Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- Coloured covers/

The copy filmed here has been reproduced thanks to the generosity of:

Douglas Library
Queen's University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Douglas Library
Queen's University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

no. Fairfield's Bushel's Act

PREFACE.

This new Ready Reckoner has been compiled to meet the changes in "An Act respecting Weights and Measures" (assented to May 23, 1873—36 Vic., c. 47, s. 5), as follows :

"1. But until the first day of January, one thousand eight hundred and seventy-four, in contracts for the sale or delivery of any of the articles in this section mentioned, the standard bushel shall be taken and intended to mean the weight of a bushel as hereinafter mentioned, and not a bushel in measure, or according to any greater or less weight, unless the contrary appears to have been agreed upon between the parties :

Wheat,	60 lbs.
Indian Corn,	56 "
Rye,	56 "
Peas,	60 "
Barley,	48 "
Oats,	34 "
Beans,	60 "
Clover Seed,	60 "
Timothy Seed,	48 "
Buckwheat,	48 "
Flax Seed,	50 "
Hemp Seed,	44 "
Blue Grass Seed,	14 "
Castor Beans Seed,	40 "
Potatoes, Turnips, Carrots, Parsnips, Beets,	
Onions,	60 "
Salt,	56 "
Dried Apples,	32 "
Dried Peaches,	33 "
Malt,	36 "

And from and after the first day of January, one thousand eight hundred and seventy-four, all the above-mentioned articles, when bought or sold by weight, shall be specified by the cental, or part of a cental."

The publishers would say that every possible precaution has been taken to avoid errors in calculations in this little work, and hope that it will meet with the favour of the farmers and others for whom it is intended.

11 WELLINGTON ST. WEST,
TORONTO, JUNE, 1874.

EXPLANATIONS.

CALCULATIONS commence with 20 cents per cental (or per 100 pounds), as it is thought that few if any transactions will be made at a lower rate.

Method of reckoning cost of a load of grain, say at 96 cents per cental, weighing 36 centals and 39 pounds:—Under the heading of 96 cents per cental find the No. 36, and in the second column find \$34·56, the value of the centals, and in the third column, opposite the No. 39, find 37 cents, the value of the pounds. Thus :

36 centals at 96c. per cental	=	\$34·56
39 pounds " "	=	·37
36 centals 39 pounds,		=\$34·93

To find the value of any No. of pounds over 50, say 90 pounds (50 + 40) add value of 50 pounds to value of 40 pounds ; or say 75 pounds (40 + 35), add value of 40 pounds to value of 35 pounds, at given rate, thus : By finding value of the two Nos. which added give the No. whose value is wanted, you have the sum desired.
