ATTEMPTS TO OBTAIN GUARANTEES OF TRUCE IN IRELAND FAILURE

London Times Says That Negotiations Thru Archbishop Clune Have Proved Abortive—Delay in Report of Cork Fire Arousing Interest—25 Persons Killed During the Christmas Holidays.

London, Dec. 31.—The London Times this morning quotes a statement made in government circles at an attempt to obtain guarantees more effective than a mere truce for cessation of hostilities in Ireland were failed. The newspaper says that negotiations thru the Right Reverend Archbishop Clune, bishop of Perth, Australia, on this point have been broken off.

It is stated definitely in government circles that negotiations between the Sinn Fein and the British government have broken down. It appears that the government has asked guarantees for a cessation of guerrilla warfare more effective than a mere truce and that a firm refusal from the Sinn Fein element.

The replies of Arthur Griffith, founder of the Sinn Fein, and Prof. John Gavan Duffy, Sinn Fein member of Parliament, to the overtures made thru Archbishop Clune are said to have been characterized by a lack of definiteness. No such defect is attached to the answers of the volunteer leaders. The government is convinced that the lack of the younger men in the volunteer movement is the chief defect in the entire situation.

Mr. Neville Macready, military commander in Ireland, and Gen. H. M. Dwyer, commander of the Black and Tans, both of whom were in London, at a recent cabinet discussion, emphasized the necessity of preserving strict discipline of the crown forces in Ireland.

SIR DONALD McMASTER,
Eminent Canadian lawyer, and member of the British House of Commons, who has been given a baronetcy.

CARDINAL GIBBONS AT POINT OF DEATH; SERIOUS RELAPSE

Last Rites of the Church Are Administered and Prayers of Faithful Asked.

HIS MIND IS CLEAR

Baltimore, Dec. 31.—An official bulletin given out tonight by Bishop O. B. Corrigan, revealed that the last sacraments of the church had been administered to Cardinal Gibbons, who is seriously ill at the home of Robert T. Shriver, Union Mills, Md. The bulletin of Bishop Corrigan is as follows:

"The condition of his eminence today has been less favorable than at any time during his illness. He has received the last sacraments and the reverend pastors are requested to urge their people to offer prayer for his eminence's speedy recovery or happy death. All pastors will please have the litany of the blessed Virgin Mary recited after each mass until further orders for that intention. All the priests of the diocese will add in every mass when the Rebrius permit, the reciting the same in the singular number. 'Pro famulo nostro infirmo.'"

Physicians in attendance on Cardinal Gibbons on Thursday had gravely intimated that a crisis was imminent, but they had hoped the patient would rally today.

Had Serious Relapse.

Since last Sunday, when the condition of the cardinal took a favorable turn, it had been hoped he would steadily gain strength and eventually be able to travel to Baltimore. Obviously the doctors had not anticipated the relapse, but this turn, they explained, was due to the cardinal's advanced age and consequent infirmities. The mind of the prelate is said to be perfectly clear.

As the old year gave way to the new, priests in most of the Catholic churches of Baltimore recited the litany and prayers for the prelate.

DONALD McMASTER IS NOW A BARONET

Lawyer and Member of British Commons.

London, Dec. 31.—The most interesting of the New Year honors conferred on Canadians is a baronetcy for Donald McMaster, member of the British parliament for Chertsey division since 1918.

Donald McMaster, K.C., D.C.L., M.A., was born at Williamstown, Ontario, September 3, 1846, and was educated at the Grammar School, Williamstown, Ontario, and McGill University. He was member in the Ontario legislature for Glengarry from 1870 to 1882, and sat in the house of commons for the same constituency from 1882 to 1886. He served as crown prosecutor in several Canadian causes, and acted as arbitrator between the Newfoundland government and the Newfoundland Railway Company in 1904-05. He was counsel for the United States government in the case of the Green and Green extradition treaty, and appeals thereon to the judicial committee of the privy council.

In 1892 he was appointed on the judicial committee to inquire into matters concerning good government in Newfoundland. He declined a seat on the committee in 1895.

In 1904 he was made president of the Montreal Bar, and had occupied seats in the Canadian house of commons as a Conservative between 1882 and 1891. His first seat in the British parliament was for the Leigh division, Lancashire, in 1905, and in 1910 he was elected for Chertsey, a seat he held to date.

There are new residences and numerous other buildings in the latter being located on Australia, New Zealand and the African state servants and one on Hon. Edward Locke, Australian agent-general in London.

The Last Call in the Civic Fight

Again The World desires to point out the interest taken this year in the civic elections. Old campaigners admit that never in their record can they recall such interest as has been awakened or such big meetings to hear the various candidates as has occurred this year. The so-called clean-up no doubt is responsible for the awakening of the voters to a realization of their position, but perhaps more than this is the desire to look over the candidates who are to be entrusted with the beginning of the biggest public ownership problem ever tried out on this continent.

Mayor Church has been received with universal acclaim as the leader in the great power, light and transportation problem, and a reception almost equally good has been accorded to his strongest supporters, ex-Alderman Ball, Controller Maguire, and Alderman Nesbitt and Hiltz will help on the good work. The World believes the people of Toronto have decided to give Mayor Church such a backing during 1921 that he will be able to carry his program to completion without the petty bickerings and snarls that were the outstanding features of the last board of control.

Donnelly, Baker and Ellis, facing a disastrous defeat in their attempt to break the city up into sections, have taken refuge behind the women. As a last resort they called in the services of Miss Constance Boulton and Mrs. E. H. Dewar. What was a real man's job, if it was a job at all, has been turned over to women in the hope that sympathy will be used off the just rebuke that will be handed out by the North Toronto voters at today's poll. The absurdity of putting the women in to act as a buffer between the male clique of secessionists and a greatly aroused citizenship will not work. "Women and children first" is the motto of a true fighter, but this cannot be construed into putting them in the front line of a civic fight. The fact that women are in the front line does not mean that they are to be left to their own devices, but that they are to be used as a buffer between the male clique of secessionists and a greatly aroused citizenship will not work.

Ex-Alderman Ball has been setting the pace for the fight for the board of control. The pace has apparently got into the nerves of ex-Controller Maguire and Controller Ramsden, and they have leveled their guns on him as the dangerous candidate in the free-for-all. Ball's straight public ownership talk and freedom from heeling speaks volumes as to the success of his campaign. It will be the biggest surprise of the campaign if he does not get close to the top of the list of board of control.

Yes, this is going to be a "clean-up" year with a vengeance. The people are out as never before to clean up the power and transportation monopoly, and at the same time will clean up the reactionary members of the city council who have tried to stem the wave of public progress, and Sam McBride, Controller Cameron and Ramsden and Barber Beamish will undoubtedly end up in the rubbish heap. The people are appalled, and will stand for nobody who wants to disrupt the unity of the city. Votes in every other part of the city are opposed to the little secession crowd in North Toronto.

The World has endeavored to inform its readers of every detail in connection with the civic election. It has tried to be as fair as possible in its reports of the various meetings and has by every means possible sought to get the majority viewpoint of the electors as to the mayoralty and the board of control. On the personnel of these depends largely the success or otherwise of the city government during 1921. The citizens will cast an overwhelming vote to buy out the electrical interests and the government of the city must be in accord with this program. After the most careful scrutiny of the various candidates as to their public ownership principles and an equally careful canvass of the opinions of the electors The World endorses in the strongest manner possible the men it has selected as the main executive of the city council:

In Ward 4 the one candidate that warrants the vote of every ratepayer is Aid. Johnny Cowan. His life, civic and otherwise, has been at the command of his fellows. Brought up and trained along business lines, Aid. Cowan's judgment and decision is quickly made and he never wastes time in arriving at a conclusion. Aid. Cowan's election is not in doubt, but the electors of Ward 4 owe a duty to him for his great services in the past and this can only be fittingly recognized by seeing that he is securely placed at the head of the poll.

TROOPS AT DUBLIN SEARCHED IN VAIN SHIP FOR DE VALERA

Machine Gun Placed on Board and Armored Cars Threatened Along South Coast Have Elicited No News of His Landing—His Secretary Says He Has Arrived Safe in Ireland, But Gives No Details.

Dublin, Dec. 31.—Inquiry this evening elicited the statement that neither the Dublin Castle officials nor the newspapers of Dublin knew anything concerning the arrival of Eamon de Valera in Ireland.

The United States steamer Pontia arrived at the North Wall Quay on the River Liffey today and was boarded by armed soldiers. A machine gun was placed on board and armored cars along the quay trained their guns on the ship, which was thoroughly searched. According to reports, no body who was being sought was found on board.

London, Dec. 31.—The Exchange Telegraph says that inquiries about Queenston and along the south coast of Ireland have elicited no news of the landing of de Valera.

London, Dec. 31.—Followers of Eamon de Valera, "president of the Irish republic," throughout the United States tonight awaited news of the appearance in Ireland of their leader, whose arrival check was announced here today by Harry Boland, his secretary. Altho Boland declared a cable message received by him today informed him of de Valera's landing on Irish soil this morning, reports from Ireland said efforts to locate him there have failed thus far. The manner in which the "president" evaded the British blockade was not disclosed by Boland.

A message of farewell to the United States, dictated by de Valera and made public today by Mr. Boland, was followed tonight by announcement of three addresses prepared by the Irish "president" before his departure. They included a "memorial address" to the Senate, a message, and an address on "The Republic of Ireland." The "president" however, made no reference to de Valera's departure from the United States or his return to Ireland.

The announcement of Boland brought the first confirmation of reports current since de Valera disappeared from the Waldorf-Astoria Hotel here earlier in the month that he was on his way to Ireland. The reports were met with denial from Boland, who declared his chief was in seclusion near New York and would appear Christmas Day. Other friends of the president disclaimed knowledge of his whereabouts.

A message of farewell said: "Land of the free and home of the brave" (Continued on Page 7, Column 2).

Needs Church's Aid In Final Clean-Up, Sir Adam Cables

In a cablegram from Biarritz, Sir Adam Beck yesterday sent to Mayor Church and members of council his New Year's wishes and also an expression of hope that the mayor would be returned today as a reward for his good services. The cable was received at 5 p. m. Friday and read as follows:

Biarritz, Dec. 31, 1920.
Mayor Church,
Toronto, Canada.
Wishing you and members of council Happy New Year. Sincerely hope citizens will show appreciation of your good work in connection with electric and railway projects by electing you with large majority. Your assistance in final wind-up most essential.
Adam Beck.

EMAMON DE VALERA,
President of the "Irish republic," who is reported by his secretary to have landed in Ireland.

FIVE DAYS TO SEE FIUME CITY QUIT OF POET-WARRIOR

Many Houses Damaged When Legionaires Blew Up Bridges.

PLOT IN MILAN NIPPED

Trieste, Dec. 31.—Gabriele D'Annunzio and his legionaries will leave Fiume within five days, it was announced here tonight.

One of the conditions presented to the Fiuman delegates at Ancona was that a party of Italian carabinieri and an Italian military authority proceed to Fiume for the purpose of maintaining order and take possession of the large quantities of arms and ammunition there, according to the Rome newspapers.

The casualties among Gabriele D'Annunzio's legionaries in the final encounter with Italian regulars are said to have been 116 wounded and four dead. Many houses in the neighborhood of Fiume and Sussak, were seriously damaged by the blowing up of bridges by the legionaries.

PRO-D'ANNUNZIO PLOT

Milano, Italy, Dec. 31.—The police have arrested twenty of the followers of Gabriele D'Annunzio, who are charged with plotting a terrorist attack to cut the electric light circuits and become masters of the city as a result of the recent events in Fiume.

MEIGHEN'S NEW YEAR'S

Winnipeg, Dec. 31.—Premier Meighen this evening to spend the New Year at Portage la Prairie. There further deputations to see him on matters of organization in the province.

TORONTO SPENDS A HAPPY MODERN NEW YEAR'S EVE

Little Noise Heard Around, But Lots of Joy and Cheer Abound.

WATCH NIGHT SERVICES

New Year's Eve was celebrated quietly in Toronto last night. Fireworks, blowing of toy horns, beating of dishes and the usual conglomeration of noises incidental to the ceremony of ushering in the new year were conspicuous by their absence. People seemed glad of the opportunity to stick close to the family hearth and in the majority of cases did so.

Altho the customary volume of sound was somewhat missing, this city certainly did make a happy occasion of it. It was not an old-fashioned New Year's Eve or what is meant by referring to a New Year's as old-fashioned. It was a modern New Year's Eve in that strict sobriety reigned—nearly—and that virtually no big public celebrations were held in any of the downtown cafes or hotels. Nevertheless the manner in which the infant year 1921 was ushered in augurs well for a happy and prosperous time to come.

Very few people were abroad on the downtown streets last night. A few (Continued on Page 6, Column 3).

THIRTEEN THOUSAND SHOT BY REDS IN THE CRIMEA

London, Dec. 31.—The Bolsheviks have shot 13,000 persons in the Crimea, according to the latest reports from Russia, says a despatch to the Exchange Telegraph from Berlin, dated Thursday.

Mrs. MacSwiney Receives The Freedom of New York

New York, Dec. 31.—Mrs. Muriel MacSwiney, widow of the late Lord Mayor of Cork, 1906, received the Freedom of the City of New York from Mayor Hylan, in accordance with a resolution recently adopted by the board of aldermen.

MAN JUMPS FROM BRIDGE INTO RAVINE

Toronto Letter Carrier Commits Suicide in View of Number of People.

In full view of a number of people, at 2:45 o'clock Friday afternoon, Thomas Edward Hillier, aged 33, of 237 River street, employed at the general postoffice as a letter carrier, climbed up onto the railing in the centre of the second Glen road bridge and leaped to his death, a distance of over 100 feet. Hillier was identified by the marked letter bag he carried, also papers found in his pockets.

Several people ran to where the body lay huddled on the roadway beneath the structure, among them Dr. J. H. Nesbitt, 1338 Weston road, who happened to be passing the vicinity. Dr. Nesbitt pronounced life extinct, after which the police ambulance was summoned and the body was removed to the morgue and the head coroner notified.

Acting Detectives Crowson and McIntosh, who investigated the case, found that Hillier had been in poor health for some time and the police believe it was in a fit of despondency, to which he was subject at times, that he decided on the rash act.

Robert W. Fitzjohn, 325 Glen road, and Roy Ough, 34 Harvie avenue, were on the bridge when Hillier leaped to death. They had no time to reach him before he jumped.

WILL TAKE STEPS FOR DISARMAMENT

Allies Will Consider Best Way to Compel Germany to Fulfil Treaty.

Paris, Dec. 31.—France probably soon will ask for a meeting of the allied premiers to consider the question of what action should be taken to enforce the disarmament of Germany.

It is said in official circles that this question now is definitely before the powers, as the council of ambassadors has referred it to their governments and Marshal Foch has submitted a full report on Germany's military equipment in compliance with an urgent request of the ambassadors.

MAYOR BOOKER CALLS A WINNER

December 30th, 1920.
My old friend, Guy Long, is in the race for the office of Hydro Commissioner. I have known him for many years. He is esteemed by all who know him and is one of our best citizens; a man of public spirit and a sportsman and I know he will serve the city faithfully and well.

FATHER SACRIFICES HAPPINESS FOR SON

Postpones Divorcing Wife, in Order to Let Son Inherit.

London, Dec. 31.—An amazing story of a father's vain sacrifice for his son has been unfolded here. For twelve years he forbore to divorce his wife for unfaithfulness in order that his son might benefit by a peculiar will made by the boy's grandfather. Finally, when application was made for divorce, the courts refused to allow it on the ground that he delayed too long.

REFUSAL TO GRANT PASSPORTS IGNORED

America Will Not Protest British Action Against Commission to Ireland.

New York, Dec. 31.—A special despatch from Washington, printed by the Tribune this morning, says: "No protest will be made by the state department to the British government against the refusal of the embassy officials here to issue passports for members of the American commission to visit Ireland and investigate conditions there, it was officially said today at the department.

BRITAIN WILL DEAL WITH NATIONALISTS

Constantinople, Dec. 31.—Intimation has been given the Turkish government that Great Britain is willing to deal with the Turkish Nationalists, headed by Mustafa Kemal Pasha, through the Constantinople government, according to reports in official circles here.

ENTIRE COUNCIL RETURNED

Ottawa, Dec. 31.—The entire council of Richmond village has been returned by acclamation, due to the retirement of several who were nominated Monday. William Hemphill will be re-elected next year. The members who were elected are: W. J. Crawford, George W. Bennett, D. A. Brown and Dr. L. W. Nixon. Mr. Hemphill is the sixth member of the city council to be elected by acclamation.

EAST CHICAGO QUARANTINED

Chicago, Dec. 31.—Half the city of East Chicago, Indiana, is under quarantine today following the outbreak of an epidemic of smallpox yesterday afternoon. Seventy-four cases of the disease were reported and about 12,000 persons are confined in the quarantine area. Health officers today were considering closing many large industrial plants in the district.

12 Years' Experience in the City Council

Controller JUTTEN

SAYS:—

An opponent's election cry is: "The tax rate must go higher." MY SOLEMN PLEDGE to the electorate of Hamilton is that "THE TAX RATE WILL BE MATERIALLY REDUCED IF I AM ELECTED MAYOR OF HAMILTON."

My intimate knowledge of civic business permits me to give the citizens of Hamilton this guarantee.

TOM JUTTEN NEVER BROKE HIS WORD TO THE PEOPLE. MY OPPONENTS ADMIT MY RECORD IS UNASSAILABLE.

Hamilton needs a Business Man as Mayor. For thirty-three years I have been connected with a MUCH LARGER BUSINESS—THAT OF THE CITY OF HAMILTON—WHOSE DEBT, PER CAPITA, IS MUCH LOWER THAN THE DEBTS OF EITHER TORONTO OR LONDON, OUR TWO NEIGHBORING CITIES.

THE EVIDENCE IS IN. THE CASE IS CLOSED. IT'S UP TO YOU—THE JURY OF THE CITY OF HAMILTON, WITH THE UTMOST CONFIDENCE, I AWAIT YOUR VERDICT.

T. W. JUTTEN

JUTTEN OUTLINES POLICY TO VOTERS

In Final Election Announcement Vindicates Course in Council.

Hamilton, Dec. 31.—When a World representative spoke to Controller Jutten this evening as to his probable chances of election and his present platform for the mayor's chair, he gave out the following final announcement:

I have no quarrel with my opponents, and I have consistently refused to indulge in personalities during the present campaign, although many stories have been brought to me. But there are a few points that I would like to bring to the attention of the electors.

1. I have served the citizens for 13 years as an alderman, controller and vice-chairman of the board of control, yet neither of my opponents nor any of their supporters has been able to bring to light one wrong act of which I have been even suspected, much less found guilty.
2. Mr. Coppley has made numerous general statements about extravagance and waste in the management of civic affairs in the past, but he has not been able to quote one speaker who has, as a business man, considered that the people's money had been misappropriated or wasted.
3. Mr. Coppley promises, if elected mayor, to introduce a policy of "wise economy," thereby inferring that economy has not been practised in the past, but he has failed to state whether it is by reducing wages, curtailing employment or in what other way he proposes to effect his policy of economy.
4. Experience must have taught the average elector, as it has me, that such general statements and promises, particularly when made at election time and campaign and bunkum.
5. Mr. Halrow has failed to explain how he, if elected, proposed to fill two jobs in two different cities at the same time—whether he proposed during at least two of the busiest months at the city hall, the months when the civic estimates are under the microscope, and the provincial legislature is in session, to perform his mayoral duties from the parliament buildings in Toronto, or his legislative duties from the mayor's office in this city hall.
6. Mr. Halrow has failed to explain why through his public career he has loudly preached "One Man, One Job," and now asks you to give him three public offices and pay him three salaries and distinct salaries from the public treasury—as member of the legislature, as mayor and as Hydro commissioner.
7. That I have based my claim to the mayor's chair and conducted my campaign solely on my 13 years' service as an alderman and controller, my record during those 13 years and the valuable and essential experience in the management of civic affairs that I have gained during those 13 years.

AURA LEE PLAY TIGERS TONIGHT

Event Will Be Opening of the Ontario Hockey Association Season.

Hamilton, Dec. 31.—Tomorrow night the opening shot in the O.H.A. will be fired, when Aura Lee, of Toronto, plays the Tigers at the Arena. There promises to be a keen struggle, as both teams are well prepared for the contest, and realize that the first game means a good deal.

FEWER PEOPLE AT UNEMPLOYED RALLY

Hamilton, Dec. 31.—There was a marked decrease in the attendance at the unemployed meeting tonight, held in the old public library building. Members of the audience spoken to said they could not get to the meeting, and when asked if the others had got work or were too busy with celebrating New Year's, were at a loss to know. The speaker, however, was to be seen in the crowd.

JUGO-SLAVIA WILL SUPPRESS COMMUNISM

Ban Against Revolutionary Propaganda Caused by Bolshevik Abuse of Liberty.

Belgrade, Dec. 31.—Communism will be suppressed and communist propaganda prevented in Jugo-Slavia until a vote has been taken in the constituent assembly, said an official announcement made public here today. This step has been taken by the government "in the interest of constitutional liberty," says the announcement.

IRISH PRIESTS BUSY ON ATLANTIC LINERS

London, Dec. 30.—Complaints that Sinn Fein propaganda is taking place on transatlantic lines are made by newspapers here. It is charged that "treble" literature is left about in the saloons and dining rooms. A group of Ulstermen who frequently visit New York on business have written to Sir Edward Carson.

MARCH DUMP FOR BODY OF SMALL

Two Weeks' Digging in Floor Street Lot Proves Futile.

It was admitted yesterday that for the past two weeks a gang of men, aided by a steam shovel, had been digging in the dump in the rear of the board of education's property facing on Bloss street, and running back to the Rossdale ravine, in search of the body of Ambrose J. Small, missing Toronto millionaire theatre owner. The dump was thoroughly explored, but no trace of Small's body was found.

SQUELCH EPIDEMIC OF HOG CHOLERA

Announce That Wentworth County Puts Down Plague Thru Inoculation.

Hamilton, Dec. 31.—Hog cholera, which made its appearance in Wentworth county, especially in Barton township, has about died out, it was learned tonight, and the quick work of the government department which has to do with this, is in no small way responsible. The inspectors were on the job soon after the alarm was sounded, and have made constant inspections ever since. Many of the places were quarantined, and many heads of hogs destroyed. Inoculation had a great deal to do with the checking of the disease, which has cost dealers fortunes when it takes hold. There are still some restrictions on hog feeding in this district, but the disease has practically been wiped out with very little loss and little inconvenience to owners.

HAMILTON FESTIVE AS NEW YEAR DAWNS

Citizens, Fittingly Celebrate Coming of Nineteen Hundred and Twenty-One.

Hamilton, Dec. 31.—Hamilton fittingly celebrated the arrival of 1921 and the passing of 1920 tonight at midnight. In many places dances were held by the different clubs of the city at which the New Year's dance was the feature. In most of the churches, midnight services were held, and there were large congregations. Several factory whistles were blown as the new year arrived, and auto owners added to the noise with their sirens, etc.

MAN'S RIBS ARE BROKEN WHEN STRUCK BY MOTOR

Hamilton, Dec. 31.—Struck by an automobile tonight on North James street, Mr. Symington, 780 East Cannon street, suffered two broken ribs. He was also rather badly shaken up, but his condition is not serious.

SAND CITY STREETS TO BRING OUT VOTE

Hamilton, Dec. 31.—To assist the aged to get out and vote tomorrow—so it has been stated—City Engineer Gray sent out a squad of men to sand the city streets today and they made a good job of it. There is nothing available to make the election slip, so far as is known, but the candidates want all the help they can get, and this is the way the city engineer came to the assistance.

WAS CRYING LIKE CHILD WHEN SENT UP FOR THEFT

Goderich, Ont., Dec. 31.—Geo. Pearce, who was also a convict, and a number of theft charges and of breaking jail, was today sentenced by Judge Dickson to two years and three months on the theft charge, and one year on breaking out of the Provincial Penitentiary at Port Huron. The sentenced man contrastively the prisoner took his sentence hard, breaking down and crying like a child. Pearce broke jail at Renfrew and was later recaptured in London. He also pleaded guilty to a charge of breaking out of an endeavor to gain his liberty.

HAMILTON EDITORIAL

Jutten First Choice.

Early this evening the citizens will know who is the mayor of Hamilton for 1921. The one big thing all citizens of Hamilton and this country have to be thankful for is the fact that they can go to the polls and mark their ballots—as they think. It is a free country, no one is forced to do that which is against his own judgment, and while there may be a few hen-pecked husbands who will have their instructions before they enter the polling booth, it is a safe bet that they will for once have their own way. The World has tried honestly and truthfully to show the citizens why Controller Jutten, under all conditions, is the best man for all of the three running. Our main argument has been that he is in close touch with all conditions, understands all of the many pressing and important problems that will be with us in 1921, and by his experience and knowledge of financial conditions, is in a position to legislate in a manner to the best interests of the citizens. He does not deserve the chair on promotion alone. He is not entitled to the chair unless he is in a position to fill it capably, and, we feel, taking everything into consideration, that he is, as to his record on economy, he has brought about in many ways big savings to the city's bank account. Probably when Adam (was not Adam the first man to live in Hamilton?) was first presented with the problem of voting for a mayor, he was told in accents loud (they did not have printing in those days) that if he would only vote for a certain party—economy would be his. Economy talk is even older than that. By his years of experience, in the many intricate ways of civic finances, Tom Jutten can bring about savings that any other candidate would be years in doing, no matter if they have had training in other business methods for a hundred years. The running of the city finances and the running of a business office are as different as a glass of two per cent, and a Scotch highball. But, as we said, at the beginning of this article, every citizen is entitled to his own opinion. We hope that you see it in the same way. We feel confident that you do. Elect Tom Jutten for mayor because you know what he will do. Anything else is an experiment, pure and simple. And most experiments are very costly.

ADVOCATE PLACES FOR SLEIGH-RIDING

Motorists Complain About Children Coasting Down Hilly Streets.

Hamilton, Dec. 31.—Complaints have been made by automobile drivers about children coasting down the hills, because this is a very dangerous practice, and the police will likely be asked to take a hand in the matter. "The drivers do not think the children should be stopped from enjoying this popular winter pastime, but they do think that proper places should be provided. One man stated to go very slow on the hills, in fear some child would come coasting out of a side street without giving a warning, and he stated also that even a stopped car might cause an accident for the children often ran into it. One accident of this kind was reported in yesterday's World. There are many good hills here, and the advocate states that if one or two are aside for sleigh-riding, they will keep their cars away from them.

WAS CRYING LIKE CHILD WHEN SENT UP FOR THEFT

Godwin, Ont., Dec. 31.—Geo. Pearce, who was also a convict, and a number of theft charges and of breaking jail, was today sentenced by Judge Dickson to two years and three months on the theft charge, and one year on breaking out of the Provincial Penitentiary at Port Huron. The sentenced man contrastively the prisoner took his sentence hard, breaking down and crying like a child. Pearce broke jail at Renfrew and was later recaptured in London. He also pleaded guilty to a charge of breaking out of an endeavor to gain his liberty.

LIVELY ELECTION FIGHT PROMISED

All Candidates Ready to Bring Out Hamilton Vote—All Also Confident.

Hamilton, Dec. 31.—With the end of the year came the end of Hamilton's civic election campaign tonight, and tomorrow the electors must decide who they have to represent them in the different offices.

Headquarters of all the candidates were busy today and the organizations put the last touches on and are ready for the fray. Practically all the available cars in the city are engaged for the campaign, and it promises to be a lively fight.

Conditions Favor. With the streets in excellent condition for motoring, the vote tomorrow promises to be heavy and exceed previous years. Ballot boxes were given out to the different returning officers tonight at the city hall, and the men in charge will have a busy time, considering that besides large fields of candidates to keep account of there are several bylaws. It will be rather laid this year before the complete returns are known, but by 6 o'clock the citizens will likely know the mayor, aldermen and board of control. The results in the race for aldermanic honors and for school trusteeship will be a little later, also the bylaw returns.

Candidates Confident. Speaking to the candidates for the majority, The World was informed by each one that there was no doubt of it—they are all going to win. Controller Jutten, George Halrow and George C. Coppley are all sure they can get there. The street gossip favors Controller Jutten, and he will no doubt be on top, despite the fact that he is in a three-cornered engagement.

Money is being wagered in every form, from a cent up. From the newboys on the streets up to the wealthy citizens of Hamilton bets have been placed, and many of them are heavy. One gentleman was willing to place \$20,000 on Controller Jutten's chances, and another gentleman with a wad of \$20 bills thick enough to choke a cow, who was looking for money which "talked" against Coppley.

Campaign Feature. Probably the one feature of the campaign this year has been the clean manner in which it has been fought. There has been no "mud-slinging," and every candidate was given a good clean fight, and the best man no doubt will win. There were very few mass meetings held, but the majority of the men seeking office are well known.

PROTECT CHILDREN

The old winter complaint of children sleigh riding has again been "heated." Auto owners cannot be blamed for asking that they be protected from the sleighs, and it is only right that the children's lives be looked after. Surely Hamilton is large enough and has hills enough to set aside a couple of speedways for the children, and keep the cars off of it when the sleigh riding is good. It would be better for the children and would prevent many accidents. The civic or police officials should take some action before someone is hurt again. One lad narrowly escaped death last night in such an accident.

JUST A FEW REMARKS.

The probabilities for tomorrow are: Jutten, clear and fine; Halrow, cold and cloudy; Coppley, windy and lots of snow—snowed under.

If you are a loyal citizen, a believer in a bigger and greater Hamilton, you will make every effort to poll your vote today and see that your wife and friends and your wife's friends do the same. Let Hamilton's vote this year be a record one. The fight between Guy Long and Gordon Nelson for Hydro Commissioner is creating almost as much interest as the one for the mayoralty. All talk in the uptown business district is for Mr. Long, but his opponent has many friends in the east end district. The main argument in favor of Mr. Long is that Mr. Nelson has held the position for 17 years and it is time for a change. These fellows who get in power seem to sit there till the end of time, generally come a cropper. Elections would not be held if it was not for the chance to inject new blood.

The World had a caller last evening, who thanked us for the front page editorial in The Spectator last night.

Is there any person who has had a word to say in favor of ex-Controller Morris in his fight for the board of control? If so it has not been very loud. But we will say this for him: In his campaign literature he looks better with his mustache off.

We don't know who next year's board of control will be, but we hope Controller "Alchison" will. If he gets in for mayor, won't "Hal-crow"?

Thomas Morris has 28 points to recommend to the city trustees when he quit—now he has 15 for the electors for tomorrow. Wonder how many he will have tomorrow night?

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal. "I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

DUNCAN'S ASSAILANT HAD MANY WEAPONS

Convict Who Attacked Ex-Toronto Detective Carried Queerly Worded Letter.

Kingston, Ont., Dec. 31.—A search of Convict Leo Rogers, who made a murderous attack on Inspector Duncan of the Royal Canadian Mounted Police (formerly chief of the Toronto detective department, and who later conducted a private detective agency) yesterday afternoon with a piece of lead pipe concealed in a mitten, showed that he had concealed on his person a dangerous dirk fashioned from a piece of steel with a rude wooden handle.

It evidently was the intention of Rogers either to murder the inspector or render him unconscious and then to escape with the inspector and the convict were closeted, and then make his escape.

A search was afterwards made of Rogers' cell and in it was found a piece of waste pipe, about 18 inches in length, evidently torn from under a wash basin. The piece of lead pipe was cut from the end of this pipe. It was about three inches in length and had a diameter, but had been flattened down and rolled into a piece of cloth, and then inserted into the mitt.

The convict struck Duncan when he was reading the following "strange letter which Rogers had handed to the officer, asking him if he could read anything between the letters: E. F. G.:

"An amazing and unforgettable story by the man who is with consummate preparedness against an aggressive foe, ending to bring all within in human calculation to the perfection of an ideal design. Certainly its mastery simply requires no encomium other than its execution, which will be its own glory. 33-44. A A-C D-E F G-I M N-S-T-U."

It had just been disclosed that Duncan and Sgt. Darling were assaulted by the convicts on November 23, but they escaped injury.

Inspector Duncan, who was struck a terrific blow on the head, is somewhat groggy and is going to his home in Toronto for a few days' rest.

Britain About to Sign Trade Agreement With Germany

RAILWAY UNIONS IN A BITTER WAR

Mosher Says Brotherhood of Railway and Steamship Clerks Is Joke.

Ottawa, Dec. 31.—"A tempest in a teacup" sums up the attitude of Grand President A. R. Mosher of the Canadian Brotherhood of Railroad Employees, towards the action of the executive of the Trades and Labor Congress of Canada, in revoking the charter which the congress issued to the brotherhood in 1917.

Mr. Mosher today reaffirmed that the executive of the brotherhood would likely take legal proceedings to establish whether the executive of the congress had the right to revoke the charter, but was inclined not to attach much importance to its action. He pointed out that trades congress action could not affect the existence but only the affiliation of his organization.

Mosher's Statement.

Mr. Mosher issued the following statement: "The charter of the Canadian Brotherhood of Railroad Employees has not been revoked or in any way questioned or interfered with. Nobody has any power to revoke the charter under which the Canadian Brotherhood has carried on business since 1908, and under which it will continue to carry on business in the future.

The executive of the Trades and Labor Congress of Canada has assumed the authority and has advised that the charter of affiliation of the Trades and Labor Congress of Canada, issued to the Canadian Brotherhood in 1917, is revoked. This, as stated above, does not affect the original charter of the Canadian Brotherhood, but affects only the affiliation of the brotherhood with the Trades and Labor Congress.

It might be noted that with the exception of the maintenance of way organization and the C.B.R.E., not one of the exclusive railway labor organizations of any standing in Canada is affiliated with the congress. So far as the Brotherhood of Railway and Steamship Clerks, etc., are concerned their opposition, like their influence in Canada, is only a joke."

SAYS NO LABOR CRISIS EXISTS IN MONTREAL

Quebec, Dec. 31.—Reports to the effect that the metropolis was going thru a labor crisis caused by unemployment has been greatly exaggerated," stated Hon. A. Gailbault, minister of public works and labor, who returned this morning from a four days' sojourn in Montreal. "In fact, the situation is normal for this period of the year, and the reports we have received from all sections of the province are also full of confidence."

BORDER CITIES SUN CEASES PUBLICATION

Windsor, Dec. 31.—The Border Cities Star carries today on its front page the following publisher's notice, which reads in part: "Friday morning's edition of The Sun was the last that will be published. The abnormal cost of production makes it impossible to continue the morning edition of The Border Cities Star any longer. The paper was given every opportunity to continue. Neither money nor effort was spared to make it a worth-while newspaper, but apparently there is no room in this community for two progressive papers."

CLEVELAND OFFICIALS MURDERED FOR PAYROLL

Cleveland, Ohio, Dec. 31.—W. W. Sly, president, and George J. Fanner, vice-president, of the W. W. Sly Foundry Company, were murdered by five payroll bandits, who escaped with \$4,200 in cash after holding up the two men at the company's plant this morning. Sly and Fanner died instantly.

The two company officials were returning from a bank in an automobile with the weekly payroll. While crossing a bridge at the plant two automobiles crowded the machine, driven by Sly, forcing him to crash into the bridge railing to avoid a collision. The bandits jumped out of their machines and demanded the payroll. When Sly attempted to draw a revolver the bandits shot and killed him and Fanner and then escaped in one of their cars. Police say both cars used by the bandits were stolen.

PROFITTEERING ON TEACHERS.

Frederton, N.B., Dec. 31.—Board twice as much as teachers were earning is charged in some New Brunswick county districts, the chief superintendent of the province's education department, Dr. Carter, announced today at a meeting of school inspectors. The meeting decided the time was ripe to petition the government to build houses for teachers.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wynne's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

JURY DEADLOCKED IN MURDER CASE

Ten for Conviction of Cleveland Judge and Two for Acquittal.

Cleveland, Dec. 31.—The jury in the case of William H. McGannon, chief justice of the municipal court, on trial for second degree murder of Harold O. Kagy, on May 8, was unable to agree on a verdict at 5:45 o'clock tonight, and was discharged by Common Pleas Judge Maurice Barron.

The jury received the case at 8:15 p.m. on Wednesday and had been deadlocked ever since. The jury was out practically 48 hours and was hopelessly deadlocked from the start. Forty-one ballots were taken, it was officially announced, the jurors standing ten to two for conviction practically from the start.

The McGannon case will be listed as a mistrial and the judge will remain at liberty under bond.

Kagy was shot early May 8, following an automobile ride with John W. Joyce, a saloon keeper. Judge McGannon claims he left the party before the shooting and was not at the scene of the crime.

On June 14 Joyce was indicted on a charge of second degree murder and was acquitted by a jury on November 17. The day after Joyce's acquittal, County Prosecutor Baskin began a new investigation, which resulted in the indictment of Judge McGannon on November 28.

WESTERN PROVINCES DRY FEBRUARY FIRST

Ottawa, Dec. 31.—The provinces of Nova Scotia, Manitoba, Alberta and Saskatchewan will go bone dry on February 1. This, it is understood, is the actual date set, although the official proclamation will probably not be issued for a day or two.

Ontario votes in April and the Yukon Territory in July whether or not they likewise shall go "all dry."

The Dominion proclamation follows on the plebiscites recently taken in the four provinces on the question whether importation within their territory of alcoholic liquors shall be permitted unless within restrictions set by the provincial government. In each of the provinces the electors decided in the negative. In accordance with enabling legislation recently enacted by the Dominion Parliament, the government is now therefore prohibiting importation of liquor into the four provinces.

NO MORE OVERLAPPING IN LIVE STOCK WORK

Ottawa, Dec. 31.—(By Canadian Press.)—Hon. S. F. Tolson, minister of agriculture, in the December number of The Agricultural Gazette of Canada, announces that the Dominion and provincial governments have agreed upon a policy which to a very large extent will eliminate overlapping and allow for close co-operation in the various branches of live stock work.

Work touching upon production is to be carried on thru the provincial activities. Marketing and experimental work are to be cared for by the Dominion department of agriculture.

NEW ATTRACTIONS AT LOCAL THEATRES

"Irene" at the Royal—"Abraham Lincoln" for the Princess.

"Irene," the smart musical hit, that has scored a decided sensation both in New York, Boston and London, will be seen at the Royal Alexandra for the week beginning Jan. 3, when the adventures of the little Cinderella showgirl, who is suddenly lifted to the ranks of high society, will be seen for the consideration of those who like the best in musical entertainment. The book, by James Montgomery, author of "Nothing But the Truth" and "Going Up" deservedly stands alone as an example of its kind. "Irene" is the story of a showgirl who enlists a rich man's interest through her personality. He indulges in the extravagance of dressing her and two girl friends in the most fashionable clothes, thus the side of a male model who is hitherto unknown. The adventures of Irene and her friends in the musical comedy, "Irene and the Millionaire," which is the basis of the play, is a story of a girl who falls in love with her own creation, and the transition of Irene from a showgirl to a social success is the main theme of the play. The production is a masterpiece of excellence and a production that is gloriously lovely. There is a healthy crowd, that we would wonder how they can both sing and dance. Seidman has such a musical treat and comedy delight has been offered for the approval of theatregoers. Seats are now selling.

The great international comedy triumph, "Scandal," by Cosmo Hamilton, comes direct to Toronto from the 49th Street Theatre in New York. The opening date at the Royal Alexandra is Thursday evening, Jan. 10. This play enjoyed its most successful run of one year in the metropolis, and also one full season in London, therefore considerable interest is anticipated in the coming of this brilliant and witty play to Toronto.

In this production, Charles Cherry and June Walker are co-stars. Seats Thursday. "Abraham Lincoln." The presentation at the Princess next week of John Drinkwater's drama, "Abraham Lincoln," is an event of much importance. The play created a sensation when first produced in London, and also attracted unusual attention in New York and Chicago. The company to be seen here is the original New York organization with every detail of cast and scenic equipment precisely as seen on Broadway. Frank McGlynn will be seen in his memorable portrayal of Lincoln in this connection it is interesting to note the recent comment of William Archer, the "Emancipator," who said: "The performance was profoundly impressive and inspiring. Only one man in the world, McGlynn's Lincoln the most convincing embodiment of a historical personage I ever saw. Many of the scenes were of a high order, notably Seward, Grant and the negro, Custis, seemed to me almost equally good."

The play is in seven scenes, each treating of a vital point in Lincoln's career, from his nomination in Springfield to his death. While there is no plot in the usual sense, the whole comprises a tremendously dramatic life story, in which figure Grant, Lee, Seward, both and many other historic persons, in addition to Lincoln's own fifty persons are required, with very elaborate scenic and other equipment.

Mr. Charles W. J. Woodland and Miss Helen Woodland were married at the home of the bride's mother, Mrs. W. E. Struthers, 554 Bathurst street, the Rev. Dr. Cochran officiating.

When two people marry without love, their life becomes a farce instead of a tragedy. Jealousy, hatred, revenge feed its flames until it either destroys or purifies. The great production, "The Furnace," at the Regent Theatre next week, is one of the most tremendous presentations of this question yet conceived for the screen.

"Dead Men," at the Strand. Dead to all sense of humor or kindness, Joaquin Santos deliberately planned to murder scores of men and women and little children to be dressed in the way which they might left alive when the treasure ship was burned and blown to bits far out at sea, with no help near, in order that the theft of gold might be concealed when no one was left to tell the tale of the crime at sea.

WORK OF ROTARIANS AT FESTIVE SEASON

Cheer Was Sent to Many Poor Homes Thru Efforts of Club.

Christmas echoes—the wonderful tales of the great deeds members of the Rotary Club accomplished to relieve and restore their happiness to the needy people of the city. That is what formed the topic of yesterday's meeting at the King Edward Hotel.

It has become generally known that the Rotary Club of Toronto has been serving the community in all movements that were for its good. Christmas, 1920, really capped the day before Christmas Rotarians laden with good things of necessity for the poor families were busy spreading their cheer.

At yesterday's meeting a number of the members referred to the conditions in which they found the particular families to which they had been assigned to look after. One family of twelve was located who had lived on bread for two weeks. The children were thin and pale and there was but one pair of boots for the mother and eldest daughter.

Many other instances were quoted of similar purpose. It is certainly to be assumed that the Rotary Club will be blessed for its kindness and unceasing support for the relief of those in straits and strained circumstances at this season of the year. One member of the Toronto Rotary Club who had been asked to look after a family received this letter:

An Appreciative Letter. "I have the pleasure of writing these few lines to you to thank you for your kindness to my family and for the Christmas dinner and fruit, candies and toys, which we all enjoyed. The Christmas dinner was very lovely and we all enjoyed it very much. I hardly know how to thank you—you are such kind people. All my children are getting a little better and my wife and I thank you very much."

The meeting was also devoted to the introduction of three new Rotarian members Messrs. Charles Vaughan, George Fairhead and T. L. Webster. Past president of the Rotary Club, Geo. Bridgen, impressed on these three new members the obligation on which they entered as Rotarians.

Fred Rathbone, in summing up the work of the entertainment committee for the year just closing took occasion to express for the members of the club their appreciation of the efforts, kindness and foresight of President Norman Torvell, who had had a particularly successful term of office.

In the course of the meeting many other interesting topics were brought up and discussed among the most important being the urgent appeal of W. Brent, urging every member of the Rotary Club to cast his vote today.

Rotarian Albert Green of Derby, England, was one of the guests at the luncheon and others were present from Winnipeg, Saskatoon and Vancouver.

Children Need Help. Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

Mr. Charles W. J. Woodland and Miss Helen Woodland were married at the home of the bride's mother, Mrs. W. E. Struthers, 554 Bathurst street, the Rev. Dr. Cochran officiating.

When two people marry without love, their life becomes a farce instead of a tragedy. Jealousy, hatred, revenge feed its flames until it either destroys or purifies. The great production, "The Furnace," at the Regent Theatre next week, is one of the most tremendous presentations of this question yet conceived for the screen.

"Dead Men," at the Strand. Dead to all sense of humor or kindness, Joaquin Santos deliberately planned to murder scores of men and women and little children to be dressed in the way which they might left alive when the treasure ship was burned and blown to bits far out at sea, with no help near, in order that the theft of gold might be concealed when no one was left to tell the tale of the crime at sea.

REJECT POLICY HAS EXCELLENT EFFECT

Foreigner of Means Among the Number Seeking Relief Employment.

LUMBER CAMP WORK

Many Openings on Farms Expected When Holiday Season is Over.

That the authorities at the Church street relief depot are determined to undermine any attempt to take undue advantage of the relief offered by the city and the citizens' relief committee with the Salvation Army in conjunction with the citizens' relief committee was evident yesterday afternoon when the policy was put into effect of questioning every applicant for relief as to the amount of money he had either on his person or in the bank.

When this announcement was made no fewer than 15 applicants left the Krausman House and have not since returned. One man when questioned by those at the desks was very frank in his replies. He was a foreigner, and did not hesitate to let all and sundry know that he had a Victory bond for \$100 in his pocket, besides a very fair amount of change in silver.

The policy of classifying "rejects" put into force by Sergeant-Major Pritchard has had the effect of diminishing the number of invalid applications for relief. The total number of registrants for relief yesterday was more than 1500, and in excess of the number applying the day before.

Among this number there were just over 100 who had not applied before, and among these again were men who only three weeks ago had expressed the hope that they would never be forced to seek city aid for relief.

Place Returned Men. Rev. J. A. Miller stated that during the past week his office had placed 261 ex-service men as polling booth police for today. He reported 90 married men employed on three-day shifts under the supervision of the parks commissioner, these three days totaling 24 hours at the rate of 60 cents an hour or \$14.40 a week.

Mr. Miller stated that rents arrears formed one of the chief difficulties of the present crisis. They were so numerous and some of them so large in extent that the authorities had decided to deal with them in extreme cases. The board of trade and many public-spirited citizens were doing their utmost to alleviate this situation.

Touching upon the grant recently issued by the city council for relief work, Mr. Mills, chief of the department at the Church street division,

stated to The World yesterday afternoon that it was not true that the city was unable to pay the different establishment amounts owing with respect to meat tickets and groceries obtained on behalf of the thousands relieved. The fact was that while the obligations of the department exceeded slightly the grant authorized by the city council (\$50,000), the money actually paid out to date totaled only \$10,000, leaving a balance in hand of at least \$40,000. It was a fact that all debts would be paid in proper order.

Among the assistants to Rev. J. A. Miller at the government employment bureau at the King street offices, are two well-known members of the G. A. U. V., James Higgins and W. Mills, both of whom are doing trojan work in registering the applicants for positions. Mr. Miller stated that harmony prevailed everywhere, and that the only place where men could be kept waiting outside today was at the Church street bureau, and that only on occasion. This would be due to the large number of applicants for relief present at the Church street offices at one time, and also to the fact that many of those present there had no other place to go after they had sought possible employment.

Concert at Bureau. The concert held on Thursday night at the Church street offices was both enjoyable and successful. Dr. Mills, who is in charge of the civic section of the relief work in Toronto, stated to The World yesterday afternoon that the concert had practically been arranged by the men themselves. Blankets had been requisitioned from the quarters upstairs and arranged to form a curtain on a stage improvised with desk tables side by side. The concert had comprised several vocal selections by Miss Emory, Dr. Mills himself, Mrs. Mills, and four character studies by men from among the unemployed. The character sketches were concluded by a burlesque upon the administration at the Church street division. It is intended to repeat concerts frequently.

Department Abandons Temporary Building Occupied For Four Years. The postal department yesterday abandoned the temporary station which they have occupied about four years at the southeast corner of Bay and Front streets and have opened postal station A on the street front of the new postal building and railway station. Several departments of the mail service have already been transferred to the new building, including the railway mail service, postal stores branch and the despatch department for second, third and fourth class mail, including parcels and newspapers.

Many Retirements of Civil Servants. Thirty-Five More Government Employees Are Superannuated. The announcement of the retirement on superannuation of the following Ontario civil servants was announced yesterday:

Fischer, John Gordon, license inspectors; Wm. F. Grant, clerk; G. Guillet, clerk-messenger; Peter Gould, fireman, O.A.C.; Dr. E. A. A. Grange, principal emeritus, Ontario Veterinary College; C. H. Henderson, crown timber agent; Wm. Kennedy, engineer; Jos. Lemieux, license inspector; W. P. Lewis, clerk; E. R. Lucas, night-watchman; Geo. Lucas and Theo. Mara, license inspectors; J. McCreight, engineer, Normal School; Wm. Margach, crown timber agent; J. E. Macdonald, inspector division courts; P. W. MacQueen, assistant inspector division courts; Angus McDonald, license inspector; M. C. O'Donnell, accountant; J. B. Reid, formerly guard; J. Stokes, W. Shaver, license inspectors; C. Sendall, elevator attendant; J. Squirell, J. G. Scott, master of titles; A. Templeton, engineer, Normal School; John Torrance, license inspector.

IT'S WONDERFUL, SAYS ONTARIO MAN

Back Hurt So Bad He Couldn't Stoop Without Suffering Agony — Now Feels Fine.

It's almost unbelievable that such remarkable results could be accomplished by a medicine in such a short time," said John McEntee, 413 Victoria Ave. N., Hamilton, Ont. "For a long time before I got Tanlac I couldn't eat a thing without suffering such terrible pain I could hardly endure it. Gas formed on my stomach and pressed against my heart so bad it hurt me to lie down. In fact, I lay awake most of the time and then got up feeling so tired and worn out I could hardly get out of bed. Frequently I had severe headaches, would get so dizzy I could scarcely stand up and at times my back hurt so bad I couldn't sit down without just suffering agony."

"My sister finally persuaded me to try Tanlac, and what it has done for me is nothing short of wonderful. Why, I feel just like a brand-new man. I eat like a horse and everything I do with me perfectly and I sleep like a log every night. In fact, I am feeling fine, never have a pain of any kind, and I am glad to tell about Tanlac for it has done nothing so good as can be said about it."

Tanlac is sold in Toronto by Tamblin Drug Stores and by an established agency in every town.

OPEN NEW STATION IN POSTAL BUILDING

Department Abandons Temporary Building Occupied For Four Years. The postal department yesterday abandoned the temporary station which they have occupied about four years at the southeast corner of Bay and Front streets and have opened postal station A on the street front of the new postal building and railway station.

Several departments of the mail service have already been transferred to the new building, including the railway mail service, postal stores branch and the despatch department for second, third and fourth class mail, including parcels and newspapers.

Col. George Ross, general superintendent, announces that the dead letter office and general accounting branches will be moved into the building in a few days as soon as the necessary partitions have been erected, and that other departments will follow shortly.

A big force of men are at work completing the interior of the structure. The main departments will be distributed thru the buildings as follows: Lower level: Receiving station and despatch branch for second, third and fourth class matter. First floor: Postal station A. City department of letters and registration. Second floor: British and foreign mails branch, special delivery mail, sortation and despatch of first class matter, office of postmaster and general executive staff. Third floor: Accounting branch, dead letter office, parcel post, customs examination and delivery branch, enquiry division. Fourth floor: Railway mail service, postal stores, bag room, cafeteria and rest rooms, records room and general superintendent's office.

HONOR RETIRED CUSTOMS OFFICER

Thomas Costello Leaves Government Service to Manage Fruit Corporation. Thomas Costello, one of the chief appraisers in the customs department, who has severed his connection with the government to accept the position as manager of the Capital Trust Corporation, was honored by the customs house staff, who presented him with a diamond stick pin and an address, saying:

"We wish to assure you of the kindly feeling we have towards you, of our interest in the success of the business assumed and of our confidence that you are amply worthy of the trust placed in you. We thank you for what you have done for us in your capacity of textile adviser and Dominion appraiser. With your special knowledge of the many problems which have confronted us during these many years, you have given your best and have assisted us more than we can say. We wish to assure of our continued personal esteem from the point of view of the service you have so ably and generously given to us as friends and as officers of the department."

This was signed by J. A. Watson, Chas. P. Blair, J. T. Lanigan, Ed. Richards, J. M. Peaker, W. T. Urquhart, J. F. Burton, J. McMadden, W. J. McCaffery and P. A. Erratt.

ALL RECORDS. Records for attendance at the recent cycle trades show and exposition held at the Coliseum in Chicago indicate a widespread increase in motorcycle and bicycle interest. Trade representatives from all corners of the country were present, with the result that to have been the largest gathering of its kind in the history of cycling. Indications are that in spite of the present commercial conditions, cycle dealers and manufacturers are decidedly optimistic as to the future.

LOSSES FROM FIRE ARE ON INCREASE. Fire department statistics for 1920 show an increase in losses of \$529,044 over 1919. There were seven second alarms during the year, whereas last year there were but four. The double platoon system has been found successful. Commencing with the new year, the firemen will receive one day a week off. The motorizing of the department has been continued through the past year, several new combination trucks and new hook-and-ladder trucks being installed. As the chief had hoped, horses are gradually being done away with. There were five deaths caused by fires in 1920. One was that of a child, while the other four were members of a family whose deaths were due to gasoline exploding.

THIS week broke all records for sales. Our showrooms were crowded every day. But we must do double business—and we've made half-prices to do it. On Monday every beautiful fur garment will be marked at a new low record. Every fur piece in the store must go. This is the most sensational effort to clear our stocks we have ever made. Come early. At these startling prices these luxurious furs cannot last long.

The Newer Subjects on the Program—The So-Called Fads and Frills Cadet work, manual training, household arts, physical culture, kindergarten work, music. Here are some phases of their educational value: The work appeals to the majority of pupils. They train judgment, taste, skill and expression. They are a balance for the surfeit of mental work. They are an avenue for the expenditure of physical force. They have been a great help in discipline. They are a preparation for productive effort. They are a means to vocational direction, to enable teachers to guide boys and girls into lines of agreeable occupation. They take the place of the home-training of former days. They start boys and girls out in practical life, that is, drawing, paper-cutting, woodwork, sewing, mending, darning, knitting, cooking, preserving, washing, ironing, etc., etc. QUESTION. PROHIBITION DAMPS GLEE OF REVELERS ON THE WHITE WAY

Enforcement Agents and the Police Watched Sidewalks and Sat in Hotels.

DRIER THAN LAST YEAR

York, Dec. 31.—The ogre of stalked among the New York's second "dry" New Year's—the first under the 18th amendment—an even "drier" one than a year ago. Officers mingled with the milling crowds that jammed sidewalks in the theatrical and hotel districts, and agents sat at tables in the crowded cafes and restaurants.

Broadway thru its white light section was crowded at an earlier hour tonight than in previous years and there was the customary jangling of cow bells and tooting of horns. There was little disorder, however, and all the officers arrested a few men on bootlegging charges, the night court, for the first time in its history, adjourned before midnight without the arraignment of a prisoner on charges arising out of the celebration.

Lower Manhattan was lively with crowds particularly in the vicinity of Old Trinity Church, Broadway and Wall street, where hundreds gathered to hear the chimes as they rang out the old year and welcomed the new. In other sections of the city watch night services were held in the churches and crowds were present at nearly all.

In hotels and cafes there were fewer reservations, the proprietors said, than in previous years. In some hotels precautions were taken to safeguard patrons against the effects of liquor which they might have brought with them. Medical stations were in readiness and nurses in attendance. The entertainment varied from that of previous years principally in the absence of the sounds of popping corks and tinkling glasses. Dancing and music took the place of the "Dull Time in Boston."

FRENCH SENATE RATIFIES AGREEMENT ON AVIATION

Paris, Dec. 31.—The senate today ratified the international agreement regarding aerial navigation drawn up in connection with the peace treaty. The agreement, which already has been approved by the chamber of deputies, was signed in Paris in October, 1919, by eighteen countries. The signers were: France, Belgium, Bolivia, Brazil, Great Britain, China, Cuba, Ecuador, Greece, Guatemala, Italy, Panama, Poland, Portugal, Rumania, Siam, Czechoslovakia and Uruguay.

Willard Louis, Goldwyn stock player now appearing in Rex Beach's "Going Some," started in pictures in "The Celebrated Case" as "O'Rourke," a part made famous by Nat Goodwin on the stage.

KIDNAPPING CLAIM BY A MONTREALER

Declares He Was Carried Away in Automobile and Taken to Hull.

Ottawa, Dec. 31.—Claiming that he was kidnapped by three men and taken from Montreal to Hull in a big automobile, S. Alfred Verge, 346 Hibernia road, Point St. Charles, appealed to the Hull police for protection late last night. Verge declared that he was bound hand and foot and when the automobile reached a point near the Aylmer road toll road he was thrown out, and but for help of a boy would have suffered from exposure.

Police Inquiring. Verge's story is being investigated by Chief Henr. of Hull, who has communicated with the police at Montreal. The latter are making a probe in Montreal. In the meantime, Verge is being protected by the Hull police. Verge is about 28 years of age, and he told the Hull police he was on his way to work yesterday noon when he was stopped by three men who were in an automobile. They asked directions to Maisonneuve, and when Verge told them, they asked him if he was going to that place. Receiving a reply in the affirmative, the men offered him a lift, which was accepted.

SOVIET-BRITISH TRADE IS ADVANCED A STEP

London, Dec. 31.—Further progress was made today in the negotiations which Leonid Krasin, the Russian Bolshevik minister of trade and commerce, is conducting with the board of trade for the re-establishment of trade relations between Great Britain and Russia. It was stated today. Another reference to Moscow, however, is declared necessary, and meanwhile Sir Robert S. Horn, president of the board of trade, will consult with prominent bankers concerning credits under the proposed agreement.

EXTREMISTS IN SICILY BOMB SOCIALIST BUILDING

London, Dec. 31.—A bomb was thrown today by persons who are said to have been members of the extreme nationalist party against socialist headquarters at Castel Termini, Sicily, says a despatch to The London Times from Rome. The local secretary of the organization was killed and seven other persons were wounded. In the fighting that followed the socialist leader, Schiro, was injured.

GREENWOOD LOOKS FOR HAPPY IRELAND

Says Two Powerful Parliaments Will Be Working for Solution.

London, Dec. 31.—Within six months two powerful parliaments will be working in Ireland for the amicable settlement of a question which has caused much ill-feeling and misunderstanding between Great Britain and the United States, and thus will be opened the happiest chapter in the history of the English-speaking peoples of the world.

This spoke Sir Hamar Greenwood, chief secretary for Ireland, in an unexpected reference to Ireland at a dinner at the Bath Club tonight, at which the Cornell cross-country runners were given a farewell.

PUBLIC WELFARE BRANCH IN VIEW

Government of Manitoba Going in For Some Advanced Legislation.

Winnipeg, Dec. 31.—Plans for the government's program of legislation for the 1921 session of the legislature is now under way. The first draft of the new public welfare bill which will be submitted to the legislature at this coming session has been prepared. The act will provide for the creation of a new branch of the civil service called a new department of public welfare. A minister will be appointed to take charge and a director of public welfare will likely be appointed.

The legislature will provide for the guardianship of children and neglected children are defined. Under the act illegitimate children will no longer be described as such, but are referred to as children of parents not legally married. Child immigration is also covered, and homes bringing out children from the old country will be requested to deposit \$500 to insure that proper care is given the children.

SIDNEY TOWNSHIP HOME IS DESTROYED

Fire Causes Serious Loss—Resident of Tweed Is Instantly Killed by Train.

Belleville, Ont., Dec. 31.—(Special.)—The dwelling house of Bidwell Windsor of Sidney township was yesterday with the greater portion of its contents destroyed by fire, which from some cause originated in the attic. The loss is between \$2,000 and \$4,000, partially covered by insurance. William F. Ferguson, traveling salesman for the Martin Senour Company, died here today after a brief illness from an attack of typhoid fever. He was well known in this locality and highly esteemed. He was born at Kingston 46 years ago, and for some time conducted

Let T. L. Church Finish His Work

T. L. Church has devoted his time and energy to the protection of the city's rights under the street railway agreement, and to the preparation of the municipality for taking over the T.S.R. system.

T. L. Church has followed a policy leading to complete public ownership and control of all the transportation, power and light facilities in Toronto.

These objectives will be reached during the coming year.

The Toronto Railway will be taken over and put under municipal ownership and operation this year—1921. The Mackenzie radial and power companies will also be secured.

Mayor Church, who did so much to make possible this great step in the city's progress, asks for the support of the electors in enabling him to complete his work.

FIUME ESTABLISHES NATIONAL COUNCIL

Terms Arranged With Delegates Accepted in New Provisional Government.

ADRIATIC ITALY'S HOPE

Rome, Dec. 31.—The discovery of a plot in Milan, in which Fascist (extreme nationalist party) and anarchists are alleged to have been preparing a joint attack on the Italian army operating against Fiume, is reported by the newspapers here today. Seventeen persons have been arrested in connection with the plot, the newspapers say.

The Giornale d'Italia reports that D'Annunzio has left Fiume in a plane, going first to Venice and later to Paris.

D'Annunzio's destination is unknown, but the speculation includes Ireland, for which he has always expressed sympathy.

An airplane has been flying over Fiume territory and in the district between Zara and Trieste, scattering papers declaring that Italy is unworthy the sacrifice of D'Annunzio's life for her behalf.

National Council in Fiume. Trieste, Dec. 31.—Establishment of the old national council of Fiume as a provisional government over the city was announced there last night. All terms laid down to the Fiuman delegates at Abbazia by General Cavaglia have been accepted. These terms included the release of legionaries from their oaths of allegiance to the "regency of Quarnero," abandonment of the islands of Arbe and Veglia, in the Gulf of Quarnero, restoration of all prisoners made by the legionaries and the surrender of all arms and munitions appropriated from the Italian army, and that all legionaries not natives of Fiume should leave within five days.

Altho all essentials had been arranged for by the Fiuman delegates, the conference between them and General Ferrario continued all day yesterday. General Cavaglia stayed at Abbazia through the day, but did not deal directly with the delegates.

The discussion, according to information received today from officers, appeared to centre on what would be the terms of the D'Annunzio legionaries, the delegates asking that they be allowed to stay in Fiume and become a special charge of the city.

Adriatic Important Question. Rome, Dec. 31.—Italians base high hopes, in international politics for 1921, chiefly on the settlement of the Adriatic question. The government, by its energetic action against the D'Annunzio government at Fiume showed its earnest intention to carry out the treaty of Rapallo, and thus remove any cause for suspicion against Italy. The nation hopes, now that the treaty has cemented Italo-Yugo-Slav friendship, that Italy will accept the invitation extended by the premiers of Yugo-Slavia and Rumania to become a kind of protectress of the "little entente."

Settlement of the Adriatic problem will have an even greater influence on internal conditions. It will enable Italy, relieved from the incubus of an impossible situation, to settle down to the work of reconstruction. Above all, it will permit the cutting down of military expenses, which are now burdening the budget to the extent of 10,000,000,000 lire annually. This will automatically reduce the amount of paper currency in circulation, approximately 20,000,000,000 lire, and decrease the deficit of 12,000,000,000.

In all branches of industry a gradual speeding up is evident, and it is believed production will be augmented, which will result in increasing ex-

NEW YEAR MESSAGE ISSUED BY CRERAR

Practice of Golden Rule and Same Spirit as in War Points the Way.

Winnipeg, Dec. 31.—Hon. T. A. Crerar, leader of the federal Progressive party, in response to a request from the Canada press for a New Year's message to the people of Canada, has issued the following:

"The only solid foundation upon which we can build for the future is the practice, individually and nationally, in private conduct and in public affairs of those virtues, as old as the history of man itself—thrift, work, honesty, truthfulness, temperance. In all things, the ability to love one's neighbor as oneself and to practise the golden rule.

"As a people we have drifted far in

the direction of a smug materialism far too prone to measure success in life by the yardstick of the dollar. We stand in need of a great spiritual awakening.

Points Way to Ideal. "By the application of wise and prudent policies we can insure for the future that Canada's untilled acres, her rich forests and mines, will offer work to those who are willing to make their way by honest toil, so that none need be unemployed. The spirit of Canadians during the war, both at home and in the field, points the way to our ideal. May we make good progress toward it in the coming year."

ST. JOHN'S PAPER SUSPENDS. St. John's, Nfld., Dec. 31.—With today's issue, The Evening Herald newspaper, edited by Sir H. T. McGrath, suspends publication. In his valedictory Mr. McGrath states that whether the plant will resume under new management or be voluntarily liquidated will depend on the result of negotiations now in progress. "Since its establishment thirty years ago, first as The Mercury and later as The Herald, this journal has played a prominent part in the life of the colony," says its managing editor.

ports and decreasing imports. This would go a long way toward correcting the exchange situation, one of the chief causes of the high cost of living and the present unrest in the world of labor. The labor situation appears very hopeful, as reports from all provinces show a great majority of the workmen are apparently anxious to settle down to steady employment.

The faint possibility of a revolution has been dispelled by the gradual awakening of the constitutionalists, who are burying all party feeling in order to fight the common foe—Maximalist Socialism and communism.

COURT MUST RETAIN BONDS OF EDMONTON

Portland, Ore., Dec. 31.—An order was issued in federal court today forbidding City Treasurer F. Barnhouse of Edmonton, Alberta, removing from the jurisdiction of the court approximately \$1,500,000 in Edmonton bonds now held in escrow by the United States National Bank.

This order was issued on application of W. D. Whitcomb, receiver for Morris Bros., Inc., bond house, which closed Monday, whose former president, John L. Ehrbridge, is under arrest at Minneapolis.

U. S. STEAMER IN TROUBLE OFF COAST OF SPAIN

London, Dec. 31.—A wireless message from the U. S. steamer Walkill reporting her engines totally disabled in latitude 46.58 north longitude 22.94 west is given in Lloyd's Des from Valencia, Ireland. The U. S. steamer West Camak is standing by but there is need for further assistance.

The message from the Walkill would indicate that she is approximately 50 miles from the northwest coast of Spain. The Walkill, bound for London, sailed from New Orleans on Dec. 12, but called at Key West on Dec. 14 to land a propeller for the steamer Lake Singara. She left Key West the same day.

J. P. WOODHALL PASSES; TREASURER OF LAMBTON

Sarnia, Ont., Dec. 31.—J. H. Woodhall, treasurer of Lambton County, died at his home here on Lochiel street this afternoon. Deceased, who had been active in county circles for many years, had been sick for several weeks past.

INDUSTRIAL TURN BY MID-JANUARY

Orders on Way, Says Representative of Brantford Manufacturers.

Brantford, Dec. 31.—(Special.)—January 15 is the date set by most of the heads of representative Brantford industries as to the time when orders will be pouring in, and there will be work in plenty for all artisans. In no case, is the announcement, or rather the prediction, a definite one. All that can be said is that prospects are that Brantford will have a fairly active year industrially in 1921. In several instances, where the business of some of the big Brantford firms are given a close introspection as to the future, it was stated that once confidence was restored among retailers, there would be a considerable brightening up. The present period, was described confidentially as one in which to "sit tight."

Will Soon Be Over. The effect was felt not only by the buying public, but more largely by the retailers, the latter having only small stocks on hand. This condition, it is said, will be of short duration, and is held almost unanimously by the students of the general industrial situation, to be largely transitory. "It

will soon be over," was the general message, and January 15 was the date generally set for the resumption of operation on something more than a normal scale of production in this city.

ELECTION RETURNS. World readers can see the election returns at The World office tonight. Results will be shown by stereopticon lantern.

ELECT WARD 4 MRS. SIDNEY SMALL
Headquarters for Election Day, 464 Spadina Ave. Coll. 331
Social Welfare Platform

WHY—
BECAUSE—She is a strong supporter of Public Ownership and Hydro Radials.
BECAUSE—The immediate development of the radial transportation system is necessary to improve housing conditions in Toronto.
BECAUSE—A sound, business-like management of civic affairs is the foundation of the welfare of the city.

BECAUSE—She believes that the City of Toronto deserves of its people one hundred per cent. efficiency in citizenship.

MAKE SURE OF CONTROLLER RAMSDEN

Complete the Triumph of Public Ownership

Liberation of Toronto from corporation control of its power, light and transportation facilities has been a long struggle. That struggle will be crowned with victory during the coming year. The citizens of Toronto know sufficient of the battle that has been waged to enable them to identify those who can be depended upon at all times to vigilantly protect and constantly advance their interests.

Controller Maguire has always been in the front ranks of those seeking to bring about complete public ownership of the transportation and power facilities for the benefit of all the people.

When you vote for Controller Maguire you vote to:

- Insure the taking over of the Toronto Railway at a figure that will be no more than the railway is worth.
- Help to bring about the realization of a system of Hydro Radial railways radiating from Toronto.
- Make sure that the Mackenzie power and radial companies will be taken over by the city and put under municipal operation.
- Provide the citizens with adequate transportation and an abundant supply of power at cost.
- Insist on the construction of the waterfront viaduct.

WHAT THE PAPERS SAY:

"Controller Maguire has given unstintingly of his time and effort for the promotion of the great Hydro-Radial project."—The Globe.

"Controller Maguire was a pioneer in public ownership. He has given invaluable services to the cause of Hydro."—The Telegram.

"For eleven years Controller Maguire has served the city and through all that time he has been a consistent supporter of Hydro and public ownership matters generally."—The World.

VOTE TODAY FOR CONTROLLER MAGUIRE

Elect Nesbitt For the Big Public Ownership Clean-up Year

These are the reasons why you should mark your Board of Control ballot for Russell Nesbitt:

- He is a genuine public ownership man, and as a lawyer thoroughly experienced in municipal affairs he will be able to give the citizens valuable service in the work of taking over the street railway, and in the acquirement of the Mackenzie power and radial companies.
- He will fight the enemies of Hydro Radials.
- He will look after the municipal needs of the people of the city with the same persistency that he exercised in looking after the needs of his constituents in Ward Four.
- The small taxpayer will always get the utmost consideration from him.
- He will do his level best to reduce the tax rate and keep it down.

FORECASTING OLD COUNTRY SOCCER

Burnley Meet Preston—Rangers Have Acid Test With Celtic.

Old country soccer games, of which there is a full program down for today, will no doubt produce some startling results, and again the matches will show how the leading teams have been affected by their hard games of the past week, during which time the usual celebrations are indulged in, while little time is left for training. The Glasgow Rangers have the games of their lives on hand when they meet Celtic today.

At the same time, the English League leaders, Burnley, the English League leaders, are meeting Preston, who it is expected the former will return empty-handed, if this happens and Bolton clean up the score in this game, while the latter will be expected to return with a clean sheet.

ST. LAWRENCE AND PRODUCE MARKETS

New Year's Activity Was Apparent on All Hands.

Business at the St. Lawrence market yesterday was fairly good all lines of poultry and provisions generally showing an advance. Turkeys sold at around 70c a pound, geese were scarce at all the way from 40c to 50c a pound, the latter for select, ducks 25c to 40c a pound. There was a pretty good clean-up at these prices. A feature of the lower St. Lawrence market, as at Christmas time, was the magnificent display of dressed meats, carcasses and poultry, all kinds by Brown Bros., the well known purveyor.

In the upper market geese were selling at around 90c for the strictly new laid, a change from 75c a fortnight or so ago, when they were around 1.25. This was the prevailing price. Receipts coming in from the country and from the States are coming in and there are no indications of a shortage. There are many suggestions in the way of improvement which he might recommend.

WE ARE PLEASED TO TELL YOU THAT THE COMPANY HAS ON HAND TODAY (CASH IN THE BANK) AS MUCH MONEY AS WHEN WE LAST MET AT OUR ANNUAL MEETING. OUR STOCK HAS BEEN SOLD SINCE THAT DATE, AND DEPOSITED PAYMENT FROM STOCK SOLD PREVIOUS TO THAT DATE HAS BEEN SUFFICIENT TO CARRY ON THE WORK FROM THAT TIME.

The Argonaut Gold Mining Company has been purchasing power, and owing through Northern Ontario there has been a great dearth of power companies and has handicapped other power companies very severely.

Mr. George A. Gray, who had held the position of chief mining engineer of the company since 1912, has been appointed to the position of chief manager, and will assume his duties on January 1st, next. Mr. Gray brings with him one of the largest bodies of experience in the mining services should prove of great value to the company. His selection has met with commendation on all sides.

Your Directors and Advisory Board have been advised of the resignation of Mr. Gray, and they have expressed their regret at the loss of his services. They have also expressed their confidence in the ability of Mr. Gray to carry out his duties as chief manager of the company.

On the strength of this report it is predicted that the mill would be built by January 1st.

Upon my next visit to the mine, in the month of January, I will be in charge of the mill, and a more complete report will be given to you.

Over ninety per cent. of the shareholders of the company have already made this exchange. As you are aware, there were still a number of outstanding shares in each of our old companies that Goldfields, Limited, had given us the opportunity of rounding up into one company these outstanding shares.

A persistent effort is being made in certain sections of the Press to injure the reputation of the Associated Goldfields by paying the way for a sacrifice of the stock by the shareholders when the Pool is broken.

BOARD OF TRADE. FEATURELESS DAY IN WHEAT MARKET

Winnipeg Reports Quiet Trading on Last Day of the Month.

Winnipeg, Dec. 31.—Trading in December wheat stopped at 11.30 this morning and the month passed away quietly, there being no unexpected developments. It was evident that the short interest was largely eliminated Thursday and preceding days. And the market today was inclined to be weaker. The close was 1/2c lower to 3/4c higher than the preceding days. There was little doing in the cash market, all contract grades going into the hands of the millers. Some business was being worked in tough, soft-off grades.

The coarse grain markets continued without feature and the trade volume is entirely light with small offerings was for lower to 3/4c higher today. Oats closed 1/4c to 1/2c higher; barley 3/4c to 1 1/4c higher; flax 3/4c to 5/8c higher; rye 1/2c to 3/4c higher; clover 1/2c to 3/4c higher.

SALESMEN LOOK TO RECORD THIS YEAR

Selling Staff of Davies Company Hold Convention in Toronto.

A successful convention of the selling staff of the Davies Company was held at their plant, 22 and 24, on the corner of the street, Toronto, on December 29 and 30. All of the salesmen and most of the outside salesmen were present, the latter being as far east as the Atlantic coast. A. J. Burbridge, president of the company, presided at the convention, which was opened by a prayer. The president also addressed the salesmen, and also the vice-presidents, each addressing the salesmen in an encouraging manner. The new year and the new year's resolutions were discussed. The salesmen were divided into different departments, and each department presented a report of its work during the past year. The convention was a very successful one, and the salesmen were very enthusiastic. The convention was held in a large hall, and the salesmen were very comfortable. MEN YOU HEAR OF

Seen as Their Friends Know Them

Mr. Lawrence Solman, who, in addition to his theatrical and other business interests, is well-known as an all-around patron of athletics. Mr. Solman was born in Toronto, and has been identified many years with the Toronto Ferry Company, of which he is now managing director. The great improvements at Hanlan's Point in recent years have been largely the result of his enterprise. His management of the Royal Alexandra Theatre has made him a prominent figure in the theatrical world.

MAYOR URGES VOTERS TO SUPPORT HYDRO

All Friends of Public Ownership Should Get Out and Poll Early.

"I want to thank all the papers who have so loyally and faithfully supported the great cause of public ownership in this campaign, and to ask all our friends to come out and vote and get their friends to vote. This message was sent out by Mayor Church last night. His advice to come out and vote will, it is hoped, be generally observed. To the injunction may also be added 'vote early.' In previous years large numbers of electors have been shut out of the polling booths owing to their late arrival. The polls open at eight o'clock this morning, and close sharp at five o'clock.

TORONTO PROPERTIES CHANGE OWNERSHIP

The property at the northeast corner of Spadina avenue and Richmond street has been sold by the Toronto Sanitary Towel Supply Company to Z. Sable for \$20,000. The land fronts 88 feet on Spadina avenue and 100 feet on Richmond street. The present two-story structure will be remodelled by the purchaser for use as a fur manufacturing factory.

L. M. Green, Union Bank building, has purchased the lot in Rosedale at the southeast corner of Highland and Schofield avenues.

The lot fronts 178 feet on Highlands avenue. A large modern residence will be erected on the property. John Stark and Company were the brokers.

OVERHEATED STOVE RESULTS IN FIRE

Fires, caused by an overheated stove, which broke out in the two-story brick building at 92 Peter street, last night, caused damage of \$5,600. The building is owned by C. Robinson, 24 Parnham avenue.

The American Cloak Co., occupying the second floor, on which the fire broke out, suffered damage of \$5,000 to contents, while slight water damage was done to the contents of the S. Fraleck Co. on the ground floor. Damage to the building was \$600.

CRUSHED BETWEEN CARS. When he got crushed between two street cars at Gerrard and Greenwood late yesterday afternoon, A. Murphy, 690 Coxwell avenue, had his left knee severely injured. He received medical attendance at the hands of Dr. McCrae, 254 Greenwood avenue, after which he was taken to his home.

DR. GLOVER OFFERED MILLION FOR SERUM?

It is reported that Dr. Thomas J. Glover, discoverer of the much-discussed serum used in the treatment of cancer

case, has been offered a million dollars by a New York man for the formula and permission to place the product on the market. Dr. Glover is said to have refused the offer, but according to rumor he is considering the transfer of his headquarters to New York or some other city in the United States.
