TRAIN GUNS AGAINST SIR EDWARD GREY

Agitation Promoted With Design of Driving Him From Office

THE BELFAST MEETING

Ulster Unionists Have Placed Party in a Dilemma by Opposition to Churchill's Appearance on Platform—Now Try to Have Invitation Withdrawn

(Canadian Press) New York, Jan. 18.—A London cable says the Liberal dissent with Sir Edward Grey has already reached a point where his successor is being discussed, and according to the London correspondent of the Liverpool Post, it is suggested that James Bryce be brought from Washington and put in charge of the foreign office.

A straw showing the way the wind blows in the necessary Sir Edward has felt of doing through his secretary that his policy is "aggressive or inspired by antagonism to Germany." Under ordinary circumstances, a foreign secretary would have declined to notice such a charge.

Several London papers today have articles pointing out that Sir Edward's policy is becoming more and more distasteful to the supporters of the government, and many influential radicals are calling for a change in the foreign secretaryship. London, Jan. 18.—The decision of the Ulster Unionists to prevent the home rule meeting in Belfast on Friday, a large body of the loyalists agree that the decision was ill advised, while several influential conservative papers condemn the attempt to stifle free speech as tantamount to the logical conclusion more than good.

"They admit that this challenged, but they would not on the part of Mr. Churchill to draw back now, and since it is only supposed that serious rioting might be the outcome of the meeting in Belfast, they hope the promoters of the affair will withdraw their invitation to Mr. Churchill and thus avert serious danger."

THIRTY-EIGHT DROWN

British Steamer Wrecked Today On Rocks Off Aberdeenshire

Thirty-five go Down With Steamer Wistow Hall, Five Cling to Wreckage, But Only Two of Them Manage to Reach Shore

(Canadian Press) Aberdeen, Scotland, Jan. 18.—The British steamer Wistow Hall was wrecked this morning on the Bellies of Buchan, a group of dangerous rocks off the coast of Aberdeenshire. Thirty-eight of her crew were drowned.

Thirty-five of them went down with the ship and five others clung to the wreckage, but only two of them succeeded in reaching shore.

The sea was so large that it was impossible to launch a life boat. The life-boat crew of the village of Bellies tried several times to put out to sea, but their craft was hurled back onto the shore.

Most of the drowned sailors were Latvians. The Wistow Hall was a vessel of 2,130 tons, and was built at Greenock, Scotland, in 1900. She was owned by the Hall Line of Liverpool.

LATER.

Captain Stoddart of the Wistow Hall, who was one of those rescued, says that his crew numbered fifty-six. Only three Latvians and the captain reached the shore, so that fifty-three were drowned. The captain says that the Wistow Hall drifted helplessly for hours before a terrific gale.

SYDNEY MAN GETS REWARD FOR HEROISM

Harry S. Moore Figures In Carnegie Hero Fund List

GETS MEDAL AND \$2,000

He Gallantly Saved the Life of a Nine-Year-Old Boy Who Had Fallen Through the Ice of Sydney Harbor

(Canadian Press) Pittsburgh, Pa., Jan. 18.—There was but one Canadian to receive the reward of the Carnegie hero fund commission yesterday for an act of bravery and that was Harry S. Moore of Sydney, who gave a silver medal and \$2,000 for the salvation of his child when he needed.

Moore, who is aged forty-four and a hotel operator at Sydney, saved Nellie Campbell, aged five, from drowning at Sydney on Feb. 7, 1911. Moore broke through the thin ice of Sydney Harbor and he carried toward Campbell who, unable to swim, had broken through where the water was more than ten feet deep. Moore swam to Campbell, who was within reach of the shore, and he held her until she was able to get to the shore.

Moore, who was with him at the time, was thrown to him and he Campbell were pulled to safety in the ice.

Moore suffered no ill effects. Campbell was revived.

STOP ACTION OF THE HUMAN HEART TO CURE VALVULAR DISEASE

This is Surgeons' Hope, Says Dr. Richardson of Boston to Medical Men

(Canadian Press) Boston, Jan. 18.—That surgeons are looking forward to the time when it will be possible to stop the human heart long enough to cure valvular disease is the statement made by Dr. Maurice H. Richardson in a discussion of "The Future" before a gathering of medical men here.

"I do not say that it can happen or will happen," he added, cautiously. "But I say we are looking forward to it if surgery makes the same progress in the next fifty years that it has made in the past fifty years."

NO HONOR IN IT BUT PRISONER SAYS HE IS NOTORIOUS GUERIN

Arrest in Glasgow Recalls Case in Which Nations Were Interested

Glasgow, Jan. 18.—A man who was arrested here last night on a charge of loitering in a hotel, with intent to steal, says he is Eddie Guerin, a so-called American criminal, although an English judge once decided that he was a British subject. The man has not yet been identified.

Eddie Guerin's name was known all over the world, through his sensational escape from the French penal colony at Devil's Island, where he was serving a life sentence.

He was aided by friends in New York, who furnished the money. He was afterwards arrested in London, but Great Britain refused to extradite him to France; the judge holding that he was a British subject. He got into several scrapes after this.

Guerin, who is catalogued in Inspector Byrnes' book as a notorious western criminal, got his life sentence on Devil's Island for robbing the American Express Company in Paris of \$30,000, and for a previous robbery of \$50,000 from the bank of Lyons.

IT LOOKS LIKE DEATH CHAIR FOR RICHESON

Commutation Refused Another Murderer; New Council Strongly Opposed

PHIELLS TO BE EXECUTED

(Canadian Press) Boston, Jan. 18.—The fifth day's respite granted to Elias N. Phiells of Monroe, Bridge, the condemned murderer of Deputy Sheriff James F. Haines, failed to bring him commutation, through the inaction of the governor-in-council today, and he will die some time next week.

Governor Ross, who obtained the respite for Phiells from the 1911 council, found the new council strongly opposed to commutation. His attitude on the death penalty is regarded as having an unfavorable bearing on any similar petition from Charles F. Richeson also under sentence of death.

Colorado Springs, Colo., Jan. 18.—Miss Patsy Felts, the young woman to whom C. V. T. Richeson wrote from the home of Miss Violet Edmonds following his murder of Miss Edmonds, while here in prison, has filed an affidavit in L. P. Lawton's office in Colorado Springs on Feb. 18, 1911, reciting an engagement to marry Richeson dating back to Dec. 29, 1903, while he was a student at William Jewell College, Liberty, Mo.

At that time she loaned him money to aid in his education. In 1908, when he left the college for Newbold Theological Institute, she loaned him more, in all about \$700. She became a Kansas City, Mo., teacher in 1906 and in 1907 Richeson saw Richeson last on August 29, 1908.

Her health failed and she entered a hospital as a patient in St. Joseph, Mo., in September, 1909. Richeson returned here a few dollars, then to help pay her bills and later get some money to pay her way to Colorado Springs, to which place she came in December, 1909. Here she spent the winter at the suburban home of Mr. and Mrs. J. J. Moffatt. She spoke to various ministers and doctors of her love for Richeson. Miss Felts said her object in making the affidavit was to protect herself and set her right with certain people. The engagement was never broken.

A certified copy of the affidavit, requested by the district attorney in Boston for the purpose, it is believed, of combating any attempt to save Richeson from the electric chair, was mailed to him.

Miss Violet Edmonds recently wrote to Miss Felts at Salt Lake City, where she now resides, and the reply mentioned the affidavit filed here.

RECIPROcity FOR EMPIRE AND UNITED STATES

Newfoundland Lumber King in New York With Big Trade Alliance Project

(Canadian Press) New York, Jan. 18.—Harry J. Crowe, Newfoundland's "lumber king," is in New York to stimulate interest in what he calls "larger reciprocity pact," which shall include not only the United States and Canada, but the entire British empire.

Mr. Crowe has letters from public men, both in England and in America, favoring the plan. In a statement of his purpose he said:

"The verdict of the Canadians in connection with President Taylor's proposed reciprocity pact implied a strong desire to give the British empire a preference over all other nations, however tempting or alluring their offers may be. It would therefore seem that the United States, while the door is open, by entering into a larger reciprocity pact embracing all the English speaking peoples in Great Britain, and all her colonies, instead of Canada alone and the United States, the alliance would be a most desirable one, not only as Germany and Japan."

The attempt was made by a man named Carlo, who was arrested by the watchmen. The watchmen were alerted by the sound of a gun and they rushed to the scene. They found Carlo in the act of lighting a fuse. He was arrested and the fuse was extinguished.

BASEBALL TO HELP TO PROVIDE PLAYGROUNDS

Senator Frawley Introducing a Bill in New York Legislature

(Canadian Press) Albany, Jan. 18.—A bill that will cause much excitement in the ranks of baseball men is proposed by Senator James J. Frawley, one of the democratic leaders in the state legislature and author of the new law for the regulation of boxing.

It is his plan to tax the gross receipts of baseball clubs exceeding a certain limit. The money thus collected to be turned over to the play grounds in prominent cities and towns. The bill will probably cause some concern as the tax will directly affect the New York National League club, the New York Americans and the Brooklyn Nationals.

Senator Frawley's idea is to put professional baseball under the control of the state athletic commission, which is managing the boxing game.

LAY DEAD AS THEATRE PERFORMANCE WENT ON

Boston Woman's Heart Weak, is Overcome and Dies in Dressing Room

Boston, Jan. 18.—While the body of Mrs. Mary Downes, with her heartbroken husband weeping beside it, lay for two hours in a dressing room of the National Theatre, 1,300 persons laughed merrily at the stage performance and part of the time joined in loudly singing the choruses of a popular song when led by one of the performers.

Started by a bit of realism Mrs. Downes gave a scream and fainted in a chair, but she was revived by the husband. She died fifteen minutes after without regaining consciousness, but the audience remained ignorant of the fatality.

A priest and a doctor rushed her to the suburban home of Mr. and Mrs. J. J. Moffatt. She spoke to various ministers and doctors of her love for Richeson. Miss Felts said her object in making the affidavit was to protect herself and set her right with certain people. The engagement was never broken.

CONDITIONS IN TURKEY ARE DESCRIBED BY CORRESPONDENTS AS TENDING TO A GREAT UPEHEVAL

London, Jan. 18.—The reports of special correspondents in Macedonia and other parts of Turkey describe, in the most gloomy strain, the condition of affairs throughout Turkey generally.

According to one writer, Macedonia is in a state of anarchy. The conditions at the present moment are even worse than they were under the rule of Sultan Abdul Hamid. There is a complete absence of security for life and property and the authorities appear to be unable to put any check on the prevailing lawlessness.

Another special correspondent says that a similar state of affairs exists in Northern Albania and that the first outbreak may be expected to occur in that region. The condition of unrest in Turkey is fully realized by the European powers, who are anxious to bring about a cessation of hostilities between Turkey and Italy before the season is sufficiently advanced for the Macedonians and Albanians to begin their campaign of guerrilla warfare. The whole country from the Aegean Sea to the Adriatic is ripe for rebellion. Bulgaria and Greece, however, are maintaining the most correct attitude in their relations with Turkey.

The Evening Times and Star

ST. JOHN, N. B., JANUARY 18, 1912.

The St. John Evening Times is printed at 21 and 23 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the laws of the Dominion of New Brunswick.

CHOOSE STRONG MEN

On the eve of the civic elections in Victoria, B. C., the Colonist, in the course of an appeal to the citizens, said: "At a time when such an important era in the development of the city has been reached it would seem imperative that the people generally should take a more lively interest in municipal affairs than in the past. We are on the eve of great things in Victoria, of expansion such as the early settlers never dreamed of, and the easy settlers never dreamed of, and all should pitch their shoulders to the wheel and help in the movement of progress. If our civic administration has been mismanaged in the past then there is all the more reason why this condition of affairs should be righted. One of the ways to accomplish this is for everyone who has a stake in the city to take an intelligent and active interest in its affairs."

Do not these remarks by the Colonist exactly fit the situation in St. John? Let us quote also from a paper from another city, where a hot civic campaign is in progress. That city is Montreal, and the paper the Montreal Star. It says: "If you were looking for a city in which to establish an industry, what would be the first thing you would ask about? Would you not begin your investigation into its fitness for your purpose by enquiring if it had good civic government? You would know that it makes a big difference to a manufacturer or a merchant whether the municipal government of the town in which he locates is conducted on the 'boom' or the 'blackmail' principle. Do the aldermen help the city or help themselves. Are they 'feeders' or 'milkers'?"

A progressive and patriotic City Council is a very great contribution to the progress and prosperity of a city. Now, this fact is as well known to the capitalist, looking for a site for his new factory or his new store, as it is to you. And he has a lot of cities to choose between. He is not yet located—as, probably, you are. He need not come to Montreal. He can go to Toronto, to Winnipeg, to Vancouver, to any one of a dozen promising Canadian cities. Or, if he prefers this district, he can establish himself outside of the boundaries of Montreal in one of our growing neighbors. But do we not want more working establishments in this city? Is not every clerk interested in having more jobs competing for his services? Is not every workman concerned in seeing more "fall chimneys," more doors open to his knock, more pay envelopes attracting his attention? Is not every professional man, every merchant, every financial adviser, every one who wants work or customers, very anxious that Montreal shall continue to grow?

St. John has entered upon an era of expansion. It is also adopting a new system of government. There never was a time in its history when there was such a need of good men at the helm of its affairs. Five such men should be nominated and elected as the incoming commission. Every citizen has a personal interest in this matter.

WHERE IS THE HERO? The mystery deepens. Mayor Frank and Recorder Baxter have visited Ottawa and worked the Courtenay Bay harbor works. "I made enquiries, and I was told by very excellent authority that I would be justified in saying that work would be started in Courtenay Bay next season."

Hon. Mr. Hazen is still silent. He is the hero of this little play. He knows that the eyes of the public are turned on him, as St. John's representative in the cabinet, and it suits his purpose to keep them looking at him. Dr. Pugsley had this whole Courtenay Bay matter brought to the very point of awarding the contract. But he is the villain of the play. No credit must come his way, or the whole plan would be spoiled.

The audience, which is the St. John public, must be kept in eager suspense to a time, fearing lest something dreadful occur, and at the critical moment the brave hero, Mr. Hazen, will rush upon the stage, and the cry, "Saved! saved!" will ring from the lofty orchestra.

The Courtenay Bay works must be begun. Why delay the authoritative announcement, if it is not withheld for purely political purposes? But the citizens grow impatient. They are not concerned about the political fortunes or devices of any man. They want prompt assurance from Mr. Hazen himself that the development work will proceed without delay. That is the sort of hero they want to represent them at Ottawa.

The question of establishing a sanitarium in York county was before the municipal council at Fredericton yesterday, and it is expected definite action will be taken at the July meeting.

Since nearly a hundred persons die of tuberculosis every year in St. John, there must be a hundred or more homes more dangerous to the community than a properly conducted home such as the Association asks for could possibly be.

The Fredericton and Woodstock Boards of Trade are displaying an activity rivaling that of the St. John board. The towns up-river anticipate rapid progress as a result of the construction of the Valley Railway and of the general forward

Mr. Borden has made a contribution to the defence of the Empire. His government has subsidized the Nationalist newspapers of Quebec. Even Bourassa's organ gets a share. Where are the flag-poles?

After yesterday's discussion in parliament brought on by Hon. Dr. Pugsley, the railway department and the St. John Railway company should get together and agree to terms that would enable the company to extend its line to St. John East.

The St. Andrews Beacon says: "The Standard has been publishing a list of conservative officials dismissed by the liberals when they came into power. The list shows four officials were removed in Charlotte county by the liberals. One of these, whose halting place is St. Andrews, is not known here. The other three were removed on account of old age or other disability."

MONEY IN ORCHARDS

Example Having Its Influence and Much Can Be Done. (Peter MacArthur in Toronto Globe.) There is a lot of good talk going on in this part of the country about orchards. The newspapers are largely due to the fact that a few orchards that were given for large returns last fall, and the fact has been noted that it has been talked about in the blacksmith shops and the post office, and because of that we shall have ready to hand a man who is not seen to have much effect in the country until they have been talked over, man by man, the agricultural reports and letters and farm papers have been talking about the great opportunities in orchard-ry for years.

MR. HARTT LEARNS THINGS

St. Andrews Beacon Comment on The Conservative M. P.

New Brunswick is Behind

(Chatham Commercial) A. R. Mathers and James Bremner have now returned home after attending the short course at Harro agricultural college, and they speak in most enthusiastic terms of all they saw and heard whilst there.

It seems to be the same story year after year with the young men of New Brunswick, they have not the enterprise and ambition which characterizes their fellows from the other two provinces.

CARLETON PEOPLE

WANT THE OLD RATE

Protest Against Ferry Tolls Increase—Committee to Wait on Council

At a meeting of the citizens of West St. John held in the Carleton City Hall yesterday it was decided to apply for a special meeting of the Common Council, and a committee of five members was appointed to lay before the council then a request that the ferry tolls be reduced to the old figures on the grounds that the ferry service was part of the public highway and as such should be supported by assessing the entire city.

The speakers who addressed the meeting included Andrew Bunt, C. B. Lockhart, W. W. Allingham, W. D. Baskin, J. E. Thomas, Aldermen Scully, Smith and Brown.

In answer to a statement by the Carleton aldermen, Ald Scully said it was not true that the West Side representatives did not fight for the interests of this section. They did so on every occasion, and it was a matter of common knowledge at City Hall.

The aldermen agreed to secure five members of the council to petition for a special meeting. The committee to lay their demands before the council was appointed as follows:—Rev. W. W. Samson, Rev. Dr. Heine, C. B. Lockhart, W. D. Baskin, J. E. Thomas, Rev. H. E. Thomas, S. Herbert Myers, W. P. Allingham, C. E. Colwell, William Sanderson, W. L. Harding, E. R. Taylor, A. E. McGinley, Charles Brown, W. E. Emmerson, Charles Coster, J. Frith Britain and Elmer Young.

IN PARLIAMENT

St. John Street Railway Extension—The Valley Railway—Old Age Pension

Ottawa, Jan. 17.—The matter of the extension of the St. John Street Railway Company's lines came up in parliament today. Hon. Wm. Pusey moved for all correspondence which had passed between the company and the railway authorities. Any action thus far taken by the government had been on the recommendation of the L. C. R. board of management. Mr. Hazen said he thought the street railway should be extended to Millville, Bothwell and Little River.

Colonel McLean said that the line had never paid dividends and he said it was difficult in building a line to Millville when one company controlled the land through which the tracks must pass. The government intends to appoint a committee to examine the situation in relation to the extension of the line in this country.

WEDDINGS

A quiet family wedding was solemnized in St. John's (Stone) church at 4 o'clock yesterday afternoon, when Miss Julia Helen Wilson, sister of Mrs. A. A. Wilson, and the youngest daughter of the late Dr. William Wilson, Q. C. of Ottawa, became the bride of George S. R. Holmsted, a young business man of Toronto. The ceremony was performed by Rev. G. A. Kohring, the bride entering the church on the arm of her brother-in-law, William Downie, attended by her sister, Miss Grace Kohring. She wore her wedding costume of light blue, and immediate relatives and a few intimate friends were present. D. Arnold Fox presided at the organ.

Mr. and Mrs. Holmsted left last evening on the Boston train for a tour through the United States, after which they will reside in Toronto.

Mr. and Mrs. Barnhart, of Toronto, were among the guests at the wedding.

Spruce-Tree.

A very pretty wedding was solemnized at the home of Robert F. Fries, Duke street, W. E. yesterday afternoon when Miss Helen M. Fries, B. A., was united in marriage to Gordon S. Sprule, M. Sc., of Montreal, Rev. A. J. Archibald officiated at the ceremony. They will reside in Montreal.

Bentley-Sala.

Miss Mabel A. Sala, youngest daughter of W. H. Sala, of Medford, N. B., was united in marriage to Alfred Bentley of Yorkshire, Eng., at the home of her parents, 54 St. John's street. The ceremony was performed by Rev. H. A. Cady.

CITY CORNET BAND CONCERT

In the Opera House last evening the City Cornet Band gave another of their popular concerts before a very large audience. All thoroughly enjoyed the excellent programme which the band itself conducted. Their usual enjoyable musical numbers under the able leadership of Bandmaster Washington. The band sections were rendered at intervals, and vocal and instrumental and other interesting features were given. All the numbers were distinctly enjoyed.

Solos were sung by Miss Blenda Thompson, Hew Walker, Wm. M. Wallace, Gerald R. McCaffrey, David Higgins, W. Anderson and R. L. Colborne, and these were all heartily applauded, making an excellent feature of the evening.

Misses B. Worden and Ada Thompson acted as accompanists. D. J. Gallagher was well received in a correct solo. Masters George and McCarrie provided a pretty number with the A. O. H. cadets, whose solos were distinctly enjoyed.

The vocal numbers contributed by Miss Thompson and Mr. Walker were features of the entertainment which received numerous encores. They sang in their most efficient style, and immensely delighted all. Last night's concert was one of the most successful yet conducted by this popular musical organization.

THE JANUARY BOB AND GUN.

Bob and Gun in Canada issued by W. J. Taylor Limited, Publishers, Woodstock, Ont., opens its January number with an article entitled "By Rail and River to Dawson." This describes graphically the difficulties encountered during a 250 mile trip to the Yukon delta, and is illustrated by small boat down the Yukon River to Dawson. "In Algonquin Park" a tale of the very best vacation follows and other articles including the story of an equestrian who rode a moose in the Temagami region. Adventure with a Three Legged Grizzly in British Columbia, a timely article on the Passing of our Ducks, by Forest Overton, and other articles of interest to lovers of outdoor life in the various Canadian provinces combine to make this issue an attractive one.

HERBERT E. WARDROPER, Chief Clerk.

The Asepto Contest Was a Huge Success

There were a great number of letters, all of which came very close to answering the questions, but the one that the judges decided to be the nearest correct was sent in by Jack Tomlinson, 200 1/2 Rockland Road, St. John, N. B., which, together with questions, is as follows:

FIRST QUESTION—What in your judgment is the feature in the Asepto plan that has made our store do a volume of business in less than six months that other stores have not been able to get in years.

ANSWER—Your Premium plan has secured for your store its ever increasing trade.

SECOND QUESTION—What was the most important feature that first induced you to buy at the Asepto store.

ANSWER—The most important feature that first induced me to buy at the Asepto Store was the Premium Plan because you may get any article as a premium.

THIRD QUESTION—Which of these four vital points—ASEPTO QUALITY, ASEPTO SERVICE, ASEPTO STORE LOCATION OR ASEPTO PREMIUMS—would you advertise with the conviction that when people know that fact they would go to our store and take advantage of your whole plan.

ANSWER—I would advertise Asepto Premiums because of their quality. Asepto Premiums meet every demand.

PRESBYTERIAN CHURCHES

Annual Business Meetings of the Congregations Held Last Evening

The annual meetings of the Presbyterian churches of the city took place last evening. Reports were read and resolutions adopted. The congregation of St. Andrew's decided to call Rev. J. H. McVicar, D. D., of New Glasgow, to fill the pastorate.

St. David's At St. David's church James Stuart occupied the chair and the trustees were selected as follows: F. P. Burpee, George R. Ewing, D. W. Ledingham, A. R. McRorie, N. J. Morrison, D. McClelland, T. J. McPherson, Robert Strain and D. R. Ewing. W. J. Fraser was re-elected congregational treasurer. It was decided to support Miss J. M. Robb as a missionary in Corea for seven years. Resolutions were passed asking the convenor to call a meeting of the congregation not later than Feb. 8, to consider filling the pastorate of the church.

St. Andrew's The meeting in St. Andrew's church was well attended and those present sang some of the hymns. John H. McVicar, D. D., of New Glasgow, Judge Forbes, B. R. Macaulay and William Murdoch were appointed a committee to convey the call to Dr. McVicar. Judge Forbes read a telegram from Rev. David Lang, formerly pastor of the church which was as follows: Toronto, Jan. 17, 1912. Judge Forbes, Session Clerk, St. Andrew's Church: Remembering that this is your annual congregational meeting, let me express to those assembled my earnest hope for a profitable and harmonious meeting and that you may be well-pleased to the degree of a pastor. May God's blessing richly attend your every effort in my earnest prayer for your present and future prosperity. This is the earnest wish of your life pastor. (Signed) DAVID LANG.

The reports from various congregations in connection with the church were received and the church work reported to be in a very flourishing condition. Eat More Bread Few people eat enough of what is rightly called "the staff of life"

FOOD authorities declare that wheat is the KING of all foods. It is the best food for growing children, the best for old age, the best for every age of life.

Of all the forms in which wheat may be eaten, bread stands at the top. There is no food yet created that can take the place of good bread—"the staff of life."

The better the flour you use, the better, more wholesome, bread you'll make. And better bread means the use of PURITY FLOUR.

The bread will be better, higher-class, because PURITY FLOUR consists exclusively of the high-grade portions of the best Western hard wheat.

PURITY FLOUR "More bread and better bread"

of her husband that guided her, his encouragement that sustained her.

Three children survive—Kenneth, Nathalie and Muriel. Muriel is a student at Wesleyan college and was notified by telegram of her father's death.

John Sullivan, Respected Citizen of St. John For Long Life Has Passed Away

Many residents of this city will learn with regret of the death of John Sullivan, an old and respected citizen of St. John, who died at his home in Duke street last night at ten o'clock. Mr. Sullivan was enjoying fairly good health up till last week, when he took ill. He was very prominently known in shipping circles at this port, and was also a strong advocate of temperance. His last distinction of having taken the total abstinence pledge from the late Father Matthew himself, having done so in Ireland as a boy, soon after Father Matthew was ordained. His promise he always faithfully kept, and in his later days he did much to further the cause of temperance in this city.

REDUCTION OF PILOTAGE

Commission Recommends Lower Charge for Shifting Vessels in the Harbor

A reduction in the pilotage charges for the transfer of vessels in the harbor was recommended by the St. John Pilotage Commissioners at their annual meeting which was held yesterday. The shipping men have been protesting for years that the rates were too high and, after discussing the matter, the Commissioners decided to make the recommendation for the reduction to the department of marine, which has final authority in the matter. The only other business of importance was the adoption of the annual report of the secretary, J. U. Thomas, which was published in The Times some time ago. Those present at the meeting were:—James Knox, H. C. Schofield, J. Willard Smith and Edward Laidlaw. At present these are the only members of the board, which is supposed to include seven commissioners, but which was reduced by the resignation of several members. There is considerable public interest in the action which will be taken with regard to the membership of the commission. The board of trade and the common council have recommended that a committee of three pilot members be appointed to govern pilotage matters at this port, and a recommendation has also been made that the pilotage be administered directly by the minister of marine, through a superintendent located here, as is done in Montreal. It is not likely that the vacancies will be filled until these recommendations have been considered by the department and a decision reached regarding the future of the board.

TUG LILY IS SUNK AT INDIANTOWN

Filled Last Night and Went Down—All Covered Except at Low Tide

Another boat is sunk in the harbor at Indiantown today, the tug "Lily" having gone down last night. She is thought to be in a worse condition than the Hampton, which became partly submerged early Monday morning. The tugboat was lying at winter quarters at Stetson & Carter's mill wharf, and it is thought some ice loosened fastened to her side, so that when it left it took some of the oakum from her seams, causing the water to pour in with the most a fraction portion of her is now to be seen above water except at low tide. It was found late yesterday afternoon that the tug was shipping water and the cause being learned, the tug "Danahy" was sent to her assistance to aid with the pumps. It seemed to be of no avail, however, for the tug sank in short time. She is owned by a company of men composed of R. C. Elton, C. Scott, Harry Miller, Parker Hasler, D. J. Purdy, P. Jordan, and C. D. Boush. The tug had been in charge of Captain Reid, but being laid up for the winter there was no one on watch at the time.

SUICIDE, SAYS REPORT, RELATIVES SCOUT THEORY

(St. Andrew's Beacon.) A telegram received by Messrs. Grimmer & Rasy from Los Angeles, Calif., on Saturday, conveyed the information that Edgar Greenlaw, formerly of Bayside, had committed suicide there. The form of suicide was not stated. The sender, J. D. Botten, asked that the relatives be informed. His relatives at Bayside were immediately informed of the receipt of the telegram. They scout the suicide theory, and say that they think his death was due to an overdose of morphine which he had been using for a physical trouble. Mr. Greenlaw was one of the most industrious and capable farmers of Bayside and had a very comfortable home, his sister, Mrs. Oda Greenlaw was his housekeeper. He was unmarried. His health prompted him to go to California. When he went west a few months ago, it was thought that he had been washing away routes, as no word was received from him. Subsequently, it was learned that he had reached his destination safely.
