VOLUME V.

BIG CIVIL ACTION OVER LAND DEAL

Union Trust Co. Sues John B. Gardiner to Recover 30,000 Acres of Land.

John B. Gardiner smiled when he stood in the witness box of the Supreme Court before Chief Justice Sifton this morning and was asked whether he was a novice at the real estate business. Mr. Gardiner is one of the most prominent realty men of Edmonton. He is interested in the Capital Hill sub-division and set the proposition on the fourth payment, of which there were to be twelve in all, extending to the year 1915, and totaling, with interest, the sum of \$142,836.58. No payments have been made since the default, with the consequence that the interest on the arrears is now greater than the cash payment made.

Alleges Verbal Agreement.
The defendant alleges that at the time the original contract was made he had a verbal agreement with one of the officers of the Union Trust Company, whereby he was to be allowed to sell portions of the land and turn the contracts in on his original purchase. The company denies any such arrangement, and while the case was in progress produced letters written by Gardiner, in which he stated that he never thought of such a condition in his mind.

Gardiner, in his contract of his two hours' examination in the witness box this morning, said that all these parties had made a first payment on their property and he had made a second payment, but that he had not turned the proceeds over to the Union Trust Company because of the action of the court. He was unable, however, to produce any books to show what amounts have been paid by purchasers, and he could not figure the claim of each one down to a cent.

Action to Abrogate Contract.
The action of the Union Trust Company is to include the absolute cessation of the contract on the date of June 8, 1908, a declaration that cavets filed against the property and the mentioned defendants be removed and that an order that the plaintiff be given recovery of the above lands.

Settlement of the Case.
The case of the Union Trust Co. vs. John B. Gardiner, which was adjourned in the Supreme court on Friday morning has been settled out of court on terms highly satisfactory to both parties. After the adjournment the defendants made overtures for settlement with the result that the opposing counsel got together and arrived at a decision which was duly presented to the court and accepted.

It was explained to the court that the plaintiff company, in view of the fact that some of the real estate purchasers had purchased a portion of the lands in question from Gardiner and had paid about one-third of the purchase price, agreed to validate the contracts of any of the said purchasers who would pay to them the amount owing on their contracts and an additional sum making up a cash price of \$8.40 per acre.

It appeared from the evidence of John B. Gardiner that various of the purchasers had by payment reduced the amount owing to Gardiner on their contracts to about \$5.50 per acre, which represents the sum they must still pay to secure their title so the

LORDS MUST NOT MUTILATE BUDGET

Have to Accept it Without Compromise or Not to Sways Winston Churchill.

London, Oct. 8.—In a speech in London today Winston Churchill, president of the board of trade, very emphatically asserted that the government would refuse to make any sort of compromise with the House of Lords in reference to the budget.

When the bill leaves the House of Commons, he said, "it will leave in its final form, and no amendment of the House of Lords will be entertained. We shall make no overtures to the House of Lords and shall not compromise."

Mr. Churchill added that it was not true, as some of the government's opponents said, that the government wanted to see the budget rejected, but it did not fear a conflict. If the bill were rejected, such a rejection would be an outrage which he did not believe the House of Lords would commit.

To Settle With Ireland.
Mr. Churchill, in the course of his speech also referred to Ireland, with which country, he declared, the government would make a national settlement, such as had been made in South Africa.

Besides this the assurance of John Redmond, leader of the Irish party in the House of Commons to the United Irish league that the destruction of the House of Lords would remove the last obstacle to home rule, has been followed by another significant ministerial utterance.

Home Rule Looks Large.
London, Sept. 8.—If the Liberal party wins the impending general election there is the strongest probability of Ireland being granted home rule. That a definite agreement to that effect had been reached between the leaders of the Liberal and Irish parties was evident from today's speeches.

Mr. Birrell, speaking at a meeting of the National Liberal club, declared that the government would effect "national settlement with Ireland the same as we have made with South Africa."

Mr. Birrell, speaking at Bristol, with significant concurrence said: "The time must come when Irish questions shall be relegated to Ireland, where they can be understood."

Fireworks on the Stage.
Newcastle, Ont., Oct. 8.—A fire which broke out on the stage of the theatre here tonight, during the performance of the play "The Merchant of Venice," caused the evacuation of the audience.

Two Fatal Accidents to Children.
St. Thomas, Ont., Oct. 8.—A ten-year-old boy, son of W. H. Wilson, was instantly killed at the Alvington fair. He was kicked in the face by a horse.

Waterworks Engineer Injured.
Yorkton, Sask., October 8.—Engineer Horn, of the water works, married, with a family, was found this morning unconscious with his skull crushed in. He may die. It is supposed he slipped beneath the wheel of the gasoline engine in the power house.

Farmer Killed by Disc.
Rosthern, Sask., Oct. 8.—Joseph Percher, a French farmer living five miles north of Rosthern, met with a horrible death about noon today. Percher was disenging when his horse became frightened and ran away. Percher was thrown across the pole in front of the disc. The horse ran about one mile before being stopped. Percher was dragged all the way and was horribly mutilated about the head, hands and feet. His head was completely torn away.

DIVISION OF COST OF THE HIGH LEVEL

Strathcona Asked to Contribute \$60,000, Edmonton About \$26,000, Street Ry. \$75,000.

A conference was held on Friday in Strathcona between representatives of the two cities to discuss what proportion each should pay towards the cost of the high-level bridge traffic section. There were present Mayor Lee and Alderman Manson, from Edmonton, and Mayor Dugan, Alderman MacEwan and Alderman Elliott, from Strathcona.

It was suggested by the Edmonton representatives that \$60,000 was an equitable amount to be borne by the City of Strathcona of the total estimated cost of the bridge over the street railway and for that reason the railway department, or the City of Edmonton, should bear the additional cost of the bridge.

To this the Edmonton people replied that while the street railway has added to the cost the larger and wider bridge will be of benefit to the people of Strathcona as well as of Edmonton.

The original amounts contributed by Edmonton and Strathcona were \$17,500 and \$42,500, or in the ratio of seven to seventeen. The street railway has greatly lessened the proportion of Strathcona's share on the new estimate.

Answer From Strathcona Monday.
The Strathcona representatives said they would present the case as set forth by Mayor Lee to the remainder of the council and would give an answer before Monday night, when the by-law appropriating Edmonton's amount will be submitted at the committee meeting of the council here.

It is altogether probable that the amount of Edmonton and Strathcona will each be asked to pay will be figured out on the estimated cost of \$368,000, without the suggested reduction by the elimination of one railway track and one pedestrian walk.

It is also likely that the grants of \$100,000 each from provincial and federal governments will not be increased before the votes of the ratepayers are taken. The increased amount, if any are given, cannot be assured until they are passed in the estimates at the next session.

The Present Situation.
The situation, therefore, is as follows:
Total cost traffic section...\$568,000
Government grants.....\$100,000
Provincial.....\$100,000
Dominion.....\$100,000
Edmonton.....\$328,000
Strathcona.....\$60,000
Street Ry.....\$75,000

SIXTEEN KILLED IN COLLISION.
Train of Oil Cars and Work Train Come Together Near Topeka.
Topeka, Kans., Oct. 8.—An extra freight train of oil cars crashed into a work train loaded with Mexican laborers on the St. Joseph branch of the Atchison, Topeka and Santa Fe, three miles north of Topeka this afternoon. Six Americans and ten Mexicans were killed outright being crushed under the train and fourteen Mexicans were injured, but none will die.

Birthdays of Triple Alliance.
Germany, Austria-Hungary and Italy Celebrate.
Berlin, October 8.—The German press yesterday celebrated the thirtieth birthday anniversary of the Triple Alliance. All the writers congratulate the countries concerned—Germany, Austria-Hungary and Italy—declaring that the compact has been the means of preserving the peace of Europe.

School Sports at Calgary.
Calgary, Oct. 8.—The juvenile athletes of the Calgary public schools gathered in force at Victoria park this afternoon, where the field sports were held. The boys made a very good showing and it was quite a large attendance of parents to see their young hopefuls distinguish themselves.

Pipes Death Due to Apoplexy.
Halifax, N.S., October 9.—A Boston special says Medical Examiner Barreil announces that the death of Attorney-General Pipes was due to apoplexy. There will be no inquest.

ESCAPED PRISONERS ARE RE-CAPTURED

They Made Their Way Slowly up the Saskatchewan and Turned South to Fort Assiniboia, South of Strathcona.

Making their way slowly up the south bank of the river from Fort Saskatchewan barracks to Mill Creek, three men escaped from the barracks on the morning of Oct. 7. They were wearing E. Y. & P. to the south of Strathcona, the three escaped prisoners, Spence, Magee and Crisbell and Desiring Guard Watters, of the R. N. W. M. P., took refuge about eight o'clock on Friday at the farm house of James Reid, three miles down the C. & E. line. The distance they had travelled had been about two days, and they had been in hiding since Wednesday afternoon at about four o'clock.

Their hunger at last caused them to grow bold and they came to the house of Mr. Reid for food. The farmer who had read the accounts of the escape of the men in the Bulletin newspaper became excited and telephoned to Inspector Worsley, of the R. N. W. M. P., in Edmonton. Meantime he gave the men food and with a promise of clothes kept them waiting. In the barn they lay down, as they thought, safely to rest.

Inspector Worsley, with Corporal Davies and two officers of the Regina police force, Messrs. L. O. Curran and George at once started out and reached the farm house shortly before dawn. They were met by the prisoners Inspector Worsley led the way to the barn and before the convicts were aware they were covered by the firearms and a moment later handcuffed and shackled together by the officers.

The four were taken back to Edmonton, reaching here about midnight. They will be transferred to Fort Saskatchewan barracks this evening. Watters, the guard, is a novice and asserted as a result of a disaffection with his duties at the barracks, he had torn the stripes off his uniform in order to prevent recognition.

The prisoners will be charged with breaking jail and the guard with desertion and abetting in the escape.

Angle-Cock Handles Too Short.
Orangeville, Ont., Oct. 8.—The jury investigating the death of Jos. Paul, of Toronto, killed while uncoupling a cow, was instructed to find an accidental death, but reported that the handle by which the angle-cocks were operated, were too short for safety. The jurors suggested that the railways equip each car with a lever which would enable the brakemen to operate the angle-cocks.

Two Fatal Accidents to Children.
St. Thomas, Ont., Oct. 8.—A ten-year-old boy, son of W. H. Wilson, was instantly killed at the Alvington fair. He was kicked in the face by a horse.

Waterworks Engineer Injured.
Yorkton, Sask., October 8.—Engineer Horn, of the water works, married, with a family, was found this morning unconscious with his skull crushed in. He may die. It is supposed he slipped beneath the wheel of the gasoline engine in the power house.

Farmer Killed by Disc.
Rosthern, Sask., Oct. 8.—Joseph Percher, a French farmer living five miles north of Rosthern, met with a horrible death about noon today. Percher was disenging when his horse became frightened and ran away. Percher was thrown across the pole in front of the disc. The horse ran about one mile before being stopped. Percher was dragged all the way and was horribly mutilated about the head, hands and feet. His head was completely torn away.

UNITED AIDS PREPARES FOR WINTER'S WORK

New Organization Which Will Handle City's Relief Work Will Establish Office, Wood Yard and Storehouse—Provincial Government Will Make Effort to Stop Influx of Out-of-work People During Winter.

The Council of United Aids are meeting with much success in their efforts to centralize relief work and to attend to cases of destitution. The city council has placed \$1,500 at the Aids' disposal to cover a period of twelve months. Prominent business men have intimated their willingness to act on the council. An efficient officer is being sought who will devote his whole time to the society's behalf. An office and wood yard and storehouse is being established where able-bodied men can do something in return for money expended on them. A list of workers wanted, men and women, to do work, will be kept by the council, by which means many out-of-work men and women will be prevented unduly draining the aids' funds, and removing, as far as possible, habitual loafers from the streets. It is hoped that Edmonton has no place of retreat for honest poverty. The real aim of the society is to relieve distress and detect impostors.

The \$1,500 the city council has granted will be means do all the Council of Aids are attempting will go to but a little way, and assistance is sought from other sources. The Imperial Bank will contribute if any are given, cannot be assured until they are passed in the estimates at the next session.

The Present Situation.
The situation, therefore, is as follows:
Total cost traffic section...\$568,000
Government grants.....\$100,000
Provincial.....\$100,000
Dominion.....\$100,000
Edmonton.....\$328,000
Strathcona.....\$60,000

THE VOICE OF THE NORTH WILL GROW

J. K. Cornwall, M.P.P. For Peace River Returns After Tour of His Constituency.

"The north is the finest country that lies out of doors," said J. K. Cornwall, M.P.P., on his return this morning from a ten week's trip throughout the Peace River constituency. "There is a whole province within a province which will some day be the wealthiest section of Alberta. I travelled from Peace River Crossing to the 59th parallel of latitude which is near the northern boundary of the province. Everywhere the settlers have had a splendid harvest with the exception of the most northern section. Even there a slight touch of frost while the grain was ripening, and as a result the grades will be lowered. In the upper Peace River country and on the Grande Prairie, a record harvest has been taken off and the settlers are all delighted over the very successful year.

20 Tons of Machinery.
"As soon as the first fall of snow comes so as to make travelling overland easier, there will be a string of settlers from the Grand Prairie district to Edmonton. Everywhere the settlers have had a splendid harvest with the exception of the most northern section. Even there a slight touch of frost while the grain was ripening, and as a result the grades will be lowered. In the upper Peace River country and on the Grande Prairie, a record harvest has been taken off and the settlers are all delighted over the very successful year.

Its Voice Will Grow.
"To be sure the voice of the north is weak, but the future is bright and that shortly, when the colonization and development of the north by settlement from the provincial government, will be a five-fold increase.

Means Much to Edmonton.
Edmonton's future is dependent on the opening up of the Peace River country. Hundreds of settlers would go in there if the problem of transportation were rendered less acute. I visited nearly all the new settlers who have gone in this year and they are doing splendidly as far as the production of marketable goods is concerned. Although arriving in the country late in the season, not a few have sown their fall wheat for next year's harvest."

New Locomotive Record.
Admiral Seymour Takes Clip at Mile in 43 Seconds.
New York, Oct. 7.—Admiral Sir Edward Hobart Seymour, whose flagship is the fastest of the fastest war vessels afloat, today lowered the record for steam locomotives when, as he was seated beside a dust begrimed engineer, the New York Central, a part of the distance between New York and Ossining was covered at the rate of 43 seconds a mile, the fastest ever made by a steam locomotive. It was the regular run of the Twentieth Century Limited, which covers 1,000 miles between New York and Chicago in 18 hours. It was not only the fastest run the flyer had ever made over a given distance, but it surpasses it is said, all other records for steam propelled trains in the country, if not the world. Admiral Seymour and the party, composed of distinguished visiting officers and officials of the road, was absent from the Grand Central station just one hour and 39 minutes.

Wasn't it a magnificent trip and such splendid equipment for speed and comfort. I thoroughly enjoyed the experience." The British naval squadron, consisting of the Drake, Arctik, and the Duke of Edinburgh, sailed today and Admiral Seymour only delayed his departure that he might take the trip up the river.

The Inflexible is capable of making her expected to make up the 24 hours and overtake the other vessels of his fleet before they are far at sea.

School Sports at Calgary.

Bulletin News Service. The forest fires in this neighborhood have reached such a stage that the fire department has been called.

SAFE CRACKERS AT LIBERTY

Ottawa Free Press Comments on Administration of School Lands.

Ottawa, Oct. 8.—With policemen and special constables stationed along every road, scores of volunteer searchers watching upon a hundred hill tops from North Wakefield, of Chelsea, and all boats along the river securely locked at their anchorage to prevent their use by fleeing men.

PROVINCE SWEEP BY PRAIRIE FIRES

Except in Calgary, Vermilion, and Kinlesla Districts Losses by Settlers are Slight.

In view of the very indefinite reports which have been received from time to time, of losses to settlers in various parts of the province by prairie fires, the Bulletin has resorted to authentic reports from local correspondents as to the true state of affairs.

Along the C.N.R.

A correspondent from Lamont telegraphs that the immediate vicinity of the town has escaped prairie fires so far this season.

Administration of School Lands.

The Evening Post is commenting on a dispatch from Winnipeg to the effect that the three prairie provinces will make a united appeal to Ottawa court-rooms for the administration of their own school lands.

DIFFICULT TO GET EVIDENCE

In the Crusade Against Winnipeg's Unpleasant Conditions.

Winnipeg, Man., Oct. 8.—Segregation cases, as they are known in police circles, were on at the police court this afternoon.

Drawing Net Around Her.

Toronto, Oct. 8.—The coroner's jury finds that Annie's infant was smothered by strangulation at the hands of Mrs. Mabel Turner between September 11, the date of its birth, and September 12, when the body was found.

Wesley's Journals on Press.

London, October 6.—The first volume of the correspondence and complete edition of Wesley's journals, which the Methodist Publishing House has had in active preparation for several years, is almost ready for publication.

Immigration to Southern Alberta.

Calgary, Oct. 7.—Immigration to Southern Alberta in September from the Western States, Washington, Oregon and Idaho was 200 per cent. greater than during the corresponding month in last year.

Will Expeditious Ballonist's Release.

St. Petersburg, October 6.—When the news that the American ballonist, Mr. Edgar W. Mix, was under arrest at Ostrolenka, north of Warsaw, was communicated to the premier, M. Stolypin, at his country estate, on the morning, the premier promised to expedite his release.

Germany Desires Big Loan.

Berlin, Oct. 7.—The imperial government will ask for a loan of \$125,000,000 in the beginning of 1921. This accounts, according to the newspapers, for the recent tendency to sell imperial issues on the bourse.

Electric Railway Superintendent.

Vancouver, Oct. 8.—Allan Purvis, superintendent of the C. P. R. in the Kootenay, has been appointed superintendent of the Chilliwack branch of the British Columbia Electric railway.

EARL GREY PLEASED WITH RECEPTION HERE

The following letter has been received by His Honor the Lieutenant Governor from His Excellency the Governor General:—

Government House, Regina, Oct. 4th, 1920. Dear Lieutenant Governor—I shall be obliged if you will convey to Mr. Rutherford and the other members of your government, also to the many ors, councils and citizens of

Strathcona and Edmonton an expression of my most grateful appreciation of the whole-hearted welcome extended to me in my capacity as representative of His Majesty the King.

The various incidents that marked our stay with you, the picturesque arrival at Strathcona, the torchlight drive, the reception in front of the Yale hotel, the enthusiasm in the streets, the lavish and beautiful decorations, the impressive demonstration of Canadian and Imperial sentiment manifested everywhere, the side streets no less than in the main thoroughfares, have enriched us all with recollections that will never fade from our memories.

I shall also be glad if you will especially congratulate the ladies responsible for the beautiful and original ball decorations. Edmonton had every reason to be proud of that remarkably pretty entertainment.

With my kindest regards to Mrs. Bulyea and my warmest wishes to you and her for your generous hospitality.

I remain, Yours truly, (Sgd.) GREY.

MAKE OPERATION A CRIME.

PATRIOT TELLS OF TURKISH LIBERTY

N. Menasse one of "Young Turks" Who Deposed Sultan Abdul Hamid.

Among the cosmopolitan citizens of Edmonton there is an interesting character in the person of N. Menasse manager of the Starland theatre. Mr. Menasse is a native of Turkey, whence he was forced to flee three years ago because of his alliance with the Young Turks, the liberators of the country from the absolute regime of Sultan Abdul Hamid. Since coming to Western Canada direct from his mother country Mr. Menasse has learned to speak English and French fluently by study in his spare hours.

Like every true patriot, Mr. Menasse has a passionate love for his country. While here he is studying conditions and is reporting to the leaders of the Young Turk society at Constantinople as to the principles of government worked out in Alberta. He expects to return to his country some day and to labor for its cause.

With strong emotion, Mr. Menasse told a Bulletin representative the following account of how the Young Turks got the ascendancy and deposed Sultan Hamid, ex-uler of Turkey.

Began Twelve Years Ago. "Twelve years ago the first liberty movement was begun, with Osman Bey, a relative of the ex-sultan at its head. Being in the sultan's palace he saw many things which were opposed to principles of liberty for the subjects and began to make mention of them. He was condemned for his actions and fled to Paris, where he was instrumental in forming the society of Young Turks. The liberty idea was introduced into the schools of Turkey and an agitation sprang up against the government. As soon as the sultan heard of this he flooded the country with private detectives who were paid well to spy out offenders against the sultan's cause.

In 1901, in the school of Idadie, in Constantinople, which I was in attendance as a pupil, there was a professor, Ezizet, by name, who began talking the liberty movement to the pupils. Among them was a private detective who informed on him. An armed force was accordingly sent to take the professor prisoner, but the students armed themselves and he could and drove the soldiers away. The professor escaped and made his way to London, Eng., where he organized a Young Turk society under the British flag. The movement gradually became more powerful and many Young Turks were forced to flee from the country.

Sought to Interest Masses. "In 1906 the sultan saw the progress of the movement and to stay it he sought to get the ignorant masses of the people with him as opposed to the educated classes, who formed the majority of the society of Young Turks. The ignorant masses believe in Allah, that as God, Mahomet his prophet and Kalif, the descendant of Mahomet. This title has been supported from the time of the sultans in Turkey and it is a mark of reverence by all ignorant people. Sultan Hamid attempted to win over the ignorant classes by denouncing the Young Turks as unfaithful to the Koran and as wishing to dethrone him as sultan. The mass was accordingly misled and the last massacre at Adana were due to the popularity of the sultan among the ignorant classes. The sultan of this is the greatest power came into the hands of the Young Turks many Moslems were put to death simply because they had propagated the sentiment against the Christians among the ignorant people.

First Meeting Held in London. "In 1907 the Young Turks, believing that they were strong enough to oppose the government, started the movement of liberating their country from Sultan Hamid's cruelties. The first meeting was held in London, Eng. Many of the most popular Young Turks took part and decided to put an end to the sultan's regime. The first active step was taken at Salonica, where telegrams and messages were sent to the sultan that he had to give his people a constitution. On the receipt of these Sultan Hamid called his grand vizier and asked that he be advised what to do. Chevket Pasha, the vizier, told the sultan that the people were furious and the only thing to do was to grant the constitution. Great was the joy of the people the following day. All the papers, Christian and Mahomedan, proclaimed that liberation had come and all the people regardless of their religion or creed, greeted one another as brothers. Sultan Hamid's blood-thirsty nature had to be appeased, however, and after promising the constitution he put to death many of the most important leaders of the progressive party. In fact the sultan began to reign as before, but the people had received a taste of liberty and would not let him return to his atrocities.

Second Movement. "The outcome was the second movement of the Young Turks. Hundreds gathered to Constantinople from all parts, forced the gates of the city and entered the royal palace. The sultan still had a body guard of soldiers, but as soon as he heard the noise of the cannons of liberty he lost confidence and consented to receive a constitution. The sultan was told that the only thing for him to do if he wished to preserve his life was to be deposed. The sultan made no show of strength, but delivered himself to the public. An instance of the charity of the Young Turks was shown in that they did not kill the sultan when they had him in their

HOTTER SPRINGS THAN AT BANFF

New National Park on G.T.P. Over-looks C.P.R.'s Tourists' Paradise Says Douglas.

That the mountain section of the Grand Trunk Pacific railway passes that of the C.P.R. in rugged grandeur of scenery is the impression of Howard Douglas, of Banff, Dominion parks commissioner, who has just returned from a trip of exploration through Jasper Park, the immense national reserve at the entrance to the Yellowhead Pass, 180 miles southwest of Edmonton.

"The canyons along the stream branching from Fiddle Creek to the hot springs are of the same height as any place in the mountains," said Mr. Douglas, in conversation with the Bulletin yesterday afternoon. "At eight or ten different points in the distance of a mile they rise sheer to a height of from four to six hundred feet on each side, the width being not greater than thirty feet, and in some places even less than twenty feet. Unlike the Fraser Canyon, which extends straight away, these canyons wind and twist in serpentine fashion. As nearly as I could form an opinion, there would be no difficulty in making a carriage driveway along the top of the ridge by the edge of the canyon, and bridges could be thrown across at different points from which the dizzy precipices could be observed by tourists."

Hot Springs on Branch Creek. "While we travelled in a roundabout way, perhaps twenty miles the canyons and the hot springs, the distance being probably not greater than five or six miles. The hot springs are not on Fiddle Creek, as indicated in the maps of the district, but are carried with us. We were at a loss to locate them at first, but discovered them on a branch of the creek several miles away from the position indicated. Norman Luxton took the temperature of the water at the mouth of this branch and the difference of nearly three degrees in the temperature of the two streams, following up the smaller stream, the water gradually became warmer, until the smell of sulphur fumes gave us positive assurance that we were on the right track.

Asked as to the volume of water flowing from the springs, Mr. Douglas said that he would estimate it as being sufficient to supply a four inch pipe. It was as great as that of the hot springs at Banff. Two accurate thermometers had taken the temperature of the water and it cooled from the rock at 116 degrees, which is three degrees higher than the temperature of the Banff springs.

Conditions Very Encouraging. He referred to his recent trip with several of the directors over the lines of the company in Canada and the United States. The situation had been found most satisfactory and the growth throughout British Columbia and all parts of Canada was very encouraging. The traffic prospects of the Minnissapolis and Sault Ste. Marie railway were also very satisfactory and the new line secured through the Soo county, namely the Wisconsin Central, would give access to Chicago and Milwaukee and would be an important factor in transmitting business. During the year the sanction for the increase of \$50,000,000 in the stock of the company had been granted by the governor in council.

New Stock to Cover Expenses. Expenditures must be anticipated and the directors thought it prudent to make an issue in the proportion of 20 per cent. of the shares held in the names of the shareholders on Nov. 15, the next issue price to be \$125, or at a premium of 25 per cent. over the face value.

The usual practice of having payments made at intervals of 60 days would be allowed on payments. Further details would be given on another day.

H. W. Birks moved the adoption of the report. Charles Hosmer seconded and A. Neville, of the London Stock Exchange, moved a vote of thanks to the officers of the road.

While some of those attending the meeting afterwards expressed the opinion that the shareholders had been looking for the new stock at par, the general opinion seemed to be that the issue price would be deemed satisfactory.

BRIDGE WHIST A CRAZE AND A CURSE.

St. John, Oct. 6.—At the meeting of the Maritime Presbyterian synod today the report on social and moral reform took up much time. The report from Halifax in this connection says that bridge is a craze and a curse. Corruption in elections in general was declared to show a material decrease.

Rev. Dr. J. G. Shearer, speaking of race track betting, said Canada was in the position where she receives the most protection from the United States and the thugs and thieves who follow low them. Petitions deploring corruption in elections in general were declared to show a material decrease.

Speaking of the white slave trade Dr. Shearer said that it was believed sixty thousand girls were lost in the United States and Canada this year. The recommendations of the synod to the Dominion government were read. The first dealt with race track gambling and the second in regard to social vice, were adopted.

HELLO! SPOKANE, THIS IS NEDMONTOS PEAKING

By Arrangement for Interchange of Business the Alberta Government's Long Distance Telephones Are Now Connected With British Columbia and Washington State Cities.

For some time telephone lines have been at work forming a connecting link between the Alberta telephone system and that of British Columbia. Word has been received at the provincial telephone bureau in Edmonton that the connection is now practically completed and telephone subscribers in Alberta may have direct connection with cities in British Columbia and Washington.

A Third Officer Coming. A third officer of the imperial navy will arrive in Ottawa from London in about a fortnight to join the two who are already here, namely, Commander Stewart and Paymaster Ling. Lieutenant P. D. Stephens, who is an expert in gunnery, will sail for Canada in a few days. The admiralty will join Canada other naval experts to act in an advisory capacity to the Canadian authorities. The two officers who are now here expect to remain for a period of two years.

A CASE OF COMMISSIONS.

B. C. Appeal Heard in Supreme Court at Ottawa. Ottawa, Oct. 6.—In the supreme court today the hearing in Ludlaw vs. the Crown's Nest Pass Commission was continued. The appeal was heard by Mr. Justice H. H. Halliday, who is sitting in place of Mr. Justice G. R. S. MacNeil, who is on sick leave.

FIVE MORE BODIES RECOVERED

Number Now Totals 23.—Pitiful Scenes at Mine Explosion. Vancouver, B.C., Oct. 6.—The bodies of five more victims of the explosion at Extension were recovered this morning, bringing a total of 23 bodies brought out. Alex. Shaw, foreman, who worked so energetically with his son and others to rescue 25 men out of the firetrap, says that the five men who were found this morning were huddled in a row as if they were holding coat tails. They were less than one hundred feet from the point where the others were rescued. Shaw told of finding a boy named Morris on his hands and knees in a pool of mud sobbing, "Oh, take me out, what will mother think." Shaw lifted him under his arm and ran up the slope.

Calgary Sells Oxbentures

Calgary, Oct. 6.—Hensel Bros., Montreal, were awarded the seventy thousand dollar debenture issue by the council last night. This is the highest of eleven tenders received, being seventy thousand, three hundred and fifty seven dollars. The Municipal Construction company last night were awarded the contract for putting the thirty thousand dollar waterworks extensions to the present system.

Queens to be More National.

Kingston, Ont., Oct. 6.—The Presbyterian church commissioners and trustees of Queens university, are likely to reach terms for constitutional changes in the charter, so that the institution will become more national than denominational as at present.

PARLIAMENT TO MEET NOV. 11 TH.

Canadian Navy Bill to be Most Important Measure Before Forthcoming Session of House

Ottawa, Oct. 7.—At a meeting of the cabinet council yesterday afternoon at which all the ministers were present with the exception of Sir Frederick Borden, the Hon. Frank Oliver and the Hon. Rodolphe Lemieux, who are absent from the capital, the date for the opening of parliament was definitely fixed for Thursday, Nov. 11. The proclamation calling the members will be issued at once. The early assemblage of the House should allow business to be well advanced by the Christmas recess, and it is hoped that prorogation may be reached by Easter.

Yesterday's meeting of council was the second of the session in which the business of the coming session could be discussed with nearly all the ministers present. As yet the sessional legislative program has not taken its tentative shape, but from now on cabinet meetings will be held almost daily.

Feature of Session. The promised legislation providing for the creation of a Canadian navy and for a full measure of co-operation with the United States in the general scheme of empire defence, as evolved at the imperial defence conference in London during the summer, will probably be the feature of the government's measure for the session. The measures of this defence bill are still to be worked out along the lines agreed upon by the Canadian ministers at the conference.

The insurance bill, left over from last session, will be another important measure for the House to dispose of. It is not improbable that the government will ask parliament to make some radical changes in the rules of the House looking to the expediting of public business.

A Third Officer Coming. A third officer of the imperial navy will arrive in Ottawa from London in about a fortnight to join the two who are already here, namely, Commander Stewart and Paymaster Ling. Lieutenant P. D. Stephens, who is an expert in gunnery, will sail for Canada in a few days. The admiralty will join Canada other naval experts to act in an advisory capacity to the Canadian authorities. The two officers who are now here expect to remain for a period of two years.

BUFFALO QUIETLY FEEDING IN CORRAL

Prairie Fires Sweep Over Immense Territory. Hundreds of Four Hundred Miles in Extent—Buffalo and Elk Parks Have Not Been Visited—G.T.P. Official View. Winnipeg October 6.—H. P. Hinton, general manager of the G.T.P., returned from a trip as far west as Edmonton last evening, during which he visited the big buffalo corral at Wainwright and stated this morning that the reports from Calgary to the effect that the herd had been stampeded and scattered throughout the wild country of the region were misleading. "The prairie fires," said Mr. Hinton, "have done great damage between Hardisty and Wetsaskiwin and Clover Bar and Battle River, burning over a country one hundred by 400 miles in extent, but the corral in which the buffalo are enclosed is too well protected by fire breaks, which run around the enclosure and across the park in places, to allow of the fire gaining an entrance. It is not surprising to me that the flames have gained such headway all over the district, as I seldom saw a fire break more than one furrow at a time."

Adequate Fire Break. "Round the corral the break is ten furrows wide and though the fire did break through on the south side from Hardisty, a week ago, it was quickly stopped by the cross break."

"The buffalo," continued Mr. Hinton, "are feeding contentedly despite the smoke from the surrounding district, and there is absolutely no danger of a stampede. Why, even if by any chance the fire were to enter the corral there are always the great sloughs and ponds in the park for the animals to seek refuge in."

Danger Practically Over. Practically all danger from the fires is now over, with the exception of a very remote danger from the east, should flames originate from that direction. Superintendent Ellis accompanied me through the park while I was there and the animals seem to be in splendid condition and very well satisfied with their new surroundings. We drove through a herd of 56 on Sunday and they appeared to let us through. I am of the opinion that the person who originated the report of the stampede had in mind the elk park at Lamont, where there are a few buffalo, and where the fire did considerable damage some days ago."

Mr. Hinton stated that the west is enjoying the same fine weather which is being experienced here. The yields around Wainwright have been encouraging and 90 per cent of the wheat is grading No. 1 Northern. The eighty townships between Winnipeg and Edmonton along the line are showing an increased improvement every day and substantial buildings are being erected. Of the 123 miles between Edmonton and Edson on the McLeod river, 66 miles

WALL STREET BEARS EXCITED.

New York, Oct. 6.—Several great expectations were realized in Wall Street today and checked the decline of the market.

Wall street was so surprised when Atchison advanced its dividend rate to six per cent, that it began to sell stocks unable to believe the official announcement. This selling extended throughout the day when it was made known that DeWitt Cuyler, a director of the Pennsylvania, had been added to the Atchison board. When it was discovered that H. C. Erick, another Pennsylvania director was the man that, as a director of the Atchison, insisted on a dividend increase, the selling was further augmented.

An announcement by the Canadian Pacific that \$30,000,000 of new stock would be issued to shareholders at 125 per cent. excited the bears to redoubled efforts. They attacked all the principal stocks and principally Steel and Union Pacific. It was late in the afternoon when money fell from 5 1/2 to 4 3/4 per cent, and a buying movement began that closed the market in a sharp rally with principally all steel stocks showing gains and some net gains recorded.

Imperial Bank Manager Dead. Winnipeg, Oct. 6.—John A. Boyle, formerly manager of the Imperial Bank at Balgonie and well known in the west died last night at Saratoga, N.Y., where he had been undergoing treatment. His father is collector of customs at Niagara and his brother is a wealthy representative of the Toronto Globe.

It was late in the afternoon when money fell from 5 1/2 to 4 3/4 per cent, and a buying movement began that closed the market in a sharp rally with principally all steel stocks showing gains and some net gains recorded.

Imperial Bank Manager Dead.

Winnipeg, Oct. 6.—John A. Boyle, formerly manager of the Imperial Bank at Balgonie and well known in the west died last night at Saratoga, N.Y., where he had been undergoing treatment. His father is collector of customs at Niagara and his brother is a wealthy representative of the Toronto Globe.

WALL STREET BEARS EXCITED.

New York, Oct. 6.—Several great expectations were realized in Wall Street today and checked the decline of the market.

Wall street was so surprised when Atchison advanced its dividend rate to six per cent, that it began to sell stocks unable to believe the official announcement. This selling extended throughout the day when it was made known that DeWitt Cuyler, a director of the Pennsylvania, had been added to the Atchison board. When it was discovered that H. C. Erick, another Pennsylvania director was the man that, as a director of the Atchison, insisted on a dividend increase, the selling was further augmented.

Erick, another Pennsylvania director was the man that, as a director of the Atchison, insisted on a dividend increase, the selling was further augmented.

An announcement by the Canadian Pacific that \$30,000,000 of new stock would be issued to shareholders at 125 per cent. excited the bears to redoubled efforts. They attacked all the principal stocks and principally Steel and Union Pacific. It was late in the afternoon when money fell from 5 1/2 to 4 3/4 per cent, and a buying movement began that closed the market in a sharp rally with principally all steel stocks showing gains and some net gains recorded.

FAILS TO EFFECT ANY COMPROMISE

King Edward Unsuccessful in Budget Controversy—Surrogates Pursuing Asquith.

Bulletin Special Cable.

London, Oct. 7.—The King this morning has been unsuccessful in arranging a compromise in the budget controversy. He is still trying, however, to prevent a crisis, and today had another consultation with Premier Asquith, who prolonged his visit at Balmoral castle.

As time passes the difficulties in avoiding a conflict between the House of Commons and the House of Lords increase, the strong party men on both sides being eager for the fight.

The Liberal members who scattered to their constituencies when the debate on the finance bill was announced, in their speeches have urged that the concessions made since the bill was introduced should satisfy its opponents and express themselves as strongly opposed to any compromise.

A Vote for Home Rule. On the other hand, the Unionists, who have made all preparations for an election, are urging the Premier to do nothing that might prevent an immediate appeal to the people. They have insisted upon Mr. Redmond's statement to America that the last obstacle to Home Rule would have gone with the disappearance of the veto of the House of Lords, and are saying that a vote for the budget is a vote for Home Rule.

In the meantime the House of Lords is radically amending the Irish land bill. The Lords threaten to demand providing for compulsory purchase, thus raising another issue between the two houses. The Nationalists have announced that they will insist upon restoring these clauses when the bill returns to the House of Commons.

To Fly for \$50,000 Prize. London, Oct. 7.—Captain Cody announces that he intends to attempt to fly from Lajavan's Plain, Friday, to Woodwell, and on Saturday to attempt his flight from London to Manchester. A curious situation has arisen in consequence of the Doncaster meeting. If Capt. Cody does not fly to London from Manchester, or if he does fly to Doncaster, he will be disqualified therefrom, from attempting to fly from London to Manchester. The meeting at Doncaster is without the sanction of the Aero Club, while the London-Manchester flight is under the Aero Club's control.

Henry Buller, of the Aero Club, said today: "If Capt. Cody flies at Doncaster he will not be disqualified for the \$50,000 prize, but will not be permitted to fly for any other prize under the Aero Club rules, and he thus comes under the ban of the International Federation of Aéroclubs. It is as if a jockey or owner ignored the Jockey Club."

Captain Cody is indignant at this development. "I've worked all these years; I've been jeered and laughed at and now when I've taken my way out and hold the record for the longest flight over British soil on a British built machine, I am expected to obey a body which has no right to interfere in my experiments. I am impatient and here I have a chance to make \$10,000."

Captain Cody has already accepted an advance of \$2,500 on his contract of \$10,000 for flying at Doncaster. He said he is bound to fly. The discussion has introduced a new element in aviation, showing how quick the Aero Club has come into existence.

Denmark Favors Cook. Copenhagen, Oct. 7.—The Cook Peary controversy still excites the greatest interest in Denmark. Nearly every body favors Dr. Cook's claims. The latest contribution on the subject comes from a Danish clergyman, the Rev. Mr. Ludwig, a member of the Cape York mission, who, in a lecture delivered a violent attack on the Commander Peary, alleging that the latter always cheated the Eskimos. He declared that once Commander Peary left a number of Eskimo women and children on the ice without food and with certain death before them because they obstructed his expedition's advance. Commander Peary also took care, Mr. Ludwig alleges, that the Eskimos were not provided with useful arms, thus making them dependent on him. The Eskimos, he says, have made hundreds of complaints during recent years in the Danish Greenland colonies regarding Commander Peary's ill-treatment of them. Mr. Ludwig, who is well acquainted with Dr. Cook and Commander Peary, asserts that prominent explorers are willing to corroborate his statements.

Italy to Build Airships. Rome, Oct. 7.—Minister of War Spingardi has determined to construct at once a small fleet of military airships similar in design to the ship built by Lieut. Caldera. The exact plans of the minister's vessels are kept secret, but it is declared that the tests have shown they are as nearly immune from accidents as any flying machine ever built and they will be added to the Italian war equipment within a year.

Chase Him to Balmoral. London, Oct. 7.—A delegation of suffragettes have pursued Prime Minister Asquith to Balmoral, Scotland, where he was summoned lately by the King. They are staying in the neighboring village and will not leave until Asquith or the Royal castle to persecute Mr. Asquith if he chance offers. The prefects are being closely guarded by detectives and the King's servants.

Sir Charles Wilson to Resign. London, Oct. 8.—It is stated in financial circles that Sir Charles Wilson will likely resign from the presidency of the Grand Trunk directorate. It is thought that the Canadian government, even if it will not make

DESIRES CONTROL OF SCHOOL LANDS

Three Western Provinces Will Ask Federal Government to Transfer Them.

Winnipeg, October 8.—The governments of the three western provinces have decided to make a united appeal to the Ottawa authorities for the right to control school lands. This interesting announcement was made by Hon. George E. Cochrane, minister of education for Manitoba, who returned last night from Regina, where he was in conference with Premier Radcliffe of Alberta, and Hon. J. A. Calder, minister of education of Saskatchewan, on the subject. The whole question was discussed in detail by the three cabinet ministers resolved to urge the co-operation of their governments in the legislation towards this desired end.

According to the system of Dominion government administration now in vogue, the unincorporated school lands, which comprise sections 11 and 26 in each township, are now held in trust by the Federal authorities. These lands are sold from time to time, three sales being advertised to take place.

The funds received from the sales are held in trust by the Dominion government and are invested, the interest being handed over to each of the provinces for the educational work.

The Dominion pays at about the rate of 3 per cent, while the provinces contend if they held the lands they could be invested in school enterprises, which now pay interest at six to seven per cent.

The result would be either a source of income to the province in a good rate of interest or the securing for the school districts of money at a rate of interest that is at present being paid.

Premier Rutherford, when asked to fly with reference to the statement made by Hon. J. A. Calder, intimated that he was not in a position to make any statement on the question at the present juncture.

CAPTAIN BERNIER IN ERROR ABOUT PASSAGE

Commander of Arctic in Statement as to Making Northwest Passage Apparently Did Not Know of Norwegian Explorer's Feat—The Peary Cook Controversy.

Ottawa, Oct. 6.—Nothing is known here as to what claim the members of Captain Bernier's crew made on the Northwest passage for the first time in sixty years more than is contained in the press dispatch from Quebec. Capt. Bernier's report, however, has been received at the department.

The officials are therefore somewhat in darkness as to what Bernier claims to have done. That the trip made was an overland journey is true, perfectly clear and this does of course not constitute a Northwest passage, which must be made by ship.

If the route is not to become of great commercial value, it is not possible that Captain Bernier, in putting forward his claim, is not aware of the feat of Amundsen, the Norwegian explorer, who some years ago made the round trip. As near as can be recalled, the expedition was to civilization just about the time Bernier's date of departure for the North. It is quite possible, therefore, that Bernier has never heard that the Northwest passage was conquered in recent years by the Norwegian explorer.

Seawater Murphy's Statement. New York, Oct. 7.—John Murphy, of Newfoundland, was and is the brother of Commander Peary's ship, the Roosevelt. He is the man who was left at Etah in charge of the crew when the man whom Dr. Cook has charged with extreme cruelty. He is one of the men who received the supplies from the ship, and he is the man who, he says, was the only one who saw the three white men who left the boat in the north pole controversy.

Here are a few of the things which John Murphy says are true. He is one of the three white men who left what happened at Etah. Dr. Cook has already made his statement. Harry Whitney will not speak. John Murphy is the man to give the side of the case which Commander Peary will present with his evidence against Cook's contention that he found the north pole one year ahead of the other claimant. Regarding the charges of cruelty Murphy says:

"I have read in the papers that I would not take Dr. Cook into the hut at Etah and that I was cruel to him. I will never believe that Dr. Cook said these things, because we were always the best of friends and we parted the best of friends; why, the day he got into Etah, I shaved him. He has nothing but his heavy bearskin pants and they were too heavy to wear in the house because they are so hot and uncomfortable. I loaned Dr. Cook my own pants and he wore them in the hut the five days he was with me. Do you think that if he had had my pants, he would have worn my pants? When it came time for him to go away he shook hands with me and said, 'I will never forget you for your kindness to me, that is what Dr. Cook said to me, his last words.'"

More important than all, Mr. Murphy knows that Cook told Whitney and one member of Peary's crew that he had reached the north pole, but he does not believe that Cook succeeded. He bases his testimony on the evidence given by Commander Peary by two Eskimos who were with Cook. Murphy says that Commander Peary now has in his possession charts of the northern country on which the two natives traced in lead pencil the route taken by Dr. Cook.

CANADIAN FLEET OF 12 WARSHIPS

Government Considering Naval Expenditure Program—Initial Expenditure \$75,000,000.

Ottawa, Oct. 7.—The cabinet will tomorrow take up the question of naval and defence proposals to be submitted to parliament during the coming session. There has been no opportunity as yet to discuss in council the question in any detail, yesterday's meeting being the first since the return of Sir Frederick Borden and Hon. L. P. Brodeur from London, at which time the cabinet discussed the full attendance of ministers.

Meanwhile, however, several announcements have been made in the address purporting to give an outline of what the government's proposals are. Needless to say, until the government itself has definitely decided on the provisions of its naval defence bill these announcements must be more or less of a speculative character.

Twelve War Vessels. In a general way, however, it may be stated that the coming session will see the preliminary steps taken for the construction of perhaps twelve war vessels, embracing two or three cruisers of the Bristol class, torpedo boats and destroyers.

Provision will also be made for the training of the men to man the new boats, this being done with the assistance of the British admiralty through the loaning of training ships and officers.

Training Ship on Pacific. It is understood that arrangements are being made for one of the older type British cruisers to be sent to the Pacific coast to serve the purpose of a fisheries protection cruiser and a training ship. A similar cruiser will serve the same purpose on the Atlantic coast.

The government contemplates a provision for the establishment of Canadian shipbuilding plants and dry docks, capable of handling the construction or repair of all vessels required for the fleet, as well as ocean-going vessels for the Canadian marine. This is an important part of the whole scheme and a deputation representing the shipbuilding industry in the capital soon to discuss the question with the government.

N. O'Hasty Conclusion. All these questions will require time for consideration and the devising of ways and means, and no program will be decided upon in any hasty or ill-considered manner. The creation of a fleet, with all its adjuncts and ramifications, cannot be devised in any off-hand way.

As to the probable outlay that will be involved in the proposals that will be submitted to parliament, nothing very definite can be stated as yet, but it is thought that the total amount required for the carrying out of the initial program of construction and outfitting will probably run up to something over fifteen millions, scattered over four or five years.

SIX BONUS ON EACH SHARE. Dividend Announced by Lake of Woods Milling Company. Montreal, Oct. 6.—At the annual meeting which came off at the Hotel Windsor, the president of the company held here today announced that a bonus of ten dollars a share would be paid on the common stock of the company and the net profits of the past year amounted to \$738,386. The ten dollar bonus will be paid on the surplus assets as now \$1,518,429 or \$351,625 in excess of last year. It came out that the largest holders of the stock are the following: Lord Strathcona—1902 shares; Robert Meighon 1,055 shares and Hon. Robert MacKay 1,076 shares.

STILL LOVE THE OLD FLAG. New York, Oct. 7.—Six hundred men still more or less loyal to the Union Jack of Great Britain, despite their years of residence in New York, gathered tonight at the Waldorf-Astoria in honor of Admiral Sir Edward Seymour, commander-in-chief of the British fleet, Rear Admiral Frederick T. Tower-Hamilton and the officers of his Tower Majesty's cruiser squadron which came to New York for the celebration. The dinner was given by the British residents of New York City, the auspices of the St. George's Society, St. David's Society, St. Andrew's Society, the Canadian Society and the British Schools and University club of Manhattan. A cable from King Edward was read, thanking the United British societies for their hospitality to the officers of the British fleet.

RAILWAY COMMISSION DATES. Members Started West Last Night—Edmonton Oct. 20. Ottawa, Oct. 7.—D'Arcy Scott, assistant chairman of the railway commission, is to start west for his trip. Mr. Conroy left for the west at midnight to hold a series of meetings, the first in Fort William on Saturday. The complete list of dates is as follows: Fort William, Oct. 9; Toronto, Oct. 10 and 11; Winnipeg, Oct. 11 and 12; Brandon, Oct. 13; Regina, Oct. 14; Saskatoon, Oct. 15; Prince Albert, Oct. 18; Edmonton, Oct. 20; Calgary, Oct. 22; Vancouver, Oct. 27; Victoria, Oct. 29; Sitka, Alaska, Oct. 30.

NOVA SCOTIA'S ATTORNEY GENERAL DEAD. Boston, Mass., Oct. 7.—Hon. W. T. Phips, attorney general of Nova Scotia, died here tonight. Hon. Mr. Phips had just completed a trip through Western Canada and the States, having been six weeks away from Halifax.

BALFOUR'S SCORING OF SOCIALISTIC PROGRAM

Unionist Leader, in Birmingham Address, Says Budget is More Dangerous to Wage-Earners Than Other Classes—Declares Tariff Reform Would Be Better.

In the course of his address at Birmingham on September 22, Mr. Balfour scored the socialistic program of the Labour party, which he said would be more dangerous to wage-earners than any other class.

General Ownership of Land. "I have always been one of those who have ardently desired to see the ownership of agricultural land—already more widely distributed than some radical critics would suppose—distributed in an incomparably greater number of hands than it now is. (Applause.)

There is no measure with which I would so much like to have been connected than that which has had the effect of giving peasant ownership on a large scale in Ireland, and I hope to see a great expansion of such ownership in England. (Applause.)

Nothing can be more desirable, nothing more to be desired, than that the land should be held in common with all the people of the country. The last three or four generations.

All these questions will require time for consideration and the devising of ways and means, and no program will be decided upon in any hasty or ill-considered manner.

As to the probable outlay that will be involved in the proposals that will be submitted to parliament, nothing very definite can be stated as yet, but it is thought that the total amount required for the carrying out of the initial program of construction and outfitting will probably run up to something over fifteen millions, scattered over four or five years.

FINEST IN WORLD AGRICULTURALLY

Is Well-Considered Opinion of H. A. Conroy, Concerning the Great North Country.

The wigwags of the north have been made glad for another year. Every buck and ewe and passow have received the annuity of \$5, and the chiefs and councillors have received the annual gratuity of \$20 and \$10, which has never failed, since Commissioner David Laird made the final treaty with the Indians twelve years ago. Then they forfeited their great heritage in the north country for a monetary consideration, each year as long as grass grows and water runs, which is more welcome to them than the flowers in May.

H. A. Conroy, Indian treaty commissioner, returned last evening from his annual trip to the north. During the summer he has travelled throughout the north country for a monetary consideration, each year as long as grass grows and water runs, which is more welcome to them than the flowers in May.

COMMISSIONERS FOR CALGARY.

Clark and Graves' Term Expires Nov. 30th—To Select New Officials.

Calgary, Oct. 7.—At next meeting of the city council the legislative committee will recommend that the present term of office of Commissioners Clark and Graves expire on Nov. 30 and that at the last council meeting in November, the council elect two commissioners, the one receiving the greatest number of votes to hold office for two years at the pleasure of the council, the one receiving the least votes to hold office for one year at the pleasure of the council. The committee will ask that a bylaw be introduced accordingly.

Last night they also introduced into the rules governing the commission a clause setting forth that it would be their duty to attend all council meetings and answer any questions put to them by any of the aldermen. The north has lost somewhat of its glamor for him, so far as the romance of his annual trip is concerned, and the people in the north, too, are sick and tired of trajecting attention only from the romantic viewpoint.

THE CHAMPIONSHIP SERIES. Pittsburgh, Pa., Oct. 7.—With a greater number of persons than before attended the opening of the world's championship series of the Detroit Americans and the home National club here.

JENNINGS ON TIGERS' CH. New York, Oct. 7.—Before the board the train for Boston, Jennings was asked this question: "If your team wins the championship pennant do you think the league can be defeated in the series?"

Jennings, always conservative, refused to play the part of prophet. He said that if the Tigers had not won the National League pennant, he should have to drop a peg in Boston and one of the games with the Chicago White Sox. He said that he would not bet on the Tigers to win the series.

"Well," replied the Tigers' tural manager, with much deference, "I think that if the Tigers win the pennant, they should have a great team and win the National League pennant. I think that the Tigers should have a great team and win the National League pennant."

"How do I compare the Tigers' Pirates? Well, you can say that the Pirates have a great team and win the National League pennant. I think that the Pirates should have a great team and win the National League pennant."

"In the series of world championship games which commenced last night, the Pirates have a better chance than the Tigers to win the pennant. I think that the Pirates should have a great team and win the National League pennant."

THE CHAMPIONSHIP SERIES. Pittsburgh, Pa., Oct. 7.—With the aim of having the distinction of seating a greater number of persons than ever before attended a baseball game, the management of the Pittsburgh National League club is busy engaged in perfecting arrangements for the opening of the world's championship battle between the Detroit Americans and the Pittsburgh National club here next Friday.

JENNINGS ON TIGERS' CHANCES. New York, Oct. 7.—Before the Detroiters boarded the train for Boston, Hugh Jennings was asked this question: "If your team were to meet the American League pennant do you think that Pittsburgh can be defeated in the world's series?" Jennings, always conservative and adverse to playing the part of prophet, replied that the Tigers had not won the American League pennant and that if they should happen to drop a couple of games in Boston and one of the two games with the Chicago White Sox the Athletics would beat them out by making a clean sweep of the remaining games with Chicago and Washington.

REMARKABLE ARTICLE ON THE FREEMAN'S JOURNAL. In the course of a remarkable editorial article, the object whereof is to restrain Irish people from emigrating to Canada, the Freeman's Journal says: "The reason Canada requires emigrants is that it must get inhabitants, even at any cost in suffering to the emigrants. When the wolves howl round the cowbarns there is need of foreign labor, and only to act as sort of vermin killers. Many of the new comers will go mad with desperation and loneliness and bitter hardship of life. Many will fall in utter misery by the roadside but some will live through it all. The vermin-killing will one day all be done, and dreary, empty space will begin to be really habitable by a normal human being. This is Canada's needs. The first hand of victims will be romantically called pioneers then afterwards on the ruins of these, happier throngs who will wrap in joy where other sowed in despair. The Journal also remarks that the free farms in Canada are situated in the fertile neighborhood of nature's wildest forests."

GREAT IS HANS WAGNER. In the series of world's championship games which commence Friday the chief hope of the Pirates is Hans Wagner. He is certainly there with the home series as getting the hitting Hans Wagner, who is undoubtedly the star of the Pittsburgh team and one of the world's best players in the world. It will be biting that will count and Hans is certainly there with the Pirates. He is certainly there with the Pirates. He is certainly there with the Pirates.

NEW PARLIAMENT BUILDING. For Manitoba Now Being Considered—Need Larger Structure. Winnipeg, Oct. 8.—As a result of the recent activity in the west in connection with the new legislative buildings at Regina and Edmonton speculation has been going on in Winnipeg as to whether the present handsome but inadequate structure on Kennedy street will be replaced by another more worthy of the province. Indeed rumors have been afloat to the effect that in the near future operations will be commenced to procure a property more nearly central and prepare the building of a fine new structure which would even eclipse those of the neighboring provinces.

FRENCH EXPORTS INCREASE. Due to New United States Tariff Law in September. Paris, Oct. 7.—The large increase in French exports to the United States under the new tariff law which went into effect in September is continuing in October. The first six days of October shipments from the district of Consol general alone show 7,961 in value, valued at \$14,476,971, as against \$275,000, valued at \$8,472,177 for the corresponding period of 1908. The increase is 70 per cent.

CHICAGO STREET CARS AWFUL TOIL. Chicago, Ill., October 8.—Eleven killed on the average have been injured daily and one person has been killed every other day for the last three months by the Chicago street cars.

NEGRO HANGED BY MOB. Greenburg, La., October 8.—Last night a mob took Apr. Ard, a negro, from the jail here, hanged him and burned his body. Ard attempted to assassinate Senator Young recently.

THREE MEN ESCAPE FROM FORT BARRACKS

Three Prisoners and a Guard Disappeared Yesterday Afternoon and Have Not Been Seen Since—Country Being Scoured for Trace of Missing Ones. Between five and six o'clock last night three prisoners escaped from the R.N.W.M.P. barracks at Fort Saskatchewan, where they were undergoing sentence for different offenses. A guard, who was in charge, has also disappeared, and as he is a recruit the theory is that he has not been substituted, however, and there is a possibility that they may have met with foul play from the hands of the men whom he had in charge. They had been working in a field near the barracks and their disappearance was not noticed for some time.

ONE OF THE ESCAPED MEN IS GEORGE SPENCER, who was sent down from the Edmonton police court several weeks ago for nine months on two charges of theft, one sentence being for three months for the theft of a pair of boots and the other for six months for stealing a revolver. They were also other charges, but they were not pressed against him. Spencer is a native of Washington State and was contacted with the Parkers coming to the city with that organization. He left it here, however, and started on a career of thefts, which was suddenly ended by his arrest here.

IT IS BELIEVED THAT HE IS AT THE bottom of the sensational article, the object whereof is to restrain Irish people from emigrating to Canada, the Freeman's Journal says: "The reason Canada requires emigrants is that it must get inhabitants, even at any cost in suffering to the emigrants. When the wolves howl round the cowbarns there is need of foreign labor, and only to act as sort of vermin killers. Many of the new comers will go mad with desperation and loneliness and bitter hardship of life. Many will fall in utter misery by the roadside but some will live through it all. The vermin-killing will one day all be done, and dreary, empty space will begin to be really habitable by a normal human being. This is Canada's needs. The first hand of victims will be romantically called pioneers then afterwards on the ruins of these, happier throngs who will wrap in joy where other sowed in despair. The Journal also remarks that the free farms in Canada are situated in the fertile neighborhood of nature's wildest forests."

DYNAMITE OUTRAGE IN BUFFALO. Buffalo, Oct. 8.—A large viaduct over the New York Central tracks near the corner of Elk and Michigan streets was wrecked by dynamite at 1 o'clock this morning. Aft unsuccessful attempt was made on the morning of Sept. 14 to wreck the same structure. A large section of the bridge was demolished this morning. The force of the explosion was terrific, hundreds of windows within a radius of two blocks being shattered.

CALGARY CHURCH CENSUS. Show That Presbyterians Are Largest Body in That City. Calgary, October 8.—Approximately 13,900 names will be shown in the church census of Calgary, which was taken a week ago under the auspices of the Alberta Sunday School Association. The count, so far as it goes, has been already taken in 13,264 names, and to this will have to be added about 700 from small churches and synagogues, and about 100 from the Sunnyside district, the returns from which are not yet in the hands of the committee.

PORT ARTHUR BREAKWATER. Deputation Waits on Premier and Minister of Public Works. Ottawa, Oct. 7.—Jas. Conroy, M.P. for Rainy River, this afternoon introduced the Port Arthur breakwater bill in the House of Commons. The bill is introduced by Mr. Laurier and Hon. Wm. Pugsley, minister of public works. The deputation consisted of J. Matthews, mayor of Port Arthur, S. F. Wiley, of the Port Arthur board of trade and Dr. Hink, of Port Arthur, on behalf of the Western Drydock and Shipbuilding Company, asked the government to build the proposed breakwater for Port Arthur harbor and also that the harbor be dredged to the depth of 25 feet. In view of the speedy growth of the business of the city it was urged that such a work is becoming a necessity. Sir Wilfrid and the minister of public works both expressed a sympathetic hearing and promised that the matter should receive serious consideration. The deputation is hopeful that the sum for the breakwater will be provided in the estimates.

HUGE VESSEL FOR ATLANTIC. Order Placed With Tyne Shipbuilders for Craft Outstripping Mauretania. London, October 8.—The order for the new Atlantic liner which will surpass the Mauretania in speed and passenger accommodation has been placed with the Tyne builders, Messrs. Swan, Hunter & Wigham Richardson and the Wallsend Ship Company, the two firms who built the present record-breaker. The first name will build the hull of the new ship and the latter the engines.

ALBANY SHOOTING. Prince Albert, Sask., Oct. 7.—While shooting 25 miles north of here yesterday, Albert LaPointe, proprietor of the Saskatchewan hotel, while pulling a gun by the muzzle from a rifle accidentally shot himself in the abdomen, dying almost instantly.

CHICAGO STREET CARS AWFUL TOIL. Chicago, Ill., October 8.—Eleven killed on the average have been injured daily and one person has been killed every other day for the last three months by the Chicago street cars.

NEGRO HANGED BY MOB. Greenburg, La., October 8.—Last night a mob took Apr. Ard, a negro, from the jail here, hanged him and burned his body. Ard attempted to assassinate Senator Young recently.

ALBANY SHOOTING. Prince Albert, Sask., Oct. 7.—While shooting 25 miles north of here yesterday, Albert LaPointe, proprietor of the Saskatchewan hotel, while pulling a gun by the muzzle from a rifle accidentally shot himself in the abdomen, dying almost instantly.

2,067 ALIENS FAIL TO GET PAPERS

U.S. Government Makes New Record in Refusing Naturalization. Washington, D.C., October 7.—Naturalization was refused 2,067 aliens during the last fiscal year, a material increase over the rejection of would-be United States citizens during the preceding year.

These men have presented many and varied interesting questions. Occasionally the disappointed foreigner has turned to the courts for relief from the action of the naturalization bureau of the department of commerce and labor, and Chief Campbell, of that bureau, is drafting a measure, which, if enacted, would provide authority for the bureau through the judicial officers of the government to appeal from the action of the state courts.

"When a foreigner—a Turk, for instance—a white man?" is one of the problems that the naturalization officials have worked out. The Massachusetts courts have held that section declares that its provisions "shall apply to aliens being of miscellaneous race and to persons of African nativity, and to persons of African descent."

The courts have construed that law as holding that a person of African descent is here and the other in the Orient. "That raises for England the question of India and Japan. Who knows but that the United States might not some day be taken into consideration in some complex international difficulty, inserted the qualifying word 'white' so as to exclude from the citizenship privileges all alien races except the Caucasian."

IN MARSHALLTOWN, IOWA, FOR INTERFERING WITH FEDERAL OFFICIALS. Marshalltown, Ia., October 7.—A sensation was caused here today in the arrest by United States Marshal Clark of Mayor O. L. Ingledue, Deputy Chief of Police Michael Clark, Desk Sergeant R. G. Goodale, Officer Frank Haas, all of the police force, and the sheriff of the county, on an indictment from the Federal court at Davenport, charging them with conspiracy to prevent the Federal officers from performing their duty. The indictment is the result of the action of the police on September 28, when they refused to arrest R. G. Smith and W. A. Talbot, of Tama, and R. G. Holt, of Sioux City, who were arrested and confined in jail while trying to secure evidence against saloons. Holt attempted to buy liquor and was ejected.

THE ARRESTED OFFICERS WERE TAKEN TO Davenport this afternoon. The government officers were kept in jail until yesterday afternoon, when they were released on bonds. Four other arrests were made, those of Leo McNamara, bartender, and Scott Jones, who were in the saloon at the time. All will be arraigned in Davenport and tried in Des Moines.

BREAKING AWAY FROM MACHINE. First Perceptible Ruffle in Historically Smooth Waters of Tory Toronto. Toronto, October 7.—Ward one Conservatives, by a resolution, have passed tonight, asking the Conservative central executive, which is the governing body or party "machines" in each ward, to discontinue their nominations for parliament and legislative candidates in East Toronto, in order that the party might be broken up into a number of independent units, open all members to the association. This would abolish the system of having the candidates chosen by picked delegates to a convention, open all members to the association. This would abolish the system of having the candidates chosen by picked delegates to a convention, open all members to the association.

STEAMERS COLLIDE. Montreal, Oct. 6.—The steamer Heighion, which left Montreal three weeks ago for Hull, Eng., with a full cargo of wheat, was in collision with the Dutch steamer Betsy Anna, off the Port of Grimsby. The Heighion had unloaded her cargo and was outwards bound again, when the collision occurred. She was badly damaged on the starboard side and was compelled to return to port. She was commanded by Captain Taft and while here was consigned to McLean, Kennedy & Co.

OWEN SOUND MEASUREMENTS. Owen Sound, Ont., Oct. 6.—The long-talked-of railway between Meaford and Owen Sound is likely to be built by the corporation of Owen Sound. The proposed line is over a distance of 25 miles. It has long been agitated for by the citizens of Owen Sound and Meaford. The board of trade is taking up the matter. The government subsidy, of \$95,000, which is available, would go a long way toward building the road.

IMPlicated IN RUSSIAN GRIFT. Moscow, Oct. 6.—Colonel Poliakoff, a high officer of the military council, has been arrested here in connection with irregularities involving more than \$1,000,000 which were discovered last February during an investigation of army quarters.

CUBS HAVE IT OVER MOST. Chicago, October 8.—The most delightful weather possible prevails today for the after session meeting between the White Sox and Cubs in afternoon. The betting is ten to seven in favor of the Cubs.

ALBANY SHOOTING. Prince Albert, Sask., Oct. 7.—While shooting 25 miles north of here yesterday, Albert LaPointe, proprietor of the Saskatchewan hotel, while pulling a gun by the muzzle from a rifle accidentally shot himself in the abdomen, dying almost instantly.

NO WAR-LIKE INTENTIONS.

Are Pressed by Germany in Regard to Great Britain. Berlin, October 8.—Count Reventlow, after reading extracts of the speeches made in the United States by Lord Northcliffe, Mr. Moberly Bell, Admiral Lord Charles Belfour, in which they expressed the belief that war between Great Britain and Germany was inevitable, said today: "War is certain if England desires it. Otherwise it is not at all certain. On the contrary, Germany will do everything to avoid it. As far as Germany's invasion of England is concerned, that is only a foolish theory. There is one point I want to emphasize, and that is that England when dealing with external affairs and with neighbors ought to manifest that boasted liberality of spirit which she so cherishes at home. It will not do to say that Germany, because she is building a big fleet, is aiming at England."

"I am for peace and I think we shall have it. In the meantime, the speech made by the men named above, in my opinion, for the purpose of stimulating the English people to the government to take action in Europe and close together, but if it fails of efficiency; if, for example, the British fleet is here and the other in the Orient."

"That raises for England the question of India and Japan. Who knows but that the United States might not some day be taken into consideration in some complex international difficulty, inserted the qualifying word 'white' so as to exclude from the citizenship privileges all alien races except the Caucasian."

PIRATES ARE FAVORITES.

Pittsburg, Oct. 8.—The weather is ideal today for the opening game of the world's championship series between the Pittsburgh Pirates and Detroit Tigers. The interest is tremendous. The hotels are taxed to their utmost accommodation by throngs of visitors who are packed six in a room. All night long a long line waited to secure tickets. Baseball celebrities from all over the country are present. Both teams are in prime condition. The betting is 10 to 6 in favor of Pittsburgh. Receipts of today's game are estimated at \$80,000.

LORD ROSEBERY'S HORSE WINS. London, Oct. 7.—At Kempton Park today the Imperial Produce stakes for two year olds, three thousand sovereigns, was won by Lord Rosebery's Neil Gow, 3 to 1 on Sunningdale, 4 to 1, second, and Santa Fina, 10 to 1, third.

THE NORTHERN EMPIRE RAILWAY COMPANY. NOTICE is hereby given that whereas the requirements of The Railway Act to incorporate the Northern Empire Railway Company have been fully complied with, so as to permit of the organization of the Company a meeting of the Shareholders of the Company will be held at the Yale Hotel, Jasper Avenue East, Edmonton, Alberta, on Thursday the twenty-eighth day of October, 1909, at ten o'clock in the forenoon for the purpose of receiving the report of the Provisional Directors of the Company, organizing the Company, electing Directors and transacting all other business which may probably be brought before such meeting.

HENRY BOY, ROBERT BALFOUR, JULES J. FLEUTOT, EDWARD HOFFMAN, Provisional Directors. Dated at Edmonton, this 30th day of September, 1909.

RHEUMATISM DRIVEN FROM THE BLOOD

A Remedy Which Assists Nature Makes a Cure Which is Permanent as This Case Proves. Every sufferer from rheumatism wants to be cured, and to stay cured. The prospect of the frequent return of the trouble is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The tonic treatment by Dr. Williams' Pink Pills has proved to be the best of cures that enables it to cast out these poisons through the regular channels of excretion—the bowels, the kidneys and the skin. When this is done the rheumatism is permanently cured, and as long as the blood is kept pure and rich the patient will be free from rheumatism. Mr. Thomas McNeil, Richibucto, N.B., says: "I had been suffering from rheumatism for many years. I had tried many remedies without avail, and could give no encouragement other than that the warm weather then approaching might prove beneficial. Just at this time we noticed where some persons similarly afflicted had been cured by Dr. Williams' Pink Pills and decided to try them. He kept on using the Pills, each succeeding box showing improvement, until he had taken ten boxes, when all pains and aches had completely disappeared, and although his condition was that of a fisherman, and consequently exposed to both wet and cold, he has had no return of any of the symptoms whatever. The cure is complete, and is entirely due to Dr. Williams' Pink Pills."

You can get these Pills from any medicine dealer or they will be sent by mail at \$3 a bottle or six bottles for \$25.00 by The Dr. Williams' Medicine Co., Brockville, Ont.

THE BEST LINIMENT

Gombault's Gaudin's Balm. IT HAS NO EQUAL. For — Is a powerful liniment for all Old Rheumatism, Sprains, Bruises, Burns, Scalds, Cuts, Swellings, Stings, Inflammations, Rheumatism, Neuralgia, Headache, Toothache, Earache, Sore Throat, Croup, Whooping Cough, Sore Lungs, Rheumatism and all Stiff Joints.

Executive to Decide.

Toronto, Ont., Oct. 7.—The Amalgamated Association of Electric and Street Railway Employees in convention today left to the incoming executive to decide as to affiliation with the Dominion Trades and Labor congress.

Anti-Rust Flues. Rust and gas fumes from burning coal or wood attack and gradually destroy the flues—shutters the flues—shorten the life of ordinary ranges. But Sask-Alta flues are rust proof and unaffected by gas fumes. That is because they are covered with Anti-Rust Coating.

McClary's. a McClary secret—the result of sixty-two years' experience and exhaustive experimenting. Anti-Rust Coating fully protects iron or steel against rust and gas fumes. It prolongs the life of the steel range—adds several years to its serviceability. That means a great deal to you, doesn't it?

WANTED. FRESH MILK COWS WANTED—will pay highest for right kind. Apply W. F. Huff, P.O. Box 1419, Edmonton.

INVESTMENTS. YOUNG MEN WITH SMALL CAPITAL—Good profits await you in sunny, mild climate; Vancouver Island offers opportunities in business, professions, fruit-growing, farming, stock raising, manufacturing, lands, timber, mining, railroads, navigation, fisheries, new towns. For authentic information, free booklets, write Vancouver Island Development League, room B36 Law Chambers Bldg., Victoria, B.C.

NOTICE. NOTICE TO HORSE OWNERS—Will take 10 brood mares from November 1st, 1909, until November 1st, 1910 at \$50 each. This will include comfortable winter quarters and upland hay three times per day and good summer pasturage also service of either Prairie Pointer or Butt-moat stallions in spring. Mares called for November 1st, 1909 and returned November 1st, 1910. C. B. Selleck, Green-court, Alberta.

Tenders for Coal. "Tenders for the supply of furnace coal to our store, as required by us from October 1st, 1909, until May 1st, 1910, will be received by the undersigned until noon on September 30th, next. ROSS BROS., LIMITED.

Farm Stock Auction Sales. The well-known firm of Farm Stock Auctioneers Crawford & Weeks, Stratford, Ontario, have opened an office in Edmonton. 34 JASPER EAST. (nearly opposite Ross Bros. Hardware) For the convenience of Farmers living on the north side of the river. Be sure and see them about that Auction Sale. Phone 3062 or 2471.

CAMERON HOUSE SOLD. The Cameron House, situated at the south side of the Saskatchewan bridge and conducted for some years by the Cameron brothers, has been sold, with the surrounding property, for cash to R. Mats. of this city...

AMERICAN WINS THE RACE. Lands in Pine Tree in International Balloon Race. Zurich, October 6.—The International balloon race for the Gordon Bennett cup was won by Edgar W. Mix, of Columbus, Ohio, who will take the cup to the United States...

EARL GREY IN THE 'PEG. Governor General Greeted by Immense Crowds. Winnipeg, Oct. 6.—Earl Grey and suite arrived this evening, being met at the depot by Lieut. Governor Sir Daniel McMillan, Col. Steele, D.O.C., and Hon. Colin H. Campbell, Chief Justice Dube, Mayor Evans, Controller Gass, Potter, Fowler, Midwinter and McEana.

TYPHOID ON THE INCREASE. While there are brilliant autumns, other cases of infectious disease in the city at the present time, the prolonged dry weather has brought about an increase in typhoid fever. The medical health officer refers in his monthly report for September, in which he reports that typhoid fever has occurred, of which 15 cases have been reported outside the city...

RICHEST COUNTRY IN WORLD. R. E. Young, superintendent of railway and swamp lands in the department of the interior, is in the city at present in connection with a trip through the West. Mr. Young has done much in the past few years for the preparation of colonization maps of Western Canada, which have been available at the Dominion lands agencies or on application to the department at Ottawa. He has also been a champion of the extension of railway companies on their selection of crown lands, but as all the patents have now been granted and the old country and the number is increasing all the time, it is surprising the information that is needed about the Peace River country. People want to know as to the climate, the mineral wealth, the game, the timber areas and the ability of the great country for mixed farming. I have not the least doubt but that in a very few years there will be a wonderful range of the richest country in the world lies to the north awaiting development.

SHEEP CASE IN COURT. An interesting sheep case was tried yesterday in the Supreme Court before Chief Justice Sifton. The plaintiff, W. J. Bingham, of Lloydminster, in the summer of 1907 bought a flock of sheep, numbering about a thousand, from the defendant, A. B. Powlley, of the Peace River country. People want to know as to the climate, the mineral wealth, the game, the timber areas and the ability of the great country for mixed farming. I have not the least doubt but that in a very few years there will be a wonderful range of the richest country in the world lies to the north awaiting development.

REPORT ON CITY DAIRIES. The report of the dairy inspector, Dr. J. G. Shearer, for the month of September indicates that the dairies of the city are in a satisfactory condition. The dairies are as follows: Dervall & Son, Sanitarium—19 cows, stable good, milkhouse good, utensils good. R. Mitchell—10 cows, stable good, milkhouse fair, utensils good. W. Wonnocott, Eastwood—40 cows, stable good, milkhouse good, utensils good. Haire Brothers, Woodland—23 cows, stable good, milkhouse good, utensils good. D. Ritchie, Delton—27 cows, stable good, milkhouse good, utensils good. N. Ross, Edmonton—45 cows, stable good, milkhouse good, utensils good. A. Thompson, Hazelwood—75 cows, stable good, milkhouse good, utensils good. W. P. Huff—45 cows, stable good, milkhouse good, utensils good. A. Pain, North Ingwood—17 cows, stable good, milkhouse good, utensils good.

TO SEE BROTHER WHIPPED. Youth Sentenced at Moon Jaw Will View Whipping in Edmonton Penitentiary. Moon Jaw, Oct. 6.—At the supreme court this afternoon Jacob Harder, aged 16, from the district of Peace, in the Edmonton penitentiary for incest in respect of his sister. Jacob's brother received a sentence of six years for the same offence last Friday and their father stands convicted on a similar charge. In sentencing Jacob, Chief Justice Wetmore, who is acting for Judge Johnston who is indisposed, said he felt inclined to think that the prisoner would be more appropriately placed in the category of brute beasts. To a large extent he was to be pitied. He would not order him to be whipped but he would take pains to write to the Warden at Edmonton and ask him to place the prisoner in a position to see his brother whipped in the hope that it may have a deterrent effect upon him. His Lordship concluded by saying that after the prisoner had viewed the results of such a recommendation if any movement were started to have the boy released.

POPE DISOBEYS INSTRUCTIONS. Persists in Walking and Receiving Communion. Rome, Oct. 6.—Dr. Pettachi is convinced that the Pope's illness will continue intermittently unless a thorough cure is effected by complete rest, but his efforts to enforce his opinion have thus far been unavailing. Even in the present case, when the symptoms are so unmistakable, the pontiff, in spite of the pain in one of his feet, insisted on leaving his bed of convalescence to attend to the duties of his office. Contrary to his doctor's orders he walks with the aid of a stick and drives in the carriage to the Vatican. The Pope holds that a pontiff ought to die in harness and his faith in the efficacy of his own will is unshakable. Of late, owing to the practical impossibility of writing his own letters, he purchased a Chicago-made typewriter and is learning to use it with the enthusiasm of a school boy.

TRUTH DENIES THE RUMOR. Of King Manuel's Betrothal to Princess Alexandra. London, October 6.—Direct contradiction is made by "Truth" today to the persistent reports that King Manuel of Portugal is coming over to be betrothed to Princess Alexandra of Hesse. "There is no foundation for the ridiculous report," says Truth, "and the betrothal is to be announced at a state banquet at Windsor Castle, during His Majesty's visit to the British Isles." Princess Alexandra has never seen each other and there would be numerous grave obstacles in the way of a marriage, if it had ever been contemplated in any responsible quarter, which it has not been.

NO FREIGHT CAR SURPLUS. All Railroads of U. S. Are Face to Face With Shortage. Chicago, Ill., Oct. 6.—Railroads of the country are already face to face with a freight car shortage. This shortage is known yesterday when the car efficiency committee of the American Railway Association issued its semi-monthly bulletin regarding the car situation. The information disclosed is that the surplus of freight cars of the entire country has practically been wiped out. Where a little more than a year ago there were nearly four hundred thousand idle freight cars standing on the side tracks, there is now a small shortage being experienced.

Acquitted of Arson. Brampton, Ont., Oct. 7.—Frank Rutledge, farmer, charged with setting fire to a house, has been acquitted. This was the second trial, last spring the jury disagreeing. A former bird man testified that Rutledge had offered him money to set fire to the place. There was no insurance.

680 Collected in Fines. Calgary, Oct. 7.—Thirteen women from the 13th district appeared before Capt. Dean at the R. N. W. M. P. barracks this morning and pleaded guilty to selling liquor without a license. The information was laid by Chief License Inspector Deyl, of Edmonton. Each woman paid \$50 and \$11.75 costs.

Actual Construction Commenced. Fort William, October 7.—The C.P.R. this afternoon closed up the portion of Front street facing the depot site ceded them by the city. The company has let the excavation contract to James Tolan, and tomorrow the new union depot will be actually commenced.

T. P. O'Connor Coming to America. London, Oct. 7.—T. P. O'Connor, M. P., sails for America on the Lusitania on October 16, as a delegate of the Irish parliamentary party to seek aid for Ireland from the United Irish League of America. He will ask the support of all the Irish-Americans in the coming struggle.

Aged Farmer Killed. Thameston, October 8.—Bartholomew Pringle, aged 74, of Kintore, was plowing with the lines buckled around his waist. The bolt pulled out of the double tree and he was pulled over the plow handles. He lighted on his head, breaking his neck.

Chatham Preacher for Brandon. Chatham, Ont., Oct. 7.—Rev. W. E. Matthews, pastor of William street Baptist church, has resigned his position to take charge of a Baptist church in Brandon, Man.

Rain Quenches Fires. Wainwright, Alta., Oct. 7.—A heavy downpour of rain last night has quenched all the prairie fires in this district. Reports of damage have been greatly exaggerated.

AMERICAN WINS THE RACE. Lands in Pine Tree in International Balloon Race. Zurich, October 6.—The International balloon race for the Gordon Bennett cup was won by Edgar W. Mix, of Columbus, Ohio, who will take the cup to the United States. The distance from Zurich to the point where Mix landed is given as 1,100 kilometers, or 683 miles. Erbsloh covered 1,403 kilometers (871.20 miles) from St. Louis in 1907, which is the longest flight made in an International race, although behind Count de Vuaux's record trip to Southern Russia.

EARL GREY IN THE 'PEG. Governor General Greeted by Immense Crowds. Winnipeg, Oct. 6.—Earl Grey and suite arrived this evening, being met at the depot by Lieut. Governor Sir Daniel McMillan, Col. Steele, D.O.C., and Hon. Colin H. Campbell, Chief Justice Dube, Mayor Evans, Controller Gass, Potter, Fowler, Midwinter and McEana. His Excellency greeted Col. Steel and the lieutenant governor, other members of the reception committee were greeted without formality. The provincial ministers and city councillors were welcomed by the distinguished visitors to the province and city. His Excellency then inspected the guard of honor from the 1st and 2nd battalions of the 1st Canadian Mounted Rifles, which were drawn up in the main street, with the band playing the National anthem. Leaving the depot Earl Grey and Lady Grey entered the lieutenant governor's carriage and were escorted by the Strathcona Horse and the Royal Canadian Mounted Police. They proceeded amid cheers through the densely crowded streets to Hon. Robt. Rogers' new palatial residence at 1110 Broadway. Here a battalion of the Boys' brigade was drawn up and were inspected by His Excellency. The vice-regal party is residing tonight at the Hotel Vancouver.

PUTTING OFF THE INEVITABLE. No Decision Arrived at as to Queens University Church Separation. Kingston, Oct. 7.—A decision has been once more postponed on the Queens university church separation question. The general assembly, after discussing it for two days with the board of trustees, was unable to give a final answer, and wanted the trustees to meet before making a definite report. The committee will co-operate with the trustees in the matter. The extension appeared satisfied that the extension of the university called for some reconstruction. The matter will probably be again considered during Queen's spring convocation week at the end of April. At Queens the following assistant professors have been appointed: J. F. MacDonald, in English; Dr. H. E. Wallace, in Hebrew; A. G. Ferguson, in philosophy; W. A. Bain, in classics; and W. A. Houser, in mathematics. James Hooper, M.A., of Picton, has been appointed to the staff of the Manitoba Agricultural college at Winnipeg. Mr. Hooper is a 1909 graduate of Queens university on the sciences and a gold medalist in botany. His new duties will be the teaching of biology and botany.

Directors Will Decide. Winnipeg, Oct. 6.—F. W. Thompson, managing director of the Ogilvie Milling Co., who has been in the city for several weeks, received delegations from several western towns, including Regina, Moose Jaw, and Saskatchewan, to discuss the new mill the company will erect in the West, returns to Montreal tomorrow. He says he will be well pleased to see the returns to his directorate who will come to a decision.

Rain Quenches Fires. Wainwright, Alta., Oct. 7.—A heavy downpour of rain last night has quenched all the prairie fires in this district. Reports of damage have been greatly exaggerated.

W. Simpson—19 cows, stable fair, milkhouse good, utensils good. M. Van Camp—21 cows, stable good, milkhouse fair, utensils good. H. Smith—18 cows, stable good, milkhouse good, utensils good. R. Lindsay—12 cows, stable fair, milkhouse good, utensils good. W. Daly—16 cows, stable fair, milkhouse fair, utensils good. J. A. Davis—18 cows, stable good, milkhouse fair, utensils good. C. Wright—8 cows, stable good, milkhouse fair, utensils good. The trunks and chest of butter fat taken by the Babcock tester are as follows: Cherry Grove..... 3.30 Zephyr..... 4.00 Alberta..... 4.00 Highland Park..... 3.60 Sanitarium..... 3.80 Eastwood..... 3.80 Delton..... 4.00 Woodland..... 3.70 Edmonton..... 4.00 Hazelwood..... 3.70 W. P. Huff..... 4.00 N. Ross..... 3.60 Edmonton City..... 3.60

AFTER SIX YEARS OF INDIGESTION. Dr. Williams' Pink Pills Made a Permanent Cure. There are many medicines that will relieve indigestion for a time—there are few that will make a permanent cure. But there is one medicine that is a sure cure—that medicine is Dr. Williams' Pink Pills. They have cured thousands of cases—many of them of years standing. Cases like that of Mr. John E. Seale, of Montreal, Que., after many other medicines have been tried and found worthless. Mr. Seale says: "For nearly six years I suffered with indigestion. During all that time I was constantly taking medicine for the trouble, but never got more than temporary relief. Finally I decided to try Dr. Williams' Pink Pills and after using them for some time the trouble disappeared and I am now able to eat heartily without the least trace of the suffering I formerly endured. I can, from my own experience, strongly recommend Dr. Williams' Pink Pills as a permanent cure for indigestion."

CAMROSE FALL FAIR. First Annual Exhibition Attracts Large Number of Exhibitors. Camrose, October 7.—The Camrose Agricultural Society's first annual exhibition opened here today and will continue tomorrow. The exhibits, both in quality and number, far surpass the directors' most sanguine expectations. There are 306 exhibits, coming from as far away as Edmonton and Ponoka. Grains, vegetables and art work exhibits were judged today and the cattle and horses will be judged tomorrow. The attendance is very satisfactory and tomorrow a record-breaking crowd is expected in Camrose. The baseball game today resulted in a victory for Selkirk by a score of Edgewick 7, Camrose 4.

NOW IS THE TIME TO ACT. Lethbridge Herald—American papers tell us that Ford Benton is being preserved by the expenditure of public money. Might not our Dominion government spend some money protecting and preserving some of the old forts of the Canadian West. It would assist to impress upon the coming generations that the West is a land with a history—a land where battles had to be fought and blood shed before it became a land of peace and plenty. If these old forts and other historic landmarks are permitted to decay and disappear the men and women of the future will think the early days of the West were peaceful and happy compared with those in the pioneer days in other lands. Let us preserve the few historic spots left in the country.

Good for 320 acres without interfering with homestead right. Every assistance given intending locators. Write for particulars and terms. Private funds to loan. J. C. BIGGS & CO. 121 WINDSOR Bldg. Box 1465, Edmonton.
