## JEROME ENTERS AFFIDAVIT PROOF

**Affidavits From Seven Alienists and Newspaperman Submitted to Show Thaw Isn't Capable of Directing Case.**

New York, March 21.—District Attorney Jerome today presented to Justice Fitzgerald eight affidavits in support of his contention that Harry K. Thaw is in such a state of lunacy or insanity as to be incapable of understanding the proceedings against him, or of making his defence.

The court was in session for less than an hour, Delmas, Mr. Deinas, the defence, stating that their answer to the district attorney's proposition was not ready, Justice Fitzgerald allowed both sides until Saturday afternoon to file such affidavits as they may desire.

There will be no further hearing in the matter of the appointment of a lunacy commission until Justice Fitzgerald considers such affidavits and exhibits as are to be offered.

Neither the jury nor Thaw was in court today. The jury having been excused until to-morrow morning, there will be a recess until Saturday morning will be announced. By Monday Justice Fitzgerald is expected to be ready to announce his decision.

Justice Jerome pleaded for permission to examine Dr. Allan McLane Hamilton orally, but in the absence of a waiver of professional privilege on the part of the defence, Justice Fitzgerald said he would not permit the alienist to be examined at present.

Justice Fitzgerald added significantly that he would take judicial notice of everything which had been said in evidence during the nine weeks of the trial.

Dr. Hamilton testified yesterday that in his opinion, Thaw is not capable at present of directing his defence. This question was put to Dr. Hamilton by Attorney Deinas, the defence, and Jerome now contends that the defence thus waived the matter of professional privilege.

The district attorney's office are inclined to the belief that Dr. Hamilton, having already stated his opinion to Justice Fitzgerald, the latter deemed it unnecessary to precipitate an argument as to the waiving of professional privilege. The defence seemed to be of the opinion that Justice Fitzgerald had then, in Hamilton's evidence, could not be taken into consideration, and that, consequently, the district attorney's position was materially weakened.

Eight Opinions Submitted.

Jerome's affidavits, submitted today, embraced the opinions of seven experts, and a statement by Irvin S. Cobb, a newspaper reporter, who furnished the text of the statement which Thaw issued at the conclusion of Jerome's long and severe cross-examination of his wife.

One of the affidavits, submitted today, was signed by Dr. Carlos P. Matteson, in which he declares he is firmly convinced that Thaw is suffering from paranoia, and that he is, for some time, has been incapable of understanding the proceedings against him.

The reporter, Cobb, sets forth the facts connected with the case in the manner of issuing his statement concerning Jerome's cross-examination of Evelyn Thaw.

All these facts were narrated at the time Thaw's insisting that the reporter should sign and seal an envelope containing the text of the statement, and that he should compare the original with the typewritten copies which he handed to him for distribution among the other newspaper men at the trial.

Jerome Explains His Aim.

Jerome coupled most of the court session with a personal explanation of the reasons which hindered him from earlier calling the attention of the court to the present state of mind of the defendant, but he had no way of legally bringing the matter to the attention of the court until Dr. Hamilton was put on the stand by the defence.

Dr. Hamilton could not have called the attention of the court to the professional privilege of the defence could have interposed as a bar to any testimony the expert might have had to offer.

Delmas declined again to waive any privilege with regard to Dr. Hamilton on the ground that, in the present instance of the defendant is sound, and lawyers have no right to waive anything for a lunatic.

It had been rumored all day that Delmas would not be in court this afternoon because of the attitude assumed by some of his associate counsel yesterday.

The story was present, however, when Justice Fitzgerald took the place on the bench, Mr. Delmas alone was heard by Justice Fitzgerald. Twice Mr. Hartbridge attempted to enter into the argument, but each time he was rapped down by the justice.

Discern Hats.

Men are realizing more and more that they can wear with greater comfort than they have been accustomed to. A derby should sit well up on the head, far down the forehead and not too tight. Of all the mistakes which contribute to a bad looking, an ill-fitting hat is the near a man's head which comes too tight. You go to a reputable store and there is equally important that the salesman know better than to sell a hat that in any sense unbecomes many years' painstaking effort and a persistent determination to sell only the best.

## SILENCE PACT OF TWO LEADERS

**Fowler to Withdraw Nothing and Bourassa May Not Summon Sufficient Support to Call for Vote.**

Ottawa, March 21.—(Special.)—Information from those in the know enables The World to state without fear of contradiction:

1. Sir Wilfrid Laurier and Sir Frederick Borden will call for England on April 5. Mr. Borden will put through the estimates for the militia in the absence of Sir Frederick Borden.

2. Parliament will prorogue on April 18, but after the Easter holidays no business will be taken up except routine work in committee of supply, government bills and the formal enactment of the new tariff, which has been already approved.

(a) Mr. Fowler is not to withdraw or retract anything, but he is to sit silent while the two leaders briefly answer the questions.

(b) Bourassa is to be interrupted with cries of "order" unless he offers a resolution.

(c) If Bourassa offers a resolution, an amendment will be offered by Sir Wilfrid Laurier, which, after some academic wherewithals, will refer all members who have any charge to make against their colleagues to a committee or commission, which will sit in camera and report next session.

(d) If Bourassa's motion reflects upon Fowler, some private member will introduce an amendment reflecting upon Bourassa for alleged insinuations against Sirton.

(e) No division will be permitted, and it is claimed to-night that Bourassa will not have sufficient support to demand the yeas and nays.

**BIG JOB FOR MCGUIGAN.**

Appointed First Vice-President of Great Northern.

St. Paul, Minn., March 21.—James J. Hill said to-night that he is about to retire from the presidency of the Great Northern Railroad. He added that Henry Morrison, formerly first vice-president of the Grand Trunk Railroad, has been appointed first vice-president of the Great Northern, the position held by Louis H. Hill, son of the president.

No announcement was made as to the position that Louis Hill will hold, but it is generally understood that the office of assistant to the president will be filled for him.

**FALLS SIX STORES; UNHURT**

Fireman Drops Down Elevator Shaft and is Only Dazed.

Montreal, March 21.—Joseph Bernier, a fireman, while hauling hose and walking backward on the top floor of the building at West Notre Dame and St. Henry streets, disappeared in a thick smoke down the elevator shaft in a fire today.

The fire did \$1,000,000 damages to the building and destroyed the contents of the Hudson Bay Knitting Company and the Canada Tag & Label Co.

**76 SUFFRAGETTES GO TO JAIL**

Women Who Stormed House of Commons Refuse to Pay Fines.

London, March 21.—Seventy-six "suffragettes" arrested yesterday for breaking through the precincts of parliament, were sentenced today to six or a month imprisonment.

They all elected to go to jail, and were taken away in the prison vans amidst the mingled cheers and jeers of the crowds outside the police court.

**CUSTOMS WATCH GEM DEALER**

United States Taps Canada Off to \$500,000 Purchase Abroad.

Montreal, March 21.—A well-known gem dealer of the United States recently purchased \$500,000 worth of diamonds and pearls in the European market, and is on his way to America. There is created considerable of a stir in customs circles in both Canada and the United States. The same man has been known to have smuggled the same class of goods into the United States.

## HONDURAS LOST THREE-DAY FIGHT

**Nicaraguans Defeat Salvadoreans and Their Allies With Heavy Losses, Leaving Hundreds Dead and Wounded.**

Managua, Nicaragua, March 21.—A despatch received here from the front at 10:05 p.m. yesterday said:

The Honduran and Salvadorean army, numbering over 5000 men in all, attacked the Nicaraguan positions at Fortillas de Namasca, and after three days and two nights of fierce fighting, the Hondurans and Salvadoreans were completely defeated, leaving hundreds of dead and wounded on the battlefield.

The Nicaraguans also captured many prisoners, among them being several high officers, over 2000 rifles and a great quantity of all kinds of war munitions.

Defeated Salvadoreans officers included Generals Pineda, Avolar and Colococho. The Honduran commander defeated was General Leonida.

General Lopez Garcia and Colonel Pedro Nolasco have been defeated at Mariatia by the Honduran revolutionary and Nicaraguan forces. Many Honduran soldiers and a number of rifles, with ammunition, were captured by the allied troops.

Lacelba, a Honduran port on the Atlantic, has been captured by the Nicaraguan forces.

**U. S. AND MEXICO TO PUT END TO THE WAR AT ONCE**

Washington, March 21.—Blue jackets and marines have been landed from the United States gunboat Marietta at Trujillo and Ceiba, and probably at Puerto Cortez, Honduras, to protect foreign interests. As yet no word has been received as to whether forces have been landed at Central American ports on the Pacific Coast side, but undoubtedly this step will be taken.

It is regarded here as a diplomatic move that will prevent any international complications growing out of the policy of the United States not to permit European demonstrations in Central American or South American waters.

Both coasts of the warring Central American republics are well policed by American gunboats. The Marietta is on the Honduran Caribbean coast and the Paducah is further south on the Nicaraguan coast. On the Pacific Coast side are the Princeton, which is patrolling the Nicaraguan coast, and the Chicago, which is patrolling the Salvadoran and Honduran coasts.

The co-operation of Mexico with the United States in restoring peace in Central America has not been heeded by Nicaragua, Honduras and Salvador. The United States sends plenipotentiaries to the warring countries to order an immediate cessation of hostilities.

The state department is in dread of the claims which inevitably arise from a war such as now being carried on, and the protests of the European nations against the destruction of the property of their citizens in countries where Europe cannot interfere, are having their effect on the administration.

Diplomatists have informed the Washington government that its position at the coming peace conference at The Hague will be peculiar if it permits a war to continue, which might stop, and which the Monroe doctrine prevents European powers from stopping.

**NOTHING FROM HYMAN.**

Premier Knows Nothing About the Minister's Health.

Ottawa, March 21.—(Special.)—Once more the minister of public works was under the limelight today.

R. L. Borden asked if the government had heard anything from Mr. Hyman, and if he intended to resign, which resignation as the member for London.

**C.P.R. TO BUILD 1500 MILE ADDITIONS TO ITS SYSTEM**

Sir Thos. Shaughnessy Gives Out a Statement of New Branches and Double Tracking.

Montreal, March 21.—(Special.)—Sir Thomas Shaughnessy gave out a statement today in regard to the lines that will be under construction by the C. P. R. and for which allowances have been made in the appropriations.

The company has in hand extensions amounting to nearly 1000 miles of new lines, while 500 miles of double tracking is to be done, as compared with 1000 miles of construction on the Great Northern, 1900 on the Grand Trunk Pacific and 1500 on the Canadian Northern.

From Craighurst to Sudbury, completing the Toronto-Sudbury line, 173.8 miles; from Brandon to the main line at Kirkella, Man., 348 miles; from Lauder, in Southern Manitoba, westward, 204 miles; from Waseley, Sask., to the junction with the Waseley branch at Linwood, 16.34 miles; from Teulon, Man., northward, 29 miles; from Brandon to the main line at Kirkella, Man., 348 miles; from Lauder, in Southern Manitoba, westward, 204 miles; from Waseley, Sask., to the junction with the Waseley branch at Linwood, 16.34 miles; from Teulon, Man., northward, 29 miles; from Brandon to the main line at Kirkella, Man., 348 miles; from Lauder, in Southern Manitoba, westward, 204 miles; from Waseley, Sask., to the junction with the Waseley branch at Linwood, 16.34 miles; from Teulon, Man., northward, 29 miles.

Double tracking—Winnipeg to Fort William 42.7 miles; St. Ann's to St. Paul's, 108 miles. Grand total, 1427.5 miles.

**PEASANTS ATTACK PALACE.**

Roumanians Clash With Troops and Are Fired Upon and Stabbed.

Bucharest, Roumania, March 21.—Plundering recommenced today at Vasilui. The peasants surrounded the administrative palace, intending to demolish the building. Further plundering occurred throughout the town.

Troops intervened, and the major commanding and several officers were wounded. The soldiers then fired on the mob and wounded a number of the rioters. Five of them were stabbed with bayonets.

Another collision occurred at Jassy between troops and 400 peasants, who were trying to invade that town. Major Colera was wounded, two peasants were killed and many were wounded.

**TWO HIT BY STREET CARS.**

Samuel Garrett, 4 Duell-Clap, ran into a street car at Queen-street and Duell-Clap-avenue last night, and was badly shaken up. He was running for a car on the second track. P. C. (11) took him home.

## TRANSVAAL OPENS FIRST COLONIAL PARLIAMENT

**Wrangle Over Language Smoothed Over and Asiatic Exclusion Bill Sent to Upper House.**

Pretoria, Transvaal, March 21.—The first parliament of the Transvaal colony under the newly granted constitution met here this morning in the hall in which the late President Kruger presided for so many years over sittings of the upper Volksraad of the South African Republic.

For the benefit of the throng, the members of the lower house took the oath on the historic balcony, where President Kruger was in the custom of delivering his biblical exhortation when sworn into the presidency.

General Botha, the premier, nominated General Beyer, who was elected. He returned thanks for the honor in English. He said he intended to maintain the traditions of the mother country, and the mother colony, namely, Cape Colony.

Members of the lower house then marched to the bar of the upper house, where, after Lord Shelborne's speech opening the legislature, General Botha moved adjournment in Dutch.

Parliament re-assembled this afternoon and Colonial Secretary Smuts introduced the Asiatic ordinance bill, expressing his belief that the entire white population of the Transvaal was in favor of it.

The bill was at once passed and sent to the upper house, with the urgent request that it be passed forthwith. The upper house put off the discussion until to-morrow.

The temper of the new assembly is good, considering most of the members were active enemies during the late war.

**FRANCE OUSTS RICH ALIENS**

Income Tax Bill Drives Foreigners From the Country.

Paris, March 21.—Fear that the income tax bill will be passed is driving foreigners who have big incomes derived from abroad out of France.

The parliamentary commission has adopted an amendment fixing a tax on foreign residents not engaged in business in France, at the uniform rate of ten per cent, on the house or lodgings they occupy.

**PUBLIC OWNERSHIP LEAGUE.**

To-night in Dingman's Hall, Riverdale, a meeting of the Public Ownership League will be held to organize a branch for that section of the city.

## HARD LUCK TALE TOLD BY NEW CITIZEN

**Five Weeks Out From England, Where He Left a Wife and Five Children, Pilgrim Worked a Month to Be "Fired" Unpaid.**

A pilgrim drifted into The World office last night and sidled up to the city editor's desk.

"Can you give me a job?" he asked. "What can you do?" the city editor wanted to know.

"Anything I'm told."

He was "down to his uppers" literally. His shoes were travel worn; his hat was a battered summer felt; you wouldn't see this sort of a horse blanket; under that coat was a vest, and under that a light shirt, collarless, unshaven, grimy, apparently a typical hand-pander, he "wanted" a job.

He wanted a job so desperately that he tramped from Collingwood right and day over broken spring roads to Toronto to get one. Why? He has a wife and five children back in the old country.

Edward John Lewis left his family in Bolton, Lancashire, to come to the new world to get a job. He landed from the steamship Lake Champlain at Halifax five weeks ago.

He came to Toronto, and outside the Union Station was stopped by a farmer, who wanted to know if he wanted "a job."

"Did he?" What did he come to Canada for, to look to starve, wife and little ones waiting back home for him to make "this pile"?

"I'll give you board and lodgings for one month. If you suit me, I'll give you a dollar a month," so Edward went to work. He understood the farmer to offer.

"I wanted a job," said Lewis last night. "I spent nearly \$5 for my passage, and I'm out of money. I had, so I said, 'I'll go with you, mate.' He took me out to his place, near Collingwood, and by evening, seemed to be going all right until Sunday. Then he told me 'I wouldn't do.'"

That was toward evening. The farmer didn't give any more money, and Lewis started for Toronto adrift to get a job.

He walked fourteen miles before he found anyone who was willing to give him shelter for the night. He started out in the morning, and walked twenty-four miles. A truck-walker gave him 50 cents and shared his lunch with him, and that night, without a still hungry, he slept in a "hedge" house.

He started out again Tuesday, riding part of the way to Brampton on a hay wagon. He reached Toronto yesterday afternoon about 5:30 o'clock, penniless, hungry, without any place to sleep.

"Wants Work of Any Kind," Lewis started for Toronto adrift to get a job.

He tried to get a job at anything. He applied to one charitable institution after another and was turned away on the plea that "We have all we can do to look after our own."

Someone told him to come to The World office. Well, he's coming back with this money. He was taken care of for the night.

What's the significance? That pilgrim Edward John Lewis—is a NEW CITIZEN. He came to Canada, the vaunted land of opportunity, to exercise his right to earn his living, and he was denied at home by industrial conditions not of his making.

He paid his own way with his own savings to get here. He was willing to work at anything. He wanted a chance. And such a chance he got! A farmer was willing to board him, pay and look after him for a month for his entire time and labor. He may not have been worth it! The meanest sort of a man surely is worth at least a margin over a mere living, as long as he's honest.

REGULAR TROOPS ACCUSED OF LOOTING THE DRILL HALL

Alderman Nicholson Charges Soldiers With Taking Everything in Sight During Strike.

Hamilton, March 21.—(Special.)—At the meeting of the Finance Commission this evening, Ald. Nicholson charged that the regular troops quartered in the city during the street car troubles stole everything in the drill hall they could lay their hands on.

Because the regulars were quartered in their part of the drill hall, the 15th Regiment applied for a bigger grant than that of the 10th. Before making grants to any of the local regiments the aldermen want an explanation of what is to be done with the money.

LELIEUX BILL PLEASES BOTH SIDES IN SENATE

Senator Ferguson Thinks Findings of Arbitrators Should Be Accepted by Parties to Dispute.

Ottawa, March 21.—(Special.)—In the senate to-day, upon the second reading of the Lelieux Labor Disputes Bill, Mr. Scott explained that the measure was drawn with the single idea of promoting peace in industrial Canada, while avoiding injustice to any individual or class.

Senator Mackenzie Bowell said he had followed in the press the comments of the senator who had introduced the bill, and he had come to the conclusion that it must be a pretty good bill.

Senator Ferguson would have been glad if the senate had given more time before being asked to give second reading to so important a bill.

ARE CONTRACTS SACRED? Mr. W. R. Brock is the last man in Toronto who should lecture the public on the sacredness of contract.

He is president of the Toronto Electric Light Co. and was president of it at the time that the directors of that company employed Mr. Lash for the express purpose of drafting an arrangement by which the then Incandescent Company and the Toronto Company could consolidate, tho they had expressly and solemnly agreed with the city not to do so.

It is acts like that that make for public ownership.

OUR WELCOME BUREAU. This year promises to bring the high water mark of Canadian immigration, but let as many come as they may, there is room and to spare for them many times over.

Yet the comfortable assimilation of these seekers after fortune is not always or altogether an easy task, if they are to be introduced into their new environment under circumstances which will create favorable first impressions.

A stranger in a strange land, even if it be a land of promise, feels the need of reliable information and advice and is quick to respond to the accents of friendliness. It certainly is a trying moment for incomers when they find themselves in an unfamiliar city, among novel surroundings and possibly with no very clear idea of what they want in the way of employment, and still less notion of where to look for it.

To these and such as these no boon could be greater than a handy and convenient bureau where could be found in convenient form not only all the local information they require, but what is still more valuable, a kindly reception and personal interest in their welfare.

With the object of supplying a bureau of this description The World, as will be seen from the notice in another column, has resolved to establish an office available for all newcomers who find their way to Toronto. Needless to say it will be absolutely free and without restriction of any kind and will be organized on lines calculated to assist immigrants in obtaining employment and in bringing them into touch with employers in the city. Steps will also be taken to have readily available information of every sort likely to be of service to strangers, who will be made cordially welcome and aided in every possible way.

A newspaper office possesses evident advantages for the work of an information department and The World trusts it may bring considerable and lasting benefit in its train. The Dominion immigration department rightly or wrongly is credited with guiding the flow of immigrants past Ontario to the great west. A Welcome Bureau in Toronto may succeed to some extent in checking this diversion and in any event cannot but prove of benefit to our friends from abroad. The World commends its new departure to merchants, manufacturers and other employers of labor and trusts it may receive the support necessary to success.

NO SPECIAL PRIVILEGES. The Tadocan Fishing Club's application for 11,000 acres of land in Muskoka at thirty cents an acre, should be turned down with a rapidity that will convey to the gentlemen forming the club that this is a free and democratic country. To plead that it will preserve the fish and protect the game in this property is no argument in its favor, but rather a plea against it, because such preservation and protection will only benefit the club members. Any grant of special concessions to privileged persons is distasteful to the majority of the people of this province, and it is one and for all will impress upon the province is antagonistic to the sign "No Trespassers allowed." The new and game committee of the legislature and the fish and game commission of the province and the people of the province may be trusted to preserve the fish and protect the game in Muskoka without the aid of an exclusive undemocratic organization.

MILBURN'S HEART and NERVE PILLS

For Weak People Having Heart or Nerve Troubles.

SYMPTOMS. Palpitation of the Heart, Irregular or Skipped Beats, Dizzy Spells, Smothering Feeling, Shortness of Breath, Bluish Color of the Lips, Pain in the Region of the Heart, Thin Watery Blood, Cold Hands and Feet, Nervousness, Sleeplessness, etc.

If you have any of these symptoms MILBURN'S HEART AND NERVE PILLS will bring the whole system into healthy action, and give power, force and vigor to every organ of the body thereby strengthening the weak heart and unsteady nerves.

Mrs. Harmon Dayball, Welling, Ont., writes: "I write to let you know what good Milburn's Heart and Nerve Pills have done for me."

"For over three years I suffered with pains under my left breast and my nerves were completely unsteady. I purchased two boxes of your pills and before I had the first box finished I felt much better and now I am cured."

Price 60 cents per box or three boxes for \$1.25 as all dealers will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

most impossible. There can be no successful assertion of popular rights without purity at the ballot box, and the first great step towards protecting the rights of the people by national and state power from wrongs at the hands of the transportation companies must be the elimination of the use of money in political contests.

Gov. Hoke Smith's indictment is as true in Canada as in the United States. Here, too, the people are carrying the load of millions of watered stocks and the increased earning power of the public services is going to pay dividends upon the "water" instead of being available for the improvement of the roads and the cheapening of rates and fares.

Here, too, corporation contributions are given to promote the election of men whom they desire in office. It is for the people themselves to assert and enforce recognition of the public obligations which franchise-holding companies have undertaken by virtue of their special privileges, and to insist upon their right to a free and pure ballot-box. Governments and public men everywhere are keenly alert to the attitude of the citizens towards these and other cognate issues. If the people show themselves determined to have a square deal their representatives will be keyed up to do their duty towards the constituents whose representatives they are supposed to make their first care.

VIEW FROM THE WEST. Calgary Eyes-Opener: What a show-up Frank Oliver could make by bringing up his job in disgust and quitting the party, explaining his reasons for doing so. Were he to make a plunge of this nature he could start up a new party to-morrow with two-thirds of the country at his back. A large bulk of the conservative party throughout the country would follow through the country, and a man like Oliver and his job would be a people's party.

Of course the above suggestion regarding Oliver is an obvious absurdity, but who else is there to step forth and lead such a party?

There is one man, and one man only—W. F. MACLEOD.

W. F. Macleod is nominally a Conservative, but he is really a man who has a machine Conservative, preferring to strike out for himself and accomplish what he desires, and a favorite with his own party. Bill works tooth and nail for the common, ordinary people of the country all the time, morning, noon and night, and he is a member of the house and an editor of the Toronto World. He does not occupy the time of the house merely for the purpose of trying to discredit and overthrow the government. His specialty is the bringing forward of improvement of existing conditions for the benefit of the people, and he is sticking to it until he gets it passed through the house. Surely here is a constructive statesman working under difficulties.

No member of the house of commons has claimed during the present and last few sessions more attention from the members of Canada than the active member of the house of commons, W. F. Macleod. He has heretofore been frowned down by his own party, and he has received little or no encouragement from either side of the house. Apparently, members of parliament are awakening to the fact that the old system of ins and outs is falling into disrepute in Canada. We are quite sure in stating that if the Conservatives come into power to-morrow there would be practically no change in the conduct of the government of Canada.

Mr. Macleod has given the party eye. If we had a house of commons composed of men like him we would find that house dealing with the interest of the public generally with such great questions as public ownership and the proper and effective control of corporations, especially railway corporations. Macleod's efforts differ from those of any other member of the house of commons in that he does not seek to obtain party advantages for the Conservative party, to which he belongs, but in the interest of his constituents and the public generally.

Stock Sold at Auction. The two stocks of Silora, were yesterday offered for sale at Suckling's auction. The Silora stock sold for 70 cents on the dollar, but the Silora merston stock did not reach in bids the price of the reserve, so that it will be sold either privately or by a further offering by auction.

Palm Sunday Service. Palm Sunday services at St. Luke's Church will have extraordinary interest. The palms after "Benediction" will be used to decorate the altar and chancel and will be carried in procession.

FISH ASSERTS ROOSEVELT DIDN'T UPSET THE MARKET

Former President of the Illinois Central Says Hepburn Bill is Hurting Stocks.

Philadelphia, March 21.—Stuyvesant Fish of New York, until recently president of the Illinois Central Railroad, delivered an address to-day before the students of the Wharton School of Finance of the University of Pennsylvania. In the course of his remarks Mr. Fish asserted that the fact that the investigation of the railroad conditions, of the country had no more to do with the recent decline in railroad stocks in Wall Street than you or I had.

"It is quite true that the investigation did unearth some bad conditions. That there have been rotten conditions in railroad circles is known to all those who have had to deal with the management of vast railroad interests. The result of these conditions is a greater or less extent until they are entirely corrected."

"It has been very much the fashion of late to blame President Roosevelt for what happens on the stock exchange, but I can assure you it is not right. The legislation he has dictated has been largely beneficial."

"The so-called Hepburn bill, if constitutional, is in my opinion economically sound, and has affected and will affect adversely the general commercial interests of the country more severely than the railroad interests."

HOSPITAL FOR SICK HORSES. Humane Society Will Take Care of Animals Unable to Work.

The Humane Society yesterday congratulated Staff Inspector Stephen Hanna on the interest he has taken in the objects of the society. A resolution was passed, congratulating Rev. Dr. Sweeney on being elevated to the Archdeaconry of York.

Practical measures are being taken to assist poor people who drive horses in the veterinary hospital. The idea is to loan well-kept animals during the period of treatment.

In future Staff Inspector Stephen will have plain clothes policemen to assist in locating cases with respect to neglected children and dumb animals.

J. J. Keelo and Mrs. S. G. Wood took an active part in the proceedings of the meeting.

BILOUS EVERY THREE DAYS! Biliana Cured Her.

Two long years of it! Bad stomach—worse liver—blood filled with noisens from decaying food—and a bilious attack every two or three days! That was the condition of Miss Nora Deane, of 235 West-street, Branford, Ont., before Biliana was tried. "Before I took Biliana," says Miss Deane, "the food I ate would never digest, and I was so weak that I could not walk. Before I used to have days of weakness when I could not get up. I am well and strong! I owe my health to Biliana."

Italy Swept by Hurricane. Rome, March 21.—A hurricane, which has caused serious damage, has swept over Italy. Several vessels are reported to have been wrecked.

Going to Calgary. J. H. Woods is shortly to become general manager of the Calgary Herald. He has bought a half interest in the paper. Mr. Woods lived in Western Canada for over ten years, and is well acquainted with western conditions.

NEW JOINT STOCK BILL READY FOR FINAL STAGE

Toronto City Bill to Be Taken Up This Morning and May Be Laid Over.

Hon. Mr. Hanna's bill respecting joint stock and other companies was reported in the legislature last night, and is now ready for its third reading. The provincial secretary ingeniously insisted the application of the Toronto Electric Light Co. for an increase of capital to illustrate the bearing of some of the new sections of the act, which had extended to companies operating public utilities. Nothing transpired, however, which could be held to throw light upon the intentions of the government with regard to the application.

"The Toronto City bill will be taken up by the private bills committee at 10 o'clock this morning. It is not probable that the expropriation clauses will be laid over for later consideration."

Succession Dues Exemption. In committee of the whole Hon. Mr. Macdonald carried two amendments to the bill to consolidate the Succession Duties Act. Requests to charitable and educational institutions are not now to be made, and the exemption will be extended to subscriptions for such purposes remaining unpaid at the subscriber's death and paid out of his estate.

It was also decided to make the bill exempt from duty insurance not exceeding \$100,000, and to extend the exemption to other insurances, and convenience persons of small means. Preferred beneficiaries include husbands, wives, parents, children, sons and daughters-in-law and legal descendants.

In reply to Duncan Ross as to the intentions of the government in regard to the Dairy School at Strathroy, Hon. Nelson Monteth stated it was the intention of the government to consolidate the two dairy schools in the western part of the province, and after this year to carry on all instruction at the Central Dairy School at Strathroy. Nothing has been decided upon as to the disposal or future use of the building at Strathroy.

Consolidation of the Joint Stock Companies Act was again proceeded with in committee of the whole. Responsibility for a promoter for misstatements issued in a prospectus was discussed and led to an amendment which would exempt him when the promoter is acting solely in a professional capacity and without personal share in the company. His status would be similar to that of a lawyer pleading a cause.

Hugh Clark enquired what was in the bill to prevent the evil of over-capitalization. It caused more trouble than anything else in company methods. He suggested that the number of shares in a company should be limited, their value varying with the amount of the company's capital.

Everything that could be thought of in the way of precaution, said Mr. Hanna, had been done in connection with companies operating municipal franchises. The province was responsible and had the power in such cases, whereas the Dominion had joint jurisdiction in the case of mining and manufacturing corporations. To impose too strict terms upon these companies would drive them to Ottawa, and incidentally, deprive the province of revenue.

Hon. Mr. Graham also favored limiting the number of shares. Regardless of the Dominion, the province should declare itself against over-capitalization. Other parliaments would be compelled to follow the lead. Closer scrutiny might be exercised over applications for increase of capital.

Every twelve of the act, dealing with companies operating municipal franchises and public utilities, which is very largely the matter of the bill, Mr. Hanna differed from the first draft of the bill. Sir William R. Meredith and Mr. Justice Anglin had given special attention to the clauses and unless particular reason could be shown, he would be very slow to change it. Mr. Hanna mentioned this in replying to Mr. McDougall, who objected that he considered might be the possible object of section 157, which reads: "The lieutenant-governor in council may direct the issue of letters patent in terms and conditions different from those applied for by the applicant."

Mr. Hanna took the Electric Light Co. as a present example of the necessity of new clauses. They asked for \$1,000,000 increase of capital when their stock was selling at 160. They imposed upon them as to how to sell their stock. Why should not the lieutenant-governor in council be in the same position as the house to act in such a matter? he asked.

Mr. McDougall thought there was a difference between original applications and extensions. People now had the right to withdraw their bill. Making application under the act they would be absolutely in the hands of the office.

"So they should," replied Mr. Hanna. "Here we are dealing all the time with public utilities. There might be cases where applications should not be withdrawn. Companies had the plan and the charter. The public service demanded extension."

The company wanted it, he would assent, but they would not consent to the terms proposed.

"Should they have the right to issue stock at a premium, or say they would 'play'?" asked the provincial secretary.

Mr. McDougall held to it that the almost annual applications to increase in terms.

Mr. Hanna thought the department would increase judgment and the company could withdraw if dissatisfied.

The bill was finally reported and referred for third reading to-day.

Hon. Mr. Graham asked for some returns that had been promised, and Hon. Mr. Hanna undertook to hurry them.

W. K. McNaught will introduce a bill respecting investments by trustees.

C. P. R. Easter Rates. Return tickets will be on sale at one-way fare at an C.P.R. offices, good going March 23, 24, 25, 26, 27, 28, 29, 30, 31, returning until and on April 2. Hit With an Ax. Edward Lee, a farmer and general

jobber, carrying on business in the Township of Somerville, County Victoria, got into a dispute with his neighbor, Isaac Sprung, over the boundary line between their properties. Sprung, it is alleged, hit Lee on the head with an ax, inflicting a serious wound. Lee thereupon brought an action for damages, claiming \$10,000, and yesterday asked Master-in-Chambers Cartwright to change the place of trial from Lindsay to Peterboro. The master refused the application.

WORK FOR OUR LEGISLATORS. Editor World: Thru the columns of your paper I wish to call the attention of the public to the very great necessity of better inspection laws and to one of the frauds that is being perpetrated on them every day, and evidently sanctioned by the present laws. A Toronto firm is marketing a brand of canned beef from which the juices are extracted previous to canning. The juices are used for the fluid beef trade. The beef is then canned, and the canners guarantee that the juice is not extracted. This firm makes soup out of your brand it "chicken." These matters have been brought to the notice of the crown authorities, who, as yet, have not acted, presumably because of inadequate legislation. Commercial and social and physical progress is the aim of our best people, and now how much longer are these frauds and abuses to be tolerated at the hands of unscrupulous speculators? What attitude is your member of parliament taking towards the inspection bill now before the commons?

**Toronto Controller at Orange Grand Lodge Attacks Coughlin Appointment.**

Brockville, March 21.—(Special).—The Orange Grand Lodge resumed business to-day.

The report on correspondence concurred in the action of the grand master relative to the Ontario government's appointment of Dr. Coughlin.

Mr. Hocken, in discussing this matter, thought Premier Whitney had made a mistake. If the time ever came when Mr. Whitney's name was to be put forward for the office of premier, he would be sure to face and fall to do his duty, he continued the speaker.

He also advocated the distribution of good, sound literature to children, and said that with his thirty years' experience on the Whily papers of Canada he had some ideas on the subject. The press was being muzzled in regard to church affairs. The membership of the order in this jurisdiction was shown to have suffered greatly by the exodus to the west from the rural sections, but it was believed that the brethren were joining lodges elsewhere.

Legislation was passed providing for a special funeral benefit fund, and a strong resolution adopted requiring that the Union Jack be carried at the head of all public processions under the auspices of the order.

It was also agreed that no person be permitted to address an Orange meeting who is not a member.

Resolutions were adopted in relation to the N. Clarke Wallace memorial fund, and a similar amount to missions at various points in Quebec Province conquered by the Presbyterian, Baptist, Anglican and Methodist Churches.

**Uniform Members' Card.**  
 The Grand Lodge endorsed a recommendation to the Sovereign Lodge asking for the adoption of a uniform receipt of membership, which will be brethren to visit any primary lodge in America.

A committee of three, Lieut.-Col. Halliwell, D. Moore and T. B. Collins, was named to act with a committee from Western Ontario in respect to any changes made in the educational laws of this province.

A resolution of sympathy with the Orangemen and Protestants of Ireland in their fight against home rule was adopted, after which the following officers were elected for the ensuing term: Grand master, J. W. Boyce; Merit award, deputy grand master, James Berney, Kingston; junior deputy grand master, Lieut.-Col. John Hughes; clerk, Charles Chapman, Rev. R. H. Steacy, Bell's Crossing; grand treasurer, Robert Gordon, Tweed; grand secretary, F. M. Clark, Belleville; grand auditor, James White, Madoc; grand chaplain, Rev. W. C. Swanson, Oxford Mills; Rev. R. **PARLIAMENT KILLS BILL TO TUNNEL ENGLISH CHANNEL**

Premier Points Out That Necessity of Guarding the Tube Would Offset Advantages.

London, March 21.—The revived project of tunneling the English Channel, received its death blow, at least for a long time to come, by the announcement of the government's decision against the enterprise in parliament to-day.

Premier Campbell-Bannerman, in the house of commons, and the Earl of Crew, lord president of the council, in the house of lords, made identical announcements to this effect, which were echoed and approved by Mr. Balfour, the opposition leader in the lower house. It is understood the bill will be withdrawn.

"Even if the military dangers could be guarded against," said the premier, "there would be a feeling of insecurity, leading to constant demands for increased naval and military expenditure, and creating a feeling of alarm injurious to the country's commercial and political interests which would not be compensated by the advantages of the tunnel."

**BIG BILL FOR LOBBYING MEMBERS ASK DETAILS**

Opposition Members Refused Information on Account People Were Asked to Pay.

Ottawa, March 21.—(Special).—The house this afternoon resumed the debate on Mr. Barker's resolution respecting the missing vouchers of the G.T.P. for \$122,000, as brought out by examination before the public accounts committee, and Mr. Bennett (Simcoe) concluded with a strong arraignment of the methods of the Laurier government.

Mr. Pardee (West Lambton) defended the policy of suppression. So long as the G.T.P. received no money upon the vouchers it is nobody's business what they contained.

Mr. Ames (Conservative, Montreal) said that the question was most important. It dealt with a great national work. The government was a trustee of bonds of the G.T.P. It owed a duty to the British investors. This only required a government to see to it that proceeds of the sale of these bonds were applied exclusively to the cost of construction.

Mr. Shannon, the accountant in the railway department had performed a public service in refusing to approve the claim of \$122,000 presented by the railway company. The only reward that he received was to be promptly transferred to another field of action. He was overruled by his superiors in the railway department, and this account was apparently approved by the minister of justice. The railway department of justice received from its position, and the finance department refused to spend in Lobbying.

The claims included vast sums—many thousands of dollars paid in bulk at various times to Mr. Wainwright. The Wainwright could not, and would not, put on paper what he did with this money. He could not get or produce receipts from the men among whom this money was distributed. There was no doubt but that the money was spent in lobbying and it must have been very sinister lobbying, said Mr. Ames.

Was it strange that some members of this house were so anxious to prevent tracing that money from Mr. Wainwright to those who received it? For this reason, the government and the railway company joined to keep the details of that lobbying from coming to public notice. The government and the railway company joined to keep the details of that lobbying from coming to public notice.

Mr. Ames pointed out that \$300 was paid to Adolphe Caron and large sums to certain other members of parliament. The value of any legal service they might have rendered. Large sums were paid to Mr. Wainwright for "advertising," but no details were given or receipts produced in this connection.

**Witness Went to Europe.**  
 As so one item of \$50,000 Mr. Wainwright refused to say what he did with it. Mr. Ames more than intimated that it was spent in lobbying the G.T.P. bill through parliament. Mr. Walker of the G.T.P. had gone to Europe to avoid testifying before the public accounts committee.

Alex Johnston (Liberal, Cape Breton, N.S.), the Liberal whip, repeated the arguments of the public accounts committee was sufficiently occupied examining claims that were not paid, chasing after claims that were not paid. He moved an amendment to the effect that it was not the duty of the public accounts committee to enforce the production of testimony not relevant to the payment of public money.

Mr. Lennox (Simcoe) scored the government. He pointed out, amid cheers and laughter, that the government was not honest, and that the government was not honest, and that the government was not honest.

**ELECTRIC FURNACE PROGRESS**  
 Interesting Lecture by Saul Dushman at School of Science.

The fifth annual general meeting of the Society of Chemical Industry was held at the School of Practical Science and was attended by about 75 students of the school. The subject of the evening was "Recent Progress in Electric Furnaces." At the conclusion of the lecture the audience adjourned to the electro-chemical laboratory to witness the tapping of an electric furnace designed to produce iron from magnetite. The experiment was a complete success. Prof. W. R. Lang also read a paper on "Demonstration of the Benzine Nucleus."

**PRESERVATION OF LIFE OF MORE IMPORTANCE THAN ITS CREATION**

A number of college biologists are trying to rival Old Mother Nature by a system of experiments, which have for their purpose the creation of life. To the ordinary person this seems less important and far less useful than the effort to preserve life.

A noble army of practical scientists are now engaged in trying to wipe out the plague of consumption, and statistics show they are succeeding. In New York alone, the records show that the death rate from this disease has been reduced forty per cent. in twenty years.

The nature work of fresh air, good habits and nourishing food will do much. Colds should not be neglected, and the following simple formula, the ingredients of which can be assured from any good prescription druggist at small cost, and mixed in your own home, will usually relieve a cough, which is so wearing on the system.

Take a half ounce of Virgin Oil of Pine (Pure), two ounces of Glycerine and a half pint of good Whiskey; mix in a bottle and shake well before using. Use in teaspoonful doses every four hours. It is said that the mixture will break up an ordinary cold in twenty-four hours, and cure any cough of curable nature.

Care should be exercised to secure pure ingredients. Inset upon having Virgin Oil of Pine (Pure) in the original half-ounce vials, which druggists buy for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper, showing the name—Virgin Oil of Pine (Pure), prepared only by Leach Chemical Co., Windsor, Ont., plainly printed thereon. The oil sold in bulk and bottled and put out under similar name and style of package, are not only ineffective for the purpose, but are often dangerous. It is always well to remember that the object of an imitator is to deceive. There is no known substitute for Virgin Oil of Pine (Pure).

**ENTRANCE EXAMINATIONS NOT FAVORED BY BOARD**

Legislation Will Be Applied for to Leave Promotions in Hands of Principals.

The time of the board of education was last night largely taken up with a long discussion of a recommendation that legislation be procured to do away with the entrance examinations, and that the pupils be promoted by examination held in the public schools.

Trustee Parkin, Dr. Hunter and others favored the clause, the latter on the ground of the general health of the pupils, claiming that examinations incidental to the examinations was working injury to the children of to-day.

Miss Martin declared that she was not in favor of the clause, as she believed that the examinations were not harmful, that she had taken every degree that the university could give, but no harm could possibly come from the present system.

A motion to leave out the word "public" in the resolution was suggested. The motion was carried, and the result, if legislation is secured, will be to leave the matter in the hands of the principals.

 The sale of Niagara-street School and the enlargement of Manning-avenue were the subjects of a meeting of the school board of trustees to-night.

 Hyman scandal.  
 Later, there comes the case of the Hyman resignation. The country wants Mr. Hyman to resign. The Toronto post magazine has shown that the seat was won for him by a despicable and corrupt bargain between the workers of the two parties in the constituency. Mr. Hyman bows to public opinion far enough to attempt to resign. He writes his resignation in his own hand. He sends it to the speaker and backs it up with letters and telegrams. Yet the inquest over the resignation and decide that it is not binding; and so leave him in possession of his seat. What is proposed in parliament is that the house exercise its undoubted power to declare the resignation of Mr. Hyman to be void, and to pronounce the seat vacant. # BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflammatory affection of the bronchial tubes. The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it at once by the use of Dr. Wood's Norway Pine Syrup.

Mrs. S. Fidler, Linton, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little boy was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediately procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us." Price 25 cents at all dealers.

## EAST TORONTO TO-NIGHT PUBLIC OWNERSHIP LEAGUE

Meeting Will Be Held in Dingman's Hall to Organize Branch League.

Friends of public ownership in East Toronto are reminded of the meeting to-night in Dingman's Hall, corner East Queen-street and Broadview-avenue, for the purpose of organizing a branch league for that district and the selection of ten delegates to attend the convention to be called at a later date to organize a provincial league.

It is specially requested that all those who signed cards at the first meeting in Victoria Hall, signifying their sympathy for the movement and their desire for membership, and who live in that electoral district, be present in person or proxy, so that those in attendance may be guided in the selection of the delegates. It was thought well to limit the number to ten, but after the selection has been made from those in attendance other names of prominent people have been suggested who were not able to be present at the meeting.

The east end is taking a great interest in public ownership, and a good meeting is assured. Ald. J. W. Bengough and Ald. J. Wilson will be present to address the meeting.

Presentations. About 200 members of the Telephone Operators' Association, organized at the time of the strike, assembled in the Foresters' Temple last night to show their appreciation of the services rendered by J. W. Curry, K.C., their legal adviser, and James Simpson, the former vice-president of the association, who presented them with a diamond ring and the latter with a suit case, while the wives of those gentlemen were favored with beautiful bouquets of carnations. It is the intention of the operators to keep up their association.

## YORK COUNTY AND SUBURBS WILL BE ORANGE FUNERAL FOR EX-MAYOR ARMSTRONG

Ratepayers of Runnymede Decide to Separate From Swansea School Section.

Toronto Junction, March 21.—At their regular meeting last night L. O. L. 900 decided to attend the funeral of the late brother, ex-Mayor Armstrong, and hold an Orange funeral service at the grave on Saturday afternoon.

Between 40 and 45 ratepayers of the Runnymede Division of School Section 22 met in the Elizabeth School Section last night to discuss separation from the Swansea Section and form a separate school section. The chair was occupied by Samuel Clouston and H. Durrant acted as secretary. After considerable discussion, a resolution to separate from Swansea was carried by over a two-thirds vote.

A great deal of satisfaction was expressed this afternoon when the news was received that the legislature's private bills committee favored the town's bill enabling the town to borrow \$10,000 to put a permanent pavement on Dundas-street.

Peters Bros. of Midland have taken over the business of the Consumers' Coal Co. Mr. J. E. Weatherill will be the manager.

East Toronto. The efforts of a number of musically inclined citizens have at last been crowned with success and an organization, known as the East Toronto Choral Society, has been formed, with the following officers: Patrons, Mrs. W. E. H. Massey; patrons, Dr. A. S. Vogt, M. J. Lowden, Rev. W. L. Baynes-Reed, Levi Amis, T. Hamer, W. H. Snell; hon. president, A. E. Ames; president, J. E. Zelman; first vice-president, Rev. T. H. Rogers; second vice-president, James Horace Hanly; secretary, J. Stephen; treasurer, L. W. French; committee, Messrs. Baker, Hanson, Wilson, Bessy, Drummond and Boston; accompanist, Miss Elizabeth Westlake.

W. R. Young, a talented young musician, and a graduate of the Toronto Conservatory of Music, has been engaged as conductor, and \$100 has already been contributed toward the expense of this undertaking. The question of the extension of the street railway over the G. T. R. bridge will come up at the council meeting on Monday night.

About \$2000 will be required to complete the East Toronto High School, making altogether an extra appropriation of \$3400.

The freight blockade which existed for some time in the York yards has been raised and everything is moving freely.

North Toronto. A pretty wedding was solemnized at the parsonage of the Eglington Methodist Church on Wednesday evening, at which Rev. N. Westwood officiated. The contracting parties were Miss Louise, youngest daughter of Mr. and Mrs. John Stander of the Davyville Hotel, and William I. Lavelle of the T. Eaton Company. The bride was gowned in a grey traveling suit and carried a bouquet of white and pink roses. Miss Floss Wainley acted as bridesmaid, and Fred Phillips of Toronto assisted the groom. Hugh Dehany played the Wedding March. After the ceremony a reception was held at the bride's home, and about eighty guests sat down to supper. Amongst the many useful presents was a dinner set from the groom's fellow employees of the T. Eaton Company. Mr. and Mrs. Lavelle will reside in Davyville.

Mr. McClelland, a motorman on the Gen. Grove division of the Metropolitan Railway system, while on duty Wednesday afternoon, had a fainting spell and fell out of the vestibule of his car. The wheels of the car ran over his right hand. He was conveyed to St. Michael's Hospital, where it was found necessary to amputate three fingers.

Robert Harrison, constable at the Station, will move to Eglington on April 1 and occupy Mrs. Henderson's house. Mrs. Bayly of West Eglington-avenue is confined to bed with sciatica.

Deer Park. Confirmation was administered in Christ Church on Wednesday evening by His Grace the Archbishop of Toronto. Nineteen candidates presented themselves—eleven males and eight females. The archbishop was assisted by the rector, Rev. T. W. Paterson.

Bracondale. Warrmouth Lodge, S.O.E., defeated York Lodge, S.O.E., on Wednesday evening last in a game of carpet ball and cribbage. The victors are open for another challenge.

The Young Men's Club were entertained by Mr. and Mrs. Craig at their residence, St. Clair-avenue on Thursday evening.

Wychwood. The Wychwood Ratepayers' Association will hold a mass meeting to-night at the Hillcrest School to formulate plans to present to the township council for the improvement of roads, culverts, sidewalks, street sprinkling, garbage removal, sanitary improvements, water and sewage systems.

On Tuesday evening next a birthday party will be held in the Church of Christ, under the auspices of the Ladies' Aid Society. Each lady is supposed to donate one cent for each year of her life. It is safe to say that none over 18 years old will attend.

W. A. Douglas will give a lecture on "Men We Meet" in the Wychwood Presbyterian Church on Monday evening. Mrs. Hare has been employed preparing the foundation for building of two stores on Bathurst-street.

Mimico. The congregation of the Presbyterian Church intend holding their annual entertainment on Tuesday next. The program will be given by the choir of College-street Presbyterian Church. The Star Lacrosse Club will hold their eleventh annual concert in the Public School Hall on April 6.

## BEFORE-EASTER BUYERS

There's going to be a lot of picking over of Spring Coats and Suits next week. It might be a good idea to get in an early visit to our Ladies' Department to-day or Saturday.

LADIES' COATS. We are very in the matter of our display of new Spring Coats. We have full freedom of the smartest materials and highest quality shown in the great American style centers, New York, and have chosen what we know would suit our customers. Long, loose, light-fitting; short, loose and hip-length, tight-fitting. There's nothing new in coats we cannot show you, and we will be glad to show you, too.

LADIES' SUITS. The little art in our new season's styles in Ladies' Spring Suits distinguishes them from anything else seen in the city. We invite comparison.

This is the best time—now—for the buyer.

## THE TORONTO WORLD

Engineer C. B. Smith Suggests Tunnel to Divert Railway Traffic Down Don.

## CITY HALL TO-DAY

3 p.m.—Board of control.

The building of a tunnel at a cost of about \$1,500,000 from a point two miles east of Victoria Park to Little Don Valley, 1 1/2 miles distant, as a means of preventing the invasion of East Toronto property, was the proposition in a letter by Engineer Cecil B. Smith laid before the board of control yesterday. The communication was as follows:

"Referring to the report made by Mr. Rust and myself on eastern end of the Don Valley, I desire to call your attention to a possibility to which I had given some thought, but to which the report did not refer, owing to the increased expenditure which the adoption of the idea would involve. "The construction of the G.T.R. proposed route as filed by that company from Port Union along the lake shore to a point about two miles east of Victoria Park, would reach a point about 1 1/2 miles distant from a point in the Don Valley. The construction of a double track tunnel of this length would enable the G.T.R. to obtain a low grade route into the city via the Little Don and Don Rivers. The length of this route would be 18 1/4 miles from Port Union to the Union Station as compared with the present distance of 16 4/10 miles and the cost of such a route would probably be in excess of other routes by the amount necessary to construct the tunnel. It is somewhat difficult to estimate accurately the cost of this tunnel, but it would be somewhat in the neighborhood of 1 1/2 million dollars.

To Save East Toronto. "The particular advantage of this adjustment of routes from the city point of view would be to avoid the intrusion of any additional lines in East Toronto and to concentrate the traffic down the Don River.

"If this route were adopted, the only traffic remaining on the present G. T. R. line would be from the Midland Railway, and this route even could be changed by extending the line from the crossing of Gerrard-street westward to the Don Valley, bringing all the tracks to the waterfront by this route.

"It must be remembered, however, that such an adjustment of routes means increased distance and cost and the introduction of sharp curvature at various points in the Don Valley, which would be very serious from a railway operating point of view, considering the present weight and speed of passenger trains.

The matter was not discussed, but will be taken up by the board within a few days.

Will Consider Offer. The offer of the Stark Telephone, Light, Heat and Power Co. of Toronto Junction to supply a phone service for the city will be dug up from the 1905 archives.

On Ald. Bengough's motion coming up for consideration, it was the application by the company of two years ago be brought forward for consideration, and there was no demurrer.

North Toronto gives us in the neck all the time," was Controller Hubbard's comment on the notification from County Registrar Peter Ryan, asking for \$122.50 for the making over of 1342 parcels of land covering 12,225 folios at the regulation rate of 10c per folio. The communication was referred to the city solicitor.

It is very hard for a poor man to get anything without complaint was the plaint contained in a letter from J. J. Turner, an employee of the waterworks department. He explained that he had been absent from work for seven weeks through illness, and had only received pay for four weeks.

The again was the upward question raised of how far the city should recognize the disability of employees. The letter was sent on to Mr. Rust.

Paymen Traced Down. The park commissioner's plan of a \$100,000 pavilion for Allan Gardens was given a setback by the board.

Controller Hubbard's view was that the old pavilion had not been an unqualified success, and he asserted that any new structure built should be made to accommodate at least 5000 people; whereas the one planned only provided for 1700.

The city engineer reported in favor of putting the game of bridge and Co. of \$3565 for the new million gallon pumping engine for the island pumping station and \$1850 for the boiler in connection. This was approved.

The lone tender for firemen's headgear was J. A. Borden, who was recommended for acceptance by Chief Thompson. The offer was to supply straw hats at \$1.25, peak caps at \$1.75 and fur caps at \$7 each. It was agreed to accept the tender.

It is understood that the application of the C.P.R. to be allowed to lay tracks along Front-street from Beach-street to Jarvis-street is not favored by the Grand Trunk, which will unite with the city in opposing the request before the railway commission.

A civic reception will be given by Robert Craven, ex-lord provost of Edinburgh, on the afternoon of Thursday, April 4, in the council chamber. Mr. Craven is on a tour of Canada to investigate the workings of municipal machinery.

Executive Manager Orr is making a move this year that will prove popular with the public. The price for restaurant concessions is to be increased this year. Among those in line for the larger pay envelope are Arthur Frankland, \$1600 to \$1800; A. H. Birmingham, \$1600 to \$1800; and W. G. Farley, \$1400 to \$1600.

A protest against the striking out of the clause requiring municipal consent to the use of the highways by the Manitoba road railway was provided by the bill before the senate.
