EYE GLASSIS RE the best for the preservation of manner.

The lenses are made of the best ma erial, uniform in density, and of high refractive power, their perfect polish and spheroidal shape adapt them to ease and improve the sight of the wearer. The eye being the most delicate or-granger great care should be exercised in selecting spectacles; it is not enough that the glass be of the right focus, but the lenses must be perfectly centered and in many cases perfect relief is only given by having each eye fitted separately. To effect this the lenses are made interchangeable, and having an Optometer to measure the sight, a perfect fit is guaranteed.

There was a magnificent display of Aurora Borealis last evening. It extended over an arc running from North to East, and at times the brilliant corruscations lit up the northern ingly grand. At times the phenomenon was strikof black cloud, and the white rim of the Aurora with its white spires shooting upwards looked like a border of burning silver. ANDOVER ITEMS.

There has been considerable of disinterested in the City Council, but we unhesitatingly say that the present Council Board is a disgrace to the City of Fredericton. Last night there was neither sense, order nor economy displayed; and a pitiful uneasiness, the result of total ignorance of the questions they had to consider, was apparent. AUTHORITIES IN THE WORLD. A careful observance of the laws of health, and the systematic and persistent use of scott's Emulsion of Cod Layer Gil with Hypophosphites of Lime and soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anaemia, General Debility and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

Gents,—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrowlous and consumptive cases, palatable and efficacious.

MRSSRS. SCOTT & BOWNE:—Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable prepara ion, a pocially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrotulous cases.

A. H. SAXTON, M. D., Laltimore. MESSES. SCOTT & BOWNE:—Gentlemen,—Within the 'ast two months I have fairly tried SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.

Yours truly, J. SiMONAUD, M. D., New Orleans, La. December 10th, 1878. Messer. Scott & Bowne:—Centlemen,—In September, 1877, my health oegan to fail and my physician pronounced it spinal trouble; under his care I got some renef from pain, but my general health did not improwe, and early in the wanter I began to race hood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bea, and my life was despaired of for many weeks; violent symptoms appeared, night ain morning coughs, migh, as eats and short breath, and a return of the spinal trouble. My physician stopped the become and then ordered Cog Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of lix and a a chipect of pity to all my friends. Last September I purchased a battle of your Emulsion and before it was as taken I was better. I afterwards bought a dozen bottles, with the following results: Coughs subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the sixteet who asks, "What cured you?" and I answer, "Soott" Emulsion or Con Liver Oit, etc." I have a friend who has not spoken aloud for 15 months, and he is getting better. I gave him a bottle and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and shall do all I can to make known your valuable medicine.

January 20th, 1879:

Very truly yours

H. F. SLOCUM, Lowell, Mass.

Messes. Scott & Bowne — Lynn, Randolph Co., Ind., July 2, 1878.

About the 25th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no or who saw me thought I could live longer than a few weeks at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small dose; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commence mending, and now am able to ride and walk, and an gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
