The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Library  
General Reference Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library  
General Reference Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## *~*PREFACE.*~*

---

This Catalogue is revised up to date on the cover, and is believed to be as nearly correct as is possible. The Mechanics' Institute Library now consists of more than 8000 volumes, and each month additions are made of the newest and best books. Attention is especially directed to the valuable collection of Historical and Scientific Works, as well as to the Library of Reference. The other departments of the library will be found to be well filled with choice books.

The Directors are doing what they can to extend the influence and usefulness of this valuable library. They hope that a generous public will assist them in their efforts in a practical way by becoming members. The membership fee is only one dollar, which gives every privilege of the institution. Tickets can be had from the Librarian or any of the Directors.

### **PRESERVE THIS BOOK.**

Each year printed pages will be sent to subscribers with the titles, &c., of the books purchased during the year. Members may paste these additional pages in their catalogue and thus have a complete list of additions year by year.
