children to be brought up in the revolutionary spirit.

The resolution was adopted, as was that proposed by Dr. Alexandra Skoglund for the protection of birds.

Mrs. Edwin Gray, Great Britain, in seconding the last mentioned resolution, said that ladies should be careful what they wore in their hats, and thereby raised a broad smile by the fact that two large feathers formed a conspicuous part of her own headgear.

VOTED DOWN ESPERANTO.

Froken Bach, Denmark, brought forward a resolution for the use of neutral language for official purpose in connection with the Council.

Mrs. Henry Hobson, Tasmania, seconded, and in doing so drew a picture of the troubles of the Secretaries where the women of Japan and China and other Asiatic nations were organized. She thought that Esperanto, which was easily learned, would enable them to get over the difficulty.

Dr. Alice Salomon, Germany, considered the proposition hardly feasible, simply because they would have difficulty in expressing their thought in a language strange to them.

"I find no difficulty in expressing myself in English," said Mrs. May Sewall, and the Council agreed with her. At the same time Esperanto had been used for translating Hamlet, and after that it was equal to any test.

It was suggested that the question should be referred to the National Councils for consideration, but the proposal was snowed under.

Froken A. Buch also urged that the Bureau of the Postal Union should be asked to reduce postage and introduce some simple form for "answer prepaid."

BANK ROBBERS

Made Good Haul, But Overlooked \$25,000 in Gold.

Ithaca, N.Y., June 22.—Burglars blew up the safe in the Citizens' National Bank at Leock, twenty miles north of this city, at 1 o'clock this morning, and departed with between \$2,600 and \$2,700, most of which was in \$5 bills. They overlooked about \$25,000 in gold. There were four men in the band, and, holding the citizens who were aroused by the explosion at bay, they made their escape across country to the east.

Mr. James S. Fullerton, K.C., corporation counsel for the city of Toronto, has resigned his position, owing to ill-health.

BLIND FRED AND BLIND JOHN FOX.

Grand Rapids, Mich., June 23.—John Fox, of Zealand, near here, and Blind Fred, of this city, are great friends. Both are blind. Fox is a musician, Blind Fred a peddler. Every once in a while old John makes a trip to the city. Blind Fred meets him at the depot. Fred knows every street and store in the city by

day or night. He takes his pal around and shows him the town. Then Blind Fred returns the visits a few weeks later. But in Zealand, Fred, though he knows Grand Rapids like an open book, is helpless. Here it is Blind John who meets him at the depot and plays guide. The two men call it great fun to go visiting

SHOOTING AFFRAY.

Italian in Toronto Hospital With Two Bullet Wounds.

Toronto, June 23.—With a bullet wound in his abdomen and another through his left wrist, Joseph Russo, an Italian, is lying in St. Michael's Hospital as one result of a shooting affray on Centre avenue, in the Ward, yesterday afternoon. Joseph Russo, who lives in the same house on Centre avenue with Moselino and who did the shooting, is under arrest in the Agnes Street Police Station on a charge of intent to kill, while his wife is held at Court Street Station as a material witness. The woman was sent to the station at her own request, as she was afraid to go back to her home for fear that her husband's enemies would injure her. Conflicting stories of the cause of the shooting are told by the parties mixed up in the affair. Moselino, the wounded man, told the police that

Russo owed him \$10, and that he asked him for it yesterday. Russo, it is said, refused to pay, and when Moselino struck him, pulled a revolver from his pocket and fired twice. The version given by Russo and his wife is an entirely different one. The young couple had rooms in the rear part of 14 Centre avenue, while Moselino occupied the front part. Russo was intending to open a barber shop on the first of the month and had considerable money. According to his wife, a number of men, of whom Moselino was one, and whom she described as "Black Hand men," went to Russo about a week ago and demanded \$100. "My husband told them he had no money to give them and then they said they make his blood into ink," wailed Mrs. Russo. Moselino was found inside the house and was sent in the police ambulance to St. Michael's Hospital. His condition is not considered serious.

WILL FULFIL ITS CONTRACT.

City Will Live Up to Its Agreement With Cataract.

F. W. Bird Company Talks of Leaving the City

Rather Than Do Grading For Switch to Its Works.

That the city is not worrying much over the threatened litigation to break the five-year lighting contract with the Cataract Power Company is evident from the fact that the Board of Works last night recommended the Council to notify S. F. Washington, the solicitor who has the matter in hand, that it is Hamilton's intention to fulfill its part of the contract.

In connection with the new street lighting arrangement, which goes into effect on July 1, B. S. Keith, representing the American Street Lighting and Supply Company, whose contract for lighting residential streets with gas lamps expires, and will be discontinued at the end of the month, appeared and urged the aldermen to consider the advantages of using the gas lamps for the middle of blocks in connection with the new lights. He declared that on residential streets, where the trees were thick, a much better distribution of light was secured, and the proof of this was the extensive use of the gas lights in large American cities and on the continent.

Chairman Allan said the are lighting contract made all necessary provision for the present.

It looks as if there would be trouble over the application of the T. H. & R. to cross the Beach road with a spur to the F. W. Bird works. The city has so far refused to grant permission until the company undertakes to grade the road, which will be raised eighteen inches.

The manager of the Bird Company informed the aldermen that when he was talking the matter over recently with General Manager Allan in Buffalo the latter intimated that if there was any trouble over this switch the Hamilton plant would be moved to Point Lewis, Quebec, where the company already has a branch. The company, he declared, would certainly not consent to grade the road.

A sub-committee will investigate and report.

At the request of the Parks Board \$300 will be spent beautifying Sophia street, which connects Dundurn and Victoria Parks.

In connection with the petition to fix up West avenue between Main and King streets the city decided to grade and repair the portion of the avenue which it owns.

The aldermen will take no action on the proposed spur line across Gibson avenue to the Westinghouse works until they hear from the city engineer.

The city solicitor was instructed to report upon the account from K. L. Aitken in connection with the early stages of the street lighting arbitration.

The Grand Trunk offered to place watchmen at the Wellington, Victoria avenue and West street crossings during the day time. The city will let the Dominion Railway Commission say what is to be done.

The Stewart bridge is in very bad shape. Some money will be spent on temporary repairs, and an effort will be made to have it thoroughly repaired in the winter.

Complaints have been made about the condition of some of the coping stones over areas along King street, and the owners will be notified to repair them.

MORE BLACK HAND.

Resident of Revelstoke Found Dead With His Throat Cut.

Victoria, B. C., June 22.—The activities of the "Black Hand" in interior cities of British Columbia have been resumed and panic reigns among prosperous business men and their families. In the case of Joseph Rameira, who broke jail at Fernie while awaiting trial for threatening Alexander Rizzotto and Louis Corosello, but was recaptured, evidence was offered that Mrs. Corosello had died during the period of suspense following the receipt of Rameira's letters, being unable to stand the strain. Two hundred and three hundred, respectively, were asked of Rizzotto and Corosello for immunity. Otherwise their homes were to be burned and themselves killed. They kept their nerve and sought police assistance, they and their homes being closely guarded. On Rameira being arrested police and envelopes similar to those employed in the threatening correspondence were found. His handwriting was not disguised in the letters. He was sentenced to fourteen years imprisonment and the police are now looking for his associates, with whose assistance he was enabled to break jail.

While East Kootenay has been aroused against the "Black Hand" operations to the West district, a recent murder at Revelstoke having the marks of the same outlaw band. The victim was Fred Orsatti, a petty railway official and labor contractor. Three weeks ago he received a "Black Hand" letter threatening death unless he paid over a large sum. He passed the communication to the police and afterward received a second letter demanding immediate payment.

Both letters were ignored and last Saturday night Orsatti was attacked by two Italians, who cut his throat, freed to ear, immediately making their escape. Orsatti died within an hour.

CENSORSHIP OF PLAYS.

British Parliament is Likely to Abolish It.

London, June 22.—There appears to be hope that the ridiculous censorship of plays to which the British stage is subjected may be reformed, if not abolished, in the not distant future. Premier Asquith, replying to a question in the House of Commons this afternoon, admitted the matter needed an enquiry, which he thought should be carried by a joint committee of the Lords and Commons.

Runaway Horse Takes a Great Tumble at Guelph.

Guelph, June 22.—Only a collision with a telegraph post prevented W. H. Beattie, druggist of this city, from being hurled by a runaway horse over the C. P. R. trestle bridge near the depot into the river below. Freed from the buggy in the collision, the frightened animal, owned by Mr. La Fontaine, bolted toward its back and neck was broken, it was finally decided to let the animal drown, but no sooner did it get its head under water than it revived and struggled out, little worse for the experience. Mr. Beattie was unhurt, and only the buggy suffered damage.

TURKS DEFEATED.

Albanians Inflict Loss of 350 Killed or Wounded.

Vienna, June 22.—The newspapers print an Uskub despatch recording the severe defeat of three regiments of Turkish infantry under Djavid Pasha by Albanians. Djavid Pasha attacked the Albanians in Petos Pass, between Ipek and Jakova, and was repulsed, losing fourteen officers and 350 men killed or wounded. Kiamil Bey, the well known Young Turk leader, was among the killed. Fresh troops have been ordered from Monastir. The Albanian insurgents are reported to be in the Delta. They declare that they will continue their resistance until they are granted full autonomy and Albanian prisoners are liberated.

TAXATION FREAKS.

How French Government Intends to Raise Revenue.

Paris, June 22.—The details of the proposed new taxation under the budget of 1910 have been published. A graduated tax is proposed on the net value of any succession in addition to the present legacy duties. The rate proposed for successions of from \$200 to \$2,000 is one-twentieth of one per cent. Above \$2,000 the rate increases until an inheritance of \$200,000 will pay one-half of one per cent. Succession exceeding \$10,000,000 will pay 2 per cent.

A dog tax is proposed that is based on the number of dogs owned by the taxpayer. Seven francs will be imposed for each dog up to five, fourteen francs each for twenty dogs or less and twenty-eight francs each for the dogs in a pack that numbers more than fifty.

A new tax of \$1 per hectolitre is proposed on automobile essence. French colonial loans are to be subjected to income tax stamp duties, thus assimilating to rentes. The tax on displayed advertisements is doubled.

Every establishment selling drinks and food products will pay two francs annually, the revenues from this tax to be devoted to repressing frauds in such products.

STEAMER SUNK.

Was in Collision During Heavy Fog on Lake Superior.

Detroit, Mich., June 22.—A special from Alpena, Mich., to-night says: In a heavy fog at 9 o'clock this morning the steamer William Livingstone, belonging to the Dominion Fleet, of Duluth, collided with and sank the steamer W. P. Thew, three miles off Thunder Bay Island. It is said the big steel freighter did not stop after hitting the smaller boat.

The crew of the Thew escaped in lifeboats, saving their lives, and were picked up by the steamer Mary Elphicke, southbound. The life-savers responded to the Thew's signals of distress and assisted the Elphicke in saving the crew. E. W. Duncan was captain of the Thew, and she was owned by Hugh Livingstone of Detroit. The fog was light. She lies in 18 fathoms of water. Fog and smoke are hanging heavy over the lake, making navigation dangerous.

The Thew was built in 1884 and was 132 feet long and 14 feet beam with a capacity of 207 gross tons. During the early spring she plied between Detroit and Rogers City.

The steamer William Livingstone, of Detroit, is named after William Livingstone, of Detroit, President of the Lake Carriers' Association.

The Livingstone came out in April, 1908, and on the largest of steel freighters on the lakes. She was the first boat to pass through the Canadian canal at the "Soo" after the locks were repaired yesterday.

TORONTO MAN

Under Arrest in Milwaukee Accused of Burglary.

Chicago, June 22.—A Milwaukee report says: Robert Wilson, alias James Brown, a native of Toronto and late of Chicago, occupies a cell in Central Police Station, while he labors the kit of burglar tools is serving to educate and entertain members of the police department. Wilson, who is a quadron, was discovered on Sunday afternoon by Frank Ellenbecker, when he chanced to make a visit to his grocery store. The man fled to the basement, but was found with his tools and a loaded 38-calibre revolver under a piano box.

HAMILTON TO HAVE BRANCH

Of the Canadian Manufacturers' Association.

Arrangements Being Made For the Annual Convention

To be Held Here During Month of September.

A very largely attended meeting of the Hamilton manufacturers was held last evening in the Board of Trade rooms to arrange for the handling of the convention that is coming to the city on Sept. 14, 15 and 16, and also to form a branch of the Canadian Manufacturers' Association. Mr. Robert Hobson acted as chairman, and Mr. C. A. Murton as secretary.

The chairman expressed his pleasure at the nature of the meeting, and said the arrangements had been well gone into, and a number of facts and figures were open for the inspection of those present.

It was decided that the committees be revised so that one member could be on only one committee.

Mr. Murray said it was possible that five hundred people would be here for the convention. The hotel accommodation would be all right, but it would be necessary to have private house accommodation also, and it was decided that the members of the Hamilton Manufacturers' Association should notify the secretary as to whether they could accommodate some of the visitors. There will be five business sessions in the three days the convention is here.

Mr. John Hoodless said the gathering would be a very important one, and of great interest to everyone present. The hotel accommodation was one of the most pressing subjects. He felt confident in saying that the organization of a branch of the Canadian Manufacturers' Association in this city would have the hearty co-operation of all.

Mr. Fearman announced that the Mountain View Hotel had the best of accommodation for at least twenty-five visitors to the convention.

The chairman thought the necessary expenditure would be about \$3,000, but that amount could be raised in time for the convention.

The executive committee was instructed to see that the committees are arranged in such a manner that they do not overlap. The executive committee consists of the chairman of each of the sub-committees, as follows: Robert Hobson, chairman of Finance; J. A. McMahon, chairman of Reception Committee; H. H. Champ, chairman of Billposting Committee; Arthur Hatch, chairman of Dinner Committee; Col. J. R. Afoodie, chairman of Transportation Committee; F. H. Whitton, chairman of Printing Committee.

Mr. G. M. Murray, Toronto, general secretary of the Canadian Manufacturers' Association, was present, and answered all the questions asked by the members in regard to the forming of a branch in this city, and gave any other information about the association.

If the Conservatory of Music can be secured for the three days of the convention it will be held there.

A resolution was unanimously adopted as follows: "Whereas, Hamilton manufacturers occupy an important place in the membership of the Canadian Manufacturers' Association, and whereas, cities of less industrial importance than Hamilton are represented by branch offices of the Canadian Manufacturers' Association, and whereas, the general movement of this city is a forward one, and whereas, the manufacturers are not organized to take part in this work of expansion and greater development of their home city; be it therefore resolved that this meeting of the manufacturers of Hamilton apply to the council of the Canadian Manufacturers' Association to establish in this city a branch office to be known as the Hamilton Branch of the Canadian Manufacturers' Association, and be it further resolved that a committee be appointed to nominate the officers to manage the branch so soon as established."

FISH SUICIDE.

Lure of Niagara Has Got on the Sturgeons' Nerves.

Niagara Falls, Ont., June 22.—Are the fish in the Niagara River becoming stricken with a suicidal mania and crushing their brains out on the rocks along the lower river? That is the question that certain of the followers of Eke Walton are endeavoring to answer.

W. J. Lee, an ardent fisherman, claims that he has seen scores of fish gush through the water near the Queenston and Lewiston suspension bridge, only to dash out their brains on the rocks that line the banks. With characteristic fisherman's zeal, Mr. Lee has set about to discover the cause of this curious mania for self-destruction, which he says is particularly prevalent among sturgeon.

"One case in particular I will remember throughout my life. I was fishing near the suspension bridge, between Brock's Monument, one morning not long ago. I noticed the water rushing apart a short distance up the stream. Then I discerned a sturgeon, and it was no little minnow. It came head-on toward the bank, and much to my surprise, dashed its brains out almost at my feet. Since that I have seen this performance repeated a number of times. Before I saw the big sturgeon commit suicide, I had found many dead sturgeon along the river bank and wondered how they were being killed. In almost every instance I noticed that the heads were crushed," said Mr. Lee to your correspondent.

"The attention of numbers of fishermen has been called to the strange actions of the sturgeon by Mr. Lee, and it is likely that the Anglers' Association will conduct an interesting enquiry into the phenomena."

New Chief of St. Kitts.

London, Ont., June 22.—Patrol-Sergt. Harry Greene received notice this morning from St. Catharines that he has been appointed to the position of Chief of the St. Catharines police. He will leave to take up his new duties on July 1. Sergt. Greene has been a member of the London force for sixteen years.

HUNTER RATES.

Sons of Scotland Raise Insurance Assessment to Comply With Act.

Toronto, June 23.—A change in rates was decided upon by the Sons of Scotland Benevolent Society after much discussion yesterday, and the Grand Council adopted the "Hunter Rate," which is authorized by the Dominion Insurance Act. By this change the order can now extend its operations into every province in Canada, and obtain letters of incorporation. The arrangements will necessarily involve an increase in the assessment of older members, but the change is calculated to do good all around.

The principal speakers were: Grand Chief, Alex. Fraser, Rev. D. McRae, Dr. Ferguson, Dr. Bapty of Ottawa, L. G. Barclay of Whitchy, J. E. Ferguson of Montreal, Mr. Forman of Collingwood, and D. McNab of Barrie.

Bob Edgren writes in the New York World: His Worship John Munroe, Mayor of Elk City, Nipissing district, Upper Ontario, is in town on business.

This is interesting principally because of the fact that "His Worship" is none other than the Jack Munroe who fought Jeffries, Sharkey, Johnson and Peter Maher.

Afterward he fought Johnson six rounds in Philadelphia. Johnson closed one of Munroe's eyes, but was very careful to get away from the miner's rushes.

Society turned out in force, there was high class racing with driving finishes, the tracks were in fine condition; there was pleasing music by the 91st Highlanders' band—and lots of opportunity for the talent to speculate. What more could race goers want?

The meeting was informally opened by His Honor, Lieut.-Governor Col. J. M. Gibson. He occupied a seat in the stewards' stand during part of the afternoon, and seemed to take quite an interest in the races.

Walker is Favorite Over Bobby Kerr.

Montreal, June 23.—It was announced here yesterday that wires are being laid for the formation of an interprovincial baseball league, to be in operation next season. The cities to comprise the circuit are London, Hamilton and Toronto in the West, and Kingston, Ottawa and Montreal in the East.

Chaucer Elliott said yesterday that he has been approached in the matter by some well known enthusiasts in Ontario, and he fancies the proposition. Elliott has had a varied experience in baseball both in Canada and the States, and he knows whereof he speaks.

Although the preliminary work is now under way, nothing will actually be done till next season. IN THE EASTERN.

But Bobby Kerr is Not Yet on Edge.

Walker is Favorite Over Bobby Kerr.

London, June 23.—The keenest interest is being manifested in the sprint championships, which is heightened by the international character of the contests. Present opinion, especially for the short distances, slightly favors Walker, who beat Cartmel Saturday, running with the wind in 10 seconds flat. Kerr, however, won more easily than he seemed to at Stamford Bridge, and, naturally, he is not in championship trim yet.

While the track there was rather slow, the fight between the South African and Canadian alone will be sufficient to draw a big crowd. PIERCE WON THE FEATURE.

The results of the Roman Catholic Church here, were run off yesterday. The winners of the Queen City carried off the honors in most of the events. Tom Flanagan was unable to be present at the games. A heavy shower came on about noon, and the track at the athletic park was soon a mud puddle.

The games were accordingly run off at the Queen's Park. The winners in the different events were: 100 yards dash—1, Wells; 2, Carlton; 1, C. A. C.; 3, Pierce, I. C. A. C. Time—11 seconds.

220 yards dash—1, Carlton, I. C. A. C.; 2, Wells, I. C. A. C. Time—30 seconds. Half mile boys' race—1, De La Franier; 2, Killoran; 3, Runciman. Time—2:20.

400 yards dash—1, Wells; 2, Carlton; 3, Ross. Time—1:30. The feature of the afternoon was the Marathon road race. Of those who started, four finished, three Irish-Canadians and one local runner being in the lead.

Pepper, of Stratford, gave Pearce, the winner, a half race for first position, crossing the tape just 15 seconds behind him.

The winners were: 1, Claude Pearce, 56:16; 2, John Peppy, 66:31; 3, McCormick, 56:45; 4, Corkey, 60.

M'MICHAEL WON BY TWO FEET.

Willie MacMichael, the Canadian champion roller skater, showed his class last evening at the Britannia rink, when he defeated Camille De Vaudrey, the French champion, in a mile race.

At the start the local boy took the lead of twenty yards, which he held for eight laps. The Frenchman made a hard effort to catch him, and nearly succeeded. MacMichael finishing just about two feet in front. He received an ovation after the race.

The time was 2:50. The following acted as officials: Max Schmidt, Jesse Carey and Louis Christie. A large crowd witnessed the race. To-night, besides the MacMichael-Fetch race, Lomas' hand will be in attendance.

"Rube" Marquard and "Bugs" Raymond were talking of their favorite poets. "Rube" allowed he was stuck on Ella Wheeler Wilcox. "Bugs" said, "I'd rather read her stuff than a box score."

"There was a feller quoin' me the other day about some old guy named Homer Cayenne," observed Raymond, "and he got off a good one. It went something like this: 'A can of beer, a piece of cheese, and thou, you kid, and there ain't no Sarah desert.'"

RACING AT MEXICO. Los Angeles, June 22.—There will be racing next winter at Juarez, across the Rio Grande from El Paso. The Mexican Government has appropriated \$250,000 to be distributed in purses. This statement was made yesterday by Colonel Charles Hunt, who is interested in the project.

The Juárez race track will be doing business before Christmas, he said. Young Terrazas, son of one of the federal officials, is head of the enterprise.

Colonel Hunt said he believed the Tijuana race track project had been abandoned.

PRESIDENT DOVEY BURIED. Philadelphia, June 23.—The funeral of George B. Dovey, President of the Boston National League Baseball Club, who died suddenly last Saturday, on a railroad train, took place in this city yesterday afternoon and was attended by many men prominent in baseball circles. The teams of the Boston Pittsburg and Philadelphia National League Clubs attended the funeral in a body. Services were conducted at an undertaker's establishment, the Episcopal service being read by Rev. F. H. Burdette. Interment was made in Mount Moriah Cemetery. Many floral emblems of beautiful design were received. Out of respect to the memory of Mr. Dovey, all National League ball games scheduled for to-day were declared off.

Fitzsimmons Wants to See Jeff Fight. New York, June 22.—Robert Fitzsimmons, former champion heavyweight of the world, returned to this country yesterday on board the steamship Minneapolis from Europe, where he has been giving theatrical exhibitions. Fitzsimmons was a spectator at the Langford-Hague fight in which the Englishman was quickly knocked out by the American negro.

The former champion said he hoped the public would have a chance to see Jeffries and Johnson in action. He declared that no man could beat Jeffries in fighting condition.

"I want to fight that man Johnson," said Fitzsimmons when he landed. "I feel mighty sure I can beat him; at least I'm willing to make a desperate try. Please don't forget that I am the middleweight and light heavyweight champion. For there is not a man who ever got those titles away from me. If I can get a go with Johnson, however, I will be wise enough to train hard for the match, and I want to say right now that if Jeffries wants to win against the negro he has any diatary tactics in his training he may be given a terrible beating. I think, though, that with proper training he can beat Johnson in good fashion."

SYNOD OF THE DIOCESE

Annual Meeting Opened in the Cathedral This Morning.

Bishop Comments on Fine Condition of Niagara Diocese.

Officers Elected and a Good Start Already Made.

The Synod of the Diocese of Niagara met this morning in Christ's Church Cathedral. The celebration of the Holy Communion took place at 10 o'clock.

secretary-treasurer of the Diocese of Niagara for the coming year.

Address of Lord Bishop DuMoulin was read in which was sketched the progress of the church, and the work being done both in the home land and through missionary efforts in foreign lands.

The Synod then entered the Cathedral school-room and proceeded with the business, after prayer had been offered up by Bishop DuMoulin.

The hostile forms of the kingdom of evil would continue to the end. This Dominion is the land where all nations are invited to come, and for years to come would have a large influx of foreigners, and it is the duty of the church to prepare to meet the needs of the nation.
