### Another Special Offer.

Almost as Remarkable as the First.

There were a number of callers at the ADVERTISER office on Thursday who showed a considerable amount of excitement, while in others a certain degree of anger was manifest. It was all occasioned through the special offer the ADVERTISER made to secure new subscribers. During the past few weeks this paper has endeavoured to make it plain that 25 cents remitted BEFORE DECEMBER 1ST would entitle the remitter to a six months subscription. We strove particularly to make it plain that the offer was good only until December 1st. Yet a number came afterward tendering their quarter! After considerable hesitation we decided to make a new offer which almost equals the old one. We compromised with Thursday's callers by giving them a FIVE months subscription for 25 cents. And this inducement will be held open for the remainder of the year.

This is the offer: the ADVERTISER will be sent, to NEW SUBSCRIBERS ONLY until the end of next April for only 25 cents.

Don't make any mistakes this time—the longer you defer reuniting the less time you will receive the paper for your 25 cents. The earliest birds catch the fattest worms.

Send stamps, coin or script. Address, ADVERTISER Office, Hartland, N. B.

### Another Convention.

Peel Parish S. S. Convention meets at Lansdowne, December 6th, afternoon and evening. A good live profitable time is expected. Let us have a strong rally of interested workers. Bring Bibles, note books, pencils, hymn books, money to help the work along, questions already written out, lesson for the next Sunday prepared and a feeling of expectancy. Singers get there if you can at all arrange it and have a selection of hymns ready to place in the hands of the chairman. Let us have a Convention that will be remembered and that will do honor to Peel Parish.

### The N. B. Magazine.

That most excellent publication the N. B. Magazine comes out for December with a double Christmas number, price 25 cents. Everybody should secure and preserve a copy, which may be had by addressing the publisher, W. K. Reynold's, St. John.

The Ashburton Treaty is exhaustively treated by W. F. Ganong, Ph.D., and this article alone is worth the price of a year's subscription. Other special contributions are "The One Hundred and Fourth," by James Hannay; "The Wreck of the England," by the Editor; "Christmas as it Was," by Clarence Ward; "The Acadian Melansons," by Judge A. W. Savery; "When Telegraphy was Young," by Rosalynde, and several others besides the regular departments.

### OATS A LITTLE FIRMER.

Notes About the Markets.

There has been very little change in the quotations since two weeks ago. Oats have a little firmer demand but whether the prices will go up or not is not certain. The buyer's 23 cent offer still holds good.

Hay is bringing \$4.00 with no immediate prospect of a raise.

Beckwith Jones of Gordonsville, shipped a car of cattle to St. John on Monday. He paid 5 cents per pound, live weight. Consequently it might be expected that dressed beef might bring a fairly good price. Pork is quoted the same as last week. Eggs are worth between 15 and 20 cents; butter about 16 cts.

### Andover Notes.

At the annual meeting of the Agricultural Society of Andover, the following officers were elected for the ensuing year: D. W. Pickett, pres.; F. E. Henderson, sec.; G. E. Baxter, treas. There was a balance on hand of \$150. An efficient committee is endeavoring to secure sufficient funds to secure the government grant.

It is said the oat crop in Victoria county does not yield over 25 or 30 lbs. to the bushel.

Andover business people greatly desire that a bank agency be opened in their village. As there is no bank between Hartland and Edmundston an agency at Andover would no doubt be a paying institution. The business houses of Perth and the Tobique lumbermen would also find a bank a great convenience.

### Little News Notes.

On Thursday a special train passed through to Grand Falls. It bore several of the promoters of the Grand Falls Power Company. The company has still a number of men at work there.

Preaching by Rev. A. H. Hayward tomorrow at 11 o'clock, in the Baptist church; by Rev. J. B. Daggett at 7.30 in the Free Baptist church. Young People's meeting begins a half hour previous to preaching service.

The meetings being held under the joint auspices of the Methodist and Free Baptist churches are being well attended.

Estey & Curtis are receiving the finest line of Christmas fancy goods and bric-a-brac ever shown in the village. Goods will be on display next week. Everything you want for your friends.

### Business Increasing.

Business in the People's Bank of Halifax at this place, of which P. Graham is agent, is increasing so much that another official is required. Mr. Jack has come from Edmundston, and will officiate as cashier. The bank has proved a useful adjunct to the village business concerns, and has brought much business here that otherwise might not have come.

**AS WEARY WALKER,**

*The Great Traveller, Sees Us.*

Mr. Walker struck this town yesterday morning just as the sun and a few other chronic early risers, were getting out of their beds. Mr. Walker put up at one of the best barns in the place just on the edge of the town, and then came into the city for his breakfast. A benevolent, but misguided citizen gave several breakfasts, dinners and suppers to our distinguished visitor, who ate them all at one sitting, and would have eaten more if the larder, and the patience of the citizen had not departed in company with the last bite on the table.

Mr. Walker never travels alone. He has a body guard more numerous and more vigilant, and sleepless than has the Czar of all the Russias. Bacteria and microbes, and protoplasm by the billion are born, marry and procreate and die in the rags that cover his Apollo like form, that is, like Apollo's form must look by this time.

One of the strongest and most fearless reporters on the ADVERTISER staff was sent, armed to the teeth, to interview Mr. Walker, and get his impression of our town. As the streets of our town like good people, are plastic, Mr. Walker's enormous pedal extremities made more impression than he had received.

Our reporter sharpened his pencil, took out his note book and fired the usual conundrum at easy range at Mr. Walker: "What do you think of Hartland?" "What will ye giv' me to tell ye," said the sage as he held out the dirtiest, largest hand ever seen outside of Parliament or Congress. "I will give you—fits—Fitzsimmons and Corbett if you don't tell me all you know, and nothing but what you know and tell it at once." Mr. Walker would have turned pale if his face had been clean enough, and then he told this tale. Was it the shade of Annanias, who could not tell the truth, or of George Washington who could not tell a lie, who told it? Let the reader judge.

"Your town," said Mr. Walker, "has what the boys call 'swelled head.' It is a disease like the measles, whooping cough and mumps, common among children and rarely attacks the adult. Freshmen at college always have it and sometimes they have it bad just after graduating. Girls have a serious attack of it at the seminary and conservatory, and bring it home with them, and the other girls they room with catch it. The girls generally get over it after they are married and the first baby arrives. Marriage is one of the best cures I know for swelled head, said the Philosopher, reflectively. Sometimes the boys never get over it. It don't kill them, although lots of people want to see them killed. The first symptom of swelled head in a boy is when he lights his first cigarette. The next symptom is when he begins to call his father 'the old man' and begins to stay out nights, and leaves Sunday school. The last stage is when he has read the A, B, C, of philosophy and talks about evolution, and sneers at churches and ministers and the Bible. Cities all have swelled head when they are young. London had it when it was a boy three or four

hundred years ago. New York had it when it was a kid and has had a mild relapse of it since it got to be Greater New York. Woodstock had it bad when it was a sickly boy, and has it now when it is a sickly old man of seventy-five. Hartland, as I said, has it, but I know what will cure it if you can get the baby to take the medicine.

"In the first place," said Mr. Walker, "throw all the patent medicine you have been poisoning yourself with, into the river, let it go down to Woodstock and make them sick; they live on river water down there. They tried to tax me when I came through, thought I was a commercial traveller," said Mr. Walker, vindictively.

Then stop bragging about your fine clothes. Commercial travellers and preachers and editors have flattered the baby so much to please the mother, that she wants to put her baby in pants, with pockets, when it ought to be in long clothes for several years yet. When you are tempted to be proud of your hat and ribbons and gloves, look at your feet and see how muddy they are. Your streets are too narrow and muddy. Tax yourself (it will pay fifty per cent. interest), and widen and macadamize your streets, and then tax yourselves again, and put down asphalt sidewalks, and then tax yourselves some more, and light your streets. But that may come later, when you have an electric plant, which you will need if the baby lives.

Next, you want more manufactories, you have stores enough for many years to come. Manufacture all you can. Sell more and buy less. Don't put so much money in savings banks. Invest your money in manufactories and give employment to men who will bring their families into the place. Kill off the usurers and note shavers and give chromos to men bold enough and public spirited enough to put money into factories, and if they don't get a high rate of interest directly, they will get a high rate of interest indirectly by seeing mechanics move into the town who will eat and wear clothes and spend their wages, that will benefit farmers and traders."

Mr Walker seems to have a spite against Woodstock. He says they wanted to tax him for walking through their town, for he said savagely: "Woodstock might have been a town by by this time: it is old enough, if they had had the sense to manufacture more and mortgage less. (Mr. Walker is epigrammatic you see.) And then—I am getting dry," said Mr. Walker, "Mr. Colpitt isn't in town, is he? Can you get me a drink?" The reporter pointed to the river, and Mr. Weary Walker sighed and shuddered and said water didn't agree with him, 'tasted so of sinners since the flood."

"I was going to speak of your churches, I see you have 'em, and they always make me dry. I suppose it is the dry sermons in 'em that does that," said the sage reflectively. "You want another church." The reporter gasped and fell off his chair in a faint. "I said you want another church," as the reporter revived, "if you want to grow you want a church of brotherly love. I have been in your town a week and no church member or pastor has called on me and invited me to join their church.

**SAVE MONEY BY HOME DYEING.**

Easy Way to Make New Autumn Dresses Out of Old Faded Costumes and Suits.

Diamond Dyes for Long Years Have Been the Standard Home Dyes.

Don't wear a faded gown.  
Don't look shabby simply because you cannot afford to buy a new dress.

It is not necessary to wear clothing that is faded and shabby because you have no money to buy more. With one or two packages of Diamond Dyes, that cost only ten cents, the old dress can be dyed a fashionable and beautiful color and made to look like new. Thousands of women will have autumn dresses this year that cannot be told from new, but which have cost them only a trifle, the result of coloring over their old materials with Diamond Dyes.

Diamond Dyes give the newest and most beautiful colors that will not fade, crook or wash out, and are the only package-dyes that have stood the test of years of use. Never risk your goods with any of the common adulterated dyes.

 HARTLAND, N. B., DECEMBER 4, 1898.

Bye elections for the Dominion Government held in the ridings of Bagot Simcoe and East Prince, will be held on Wednesday, Dec. 14th. Nominations will take place on the Wednesday preceding. The result of these five elections should be quite a sure indication of the way the next General Election will go.

A pork packing establishment at Moncton is doing a rushing business and is doing a good turn for the farmers of Westmoreland Albert and Kent. Competant judges declare that pork packing could be carried on in Hartland most profitably.

The Liberals of Carleton County are organizing and have held a successful meeting at Hartland. The Liberals of Westmoreland are apparently taking a cat nap. Somebody should nudge the president and secretary.—Transcript.

The body of Thomas Lynch of Woodstock was found in the water at Moore's Mill last Sunday. Mr. Lynch was assistant in the customs house, having filled that office for upwards of 12 years. He was liked by everyone, and had not an enemy in that place. On all sides are heard expressions of sorrow over his untimely end. He was about 45 years of age. An inquest was held. His death resulted from accident.

**Bloomfield.**

BLOOMFIELD, Nov. 29.—The rain and mud of the past week has suddenly changed into real winter weather, but the snow has drifted so that the sledding is not very good.

The new Baptist church at Good's Corner was dedicated Sunday. Our pastor, G. A. Seller, preached at the evening service. He had preached here in the morning, and held a trustee meeting the evening before.

A few from here attended the basket social at Oakville, Wednesday evening, notwithstanding the inclemency of the weather. A large crowd gathered in Briggs' Bros.'s dry-house. The following programme was carried out:

Chorus, "In the Sweet Bye-and-Bye."  
 Recitation, "Burial of Moses," by Miss Della Kidney.  
 Vocal solo by Miss Annie Good.  
 Recitation, "Spartacus to the Gladiator," by Rev. J. J. Pinkerton.  
 Vocal solo, "Farewell, My Own True Love," by Rev. J. M. Rice.

Recitation, "Curfew Must Not Ring Tonight," by Miss Lena McClellan.  
 Duet, Rev. J. M. Rice and Miss Annie Good.

Recitation, "Killing the Rooster," by Rev. J. J. Pinkerton.  
 Instrumental solo, "Mocking Bird," by Miss Della Kidney.

Then the baskets were auctioned by Mr John Davis, and the sum of \$25 was raised, which is to help pay for the church organ. After luncheon all joined in a game of "Jacob and Rachel," and the social ended by the singing of "God Save the Queen."

The Epworth League rendered a good temperance programme at the close of the devotional exercise Monday evening, which was as follows:

Chorus, "To the work."  
 Reading, "Biddy's Cure," by Miss Pearl Stokoe.

Reading, "For Young Men," by Mrs. T. D. Stokoe.

Chorus, "Rescue the Perishing."  
 Recitation, "Since Papa Doesn't Drink," by Master Wendell Stokoe.

Reading, "Tommy Browne," by Mr. Norville Strong.

Solo, "Dare to Do Right," by Mrs. Horatio London.

Recitation, "Licensed to Sell," by Miss Albina London.

Recitation, "The Drunkard's Dream," by Miss Clara Stokoe.

Chorus, "In the Harvest Field there is Work to Do."

Reading, "He Pawned His Baby's Shoes," by Mr. Warren Nye.

Recitation, "The Barkeeper's Story," by Miss Elsie Fleming.

Chorus, "When Jesus Comes to Reward His Servants."

C. H. Cheney has returned from a trip to St. John.

Howard Nye is sick with a bad cold.

The family of Isaac Graham was increased by the birth of a son, a fine big boy, weighing nearly thirteen pounds.

Miss Nettie Wolhaupter entertained a number of friends at her birthday party on the evening of the 22nd. Among those present were Mr. and Mrs. Cregger, Misses Maggie Black, Mary Wasson, Elsie Fleming, Pearl and Clara Stokoe, and Messrs. Harry and Leverett London, Arthur Wasson, Elmer Stokoe, Norville Strong, Warren Nye, and Charlie Delbert, Jesse and Robbie Carpenter. A very pleasant evening was spent with music and games and a generous treat of candy.

Last week note was made of a number of hams being stolen from Charles Vanwart's smoke house at Woodstock. Sheriff Foster examined the tracks of the thief and found the peculiar imprint of a heel-plate. It happened that he was not unfamiliar with this heel-plate, and less with the owner. He pushed forward to the fellow's home in Northampton where he found the same tracks. The young man said he didn't steal the hams but he would pay for them to save any further trouble. This he did and the matter was dropped.

**AS WEARY WALKER,**

The Great Traveller Sees Us.  
(Continued from second page.)

A dude of a fellow who blacks his boots and changes his shirt every once in awhile, moves into your town, and seven pastors and fourteen deacons and their wives and their cousins and their aunts call on him before he gets his piano off the truck, and invites him to join their church.

"And then speaking of churches reminds me of jails. Take my advice and keep out of jails. You don't want no jail. Let Woodstock have 'em and fill 'em. Wait awhile and if your hoodlums keep on in the way they should not go, you can get a penitentiary.

Weary Walker closed his mouth abruptly as he thought he saw a policeman coming down the street, but he opened it again to say as he rose to his feet: Oh, yes, don't think because you are so big that you need another Sunday. You can't keep one half decently. Go to—! more Sundays! And Weary Walker with a look of disgust walked away, and the reporter was carried home on a shutter and was shut up in his room a week with two Sundays at the end of it.

**Poisonous Plants.**

The berries of the yew have killed many persons, and it is pretty well known nowadays that it is not safe to eat many peach pits or cherry kernels at once. Among the garden plants commonly in vogue which possess a poisonous nature botanists mention the jonquil, white hyacinth, and snowdrop, the narcissus being also particularly deadly—so much so, indeed, that to chew a small scrap of one of the bulbs may result fatally, while the juice of the leaves is an emetic. There is enough opium in red poppies to do mischief, and the autumn crocus, if the blossoms are chewed, causes illness. The lobelias are all dangerous, their juice, if swallowed, producing giddiness with pains in the head. Lady's slipper poisons in the same way as does poison ivy. The bulbs seem to be the most harmful. Lilies of the valley are also as poisonous. The leaves and flowers of the oleander are deadly, and the bark of the catalpa tree is very mischievous. The water dropwort, when not in flower, resembles celery, and is virulent.—Scientific American.

**A Duel.**

Duels which they had fought formed the topic of conversation among a party of Frenchmen, and one of them declared that he had inflicted upon an antagonist the most dreadful fate that a duelist had ever met.

'How was it,' asked everybody.

'I was at a hotel, and I chanced to insult a total stranger. It turned out that he was a fencing master.

'One or the other of us,' he declared, in fearful wrath, 'will not go out of this room alive!'

'So let it be!' I shouted in response; and then I rushed out of the room, locked the door behind me, and left him there to die!'

**Your Rheumatism**

**Paine's Celery Compound**  
The Only Medicine That Works Complete that Permanent Cures.

The ablest and best men and women of our country—doctors, clergymen, lawyers, bankers, merchants and literary women—highly praise and recommend Paine's Celery Compound as a sure cure for rheumatism and sciatica.

Remember well that disordered nerves, faulty digestion, and a slow and incomplete nutrition of the body invite rheumatism, just as they do nervous debility and neuralgia. There is no surer start for rheumatism than a run-down, nerveless condition.

You cannot cure rheumatism by outward applications. The disease is due to internal troubles and must be constitutionally attacked and got rid of.

Paine's Celery Compound gives a healthy tone to the stomach, increases the appetite, and regulates the bowels, liver and kidneys, so that they easily throw off poisonous matters that the sluggish system has allowed to lodge in the blood, causing rheumatism and like disorders.

Bear in mind that rheumatism neglected means increased sufferings and certain death. Be wise while you have a fair measure of strength left. Use Paine's Celery Compound and banish the enemy that has no mercy when it obtains the mastery. It solely remains with you to determine whether you will banish danger or remain in misery and wretchedness.

S. S. CONVENTION.

Wicklów and Simonds District.

On Friday the 25th November, notwithstanding the heavy rain, the first session of this Convention was held in the Lower Knoxford church. There was a scarcity of officers present, so formality was dispensed with and the essence of the matter was regarded. There being also a dearth of singers we cheerfully omitted any attempts of a musical nature but had a good, hearty prayer meeting, and was thus prepared for work. We gave close attention for a time to the 8th chapter of Proverbs which had a bearing on the lessons for the 27th which it was expected to have been taught by Bro. Cahill in the afternoon, and in this we had interesting participation. Afterwards we shared the eloquent address delivered at the World's S. S. Convention in London, by Bishop Fowler of the M. E. Church of the U. S. among the wealth of contents of the so admirable Report of that Convention to be obtained in paper cover for 50 cents, of W. B. Jacks, 132 La Salle Street, Chicago, or by sending to Mr. Lucas, Sussex, quite a number of copies of which are being taken in our county either by individual workers or by Sunday Schools, to place in their libraries for use of all the workers who may visit to peruse the so valuable pages. The book is a treasure house of information; a regular power house for the generation of enthusiasm. The number of copies is limited. Desiring purchasers need to be alive and prompt to send in their orders. The above address referred to we esteemed a rich treat.

The afternoon session was attended by, it was estimated, over sixty. Mrs. John Trafford presided at the organ; the singing was good. Another prayer service was held. We were in the spirit for business. The 3rd chapter of Proverbs was read and examined. The minutes of the evening session of the Convention, held at Middle Simonds in September, were read and approved.

Reports from schools were received and contents noted. Those from Royalton, Tracy Mills, Upper and Lower Knoxford schools and from Middle Simonds Union school were in writing, and contained much to encourage Middle Simonds school was better attended than ever before at this time of the year with an average attendance of 35, and an effort being made to have the school evergreen.

Royalton school is evergreen with nearly 50 enrolled, average attendance 30, steady interest, profitable sessions, faithful teachers, sufficient funds, two Evangels taken, use books and blackboards, 20 new hymn books.

Tracy Mills school opens at 9.30 a. m. number of pupils, 50, average attendance, 48, 5 classes, Evangels in use in school, balance on hand \$8.20.

Upper Knoxford school has had an average attendance for six months of 32. Has raised \$9.27 and spent \$8.09, balance on hand \$1.18. Procured a supply of new hymn books, also \$7.00 worth of second hand books for library. Sent \$1.90 to N. B. S. S. Association. There has been a falling off in attendance recently.

Lower Knoxford school meets at 2 p. m.; average attendance 48. Super-

intendent has taken much interest. Many precious thoughts have been brought out which have proved a great blessing to all. The teachers have taken much interest in their work, attending faithfully to their classes. Collected \$7.48, expended \$7.22. Quite a number of visitors have been welcomed to the school and appreciated. The lessons have been profitable to old and young.

Brief verbal reports were given of Greenfield, and Florenceville Baptist and Methodist. All of which go on encouragingly. We hope that a written report from each of these schools will be fourth coming for our February Convention.

As quite a number of children were present at this session expecting to be taught the lesson for the 27th, which they had been urged to prepare, it was taught by the Secretary, the children being brought to the front. It was a pleasure to teach them, they seemed so interested. They older ones took a vigorous hold as well.

A large number filled the church in the evening. Mrs. Jones, daughter of Deacon Chas. White, presided at the organ. Much music of a bright and appropriate nature was interspersed through the session. There were a goodly number in the choir including Deacon White. A duet and chorus, "The Dear Old Home," was very much enjoyed.

Bro. Cahill having arrived ready to teach the lesson according to prearrangement, the audience became his class and with vigorous clearness and marked efficiency performed the duty assigned him. There was the approach to the lesson the noting of the writer's point of view, the examination of the several verses and the emphasizing at the close of the principle lessons. It was much enjoyed.

A discussion of the practical S. S. work was then enjoyed in, taking as our base of operation the report of Lower Knoxford school. Mr. Cahill had to leave early but before leaving he spoke a few greatly encouraging words on the line of taking things as we find them, and being faithful and independent in our work.

A report from the World's S. S. Convention was given by the District Secretary.

Collections in aid of the work were taken Miss Sadie Jones, one of our Vice Presidents, acted as recording secretary. A vote of thanks was given to the District Secretary, which took him by surprise.

Tracy Mills, Royalton and Upper Knoxford each claimed the next Convention. Upper Knoxford carried off the palm.

The Medical Profession Recommend Dr. A. W. Chase's Ointment.

Dr. C. M. Harlan, writing in the American Journal of Health, February, 10th, says:—"Among the proprietary medicines deserving recognition is Dr. Chase's Ointment, as a remedy for Piles, Eczematous, skin eruptions of all kinds, for which it has been used with marked success and has effected remarkable cures in many obstinate cases which seem to baffle the skilful medical attendant."

## A Nova Scotia Farmer Tell How He Was Cured Of Salt Rheum.

His Fingers, Hands and Wrists Were a Mass of Cracks and Sores, by Reason of Which He Was Unable to Work.

To the Editor of the Enterprise:—

I have read from week to week in your paper, testimonials from those who have been cured through using Dr. Williams' Pink Pills, and as I have experienced much benefit from the use of that medicine, I believe it my duty to let others know they can be relieved from a very painful malady. I am now 75 years of age, and am at the present time, and in fact ever since I took a course of Dr. Williams' Pink Pills about two years ago, have been enjoying excellent health. Before that time I had been ailing for some months, finally I was attacked with salt rheum, which came out mostly on my hands. It was not long after its first appearance before I was unable to do any work at all with my hands. I resorted to all the domestic cures I could hear of, but the disease kept on its course, getting worse and worse, until the palms of my hands and my fingers were a mass of cracks, open sores and hideous scabs. I then got medicine from the doctor, which I used for several weeks, with no benefit whatever,—my hands still becoming more and more crippled with the disease. My general health, too, at this time was poor and I got discouraged altogether, believing there was no help for the terrible complaint that was gradually spreading over my hands and up my wrists towards my arms. It happened one day in conversation with an acquaintance that Dr. Williams' Pink Pills were mentioned in connection with some other case in the neighborhood, and it was suggested that I try them for salt rheum. I had not much faith in the trial but concluded to get a box and see what good they might do. To my great delight, after using the box I found an improvement

## Do you Suffer from Headache?

Mr. Frank Rideout did until he began to use Imperial Headache Powders. See below.

HARTLAND, Sept. 7, 1898.

### GENTLEMEN:

I have been a martyr to sick headache all my life. I have used many so-called remedies with little or no effect. "Imperial Headache Powders" gave me immediate and permanent relief, with no depressant effects following.

in the condition of my hands, and I got six boxes more. I did not use all these for before they were gone the disease had vanished and my hands were as sound as ever. The new skin came on as smooth and fresh as if nothing had been the matter. I took no other medicine while using the pills and the whole praise of the cure is due to them. My general health was also greatly benefited by their use and I attended to my work with more energy and in better spirits than I had done for a number of years. I have been in excellent health ever since for a man of my years, and no sign of salt rheum has since appeared. The box or two of Pink Pills which I left unused were taken by my wife and did her much good. I cannot speak too highly of Dr. Williams' Pink Pills and am pleased to give my testimony to their merit, hoping others may thereby be induced to use them in cases like my own.

HENRY CHESLEY.

The editor of the Enterprise can add that Mr. Chesley is a representative farmer living about three miles from the town of Bridgewater, N. S., and the utmost reliance can be placed on his statement.

Dr. Williams' Pink Pills create new blood and in this way drive disease from the system. A fair trial will convince the most skeptical. Sold only in boxes the wrapper around which bears the full trade mark "Dr. Williams' Pink Pills for Pale People." If your dealer does not have them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

### Value of a good Sneeze.

We all know from actual experience that a good sneeze is a wonderful loosener of nasal bronchial mucus. Sir Dyce Duckworth comes forward in The Practitioner with the suggestion that the induction of sneezing be resorted to for the purpose of raising bronchial mucus. The idea is a good one and worthy of being placed in practical operation. It has been explained how vomiting causes an expulsion of mucus or membrane from the respiratory passages, but sneezing appears to be quite efficient in doing this. Ordinary snuff or any of the nasal irritants suffices and may be blown into the nose of even a child without any danger.

Mrs. WRIGHT, OF NORVAL, ONT., EXPERIENCES INTENSE SUFFERING FROM ECZEMA IN HER FEET.

## Raw From Her Toes to Her Knees

Dr. Chase Makes a Wonderful Cure.

Mrs. Knight, 17 Hanover place, Toronto, makes the following statement:—

My mother, Mrs. Wright, who lives at Norval, near Doncaster, suffered a summer and winter with Eczema in her feet. She could not walk, and very seldom got any sleep. It became so bad that she was perfectly raw from the toes to the knees. After trying every available remedy without receiving any benefit, and almost hopeless of relief, she was advised to try Dr. Chase's Ointment. She has altogether used 8 boxes since commencing, but with the happiest results, for she is now completely cured. There is but one scar on one of her feet, a memento of her fearful suffering condition. Any person desiring further testimony in this case is at liberty to communicate with Mrs. Wright at her address, Norval P. O.

Mrs. Knight says after such a grand success, is it any wonder we recommend Dr. Chase's Ointment?

W. H. De Long, Civil Engineer, ex-Warden, and County Councillor, New Germany, Lunenburg Co., N. S., Oct. 28th, 1897, says:—"I had itching piles for thirty years, and have tried various kinds of pile cures, but none gave me permanent relief until I used Dr. Chase's Ointment. I have recommended it to others with the same result."

## Are your Lungs worth 25 cents?

Then why do you cough all day? Imperial Cough Cure will relieve you the first day. It will stop that cough in a few days more.

We know all about it, because we make it, and we know just what is in it. It is not a cure all; it's just a Cough cure, and a good one at that. It's made to cure. That is why we sell so much of it. We recommend Imperial Cough Cure, and we believe in it so much that we say.

"Your money back if you want it."

After you use it once you will believe in it too. It will cost you 25 cents to try it. Are your lungs worth 25 cents?
