Sworn in This Afternoon as Lieutenant Governor of New Brunswick--The Ceremony Was a Quiet One.

(Special to Star.)  
FREDERICTON, April 5.—James Bunting Snowball was this afternoon

Edward the Seventh, his heirs and successors according to law.  
"You shall well and truly exercise the office and trust of Lieutenant Governor

LIEUT. GOVERNOR SNOWBALL.

sworn in as lieutenant governor of New Brunswick. The ceremony took place in the assembly chambers at the parliament building, which was prettily decorated for the occasion. Quite a large delegation was present from the Miramichi, and the chamber was crowded with spectators. The ceremony was not an elaborate one. J. I. McGee, clerk of the privy council, handed the commission to the secretary of the lieutenant governor elect, who read it aloud. The following oaths were then administered by Chief Justice Tuck:

"I, James Bunting Snowball, do hereby swear that I will bear faithful and true allegiance to His Majesty King

of the Province of New Brunswick and duly and impartially administer justice therein.

"You shall well and truly execute the office of keeper of the great seal of His Majesty's Province of New Brunswick according to the best of your knowledge and ability."

These oaths are inscribed in a book kept for the oaths of Privy Counsellors, Governor General and Lieut. Governors and was brought from Ottawa for Clerk McGee. After Governor Snowball has taken the oath and affixed the signature, the Chief Justice will also sign, and the ceremony will be over. The members of the local government were then sworn in.

### BLOWN UP AND BURNED.

Steamer's Boilers Explode With Fatal Results, and the Boat Burnt to the Water's Edge.

PITTSBURG, Pa., Feb. 5.—By the explosion of the boilers on the tow boat John Alles, owned by the Monongahela River Consolidated Coal and Coke company, near Lake No. 2, this morning, one man was killed outright, four probably fatally injured, and several are still missing. Six others were rescued from the icy waters and two of these, Maria Walker, the cook, and James Williams, fireman, are dangerously injured.

The dead: William Perry, deck hand, aged 30 years, of Roscoe, Pa., found pinned under the anchor, with clothing afire.

Edward Mitchell, mate, Merchantville, Pa., will die; John W. Burke, pilot; Floyd Still, chief engineer; Maria Walker, cook, Pittsburg; James Williams, Booker Hill, second engineer; William Campbell, fireman.

The missing: John Coffin, watchman, Fredericktown, Md.; Weaver Wolf, deck hand, Middle Port, Ohio. There was a crew of fourteen all told aboard the Alles, including the captain. The boat had passed the Homestead steel works and was nearing the city with seven flats of coal, when one of the boilers exploded with a mighty roar and terrific force. The explosion communicated to the other boilers and then all went into the river or into the air. The boat took fire and burned so rapidly that all who were aboard were forced to take to the water. A tow boat was on the scene with a full crew of men and nearly all were rescued. The injured were brought to Pittsburg. Four of them are reported to be in a dangerous condition and may not recover. The Alles was completely destroyed. The loss is placed at \$25,000. No one has been able to give an account of the exact manner in which the accident occurred. The surviving members of the crew claim that they were not carrying a greater amount of steam than government allows.

### BIG GOLD SHIPMENT.

NEW YORK, Feb. 5.—Lazard Freres have added \$500,000 to their engagement of gold for shipment to Europe tomorrow. This brings the total engagement for tomorrow's steamer up to \$4,350,000.

### MONCTON.

Westmorland County Orange Lodge Meets and Elects Officers.

(Special to Star.)

MONCTON, N. B., Feb. 5.—Westmorland County Orange lodge met here yesterday with the largest attendance on record. The retiring county master reports ten lodges in county and a large increase in membership last year. Officers elected for the current year were: J. W. Clarke, county master; C. B. Keith, deputy master; Rev. Gideon Swim, chaplain; Theodore Ehrhardt, F. S.; H. G. Wadman, R. S.; S. C. Alward, treasurer; G. O. Gardiner, D. C.; J. I. McLaren, lecturer; Alfred Lester and M. D. Steeves, deputy lecturers.

The Record Foundry and Machine company met yesterday and declared an annual dividend of ten per cent. Joshua Peters, Amos Ogden, J. C. Patterson, A. E. Peters and O. J. Peters elected directors.

Barker Bros' warehouse was burglarized last night and a considerable quantity of flour, sugar, fish, etc., were carried off. The tracks leave no doubt that the goods were conveyed away on hand sleds.

### PREACHING HOLY WAR.

PESHAWAR, Punjab, Feb. 5.—There is considerable unrest at Kabul and elsewhere in Afghanistan, the fanatic element is predominant and trouble is feared. Hadda Mullah, who was prominent in the rising which ended in the Turah campaign, is preaching a holy war. He is said to have the Ameer of Afghanistan under his influence. Hadda will officiate at the Ameer's formal installation on the Afghanistan's new year day, March 20. Other fakirs and mullahs are stirring up agitation in the Malak and other districts.

### KILLED BY INDIANS.

TUCSON, Ariz., Feb. 5.—The charred body of A. T. Vail, a pioneer rancher, was found in the ruins of his house at Aravaipa Canyon, 35 miles from Tucson. The supposition is that the house was burned by Apache Indians who roam around that section. It is believed that the Indians killed Vail, looted the house, and burned it. The Indians are much dissatisfied on account of the government cutting off their rations.

## BRITISH VICTORY.

DeWet's Last Gun Has Been Captured.

Commandant Wessels, Has Been Routed With Loss of His Ammunition and Guns—Other Successes.

LONDON, Feb. 5.—The British pursuit of General Dewet has been successful to the extent that his last gun has been captured and Commandant Wessels, one of his principal lieutenants, has been routed. Lord Kitchener sent the news in a despatch from Pretoria dated Tuesday, Feb. 4, as follows:

"Byng's column, while proceeding towards Libenburgvlei, after a night march, attacked and routed a considerable force of the enemy under Commandant Wessels. We captured a fifteen pounder and a pom-pom, taken from Firmans' column, and also a Boer pom-pom that was the last gun Dewet had and three wagons of ammunition, 150 horses and 100 mules. The Boer casualties were five men killed, six wounded and 27 men captured.

"Among the killed was Field Cornet Wessels. Among the prisoners is Captain Mueller, of the Staats artillery. The enemy was scattered. Our casualties were slight.

"The National Scouts, near Middelburg, Cape Colony, captured thirteen prisoners.

"Plumer, near Amersfoort, (Transvaal) captured seven prisoners and 600 head of cattle. General Gilbert Hamilton captured 32 prisoners."

LONDON, Feb. 5.—The morning papers are unanimous in applauding Lord Lansdowne's dignified and courteous rejection of what is regarded as a rather ingenious attempt on the part of the Dutch government to draw Great Britain into making peace overtures to the Boers. The editorials are politely satirical that Dr. Kuyper should expect any result from such a proposal, which the Daily Mail declares would have placed Great Britain in the position of a suppliant to the Boer delegates in Europe.

LONDON, Feb. 5.—The Times in an editorial says that Lord Lansdowne has given the only possible answer to the curious Dutch proposal, which the paper declares to be probably without precedent in the annals of diplomacy. "The decision of the government," says the Times, "shuts the door to dangerous possibilities of intrigue and reduces the Boer emissaries who fled their country to their proper level of insignificance."

### CRIMPING A CRIME.

LONDON, Feb. 5.—At the annual meeting of the Chamber of Shipping of the United Kingdom today several points interesting to the United States were raised. Colonel Emil Ropner, M. P., president of the organization, referring to crimping and "blood money" in the United States, said the chamber earnestly hoped the British ambassador at Washington, Lord Pauncefoot would succeed in inducing the United States government to introduce legislation making "crimping" a criminal offence. Regarding ship subsidies, Col. Ropner said the United States would probably pass a ship subsidy bill with the result that there would be rapid extension of the United States mercantile navy and keener competition, which it would require all the energy and enterprise of British ship owners to meet. The chamber unanimously passed a resolution urging the British government to make an effort to secure the exemption of British ships from the payment of the tonnage tax, levied at United States ports and use its good offices to induce the United States, pending further legislation, to enforce the present federal and state laws in regard to the desertion of seamen and the payment of blood money.

### BRIEFS BY WIRE.

DENISON, Tex., Feb. 5.—Mrs. Short, aged 61, the most noted woman of the Chickasaw tribe, is dead at her home at Emmett. She has figured prominently in the work of civilizing the tribe of which she is a member. She was the mother of Mrs. Johnston, wife of the governor.

EAGLE PASS, Tex., Feb. 4.—Thirty miners have been rescued alive and 35 bodies have been recovered from the Hondo mines. Of the thirty few will recover. Many are badly mangled. The Mexican authorities have taken up the matter and are engaged in an investigation.

PROVIDENCE, R. I., Feb. 4.—Five masted schooner Jennie French Potter went ashore on the south side of Prudence Island Monday night shortly after darkness fell. She is laden with 3,200 tons of coal and was bound to this port from Norfolk. Two tugs tried without success to pull her off this evening. She is resting easily and will probably come off all right tomorrow evening.

### THE WEATHER.

WASHINGTON, Feb. 5.—Forecast—Eastern states and northern New York—Fair and continued cold tonight. Thursday fair, fresh westerly winds.

**SOME GERMAN CARTOONS.**

The Ulk, a German paper issued by the proprietors of the Tageblatt, recently published a cartoon entitled "Sending the Innocents to Heaven." The cartoon represented Mr. Chamberlain and Lord Kitchener in horns, hoots and glaring red, capturing and throwing sweet little Boer cherubs into a huge cauldron. Another picture shows King Edward VII preparing for his coronation by washing his crown in Boer blood. These are but samples of the attacks that have been made in the German press on the British conduct of the war in South Africa. It would be impossible for them to be more brutally and shamefully untrue than they are. Seemingly all the animus stored up in the German mind against Britain is now finding vent in these and similar attacks. Count Von Buelow's speech was a sample of the same thing in a different form. From the very outbreak of the war most of the continental powers have done their best to hamper the empire in its great struggle. They have openly rejoiced at reverses to British arms, and have repeatedly falsified returns. Now that these things have little or no effect, and the Boer power is practically crushed, resort is made to these libellous cartoons. They, of course, bring about the result intended, by inflaming the minds of the people against all things British. In them the army of the empire is made up of fiends from the pit, while the Boers appear to be but little lower than the angels.

**TO FIND THE LOST.**

Postal service notices are posted around the city, printed in English and French. The use of the latter language here is probably in deference to the hundreds of Frenchmen discovered here by the census takers. It may, however, possibly be a bait to bring them out of the secure retirement which they sought immediately after their fortunate discovery by the diligent numberers of the people. Should this inducement lure them forth something should immediately be done to bring them into public view. While it is a good and proper thing for the city to devote its energies and money to obtain the seven thousand workmen of the C. P. R. car shops, it should be remembered that right here concealed in our midst are many hundreds of Frenchmen, found for a brief season by the census takers, who might by careful search be re-discovered and take their places as good citizens of St. John. Something certainly should be done in the matter. It does not speak well for the city that she has allowed hundreds of her population to be spirited away and in ten months no effort has been made to secure a trace of them. There may be a gruesome mystery about the matter that should be looked into. At all events, the detective force should be detailed to watch these postal service notices. By so doing the missing inhabitants may at last be found.

An interesting experiment is again about to be made with the ships of the Channel squadron. They are to be painted in all the neutral tints that can be devised. The experiment has been tried before, but without much success, as it was found that visibility was affected by atmospheric conditions as well as by colors. The advantage that would accrue to the fleet, whose ships possessed greater temporary invisibility is too great to allow the idea to be put to one side because of previous unsuccessful attempts.

While the Irish Nationalist delegation is on its American tour Sir Wilfrid should get ready his re-assurances of sympathy with the cause. Some good Canadian bank notes, would in the present straitened condition of the party's finances, be more warmly welcomed.

When the Telegraph speaks of the cars bestowed upon the public works of this city during the last few years, it probably refers to the \$160,000 car warmer, down at the Union depot.

The Pacific coast has of late been growing more prunes than there was any demand for. And this in face of the fact that they form a staple article of diet.

Ottawa wants the C. P. R. car works and has appointed a civic delegation to interview President Shaughnessy on the matter. This city wants them too.

The action of a thousand Maoris volunteering for service in any part of the British dominions, in order to free the regular soldiers, speaks for itself.

**ST. ANDREWS MAN DROWNED.**

BOSTON, Feb. 4.—The Danish str. Antwerpen, Capt. Andraesen, which arrived here today from Copenhagen via Stornoway, brought seven men of

the crew of the Gloucester fishing sch. A. B. Whynland, whom she rescued off Scamaria on Jan. 31. They include Capt. Wm. B. Larkin, Mate Joseph McEllan, Steward Edward Williams and Seaman George Frase, John Sheppard, John Rose and Martin Sisco. One of the schooner's crew, Melville Smith, was washed overboard and lost Jan. 27, while on the bowsprit turling the rib. He was 33 years of age and belonged in St. Andrews, N. B.

**AN OIL DEAL.**

BEAUMONT, Texas, Feb. 5.—The papers have been placed on file here in which the Hogg-Swayne syndicate transfers to an English company to be formed seven and one-eighth acres of land in the proved oil field for a consideration of \$150,000 in cash and \$200,000 in stock, the proposed capital stock of the company to be \$1,500,000. It is stipulated in the deed that the projected company is to be organized in Great Britain.

**GREAT-BUILDING ACTIVITY.**

CHICAGO, Feb. 5.—The action of the city council in giving the go-ahead to tall buildings is expected to mark the beginning of the period of the greatest building activity in the history of Chicago. Structures to cost \$11,238,000 have been planned for immediate construction, and \$4,300,000 is to be put into other big downtown buildings in the near future.

**HEAVY SNOW STORM.**

DALLAS, Tex., Feb. 5.—A snow storm in North Texas and heavy rains in Southern Texas are reported. The fall of snow was very heavy. At Santa Anna there was a blizzard with 31-2 inches of snow. The snow will be of great benefit to wheat crop, which was almost a total failure in this state last year.

**OLD LADY SUICIDES.**

HARTFORD CITY, Ind., Feb. 5.—Mrs. Rebecca Evisler, who would have been 100 years old March 12, committed suicide at the home of her son near South Whiteley. She choked herself to death by stuffing a large handkerchief down her throat.

**WANT THE C. P. R. WORKS.**

The Board of Trade Will Do Everything in its Power to Bring Them Here.

The regular meeting of the Board of Trade was held last night. Secretary Allison read the proceedings of the council during the past month, stating that Thos. Gorman, E. C. Elkin, George Robertson, Mrs. A. Drury, F. A. Dykeman, and W. H. Barnaby had been appointed additional members of the council. Petitions had been sent to the dominion government asking that a steam whistle or fog alarm be placed near Negro Head, that the Beacon light be replaced by a better and more modern structure and that the dredging of the harbor be proceeded with without delay.

A committee had been appointed to consider the question of standard time. The committee has taken the subject into consideration and has asked for further time to report.

The president stated that he had written to Pres. Shaughnessy of the C. P. R. regarding the location of the car works at St. John. W. H. Thorne thought the only action the board could take would be to endorse the action of the mayor. He considered St. John's chances against Montreal to be slight.

If the city wished to offer inducements to the C. P. R. the only action it could take would be to lay out land and offer the company a free grant. He moved a resolution stating that: "This board has heard with much satisfaction of the course taken by the mayor in bringing to the notice of the president of the C. P. R. the suitability of the site for their proposed works, and pledged itself to assist in the establishment of such by every means in its power."

Remarks supporting the resolution were made by George Robertson, T. H. Estabrooks, Aid. Macrae, F. A. Dykeman and W. Frank Hatheway, and the resolution carried unanimously.

**THE NATURAL HISTORY SOCIETY.**

The regular monthly meeting of the Natural History Society was held in the rooms last evening, the president, Hon. J. V. Ellis, in the chair. The following named ladies were elected by the council associate members: Miss Jennie C. Lawson and Miss M. A. Robbins. Dr. Matthews presented charts of the gold fields in Guiana, from Lt. Col. Markham; a cabinet of minerals, fossils and rocks collected by the late Dr. Gesner, and believed to be his earliest collection, made during the first years of his survey; the scale of a fish (trout), presented by Mrs. E. M. Whitney; a number of donations to the library, consisting principally of exchanges from other societies, were received.

The paper of the evening was read by A. Gordon Leavitt. It presented the result, in part, of last season's observations on birds, made during the useful remarks on their good habits, mode of life, etc. The paper was attentively listened to and contained much that was original and instructive to the interested audience. Remarks on the paper were made by J. W. Banks, C. F. B. Rowe, Dr. G. F. Matthews. A hearty vote of thanks moved by G. U. Hay, seconded by J. W. Banks, was given the lecturer.

**A MEMORIAL.**

The Chipman Hospital at St. Stephen Formally Opened.

A Noble Institution—Notable Addresses—Beds Endowed—A Handsome Check—The Premier Present.

Flags were flying in St. Stephen yesterday in honor of the official opening of the Chipman Memorial Hospital, presented to Charlotte county by the children of the late Z. Chipman and Mrs. Chipman.

The idea of the gift originated with Lady Tilley, and was cordially adopted by her brother, J. D. Chipman, and their sisters. At first it was intended only to give the house and grounds, but later the family decided to equip it as well. This did not prevent others from sharing in the work, however, and beds have been endowed by the towns of Calais and St. Andrews. The ladies of St. George and Penfield furnished a private woman's ward, and E. G. Russell, manager of the I. C. R., endowed a private room, the Madama Russell room, in memory of his mother. Mr. Russell is a native of Charlotte county. The operating room was equipped by the Ladies' Hospital Aid Society.

The members of the Chipman family made all the necessary alterations in the building, which do not in any way rob it of its home-like aspect, although the equipment is in every respect that of a model hospital. They also furnished sixteen beds, making twenty in all that are now ready for patients.

The members of the Chipman family who have made this magnificent gift are Lady Tilley, Mrs. W. H. Howland of London, England, and Mrs. Toller, wife of Lieut. Col. Toller of Ottawa.

As there was no single room of very large size in the building the invitations to the formal opening were necessarily restricted, but a notable company had gathered within its walls when the opening exercises began at 3 p. m. Prior to the opening Lady Tilley and J. D. Chipman entertained at dinner at the Windsor a number of specially invited guests from St. John, St. Andrews and elsewhere. The St. John people present were Mrs. J. V. Ellis, Mrs. Robert Thomson, Mrs. D. McLellan, Mrs. Murray MacLaren, Mrs. H. C. Tilley, Miss Ada Bayard, Miss Berryman, H. C. Tilley, L. P. D. Tilley, R. O'Brien and a Star representative.

G. T. Whitlock had charge of the arrangements at the hospital, where very interesting exercises were carried out. Rev. O. S. Newnam read the 91st Psalm. The dedicatory prayer was offered by Rev. Dr. Read. A sacred solo was sung by Mrs. Geo. J. Clarke. Lady Tilley read a very interesting address, stating what had been done by the family, and expressing her grateful acknowledgements to E. G. Russell, Dr. Harte of Philadelphia, Edward Maxwell, the C. P. R. architect, and to the people of Charlotte county and the ladies of Calais, who had so cordially aided in the work. The county council had granted \$400, and grants were also to be made by St. Stephen and Milltown, and the hoped by the legislature of the province. After a trio by Mrs. Clarke, Mrs. F. J. Muir and Miss Halliday, Premier Tweedie delivered an address, pledging as far as he could the aid of the government. J. D. Chipman spoke with strong emotion, referring to the past associations of the old home, and presented the deed of gift to Hon. Geo. F. Hill, president of the board of management. Hon. Mr. Hill made a graceful reply. Mayor F. M. Murchie spoke on behalf of St. Stephen, and presented a check for \$1,000 from the citizens. Mayor F. C. Murchie spoke on behalf of Milltown, and G. W. Ganong, M. P., on behalf of the county at large. All the speakers paid a warm tribute to the zealous labors of Lady Tilley, as well as to the great generosity of the whole family. A quartette was sung by Mrs. Muir, Mrs. Halliday, Fred. Keys and W. S. Pool. Judge Stevens then spoke, and Premier Tweedie formally declared the hospital open. The guests who had to leave by the afternoon trains were provided with refreshments in the hospital dining room. Before leaving all visited the various wards and rooms and expressed both surprise and admiration at the completeness of the equipment down to the most minute detail.

The matron of the hospital is Miss Ogilvy, a graduate of St. John hospital, and the second nurse is Miss Price of Havelock.

Strong boards of directors, trustees and management have been appointed. Lady Tilley is at the head of the first, J. D. Chipman of the second, and Hon. Geo. F. Hill of the third.

H. C. Tilley and Mrs. Tilley, L. P. D. Tilley and Mrs. Chipman assisted Lady Tilley and J. D. Chipman in looking after the comfort of all the guests yesterday.

At the close of her address Lady Tilley unveiled a marble tablet on the

well, bearing the following inscription:—"The Chipman Memorial Hospital is given by the children in loving memory of their father and mother, also the dear ones of the family who have entered into rest."

JUDGE STEVENS' ADDRESS.

Standing here and beholding the transformation in the old home of many fond associations, a flood of memories surround my heart as I recall the times when a revered father and mother dwelt within these walls with a united and loving family in whose union and affection was illustrated what a home was and should be. I recall to mind the memory of the parents whose generous and social disposition ever displayed those genial qualities which leave a community in good feeling.

I recall the happy times when within these precincts were often heard the sounds of innocent revelry and mirth; I recall to vision the happy bridal parties within these walls when the loved daughters were captured from the old home and taken to other homes with the blessing of the old home upon their heads, and its hallowed memories ever prompting a return to the old home of affection.

The well remembered father has long since been taken to another home, and when the dear surviving parent, who after many years of lonely widowhood, was called away, it must have been an anxious thought to the survivors as to what was to be done with the stately mansion and the hallowed place of so many fond associations. To have it pass into stranger's hands must have been a thought hard to bear—for the child to pass the door and have no welcome for them now, would have wrung the heart, and to have "Icha-bod" written upon its walls—for the glory of the old home would be to them departed.

It was a noble and happy thought to preserve the old home in a manner still as theirs, and consecrate it to one of the noblest uses that humanity could suggest, where within its sheltering walls other hearts would be welcomed from whose heart and life would be uttered the voice of praise and gratitude to those who in the spirit of the Divine philanthropist had compassion on the suffering.

And what shall we say of the considerate and charitable spirit that animated the heirs of the departed parents in donating the magnificent mansion to its present purpose, and furnishing it with all the needed equipments and appliances for its successful operation, fitting it up in so perfected a manner as to rival in its excellency—according to its extent—the best hospitals anywhere to be found.

And whilst we desire to give honor to whom honor is due, it is most fitting to mention in an especial manner the untiring and successful efforts of that noble lady, who on more than one occasion has exhibited the actual example—not only talking of what might be done, but of actually doing it, and by the inspiration of a loving nature prompted others to engage in the philanthropic work as her willing assistants, to whom all praise is due, so that the generosity of many has been stimulated and liberal endowments and donations towards the maintenance of the institution have been made which will redound to the welfare of the noble undertaking.

A most eloquent work has been contemplated, and a memorial to the Chipman name established. More durable than monuments of marble or of brass, and more significant than such as are erected in memory of heroic deeds on battle field, or in honor of the exploits of statesmen, and in the bright example shown, may we hope there will be an incentive given to others who have the means and ability and as opportunity is offered, to go and do likewise.

The Annual Meeting Held Last Evening.

The annual meeting of the Royal Kennebecasis Yacht Club was held last evening, and an exceedingly prosperous state of affairs was shown. The following new members were elected: H. A. Allison, Irving Smith, R. Max McCarty, Fred W. Coombs, T. H. Bullock, T. E. G. Armstrong, Dr. J. E. March.

F. H. J. Ruel, the secretary, reported in substance as follows: The annual meeting in February, 1901, showed a total membership in good standing of 174. Of this number eight resigned and twenty-one were expelled for non-payment of dues, leaving 145 members in good standing. The new members admitted to the club during the year numbered 41, of whom six were expelled for non-payment of dues, leaving 55 new members in good standing and a total membership of 200, a net gain of 25 members since the last annual meeting.

The squadron list, which my last report showed contained 140 members, has been sustained in its proportionate strength, for while the club has unfortunately lost the veteran flagship British Queen, the Marjorie and the Pastime, it has gained the Ardon, Leona, Thelma, Zulicka, Hesperus, Undine, Bertha and Clip, making 53 on the list. The club would, however, like to see a keener interest in building and in racing on the part of its younger members, and I hereby offer some suggestions in proper order this evening for the furtherance of this most desirable end.

A pleasant feature of this meeting is the return of all officers and committees for the coming year by acclamation, and in retiring from the secretaryship of this club may I thank every member for the generous consideration I have always received, and from the experience I have had with your new secretary, Frank Lively, I can commend him to you with the assurance that he fully deserves your heartiest support.

The following officers and committees were elected by acclamation: Commodore, Robt. Thomson; Vice-commodore, Frank Whelpley; Rear-commodore, A. W. Adams; secretary, Frank J. Lively; treasurer, Robt. Jardine; measurers, Howard Holder and Wm. Holder.

Executive committee—E. H. Fairweather, Geo. B. Hegan, F. S. Heans, Frank L. Peters, F. Herbert J. Ruel. Sailing committee—A. B. Burns, Frank Whelpley, Louis Munro, J. C. Johnston, A. H. Merrill, J. Fraser Gregory, F. T. Hilyard.

Fleet captain, Robt. S. Ritchie; fleet surgeon, T. Dyson Walker, M. D. It was decided that the annual cruise should start at 9 o'clock on the morning of July 14th, and proceed up river with Grand Lake as the principal objective point.

At the conclusion of the meeting the members, upon the invitation of the commodore, Robert Thomson, repaired to the Park hotel, where the commodore entertained them at dinner, and a very pleasant hour or two were spent. The commodore occupied the chair.

**FAIRVILLE.**

Jolly Sunday School Entertainment in Methodist Sunday School, Last Evening.

A treat and entertainment was given to the children of the Fairville Methodist church last evening. Rev. W. J. Kirby, the pastor, in the chair. The programme comprised an opening chorus by the school; recitations by Mabel Farris, Ida Merrill and Emma Baker; duet, with autoharp accompaniment, by Misses M. Brown and E. Raines; song by little Flossie Irvine, and a magic lantern exhibition by Pastor Kirby and Superintendent D. Hanson. Preparations had been made for the presentation of a purse to Miss D. Donaldson, organist of the church, and also to Master Marshall Stout, the organ blower, but owing to illness the event had to be postponed. On behalf of the teachers, officers and others of the Sunday school, Suplt. Hanson presented the Rev. Mr. Kirby with a sum of money. Although only pastor for a short time, Rev. Mr. Kirby has deeply endeared himself to the hearts of all by his ability as a pastor and by his untiring energy in connection with the Sunday school and the social services of the church. Before the adjournment the children were liberally treated to nuts and candies. The affair was well attended by the parents and friends of the school and was a most enjoyable affair.

**ANNUAL MEETING ST. JOHN CO. L. O. L.**

The annual meeting of St. John Co. L. O. L. was held last evening in the Orange Hall, German street. The attendance filled the hall, representatives being present from nearly all the lodges in the county. The reports of the officers showed the past year to have been an exceptionally prosperous one. A good gain of membership was made and the lodges financially were never better. The election of officers resulted as follows: Scott E. Morrill, W. C. M.; William Stanley, D. C. M.; Hon. C. N. Skinner, C. Chaplain; Samuel Johnston, Fin. Sec'y; Wm. B. Wallace, Rec. Sec'y; N. J. Morrison, Treasurer; James E. Belyea, Dir. of Cer.; John Amos, Lecturer; W. H. Sully, J. H. Burley, Deputy Lecturers. The election and installation were conducted by P. D. G. M. of B. America, A. J. Armstrong. After the installation addresses were made by the newly elected officers and John Kinney, Jr., past district master, Chas. B. Ward, S. Logan, Joseph Johnston and others.

**MORNING'S NEWS.**

The Saxby gale took place October 4th, 1895.

A Travel Talk will be given this evening in St. Andrew's church school room by Judge Forbes. See advt.

Capt. McElhinney is expected here from Ottawa this week to look after the repair of the government steamer Langenshaw.

The lifeboat ordered for the port of St. John by the Common Council is rapidly nearing completion in the establishment of Higgins & Clifford at Gloucester. The cork fenders will be supplied by the builders, and it is expected to reach St. John in two weeks. It will be admitted free of duty.

Rev. J. G. Shearer, general secretary of the Canadian Lord's Day Alliance, will address the working men of St. John in Sons of England hall, corner King and German streets, at 8:15 this evening. All workmen are invited to be present.

A largely attended meeting for the purpose of explaining the object and swelling the membership of the Lord's Day Alliance, was held in Main Street Baptist church last evening. Rev. Alexander White presiding. The meeting was addressed by Rev. J. G. Shearer, who is engaged in organizing alliances all through the Dominion, and by the general provincial secretary, Rev. George Steel. Twenty members were enrolled and arrangements made for the canvassing of all the churches in the North End. The general convention of the Lord's Day Alliance will be held in the Y. M. C. A. rooms this afternoon and evening.

A very successful and enjoyable concert was held last night in Victoria Street Free Baptist church, for the purpose of helping to remove the church debt, which will, it is expected, by March, be entirely cleared. The attendance was large and a considerable sum was realized. With Rev. David Long, pastor, presiding, the following programme was appreciably rendered: Vocal selections, K. and H. quartette; violin trios, Messrs. Kierstead, Holder and Flewinger; gramophone selection, Pearl Jordan; banjo solo, Cecil Holder; piano duet, Misses Holder and Hawker; reading, Mr. Salmon; mandolin duet, Messrs. **CITY AND THE C. P. R.**

The Views of Superintendent Osborne Respecting the Partnership—Asks That Agreement Be Extended to 25 Years.

The aldermen are working overtime these days. Yesterday a special meeting of the board of works was called to consider contemplated improvements to the wharf recently purchased from Messrs. McLeod, but there was sufficient business at hand to occupy the attention of the aldermen for three hours without dealing with the wharf matter, which will be considered next week. Superintendent Osborne of the C. P. R. sent in the following letter respecting the partnership between the railway and the city.

A large expenditure of money has been made at West St. John and Bay Shore in connection with the winter harbor traffic, and the company has undertaken work that perhaps under the agreements should have been handled by the city. I refer particularly to the construction this season of the third track behind No. 4 shed, the construction of new stock yards at a cost of between \$20,000 and \$25,000, and those figures do not include the cost of construction of the new platforms and tracks, elevator improvements and the very extensive repairs to the Sand Point wharves, nor do they include the cost of construction of the Rodney wharf extension and the filling in of the wharf and the pond behind, all of which have cost the company from \$12,000 to \$15,000 more. Personally, I am very much interested in the city of St. John, and firmly believe that if ample accommodation is provided to satisfactorily handle the business offering, it will be enormously and rapidly increased, and the population and trade and commerce of the city will show a marked improvement as the result. The city must undoubtedly look to the Canadian Pacific railway to provide the major portion of the export business, and it is therefore of the utmost importance that there should be a clear understanding in the partnership, and with this object in view I most respectfully suggest that a suggestion somewhat similar to the following be submitted for the favorable consideration and approval of the Council board:

Resolved, that the agreement bearing date June 1, 1896, and made between the city and the Canadian Pacific railway, be changed by extending the term of five years therein named to 25 years, and that the necessary legislation be obtained authorizing the same. The agreement between the city and the C. P. R., made in 1896, with reference to the Sand Point wharves, was produced and sections of it read. It appears that the agreement, which was for five years, could be terminated on a year's notice from the city. There was some discussion over the best course to pursue, some of the members seeming to feel that the city should take over Nos. 3 and 4 berths and pay back to the C. P. R. the \$50,000 given by them to assist in their construction.

After a brief discussion on the subject the letter was referred to the committee appointed by the council the other day to confer with representatives from the Board of Trade and the Imperial Dry Dock Co., as to further

R. J. WILKINS, President.

**CARD.**

**To the Electors of the City of St. John:**

LADIES AND GENTLEMEN:—Notwithstanding all reports to the contrary, I now announce most emphatically I will be a candidate for the honorable position of Mayor. At present I have the honor, able position of Deputy, and my many years' experience as a member of the board fits me to fill the Mayor's chair. I therefore solicit your support.

Your obedient servant, BRUCE B. COLWELL.

**SNOW ON THE I. C. R.**

The northern division of the I. C. R. is struggling with an old-fashioned snow blockade. Snow fell in Quebec and northern New Brunswick all day Monday, and in spite of the great efforts made to keep the track clear, the maritime express, which was twelve hours late Monday, was again delayed over ten hours yesterday. She carried but few passengers, only one arriving here with her last night. According to reports received, the snow has drifted along the line near Campbellton twelve feet deep, and in places between Montreal and River Du Loup has reached a depth of over fifteen feet. A number of snow plows and large gangs of men all along the line are kept constantly at work keeping the snow from again accumulating on the rails.

HORTICULTURAL ASSOCIATION.

Reports of Today's Meeting Show Good Work Done in Beautifying the Park.

The annual meeting of the St. John Horticultural Association takes place at four o'clock this afternoon in the Western Union building on King street.

The financial statement for the year shows a balance on hand of \$2,431.90. The general statement is as follows:

Table with financial data: 1901-1902. Feb. 1—Balance cash on hand... \$236 33. Balance in bank, deposit receipt... 263 46. Interest on same... 119 34. May 23—Cash, C. B. Scammell... 300 00. Aug. 1—Cash, Mrs. D. McLellan... 3 00. Nov. 8—City grant... 3,000 00. 1902—Jan. 16—Hanington & Hanington... 58 33. Jan. 24—C. B. Scammell... 140 00. Rent from St. John Ice Co... 510 00. Total... \$6,730 46. Less cash disbursed as per vouchers attached... \$4,298 56. Balance on hand... \$2,431 90.

The report of the construction committee states that great progress has been made in laying out and constructing roads in the park. A continuous walk has been completed round the upper end of the lake and extending through woods on the northern and eastern sides and over the high bluff at the foot of the lake. There are now six miles of carriage drives and three miles of footpaths in the park. A permanent dam has been built at the foot of the falls, and a small pond has been built there. Considerable time has been spent in clearing up the underbrush and dead wood from the forest portions of the park. The work has also been continued through the winter of getting out materials from the bog with which to cover some of the bare spots, and this material is proving more valuable each year. A most remarkable crop of grass and clover was raised last summer on places where three years ago there was nothing but bare rocks. Two permanent men have been employed throughout the year and three extra men during the summer months.

THE ATTRACTIONS COMMITTEE.

The attractions committee, through their chairman, A. H. Hanington, reported that the attractions of the park are increasing every year. Some beautiful new features of the park were opened up last season. The lake and restaurant were not as generally patronized as was hoped. Reference was made to the collection of animals, and to the additions made thereto. A winter house for the water fowl is needed and would cost little. Dogs and wild-cats had destroyed some of the net animals and birds, but at present the park is free from these pests. During the autumn acorns, beechnuts and chestnuts were planted in hope that trees might grow from them. A pair of black swans should be purchased, and it was hoped citizens would subscribe the funds. Reference was made to the willingness of the Neptune Howling Club to build a toboggan slide near the lake, and it was suggested that a committee consider the matter. The committee acknowledged gifts of ornamental trees and acorns from Major J. W. Sears; acorns from Miss G. G. Hanington, Sheldice; Miss M. Chase, Kentville; Harry Vanwart, Evansdale; James Hanney, Robert Magee, St. John; W. Walter Gange, Shelburne; beechnuts from Mrs. T. Grey Merritt, St. John, and Lionel Hanington, Dorchester; horse chestnuts from A. S. Hay of St. John; a pair of wild ducks from J. Howe Dickson, Fredericton; and wild cucumbers, Mrs. W. H. Merritt, St. John.

POOR SERVICE.

Island Man Complains of the I. C. R. Service at Picton.

J. A. Rowe, of the Steam Navigation Company, Charlottetown, is in the city on a business trip. Mr. Rowe complains of the conduct of the I. C. R. officials of Picton on Monday last. He says that the steamer Minto, on which he crossed from Georgetown to Picton, arrived at Picton about ten minutes before two o'clock. The I. C. R. from Picton was due to leave at two, and the passengers from the steamer, of whom there were about twenty-five, hurried from the boat in order to catch this train. On nearing the station, when the last of the passengers was not more than fifty yards from the train, the conductor signalled the engine to go ahead and the train pulled out, leaving fully twenty passengers bound for Nova Scotia and New Brunswick points behind. Mr. Rowe says that there would have been sufficient time for the passengers to catch the train, and the conductor might have waited at least that long. On account of missing this train the party were compelled to remain over in Picton until next morning and instead of arriving in St. John on Monday night's train got here yesterday evening.

HAD ALL KINDS.

On one of the street cars today a commercial traveller, when asked for his fare by the conductor, drew from his pocket a collection of street car tickets representing nearly every city of any importance in Canada. He had them from Vancouver, Winnipeg, Hamilton, Toronto, Montreal and many other towns of less importance. On being shown the color of the St. John tickets he managed to disengage from the collection one of the St. John street railway tickets, which he stated had been purchased in this city by him some months ago.

PERSONAL.

G. W. Ganong, M. P., is in the city. He intends to leave next week, accompanied by Mrs. Ganong, for Boston and thence to Ottawa to attend parliament.

Boat-Builders Howard of Carleton has commenced the construction of a pleasure yacht for Dr. W. W. White and another gentleman. The yacht will have a large cabin with berth accommodation for 16 persons.

DEATHS OF THE YEAR.

There Were Forty Less in 1901 Than The Year Previous.

For the calendar year of 1901 there were 736 deaths in St. John, a decrease of 40 from the number in 1900. The figures given are those compiled at the board of health office and the record by months shows that the mortality was highest in July, when there were 87 deaths. Of the year's total there were 357 males, 379 females. Four were not stated. The nativity figures show 581 Canadians, 146 foreigners. Nine not stated. A division of the deaths according to ages shows the largest number, 156, to be under one year. Next in order is between 70 and 80 years, 110 deaths.

Following is a statement of the deaths by months:

Table with death statistics by month: January... 56, February... 51, March... 56, April... 58, May... 64, June... 52, July... 87, August... 59, September... 62, October... 66, November... 67, December... 67. Appended is a division by ages: Under one... 156, 1 to 5... 67, 5 to 10... 23, 10 to 15... 9, 15 to 20... 23, 20 to 25... 27, 25 to 30... 54, 30 to 40... 61, 40 to 50... 68, 50 to 60... 68, 60 to 70... 66, 70 to 80... 110, 80 to 90... 48, Not stated... 1. Total... 736. A record of the deaths for the past three years is: 1899... 756, 1900... 776, 1901... 736.

POLICE COURT.

"Fenced by his careful habits, safe by his wish for peace, long did he wake in quiet and long lie down in ease. 'Till he said of the booze, 'What is it?' of the jail, 'It is far from our ken,' and he made a jest of his shrunken throat and a toy of the big policeman." But the end had to come, and when it did Sullivan's name was Dennis. He was found by Officer Lee on Mill street, between nine and ten o'clock last night, and gathered into the fold. This morning Dennis pleaded guilty to being drunk and was sentenced to eight dollars, or two months with the privilege of shovelling snow. Isaac Craig, from the West Side, delighted in the pleasing effect of intoxicants and fell a victim to its snare. He had money enough to leave a deposit of eight dollars and upon appearing this morning he had it returned. Fine, four dollars.

TODAY'S FUNERALS.

The funeral of the late Mrs. Mary Collins took place at half past two o'clock this afternoon from the residence of her daughter, Mrs. David Hurley, Brussels street. The body was taken to the Cathedral, where the burial service was conducted by the Rev. Fr. Coughlan. Interment was in the old Catholic burying ground.

This afternoon the funeral of the late Mrs. Susan J. Stephenson, wife of James A. Stephenson, took place from the residence of her father, William H. Perkins, Duke street, West End. At half-past two o'clock service was conducted at the house by the Rev. B. N. Nobles, after which the body was taken for interment to Cedar Hill cemetery. The pall-bearers were Frederick Long, Murray Long, William Lord, Harry Lord, Fred Lilley and William Lilley.

BY THE FIRST OF MARCH.

Dr. Morris today said he expected his small-pox duties would be ended before March 1st. All his patients, he hopes, will be recovered and discharged from the isolation hospital by February 20, after which, unless there is further outbreak, the institution will undergo toning. Miss Rosella Currie, who developed the disease Nov. 22, will be discharged tomorrow. She had the most tedious convalescence of any victim. On Friday Mrs. McGrath and John Whalen will be released.

COMPANIES AMALGAMATE.

E. L. Whitaker, resident secretary of the Imperial Fire Insurance Company, Limited, for the maritime provinces, has just received a circular from his head office for distribution among the company's representatives in this field. It announces that provisional agreements have been entered into for the amalgamation of the Imperial Fire Insurance Company, Limited, and the Imperial Life Insurance Company, with the Alliance Assurance Company. The new title will be the Imperial Alliance Assurance Co., Ltd.

BEING DISINFECTED.

Steamer Alcides, at quarantine, is undergoing disinfection today. The officers and crew, with the exception of a small staff, were removed from the steamer to Partridge Island. Sufficient men remain on the Alcides to look after the vessel. The two cattle previously taken to the island are definite cases, but there is no sign of further outbreaks among the other cattle which occupied the quarters where the disease broke out.

CIVIC PAY ROLL.

The monthly pay roll was paid at City hall today to the officials and permanent employees of the city. The amounts to the different departments were: Officials... \$2,032 03. Public works... 1,436 21. Police department... 1,779 10. Fire department... 1,048 33. Salvage corps... 80 00. Market... 178 68. Light... 205 25. Total... \$6,759 60.

New PIANOS and ORGANS for 1902. We beg to say that it is our intention to continue the following agencies during the year 1902: "Chickering," "Newcombe," "Gerhard Heintzman," and "Mason & Risch" Pianos, and "Mason & Hamlin" Organs. Much experience has proved to us that in this collection we have the finest representation of pianos and organs sold in this country, and the fact that our sales during the past year have been far in excess of any previous year, is the strongest assurance of their popularity that the public could give. Our sales in 1901 were over \$20,000 ahead of 1900.

THE HAY SHIPMENTS. Since January, 1900, sixty-three car-loads of hay, oats, flour, beef and jam have been shipped from St. John to South Africa for the imperial government, and nine more steamers are chartered to take loads during February. The cargoes shipped consisted of 129,000 tons of hay, 50,000 bags of flour, 38,000 cases of canned beef, 12,000 cases of jam, and 100,000 bushels of oats. The expenditures concerning the shipments amounted to about five and a half millions of dollars.
