IN ELECTRIC BY. COBOURG TO TORONTO

Oshawa Capitalists Will Finance Road That Will Give Lake Towns Much-Wanted Facilities.

OSHAWA, Oct. 19.—(Special.)—An announcement is made today that the three towns of Oshawa, Whitby and Bowmanville are after all to secure the railway accommodation denied them by the Canadian Northern.

Nicaragua's Revolt Serious

Rebel Leader Has Control of Atlantic Coast and is Winning His Way to the Interior.

REBEL LEADER HAS CONTROL OF ATLANTIC COAST AND IS WINNING HIS WAY TO THE INTERIOR. BLUEFIELD, Nicaragua, Oct. 18.—General W. Lockhart, rebel leader who proclaimed himself provisional president of Nicaragua, returned to this city today after having established outposts to the north of Rama, and sent a detachment of 600 of his best men to meet the expected approach of the government forces.

COAL COMPANY OPERATING IN N.S.?

Cumberland and Dominion Coal Co. Agents Are on Trial at Halifax for Alleged Conspiracy.

HALIFAX, N.S., Oct. 19.—(Special.)—Many of the officers and general managers of the various coal companies throughout the province attended the preliminary examination in the police court today before Magistrate Fielding of J. R. Cowler, general manager of the Cumberland Railway and Coal Company, and Alex. Dick, general sales agent of the Dominion Coal Company.

WILL TAKE EXTRA PRECAUTIONS.

MRS. CON. PARTY (holding a light): Now, be very careful of the eggs this time, Robert

TARIFF MADE AN OBSTACLE TO EXECUTION OF FERRER MONARCHY'S DEATH KNEEL

CHICAGO, Oct. 18.—President Taft apparently was led into a serious blunder in the closing sessions of the print paper schedule according to an open letter recently addressed to the President by Herman Ridder, president of the American Newspaper Publishers' Association, and made public today.

FORGERIES OF \$325,000

But Massachusetts Town May Not Lose by Them.

DINING CAR SERVICE

Will Be Inaugurated on T.N.O. Up and Down Trains.

SMOKE, CONVICTS MAINTAIN ORDER AT JAIL

Gov. Chambers Says Present Rule is Unnecessary Deprivation—Opening of Conference of Charities at Normal School.

A smoking room will be added to the jail if the suggestion put forward by Governor Chambers at the afternoon session of the annual Canadian conference of Charities and Correction at the Normal School yesterday is adopted.

DR. S. B. POLLARD GUILTY OF AN ILLEGAL PRACTICE

For Second Time Jury Convicts Physician—Disagreement in Tinsley Case.

TREATMENT OF CRIME

Major H. J. Snelgrove of Cobourg declared that criminal proceedings ought to be made to harmonize with the humanitarian-utopian spirit of the times.

SAYS BLAKE'S DOCTRINE IS A 'SILLY CREDULITY'

Rev. Dr. Henderson Would Rather Be Geo. Jackson Than Author of Pamphlet.

OTTAWA, Oct. 19.—(Special.)—"I don't agree with Rev. George Jackson, and I don't agree with Rev. Dr. Rose altogether, but I would rather be in the position of either of them than in the position of the third man who is assailing them in the pamphlet, which is being circulated from sea to sea."

RUSSIA TO OCCUPY FINLAND

Unless Treasury Grants Assistance Towards National Defence.

WASHINGTON, D.C., Oct. 19.—It is not clear how the United States can avoid enforcing the maximum tariff against Germany, against France, and against Canada, provided those countries between now and March do not make concessions to this country in some particulars.

WASHINGTON, D.C., Oct. 19.—(Special.)—There appears to be little doubt here in legal circles that Sir Louis Amable Jetté, ex-Lieutenant-governor of the Province of Quebec, and lately appointed to the superior court bench of Quebec district, will be brought to Montreal and given the chief justiceship, replacing the late Sir Henry Taschereau.

POLITICS, SAYS RUSSELL

Says Ontario Officials Fell Out Over Neglect of Duty.

CLEVELAND, O., Oct. 19.—(Special.)—Russell of Ohio, acted in good faith as an agent, and that politics is behind his prosecution by the Ontario Government is the basis of defense outlined by the two brothers of the promoter this afternoon. The Ontario authorities want him extradited to stand charges of alleged fraud in connection with Cobalt mining notations.

KING PLEASED TO OFFICIATE

Will Press Button That Opens Doors in Montreal.

LONDON, Oct. 19.—(C. A. P.)—The King is greatly interested in the arrangements for opening the Montreal Tuberculosis Institute on Thursday. Never before has such a ceremony been performed under such novel circumstances. It will be quite private, probably the only witness being the King, who will be a Mr. and Mrs. James, whom the King has invited to be present.

FIRE WAGON HIT CAR

One of Montreal Force Will Die—Two Others Badly Hurt.

MONTREAL, Oct. 19.—(Special.)—Robert Stearns, a member of the Montreal fire department, injured so badly that he will die, with Fiemann Marcoux and Brund, badly hurt, and three passengers shaken up, constituted the effects of a collision this evening between a Notre Dame street car and a salvage wagon being driven to a small fire at 100 St. Francois Xavier street, just before midnight.

JETTE TO BE CHIEF JUSTICE

MONTREAL, Oct. 19.—(Special.)—There appears to be little doubt here in legal circles that Sir Louis Amable Jetté, ex-Lieutenant-governor of the Province of Quebec, and lately appointed to the superior court bench of Quebec district, will be brought to Montreal and given the chief justiceship, replacing the late Sir Henry Taschereau.

That's What Newspaper Publishers Assert, and Say That Trade Has Been Precipitated.

CHICAGO, Oct. 18.—President Taft apparently was led into a serious blunder in the closing sessions of the print paper schedule according to an open letter recently addressed to the President by Herman Ridder, president of the American Newspaper Publishers' Association, and made public today.

FORGERIES OF \$325,000

The Toronto World

Twentieth Century Martyr

Seriously concerned as the Spanish government is over the volume of emigration...

Very little hesitancy can be felt in regarding the stupendous blunder of the Spanish authorities...

Clericalism to-day is not necessarily synonymous with Catholicism...

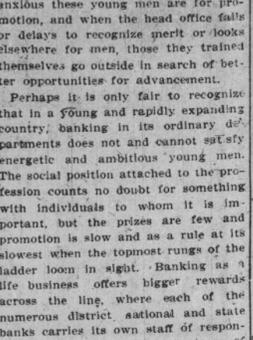

Prussian Forestry System. About a century ago Prussia became alive to the fact that her forest resources had been extensively depleted...

Had the forests of the United States been properly cultivated, that country, without affecting that part of its area suitable for agriculture...

Under Prussian government system the proper percentages of trees of all ages are always maintained...

Her Death Was Hourly Expected

ENTERPRISE, Ont., Oct. 1, 1908.—For seven years I suffered with what physicians called a "Water Tumor."

MRS. JAMES FENWICK.

"My cure seemed hopeless, and my friends hourly expected my death. I was so bad that I wanted to die, and it was during one of these very bad spells that a family friend brought a box of Fruit-a-tives to the house."

Before the case of Switzer v. Switzer, 13 O. W. R. 49. The defendant is not in my view entitled to more particulars and the motion is dismissed with costs in the cause.

Gamble, K.C., for plaintiff, contra. Motion dismissed with costs of the application to plaintiff in the appeal.

ALLIANCE NOT TO BLAME

Did Not Prevent Milk Delivery to Hospital on Sunday.

Rev. W. G. Hanna, secretary of the Lord's Day Alliance, writes The World to correct a wrong impression conveyed by an item in the press that the alliance had prevented the delivery of milk to Cobalt Hospital on a Sunday recently.

The Cobalt Nugget of recent date states: "The whole hitch over getting our milk delivered on Sunday rested with the express company."

Dr. A. E. Munro, the president of the Cobalt branch, who is much interested in the hospital there, states: "There was no meeting nor any deliberation of the officers of the branch, nor did we ever know of the matter till the report appeared in the papers."

Dr. A. E. Munro, the president of the Cobalt branch, who is much interested in the hospital there, states: "There was no meeting nor any deliberation of the officers of the branch, nor did we ever know of the matter till the report appeared in the papers."

ACCUSED OF ARSON. PICTON, Oct. 19.—Wesley Palmer was arrested here to-day by High Constable F. E. Jackson and Provincial Detective Reburn on suspicion of having set fire to the barn of S. Shammie, an Armenian, living a few miles from here. Palmer has only been released a few days from serving a month's term in jail for stealing chickens from Shammie.

King v. Van Norman.—W. E. Raney, K.C., for defendant, in the matter of a conviction for violation of by-law No. 728 of the county of Grey, moved for leave to appeal from the order of Giddell, J., of 1st October, refusing to quash conviction and for extension of time to appeal. Crimes of the Congo

In this third installment of Mr. A. Doyle's exciting book, "The Crimes of the Congo," Dr. Doyle continues the tale of horrors he began in the second installment...

BY SIR A. CONAN DOYLE.

The array of evidence of cruelty against King Leopold of Belgium forms a gallery of horrors.

Added to the testimony already given is that of the Rev. Jos. Charles of the American mission in the Congo...

"If you do not come soon and stop the present trouble," Clark wrote to Commissioner Flever in 1907...

"The soldiers are themselves savages, some even cannibals, trained to use rifles and in many cases they are sent away with the trophies they have won...

"Imagine them returning from fighting some rebels; see, on the bow of the canoe is a pole and a bundle of something on it—these are the hands of six dead whites they have slain."

"The exploitation of the rubber vines of this district was undertaken barely three years ago by M. Flever, the Belgian consul at Leopoldville."

"With this development of general order is combined an inevitable amelioration in the native condition of life wherever he comes into contact with the European element."

"To show the conditions in 1907 let me give the statement of one of the English missionaries, who made an investigation among the villages in the special district owned by King Leopold."

"As I saw it I brought in each man had a basket containing six or seven pounds of rubber. This was emptied into a larger basket and weighed, and being found sufficient, each man received a small tin of soap and to some of the head men a fathom of calico."

"The agent on the Buzura, with 150 guns, got only 10 tons of rubber a month and a small quantity of ivory."

"So, you count by guns? I asked him. 'Surely,' he said. 'Each time the corporal goes out to get rubber, cartridges are given him. He has to bring back all that he uses. For every one used he must bring back a hand.'"

"The witness told me that sometimes they shot a cartridge at an animal and from the living man. He told me that they had used 6000 cartridges in six months, which means that 6000 people were killed or mutilated."

TO-MORROW, in the concluding installment of Dr. Doyle's book, he will tell of the heroism of a man in the Congo by Belgium.

Mrs. Turner Faces Jury

ALONE IN THE DOCK

Fortiori Figure in Black Heels Story of Adoption and Alleged Strangling of Infant.

ALONE, absolutely alone. That was what struck you first and most forcibly when you looked at Mrs. Turner, as she sat in the dock at the murder of the girl baby of Mrs. Annie Atters.

There she sat, a forlorn figure in black, while George Tate Blackstock, K.C., crown prosecutor, with all the eloquence of which he is master, took up the point of the case.

At times his voice rang high with indignation, at times it ran again it sank into infinite paths as he pictured the strangling, with cruel fingers, of a little, helpless child.

That was how she looked at a distance but the small, well-made hands moved restlessly and ceaselessly with a pitiful uncertainty, and as you saw this, it was again borne in upon you that she was alone.

Her dark blue eyes never left the witness face. They were wonderfully piercing eyes, and they never wavered. They looked at the witness face as if they were telling this or that fact which bore terribly against her.

As Mrs. Goldie's rooming house at 38 Wood-street, where the murder was committed, told her terrible story of hearing the cries of the child, she was again reminded of the cry of a strangled infant, there came a recollection of the words which Mrs. Maddeaux attributed to Mrs. Turner when she was asked of that terrible moment for the adoption of her child: "I deal with that hellish business as I see it."

Those dark, steady eyes never left the witness face. The heavy dark lashes gave them the appearance of being dead eyes, and indeed, they were so, indeed, and served to heighten the atmosphere of intense loneliness which surrounded the solitary figure of Mrs. Turner.

Those dark, steady eyes never left the witness face. The heavy dark lashes gave them the appearance of being dead eyes, and indeed, they were so, indeed, and served to heighten the atmosphere of intense loneliness which surrounded the solitary figure of Mrs. Turner.

W.C.T.U. CONVENTION

Ontario Branch Holding Four Day Session at Belleville.

BELLEVILLE, Oct. 19.—(Special.)—The thirty-second convention of the Ontario Women's Christian Temperance Union opened this morning for a four days' session.

Miss Adams presided over the work among Unitarians as carried on by both men's meetings and medal contests.

The temperance Sunday school quarterly, edited by Mrs. Thornley, London, have now reached a circulation of 10,000 and the publication is about to be handed over to the Dominion.

The discussion on narcotics was a spirited one. The reported decrease of the consumption of cigars, and the actual increase about 40 or 50 cents a pound, were commented upon favorably.

The subject of scientific temperance was introduced by Mrs. Maxwell of Windsor. It was believed that in the public schools it was time Ontario got in step with the advances being made by the educational departments.

Mrs. Goldie's Testimony.

Brandon, the Second City of Manitoba, Is One of the Greatest Railroad Centres of the West

From Brandon fourteen lines radiate to all parts of the compass and the systems include four transcontinental lines.

Take a Look at the Map.

You can see at a glance that Brandon's position is commanding and unchal- lenged as the commercial centre of a vast and rich agricultural area.

We have for some days been offering to the public fine residential lots in Ken- ington Park, right inside the city limits, for sixty dollars each. Many of the lots have been sold and each, we believe, to be a sound investment that will return two, three or four dollars for every dollar invested.

These lots are 25 x 120 to a 20-foot lane. They are located on as fine a stretch of rolling land as one could wish to see. It is right in the track of the city's extension. Every lot is guaranteed good land or no sale.

Many Toronto gentlemen have invested largely in Brandon real estate. One of the best known of these is J. Curry, capitalist and banker. J. Walter Curry, K.C., is a trustee of the Kensington Park estate.

This is an opportunity that comes on rare occasions. Five years from now you will see the values of these lands so greatly enhanced that it will seem strange that they could ever have been procured at present prices.

The terms are easy; price Sixty Dollars, 1-3 cash, 1-3 in three months and 1-3 in six months. Seven per cent. off for cash. No interest charged.

The taxes are at present nominal being only 25 cents per lot per year. The regis- tration and deed cost only \$2.50. That and the purchase price complete your outlay. Make a wise decision to-day and buy.

It is the man who acts on his judgment that wins. Circumstances have enabled us to present you an exceptional opportunity. Do not let it pass.

Brandon has doubled its population in five years. It is going to be a big city. Get in now while prices are within your reach. Send for application forms and booklet.

WESTROP, MINAKER & NICHOLSON 190 KING WEST, TORONTO

A. C. JENNINGS & Co. OPEN EVENINGS, 7.00 TO 9.00 P.M.

For City Properties apply at our Office, 405 Crown Life Building, Cor. Queen and Victoria Streets. Main 2238.

\$2000—BALLIOL STREET, SOLID brick, seven rooms, concrete cellar, bathrooms, gas and water in the house; this house is just new and will be finished to suit purchaser.

CITY OF PORT ARTHUR A TALK WITH OUR CLIENTS

We can point with a great deal of personal satisfac- tion to hundreds of owners of real estate in this city who have made money through acting upon our advice.

That is our business. Our success depends upon it. We are building a reputation on this foundation and you will admit that it is a good one.

We are offering to-day lots in the beautiful residen- tial section of Port Arthur known as Prince Arthur Heights. These lots are \$100 each, payable 1-3 cash, 1-3 in one year and the balance in two years.

Port Arthur is destined to be one of Canada's great centres of population. Its position is national and it has been growing rapidly. Three great transcontinental systems of railway converge at Port Arthur and Fort Wil- liam. The twin cities are growing together. There are all the elements of transportation and industrial expansion which back up the real estate values and ensure future increase in values. Therefore we recommend the pur- chase of these lots at the present low prices. It is an opportunity that should be embraced before the prices advance.

# COBALT---Waldman Exploration Company Has Wide Powers ---COBALT

## Sagging Tendency to Cobalts But Price Changes Are Narrow

### Poor Speculative Demand Gives Market Easier Tone—Slight Rally at the Close.

World Office, Tuesday Evening, Oct. 19. The markets for Cobalt securities opened easier all round today and throughout the session a tendency to sag was plainly apparent. It is obvious that the general public has not forgotten the drive against the investment issues a short time ago. The market shows indications of a falling off in outside interest, due doubtless to the lack of confidence which has been inspired by the break, and until the speculative interests enter more fully into operations, no material change in the general trend will likely occur.

The one outstanding feature of today's business was the buoyancy exhibited by Kerr Lake. These shares recovered from the easier tone which came into the market with yesterday's break, and sold up to a new high price. Offerings were limited, and a speculative demand inspired by a reversal of the recent bullish rumors served to introduce a quick upward trend which carried quotations up to \$9.04.

La Rose was easier to-day, influenced by the sagging tendency in New York where liquidation was quite pronounced. The shares were active locally, being freely offered at lower prices and after selling back to \$4.75, closed at that figure. Nipissing was quiet around \$1.60.

Of the other issues, Little Nipissing, Cobalt Central, Cobalt Lake, Beaver, and Otis, were slightly off from yesterday. Silver Leaf and Peterson Lake remained firm, the former advancing a point toward closing.

The market throughout was characterized by a liquidating movement in certain issues, and this, added to the poor speculative demand, served to give an easier tone to securities in general. Toward the close, however, a better tendency was apparent, several of the stocks making good advances in the late dealings.

### HARGRAVE ACTIVE

Advances to 55c Locally and in New York to 57c.

Hargrave was active yesterday. It opened at 54 and by the noon closing there was a good deal of trading in it at 54 1/2. In the afternoon it advanced to 55 on the Toronto and Standard Curb. In New York there were transactions in the afternoon as high as 57.

### LA ROSE DIRECTORATE

Rumor That G. W. Stephens Will Succeed Mr. Timmins.

It is reported in Montreal that a special meeting of the La Rose Consolidated Mines will be held shortly for the purpose of electing a director to take the place of Mr. Henry Timmins, who is to retire. Current rumors have it that the new member of the board will be G. W. Stephens, who is known to be closely allied with the McGibbon interests.

Mr. Stephens is a personal friend of Mr. Lorne McGibbon and his election to the directorate will give McGibbon and his associates almost control of the stock. It is said that these interests hold close on to 300,000 shares of the stock, and the report, following close on the heels of the break in the stock, is taken as very significant here and in Montreal.

### SILVER MARKET

Fixley and Abell's circular says: The chief influences have been a demand for the Indian Bazaars, further buying by China, and a continuance of the continental enquiry. The latter, perhaps being the most important of the three. There is at present no change in the outlook of the market; the price continues to ebb and flow. The unfavorable features of the heavy stocks, both in this market and in the east, which the growing dearth of money makes it increasingly hard to carry, the stock in China is now up to 4100 taels, or about 14,600,000, which compares with 182 taels or about 6,200,000, at the beginning of the year, and in Bombay there has been an increase of 250 bars to 14,500 bars, a total of nearly 11,750,000. The favorable features are firstly, the extension of a large short account open for India in this market; secondly, the prospects of a better up-country demand in India on the excellent reports in Indomaneon, thirdly, the likelihood that the demand for China will still continue in view of the slackness of the import trade, and fourthly, the fact that the continent is a buyer and is likely to continue as such for some time to come. As one or other of these sets of influences come into operation, so will the tendency of the market move up or down.

## Waldman Exploration Co. Will Specialize in Alaska

### Gigantic Proposition of Montreal Capitalist Will Invade New Districts in Interests of Shareholders.

This is certainly a day of great achievements in Canada, and leading financiers are being identified with great projects not only in the country itself, but as well in the countries close to it, says The Toronto Star. Following upon the phenomenal success that has been achieved by Mr. J. H. Waldman in the Waldman Silver Mines, which are situated in the Gilles limit of the Cobalt camp, comes the announcement that Mr. Waldman has secured the assistance of prominent financiers and capitalists, and has organized the Waldman Exploration and Development Company, Limited, with a capital of five million dollars. One only has to remember the phenomenal success that attended Mr. Waldman's project in the belief that the formation of the Waldman Silver Mines would prove identical with that of the richest mines in the camp, and that rich deposits would certainly be discovered on it to feel that he will have no difficulty in securing the assistance of leading banking interests the world over. Mr. Waldman has even been taken to handle thru the Exploration and Development Company. While the charter secured for the company is one of the widest that has ever been taken out in this country, and has even caused some surprise that the government should give such wide powers to a private corporation, it is understood that under Mr. Waldman and his associates intend to take particular advantage of the wonderful possibilities that are now offering in Alaska.

There does not seem to be anything that the charter does not give the company the right to do, and in addition to having the right to prospect, explore, acquire, or sell lands, mines, minerals, water rights, etc., it can practically transact any kind of legitimate business coming within the head as the transacting of steamship business, the purchasing of concessions, land grants, franchises, leases, rights, claims, etc.

As stated above the Waldman Exploration Company would operate in Alaska and Mexico. New wealth-producing districts are being opened up, and the present indications are that enormous fortunes are to be made in the Kenai Peninsula, Copper River, Sushina, Matanuska, as well as in the older districts of the Yukon, Nome and Fairbanks. Just what the possibilities are in Alaska may be gathered from the fact that its area is 586,000 square miles, or about twelve times that of the United States. The climate along the southern and eastern coasts is very mild, and the harbors are open all the year round. Rich farmlands are abundant in the Cook Inlet, Sushina, Valdez, and the Copper River districts, where hay and vegetables of an exceptional high quality are raised, and large tracts of valuable timber stand untouched. Alaska, however, is presently an mining country, and from this land its greatest wealth is being derived, and to it the Waldman Exploration Company intends to devote its particular attention. Some idea of the wealth of the country will be gathered from the fact that the production of gold and silver in 1908 was \$75,000,000. The volume of business done in one year in the Province. The main line of the Canadian Pacific runs through Regina and it is also the terminus of the same company's Arctic branch. It is the southern terminus of the Canadian Northern's line to Prince Albert, and the same company have completed their line from Brandon into the city. Next year it is hoped the Grand Trunk Pacific branch from Meville on the main line will be completed into Regina. This line will eventually be continued south to the international boundary at or near North Portal.

Regina's advantages as a railroad centre are clearly shown by the number of commercial men who make Regina their headquarters. There are at the present time 250 commercial travelers working out from Regina.

## An Opportunity To Double Your Money

# CITY OF REGINA

### CAPITAL OF SASKATCHEWAN. RICHEST PORTION OF THE NORTHWEST.

Assessment for 1908, \$13,412,180.75, for 1909, \$17,100,000.00 for 1906, and \$1,226,000.00 for 1903.

## FACTS ABOUT REGINA.

Some idea of the volume of business done in Regina in a year can be gleaned from the railway traffic receipts which last year amounted to \$2,200,000. If this amount \$2,000,000 represents the business done by the Canadian Pacific Railway and \$300,000 that of the Canadian Northern Railway. The latter company now have completed their Brandon extension so that Regina is placed in the fortunate position of having an alternative route right through to the head of navigation. Canadian Northern traffic receipts will make a very different showing in another year.

The bridge and dam across the Wascana, at Alberta Street, is nearing completion and will form a lake in front of Parliament buildings and between them and the city some three miles in length, which will be a valuable asset to pleasure seekers as well as exceedingly ornamental. On the opposite side of the lake from the Parliament buildings the city has reserved a space of forty-five acres for a park, and this has been laid out with walks and drives and planted with trees and ornamental shrubs.

The bridge at Broad Street will also be completed shortly and driveways will be laid out along the south bank of the lake, which later on will be continued out to Government House and will be one of the most beautiful driveways in Western Canada.

Regina has practically an exhaustible supply of the purest water. The city owns and operates its waterworks system. Regina has a large electric light plant, and while giving a very cheap service, makes a small profit annually. Regina is the best paved city in Western Canada. She has six miles of pavement, consisting of bitulithic, creosote wood block and asphalt block pavement. She has six miles of granolithic sidewalks.

Regina has reserved fifty acres of land for park purposes within the city limits and has six miles of boulevard streets. Regina has the handsomest and best furnished City Hall in the West, built at a cost of \$150,000 from proceeds of property sales without costing the taxpayers one cent.

Regina has a low tax rate, 15 mills in the dollar. Regina has hotel accommodation that cannot be beaten in Western Canada.

Regina is the financial centre of the middle west. She has ten chartered banks and a large number of loan companies. Regina is the educational centre of the middle west. She has a collegiate institute, for which a new building is now under construction, a normal school, three public schools (a fourth to be erected this year), and a separate school for which a new building is now being built.

Regina is a city of beautiful churches, the Metropolitan Methodist Church, the Knox (Presbyterian), St. Paul's (Anglican) and St. Mary's (Roman Catholic), all are magnificent buildings. The Baptists will shortly build a new church. Additional churches have had to be built during the last two years on the north side of the C.P.R. main line to accommodate the residents in that quarter, and also in the east end of the city. The Salvation Army is well represented.

Regina is the judicial centre of Saskatchewan. The Supreme Court of Saskatchewan, presided over by the Chief Justice of Saskatchewan and four resident judges, is located here.

Regina is the great distributing point and many of the large implement firms have made Regina their headquarters for the whole of Canada. The volume of business done in one year in the city alone exceeds \$5,000,000. Wholesale grocery firms have located here and many more will follow in the near future.

Regina has railway facilities that enable her to reach all parts of the Province. The main line of the Canadian Pacific runs through Regina and it is also the terminus of the same company's Arctic branch. It is the southern terminus of the Canadian Northern's line to Prince Albert, and the same company have completed their line from Brandon into the city. Next year it is hoped the Grand Trunk Pacific branch from Meville on the main line will be completed into Regina. This line will eventually be continued south to the international boundary at or near North Portal.

Regina's advantages as a railroad centre are clearly shown by the number of commercial men who make Regina their headquarters. There are at the present time 250 commercial travelers working out from Regina.

## The Property

I have for sale Lakeview Sub-division, which includes the property practically adjoining the Government grounds on which the new Parliament buildings are now being erected at a cost of \$1,500,000. These lots are 25 feet wide by 125 feet deep, all well located; each lot guaranteed to be high and dry.

## The Prospect

Regina has at present a population of 12,000. Regina's assessment in 1906 was \$7,100,000. In 1908, \$13,412,180. Practically doubled in two years. Regina's building permits for 1905 was \$750,000. Buildings at present under construction total \$2,210,000. Regina has a postoffice, built at a cost of a quarter of a million dollars. Regina's City Hall cost \$150,000. The Dominion Exhibition will be held in Regina in 1911. What city can show a better record than the above?

It is, therefore, quite safe to say that property at the price which I am offering lots in Lakeview Sub-division will undoubtedly double in value.

## The Security

Money invested in Real Estate is absolutely safe. If for any reason it should not increase in value as soon as expected, your money is certainly safe, at least. Stock manipulators cannot move the property, and this is an assurance that your savings will not be taken from you. Invest to-day in a lot in Lakeview Sub-division—\$10 cash and \$10 per month will buy a lot. Price of lots, \$100 to \$150, according to location. Send \$10 for each lot desired and secure the best location.

Write for free map of property and booklet giving valuable information about Regina. These lots are worth more than we ask. Two years from to-day they should be worth \$500 each. Upon receipt of cheque we will help you select your lots.

## BUY MARCEL

Devlin, Union Pacific, La Rose and Silver Leaf. Write for particulars. W. W. MACQUAIG, City & District Bank, 180 St. James Street, Montreal, 125

## WANTED

10 shares National Portland Cement, 10 shares Sterling Bank, 10 shares United Empire Bank, 10 shares Home Bank, 20 shares Trusts & Guarantee, 20 per cent. paid. J. E. Carter, Investment Broker, Quebec, Ont.

## STRONG BUYING OF SILVER LEAF

While the Cobalt market was somewhat reactionary yesterday excellent buying of Silver Leaf kept this issue firm up till the close. We have, and continue to advise Silver Leaf as a buy. Orders for the shares are now coming from Montreal and are closely connected to Crown Reserve holders. We are also likely to issue the balance of its treasury stock to shareholders at par. Buy this issue for a rise. Hargrave is another good buy. For a good gamble we offer 1000 shares of Argyle at 10 cents a share.

## NUMEROUS ENQUIRIES

In answer to the many enquiries which we have had for Prospectors' Exploration and Development Shares since Saturday we make the announcement that a small amount of the company's stock has come into our hands for sale. The price asked is 90c a share. If only one of the company's 15 claims staked in the new camp at Rosie Creek and Meteor Creek shows good silver value these shares can easily advance to \$2 and the possibilities are that the value will ultimately reach many times that figure. Quick response will be necessary to get a portion of this small block of stock.

YORK COUNTY West Toronto North Toronto East Toronto

COUNTY POLICE SEARCH FOR MISSING WOMAN

North Toronto Lady Mysteriously Disappears—Accident in West Toronto.

NORTH TORONTO, Oct. 19.—(Special.)—The mysterious disappearance of Mary Connor of Sherwood-avenue, who some time between midnight and 8 o'clock this morning, left her father's home, is engaging the attention of Chief Collins and a number of the county constabulary.

Miss Connor not arising at the customary hour, her father went to her room, and receiving no answer, opened the door—only to find his daughter absent. There was nothing to indicate where the young woman had gone, and when, later, she failed to appear, Chief Collins was called in.

The young woman is 35 years of age, of medium height, grey eyes and brown hair, and wore, as near as the family can determine, a black hat, light fawn coat and green skirt. She was of suicidal tendencies, and had on a former occasion endeavored to do away with herself.

From the fact that Miss Connor is physically too weak to walk any great distance, and can be accounted for by the members of her family up to midnight, and is not known by any of the local railway men to have boarded a Glen Grove car, it is likely she will yet be found within a comparatively narrow radius.

The only members of the family are her father and one brother, and the former is completely prostrated by the event. Chief Collins and the county officers will continue the search to-morrow, and the city police will be asked to join in the quest.

The family have only been resident in town for two or three months, coming here from Berlin, where Mr. Connor was engaged on the staff of the Berlin technical school.

Christ Church, Deer Park, in addition to having one of the most modern and handsome church edifices in the northern part of the city, will moreover have an equipment fully in keeping.

At a meeting of the wardens and other officers held to-night, a proposal to install a \$4000 organ was adopted. The funeral of the late William Parke will be in charge of St. Andrew's Lodge, A. F. and A. M. of which deceased was an esteemed member.

The flag at the town hall is flying at half-mast, out of respect to the late Councillor William Parke.

EAST TORONTO. EAST TORONTO, Oct. 19.—T. A. Stoba, of East Toronto, has left for Brighton, where he will spend two weeks, duck shooting.

Despite the rumors that have been in circulation in regard to the yards at Mimico not being large enough and of the poor accommodation for the men, it appears to be a fact that the company will adhere to their first intention and keep them there, and the residents of East Toronto have given up all hope that the Little York yards will ever be used again.

Word has come that the duck shooting is better this year than ever before, and men who have left for Brighton and other favorite haunts have sent word to prepare for a big bag this year.

Mrs. Herbert Kinsdale of Belleville, who has been visiting in East Toronto for the past two weeks, left today for her home.

F. H. Maddocks returned to-day from a two weeks' visit to New York.

WEST TORONTO. WEST TORONTO, Oct. 19.—When Alfred Single, 30 Edmund avenue, and another laborer at the Dodge Pulley works were carrying an iron bar on their shoulders about 11 o'clock this morning, the bar began to get very heavy. Without taking the trouble to declare his intention the laborer dropped his end of the bar on the ground, and the other end flew up striking Single on the chin and fracturing his jaw. He was conveyed to the Western Hospital, in Spence's private ambulance, and his injuries attended to by Dr. Parfitt. In Magistrate Ellis' court to-day

Gananogue Man Out of Trouble Had Rheumatism, but Dodds' Kidney Pills Cured It. Hugh Abernethy on His Feet Again—Cure is Easy, Simple, Natural and Permanent.

Gilbert Lacey, of West Toronto, was committed for trial on a charge of having stolen \$6.25 in cash, a revolver, and several other small articles from the stables of the golf clubhouse at Lambton. The charge against Giggard Dane, accused of having entered George Lacey's house at Islington during the night, was dismissed. The choir of St. John's Episcopal church will wear their new gowns and surplices for the first time at the service next Sunday morning.

Among the artists who will take part in the program of the concert at Victoria Presbyterian church on Thursday evening are:—Bertha May Crawford, soprano; Oswald Roberts, cellist; Donald C. McGregor, baritone. The choir and soloists will also give selections.

THISTLETOWN. THISTLETOWN, Oct. 19.—(Special.)—The regular meeting of the Thistle Town Institute will be held on Wednesday Oct. 20, at 2.30 p.m. at the home of Mrs. William Rowntree. The program for this meeting will include among other things a paper by Miss J. Barker, "Hints on home fancy work," and a demonstration on decorating cakes by Miss F. Frost. All are welcome.

ELIA. ELIA, Oct. 19.—The Elia branch of the Women's Institute will hold their meeting in the Forester's Hall on Thursday, Oct. 21, at 2.30 p.m. Subject: Our own methods of pickling and preserving. All are welcome.

WYCHWOOD. The St. Michael's and All Angels' branch of the A. Y. P. A. last night gave a most interesting lecture on "The South Africa," given by the Rev. E. Vesey.

TORTURE FOR FAT JURORS SQUEEZE THRU WINDOW Key Sticks in Door, and Men Trying Conductor Forced to Crawl Thru Narrow Hole.

Only by the exercise of the ingenuity and effort usually attendant upon a general jail delivery did the jury trying Robert Hood, street railway conductor, charged with the theft of his fare box, secure their liberty yesterday morning, after having been locked up over night by Judge Winchester.

At 8 o'clock the court attendants considerably sought to give the jury a constitutional and breakfast before their being called into court. Thru an accident the wrong key was tried on the lock, which not only would not open the door, but could not be withdrawn, and there were the jurors suddenly become prisoners.

Fearing that this impromptu taste of enforced confinement might affect their verdict, Herculean measures were adopted. The pane of glass was removed from the door, leaving an opening about two feet wide by four feet high and at a distance of five feet from the floor. A chair was set close inside the room, and thru this aperture the jurors were forced to climb and were caught by the sturdy attendants as they dropped on the outside.

Only the night's fast made it possible for some of the stouter good men and true to squeeze thru the narrow opening, and now they feel they can get anywhere, even thru a needle's eye or places harder than that.

When the jury filed into court they were still unable to agree upon a verdict, it being said that the fat men utterly refused to convict after their narrow squeak of the earlier morning. Hood was therefore admitted to bail, to appear at the next sitting of the sessions.

SHENSTONE'S STEWARDSHIP Tells Buffalo Laymen What He Gives to the Church.

BUFFALO, Oct. 19.—At the Baptist Laymen's Mission convention to-day, J. N. Shenstone, of Toronto, president of the Baptist Laymen's Missionary movement of Canada, spoke upon "The Stewardship of Life." He said that the evangelization of the entire world could be accomplished if every man would give to missionary work, the same thought, attention and energy that he gives to his private business.

Chairman Eddy asked Mr. Shenstone if he would tell how he arrived at his new stewardship. The speaker hesitated, and then said that he had at first thought of 10 per cent, and then 25 per cent, and then the whole amount needed for living expenses. He said that while he had been heralded in some papers in this country as a wealthy man, the capitalists of the United States would laugh if he told them how much he really was worth. He concluded: "Finally I decided that henceforth I would not add to my estate. That meant that all the income which I received from what I had before should go to the church.

"Men, I have never had cause to regret it." Victoria Club Ball. The Victoria Club ball, which will open the season on Tuesday, Oct. 26, is rapidly drawing near, and preparations are going on apace at the clubhouse. The large and spacious rink will be elaborately decorated, and the floor has been specially prepared, and in conjunction with the club quarters, which have recently been greatly enlarged, an ideal arrangement for a ball is obtained.

Only 400 invitations are to be issued, nearly all of which have already been subscribed. The ball is being given under the patronage of their excellencies the Governor-General and Lady Grey; his honor the Lieutenant-Governor and patronesses.

THE SIMPSON COMPANY, LIMITED THE SIMPSON COMPANY, LIMITED

Thanksgiving Exuberance in the Men's Store

Thanksgiving Headwear ANY man who buys a hat like these for \$1.50 will have little cause for Thanksgiving that he didn't go out into the wilds of Yonge-street and pay a dollar more.
