AUSTRIANS REPULSED

Germans Forced to Give Ground to the Russians in the Riga Region

Again the Germans have delivered violent attacks against the British troops in their newly-won positions in the vicinity of the Ypres-Menin road and the Polygone wood. Two separate onslaughts were made three hours apart and both with huge effective moving in waves. Everywhere the attacks were repulsed with heavy losses, except on the southeast corner of the Polygone wood, where two British advance posts were captured.

STUTTGART BOMBED

While in England the demands of the people for reprisals against the Germans for air attacks on open towns continue to grow in volume, the French have avenged themselves for a raid on Bar de Luc by heavily bombing the German town of Stuttgart with the air. In all, a ton of explosives was dropped. Both the British and French fliers are keeping up their activities over German positions in Belgium and northern France, blowing up railroad stations and military works. The German submarine base at Zebruges and the straits at St. Denis-Western again have come in for bombings. Daily numerous flights in the air are taking place, in which the casualties on all sides are heavy.

RUSSIAN ADVANCE

In the Austro-Italian theater the Austrians have advanced against heavy positions of the Italians on the Bainsale plateau, but everywhere have met with complete repulse. In the past three days in this region, General Cadorna's forces have taken 3,013 Russian prisoners.

ARMAND LAVERGNE TAKES FLING AT CLERGY WHO ARE SUPPORTING PROHIBITION

Quebec, Oct. 1.—Quebec will vote on prohibition on October 4, and a campaign is going on that is creating as much interest as the anti-conscription movement did. Four big meetings have already been held, two in favor of prohibition, two against. It is very hard to say who will win at the polls. Both parties claim victory.

HEAVY ATTACKS AGAINST BRITISH

London, Oct. 1.—Several heavy attacks were delivered by the Germans today against British positions north of Ypres and east of Polygone wood, according to the communication from British headquarters tonight. All the attacks were repulsed with heavy casualties, except near the southeast corner of Polygone wood, where the enemy entered two British advance posts.

WANT LAFOLLETTE EXPELLED FROM THE U.S. SENATE

Petitions Asking for Action Against Him and Gronna of North Dakota and Stone of Missouri

TEXAS JUDGE SPEAKS

Believed That They Should Be Stood Up Against Wall and Given What They Deserve

Washington, Oct. 1.—Petitions from New York organizations asking expulsion from the senate of Senators La Follette of Wisconsin, Gronna of North Dakota, and Stone of Missouri were presented in the senate today by Senator Wadsworth of New York, chairman of a committee on enemy privileges and elections committee.

Houston, Texas, Oct. 1.—Walter R. Burns, judge of the United States district court in charging the Harris county grand jury at the beginning of the September term today, after calling a lot of petitions, letters and telegrams from various organizations and individuals on the same general subject.

The first step towards official consideration of the petitions was taken today when Senator Flanders of Ohio, chairman of privileges and elections committee, called a meeting for next Wednesday.

What They Deserve
Houston, Texas, Oct. 1.—Walter R. Burns, judge of the United States district court in charging the Harris county grand jury at the beginning of the September term today, after calling a lot of petitions, letters and telegrams from various organizations and individuals on the same general subject.

"I had a wish, I would wish that you men had jurisdiction to return bills of indictment against these men. They ought to be tried promptly and fairly, and I believe this court administers the law fairly, but I have a conviction as strong as life that this country should stand them up against an adobe wall tomorrow and give them what they deserve."

Armand Lavergne severely attacked the clergy last night on the question of prohibition, saying: "The clergy claim in pastoral letters that they want prohibition to save the young men from death. Why did they not publish pastoral letters against conscription, which is more dangerous than prohibition?"

Should prohibition be voted on October 4 the article claim it will have no effect, as all the hotel keepers and wine merchants would move their establishments to a little city called Quebec West, that has been created by an act of legislature, and has power to give as many licenses as council wants to.

Regina, Oct. 1.—Saskatchewan will have over 5,000,000 bushels of potatoes this year, according to the estimate of the department of agriculture, which places the average under crop as 49,244, and the average yield at 102.4 bushels.

"The first infantry attack was launched at 6:10 a.m. astride the Menin road, on a wide front. The first and second waves were so badly battered by the artillery that they never reached our positions. The third wave got into actual contact with our infantry, but met with such a steady and devastating volume of rifle and machine gun fire that it broke and fell back."

"Simultaneously, a body of our men cheering, broke forward in pursuit and established themselves 100 yards in advance of their previous line."

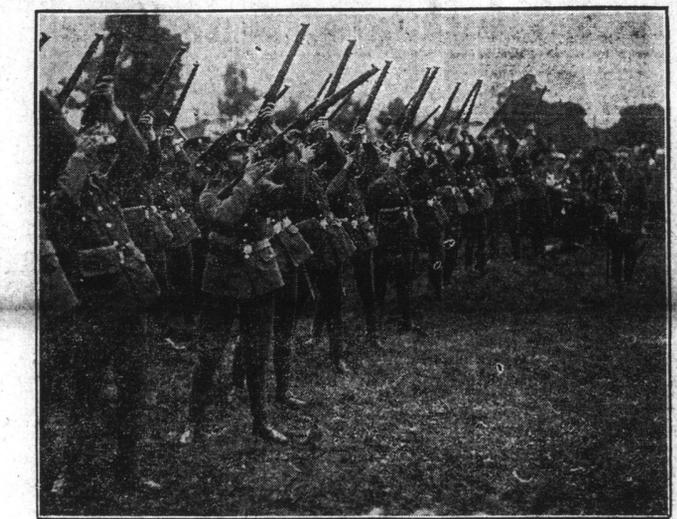

"The second attack was delivered at 8:30, and although repulsed, nearly everywhere, at one point the enemy succeeded in pressing back our posts slightly. The fighting continues. The operations have been terribly costly to the Germans."

Winnipeg, Oct. 1.—Brigadier-General R. J. Gwynne, director-general of mobilization at headquarters, Ottawa, left the city tonight for Regina, Calgary and Vancouver, in order to discuss general aims with the military authorities of the respective districts regarding mobilization of the first draft under the Military Service act.

General Gwynne stated that further details in addition to those already announced, would be given out by the civil authorities on the department of justice which is administering the act. It was unofficially announced that mobilization may be expected on or about October 15.

At the conclusion of a conference today between Gen. Gwynne, Brigadier-General Ruttan, G.O.C. M.D. 16; Lieut.-Col. Gray, assistant adjutant-general; E. R. Chapman, registrar for Manitoba; T. D'Arcy McGea and Geo. U. Staff, of the department of justice, Mr. Staff announced the details as to how the act will be worked out here, which are as follows:

Twenty days after the proclamation the exemption tribunals start to sit.

PREMIER BACK, BUT HAS NO NEWS ABOUT UNION GOVERNMENT

Sir Robert Borden Says That He May Have Some Announcements to Make in a Few Days

ELECTION DELAYED

Revision of Lists and Other Routine Work Will Delay Appeal to the People Till January

Ottawa, Oct. 1.—Sir Robert Borden's first day in the capital after his brief holiday was not productive of any definite announcement in regard to the government reconstruction, the formal dissolution of parliament or government appointments. The cabinet council was in session for a couple of hours in the late afternoon. Subsequent to the meeting Sir Robert said he had no announcement of any kind to make, but he intimated that there might be something of interest to make public within a day or two.

It will probably be Wednesday or Thursday before there are important developments at the capital. Formal dissolution of parliament, which otherwise would be a natural death of Sunday next, is not expected until towards the close of the week. Meanwhile, a number of appointments are likely to be made.

In addition to the one vacant senatorship from Ontario, which can be filled before there are important vacancies in the judiciary, there are a couple of important posts in the house of commons staff to be filled. These are the clerkship of the house made vacant by the retirement of Dr. T. B. Flint, and the post of sergeant-at-arms, which was held by the late Lieut.-Col. Smith, who died suddenly at Kingston a few days before the house adjourned.

The western senate appointments designed to give the west a group of 24 representatives in the upper chamber, cannot be filled until after dissolution of parliament.

While plans are being made for the holding of the general election in December, the impression is growing that it may be found impossible to have the voting take place before January. The revision of the lists, in addition to the provisions of the War Times Election act, the printing of the same and all other necessary arrangements for the contest at the polls may consume so much time that nominations cannot take place until December, with the voting four weeks later.

Red Deer, Oct. 1.—The first step was taken in a Win-the-War association, the object of which is to secure the nomination of Dr. Michael Clark as candidate for the commons in Red Deer tonight, which it is expected, will spread throughout the riding during the next few days. There was a good attendance at the meeting; the audience being fairly well divided between Conservatives and Liberals.

A Win-the-War association was formed.

It was decided to hold an open convention for the purpose of bringing out a candidate for the house of commons, such convention to be held about October 22.

The following officers were elected: President, R. L. Gaetz; vice-president, F. W. Galbraith; secretary, W. E. Payne; executive, John Malcolm, W. R. Ellenwood, J. P. Day, E. Michener, D. W. McKinnon, Dr. Collier, John Carwell.

On the executive are five Liberals and five Conservatives. Of the Liberals, F. W. Galbraith is editor of the Red Deer Advocate. He, with three other members of the executive, were delegates to the Winnipeg Liberal convention.

Of the Conservative members, E. Michener is leader of the opposition in the legislature; J. F. Day, who was the Conservative nominee for the riding of Red Deer, but resigned a few weeks ago, and John Carwell, editor of the Red Deer News.

The executive received instructions to prepare a requisition asking Dr. Michael Clark to become a candidate for the Dominion, which will be presented to him at the convention to be held.

The meeting was a very successful one and it is expected that similar organizations will be created in different parts of the riding.

Winnipeg, Oct. 1.—The board of grain supervisors for Canada today ordered that the prices on the following grades of wheat shall be:

STRONGEST AIR RAID YET ATTEMPTED BY GERMANS ON LONDON

Many of the Airplanes Turned Back, But a Couple Got Through and Did Some Damage

BATTLE FOR TWO HOURS

Terrific Barrage Sent Up From Defense Guns in the Neighborhood of London

MANY GERMAN SHIPS

No Casualties or Damage of Any Kind Reported; Lord French's Official Report

London, Oct. 1.—The strongest air attack yet attempted on London and the coast towns by the Germans was carried out tonight by four groups of heavy bombers. Some of the machines got through to London and bombarded the southwestern district.

A terrific barrage was sent up from the defense guns and the roar of battle lasted intermittently for 2 1/2 hours.

Two of the groups succeeded in getting a number of machines through the sky barrage. Numerous bombs were dropped on the southwestern district, which is thickly populated with the homes of the upper and middle classes.

The fire from the defending guns was longer and louder than ever before. A rain of shrapnel fell in all sections of the town and the streets were very deserted save for a few police.

The weather was perfect for air operations as there was a bright full moon with no clouds or wind. The people of London expected a raid and were waiting for signals. Soon after 7 o'clock motors of the volunteer corps sped through the streets blowing their sirens and displaying an illuminated notice "take cover." The telephone exchanges notified their subscribers and other measures were put into force to inform the people of the impending air raid.

Many of the theaters were continuing performance despite the raids. At the conclusion of the performance in one of the leading theaters the managers came on the stage and invited the audience to change hands to vote on the question of continuing the night performances. All voted in favor of carrying them on as usual.

Lord French's Report
Field Marshal Lord French issued the following report dealing with tonight's raid:

"A group of hostile airplanes crossed the Essex coast at 7 o'clock this evening (Continued on page two)

EMBARGO PLACED ON ALL U.S. COAL COMING TO CANADA

Shipments From American Lake Ports Stopped to Divert Coal to Western States

MANY PROTESTS MADE

Consumers in the Western States Declare They Are Facing a Shortage This Winter

Washington, Oct. 1.—All shipments of coal into Canada from American lake ports were ordered stopped tonight by Fuel Administrator Garfield to divert coal from these ports to meet fuel shortage in the northwest.

The order also declares that producers shall fulfill contracts for delivery of coal to Lakes Erie ports for trans-shipment. Streets all handling agencies to expedite shipments, and forbids the reconignment of such coal to any points, either in the United States or Canada, other than the northwest.

An Unknown Rumor
Ottawa, Oct. 1.—Nothing is known at the office of the Dominion fuel controller of a report emanating from St. John, N.B., to the effect that 24,000 cars of anthracite coal are coming into Ontario by way of Buffalo for distribution throughout Canada, more particularly in the eastern provinces. Twenty-four thousand cars would represent about one-quarter of the annual importation of hard coal, and the bringing in of such an amount would solve the problem.

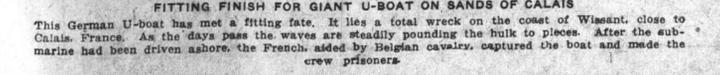

FIXED PRICE ON LOWER GRADES

Winnipeg, Oct. 1.—The board of grain supervisors for Canada today ordered that the prices on the following grades of wheat shall be:

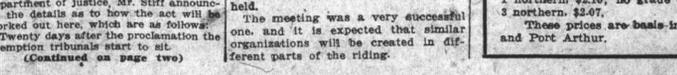

From October 1, 1917, to August 31, 1918, inclusive—Rejected 1 northern, \$2.11; rejected 2 northern, \$2.06; rejected 3 northern, \$2.01; smutty 1 northern, \$2.13; smutty 2 northern, \$2.08; smutty 3 northern, \$2.05.

From October 1, 1917, to April 30, 1918, inclusive—No grade tough 1 northern, \$2.15; no grade tough 2 northern, \$2.10; no grade tough 3 northern, \$2.05.

These prices are based in store, bulk terminals at Port Williams and Port Arthur.

FITTING FINISH FOR GIANT U-BOAT ON SANDS OF CALAIS
This German U-boat has met a fitting fate. It lies a total wreck on the coast of Wisent, close to Calais, France. As the days pass the waves are steadily pounding the hull to pieces. After the submarine had been driven ashore, the French cavalry, captured the boat and made the crew prisoners.

Winnipeg, Oct. 1.—The board of grain supervisors for Canada today ordered that the prices on the following grades of wheat shall be:

From October 1, 1917, to August 31, 1918, inclusive—Rejected 1 northern, \$2.11; rejected 2 northern, \$2.06; rejected 3 northern, \$2.01; smutty 1 northern, \$2.13; smutty 2 northern, \$2.08; smutty 3 northern, \$2.05.

From October 1, 1917, to April 30, 1918, inclusive—No grade tough 1 northern, \$2.15; no grade tough 2 northern, \$2.10; no grade tough 3 northern, \$2.05.

WILL ISSUE NEW INTERSCHOLASTIC RUGBY SCHEDULE

Board of Governors Found the Schedule Was Too Crowded, and Will Play One Game a Week

The local interscholastic rugby schedules are likely to be set back, if the recommendation of the board of governors of the interscholastic association are put into effect. The board believes that the schedule is too crowded and suggested a revised schedule of one game a week to Chairman Roseboro of the rugby section committee.

WHERE ARE THE GREAT HITTING COMBINATIONS?

This Season Has Not Produced Equal of Pairs of Other Years

What has become of the great slugging combinations of the past? One year with Philadelphia, Nap Lajoie and Edward Delahanty, linked side by side, averaged 300. Another year, Cobb and Crawford, in the 1911 campaign, totaled 351. Collins and Baker, hooked together in the batting order, ran up to 350. Lajoie and Jackson, working with Cleveland, reached 346. Cobb on longest has a Crawford. Tyra still rips along, but Welch, well down the list, isn't a Crawford of the old days.

TWO VIEWS ON OUTCOME OF THE WORLD'S SERIES

Irwin M. Howe, baseball statistician, says the White Sox are the best team in the best league. Why should they not win from the best team in an inferior league? It is admitted that the Giants far outclass their National League rivals, but whether or not they are of American league class is one reason I suppose for holding the world's series.

Clarence F. Lloyd, of the St. Louis Star, says: I lean slightly toward the Giants, but it wouldn't surprise me if the fact that it is "a fighting ball club" the Sox are same and I fear that McGraw-Herzog Co. will throw a big scare into the mild-mannered Pale Hose, just as George Stallings and his Braves did to the timid Athletics of a few years back.

Each team seems to boast of only one real pitcher. Schupp, for the Giants, and Cicotte, for the Sox. Neither is going to have any great advantages in this department. As there will be an off-day between each jump—New York to Chicago—it will give each manager an opportunity to rest up his favorite hurler for further duty.

NELLA DILLON WON KENTUCKY FUTURITY IN GREAT STYLE

Equaled World's Record for Two Heats by a Two-Year-Old Trotter

Lexington, Ky., Oct. 1.—Alexander B. Cox's bay filly, Nella Dillon, won the twenty-fourth renewal of the \$5,000 two-year-old Kentucky Futurity today in spectacular style, equalling the world's record for two heats by a two-year-old trotter made by Peter Volo at Columbus in 1893. She also in each heat toward the season's record by trotting in 2:07 and 2:06 1/4. Peter June, the favorite, driven by Geers, was second in each heat, but beaten decisively. Gerrall line in behind until the stretch when he pulled out and passed Peter June with ease. Only two started.

The Walnut Cup, a \$3,000 event, was won in straight heats by Early Dreams. In the first heat he was forced to equal the track record of 2:04 1/4. Early Dreams, Alma Forbes, Emma Jay and Busy's Lassie finished ahead apart. Seven horses started. Baxter-Lou won the 2:07 pace after losing the first heat to Barlight. Six horses started.

SQUIRREL FOOD

Last Wednesday our old favorite, Pete Standridge, pitching for Los Angeles against Vernon, won his game 5 to 2 allowing nine hits. The only Vernon player who seemed to be able to connect with any great ease, was none other than Fred Snodgrass, the star outfielder of Mugsy McGraw's Giants of a couple of years ago and league post series when pitching for Des Moines against Hutchinson, he struck out 10 men and allowed but seven hits. Des Moines won the game 3 to 1.

Another old Western Canada favorite, Ruddy Kallio, who used to hurl them over in great style for Moose Jaw, was the main factor in the winning of a series between Vernon and the White Sox which closed down the season. It is to be sincerely hoped that Charles Lincoln Herzog will be in the Giants' line-up in the series, so that after the big classic is over National League adherents will have a team to be whipped, will have no alibis.

PROCLAMATION TO BE ISSUED ON OCTOBER 15

The tribunals will complete their work in 25 days, when they will be ready to hand over to the military authorities, in Uniform December 1. Consequently, within 46 days after the proclamation the draft men may be expected to be in khaki. By December 1, the new army may be expected to be in khaki. Single men between the ages of 20 and 34 must report within 25 days after the proclamation is issued or they will be offenders under the act. The proclamation will order all class No. 1 men to report at the post office and either fill in the required form or make a claim for exemption. If exemption form is turned in to the postmaster, receipt will be given to the registrars of the province. Only class 'A' men will be taken in the first draft of 300,000 men. Infantry men only are needed.

STRONGEST AIR RAID YET ATTEMPTED BY GERMANS ON LONDON

Another group of machines was followed at about a quarter of an hour's interval by a second group, which pursued the same course. The first attack on London was delivered from the northeast about 7:45 p.m. Most of the raiders were turned back by one or more of the machines penetrated the defenses and dropped bombs in the southwestern district. About 8:15 p.m., the second group of raiders attempted to cross the defenses at various points in northeast and north London, but without success until shortly after 9 o'clock, when a few of them passed across London and bombed again against the result of the refusal of the employees to accede to their demand in the summer for a scale of forty cents per hour, with time and a half on night shifts, and double time on Sundays and holidays. The present scale is thirty-five cents for all hours worked. The advance in wages since the fall of 1914, is about forty per cent, the board of grain commissioners in the department of labor at Ottawa, and there is no foundation for rumors that the militia will be called out to deal with the situation. All proceedings have so far been quite orderly.

GRAIN COMMISSION TRYING HARD TO SETTLE STRIKE

Elevator Men at Head of Lakes Urged to Go to Work Pending Inquiry. Commissioner Jones, when asked whether there was any statement to give out, replied that there was nothing as yet. At the session with the employees, it had been strongly urged that the men should return to work pending an investigation and a settlement. The matter is being discussed by the men behind closed doors tonight, and it is possible that this will be the solution.

VIOLENT ATTACKS OF GERMANS ARE HURLED BACK

Work of British Air Craft. London, Oct. 1.—The following official communication dealing with the aerial branch of the army at the front was issued tonight: "The visibility improved Sunday and a great deal of artillery and photographic work was accomplished by our airplanes. Bombing continued without respite day and night. Over 11 tons of bombs were dropped on enemy airfields at Grotto and hostile billets and communications in the battle area and on a dump and the headquarters near Cambrai. The enemy also carried out many bombing raids during the night, but did little damage of military importance. A photograph taken of the results of our bombing at the Grotto airfield shows that Saturday night one shed of the airfield was hit. The same shows three large German machines which landed in a field five miles south of the Grotto airfield. Two of these machines were damaged and communications in the battle area were cut. The accommodation of Gotha airplanes at this airfield, is reported to have been set on fire last night. "Four German machines were not very active yesterday, but a few large formations were encountered. "Five of our airplanes are missing." Paris, Oct. 1.—Heavy artillery fighting is reported by the war office tonight on the Alsace front. There has also been infantry fighting of a stubborn character on the right bank of the Meuse, where the Germans attacked the French line, but were eventually repulsed. The text of the statement reads: "Our German machines were quite spirited artillery actions in the sectors of La Faux and Allies in the region between the Meuse and the Moselle, one of our detachments, composed of an officer and 12 men, carried out a surprise attack on an enemy trench and brought back, without having suffered any losses, 31 prisoners. "On the right bank of the Meuse, after a violent bombardment, the Germans delivered an attack between the Bois de Chaux and Biesonvaux. A stubborn engagement followed, our advanced detachments, which the enemy had succeeded in entering, and ended to our advantage. Our artillery has completely re-established and we took about 15 prisoners. "Belgium communication: On September 30 and October 1, the regions around Ramecapelle, Costapel, Roupe Dame, Loo and Knoke have been exposed to an enemy attack. Our advanced detachments, which the enemy had succeeded in entering, and ended to our advantage. Our artillery has completely re-established and we took about 15 prisoners. "The aviators have been very active during the course of the last two days, carrying out numerous missions of reconnaissance, chase and protection, in the course of which many combats were fought, and also bombardments near Rodevelde in reprisal for those of the enemy against our cantonments. "Eastern theater, Sept. 30: Our artillery shelled enemy batteries at the Cerny bend and north of Monastir. Two reconnoissances, which attempted to reach the Italian positions, were repulsed. "Cadorna's Great Work. "Home Oct. 1.—In three or four operations of the past three days, General Cadorna's troops have taken 2,019 prisoners. The war office announced today that Austrian attacks upon the Italian lines on the Bainsizza plateau, which were pushed forward in the afternoon, were completely repulsed. "The text of the statement follows: "On the Bainsizza plateau, the enemy renewed his attack on the positions recently occupied by us. He was everywhere completely repulsed. "The number of prisoners taken in the offensive section of the last three days is 2,019, including 65 officers. "On the Carni, there was lively patrol activity."

NOT FALT OF SHIPPER

Winnipeg, Oct. 1.—The Winnipeg board of trade has received information from the railway commission at Ottawa stating that the reason for the non-issuance of the order suspending the increase in all-rail rates effective on September 1, was that it was found to the surprise of the commission that the majority, if not all, station agents had destroyed the old tariffs which would have been reverted to if the suspension order had been issued. The reserve stock of tariffs at Montreal had also been destroyed. "Kid Williams Got Decision. Baltimore, Md., Oct. 1.—Kid Williams of this city, got the decision tonight over Dick Leadon, of Lockport, N.Y., after 12 rounds of fighting.

HEALTH AND BEAUTY LECTURE TO BE REPEATED TODAY

Dress Subject of Mrs. Blair's Lecture at Hudson's Bay Today

A record audience heard Mrs. Blair's address on "Health and How to Retain It" yesterday in Hudson's Bay hall at the Hudson's Bay. Health, which has come to be a synonym for beauty, is ever of paramount importance in the eyes of every woman, and while the subject itself is certain to draw a good attendance, the attraction was more than usually strong in this particular instance in the fact that Mrs. Blair was a speaker, not only an expert on the subject but a clever, intelligent speaker. She was listened to with keen, intense interest throughout and her lecture ended only too soon for the enthusiastic audience. The speaker illustrated her address by a good demonstration which she uses to retain her health and good looks as well. The entire lecture proved so popular that arrangements have been made to have it repeated on Friday afternoon when the relation of foods will also be discussed by the speaker. This subject will introduce those necessary for tissue building and also those to be avoided or used in reducing flesh. Dress will be the subject of today's address, in which the speaker will touch on life, color, material, etc. in clothes. Tomorrow an imaginary Thanksgiving dinner will be served, and on Thursday the home and its furnishings will be the subject. The series will end with the question box on Saturday when Mrs. Blair will answer any questions asked.

LANGDON RED CROSS SOCIETY HOLDS ANNUAL MEETING

SPECIAL APPEAL FOR BRITISH RED CROSS WHICH NEEDS FUNDS

Oct. 18 Set Aside as "Our Day" on Which Everybody Is Urged to Donate

October 18 next is being set aside as a day of special appeal on behalf of the British Red Cross society. On that day throughout the great commonwealth of nations which compose the British empire, our people will be united in a combined effort to raise funds to help the sick and wounded who are being cared for by our parent Red Cross society.

The campaign for funds is being conducted by the Canadian Red Cross. In view of the importance of the appeal the lieutenant-governors of our various provinces are being requested by both the British and Canadian authorities to do all in their power to officially endorse this campaign, and to assist our society and our people generally in realizing the largest possible return from the efforts made. It should be borne in mind that though the Canadian Red Cross is responsible for the care of Canadian soldiers and sailors in the British Red Cross on which falls the great burden of ameliorating conditions for wounded soldiers and sailors in every theater of the war.

It is estimated that \$40,000 a day is required to meet present demands made upon the society. Expenses are increasing continually. The need is great, so great that it is our imperative duty to render every possible assistance. Our sheltered homes, our organized harvests speak eloquently of the protection afforded to our country by our soldiers and sailors who, on the high seas and on great battlefields, are dying daily that we may live. Help to lighten their burdens. Help to assure the resources of the measure of our giving bear a glowing testimony to our appreciation of their valor, their achievements, their growth and heroic sacrifice. Organize your district immediately so as to insure the best possible returns on October 18, "our day." Bring this empire-wide appeal home to every individual in your community. In this connection circulars are being sent to the mayor of your town, to the local clergy, to school teachers and to heads of patriotic societies. It is suggested that you should endeavor to unite all interests in a combined effort for this great cause.

Money for British Red Cross should be raised through the following grants should be made from the funds of the Canadian Red Cross. Returns: Local branches and societies other than branches of the Red Cross should be referred to the provincial office, kindly remit money direct to the provincial office. Red Cross auxiliaries should remit money through the local branches for which they are working. Unorganized districts remit money direct to the provincial office. Signed on behalf of the Canadian Red Cross society, Alberta provincial branch, M. PINKHAM, Honorary Secretary-Treasurer.

BIG FIGHT TO SAVE HOMESTEADER'S LIFE

New Trial May Be Awarded Donald Moke, Sentenced for Murder
Edmonton, Oct. 1.—In the appellate division of the supreme court of Alberta, argument is being heard in the reserved case in connection with the trial of Donald Moke, the 18-year-old Peace River homesteader, who is now awaiting execution at Fort Saskatchewan for murder.

During the hearing of the case at Peace River, A. G. MacKay, K.C., who was acting for the prisoner, took objection to certain remarks of the trial judge and the crown counsel with reference to evidence of the physicians, and it was on this objection that the reserved case was granted by Justice Stuart, who was presiding at the hearing.

The date of the execution of Moke was set down for Monday, October 15. Hon. Mr. MacKay recently visited Ottawa and presented strongly his case before the minister of justice for a commutation of the death sentence. No decision on this has yet been handed down by the privy council.

ONE-MAN CARS WILL BE OPERATED ON CRESCENT HEIGHTS

On Close Vote Council Decides to Take Such Action After Long Debate

ON ECONOMY GROUND

But Council Does Not Discuss Question of General Approval of One-Man Cars

The council last night, by a vote of seven to five, endorsed the recommendation of the one-man car for the Crescent Heights line.

The matter was brought up with the taking of the table of Commissioner Graves' letter authorizing the placement of one-man cars upon the Crescent Heights line because of the shortage of men, many having gone into the harvest fields.

Ald. Adshed and Ald. McTaggart moved that the recommendation of Commissioner Graves be not approved.

Ald. Adshed claimed that the principal reason given for the change was a matter of economy, now the matter of speed is being introduced.

Approved of putting one-man cars on the Crescent Heights route. Refused the application of the bakers for permission to change the size of the loaf from 24 ounces to 20 ounces.

Suspended the bread wrapping bylaw for one year.

Turned down both the recommendation of the mayor and that of Ald. Arnold as to the composition of the special committee to advise the council re the readjustment of the finances.

Agreed to sell the smokestack of the western incinerator to the General Hospital for \$800.

Appointed the license inspector as the officer of the commissions to give recommendations and carry out the provisions of the charities bureau's bylaw.

Decided to allow the widow of Policeman Duncan his full salary for the balance of 1917, and \$70 per month for the following three years.

Laid over the commissioners' report on the market for future consideration.

Asked the mayor to make a Thanksgiving Day proclamation, and requested the aldermen and heads of departments to attend church service on that day.

Awarded the contract for trousers for street railwaymen to MacLeod Bros. at \$4.85 each.

Laid over the commissioners' report favoring granting permission to the hospital board to build a nurses' home on city property.

Make Today's Work the BEST YOU CAN DO

Candidates Have Until 10 o'Clock Tonight to Mail or Turn In Subscriptions on the Best Extra Vote Offer

This evening at 10 o'clock! Up to that hour is really a very important time—to the candidates in the Albertan's automobile contest.

And it's all caused by the close of the first club offer for extra votes—100,000 for each \$10 worth of subscriptions.

Candidates not reaching a club or having a surplus will be allowed to count the money on the second club of 100,000 extra votes for each \$10 worth of subscriptions.

It is mighty important to gather in as many clubs as possible up to this evening. It is very true that some of the candidates apparently have not made a start yet—to their loss, however—but the wise ones will not allow a single opportunity to roll up the votes pass by.

This evening another week will have been "lopped" off the contest period. The winners will be a week nearer an automobile than they were last week. But who will the winners be? That's the burning question. Listen! We're going to tell you. The best workers. Not the ones who put off from day to day taking the contest seriously.

We wish at this time to caution candidates to be very careful about entering the names of new subscribers. Not that anyone would endeavor to "slip" in an old one for a new one, but for the information of anyone who might try, we give this information: Changing the name of the subscriber or giving another name at the same address, stopping the paper for a few days and starting it again—DOES NOT GAIN A NEW SUBSCRIBER. We hope candidates will co-operate with this department in this particular and save us the necessity of reducing voting certificates after issued.

CANDIDATES IN THE CONTEST

The standing of the candidates, as shown below, includes each vote as were accepted for publication up to Tuesday evening. Votes will be added Tuesday, Thursday and Saturday.

To insure accuracy a Burroughs adding machine is used in computing the votes.
