EXPOSITION WILL OPEN TO-MORROW

ALL IN READINESS FOR THE CEREMONY

Practically Every Exhibit is Now in Place—Programme For Day.

(Times Leased Wire.)
Seattle, Wash., May 31.—With every hall driven and practically every exhibit in place, the Alaska-Yukon-Pacific exposition to-day is in readiness for the official opening at noon to-morrow. The momentous occasion has attracted tourists from every part of the world and to-day the city is overflowing with visitors. When President Taft presses the gold studded telegraph key in his office at Washington to-morrow, and sends the electric current flashing its way across the continent to announce the opening of the fair, it is expected that the most cosmopolitan gathering ever assembled at a like ceremony will be on hand, and Seattle itself is a bower of beauty. Thousands of private homes and practically every business house in the downtown district are decorated with hunting and flags and of emblems of the exposition. The people of Seattle are filled with pride. The slogan, "the fair that will be ready," has proved to be no idle boast. The fair is ready, and in this respect it stands out in marked contrast to any of its predecessors.

The opening ceremonies to-morrow will be carried forward with much pomp. The exercises will begin at 11 o'clock in the natural amphitheatre and speeches will be delivered by Director General I. A. Nadeau, President Childers and James J. Hill, the railroad genius of the Northwest.

Preceding the speechmaking, a military parade, consisting of troops from the United States army and navy and sailors from the Japanese warships Aso and Soya, will form on the grounds and will be reviewed at the court of honor by expositing officials, including Governor and Admiral Sebra and Admiral S. A. Woodbury, U.S.A., as aide.

Following the exercises in the amphitheatre a luncheon will be served to the invited guests at the grandstand and at the New York state building. Concerts by the various bands, receptions and an agogonizer by the Stroebel airship will make up the remainder of the afternoon's program.

At night there will be a grand official banquet to invited guests at the New York state building. Governor Hay of Washington will deliver an address of welcome to visiting governors and the response will be by Governor Benson of Oregon. Mayor Miller will welcome the visiting mayors and Mayor David S. Rose of Milwaukee will reply.

The press will be welcomed by Col. A. J. Blethen and the response will be by J. Edward Norcross of the World, of Vancouver.

Address of welcome to the army and navy will be delivered by Admiral Sebra, U.S.N., and Admiral Hich, of the Imperial Japanese navy, will respond. Col. T. C. Woodbury, U.S.A., will then deliver a toast to "Our Canadian Neighbors," and the response will be by Hon. C. W. Cross, attorney-general of Alberta.

LUMBER GOES UP.

(Special to the Times.)
Winnipeg, May 31.—The Manitoba and New Ontario lumber mills on Saturday raised the prices of common pine 50 cents per thousand.

STREET CAR STRIKE NOT YET SETTLED

About 25 Per Cent. of Cars Are Running in Philadelphia.

(Times Leased Wire.)
Philadelphia, May 31.—The crisis in the street car strike situation is expected within 24 hours. About 25 per cent. of the cars are running to-day, and the only disturbances have been of a minor character. Memorial exercises were held to-day despite the crippled car service.

SAVES LIFE OF NEGRO.

Woman Protects Him From Infuriated Mob at Augusta, Ga.

Augusta, Ga., May 31.—Mrs. Margaret Sylvester, a prominent and attractive society woman, to-day bears the distinction of being the most courageous woman in Augusta. Unarmed and alone she faced an infuriated mob that was pursuing a terrified negro, Joe Bryant, and probably saved his life.

The attack on the negro was a result of the local railroad strike. Bryant ran down a side street from the railroad yards with the mob in full cry at his heels. Attracted by the howling crowd, Mrs. Sylvester rushed to the street. Taking in the situation at a glance she motioned the fleeing negro into her house, and standing in the door defied his pursuers.

After severely scoring the crowd for its brutality, Mrs. Sylvester ordered it to disperse. The men quietly withdrew and returned to the yards.

TWO DROWNED NEAR CHILLIWACK

PERISH IN SLOUGH WHILE OUT DRIVING

Woman Sees Accident But Help Arrives Too Late.

(Times Leased Wire.)
Vancouver, May 31.—Driving over a flooded road where there was about a foot of water in a slough five or six feet in depth, Emmet W. Bolden and Mrs. L. Shepherd, of Bellingham, lost their lives near Chilliwack, on Saturday afternoon.

Mrs. Bellam, who lives on a ranch near the scene of drowning, saw the buggy and horse disappear and heard the cry for help. She quickly warned a neighbor who went to the assistance of the pair in a boat. He found the horse struggling in the water, but no trace of the two occupants of the buggy. Later the bodies were recovered and taken to Chilliwack where an inquest was held and a verdict of accidental death was returned. The remains were sent to Bellingham.

Bolden was canvassing for a Chilliwack photographer. Mrs. Bolden was driving with her cousin in another part of the valley and did not hear of the tragedy until the inquest.

Mrs. Shepherd leaves a husband and three small children in Bellingham.

TARIFF BILL

United States Senate May Hold Night Sessions in Order to Dispose of Business.

Washington, D. C., May 31.—The United States senate will begin holding night sessions this week unless better progress is made on the tariff bill. This decision was announced to-day by the finance committee.

Senator Aldrich's proposal of a duty on lemons of one and a half cents was adopted by the senate and the vote stood 48 yeas and 23 nays.

SIX INJURED

Automobile Dashes Into Crowd of Spectators at Hill-Climbing Contest.

Bridgeport, Conn., May 31.—Crashing into a crowd of spectators, one of the automobiles entered in a hill-climbing contest at Easton to-day fatally injured one man and seriously hurt five others. The machine was driven by C. C. Ethbridge.

FORMER FIRE INSPECTOR DEAD.

(Special to the Times.)
Winnipeg, May 31.—A. R. McInnes, traveler for Valles' wine house, and former fire inspector for Ontario, is dead.

PRINCE RUPERT LAND AUCTION

LOTS ARE SELECTED FOR SALE IN CITY

On Thursday Additional Area Will Be Sold in A. O. U. W. Hall.

On Thursday in the A. O. U. W. hall the next sale of Prince Rupert lots will be held. At that sale about 450 lots will be put up at auction and it is expected that in addition to those which are listed there will be a number of lots added to the sale list that were not disposed of in Vancouver.

The lots to be offered here are within the business section of the new city. Block 1, now looked upon as the section that will constitute the business section at first, will be well represented. The lots to be sold are distributed as follows: In block 1, 85 government lots and 66 G. T. P. lots; in block 5, 37 government and 44 G. T. P.; in block 6, 36 government and 20 G. T. P.; in block 7, 47 government and 46 G. T. P.; in block 8, 41 government and 48 G. T. P.

The sale is being conducted under C. D. Rand, representing both the C. M. and the G. T. P., while local auctioneers will have charge locally.

It is expected that most of the heavy buyers who were present at Vancouver will attend the sale here. Already a number of them are here.

STRIKE RICH ORE.

Reports From Allegheny District Cause Stampede of Prospectors.

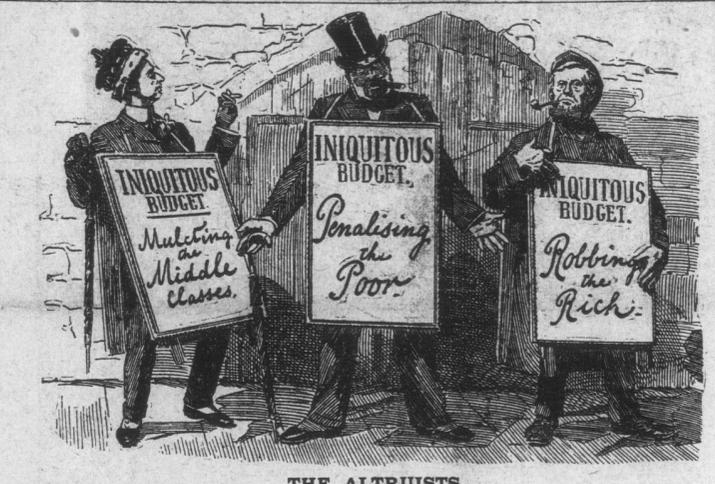

Nevada City, Cal., May 31.—A stampede of prospectors into the Allegheny district started to-day, following the report of a strike of \$100,000 ore in the Red Star mine. This is the fourth mine in that district which has uncovered ore running \$100,000 in the last two months, and excitement is intense.

The strike in the Red Star was made in the 2,100 foot level and appears to be a true fissure vein. The mine is owned by Colorado capitalists.

Ore valued at \$2,000,000 has been taken out of mines in Allegheny in the last two months.

DRINKS CARBOLIC ACID.

Seattle, Wash., May 31.—An appointed because of ill health, Carl Gardner, a laborer, ended his life by drinking a quantity of carbolic acid at his home in Youngstown late last night.

"I don't mind a bit about myself, but my heart bleeds for the others!" —Punch.

FIVE PERISH ON U.S. COLLIER

SUFFOCATED IN THEIR CABINS DURING STORM

Filipino Member of Crew Rescues Captain From Death.

(Times Leased Wire.)
Hongkong, May 31.—Officers Larkin and Rapp and three members of the American collier Nanshan, which has just reached this port, were killed in their cabins during a typhoon that struck the vessel during her trip between Manila and Hongkong.

The water shipped during the heavy storm generated poisonous gases below decks, and the men were suffocated before they could be rescued by other members of the crew.

To the bravery of a Filipino named Cruz, Capt. Carter, of the Nanshan, owes his life. Cruz entered the officers' cabins at the risk of his own life and rescued the captain to the fresh air on deck. He made seven trips, arousing all the officers except Rapp and Larkin.

The Nanshan is attached to the Pacific fleet. She is manned by civilian officers and crew.

CANADIAN INVENTS NEW EXPLOSIVE

Is Now Negotiating Deal With Officials of Admiralty in London.

(Times Leased Wire.)
London, May 31.—A Canadian inventor stopping at a London hotel is being closely guarded by secret service men both day and night on behalf of the admiralty with whom he is endeavoring to negotiate a deal for a powder explosive. It is understood the inventor has already received a big cheque from the admiralty by way of option. The inventor declined to be interviewed on the subject, Germany is said to be also anxious to secure this new explosive.

NEW WIRELESS APPARATUS.

Invention of French Workman Is Being Tested by Naval Authorities.

Paris, May 31.—Jean Naudin, a workman at the Toulon arsenal, has invented what is said to be a vastly improved wireless apparatus, which is now being tested at the direction of the minister of marine with a view to its adoption in the fleet. The original apparatus was constructed ingeniously out of old cans, umbrella ribs, discarded bottles and various other articles which Naudin found to be within his reach, and small means.

NATURAL RESOURCES.

President Taft Will Support Any Scheme Looking to Conservation.

Chicago, May 31.—President Taft, in a letter made public to-day by A. W. Shaw, editor of System Magazine, reiterated his former declaration of the importance of conservation of natural resources.

The president assured Shaw that he would give his active support to anything looking toward conservation.

POPULAR OFFICER.

(Special to the Times.)
London, Ont., May 31.—Col. Peters, who has been transferred to Victoria, is one of the most efficient officers in the service, coming here in 1901 from Victoria. During the last two years he has been prominent in the fight against temperance people, who wish to prohibit liquor in camps.

NEW STEAMSHIP LINE FOR PACIFIC

White Star-Dominion Company to Run in Connection With G. T. P.

(Special to the Times.)
Montreal, May 31.—The White Star-Dominion line will build a fleet on the Pacific, making Prince Rupert the terminus. It will be a strong service allied with the Grand Trunk Pacific.

BOYS SENT TOO SOON TO ENGLAND

Misunderstanding Regarding Day of Lord Roberts Rifle Match.

(Special to the Times.)
Ottawa, May 31.—An extraordinary blunder has been made by some one in sending two Canadian school boys, one from Toronto and one from Hamilton to take part in the Empire school boys shooting match at Bisleigh for the Lord Roberts trophy. It appears the match will not take place until the second week of August, yet two Canadian schoolboys have been in England since a few days before Empire Day. Col. Lessard and Major Winter, of the militia department, who had charge of sending the boys, are utterly unable to account for the blunder. Winter says on May 1st a cable came from Lord Strathcona stating he had been asked by Hanson, secretary of Lord Roberts boys competition, to send an invitation to Canada to have two boys compete in the match on Empire Day. There is no doubt in the mind of any body here that the cable stated distinctly the match was to take place on May 24th. It is possible that Lord Strathcona may have confused the date which will explain the blunder. Meanwhile what will be done with the two Canadian boys now in England officials are unable to say.

WILL SPEND MILLIONS AT FORT WILLIAM

Canadian Pacific to Begin Extensive Scheme of Improvements.

(Special to the Times.)
Winnipeg, May 31.—The Canadian Pacific Railway Company announced on Saturday that it will expend \$7,000,000 this year and next in Fort William, reclaiming land at the mouth of the Kam river and building coal docks, freight sheds and traffic bridges.

EARTHQUAKE IN SOUTH OF GREECE

(Times Leased Wire.)
Athens, Greece, May 31.—A severe earthquake which caused heavy damage is reported to have occurred to-day on the peninsula of Mores, in the south of Greece. Information thus far is meagre, and it is not known whether there was any loss of life.

EXPRESS TRAIN WRECKED.

Postal Clerk Killed—Brakeman and Baggageman Injured.

Newton, Kans., May 31.—One man was killed and two injured when the El Paso express on the Santa Fe railroad was wrecked near Peabody, Kans., early to-day.

Postal Clerk Thompson, of Kansas City, was killed and brakeman Perkins and baggageman Travis were injured.

TWO DROWNED AT HAMILTON.

(Special to the Times.)
Hamilton, May 31.—Harry McKeown and Alex. Milburn, young men, lost their lives by drowning in the sea.

FLOCKING FROM UNITED STATES

FARMERS COMING TO WESTERN PROVINCES

New Settlers Will Bring Millions of Dollars to the Dominion.

(Times Leased Wire.)
Washington, D. C., May 31.—That between 75,000 and 100,000 persons, most of them American farmers, will settle in the western provinces of Canada during the present year is the substance of a report sent by Consul Franklin D. Hale, of Charlottetown, to the department of commerce and labor.

"The total amount of wealth they will take will run into millions," continues the report. "Since 1903 over 200,000 homesteads have been granted to settlers and the population of the Dominion has increased over 1,000,000. It is estimated that the total trade has increased \$178,000,000 and the product of grain has shown an increase of nearly 100,000,000 bushels. There are still available for homesteads in Manitoba 17,825,000 acres, in Saskatchewan 104,878,000 and in Alberta 117,289,000 in Alberta."

DOMINION CUSTOMS REVENUE GROWING

Returns Show Increase of \$727,968 Over May of Last Year.

(Special to the Times.)
Ottawa, May 31.—The customs revenue for Canada for May amounted to \$4,296,960, an increase of \$727,968 over last year. For the first two months of the fiscal year the increase has been \$1,229,699, indicating a rapid growth of imports following the general business revival from the depression of last year and a half.

ODD FELLOWS IN SESSION.

Grand Lodge of Washington Meets at Bellingham.

Bellingham, Wash., May 31.—Twelve hundred men and women, members of the I. O. O. F. and Rebekas, arose this morning as the guests of the city of Bellingham to participate in the annual festivities that come under Odd Fellowship in its various auxiliary organizations. The keys of the city have been turned over to the visitors who are expected to number 1,500 before night.

ARMY PRIVATE LEAVES SIX MONTHS' PAY TO MISS HELEN GOULD.

Washington, D. C., May 31.—"To the friend of all soldiers," read the simple introduction in the last will and testament of John James Bartlett, late a private in battery F, Fifth Field Artillery, U. S. A., whose body to-day lies as the latest addition to the soldier dead in the national cemetery. "The friend of all soldiers," Miss Helen Gould, to whom the bequest of the dead soldier will be forwarded as soon as his will is probated, will receive what Bartlett's comrades call "the death benefit."

WHEN BARTLETT WAS NEAR DEATH HE SAVED HIMSELF OF THE OPPORTUNITY TO WILL TO MISS GOULD SIX MONTHS' PAY WHICH WOULD FALL DUE HALF A YEAR AFTER HIS DEATH.

It is said that Miss Gould has announced her intention of devoting the money toward furnishing a room in the naval branch of the Y. M. C. A. in Brooklyn, N. Y.

TORNADOES CLAIM FORTY-TWO LIVES

LATER REPORTS MAY INCREASE DEATH ROLL

Village in Texas Wiped Out—Property Loss Exceeds \$1,000,000.

(Times Leased Wire.)
Brownwood, Texas, May 31.—Thirty-two lives were lost in the tornado that wiped out the little village of Zephyr, in Brown county, yesterday. The number of seriously or fatally injured will reach nearly a hundred.

The storm, which was one of unusual violence, cut a swath through the town and left a path of death and destruction in its wake. More than fifty homes were demolished, and many of these were destroyed by a fire which was started by lightning. The total list of casualties was not much larger is attributed to the fact that hundreds of persons, receiving warning of the coming storm, fled.

The fury of the elements is unparalleled. The hillsides of the little village are covered with debris, carcasses of animals and fowls. Bodies were carried for long distances, and many were found twisted about trees and bent and broken in a fearful way.

Relief trains were hurriedly dispatched from Brownwood, and to-day the homeless and injured inhabitants are receiving every care.

Among the dead is County Clerk T. T. Cabler, of Brownwood, his wife and two children.

Thirty-eight Bodies Recovered.

Brownwood, Texas, May 31.—Officials of the Santa Fe railroad announced this afternoon that 38 bodies had been recovered from the ruins of Zephyr, which was wrecked by a tornado early yesterday.

Most of the victims were asleep when the tornado struck the town and were unable to escape from their houses which were torn to small bits by the furious twister.

Ten Dead in Oklahoma.

Oklahoma City, May 31.—Ten persons were killed and property damage amounting to more than \$1,000,000 resulted from a tornado which swept Oklahoma Saturday night, according to reports received here to-day. The deaths reported were at Ardmore and it is feared that as communication is restored more fatalities will be heard of.

Heavy property damage was done at Stroud, Dupont and Keyes. At the latter place but one house remains standing, and a number of persons were seriously injured, but no deaths are reported.

(Continued on page 5.)

FLIES 900 MILES THROUGH AIR

ALL RECORDS BROKEN BY COUNT ZEPPELIN

Collision With Tree Ends Flight Which Lasted Over 40 Hours.

(Times Leased Wire.)
Goppingen, Germany, May 31.—Having broken all aeronautic records by remaining aloft 40 hours and 15 minutes and covering approximately 1,000 miles, Count Zeppelin's wonderful voyage through the air came to an end here to-day when his great airship Zeppelin II, collided with a tree and stove in its bow. It is not known how seriously the airship is damaged.

The count made a landing earlier in the day at Untertueschheim, a suburb of Stuttgart, to take on a fresh supply of petrol. He immediately reascended and started in the direction of Friederichshafen, where he ascended Saturday night.

Making his way over Necker Valley he passed Esslingen at 9.45 a.m., Plochingen at 10 o'clock and Kirchheim at 10.45.

The flight was over a zigzag course, and it is impossible to determine its exact length.

Will Repair Airship.

Stuttgart, Germany, May 31.—Count Zeppelin and his companions on his record-breaking airship voyage were not injured when their machine was

COUNT ZEPPELIN.

HUNDRED KILLED AND WOUNDED

MANY ARRESTS FOLLOW FIGHTING AT LIMA

Attempt to Overthrow Government of Peru Fails.

(Times Leased Wire.)
Lima, Peru, May 31.—Order has been completely re-established here to-day following the fighting between bands of revolutionists who attacked the palace Saturday and seized President Leguia and government troops. There was some firing by guards during the night upon thieves and skulking insurgents.

President Leguia has issued a proclamation thanking the people for their loyalty to the government.

The president has promoted the officers who saved the palace from the hands of the revolutionists and who liberated him from the mob which had taken him prisoner.

Many arrests of the leaders of the revolutionary faction have been made.

In the fighting that followed the attempt to overthrow the administration, it is estimated to-day that about 100 persons were killed and wounded, the majority of the victims being bystanders.

WILL CONFER ON CABLE CHARGES

Hon. R. Lemieux to Interview Imperial Authorities in London.

(Special to the Times.)
Ottawa, May 31.—Hon. R. Lemieux will join the exodus of Canadian ministers to Europe next month. While in London he will again confer with the Imperial authorities on the question of cheaper cable communication between Canada and the mother country.

Hon. G. P. Graham sails on June 16th, making his first trans-Atlantic trip. He will investigate the operations of government railways in Germany and elsewhere on the continent. Hon. L. P. Brodeur, Hon. W. S. Fielding and Sir Frederick Borden also sail for England next month.

FATAL FALL.

Japanese Stumbles Down Flight of Stairs and is Instantly Killed.

Seattle, Wash., May 31.—H. Matsuwara, a Japanese fireman employed at the Eagle laundry, stumbled down a flight of stairs in the laundry early this morning and was instantly killed. An examination showed that the man's neck was broke. It is supposed that while going down stairs his foot caught in the folds of his shirt.

ENGINEER WILL DECIDE PAVING

COUNCIL HAS HAD ENOUGH OF WORRY

But No One Need Think They Have License to Bother Mr. Topp.

"Let us lay a couple of blocks of Douglas street with bitulithic and the rest with hassam and so have a means of convincing ourselves of their respective merits and satisfying the public as well," said Ald. Stewart at the streets committee meeting Friday night.

It was during the regular paving discussion that takes place at every meeting of council and streets committee as regularly as the reading of the minutes. It looks as if there would be at least a bill now, however.

The city engineer has had the duty turned over to him of deciding what form of pavement is best adapted to each particular street. Council has finally come to the conclusion that this is part of his work, anyway, and that he is better qualified to judge of the comparative values of different paving materials than either aldermen or public.

Whether or not this will really put an end to the continual discussion by the aldermen of this, that and the other pavings is a question which remains to be answered. Council will, of course, settle on the policy of paving a street, and will have the final say as to the adoption or rejection of the engineer's report or the kind of pavement to be put down.

Following up its decision to make the engineer responsible it would naturally be expected that his reports will be adopted. The city engineer, who has his hands more than full as it is, foresaw a peck of trouble for himself as a result of this latest move, in view of the endless canvassing by property-owners and pavement representatives that the eleven members of council have been subject to. He was told that he was to act on his own responsibility and pay no attention to anyone outside. This may be taken as notice to everyone concerned that it will be absolutely useless to take up Mr. Topp's time with any representations for or against any particular class of pavement.

Douglas Street Paving. City Assessor Northcott reported that the petition against the paving of Douglas street, from Humboldt to Cormorant, was signed by 23 proprietors, representing an assessment of \$905,020, leaving 11 owners of property, assessed for \$170,000 unopposed. This was sufficient to prevent the work being done.

Ald. Stewart said something should be done regarding the paving of this street. J. L. Skene had been down to Portland and brought back a sample of hassam cut out of a roadway. After seeing this he was a convert to hassam and thought it would make a good pavement here if put down in the right way. It certainly had been a surprise to him. At the same time he had it on the authority of A. G. Long, whose opinion every Victorian would respect, that bitulithic was doing well in Portland. It would be a wise thing, he thought, to try all the pavements on a stretch of a couple of blocks.

Mayor Hall agreed with making a trial, but objected to doing so on an important street. He would put hassam, bitulithic and grantitold down in one block and let people see them side by side. His own opinion was that until some one pavement was proved the view of the people was that it would be advisable to stick to wood blocks.

Aldermen Turner and Stewart advocated strongly that the council should leave these matters to the engineer and let him handle what he knew more about than they did.

"We would get more efficient work if we left it to the engineer and held him responsible," Ald. Turner declared. Ald. Raymond remarked that Pandora avenue owners were now getting up a petition in favor of hassam.

"You can get up a petition in favor of anything," said his worship. "Over in Tacoma the other day a man said he could get up a petition to hang an alderman—and he did."

"Should he consider the property-owners' wishes as to material?" asked Ald. Raymond.

"No," replied Ald. Fullerton. It was the opinion of council that no danger need be apprehended of the engineer deciding on a pavement which the people would be likely to veto by petition. In any case the council would have the final voice on his report. The aldermen were unanimous in their opinion that the engineer was the proper person to decide on the best material for each case, and put through a resolution placing the responsibility on him.

In reference to Cormorant street, which it was decided a week ago should be laid from Store street to Douglas street with grantitold, it was mentioned that J. G. Hay and Tai Yune, whose properties extend through the block, were objecting to the work east of Government street on account of their having to pay for the projected paving of Pandora avenue. For this reason it was decided to restrict the paving of the street to the block between Store and Government streets.

WOMAN BURNED TO DEATH IN HOME

USED KEROSENE OIL IN KITCHEN STOVE

Husband and Four Children Are Also Injured and Two May Die.

(Times Leased Wire.) Mount Vernon, Wash., May 29.—Mrs. Jacob Anderson is dead, her two daughters, Inga and Mena, may not recover, and Jacob Anderson, her husband, and two young sons are suffering from serious burns to-day as the result of an explosion of kerosene oil which the dead woman used to aid in building a fire in the kitchen stove.

Mrs. Anderson held in her hands a can of the oil when it exploded, setting fire to her clothing. She ran screaming into the hall of the house, her flaming clothing setting fire to curtains and other furnishings. Members of the family rushed to the rescue, but before the woman's clothing could be torn from her body she had received fatal injuries and the others had also been terribly burned.

MILLIONS FOR TERMINAL. (Special to the Times.) Fort William, May 29.—The Canadian Pacific Railway Company announces plans to expend \$5,000,000 to \$7,000,000 on its terminal here.

OTTAWA'S NEW HOTEL. (Special to the Times.) Ottawa, May 29.—An agreement has been signed by the Dominion government and the Grand Trunk whereby the latter will erect a million dollar hotel here.

WHITE EMPLOYEES ON MAIL TRAIN

Strike Breakers Are Not Molested by Georgia Central Firemen.

(Times Leased Wire.) Atlanta, Ga., May 29.—Officials of the Firemen's Union believe that they gained a victory to-day when a mail train was taken out of Atlanta over the Georgia Central manned only by white employees. The white firemen of the railroad are striking in protest against the employment of negroes.

White strike breakers acted as firemen on the mail train, and the strikers believe that this is the first move of the railroad toward the abandonment of the employment of negroes. The union men made no attempt to interfere with the white strike breakers, it having been agreed that there should be no interference with the mails. Negotiations are pending for a settlement and the firemen believe they have a good chance of winning.

Strike Settled. Atlanta, Ga., May 29.—(Later)—The strike of the white firemen on the Georgia Central Railroad was settled this afternoon and the service was resumed.

MRS. DU VAL MAY NOT RECOVER. Winnipeg, May 29.—Dr. Du Val, rheumatologist of the Presbyterian General Assembly, will not be able to go to the gathering at Hamilton next week. His wife has only a few days to live, according to the doctor's report last night.

PREDICTS INCREASE IN RAILWAY TRAFFIC

President of Pennsylvania Road Says Outlook is Improving.

San Francisco, Cal., May 29.—That the coming months will be characterized by a steady and gradual increase of railroad traffic, is the opinion of President James McCrea, of the Pennsylvania road, who arrived in this city late yesterday. McCrea is accompanied by his wife. They will remain in San Francisco a week, awaiting the arrival of their daughter from the Orient.

McCrea stated that while he anticipated no great railroad boom in the near future, indications point to a gradual swelling of traffic totals. He said this steady growth would be followed by moderate road extensions, with additions to the equipment and the employment of additional operatives.

Regarding the Spokane rate decision of the Interstate Commerce Commission, McCrea said that during his recent trip from the east he had failed to see one man who favored the application of its provisions.

McCrea and his wife, after the arrival of their daughter, will visit Portland, Seattle and other western cities before their return to Philadelphia.

LAURA SECORD'S MEMORY. At the annual meeting of Chippawa board of trade, the secretary was instructed to write a letter to R. E. A. Land, secretary of the Canadian Battlefields and Monuments Association, Toronto, requesting that the Laura Secord monument be placed not at Queenstown heights, but at Chippawa. There is a great deal to support this request. In Chippawa, Laura Secord spent a great deal of her life, and it was there she died.

FLOODS FEARED WHEN SNOW MELTS

RIVERS IN IDAHO ARE GRADUALLY RISING

People Residing Near the Snake Are Preparing to Move.

(Times Leased Wire.) Lewiston, Idaho, May 29.—With the Snake river at this point rising gradually and the Clearwater stream on a rampage, people residing in this vicinity are preparing for the worst, for the sudden melting of snow at river points would be followed by a flood that would do great damage.

The first span of the Holbrook Island bridge across the Clearwater, though narrow across the city with the high grounds, has already been washed away. Engineer Darwin, who was directing a number of men engaged in strengthening the structure, had a narrow escape from death, as he was carried on the span several hundred feet down the stream before he approached near enough to the shore to jump.

The Snake river has risen more than two feet within the last 24 hours. The Clearwater has been rising rapidly for three days. Families whose homes are near the streams are prepared to move at the first sign of a flood.

HELP FOR WORKMEN. Factory Managers Advance 25 Per Cent of Wages During Enforced Idleness.

City of Mexico, May 29.—To keep the families of thousands of idle workmen from starvation, several factory managers to-day decided to advance to 6,000 employees 25 per cent of their wages weekly during enforced idleness. The men were thrown out of employment by an accident to the Mexican power plant. The action to relieve distress was taken by the factories at the request of Governor Landry Y. Escandon.

TWO HUNDRED MEN BATTLE WITH FLAMES

Fire Which Threatened Big Oregon Mill is Now Under Control.

Lebanon, Ore., May 29.—Flames that destroyed cordwood valued at \$28,000, that were fought by 200 men nearly 12 hours, and that came dangerously close to destroying the \$1,000,000 mills of the Lebanon Paper Company, were placed under control to-day.

The fire started late yesterday afternoon in a small pile of wood and, fanned by a strong wind, soon ignited piles of cordwood containing 18,000 cords and valued at \$54,000. Men were summoned from all directions to battle with the flames, which were leaping high and threatening to attack a huge straw-stack midway between the burning wood and the big mills. It was only by keeping the fire away from the straw that the plant was saved.

Dynamite was hurled to the scene from Albany and fire apparatus from other villages was brought to Lebanon, but they were not needed. Shortly before 9 o'clock this morning the volunteer firemen dug a path through the great piles of wood. As the flames could not leap over this cut they burned themselves out.

LIVE FISH EXHIBIT. Delmonte, Cal., May 28.—Government experts are at work in Monterey Bay collecting live fish for an exhibit to be made at the A.Y.P. Exposition at Seattle. The department of commerce and labor has sent one of its specially fitted cars, belonging to the fisheries department, and it is being loaded with specimens. The car is equipped with two large galvanized tanks in which sea water is placed and supplied with oxygen by means of pumps. The car will start in a few days for Seattle.

NAVAL AND MILITARY DEFENCE CONFERENCE

Major General Lake and Admiral Kingsmill Will Accompany Ministers.

Ottawa, May 29.—Admiral Kingsmill, head of the Dominion fisheries protective cruiser service, and Major-General Lake, chief military advisor to the minister of militia, will accompany Hon. L. P. Brodeur and Sir Frederick Borden to England next month in connection with the imperial subsidiary conference on naval and military defence.

APPEAL ALLOWED IN TWO B. C. CASES

Ottawa, May 29.—The Supreme court yesterday gave judgment in two British Columbia cases. In Horne vs. Gordon, a real estate partnership case, the appeal was allowed and the judgment of the trial judge restored.

In Bligh vs. Ferrera, the appeal was allowed. This judgment reversed the decision of the British Columbia Supreme court, which held Bligh responsible for the loss by drowning of a horse entrusted to him by Ferrera.

OVER MILLION ACRES FOR HOMESTEADERS

Ottawa, May 29.—A million and a quarter acres of free homesteads, tributary to the G. T. P., will be thrown open for settlement this year.

TWO HUNDRED MEN BATTLE WITH FLAMES

Fire Which Threatened Big Oregon Mill is Now Under Control.

Lebanon, Ore., May 29.—Flames that destroyed cordwood valued at \$28,000, that were fought by 200 men nearly 12 hours, and that came dangerously close to destroying the \$1,000,000 mills of the Lebanon Paper Company, were placed under control to-day.

The fire started late yesterday afternoon in a small pile of wood and, fanned by a strong wind, soon ignited piles of cordwood containing 18,000 cords and valued at \$54,000. Men were summoned from all directions to battle with the flames, which were leaping high and threatening to attack a huge straw-stack midway between the burning wood and the big mills. It was only by keeping the fire away from the straw that the plant was saved.

Dynamite was hurled to the scene from Albany and fire apparatus from other villages was brought to Lebanon, but they were not needed. Shortly before 9 o'clock this morning the volunteer firemen dug a path through the great piles of wood. As the flames could not leap over this cut they burned themselves out.

SLAYS DAUGHTER AND HIMSELF

PARIS RESTAURANT SCENE OF TROUBLE

Jersey City Man Becomes Insane While Dining With Family.

Paris, May 29.—An inquest to-day over the body of David-Henderson of Jersey City, N. J., who shot and killed his daughter Marthe and then committed suicide in a restaurant last night, showed that he was a mental wreck.

It is alleged that his reason was destroyed by excessive drinking. He rendered suddenly insane after weeks of suffering from neurasthenia, Henderson suddenly drew his revolver and in the presence of his wife and family, shot and killed his daughter Marthe, and committed suicide. The tragedy was witnessed by many in the restaurant. After the shooting, the place was in a turmoil caused by a number of women who fainted after the firing ceased.

Henderson had been dining with his wife and three daughters and their governess. There had appeared nothing unusual in his conduct at dinner. After desert he arose and walked toward the cashier's window.

Before reaching it he turned, drew his revolver and fired at random toward his family which was grouped about the table, preparing to leave. The first bullet struck his eldest daughter in the back of the neck, severing the spinal cord. The other missiles went wild and damaged only the walls and mirrors. The last shot in the revolver Henderson saved for himself and fell dead with a bullet in his brain.

The Hendersons are said to have been left temporarily without funds by the tragedy, although Henderson is said by the governess to have owned a villa near Paris and much real estate in New York.

The youngest daughter is 10 years of age. She flung herself in front of her mother when the shooting began.

By a curious freak of fate, the name of the restaurant where the shooting occurred is "The Tranquil Father."

SEVEN KILLED AND TWELVE WOUNDED

Republicans and Democrats Fight in Town in Porto Rico.

New Orleans, La., May 29.—Dispatches to-day from Porto Rico, Costa Rica, say that seven men were killed and 12 wounded in an encounter between Democrats and Republicans at San Pedro, Mojon. The trouble followed the killing of a Republican policeman by a Democrat.

MANIAC IN AUTOMOBILE. Dashes Wildly Through Streets of Los Angeles and Tries to Shoot Deputy Sheriffs.

Los Angeles, Cal., May 29.—Flourishing in maniacal frenzy, Clayton White, former man of a garage here, created consternation in a score of streets yesterday, as he sped a high power automobile over the pavements at the rate of sixty miles an hour. It was only after White had made a desperate effort to shoot Deputy Sheriffs Rice and Sepulveda, when he was cornered in a machine shop near Naud Junction, that he was overpowered and disarmed. He is now in the insane ward in the county jail apparently a raving maniac.

White has shown slight symptoms of insanity for several days. Not much was thought of it until yesterday, when White dashed out on the streets in a big six cylinder car. Scores of frightened pedestrians were forced to flee for their lives when the crazed driver deliberately attempted to run them down.

WHITE PASS RAILWAY RATES

ORDER MAY BE MADE REDUCING CHARGES

Road Has Been Brought Under Authority of Commissioners.

(Special to the Times.) Ottawa, May 29.—The amendment made by the government this session to the Railway Act, whereby the White Pass & Yukon Railway will be subjected to the authority of the railway commissions, will be put to test immediately.

Next week in Toronto the railway commission will consider the propriety of reducing those rates and it is not unlikely that an order will be made that will make the management sit up and think. F. Congdon, M. P., for the Yukon, and Hon. W. Templeman, M. P., for Comox-Atlin, whose districts are most directly affected, are taking a lively interest in the proceedings.

GOVERNMENT AGENT DEAD. (Special to the Times.) London, May 29.—H. M. Murray, agent of the Dominion government at Glasgow, Cardiff and Exeter, is dead.

REMARKABLE RECORD. Battleship-Cruiser Invincible Averages Over Twenty-Eight Knots an Hour.

Portsmouth, May 29.—The battleship-cruiser Invincible has made a remarkable full speed run on her way here from Queensferry. She averaged more than twenty-eight knots an hour, and at one time nearly attained the speed of twenty-nine knots.

"ADAM GOD" MUST SERVE 25 YEARS

John Sharp Convicted of Murdering Policeman at Kansas City.

(Times Leased Wire.) Kansas City, Mo., May 29.—John Sharp, a religious fanatic known to his followers as "Adam God," to-day was convicted of the murder of Policeman Mullane, and was sentenced to serve 25 years in the state prison.

Sharp and a band of religious frenzied followers were holding a street meeting here December 8th, and by their shouts and antics attracted a crowd of curious spectators that blocked the traffic of the street. To disperse the crowd, Mullane ordered Sharp to discontinue his harangue.

Enraged at the command, the fanatic leader announced that he was conducting the meeting at the express command of the Lord, and defied the officer to compel him to move. When Mullane approached to enforce his order Sharp drew a revolver and shot him.

The crowd was thrown into a panic by the occurrence, and police reserves were called out. Upon their approach Sharp again opened fire, wounding several of the officers and bystanders. He was captured after a desperate struggle and his followers compelled to leave the city. He alleged his conduct was directed by God.

Sharp's followers, fleeing from the officers, attempted to escape by crossing the Missouri river. Three women and a little girl disregarded the command of the officers and put into the river in a small boat. The police sent a shower of bullets after the fugitives, and the little girl was mortally wounded.

STRIKE OF MILL EMPLOYEES SPREADS

Over 500 Men Idle—Only Two Plants in Operation at Aberdeen.

(Times Leased Wire.) Aberdeen, Wash., May 29.—Demanding an increase in wages, the strike of yardmen, which began at the S. E. Slade Lumber Company's plant on Wednesday, has assumed serious proportions, and to-day but two mills in Aberdeen are in operation.

Yesterday the strikers marched through the streets going from one mill to another and inducing the workmen to join their ranks. More than 500 men already have quit work and strike leaders declare that before night they will have closed every mill in the city.

Both the Western and Hart-Wood plants are enclosed in high wooden stockades, and the managers declare they will operate their mills, and that no one will be permitted to enter. The strikers say they will enter the mill yards, and it is thought that they will attempt to do so serious trouble may ensue. Mayor Benn to-day assigned a number of special patrol men to temporary duty, and declares he will maintain order at any cost. The majority of the strikers are Finns.

LOOT BANK. Robbers Throw Red Pepper Into Eyes of Cashier and Escape With Booty.

St. Louis, Mo., May 28.—Throwing red pepper into the eyes of cashier D. C. Moore, two robbers looted the Peoples' bank at Benbow City, Ill., of \$2,000 and escaped. Moore was alone at the time of the robbery.

STRIKE RIOTS AT PHILADELPHIA

STREET CAR IS ATTACKED BY MOB

Crew Has Narrow Escape—Police Called Out to Restore Order

(Times Leased Wire.) Philadelphia, May 29.—Rioting and disorder throughout the city greeted the citizens to-day when they arose to find that a general strike of motormen and conductors went into effect at four o'clock this morning, and that two-thirds of the surface lines of the entire city were tied up.

A mob attacked a car on Grand avenue at Fifty First street, and stoned the passengers and crew. The windows of the car were smashed, but no one was badly damaged, but no one was seriously hurt. The motorman and conductor, who were the main objects of the missiles, succeeded in escaping. Police reserves were rushed to the scene and after a half hour of excitement order was restored.

There were 4,500 trolley employees in Philadelphia and the union claims that 2,300 belong to the organization. They demand 25 cents an hour and the privilege of buying their uniforms in the open market.

It is understood that the company will fight the strike in every way, though an effort will be made to bring about a meeting between the company officials and the union leaders.

Following a number of small riots, the police took under consideration the closing of every saloon in the city. This action undoubtedly will be taken if there is any more trouble.

One man was hurt when a mob attacked a car at Girard avenue and 55th street. The crew was stoned and an attempt made to wreck the car, but the police dispersed the mob, taking into custody the ringleader.

Service throughout the city is irregular this afternoon, and most of the central lines are stalled. Rioting continued throughout the morning, one clash taking place at sixteenth and Market streets, where 30 strikers drove the crew from a car.

EVIDENCE AGAINST SUSPECTED ROBBERS

Bills Stolen From Union Pacific Train Found in Possession of Suspects.

(Times Leased Wire.) Omaha, Neb., May 29.—The police declare to-day that three bills stolen from a train were found in the possession of the three suspects, Woods, Gordon and Torgensen, who were arrested Thursday night. This, following the discovery of eight registered mail bags in the attic of the Brown Park school, has strengthened the belief that the right men have been found, and that the \$15,000 reward offered by the Union Pacific for the arrest of all the robbers may go to the local police.

MAY RIVAL U. S. STEEL CORPORATION

Merger of Seven of Largest Independent Manufacturing Companies.

(Times Leased Wire.) New York, May 29.—Wall street sees a deep significance in the incorporation at Dover, Del., of the Imperial Steel Corporation. It is believed to-day that a new corporation, which is reported to be a merger of seven of the largest independent steel manufacturing companies, presages the growth of an organization that may prove a rival to the powerful United States steel corporation.

The new corporation is capitalized at \$3,000,000 but under the provisions of its charter, the capitalization may be increased to \$750,000,000. The following independents are said to have affiliated in the merger:

Bethlehem Steel corporation, Middle West steel company, Sloss-Sheffield steel and iron company, Republic iron and steel company, Pennsylvania steel company, Lackawanna steel company, Jones and Laughlin steel company.

The capitalization of these companies is \$245,750,000. Their combined funded debt is \$110,000,000, making their aggregate capital less than one half of the amount for which they may capitalize, according to the terms of the charter. It is claimed there is little or no water in the capitalization of any one of these companies, and that the total capital does not represent adequately the actual value of their holdings.

The charter for the new corporation was granted yesterday. In the Reicherth the finance minister in a speech dealing with the budget, announced a plan for new taxes, including a supplementary income tax on bachelors, widows and childless married couples, and also on chattels and improvement land values, says a Vienna dispatch. Under the new taxes he said, \$13,000,000 would be realized.

MANY FEEL HIGH PRICES

The rates when the new will be 30, 32 of 7 1/2 cents. It is amount to \$1. In view of York rates, tons of Los to New York San Francisco GAMBLING Spokane's Orders

Pratt has Police Sullivan stores and are receiving baseball game of com the business. One big deal to be made in a week report on league by result of a ting on game management.

RIOTS IN PHILADELPHIA

CAR IS ATTACKED BY MOB

Narrow Escape Called Out to Restore Order

(Times Leased Wire.) Philadelphia, May 28.—Rioting and looting through the city greeted us to-day when they arose that a general strike of auto conductors went into effect at 10 o'clock this morning, and hundreds of the surface lines of the city were tied up.

There is a big shortage of flour in Canada at present and another big one in prices is anticipated. Winter wheat in Southern Alberta has been badly killed by frost.

MANY FLOUR MILLS CLOSED

HIGH PRICES OF WHEAT RESPONSIBLE

There is Shortage of Flour and Further Advance is Anticipated.

(Special to the Times.) Winnipeg, May 28.—This week all the smaller flour mills in Western Canada have been shut down. The larger mills have been reduced to shorter time owing to the continued high prices of wheat. They will remain shut down until the prospects of the growing crop reduces the price of wheat.

There is a big shortage of flour in Canada at present and another big one in prices is anticipated. Winter wheat in Southern Alberta has been badly killed by frost.

NEW YORK TO SEATTLE. Ten Automobiles Will Start in Race to Exposition.

New York, May 28.—It was announced to-day that is ready for Mayor McCallan to start the New York-to-Seattle, Alaska-Yukon-Pacific Exposition automobile race at 3 o'clock on the afternoon of June 1st, from the city hall.

The cars and drivers were announced to-day as follows: Two Fords, driven by Burt Scott and Frank Kelly; Acme, driven by George Salesman; Welch, driven by Chas. Trevin; Zust, driven by S. S. Mapes. There also will be two Sters cars, one Shawmut and one Thompson but the names of the drivers were not made known.

The route will be via Albany, Syracuse, Buffalo, Cleveland, Toledo, Chicago and St. Louis.

ENDS HIS LIFE BY DRINKING POISON

Boy's Efforts to Prevent Man Killing Himself Are Unsuccessful.

(Times Leased Wire.) Seattle, Wash., May 28.—Rheinhold Hagenlocker, a sausage maker of Portland, is dead at the morgue to-day, despite the frantic efforts of 15-year-old James Bergstedt, a new-boy, to prevent the man from drinking poison last night. The lad observed Hagenlocker step into an alley and pour a quantity of liquid from a bottle into a glass and detecting the odor of carbolic acid, he ran up to the man and knocked the glass from his hand.

VESSELS TO PLY ON NEW TRADE ROUTE

Deal Completed for Connection Between Frisco and New York.

San Francisco, Cal., May 28.—The announcement of Bates & Chesbrough of this city, that they have closed a deal with the Standard Oil Company whereby seven of that company's vessels will be operated between this port and New York, is believed by shippers to-day to be an immediate means for relief from the combination existing against the transcontinental railroads, the Pacific Mail and the Hawaiian-American steamship companies.

Seattle, Wash., May 28.—Wm. Wilson, known in many states as "Baseball" Wilson, is under arrest in Seattle charged with being a fugitive from justice. He is wanted on a charge of robbing post offices in Chicago and Kansas City.

LEAVES ESTATE TO RELATIVES

WILL OF H. H. ROGERS FILED FOR PROBATE

Bequest of \$100,000 for School Fund of His Home Town.

(Times Leased Wire.) New York, May 28.—The will of Henry H. Rogers, disposing of his estate, estimated at between \$50,000,000 and \$75,000,000, was filed for probate to-day. With the exception of a bequest of \$100,000 for a permanent school fund for his home of Fairhaven, Mass., the entire estate goes to relatives.

TO RAISE MONEY FOR INLAND WATERWAYS

Washington Senator Will Move Amendment to Income Tax Proposal.

WASHINGTON, D. C., May 28.—Senator Piles, of Washington, has under preparation and nearing completion an amendment which he will propose to the income tax amendments to the tariff bill, providing that all revenues derived from this form of taxation be expended upon improvement of rivers and harbors, construction of canals and inland waterways, and irrigation of arid and semi-arid lands.

SENATOR ATTACKS TOBACCO TRUST

Blames American Company for "Night Riding" in Kentucky.

(Times Leased Wire.) Washington, D. C., May 28.—A severe attack upon the tobacco trust was made by Senator Wm. Bradley, of Kentucky to-day when he made a strong plea for the repeal of the 6 per cent tax on leaf tobacco in order that the growers of tobacco might sell their product as freely as the growers of barley and hops, which are used to make beer.

PRINCESS DE SAGAN WINS HER APPEAL

Paris Court Decides That Children Shall Remain in Her Care.

(Times Leased Wire.) Paris, May 28.—The court of appeals has decided that the children of Count Boni de Castellane and his former wife, who was Anna Gould, shall remain in the care of their mother, who now is the Princess de Sagan. The decision provides that the mother and father may have 15 days in which to agree upon a school where the two older children shall be placed. If they cannot agree, the court will order the children placed in Lyze Janson de Sailly, in this city. The youngest, Jay Gould, will remain with his mother until he is ten years old, when he will join his brothers at school. The expense of the education of the children and also the expense of their vacations will be shared equally by the father and the mother.

RUN DOWN BY TRAIN.

Montreal, May 28.—Narcisse Constant, section foreman, was killed yesterday at Western Junction near this city, by being struck by the Ottawa express. His attention was diverted by another train on the opposite track, when he was struck by the express. He was 42 years old and married.

The following appointments have also been made: Herbert Denton, of Toronto, junior judge of York county; McKay, of Soo, to Coburn; Rogers, of Peterboro, for Thunder Bay and Rainy River; and Russell Fitch, of Toronto, judge at Fort Frances.

BISHOP ANSON DEAD.

LONDON, May 28.—Bishop Anson, former bishop of Qu'Appelle and later Canon of Lichfield, is dead.

CIVIC OFFICIALS DESTROY WIRES

TELEPHONE FIGHT WAGED AT PASADENA

Trouble Follows Refusal of the Company to Pay Pole Tax.

LOS ANGELES, Cal., May 28.—With 883 working lines thrown out of commission by the civic authorities of Pasadena and with Pasadena policemen guarding the severed lines to see that no repairs are made until a pole tax franchise has been obtained by the Pacific Telephone and Telegraph Company, officials of the company met this morning to discuss the rather disastrous outlook. As far as the Sunset Telephone system is concerned no telephones are being operated to-day in Pasadena. Several attempts were made during the night to repair the lines, but the police in all instances interfered with the work. Until the matter is adjusted, and that will probably be in the courts, no repairs can be made on the lines without the sanction of the Pasadena authorities.

After the meeting of company officials this morning, District Manager Seeley declared that he thought the corporation had excellent grounds for a damage suit against the City of Pasadena for what he termed wanton destruction of property and interruption of the company's traffic.

"We hold that the city has not treated us fairly in the matter," declared Seeley.

"We contend that the City of Pasadena has no right to collect a pole tax or force us to take out a franchise, but the matter must be settled by the Supreme court. If that court decides against us we cannot run away to avoid payment. We fought this question out in Eureka and it was decided in our favor in the Supreme court."

"From 2,400 to 4,700 telephones in Pasadena are out of service. The city officials did not mean to cut any local wires, but they made a mistake. The cables cut included two lines to San Bernardino, one to Pomona, one to Covina and the Post Telegraph circuit. They also put the city fire alarm out of business, but that is up to them because the wires were leased by the city."

"We have a big gang ready to rush to Pasadena at any moment and put the lines in service again, but it expects we will have to resort to the courts before we can repair the lines."

Attorneys for the Sunset Company were in conference this morning, and it was intimated that a temporary injunction restraining Pasadena officials from interfering with the repairs of the wires will be sued for.

Telegraph Companies Not Taxed.

PASADENA, Cal., May 28.—While steps were taken to prevent telephone service over city lines of the Sunset Company it was stated to-day that precautions were taken by the city electricians not to cut the long distance wires of the telephone company. This was done because of the fact that the Supreme court might construe the long distance lines as inter-state carriers and not subject to municipal jurisdiction.

TOPOGRAPHIC MAP OF VANCOUVER ISLAND

DOMINION GOVERNMENT PARTY ARE NOW IN CITY TO COMMENCE WORK.

A survey by the Dominion government is about to be started on Vancouver Island. The work will include a topographic map to be used as a base map upon which the geological facts which have been found and may be in the future developed can be recorded. These maps will serve many purposes of economic importance in addition to those of scientific purposes. R. H. Chapman and K. Chipman have recently arrived from Ottawa to start work at an early date.

FALL EIGHT STORES.

TWO MEN SUSTAIN INJURIES WHICH MAY PROVE FATAL.

SAN FRANCISCO, Cal., May 28.—Stepping upon a loose board on the eighth floor of a building under construction in the business section of the city, John Hemmey and George Harrison, structural ironworkers, were hurled into an open elevator shaft. Crashing through a temporary wooden elevator car stationed at the first floor, the men were precipitated into the basement and completely buried beneath the debris of the car. Both men probably will die.

WORKMEN CARRYING TO THEIR AID WERE COMPELLED TO FORCE AN OPENING IN THE TIMBERS AND BOARDS WITH A CROWBAR, and the men were extricated with great difficulty. Hemmey was found to have sustained a broken leg and arm, in addition to several fractured ribs and internal injuries. Harrison's left arm was broken, his skull fractured and his face badly cut. Both men are married, Hemmey having five small children, and Harrison three.

Twice-a-Week Times

Published every Tuesday and Friday by THE TIMES PRINTING & PUBLISHING CO., LIMITED. JOHN NELSON, Managing Director. SUBSCRIPTION RATE. By mail (exclusive of city) \$1.00 per annum. DISPLAY RATES. Per inch, per month \$2.50. CLASSIFIED RATES. One cent a word an issue. No advertisement less than 10 cents. NOTE—A special rate is quoted where an advertisement is carried in both Daily and Twice-a-Week.

BISHOP PERRIN AND THE FORGED TELEGRAM.

Rev. C. E. Cooper's chivalry in entering the lists as champion of the cause of Bishop Perrin is worthy of admiration, and will be admired none the less because the case of His Lordship, so far as it has to do with the notorious forged telegram, is quite indefensible. It is quite true that many of the communications the Times has received dealing with the subject have travelled somewhat wide of the mark—have said things which it would have been well to leave unsaid. Many more have been rejected entirely because the writers appeared to be moved by a desire rather to stab a Churchman than to condemn a criminal act and necessary in that act. But the fact of the forgery itself and the circumstances which followed that crime indicate how completely men—sometimes even saintly men and Bishops—may be carried away and led to forget their duty to themselves, to their fellow-men and their church, by political bias.

The Colonist says the root of this matter is all political spite. This is an unfortunate admission, because it brings His Lordship Bishop Perrin directly into the political arena and indicates the nature of his political sympathies. It gives his connection with the forged telegram incident a more serious aspect than that connection were previously. It implies that because of his political inclinations Bishop Perrin absolved the Colonist from criminal responsibility for the utterance of that forged telegram. The Times has never gone so far as that in its comments upon this notorious case, condemned by the church courts of all denominations, denounced by the press of all Canada irrespective of political leanings, and disesteemed by the leader of the party who gained a following as a result of it. We doubt not that Dr. Perrin, after the manner of all men who take an intelligent interest in public affairs, has his political opinions, but we should hesitate to do him the injustice of supposing that he would rejoice in the triumph of his party, by such methods as were adopted by the organ of the Conservative party in this city during the late election campaign. Holding such views of the Bishop's character, we must confess it was a shock to us, as it must have been to all lovers of truth, justice and honorable dealing, even in politics, when the announcement was made by the Colonist that it had received Episcopal absolution from the moral consequences of its crime.

If Bishop Perrin had been a man of the world, when the pentitent whose sin was greater than he could bear alone expressed a desire to confess the thought would at once have occurred to His Lordship, "there is a new and more reprehensible phase of that forged telegram matter." On the alleged culprit pleading that his confession should be made public for the benefit of the injured and innocent Colonist, the Bishop's natural suspicions should have been confirmed. The various lies and insinuations—some of them more heinous than the forgery itself—which had been appearing in the Colonist from day to day during the campaign, which Bishop Perrin, being a politician, had doubtless read, should have added conviction had there been any doubt. But the Episcopal heart was free from guile, in this case the snare was not vainly set within sight of the bird. Hence all this political ecclesiastical scandal and turmoil, which the Times regrets possibly just as deeply as the Bishop and his chivalrous defenders.

There is just one way to bring the scandal to an end, and to finally clear up the matter. His Lordship now knows as well as any one that he was made a scape and partner in one of the most disgraceful affairs in the political history of Canada. He knows as well as we know, as well as every one knows, who the real criminal is. Having been led into the trap by his own hurt and to the grievous injury of the church of which he is the honored head—having been deceived, any honorable obligation to shield the culprit has been lifted. Will Bishop Perrin do his duty?

THE AIRSHIP WILL NOT DO—YET.

Count Zeppelin of Germany has achieved another signal triumph with his second airship. He remained suspended in the air for forty hours and during the time of his suspension covered a distance of nearly 1,000 miles. The dispatches do not say whether Zeppelin II, was at all times under control of its inventor, commander and navigator, or whether it wandered aimlessly through the air. But it does say that the journey and triumph terminated as usual in disaster. The ship ended its trip in collision with a tree, suffering serious damage. There is no doubt, however, that the Count is mak-

ing headway with his machine. It is true his craft is dimensionally out of all proportion to its carrying capacity. It is as yet, and is likely to remain, nothing but a toy or an instrument of possible use in warfare. It cannot carry passengers at the rate charged for transportation by the railways of British Columbia even if passengers could be found willing to risk their lives in the machine, nor can it transport freight at so much per ton mile. The situation is exactly as Mr. Wilbur Wright, an experienced and successful flying machine builder and operator, has outlined it. Dirigible balloons and aeroplanes are splendid playthings for rich and reckless men to amuse themselves with. They may come in useful in time of war in the sense that war lords understand usefulness. But not during the lifetime of the present generation are they likely to wrest supremacy from machines which travel over rails or through the waters. Why? Well an aeroplane is liable to turn turtle if a slight mishap occurs to its delicate machinery. Zeppelin II, is free from that weakness; but it is upwards of six hundred feet long, can carry at the most a score of persons, while its fuel consumption is out of all proportion to the distance it can travel, yet imagine what would happen to a fragile thing like Zeppelin's great, elongated bag of gas should it encounter a storm upon mid-ocean. Let the engineers of Great Britain go on building fast steamships and railway men invest more heavily in locomotives and carriages. The public has confidence in these things.

SIR WILFRID LAURIER'S HEALTH.

The annual rumor of the early retirement from political life of Sir Wilfrid Laurier is now in circulation. It generally appears in print at the end of each parliamentary session. It always emanates from the same source. Of course the newspapers which give currency to the rumor are terribly concerned lest it should prove true. The Toronto Mail and Empire, the Toronto News, the Toronto World, the Victoria Colonist, et al., would be greatly cast down if the great leader of the Liberal party, "the most conspicuous figure in the public life of Canada," should be compelled by reason of failing health to retire into private life. The Times is therefore pleased to be in a position to lift a heavy load of anxiety from their patriotic minds. Our advice is that Sir Wilfrid is enjoying better health than has been his portion for many years. The cares of the session, just ended have sat lightly upon his shoulders. Mentally and physically Sir Wilfrid is in fine fettle. He is looking forward to a month's holiday with delight. Thanks to Providence, Lady Laurier (who is a real helpmeet to her distinguished husband) and to a sound constitution which has never been strained by injudicious living, Sir Wilfrid, notwithstanding that three score and eight years have passed over his head, is still as young in years as many men whose heads do not show the effects of the frosts of so many winters. All being well, he will be in his place as the leader of the House of Commons when it again assembles for the dispatch of business. More than that, as our contemporaries will be only too delighted to hear, again subject to the decrees of an all-wise power, Sir Wilfrid will lead the Liberal party when it appeals to the country upon the expiration of the term of the eleventh Parliament of Canada. We are sure that the Toronto Mail and Empire and the Victoria Colonist aforesaid will join us in a hymn of thanksgiving when they read this announcement.

RICH AND POOR—CONDITIONS CHANGING.

As we pointed out the other day, in Great Britain the old social order is changing and giving place to the new. It always has been changing; but the process has been slow in the past. The advent of a Liberal government has given it a tremendous impetus. The reforms effected in France by an internal revolution are being brought about in Britain by social evolution. Which is in accordance with the genius and temperament of the people of the two nations. The taxation proposals of Mr. Lloyd-George, following the adoption of the principle of old-age pensions, mark the longest forward step in the history of the movement for the amelioration of the condition of the masses of the people. Some representative landlords claim the effect of the internal policy of the government will be seen in a breaking up of the large estates and desolation in the castles and manor houses which adorn them. Possibly the government has foreseen such a result, and, while regretting it from a sentimental point of view, is none the less determined to carry its policy to a consummation involving the greatest good to the greatest number.

In the New York Times of May 23 there appeared a remarkable editorial article commenting upon the changes which have occurred within recent years in the relative positions of the rich and poor in all parts of the world subject to the influence of science and social evolution as applied to daily life. The comments of the writer are based upon an article which appeared in a

French review. The author of this article sums up with the declaration that "what is given to them (the rich and the privileged) is as nothing to what has been taken away—their former exclusive privilege of enjoyments henceforth within the reach of the common herd." "We have not," says the writer in the Times, "the space at this moment to follow the ingenious analysis by which the Vicomte sustains this interesting inference. It comes practically to this, that the rich have lost their general distinction. They have more, very much more, of most things than the simply well-to-do or the poor, but they do not have the great number of things which the poor formerly had not at all. At the close of the eighteenth century the poor might starve, the rich never did. The poor might perish of disease from exposure in their hovels; the rich in their mansions and palaces could not. The poor wore rags, the rich, especially the men, were clad not only comfortably but with magnificence. The poor were matted to the soil, their sole means of travel was by foot; the rich could journey as far as their saddle horses or their coaches could take them. With all this there was a lavishment of display, a splendor of equipage, of hospitality, of ceremony, domestic or in public, on the part of the rich which proclaimed them to be the utterly and hopelessly superior class they were acknowledged by the poor to be. To-day all this is changed. The food, the dwellings, the means of travel of the once "lower" classes are better than those of the rich formerly were. There is an immense difference of degree and quantity, there is not the absolute difference between something and nothing. And public sentiment has so changed and developed that nearly all the public display which formerly was the privilege, the delight, and the habit of the rich is now but sparingly indulged in.

"The one passion this change has developed in the very rich is the passion for rarity. They withdraw themselves within the walls of their stately dwellings, trace firm and tense the lines of social exclusion, and in their possessions seek the things that outsiders cannot attain, rare fittings, rare pictures, and draperies and works of art. But it is in their mode of life, in the social and moral code they have built up, or are trying to build up, that this passion shows itself most curiously. Of course they cannot escape the fundamental conditions fixed by human nature and general tradition. They marry and are given in marriage. They have children to a limited extent. They are subject, more or less, to the restraints of monogamous union, as imbedded in the lives and consciences of modern peoples, conformity with which is for most of us still an unquestioning acceptance. But it is precisely as to this that a certain class of the rich are most rebellious and seek with the greatest eagerness and persistence to secure special privileges and practice unmolested and unshamed certain liberties.

"Some of them succeed. The number is not as yet very great, but the relative rarity of success is part of the attractiveness of the game. To be able to sunder the ties of marriage in a manner fairly satisfactory to each party; to avoid the stigma that usually attaches to one or the other as the consequence of such a legal operation; by the courts as still untried, to guide the lives and training of innocent children; to secure unusual privacy as to the fact, involved through the obligation of a clerk of the record is not a common achievement. But it has been done, and it can be done it naturally confers on the successful participants a certain distinction. They will have done what common people cannot do, what the spirit of our laws and the aims of civilized society ordinarily forbid and prevent. It is not easy to conceive the state of mind in which such triumph over such obstacles is gratifying to those who have gained it. It is much easier for the sensible, the decent, well-behaved, and clean-hearted men and women of whom, thank Heaven, our people mainly is made up, to think of such doings with condemnation, resentment, contempt. But it has been done, and it can be done very rich, at least for a portion of them, the passion for rarity is satisfied thereby. According to the queer standard by which they are guided, they have surpassed their fellows and are upon their strange, uncanny way enjoy the pedestal to which they have mounted, even though to the herd they try to look down upon the stocks would seem more suited to them."

What Other People Think THE BISHOP OF COLUMBIA.

To the Editor—In common with all right-thinking people I have been shocked and disgusted at the scurrilous attacks upon the Bishop of Columbia which you have thought fit to publish. So long as these letters were anonymous it was thought that they were best treated, and they have been repeated and amplified by an ex-priest of the diocese over his own signature, it is clear that the time for silence is past and that it is incumbent upon the conference of one who came for those who look up to the Bishop with respect and affection which he merits to repudiate in the strongest way the accusations and insinuations that have been brought against him. First, as to the confession. No priest worthy of his office of any church would divulge the confidence of one who came to him as a penitent, whatever pressure might be brought to bear upon him. The most he could do would be to direct the man to make an open confession. But it ought to be known that the Bishop was in sympathy with the efforts of the committee of the Anglican Synod to bring the man to justice. Every important step taken by them was made known to the Bishop and received his sanction. As to the letter which was brought against the Bishop by this ex-priest, they are simply a tissue of malicious falsehoods. So far from being indifferent to

"righteous causes," the Bishop has ever been a foremost fighter in the battle against intemperance and kindred evils, and his sympathy for the cause of labor made him a leader and chief adviser in the strike of the dockyard laborers in Southampton, and it was in consequence of his well known interest in such matters that he was appointed vice-president of the section upon social questions at the Pan-Anglican Congress, where his able comment on the chair and his such and forcible speeches in summing up the debates were the subject of very favorable comment. As to his "exclusiveness," the charge is simply absurd, for no one could be more approachable than the Bishop. His study is always open to those who come and consult him freely on all manner of subjects, and all are met with a winning courtesy and kindness and receive full attention, sound advice and not infrequently material assistance, and wherever he goes he converses in his easy and genial manner with people of all ranks and occupations. As to the "medieval castle" he lives in, Bishop's House is indeed of ancient date and of a style of architecture so far from having "no connection with the city without," there is probably no house in Victoria where such gracious and generous hospitality is dispensed, nor is this confined to Anglican gatherings alone. Really, sir, it is time that these malicious attacks against a man of the Bishop's high character should come to an end. CHARLES E. COOPER.

REV. C. E. COOPER'S RED HER- RING.

To the Editor: Your correspondent, Charles E. Cooper, has been "dragging a red herring across the scent" in the shape of an "ex-priest" and his (the ex-priest's) "unenviable" personalities, which no one believes. Still, even this nasty "pick of chaff" might be blown away and disclose a few grains of wheat" to his credit, the original offer of the Colonist and all the trouble and disgrace it involved.

Your correspondent has evidently written under excitement, when he represents all your anonymous correspondents (in an admitted case of forgery) as "scurrilous" and only worthy of "silent contempt," although merely stating facts and asking why the law has stagnated. There has been lots of plain speaking in the Times by your correspondent, but I deny the right of Charles E. Cooper to accuse them as a body of scurrility or to treat them with "silent contempt," thanks to your strict supervision. That I say advisedly, as I remember a letter in the Times from which you eliminated an objectionable sentence of some kind, with apologies for so doing, which saved the situation.

Far and near the press has agreed with your correspondent, and your anonymous correspondents, and with a similar range condemned the Colonist and everything connected with this disgraceful case and met with "silent contempt" from your contemporary. It is in the day for a sentimental cry of sympathy, when nothing of the kind was wanting. Or to snub anonymous correspondence which has of late years become customary by all newspapers, at home and abroad, and the Colonist is no exception. JUSTICE.

REV. DR. DENNY VISITED CITY IMPRESSIVE SERMONS PREACHED BY HIM

Well Known Divine Occupied Presbyterian Pulpits Yesterday. (From Monday's Daily.) The Rev. Dr. Denny, of the United Free Church college, Glasgow, Scotland, who is at present engaged in giving a series of lectures to the students at Westminster hall, Vancouver, was in the city yesterday. He occupied the pulpit of the First Presbyterian church in the morning and St. Andrew's in the afternoon. Dr. Denny ranks high in his native land, and his sermons yesterday were very much enjoyed. There was no attempt at oratorical display, no weaving of fanciful imagery, no appeal to the emotions, no thundering denunciations. His addresses were plain, practical, forceful. His text in the morning was from Matthew 2:18: "Then cometh Jesus from Galilee to Jordan, unto John, to be baptized of him." The speaker began his discourse by saying that the long interval of 100 years of silence had been broken by John the Baptist, and the Jews, thank- ing the God who was again speaking to them by an audible voice, gladly flocked to hear Him. The first occasion on which they saw Christ after He entered upon His public ministry, is not, as would be supposed, standing by the side of John teaching and exhorting the people, but making Himself as one of the sinners pervades all new testament teaching. He sorrowed for sin and felt the weight of it as never can be felt. He stood side by side with sinners and drew them to the Father, making their sins His, and thus opening a way of reconciliation. Some people do not like the idea of the atonement, but would anyone truly repent rather go alone than be led by a loving hand? The guilt which separates the sinner from God has been bridged on God's side by the coming of His Son to die. All the sinner has to do is make use of the bridge thus provided. Christ is not only a great hope but a great example of how they can help others. Instinct leads us to "let evil alone, but Christ did not pass by on the other side; or instinct inclines us to stamp on people who do wrong Christ lifted them up. He came to seek and to save that which was lost, not to trample it deeper into the mire. The only way to do good to our fellows is by loving them, by sympathizing with them as brothers. Unless that

Some Stirring Values in Our June Whitewear Sale

Ladies' Night Dresses, Specially Priced at 55c. These are exceptionally good value, made of fine nainsook with yoke of 22 tucks and cuffs, trimmed with lawn frill; also some very pretty night dresses, with V-shaped yoke, sleeveless and collar attached, trimmed with lace and neat tucks. June sale price 55c.

NIGHT DRESSES AT 75c. These are without doubt the best we have ever sold at the price. They are made of soft cambric yoke, trimmed with dainty embroidery, silk ribbon, full, and are regularly sold at \$1.25. June Whitewear Sale 75c.

NIGHT DRESSES AT \$1.00. A specially attractive collection in this. They are made of fine quality nainsook and heavy cambric, high necks and low neck styles, very prettily trimmed with embroidery and Valenciennes lace, and are well worth looking over. Special price, June Whitewear Sale \$1.00.

MUSLIN SKIRTS AT \$2.25. The extreme fineness of materials of this assortment is sure to take your fancy. No discriminating lady will leave the store without taking one away. They are made by various makers from sample pieces of insertion and embroidery and would cost half as much more if made up in the usual way. If you do not see them don't fail to ask to be shown them. \$2.25 Special Price. Also a large variety at \$1.90, \$1.75, \$1.50.

NAINSOOK SKIRTS AT \$3.75. It is impossible to correctly describe fully the lovely styles shown at this price, but here is one that will fill your highest expectations, it is made of fine Nainsook, with 21-inch flounce of Swiss embroidery, with insertion of 4 inches and a frill of 12-inch embroidery. Three other styles equally attractive. Sale Price \$3.75. Also a special lot at prices from \$17.50 down to \$3.00.

DAVID SPENCER, LTD.

RECORD TIME IN REPAIRING EMPRESS. Forty Plates Replaced in Seventeen Days—2,500 Men Engaged in Work.

PROPERTIES HAVE CHANGED HANDS. Several Deals Reported in the Strawberry Vale District.

The quickest piece of repair work on record on the Pacific Ocean was that done on the C.P.R. Pacific liner Empress of China which arrived from the Orient on Saturday. On her last trip the steamer was aground in the Inland sea, buckling her plates very badly. Temporary repairs were made at that time and she continued her voyage to this coast. On her return arrangements were made for her to dock quickly in order that she might lose no more time than was absolutely necessary. She was in the Kowloon Dock at Hongkong for seventeen days, and during that time over forty plates were replaced or straightened, and the vessel given a general overhaul. Work was continued night and day, 2,500 men being employed in the work.

(Special Correspondence.) Strawberry Vale, May 31.—Several properties have changed hands in Strawberry Vale neighborhood recently. Mr. Shires' house and five acres on Holland avenue, have been purchased by Captain Gilchrist of the Princess Victoria. Mr. Humphreys has bought a piece of property on Wilkinson cross road and intends building shortly. A. T. R. Blackwood, of Victoria Crescent, will be building soon, and intends to make his home on his property on Burnside road. This section offers inducements to intending purchasers in the way of good roads and reasonable land.

It is expected that the B. C. Telephone Co. will install a local system throughout Gordon Head, Royal Oak and Strawberry Vale. C. B. Jones is endeavoring to have the matter arranged as soon as possible. Gordon Head is developing rapidly, several new residences being in course of erection. Strawberries in this locality are looking well, and a good crop is expected. J. Vantricht has a beautiful patch of ten acres which promises to yield large returns. Tenders for providing meals for the men of the Fifth Regiment at Macaulay Point and the navy yard camps for two weeks, beginning August 6th, are invited by Capt. W. P. Winsby, Q. M., H. M. S. customs.

In the career of every human being, there comes a crisis, and hosts of lives are ruined by not making a definite decision. Time slips by like a knotless thread, and they have not made anything out of life in the sight of God because they have not acknowledged that man's chief end is to glorify God. Mere want or will power wastes more lives than all the vices put together. For some people there is no more time to identify themselves with Christ. Any half course is worse than useless and leads only to all round failure and disappointment. There is nothing in the gospels which it can be said is nothing to us. Everything which is Christ's is ours. As Christ was baptized, He prayed, and the Holy Ghost descended. The reason the Holy Ghost does not descend on us is that we do not pray enough. We need to be in constant communication with the Father through Christ. Ministers fall not from want of culture or oratorical powers, or because they do not visit the sick, but because they do not pray enough. They rely too much on themselves and do not seek guidance and help as often and as persistently as they ought. They underestimate the power of prayer and without it failure is certain. One great condition of prayer is, however, absolute sincerity. They must not make or try to make any mental reservations. The tolling of church bells on the occasion of a burial is based on the old Pagan custom of banging gongs when a body was to be interred, in order to scare away the bad spirits.

GEORGIA ARRIVES

FROM MEXICAN PORTS

Propellor Blade Lost en Route and Steamer Puts into Astoria for Coal.

(From Monday's Daily.)

Steamer Georgia arrived in port yesterday afternoon after having run out of coal coming up the coast and put into Astoria to replenish the bunkers. Up to that time she experienced heavy head winds almost all the way, using up the fuel at a great rate. The steamer brought the largest consignment of European freight she has yet handled on one trip. This was something over 500 tons which came overland by the Tehantepec railway. Some of it is for Victoria and will be discharged here before the steamer leaves for Vancouver.

Another interesting consignment of freight brought by the steamer was about 30 tons of coffee. This is the first coffee the steamer has carried and may mean the opening up of a big trade with the south. There is a like of the pure thing there three-quarters of a mile long and averaging about eight feet deep. Seven first class passengers and five

steering passengers came north on the Mexican liner, among them being F. Bowker, one of the pioneers of the Yukon country, who spent thirteen years in the frozen north and is well known by everyone up there. This time he has been exploring the possibilities of Mexico. He speaks in glowing terms of the openings for trade with Canada in that country and of the business which might be done if the proper steps were taken. "How can the trade be secured?" was asked. "In order to get the trade it is necessary to get after it. There should be on every steamer a man who speaks the language well and the service must be a good one. I believe that Tehantepec route alone is worth an immense lot to Canada. The Mexicans have spent a lot of money improving the port of Salina Cruz. Sixty million dollars (Mexican money) has already been devoted to that purpose and the work is going on well. True, the entrance to the harbor has been silted up, but that is not being kept going, and a few of the men being allowed to sleep in the forward glory hole where there was plenty of room there was no reason why they should not all be given that privilege until the present quarters were improved. The company was notified on Thursday that the men would leave if their wishes were not acceded to and an unfavorable answer being received they walked out.

There is a strike in the commissary department of the Princess Charlotte. On Saturday afternoon last the 25 stewards of that vessel walked off the steamer and have not since returned. They claim that the sleeping accommodation provided for them was too small, that there was no ventilation, the fan not being kept going, and that a few of the men being allowed to sleep in the forward glory hole where there was plenty of room there was no reason why they should not all be given that privilege until the present quarters were improved. The company was notified on Thursday that the men would leave if their wishes were not acceded to and an unfavorable answer being received they walked out.

Ship Procyon has secured her crew at this port and sailed for Valparaiso, with a cargo of lumber.

business to be done between Canada and Mexico, but it needs someone to rustle to get it. Another passenger on the steamer was F. H. Jones, who made the round trip on the steamer; Mrs. Patton and family, Mr. and Mrs. Cooke from Panama, and Mr. Hardman from Brazil. The Georgia was in charge of Captain Whittle, who brought the steamer out from England, and who took her to the Gold Coast to open up new trade with that part of the world just before she came here. He says the vessel is going into drydock as soon as her cargo is discharged. A propeller blade was lost on the voyage and it will be absolutely necessary to have it repaired before leaving again.

LUCKY MR. BROWN.

If it had not been for "Fruit-a-tives," Mr. Lemuel Brown, of Avondale, N. B., would still be living on stale bread and porridge, and suffering tortures with indigestion. His stomach was so weak that he had to give up all kinds of meats, potatoes and other vegetables, and even deny himself the comforts of a cup of tea. Fortunately, however, he bought "Fruit-a-tives," bought a box and was so much improved by taking the tablets, that he used four boxes altogether. "I have been a great sufferer from indigestion for fifteen years. About two years ago I read about Fruit-a-tives and concluded to give them a trial. I used nearly four boxes of "Fruit-a-tives" and they have made me feel like a new man. I can eat all kinds of hearty foods and enjoy tea and coffee." This is not a rare case, but the regular experience of everyone who has tried "Fruit-a-tives" for Weak Stomach, Indigestion and Dyspepsia. Try them, 50c a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

ROUGH WEATHER DELAYS STEAMER QUEEN CITY

Vessel Brought Many Passengers From Logging Camps of North.

(From Monday's Daily.)

It was a sick crowd that came into Vancouver yesterday just afternoon on the Queen City from the various logging camps of B. C. from Rivers Inlet and a southeaster began to blow up the straits and churn up the waves, and the Queen City plunged and rolled to the great discomfort of the passengers. The wind and sea were so rough that the little steamer made only 20 miles in six and one-half hours, and it was a great relief when she at last reached the shelter of the harbor of Rivers Inlet. The rough weather was a fitting close to a disagreeable trip. When the steamer arrived at Campbell River it began to rain and kept it up all the way until they arrived home.

The steamer brought 98 passengers, among whom were several local commercial men. On her next trip, leaving here to-morrow night, she will take something like 200 Indians from Alert Bay, Hardy Bay and other points for the fishing at Rivers Inlet. When the Queen City passed south a potlatch was in progress at Alert Bay, some 5,000 Indians having gathered for the great occasion. This will be their last celebration before the fishing season commences. As soon as fishing is over, they will have another series of potlatches at the principal points along the coast.

This afternoon the Queen City went over to Esquimalt to bring around the Princess May, which has been overhauled in readiness for her new schedule on the Skagway run.

Ship Procyon has secured her crew at this port and sailed for Valparaiso, with a cargo of lumber.

WIRELESS INSTALLED ON EMPRESS LINERS

Marconi Apparatus Working Well—Spoke Japanese Stations on Way Over.

(From Monday's Daily.)

The Empress of China, which arrived from Hongkong and way ports on Saturday last, is the first of the Empress liners to have wireless installed aboard. The other liners of the line, which were done at Hongkong and will all be able to announce their coming some time before they arrive. They have the Marconi apparatus and can speak under normal conditions about 500 miles. R. L. Stevens, the operator on the Empress, said he was first heard by Tatsush, that station being operated at night, as well as in the day time. Fatschen picked up a message the first thing in the morning. These were the only stations to hear the steamer before she entered the Straits. Mr. Stevens said that he was able to announce his coming on the other side and he heard one of the Japanese stations over three hundred miles from shore. All the operators on the other side are Japanese, but they speak English well and the messages sent are in English.

BISHOP MEETS HIS NEW FLOCK

ADDRESSES MADE AT PUBLIC RECEPTION

Will Co-operate With All Churches in Defence of Christian Faith.

(From Monday's Daily.)

A public reception was tendered to Rt. Rev. Alexander McDonald in Institute hall last evening by the Roman Catholic societies of the diocese. In this reception the Knights of Columbus, the Catholic Mutual Benefit Association and the Young Men's Institute. Addresses of welcome were presented and the sentiments expressed in them were but the feelings of the bishop, who, having spent practically all his life in and about his native diocese, very naturally feels the pain of a break in middle age with old friends and places and a new opportunity of which he is very conscious. As he patriotically says of himself, he still feels the soreness of the transplanting process.

The chairman, after a few words in explanation of the occasion, called on Father Cairns, chaplain of the council, who assured his lordship of the zeal and devotion of the young men of the various societies and their earnest desire to be set to work as his lordship might think best. Especially were they prepared to assist him in that work which was so dear to him, the education of the children.

Father Leternie read the address from the C. M. B. A. and W. H. Harris, grand knight of the council, who assured his lordship of the zeal and devotion of the young men of the various societies and their earnest desire to be set to work as his lordship might think best. Especially were they prepared to assist him in that work which was so dear to him, the education of the children.

We Do Not Say 'Best'

BECAUSE MOSTLY EVERY MAKER DOES

But we do say that a Cream Separator should be built with the bowl supported at both ends, giving perfect balance.

Its driving gear should be on the spur or square principle which is the kind that should be used on a fast running machine.

A SIMPLE ONE-PIECE skimmer gives perfect separation of the butter fat from the milk at the same time easy to clean.

A perfect ball race that runs easy and will not wear out. A strong solid frame to set the parts in giving steadiness and therefore durability.

Now the MAGNET has all these good points in its construction, and it is the only CREAM SEPARATOR that has, and we make it.

Investigate these points of superiority in the MAGNET. You want WRITE FOR OUR 1909 CATALOGUE.

BRAVE ENGINEER IS LAID AT REST

Charles Black, Who Succumbed to Injuries on Coquitlam, Buried To-day.

(From Monday's Daily.)

The remains of the late Charles Black, who succumbed to the injuries he received in the Coquitlam disaster on Friday night at the hospital in Vancouver, arrived on the steamer this afternoon from Vancouver. The late Mr. Black was second engineer on the steamer Coquitlam and was the son of the late Capt. Black, of Dallas road.

While the fire was raging on the steamer the unfortunate man, who was in charge of the engines at that time, stuck to his post and held the levers in his hands with the hot water dripping all around him, and when given the orders to come above he was so badly scalded that it was all he could do to get on deck. When the steamer arrived in port he was immediately rushed to the hospital in an ambulance and all that could be done for him was carried out. He, however, died from his terrible injuries.

THUGS HID UNDER BED. Sausalito, Cal., May 31.—Springing from under a bed where he had hidden, two thugs beat F. Lazarus into insensibility and seriously injured his wife while the couple were preparing to retire on Saturday morning. Lazarus, who is a local hospital in a precarious condition. His scalp was torn almost from his head and his face and shoulders fearfully bruised.

That the thugs intended to do away with the couple and then to ransack the house at their leisure is the opinion of the police. Lazarus was beaten down by the larger of the two assailants. The other attacked Mrs. Lazarus with a heavy black-jack, trying at the same time to seize her by the throat to prevent an outcry. The force of the heavy blows on her head were broken by her hair and she was able to scream for aid before she fell fainting beside the unconscious body of her husband.

Neighbors attracted by the woman's screams hurried to the house, the thugs making their escape through an open window. The police were notified and a posse hastily organized to search for the pair. One suspect has been captured and is held at the city jail.

TORNADOES CLAIM FORTY-TWO LIVES (Continued from page 1.)

The Storm in Oklahoma. Oklahoma City, May 31.—Dispatches received here late this afternoon indicate that earlier reports of loss of life in the storm were exaggerated. Communication with outlying towns is interrupted and it is difficult to secure accurate news.

HABEAS CORPUS IN THE QUATSINO CASE

Argument Being Heard This Afternoon in Effort to Set Men Free.

(From Monday's Daily.)

In the case of Thomas Iistad and Edward Everson, the two Quatsino school trustees who have been brought down from that place for trial on charges laid by the magistrate and police constable there, a writ of habeas corpus was applied for by H. H. Shandley this morning.

Chief Justice Hunter granted an order nisi, returnable at 4 o'clock this afternoon, when Mr. Shandley will present arguments in support of making the order absolute. H. D. Heinmcken, K. C., has been entrusted to appear on behalf of the crown.

Mr. Shandley, in applying for the order, sets forth that the justice does not state his jurisdiction in the order of commitment for trial, and that no indictable offence is disclosed.

VANCOUVER BIGAMY CASE. Vancouver, May 29.—The case of George Kemp, charged with bigamy, this morning was remanded till next Wednesday. Several weeks ago Mr. Kemp was summoned on account of his wife, who alleged non-support. The circumstances of the differences between them indicated that probably some such charge as that brought this morning would be the outcome. Mrs. Kemp was summoned on account of her marriage had been illegal, and he was not compelled to support her. He said on the witness stand himself that there was doubt as to the legality in his own mind. The information charges that he married Sarah Haines in Belingham, Wash., August 26th of last year, while still having a wife living.

THREATENS BANKER. Salem, Ore., May 29.—The examination of A. J. Smith, accused of a daylight robbery, was continued until Monday.

The sensational features of his examination were the production of letters in the possession of Special Treasury Agent Clements, threatening to throw acid in the eyes of Banker J. A. Bush of this city, if he did not cash \$5,000 at a certain place named in the letters. Another sensational feature was the plea entered before the examining magistrate, by Mrs. Jacko, a sister of the defendant, to the effect that her brother be given a fair and thorough examination.

"If he is found sane there will be no defence made on our part," she said while on the witness stand. "Let him make his peace with God."

It is charged that Smith held up the Hinges jewelry store in this city April 20th, in midday.

A meeting of the Ladies' Auxiliary of the Y. M. C. A. will be held to-morrow afternoon at 3 o'clock at the association rooms, Broad street. A full attendance of members is requested as arrangements for the selling of tickets for the annual concert given by Prof. Wickens, which will be held shortly, will be discussed. The proceeds will go towards the furnishing of the new Y. M. C. A. building.

A timber deal has been put through in which Messrs. McNair and Skeens, of Vancouver, acquired some 33 sections of timber near Alberni canal, Sprout Lake and Great Central Lake, Vancouver Island. The deal was put through by Howard Potts, of this city, and it is understood that the price paid was in the neighborhood of \$70,000. The land will be surveyed at once.

Western Canada Wood Pulp & Paper Co., Ltd.

HEAD OFFICE, 638 VIEW STREET, VICTORIA, B. C.

Plant under course of erection at Quatsino Sound, Vancouver Island.

ASSETS

The company have acquired 55,693 acres of Pulp Land on Quatsino Sound, Vancouver Island.

WATER POWER

In addition to the vast Pulp Limits acquired, the company have also secured a 2,000-inch water record on Marble creek, at Quatsino Sound, capable of developing from 10,000 to 15,000 h. p. This creek derives its source from three lakes, 20 miles in length, and is thus permanent the year round.

CAPACITY OF PLANT

The plant when fully complete, will have a capacity of 600 tons of news and wrapping per week; we are rushing the work along and feel confident that we will have the pulp plant with a weekly capacity of 100 tons in operation by December 1st of this year.

COST OF MANUFACTURE

With our tremendous pulp limits which enable us to secure our pulp wood at a nominal figure and splendid water power, the cost of manufacture of news and wrapping paper should not exceed \$29.00 per ton; at present news is being manufactured in British Columbia at \$60.00 per ton. The freight rate in carload lots from Ontario and Quebec being \$17.00 per ton.

LOCAL MARKETS

The local market of the company extends east a thousand miles to Moose Jaw and tributary. Within the above territory the annual consumption of paper is estimated at a thousand tons, exclusive of that used by printers and newspapers. The five daily papers of Victoria and Vancouver alone consume over 100 carloads of paper per year.

PROGRAMME FOR TEACHERS' CONVENTION Subjects to Be Dealt With at Dominion Gathering in Victoria.

The programme for the convention of the Dominion Educational Association, which meets here July 13th to 18th, is now complete. E. B. Paul, superintendent of city schools, will preside. The programme is as follows:

Tuesday, July 13th. 10 a. m.—Business meeting of board of directors, (in the education office, parliament buildings.) 2 p. m.—General opening meeting, (Assembly hall, 938 Fort street.) President, Alexander Robinson; vice-president, James W. Robertson; secretary, J. D. Buchanan. The programme is: Organization, address of welcome, replies, president's address, general business, announcements, appointment of committees, enrollment.

Wednesday, July 14th. 9.30 a. m.—General meeting, (Assembly hall, 938 Fort street.) The future of the D. E. A. Round table conference on suggestions for making the D. E. A. a more influential factor in Canadian education, led by T. A. Brough, high school, Vancouver; A. E. Lang, Victoria college; Toronto; W. A. McIntyre, principal Normal school, Winnipeg; Wm. Scott, principal Normal school, Toronto.

5 p. m.—Meetings of departments. Elementary education department, (Assembly hall, 938 Fort street.) President, Miss Jessie Ptolemy; secretary, Miss Susie Younghusband. The programme is: Organization; president's address; English in the Elementary School; J. B. Wallis, principal Macrae school, Winnipeg, Man.; The Place and Influence of the Woman Teacher in Elementary Education, Miss Ethel Hurbutt, walden Royal Victoria college, Montreal; The Adaptation of Nature to Design, in the Elementary School, John Kyle, supervisor of drawing, Vancouver, B. C.

Higher education department—(High school, corner Fernwood and Cadboro Bay roads.) President, A. E. Lang; vice-president, T. A. Brough; secretary, W. G. Anderson. The programme is: Organization; president's address; College and University; What is Specialization? W. S. Milner, Dalhousie college, Toronto, Ont.; The Value of the Humanities in a Practical Education, Lemuel Robertson, McGill university college, Vancouver, B. C.

Industrial education department—(Pemberton Gymnasium, High school grounds.) President, David Sloan; secretary, E. J. Hales. The programme is: Organization; president's address; The Preparation of the Teacher for the Rural School, John Brittain, Macdonald college, P. Q.; The Professional Preparation of the High School Teacher, R. A. Little, Colgate institute, London, Ont.

Industrial education department—(Manual Training Centre, High school grounds.) President, H. Dunnell, secretary, W. H. Binns. Dale, professor of education, McGill university, Montreal; Comparison of General Methods of Instruction in Canada and the United States, H. S. Pritchett, president of the Carnegie Foundation for the Advancement of Teaching, New York city.

2 p. m.—Meeting of departments. Elementary education department, Assem-

DEPEW OBJECTS TO GERMAN INFLUENCE Says Document Regarding the Tariff is Attempt to influence Congress.

Washington, D. C., May 31.—In discussing whether or not the communication from the German government regarding the tariff transmitted to the finance committee by the state department, should be accepted as evidence, Senator Depew of New York on Saturday declared that the document was an evident attempt on the part of Germany to influence the senate of the United States.

The report from the German government, which aroused the discussion, contained many anonymous statements, Depew ridiculed the spectacle of the senate of the United States, supposedly constructing a tariff to meet the requirements and necessities affecting the domestic industries, yet finding a foreign government entering through a senate committee to assist or obstruct the consideration of a measure.

"If Germany were preparing a tariff bill," he declared, "and American manufacturers, competitors, should appeal to President Taft to send statements and figures to the German government having a bearing on the legislation, it would lead to consequences more serious than any international difficulty that has ever arisen between the United States and a European power."

Depew then referred to the evident effort of Chancellor von Bulow to influence congress by forwarding a statement so far-reaching in effect and particular in detail, that it even entered into a discussion of a tax on razors.

"The spectacle," he declared, "is simply that of the German government sending here to sell the congress of the United States what it might do." Depew's arraignment of the German communication and the motives behind its presentation was the result of a request by Senator Nelson, of Minnesota, that the report of the German government to the state department be printed as a document.

Senator Aldrich objected, contending that the communication was in the nature of diplomatic information and hence confidential.

INDICTMENT OF MAYOR OF TACOMA QUASHED

Prosecuting Attorney Will Not Appeal From Superior Court Decision.

Tacoma, Wash., May 31.—The indictment recently returned by the grand jury against Mayor John W. Linck flat under a decision rendered by Judge Easterday of the superior court. The case against the mayor is ended, for the court quashed the indictment and the prosecution states that no appeal will be taken.

The indictment charged Mayor Linck with having failed to enforce a city ordinance against the operation of a restricted district. Bond was given upon the case came up upon a demurrer to the indictment. City Attorney T. L. Stiles, who argued upon the demurrer, stated that sufficient facts were not set forth in the indictment to constitute an offense, and that four of the alleged offenses were improperly joined in the indictment.

The court ruled that the mayor is an executive officer and is entitled to use his discretion upon matters similar to that in question. The court ruled that the indictment failed to describe time, place or manner of the alleged offense, as is required by section 7213 of Ballinger's code, upon which the indictment was based.

City Attorney Stiles argued only upon the first point of the demurrer because of the court's ruling relative to the mayor's latitude of discretion.

Prosecuting attorney L. McMurray appeared for the state and announced that the court's ruling was final and that the matter would not be taken on appeal to the higher court. Under a subsequent order from the court the indictment was dismissed, the mayor's bail exonerated and the case thrown out of court.

The funeral of the late Frederick Louis Wilmer took place on Friday at 2.30 o'clock from the family residence, 910 McClure street, and at 2.45 o'clock at Christ Church cathedral, where Rev. A. E. Cooper conducted an impressive service.

A pleasant and interesting event took place Thursday at the home of Mr. and Mrs. James Parritt. They are leaving next week on a visit to the Old Country, which they left many years ago, and intend visiting many eastern cities in Canada and the States, commencing business and pleasure. The members of the firm and family made it the occasion of presenting the senior member with a handsome photographic album, suitably inscribed on the front page, and containing the photo of members of the firm and filled with photographs of the many jobs. The residence and public buildings undertaken and carried out by them, and others in course of construction. Needless to say the recipient was agreeably surprised and delighted.

RIOTING AT PHILADELPHIA.

Philadelphia, Pa., May 31.—The street car riot today is growing serious this afternoon, and a number of disorders in outlying sections of the West Philadelphia-Kensington have been reported. Strikers this afternoon announced that the crews of the subway and elevated roads would quit work within 24 hours in sympathy with the employees of the surface lines.

Five hundred strikebreakers, who are receiving 20 cents an hour, are operating some of the surface lines to-day. It is reported that if the rioting continues 2,000 special policemen will be sworn in to-morrow.

Campbell Superb Summer Costumes for Ladies, Misses and Children

"THE FASHION CENTRE." TO BE SATISFIED with nothing short of perfection is our object. We recognise that the most profligate and glittering advertisements in the world are useless for the steady upbuilding of our business unless backed up by the most durable, most fashionable, and most economical ready-to-wear garments. It is absolutely essential that we "MAKE GOOD" every description and every promise. We say, that we are displaying the most superb, most durable, and MOST ECONOMICAL aggregation of fashionable Costumes, Gowns, and Coats in the west, and we invite the Ladies to visit our showrooms and ascertain for themselves that we "MAKE GOOD" our claim. Our Reception and Evening Gowns are marvels of elegance and beauty; our Costumes are chic and recherche creations; our superb Coats are the acme of the art of tailoring. Our Name Behind Our Clothing is an Important Asset. It's Your Protection. Our Name Behind Our Furnishings is Worth a Good Deal to You.

MYSTERY SURROUNDS DUEL AT VIENNA

Statesman Reported to Have Wounded Himself in the Head.

Vienna, May 31.—Friends of the two statesmen who engaged in a duel over "Une Affaire Politique," are laughingly differing over the details of the meeting of the fire-eaters.

Some detractors of Herr Malik declare that gentleman became so nervous when he faced Baron von Lollberg that he shot himself slightly in the forehead. Others aver that neither desired to have the blood of a fellow-creature upon his hands, so after a toss of a coin, the loser shot himself, slightly and honor was satisfied. One thing is certain, however, that is that Herr Malik has a flesh wound in the head, and the statesman and nobleman are now the best of friends.

A small fire in the Mahon block was discovered yesterday and was quickly extinguished by the brigade. Dr. Burgess, who has offices in the block, discovered his office full of smoke. The fire was due to defective wiring.

George C. Hiller was placed under the Indian act for one year by consent in the police court this morning. One drunk pleaded guilty and elected to stay in jail for five days. James Dalziel pleaded guilty to a charge of vagrancy, where Rev. A. E. Cooper conducted an impressive service.

A novel system by which children may be adopted on trial has been inaugurated by the Lambeth Board of Guardians. A pretty Swiss girl, called Rosie, was sent from the guardians' schools at Norway to a would-be father and mother—"on approval."

Rosie is three years old, and is a good-looking child, with black curling hair and dark eyes and very winning ways. Her new home has been inspected by the Adoptions committee and found quite satisfactory.

The new departure is part of an experimental scheme for placing Poor Law children in homes where they will be brought up as members of the family. A short time ago Mr. Burns made the suggestion that "there was scope for an enormous number of people who were comfortably off but who had no children of their own to adopt poor children."

At Lambeth a sub-committee of the School Committee, with three lady members, has recently been formed to take in hand the question of the adoption of children. The new system is one of the first practical results of its working.—London Daily Mail.

Damascus is undoubtedly the oldest existing city in the world. Benares and Constantinople, exclusive of Chinese towns, come next in point of age.

FENCES IN DISTRICT TO BE PUT RIGHT

Saanich Council Will Enforce Its Resolutions on Subject.

Saanich council is still agitated over the question of property owners' crocheting upon the roads. Some of those who were offending on Cook street have complied with the request of the council to move it back. At the meeting of the council on Saturday night the matter came up again.

Councillor Sewall wanted to know if anything had been done in the matter of having the fences moved back on the Cook street fences.

The revee said he had noticed some were moved back. Others were not. Councillor Sewall suggested that as attention had not been paid to the resolutions passed by the council there should be steps taken to enforce them.

Councillor Nicholson did not favor resolutions of the council being ignored. It made the council a laughing stock.

Councillor Jones advised caution until it was proved that the road highway was in such shape as to give the council power to act.

Other councillors pointed out there was no question as to the right of the council.

It was finally decided that the road superintendent should see Mrs. French with reference to moving the fence back.

CHILDREN ON APPROVAL

Inauguration of Novel Scheme by Board of Guardians.

A novel system by which children may be adopted on trial has been inaugurated by the Lambeth Board of Guardians. A pretty Swiss girl, called Rosie, was sent from the guardians' schools at Norway to a would-be father and mother—"on approval."

Rosie is three years old, and is a good-looking child, with black curling hair and dark eyes and very winning ways. Her new home has been inspected by the Adoptions committee and found quite satisfactory.

BRITISH MEMBERS FAVOR INDEMNITY By Large Majority Commons Votes in Support of Principle.

By a majority of 152 in the House of Commons a resolution was passed in favor of payment of members, says the London Chronicle. J. S. Higham (Liberal) called attention to the question, and moved a resolution to the effect that any measure of general electoral reform should be accompanied by arrangements for the payment of members, and that the treasury should be responsible for the expenses of the returning officers.

Mr. Fenwick (Labour), seconded the motion.

Mr. Lewis Harcourt said this was a matter which the government was willing should be left to the discretion of the House. Most of them on that side were pledged to the payment of returning officers' expenses, and many of them were also pledged to the policy of the payment of members.

While he said this he was not prepared to pledge the government as to whether the funds for such official expenses should come from local or Imperial resources, or as to the making of provision for the payment of members under present circumstances. They would require, roughly speaking, £200,000 a year, and that was a material consideration in the view of the Chancellor of the exchequer. But the financial point was not an argument against the policy, which had his warm approval.

He saw no degradation in a man being paid for important public services, and it would not make him corrupt by giving him a fair wage for honest work. He should have pleasure in voting for the resolution.

Arthur Henderson (Labour), regretted that the government had not made a definite statement on the subject.

Sir Wm. Bull (Conservative), held that all the best work in the world was done for love. (Laughter.) While returning officers' expenses should be paid, if they paid members of parliament, they must, if consistent, pay members of local bodies.

W. H. Lever (Liberal), contended that the time was never more opportune than the present for giving effect to this proposal. The reform was beyond the zone of debatable argument, and ought to be carried into effect.

Swift MacNeill stated that according to history when members were paid parliamentary life was the purest.

Hamar Greenwood repudiated the suggestion that the payment of members led to corruption, and said that without the corrupting influence of the drink traffic no one in fifty of the members of the opposition side of the House would be in parliament at all.

In the end the resolution in favor of the payment of members was carried by 242 against 92, a majority of 152.

Beautiful Hair Is prized by most people—men and women alike. It gives a good, personal appearance in both business and social life, so that it should be considered just as much as good clothes.

BOWES' ROSEMARY CAMPHOR-BORAX Cleanses and stimulates the scalp and prevents great growth of hair as few preparations can. Use it once a week and you'll be delighted with the fine results.

COMPLETING HIS PASTORATE

REV. S. J. THOMPSON CLOSING MINISTRY HERE

His Successor is a Man of Great Power as a Speaker.

The Rev. S. J. Thompson will complete his four years' pastorate at Centennial Methodist church to-morrow.

But it will not only be members of his own congregation that will miss the Rev. S. J. Thompson.

During Mr. Thompson's stay in Victoria he has been a constant presence in the office in the gift of his brethren in the Methodist church.

It is saying farewell to Mr. Thompson Victoria recognizes the fact that it is one who has done much for the benefit of the city and the hope is expressed that at some future time he may again be a resident of the capital of the province.

Rev. Andrew Henderson, who will commence his pastorate in Centennial Methodist church on Sunday, June 6th, is a preacher of great ability.

Mr. Henderson brings to Victoria a ripened experience in pulpit work and his sermons will have an attractive power.

FRASER FISHERMEN TO MEET NEXT WEEK

Price of Sockeyes for July and August to be Discussed.

The Fraser river fishermen will hold a meeting a week from Saturday to discuss the price of sockeyes for July and August.

The quadrennial big run of sockeyes occurs this summer. The theory is that it takes the fish four years to mature from the egg or spawn, and that in August, when the largest run of fish is experienced.

Preparations are being made by the canneries to take care of the large quantity of fish which the boats will bring in, and every cannery on the river, about forty-eight in number, expects to operate.

Captain Matthews Commenced Work of Driving Piles Thursday. A fish trap is being constructed by Capt. Matthews off Gonzales Hill.

LITTLE DANGER OF A RISING INDIA NOT LIKELY TO GIVE TROUBLE

Returning Missionary Gives His Opinions on the Subject.

While the natives of India do not like the English they will never rebel successfully because they are not and cannot be united.

The difficulty in that country, says the gentleman, is that the Brahmins are wrongly educated. Like the negroes in the Southern States, they have had an idea that book learning is everything.

While the present caste system continues, says the missionary, there is no hope of India being united.

When that distinguished thirteen-year-old transatlantic tourist, Bennie Alexrod, arrived at the Windsor station a few days ago, and announced to a few rapidly-acquired friends that he had just completed his thirty-fourth trip across the Atlantic without the outlay of a dollar.

THIRD ENGINE TO BE BOUGHT IMPORTANT ADDITION TO THE FIRE BRIGADE

Hose Contract Divided Between Three Firms—Location of Engines.

(From Saturday's Daily.) The awarding of contracts for needed fire equipment was the chief business for which a special meeting of the city council was called last night...

Ald. Stewart stood up for the patronage of local firms in connection with the awarding of contract for fire hose, which the wardens recommended should be divided up—2,500 feet to the Vancouver Rubber Co., 1,000 feet to the Canada Rubber Co., and 250 feet to the Dunlop Co.

MAN WHO CLAIMS TO BE PEER IN TROUBLE

Shut Out of San Francisco Hotel Because Bill is Not Paid.

(Times Leased Wire.) San Francisco, Cal., May 29.—H. Rosewarne Carrington, who claims to be Lord Chas. Carrington, a peer of the realm of Britain, to-day is shut out from his hotel apartments at the St. Francis hotel because a trifling bill of \$215 remains unpaid.

Carrington arrived in San Francisco May 14th, bringing with him a varied assortment of luggage. When the manager of the hotel requested payment of the bill for his accommodations, Carrington, who had registered without the lordly title, announced that he was Lord Charles Carrington, once vice-admiral of the imperial Majesty's navy, and proprietor of estates in Cornwall and Devon.

FALLS INTO BOILING SPRING. Man's Legs Will Have to Be Amputated to Save His Life.

Amades, Cal., May 28.—With the flesh scalded and peeling from his legs and hands, G. E. Engstrom, a wealthy mining man of Modoc county, lies in a precarious condition at a hospital here to-day.

CONCILIATION BOARD COMPLETES ITS WORK

Little Likelihood of Strike of Winnipeg Street Railway Employees.

Winnipeg, May 29.—The board of conciliation which has been making the inquiry into the difficulty between the street railway company and the motor-men and conductors held its final meeting yesterday afternoon.

Both sides are making concessions. The gist of the finding of the board is said to be that the nine hour day is to be enforced, with an increase in the rate of a strike will be practically obviated, since it is very improbable that either the men or the company would be ready to enter into a struggle in which the public would be so deeply interested in the face of a unanimous decision of the board.

LOBSTERS MAKING SPLENDID PROGRESS

F. W. Cunningham Expects Latest Shipment to Do Well.

F. W. Cunningham, who is chief officer of the Dominion Fishery Department, is in Victoria in company with Inspector C. B. Sword, Mr. Cunningham came to the coast a week or two ago with the consignment of lobsters which the Dominion government has sent to the coast. A. E. Finlayson, Dominion inspector of fish hatcheries, accompanied him to the coast, so that under the charge of two such efficient officers the safe landing of the fish was assured.

Mr. Cunningham says the lobsters are doing well. The best landed here in the best of condition and the 1,700 were placed in the selected bay off Mudge Island in the most satisfactory way. The bay has a wire barrier put across it to keep the lobsters confined to that body of water until the experimental stage has been passed.

BIG SHIPYARD FOR PORT ARTHUR Largest Drydock in Canada Will Also Be Built There.

Port Arthur, May 29.—Port Arthur is to have the biggest drydock and shipbuilding plant on the Canadian side of the great lakes. An agreement was signed yesterday in behalf of the city with a new company, known as the Western Drydock & Shipbuilding company, limited, composed principally of English capitalists, and including J. Bowman, of Southampton, who is presenting them in the negotiations here.

COMMITTED FOR TRIAL

Vancouver, May 27.—For shooting Josh Allen in the leg with a .22 calibre rifle late Tuesday night, George Bartlett, a waiter at the Regent hotel, this morning was committed for trial by Magistrate William Allen. Bartlett testified that he had been directed to Bartlett's home at 159 Keefer street by his friend, who said he would find some women there. Accordingly he went and was knocked down for his pertinence by Mr. Bartlett. He was going quietly away, he said, when Bartlett shot him.

Bartlett's story was quite different. He said he shined Allen away when he asked an insulting question, and that Allen in a fit of rage had thrown a stone at him. He went out again, taking the small rifle to use as a club if further trouble arose. He said he was shooting as much as a surprise to him as to his victim. He aimed the rifle, he said, but not with an intention of shooting. He merely desired to frighten Allen. There was a sharp report, and Allen, he said, broke the machine records going down the alley.

NO BLAME PUT ON COMPANY

VERDICT GIVEN IN TRAM CAR ACCIDENT

Recommendation Made to Change Rules for Stopping Trams.

A coroner's jury on Friday afternoon, after a consultation lasting fifteen minutes, returned a verdict of accidental death, no blame being attachable to the motorer, in the case of Ian Cameron, who was killed on Saturday afternoon at the junction of Fort and Quadra streets. The unfortunate boy, it will be remembered, was crushed beneath the Oak Bay car No. 118. A recommendation was added by the jury that in future all cars stop at the first side of the street reached, and that fenders to cars be adjusted to a proper height.

Chief of Police Langley and H. W. R. Moore watched the inquest on behalf of the police, and A. E. McPhillips, K. C., appeared on behalf of the tramway company. A. T. Goward, local manager, was also present. A number of witnesses were called.

William Doyle, motorer on car No. 118, which ran over the boy, testified that he was driving on the motorway when a car passed him on Fort street near Quadra street, and a boy shot out from behind it. He jumped on the fender and fell off and the car passed over him. As soon as I saw the boy I reversed the car and the car pulled up in thirty-five yards. Its weight is 18 to 20 tons, and equipped with a fender, I could not control the fender from my station. I was ringing the bell at the time and was travelling about five miles an hour.

To Mr. McPhillips: "I first saw the boy when he jumped on the fender."

To the Chief of Police: "I believe the approaching car rang the bell. I rang my bell from the other side of Quadra street."

James Strainforth, conductor of Fort street car No. 118, said: "When near Quadra street the car had to stop and I was driving up to get on the motorway suddenly just before coming to it proper stopping place. I was collecting fares when I felt the car run over something. I got off and saw the boy on the car and knew that he was dead."

To the Foreman: "I have no idea of the speed at the time."

To the Chief of Police: "I do not know the height of the fender from the ground. I heard a bell ring. The fender is stationary and we have nothing to do with the working of the fender."

Col. Prior, a passenger on car No. 118, who was standing by a hot iron, said he saw the boy jump half a length in front of the car. The lad just had time to see a car was there when he was struck by it. The car was going about eight or ten miles an hour, and he does not take particular notice. No earthly power could have pulled the car up in time. I thought the other car was stationary.

Mr. Evans said he was on the car and the motorer could not have stopped quicker than he did. He jumped off before the car stopped and the boy was underneath.

tests have been made, one recently, against five other types. This one was found as good as the others. The tests were made before the council and board of trade of Vancouver.

B. C. SALMON FOR HONGKONG SQUADRON

General Condition of Market in London Outlined by Peabody.

One of the English newspapers states that tenders are being called by the British admiralty for British Columbia salmon to be supplied to his Majesty's victualling yards at Hongkong. No word has been received here of the calling for tenders, and it is altogether probable that only the English wholesalers who handle the fish will be given the opportunity to bid.

Henry W. Peabody, of London, England, in his latest report, says: "The spot market shows practically no change except in regard to 1-lb. flats, but as you will note from the statistics given below, stocks in Liverpool are very favorable as compared with the corresponding figures for the 30th April, 1908. One-pound flats are practically unobtainable and what few can be secured are eagerly bought at 33s 6d per case."

"In Alaska the spot position is very much better than it was a month ago, and there are so sellers to-day at under 21s 4d, either in London or Liverpool, and there seems every indication that the market will advance to 22s, or 22s 6d."

CUP COMPETITIONS ON OAK BAY LINKS

Championships of British Columbia Will Be Decided Before June 7th.

Interest in golfing circles will centre for the next week on the play for the championship of British Columbia, in the Bostock and Flumerfelt cup competition. Play for the Bostock began this afternoon on the Oak Bay links, and was watched by a large gallery. The draw took place on Friday afternoon and resulted as follows:

- Bostock Cup: C. T. Goward vs. McG. Matterson, C. N. Hincks vs. winner of F. N. Reads vs. D. R. Irvine, R. H. Swinerton vs. C. A. Holland, H. D. Twigg vs. R. H. Pooley, A. P. Luxton vs. H. Combe, P. Criddle vs. C. W. Rhodes, T. R. Fletcher vs. G. W. Talbot, C. G. Lewis vs. G. G. Gately, C. J. Prior vs. J. W. Imbery, Hon. F. J. Fulton vs. D. L. Gillespie, Col. Jones vs. A. Coles, J. A. Rithet vs. A. S. Robertson, Flumerfelt Cup: Mrs. Bird vs. Miss V. Pooley, Miss Tilton vs. Mrs. Laine, Mrs. Campbell, Mrs. Mitchell, Mrs. Talbot vs. Mrs. Ricardo, Hon. F. J. Fulton vs. D. L. Gillespie, J. A. Rithet vs. A. S. Robertson.

JOAQUIN MILLER ADDRESSES GRADUATES

Poet of the Seirras Considers College Football Waste of Time.

Oakland, Cal., May 29.—The average college graduate will find the farm better suited to his capabilities than the city, was the opinion expressed by Joaquin Miller, in an address before the graduating class of California college in this city.

"Make the college graduate work with his hands as well as with his brain," the poet of the Seirras said. "I've seen so many worthless college men that I'm not greatly disposed to congratulate one who has done nothing but graduate."

"The prisons are filled with idlers," he continued. "The last time I visited the Pennsylvania penitentiary I found 98 lawyers, 45 doctors and many bankers and merchants. These men were college graduates. It is noticeable that I saw no farmers."

In closing Miller scathingly attacked college football, characterizing it as a waste of time and strength, and a vain, senseless vogue.

Andrew Weir, Liner Badly Damaged From Beaching.

San Francisco, May 27.—The Weir liner Yseric, which was beached some time ago at Loh, Cal., is reported to have been floated. Her damages are estimated at \$38,800.

DIRECTORS FACE TERM IN JAIL

BOOKS IN POSSESSION OF HEINZE DEMANDED

U. S. Government Determined to Secure Records of Copper Company.

(Times Leased Wire.) New York, May 29.—The government to-day decided to require the directors of the United Copper company to produce the books of the corporation or request that they be sent to jail. The directors told the court yesterday that they could not produce the books because Heinze had concealed them.

The government attorneys declare that the directors can bring action in the state courts for recovery of the books and that ample precedent has been found for such action.

It was stated authoritatively to-day that the directors would be informed of the government's decision when they are called before Judge Lacombe next Tuesday.

ENJOYABLE DAY AT OLD LADIES' HOME

Pleasant Afternoon Spent at Social Tea in Aid of Institution.

The Old Ladies' Home was on fete on Friday afternoon, when the ladies of the First Presbyterian church gave a very smart and enjoyable tea there in aid of the institution, the sum of \$35 being taken in.

Lilies, pansies and other seasonable flowers were used in great profusion throughout the corridors, and in the large, cheerful dining room, where the guests indulged in social groups and tempting refreshments including ice cream, were served most generously.

SIX ACCUSED OF SMUGGLING CHINESE

Will Be Placed on Trial in Chicago Early Next Month.

Chicago, May 29.—One American, one Chinese and two Mexicans were brought here yesterday from El Paso, Texas, for trial on charges of smuggling Chinese into the United States across the Mexican boundary.

Two more Americans have been arrested in the same connection and will be brought here later. The federal officers promise sensational revelations when the cases come to trial before Judge Landis on June 8th. The prisoners brought here are Robert W. Stephenson, an American, Bob Leung, a wealthy Chinese, and Jose Barra and Carlos Saveria, Mexicans. The Americans to be brought in later are Jack Helfitzell and W. H. Clark.

CONTRACT IS LENT

Work to Commence at Once on Addition to Masonic Temple.

The contract for the addition to the Masonic Temple has been let to Mail and Dinsdale, the contract price being in the neighborhood of \$20,000. The work is to commence right away and will be rushed through to completion.

For a long time past the Masonic Temple on Douglas street has been found quite inadequate to the growing needs of the city. The local lodges have for some time been planning to have it enlarged, and now they will put the building in such shape that it will be a credit to the place.

TWO AMBASSADORS SUDDENLY RECALLED

Alleged to Have Received Money From Abdul Hamid.

Berlin, May 29.—The Lokal Anzeiger's Constantinople correspondent wires that he learns from persons in high authority that the sudden recall of the French ambassador, M. Constans, and the Russian ambassador, M. Zinovief, was due to the discovery in the Yildiz palace records that Abdul Hamid had paid M. Constans 2,000 (Turkish) pounds monthly, and that Zinovief received 1,000.

The cabinet, the correspondent says, forthwith informed the Paris and St. Petersburg governments, which ordered the recall of the ambassadors. He adds that the payments were effected through Pangiri Bey, one of the directors of the Ottoman bank, who recently disappeared.

According to the correspondent, the archives also contained compromising letters and receipts for money signed by Kiamli Pasha, formerly grand vizier, which led to his arrest, and he asserts that evidence against Ferid Pasha, the Minister of the Interior, was found, and that this started a violent agitation in favor of forcing him to retire from the cabinet.

It is also proved, the correspondent says, in conclusion, that Ferid Pasha, ex-grand vizier, and now ambassador at London, played a double role. So many of the members of the old regime were smirched by Abdul Hamid's arch-vice, the Young Turks are agitating publicly the flagging of power in new hands."

TELLS OF RAID ON CALHOUN'S OFFICE

Detectives Did Not Molest Private Papers of the United Railroads.

San Francisco, Cal., May 29.—That during the recent search for "stolen" papers in the office of Patrick Calhoun by detectives in the employ of special agents Wm. J. Burns, the private papers of the United railroads were not molested, was the testimony of Detective Sergeant Geo. F. Mulcahy, in the Calhoun trial yesterday.

Mulcahy testified that he was present during the search. He stated that employees of the United railroads also were in the room. Further testimony revealed the fact that none of the papers sought were found in the private desk of the defendant.

CONDOR MAY BE ON LONG BEACH REEF

Bonnycastle Dale Brings Story From West Coast.

Bonnycastle Dale, who has been spending a few weeks on the West Coast studying the marine life of the district and who returned on the Tees, brings a story which has set many people talking and telling reminiscences. According to his story the people at Clayoquot think that the ill-fated Condor which was lost on the coast in 1901 with all hands is on the shore near Long Beach.

Long Beach is a stretch of sand eight miles in length which is exposed to the full fury of the Pacific storms. Outside is a barrier reef and on this the surf breaks constantly. It is outside the reef and just within the surf breaks that the people of that district claim the Condor wreck is situated. Some time ago a fibrous spar with the marks of the wrecked vessel on it drifted ashore at this point and later a part of a spar patched with copper came in at the same place.

During the extremely low tides which have prevailed of late the inhabitants of the district have fancied they could see the wreck and have stood and watched at night when the tide was at its lowest. The matter is being reported to the naval authorities and it is not improbable that they may make an expedition to the coast and investigate.

J. F. Mesher, postmaster at Esquimalt, was the last man to step from the sloop of war before she was wrecked of the harbor. He says that when he left her she had a deckload of coal. Her well deck was always considered very dangerous. It was four or five feet deep and the scuppers were very small. After the ship left it was rumored around that the captain was very adverse to going out into the storm and signalled the Admiral to that effect. She was accompanied outside by the Warrenton general assembly to-day.

Mr. Mesher's theory is that she shipped a big sea, pitched forward and then went under and never again came to the surface. The waterlogged doors were shut and she never drifted around beneath the water, the air within keeping her from going to the bottom but not being enough to bring her to the surface. In that way she would have drifted to the place where she is supposed to lie.

EMPRESS BRINGS MANY PEOPLE

ADMIRAL RAWSON HURRYING THROUGH

Distinguished List of Passengers Bound to England.

Steamer Empress of China, which arrived on Saturday from the Orient, made a fair passage and brought a distinguished list of passengers in the saloon, as well as something like 500 Chinese in the steerage. Most prominent of her passengers was Admiral Sir Harry Rawson, late governor of New South Wales.

When seen aboard the steamer Admiral Rawson refused to discuss any subjects of a diplomatic nature owing to his having held an official position. He said, however, that he had held the position of governor of New South Wales for seven years, and that he liked Australia very much. On his way home he had spent five weeks in Japan, where he had visited a great many officials of that country. Sir Harry expressed regret that he would be unable to spend any time in Canada as he had heard so much about the country, and he had intended to stop here for a while and get acquainted with the people. Unfortunately, however, his engagements in London necessitated his hurrying through Canada in order to catch the Empress at Britain at Quebec.

Among the other passengers aboard the vessel was Lord Lintilhigo, a young Scotch lord who was returning from a shooting expedition in Southern Burma. Captain Archibald and he came from the same part of the country, and the two countrymen exchanged reminiscences on the voyage. The captain recalled the fact that when he was a lad he used to snare rabbits in his lordship's preserves at Hope-

chased by a game-keeper. The man who was the best known of all perhaps on the ship was the venerable Bishop of South China, Bishop Moule. The old man is in his 83rd year, and 50 years of that time has been spent in China. A short time before leaving China the Bishop lost his wife and this broke him up so that his friends advised him to make a trip to England. He expects to return to China in the near future to finish his work. The story of the Bishop's life is a very interesting one. When a comparatively young man he was ill and the doctors in England gave him but a short time to live. He decided to try a change of climate and went to China. There he was so struck with the needs of the Chinese in religious matters that he decided to remain. He quickly recovered his health, and since that time he has been engaged in missionary work.

Sir George Errington, an Irishman, is travelling round the world; Major A. C. H. Dixon and Capt. F. Stanley have been spending a couple of years in India studying the language; Admiral Hewitt is a retired officer, who has been recently in India. The following is a complete list of the saloon passengers: H. Armitstead, F. Bernard, Mr. Bradshaw, Miss J. F. Brown, Miss R. H. B. Brown, Mr. Buckingham, Miss Buckingham, Miss K. Campbell, Miss M. Cheney, Rev. D. C. and Mrs. Cook and child, Mr. and Mrs. W. A. Collins, Lieut. A. G. Dawson, Vicomte de Marsay, Major C. H. Dixon, Vicomte du Helder, Madam du Halgout, Misses Dunsmuir, F. A. East, W. W. England, Sir George and Lady Errington and maid, Mrs. Evans, Major W. Farquharson, Miss C. Ferguson, Miss Findley, Hon. Robert Forbes-Sempill, Hon. Gertrude Forbes-Sempill, P. Gaisford, W. Gaskell, Miss G. Gilman, Miss M. Hartley, R. T. Heape, G. S. Heffer, Miss W. S. Herdman, Admiral and Mrs. Hewitt, R. N. and Mrs. E. Infante, Mr. and Mrs. C. Russel James, Lieut. A. H. Jukes, Capt. and Mrs. W. A. Justice, Lord Lintilhigo, Rev. M. Longridge, Prof. Lannelongue, Miss Lannelongue, R. Mathews, Miss Meade, S. W. Morgan, Mrs. Morgan, R. O. L. and E. D. Morton, Rt. Rev. Bishop Moule, G. Moule, Mr. and Mrs. P. E. Nutter, Mr. and Mrs. E. C. Patchings, H. T. Paul, Mrs. Feily and maid, J. G. Porter, W. H. P. Redoubt, Mr. and Mrs. Hamilton Price, Mrs. R. S. Ruffin, Mr. H. S. Rishbrook, R. N. Admiral Sir Harry Rawson, Miss Rawson and maid, Wyatt Rawson, Mr. and Mrs. D. N. Ritchie, G. G. Samuel, Mr. and Mrs. C. A. Samuels, J. P. and Erving Smith, Miss Southby, Misses H. and C. Spicer, Capt. F. Stanley, J. L. Stewart, Mr. and Mrs. Stone, Miss Sweeting, A. M. Taylor, Mr. and Mrs. E. Tollefson, Mr. Robert Lucas Tooth and valet, Lady Tooth, Lieut. Tooth, Mr. and Mrs. Victor, Miss Walsh, J. W. Wheeler, Mr. and Mrs. C. White and child, Mrs. and Miss Windeyer, Dr. F. T. Wright.

Of the Chinese passengers most of them were bound through to different parts of North America, Mexico and the West Indies taking the large number. Twenty four departed here of whom all but three were returning. The Empress brought 1680 bales of wool, valued at \$200,000 and a quantity of ten and other cargo, 1484 tons in all. She remained here for two hours in order to allow the passengers time to go to the banks before closing hours, leaving for Vancouver at noon.

BIG SALE MAY BE EXPECTED

VICTORIA WILL HAVE RECORD AUCTION

Many Are Seeking Business Locations in Prince Rupert.

Next Thursday there will be a sale of 500 lots in the Prince Rupert town- site in this city. Judging by the im- mense success which has attended the opening sale in Vancouver there should be a large attendance here.

C. D. Rand, the agent acting jointly for the provincial government and the G.T.P., has according to reports received by some from Victoria who attend- ed the sale conducted it in first class style. The arrangements in the Ter- minal City were excellent and the sale was carried out without any confusion.

The prices obtained have exceeded in large part the most sanguine expecta- tions of those interested. On the open- ing day, Tuesday, \$585,670 worth of lots were sold. This following day a higher record was made and \$449,445 were sold. Among the heavy buyers are Thorsch Brothers, of Vienna, Austria, who seem to have unlimited means and also the greatest faith in the future of the place. It is said that their purchases of lots are only the beginning of their enterprises there. The intention, it is reported, is to erect buildings in the business sections and make a permit- ted investment in the city. In Vancouver various speculations are abroad as to who they represent. It is said by some that they are appearing for the Rothschilds, who have, if the report is correct, faith in the northern city's possibilities as a great com- mercial centre. These buyers will likely be in Victoria next week.

The sale of lots now taking place is only the beginning of the townsite as now surveyed. In the lots sold are taken from various blocks, and upon the prices received at the auction the values of the remaining lots will be fixed. Showing that the present sale is only the beginning of the business here is the fact that the G. T. P. it is announced on the best of authority, has an offer for 1,000 of the remaining lots to be selected in various parts of the townsite for which the same rela- tive prices will be paid as during the auction. A large syndicate has this proposition in hand.

If the Victoria sale is anything like the Vancouver one, and it is fully ex- pected it will be, it will doubtless be the first of this city and have the op- portunity of seeing a wonderful sight in a real estate line. Purchasers at Vancouver showed care and there was no reckless bidding. Those who bought did so apparently after full con- sideration, and after having exact knowledge of the situation.

Last evening Stewart Williams left for Vancouver to make final arrange- ments for the sale here. He will be the auctioneer and have charge of the sale. He will to-day confer with C. D. Rand, the selling agent and following that the place for holding the auction will be fixed. It will likely be in the roller- rink, which is probably the only build- ing that would give room enough for the sale.

FRIENDSHIP MAKES WAR IMPOSSIBLE

Admiral Uriu on Relations Between United States and Japan.

Chicago, May 28.—"Japan owes its civilization and progress to the United States," declared Vice-Admiral Uriu, who was here yesterday on his way to Annapolis to attend a re-union of the class of 1881. The admiral declared that the friendship between the United States and Japan would make war im- possible, and that he believed that there would not be any more conflicts between the American and Japanese at San Francisco relative to the school question.

He declined to discuss the squabble which arose between the naval and customs officers at San Francisco over the action of Capt. Pilmer of the liner Nippon Maru, in allowing him to land his boarding officer Stephens had inspected the ship.

C. W. Fairbanks Speaks. Tokyo, May 28.—In an address before the students of Aoyama college, former Vice-President Charles W. Fairbanks expressed his satisfaction over the present friendly relations existing be- tween the United States and Japan. He was frequently applauded by his audi- ence.

While a new gas main was being laid at Doncaste an explosion occurred through- out the old main catching alight, and six men were injured. Two were par- tially buried by the falling gas. The gas was thrown over them to prevent them from being burnt to death.

ENJOYABLE SPORTS AT PENDER ISLAND

Number of Visitors Take Part in Victoria Day Programme.

(Special Correspondence.) Pender Island, May 27.—Monday's cele- bration was pronounced a pleasant and successful one. Most of the resi- dents of the island assembled in a beautiful grove together with represen- tatives of Moresby island and about forty from Salt Spring island, who swelled the numbers during the after- noon. An attractive refreshment stand and a splendid swing were counter at- tractions in the affections of the chil- dren during the morning hours. A sub- stantial dinner was served at noon, after which there were races for the children, even the tiny tots entering the contest. The adults tested their suple- ness and power of endurance, in high jumping, long-distance running, etc. Later in the day a lively and interest- ing game of football was played be- tween the Salt Spring football team and a scratch team of the island, re- sulting in a victory for the former by four goals to nil. Pender's defeat was accounted for by an entire lack of com- bination play. Some good individual play was witnessed, but practice together they would be on an equal with the visitors. R. Norton, of Salt Spring, re- ferred the game. After the match tea was served. This was followed by a target shooting contest for the ladies, the Salt Spring ladies winning. There was also a tug-of-war between the two teams which had played in the foot- ball game. The lack of combination practice was again evident in the Pen- der team, and the Salt Spring island team won. Before leaving one of the visitors in a graceful speech, thanked the Pender people for the pleasant pro- gramme they had provided, and invited them to visit Salt Spring on the 1st of July.

ALBERNI CELEBRATES TWENTY-FOURTH OF MAY

Long Programme of Sports—Five-Mile Marathon Race.

(Special Correspondence.) Alberni, May 27.—May 24th was cele- brated here in regal style. The sports commenced at 8.30 a. m. with trap shooting, and this event was won by G. Clarke with 7 out of a possible 10, and G. Labelle was second with 5. Immediately following this was a football match, Alberni vs. Parkville, and after a very evenly contested game the match ended in a draw, each side having secured one goal. E. M. Whyte scored for the former and Kelston for the latter.

An adjournment was then taken for luncheon and at 1.30 the cricket match, Alberni vs. New Alberni, was played later. The institution is to be located here for the present, and to be per- manently located at some point on the Pacific coast to be later decided on. It was pointed out that while from Winnipeg to the Atlantic coast there are seven theological colleges connect- ed with the church, and in the provin- ce of Saskatchewan two colleges have been recently established, there is yet no such college in Far Western Canada. It is believed that a large field for work in towns and districts for which the support of a clergyman can- not yet be provided would be open to students of the college, both during the session and during the summer vaca- tion.

LOBSTERS FOUND IN COMOX BAY ARE GOOD

Thriving Specimens Found—Victoria Day Celebrations Were Successful.

(Special Correspondence.) Comox, May 27.—James Carthew has found lobsters in Comox Bay. The largest specimen he saw was five inches long, but there are no doubts that they are the right kind. He says they are occupying the holes made by clams in the sand near the river estuary.

In the Victoria Day baseball games played at Cumberland, Comox scored a handsome win, securing the prize of \$75 offered by the brewery.

The 24th was celebrated here by a picnic at Little river beach. Baseball games were played at Cumberland, and a dance given at the R. of P. hall here by Mr. and Mrs. Martin, followed by supper. Tennis parties were given by Mrs. Beadnell and Mrs. Willemar.

Mr. Doan will shortly commence log- ging here. Sheds are now being erect- ed on his limits.

PAYS VISIT TO THE UPPER SKEENA

Dr. Bryce, of the Indian Department, is on Tour of Inspection.

(Special Correspondence.) Port Essington, May 23.—The river steamer Hazelton left yesterday after- noon for Hazelton and intervening points. Among the passengers were Dr. Bryce, of the Indian department, Ottawa, and a party of Salvationists, including Commissioner Combs of Tor- onto. The commissioner is on a tour of inspection of the two Salvation Army stations on the upper Skeena, and is also looking into the country in view of the prospective settlement of a large party of immigrants from the Mother Country.

LAND "FENCING" CASE. Evidence for Defence Now Being Heard at Portland.

Portland, Ore., May 28.—Long miles of sagebrush grass lands were travers- ed figuratively in the federal court yesterday following the defense introduced by Col. C. E. S. Wood, counsel for Wm. Hanley, who is charged by the govern- ment with having "fenced" 80,000 acres of public land in Harney county, Ore- gon.

Faulkner, a civil engineer, who oc- cupies the position of surveyor for Har- ney county, brought into court maps and photographs procured by an ex- tended tour of the contested lands. It was the purpose of the defense to show that no fence was being taken of the fences which are so placed, it is claim- ed, that they enclose the public as well as private lands. The government's case has been closed. Witnesses were introduced to show that the fences serve as an effective barrier against egress and that the cattle of the Han- ley flock were kept well inside, feeding during the summer on the high land, coming down in winter when the gates were closed and the water through.

ACCUSED OF FRAUD. Seattle Man in Custody Charged With Swindling Working Girls.

Seattle, Wash., May 27.—Confronted by a charge of defrauding working girls of sums of money ranging from \$50 to \$100, according to their ability and willingness to pay, A. J. Townsend has been placed under arrest here.

Townsend's alleged method was to in- sert advertisements in a local news- paper, upon a set of notes, and in return for empty promises to secure so-called "bonds" from girls to cover positions of trust that he promised to secure for them. These he failed to produce.

Townsend was arrested upon complaint of Miss Nellie Crampton, who says she paid him \$50 in exchange for a good posi- tion which she never received.

ALBERNI CELEBRATES TWENTY-FOURTH OF MAY

Long Programme of Sports—Five-Mile Marathon Race.

(Special Correspondence.) Alberni, May 27.—May 24th was cele- brated here in regal style. The sports commenced at 8.30 a. m. with trap shooting, and this event was won by G. Clarke with 7 out of a possible 10, and G. Labelle was second with 5.

Immediately following this was a football match, Alberni vs. Parkville, and after a very evenly contested game the match ended in a draw, each side having secured one goal. E. M. Whyte scored for the former and Kelston for the latter.

An adjournment was then taken for luncheon and at 1.30 the cricket match, Alberni vs. New Alberni, was played later. The institution is to be located here for the present, and to be per- manently located at some point on the Pacific coast to be later decided on. It was pointed out that while from Winnipeg to the Atlantic coast there are seven theological colleges connect- ed with the church, and in the provin- ce of Saskatchewan two colleges have been recently established, there is yet no such college in Far Western Canada. It is believed that a large field for work in towns and districts for which the support of a clergyman can- not yet be provided would be open to students of the college, both during the session and during the summer vaca- tion.

ASSEMBLY DEPLORES USE OF TOBACCO

Resolution Adopted by Presby- terians at Meeting in Denver.

Denver, May 28.—The question of re- ducing the number of representatives in the Presbyterian general assembly pre- cipitated a warm debate at yesterday's session of that body. Part of the com- missioners' want representation by synods and others by presbyteries. The far western delegates were particularly aggressive in opposing the reduction. The question was referred to the com- mittee on policy.

RESULTS IN MURDER

Farmer Who Took Son's Part in Quarrel is Killed.

Chehalis, Wash., May 27.—Joe Ware, a pioneer farmer on Jackson prairie, twelve miles southeast of Chehalis, shot and killed J. M. Corp, a near-by neigh- bor, following a dispute over a picket rope which Ware accused Corp's 30- year-old son of stealing. According to the story, which Ware verified, he went over to the Corp home about 8.15 o'clock on horseback. The Corp boy was play- ing in front of the house. Ware ac- cused the lad of having taken his picket rope. The child denied the charge. An older brother and an older sister overheard the conversation, Mr. Corp, who was lying on a lounge in the house, went out. Ware was drawn into the dispute, and soon started to climb over the fence in order to reach Ware, who still sat on his horse. The latter pulled his pistol. Corp saw Ware drawing the gun and remarked: "So you are going to use your shooting iron are you?"

At this Ware fired, the bullet striking Corp directly over the right eye- brow and entering the head, killing him instantly. But one shot was fired, and the explosion of the gun frightened Ware's horse, which started for home, less than half a mile away. Ware was seen to enter the lane leading to his barn.

Later in the night, when Sheriff Urquhart called for him, Ware had apparently been in bed. He dressed with- out offering any resistance and accom- panied the sheriff back to town. He stated that he had expected to come in and give himself up.

SAILOR'S RUSE.

Christiana, May 23.—James Small, of Maine, a seaman of the Russian barque Lochee, who was arrested at Frederikstad on the arrival there re- cently of the Lochee because of an al- leged confession to Captain Stillstun that he participated with Mrs. Belle Guinness in the murder on the Gun- ness farm near La. Fort, Ind., last year, was given an examination before a judge in a court here. Small asserts that he invented the story which he "confessed" to the captain with the purpose of being discharged from duty on the barque. Small will not be pro- ceeded, but will be sent to the United States.

NEW COLLEGE OF ANGLICAN CHURCH

ONE WILL BE FOUNDED IN THIS PROVINCE

It is to Be Known by Name of Bishop Latimer—Prelim- inary Plans.

Vancouver, May 27.—At a meeting held in Christ Church schoolroom it was decided to take steps without delay for the establishment of a theologi- cal college in connection with the Church of England, and to be known as Bishop Latimer College.

It is understood that there is already a movement on foot to establish an- other Anglican theological college, to be known as St. Mark's, but those present were of opinion that the evang- elical branch of the church should have a college of its own for the more effective advancement of the work, though they would act in conjunction with any other college in matters that pertained to the general welfare of the church.

Among those who were present and spoke warmly in support of the pro- posal were Bishop Stringer, of the Yu- kon, and Sir Charles Hibbert Tupper. The Colonial and Centennial Church Society has offered an annual grant of \$200 towards maintaining the college, and other offers of financial assistance have been received from England. A council of thirty-one is to be named before a large number of speakers. Alberni, winning the toss, decided to send the visitors to bat. The bowling of P. Bayne and W. Erickson complet- ily baffled their opponents, who retired with 30 runs. Alberni then followed and knocked up a score of 70. New Alberni then went in for their second innings and were again retired for 34 runs, thus leaving the Alberni team victors by an innings and 2 runs.

After supper the main event of the day for which the sturdy athletes had been training for the past month or more, took place, namely, the five-mile road race for the handsome silver cup donated by E. M. Whyte, for the en- couragement of road racing. The run- ners started off at a good clip, but had to face a gale of wind for the first mile and a half. Consequently the time was rather slow, although when the condi- tions under which the race was run are taken into consideration, it was remark- ably good. John Dick, an Indian from the Somas Mission, proved to be the winner, covering the distance in 30 minutes 52 seconds, with Henry Porritt of New Alberni, a close second, in 30 minutes 59 seconds. F. Drinkwater was third and A. Drinkwater fourth.

In the evening at Brendan's hall com- mencing at 8.30, the friends' ball and supper took place. A very enjoyable evening was spent by all present and dancing was indulged in until the wee sma' hours of the morning. At mid- night coffee and cake and ice cream were served.

During the evening the cup won in the five-mile race was presented to the winner, R. J. Burde, on behalf of the Athletic Club, made the presentation speech, and Mrs. Burde presented the cup.

This brought one of the best celebra- tions ever held in this town to a close.

PORTLAND "GATEWAY"

Settlement of Case Will Increase Business Between Oregon City and Puget Sound.

San Francisco, Cal., May 28.—Wm. R. Wheeler, former assistant secretary of commerce and labor, now manager of the California Traffic Association, to- day said:

"The opening of the Portland gateway will be an excellent thing for the en- tire Northwest. It will increase the volume of business between Portland and Puget Sound points and will give the shippers an option of route. There will be a freer movement of shipping and the service will be improved gen- erally. I am not well posted as to the details of the situation, but I am of the opinion that it will be of general benefit to coast business."

WILL TRAVEL 7,000 MILES.

Toronto, May 27.—Rev. Dr. Carman, general superintendent of the Methodist church in Canada, who leaves this eve- ning for Western Canada, will go direct to Strathcona, where the Alberta conference opens on June 3rd. On June 6th he will go to Moose Jaw to attend the Saskatch- ewan conference, and will remain there till June 12th. After leaving Moose Jaw he will make a visit to Regina, Saskatch- ewan, if time permits, until he reaches the Nova Scotia conference, which meets at Oxford on June 20th. In all, Dr. Car- man will be now in his 23rd year, will cover 7,000 miles on his flying journey.

EE SPEAKING FROM EXPERIENCE

THE DOCTOR: "Ah, yes, restless and feverish. Give him a Steedman's Powder and he will soon be all right." Steedman's Soothing Powders. EE CONTAIN NO POISON EE

VICTIM OF FOUL PLAY.

Body of Farmer Found in River at Spokane.

Spokane, May 28.—Battered and un- recognizable, the body of Patrick Cor- rigan, a wealthy farmer from Custer, Wis., was dragged from the Spokane river here. His pockets had been turned inside out, his gold watch, gold pin and cash had vanished, as well as \$4,000 in drafts and \$5,000 in mortgages he carried when he disappeared here March 24th. An ugly gash in his head suggests what happened. It is sup- posed Corriggan's body was brought to the surface by the blasts of dynamite set off in searching for the bodies of A. W. Duncan and his son, who were drowned Tuesday. Another body, that of an un- known man, was found in the river.

NOISY RECEPTION FOR DISTRICT ATTORNEY

Jerome Replies to Questions at Stormy Meeting in New York.

New York, May 27.—Before a widely riotous audience in Cooper Union, in which police reserves were thickly scattered, and which was kept from being enlarged by clamorous hordes without by a strong barrier of police, District Attorney Wm. T. Jerome last night answered the challenge of mal- feasance in office.

"Did the pressure brought to bear by the Metropolitan Street railway forces compel you to drop an investigation in- to the death of Wm. C. Whitney?" was hurled at the prosecutor.

"Was Whitney murdered?" came an oft recurring cry.

"Why didn't you take up and follow the murder theory?" was hurled at Jerome from hundreds of throats.

When he had obtained reasonable quiet, Jerome said:

"I might just as well lay this ghost once and for all time. It is a matter which a lot of purulent minded persons have not ceased to dwell upon. These persons have handed about the fol- lowing story that Wm. C. Whitney was killed in a vulgar brawl. They had it that a man well known in this community was his murderer.

BOY DROWNED.

Gananoque, Ont., May 28.—The twelve- year-old son of George Robins was drowned near Ivoryville, on the St. Lawrence river. The boy had gone there in- stead of to school. The body was recov- ered.

HOLIDAYING WITH FRIENDS IN YUKON

Inspector Pelletier Enjoying Well Earned Rest After Arduous Trip.

Inspector E. A. Pelletier who, pre- vious to five years ago last February, was stationed here as an officer in the "H" Division, Royal N.W.M.P., return- ed on a visit Tuesday evening from the Northwest where he has been since leaving here, says the White Horse Star.

PREPARING TO DREDGE THE SOMAS RIVER

Surveyors Are at Work—Special Meeting of Board of Trade.

Alberni, May 27.—Surveyors are at work on the Somas river in preparation for the dredging of the river as far up as Alberni, to permit of the regular call of steamers.

On Monday, the 17th, W. Russell, the popular goalkeeper of the football team, left Alberni to take up his residence in Vancouver. Mr. Russell was very popular with the members of the club, and on the eve of his departure, Dr. Morgan, president of the club, present- ed Mr. Russell with a handsome cigar case suitably inscribed with the club's appreciation of his services.

The death occurred on Thursday, the 20th inst., of Hazel Augusta, the in- fant daughter of Mr. and Mrs. C. A. Cox. The funeral took place on Friday afternoon from the family residence, Rev. T. A. Glassford conducted the ser- vices.

Mrs. P. R. Smith, of Victoria, is visit- ing her daughter, Mrs. C. M. Pineo, in Alberni. Mrs. Smith is accompanied by her daughter.

A special meeting of the board of trade was held in the court house on Friday evening when the question of the proposed Dominion League sta- tionary was again discussed. The secretary was instructed to write to the secretary of the league at Victoria, ex- pressing the hope that when more sta- tionary was to be printed, Alberni would be advised in plenty of time to make suggestions. In the meantime the board would probably act on Mr. McGaffey's suggestion and get out its own stationery.

Miss Ethel Gill left on Monday's steamer to accept a position as the nursing staff of the Vancouver General hospital.

SUICIDE IS FOUND BY A YOUNG BOY

Richard Ehlerth Discovered With Bullet in His Brain.

Killed by two revolver shots, one through his mouth and the other through his temple, a man supposed to have committed suicide and named Richard Ehlerth, was found at his lodg- ings, 1287 Gladstone street, about six o'clock last night, lying on a bed in his room. He clasped a revolver in his right hand and a small mirror in his left. The police believe that he held the mirror to his face, the second shot through his temple and the first had evidently not taken effect owing to losing its force through coming into contact with Ehlerth's teeth, which were shattered.

The body was discovered yesterday evening by Robert Toms, the twelve- year-old son of Andrew Toms, who oc- cupies the cottage where deceased lived. The lad, on returning home in the evening found a gold ring belonging to Ehlerth in the kitchen. The boy went to the bedroom to ascertain if he was in the house and to hand him the ring. Opening the door he was met by the gruesome sight. The body was lying on the bed clothed in slippers, shirt and boots. He lay on his back with arms across the body just as they had apparently fallen as soon as the sec- ond shot was fired. The right hand clutched the revolver firmly and his fingers were still on the trigger. The bed clothes underneath the head and shoulders were drenched with blood. From the appearance of the body death must have occurred some hours before the discovery.

The lad, on making the discovery rushed from the house and notified A. R. Sherk, who lives near by. He at once communicated with the police and Detective Claydars and Con- stable Palmer was sent to the house. The body was taken to Hanna's undertak- ing parlors, where it will await the in- quest, which will probably be held to- morrow afternoon.

The police believe that deceased, while lying in bed, was seized by the ghastly sight, was going under an assumed name. The belief is formed from the disposi- tion of the effects in the room. All pa- pers had been destroyed and several signatures from documents had been carefully erased.

LOAN BY-LAWS ALL CARRIED

WATER AND SEWER EXTENSION FAVORED

Substantial Majorities Given—Causeway Paving Also Approved.

(From Friday's Daily.) The three loan by-laws submitted to the ratepayers yesterday were carried, although one got through by the bare- est margin. Out of 4750 ratepayers qualified to vote something over 700 came out, as was to be expected on a poll taken between general elections.

To provide for extensions of the waterworks system on new streets, not included in the scheme for which \$618,000 was raised last year, the people were asked to authorize the borrowing of \$125,000, the principal and interest of which will be secured on the water rates and frontage tax. For equally urgent sewer extensions a loan of \$45,000 is required. To pave the Causeway, Hum- boldt and Belleville streets, between Government and Douglas street, and Douglas street, between Humboldt and Belleville streets, the city's share will be some \$55,000 odd, which will require to be raised by loan.

To carry loan by-laws it is necessary that three-fifths of the total vote polled be in support of them. This was secured in each case, as was the result with every by-law submitted to the people by last year's council as well, except that for the renovation of the city hall. The sewer loan got the best support, and was carried with the comfortable balance of 104 3-5 over the requisite three-fifths. The waterworks loan, for some reason, did not find the same favor, although one is as important as the other. It carried by a margin of 54 votes more than the requirement. The causeway by-law had only three-fifths of a vote to spare over the necessary proportion, the closeness of the vote here being attributed to objection to the paving of the causeway with brick rather than to any opposition to the work of improving the roadway at the entrance to the city.

The vote was as follows: Waterworks Loan By-Law. For 477 Against 228 Rejected 2 Total vote 705 Sewer Loan Guarantee By-Law. For 563 Against 140 Rejected 1 Total vote 704 Causeway Legal Improvement By-Law. For 426 Against 278 Rejected 5 Total vote 709

DARING ROBBERS STILL AT LIBERTY

No Clue to Men Who Stole Bonds From Express Cars.

Kingston, Ont., May 28.—The facts were made public here yesterday for the first time since the perpetration of a second daring and skilful robbery of an express car running between Ot- tawa and Toronto.

In the first robbery, several weeks ago, a package of bills to the amount of \$15,000 consigned from Ottawa to Toronto was lost in transit between those two points. In the latest rob- bery, however, an even larger amount was taken, the exact sum not being obtainable, but it is learned that the package contained gold and negotiable bonds aggregating more than \$25,000.

The manner in which the thief or thieves reaped the rich harvest has been engaging the undivided attention of the express officials and Pinkerton detectives. Both robberies occurred in the night run, and there are ap- parently no clues to the robbers, but several passengers and others have been dismissed.

For several nights after the first robbery detectives slept in the car, but no robbers appeared. A few nights after they relaxed their vigilance the second robbery occurred.

Whalpole parish church clock, South Lincolnshire, was recently cracked. To discover the cause of its stopping, when a bird's nest was found in the wheels.

SEPTIC TANKS GIVE TROUBLE

SAANICH COUNCIL CONSIDERS QUESTION

Matters Disposed of at Meeting Held on Saturday Night.

(From Monday's Daily.)

The municipality of Saanich is having trouble with the ditches having septic tanks opening on the roads. A report received from the constable complained of sewers on the street causing a nuisance.

Councillor Sewall favored condemning septic tanks, which he held were responsible for the nuisance created.

Councillor Nicholson agreed with this. The crematory he said had two septic tanks and found them no good. They were forced by the municipality to cut them off. Others should be treated in the same way.

Councillor Manix suggested that the council might do as the city did and have the garbage collected and removed to sea.

It was decided to inform those complained of to abate the nuisance.

Councillor Manix called attention to the fact that there had been shooting at Cordova Bay on May 24th. He thought steps might be taken to prevent shooting there.

Councillor Manix also wanted to know if a foreman had been appointed for Ward 5, as one was necessary.

The revee said this was left in the hands of the road superintendent.

T. H. Kingscote, as secretary of the Prospect Lake Branch of the Saanich Municipal Development Association, wrote stating that a resolution had been passed by that body asking for an appropriation in removing the dangerous out trees and logs from the roadside between points known as Loveland's Crossing and Heals post office.

Councillor Manix thought the letter was altogether unnecessary. Had those interested seen fit to ask for the work being done it would have been attended to without all this "preamble."

Councillor Nicholson suggested that a body of such importance as this should receive attention.

Councillor Manix said he felt as the representative of the ward he had been treated with scant courtesy. When anything was referred to him he had always been agreeable to having it done so long as it was for the good.

Councillor Haldon thought the writer might be informed that the matter would be taken up. It was suggested that probably there was no intention to slight Councillor Manix's views. This course was agreed to.

A letter from Mussen with respect to the purchase of a road grader, which he received, was filed.

Councillor Nicholson granted permission to lay a one-inch pipe on the Cedar Hill cross road so as to connect with the city water pipe.

James L. Raymur wrote stating that the city was ready to put the second-hand five-inch pipe on Tolmie avenue if the Saanich council would pay half.

Councillor Sewall explained the situation. He said that the city had expressed a willingness to pay the cost of a man along Tolmie avenue. He believed that it would not be well to stand on dignity because the Saanich municipality was not approached first. It would cost about \$100 altogether. The residents had expressed a willingness to do the work under the will improvement system. He thought it would be well to inform the water commissioner of Victoria that the matter would be taken up in a week's time.

Councillor Nicholson expressed the view that the city of Victoria was dealing very generously.

On motion of Councillor Sewall it was decided to lay this over until the next meeting when a petition would be received from the ratepayers.

Luny Bros. wrote, requesting that Admiral's road, where it crosses the Colquhoun road, be graded. The owner, Mr. Blackwood, had graded the road, it was stated.

Councillor Jones urged that if the regulations in the way of grading had been carried out the matter should be looked into by the road superintendent.

Councillor Haldon said there was no use considering this. There would not be the money to do it.

The road superintendent expressed the opinion that the road graded was not wide enough.

SUNLIGHT SOAP

With half the labor, and at half the cost of other soap, Sunlight does the whole washing in half the time, yet without injuring the most delicate fabric. Use it the Sunlight way. Follow the directions.

DOLLAR LAWYERS IN CITY POLICE COURT

Anderson Goes to Jail for Three Years on Theft Charge.

The price of the services of Victoria solicitors came up for discussion of the police court on Friday, when the case of John Anderson, on remand, charged with the theft of a watch from H. Reynolds, was called. Anderson asked for counsel to defend him and wanted a trial before a higher court. The latter request was not allowed as he had already elected. Magistrate Jay agreed to give prisoner a remand after the prosecution, though H. W. R. Moore had introduced its evidence. The chief of police told the court accused would be unable to get counsel as he had only \$1.50 in his possession when arrested. The magistrate replied, "He might get a lawyer for \$1.50," and H. W. R. Moore told the court that a prisoner had recently engaged a solicitor for \$1.00 to defend him in the police court.

After the evidence had been taken, accused decided to trust his fate in the hands of the magistrate, who, after hearing a long statement from him in which he told the court he had just come out of jail Friday last and the prosecutor had come out of jail nine days previously, found him guilty and sentenced him to three years' imprisonment. Accused left the court asking for information as to how he could get an appeal and complaining of British justice, which, according to his light, was "rotten." Mr. Moore advised him to secure a lawyer. Nicholson said he had served fifteen months in jail for the theft of three overcoats and admitted fifteen months in Walls Walla jail.

G. T. P. OFFICIAL PAYS VISIT TO CITY

Gen. Pass. Agent Hinton is Gathering Information About Province.

W. P. Hinton, general passenger agent of the G.T.P., is in the city for a couple of days. He has come from Seattle, where he was looking after matters with the company is providing there. The G.T.P. has shown considerable enterprise in arranging for the only railway building at the A.-T.-F. fair advantageously located next to the Canadian building. The company has fitted it up in fine shape and will be provided with all kinds of information. The territory through which the line is being constructed in British Columbia will receive a splendid advertisement through the enterprise of the G.T.P.

Mr. Hinton on his present trip to Victoria is seeking all the exact information for intending settlers that he can get.

Mr. Hinton is well known in railway circles. For years he was connected with the Canada Atlantic, being popular with all with whom he had dealings. His connection with the G.T.P. should be attended with similar satisfactory results.

MAYOR IS PLEASED WITH BY-LAW VOTE

Shows Confidence of the People in the Council, He Says.

"I am deeply gratified with the result of the votes on the by-laws Thursday morning. The confidence which the ratepayers have shown in the councils of 1908 and 1909 must be pleasing to the aldermen, as it certainly is to myself as mayor during last year and this. That the vote would be small was to be expected. I am somewhat surprised that as many as 140 citizens should vote against such a necessary sewer extensions. It is absolutely necessary that we supply our citizens with sewerage and water as they open up new streets, and the loans now approved will be used for those purposes. The ratepayers can rest assured that the council will spend the money as carefully as it always has done."

After the necessary formalities have been completed the loans will be negotiated and mains and pipes required, will be ordered.

Spain is the largest olive oil producing country in Europe. A good harvest gives about 500,000 tons of oil. Its home consumption is very considerable.

DEATH OF R. FRIZZELL

After a Short Illness He Passed Away This Morning.

(From Friday's Daily.)

The death occurred this morning at the residence of Mrs. R. McIntosh, 45 South Turnham street, of Robert Frizzell. Deceased was a native of Belfast, Ireland, and was 84 years of age. He has been a resident of this city for the past two years and prior to coming here had lived in Owen Sound, Ont., being a pioneer there, taking up his residence as far back as 1844. He was a familiar figure on the streets of this city and had many warm friends in Victoria. Until three weeks ago had enjoyed his regular good health.

He leaves to mourn his loss a wife, one son, Rev. Dr. Frizzell, of Washington, D. C.; four daughters, Mrs. R. MacKintosh, of Victoria; Mrs. J. G. MacKay, of Saanich; Mrs. Edward Woolrich of Owen Sound, and Mrs. G. Miller of Victoria; one sister in Kingston, Ont., one brother at Owen Sound and one at Monfort, Ont.

The remains have been removed to the Hanna parlors, Yates street. The funeral arrangements will be announced later.

Phillips was the name given to the three famous orations of the Greek orator, Demosthenes, against Philip II. of Macedon (336-323 B. C.). It also applied to Cleo's fourteen speeches against Antony, and has, therefore, come to signify a general invective.

FIRST SERMON OF MGR. McDONALD

LARGE CONGREGATIONS AT THE CATHEDRAL

Pontifical High Mass in Morning—Scholarly Address by Bishop at Vespers.

(From Monday's Daily.)

The feast of Pentecost, or Whitsuntide, was observed in the Roman Catholic churches yesterday, and special interest attached to the services in St. Andrew's cathedral owing to these being the first in which Rt. Rev. Alexander McDonald took part as bishop of the diocese. There were large congregations at all the services, including several of other faiths in the evening, who desired to hear the bishop.

In the morning pontifical high mass was celebrated, his lordship being celebrant. Rev. Father Erhardt, assistant priest, Rev. Ronald Beaton, of St. Francis Xavier College, Antigonish, N. S., assistant deacon; Rev. Father Burke, Denver, Col., assistant sub-deacon; Rev. Father Maurer, O. S. B., deacon of the mass; Rev. Father Mertens, sub-deacon of the mass, and Rev. Father Letourneau, director of ceremonies. An eloquent sermon was preached by Rev. Father Cullen. The music of the mass, splendidly rendered by the choir under the leadership of Frank Sehl, was one of Gounod's settings.

At vespers last evening his lordship was the preacher. He is a clear and forcible speaker, entirely extempore, and with few gestures. His voice has a trace of his Highland ancestry, and can be heard distinctly in every part of the edifice. Facing a large congregation of as yet strange faces, there was some nervousness noticeable in his lordship's manner, added to which he had had an exacting day, but there was no hesitancy of thought nor pause for words to clothe it in. Taking the festival as his text his lordship said:

"Reverend fathers and dear brethren, to-day our holy mother church keeps the festival of her birth as the spouse of our Lord Jesus Christ, for on this day the Holy Spirit came down upon the apostles in that upper chamber and endued them with power from on high to every creature and to teach all nations. Thus upon this day the church was fashioned, as it were, by her author, who is no other than the Holy Spirit of God, for He is in the highest sense the founder, the organizer, the church of God, the third person in the Holy Trinity. This is the special work that He came into this world to perform, to organize the church, the foundations of which already had been laid by the second person in the Holy Trinity, our Lord Jesus Christ, who for us men and for our salvation came down from heaven and was made man. And his work He is ever doing in the world—still organizing, still forming, still fashioning anew—for the church of God is made up of mortal men, men who come and go, men who pass away, and the work of God is to do with the living as they come up in the course of time is continued by this same Holy Spirit in this great organization which we call the Catholic church. We bear in mind, and never lose sight of the fact, that we are living under the dispensation of the Holy Ghost, a person of the Trinity distinct from the Father and the Son, a person of that one Godhead who is the Father and the Son, the mutual love, the bond of the Father and the Son. A mystery this is that I only touch upon, for these are mysteries we cannot fathom, they are beyond us, we humble ourselves before them, we bow our minds and receive them because delivered to us by the Spirit of Truth. This dispensation of the Holy Ghost has to do with the church as a body corporate, and has also to do with its individual members. The mission on which He was sent by the Father and the Son into the world is two-fold. He has to do with the church as a whole and He has to do with the members of the church. He has to do with each one. This work that He is ever doing in the souls and hearts of men is the building of a temple unto Himself, for 'do you not know,' says the apostle, 'that your bodies are the temples of the Holy Ghost?' This great God of our dwells not in temples made with hands, but dwells in a temple of which He himself is the creator and fashioner. He dwells in us and comes to make for Himself a dwelling in the hearts of men. And this is the work that He is doing to-day in the world; especially this work I wish to speak of briefly to-night, the personal work of the Holy Ghost in each individual soul. It is the sanctifying influence of the Holy Spirit of God, who makes holy, from whom alone is holiness of life, without whom nothing is of any worth in man.

"In the first place, He has to lift us up from the depth of sin. That is the first thing the Spirit of God does in the hearts of men, to cleanse us from sin, for we are all born children of wrath because of the fall of our first parents. We lost that original grace which was in them when they were created in God. We are a fallen race, let us not lose sight of this great truth, which is the key of the mystery of life itself. This poor, miserable life which is in the world to-day, the key of it all is the fall of man. Sin is the root of all evil, in the giant evil; there is no evil after all in comparison with this one evil which is sin. Every other evil has its roots in this, and can be turned to good if men will but keep their hearts from sin. So the Holy Spirit comes first to free us from our sins. We are held in bondage by sin. Even when we come into the world first, alas, we have to be born again of water and the Holy Ghost if we would enter into the Kingdom of God. Men He uses as His instruments, but it is the Spirit of God alone that can sanctify the souls of men. He does it not only in that had brought them to the baptism, but in that we, poor frail creatures that we are, need so much, because, though

freed from the bonds of sin in baptism, there remains in our hearts a disposition to evil, a propensity to sin, and we fall and fall again, God in His mercy gives us another means of life in the sacrament of penance. He raises us up by His all-powerful word from sin, even as the Master said to Lazarus, 'Come forth,' and the dead man in that grave arose from it to life, so, working through the church, He raises men up and gives them back the life of the soul, which they had lost by sin.

"This is the work of God's Holy Spirit, not of man. The priest is only the instrument of God's Holy Spirit in their work. It is asked: How can man forgive sin? It is asked without thought, because it is not man after all who forgives, but Him who says, 'Whose sins ye shall forgive shall be forgiven.' It is God the Father who forgives sin. He forgives as He will, by Himself or through the ministry of men. He has chosen to do it by the ministry of men, because He has given power to bind and loose and retain sin. But freedom from sin is not enough, it is short of enough. The work of sanctification is not enough; it is but a beginning; it is the chasing the darkness and the evil from the soul. We are called to be sons of God. That is what Paul says in one of his epistles. What does that mean? We are called to be holy, called to lead a better life, called to be good in a higher sense than the world reckons of, called to be good by God's own standard of goodness, a higher standard than the world knows. That is the goodness God desires, not the natural goodness. There is some natural goodness humanity has, but that is not the goodness wrought by God's Holy Spirit. It is a goodness above nature altogether. It is the new man, He has to put on as the apostle says, the old man with his works and put on the new man, which is a new creation, a new fashioning by the Spirit of God. We have to grow in His goodness. It is not enough to live; we must continue to live. We know how it is in this material life; we know we have to fight against the things that would rob us of life, and that we have to keep life up.

"God has given us by His Holy Spirit a means of keeping up the life of the soul, and that is no other than Himself, the bread of life. He has given us the Holy Spirit to represent in the church of God and dispensed to men by the ministry of priests, but it is the Spirit of God, and only He, that works this marvel. We have to be fed, even as the children of Israel were fed in the wilderness: 'Your fathers did eat manna in the desert and are dead, but he who eats of this bread shall live forever.' Every creature and to teach all nations. Thus upon this day the church was fashioned, as it were, by her author, who is no other than the Holy Spirit of God, for He is in the highest sense the founder, the organizer, the church of God, the third person in the Holy Trinity. This is the special work that He came into this world to perform, to organize the church, the foundations of which already had been laid by the second person in the Holy Trinity, our Lord Jesus Christ, who for us men and for our salvation came down from heaven and was made man. And his work He is ever doing in the world—still organizing, still forming, still fashioning anew—for the church of God is made up of mortal men, men who come and go, men who pass away, and the work of God is to do with the living as they come up in the course of time is continued by this same Holy Spirit in this great organization which we call the Catholic church. We bear in mind, and never lose sight of the fact, that we are living under the dispensation of the Holy Ghost, a person of the Trinity distinct from the Father and the Son, a person of that one Godhead who is the Father and the Son, the mutual love, the bond of the Father and the Son. A mystery this is that I only touch upon, for these are mysteries we cannot fathom, they are beyond us, we humble ourselves before them, we bow our minds and receive them because delivered to us by the Spirit of Truth. This dispensation of the Holy Ghost has to do with the church as a body corporate, and has also to do with its individual members. The mission on which He was sent by the Father and the Son into the world is two-fold. He has to do with the church as a whole and He has to do with the members of the church. He has to do with each one. This work that He is ever doing in the souls and hearts of men is the building of a temple unto Himself, for 'do you not know,' says the apostle, 'that your bodies are the temples of the Holy Ghost?' This great God of our dwells not in temples made with hands, but dwells in a temple of which He himself is the creator and fashioner. He dwells in us and comes to make for Himself a dwelling in the hearts of men. And this is the work that He is doing to-day in the world; especially this work I wish to speak of briefly to-night, the personal work of the Holy Ghost in each individual soul. It is the sanctifying influence of the Holy Spirit of God, who makes holy, from whom alone is holiness of life, without whom nothing is of any worth in man.

"In the first place, He has to lift us up from the depth of sin. That is the first thing the Spirit of God does in the hearts of men, to cleanse us from sin, for we are all born children of wrath because of the fall of our first parents. We lost that original grace which was in them when they were created in God. We are a fallen race, let us not lose sight of this great truth, which is the key of the mystery of life itself. This poor, miserable life which is in the world to-day, the key of it all is the fall of man. Sin is the root of all evil, in the giant evil; there is no evil after all in comparison with this one evil which is sin. Every other evil has its roots in this, and can be turned to good if men will but keep their hearts from sin. So the Holy Spirit comes first to free us from our sins. We are held in bondage by sin. Even when we come into the world first, alas, we have to be born again of water and the Holy Ghost if we would enter into the Kingdom of God. Men He uses as His instruments, but it is the Spirit of God alone that can sanctify the souls of men. He does it not only in that had brought them to the baptism, but in that we, poor frail creatures that we are, need so much, because, though

REFUSED SCHOOL TO HOLD COURT

TRUSTEES BROUGHT TO VICTORIA JAIL

Interesting and Lively Row Brings Crowd Down From Quatsino.

(From Friday's Daily.)

The Scandinavian settlement of the west arm of Quatsino Sound is in Victoria to-day. The Tees brought down two of its citizens as prisoners of the law, and the rest as witnesses and sympathizers. There are a few left to watch the town but all local interest is centered on the squabble between learning and justice, now transferred to the capital.

It started, if there is not some local feeling back of it all, when the recently-appointed magistrate, George Nordstrom, desired to hold court and applied to Edward Evanson, school trustee and postmaster, for the key of the schoolhouse. The postmaster did not wish to look for a school trustee of learning, in the course of which it is alleged, Constable Sorenson was confronted with a very material argument.

This led to a warrant for Istad and a second demand for the key in order to try him for interfering with one of His Majesty's peace officers. In the answer to this request the mix-up appears to have been general, and to have embraced all the settlements of officials—magistrate, constable, postmaster, school trustee—ending in Evanson being arrested also.

The preliminary hearing took place in the bar-room of the hotel and is described by some of those who have had more fortune to be present as being "good fun than a box of monkeys." The place and the manner of conducting the inquiry are said to have made it more like a burlesque in cheap theatres than an incident in the administration of justice.

The accused were committed for trial. They were accompanied, as stated, by most of their fellow-citizens. The two sides, those backing up the school and those supporting the law, are quartered at different hotels.

The services of R. T. Elliott, K. C., and H. H. Shandley were retained by Messrs. Evanson and Istad on their arrival here. This afternoon Mr. Shandley is applying to Chief Justice Hunter for a writ of habeas corpus to secure the release of his clients.

NANAIMO WILL TRY FOR TROPHY

Citizens to Subscribe to Send Football Team to Calgary.

Nanaimo football team determined to have a deciding match with Calgary for the People's Shield. Business men of the city have organized for the purpose of soliciting subscriptions and it is suggested that \$1,000 be raised for the purpose. Meantime the secretary of the Nanaimo club will challenge Calgary for the shield, and obtain whatever information is necessary concerning the rules governing the competition. At Vancouver last year Ladysmith was beaten by an odd goal and Adam in the last few minutes came within an ace of equalizing. Nanaimo United believe they stand a promising chance of fetching away the shield, and adding it to the trophies they have already collected.

Referring to the recent decision of the B. C. F. A. by the Nanaimo Press says: "The more one looks into the action of the B. C. F. A. the more absurd it appears. The only proper thing to do is to ignore it altogether. What the Nanaimo club needs to do and do at once, is to get from some reliable authority the history of the two associations. It is all very well for the mainland people to arrogate to themselves the rights of a senior body. It is just what might be expected of them. The point is where is their authority?"

"Nanaimo United is absolutely safe in referring their case to the Vancouver Island Football Association. They are playing in the league of that association for the trophy, and that association for the association's rules and laws. What has the B. C. F. A. to do with the Island association, its league, its cup, its rules and constitution?" Nothing.

"All that the B. C. F. A. does possess is a cup. Where did it get the cup? Purchase it? No. The Garrison club, which swept everything before it, put up the cup to commemorate its connection with football in the province. With this beginning in charity, this association now claims seniority and arrogates to itself the right of saying how the Island association shall play for its own league trophy. And this would-be all-powerful organization is sufficiently assinine to declare a league competition and a cup competition one and the same competition."

KILLED BY LIGHTNING.

Butte, Mont., May 31.—Oscar Dahlgren, of Little Falls, Minn., was struck by lightning and killed in the northern part of the state, according to advices received here. Dahlgren's body was found practically nude, the clothing having been torn from it by the lightning.

A musical instrument maker, whose affairs were discussed in the London Bankruptcy court, attributed his failure in part to the decline in popularity of the banjo.

2-PIECE SUITS

There is summer comfort in these elegant Fit-Reform 2 piece Suits. Flannels, Serges, Homespun and Worsteds—in blue, gray, green etc.—shaped by hand and held in permanent shapeliness by hand Stitching. Fit-Reform 2 piece Suits hold their graceful lines because they are MADE RIGHT.

W.C.T.U. HOLDS ANNUAL MEETING REPORTS PRESENTED COVERING YEAR'S WORK

Officers Elected for the Ensuing Term—Other Business Transacted.

The regular annual meeting of the W. C. T. U. was held Thursday afternoon at the home of Mrs. Dempster, Bay street, when the following were present: Mrs. Thompson, Mrs. Andrews, Mrs. Reid, Mrs. Wm. Grant, Mrs. Glasen, Mrs. Willisroff, Dr. Ryan, Mrs. A. Mitchell, Mrs. McLaren, Mrs. Teague, Mrs. Parsons, Mrs. Haines, Mrs. Burkholder, Mrs. Gregson, Mrs. J. W. Williams, Miss Spenser, Mrs. Veitch, Mrs. Faank, Mrs. Pickard, Mrs. Sherwood, Mrs. Mitchell, Mrs. Norman, Mrs. Lee, Mrs. Frank Adams, Mrs. Field, Mrs. Snider, Mrs. Tite, Mrs. Chapman, Mrs. Macdonald, Mrs. Jennings, Mrs. Flett.

After the regular opening exercises, Mrs. Andrews, the corresponding secretary, presented the following report: Madam President and Sisters: The past year may be said to have been one of history-making for the Women's Christian Temperance Union of British Columbia.

In June last our union had the honor and extreme pleasure of entertaining the Provincial Union at their silver anniversary, twenty-five years having passed since Frances E. Willard first planted the white ribbon standard in this city.

The union had a "rest fest" at the Agricultural fair, where large quantities of literature were distributed and refreshments were served, which netted \$100, one-fourth of this amount being given to the W. C. T. U. mission.

The various departments of our work have been vigorously carried on. A public reception was held in Victoria hall for new members and their friends, where an interesting programme was presented and a large number were in attendance.

It would not be well to close this report without a word of appreciation of the valuable and efficient service rendered the union by our beloved president, Mrs. Thompson, for the past three years' work is due. As a union and as citizens we are indebted to Mr. and Mrs. Thompson for the noble stand they have always taken on the question of temperance and moral reform.

Respectfully submitted, BERTHA S. ANDREWS, Corresponding Secy. Victoria, May 31st, 1909.

Mrs. Willisroff reported on Sabbath observance and work at fall fair as follows: Report on Sabbath Observance. As the electors of our city decided by a referendum vote at the last civic election, that all shops and stores should be closed on Sunday, and where we are able to learn, at a recent business meeting a committee was appointed to seek the mayor and aldermen to enact at once a by-law that will give effect to that vote, we hope to learn

NEW PRESS BOX AT RACE COURSE

JOURNALISTS THANK ROBERT F. LEIGHTON

Report of Work at Fair. Through the efforts of our union we were able to feel that no liquor was sold on the fair grounds last fall. We had our rest and refreshment tents, which were much appreciated by many tired motorists. There were some few hundred literature leaflets distributed, and many people were spoken to on the merits of the work. Financially, our work was also a success, our proceeds amounting to \$23.25, and expenditure \$213.40, leaving a balance of \$109.85.

Respectfully submitted, C. WILLISROFF. Mrs. Mitchell reported on work done in connection with the purity movement, and it was the wish of the meeting that a subscription should be opened in the public press.

"Announcements have been issued for the National Purity Congress to convene in Burlington, Iowa, October 18-22, 1909. This congress will be held under the auspices of the National Purity Federation, an association having for its object the co-operation of all forces in America that are striving to promote purity in the life of the individual and in social relations. Eminent speakers from all parts of America and abroad will be invited to address the congress. A programme of the highest merit will be carried out, including discussion by recognized authorities on the white slave traffic, educational and religious methods, rescue and preventive work, recent and needed legislative enactments, law enforcement, sanitary measures, and the suppression of vice. A general invitation is extended to all who are interested to attend this congress. Purity, temperance and reform societies, churches, missions and other organizations are accorded with the purpose are urged to unite with the work and send delegates. For further information and printed matter address the National Purity Federation, B. S. Steadwell, president, La Crosse, Wisconsin, or Miss Julia E. Morrow, secretary, 104 Ralph street, Spokane, Washington."

Other minor reports were then received, and after some discussion it was decided to leave the question of permanent quarters for the W. C. T. U. over until the early fall.

The election of officers took place with the following result: Mrs. Willisroff, president; Mrs. Glasen, vice-president; Mrs. Sherwood, corresponding secretary; Mrs. Pickard, recording secretary; Mrs. Andrews, treasurer.

Votes of thanks were tendered to the retiring officers, and an expression of sympathy sent from the meeting to the president, Mrs. Sherwood, who is seriously ill in the hospital. Mrs. Thompson, the retiring president, volunteered to convey the same, with some flowers.

A resolution of sympathy with Mrs. Spoford in her recent bereavement was passed.

Mrs. Andrews made a motion that the thanks of the society should be tendered to the Rev. S. J. Thompson for his untiring sympathy and help during his stay in Victoria, and the motion carried with hearty clapping.

Mrs. Willisroff, the newly appointed president, invited all members of the W. C. T. U. to meet at her home next Monday afternoon at 3 o'clock to bid good-bye to Mrs. Thompson, who leaves on Wednesday evening for Kelowna.

Dainty refreshments were served by the hostess, and a hearty vote of thanks was tendered her for her hospitality.

ARE A FRIEND TO THE FISHERMEN

Dodd's Kidney Pills Cured Mr. C. Williams' Rheumatism.

He Took the Terrible Disease in Time and a Single Box Made Him a Well Man.

South Ingonish, Cape Breton, May 28.—(Special)—How easily and quickly Dodd's Kidney Pills banish Rheumatism and other symptoms of Kidney disease was well known in the case of Michael C. Williams, a fisherman living in this place.

"My kidney disease started from a strain," Mr. Williams says, "and I suffered from it for about three months. I had backache, stiffness in the joints and Rheumatism. When I got up in the morning I had a bad taste in my mouth; I breathed freely with the least exertion, and I was always tired and nervous."

"One box of Dodd's Kidney Pills cured me and I believe they will cure others who are suffering from Kidney Disease."

"If you have any two of the symptoms mentioned by Mr. Williams you may be sure of two things. One is that your kidneys are sick, and the other that Dodd's Kidney Pills will cure you."

Dodd's Kidney Pills have proved in thousands of cases all over Canada that they never fail to cure Kidney Disease of any kind or stage.

COMPANIES INCORPORATED. Notices Which Appear in This Week's Provincial Gazette.

B. C. Cash & Door Company, with a capital of \$50,000 to carry on business in Vancouver. Gladstone Local Union, No. 214, United Mine Workers of America, under the Benevolent Societies Act. The union is formed at the Crow's Nest mine. A. R. Clark & Co., of Toronto, are given an extra provincial license, with Thomas H. Alice of this city, as attorney for the company.

NEW PRESS BOX AT RACE COURSE

JOURNALISTS THANK ROBERT F. LEIGHTON

Horsemen Working Towards Success of Race Meeting—Policing Grounds.

Newspaper men of Victoria sent up a joyful whoop yesterday afternoon when Charles Burgin, an official of the Country Club, gathered them together and let them into the secret that Robert F. Leighton, the Country Club manager, had allotted them a press box, capacious and comfortable, at the Willows race track.

No more will they stand around on one tired foot and then on the other, craning stretched necks at where the horses in the race are likely to be. On the right hand side of the judges' box, in the row of the private boxes at the front of the stand at the centre entrance, two boxes are set apart for the local pressmen whose duties will take them to the track six days a week for every week of the race meeting. Mr. Leighton has been in the business for many years, and when he came here he made many arrangements for improvements at the track, none of which gain the approval of the press as much as will the fact of a reasonable and comfortable position in which to work.

Therefore, the newspapermen have at local race meetings more or less organized the steps of the judges' stand and been bumped and scattered by all whose business took them near that important centre. Their view of the race has been a scramble and made the task arduous and tiresome. The Times' staff extends its thanks to Mr. Leighton, and "Here's How, Bob."

Keeping Order. Horsemen at the track are attending to the course. They have harrowed it and it is now ready for the roller. They express themselves well satisfied with its condition and appreciate the high banked turns at each end.

Programmes will be placed on sale at the local tobacconists throughout the races. Entries will be published in the overnight papers and the fields will probably be limited to ten horses.

The horsemen have undertaken the policing of the Willows grounds to an extent: They are just as anxious to keep out an undesirable element as the Victoria residents. The men engaged at the track are getting their living by honest means and have no desire to have a blight cast upon them. Their usual race course will be established before the season opens, and offenders under the race course laws will be dealt with, with the full rigor of the code they employ. They do not anticipate trouble among themselves, as the colony is as orderly as any here, but "hangers-on" committing breaches will get their with interest.

CREWS SELECTED FOR N. P. A. A. O. REGATTA

Victoria Not Represented in Buchanan Cup This Year.

The J.B.A.A. rowing committee met last night and selected the crews to represent to local organization at the N. P.A.A.O. regatta on Lake Washington July 9th, and 10th. No crew was selected to compete in the Buchanan cup race as the committee holds the J.B.A.A. oarsmen are not up to the standard required this year. The club will confine its efforts to winning the junior events. There are a number of junior oarsmen in the club this year and the rowing membership is increasing, but their claim is held to be below the Buchanan cup standard.

The following three junior crews were selected last night provisionally for the Seattle event: No. 1—J. McCarter (stroke), Joe Sweeney (3), W. Fry (2), Theo. Monk (bow); No. 2—F. Sweeney (stroke), E. Strachan (3), H. Hoggood (2), T. H. Bailey (bow); No. 3—P. Lawson (stroke), W. Donaldson (3), E. Hiscoccs (2), J. R. Donaldson (bow).

The doubles that will compete at Washington lake are as follows: No. 1—R. G. Monteith (stroke), F. Andrews (bow); No. 2—J. C. Newmarch (stroke), Wm. Lawson (bow). W. N. Kennedy will take part in both the junior and senior parts at the regatta.

The Bays will hold a club regatta on June 19th over the harbor course in the Coffin Island to the boat house. Crews will be selected on June 4th. Members who wish to enter will post their names on the board.

MOVING THE MAILS. Atlanta, Ga., May 28.—The first train to be moved over the line of the Georgia Central railroad on which the white firemen are striking because of the company's refusal to draw color line, was taken from Atlanta to Augusta today.

The train consisted of an engine and mail car and was in charge of Post-office Inspector Banerman. It carried a union engineer and negro fireman and was not molested by the strikers, who had agreed to allow the government to move the mails.

Both sides agree that the moving of the mail does not affect the merits of the strike and that it does not indicate that traffic will soon be restored.

"I could venture for twenty minutes," said the Bishop of London at the annual meeting of the Home and Colonial Society at Wood Green, "to fool 500 adults; but I should not venture to do it with 500 children." They would find me out in five minutes."

BISHOP'S TOUR OF HIS LONELY DIOCESE

As Far North as Herschel Island Bishop Stringer Will Go.

Bishop I. O. Stringer, of the Yukon diocese, is here on his first visit to Yukon since his recent extended official trip to England, says the White Horse Star. The bishop returned from the Old Country last fall but was in poor health the greater part of the winter which was spent with his family at Kincardine, Ontario, where Mrs. Stringer and their children will spend the summer.

Bishop Stringer will be a busy man the coming summer and fall, the present being the last week in which he will not be continuously on the move. He will leave Carcross to-morrow for Edmonton, Alberta, from which place he will penetrate the vast northland interior by canoe and portage route to Fort Macpherson, a distance of 2000 miles, visiting the isolated church missions enroute. From Fort Macpherson he will continue northward 250 miles to Herschel Island in the Arctic ocean where he, with his noble wife, was stationed among the Eskimos for several years before coming to Whitehorse six years ago. After visiting that remote mission post he will return overland from the Arctic ocean to Fort Yukon on the Yukon river, which point he hopes to reach in time to catch one of the late steamers up the river to Dawson.

The bishop expects to leave Edmonton by June first and to reach Fort Macpherson in 40 days or by July 10. The trip to Herschel Island and return to the mainland will consume another three or four weeks and he will have no time to lose if he reaches Fort Yukon by the end of September.

It is the present intention of the bishop to be located at Carcross the coming winter as Rev. Hawksley, rector at that place, will leave in the late fall on an extended visit to his old home in England, accompanied by his family. The bishop will be found at Carcross by his wife and children.

On the long journey into the far north the bishop will be accompanied by two trustworthy men as guides and assistants in handling the canoe and making portage.

CAPTAIN DEANE THANKS YACHT CLUB

Owner of Alexandra Says Arrangements Were Perfect.

"I never have sailed in a race in which the arrangements were better or the courtesy of the officials greater. The way the officials of the Victoria Yacht Club treated us was most gratifying and I wish to thank them for their kindness." This is the comment Captain E. Deane, owner and skipper of the Alexandra, made when he returned to Vancouver after the Alexandra defeated the Spirit on Saturday last. His crew made the same sort of remarks, saying the Victoria men did everything which could aid to the enjoyment of the visitors.

The club house was thrown open to them and all hands tried to make Captain Deane and his crew feel welcome. They evidently succeeded for the men are doing nothing but talk Victoria when they returned, according to Vancouver press reports.

The Women's Missionary Society of the Emmanuel Baptist church held their regular monthly meeting at the home of Mrs. Pickard, Pembroke street. After the regular opening exercises papers were read by Mrs. Johnson and Mrs. Coates on Mohammedan missions. A duet by Mrs. McIntyre and Mrs. Hall was very much enjoyed. Mrs. Chavel led in the devotional part after which dainty refreshments were served by the hostess.

WAR CONDEMNED BY PRESBYTERIANS Resolution is Unanimously Adopted by the General Assembly.

Denver, Colo., May 31.—Atlantic City was on Saturday chosen as the next meeting place of the Presbyterian General Assembly. After a spirited debate lasting two days, the question of representation in the assembly by synods instead of by presbyteries, as is now the custom, was referred to the presbyteries for decision.

A resolution condemning war in all its phases and branding it as an unqualified evil, was adopted almost unanimously.

HEALTHY LITTLE CHILDREN

Another should not expect that her children will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen their severity and make baby's battle for health easily won. Baby's Own Tablets should be kept in every home where there are little ones. They are mothers' ever-ready help and baby's best friend. The action of the Tablets is gentle but thorough. They cure colic, indigestion, constipation, diarrhoea, allay the irritation at teething time, destroy worms and promote healthy, natural sleep. And the mother has the guarantee of a government analyst that this medicine contains no opiate or narcotic. Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brookville, Ont.

Artificial flowers are by no means a modern Parisian invention. The Romans made beautiful ones of wax, and the Egyptians were equally famous for their horn and metal ones.

One thousand different species of trees contain rubber, though commercial quantities have been obtained from only fifty or sixty.

For the JUNE BRIDE In selecting a wedding gift it is especially desirable that the article be of unquestioned value and in perfect taste. I am showing large assortments of STERLING SILVER NOVELTIES PRICES \$2 TO \$30

Salt and Pepper Shakers, Mustard Pots, Sugar Sifters, Sandwich Plates, Marmalade Jars, Cream Boats, Butter Dishes, Gravies and Sugars, Bon-Bons, Candle Sticks, Cheese Jars, Picture Frames, etc. A splendid line of Spoons and Forks, Berry Spoons, Sugar Spoons, Bon-Bon Spoons, Cream Ladles, etc., Cold Meat Forks, Oyster Forks, Pickle Forks, Sugar Spreaders, Cheese Spoons, etc. Priced from \$1 to \$10.

W. H. Wilkerson The Jeweler 915 GOVERNMENT ST. Tel. 1606.

HONORS FOR DR. J. L. TODD

VICTORIAN RECEIVES DEGREE AT LIVERPOOL

His Services in Interests of Science Has Been Recognized.

Dr. John Lancelot Todd, of Victoria, has had conferred upon him the degree of Doctor of Science, in recognition of his work in the cause of science, especially in regard to his researches in the study of sleeping sickness, which has been so fatal in Africa.

The degree was formally conferred on May 8th in St. George's hall, Liverpool, by the chancellor, the Earl of Derby, in the presence of the faculty of the university and the notables of the city. That the doctor was in distinguished company is shown by the list of those who received degrees at the same time. Most of these were honored with the degree of Doctor of

Thomas O'Connell, special officer under the Dominion government, charged with looking after the Indians, was a visitor in Victoria this week. He came here for the purpose of exercising care over the Indians during the 24th of May celebration.

Mr. O'Connell speaks in the highest terms of the way the Indians behaved during the recent smallpox epidemic. When it is remembered that about fourteen reserves were affected, more or less, it can readily be understood that the situation was a serious one had the Indians not been kept isolated.

Mr. O'Connell, who is a past master in the art of knowing how to handle the aborigines, says he behaved splendidly. He discussed the question with them and told them that he would see that they were well provided for, but requested that they should assist him by observing the quarantine. In spite of all the guards that could have been placed, he says that had the Indians not been agreeable to live up to the instructions there would have been trouble. No number of guards could have kept the Indians within bounds.

To their credit, however, they observed the rules with good results. They stayed right on the reserves and assisted Mr. O'Connell and his assistants in every way. The work of fumigation and isolation was effectively carried out by the Dominion officers and the Indians acted in a splendid manner.

The enforced residence on their farms was not without its good results also. In consequence of there has been more land cleared in the Indian reserve at Cowichan than there has been any other year for a long time.

The quarantine was lifted on all the reserves some days ago, all danger being passed.

FORTIFIED AT FIFTY. Dr. Williams' Pink Pills Bring Health and Strength to Women at a Critical Time.

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty health becomes flimsy, and acute weakness, with rheumatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirit.

The secret of good health between forty and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich red blood that means good health, and brings relief from suffering.

Mrs. C. Donavan, Newcastle, N. B., says: "About two years ago I was greatly run down and very miserable. I did not know what was wrong with me. I was hardly able to drag myself about, had severe headaches and no appetite. I felt that all I had, I hardly cared whether I lived or not. I had often read of what Dr. Williams' Pink Pills had done for others and I decided to try them, and I can now truthfully say I am well. They all they are recommended to be. Under their use my health gradually came back; I could eat better, sleep better and felt stronger in every way, and before long I was enjoying as good health as ever I had done."

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. They actually make new blood, and they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, sideaches, and backaches, and the ailments of growing girls and women of mature years. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brookville, Ont.

HURREN AND HOOPER ARE ON SUSPENSION B. C. Football League Deals With Final Match Dates.

Hooper and Hurren, formerly soccer players with Nanaimo and Westminster teams this season, have been suspended, and both teams will be without the services of their best players this year. These two players would be valuable men in the B. C. cup and Island matches.

The suspension was ordered by the executive of the B. C. Football Association at the annual meeting held in Vancouver this week. The rules state distinctly that players cannot play with two teams in the same competition, and there was no other course open for the B. C. Association but to enforce the rules.

June 5th was set as the date for the first match of the second eleven Island Mainland championship between Ladysmith and the Thistles. The game will be played at Vancouver, and the second game at Ladysmith, June 15th.

A "sudden death" game was agreed on for the Island championship to be played on Sunday next. The action of the Island in expelling Victoria United was upheld. At the next meeting delegates intend to bring up the question of the affiliation with the B. C. A. U., and the Vancouver league intends to support the proposal to have amateurs and professionals playing together without damaging the standing of the amateur players. The next meeting will be held at either Nanaimo or Ladysmith, when the Island-Mainland game is played.

Officers were elected as follows: President, A. J. McInnell, Nanaimo; first vice-president, W. Thornleigh, Ladysmith; second vice-president, D. McCallum, Vancouver; secretary-treasurer, T. B. Booth, Nanaimo.

INDIANS BEHAVED IN MODEST MANNER

They Followed Wishes of Dominion Officer During Quarantine

Mr. O'Connell speaks in the highest terms of the way the Indians behaved during the recent smallpox epidemic. When it is remembered that about fourteen reserves were affected, more or less, it can readily be understood that the situation was a serious one had the Indians not been kept isolated.

Mr. O'Connell, who is a past master in the art of knowing how to handle the aborigines, says he behaved splendidly. He discussed the question with them and told them that he would see that they were well provided for, but requested that they should assist him by observing the quarantine. In spite of all the guards that could have been placed, he says that had the Indians not been agreeable to live up to the instructions there would have been trouble.

No number of guards could have kept the Indians within bounds. To their credit, however, they observed the rules with good results. They stayed right on the reserves and assisted Mr. O'Connell and his assistants in every way. The work of fumigation and isolation was effectively carried out by the Dominion officers and the Indians acted in a splendid manner.

The enforced residence on their farms was not without its good results also. In consequence of there has been more land cleared in the Indian reserve at Cowichan than there has been any other year for a long time.

The quarantine was lifted on all the reserves some days ago, all danger being passed.

WILLIAMS' PINK PILLS BRING HEALTH AND STRENGTH TO WOMEN AT A CRITICAL TIME.

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty health becomes flimsy, and acute weakness, with rheumatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirit.

The secret of good health between forty and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich red blood that means good health, and brings relief from suffering.

Mrs. C. Donavan, Newcastle, N. B., says: "About two years ago I was greatly run down and very miserable. I did not know what was wrong with me. I was hardly able to drag myself about, had severe headaches and no appetite. I felt that all I had, I hardly cared whether I lived or not. I had often read of what Dr. Williams' Pink Pills had done for others and I decided to try them, and I can now truthfully say I am well. They all they are recommended to be. BISHOP WELCOMED BY THE CHILDREN

On Friday afternoon the little tots of St. Ann's Kindergarten presented a very pretty sight as they received their new bishop, seated according to size, the little girls all wearing white dresses.

The program was short but very sweet, and charmingly rendered. The opening chorus was followed by a veritable address of welcome, presented by five of the children, Dorothy Switzer, Marion Austin, Jessie McDonald, Joseph F. Ritchie and William Harris, the two latter presenting His Lordship with beautiful bouquets.

Bishop MacDonald, in reply, spoke of the meaning of kindergarten, which in German is a children's garden. The children of St. Ann's were the flowers, and the sister who taught them, the gardener, who cultivated the flowers, and uprooted the weeds of disobedience, etc. His Lordship also referred to the children as the lambs of the flock, and urged them to always remain innocent and pure, and that of such was the kingdom of heaven.

The program was short but very sweet, and charmingly rendered. The opening chorus was followed by a veritable address of welcome, presented by five of the children, Dorothy Switzer, Marion Austin, Jessie McDonald, Joseph F. Ritchie and William Harris, the two latter presenting His Lordship with beautiful bouquets.

Bishop MacDonald, in reply, spoke of the meaning of kindergarten, which in German is a children's garden. The children of St. Ann's were the flowers, and the sister who taught them, the gardener, who cultivated the flowers, and uprooted the weeds of disobedience, etc. His Lordship also referred to the children as the lambs of the flock, and urged them to always remain innocent and pure, and that of such was the kingdom of heaven.

IMPORTANT MOVE IN BUSINESS

HENRY YOUNG & CO. TO ENLARGE STORE

Hibben & Co. Will Move Across Government Street.

The firm of Henry Young & Company has purchased the property occupied by T. N. Hibben & Company on Government street and will make extensive enlargements to accommodate its growing trade.

The old established firm of T. N. Hibben & Company will be moved across the street to the property owned by them known as the Colonist block.

The plans in view will give both firms better accommodation than that which they now have. Hibben & Co. will concentrate their business in the block where their box factory is now located, while Henry Young & Co. will be able to radically increase their accommodation.

ARRESTED FOR THEFT CHARGE IN VANCOUVER

William Smithers Taken Into Custody on Arrival.

William Smithers, who formerly roomed in the city with a man named Gordon Campbell, was arrested yesterday on the instigation of the local police by the Vancouver officials on arrival of the boat there. He is charged with the theft of \$75 from Campbell which he is alleged to have taken from his roommate while the latter slept. Campbell reported the matter to the police giving the information that the money consisted of three \$20, one \$10 and one \$5 piece. The police communicated with Vancouver by telephone and gave a description of the accused who was arrested as soon as the boat tied up at the Vancouver dock. The gold pieces were discovered upon him. Detective Carlow has gone to Vancouver to bring accused to Victoria where he will be put on trial. He will appear to-morrow morning in the police court.

The sale took place by Messrs. Egan with the latter Mr. Miller to the sale by himself. Mr. Miller, in his assumed name of G. T. P., is the terminus of the sale. The sale was given an assurance that the money of the Miller, who was the terminus of the sale, was given to the Miller, who was the terminus of the sale.

INTERESTING CEREMONY WAS HELD AT ST. ANN'S KINDERGARTEN.

On Friday afternoon the little tots of St. Ann's Kindergarten presented a very pretty sight as they received their new bishop, seated according to size, the little girls all wearing white dresses.

The program was short but very sweet, and charmingly rendered. The opening chorus was followed by a veritable address of welcome, presented by five of the children, Dorothy Switzer, Marion Austin, Jessie McDonald, Joseph F. Ritchie and William Harris, the two latter presenting His Lordship with beautiful bouquets.
