COMET'S CLOSE BUT NOT DANGER
Even if Earth Does Pass Through the Filmy Tail, Scientists Say 'Twill Not Harm.

To-morrow evening Halley's comet passes between us and the sun. After that date it will be in the evening sky, setting after the sun. In the next few days thereafter the beautiful visitor should present a magnificent spectacle in the evening sky, with a tail pointing up from the horizon one-third of the distance to the zenith. Each night the comet will set later, getting fainter and fainter, until it bids us adieu for another seventy-five years. This will be probably in the latter part of June. These persons who have been making their wills and saying their last farewells to their families a tearful goodby in the expectation that the earth will plunge thru the comet's tail to-morrow and be submerged in poisonous gases will be relieved by the declaration of Professor David Edgar Rice of Columbia University, New York, that the tail will approach no nearer to the earth than 13,000,000 miles.

"The comet's tail and the earth are now 20,000,000 miles apart," says Professor Rice. "Although the comet's 'head-on' at a relative speed of forty miles a second, I am sure they will miss each other. No bona fide astronomer has predicted that they will meet. In fact, many astronomers believe the tail which we see is only an optical illusion caused by the sun's reflection."

"The earth on May 18 will be 93,000,000 miles from the sun. The comet will be between the earth and the sun—13,000,000 miles from the earth."

Despite Professor Rice's soothing statement, astronomers all over the country are still figuring that the tail will sweep over the earth on Wednesday.

"The first view we will have of this comet may be on the evening of May 21. If it is clear," said Mr. Stupart. "The comet will be seen no more on this visit in the early morning. Weather conditions being favorable, a good view will be obtained on May 22, shortly after sunset. The comet will set about 2 hours and 45 minutes after the sun, so that as soon as it becomes visible the comet will appear in a brilliant object in the western sky. If it does not lose its tail," added Mr. Stupart, after a moment's reflection.

"In that likely event," he said, "all manner of things are likely to happen to comets," was the reply.

"What chance is there of the earth passing thru the tail of the comet?" "That depends upon the length of the tail, and the question is whether it will reach the earth. Last Wednesday morning the comet's tail was 48 degrees across the sky. We apprehend no danger if the earth does pass thru the tail of the comet, but scientific men are anxious that that phenomenon should occur. Prof. Humphries of Washington Observatory in a recent report says there are unusual phenomena which possibly might appear while the earth is passing thru the tail, if fortunately that should happen."

Memorial Service

The official program for the memorial service, by authority of the lieutenant-governor, as a memorial to the late King Edward VII., in front of the parliament buildings on Friday next at 2.45 p.m., is as follows:
Hymn: "O God Our Help in Ages Past."
Benediction by the Bishop of Toronto and representative clergy of various denominations.
Psalm 29.
Readings from Scripture: I. Thess., chap. iv., verses 13 to 18.
Hymn: "Now the Laborer's Task is O'er."
Prayers for His Majesty the King and the royal family.
God Save the King—choir and massed bands.

9 HOUR DAY IS SOUGHT BY RAILWAY EMPLOYEES

Proposed Agreement Cuts Out Third Year of Service Before Maximum Wage is Got.
Present Schedule.
1000 men at 23 1/2c (9 1/2 hours a day) \$515,775
250 men at 22c (9 hours a day) .. 190,712
100 men at 20c (9 1/2 hours a day) .. 69,800
Total \$776,287
Proposed Schedule.
1250 men at 23c (9 hours a day) \$1,149,750
100 men at 25c (9 hours a day) .. 82,125
Total \$1,231,875
Proposed increase \$455,588

As the Toronto Street Railway Employees' Union says that the Toronto Railway Company is making more than \$1000 a day above the receipts of one year ago, they feel no embarrassment whatever at asking an increase in wages. According to the above table, which is an approximate estimate, they are only asking the company to give them a little less than half of its increased earnings in the last year.

The agreement, which included some proposed changes, was submitted to Manager R. J. Fleming by the negotiating committee of the street car men's union at 2 o'clock yesterday afternoon.

To the World Mr. Fleming said later that the agreement as proposed by the union would have to be submitted to Mr. Mackenzie, who is now in London, Eng. In case the company does not agree to the proposed changes are found in sections 3, 6 and 16 of the agreement submitted as follows:
Section 3: "For motormen and conductors all runs shall be divided into regular runs and shall conform as near as possible to a 9-hour work day, and there shall be no run exist that cannot be worked in 12 consecutive hours on each day."

Previously the day's work stretched out over 14 hours in a day.
Section 6: "Motormen and conductors are to be supplied with uniforms by the company upon the following basis: New men coming into the service shall pay full price for their uniforms, one-half price for their second uniform, and afterwards shall receive summer and winter uniforms free."
Section 16: "From the 16th day of June, 1910, the following schedule shall be in force: Motormen and conductors to receive, first year 25c an hour; second year and after 25c an hour. Motor men shall receive, first year 25c per hour; second year and after 25c per hour."

34 CONVICTS BURNED

Another One Killed in Trying to Escape From Stockade.
CENTREVILLE, Ala., May 16.—A long distance telephone message says 34 convicts were burned to death and another was shot and killed while trying to escape from the stockade of the Red Feather Coal Company at Lucelle, Bibb County, to-day.
The stockade was set on fire by a convict and a dash for liberty it thought to have been planned.

WITNESS HITS AT LOVE MOWER

Suggestion That Suicide and Supposed Murderer Was in Love With Employer's Wife.

NIAGARA FALLS, Ont., May 16.—(Special.)—That John Baldwin, whose dead body was found in a cowshed on the Thompson farm in Stamford Township on Wednesday, May 4, was in love with his employer's wife, was hinted at the inquest to-night into the death of Benjamin Thompson, who died May 4.

Baldwin was often in company with Mrs. Thompson, according to the evidence of the dead farmer's niece, who swore that a relative married that Baldwin wanted to marry his wife. After deliberating thirty-five minutes, the jury brought in the following verdict: "That Benjamin Thompson came to his death from arsenic poisoning, administered by some person or persons unknown."

Thompson died after drinking poisoned cider. Baldwin, a farm hand, died three days before, supposedly a suicide. Dr. R. J. Tremble of Queenston testified to having been called on Monday, May 3, to attend Thompson, about forty-four hours after the latter claimed to have drunk the poisoned cider. The patient complained of a burning sensation in his stomach and constant vomiting since three o'clock Saturday.

Hid the Paris Green.
Thompson told witnesses he and Baldwin had hidden the only package of Paris green on the premises, its whereabouts being unknown to the others. Thompson had objected to notifying the police, saying: "He's a good man; he wouldn't have done it if he hadn't been drunk." Thompson believed Baldwin was angry because the cider had been locked up. The men had quarrelled Saturday afternoon, April 13, Mrs. Thompson did not discuss the matter with the witness.

"Do you believe Thompson died from poisoning?" asked Coroner McCarthy. "From the appearance of the stomach containing sediment, presumably Paris green, from symptoms and post mortem results, I believe Thompson died from arsenic poisoning," was the reply. Mrs. Margaret Bracken, Thompson's sister, swore that Mrs. Thompson had said: "I don't see why John would do that when he's drinking with me." Her husband, Baldwin had asked the witness Tuesday if she believed her brother had been poisoned. "If Ben was poisoned, I don't see why he should be sick two weeks ago," she replied. She told of a similar illness Thompson had a fortnight previous to the fatal attack.

"I never heard anything to the contrary," replied the witness.
Miss Loreto Thompson, niece of the dead farmer, testified that her uncle told her Wednesday: "I don't see why Baldwin would poison him, because he had left a better job and begged to be employed by me."
"I was vomiting my heart out and I'd never come near me," Thompson told the witness Monday.

CALLS IT A JAMBOREE

Vancover Minister Objects to Character of Proposed Memorial Service.
VANCOUVER, May 16.—"A jamboree, rather than a service," was the vigorous criticism made yesterday by Rev. Clifton Parker at Central Fairview Baptist Church, alluding to the public memorial service to mark the King's funeral day, as arranged by Mayor Taylor. The reverend gentleman held that the proposed service lacked in several respects the sacred character it should possess.

SIGNOR LAURIER: I'm a little uncertain of his temper. You tackle him first, Professor.

COMES TO ASSIST IN ORGANIZING THE NAVY

Commander Roper, R.N., Arrives in Ottawa—Commander Stewart Will Bring Out Rainbow.

OTTAWA, May 16.—(Special.)—Commander C. D. Roper of the royal navy has arrived in Ottawa to assist in the organization of the Canadian navy, and to assume the duties of Commander J. D. Stewart, who has been in Canada for some time, but who left this morning for England, to take H. M. S. Rainbow from British waters to the Pacific coast.

SORRY HE ONLY SHOT TWO

And Cautioned His Wife How to Save Herself.
BRYSON, Que., May 16.—"Annie, they will string you up. Let you don say you were in bed until after the shots were fired. I've shot down two, thank God, and very nearly got another, and am sorry I did not shoot Harry. He was the most suitable part of the party. I have a special constable who slept in a cell adjoining Michael Murphy and his wife the night the former shot. The alleged murderer spoke these words to his wife. Elliott was one of the last witnesses called for the prosecution and his evidence was strenuously objected to by R. Millar, lawyer for the defence. It was admitted by Judge Weir, however, and evidently made a strong impression on the minds of the jury. All the evidence is expected to be in to-morrow."

ANOTHER MOROCCAN AFFAIR

Germans Interfere in Anglo-Russian Interests in Persia.
ST. PETERSBURG, May 16.—Count Von Pourtales, the German ambassador at St. Petersburg, has made representations to the government in reference to the Anglo-Russian note, which demands that Persia shall not grant strategic railroad concessions to, nor negotiate a loan with a third power, thus impeding the security of earlier Anglo-Russian loans. It is learned that the foreign office that Russia and Great Britain will refuse to admit the political interests of a third power in Persia.

NOTHING DOING YET.

OTTAWA, May 16.—No communication has been received here suggestive of the opening of negotiations for reciprocity with the States, tho' it is intimated unofficially that one is to come. If it does, a conference will be arranged, but it is thought nothing can be done till autumn, as Messrs. Fielding and Paterson have to go to England soon and Sir Wilfrid to go to the west.

THE TIGER TAMERS

GENERAL ELECTION

U. S. JOIN IN BUILDING GEORGIAN BAY CANAL

Suggestion Made by National Manufacturers' Association—Georgian Bay Looks Good.

NEW YORK, May 16.—Three important subjects for the consideration of the federal government were put forward to-day in the opening session of the annual convention of the National Association of Manufacturers. One urges the participation by the United States in the building of a deep water canal thru Canada to transport ore and grains from the lake regions. Amendment of the immigration laws to provide more liberal terms for the admission of skilled labor, and the distribution of aliens in the farming sections, where they are needed, were also advocated.

BANK SHAREHOLDERS MEET

Depositors of St. Stephen Bank Will Get Their Money.
ST. STEPHEN, N.B., May 16.—(Special.)—The annual meeting of the shareholders of the St. Stephen Bank was held this afternoon. In the absence of the president, Frank Todd, who is now at a sanitarium in New York, Vice-President John D. Chipman presided.

THEY FAVOR AMYOT

Infidential Deputation to Wait on the Board of Control.
This morning a deputation, representing nearly the entire medical profession in the city, will wait on the board of control to submit the name of Prof. Amyot as their choice for medical health officer for the city.
The speakers will be Prof. J. J. MacKenzie, Dr. McPhedran, Dr. Reeves, Dr. J. T. Hastings, Dr. A. A. Macdonald, and I. H. Cameron.

ON PARLIAMENT HILL

Troops Will Be Drawn up in Hollow Square, With Massed Bands.
OTTAWA, May 16.—The memorial ceremonies to the late King on Friday will be conducted on Parliament Hill. All the troops of the city will be formed up in three sides of a hollow square, and the governor-general, Sir Wilfrid Laurier and all the government officials will make up the other side, with the massed bands in the centre.
The ceremony will begin at 11 a.m., instead of 12 o'clock, in order not to interfere with the church service, which are being held in various parts of the city.

REPORT ON TUBES FROM EXPERTS ORDERED

Will Be Submitted by End of June—Cost of About \$1,500,000 Per Mile is Estimated by a Boston Engineer.

Charles M. Jacobs and James Fergie of the New York engineering firm of Jacobs, Davies and Fergie, will arrive in the city to-morrow morning to begin work on a report on a tube system for Toronto, and will probably have it ready by the end of June. This was the statement made by Aid. McCarthy at yesterday's meeting of the special committee on street railway affairs, when the engaging of the firm was approved. He said the engineers offered to provide for \$6000 a report on the present traffic accommodation, districts unserved, radial question round about Toronto, proper location of the subway, cost, and the probable revenue to be derived, adding that a further charge might be made if more details were entered into, and that the firm would be able to make a definite statement on the point in a few days.

Aid. McCarthy was instructed to wire the engineers that they would be pleased to have them carry out their expressed intention of leaving New York to-night, at a cost of \$1,500,000 a mile. Aid. McCarthy explained that the estimate of the cost of tubes in Toronto at \$1,500,000 a mile included the actual construction, land damages, right of way and underpinning, but did not take in the rails or other equipment.

The very best opinion we could get, that of Mr. Carson, engineer of the Boston transit commission, was that under the best conditions, such as in Toronto, the cost would be from \$250 to \$350 per lineal foot," he said.

FORT FRANCES CITIZENS REGISTER VIGOROUS KICK

PORT FRANCES, May 16.—Fort Frances citizens are greatly stirred up over the present aspect of the power question, owing to a telegram that has been received from G. A. Stethem, president of the district board of trade, who was sent as a delegate to Toronto and Ottawa to endeavor to prevent the exportation of power to the American side.

PRESS BANQUET CANCELED

Because Death of His Majesty Royal Function is Called Off.
"Owing to the mourning for King Edward, it has been decided to cancel the banquet planned to be held at the grand Edwinton Hotel to-night, in connection with the convention of the Canadian Press Association."

ROYAL EDWARD IS SPEEDY

A Marconigram from Arthur Hawkes on board the S.S. "Royal Edward," inward bound in the Gulf of St. Lawrence, says:
"On the first trip of a modern steamer in history from Bristol to Montreal, the 'Royal Edward,' flagship of the Canadian Northern's new Atlantic fleet, has averaged per day 10 knots 38 thus far in her run, and to-day is within 48 hours of Port Quebec. Her run has been 413 miles."

A RETROSPECT

May 17, 1855—Dupuy's party of Frenchmen left Quebec to form a settlement at Onondaga; this was at the request of the command of the Onondagas.
May 17, 1871—Both houses of the New Brunswick Legislature unanimously denounced the treaty of Washington.
May 17, 1900—Relief of Mafeking; General Baden-Powell, defender.
Mourning Dress.
The hat that looks right in these days of mourning is a black hat. Then positively a black tie or one of royal purple. Dinner does not sell ties, but he does handle hats, and the best hat that are made anywhere, including those by Hest, head of London, England, and Dunlop of New York. Men's hat department open every night until 10 o'clock.

EATON'S DAILY STORE NEWS

The Silken Filet

Sir Walter Besant in one of his books says that humanity may be divided into two main classes—those with whom a guinea turns into sixpence as soon as it enters into their hands, and those in whose hands every sixpence is safe to become a guinea. He might have gone further, and remarked that womankind is divided into two main classes—those who know how to tie a bow, and those who do not. It is a statement that could be quoted equally well when discussion on economy crops up. For who gets bigger results from small investment than she who possesses the knack of twisting a bit of bright ribbon into a smart chou as a renewing touch to an oft-worn evening frock, or of drawing the strands into a graceful sash for the ornamentation of a last Summer muslin? And it usually follows that she who knows how to work wonders with a strip of ribbon is one who extracts good effects from small provision in things in general. She can likely make toothsome salads out of scraps, and make her pin money buy brooches. The woman who understands the value of ribbon is one true type of economist.

The Season's Supply

Such a one will find herself in clover among the vast collection of new shades, widths and patterns that represent the season's offering. The Store has gathered them together from far and near. One famous line of Duchess satin ribbon owes its origin to Egypt, journeys thence to Switzerland, where it is dyed and woven, passes on through Germany and France, to be shipped at Havre for our own counters. It is a satin ribbon that can be excelled by none in the glossy sheen of its finish and its wide range of colors—thirty-two in all.

What is known as the Geneva ribbon, a soft, uncrushable variety, with a Liberty surface, the six-inch width of which sells at twenty-five cents a yard, is one of the season's special favorites, while a strong demand is made for all forms of Paisley, which, in accordance with the Paris vogue of the same, we are showing in numerous widths, and effects suitable for employment in coat collar facings and the paneling of dresses. The redoubtable Chantecler appears in several designs, and a multitude of French beltings and landings show an exquisite presentation of gilt and pastel embroidery.

Bows, Belts, and Bandeaux

An interesting feature of the section is the display of made-up ribbon for modicest and millinery purposes—the Princess and Empire sashes; the Halley's Comet, Gibson, Derby and Fluffy Ruffles bows for the trimming of hats; and the Chantecler, in red and Royal blue velvet, the smart neck ornament for which there is such a craze in New York at the present moment. These are made free of any charge, beyond the cost of the material.

The display, too, of dainty flower ribbon work in hair accessories, girdles, bandeaux and bodice ornaments is distinctly worthy of mention, and opens up a new field of suggestion to our deft-fingered economist.

Women's Elegant Black Voile Skirts in Many Styles, \$7.50

You'd find it a problem to get a fabric that has more sound, sterling qualities in every thread of it than a good voile, a fact that makes these splendid voile skirts ever popular and in great demand, especially for Summer wear. As a skirt fabric it is invaluable, for it wears "like iron," doesn't look shabby, and is extremely dressy. With a pretty silk or lingerie waist one of these skirts completes a suitable costume for afternoon wear or social functions, and for traveling purposes it's exceptionally practical.

Among this lot are some very handsome models. One style reveals the popular tunic and overskirt effect, trimmed with silk strappings, others are pleated and trimmed in various ways about the bottom and up the sides with silk strappings, the plain gored skirt silk trimmed, also promises to be much in favor. See these Wednesday, all one price, \$7.50.

A Perfect Shower of Splendid Coats Going at \$10.00

Women's Coats, including imported models, with coats of EATON make of such materials as rajah silk, cloth of gold, taffeta silk, stripe worsteds, English and French coatings, diagonal worsteds, in many styles and colorings; the long semi-fitting model, with long revers being much in evidence. Excellent value at \$10.00

In Selecting Stationery

For any occasion or for ordinary use, consider the impression you wish to convey by your letter or announcement. Into this impression enters the quality of the paper, its color and weight, the character of engraving or printing, and the indefinable quality we call style.

Our long experience gives us good judgment in all the fine points of stationery selection. Our Wedding Announcements, Invitations, Church and Reception Cards, etc., are correct to the last detail. See them and get our estimate.

Staple Items of Special Interest

- Table Cloths, of full bleached Irish damask, well assorted patterns, in floral designs, borders all around; sizes 2 x 2 1/2 yards. Extra value at \$1.45
- Roller Toweling, all linen crash, firm weave; wearing quality guaranteed; 17 inches wide. Yard 87/100
- Unbleached Table Damask, Irish manufacture; splendid cloth for ordinary use; good patterns; 70 inches wide. Extra value at yard 33c
- Bleached Huck Towels, plain white or with red borders, fringed ends; size 17 x 34 inches. Price, 2 for 25c
- Canadian Sheetting, full bleached, plain, even weave, free from dressing or filling; splendid wearing quality; 72 inches wide. Yard 27c
- Canadian Orotchet Bed Spreads, Canadian make, full bleached, various designs, soft, pure finish, hemmed ready for use, full double bed size. Each \$1.12
- English Longcloth, full bleached, close, even weave, no dressing, pure needle finish; 36 inches wide. Yard 87/100

Gold Mesh Bags

They're exquisite bags of rare beauty, the mesh is beautifully fine, and each link is securely fastened. Instead of being merely dipped or washed, they are one-tenth pure gold, and are guaranteed not to discolor.

These little gold bags possess a richness and elegance rarely equaled, the frames are hand-somely carved, and each is finished with a gold link chain; four sizes, ranging from \$27.50 to \$75.00.

A Few Hints From Our Extensive Ribbon Display

Duchess Satin Ribbons. Our own special brand, made in Switzerland from finest Egyptian silk, and the yarn-dyed to our own samples. On Friday, the day of His Late Majesty's Funeral, the Store will be Closed all day.

Savings

260 Pairs of Nottingham Lace Curtains, collected from the broken lines of this Spring's curtains. We've cut the prices to clear them Wednesday. They are 52 and 54 inches wide, 3 1/2 yards long; either white or ivory in tone. The fine quality, evenly woven lace is finished with good Colbert edges, and in every way they're handsome, durable curtains. The new patterns have plain, floral and medallion centres, with graceful borders. Per pair \$1.85

This English Art Sateen, 30 inches wide, has a bright silky assortment of combination colors render it beautiful as well as useful for cushion and comforter coverings, curtains, valances, etc. Per yard 15c

Fruited Bobinette, 30 inches wide, is trimmed on one side with a fine quality torchon lace and insertion, making very dainty and durable small window sash and vestibule door curtain material. Special, per yard 15c

Rope Portieres, made of good quality cut velour cord, will extend from 3 feet to 6 feet in width and are 7 feet in length; the colors are red, myrtle, empire, olive, red with green, Nile with rose, and brown with green. They're light and effective fillings for doors, arches or alcoves. Each \$3.50

Screen Your Home Now

The objectionable attentions of the 'skeeter, annoying as they are, are comparatively harmless beside the terrible raids of the house fly and moth miller, on both health, wealth and comfort.

The cost of screening is so light that you should not delay for a day the arranging of your defences.

For Windows, in your city or Summer home we have a large range of sizes in adjustable screens, with wooden frames and easy-running slides, covered with a good quality green wire cloth. Each 14c to 45c

For Your Doors, hardwood frame doors, jointed with hardwood dowels and covered with fine green wire cloth, carefully keyed into place. The frames are finished in surface oak and are more or less heavily ornamented and braced according to the wear demanded of them, and the prices run from 75c to \$1.70

Gloves

We're making it worth your while considering Summer glove requirements now, and buying largely of the wanted goods. We are offering desirable kid and fabric gloves at prices that we do not often attempt to duplicate. Wednesday's inducements are especially noteworthy.

Women's Fine Kid Gloves, with two dome fasteners, oversewn seams, stitched points; colors tan, mode, beaver, blue and green; clearing out much below former prices. Per pair 47c

Women's Heavy Milanese Silk Gloves, 23-inch length, "Mousquetaire," two pearl buttons, silk stitched points, and double tipped fingers; black only; sizes 6 to 7 1/2. Reduced to, per pair 75c

Men's Muleskin Gauntlet Gloves, with outside seams, continuous thumb, welted backs and 5-inch cuff; black and grey. Save half-price at, per pair 25c

Gas Table Burners

A great Summer convenience both for the home and the Summer cottage. They're readily connected with a rubber tubing and work admirably; two burners, \$1.45; three burners, \$2.25.

Gas Stove Ovens, well made and asbestos lined. \$1.35

Iron Heaters, for flat irons. 25c

Hammocks and Toys

A strong close-woven hammock in bright stripe effect 99c

For a real good hammock for everyday use we have a line at \$2.25, closely woven, strong and roomy; in good colorings and pleasing patterns; pillow and valance \$2.25

Every boy should have the new outdoor toy, a Genuine Self-propelling Aeroplane, makes a graceful flight driven by its own motor 35c

We Are Ready for a "Big Straw Hat" Season

Other years' warm Spring days brought forth crops of straw hats before this date, this year has been very cool, but the demand is bound to start with a rush on that account.

Now is "Official" straw hat time, and we announce our preparedness for the Summer season with an elaborate display Wednesday.

1910 styles vary somewhat, in the popular boater shape both wide and narrow brims will be worn with a slight inclination toward medium wide brims, also a new flat shape is shown in Panamas.

Our preliminary shipments are now complete, including makes by some leading European and American manufacturers. The assortment is very large with a range of prices to satisfy any choice.

A few styles and prices we itemize:—

Narrow Brim Sennit Braid, \$2.00—Slightly narrower and higher than last season's style, made of sennit braid, with fairly thick and narrow brims, black silk band and "cushioned" leather sweatband. Shown in illustration No. 5. Price \$2.00.

Another Style at this price, made in split straw braid, with medium crown and thin narrow brim. Price \$2.00.

A Dressy Neglige, \$3.50—Of fine pedal braid, with square crown of natty size and roll brim, to be worn with dip front; has pure silk band and Russian leather "sweats." Shown in illustration No. 6. Price \$3.50.

In the Popular Neglige are many other styles in Canton and pedal braids, low, medium and high crowns, with square and round corners; roll and dip front, brims. Prices \$1.00, \$1.50, \$2.00, \$2.50, \$3.00, \$3.50 and \$5.00.

A Good Value Boater, \$1.50—There is extra good value in this hat; made in well-split braid, neat shaped, square crown and popular width of brim; looks good and will be a big seller. As shown in illustration No. 7.

Other styles at same price in Canton, rustic and split braids, with medium and high-set crowns and variety of brims. Price \$1.50

A Panama Fedora, \$9.00—Very neat and stylish 1910 model of fine Panama braid in creased fedora shape; medium roll brim; to be worn in natural or dip brim style; black silk band and Russian leather sweatband, as shown in illustration No. 8. Price \$9.00

Fight Tex Rickard is Referee

Licenses And Trials

Note and Comment

With two down and Deal and Vaughn to bat before him in the second inning yesterday at the Stadium, no wonder Yandy donned his pad and mask...

The presence of Jimmy Mullen put second base on a tight string, and the Rock caught him asleep with a punt in the third. Joe Delehanty showed some...

Deal's work was first was nothing short of phenomenal. He took a chance in the fourth and a step to first before he lined the throw to the plate. However, he retired two and Ump saw it...

The success of the Woolthorpes this year is a reminder that Secretary Fraser of the O.J.C. was never happier at Hamilton one day than he is at Toronto...

According to expert testimony, the revised football code is merely a transitional state. The members of the football rules committee...

ROCHESTER'S Sixth Straight. GANZOF'S Hustlers won their sixth straight today by easily defeating Jersey City...

ROCHESTER, May 16.—(Special.)—Manager Ganzof's Hustlers won their sixth straight today by easily defeating Jersey City...

Krausman's German Grill. Special business meeting at 1:30 a.m. to 3:00 p.m. Steaks and chops all day...

BREKENT PLAYED GAME BY KELLEYITES

Rochester, Newark and Baltimore Win—Bill O'Hara Reports.

Altho Providence outthrew Toronto two to one, the Leafs won a brilliant 3-0 game yesterday in the third game of the series...

Three players stood out prominently during the game, they being Elston, the Greys' left fielder, who accepted six hard chances in the field that a falter would have gone for anything above a double...

It was one-two-three for the Greys in the third, and it might have been the same for the Leafs, so far as the scoring went, also...

According to expert testimony, the revised football code is merely a transitional state. The members of the football rules committee...

ROCHESTER'S Sixth Straight. GANZOF'S Hustlers won their sixth straight today by easily defeating Jersey City...

ROCHESTER, May 16.—(Special.)—Manager Ganzof's Hustlers won their sixth straight today by easily defeating Jersey City...

We Supplied your Grandfather, So We Ought to Know

There is a wide difference between FULTON'S first steamboat and the "last word" in ocean liners, the "MAURETANIA"—the difference represents the accumulated experience of a century.

"Davis Perfection"

We supplied your Grandfather, so we should know. Besides the choicest tobaccos grown, Davis' put into their "PERFECTION" Cigar the experience of

Over Half a Century

with the result that "PERFECTION" is the "last word" in 10c cigars. It is mild and mellow, and is a revelation in the art of blending choice tobaccos.

S. DAVIS & SONS, LIMITED, MONTREAL. Makers of the famous "NOBLEMEN" two-for-a-quarter Cigar.

Reeve, 25 Sherbourne street, Toronto.

The Toronto World

FOUNDED 1894. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO.

MAIN 5308 Is the World's New Telephone Number.

ESSENTIAL TUBE POLICY.

A complete report on the tube question, to be ready by July 1, represents one of the most important business-like proceedings that the city council has ever contemplated.

The real danger is in delay and in getting the extension of lines inside the old city limits mixed with the extension of lines in newly annexed territory, an entirely different and independent question, and one which should be kept separate.

Might it not have occurred to Mr. Hal Oser, when he claimed that the "Whitney act of the Legislature of Ontario" was ultra vires and contrary to Magna Charta?

BEFORE THE BOARD. Counsel for the Toronto Railway before the Ontario Railway Board talked about Magna Charta and the Petition of Right.

BUILD THE FLEMING LINES. The policy of refusing what the street railway asks respecting extension of car lines is a mistake one in this instance.

CORPORATIONS WANT A BOSS. Boss rule is always the outward and visible sign of the inward and vicious rule of the corporations. In no other way can the corporations exercise such direct control over public affairs as through the mediumship of a partisan boss.

BOSSISM AND CHRISTIANITY. Editor World: The article entitled "Christianity and Bossism" in last Thursday's World, is a disgrace to whoever wrote it.

BOSSISM AND CHRISTIANITY.

Mr. Nathaniel Smith thinks it a disgrace to refer to the religions of our fellow-subjects, or to suggest that our fellow-subjects have as good a right to their views and their beliefs as we have.

Mr. Smith makes the mistake which nearly all superficial students do of confusing a religion with the people who are identified with it, and who, in adopting it and attempting to practice it, carry their national characteristics into the modifications of their creed.

Buddhism at its best is a long way ahead of Christianity at its worst. Buddhism at its worst is never quite so degraded and brutal and foul as Christianity in the slums of our great cities.

When the Buddhist representatives returned in 1893 to Japan from the congress of religions in Chicago, they consulted with the emperor as to the advisability of sending missionaries to convert the immoral, drunken, cheating and lying Christian nations of the west.

The Chinese are a most ancient and respectable people, and the fate of passing one's existence in the beautiful valleys of the flowery land among its peaceful and industrious inhabitants is not one to be alarmed at.

IMMIGRANTS HAVE DIPHTHERIA. NORTH BAY, May 16.—A special train with about 800 passengers from the Steamship Empress of Ireland, for the west, arrived here Saturday afternoon. Two cars for Minneapolis were taken off and while being pulled yesterday morning, two cases of diphtheria were found in one of the cars.

DOUBLE DROWNING. VANCOUVER, May 16.—Walking along the edge of a 50-foot cliff, Miss Tement slipped over into the whirlpool of the Capilano Canyon on Sunday afternoon.

WILL ERECT STEEL SHEDS. MONTREAL, May 16.—The C. P. R. will this season put up immense steel structures in the Rocky Mountains to make impossible the recurrence of the disasters which took place last winter, and which were attended by serious loss of life.

JUVENILE TRAVELER. MONTREAL, May 16.—Among the Montreal's passengers this morning was Mary Pedwell, 6 years old, bound for Toronto to her parents. She traveled all the way from Cardiff with a label sewed on her coat for identification.

CONFESSED TO BIGAMY. BRANTFORD, May 16.—(Special.)—Mary Rustin, a 19-year-old girl, from Galt, pleaded guilty in court here today to carrying Charles Stansbury and George Grist in 1908. She said she lived with Grist, her first husband, one day, when he told her to go. She was remanded a week.

NORMAN McADAM DEAD. Norman MacAdam, six months out from Scotland, is dead of typhoid fever. His brother is on his way here from Scotland, but has not yet heard of his brother's death.

ONE FAMILY'S BEREAVEMENT. Two little lads, two and four years of age, the only sons of Mr. and Mrs. I. Stille, 12 Briggs-avenue, died within two hours of each other Sunday of scarlet fever. The double funeral was held yesterday.

POISONED MACARONI. CHICAGO, May 16.—Five cartloads of macaroni, shipped from St. Louis to Chicago and alleged to contain a poisonous coloring substance, were ordered destroyed by Judge Landis in the United States district court here today.

CONFERRED TO BIGAMY. BRANTFORD, May 16.—(Special.)—Mary Rustin, a 19-year-old girl, from Galt, pleaded guilty in court here today to carrying Charles Stansbury and George Grist in 1908.

KINGSTON DISCUSSES CHEAP POWER PROJECT.

Northumberland and Durham Counties Claim They Can Reduce the Cost One-Third.

KINGSTON, May 16.—(Special.)—The question of cheap power for Kingston has been taken up by the board of trade, with representatives of the Northumberland and Durham Power Co. The company claim they can reduce the cost one-third.

ALDERMEN MAKE ERROR. Chatham Council Remit Fine of Men Convicted Under Code. The city council of Chatham have placed themselves in a peculiar position by sitting in solemn conclave and passing a resolution remitting a fine of \$15 imposed by Police Magistrate Houston on the local dog catcher, for assault.

DIED OF BLOOD-POISONING. Ex-Mayor Wilson of London Passes Away After Six Weeks' Illness. LONDON, Ont., May 16.—John D. Wilson, ex-mayor of London and one of the city's most prominent physicians, died this morning after six weeks' illness with blood poisoning.

A YOUTHFUL HERO. Saved His Little Sister From Being Burned to Death. THAMESFORD, May 16.—The 4-year-old daughter of Mr. James Forbes, two miles south of here, had a close call from being burned to death yesterday when she was playing with a fire.

NEW WAY OF DIVORCING. Which Justice Latchford Says He Cannot Approve. Judgment was reserved by Justice Latchford in the non-jury assize court yesterday in the suit brought by Edward Latchford, against his wife, Mrs. Mary May to Robert May, brother of her first (deceased) husband.

POISONED MACARONI. CHICAGO, May 16.—Five cartloads of macaroni, shipped from St. Louis to Chicago and alleged to contain a poisonous coloring substance, were ordered destroyed by Judge Landis in the United States district court here today.

CONFESSED TO BIGAMY. BRANTFORD, May 16.—(Special.)—Mary Rustin, a 19-year-old girl, from Galt, pleaded guilty in court here today to carrying Charles Stansbury and George Grist in 1908.

"Come Try a Package"

When a smoker discovers a brand of cigarettes that appeal to him as exceptionally worthy, he's usually quick to tell his friends about it.

This explains the rapidly-growing popularity of Tuckett's Cigarettes.

Tuckett's Cigarettes. Why bother to try the various "mush-room" brands that are continually springing up—only to die out as quickly.

No smoker has ever yet been disappointed in a Tuckett brand for fifty years that name has stood for "quality" in tobacco products.

Tuckett's "Old" Cigarettes—made from an exquisite blend of Virginia leaf. 15c a package of 10.

Tuckett's "Specials"—made from a mild Turkish leaf in flavor and aroma. 15c a package of 10.

TORONTO TAXES FOR 1910. The city treasurer gives notice that the tax bills for 1910 are now in course of preparation, to be delivered on all occupied premises according to law.

SPORN'S LAST JUDGMENT. To-day in Westminster Hall, London, will be held the memorial service in honor of our late King. The musical portion of the service will be taken largely from Sporn's "Last Judgment." By a pleasing coincidence "Toronto will be privileged to hear this work in its entirety this evening by Trinity Methodist Choir, under the direction of their organist, Mr. Sporn.

REBELS GIVE UP. CONSTANTINOPLE, May 16.—Peace parleys have been under way between the Turkish Government and the leaders of the Albanian rebels for five days, and there has been no fighting for a week. Advice received to-day indicates that the rebels will surrender, accepting the government's peace terms.

EXPLOSION IN A SAW MILL. KENILWORTH, May 16.—A terrific explosion, which was heard for miles occurred here to-day at noon, caused by the boiler exploding in O'Neill's saw mill, and which did considerable damage to buildings situated near it by the shock. No person was injured.

REPORT NOT CREDITED

Bourassa May Become Monk's Ally But Not Successor.

OTTAWA, May 16.—That Mr. Bourassa may succeed Mr. Monk as Conservative leader in Quebec, is a story originating in a Montreal Sunday paper, but it is little credited here.

It is true that Mr. Bourassa on the navy policy is in accord with Mr. Monk, but neither of them is in line with what is the pronounced policy of the Conservative party on the issue.

Mr. Bourassa can hardly take the place of Mr. Monk, because he is not a Conservative. Primarily he is a Nationalist; he is the head of a party of his own. It was his independence of view which caused him to break from Laurier and to leave the party caucus.

There is no evidence that, even if he joined forces with the Conservatives, he would display better discipline.

If Mr. Bourassa re-enters federal politics, it will be as a Nationalist, and he might become the ally, but hardly the successor, of Mr. Monk.

AT PETAWAWA

Properly Will Be There When Gen. French Inspects Troops.

OTTAWA, May 16.—While the alleged delay of the militia department of a biplane from the Messrs. McCorday & Baldwin, for \$5000 is denied, there is no denial as to negotiations being under way. When P. McCorday was in Montreal last week he had a conversation over the long-distance telephone with a prominent member of the militia council, and it is thought it was pertaining to this.

There seems to be little doubt that when Major-General French inspects Petawawa this summer inspects a large body of troops there and that it is an aerial craft there, and that it is thought either McCorday or Baldwin will be there to conduct the experiments.

D. R. A. MEET EXTENDED.

OTTAWA, May 16.—Increased interest in rifle shooting has caused a Saturday program to be added to the D. R. A. and \$1500 more for prizes. For each of the six short range competitions, which open on Aug. 22.

Recruiting the N. W. M. P.

OTTAWA, May 16.—An order-in-council will be passed in a few days giving effect to an agreement reached with the governments of Alberta and Saskatchewan whereby the arrangement regarding the Northwest Mounted Police service will be renewed for five years, from March next. Each province is to pay \$75,000. Recruiting to the force, which had been allowed to divide, has now been resumed.

THE WEATHER

OBSERVATORY, TORONTO, May 16.
(8 p.m.)—In the west to-day the weather has cleared and become warmer again. A minor disturbance from the southwest is approaching the great lakes. From the lakes to the Atlantic the weather has remained fine and moderately warm.

Minimum and maximum temperatures: Dawson, 36—50; Atlin, 38—44; Victoria, 42—66; Vancouver, 49—71; Edmonton, 32—45; Calgary, 29—70; Moose Jaw, 26—54; Qu'Appelle, 30—50; Winnipeg, 42—48; Port Arthur, 46—52; Perry Sound, 34—70; London, 32—47; Toronto, 36—63; Ottawa, 36—68; Montreal, 44—65; Quebec, 26—70; St. John, 41—63; Halifax, 38—62.

—Probabilities—
Lakes and Georgian Bay—Moderate to fresh easterly to southeasterly winds; mostly fair and moderately warm showers by night.
Upper St. Lawrence and Ottawa Valley—Moderate winds; fair and moderately warm showers by night.
Lower St. Lawrence and Gulf—Moderate winds; fine and warm.
Maritime Provinces—Variable winds; fine and moderately warm.
Superior—Strong easterly winds and showers.
Manitoba and Saskatchewan—Showery, with a little higher temperature.
Alberta—Strong northwesterly winds; cooler, with local showers.

SAVED FROM FLAMES

Drenching Rain Came to the Aid of Minnesota Residents.

St. PAUL, Minn., May 16.—Word came to-day from Bemidji, a town of 5000 people, that the heroic work of men in the town, prayers of women and a drenching rainfall saved it from destruction from the fierce forest fire which bore down on it with lightning-like speed yesterday.

Residents about the outskirts of the town, fearing a spreading of the fire, had packed their furniture in wagons or other conveyances, ready to move them should occasion require.

Reports from other parts of the fire-swept district show that while the fire has burned itself out, there is yet considerable damage occasioned by the winds and flying burning embers.

The worst fires to-day are reported from the vicinity of Merrill, where the entire northern portion of Lincoln County is in the path of the flames.

Indian at Haldimand County Victim of Accident.

BRANTFORD, May 16.—Anthony Johnson, a farmer living eight miles east of Onawakee, just across the line from Indian reserve, in Haldimand County, was burned to death early Sunday morning.

On Saturday he made a trip with a neighbor to Jarvis, where the two are reported to have secured liquor. They returned home late, Johnson entering the house alone, while the other went home.

Shortly before 4 o'clock on Sunday morning, neighbors saw the house in flames. It was then too late to save it. When the fire was over the remains of Johnson, burned beyond recognition, were found.

It is believed that while drunk in the house he fell with a lit lamp, setting fire to the place.

Woman Fell From Car.
Mrs. Goodfellow, 124 Millcent-street, was thrown to the pavement at 11 o'clock last night in alighting from a moving car at Bloor and Market streets. She was picked up unconscious and taken into W. M. Maltby's drug store. Dr. Moore was called and dressed her wounds, which were found to be only slight abrasions of the scalp. An ambulance took her home.

New Zealand Trade Commission.
OTTAWA, May 16.—An order-in-council has been issued appointing W. A. Beddoe Canadian trade commissioner in New Zealand.

RAN AMUCK

Chinaman With an Axe Creates Panic on Steamer.

VANCOUVER, May 16.—(Special.)—Armed with an axe and shouting like a madman, Chinese steamer passenger on the steamer Queen City practically had possession of that vessel yesterday morning, the passengers fleeing in all directions before the advance of the infuriated celestial.

While the Chinaman chased the passengers, the crew chased him, and finally managed to keep upon him from all directions, the Chinese was captured by his captors and jumped overboard. He sank immediately and was not seen to rise. The Queen City was southbound and reached port to-day. The Chinaman ran amuck when the vessel was in the Gulf of Georgia.

MEMORIAL SERVICE PROGRAM

Outline of Program for Queen's Park Ceremonial.

It is expected that thousands of citizens will throng Queen's Park on Friday to attend the royal memorial service. The music for the occasion will be furnished by the military bands, under Bandmaster Waldron of the Grenadiers. Dr. Ham, choirmaster of St. James' church, will direct a massed choir of 500 adult and 500 child voices, made up from various church choirs.

A platform will be erected in front of the parliament building to accommodate the clergy and government officials. His Honor the Lieutenant-Governor has done the honors of the day, and will read the prayer book, and will especially desire that silence shall be maintained throughout the service.

The official proclamation does not proclaim a holiday, and in view of Victoria Day coming on Tuesday next, which will be observed as usual throughout Canada, there will be no local establishments, which, owing to pressure of business, will not close down for the day.

The courts will, with the exception of the police court, be closed from Thursday until Wednesday.

WINE SLAYERS FROM EAST.

WINNIPEG, May 16.—Believed to be white slavers from the Canadian headquarters at Montreal, two men and two women are now held at the police station on nominal charges of carrying on a business which is illegal in all provinces, and which is also being investigated by the federal police.

The principals are, Italians. Local investigations as to the operations of the gang are being made, and evidence also being obtained by wire from other centres.

The Value of Humor.
A comrade of indignant woman suffragists who lately called on the publisher of a Philadelphia newspaper to complain that his paper had printed a "filippic" account of one of their meetings, were told a story.

The trouble with you suffragists," said the editor, "is that you have no sense of humor and expect the whole world to be so dead in earnest as you are. I cannot conceive of any of your speakers telling a story of a suffragist who beat her husband, a notorious practice of theirs if we are to believe the comic weeklies. Let me show you the difference."

"When Booker T. Washington last spoke at the Academy of Music," he began by telling of a negro who had arranged to furnish a white man a certain number of turkeys every week. It was expressly stipulated that they should be domestic turkeys, as wild ones in that vicinity were scarce.

"The bargain was kept for a time and things were going well until one day the white man found that one of the turkeys had been riddled by a lead of shot.

"Do you mean by trying to pass this wild turkey on the bargain?" he asked.
"That is what he meant," replied the negro.
"I am puzzled for a minute," said the white man, "but I can't explain that at all. I said, 'I want a lead of shot.'" "That's what Booker Washington told that story," concluded the editor.

"Do you get my point?"—Philadelphia Times.

The bubonic plague is epidemic at Amoy, China.
The disabled Red Star liner "Kroonland" has reached Southampton.

SEEN THE COMET?

THIS IS A PICTURE OF THE MAN WHO TELLS YOU, "YES I GET UP EVERY NIGHT TO WATCH IT."

WHAT YOU SEE WHEN YOU DO HAPPEN TO WAKE UP AT THE RIGHT TIME.

CLOUD CLOUD MORE CLOUDS

COME ON UP YOU GET A GOOD VIEW OF THE COMET

I CAN'T GET TO KEEP MOVING AROUND MY BEAT!

POLICE AND NIGHT WATCHMEN ARE NOT EXPECTED TO SEE IT.

A Famous Speed Exercise.

All has been going well with us of late and I now wish to see how fast I can write and do nice work having in view that if it is not nice it is of no use as it is not an honor to me and it does harm to those who do not do it with care. If we wish to do nice work and do it fast we must keep the hands near the keys and hit them with a low lift of the hand as a high lift of the hand is apt to make one lose time in hitting the keys and in so doing he is not so apt to write as fast as if he kept them near the keys.

The specimen of typewriting reproduced above has been used by many of the most rapid typists in giving exhibitions during the past ten years. It contains 127 words, and can be written in less than one minute. How fast can you write it?

Go to the Canadian Championship Typewriting Contest at Association Hall next Thursday evening and will be given to the Newsboys' Building Fund.

The United Typewriter Co. have donated special prizes for accuracy in the contest. The contestant making the fewest errors, whose net rate is between 50 and 60 words a minute, will receive a five-dollar gold piece. Gold watches will be given to the contestants making the fewest errors whose net rates are between 60 and 70, and between 70 and 80 words a minute, respectively.

NOW WHAT IS THE REAL MEANING OF THE KISS?

Definitives Hitherto Offered Have Not Hit the Nail on the Head—Attempts That Have Failed.

Whether kissing is a science or an art is a problem which troubles its votaries unless they be of an inquiring nature and even then they are hard put to it to give a clear definition of what a kiss is. They have attempted to do so, but their efforts cannot truly be said to be as clear as the noonday. For instance, an American medical man described a kiss as "the spontaneous contraction of the orbicular muscles in a state of contraction," while the late Prof. Huxley, our bank holiday as well as a "general day of mourning," the word "mourning" is "a word which did not technically convey the proper meaning, so as to include the kisses of the dead." Not only that, but the definition is "nothing divided between the parties, but is a common thing to financial men, when the time of maturity of notes and loans and such things are being considered."

The official proclamation does not proclaim a holiday, and in view of Victoria Day coming on Tuesday next, which will be observed as usual throughout Canada, there will be no local establishments, which, owing to pressure of business, will not close down for the day.

The courts will, with the exception of the police court, be closed from Thursday until Wednesday.

The principals are, Italians. Local investigations as to the operations of the gang are being made, and evidence also being obtained by wire from other centres.

The Value of Humor.
A comrade of indignant woman suffragists who lately called on the publisher of a Philadelphia newspaper to complain that his paper had printed a "filippic" account of one of their meetings, were told a story.

The trouble with you suffragists," said the editor, "is that you have no sense of humor and expect the whole world to be so dead in earnest as you are. I cannot conceive of any of your speakers telling a story of a suffragist who beat her husband, a notorious practice of theirs if we are to believe the comic weeklies. Let me show you the difference."

"When Booker T. Washington last spoke at the Academy of Music," he began by telling of a negro who had arranged to furnish a white man a certain number of turkeys every week. It was expressly stipulated that they should be domestic turkeys, as wild ones in that vicinity were scarce.

"The bargain was kept for a time and things were going well until one day the white man found that one of the turkeys had been riddled by a lead of shot.

"Do you mean by trying to pass this wild turkey on the bargain?" he asked.
"That is what he meant," replied the negro.

"Do you get my point?"—Philadelphia Times.

SEE FOUL MURDER DONE HELP ASSASSIN ESCAPE

Vancouver Italians Collect Sum of Money on Street To Aid in Flight of Comatriot.

VANCOUVER, B. C., May 16.—(Special.)—Stabbed to death from behind as he was running from a knife in the hand of his relentless fellow-countryman, Siss Parrri this afternoon, his sudden fate in the open street at the corner of Powell and Victoria-drive.

Scores of men of his own race on every side were unwilling to assist him. When his victim fell, B. Costina, the murderer, turned and ran west down the railway tracks some hundred yards. Some one called to him, and he retraced his steps, to where some of his fellow-laborers were standing, and from these he took a passing collecter's sum of money, leaving the scene again at a sharp run in his effort to escape the law.

The dead man and his slayer were members of a city sewer cleaning gang working in the same trench; their heads barely showing above the ground, when an argument started between them. In the heat of the altercation, Costina drew a long bladed jack knife and mare at Parrri. Defenceless, the latter ran a short distance down the ditch and was surrounded to the level ground above, his enemy close at his heels, shouting and swearing in Italian.

Again and again they doomed man screamed in his native tongue, and in English, "He will kill me; he will kill me," but not one of the laborers intervened between the murderer and his victim. Parrri, the younger man, was other, was much larger and heavier. Just as his quarry was leaving the trench in the direction of the railway tracks, Costina gained on him in one stride, and plunged the knife into the base of Parrri's neck below the left ear.

Twenty policemen were on duty within a quarter of an hour and expected to round up the Italian to-night.

C. P. R. IMPROVEMENTS

Said That There Will Be Extensive Additions to London Facilities.

MONTREAL, May 16.—(Special.)—That plans are well under way for an extensive development of C. P. R. facilities at London, and that these plans will be put into execution shortly, is the information your correspondent gathers to-day at the headquarters of the company.

The exact nature of the intentions of the C. P. R. the company does not at present feel inclined to disclose, but that the intentions have taken definite form and will be put into execution during the summer is suggested.

Mr. David McNeill, first vice-president, has returned from a visit to Toronto, but while he is non-communicative regarding London, it is intimated that there will be a large round house and the building of branch lines already under charter, development, work in Western Ontario may be postponed until the early fall.

Oppose Change of Oath.
OTTAWA, May 16.—At a meeting of the Royal Orange Lodge, a resolution was passed against any change of the coronation oath to be taken by King George of Britain.

SKIN ERUPTIONS AND PIMPLES

Disappear Under a Treatment With Dr. Williams' Pink Pills.

There can be health and vigor only when the blood is rich and red. There are thousands of young men just approaching manhood who need the rich, red blood that only Dr. Williams' Pink Pills can make. They have no energy, tire out at the least exertion, and feel by the time they have done their day's work as though the day was a week long. In some cases there is a further sign of danger in the pile of hair falling out, which break out on the face. These are certain signs that the blood is out of order and that a complete blood-making agent like Dr. Williams' Pink Pills is the medicine these young men should take. These pills actually make rich, healthy, and energetic blood.

Here is the experience of Adolphe Ross of St. Jerome, Que., a young man of 19 years of age, who says: "For more than a year I suffered from general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me, I had occasional violent headaches and I began to suffer from indigestion, was falling so rapidly that I began to fear that consumption was fastening itself upon me. My family doctor treated me, but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so and inside of three weeks I began to feel better; my appetite began to improve and I seemed to have a feeling of new courage. I continued the pills till I had taken ten boxes and I am now enjoying the best health I ever had. My cure surprised many of my friends, who generally regard me as invulnerable, and I strongly advise other young men who are weak to follow my example and give Dr. Williams' Pink Pills a fair trial."

Bad blood is the cause of all common diseases like anaemia, headaches, neuralgia, rheumatism, sciatica, indigestion, all nervous troubles, general weakness and the special ailments that only women folk know. Dr. Williams' Pink Pills are the cure, because they go right to the root of the trouble—the blood. They change the bad blood into good blood, and thus bring health, strength and energy. You get these pills from any medicine dealer, or by mail at 50c a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Alliance Against Peru.
LIMA, Peru, May 16.—The Peruvian Government has received information from what are believed to be reliable sources that Ecuador and Colombia have signed an alliance against Peru. It is also stated that Peru has secured the neutrality of Bolivia.

Conducting a Party.
Belinda, the youngest teacher of a girl's school is forced into taking a party to Europe alone. "The personal Conduct of Belinda by Eleanor Hoyt Brainerd, (Toronto) Chase Book Co."

Some of the young ladies with their characteristic enthusiasms and love affairs are all ready to go to Europe. Belinda, an elderly lady and a young man, who mind to win her love, are also of the party.

The adventures of the party are highly amusing. The young man of the party having been to Europe at least ten times before, finds it rather entertaining to be "personally conducted" by a young woman who knows very little about travel.

Civic Official on Trial for Perjury.
PITTSBURGH, May 16.—Director of Public Works Jos. G. Armstrong was held for trial to-day on charges of false pretences and forgery. Perjury charges are brought by the Voters Civic League, which alleges Armstrong falsified the city payroll by certifying to names of men sent from their regular duties to work at the polls.

Canada's Sympathy.
LONDON, May 16.—Hon. A. E. Aylesworth in an interview, expressed the intensity of the shock of the news of the King's death in Canada, where everywhere there was a sense of personal loss. Mr. Aylesworth also expressed the loyalty of Canadians, and said English people did not know what their regular duties to work at the polls.

Brodeur Back.
OTTAWA, May 16.—Hon. L. P. Brodeur has returned from the south and is apparently again in good health. Mr. Brodeur has gone to Quebec, where he will join the premier and other ministers for a party conclude and consideration of the dry dock scheme and harbor works.

Such Perfect Deers.
After the prizes had been awarded college refreshments were served in the dining room and reception hall, the ladies unconsciously grouping themselves prettily like young plumaged birds, nesting after flight.—Rogers Park (Ill.) News.

Hon. Wm. Pugsley will address the Ontario Club on May 28.
Seventeen thousand Iowa mine workers have resumed, after a six weeks' strike.

COBALT -- Mining Securities Display Better Underlying Strength -- COBALT

Trading in Mining Stocks Quiet But Market Shows Improvement

Cobalt Issues Hold Steadily Firm, With Higher Values for Some of the Active Specialties.

World Office, Monday Evening, May 16. Although the trading was quiet at the local mining exchanges to-day there was a much stronger undertone to the market, and several listed securities made further advances. The issue in particular enquiry were the Timskaming, Nova Scotia, Beaver, La Rose and Nipissing.

The improved market for the higher-priced issues has been beneficial to the market in general, and the trading sentiment in mining circles is much more favorable to-day than it has been. Beaver rallied over a point, Timskaming an equal amount, while La Rose and Nipissing made advances of several points. The shipment of another car of ore last week from Beaver was responsible for a better demand for that stock. While Timskaming is being picked up by those who were satisfied by the first quarterly statement issued by the company, the market as a rule closed firm and the prevailing opinion is that an advance of great dimensions is warranted by the present condition of the market.

SENTIMENT IS IMPROVING.

There is a considerable betterment in the feeling in regard to the Cobalt securities owing to the knowledge that the camp has never been in such an active development stage as it has been. Recent good discoveries on Rochester, the Lawson of the La Rose group, the excellent results being attained from the Beaver and the introduction of power which is enabling many mines to produce a large amount of concentrates. Recent visitors to the camp are all enthusiastic in regard to the future and believe that it is only a question of time before the public recognize that the mining stocks have not yet recovered to the level of values which have occurred to most properties in the camp since a year ago.

PROVINCIAL MINE SHIPS

Thirty-Two Tons Consigned to Bureau of Mines by Ontario Govt.

Discussing the ore shipments from the camp last week The Cobalt Nugget states that the Ontario Government is not to be in the future and in the meantime the 32 tons sent from the Provincial is not from the company operating the property but from the Ontario Government. This ore has been lying in the ore house at the old government owned mine now for about thirty-eight months awaiting shipment. It was not sent direct to any smelter, but was consigned to the Bureau of Mines in Toronto.

WILL EXPLORE MATTAGAMI

Prof. Baker of Kingston School of Mines to Inspect New Coal Fields.

COBALT, May 16.—After recruiting a substantial number of headquarters which have been established at the Mattabank for the summer, Prof. Baker of Kingston left last week on a four-months' journey into the woods to examine Mattagami coal. Four men were taken to help carry food and erect tents.

The party left Haliburton for Cobalt where they will take a train down the Transcontinental to the Mattagami where canoes will be used for a distance of 30 miles down the river.

TO MAP PORCUPINE

Prof. Miller With Efficient Staff Inspecting the Gold Camp.

The importance attached to Porcupine among the young camps of Ontario is shown by the fact that when the different locations for the geological survey were made Professor Miller took the district in the Fredericton area and went in with a party that will be increased to seven. With him went in Mr. Cyril Knight, who helped the head of the survey in his work in the Cobalt district. They will go in by 228 1-2, and will join at Porcupine other well known members of the Ontario service. Their object during their five or six weeks' stay will be carefully map the district, particularly in regard to the geological conditions.

Can't Agree.
The parties interested in the suit of Curran & Co. on behalf of the Severan Bank against several of the former directors, have been unable to reach a settlement, and Chancellor Boyd, who tried the case, will have to decide the issue.

Church Census.
It was decided at the meeting of the Ministerial Association yesterday to take a religious or church census with a view to ascertaining how many people in Toronto are not connected with any church organization.

FIFTEEN TON PLANT FOR TIMMINS PROPERTY

Steady Work at Porcupine Brings Good Results—News of the Camp.

COBALT, May 16.—According to Mr. A. T. Budd, who has just returned from Porcupine, the Timmins are now erecting on their own property a crusher, amalgamating and cyanide plant of fifteen-ton capacity. The plant is situated on the ore from cross cut in the No. 3 shaft west 3247 to the ton at sixty feet down.

Mr. Budd is of the opinion that the public and the press does not yet realize what a great camp Porcupine is. The ore bodies are large. The ore could not be more desirable from a trading standpoint. View and the values are most satisfactory.

Mr. Budd reports that the richest ore shipped from the Hollinger-McCowan came from the cross cut in the No. 2 shaft. All the ore taken from the cross cut at 60 feet was one assay ton per ton. The vein is 11 feet wide and is full of sulphides throughout. It is not a pay streak proposition. No signs of any oxidation were found in the cross cut.

There are now 50 men at work on the Hollinger. The compressor and electric light plant are in operation. Seventy acres of the property have been cleared of timber. A crusher amalgamating plant and cyanide plant of fifteen ton capacity is on the property and is now being put up. This plant will turn out gold bricks this summer and at the same time will give owners a much better idea of the value than assays would.

DR. HYDE, GUILTY OF MURDER, GETS LIFE

Jury Out Over Two Days—Tried on Eleven Separate Charges.

KANSAS CITY, May 16.—Dr. Hyde was found guilty at 10:23 o'clock to-day of murdering Col. Thomas H. Swope. His punishment was fixed at life imprisonment.

"I will file a motion for a new trial and then take an appeal in the case," said Frank P. Walsh, chief counsel for Dr. Hyde.

The verdict came unexpectedly. Every attorney in the case had given up hope of the jury which had been out since Friday night, reaching an agreement.

It was reported this morning that one juror voted his verdict "not guilty" but acquittal until the day of old age.

Dr. Clark Hyde has been under suspicion in connection with the mysterious illness and death in the Swope family ever since the death of Colonel Thomas H. Swope, on Oct. 3, 1909.

The death of Col. Swope followed convulsion, and this convulsion, it was charged by members of the Swope family, followed immediately after the administration of a capsule given by direction of Dr. Hyde. Dr. Hyde said was a digestive tablet.

It was proven at the trial that Dr. Hyde had purchased cyanide of potassium in five-grain capsules, and he was prosecuted in the belief that he was taking from his body the cyanide capsules to kill roaches in his office.

Two days before the death of Colonel Swope, Moss Hunt, a cousin of the millionaire philanthropist, died at the Swope home, following a stroke of apoplexy. Dr. Hyde and Dr. G. T. Hunton. The patient was bled profusely, it is charged, at the suggestion of Dr. Hyde. After six plinks of blood were taken from his body the bleeding process was stopped, but not till Dr. Swope had repeatedly protested that too much blood was being taken from the old man.

Beginning early in December, an epidemic of typhoid fever broke out in the Swope household, during which several members of the family were stricken, and one, Christian Swope, a brother of Dr. Hyde's wife, died after taking a capsule given by Dr. Hyde's direction, and a child, Margaret Swope, Christian's sister, who was also treated by Dr. Hyde, died after taking a capsule, but she was given an emetic at once by Dr. Truman, and recovered.

On Jan. 7, 1910, the body of Christian Swope was secretly exhumed and four days later the body of Col. Swope was removed from its tomb in Woodstock, N. Y., and Philadelphia, and placed for analysis. Strychnine was found.

In all Dr. Hyde was indicted on 11 counts, the remaining indictments were dropped. In France the fear of members of the Swope family by introducing typhoid germs and poisons into the medicine administered by him.

IS TAIL OF THE COMET TOO SHORT TO REACH US?

Professor of Astronomy at Oxford University Says Recent Observations Have Proven It Is.

LONDON, May 16.—Halley's comet is about 24,000,000 miles from the earth, toward which it is rushing at a rate which will bring it to its nearest point to the earth on Wednesday next. On that day, if the tail be 15,000,000 miles in length, the latest observations, however, lead astronomers to conclude that the earth will not come into contact with the comet's tail, which is calculated at only 7,500,000 miles long. The diameter of the comet's head is estimated to be about 9000 miles—not much greater than that of the earth.

However, it is possible that the tail may come up to the previous expectations as to its length before May 18, the night of the comet is very likely, in large degree, to be the cause of the remarkable meteorological perturbations to which western Europe, more particularly France, has been subjected in the last few weeks.

What further will the comet do to the inhabitants of the earth? It is naturally the question that is developed out of this preoccupation. The French are probably as free from superstition as any other nation. Predictions of the end of the world based upon any exception common sense reasons impress little. Ridicule kills the most absurd notions. In France the fear of the comet, which is widespread all over the world, has not been met with the kind of ridicule that kills.

Mild fun has been poked at it, but it is fun of the stoical sort, somewhat like the jests of imprisoned wretches in the great revolutionary days while they were waiting for their turn to be taken out and guillotined.

Under the superficial air of indifference and skepticism the menace of the comet is really taken rather seriously. The reports of astronomers on the gaseous ingredients of the comet's tail are read with the greatest eagerness. None of these gentlemen will commit himself absolutely to a statement that the comet will not sweep animal life from the earth, and it is safe to say that millions of persons in France are counting each day as the 18th of May approaches with much anxiety, however much the majority of them may pretend to dissimulate.

As Far Back as 1065 Was the Comet Recorded.

ROME, May 16.—A "Regulae Canonica" in the year 1066 has just been found in the archives of the Cathedral of San Lorenzo in Viterbo, which shows that Halley's comet appeared in that year. It runs as follows:

"In the year of the incarnation of our Saviour, 1066, on April 5, a comet star was observed in the morning in the east, which flamed for 15 days—

SEEING ALL THE BIG THINGS.

WASHINGTON, May 16.—Altho Mrs. Eliza Simpson has spent the 65 years of her life in Alexandria, Va., only eight miles from the national capital, yet she saw for the first time a president of the United States. Seventeen have sat in the White House since she was born. Furthermore, Mrs. Simpson never used a telephone until yesterday. It was the first time before she had seen the instrument, and it was necessary to put six stitches in the arm of Miss Gladys Spanglers. The other injured girl was Miss Hazel Fishelson.

EXPLOSION INJURES GIRLS

Accident in the Laboratory of East Toronto High School.

What might have been a serious accident occurred yesterday afternoon in the chemical laboratory of the East Toronto high school, when two of the girls in the fourth form were badly hurt about the face and arms by the explosion of a quantity of acetylene gas, with which the students were working. It was a good time before medical assistance could be obtained, and first aid was rendered by some of the "boy scouts" in the school.

Dr. Scherk was called in, and it was necessary to put six stitches in the arm of Miss Gladys Spanglers. The other injured girl was Miss Hazel Fishelson.

Tents and Awnings

Rains in Spring Wheat Belt Influence Chicago Market

Professional Operators POUND Wheat Futures on Crop News, With Resultant Lower Prices.

World Office, Monday Evening, May 16. The Liverpool grain exchange was closed today. At Chicago, May wheat closed 1/4c lower than Saturday. May corn 1/8c higher, and May oats 1/4c lower. Winnipeg car lots wheat to-day 1 1/2c, 1/4c over. Chicago car lots to-day: Wheat 33c, corn 1 1/2c, 1/4c over; oats 1 1/2c, 1/4c over. N.W. cars to-day 50c, last week 2 1/2c, last year 2 1/2c.

World's Wheat Shipments. LIVERPOOL, May 16.—Total world's shipments of wheat (inclusive of 1909) Saturday night, the past week 11,625,000 bushels, against 11,565,000 last week, and 11,440,000 the week before. The Canadian wheat crop is being taken by the market at a price of 1 1/2c, against 1 1/4c last week, and 1 1/4c the week before. On passage this week 4,578,000 bushels, against 4,578,000 last week, and 4,578,000 the week before.

ST. LAWRENCE MARKET. Receipts of farm produce were light, only three or four loads of hay. Prices were unchanged, hay selling at \$17 to \$20 per ton. Wheat, fall bush, \$1.02 to \$1.04; spring, \$1.02 to \$1.04; red, \$1.02 to \$1.04; white, \$1.02 to \$1.04. Corn, \$1.02 to \$1.04; oats, \$1.02 to \$1.04. Hay, \$1.02 to \$1.04; straw, \$1.02 to \$1.04.

FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$15.00 to \$16.00; No. 1, car lots, \$14.00 to \$15.00; No. 2, car lots, \$13.00 to \$14.00. Potatoes, New Brunswick, \$0.40 to \$0.45; Turnips, per ton, \$0.70 to \$0.75; Evaporated apples, \$0.10 to \$0.12; Butter, creamery, \$0.20 to \$0.22; Eggs, new-laid, \$0.20 to \$0.22.

GRAIN AND PRODUCE. Local grain dealers' quotations are as follows: Manitoba wheat—No. 1 northern, \$1.02 1/2; No. 2 northern, \$1.01 1/2; No. 3 northern, \$1.00 1/2; No. 4 northern, \$0.99 1/2; No. 5 northern, \$0.98 1/2.

CATTLE MARKETS

Hogs Active and Lower at Buffalo—Cattle Steady to Firm.

NEW YORK, May 16.—Beaver-Receipts, 4153; market, higher; steers, \$7.50 to \$8.50; cows, \$6.50 to \$7.50; calves, \$5.50 to \$6.50; hogs, \$4.50 to \$5.50; sheep, \$3.50 to \$4.50; goats, \$2.50 to \$3.50. Chicago, May 16.—Cattle, market, steady; steers, \$6.50 to \$7.50; cows, \$5.50 to \$6.50; calves, \$4.50 to \$5.50; hogs, \$4.50 to \$5.50; sheep, \$3.50 to \$4.50; goats, \$2.50 to \$3.50.

Chicago Markets. J. P. Bickell & Co., Lumber Building, report the following fluctuations on the Chicago Market of Trade: Wheat—May 11 open, high, low, close. Wheat—May 11 open, high, low, close. Corn—May 11 open, high, low, close. Oats—May 11 open, high, low, close.

Chicago Gossip. J. P. Bickell & Co. say at the close: Wheat—Lower. General rally in spring wheat belt and extreme dullness in speculative trade, occasioned an easy market throughout session, closing with a loss of 1/4c. Cash demand, the not urgent, is a smaller combined crop than a year ago. Public interest very light at moment, but as there are no indications of material decline we continue to advise purchases of September on all declines.

NEW YORK Daily Market. NEW YORK, May 16.—Butter, firm; receipts, 2000; market, steady; creamery, \$0.20 to \$0.22; factory, \$0.18 to \$0.20. Eggs, new-laid, \$0.20 to \$0.22; creamery, \$0.20 to \$0.22. Cheese, firm; receipts, 300; market, steady; full cream, \$0.18 to \$0.20; part skim, \$0.16 to \$0.18.

A Very Fortunate Delay for YOU!

\$15.00 and \$25.00 Summer Suits were not Delivered in Time. That's why you may have them at such an otherwise Incomprehensible Price

LADIES who have not secured a light-weight suit this spring may regard themselves as fortunate—if not forethoughtful. It happens that several irate retail customers of one of the principal Cloak Manufacturers cancelled their orders because of delay due to no fault of the factory. The cloths were delayed at the Customs. Consequently the suits were not made up in time. This is the simple and only reason for the price you see marked on these suits in this store on Wednesday.

We advise our readers to make preparation for an early start tomorrow. It is really worth a considerable round sum to have the first choice.

We describe these suits in full detail—you should read every word.

Women's Summer Suits. Regular \$15.00 to \$25.00 Values for \$7.49

150 suits. The materials are striped prunellas, French venetians, fine striped worsteds, French serges, fancy wide wale serges, checked worsteds, chevot serges. Colors in the lot are greys, blacks, navys, amethyst, myrtle, browns, rose, linden green, Copenhagen, mustard, chocolate, light, mid and dark grey stripes, fawns, fancy check effects, and a few creams. Coats are 32 to 34 inches in length, close fitting; almost all are lined with silk. Sme plain tailored, others with blouse effects, mannish collars, trimmed with moire silk or bengaline, some smartly tailored and trimmed with buttons, roll collars trimmed with Persian embroidery, turn back or stitched cuffs. Skirts are pleated and trimmed with self-strappings, braidings or buttons. The regular selling prices of these suits ranged from \$15 to \$25. Wednesday As we expect a great demand for these garments we cannot accept phone or mail orders.

A Bride's Hand-Embroidered Silk Chiffon Robe \$25 WASH DRESS GOODS DEPARTMENT

FOR brides, bridesmaids and others who have to attend those happy functions during the wedding month, we announce these beautiful robe lengths, some white for the bride herself, some in soft colors for bridesmaids and the bride's friends. These exquisite gowns are of real silk chiffon, beautifully embroidered by hand with fine silk in appropriate designs—true lover's knots, floral and other patterns. Each robe consists of partly-made skirt and sufficient chiffon to make the bodice with enough silk embroidery to trim it. No two alike. Comparatively low price. Sold usually at \$90.00. Our special price \$25.00.

They are showing in the Wash-Dress Goods Department on the second floor, Queen street section.

Semi-Made Robes of Voile and Silk

300 FRENCH VOILE ROBES.

Beautifully embroidered in a variety of designs, with sufficient material for any style of waist, and embroidered semi-made skirt, cut by expert designers from the latest modes; in a full range of all the new shades, some suitable for reception dresses, evening dresses, and others for outdoor wear. Regular price \$15.00. Special 9.75

150 SHANTUNG, PAILLETTE, HENRI-ETTA ROBES.

Waist length, embroidered on front and sleeves, and the skirt beautifully embroidered to match, in a full range of the newest colorings. These gowns require very little making to complete them, no two being exactly alike, lovely rich quality of silk; cut and designed by expert Parisian designers from the latest modes. Regular selling prices \$18, \$20, \$25, \$30. Special Wednesday 13.75

Three Suits for Men We are Particularly Proud of

A Scotch Tweed at \$11.00. An English Worsteds at \$15.00. A West of England Worsteds at \$18.00

THE first of these Suits will give you practical wear and a reasonable amount of style. The second will give you the maximum amount of wear and style to be had at the happy medium price. The third Suit gives you a distinction of cut, fit and finish which the extra three dollars hardly account for.

Beat these Suits if you can. On view for criticism in the Men's Store to-morrow.

THE SCOTCH TWEED AT \$11.00. Men's Scotch Tweed Suits, a firmly woven material in a medium grey mixed ground, with neat self and faint fancy colored stripes, cut in 3-button single breasted sack style, with fine broad shoulders, and neat shaped lapels; splendidly tailored throughout. Sizes 36 to 44, \$11.00.

THE FANCY WORSTED AT \$15.00. Men's fine quality Imported English Fancy Worsteds Suits, in a neat dark grey pick and pick pattern, cut in the stylish 3-button single breasted sack style, slightly form fitting, with close fitting collars, and long shapely lapels; a perfect fitting suit. Sizes 36 to 44, \$15.00.

THE \$18.00 SUIT. Fine Imported West of England Worsteds Suits, an all-wool closely woven material, excellently tailored, in 3-button single breasted sack style; the shade is of the new grey tones, showing faint green hairline stripe. Sizes 36 to 44, \$18.00.

300 Suits of Men's \$3.00, \$4.00 and \$5.00 Pyjamas to Sell at \$1.98

We bought these from a reliable manufacturer of men's apparel. He would not allow us to use the brand in connection with this advertisement, but you will recognise it instantly when you see it stamped on the garments. They represent all the "odds" and "broken lines" of Pyjamas that would retail at prices from \$3.00 to \$5.00 each. The fabrics include, Fine English Ceylons, and a variety of handsomely designed summer weight fabrics. We believe that the fit cannot be equalled. If you wish to share, come at eight o'clock sharp. Wednesday, per suit \$1.98.

Plants and Seeds for Your Garden SIMPSON prices save a percentage of your money without losing you a percentage of your plants. We have a striking array of pansy plants just now.
