COLLEGE BUILDINGS AND HORSES DESTROYED IN FIRE AT OAKVILLE

OAKVILLE, Nov. 7.—A fire, believed to be of incendiary origin, destroyed the barn and gymnasium of Appleby College tonight. Nine valuable saddle ponies and horses, owned by pupils of the college, were burned.

The local fire brigade, which has been kept busy of late, owing to the frequency of mysterious fires, responded quickly to an alarm which was sent in about 10 o'clock and succeeded in saving the adjoining buildings after a hard fight. The loss will amount to about \$35,000, exclusive of the horses and ponies, which were high-bred animals.

Roosevelt Told Political Creed

BUENOS AYRES, Nov. 7.—(Can. Press.)—Theodore Roosevelt recited his political creed before an audience of Argentines here today and outlined, in a speech lasting more than an hour, the work that he and his followers had set themselves to accomplish in the United States.

Among the many reforms written on their program, he said, were these: "We wish to make the people the supreme arbiters between their servants, the court and the legislature, when the court and legislature differ as to the proper interpretation of the constitution which the people made."

RAIN, HAIL AND SNOW SWEEP HEAD OF LAKES

Steamer Saronic Turned Back to Fort William When Storm Broke.

FORT WILLIAM, Nov. 7.—(Can. Press.)—A high wind accompanied by rain turning to hail and ending with snow, broke over the Twin Cities and Lake Superior during the day, but calmed down at night while the temperature dropped.

The steamer Saronic, of the Northern Navigation fleet, started out, but turned back at Thunder Cape on account of the high seas, while her wireless reports told that the C. P. R. steamer Alberta was lying anchored at Whitefish Bay.

HUERTA IGNORES THE SUMMONS TO RESIGN

He Has an Idea That Great Britain Will Go to War With the United States to Maintain Him in Power—His Reply to Wilson Will Be Defiant.

(Special to The Toronto World.) MEXICO CITY, Nov. 7.—Gen. Huerta will ignore the peremptory summons to resign, sent him by President Wilson. He has the idea that Great Britain will go to war with the United States to maintain him in power.

Huerta's determination to ignore President Wilson was reached early today after a prolonged session with his cabinet, which began yesterday afternoon. If upon later consideration he decides that circumstances are expedient for him to do so, he may reply. In this case his refusal may be expected to be couched in such defiant and contemptuous terms as to leave President Wilson no possible alternative than to despatch an ultimatum, coupled with request to the United States congress for full authority and funds to move in the Mexico matter as expeditiously and as drastically as the president may deem necessary.

Gen. Huerta still believes that President Wilson is bluffing. He told his cabinet so last night. His ministers agreed with him enthusiastically, all save De La Lanza, finance minister, who persisted, as he has done since entering the cabinet, in counselling moderation in Huerta's attitude toward Washington.

There is no evidence that Huerta has ceased his dependence upon the advice of the British minister or that the minister has altered in any way his opinion that Huerta is utterly incapable of coping with Washington and the compel Wilson to back down. On the contrary, persons here who are in touch with diplomatic circles affect to see in Minister Carden a most potent obstacle in the way of success of President Wilson's present endeavors to secure Huerta's elimination.

There were so many of them that as soon as the fact was brought to the notice of the police and postoffice officials they were supposed to have been stolen.

TASMANIAN BICYCLIST LEADS A MERRY CHASE

Alf. Grenda Pedaled a Ring Around Others in Six Day Race.

BOSTON, Nov. 7.—(Can. Press.)—Alf Grenda, the Tasmanian woodchopper, carried the six-day bicycle riders on a merry whirl about the arena saucer track tonight in an effort to make up the lap which he lost by forfeit when forced to reteam the loss of his partner, Hehr.

Grenda, with the assistance of his new partner, Carman, pedaled a complete ring around the leaders, getting on even terms only to lose his lap again when Joe Fogler and Eddie Root started another "jam." The Tasmanian left in the rack dropped back to where he was when the evening started. He made the night a tiresome one for the other riders, however, by repeated efforts to win back to the lead.

The 1000-mile mark was passed tonight during the 44th hour of the race at 10 o'clock, the score being 1042 miles 2 laps for the five leaders. Grenda-Carman and Ryan-Corry were 1 lap behind and the Keefe-Kosky pair were 3 laps in the rear.

MRS. BEEMER IS NOT GUILTY OF POISONING HER HUSBAND

Verdict of Jury Pronounced After Seventy-Five Minutes' Deliberation—Judge Concur in Finding—Prisoner Showed Little Emotion on Hearing the Verdict That Made Her Free.

WOODSTOCK, Nov. 7.—(Can. Press.)—Mrs. Grace Beemer, seated in the prisoners' dock, her head bowed and tears in her eyes, did not change her attitude in the least when the jury this afternoon acquitted her of the charge of having murdered her husband. A few in the audience clapped their hands and attempted to start a demonstration, but officers put down the attempt with a firm hand.

His Lordship's Comment. Justice Kelly, in summing up the circumstances there was no fault to be found with the verdict. On the evidence it might have been possible to bring in another verdict, but in his opinion the jury had exercised their right satisfactorily to all parties.

Mrs. Beemer was led out of the dock by the deputy sheriff, and she walked alone to the sheriff's office, where she immediately picked up her five-week-old baby.

Mr. McMullen's Address. Mr. W. T. McMullen, for the defence, in addressing the jury, pointed out that the close of the Frederick Beemer was now in sight. These inquiries he touched upon briefly, calling the attention of the jury to the fact that at each Mrs. Beemer was constantly in the presence of her husband, and that she was not represented by counsel at any of these hearings, but she told her story frankly and straightforwardly.

Mr. McMullen showed that no arrest was made at the close of the inquest. Although John Mason had been a witness he did not tell his sensational story about seeing the prisoner with a poison bottle in his hand until he was called to the stand by the crown's attorney, he did not tell any person until some weeks later, when he told the story to Dr. Woodner in his office at Ayr.

Sets Up Suicide. This in Mr. McMullen's opinion, was remarkable. The defence counsel attempted to get up a desire to die, by pointing to Beemer's financial condition, and pointing to statements made shortly before his death by the deceased to friends.

No Motive Shown. Mr. McMullen argued that there was absolutely no evidence regarding any motive for murder on the part of Mrs. Beemer. Neither was there any evidence showing that Mrs. Beemer had purchased any strychnine since the trial, and that strychnine was purchased to kill cows which were bothering the corn.

Mr. McMullen, in closing, made an appeal to the jury to restore the mother to those children who were outside the courtroom waiting for her to come back.

Mr. McMullen stated that the fact that all the medicine given to Beemer was given by his wife, and that it was following these doses of medicine that the severe pains occurred which finally resulted in Beemer's death. Mr. Meredith attempted to discredit the plea of the defence that Beemer's death was due to suicide, by showing that Beemer at all times expressed a desire to get better.

He was most desirous of living, and urged that a doctor be called for, and that his stomach be pumped out, because of the fact that he felt as if he had been poisoned.

Mr. Meredith, regarding the suicide plea, stated there was no evidence that Beemer was able to get out of his bed to get any poison.

"The Ordinary Woman." In speaking of the prisoner, he said she was an ordinary woman, and was as curious as a fox. Her 32 lawsuits, he declared, made her probably as much acquainted with law proceedings as anyone in the present case themselves. Her evidence had been carefully planned and well thought out.

Mr. Meredith contended that it was not necessary to show any motive in the hearts of men and women. In the Beemer case.

IF BACK HURTS REGULARLY. Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

IMPORTANT CLOSING RUG SALE. On Monday, Tuesday and Wednesday of next week Chas. M. Henderson & Company will offer in the Rice Lewis old stand, corner of King and Victoria streets, a great closing sale of the George Massilian collection of high-grade oriental rugs. This collection, one of unusual interest and importance, was productive of one of the most noted sales yet held in Toronto and attracted unusual attention at the time. The pieces now offered could not then be over-taken and are equal in quality to the earlier part of the collection.

Oriental rugs have thoroughly established themselves in public favor. Highly artistic in design and color, they stand the test of time, and are readily adaptable to home aesthetic color schemes. The sale now intimates a grand opportunity for the purchase of fine grade rugs in all the favored fabrics, and these must be held in order to clear out the remainder of the collection. The sale will start each day at 2.30 p.m. sharp.

SULZER CALLED ON TO GIVE EVIDENCE "Boss" Murphy May Also Be Witness at Graft Investigation.

NEW YORK, Nov. 7.—(Can. Press.)—William Sulzer will be called by District Attorney Whitman as a witness in the John Doe investigation of graft charges made by John A. Hennessy, Sulzer's former graft investigator, according to an announcement made at the district attorney's office today.

It was stated, however, that the former governor had not been subpoenaed to appear. It was reported that Charles F. Murphy, leader of Tammany Hall, also would be called.

When the John Doe enquiry is resumed Tuesday before Chief Magistrate McCoo it is expected that John A. Hennessy, who was Gov. Sulzer's graft investigator, will be called again, and also George H. McGuire of Syracuse, bondholder of construction companies, much of whose testimony yesterday contradicted that of Hennessy regarding campaign contributions to Tammany Hall from upstate contracting firms.

The telegram Hennessy alleged he received from Syracuse relating to contributions is regarded as of pivotal importance by Mr. Whitman, who is expected to subpoena the receiving clerk in the Western Union Telegraph Co. at Syracuse to determine whether the message was sent by McGuire. A copy of this telegram was received here today by the district attorney.

LAW LORDS SHOWING IMPROVED JUDGMENT Times Doesn't Think Lord Haldane's Proposal Particularly Desirable One.

LONDON, Nov. 7.—(C.A.P.)—Discussing Lord Haldane's proposals for a re-constitution of the privy council, The Times today remarks that there is, in the opinion of most lawyers, including those of the dominions, a distinct improvement in the character of the judgments given by the council.

Regarding the expatriation of some members of the council to Canada, The Times doubts the expediency of such a measure, except under very rare circumstances, and proceeds to say that it is probable to judge from cases which have lately come from the dominions that a committee may often be called upon to decide questions of a political character, the value of legal phraseology.

ST. ALBAN'S CATHEDRAL (Building Fund). Rev. Canon Morley will preach in St. Peter's Church, Toronto, at 11 a.m. "It is plain that those who constitute the Cathedral body should strive to set out the principles of the service, and to give a witness to the wisdom of our forefathers. In shaping and determining the order of service in the parish church the incumbent is often bound to reckon with prejudicial conditions which make his ministrations a reason or place for such a compromise in the administration of a Cathedral. There are grievous parishioners who have no voice, and the poor man, and a decision can be taken by the Dean and Chapter without reference to subscribers. CRIME IS INCREASING

Cases of Theft and Burglary Reported to Police Every Day.

(Special to The Toronto World.)
HAMILTON, Nov. 7.—(Can. Press.)—The case disposed of in remarkably short time, considerable interest surrounded the re-considered sitting of the assizes under Mr. Justice Middleton was that of a Toronto weekly, appeared for sentence after an assizes suspended sentence, so that at any time a ball bond of \$4000, to be held under within the next three years he will not be liable for the crime of any individual through the columns of his publication.

RIO GRAND RIVER VERY CAPRICIOUS

Water Sometimes Rises With Extraordinary Rapidity From Dry Bed.

The Rio Grande is such a capricious river that it has been necessary a number of times to appoint commissioners on the part of the United States and Mexico to settle boundary questions it has set on foot. The party came to the Rio Grande an hour before sundown. A wide river-bed was to be seen, but there was no water—no water—no water—no water. The water was there, but it was flowing thru the sand beneath the surface.

ENIGMATIC GLASS BOTTLES

Sun's Rays Focus on Discarded Flasks and Ignite the Surrounding Leaves.

Governmental authorities are always anxious to find out the causes of forest fires. The greatest trouble there are men who are fond of their drinks and they are careless where they throw their discarded bottles. PALLADIUM AND ITS MULTIFARIOUS USES

Palladium, the seldom mentioned, is a metal for which the demand is greater than the supply. It is the most fusible of the six metals of the so-called platinum group, melting at about 1550 degrees, or about the temperature of wrought iron, and is not altered or discolored by exposure to air or hydrogen sulphide. It forms a very hard alloy with gold, platinum, which is the chief source of the total production of palladium in the United States in 1911 was estimated at 2000 tons, about one-third of which was imported from and bullion, and imports were reported.

MARKS NEW STEP IN DEVELOPMENT

Electric Show Next Week Forms Important Stage in Electric Progress.

An important event in the electrical development of Ontario will be the first annual Electric Show at the Arena next week with official opening Monday evening at 8 o'clock.

The exhibition will demonstrate by actual operation the many uses of electricity in the factory, in the home, in surgery and medicine and various other departments. It will have many spectacular features.

Not the least interesting section will be the electric farm exhibited by the provincial hydro electric system, in which electricity does the farmer's work by milking his cows, sawing his wood, cutting his corn, driving his cream separators and other machinery.

There will be a wireless apparatus powerful enough to communicate with Key West, a distance of 1600 miles. A million volt spark will be another striking feature.

In the household end Miss Lillie Miles of London, England, will give daily lectures on housekeeping, and will conduct competitions open to nurses, brides and bachelors.

The engineering society of the University of Toronto will have an exhibit of experimental apparatus for measuring current waves. The Humane Society will exhibit the new electric cages for the painless killing of stray dogs and cats.

Each evening there will be free moving pictures of electrical subjects in a separate room. Among other features will be a working model of the C.N.R. tunnel in Montreal, a telegraph, electric laundry and process manufacturing exhibit.

The largest exhibit in that the Toronto hydro-electric system, which is a complete electric exhibition in itself.

Workmen commenced early this week preparing the building and it is being elaborately decorated and illuminated.

A Pillow of Pine Needles.

We are wondering if some of our gardeners will excuse us for a day, especially those lucky ones who can revel in blessed sleep for nine or more solid hours at a stretch, while we take a journey with an unhappy mortal, cursed by the hateful Dragon Innomia.

This fellow-gardener writes that she simply took up gardening as a necessary evil, having been advised by her physician to "get back to the earth."

In her quest for sleep, she adds, also, that in her pursuit for the elusive god, she not only ruined her hands forever, her best clothes, all her boots, shoes and dresses, but she also developed a temper to rags and tatters, developed a habit of bad manners, but, finally, she was driven to digests a nice, fat, drowsy mortal out of the warm, moist earth, an immortal who carried her for the whole long happy summer.

Noodles.

"We are fond of noodles at our house and often have noodle soup in cool weather, but I never heard of baking noodles until the other day when I saw 'breast of veal with baked noodles' on a menu card in a tea room. What can you tell me about this combination and is it a good home dish?" writes one of my readers.

Noodles in all forms are very satisfying and especially so when they are made at home with plenty of egg yolks and rich stock. "Baked noodles" is a rather mystifying term, but one that is easily unworded. Suppose we make the noodles first, and then proceed to boil, bake and fry them.

You will need rolling pin, pastry board, salt, flour, eggs and a very little cream. Three egg yolks will make sufficient paste to furnish a family of five with enough noodles for two dinners. Separate the eggs, and to every yolk add a half an egg shell filled with water can be rolled thinner than if milk is used, but I cannot see that this makes any difference. When the sheet of dough is as thin as it can be made roll it up and cut the noodle in as narrow strips as you can. Shake out each roll of strips and when all are cut place in a sunny window or in a warm place to dry. Noodles are better for standing some time before they are cooked, and they will keep in a dry place for months.

Make a fine, rich beef or veal stock and season it well; strain it and bring to the boiling point, drop in the noodles and cook briskly 15 minutes. The noodles are served in the soup or they are lifted out and well drained and browned with the meat.

Breast of veal with noodles: Bake the veal with or without stuffing and with the addition of whatever vegetables you prefer. After the noodles are cooked and drained place them around the roast and return all to the oven until both meat and garnish are slightly brown.

It is not absolutely necessary to cook the noodles in meat stock; instead you may drop them into boiling, salted water or milk, then drain and fry lightly in a little butter. Often one does not have cream or stock at hand, and in this case a bouillon cube will give a fine meaty flavor to the dish.

These bouillon cubes and meat extracts are very good friends in such emergencies and a box or bottle of them should be in every cupboard.

Queen Quality SHOES

What "Queen Quality" Signifies

YOU have no doubt seen the portrait of "Queen Louise" many times. It suggests daintiness, beauty, grace — above all, quality. It is because of this that her picture was chosen to represent Queen Quality Shoes.

Millions of women know by the experience of years that "Queen Quality" stamped on a shoe means beauty of design, correctness of style — and real comfort.

This ease and comfort is due to the exceptional flexibility of the sole. The shoe yields to every motion of the foot. It can be perfectly fitted and "breaking in" is never necessary.

A full line of these famous shoes now on exhibition.

HEBERT CASE IS AGAIN IN COURT

Mrs. Hebert's Lawyers Attack Appellant's Claim on Four Grounds.

MONTREAL, Nov. 7.—(Can. Press).—Judgment was reserved by the court of review in the appeal of Eugene Hebert against the right of Judge Charbonneau to hear an appeal from and to quash the decision of Judge Laurendeau, who annulled his (Hebert's) marriage to Miss Genevieve Charbonneau, because the ceremony was performed by a Protestant minister, the contracting parties being Roman Catholics. The lawyers for Mrs. Hebert in opposition to appellant's claim that, as he had withdrawn from the case, Charbonneau had nothing to adjudicate upon, hold: 1. At the time of said desistment, there was an outstanding judgment declaring respondent's marriage null and void as to civil effects. Respondent asked not only for the dismissal of plaintiff's action but for the setting aside of this judgment, and declaration of the validity of her marriage. 2. A judgment such as that in question affects not only the parties to it, but the whole society. It affects the legal position of any person dealing with either of the former consort. Such a judgment binds not only the parties to it, but all other persons. Any person dealing with respondent could have invoked Judge Laurendeau's judgment as establishing that she was not the wife of plaintiff and has not therefore the legal status of a married woman. The general results of a judgment of this nature obviously could not be terminated by the renunciation of one party. 3. Had respondent not proceeded to judgment on the merits of these conclusions, the judgment of Mr. Justice Laurendeau would have regained its full effect. 4. Moreover the issues in the present case involve not only the opposition to judgment of wife, but the fierce opposition made by her sister to her minor child. The plaintiff's desistment could not in any event affect her right to proceed with this fierce opposition to set aside the judgment. From the standpoint of public interest, it is of importance that there should be a final adjudication, as the public is highly interested in knowing the exact status of the individuals composing it. C.P.R. OFFICIAL HERE. G. M. Bosworth, vice-president of

THE WORLD-STAR CASE.

MONTREAL, Nov. 7.—All the evidence in the World-Star case was concluded tonight. Arguments will be heard by the judge on Saturday. It is not likely Judge Charbonneau will give his decision before another week.

SATURDAY MORNING, NOV. 8.

A PROBLEM FOR BUSINESS MEN.

The Telegram has never yet answered our question why it so consistently opposed the purchase of the street railway to the disadvantage of the suburban residents of the city, and the advantage of the one district whose development it has favored against all its professed principles.

This sore subject has been avoided by The Telegram in the most careful manner, the only reference yet made to it being in the form of a misrepresentation of The World's statement. We have nothing against the development of the Humber Valley surveys or the owners and manager thereof, who are quite right to advance their interests how and where they may.

Instead of explaining the inconsistency The Telegram has two columns of guff about the necessity the street railway company is in, of expending seven or eight millions on "increased trackage and equipment within the city limits."

It is possible that the readers of The Telegram can forget that when Mayor Hocken proposed this very plan The Telegram and The Globe were fiercest in opposition to it? Now, after defeating Mayor Hocken's plan to take care of the growing population of the city, it turns round and uses this same plan to try to defeat Mayor Hocken's new plan, which he adopted from the recommendation of the city council's transportation committee, but which The Telegram professes to believe was invented by Mr. E. R. Wood.

Will our neighbors east and west withdraw their attention long enough from Portugal and Paraguay to tell the congregation whether or no they favor parliamentary control of the capitalization of the C. P. and equalization of railway rates by parliamentary action?

SHAKSPERIAN PLAYS AND PLAYERS. A good deal of hostile criticism has been directed against Mr. F. R. Benson, the Shakesperian actor and manager, in the United States. Those who have watched Mr. Benson's career for the last quarter of a century or so are aware that he has been familiar with various forms of hostility from the first.

DOWNTOWN ASSESSMENTS SOAR FASTER THAN INCOME EARNED

Many Properties Not Earning One Per Cent. on Value Held Temporarily Because Value is Rising—Boom Must Collapse Unless Strengthened by Transportation Service.

Through all of the seven wards of the city there are some 60,000 ratepayers who have no vote upon a money law, but who may vote to decide who shall be elected to the city council on Jan. 1.

Of the 60,000 property owners those who have no vote are at least a third. They are the owners of the old and new lots of the city who know that the purchase of the street railway will increase the value of their property.

It looks now as though The Telegram will probably continue to oppose the street railway purchase. The Globe and The Telegram should be fighting hard against the street railway purchase.

more things like this the traffic of the city will be greatly improved by these short-cut roads.

NOT A PRACTICAL JOKE. Controller Church harangued a meeting in the east end on Thursday evening, and apostrophized in a melodramatic fashion an empty chair in which he intimated Mayor Hocken was afraid to sit, although he knew Mayor Hocken had to go to Ottawa that evening.

Tigers Will Start Favorites Over Argos at About 20 to 35

ALL ROADS LEAD TO ROSEDALE WHERE ARGOS AND TIGERS CLASH

Crucial Game in Big Four is on This Afternoon—Varsity Should Have Easy Win at Kingston.

Ten thousand Rugby fans will witness the struggle today at Rosedale between Toronto Argonauts and Hamilton Tigers. The Jungo Argonauts will start favorites, principally on account of their season's record, but the variance is none the less confident. You cannot stop speculation on Rugby, same as any other game, and the betting odds are mainly in the odds. Hamilton jocularly demands even money, while Toronto seriously asks 7 to 1, and the teams will likely start at a quotation hovering around 25 to 30.

The game will start at 3.30, to be preceded by an exhibition between High School's Parkdale team and the Capitals. Owing to the rain last night, the Rosedale field will be soft and will count against Lawson getting into the game.

Varsity left for Kingston yesterday morning, where they play Queens today. All the Varsity players are ready and fit, with the exception of Resume, who was injured in the R.M.C. contest; but, as Varsity are fortunate in having a number of good outside wings, Resume's absence should not weaken the team. Thursday night the players held a stiff physical practice for over one hour, and finished up in good style by a run around the track. Twenty-seven players went. Boulter, Milne and Saunders of the intermediate half-back line were also taken along, and Knox, Platte, Storms and Nicholson will fill in on the wing line in case of accidents. They should win by a good margin.

Our Kingston correspondent says: Interest is at fever heat over the Varsity-Queens football game. Extra seating accommodation has been arranged for, and it is expected that the largest crowd ever gathered at the Queens athletic grounds will be on hand. The line-up for Queens will be about the same as in the game with McGill last week. Rodden will be chosen moved from middle wing to flying wing. Pilgrim will take Rodden's place on the wing line. At practice Captain Hazlett sprained his knee and had to be carried off the field. It was feared he would be out of the game, but he is able to be found in his usual place Saturday.

The Double Blue are not favorites by any means, but they have vowed a fight to the bitter end. Manager Binkley is confident, while the other side, the Big Smirle Lawson may be used and find themselves up against relentless half line, who will come into the fray fresh at every quarter. The game starts at 2.30 o'clock and a record football crowd is expected.

T. R. & A. will play Hamilton Rowing Club at Rosedale this afternoon at Varsity Stadium. Varsity and Queens will battle at Kingston this afternoon and the Blue and White should pull out a victory, although the vaillant Presbyterians have decided otherwise. However, Capt. Maynard and his crew will have something to say to the disposal of the game, and will see to it that they are not sidetracked.

McGill have to win over R.M.C. at Montreal today to get another grip on the championship, but they will have to stop some, as the soldier boys are hitting up a fast march these days. Ottawa will walk right in, turn right around and walk right out to arrange for they hit Montreal today. It might as well be staged that way for all the chance that the Winged Wheelers have to turn the trick.

Ridley and St. Andrews meet this morning on St. Andrews campus, in what will most likely be the decisive game in the Little Big Four. It will be a great battle, as the Scotchmen are going great guns and the champions from St. Catharines have a lot of new wrinkles. O.A.C. come here today to play Varsity III in the final game of the home and home series, and the Argos have a slight lead, but the Blue and White are expected to pull out a victory on the road.

The Interprovincial Union meets tonight at the King Edward to arrange for playing off the tie between Ottawa and Argos at Rosedale next Saturday. The Tiger II and East End Y.M.C.A. intermediates will provide the only foot ball attraction in Hamilton today. A win for the east enders will clinch them the intermediate Big Four honors, but the Tigers hope to annex and tie up the series, making a play-off necessary. Previous to the Big Four game at Rosedale field this afternoon between Argonauts and Hamilton, an exhibition game will be played between the Capital Junior O.R.F.U. team and the Parkdale seniors. Both teams are in the running for honors in their respective groups, and as neither have a game scheduled for today, the exhibition was arranged to keep the players in condition. The game will commence at 1 o'clock, and all players are requested to be on hand at 12.30 p.m. The Capital team will be chosen from the following: Knowles, Dopp, McKenzie, McLaren, McBurnie, Adams, Hewitson, McCormick, Holden, Richards, Appleton, T. Armstrong, J. Armstrong, Manners, Glaze, Leaworthy, McDonald, Hogan, Rowland, Grimshaw, Erice.

In a recent Rugby game between two Canadian League players, were pitted against each other. One of these players was the Oakes Neale of the London Club, while the other was "Chief" Galloway, the Hamilton pitcher. The teams playing were the University of West Virginia and the Indian College, Carlisle. The Indians were victorious by the score of 29 to 0, but the star of the game was Oakes Neale, former London outfielder, but now belonging to Toledo. Neale played a remarkable game, according to the press despatches, and his team would have been beaten by a much larger score had it not been for his wonderful punting.

Varsity are running a giant excursion this morning to Kingston, hoping to see the Blue and white trounce Queens. A special train has been chartered to leave Union Station this morning at 8.30, getting into Kingston about one o'clock. The return fare is only \$2.50, and already Varsity are sure of over 300 supporters at the game. The returning train will leave Kingston at 3 p.m., but for those wishing to stay over the tickets are good until Tuesday night. If the required number of rooters is obtained, everybody will get free ticket to the game. A large part of the bleachers has been reserved for the blue and white rooters. Dutch Macpherson will be there to lead the rooting and songs.

IRWIN AND PORTER WIN CROSS-COUNTRY

Parkdale C. I. Hold Annual Long Distance in Ideal Weather.

Parkdale Collegiate held their annual cross country run yesterday over the usual course in and about High Park. It being the first time in several years that the event has been savored with fine weather, the entry was numbered about fifty, and as the school turned out en masse, there were plenty of spectators: in the senior division, Russ Irwin won in 20.12, which, while not a record, is good time. Sid Holmes and B. McKinley were second and third respectively.

In the junior section A. Porter, E. Norris had first and second places. Porter was followed by Irwin, and Norris by Smith acted as starter, and Messrs. Reid, Hutchison, Keith and Mills as time keepers and clerks of the course.

The intermediates all deviated from the course and were unplaced. Special prizes were won by J. Irwin, J. Milon, G. American, T. Ross, F. Pringle, Smith acted as starter, and Messrs. Reid, Hutchison, Keith and Mills as time keepers and clerks of the course.

Fixing Up New Baseball Leagues
GUELPH, Nov. 7.—The baseball situation regarding the Canadian League is evidently undergoing some material changes, for close upon the heels of the news from Grantford comes the rumor of a new league, consisting of Ottawa, Hamilton and London on the one side of the line, and Niagara Falls, N.Y., Erie, Pa., and Youngstown, Ohio, on the other side. It has been rumored that with the dropping of Berlin, Guelph, Brantford and St. Thomas they would have a class B league.

WHALING INDUSTRY GROWS IN NORWAY
Money Invested in Companies Amounts to Over Eight Millions.

The whaling industry in Norway began in 1864, when the explosive harpoon was invented by Sven Foyn and this means that the Varanger Fjord. From that time on the industry began to be of importance, but during the past few years, owing to the huge dividends paid by whaling companies—in some cases 100, 150 and even 200 per cent. per annum—the growth of the industry and the increase in the number of whaling enterprises has been enormous.

In 1906, it is estimated, the money invested in Norwegian whaling companies amounted to \$1,032,000. By the end of the year this had increased to \$2,000,000, doubling that year to \$6,000,000. Further increases in 1911 brought the total investment to \$12,000,000, up to \$8,775,000. Besides these companies, Scotland, Holland, Germany, Denmark and the United States have whaling fleets, though all the latter together have fewer vessels than Norway.

An increase in the number of whaling vessels caught by Norwegian vessels has also occurred, more than keeping pace with the increase in capital. In 1906 the catch was estimated at 1,778 whales, with 51,400 barrels of oil valued at \$24,100, and in 1911 13,800 whales, with 348,000 barrels of oil valued at \$5,886,000.

In 1912 there were sixty Norwegian whaling companies. The whaling fleet consisted of 140 steamships, with a gross tonnage of 19,454; fifteen sailing vessels, with a gross tonnage of 19,735, and forty-one "boilers" for trying out the oil, with a gross tonnage of 18,847. The steamers average from 100 to 150 gross tons, the sailing vessels, with a gross tonnage of 1,000 to 2,000 gross tons, and the "boilers" from 2,000 to 6,000 gross tons. As an average, 100 men are attached to each "boiler" and ten men to each whaling boat. The total number of men in the fleet is between 6,500 and 7,000.

"FAINTING BERTHA" HAS LEFT NEBRASKA ASYLUM
Woman's Unique Way of Gaining Her Living—Odd Figure in Underworld.

(Special to The Toronto World.)
OMAHA, Nov. 2.—"Fainting Bertha" Liebke is out a prisoner. The last time "Fainting Bertha" was before a court she put up a plea of insanity, but instead of getting off free, as she expected, she was sent for two years to the Nebraska Asylum for the criminally insane. When she came out last week she said: "I'd rather spend ten years in a prison than two more years in that asylum. Never again will I plead insanity."

"Fainting Bertha" system was peculiar and all her own. There have been no imitators. Bertha simply fainted her way into prosperity—unless she got caught with the goods. Miss Liebke started her career in Omaha about eight years ago. One day a business man of the town reported to the police that he had been robbed of his pocketbook. He was on

ODD PHENOMENON IN MID-ATLANTIC
Region of Mystery Believed Subject to Submarine Convulsions.

In the midst of the Atlantic Ocean, about where the twenty-fifth meridian west from Greenwich crosses the equator, there lies a region of mystery. It is on the line that ships take on the route from Madeira to Brazil. Only within the last century, says Youth's Companion, has it been sounded and its strange phenomena reported by mariners.

One investigator declared that he saw the sea about half a mile from his vessel suddenly disturbed. For about two minutes it boiled in violently as from a subterranean spring. Throughout the day there were observed great patches of discolored water, which had exactly the appearance of extensive shoals.

These and similar phenomena are frequently observed in this part of the ocean. Often a ship reports that she has experienced a violent shock, similar to that which is felt when a rock is struck. Sometimes a great rumbling is heard, like that of a heavy chain running thru the hawse-pipe, and the vessel quivers like a leaf in the wind. At another time, in smooth water, a vessel has been known to heel over suddenly as if she had run on a sandbank.

Before this part of the ocean was as thoroughly sounded and surveyed as it is now, these phenomena were attributed to the presence of unmarked sandbanks and rocky shoals, and the old charts were marked accordingly. But it must have astonished the mariner somewhat to find that he got no soundings with his deep-sea lead immediately after experiencing one of these shocks.

It is now generally believed that submarine earthquakes are the true cause of these convulsions.

McGILL SWAMPED BY FATHER CARR'S BOYS

St. Mike's Have a Good Lead for the Final Game at Montreal.

In the first game of the home and home series for the intermediate intercollegiate championship, St. Michael's defeated McGill II by the score of 20 to 3, and will now have a margin of seventeen points with which to counteract any unlooked for emergencies that the red and white may bring. St. Mike's excelled behind the line and at outside wing, and this superiority won the struggle for them, for although McGill had the line they fumbled badly behind.

It was the work of the boys and Broderick that sent Buckley back on the defensive and finally made them see a big score piled up. A lower of strength, boys kicked and ran back the punts well all afternoon. Canfield was the hero of the struggle, however, and the little quarter-back was ever in the fray. He caught and ran the ball through what looked like impossible defenses, and gained yards time after time. He is a wonder in his position, and ever with his own hands and eighteen pounds he gains more than any other on the team. Jacky Ryan at outside wing, and his clean-cut tackling and fast following turned the tide of the battle many a time when things looked dangerous.

Fawcett and Buckley were the pick of the red and white, and also the former fumbled a couple of times he did some nice footwork. Armour, quarter, was very tricky and he pulled off several eye-openers. McGill have a powerful line and that lets them out. They played by bucking and tricky wing runs, but when they start end runs or long pass play they lose control of themselves and usually lose on them.

The teams lined up as follows:
 McGill (3): Flying wing, Smith; halves, Seath, Fawcett, Buckley; quarter, Armour; scrum-half, Brown; outside, Penrock, Cusber; inside, Magor, Matthewson; middle, Duclos, Brown; outside, Penrock, McGill.

St. Michael's (20): Flying wing, Teller; halves, Doyle, Broderick, O'Farley; quarter, Canfield; scrum-half, McKelvey; inside, Nicholson; inside, Harris, Whoson; middle, Brown, Kelly; outside, Ryan, Troy.

Referee: Kent. Umpire: McEvenue.

Varsity v. Queens, at Kingston.
 M.Y.M. at St. Michael's v. St. Pauls, Fred Victor v. Berkeley.

Professional League—Queen City v. Hamilton United, at Scarborough; Hamilton City v. Toronto City, at Britannia Park.

Sons of Scotland play Devonians in a replay of the Bridgen Cup on Don Valley grounds, Tomcorbin, at three o'clock sharp. The following players were requested to meet at Broadview and Danforth not later than 2.15 p.m.: Noteman, Smith, Anderson, Craig, Barry, Thomson, Lindsay, Field, McKinnon, Young, reserves, Brown and Phillips.

The Varsity soccer players went to Kingston yesterday morning, and will have a good night's rest for the games this morning, when they play Queens for the title. Queens and Varsity played a tie of one goal each at the stadium last month. Total goals on the round decide the match.

The classy Hamilton United team, leader of the Eastern Pro. Soccer League, will visit Toronto, when they tackle Queen City in league game at Scarborough Beach. Queens will be a good test of strength, and promise the Hamilton brigade a warm reception. Hamilton team will include the mighty Crompton in goal. Tiny Trombs will appear at outside left, returned by Ewbank. Centre, (left, right) (Hangers). The Queen City line-up will be drawn from the following well-known players: Dunlop, Colver, Rennie, O'Lea, Wright, Noe, Macgregor, Phair, Miles, Hossack, Walker, Curran and McMurphy. Game called for 3.15 p.m.

MONTREAL CRICKET CLUB.

MONTREAL, Nov. 7.—J. Mitchell Jones was appointed president of the Montreal Cricket Club at the annual meeting. The reports of the secretary and treasurer were adopted. The members of the past season to have been one of the poorest in the history of the club. The following are the officers elected:

President, J. Mitchell Jones; vice-president, R. Hart; secretary, R. E. Matthews; treasurer, L. Van der Pijl; captain, E. E. Blighy; W. L. Taylor and R. Croker.

GREAT SWIMMER TO TURN PRO.

NEW YORK, Nov. 7.—Adelphi from Honolulu leaves no doubt that Duke Kahanamoku, the fastest swimming sprinter in the world, has made up his mind to give up his amateur standing and put his wonderful speed on the market. A temporary offer has been made to him by Australian promoters, who want him to turn professional and tour their country, meeting all comers, and the dusky paddler has signified his willingness to sign a contract.

Not a few Americans will bewail the loss of the great crawler, who carried the Stars and stripes to victory in two Olympic games at Stockholm, as he will be unable to compete at Berlin.

DUNLOP BASEBALL TEAM CHAMPIONS BANQUETED.

A very successful entertainment was given on behalf of the Dunlop baseball team, winners for 1913 of the Bivardale Manufacturers' Baseball League Cup, by the social committee of the Dunlop Club & Rubber Goods Company, Limited, in the I.O.O.F. Hall, Broadview avenue, Friday evening.

An interesting program, consisting in the main of comic songs, instrumental music and readings, was presented, the entertainers being mostly members of the Dunlop staff, who exhibited remarkable talent as amateurs.

Refreshments were served in an inviting style during an interval in the program, and well-equipped card tables were at the disposal of the guests, including the chair was occupied by Mr. C. W. Wells, who had the pleasure of presenting the cup to the team, and in expressing the good wishes of the company in the hope that the team's achievement might be duplicated many times. A large number was in attendance.

HALF-BACK HAZLETT CARRIED OFF FIELD

Contradictory Reports Concerning Queen's Wonderful Punter and Captain.

MONTREAL, Nov. 7.—A despatch from Kingston was printed today in The Daily Mail. It said: Jack Hazlett, captain of the Queens Intercollegiate Rugby team, the man who was the main feature in defeating McGill's machine here last Saturday, is out of the game for good, having been carried off the field at practice tonight with his right knee so badly injured that he will be unable to play again this season. He was hurt while practicing for the Varsity game, a high tackle bringing him to the ground with such force that his knee, which has been bothering him since the game in Montreal at the first of the season, was badly wrenched, and doctors, in attendance, stated that he would be unable to participate in any more games.

Our own Kingston correspondent verified the above, except that the injury is not so serious, and Hazlett will be able to play today. However, he was undoubtedly hurt.

TECKS BEAT U. T. S. BY ONE POINT MARGIN

Technical pulled out a hard-fought interscholastic victory yesterday afternoon on Varsity campus, when they beat U. T. S. by the narrow margin of 5 to 4.

A lucky touch in the third quarter, on a rebound, gave Technical an opening when the ball was secured and carried over for the try. After that Technical were held out on top of their opponents, also they punted for four points. The teams lined up as follows:

Technical (5)—Flying wing, Green; halves, Brock, Brierly, Stark; quarter, McKenzle; scrum-half, Moynoux, Good-year, Atchison; wings, Locke, Ogilvie, Epstein, Model, Bagley, McGavin.

U. T. S. (4)—Flying wing, Kemerer; halves, D. Garrett, Laventure; quarter, Fox; scrum-half, Horne, Lappen, B. Garrett; wings, Gray, Teakey, Sullivan, Davis, Lyon, Gouinlock.

Referee—Bickle.

Technical can make a three-cornered try by defeating Parkdale next week.

JUELPH UNION CURLERS EXPECT BANNER YEAR

QUELPH, Nov. 7.—The annual meeting of the Juelph Union Curling Club, held this evening, was largely attended. The club this season expects to have the best year since they were organized. The financial statement showed a substantial balance. A campaign will be inaugurated to boost the membership. Instead of holding a bonspiel this winter, a series of inter-rink games will be played. The following officers were elected for the ensuing year: Patron, H. Guthrie, M.P.; H. C. Schofield, M.L.A.; patronesses, Mrs. H. Guthrie, Mrs. A. Congleton; hon. president, A. Congleton; president, William Gould; vice-president, Joe Lawson; secretary-treasurer, J. A. Steele; chaplain, Rev. H. B. Abraham; executive committee, Geo. Binns, R. Logan, J. Smith, Geo. McPherson, Wm. Taylor, F. R. Johnston. The selection of tankard and district cup skips was deferred until a later meeting.

PATTERSON WINS HANDICAP.

Last night at the Broadview Y.M.C.A. the weekly swimming handicap race was held and the forty yard handicap race furnished some very exciting finishes. The results:

First heat—L. R. Patterson, 2, G. McKee, 1, R. Caldwell, 2, J. Rawbns, 1 and A. Rook.

Final—L. R. Patterson, 2, A. Rook, 3, J. Rawbns.

THE GUN.

Trap-shooters, do not forget the clay-bird shoot at the National Gun Club, Queen's Wharf (foot of Bathurst street), on Saturday. The shoot will start at two o'clock, and will only last till 4 p.m. The club uses the same trap and birds as will be used at the St. Thomas tournament in December, so come and get your practice.

PROF. EDGAR TO GIVE FIRST ART LECTURE

Woman's Art Association Will Provide Weekly Programs During Winter.

The activities of the Woman's Art Association have begun with very attractive programs for Wednesdays during the season for the lecture committee.

On alternate weeks, beginning next Wednesday, lectures will be given. The first is on the work of Miss Marjorie Pickett, by Prof. Pelham Edgar, to be followed by Dr. Locke, Dr. Abbott, Prof. Curry, and others. For the intervening Wednesdays musical programs have been prepared. Both lectures and musicals will begin at 8:30 o'clock, leaving time for tea afterwards.

For each Wednesday the exhibition committee has arranged a new exhibit of pictures or illustrations by artist members of the association—the work of Miss Ethel Heaven to appear on the 12th, that of Miss Marjorie Pickett on the 19th, and others to be announced later.

"My!—But It's Delicious"

Regal

"It tastes so clean, so creamy, so satisfying." This is the opinion of thousands who have tried Regal Lager. It is made by the old Munich process in our newly improved brewery. Every drop is properly aged. Try it. If your dealer can't supply you, telephone Toronto, Main 3681, or Hamilton, 439.

CAR STRIKERS TO ARBITRATE ISSUE

Both Employers and Men Claim a Victory at Indianapolis.

NO UNION RECOGNITION

But Company Had to Submit to Demand for Arbitration.

INDIANAPOLIS, Nov. 7.—(Can. Press).—The strike of the employees of the Indianapolis Traction and Terminal Co. was settled late today thru the efforts of Gov. Samuel M. Beason. The employees won their demand for arbitration, but nothing is said about recognition of the union in the terms of settlement.

Street car service is to be resumed within 12 hours, according to the terms of the settlement of the strike, which also provides against any further interference with the operation of cars.

All the men who were in the employ of the company Friday night, Oct. 31, when the strike was called, and all employees who had been discharged on account of joining the union, are to be reinstated by the company, with full seniority rights and without prejudice. The company, however, is not compelled to restate men who engaged in violence during the strike, but the refused men may appeal to the public utilities commission of Indiana for a hearing.

Commission to Decide.
Disputes as to hours, wages and other grievances will be referred to a utilities commission, unless the company and its employees reach a mutual agreement within ten days.

The strike has been on a week and has resulted in the death of four people and the injuring of about 100, among them a number of policemen. Considerable damage was done to property; trolley wires were cut and car windows broken. The company had quartered about 500 imported strike breakers in various parts of the city.

Both claim victory in the settlement of the strike. The union officials declare that while they are disappointed in that they did not obtain recognition of the union, they obtained their main contention, which was a demand for arbitration of all disputes between the employees and the company.

THE FINAL DASH FOR THE ROOF

The Rev. J. D. Morrow's slogan for the 12th, that of Miss Marjorie Pickett on the 19th, and others to be announced later. It must be a great pleasure to those who have built his church, to know that the spot is almost in sight. Once that this is on his large lot, the church is protected from the cold winds of the coming winter, the finishing of the church will be a much easier task.

The Bow Wow Musical and 200 good voices, and they intend to make these concerts the very best in the history of the club.

POPULAR WESTERN TRAINS.

Canadian Pacific Railway. That the traveling public appreciate the improved service in Winnipeg recently established by the Canadian Pacific Railway is shown by the popularity which the new Western train, "The Gate City Express," has received since its inauguration. Leaving Toronto at 2:30 p.m. daily, and arriving in Winnipeg 8:00 a.m. second day, this train is found to at once embody all the convenience of a day-night departure from the Union Station, Toronto, together with an early hour of arrival at Winnipeg. The high-class modern equipment carried on the train includes Compartment Library, Observation Car, Standard Sleeping Car, Tourist Sleeping Car, Dining Car, First-class Coach and Colonist Car.

The present Vancouver Express will continue to leave Toronto at 10:20 p.m. daily, and consists of the same equipment as the "Gate City Express." This train is the best to take for points west of Winnipeg, but for Winnipeg and east the "Gate City Express" is the right train to travel by.

RECIPROcity OFFER IS NO LONGER HELD OUT

Underwood Tariff Bill Has Repealed It, Opinion of Ottawa Authorities.

OTTAWA, Nov. 7.—Officials here interpret paragraph 8 of the Underwood tariff bill to mean that the "standing offer" of reciprocity, as contained in the act passed under the Taft regime, is repealed.

Paragraph 8 reads: "That, except as hereinafter provided, sections 42, both inclusive, of an act entitled 'an act to provide revenue, equalize duties and encourage the industries of the United States and for other purposes approved Aug. 5, 1909, and all parts of acts inconsistent with the provisions of this act, are hereby repealed.'"

An Opportunity to Visit Chicago, Ill., at Small Cost.

The Grand Trunk Railway System will run a special train to Chicago at reduced rates to Chicago, Ill., according to "Clinical Congress of Surgeons of North America" to be held at Chicago Nov. 10 to 15.

District and dates of sale—(a) From Kingston, Renfrew and West in Canada, Nov. 8, 9 and 10. (b) From east of Kingston and Renfrew, Nov. 8 and 9. Return limit—All tickets valid to return to reach original starting point not later than Nov. 25, 1913. Full particulars, berth reservations, etc., at any Grand Trunk ticket office; Toronto City Office, northwest corner King and Yonge streets. Phone Main 4208.

CHEAP LABOR TO COME IN FLOOD

Panama Canal Will Bring Hungry Horde, Warns Frank Morrison.

TEACHING THE SAN BLAS INDIANS

Panama's Most Secluded Tribe Finally Opens Its Doors to the American School Teacher.

SEATTLE, Wash., Nov. 7.—(Canadian Press).—Frank Morrison, secretary of the American Federation of Labor, addressing the Western Labor Immigration Congress today, denounced ex-President Taft for vetoing the immigration bill passed a year ago, and declared that employees who opposed this bill were bent on tearing down the civilization of the country to taken their own purses.

Mr. Morrison predicted an enormous flow of European immigrants to the Pacific coast thru the Panama Canal. "When these strange companies—200,000 to 300,000 of them—the first year," he said, "they will have to find work. If they can't get it a day they will take less, possibly just cents, or just enough to buy bread and avoid starvation. By admitting these people you are not only hurting yourself, but the nations from which they come. If conditions are bad there, the only way they will ever be bettered will be by forcing the dissatisfied workers to organize and fight their own way to victory."

President Samuel Gompers of the A. F. of L., in urging that the trade union exhibit at the Panama-Pacific Exposition be a good one, said that it had virtually been agreed that there would be no convention of the federation next year and that the 1915 convention should be held in San Francisco early in the year.

CITY PLANNING WILL BE BEFORE CONFERENCE

OTTAWA, Nov. 7.—(Can. Press).—J. W. Shortt, of Boston, permanent secretary of the national city planning conference, Dr. H. H. Henshaw, and interviewed Hon. Clifford Sifton and members of the staff on the conservation commission here today in connection with the meeting of the conference to be held in Ottawa next week.

The commission will act as host to the delegates and will co-operate in making the conference as effective as possible. It will be the sixth annual meeting of the conference, and the first to be held in Canada.

The Perfect Egyptian Cigarette

Maspero Frères

Cairo, Egypt

No. 22, plain 10 for 15c
No. 31, cork tipped 10 for 15c
No. 37, plain 10 for 25c
No. 41, plain 10 for 50c

Maspero Cigarettes are universally recognized as being the most perfect Egyptian Cigarettes on the market. They are smoked all over the world.

By Willis J. Abbot, author of "Panama and the Canal in Picture and Prose." Copyright, 1913, Syndicate Publishing Co., New York. All rights reserved.

The Republic of Panama contains about 35,000 Indians, still living under the tribal form of government, and yielding allegiance and obedience to no power whatsoever. The long record of cruelties and oppression practiced by the early Spaniards upon these people has bred in them an ingrained hatred of the Spaniards and distrust of all whites. The San Blas have held themselves most rigidly sequestered from the view of the world, and it is the policy of the United States to avoid trouble with the aborigines as no official effort has been made to open up the country. Indeed, when a San Blas chief refused his right to excavate sand upon one of the tribal beaches for use on the canal the United States accepted his refusal as final. When he asked for the return of the land, the chief had been transmitted should leave "his" waters, it was so ordered.

Life in Nirgana is very simple and exceedingly lonely at times. Food supplies, to which the average person is accustomed, cannot be obtained in the village, and have to be brought from Colon. The Indians live principally on fish, turtle meat, a few native vegetables and fruit. Beefsteak is never seen, as there is no cattle. They live in great communal houses, 150 feet by 60, or thereabouts, accommodating a number of families, each family having one room.

NOTED SURGEON PASSES.

STOCKBRIDGE, Mass., Nov. 7.—(Can. Press).—Dr. Charles McBurney, a well-known New York surgeon, died suddenly at his home Cherry Hill, today.

When President McKinley was shot at Buffalo, N.Y., in 1901, Dr. McBurney was called from Stockbridge as consulting surgeon.

How Drugs Wreck the Nerves

Every dose of drugs that you put into your stomach weakens your nerves. Every time you kill a pain or an ache by unnatural means—by stupefying the nerves with poisonous drugs, you are hurting them, and anyone can see that in time, by steady dosing, your nervous system will be broken down completely.

Drugs not only weaken the nerves, but they upset the stomach, rendering it unable to supply the nourishment for the nerves and organs of the body. Drugs destroy the digestive juices of the stomach; therefore, you do not get the proper nourishment from your food. You may eat heartily, but if your digestive apparatus is out of order you won't get much good out of your food. Their stomachs with drugs trying to overcome some chronic disease or weakness and wonder what makes them so nervous, restless and unable to think clearly. They naturally blame the disease for it, but the trouble is really caused by drugging.

The life of the nerves is electricity. If they are weak it is because they lack electricity. Electricity is the nourishment which the stomach generates for the support of the nerves and organs, and when it is unable to generate this force it must have artificial aid. This electricity—artificial electricity, as applied by Dr. McLaughlin's Belt.

My method of curing disease is to go down to the very foundation of the trouble and remove the cause. When I have removed the cause, Nature will do the rest. If your nerves are weak I restore to the stomach the power it has lost, which in turn gives the necessary nourishment to the nerves.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

My Belt is easily and comfortably worn next to the body during the night, and gives out a continuous stream of that strength-building, nerve-feeding force which is the basis of all health.

Dear Sir—This is to certify that I was cured of my Rheumatism and Piles. I would not take \$100 for the benefits I have received from it so far and be without it. I can recommend it to anyone suffering from any troubles for which it is recommended.

FERNLEY LECTURE ALARMS WESLEYANS

Protest Against Teachings of a Former Toronto Divine.

TO FORM BIBLE UNION

British Committee Named to Further Scheme—Strong Appeal Made.

LONDON, Nov. 7.—(C. A. P.)—The controversy aroused by the delivery of the Fernley lecture by the Rev. Geo. Jackson, formerly of Toronto, and president of Didsbury Theological College, is still disturbing the minds of a good many Wesleyans.

"Departure from Fundamentals." "Throughout the world earnest Christians have for years past mourned over a widespread departure from some fundamental tenets of the Christian faith," says the appeal.

"The book in question and other writings of its author are an emphatic challenge to all who hold the doctrines formulated by Wesley, and the position is rendered the more serious by the fact that the conference which met at the seat of its approval on the teachings of the lecture, hence, anyone now who promulgates these teachings without fear of censure."

Out of a large number who have urged the formation of the union, the following have been selected as members of the committee: Sir William Smith, J.P., president; W. Shepherd Allen, M.A., J.P., vice-president; Mr. Oates Ingham, treasurer; Rev. W. Spiers, M.A., honorary secretary.

WILLS PROBATED

Mrs. Maria Hammond, widow, died at her residence, 201 Bercy street, on April 22. She left an estate of \$34,296, and the will was filed for probate in the surrogate court yesterday.

The rest of the estate is made up of \$725, being the proportion of her quarterly allowance under the will of the late H. C. Hammond, and \$800 in household goods.

By the terms of her will Alexander Bruce, barrister, is appointed sole executor. The house on Bercy street is to be sold and the proceeds divided between her grandsons, Fred and Herbert Hammond.

Miss Ethel Scott, a spinster niece, also receives bequests. The will of the late Stephen Cradock, private secretary, who died Sept. 16, orders that his whole estate, valued at \$6725, be paid to his wife, Mary Ellen. It has been probated in the surrogate court.

His estate is composed of two hundred and forty acres of land in Manitoba, valued at \$800; insurance, \$500; cash, \$575; household effects, \$500; and an equity of \$1550 in 29 Kendal avenue.

THE HALF-SPEED MAN AND WOMAN

What It Means When You Feel "All Out of Sorts."

You know what it means to feel "all out of sorts." Most people have felt this way at some time. Nerves out of order, irritable, languid, depressed. An aching head, a fagged brain, appetite bad and digestion weak.

It is chronic; they can't shake it off. It interferes with business, spoils recreation and robs life of all its joys. These men and women are only able to live and work at "half speed."

Half speed people have lost that abundant natural vitality which enables others to go "full-speed-ahead" through life. Their energy and nerve powers have evaporated—they cannot work long without breaking down.

The trouble is nerve weakness and is caused by poor, watery blood. You can begin to improve your condition today by taking Dr. Williams' Pink Pills. They make rich, red blood ones more pure, strengthen your veins, and your nerves thrill with fresh vigor.

Here is convincing evidence that new strength and full health can be had through the use of Dr. Williams' Pink Pills. Mr. Newman Mayhew, North Tryon, P. E. I., says: "I am a farmer and naturally have to work very hard. I remember that I found myself very much run down. My blood became thin and watery, and my muscles flabby."

FLOOR SINKS AT GUELPH CONCERT

Panic Was Narrowly Averted But Everybody Got Out in Safety.

(Special to The Toronto World.) GUELPH, Nov. 7.—With the new trades and labor hall in McDonald street packed to the doors tonight, on the occasion of the annual concert of the Iron Moulders' Union, and with President William Parker about to open the program, the floor at the rear of the hall sank six inches, with a noise that could be heard all over the hall.

There was confusion at once, and someone yelled fire, whereupon a grand rush was made for the door, but Alf King and R. S. Cull had presence of mind enough to block the way and called out for everyone to stop, an order that was obeyed. The crowd was then allowed to file out one by one, and not a single person was injured.

The hall had been opened a week before and was considered perfectly safe. If the floor had gone thru, the drop would have been about fourteen feet, and doubtless a terrible loss of life would have resulted.

The concert, thus interrupted, will be held in the city hall some night next week.

THIS CHICAGO MAIDEN DOTES ON EXCITEMENT

Bound and Gagged Herself Close to Pile of Burning Rubbish.

CHICAGO, Nov. 7.—(Can. Press.)—Gertrude Hanson, 15 years of age, who today was found bound and gagged to the cellar of the home of O. V. Jahne confessed to the police that she had set fire to the rubbish and bound and gagged herself. She said her object was to cause a little excitement. The girl was injured by the blaze, although nearly unconscious from smoke.

ROLAND MOLYNEUX MARRIED.

NEW YORK, Nov. 7.—(Can. Press.)—Roland B. Molyneux, twice tried twelve years ago for the murder of Mrs. Katharine J. Adams and acquitted, was married at the city hall today to Miss Margaret Connell of this city. When the couple applied for a license early this afternoon it was not granted because Molyneux had forgotten to bring with him a copy of the decree of divorce which his former wife, Elsie Molyneux, obtained against him in the South Dakota courts.

BISHOP HOLDS COMPANY STOCK

Superintendent of Schools a Shareholder in School Supply Company.

The final session for the taking of evidence in the schools enquiry was held yesterday morning by Judge Winchester. Superintendent George drew the admission from Superintendent of Schools Bishop that he had held stock in the Central Electric and Schools Supplies Limited and that at one time this company had sold supplies to the schools. He also admitted having been connected with many real estate deals, and when pressed, said that although the properties were located in the localities where schools were subsequently erected, they were not near enough to be substantially benefited. In the end, said Mr. Bishop, he had transferred his stock in the companies to another man at a loss of money. Subsequently he secured the stock again and at present holds it.

16 SATURDAY MORNING

BROKERS WORRIED BY UNCERTAINTY

New York and London Watched for Lead on Canadian Stocks.

BRAZILS ARE FIRMER

Confidence Can Only Be Restored by Demonstration by Supporting Interests.

Another day gone with nothing more serious than the strain of expectancy that something unforeseen is about to happen seems to be the comment of most Toronto brokers just now.

The buying power behind Brazils was stronger and 5-8 of a point advance was effected at the opening.

COPPER WEAK IN LONDON MARKET

Mexican Situation Caused Heaviness With Further Liquidation.

LONDON, Nov. 7.—Money and discount rates were steady today. The stock market was generally irregular.

ARRANGEMENTS MADE FOR MACDONALD DEBT

An official statement was issued yesterday by the A. Macdonald Company, Limited, as follows:

MONTREAL CLEARINGS

MONTREAL, Nov. 7.—Local bank clearings for the week ending yesterday amounted to \$69,945,775.

EUROPEAN BOURSES

BERLIN, Nov. 7.—Unfavorable New York advices caused weakness on the bourse today.

CASH GAIN BY BANKS

Good Statement Expected Today—U. S. Steel One of Strong Points.

NEW YORK, Nov. 7.—The stock market has been depressing in a succession of depressing influences for so long that speculators were grateful today for a few mildly favorable developments.

ANOTHER FAVORABLE FEATURE

The improved outlook for the money market indicated that the banks would make a good showing in tomorrow's statement.

PRICE OF SILVER

In London today silver closed quiet and 1-16d lower at 27 1/16 per ounce.

WHEAT IS HIGHER ON FOREIGN NEWS

Conditions in India Reported Serious—Corn Joins in Upturn.

CHICAGO, Nov. 7.—Strength of foreign markets helped wheat bulls today and the close today was at a net advance of 1-4 to 1-2c. Prospects of unsettled weather put back-bone into the corn market, which closed strong at a net gain of 1-2 to 3-4c. Good commission house buying lifted oats 1-8 to 1-4c. Provisions finished steady to 7 1-2c lower on liberal selling.

Wheat was nervous throughout the session till near the close. Cables told of a serious crop condition in India, which closed strong at a net gain of 1-2 to 3-4c. Good commission house buying lifted oats 1-8 to 1-4c. Provisions finished steady to 7 1-2c lower on liberal selling.

The upturn caused by these advices gave way temporarily on realizing sales, but a rally followed publication of statistics showing primary receipts to be nearly 1,000,000 less than a year ago. Increased northwestern receipts and an estimate that the winter wheat acreage is 15 per cent. greater than last year had no effect in face of the bullish foreign situation and the close was near the high point of the day.

Bad Weather for Corn. Demand brought about by the prospects of bad weather imparted strength to corn from the start. Buying sentiment was also fostered by reports that Buenos Ayres arrivals on the clean-up of the old crop were showing poor quality.

An official estimate that the Canadian crop is thirty million bushels more than last year did not check the advance caused by good local demand for oats.

A 10c increase failed to keep provision prices up, as local selling was too free.

BIG REDUCTION WIRELESS RATES

New Line Devoted Entirely to Traffic Between Canada and Britain.

LONDON, Nov. 7.—(C. A. P.)—A wireless line devoted entirely to traffic between Canada and the United Kingdom is among the many important developments now pending by the Marconi Company. It is hoped to complete arrangements very shortly by which the present line from Glace Bay to Clifton will be exclusively to Canada.

"We have just completed the installation of a duplex system of these 'wave stations,'" says an official of the company, "and the only thing that is delaying us is a slight difficulty in regard to communication between the transmitting and receiving stations. It is a purely land line difficulty which will be solved in a few days. We expect that in a week or two everything will be ready."

"We hope to transmit messages at the rate of one hundred words per minute and receive them at similar rates and we propose to lower the tariff between Great Britain and Canada to 50 per word as against 71-2c at the present time. Deferred messages will naturally be sent at a reduced rate. We have not yet decided whether to make a reduction of fifty per cent."

YONGE STREET OWNERS TOO HEAVILY BURDENED

Rowland Thinks Ten Per Cent. Their Fair Share of Widening Cost.

"Unquestionably I am in favor of the widening of Yonge street," said Ald. Rowland yesterday, "and I have never wavered in my support of it. But I am not in favor of having the property owners of that section 25 per cent. of the cost. Plainly Yonge street is the main artery of the city, and its widening is a matter for the city at large.

A seven-passenger automobile packed with men and women ran into a smaller machine and overturned, crushing four of its occupants to death.

The dead are Ervin Chapman, owner and driver of the larger car; Miss Vride Elmore, W. R. Sanders and Harry B. Curtis.
