**Ontario Veterinary College.**

In our report of the proceedings of the Council of the Ontario Agricultural and Arts Association, held at Toronto on Thursday last, our readers would not fail to have noticed that through the efforts of the Hon. David Christie, a resolution was carried for the transfer of the Ontario Veterinary College to the Provincial Farm at Guelph, where in future it will be conducted in connection with the School of Agriculture there. The resolution was carried without much opposition, ten voting for, and four against it. The sum of \$4000 was also appropriated for the erection of a suitable building for the College, on a suitable site which will be granted by the Government on the Farm.

Our readers will be gratified to learn that the resolution of the Council is to be acted on at once. Mr. Christie came to Guelph on Monday to select a site, have it surveyed, and to make other preparations for the erection of the College without delay, so that it may be ready for occupation by the time the usual session of the College commences. We believe that an excellent site has been chosen, commanding a good view of the town, convenient to the Farm buildings, and in every way suitable for the purpose.

The transfer of this College to the Farm, and its connection with the School of Agriculture there, will be of the greatest advantage to the students of that Institution, as well as to those who simply attend the lectures on Veterinary Science. In addition to the knowledge they will gather in practical and experimental farming, the former class of students also will have the opportunity of attending the Veterinary lectures without charge, and will thereby gain much valuable information in reference to the diseases of animals and their proper treatment, which will be of immense benefit to them when they go into practical farming for themselves. To the students who attend the College for the purpose of taking their diplomas and practising the Veterinary Art, the transfer will be equally advantageous. Hitherto, in Toronto, they have had scarcely an opportunity of observing the diseases of any other animals but horses, but here on the Farm, where all kinds of stock are kept, and being too in the heart of such a fine agricultural district, the diseases of all such will come under their observation. Their knowledge will thereby be greatly enlarged, and they cannot fail to become, in consequence, more skilful and better practitioners.

The arrangements regarding the Professors, &c., are not yet matured, but it is hoped that Mr. Smith, the present able head of the Veterinary College, will still continue his connection with it. We suppose the lectures on materia medica, chemistry, and other subjects, will be supplied by the teachers in the Agricultural School, or by local professional men. The College, as it is now, will be under the control of the Agricultural Association, in whom the Government has vested the power of granting diplomas. The cost of maintaining it here will not be any more than it is at present in Toronto, while the advantages of having it connected with the Provincial Farm are so many and so apparent that no one will for a moment question the wisdom of the Council in making the change. Guelph will also profit largely by the transfer, for the people in town will reap the benefit of boardings for more students who will attend the college every winter, and who will not be lodged or boarded at the Farm.

**THE VOTERS' LIST.**—We notice that several of the Township Councils in the Centre and North Ridings of this County have been busily engaged in the work of revising the voters' lists. In West Garafraxa and Peel especially more than usual interest was taken by those on both sides of politics. Regularly appointed agents were sent to the meetings of Council and the qualification of each voter were closely scrutinized. This is as it should be. Let those interested on both sides of politics exercise all vigilance in order to secure a correct voters' list, and then we shall have no trouble at elections about bad or doubtful votes.

**DESIRABLE BUILDING LOTS**

A large number of most valuable Building Lots will shortly be offered for sale, being part of the grounds of Tyreathin, the property of the Ven. Archdeacon Palmer, in this town.

These Lots are the most desirable now to be had in Guelph or its neighborhood as sites for private residences, and as soon as the survey is completed, they will be offered either for sale for cash or on long credit, or to lease on Building Leases, as parties desirous of acquiring them may prefer.

A further advertisement will shortly appear.

**CAPTURE OF A BEAR NEAR OWEN SOUND.**  
—Several of the farmers residing in the Township of Sullivan, about three miles south of Desboro, had a very exciting bear hunt on Saturday week. Two of them were walking along the road, accompanied by some boys, when a large bear came out of the bush a short distance in front of them. They had no weapons, and immediately procured a gun from a neighbor and started in pursuit. Their dog tracked the animal into the bush again, and in a short time Bruin came out about twenty feet from one of the party, leaving the dog behind. The farmers were so astonished at this "new departure" that the gun was not fired till the bear was nearly out of sight. Two other neighbors now arrived with a gun, and the whole party giving chase came upon the monster and shot at him. The wound had the effect of making him rush towards the party, but he soon turned to one side and dropped dead. He was carried home on the brawny shoulders of the victors, who found that their captive weighed about 450 lbs. and measured 7 feet from tip to tip and 39 inches around the chest. He was very poor, however, and the only thing required to satisfy the proud conquerors was that he should have been better fed.

**COUNTERFEIT COINING IN OWEN SOUND.**  
—The charge brought by Argus McArthur against Robert Taylor of Owen Sound for counterfeit coining, has resulted in a considerable amount of confusion. The charge was founded on the discovery of Taylor, which were designed to produce counterfeit twenty-five and fifty cent pieces. Taylor was arrested, and shortly after, three informations were laid against McArthur for forgery of notes of hand, which resulted in his arrest also. For the examination of the accuser and the accused took place on Friday, 12th inst. and was continued on Saturday, and both Taylor and McArthur were committed for trial on the separate indictments. McArthur then laid informations against Bendal Bentley and William Bond on a charge of being partners in the misdeeds of Taylor. They were admitted to bail, however, and their examination was appointed for Thursday last. The case excites considerable attention in the vicinity, and it is now sufficiently complicated to keep the lawyers busy. For the sake of the country's morality, we trust the charges will be unstained.

**BE WISE.**—Too often a cold or slight cough is considered a very ordinary, trifling affair, just as well left to go as it came, and hence systematically neglected until a simple curable affection is converted into a serious chronic disease. The more prudent, aware that a cough or cold should never be trifled with, promptly use "Bryan's Pulmonic Wafers," which have sustained their reputation for over 30 years.—They are always efficacious, and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all Druggists and country merchants. Price 25 cents per box.

**DR. WHEELER'S ELIXIR OF PHOSPHATES** and Calaisya—After having used your Compound Elixir of Phosphates and Calaisya for over two years in my daily practice, I must give it my unqualified approbation. During a practice of over twenty years, I have used many scientifically prepared compounds, made to fulfil the same therapeutic indications as your Elixir, but none of them proved with me as valuable as yours. To the medical profession and the public, I would especially recommend it as the best remedy with which I am acquainted for the successful treatment of the large and constantly increasing class of cases of over-worked and nerve-exhausted women. Yours truly,  
 N. WATKINS BUEL, M.D.

**THE GREAT ENGLISH REMEDY.**  
 Dr. Williams' Pink Pills for Pale People  
 Before Taking. After Taking.  
**Specific Medicine**  
 Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over-indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Senile Weakness, Spasmodic Rheumatism, Impotency, and all diseases that follow as a consequence of Self Abuse, or Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to Insanity or Consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over-indulgence.  
 The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.  
 The Specific Medicine is sold by all Druggists at \$1 per package, or six packages for \$5, or will be sent by mail on receipt of the money, by advertisement.
