

HAMILTON HAPPENINGS

THE CORNER-STONE OF NEW HAMILTON LIBRARY

Lieut.-Governor Gibson Hopes for "More Utopian" Method of Distributing Wealth.

HAMILTON, Aug. 23.—(Special.)—Lieutenant-Governor Gibson before a large crowd this afternoon laid the corner stone of the Hamilton new public library building, which will cost \$200,000. Of this sum, \$100,000 has been contributed by Andrew Carnegie and the balance will be raised by the public library board.

The lieutenant-governor in his remarks this afternoon referred to the question of the distribution of wealth, which he admitted was very unequally distributed. It would be difficult to collect from each person his equal share of wealth required for the establishment of such institutions as the public library, the corner stone of which he laid today. His honor added that he hoped that some method for distributing wealth would be eventually discovered.

Other speakers of the occasion were John Milne, chairman of the library board; Judge Hardy, chairman of the Hamilton public library board; John F. Brown, trustee and H. B. Whittion trustee and the father of the public library in this city.

The library, when completed, will be known simply as the Hamilton public library, and Mr. Carnegie's name will not be officially connected with the institution. A memorial to the city's benefactor will, however, be erected in the building.

Do Doctors Mutilate Bodies? That the bodies of poor persons who lie at the City Hospital are frequently mutilated by the doctors in that institution that it is impossible to properly embalm them, is the alleged complaint made by some of the local undertakers. The specific instance which caused the complaint is the treatment which it is alleged the body of Pavel, the Roumanian, received at the hospital. The dead man had no friends or relatives in this country and under ordinary circumstances his body would have been sent to the school of anatomy at Toronto. It is claimed, however, that the body has been so badly mutilated as to render it useless to the students. The hospital authorities deny that they carve bodies any more than is necessary prior to fully determine the cause of death.

Hayes and Richards, 74 King-street west, were each fined \$100 by Magistrate Jeffs in police court this morning on a charge of keeping a common gambling house. The police have far been unable to serve summons on Billy Carroll on the same charge. His cigar store on James-street north was raided by the police at the same time that the officers swooped down on the King-street store.

C. Campbell of the Central Hotel paid \$10 into the court coffers for speeding his auto.

MEN SENT ULTIMATUM

Situation in Liverpool Tramway Strike as Acute as Ever.

LONDON, Aug. 23.—Hopes that the labor troubles at Liverpool would be settled quickly have again been disappointed. Tom Mann and other strike leaders arrived in London today from Liverpool and held a conference with representatives of the Amalgamated Society of Railway Servants, as a result of which an ultimatum was sent to Premier Asquith, president of the board of trade, and the lord mayor of Liverpool, practically demanding the reinstatement of Liverpool strikers tomorrow. In the meantime the situation is so acute that George R. Asquith, controller-general of the labor committee, the board of trade, has gone to Liverpool to try arranging matters.

ANOTHER STRIKE SETTLED.

LONDON, Aug. 23.—Another strike has been settled here. After a conference lasting all day, at which John Burns, president of the local government board, presided, an agreement was reached on the demands of the men, engaged in the short sea trade. The men are expected to return to work immediately.

"Grand Water Trip."

One of the most enjoyable water trips that can well be imagined is on the new steamer "King Alpha" Toronto to Quebec and back without change. This handsome steamer leaves Toronto on Thursdays at 1 o'clock, and passes down the Bay of Quinte, thru the 1000 Islands, down the rapids and on to Montreal and Quebec, arriving at the latter place Sunday morning. Leaving Sunday evenings, it is back in Toronto Thursday morning.

Tickets and all information can be had at the office of A. F. Webster & Co., corner King and Yonge-streets.

For Checking a Conductor.

Ten dollars and costs handed over to the police clerk by John Wardell, a bank clerk, made restitution for altering the facial appearance of Henry George Caswell, a street car conductor, who ordered the defendant to move off the running board of his car, while the defendant claimed it was too dangerous to attempt it.

PACT WILL KILL HORSE BREEDING IN CANADA

Continued From Page 1.

refuted his misleading statements by contra-statements of plain facts. He replied again thru the kindness of Mr. Graham that (Globe, Monday, Aug. 21, 1911) there is a great difference between the Canadian horse dealer and the Canadian breeder. We quite agree with Messrs. Graham and Yeager. There is a great difference, but with all due respects to them, we are not horse dealers, nor is Mr. Yeager a horse breeder in the accepted terms of the words which the context of Mr. Graham's remarks would imply.

In The Globe of Aug. 23rd, 1911, we are treated to a humorous monologue by Mr. J. M. Gardhouse, of Weston. Mr. Gardhouse says "horse dealer" every time he makes a remark upon the benefits of reciprocity to the horse trade. We say "horse breeder" and "farmer." We did not say the horse dealer would lose money, but we have nothing to say—but the breeder and the farmer are certain to lose.

We will take Mr. Gardhouse's first remark verbatim as a sample of the disparaging manner in which the horse dealer will lose \$50 on every horse he sells, I would go out to the horse dealer, he doesn't mean that the dealer will lose, why should he? He will buy far more on the new basis of values, and he will be at least \$50 per head less to the farmer. The dealer may win or lose by the fact—with that we have nothing to say—but the breeder and the farmer are certain to lose.

Canadian Market Best.

Mr. Gardhouse had a pleasant trip thru the western provinces this year, which resulted in his getting an order for several carloads of selected horses to go to British Columbia. He paid \$400 to \$1000 per team for these horses, shipped them by express, adding \$800 per carload to the cost, and sold top of this market a handsome profit. Is there any market like this in all the world? The farmers and breeders got great prices for their stock, and the critics of the Columbia buyers got the horses at a comparatively high price, but consider they bought horses worth the money. We shipped a load of 160 lbs. per head last Saturday to Winnipeg, for which one of our clients paid \$300 each to the farmer. Not that a great market, which we have within our own borders.

Messrs. Lovas of Calgary, late of New York, are horse dealers of good repute and, undoubtedly business men. They tried the markets in the States, shipping in Canadian horses and selling them in the United States. The result was that they lost money. Messrs. Lovas of Calgary discovered that they had the right idea, but the wrong stand. They moved to Calgary and now sell American horses to the States, they import to the Canadians. The result is they are rich from the profits accruing, in spite of the duty which they pay on their imported stock.

Mr. Charles Brothers of Stratford was in Winnipeg this month. There were a number of horses, one from Ontario, costing \$212, freight and expenses paid, and the other from St. Louis, Mo., expenses and duty paid, costing \$208 per head. Mr. Brothers is an undoubtedly good judge of horses and says that the American horse was the better looking. He does not say they were better horses, but horses sell on looks to the average buyer. If there was no duty the Ontario farmer could not compete with the American article.

Mr. Gardhouse says three markets are better than two. One good market like Canada is better than a dozen like the States, where, according to 1910 U. S. A. pamphlet, heavy draught horses are worth \$50 to \$100. Thomas Hunter of Regina, Sask., says he can bring in American horses to cost \$250, all expenses paid, which would be equal in all respects to Canadian horses costing \$250 to the Ontario farmer, and we can mention names of horsemen ad lib. who endorse these statements.

Feeding of American Horses.

Mr. Gardhouse takes exception to

Feet So Sore Couldn't Walk Down Stairs

TIZ Cured Pain Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, you should know about TIZ. Mr. Crockett of Jeffersonville, Ind., writes: "After the treatment she walked down the stairs one foot at a time. She had not been able to do this for several weeks in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet, if you suffer from them, you have a sure way of getting relief—just use TIZ. It cures corns, callouses, bunions, and all the other ailments of the foot. It is the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely close up the pores. TIZ cleans them out and keeps them clean. You will feel sore feet, there is nothing on earth more comfortable to compare with it. Made only by Walter Lulher Dodge & Co., Windsor, Ont., and is for sale at all drug stores. 25-cent box.

our remarks to the feeding of American Horses. Our wish was to show how the States farmer can raise his horses, sell cheap and still make money. He grazes them and feeds them corn for three years and when fully grown he puts them in harness and prepares them for the market, and horses raised and prepared this way are good and can sell at a profit to the breeder at prices to put the Ontario breeder out of business. Mr. Gardhouse tells of a horse which he sold in June, 1910, for Mr. H. A. Holmes of Aberdeen. Mr. Holmes shipped a well-bred Clydesdale, "Monterleone Duchesse," which we sold on arrival. This animal was rough and poor after the voyage over and was bought by those good judges of horses, Messrs. Graham and Renfrew, and prepared for the show ring, where the new owners won championships, blue ribbons and medals. Afterwards the Clyde mare was exported to the States for breeding purposes. The price, \$400, paid in The Repository for this mare was a good fair price, nor was the price paid for the mare by the American buyers exorbitant, considering that they were buying a Canadian and English champion. How many times a year do you hear of the big prices being made by the sale of horses? We have seen horses at the Repository for over double the price which was paid for them in the States.

Mr. Gardhouse talks about "long haul," and implies that the cost of moving a load of horses to the west is \$200. This is the express rate to British Columbia. The freight train which is invariably used by shippers, will carry horses in carload lots to Winnipeg, which is the principal western horse market, for less than \$10 per head.

The Americans bought \$55,000 worth of Canadian horses last year. The major portion of these went over the border free of duty, as they were for breeding purposes, some of them were show or race horses, but none of them were commercial every work horses. During the many years we have been in business, we have never known of a carload of work horses to be shipped into the States out of the thousands we sell every year at the Repository.

We state these facts at all times. As dealers, we gain nothing or lose nothing either way, but the farmer will lose, and if he has an iota of doubt on the subject now he will have none a year after the pact becomes law.

An American's Opinion.

We had to-day a visit from several prominent American veterinarians who are in Toronto for the veterinary convention. Dr. Robinson, one of their number, said to the writer: "The horse trade in the States is dead. Why in Chicago one firm that handled 200 horses a week, don't now sell 20 a week. In Chicago automobiles are displacing the horse. The American draught horse get second place to the motor truck. We can't sell horses for the money we used to, and we want reciprocity. Reciprocity would help us out and we could sell horses to you at \$100 that you showed us in your stables as being sold yesterday for \$175. That's what a great market, which we would be a pleasure to see the way his eyes glistened when he said 'reciprocity'."

We are not an old-fashioned or let-well-enough-alone firm. We are up-to-date and like to see the farmers modern in their methods, with every help that tariff can give. Reciprocity means prosperity for Canada, but when the facts are so plain and argument should be unnecessary, we should not be unwilling to shoulder his own worries and get rid of his oversight of horses without swamping the Canadian farmer and breeder. He does not say there is no home market in the world as high as Canada, and the Canadian will see the benefit of the market, if it is as he says, it would be no controversy for or against reciprocity as far as the horse market is concerned but for politics, for there is only one side to the argument backed by bare facts.

We do not know, nor do we make any pretence of knowing what effect reciprocity will have on the live stock, but we certainly do know what the direct effect will be upon the horse market, and that will be that the Canadian farmer will have his market flooded with the surplus American horse, and the Canadian farmer cannot take advantage of the wide open market unless he lowers his present price of horses, and even then he has no surplus for our neighbors.

Thanking you for your kindness in giving this publicity, we remain, Burns & Sheppard.

Aug. 23, 1911.

WINNIPEG CONSTABLE SHOT

Exciting Capture of Desperate House Breakers.

WINNIPEG, Aug. 23.—Constable Trainer was shot in the lung and Constable Brown was fired at fifteen times, but not hit, by three housebreakers, whom the officers were trying to arrest, on Elmwood at North Winnipeg this afternoon. Trainer is in a serious condition. Two men are now in the cells.

The final capture of the desperadoes was due to the bravery and courage of a youthful civilian. The fugitives held up a window car on Euclid avenue, but the constable, hearing the police whistle, and seeing the fugitives urging the motorman to hasten pulled out of the trolley. The men then backed out of the car, covering the passenger and crew, and commanded the horse and buggy driving by. The same youthful civilian grabbed the horse's head and ducked a fusillade of bullets from the two desperadoes, thus delaying them till the police arrived and effected their capture. Two of the men arrested gave their names as Harry Kelley and Frank Jones, both of Minneapolis.

EMPIRE ON WATCH

Reciprocity Will Tend to Lessen British Ties.

Senator W. F. Lance of South Africa was in the city last night on his way to Vancouver. He was one of the representatives of the Union of South Africa among the parliamentary guests at King George's coronation, and is now on his way home by way of Vancouver and Australia.

"It would be presumptuous of me to attempt to speak on an essentially Canadian topic, but I think that the proposed agreement will tend to lessen the ties of empire, and as such it has become an empire topic," was the manner in which he referred to the issue of the day. "The empire is watching Canada, but we are sure that the Canadians will stand by the traditions of their race and defeat any measure that will in any way tend to lessen the bonds of empire."

THE QUESTION OF HEATING BOILER INFORMATION

These two booklets tell you just what you want to know about heating your home—let us send you the one you want.

One tells chiefly about warm air systems, the other about hot water heating and steam heating.

Just write a post-card and mail to-day. It will pay you.

AMERICAN INTERFERENCE IN CANADIAN ELECTION

Ottawa Citizen Protests Editorially Against Tactics to Boost Reciprocity.

OTTAWA, Aug. 23.—(Special.)—Attention of the Conservative organization at headquarters in Ottawa centres to-night upon an apparent effort on the part of United States interests to influence Canadian public opinion in support of the Laurier government and reciprocity.

It is as a slap in the face to President Taft and both political parties in the United States.

ARRESTED AT CIRCUS

Police Believe They Have Pickpocket of Continental Reputation.

One of the best known pickpockets on the continent, in the belief of the police, was arrested by Detectives Wallace and Newton on a vagrancy charge at the Berrum and Bayview circus last evening in the person of a man giving the name of John Harris of Buffalo, who is believed to be Dion King, and whose address is anywhere where a big crowd gathers.

He is the man whom the detectives believe him to be, he has been in the pickpocketing profession for ten years and possibly all his life. He is a man of 45 years, well built and standing nearly six feet in height, with iron grey hair.

The man the detectives were on the lookout for is wanted in California on a charge of pocket operating, and it is said that the police of many other cities would also be glad to lay a similar charge against him.

TAFT DEPENDS ON LAURIER.

"They are for it almost to a man," said J. E. Ball, a prominent broker of Kansas City, Mo., referring to the farmers of New York, where he has been for some time, and the reciprocity agreement, is a conversation with a World man last night at the Walker House.

Mr. Ball said President Taft was growing stronger for renomination every day, declaring that the reciprocity agreement, if carried, would bring about a second term for him, as the farmers who have been for the insurgents see great opportunities in the marketing of their produce and are coming over to the president's camp.

Prescribed by Leading Physicians.

Leading physicians of Toronto use "Mirac" St. Leon Water in their own homes, and prescribe it for disorders of the stomach, liver and kidneys. This wonderful water holds in natural solution many of the most valuable mineral and nutritive principles known to the science of medicine. Ask your doctor about "Mirac" or request St. Leon Water, Limited, Toronto, to give you names of prominent physicians who have proved its efficacy.

A Preceptive Victim.

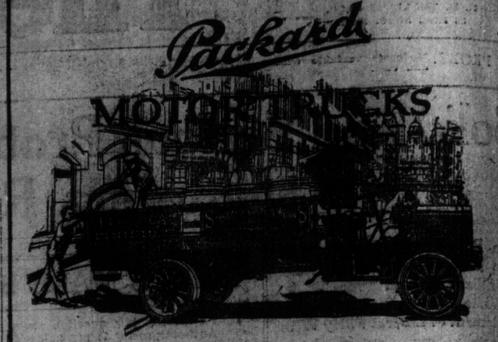

BROCKVILLE, Aug. 23.—(Special.)—The Liberals of South Leeds to-day put up Pirmita Cross of Lansdowne to be slaughtered by George Taylor on Sept. 21. Twelve nominations were made, but all retired in favor of Mr. Cross. The riding is overwhelmingly Conservative.

Joy Ride to Central.

Percy Elliott will spend three months in the Central Prison for organizing a strike among the men of the Ontario Agricultural Society, and a wagon of Abraham Broude's horse and wagon, Edward Hynes and Frank Smith, passengers, were allowed to go.

Your Stomach—You Have It Always With You. You have to take it with you to the Summer camp, the bungalow in the woods, the cottage at the seaside—and if you are good to it the Summer vacation will be full of joy and gladness. Before leaving ask your grocer to send a case of SHREDDED WHEAT.

SHREDDED WHEAT. and a case of Triscuit (the Shredded Wheat wafer) to your camp or Summer home. It will mean freedom from worry and work. SHREDDED WHEAT is ready-cooked and ready-to-serve. Two Biscuits with berries or other fresh fruit, served with milk or cream, will supply all the strength needed for work or play. Nothing so wholesome and nutritious and nothing so easy to prepare. TRISCUIT is eaten with butter, soft cheese or marmalade. A crisp, tasty snack for the camp or the long tramp. Made only by Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

Ask the man who owns one

"With the four Packard trucks we now have in operation we have the capacity of eight two-horse vehicles. Each Packard truck costs two-thirds as much to operate as a horse truck, thereby reducing the total hauling cost to one-third."

SHORTAGE OF WESTBOUND CARGOES THREATENED

It Will Be Some Time Before Trade Is Running Smoothly Again.

MONTREAL, Aug. 23.—According to the present indications there threatens to be a shortage of westbound cargo during the next two weeks or so, on account of the strike across the water.

This state of affairs will affect both the United States and Canada, as most of the large importers have as yet to receive the larger portion of their fall orders.

It was stated today by shipping authorities that practically every vessel that has been held up on account of the strike will carry little or no cargo, and that it will be some time before trade is running smoothly.

The Canadian Pacific Co. authorities at Liverpool, is expected to get away some time to-day, according to the latest cable advices received by the local office, but neither she nor the Corinthian, which has been held up at Havre, will carry any cargo on their voyage to this port.

The same might be said of the White Star-Dominion liner Magnolia, which has also been held up at Liverpool for some time. The local office received a cable from Liverpool at Liverpool stating that the trouble with the dock laborers remains still unsettled, and that while the work of coaling and victualing the Magnolia is being pushed ahead, she will not be able to leave her berth until the latter part of the week.

She, too, will only carry passengers, the present intention of the company being to sail the ship from Montreal on either Sept. 5 or 6 instead of Sept. 2, as scheduled.

Counting the canceling of the sailing of the C.P.R. vessel Lake Champlain, there are, therefore, not less than five shipsload of cargo that will not be brought here for some time, which means a serious holdup to all importers on this side. The same, however, cannot be said of the eastward trade, for all vessels leaving this port seem to be taking on heavy cargoes.

DESPERATE STRUGGLE FOR LIFE Motorman Wrestled With Would-Be Suicide in Niagara Rapids.

NIAGARA FALLS, Ont., Aug. 23.—(Special).—Rescued after two attempts to commit suicide in the rapids above the falls this afternoon, Walter Marek of Buffalo, N.Y., was rescued from the American side in a serious condition. Risking his own life, John Glesing, a motorman, waded 40 feet out into the rapids, and dashed his feet above the cataraet, struggling with the desperate Marek and brought him ashore, in view of hundreds of spectators.

When first noticed by lightkeepers, Marek was sitting on a bench a short distance from the upper rapids. Suddenly he jumped up and dashed into the foam-flecked water. He waded out about 30 feet, pulled a 32-calibre revolver from his pocket, and aimed the muzzle to his head and pulled the trigger. The revolver missed fire. Blessing, who was walking along the shore at the time, leaped into the water and waded out to the would-be suicide. Grabbing Marek, Blessing wrenched the revolver from his grasp as he was about to pull the trigger a second time. On a ledge of the rock in a perilous position the two men wrestled. Glesing was stronger and finally succeeded in dragging Marek ashore.

MOST ENJOYABLE YET. The employees of the R. S. Williams & Sons Co., Limited, journeyed to St. Catharines Tuesday for their annual outing, and it was unanimously voted to be the most enjoyable on record. A splendid program of sports was run and every event keenly contested. The following is a list of events and winners:

Baseball game, married men, 13-12. Prizes, sterling silver, donated by W. B. Fosdick and H. Y. Claxton. Baseball game, married v. single ladies, 11-4. Mr. W. R. Fosdick umpire. Ladies' classic driving, 1. Miss McLean, partner, Mr. Boyd; 2. Miss Gurney, partner, Mr. Boddington.

Boys' race, 1. Donald Long; 2. B. Boddington. Ladies' peanut rolling contest, 1. Miss Smith; 2. Miss Laville. Fat men's race, 1. R. S. Williams; 2. H. Y. Claxton. Needle threading contest, 1. Miss Gurney, partner, B. Goldsbro; 2. Miss Fuller, partner, H. Pratt. Men's 100 yards, open, 1. Norman Conroy; 2. Harry Pratt.

Slippers race, special, 1. John Brown; 2. Joe Moore. Ladies' coat race, 1. Miss McGee, partner, J. Ford; 2. Miss Harrison, partner, Mr. McPherson. Men's boat race, 1. H. Pratt; 2. A. N. Miller. Three-legged race, 1. Ford and Vickers; 2. Kay and Gentry. Ladies' special race, half walk, half run, 1. Miss Fuller, partner, Mr. Boyd; 2. Miss McLean, partner, Mr. Boddington.

Children's race, 1. Dorothy Shilton; 2. Maria Shilton; 3. Marguerite Dinmore. Guests' race, 1. W. Villiers; 2. Mr. McPherson. Ladies' consolation race, won by Miss Bodwell. Men's consolation race, won by B. Boddington. The prizes, which were both valuable and suitable, were distributed on the return trip.

Canal Traffic Falls Off. OTTAWA, Aug. 23.—Traffic in the Canadian canal to the end of July shows a marked falling off. The total tonnage was 17,143,000, as against 21,467,762, a decrease of 4,324,762 tons. Of this decrease over 4,000,000 was on the Soo Canal, where something over 4,500,000 tons less of ore was handled this year than last. A smaller movement of lumber thru the Ottawa and Chambly Canals caused a decrease there. On the other canals there were slight increases.

CLIFFORD UPHOLD AT THE D.R.N. LUNCHEON

King's Prize Man Defends His Position and Wins Approval of His Auditors.

OTTAWA, Aug. 23.—There was not quite as large an attendance as usual at the president's luncheon at the D.R.N. building. Among the absentees were the president himself, Col. Sam Hughes, M.P., also the minister of militia, Hon. Chas. Murphy, and other members of parliament who are accustomed to attend this important event. Col. Burland of Montreal presided.

In responding to the toast to the King's Prize Winner, Private W. J. Clifford took the opportunity of defending his position in shooting which had been attacked in the meeting the night before. "I am afraid that you are going to steal this position from me. I certainly could not do the same again in any other position. An organized bunch got in at last night's meeting and condemned my position. I feel as if I had not won the King's Prize at all, but had stolen it, in the light of last night's action."

"Not so!" came from the listeners. "Of course, I realize that the contentions that some of the competitors go thru is unimportant, and I think if there was a regulation which would compel the competitor to grip the rifle with his left hand, it would mend matters. Lord Kitchener commended my position, and I think it is pretty queer that the riflemen here go up against it like that."

Lieutenant-Colonel Helmer did not think that any reflection on or criticism of Clifford was meant the night before. He thought that Clifford's position should be satisfactory. He said that if the rules changed, however, to allow that position, but debar using the sling with both hands, it would be much better. Too many men, he said, take the recoil on the sling or on the ground. Private Clifford takes the recoil on the shoulder. The meeting seemed unanimous in the opinion that Clifford's position should be allowed.

Prizes Presented. There was a very large attendance at the annual meeting of the Canadian Rifle League, which was held at Rockcliffe rifle ranges to-day. Lt.-Col. Sherwood presided and a beautiful display of cups, shields and individual prizes were presented at the close of the winners announced yesterday. The prizes were particularly satisfactory and the report of the secretary, Frank Beard, showed great progress.

There was an important discussion opened up by the president's remarks regarding changing the kind of prizes to be offered. At present the practice is to give cups to teams and the proposal was that instead they should be individual prizes. There seemed to be a feeling in the part of the military rifle associations that the team prize, such as a cup or shield, was preferred. Col. Davidson, 8th R.R., who made the military associations took prize in getting these cups to show what the regiment had done. It is an incentive for men who come later into the regiment, to do as well or better. Individual prizes would soon be forgotten.

On the other hand the civilian associations representatives wanted the individual prizes instead of the team prizes, because they have often won headquarter prizes in which to keep a team prize, while they can take the individual prize home.

Team Prize Question. It was decided to leave the team prize question as it is in the militia associations, and a circular letter is to be sent to the different civilian associations to find out whether they preferred individual or team prizes. The executive will be guided by the answers to these letters.

A resolution was moved by Lieutenant-Colonel Davidson and seconded by Lieut.-Colonel Ross, Hamilton, that the association extend its congratulations to Private W. J. Clifford, winner of the King's Prize. It was heartily and unanimously carried.

In this connection Lieut.-Colonel Sherwood pointed out that there was an impression that Private Clifford's shooting position was wrong, when, as a matter of fact, it was entirely within the Bisley rules. The officers elected for the ensuing year are: President, Lieut.-Colonel Sherwood, C.M.G., Ottawa, first vice-president, Lieut.-Colonel Davidson, 8th R.R., Quebec; second vice-president, Major McRobb, St. John, N.B.; third vice-president, Major Havos, London, Ont.; secretary-treasurer, Mr. Frank Beard, Ottawa; auditor, Captain Bell, 43rd Regiment.

The members of the council were left to be selected by the executive with the exception that Lieut.-Colonel Ross' name was added to the Ontario list. Dominion's Match. The Dominion match, shot at 500 and 800 yards, seven rounds each, possible 70.

The first five will shoot off for the Patterson Cup.

CAREFULLY AVOIDED REFERENCE TO LANCTOT

Sir Wilfrid at Sorel—Ridicules What He Calls the "Hybrid Alliance."

SOREL, Aug. 23.—Three thousand people heard Sir Wilfrid Laurier discuss reciprocity, the navy bill and the Nationalists at the mass meeting of Liberals here this afternoon. Sir Wilfrid was given a good reception, and seemed to have suffered little from the past few strenuous days speaking with fire and force, especially when he felt called upon to refer to Messrs. Bourassa and Monk. No reference was made to the Lanctot affair, but the premier heartily endorsed the candidature of Arthur Cardin, who was the only Liberal candidate here in place of Adelard Lanctot, the late M.P. Mr. Lanctot was in town, but did not attend the meeting.

In discussing reciprocity, the premier laid much stress on the markets for the products of the farmers, quoting prices for hay and vegetables in Montreal and in American cities, to show that the farmers would profit by selling to the latter. Referring to the opposition, he ridiculed the "hybrid alliance," which, he said, had but one thought, that being to beat Laurier.

On the navy question he spoke at length, emphasizing the fact that the navy would be entirely voluntary and had always been intended to be so.

ADJOURNED AGAIN

Wilkie Inquest Shows Death From Heart Disease.

Coroner Graham resumed the inquest into the death of Mrs. Ellen Wilkie, who died after an alleged assault by her husband, yesterday afternoon, at which time the evidence of Constable Smith and Miss Lillie Reynolds, daughter of deceased, was taken.

The constable said that on hearing cries of murder he was sitting on the stairs with his hand on Mrs. Wilkie's throat. He separated them and Wilkie proceeded to the back yard. Meanwhile his wife requested the constable to take charge of her husband and offered to go to the station and say a charge of assault against him. She then proceeded to dress her husband and not to go. A moment later she dropped to the floor and died almost immediately.

Miss Reynolds said she arrived home shortly after 6 o'clock on the night of the tragedy and found her mother and stepfather in the back yard. Presently the mother came into the house and Wilkie went away on his bicycle. About 11:30 the stepfather came back. At this time the woman was sitting on the front doorstep. Her husband told her to go inside, and on refusing to do so he proceeded to drag her in by the hair. A row ensued, and shortly afterward the Italian Perry came in. Mrs. Wilkie tried to strike him by striking at her husband, but missed him and struck the Italian. Perry struck her back and then Wilkie seized her by the throat.

At this point the woman cried out, and policeman Smith entered and separated the combatants. Dr. G. Stevenson, who performed the post-mortem, testified that deceased had suffered from organic heart disease. The injuries Mrs. Wilkie had received were all of the nature of bruises, not in themselves sufficient to cause death. The doctor said that the post-mortem examination would not reveal whether or not death was accelerated by the injuries.

Several witnesses testified of the belligerent relationship which existed between Mrs. Wilkie and her husband, and it was learned that on the night of her death, as well as on other occasions, he had threatened to kill her. The inquest was adjourned till Aug. 29 at 3 p.m.

SOLD CHURCH FOR \$80,000.

As a purely business proposition, the First Presbyterian Church, Victoria, B.C., of which Rev. Dr. Campbell is pastor, was sold last night to the Ontario Baptist Church for \$80,000. This was the first Presbyterian church built in British Columbia, and celebrated its jubilee on the last Sabbath of June, at which time the pastor was assisted by Professor Stekler, D.D., of Aberdeen, Scotland, and Principal McKay, D.D., of Westminster Hall.

Upon the day the church was sold, the congregation secured a desirable site and will begin the erection of a beautiful modern church at once. The Morning World is delivered before breakfast to any address in Toronto or suburbs for twenty-five cents per month. Phone 8, 5369.

His Neck Was Broken. CORNWALL, Aug. 23.—(Special).—John Lawrence, the 11-year-old son of Elias Lawrence, who lives near Spencerville, was found dead the other day in a pasture, with a heavy gate on top of him. It is supposed that the boy climbed on the gate and that the hinges gave way. His neck was broken.

Carried Sensationalism. NIAGARA FALLS, Ont., Aug. 23.—(Special).—Bobby Leach, the hero of Niagara, of whom moving pictures were taken when he was in the harbor office, fell recently, posed again to-day for carried sensationalism. To-day he repeated his parachute leap from the Upper Bridge before the camera, but a dummy made the drop instead of the little Englishman.

Band in Bellwoods Park. The band of the 4th Highlanders, under the direction of John Slater, will play in Bellwoods Park this (Thursday) evening.

HORTON INQUEST. "We, the jury, find that Samuel Horton came to his death in the Western Hospital on the 22nd day of August, 1911, as a result of an automobile accident. We exonerate the driver from all blame." This was the verdict of the jury at the inquest held yesterday afternoon at Swainsville, where the motor accident occurred. The jury found that the driver was driving his own car into the city from Milton. The electric lights were out, and shortly after passing the Humber River bridge a man loomed up a few feet in front of and about 100 feet north of the car. The man seemed to dive forward and was struck on the head by the motor. The driver could not be controlled. The car was immediately stopped, and the driver was taken to the Western Hospital, where he died about four hours later.

The evidence all tended to show that it was impossible to control the motor in time to avoid the accident.

CAREFULLY AVOIDED REFERENCE TO LANCTOT

Sir Wilfrid at Sorel—Ridicules What He Calls the "Hybrid Alliance."

SOREL, Aug. 23.—Three thousand people heard Sir Wilfrid Laurier discuss reciprocity, the navy bill and the Nationalists at the mass meeting of Liberals here this afternoon. Sir Wilfrid was given a good reception, and seemed to have suffered little from the past few strenuous days speaking with fire and force, especially when he felt called upon to refer to Messrs. Bourassa and Monk. No reference was made to the Lanctot affair, but the premier heartily endorsed the candidature of Arthur Cardin, who was the only Liberal candidate here in place of Adelard Lanctot, the late M.P. Mr. Lanctot was in town, but did not attend the meeting.

In discussing reciprocity, the premier laid much stress on the markets for the products of the farmers, quoting prices for hay and vegetables in Montreal and in American cities, to show that the farmers would profit by selling to the latter. THE T. EATON CO. LIMITED

LIBERAL FARMERS

Declare That They Do Not Want Reciprocity. PEKTON, Aug. 23.—(Special).—Several days' campaigning has made more than ever evident the feeling that B. R. Hepburn, the Conservative candidate, will win the coming election. Meetings at Rossmore and Redville were largely attended and most enthusiastic. This has been desired, a stronghold of the Liberal party on the reciprocity plank, but it was plain that the Ameliasburg farmers after all do not want reciprocity. This is a big township famous for its apples, and it is felt that the passing of the pact would injure the industries of the orchard owners. It is generally conceded that Mr. Hepburn's election is only a question of majorities.

HAD TO CANCEL TRIP.

Steamer Went Aground. KINGSTON, Aug. 23.—(Special).—The steamer Wallace went aground in Lake Ontario, but after she had been lightened of her cargo of grain, was released without damage.

CANON CAYLEY BURIED.

Yesterday afternoon the remains of Canon John D'Arcy Cayley, D.D., were laid to rest with all the ceremony of the church in St. James' Cemetery. Rev. R. J. Moore conducted the service at St. George's Church, assisted by their Lordships Bishop Sweeney and Bishop Reave, and Prof. Conway, under the direction of B. Phillips, organist and choirmaster, the choir contributed appropriate music. There was a large attendance of the local Anglican clergymen in their robes. The pallbearers were Messrs. James Henderson, Frank Arnold, George Hartman, Louis McMurray, Herman Boulton and George Reed.

Great Civic Garage Issue.

Instead of using the civic garage, which was sold last night to the Ontario Baptist Church for \$80,000, the city council has decided to use the garage which is not being kept there as a city property. The garage was built by the Ontario Baptist Church. Out of the nine, three have been exempted as their users need them at all hours. The pastor, who sold last night to the Ontario Baptist Church for \$80,000, is not being kept there as a city property. The garage was built by the Ontario Baptist Church. Out of the nine, three have been exempted as their users need them at all hours. Light Poles Case.

Neither side was represented at the North Toronto police court yesterday morning when the case against the foreman of the power company, who was to be prosecuted for putting up poles without permission of the town, came up, so the case was adjourned for another week. A few minutes after the court had risen, Geo. Woodhouse, the foreman, walked into the court.

Geneva Park Camp.

Nearly 125 ministers and others are attending the Presbyterian summer camp conference at Geneva Park, which opened on Monday last. Dr. McKay, Dr. J. A. Macdonald, Dr. J. G. Shearer, Dr. A. S. Grant and H. Rowell Bates of New York, are some of the prominent leaders in attendance.

BLOOD POISONING RESULTS FROM DIGGING OUT CORNS

To really make a corn go away, to remove it for all time, there is just one way. Putnam's Painless Corn and Wart Extractor, a soothing, helpful remedy that separates the corn from the good flesh, lifts it out root and branch—does it quickly and without pain. The name tells the story. Putnam's Painless Corn and Wart Extractor, price 25c. Look out for dangerous substitutes for Putnam's, which is sold by druggists.

Employees Only

"I'd give the business to you but your price is too high."

"I'd give the business to you but your price is too high."

AND you wonder why. "Why," you argue to yourself, "is my price too high?" Raw materials, rent, power, heat and wages are in your case no higher than your competitors'. The answer lies not in price of materials, not in advantageous location, not in the scale of wages paid, nor any of these things, but in the practice of an extravagant shop system that renders necessary the employment of more men than actual business needs require because the effort is made to do without the practical assistance of a modern freight elevator. Excessive overhead expenses eat into your profits and drive away business.

OTIS FENSOM FREIGHT ELEVATORS

could do far more conveniently, safely and economically. With an Otis-Fensom Elevator the ground floor can be reserved for manufacturing purposes only. Raw materials and parts being stored in the flat above, the work of storing and collecting can be accomplished in one-half the time and with one-third the labor. The initial cost is light, and your regular line shafting can be used if an Otis-Fensom is installed.

If the volume or nature of the business does not require a belted elevator, there is our latest improved design, "Bright Lift," which is a one-half the time and with one-third the labor. The initial cost is light, and your regular line shafting can be used if an Otis-Fensom is installed.

Suppose you run a machine shop or factory

Sir George Ross Declines It.

In his speech before the Canadian Club in this city on Nov. 30, 1903, Sir George W. Ross, referring to the fact that Britain takes 60 per cent. of our exports and the United States only 30 per cent., said: "Does it not appear the proper thing, partly because of our imperial relations, and partly because of the extent of the British market, that we should direct our energies towards meeting these requirements rather than towards framing a treaty with a nation that has treated us with undue harshness in commercial matters, and upon whose commercial good-will we cannot depend."

"All we have to do is to enter in and possess it with Britain's assistance. In the United States we would be under a bond, and I decline myself to assume or accept any policy that will place the trade of Canada at the mercy of congress or at the mercy of a rival nation."

ing that "we (Toronto) have five members sitting in the House of Commons, and that Toronto is being neglected as regards harbor improvements. A more plainly worded acknowledgment of a corrupt government would be hard to find."

AT OSGOODE HALL ANNOUNCEMENTS. Judge's chambers and weekly court will be held on Thursday, Aug. 24, at 10 a.m. Cases set down for hearing in weekly court:

Master's Chambers. Before Holmsted, K.C., senior registrar. Allen v. Grand Valley Railway Co.—G. H. Sedgewick, for plaintiff. Motion by plaintiff to serve defendant with writ of summons, substitutionally.

Divisional Court. Before Falconbridge, C.J., K.B.; Teetzel, J.; Latchford, J. Barlett v. Barlett, Limited—Judgment: An appeal from the judgment of Sutherland, J., delivered at the trial (19 O.W.R. 886) awarding plaintiff \$2500, with interest, under an affidavit sworn to by the defendants to employ the plaintiff at a salary of \$2500 a year and expenses as a manager of the United States, the Ontario provisions of section 88 of the Ontario Companies Act, 7 Ed. VII, cap. 34, were not complied with.

Miss Tarbell and Dr. Macdonald. The American Magazine for September has an article on "James A. Macdonald" by Miss Ida M. Tarbell. The article is about Dr. Macdonald, editor of the Globe, and as Miss Tarbell had not been able to write his name correctly, we cannot vouch for the accuracy of all the statements made. But in some interesting reading, for those who remember The Globe's straight road on the Northwest province and other incidents. Here is the article in full:

Straight Road for Crawford. "No man loses his way on a straight road. This was the guideboard which ten years ago the then newly chosen editor-in-chief of The Toronto Globe set up for himself and his associates. There is a common notion that a straight road is a dull one. It is anything but that for the editor. It leads him inevitably to liberalism, and the path of liberalism is usually as thorny as it is exhilarating. Again and again in the last ten years Dr. Macdonald (doctor by virtue of a degree from the University of Glasgow given him as a newspaper man) has been denounced at Ottawa and thirty-seven times in the past year for his liberalism.

TOBACCO HABIT. Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days and restores the system, and only requires touching the tongue with it occasionally. Price \$2.00. LIQUOR HABIT. Marvellous results from taking his remedy for the liquor habit. Safe and demure treatment, no hypodermic injections, no publicity, no loss of time from business, and a cure guaranteed.

Friend of Uncle Sam. "Dr. Macdonald's straight road has not only served Canada, it has enabled him to make at least one excellent turn for the United States. Last year when the application of the newly adopted scheme of maximum and minimum tariff was threatening to get us into trouble with our northern neighbor, Dr. Macdonald happened in Washington on a vacation. He saw that the two governments were standing aloof from a friendly interview and he prevented trouble, and he made it his business to get the idea to Mr. Taft. It was so obvious a thing to do now that his attention was called to it that he straight road, and it led naturally to a reciprocity treaty. Indeed, free and friendly negotiations between Canada and the United States cannot possibly lead elsewhere. It is only by taking the longest road around and complicating it by the most unreasonable twists and turns that anything but free exchange between the two nations has been possible in the past.

Would Pledge a Troth. "The desire for better trade relations springs from a source deeper than the selfishness of trade. It grows out of a sense of that common interest between the two great English-speaking world powers. Blood is thicker than water, and the map of the nations blood tells. The dominant opinion in Canada stands against British jingoism on the one hand and against American continentalism on the other. History has made Canada a part of the British Empire. Geography has made her the next-door neighbor of the United States. The various commingling of the nationalities within her citizenship has given her vital and interpretative relations with both Canada and the United States and across the unlit boundary line of four thousand miles pledged a troth which no political expediency or selfish interest of bigoted jingoism can ever weaken or break.

Never Saw the Will. KINGSTON, Aug. 23.—(Special.)—In a statement to the lawyer looking after her interests, Mrs. Abbie George, widow of the late Joseph George, says that she never saw the will of her husband, which has just been found under sensational circumstances. She not only never saw the will, but never heard of it being in existence.

Died in Chicago. KINGSTON, Aug. 23.—(Special.)—Within five days of each other, two former Kingstons passed away in Chicago. John Crowley and his wife, two daughters and one son survive. Crowley was born at Kingston fifty-six years ago and attended the old boys' reunion here a few weeks ago.

Lost Two Hundred and Fifty Chickens. KINGSTON, Aug. 23.—(Special.)—P. D. Lyman, a well known poultry fancier, reports that he has lost 250 chickens this summer through "growing light," one of the most fatal diseases among pigeons and chickens. The disease appears to be caused by varying extremes of weather.

On Tuesday 700 harvesters were handled by the station officials. Yesterday over four thousand left by C.P.R. and G.T.R. trains for the western harvest fields.

BAPTISTS FOLLOW UP SYSTEM

In an effort to keep in touch with members of the Baptist Young People's Union changing their location, the matter of a follow-up system is being considered, and will probably be put into execution soon.

Dr. Martell's Female Pills

Eighteen years the standard prescribed and recommended for women's ailments; a scientifically prepared remedy to prevent worry. The results from their use is quick and permanent. For sale at all drug stores.

Commercial Reports

Frost Scares in the West Keep Market on the Qui Vive

But Prices Make Little Response to Reports of Lower Temperatures —Fractional Advance in Wheat Prices.

CHICAGO, Aug. 23.—Wheat traders today put varying constructions on the all-important Canadian crop news, the net result being a limited trade and a modest gain of 1/4 to 1/2 in prices. Canadian wheat closed practically at yesterday's final figures, while provisions dropped from 1/2 to 1/4.

Fifteen points in Canada reported frost last night, lower temperatures prevailing throughout Saskatchewan, Manitoba and the American northwest. At Arcadia, where there have been a number of frost alarms, a Winnipeg paper asserts that farmers are harvesting 15 to 20 bushels per acre, and at other points, which have been closely watched, the yield promises 20 to 28 bushels.

The Russian crop has been damaged by rain, as was reflected in an advance at Liverpool. Late in the session a Winnipeg broker wired that the Russian crop would prove heavier than expected, basing his report on grain already harvested. These were the conditions which confronted the trade today, and under which prices advanced. The advance was sufficient to cause some profit-taking and short selling by the bears. This caused a reaction from the top, but the bear was steady and the market was easier and a slight increase in country offerings was noted here.

The market for corn was slow and the tendency of prices to ease off. The September option was the weakest on the market, but local speculators were at work on the buying side, and the market acted tired and they were unable to make much headway.

Corn opened firm in sympathy with other cereals, but turned under the pressure of sales of December and liquidation of September options by longs. The market was quiet, some profit-taking. Receipts of 700 more bushels than had been expected, and a decline of 1/2 per cent in prices resulted in liberal selling of products in the provisions part. There was some buying of October hard wheat, but local speculators were unable to make much headway.

Corn opened firm in sympathy with other cereals, but turned under the pressure of sales of December and liquidation of September options by longs. The market was quiet, some profit-taking. Receipts of 700 more bushels than had been expected, and a decline of 1/2 per cent in prices resulted in liberal selling of products in the provisions part. There was some buying of October hard wheat, but local speculators were unable to make much headway.

Northwest Receipts.
Receipts of wheat in cars at primary centers were as follows: Week Year
Winnipeg To-day, ago ago
Chicago 229 241 212

EUROPEAN MARKETS.
The Liverpool wheat closed 1/4 to 1/2 higher than yesterday. Corn closed unchanged. European closed higher.

Winnipeg Inspection.
The receipts of wheat at Winnipeg yesterday graded as follows: No. 1 northern, 9 cars; No. 2 northern, 11; No. 3 northern, 1; No. 4, 1; No. 5, 1; No. 6, 1; No. 7, 1; No. 8, 1; No. 9, 1; No. 10, 1; No. 11, 1;
